

Game Over 861

Chapter 861 What Is Going on?

Elizabeth looked at the wine glass in front of her. It looked alright.

But she didn't dare to drink because she was afraid that there was something inside. If she drank it, would she be like them, and would there

be a second personality.

When Pasgen saw that she was not drinking, he smiled faintly and drank a glass of wine in one gulp.

Saint had already finished wiping his gun. Besides, Pasgen had also told his precious daughter to leave. It seemed like he could do it now

Elizabeth was lost in her thoughts. What should I do now?

A cold gun pipe pressed against her temple.

Only then did she come back to her senses and glance sideways at Saint. She saw his ruthlessness in his eyes.

Clenching his teeth, he said coldly.

"Elizabeth, I appeared to exterminate you."

After saying that, he turned on the gun's safe, as if he was really going to kill her.

She looked at Pasgen from the corner of her eye. He really didn't care about her life.

Saint continued. "Be good and drink that wine. If you drink it, I can still keep your life. Maybe we can be friends."

Elizabeth felt that something was wrong. She glanced at the wine on the table. The wine was exactly like what she thought. There was

something wrong.

"You only have ten seconds."

There are nine seconds left."

"Five seconds."

Elizabeth was in a state of chaos. She didn't know what to do.

Just as he announced "One second", a gust of wind passed and Saint fell down.

Hazel nodded at Pasgen and told Elizabeth.

"Lizzy, you're fine, I'll send the young master home. I'll look after him in the future."

Hazel already knows everything. She'll always stay by the Young Master's side..

Elizabeth glanced at the man on the table. At this moment, he was very quiet. Dominic was no longer aggressive.

"Hazel, take good care of him."

Elizabeth couldn't help but remind her.

Hazel left with Saint Only Elizabeth and Matthew were left on the balcony.

1/2

He lit a cigarette between his fingers and inhaled quietly From time to time, he exhaled a smell of smoke.

Her narrowed eyes seemed to be waiting

Until his phone rang, he lowered his gaze and glanced at it. He switched cigarette and picked up the phone to answer the call

“Are you sure that everything is cleaned?”

“Yes!”

When he puffed out another cigarette, his eyes narrowed slightly and he looked at Elizabeth.

Elizabeth was staring at him too. She didn't know why. She always felt that Matthew wouldn't get sick.

She had seen a movie before. It was about an organization that specialized in researching some drugs and then gave them to the wealthy. Then, those wealthy people would listen to them and become the organization's money-making tool.

Although at that time, she felt that this kind of movie was not real, only did she believe it when the same thing happened in reality.

The world is so big Anything can happen.

Matthew called her, "Elizabeth."

Elizabeth trembled when she heard his voice.

"You're Matthew, not Pasgen."

She was sure that the person he looked at her just now was Matthew.

Matthew suddenly laughed. "You're smart now. Come here."

He wrapped his arms around her and his eyes were filled with joy.

Elizabeth was very curious. What exactly is going on?

Hence, she sat next to him obediently and sat down before sniffing at him like a puppy.

Matthew furrowed his brows and held the cigarette further away from her, fearing that he would burn her.

"What are you smelling? Are you a dog?"

The smile on his face grew wider when he said this.

Elizabeth looked at him. She was sure that the scent belonged to Matthew. She was very familiar with his scent.

"What's going on? I was so scared."

Chapter 862 Protect Her

At this moment, the band started playing and a love song rang

The melody carried a trace of sadness On a night like this, it sounded very warm.

Elizabeth leaned against Matthew's arms. It was so warm that the coldness just now dissipated

She wrapped her arms tightly around his waist. Fortunately, he was fine. He was not sick

Otherwise, she would really be scared to death.

The experience tonight was like a dream, a nightmare.

Matthew put out the cigarette butt and wrapped his arms around her shoulder. He lowered his head and kissed her on the forehead.

"I know Dominic is sick. I'm now friend with his second personality. Leave the treatment to me in the future. Don't interfere"

Dominic's second personality was extremely dangerous. He also said just now that his appearance was to kill Elizabeth.

Hence, she was in the most danger. However, this girl didn't know about it and was still rushing forward him.

Elizabeth was a little surprised. You know everything?"

But considering his identity, there probably is no truth that Matthew could not find out

"I've been in contact with his second personality a few times, so I know."

He did not want her to know that he did it on purpose. After all, their relationship has just been confirmed. In her consciousness, he has amnesia and doesn't remember the past.

Elizabeth nodded. "What about Abby?"

"That girl doesn't sleep at this hour, and she even pretended to have a bad relationship with me. It's really annoying"

She did not expect that after staying at the Hilton Family for a few days, she listened to Matthew and even abandon her mother

Matthew caressed her little face gently, "Abby is just acting. This time alone, no exception next time."

Elizabeth then let out a sigh of relief.

"If that's the case, it's fine. I was so scared just now."

She lowered her gaze and leaned against his shoulder. She listened to the melodious love song because she was too nervous just now.

She was so exhausted now and fell asleep soon.

Matthew turned to look at her and found that she was already asleep.

He lowered his head and kissed her on the lips.

"Lizzy, Dominic is very dangerous. I am here. You just need to stay by my side quietly

The next day, Elizabeth woke up with a big hand on her waist. She looked down and sat up in fright.

She tried her best to recall what happened last night. When she saw herself wearing her homewear, she breathed a sigh of relief

She was afraid that when she would sleep, and someone would do something to her

Matthew slept very lightly. He sensed her movement and opened his deep eyes.

“Lizzy...

A deep and hoarse voice rang out. It was very pleasing

Elizabeth felt that her ears were about to become pregnant. When she thought about it, she was already pressed onto the bed by hi

She propped her hands on Matthew’s chest.

“W-What are you doing?”

Matthew smiled wickedly. “What do you think?”

Then, he started peeling her clothes and she struggled.

“Don’t do it!”

What is he trying to do this early in the morning? He is a monster!

Recalling what he had asked her to do when she was bathing last night, her face turned even redder

Matthew had already taken off her clothes and caressed her soft breast hurriedly Elizabeth felt like she was electrocuted.

“No, I want to go home.”

She felt his danger and was terrified.

Matthew smiled wickedly. “I saw them last night and really wanted to rub them like this. Don’t be afraid, I’ll be very gentle. Besides, I’ll show you what a man I am today.”

Recalling his quick draw that day, Elizabeth felt that it was a mistake to mock him.

Now, she had buried herself in such a big pit.

Chapter 863 Satisfy Her

Elizabeth wanted to say that you are a teal man and please let me go

But why would he let her off at this moment? He was already propated to penetrale.

At this moment, Elizabeth’s phone tang

Matthew was kissing her intensely. She raised her hand and caressed the back of his head.

“Matt, Mmm, phone ”

She could tell that it was her phone. She wanted him to wait for a while, but he let go of her for a second, then kissed her on the lips again.

Elizabeth felt that her tongue was numb. That pleasure spread all over her body and she sobbed softly

The kissing skills of this fellow were simply too good. Even kisses could make her come.

Matthew was very satisfied with her trembling face. He curled his lips and spoke in bewilderment.

“Lizzy, don’t care about that phone call. Focus”

His long fingers grabbed her chin, and then Elizabeth opened her eyes at this moment. Her eyes were filled with mist, and the satisfaction on

her face made his gaze darken even more.

He lowered his head and kissed her again. This time, the kiss went down her neck.

As soon as he sucked her nipples, Elizabeth looked like she was awake and her eyes widened.

“Matthew, call Mmm, wait a while. I’ll answer the phone first. It’s ringing again.

At this moment, he was busy. His hands were busy, his mouth was busy to, and every kiss of him was on her sensitive point.

Elizabeth bent over, wanting to control herself, but that feeling spread like a tide, making it difficult for her to breathe.

Matthew knew that this girl and Dominic had never had sex with each other

Moreover, she was a mature woman. He had taught her a lot. She hadn’t been fed for so long, so she would definitely yearn for it and think

about it.

Matthew decided to satisfy her today.

After more than an hour, Matthew finally cumed in her pleading voice.

Elizabeth felt like her throat was about to grow hoarse. He, in order to prove himself, has takon so long.

Elizabeth was so tired that Matthew carried her to the bathroom and soaked her in the bathtub.

He helped her wash up and said with a smile.

"I'm sorry. I couldn't hold back for a while."

He knew that he took so long to finish, and she was worn out right now.

After all, she slept so late last night.

Elizabeth's eyes widened. Then, she pouted in anger.

"You bastard."

He didn't wear a condom. She still had to buy some pills later. What a bad guy.

Matthew, however, kissed her eyes as if he understood her.

"I'll get someone to send the pills and clothes over later. Why don't you stay here and rest well? You don't have to worry about anything."

All Matthew wanted now was to protect her and not let anyone hurt her.

After bathing, she was carried back to the bed by Matthew. She really couldn't get up and was exhausted.

Matthew, on the other hand, was very energetic. He changed into the suit that Esme had given him.

He glanced at Lizzy who was sleeping soundly on the bed. The corners of her lips were beautiful.

Before Matthew left, he picked up her phone and saw that it was Dominic

He switched the phone to mute mode so that she could rest well.

Matthew walked out of the room and instructed the bodyguards at the door.

“Don’t let anyone get near here. When she’s awake, call me.”

“Yes, Mr. Hilton.”

Matthew left the hotel Inside the car, he was in a good mood and caressed his neck.

He was bit by her and he could feel her teeth marks.

The smile on the corner of his mouth became more enchanting. Then, he asked quietly.

“Jake, have you found out where the people who came with Saint last night came from?”

Chapter 864 Chase Her Back

Jake turned his head and saw the bite marks on his boss’ neck. It was obvious. you.”

“There’s no one yet. Those people are very mysterious. If we lure the people guarding the Dark Night Bar away, they’ll probably keep an eye on

Only then did Matthew frown. "Continue investigating. The drugs in their hands can make people show a second, third or even more

personality. They must have an ulterior motive."

Jake also felt that this organization must be plotting something unfathomable.

Fortunately, his boss had instructed them to investigate in time, otherwise Ms. Wade might have fallen into their schemes.

At the Campbell Residence, in Hazel's room.

Hazel didn't sleep the whole night. She sat by the bed and watched Dominic.

Only after he opened his eyes did she quickly get up and turn her back, not daring to look into his eyes.

The injuries on Dominic's head had almost recovered, but when he woke up in the morning, he still felt a little dizzy.

He raised his hand and touched his wound. There was only one bandage.

[可也就是这么一碰,他轻呼一声。

But with one touch, he let out a soft groan.

Hazel quickly turned around and asked, "Young Master, what's wrong?"

She was wearing a black and white maid uniform. Her petite face looked like a doll, like a maid who came out of a comic.

When Dominic saw her, there was a hint of a smile in his eyes.

“Why are you here, Hazel? Where’s Lizzy?”

The first thing he asked when he woke up was Elizabeth. Hazel knew that the young master liked Lizzy very much.

The one who had been sleeping with her was his other personality, which was the dangerous Saint

Mr. Hilton had told her all these and she remembered them. From now on, she had to stay by Mr. Hilton’s side every day.

She had to protect the Young Master and stop Saint from causing trouble.

“Lizzy went to accompany Abby last night.”

Dominic had no idea what happened last night He just felt that his head hurt even more.

Because he wanted to shoot Elizabeth and fainted from being beaten up by Hazel, he naturally had a headache.

He sat up and Hazel hurriedly helped him up.

1/2

“Young Master, is your head okay?”

Dominic was a little puzzled, “Did nothing happen last night?”

He slept on the floor of his bedroom. Why is he in her room now? Could it be that Saint showed up last night? He felt that something was

Wrong

Hazel helped him down the bed, “Nothing happened? Wade is just worried about you, so she wants me to watch over you”

Dominic did not suspect anymore. He went back to his bedroom and changed his clothes, preparing to go to the office.

When they went downstairs, Hazel was still following behind him

In the living room, Madam Campbell and Shelby were waiting there. When they saw Dominic, they stood up in shock

“Where’s Lizzy? Is she still sleeping?”

The Campbell family had no idea what happened last night. She carried him back from the window, so no one saw it.

When the two ladies approached him, they kept looking behind.

Dominic smiled and hugged the two of them.

“Your relationship with Lizzy is getting better now.”

Madam Campbell laughed. “Of course, she is the one you like.”

Madam Campbell asked anxiously. “Is she still awake? Were you mean to her last night?”

Thinking that if Elizabeth gave birth to another kid for the Campbell Family, then she probably wouldn't leave again

The thought of his granddaughter-in-law being the CEO of S Group made her feel very proud. In the future, she would also be very respected

in her social circle.

Especially Flora, the noble ladies in the circle liked this brand very much.

If they knew that Flora was owned by their granddaughter-in-law, then they would go crazy with jealousy.

Upon hearing these words, Dominic knew that it was not difficult for him and Lizzy to be together.

Unfortunately, the girl had divorced him. Now that he had the support of his family, he must get her back.

Chapter 865 Are They Master Campbell's Children?

"Grandma, Lizzy went to see Abby."

He had watched her grow up since she was a kid. Her body was weak, so Lizzy had to take special care of her.

He did not have a single memory of what happened last night. Only after hearing what Hazel said, he was sure that she went to accompany Abby.

Madam Campbell was a little disappointed when she heard this. "Lizzy isn't at home. She's married to you, but you don't stay together often."

If it were before, Madam Campbell would definitely be very angry.

She would say that Elizabeth doesn't look like a wife at all. Now that she knew her identity, it seemed like everything she did was right."

Mrs. Campbell pondered for a while and said. "Dom, you should bring Abby back! If she's at home, Lizzy won't run out."

Previously, Mrs. Campbell put contraceptive pills on Elizabeth's soup.

Now, she hoped that the two of them would have a kid sooner and that Lizzy wouldn't leave anymore.

Previously, everyone hoped that she would leave, but now, they all hoped that she could stay in the Campbell Family forever.

Dominic laughed when he heard this

"Alright. When I come back tonight. I'll take Abby home. But you have to spoil her. That little girl is a bit stubborn."

Madam Campbell and Shelby knew about this

"Got it, I don't need you to tell me I'll clean a room later. She'll definitely like it."

Anna sat on the sofa and looked at the scene in front of her. She was furious.

What did Elizabeth use to make the two women in the house like her?

She had quite a status in the Campbell Family in the past. At least she was the wife of the second son of the Campbell Family. Now, that girl

had become the favorite of the family.

She was so angry. Her eyes turned slightly and she thought of her cousin, Celine. She hated Lizzy the most.

Thinking of how she bullied Elizabeth in the past made her feel very happy.

She took out my phone and sent a text to Celine.

“Celine, are you free today? Have some afternoon tea together.”

Swiftly, Coline replied, “Sure! I haven’t been out for a long time. I’ll bring Tin with me.”

Anna replied, “Okay.”

After sending the message, she realized that she was the only one left in the living room.

She stood up and asked coldly.

“Where did they go?”

Actually, she knew that they went to the dining room for breakfast, but no one called her and treated her like an outsider.

The maid hurriedly replied, “They’re all having breakfast. You should hurry up too!”

Anna was even more upset when she heard this and she threw her a look.

“Didn’t you see that I was busy just now?”

She entered the dining room and saw the two boys sitting beside Master Campbell. They were all dressed in dark blue school uniforms. Not to

mention, they were quite handsome

Anna studied the two of them up and down. "Sigh, why the two of them look like someone I know?"

She could not remember her face for a moment.

Especially when they were wearing such a formal school uniform, she felt that they were more and more familiar.

"Who do you think they look like?" The old master hummed.

He glanced sideways and exclaimed that not only were extremely smart, and they were also very handsome.

From now on, they will be a part of the Campbell family. Master Campbell had already found someone to change the name of the three of

them.

Anna's heart skipped a beat when the old man glared at her. She couldn't recall what happened.

Then, she lowered her head and ate her breakfast, cursing in her heart.

Anna, how could you say something on your mind out loud?

However, she really felt that the two children were very similar to someone she knew. When they were having afternoon tea, she had to ask

her cousin who the father of the children was. If it was an old man, could it be the old man of the Campbell Family? Otherwise, why did he love

them so much?

mess

Chapter 866 Why Is She Still Alive

At that thought, Anna couldn't help but glance at Master Campbell's face and then at the two children

The pride in their eyes was quite similar, but Master Campbell had aged, so she couldn't compare their faces.

As she ate breakfast, she thought, If these three children really belong to Master Campbell, then the Campbell family would definitely be in a

This kind of scandal will definitely cause a stir in the city.

If that happened. Dominic and Master Campbell's reputation would be ruined.

Then, her husband will benefit. Maybe he can become the CEO of the Group and become the successor of the Campbell Family"

The thought of this made her a little happy.

I'll see if the Campbell family dares to treat me like this when she becomes the mistress of this house.

At that time, Madam Campbell and Shelby were surrounding her with royal desserts. She was like a queen.

Anna had already seen the scene of everyone kneeling beneath her. She couldn't help but laugh.

Laurence kicked her leg before she came back to her senses and glared at her husband.

"What is it?"

"What are you laughing at?"

Anna glanced around her and then looked around.

Everyone at the table was looking at her. She quickly lowered her head and continued eating breakfast.

After dressing up carefully, Anna went to the top floor of Yinda Hotel in A City. The afternoon tea here was very famous.

The desserts inside were all custom made. There were only ten servings a day, so it was hard to make an order.

She had a VIP card here. When she had just gotten married, her mother-in-law gave it to her. She hoped that she could behave like a rich wife

and visit these places more often.

She booked a seat with the best view. A white sofa, a white wooden dining table, and a lake outside the window.

The dessert was placed in a golden silk cage. It was exquisite.

Dressed in a light green dress, she leaned on the sofa gracefully and lit a cigarette between her fingers.

Over the years she married into the Campbell Family, others watched the glory of her life.

Even her mother and father were proud of her.

But no one knew what kind of days she was living.

Laurence did not like women, so he had never touched her before. For the sake of dignity, she kept this secret

Now that the Madam and the others urged her to have a kid, she also wanted to have a kid. However, that man was not interested in her, how

could she have a kid?

Sometimes, she would think of getting a divorce. However, marrying into the Campbell Family was the dream of many women.

If she got a divorce, she was afraid those from her family would blame her to let go of such a good marriage, then she'll definitely be despised.

No one knew about her helplessness.

Now that Elizabeth had married, a girl who had always been bullied had actually stepped on her head.

She could not take it anymore.

Celine walked in with Tiana. Both of them were well-dressed.

Celine saw the atmosphere inside and told Tiana.

“Tia, did you see it? This is a real afternoon meal.”

Tiana yawned, “Mom, I haven’t slept enough yet. Why did you ask me to come here?”

Celine pointed to Anna’s seat. Your aunt must have something to say with Elizabeth. You don’t want to hear about her being bullied in the

Campbell Family?”

time.

She was in a good mood. She felt that Anna would definitely want to talk about Elizabeth to them.

Now that Tiana was like this, it was all because of Elizabeth. Hence, she would feel better when she heard that Elizabeth was having a hard

She hoped Tiana would be able to regain her hope. Even without Matthew, she can look for other men.

Tiana scolded, “Is she still alive?”

When she said this, she gritted her teeth. She wished Elizabeth could die now.

Chapter 867 Provoking Each Other

“I don’t think she’ll be able to live long ”

Celine replied to her. The thought of Elizabeth marrying with the three children into the Campbell Family, even when they were married, the kids were not allowed to show up.

Previously, she lived well outside. Now, she brought her kids to live in the Campbell family.

Will the Campbell Family be nice to me?

Therefore, she felt that no matter how strong Elizabeth was, she won't be able to endure it.

After all, it was hard to be a daughter-in-law, especially after meeting such a mean mother-in-law, her days would be even more miserable.

The two of them sat opposite Anna and Tiana called her.

"Aunt Anna."

Only then did Anna look at them and put out the cigarette. In a moment of sadness, she actually smoked here.

She straightened her emotions and put on her armor again. She returned to her usual, looking noble and cold.

"Tia, you seem to have lost weight."

Tiana had been drunk lately. She went out to drink at night, then stayed drunk and slept soundly during the day.

She almost didn't eat much..

1/2

She caressed her face, "Really? I am about to lose weight"

Celine looked at Anna. "Anna, are you going to tell us about Elizabeth? Is she not doing well in the Campbell Family?*

At this moment, only Elizabeth's misfortune could make Tiana's spirits rise.

Anna saw the happy expression on Celine's face and the anticipation in her eyes.

Anna took a sip of coffee. "I've placed your orders. Have some. It's delicious."

The two of them picked up their coffee and took a sip.

Tiana Tiana did not have anything to eat. She was very hungry at this moment, so she did not hold back when she saw the desserts.

She ate, then was a little surprised.

"Wow, this dessert is too amazing."

Anna smiled. "Of course. The afternoon tea here is the best in A City."

She knew that the mother and daughter had never been here before. After all, not everyone could come here.

Even if they had money, they would not be able to get in if they were not members.

Tiana nodded. "Aunt, hurry up!"

They were cruel to Lizzy since she was young. Of course, she hoped that Lizzy would suffer.

Anna stirred her coffee and spoke leisurely.

"I'm afraid you'll be disappointed. She's been living a good life in the Campbell family. Now, she's been spoiled. Everyone loves her."

Both of them widened their eyes in disbelief.

"Why is this happening?"

Celine couldn't help but ask. She didn't want to believe that it was true.

Tiana cursed. "Is the Campbell Family blind? She already has three children of an old man. Why would they accept such a wife and spoil her?"

Are they mentally sick?"

She didn't even eat dessert and threw the spoon.

Angry, she wished she could rush to the Campbell family and argue with them.

"Why doesn't a prominent family like Campbell choose such a woman? Even a whore can marry into their family!"

Tiana was so angry that she couldn't control her own mouth.

Anna obviously didn't like listening to her anymore. Anna was married into the Campbell family too.

Celine pushed her. "Tia, what are you talking about? Is it that easy to marry into the Campbell Family?"

She gave her a look, telling her to be careful with Anna and not to offend her.

If Anna hadn't married into the Campbell Family, why would she be so close to her?

Tiana smiled. "Aunt, I'm talking about Elizabeth."

Anna took a sip of coffee and suddenly said something.

"Why does this coffee taste different all of a sudden?"

After saying that, she called the waiter over.

"Get me a Count's Black Tea."

Realizing that she was in a bad mood, Celine smiled and spoke to her.

"Anna, since that girl is doing so well, don't you want to teach a lesson? You the wife of the second son of Campbell family!"

Chapter 868 The Campbell Family Is Going to Be Doomed

Naturally, Anna had the same thought. She glanced at the two of them indifferently and held onto the rack.

"She's a stupid girl. I don't need to be angry with her."

Tiana was anxious. "Aunt, you could not let her live a good life! Even if you don't want to fight with her, think about us. Now that I have a fall out with Matthew, it's all that girl's fault"

she did not want to reveal this to others.

Because she wanted to keep her pride.

Especially Celine. When she heard this, she subconsciously kicked Tiana. However, this girl completely disregarded her warning.

Tiana continued. "She was already married Dominic, but she still has been seducing Matthew and letting her daughter live in the Hilton

Family."

Celine was a little nervous when she heard this.

Because how could a man like Matthew do such a thing? Did he already know that the three children were his?

Previously, she had doubts, but she felt that it was impossible.

But now that she thought about it, what if he finds out?

Then Elizabeth would have nothing to be afraid of

After saying that, Anna looked around and asked.

"Celine, you said Elizabeth's kids were an old man's. Do you have any inside information? What does the old man look like?"

Her eyes widened, and her mind was filled with her own father-in-law's kindness to the two boys. Could that old man be him?

If it really was him, then they would have a good show.

She wanted to see if her grandmother still loved Lizzy so much then.

Her sister-in-law would probably be frightened too. She would be worried that her son would not be able to inherit the family

At that time, Elizabeth would be like a rat on the food table.

Celine was thinking about this, but when she heard Anna, she smiled awkwardly.

“Sigh, it’s all in the past. Let’s not talk about it.”

If she knew that the old man was Master Hilton and the father of the kids was Matthew, then it would be bad.

Hence, she had to avoid this topic as much as possible.

The purpose of Anna’s visit today was to ask the kids’ father and deal with Elizabeth.

She hoped that this would happen. Her eyes were filled with anticipation.

Celine’s eyes sparkled when she heard that. She’s a smart woman!

Seeing Anna like this, she knew what she was trying to do.

“Anna, I didn’t say that. But I accidentally bumped into him once back then. It’s late at night. I could not see him clearly. He was about your

father-in-law’s age anyway.”

She didn’t want to admit it or deny it

Anna nodded slightly after hearing that.

“Is that so? Sigh, I haven’t seen him clearly, so let’s talk about something else.”

She glanced at the watch. “I should go back. Otherwise, my husband won’t be able to see me at home when he gets home.”

After saying that, she stood up. “Tia, have you really broken up with Matthew? It’s a pity. But since he likes men, there’s nothing you can do.”

The rumor of Matthew liking men spread like wildfire, and he didn’t come out to clarify it. That was why it was spread like this in the circle.

Tiana heard this and wanted to kill her.

“Aunt, I don’t know whether or not he likes men, but Elizabeth has always been thinking about him. You have to go back and tell the Campbell

Family that Elizabeth should behave herself. She was married but still seduces other men.”

Anna nodded. “Alright, I’ll tell my mother-in-law what you said. I’ve already paid the bill. You can sit here for a while longer. If you want to eat

anything, tab it on ine.”

Watching Anna walk elegantly toward the door, Tiana asked.

“Mom, can that old man be Master Campbell? If that’s true, it’s just too juicy. The Campbell family’s reputation is going to be ruined.”

Chapter 869 Matthew could not Be Provoked

Celine was sipping on her tea. She was comparing whether the Count’s tea, or coffee was better.

After hearing her daughter's words, she suddenly felt the same taste in her mouth.

She put down the glass. "Why do you care who that old man is? As long as Auna and Elizabeth have a beef, or she pins the three kids on Master Campbell, Elizabeth will not have a good time."

Tiana's mood suddenly improved. "That's right! This dessert is really delicious. It's making me feel better."

Celine looked out of the window. Their seats had the best view. From here, the whole of the whole lake could be seen.

She had to find someone to get rid of the three kids.

Elizabeth woke up and sat up in shock.

However when she saw Gracie, she narrowed her eyes slightly and lowered her head to take a look.

Fortunately, she was wearing pajamas. Otherwise, she would feel embarrassed.

Gracie smiled and called her, "Ms. Wade, you're awake."

Elizabeth looked awkward. "Gracie, What time is it now?"

She looked around but couldn't find her phone. For a moment, she couldn't remember where she put her phone.

Twelve-thirty."

Because she had been sleeping, Gracie came in to take a look, fearing that something bad would happen.

Lizzy gently caressed her forehead. It was all Matthew's fault. She was half dead after what he had done to her.

"I-I still have to go to the office."

After saying that, she moved to the side of the bed and put on her slippers.

Gracie saw that she was a little embarrassed, so she smiled.

"Ms. Wade, the clothes and medicine that Mr. Hilton asked me to buy are all here. Let's see if it's the brand you want later."

1/2

Elizabeth walked to the bathroom door and turned to her.

"I am not picky. Gracie, go ahead and do your business! Don't worry about me."

When she said this, her eyes narrowed.

Matthew actually asked Gracie to buy these things. She and Gracie knew each other, so it would be even more awkward.

Ahhhh!

She entered the bathroom and slammed the door shut

Only then did Gracie give Matthew a call. "Mr. Hilton, Ms. Wade has just woken up. I have ordered lunch for her which will be sent to her"

Matthew had just eaten and was sitting in the staff's dining room, holding a cigarette with one hand

Yeah, when she's done with lunch, bring her here together. She has a meeting with me today."

"Okay, Mr. Hilton"

After hanging up the phone, the doorbell rang. It was the hotel delivering lunch.

Gracie opened the door and asked the waiter to push the dining cart in. The waiter started serving the dishes.

After the waiter finished preparing the food and left, Gracie tidied up again.

Elizabeth had finished washing up and came out of the bathroom. When she saw that Gracie hadn't left yet, her eyes were filled with surprise.

"Gracie, is there anything else?"

At this moment, she only wanted to stay by herself, change her clothes, and take the after pills.

If there was one more person around, she would feel upset.

The smile on Gracie's face was very standard. She knew that this woman was very important to Mr. Hilton. Even though she was Mrs.

Campbell now, they still slept together last night.

It was likely that this woman would be Mr. Hilton's future wife, so she was very careful

“Ms. Wade, lunch has arrived. The food is already served in the restaurant. Mr. Hilton said that after you finish your lunch, you should go to

the office with me. You have a meeting today.”

Elizabeth was indeed hungry. She didn’t even have breakfast, and after exerting so much energy, she was so hungry that she could swallow a

“Okay!”

Elizabeth won’t think about anything now. She’ll fill her stomach first.

As she walked, she looked down at her legs. Even now, they were still trembling.

Every step she took was testing her. She sighed. That monster! He was a monster on her bed.

Elizabeth sat down at the dining table. Gracie served her and handed her a fork.

Then, she filled her bowl with soup. “Ms Wade, this Ginseng chicken soup is not bad. You should drink more.”

Matthew had instructed her to make this type of tonic soup. The meaning of it was obvious.

Elizabeth looked at the soup in front of her and felt very awkward.

“Gracie, let’s eat together!”

Gracie stood to the side and shook her head.

"I've already had my lunch. Ms. Wade, you should eat!"

The way she was talking made it difficult for Elizabeth to say anything else.

She was really hungry. She picked up the soup and drank it.

After that, she started eating, she wanted to maintain her elegance, however, she was too hungry, so she didn't care for the time being.

Anyway, Gracie was familiar with her. She wasn't worried that she would see her swallow.

At this moment, Elizabeth's phone vibrated. Gracie glanced at the living room. Her phone was on the coffee table. It should be Mr. Hilton who

put it here. He just didn't want her phone to disturb her sleep.

Walking over, she picked up her phone and handed it to Elizabeth.

"Ms. Wade, your phone."

Elizabeth took the phone and saw that it was Madam Hilton. She answered it.

"Grandma."

The two of them were still intimate, but she didn't know why. She just felt a special sense of intimacy.

"Lizzy, I don't know what's wrong with Abby. She's been sleeping. She is not awake til this hour."

Madam Hilton looked at Abby, who was sleeping soundly on the bed, and didn't seem to be uncomfortable. She didn't have a fever, and her

forehead and body didn't feel hot.

But she was still worried, so she called and asked Lizzy.

They liked Abby, but after all, she was her kid. If anything were to happen, they wouldn't be able to take responsibility.

Elizabeth recalled what happened last night. It was normal that she didn't wake up.

"Grandma, it's fine. Maybe Abby is too tired. She'll wake up when she's not tired."

Madam Hilton laughed. "I see! Okay."

After hanging up the phone, Elizabeth suddenly remembered what happened last night. Although Matthew was lying to Saint, she still felt 1/2

things weren't that simple.

Hence, she took out her phone and texted Kai

"From now on, you'll stay by Arthur and Antony's side."

"Okay, Mrs. Wade!"

She believed that Matthew would protect Abby.

Gracie brought the contraceptive drugs and water over. "Ms. Wade, take the medicine."

Elizabeth took the medicine and felt a little embarrassed. After all, taking this medicine just showed what she and Matthew did.

It was between the two of them, but now it was found out by a third person. She really couldn't accept this.

After see with Matthew later, she had to tell him not to ask her secretary to prepare these in the future.

Elizabeth took the medicine and stood up.

"I'll go get changed."

After walking a few steps, her phone rang again. It was a call from Jess

Elizabeth answered the phone as she walked. "Jess."

"Lizzy, where are you? I came to your company to sign the contract, but you weren't here."

The studio of Jessica had been established and they had a partnership with S Group. Especially Flora, she had the right to see its clothes.

She did not need to customize in advance so she could bring the customers to choose the designs.

"I'm outside. I'm not going back to the office for the time being

Jessica had already signed the contract with Scott. Everyone from S Group was very polite to her, mainly because of Lizzy

Otherwise, SGroup wouldn't be bothered to cooperate with her.

“Imm, are you free tonight? Come home and have a meal I’ll make a big meal for you.”

Jessica’s cooking was excellent. Even though she couldn’t compete with her two sons, the dishes she cooked were delicious.

Elizabeth smiled, “Sure, can I bring a date with me?”
