

## **Game Over 901**

### Chapter 901 Her Ring Is Fake

Nicolas was chatting with Estelle on his phone. He had already predicted the situation.

“Matt is not a fool. My silly sister thought she could scheme on hun. Let’s see now how it turns out ”

Rosalie nodded repeatedly upon hearing Master Hilton.

“Matthew, she’s already a divorced woman, and she even has 3 kids. A woman like her is not worthy of you at all.”

If it were in the past, Matthew wouldn’t be able to feel Elizabeth’s hardship,

Now that he heard this, he would care for Elizabeth even more.

Back then, it wasn’t her fault alone, but she was responsible for everything. She raised the three children and bore all the humiliation.

Matthew tightened his grip on Elizabeth. He looked at her and his eyes were filled with affection.

“Do others always call you like this?”

He didn’t need to ask. People are like this. They don’t care about the truth at all.

Elizabeth bit her lips. Deep down, she hated Matthew for bringing her here today.

If she had ruined someone’s plan, she could only be despised.

Elizabeth remained silent. Matthew gave Rosalie a cold look.

“Miss Rosalie, please apologize to her.”

Rosalie’s

’s eyes were filled with shock. “Matthew, I’m telling the truth. Why should I apologize?”

Nicolas couldn’t stand it anymore and stopped her.

“Rosalie, don’t forget that you’re the third daughter of the Ferguson Family,”

“A decent person will never talk to others like this ”

Rebecca also felt a little awkward. She knew that Matt was not something an ordinary person could get. Therefore, Rosalie had always begged her before, but she never promised to help her.

This time, I wonder what happened to Master Wade? Ilo actually agreed to her request.

“Now, look at how embarrassing it is. The two families are very close, don’t let this affect our relationship.”

Master Hilton merely watched and did not make a sound.

Matthew’s grandmother was in a difficult position. She got up and walked to Rosalie

“Rosalie, you could not talk like that. It’s very hurtful”

Rosalie is really very angry. Why are they all protecting Elizabeth like this?

I didn't say anything wrong. Is Elizabeth not shameless?

Before getting engaged, she gave birth to three children. When she was with Matthew, she even married someone else Why wasn't he angry

and was still protecting her?

Rosalie thought she was such a good woman. She had liked him since she was a kid, and she only wanted to marry him.

Because of him, she rejected all the boys. She only cared about him. Why could not he see her?

Rosalie was about to collapse. She pointed at Elizabeth.

"Elizabeth, what kind of drug did you give them? They're all protecting you."

After saying that, she threw herself to Elizabeth's side. When she saw the ring in her hand, she suddenly understood.

Of course, it was impossible for her to throw herself at Elizabeth. She was blocked by Matthew's large hand, so she couldn't get any closer.

Rosalie pulled out the ring on her neck.

"Yours is a knock-off. Mine is the real one. The ring that Matthew gave is with me. You're such a wicked woman."

Only then did Elizabeth remember the ring in her hand. After he put it on for her last night, she did not take it off.

Now, she slowly raised her hand and looked at the ring. Her face was filled with surprise and she asked anxiously.

“What did you say? Did he give you the ring?”

As she spoke, she turned to look at the man next to her, her eyes full of doubts.

Rosalie laughed loudly. “Hahaha. You’re such a fool.”

Elizabeth didn’t care about Rosalie anymore. She didn’t care if the ring was real or fake, she won’t be embarrassed anymore.

“Did you give this ring?”

Chapter 902 Master Hilton Fainted

Matthew nodded. “It’s me.”

Followed by a loud slap. Elizabeth got up and ran out

Matthew got up and was about to chase after her.

Rosalie stopped him. “Matthew, did you see it? She’s such a cheap woman. She’s not worthy of your love at all”

Matthew watched Elizabeth disappear at the door. He knew why she slapped him.

Knowing that she couldn’t accept it now, she had to digest it slowly.

He deserved this slap. His gaze darkened slightly and he said softly

“Let go”

Rosalie heard him and did not dare to not let go. His aura was too strong, and it was too intimidating

However she saw disappointment in his eyes, and he finally saw the true colors of Elizabeth

Matthew walked out of the room and asked the man.

“Matt, are you alright?”

Matthew raised his hand to indicate that he was fine and asked him to clean this mess

Nicolas had been his best friend with him for many years, so he understood every movement of his.

He kept his phone “Grandpa, Grandma, let’s go! It’s better that you don’t interfere in the relationship between the younger people.”

Rosalie was still staring blankly at the door. Elizabeth had ruined her beautiful day, but she would not let her live a good life

She dated to wear a counterfeit on her hand, and she wanted to seduce Matthew

She smiled coldly. Her heart was filled with joy.

Nicolas patted her on the shoulder “Little girl, let’s go! Don’t embarrass yourself here.”

Rosalie snapped back to her senses and raised her eyebrows triumphantly.

“I’m not the one who’s embarrassed.”

Then, she looked at Madam Hilton and Master Hilion. "I'll visit you two in a few days."

Anyway, she had to marry Matthew for the rest of her life. This was her wish since she was young. No matter what methods she used, she had

to do as she wished

1/2

Matthew's grandmother and grandfather also felt that there was something that they couldn't understand today.

After sending the Ferguson family off, Marter Hilton sighed

her."

"Did Matt and Elizabeth break up again?"

"Probably"" Matthew's grandmother did not really understand.

This time, Matt and Lozy had broken up for the second time. It would be harder for Matt to get married in the future.

Master Hilton put his hands behind his back. He walked back and sighed as he walked.

"Then, what's on his mind? I've already comprised, but what about him? Could not he handle a woman?"

Grand Matthew's grandmother shook her head. "It's not easy to pursue a girl nowadays. Be good to Lizzy in the future. We'll help him pursue

Previously, Master Hilton would definitely snap, but today, he did not refute and actually agreed with her.

"Yeah, I'll help him in the future

Back in the living room, Master Hilton saw the box and

ted the servant to open it.

He wanted to see what the girl had bought for them.

Matthew's grandmother was not in the mood to look at any gifts. Instead, she was texting Elizabeth on her phone.

"Lizzy, I want to explain to you. The wedding of Matt and Rosalie was my and grandpa's idea. Matt didn't agree to it at all, so he brought you

back. Don't be angry with him. You're the only one he loves."

After the maid opened the box, she handed a document to Master Hilton

"Old Master, it's a document"

Master Hilton furrowed his eyebrows What is this gift? So he flipped open it and took a look Then, he opened his eyes slightly and quickly

flipped to the last page.

Then, he laughed loudly. “Hahaha

The laughter echoed in the house, frightening Matthew’s grandmother and the servants, and they all looked at him.

Then, he tilted his head and fainted.

“Old man ”

Chapter 903 He Must Be Crazy

Madam Hilton called him and hurried over to help him up

“Old man, what’s wrong”

The maid hurriedly called the family doctor over Matthew’s grandmother was the

The doctor did a checkup and found that his blood pressure had increased. His heart was beating fast. If he were to get agitated again, his heart

have a problem

They quickly fed him a heart saving pill. After a while, he slowly woke up

hand

By the time he woke up, he was already in his bedroom Looking at the old woman wiping her tears by the bed, he reached out and held her

“Why are you crying? It’s great news I won’t die ”

He knew his limits He was happy, but it was not lethal

After all, such a good thing, so many years of wishing finally came to an end. Besides, there were three so good kids, he couldn't bear to die

If he were to die, he might have died six years ago.

His life was meaningful Master Hilton held her hand and thought excitedly. His eyes were filled with joy and the smile on his face could not be

concealed

Matthew's grandmother was still wiping her tears "Don't comfort me I know your body is not as good as before."

After being unconscious for six years, she thought he would fall asleep just like that. Unexpectedly, he woke up

Today, she was really scared.

"Old man, don't be too agitated in the future. Otherwise, it won't be good for your health."

Master Hilton sat up and the grandmother hurriedly helped him up

"Lie down properly Don't get up"

Matthew's grandmother was very worried. This old man is getting old, but he still doesn't want to be old. He's always like this

Master Hilton shook off her hand. "No need to help me I'm fine! I still have to play with my great grandchildren in the future!

Matthew's grandmother saw him saying this again Could it be because of what happened today?

at

The kicked of the old man's strange gase and she was very worried

Should I ask Matt to cost

17

At the time, she still had to have Matthew by her side

Master Hilton got out of bed and said as he walked.

"I'm going out shopping. Do you want to go with me? I need to buy some toys for my great grandchildren \*

The thought of having three more children at home made him happy' He was so excited!

The Hilton Family finally has descendants. Moreover, they are

Sure enough, Matt and Lazy had good genes. If the old guys knew that these three children were descendants of the Hilton Family, they would

definitely be envious

The more he thought about it, the happier Master Hilton became

The world was too beautiful, and these days were too beautiful.

Matthew's grandmother followed behind him. She was

more and more worried. Could Master Hilton be crazy?

She could only follow him behind.

"Old man, wait for me I'll go with you."

In the car, Master Wade was also excited, he was still asking the driver in front of him

"Is there a kid in your family? What do kids like?"

Upon hearing this, the chauffeur thought of his

mile.

"Well, boys like guns, Superman, Lego, and all kinds of craftsmanship Girls like dolls, makeup boxes, and magic sticks"

After listening to the chauffeur, Master Hilton even took out a notebook

Matthew's grandmother's eyes were wide open. Is he taking notes?

ste them down).

Oh my god This This is so serious.

Hence, she held on to her phone, wanting to call her grandson. Howe

endured and talk to him at night!

would hear her, so she could only

Chapter 904 Number One Hacker

Elizabeth returned home. When she entered the house, she saw the three children playing in the living room.

The two sons were holding on to the computer and typing codes

Abby was having fun by herself. She also moved the small tent to the first floor and brought her dolls here.

Elizabeth looked at this scene. It was so familiar to her.

But today, when she looked at them, she had an inexplicable feeling, it was very strange.

She had been looking for their father, hoping that the children would know who her father was

Now that she knew, she did not know how to speak to them.

However, fortunately, he was more outstanding than she thought

She pursed her lips and smiled. At least their father is a very outstanding man!

When Abby saw Elizabeth, she threw the doll in her hand and ran toward her

busy.

“Lizzy, you’re back!”

Elizabeth bent down and hugged the little girl. The two sons also looked up and did not put down the laptop in their hands. They should be

“You guys go ahead and have fun! Mommy will go upstairs and take a shower.”

She was also in a strange mood. After slapping Matthew just now, she felt much better now.

The grievances and hardships over the years seemed to have been vented.

When she walked upstairs, she let out a long sigh of relief

“Elizabeth, did you forgive him so easily, you fool?”

The kids were born by herself and she raised them herself. She was the one who shouldered the scolding

On the other hand, he was still the popular bachelor. He was still the god of countless women.

Thinking of this, she was actually quite angry. Why was the world so unfair to women?

It was clearly the fault of two people, but she had to bear it alone,

Fortunately, she managed to hold on. What if she couldn’t hold on?

Elizabeth only went upstairs when the doorbell rang Ms. Elliott came out of the kitchen.

“Abby, don’t open the door first.”

The bodyguards had been staying here during this period of time, so Ms. Elliott was more vigilant

“I’ve already opened it. It’s Daddy”

Daddy?

Ms. Elliott mumbled to herself Could it be Dominic?

When the door was opened by Abby, the man standing by the door shocked Ms. Elliott. It was Mr Hilton.

Abby ran to his side and he bent down to carry her.

“Daddy, why are you here? Lizzy just came back! She went to take a shower.”

Matthew glanced upstairs “Yeah, I know.”

He followed her here and saw her enter the house. He smoked outside, wanting to wait for her to go upstairs and press the doorbell.

He was afraid that she would open the door.

Ms. Elliott smiled and called him, “Mr. Hilton, you’re here. I happened to make your favorite braised beef today.”

Matthew said. “Thank you”

Could it be that Lazy and the others moved back because she was with Mr. Hilton again?

She suddenly felt a little confused. Lizzy used to like him.

After that, she married Mr. Campbell. Although Mr. Campbell and Hazel had cheated on her, they did not seem to want a divorce.

Ms. Elliott shook her head, unable to understand the young people nowadays.

Matthew carried Abby to the living room and placed her on the sofa.

The two sons did not even lift their heads, he said quietly.

"Have you fixed the loop I gave you guys?"

Upon hearing this, the two of them looked at him.

"Are you AK?" asked Antony.

AK ranked number one among hackers. Ten years ago, he had already ranked number one. No one had surpassed him.

Half a year ago, they met him on the forum. Then, he arranged a mission for them and started teaching them.

Arthur frowned slightly, "No wonder we wanted to hack into your company before, but we couldn't get in. It turned out that you're AK."

Previously, when he was engaged to Tiana, the two boys wanted to teach him a lesson, so they hacked into the Hilton Group's system to let him know that Elizabeth couldn't be bullied.

Chapter 905 I Will Never Leave You Two Again

They recalled that at that time, the two of them worked hard for a few hours, but they couldn't get in

They then gave up, knowing that the Hilton Group was a large enterprise, they should have hired a lot of skilled technicians, so their firewalls were impeccable

Now that they knew that he was the number one, the two of them understood, as if they weren't that disappointed.

After all, he had been on the top of the list for ten years. How could two kids beat him?

Matthew nodded. "Yeah, it's me.

Antony put down his laptop and ran toward him. He wrapped his arms around him.

"Brother, I finally hug AK."

The two of them once said that they had to meet AK whenever there was a chance, but they did not expect it to be their father. This was too much of a coincidence!

Matthew picked up Antony and shook him.

"You are too light. Remember to exercise your muscles.

more.

This was the first time Arthur felt the strength of his father. He really liked it.

However, they still couldn't acknowledge each other. They would only acknowledge him when won the heart of his Mommy

"Okay"

Matthew put him down and spoke to the two of them.

"You guys go on, don't worry about me. I'll go and talk to your Mommy!"

After

saying that, she walked up the stairs. Abby blinked and looked at her bro brothers.

"Dad... Uncle Hilton said to talk to Lizzy just now. Did he make her unhappy?"

Arthur continued to stare at the computer to fix the loop.

"Probably!"

Matthew went upstairs and entered Elizabeth's bedroom. She didn't have the habit of locking the door at home. Sometimes it was convenient for the kids to look for her.

1/2

Elizabeth finished showering and came out of the bathroom. She saw the man sitting on the single couch

Crossing his legs elegantly, he held a cigarette between his fingers.

When she exhaled a puff, her gaze met hers,

Elizabeth's expression changed slightly "W Why are you here?"

She did not expect that he would follow her

Elizabeth only had a bath towel wrapped around her. Her hair was still damp, water dripping down to her chest.

The scene was really yummy.

Matthew stared at her blankly, as if the time was stopped.

His gaze was extremely dark. His Adam's apple bobbed up and down.

Elizabeth couldn't stand his gaze and hurriedly walked to the closet. Today, she was in a daze and didn't think of getting her clothes even after entering the bathroom.

When they were passing by Matthew, he stretched out his long arms and pulled her to sit on his lap.

Elizabeth was so frightened that her eyes opened slightly "What are you doing? My hair is soaked. Your clothes will be wet,"

However, the man did not care. With one hand holding the cigarette while the other hand holding her waist, he stared at her intently

At this moment, there was still a layer of blush on her little face. It should be caused by the steam when she was bathing

"Why are you so unhappy knowing that I'm that man?"

After being slapped, his face still hurt.

Elizabeth was still very nervous. She was afraid that he would have had intentions while she was wrapped in towels.

Now that she saw him discussing this with her, she raised her chin.

“That’s right! Do you know how difficult it is for me to have them? How difficult it is to raise them?”

The thought of those things made her feel so mad

Especially when she was giving birth, the pain made her even more afraid now.

At that time, she was alone and helpless. No one could help her.

Matthew suddenly pulled her into his arms and hugged her tightly.

The water on the hair slid downward and fell onto Matthew’s black shirt one by one,

His expression was slightly cold, with a trace of seriousness

“It’s my fault I couldn’t experience it with you. From now on, I won’t leave you guys again.”

Elizabeth’s heart skipped a beat when she heard those words.

Chapter 906 He Disagrees

At this moment, Elizabeth seemed to have been comforted. Her previous grudges were gone.

Elizabeth allowed him to hug her, and she did not care that the droplets of water from her hair had dripped onto him.

After a while, she patted his shoulder.

"I'll go get changed."

Matthew finally let go of her. The cigarette in his other hand was burning, almost burning his fingers.

He stood up and put out his cigarette before throwing it into the bin. Elizabeth quickly changed into her clothes and walked out of the closet.

Their gazes met, and Elizabeth pointed to the bathroom.

"I'll blow my hair. You can go down and accompany the kids."

You are the kids' father. I haven't figured out what to say yet."

Let them cultivate relationships first!

Matthew followed her into the bathroom. When he saw her drying her hair with the hairdryer, he took it over.

"I'll blow it for you."

Elizabeth did not have any objections, so she handed it to him. He held the hairdryer, his fingers ran through the strands of his hair, and he dried them very seriously.

Elizabeth looked at his facial features from the mirror warmly. Deep in her eyes, there was warmth and dizziness.

This was completely different from his usual cold expression. This was probably the other side of Matthew.

Elizabeth looked at him and smiled. Seeing that she was smiling, Matthew asked.

“What’s so funny?”

Elizabeth raised her eyebrows. “It’s an honor to be taken care of by CEO Hilton!”

She looked very cute.

Matthew looked at her from the mirror and continued drying her hair. Only after her hair was dry did he put the hairdryer away.

Elizabeth sat at the back and hugged him. “Mr. Hilton, I slapped you today. Does it still hurt?”

All she wanted at this moment was to cling to him.

Matthew put the hairdryer into the storeroom behind the mirror and gently caressed her hand that was hugging his waist.

1/2

“It doesn’t hurt.”

Compared to everything she had gone through, what was this little pain?

At this moment, her phone rang Elizabeth let go of him and walked out of the bathroom.

“Maybe Ms. Elliott asked us to go downstairs for dinner.”

It was dinnertime, but they were here all the time Ms. Elliott might be worried that it would be inconvenient for two of them, so she didn't ask the kids to come up and disturb them.

Elizabeth thought so. When she walked out of the bathroom and sat on the soft bed, she picked up the phone on the bed and looked at it.

It was a call from Dominic. She narrowed her eyes.

“Dominic

He who had just come out of the bathroom heard her call Dominic. He stood at the side and stared at her.

The moment Dominic entered the Campbell Family, Old Master Campbell asked him why the three children had not returned. Why had Lizzy

not returned?

He didn't even know how to explain

“Grandpa kept asking why you didn't come back. They're not used to your absence.”

Elizabeth blinked her big eyes. He sat beside her and pulled her into his arms. His ears were pressed against the phone, and he wanted to hear what they were talking about.

“Just tell them we're divorced.”

“I haven't said it yet. We'll talk about it after the kids' birthday. After all, grandpa and the others have prepared a birthday party the day after tomorrow. I don't want to disappoint them.”

Elizabeth could feel the tension around her increased. She glanced at him from the side

Matthew reached out to take the phone. Elizabeth quickly stood up and covered the microphone.

“Matthew, the Campbell family was busy preparing for their birthday two weeks ago. They treated them very well. Why don’t we wait until their birthday and let Dominic announce my divorce?”

It was as if she listened to whatever Dominic said

Matthew’s face darkened. They are my own children. I’ll hold a birthday party myself. I don’t need them to come.”

Chapter 907 Sweet Candy

Elizabeth saw that he was unhappy, so she spoke to Dominic.

“Okay, I’ll do as you say I have something else to do. I’ll hang up now”

After saying that, she hung up the phone and looked at Matthew.

“Mr. Hilton, I need to tell you something. Dominic is the savior of my three children, so I will fulfill any requests he makes.”

Especially when it came to the birthday party. When Master Campbell told her about it, he insisted to prepare it himself and told her not to

interfere

Elizabeth couldn’t bear to reject his excited expression, so she agreed.

He had already prepared for two weeks. Approximately, even the banquet hall had been decorated and the invitation had already been sent.

If she told him that they no longer needed anything from him, then he would be disappointed, and the Campbell Family would also have a hard time explaining.

“Elizabeth, so what if he saved you? You can’t agree to anything he requests.”

Elizabeth saw how serious he was, so she sat on his lap, hugged his neck, and kissed his face.

“I know. Mr. Hilton is rich and powerful. Of course, he wants to organize his own kids’ birthday, but he’ll have a lot of time in the future?”

Matthew’s expression softened when he saw how obedient she was

“Don’t sugarcoat me. I won’t buy this.”

Previously, he probably buy this, but now, he really did.

Looking at her cute appearance, sitting on her thighs, hugging his neck, and kissing him, he felt very pleased and very fond of her.

Elizabeth couldn’t help but laugh. She pressed her face against his face

“As long as you agree, I still have a reward for you. Is this okay?”

Matthew heard this and asked.

“What reward?”

Elizabeth purred her lips angrily. "Why don't you ask when you already know? Forget about it."

After saying that, she let go of him and stood up.

He grabbed her waist and she sat back on his long legs. His lips were next to her ear, and his warm breath filled her ears.

"Remember what you said. When that happens, don't beg for merey. You can only take it."

Elizabeth understood what he meant instantly.

The image of him grring to her again and again appeared in her mind.

1/2

Sometimes, she really couldn't take it. However, in order to make him agree to the birthday party for the three children, she would endure no matter how painful it

"Of course, I mean what I say."

Only then did Matthew agree, "Okay, since the candy you gave is sweet enough, I agree."

At this moment, Abby's laughter was heard

"Haha, what are you two doing? If you kiss, I won't come in!"

Elizabeth's forehead was covered in sweat when she heard this. Where did this little girl learn from?

Hence, she patted Matthew "Let go. Don't get close to me in front of the kids."

After saying that, she got up hurriedly, but Matthew hugged her and said loudly.

“Darling. Mommy and Daddy are busy now”

Abby stretched her head in. “What are you guys busy with?”

She agreed but she stretched her head and stared at them with her big eyes

Elizabeth stood up hurriedly. “Abby, what do you need me for?”

She quickly walked to her daughter and held her little hand.

“Ms. Elliott wants you guys to eat downstairs,” said Abby with a smile.

Following that, she continued. “Today, the chauffeur asked me for some hair for music wire? Can hair be used as a music wire?”

Elizabeth was a little puzzled. “Hair? Wire?”

Was it hard to do? She did not know.

Chapter 908 He Is Crazy

Hence, she shook her head. “I don’t know either. I’ll google it for you.”

Abby nodded. “Okay”

After thinking about it for a long time, she didn’t understand. In the end, she could only ask Mommy

Even Mommy didn't know, so this question should be difficult. As a kid, it should be alright that she didn't understand it.

She still did not dare to ask her two brothers because she was afraid that they would think that she was so stupid to ask such a childish

question

From the looks of it now, it wasn't a problem of her intelligence. It was that this question was difficult indeed.

In an instant, she was overjoyed and she threw this question to the back of her mind.

The mother and daughter had already flipped over it, but he did not. When he heard the hair, he already started to suspect.

And it was the driver of the Campbell Family

Yeah, someone must be trying to investigate the DNA of the three children 1e had to get someone to investigate what was going on.

At Matthew Square, the Hilton Family's car stopped at the entrance of the mall.

The chauffeur opened the car door for them. Master Hilton got out of the car and Matthew's grandmother got out too.

She looked up. She did not expect the old man who had never been shopping to be able to accurately report the Hilton Family's shopping mall. Fortunately, his brain was not completely wrecked

Matthew's grandmother was lost in her thoughts for a while and her husband was no longer around.

“Where is the old man?”

1/2

Matthew’s grandmother asked, and the servant beside her replied.

“Master has entered the mall. He walked quickly, looking very anxious

The maids felt strange. The old master actually went out shopping today. It was indeed a rare sight

Matthew’s grandmother walked inside. The first floor was filled with cosmetics and branded watches. The servants also looked around.

“Madam, why don’t I give Dean a call and ask where they are?”

耳

Dean was the servant next to Hector. He was the one accompanying lector earlier.

Matthew’s grandmother waved her hand. “No need. Just go to the third floor.”

The third floor was a children’s area. He must be there.

The two servants accompanied her into the elevator and went to the third floor

When they entered the children’s toy store, they saw three to four salespersons following behind Master Hilton with a lot of toys in their

hands

“He is buying toys.”

Unnatural, very unnatural

Could it be that he wants his great grandchild to go crazy, or is the young master about to have a kid?

Chelsea walked over and sighed.

He’d probably fantasized about this kind of situation countless times. Let him fulfill this dream!

Hector saw that his wife had arrived, and he reached out to hold her hand.

“Come and take a look. I don’t really know how to choose what girls like.”

He could still pick a toy for boys, but he really did not understand what the girls liked, especially in color.

Chelsea patted his hand that was holding her. “Okay, I’ll choose.”

Along the way, Chelsea didn’t forget to sneak a glance at him. There was a smile on the old man’s face. It was something she hadn’t seen all

these years

Sigh. I’m glad he’s happy”

Chelsea thought to herself, he would be happier like this

When they reached the gifts area, Master Hilton reminded her

“Hurry up and pick something”

The guls of the Hilton Family had to be spoiled.

Hence, he wanted to buy more for Abby. This little girl was beautiful, sweet and cute. He liked her a lot

Hector thought that in the future, he would definitely spoil Abby as much as he could. She had suffered before, he would definitely

compensate her in the future. As for the two boys, it was not to mention that he must cultivate them properly. They would definitely be great men

when they grew up!

Chapter 909 The War Of Them

After listening to Master Hilton, Chelsea started choosing toys for girls. She knows Abby’s preference, so it’s one easy job

Master Hilton watched from the ride. From time to time, he picked up a Barbie to take a look After a while, he picked up a box of nail sticker to

look at it

He looked at Chelsea, “Why do you know kids’ stuff quite well at your age?”

Chelsea was still choosing. When she heard him, she smiled

Tve been spending a lot of time with Abby lately. I’ve seen everything she has been doing, so of course I know

At this moment, Master Campbell and the servant next to him happened to pass by this area

Leonard and Leonard were stunned for a moment before Master Campbell greeted them

Hector, what a coincidence! Why did you come out to buy something ”

The smile on Hector’s face disappeared and he gave Master Campbell a cold glare.

“Having something for my great grandchildren.”

Then, he glanced at the shopkeeper behind them and who also brought a lot of toys

Master Campbell laughed when he heard that “Your grandson hasn’t even got married yet? Is he having a kid so soon?”

After saying

he pointed to a barbie house not far away. “Abby told us to buy that. On the birthday party the day after tomorrow, we must

let her have fun

Master Camp

in the banquet hall

came out today for the birthday party the day after tomorrow and buy some things

children liked to play and place them

The three kids had invited their classmates and friends, so they could play toys together.

At the thought of the scene, he couldn't help but smile, hoping that the three kids would like the birthday party he organized.

When Master Hilton heard the word Abby, his eyes widened slightly. She was his precious granddaughter. He didn't need anyone else to buy her anything. He would buy it himself.

Hence, Master Hilton pointed to the gift box from the Barbie's house.

1/2

"Take all of them. Don't let him take

Hence, Dean and a few servants took all the gift boxes from the Barbie's house.

Master Campbell's servant did not manage to take anything away, so he could only come over and report to him.

"Old Master, the Barbie's house just now it gone."

As he spoke, he looked at Master Hilton.

Master Campbell panicked "What? How?"

"Campbell, I'm sorry! My great granddaughter likes it, so I bought them all. "

Two old men stared

other with their eyebrows crossed Master Campbell finally waved his hand.

“Forget it Let’s go to another mall and take a look ”

Master Campbell glaced

Hilton anguly “Hector, there’s a birthday party at my house the day after tomorrow. Did you receive an

invitation? Bring your great grandchild then ”

He wanted to see Matthew hadn’t even gotten married yet, and now there was a scandal about him being gay Let’s see who his great grandchild is

Master Hilton did not know that it was the bithday of the three children in two days, so he raised his head and replied.

“Of course I will bring them there and let everyone meet them.”

The expression on his face was so smug that Master Campbell couldn’t stand it anymore. He walked away angrily.

Matthew’s grandmother, who was standing not lat away, sighed. Who were those great grandchildren they were talking about??

“I’ll see who you’ll bring with you”

Matthew’s grandmother shook her head and walked to the other side where there weren’t many people. She took out her phone and gave Matthew a call

After a while, Matthew picked up

Elizabeth was sitting on Matthew’s lap. She had already lalko him down

Matthew held her waist with one hand while holding his phone with the other

“I won’t go home tonight. I’ll go home early tomorrow morning, then let’s go to the hospital”

Matthew’s grandmother nodded and hung up the phone

Elizabeth leaned against his chest and stared at him without blinking

“Is your grandpa sick?”

He even followed her out. He really doesn’t care about the old woman’s health at all!

She wanted him to go back, she wanted him to go back now.

Matthew looked at her intently. “There are doctors at home. On the way here, they’ve already called me and told me that grandpa is fine. lte even brought my grandma out shopping “

Elizabeth's eyes narrowed slightly upon hearing this

"Shopping?"

Matthew smiled slightly. Even if he ruined the meeting between the Ferguson family and the Hilton Family, the gift he gave the old man was enough to make up for everything.

As long as he could hold back the excitement, there wouldn't be a problem

Granny was probably worried that her grandfather would get upset, so she thought of taking him to the hospital for a checkup

Tomorrow is the time for his checkup

Matthew nodded and patted her buttocks.

"I'm hungry."

They should have dinner at the Hilton Family, but this girl ran back in a fit of rage and he followed her back.

"It's already past breakfast. I don't want my kids to starve."

Only then did Elizabeth remember that Abby had called her a while ago.

"Ah, it's already so late. Hurry"

She stood up and held his big hand. She walked out of the bedroom and went downstairs.

The three children were already eating in the living room. Ma. Elliott save the two of them come out and said with a smile

“It’s too late. I told them to eat first. I’ll go get some plates for you guys.”

Mr. Elliott brought out all the dishes aho had cooked. Elizabeth filled the food and placed it in front of him with a smile.

“Is this enough?”

Matthew saw the amount of mashed potato in the plate in front of him. It looked like a small mountain

He looked up at her and saw her smiling wickedly. He picked up his fork and ate.

Abby stretched her head and whispered.

“Daddy, eat chicken wings. It’s amazing.”

This little gul liked chicken wings the most. Being able to give her favorite dishes to Matthew was enough to prove how much she liked him.

Elizabeth was secretly happy. Among the three children, Abby should be the first one to be able to accept him.

Now, there were only two sons left, she hoped that he could use his magic to conquer them...

At this moment, Antony spoke up

“Uncle Hilton, I have a few questions to ask you. Can you come to our room after dinner?\*

He was the number one hacker! Autony admired him immensely now.

Arthur was the same. He wanted to ask him some questions. They would not let such a good opportunity slip by

Elizabeth watched this and was a little surprised.

Could she be able to tell the three kids that this person in front of her is their daddy soon?

The speed was faster than she expected. Initially, she wanted to make things difficult for Matthew, but now, it seemed that he would not be

able to win their hearts very 50011.

Elizabeth lowered her head. Everything seemed to have improved. The person she loved loved her too.

Moreover, there were three adorable children between them. It was as if it was a show on Netflix. They would soon become a family of five.

She can finally give them a father.

She really did not dare to think about this before. However, how did it happen back then?

“I’ll ask him about what happened back then later”

Matthew agreed, “Okay, but I have something to discuss with you guys. I want to go get married with your Mommy tomorrow. Do you have any objections?”
