

Game Over 881

Chapter 881 Envy

Matthew's grandmother thought about it and realized that the old man was right. She had told Matt about this before. She must not do

"When I think of my father, I won't go after him."

Hence, she bit her lip and turned her head to look at the three children not far away. She really liked them

I like Lizzy too. I wish my great grandchild will be happy!

But, if she really wanted to take Dominic's wife away, it would be too immoral

Master Hilton saw the disappointment on her face and felt upset.

"Where were you eather? Why didn't you persuade me to accept her then?"

If he hadn't objected, then the three children would belong to the Tilton Family If Matthew had a few more children, the Hilton Family would be incomparable.

The old man seemed to have been brainwashed by the elderly people around him. He also believed that Lizzy had good genes, and the children born by her would be smart.

Hence, he felt that if someone as smart as her and Matt were to have a kid, the kid would definitely be smarter.

The thought of this made him upsel

Hence, he found a place to sit down and gently patted his heart. It would be good if time could go back.

Matthew's grandmother sat beside him and helped him to catch his breath.

"What's wrong? Are you feeling unwell?"

Watching the people surrounding Master Campbell and the three children, they seemed to be asking what kind of books they usually read and

what kind of classes they were interested in.

Previously, Master Hilton had always been the center of attention, but now that he was completely disregarded, he must feel upset.

He knew that these people felt that the Hilton Family was doomed.

No matter how smart Matthew was, he liked men. The Hilton Family would no longer have a descendant, and no one would inherit the Hilton

Family in the future, so they did not care about him anymore.

"Alright, I'm fine."

He said coldly, then stood up.

"Go see Abby, I'll go look for the birthday man."

After saying that, he walked toward Mr. Leo with his hands behind his back. Matthew's grandmother looked at his slightly curved back. She

had to admit that he was really getting old. They were all getting old.

1/2

This was Madam Campbell's first time feeling that she was the attention of the party. Although the Campbell Family had a lot of influence in A City, the Hilton Family used to be more influential.

It seemed that after having these two boys accompany her, she completely took the Hilton Family's limelight

The feeling was great, and she was in a great mood.

The thought of Elizabeth becoming the CEO of S Group made her even more happy. Her granddaughter-in-law was the CEO of a multinational company, and she had given birth to such intelligent sons. She could not ask for more.

She sneaked a smile. Dom had good tastes.

Previously, they did not like Elizabeth. They thought that she was not educated. She was still a pariah in the Campbell Family with kids.

It turned out that the girl was keeping a low profile. Fortunately, they did not get a divorce, otherwise they would regret it.

"Campbell, where's your granddaughter-in-law? We've only seen her at the wedding. She's pretty! What is she doing? She rarely appears."

"That's right. We'd like to see her. In the future, we can choose a wife like her for our family."

This was what Madam Campbell was waiting for. She raised her hand to support her hair.

“She’s the CEO of S Group. In the future, you can look for me if you want to buy something from Flora series. I’ll tell her that you don’t need to make an appointment beforehand and go directly to the store to choose.

“Huh? CEO of S Group?”

“Mommy! Are you kidding?!”

Yeah, yeah! S Group’s brands are hard to buy!”

Their gazes toward Madam Campbell turned into envy and jealousy.

Madam Campbell smiled gracefully. Feeling their envy, she felt delighted.

“Haha! That’s right! She’s very capable. My grandson has a good taste, otherwise he won’t be interested in her. They’re all very outstanding young men! Otherwise, my granddaughter-in-law won’t be interested in Dom.”

Chapter 882 Marriage

Everyone was envious. It seemed that after Elizabeth’s identity changed, it was no problem for her to marry the Campbell Family with her

Madam Campbell felt very respected. “The birthday of the three kids is in two days. When that happens, I’ll invite everyone to the birthday party. My granddaughter in law, you’ll be able to see her.”

“Alright Alright”

“Don’t forget to send me an invitation!”

“You must invite me!”

The crowd was gossiping, and Madam Campbell laughed happily

She raised her hand and straightened her hair, looking noble and graceful.

When Matthew’s grandmother arrived, Arthur and Antony called her.

“Great grandma.”

The two little ones spoke at the same time.

Matthew’s grandmother looked at the two little ones. The more she looked at them, the more she felt that they resembled Matt. It was probably because she liked them too much!

“Sigh

She nodded and then turned her head to look at the dining area.

“Are the three of you hungry? Do you want to eat something?”

It was too noisy here. She wanted to bring the three children to a quiet place to eat and chat

Abby caressed her belly. “I’m hungry. I’m starving ”

Matthew’s grandmother laughed “Let’s go!”

She held onto Abby's hand and the two little ones walked to the other side of Abby, but Master Campbell followed behind.

"Arthur, Antony, where are you going?"

Master Campbell treated them quite well. The two of them stopped walking

"Est with our sister."

1/2

Master Campbell glanced at Abby. He didn't understand why this little girl wanted to stay at the Hilton Family.

Hence, he walked to Abby's side and smiled at her.

"Abby, do you miss your brothers and your mommy?"

Abby nodded. "Yes!"

"Then come home with us tonight, okay? No one will bully you in the future."

Abby glanced at Matthew's grandmother who was holding her. She liked her grand grandmother, and her daddy.

But she wanted to be with her brothers and mommy so she nodded.

"Sute!"

Matthew's grandmother watched this and know that the Campbell Family would not let Lizzy go. Matt's probably going to be disappointed.

But she was also a sensitive person. Although Abby was at her home these days, she was very lively and obedient. However, when no one was

around, she looked quiet.

Holding her phone on her hand, she flipped through pictures of Abby and Arthur.

She understood that she and the two of them were inseparable.

Master Campbell laughed. "Be a good girl and eat"

Master Campbell watched the three kids go to the dining area with a hint of smile in his eyes. It seemed that after Elizabeth married, the

Campbell Family had improved bit by bit, and it was getting better and better

Finally, Madam Campbell walked out of the crowd and stood beside Master Campbell.

"Old man, I've told them that we'll hold a birthday banquet for the three siblings in two days. By then, we'll hold a grand birthday banquet

We'll invite all the prominent figures A Cily"

As Madam Campbell spoke, she fantasized about the scene that day, she felt that the Campbell Family was probably going to surpass the

Hilton Family

After Master Hilton saw the birthday boy, the Master Ferguson followed behind.

“Hilton, I think your Matthew isn’t young anymore. Why don’t you make the decision and let my Rosalie marry him?”

The reason Master Ferguson said that was because his granddaughter had begged him for a long time. It was obvious that she really liked that

brat, Matthew.

Master Hilton thought of Rosalie. That girl was so smart and clever, but compared to Elizabeth, she probably wouldn’t be able to give birth to

such a smart kid.

Hence, she let out a long sigh and regretted it Why did he stop him back then?

Otherwise, he would probably have a great grandchild now

Chapter 883 Protecting His Wife

Master Ferguson saw that he was silent, so he called out to him.

“What do you think? Do you not like my Rosalie?”

Even though he knew that Rosalie was quite different from Matthew, if they got married, it would only benefit his Family

Master Hilton pondered for a while, “Yeah, we let them try to get in touch with each other”

Previously, he had hoped that Matt would marry Tiana. That little girl had cured his illness. He was very grateful for this, so he wanted to use his eldest grandson to repay her.

But under his strong efforts, she couldn't win Matt's heart, so there was nothing he could do.

Now, she hoped that Matt would get married as soon as possible. That way, she could get rid of his habit of liking men.

At this moment, Rebecca walked over

"Did you hear that? They're talking about Dominic's wife! What does she look like? Didn't you go to the wedding?"

Master Hilton's face darkened when he heard thus

Master Ferguson pondered for a moment. "She is a decent woman, just like an ordinary person. Do you want to see her too?"

She gracefully straightened her hair and rolled her eyes at her husband.

"Of course. There are two unmarried grandchildren at our home. I hope my future granddaughter-in-law will be like her."

Elizabeth suddenly became the role model of daughter-in-law in the elderly eyes.

At the dining area. Abby ate happily, and Antony reminded her.

"Sister, don't eat more potato chips, otherwise you'll get sick again."

The two of them were very familiar with her sister's health. As long as she ate too many, she would get sick easily. Since young, her health hadn't been too good and she often went to the hospital.

Every time, she would scare Mommy to death, so they would help her keep an eye on her sister.

Abby took a glance at the many things on her plate, and she was reluctant to stop

"But I've already taken these. Otherwise, these will be wasted."

1/2

Matthew's grandmother laughed when she heard this

"Let her eat what she wants."

Arthur waved his hand to the grandmother solemnly. "No."

When Abby saw the solemn expression on her brothers' faces, she obediently stopped eating

"Alright, I'll eat something else."

At the dining table at the Jessica's house.

"Lazy, eat more."

Elizabeth looked at the food on the plate and smiled.

"That's too much. Are you feeding a pig?"

Only after hearing this did Jessica realize that she seemed to be too enthusiastic, but she just smiled faintly.

“You’re too thin, and you’ve been too skinny recently. You don’t have any more fat on your body, especially...”

She did not finish the last sentence, but her gaze remained on her chest.

Pearl took the words. “Mommy, Abby said that godmother’s boobs are very soft and very meaty!”

The kids unintentional words made the atmosphere on the table a little awkward.

Elizabeth was dumbfounded. What are these two little girls talking about?

Jessica also looked awkward and said to Pearl

“Darling, have you ever told me that you could not talk about the places that are covered by little trousers and shorts?”

Pearl pursed her lips. “But, alright!”

Leonard was caught off guard just now, so he kept staring at Matthew and kicked him.

Matthew was a smart man. Of course he knew what Leonard meant

He raised his eyebrows at him coldly, telling him to be careful not to listen to certain things that he shouldn’t.

Matthew continued, “Although she’s skinny, she’s still quite juicy. I’m very satisfied with her body fat.”

Not only was it Leonard, but even Elizabeth was choked.

Jessica hurriedly handed her a piece of tissue and said, "Slow down. He's praising you! He's satisfied with you titties."

Chapter 884 Public Divorce

Elizabeth took the tissue and wiped her mouth. Then, she glared at Matthew.

How shameless of him to say something on the dining table.

Matthew saw her like this and even deliberately asked

"Did I say something wrong?"

"Isn't he helping me

Elizabeth was speechless for a moment. She took the cup and drank a few sips of water before her throat relaxed a little.

Jessica smiled, she felt that Matthew was obviously protecting her.

The girl on the other hand, was so shy that she didn't see the meaning behind it.

Leonard was laughing too. Only Lizzy could make Matt lose his mind.

At this moment, Master Hilton called.

Matthew glanced at the phone on the table and his expression became slightly serious. He pressed the button.

“Grandpa.”

“Matt, I’ve decided with the Ferguson for a connected marriage between the two families. Remember to come back for dinner tomorrow and

bring Rosalie with you.”

After saying that, he hung up. Seeing how proud the Campbell family was, he became anxious, so he decided.

By the time Matthew was about to say no, the call had already been hung up.

He glanced at the phone, then put it down, and continued eating

The expression on his face darkened, and he looked unhappy.

Leonard poured him a glass of wine and asked, “What’s wrong?”

Normally, this fellow wouldn’t show any hint of joy or anger. Now, with this expression on his face, it was probably something wrong with

Master Wade

1/3

Matthew raised his glass and raised it toward him.

“I wish you happiness. I’ll drink it first.”

After saying that, he gulped down the wine and Leonard poured another glass for him.

“Matt, this is wine. Drink slowly,”

Matthew glanced at the glass of wine. “The wine is good. Let’s drink another one again.”

He clinked with him again and drank it all.

Elizabeth also felt that something was off with him. “Matthew, what’s wrong?”

Matthew looked at her and raised the corner of his lips. “Why? Are you concerned about me?”

Elizabeth glanced at the person on the table and nodded.

“Of course.”

“I don’t care about you? Is that possible?”

She liked him so much that she was paying attention to him all the time.

“Then announce your divorce with Dommic and be with me.”

If she did not make it public, then his grandpa would introduce different women to him. Last time it was Tiana, this time it was the Rosalie,

next time it would be someone else.

Hence, he had to have a girlfriend first. Then they wouldn't look for another woman for him.

"Divorced, are you divorced?"

Jessica asked in surprise, but there was a hint of happiness on her face! No wonder the two of them dared to be together openly. It turned out

She even worried for Lizzy, fearing that she would be pointed at and scolded for cheating.

Leonard looked at her too. "Are you really divorced?"

Elizabeth pursed her lips, probably unable to hide it anymore, so she nodded.

You"

Jessica suddenly got up and took out two glasses of wine.

"Let's have a toast too, to celebrate that you're single "

When he heard this, he looked at her.

"She's not single. I'm her boyfriend."

Jessica laughed, "Alright, she's taken, okay? CEO Hilton."

Pearl had already been full. The servant took her out to have fun so she would not affect their conversation.

Jessica pushed the wine in front of Elizabeth and she smiled.

“Congratulations!”

Elizabeth smiled and raised her wine glass

“You too!”

Only the two of them understood this sentence.

The more he listened, the more he felt that something was off. However, Matthew held onto Elizabeth’s hand that was holding the wine glass.

“It’s strong You’re not allowed to drink it”

He drank two glasses just now, and now he’s feeling a little dizzy. Her alcohol tolerance is so low, so don’t try it

Chapter 885 Ring

Elizabeth glanced at the glass of wine. “But, I want to drink it.”

She blinked and looked at him with an innocent expression.

Matthew’s heart softened when he saw her like this. He was afraid that she would get drunk, but at this moment, he wanted to let her drink, as long as she was happy.

He slowly withdrew his hand, “Just this glass. There’s no room for negotiation.”

Elizabeth smiled. The two little dimples beside her lips were blooming

“Yes”

Elizabeth picked up the glass of wine and clinked it with the glass of Jessica

She hoped both of them can fulfill their wishes, choose what they want, live the life they want, and love the person they want to love.

Jessica and Matthew were shocked to see them drink a whole glass of wine in one breath.

“Are you crazy?”

After saying that, the two of them glanced at each other. Both of them knew that they cared about Elizabeth equally.

Elizabeth furrowed her eyebrows slightly. “It’s so spicy!”

Then, she hurriedly picked up her fork and took a bite of the vegetables. Then, she felt a little more comfortable.

“Wine is not good at all”

She turned to look at Matthew. Was he lying to me? He clearly said that the wine was good.

The expression on Matthew’s face turned cold.

“Do you believe everything I say?*

Elizabeth smiled, “I do, I only believe in you”

She’s drunk already. It was too fast!

Otherwise, she won't say such a thing. Her pride wouldn't allow her to say so.

Matthew stretched out his hand. "Are you drunk?"

Jessica was also a little worried, "You're such a little girl. A glass of beer can render you unconscious, and now you drink wine?"

Elizabeth felt that the wine was indeed strong. Gradually, she was already a little dizzy. The people in front of her had many shadows.

She looked at Jessica, "Hey, Jess, why are there so many of you?"

1/2

"There's no need to ask her. She's drunk."

Leonard smiled. "Is her alcohol tolerance really that bad? Is the CEO of S Group getting drunk so easily?"

She would be easy to get drunk during a socializing event, and then be taken advantage of others.

Matthew got up. "I'll take you home."

He went to help her and said.

"Someone will drink for her "

He had investigated that S Group was given to her by Abbie. The two of them looked quite alike. Based on the information he had found, she

was supposed to be Lizzy's mother

Abbie gave her S Group. Of course, she had arranged everything. It was not for her to run the company, but for her to be economically

independent and have a backup.

Elizabeth suddenly laughed. "Matthew, hug me. I want you to hug me."

She was not completely drunk, so she kept smiling, looking in a good mood.

Matthew couldn't do anything about her. He picked her up, but she was unhappy.

"No, I want another type of hug, the one you like the most."

Jessica patted her forehead. This girl is drunk for real.

All of them had had sex before, so they instantly understood what Elizabeth meant

Jessica hurriedly said, "Mr. Hilton, take her home first!"

"I don't know what she's going to say later."

She didn't want to know about their privacy. Besides, she didn't want Leonard to hear it. Otherwise, he would pester her tonight.

Leonard's gaze became flirtatious.

"So Matt likes this position?"

Matthew glared at him. "Shut your mouth."

Elizabeth wrapped her legs around his waist and grabbed his neck.

"Matthew, you smell so good! I like it. Hehehe..."

After saying that, she even kissed him on the neck a few times. He had no resistance to her. Now that she was being like this, he felt a little angry

He carried the drunken woman and left the Jessica's house. She was not quiet in the car.

"Where is my ring? Where is the ring?"

Chapter 886 She Will Only Hate You

Matthew saw that she was looking for something, so he asked.

"What ring?"

"That's right, it's found."

She took out a box from her arms, then held the box and sighed.

"But, it's fake."

Matthew did not understand what she was trying to say. Hence, he lifted the lid of the box and saw a ring inside. He was familiar with it.

6 years ago, he had given it to her.

He took out the ring and looked at it carefully.

“Fake?”

It looked real. The diamond was real

Elizabeth sighed. “I got someone to make this, it was not from him. The real one is in the hands of Rosalie. She won’t sell it, nor will she return

it to me. But it’s the only way my kids can find a father. I have to let my kids know who their father is.”

After saying that, she let out a long sigh.

“Al they say he’s an old man, maybe he’s already dead.”

Matthew laughed when he heard this.

“He’s not an old man. He’s very young. At least he has nothing to do with old. You’ll find him.”

“He’s right in front of you, but you could not recognize him.”

Matthew hugged her nervously. Lizzy, I’m sorry! It was only after so many years that I recognized you and found you. You suffered too much.

“I will definitely make it up to you in the future.”

Elizabeth looked up at him. Her eyes were soaked in the stars in the sky

“So you know? Yes, I know that he’s not an old man. At least he’s strong ”

After saying that, she quickly covered her mouth. “I could not say those things. I could not say them.”

For the sake of the children, she had to keep it a secret. She couldn’t let Celine and her daughter know, otherwise they might want to kill the

three children again!

“That rainy night of the year, she’s so scared now that she recalled it.”

Matthew was about to ask her why she couldn’t say it.

Looking down at her, he realized that she was already asleep, and there was still a hint of a smile on her face. He didn’t know if she was

dreaming, or did she think of something wonderful?

He caressed her little face and said softly.

“Lizzy, in fact, that man is me. I am Abby’s daddy”

At this moment, Elizabeth’s phone rang. Matthew quickly picked up the phone and pressed silent.

When he saw the word Dominic, his expression changed and he pressed the answer button.

“Hello.”

“Who are you? I’m looking for Lizzy.”

Dominic actually recognize such a deep and magnetic voice. Matthew was with her.

“I am Matthew. Elizabeth is asleep.”

“Where are you guys? I will pick her up.”

Dominic did not want to give up. Even though he agreed to divorce her, she had promised to help him treat his illness and would not make it

public for the time being

Hence, he still had a chance. Now that his family liked Lizzy so much, there was no obstacle between them anymore, so he had to see this

opportunity and never let go.

“Dominic, she told me that she and you are divorced. Moreover, your marriage is a joke. Let her go! Let her live the life she wants.”

Dominic was slightly startled. “You know?”

“Imm, she tells me everything and I know about your illness too. There’s one more thing that I think I should tell you. Her three children are

mine. It’s impossible for our family to be separated.”

Dominic was shocked when he heard this.

“They’re yours?”

No way.

If they were his, why did he take the responsibility and let Lizzy suffer so much

Dominic’s expression changed drastically, then he cursed.

“Matthew, if you’re the kids’ father, Lazy will only hate you. Do you know how she lived all these years? Do you know how people look at her

and despise her?”

“That’s why I want her to be happy!”

Chapter 887 Forcing Him To Marry

After saying that, Matthew hung up. Dominic was stunned for a moment. He was a little excited just now

Because he had never thought that the kids would belong to Matthew.

“Is this what God wants?”

Hazel entered his study, “Young Master, your coffee!”

Even though it was so late, he still wanted to have a cup of coffee, which made Hazel a little puzzled.

When Dominic saw her, he placed his phone on the table and sat down at the study table.

He picked up his coffee and was about to drink it, but Hazel couldn't help but remind him

"It's almost 9 o'clock. Aren't you worried that you won't be able to sleep?"

After Hazel finished speaking, her expression tensed up slightly. It seemed like she was talking too much

She promised that she would not get too close to Young Master in the future. Other than having a normal servant/master relationship, she shouldn't care about him.

However, every time she got closer to him, she couldn't hold back. He was like a magnet, making her unable to resist

She quickly turned around and left, not daring to stay any longer.

Although Dominic sensed that she was acting strange, he did not think too much about it. At this moment, he was thinking of Elizabeth.

After the banquet ended, all the guests left.

The Hilton Family, the Ferguson family, and the Campbell Family. They were the Three Principal Families of A City, so they were especially

close to the birthday man.

Mr. Lee looked at the three children brought by the Campbell Family and couldn't help but take out a few small gifts and give them to them.

Arthur and Antony refused politely, but Mr. Lee forced the three pieces of jade to them.

There's no descendant in our Lee family. Now, I'm the only one left. I'm old too, and I won't live much longer. These are the jades that my

ancestors passed on. They are very suitable for children to wear. The three of you are so cute, so I'll give them to you. *

Master Campbell knew that Lee had never been married. Now, he was the only one left in the Lee Family

These things weren't important anymore to someone of his age.

Hence, Master Campbell instructed them to accept them, and three of them bowed to him, wishing him a long life

Mr. Lee was so moved that he wiped away his tears.

"Campbell, you're so lucky. Your house must be very lively."

Master Campbell laughed. "Yes!"

"Hilton, don't follow my path. Hurry up and urge your grandchild to get married and have children. It's a blessing to have a kid at home. No

matter how much money you have, you could not buy happiness"

Master Hilton snorted coldly, "I'm leaving!"

Then, he held Matthew's grandmother's hand and walked away. Matthew's grandmother knew that he didn't like listening to what he said, so she could only say goodbye to the people present awkwardly.

"Goodbye, everyone!"

Abby followed her brothers back to the Campbell Family, so the Hilton Family's two elders were alone again.

In the

Master Hilton's face was dark and angry.

Matthew's grandmother couldn't help but laugh. "Why are you angry? Mr. Lee meant well. Don't forget what a womanizer he was when he wa

young. There were so women by his side, but who stayed in the end?"

Only then did Master Hilton glance at her, his eyes still filled with rage.

"It's all my fault."

Matthew's grandmother sighed. "That's right. It's all my fault."

Master Hilton glanced at the seat in the middle. It was bustling on the way here, but it was so quiet when they went back.

He recalled that little girl's sweet talking, she could make him laugh every day,

The boys could also play chess with him. All of a sudden, he started to envy Master Campbell

"What kind of luck does that fellow have? It's no wonder he looks younger and smiles more recently, because he has these three kids by his

"He must get married within a month, otherwise I'll kick him out"

Chapter 888 Matthew, I Will Disappear With You

Matthew's grandmother heard this and knew that Master Hilton must be determined this time. He would definitely force Matt to get married.

Previously, she had a chat with Rebecca. They had watched Rosalie grow up, so it would be wonderful if the two of them got married.

"I don't know if Matt will agree"

Sometimes she thought that as long as her oldest grandson was happy, even if he didn't get married, it would be fine.

Even though the Hilton Family had a huge business, it was a pity that no one inherited it.

But she felt that she could leave it to the three kids. Anyway, she was quite relieved to leave the Hilton Family to them.

"Did you hear that? Tell him that"

Matthew's grandmother sighed. "Got it. I'll do whatever you want to do."

Star Villa. The car was parked in Matthew's courtyard. The driver got out of the car and opened the door for him.

Matthew carried Elizabeth and got out of the car. Then, he walked into the house.

Elizabeth woke up the moment she entered the house. Her big watery eyes blinked.

“Why is my head so dizzy? I feel like I’m floating in the clouds.”

Just as she was talking to herself, the man’s cold voice tang

“You’re not floating in the clouds, you’re in my armis

Elizabeth opened her eyes and caressed Matthew’s face.

“Hey, why do you have so many heads? It’s so scary!”

His face darkened when he heard this. He wasn’t a monster

Only after Matthew tossed her onto the bed did she seem a little sober.

“Matthew, I’m feeling dizzy. Can you continue hugging mo?”

She stretched out her hand, looking like a cute kid who wanted to ent candy. The unhappy man seemed to have calmed down after seeing her

like this.

arms

Matthew sat down beside the bed and held her hand.

He removed the tie on his neck with one hand and released a few buttons on his shirt. Then, he laid down next to her and carried her into his

Elizabeth smelled the cold scent on Matthew and felt much more at ease,

1/2

Her little hand pressed on the buttons of his shirt.

“Matthew, why do you have to forget about me? Our past might not be perfect enough, but those memories are beautiful too. Why do we have

to forget about it?”

Matthew’s gaze darkened as he listened to her.

He put the ring on her finger and held it tightly.

“I didn’t forget. I won’t forget it in this life.”

At that time, he was just angry that she married someone else, so he pretended not to know her

2/2

Elizabeth smiled when she heard this.

“Really? I won’t forget about you. I’ll always remember everything about you.”

After saying that, she fell asleep again. At this moment, her phone rang.

Matthew picked up and it was Dominic again.

“Hello”

Her voice was cold, obviously very unhappy.

“I’m looking for Elizabeth. Tell her to come back right now.”

Matthew could already tell Dominic and Saint. His eyes lit up slightly and he placed Elizabeth on the pillow and covered her with a quilt.

After that, he got off the bed and went to the balcony. He lit a cigarette.

After taking a deep breath, she exhaled a cigarette.

“She and Dominic are divorced. She won’t go back anymore.”

Matthew had just finished his sentence when he heard Saint scream.

“That’s impossible. How dare she? Isn’t she worried that I’ll kill Dominic?”

Matthew learned a lot from Adam, so when facing Saint, he had a way.

“Don’t forget, if Dominic is dead, you will disappear too.”

Saint’s eyes reddened when he heard this

“Matthew, I won’t let you off if I disappear, you’ll also disappear with me. Hahaha...

Chapter 889 Do You Miss Me

His laughter was extremely cold, and it was terrifying on such a night

Matthew was clear about what he was talking about

They thought he took that ding, but he was going to disappoint them.

He must pull out the man behind and see what his purpose is

The phone hung up in his laughter. Matthew kept his phone, wanting to delete Dominic's number, but Elizabeth would definitely save his

number again

Hence, he wanted to take Elizabeth back from the Campbell Family as soon as possible and let her stay by his side.

Saint was a danger 11 Elizabeth was by his side, it meant that she was living with a ticking bomb.

In the Campbell Family, Saint almost crushed his phone. Matthew's words just now made him very angry.

Elizabeth and Dominic got a divorce. Dominic was willing to do so too

His gaze became darker and darker. At this moment, his phone rang

"Master"

Saint's gaze suddenly darkened, and the hostility on his body dissipated. His body was filled with obedience and respect.

He was like a different person, looking very humble

You finally appeared. If you don't appear again. I'll have to send someone to invite you

Saint's face was beaded with sweat. He was nervous.

The owner's words meant that he had become weaker and was no match for Dominic.

"Please don't worry, Master It won't happen again.

The voice of the person on the phone was very cold

"The day after tomorrow is Elizabeth's three children's birthday. I'll be attending then. You'd better be here that day, got it?"

"Alright, Master"

"Also, keep an eye on Matthew He's the fish I want the most."

Saint replied. Tve already met Pasgen. I think he's more powerful than Matthew. Master is really smart."

"As long as you can help me deal with Matthew, then you'll be able to possess this body forever."

Saint's lips curved into a cold smile. He didn't want to disappear from this world, so he must have Dominic's body and let Dominic duapest.

At this moment, Hazel entered with a plate of Chinese medicine in hand.

Young Master, it's time to take your medicine."

The moment Saint saw the plate of medicine in her hand, he seemed to understand. He had been trapped in it lately, probably because of the

effect of the medicine.

Hazel walked in carefully with the medication in her hands.

She was wearing a black and white maid uniform. Her hair was long, and her chubby little face, along with her watery big eyes, made her look

like a Barbie doll.

Saint really liked this style. Besides, she was very obedient. He liked obedient women, he did not like women like Elizabeth who had too many

He tossed the phone behind and wrapped his arms around Hazel.

Hazel screamed. Young Master, be careful!"

She was holding the Chinese medicine in her hand. The medicine was sprinkled by his embrace

And she was also pressed onto the bed. Saint smiled wickedly.

"Darling, have you missed me recently?"

His voice was different from the usual warm Dominic. His voice was cold and aggressive.

After saying that, he kissed her on the lips

Hazel's eyes widened in shock. Previously, she didn't know that this kind of thing was an expression of love between people in love.

She only cared about her own happiness and didn't think much about other things.

Now she knew that the young master belonged to Lizzy, she couldn't do this with him.

Hazel was struggling. Her hands were raised above her head and pressed on, so she could not move.

In the beginning, she was still conscious, thinking of a way to push him away.

However, his kiss was getting more and more urgent and tighter. The numbness in her lips made her mind turn blank and she could no longer breathe.

She wanted to think but could not. She wanted to push him away but there was no strength left in her body.

Saint's lips curved into a smile.

At this moment, Hazel pushed him away and got up from the bed.

"We could not do this"

After saying that, she straightened her clothes and was about to leave.

Sitting by the bed, Saint raised his hand and caressed the pain on the corner of her biting lips. He smiled.

“Hahaha, what’s wrong? Elizabeth and Dominic are already divorced.”

The thought of this made him angry.

When Matthew heard this, he turned around and looked at him in disbelief

“Lizzy and you are divorced?”

“That’s impossible. The two of them have always been in love. It’s her fault. If Lizzy wants a divorce because of her, then she can tell Lizzy that

she can leave forever.” Hazel thinks to herself

“If you don’t believe me, you can ask her.”

She couldn’t express her feelings in words. It was as if she was happy and unhappy. The feelings were intermed, making her feel like she wa

going crazy.

Hence, she quickly ran out and went back to the servant’s room.

She was in a room by herself. After entering the house, she locked herself and sat on the small bed with a dark expression.

Suddenly, she felt a little flustered. Why was she like this? Why was she happy?

She obviously hoped that Lizy and the young master would be together, but when she heard that they were getting a divorce, she was actually

so happy.

She shook her head. No, no, it's not like that

Hence, she took out her phone from her small bag and dialed Matthew's number.

"Mr. Hilton, I am a Hazel. I want to say that I want to return the money to you. I'm not working here anymore."

Matthew was the one who asked her to stay by Dominic's side. In the past, she felt that she could stay by the young master's side, just like

before

But now, she's in this state. She's wronged Lizzy, so she should run far away!

Otherwise, the guilt in her heart would be too strong.

Matthew had just finished showering and was wearing a black silk nightgown. He stood by the bed and looked at Elizabeth who was already

sleeping soundly.

His eyes narrowed slightly. "Are you sure you want to leave Dominic?"

"Yes, I'm sure."

Hazel didn't hesitate at all, even though she didn't know where she could go.

She could work in the Night City like before. Although she was tired, she could still feed herself.

Matthew nodded, "Keep the money. This is your decision, I have no right to interfere."

Originally, he had Hazel stay by Dominic's side because the girl was good at fighting. When Elizabeth was in danger, she could protect her.

She could suppress Saint too.

But now, he had changed his mind and wanted to keep her by his side as soon as possible.

Hence, it didn't matter if Hazel wasn't around. He could protect her himself.

After hanging up the phone, Hazel started packing and quietly left the Campbell Residence.

The next day, Elizabeth woke up and found that she was in Matthew's arms. He was still asleep.

Her eyes opened slightly, then she was mesmerized by this beautiful face in front of her.

In front of her was Matthew's handsome

and cold face. He wrapped his arms around her tightly. Her whole body was embraced in his body,

and a faint fragrance swept across her nostrils.

The way he looked after he fell asleep was warmer than when he was awake. He looked like a prince in a comic. His narrow eyes were as deep.

as a dream, and his black hair was smoothly pressed against his icy white cheek.

Elizabeth smiled and then kissed his lips.

Initially, she planned to run after kissing and get up to make breakfast

However, he was awake. When her lips touched his, her waist became heavy and she was caught by a strong big hand.

Then, he opened his dark eyes, "Continue!"
