

Game Over 931

Chapter 931 Loving Her

Elizabeth replied. "Yeah, I won't forget. Dominic told me too."

"Lizzy, why aren't you going home lately? Is it Dom that made you angry?" Shelby was relieved.

Previously, they wished that she would divorce Dominic and never enter the Campbell Family.

But now, she missed her so much.

Elizabeth was not used to it. After Chelsea and Shelby knew that she was the CEO of S Group, their attitudes changed.

However, S Group was not hers. Auntie Campbell gave it to her so that she could have a better life.

Now, she indeed felt that with this position, everyone treated her differently.

"He didn't make me angry. We're doing quite well"

When she said this, she felt the two cold eyes. She knew that with Matthew by her side, everything she said was wrong?

But now, she could only do this. When tonight's birthday party is over, she'll definitely explain everything

Shelby asked a lot of questions and chatted for a long time before ending the call.

Elizabeth breathed a sigh of relief. Otherwise, she felt that the inside of the car might turn into ice.

After making the phone call, she kept her phone and looked at him with a smile.

“What did you prepare for the kids?”

This was the first time he celebrated the kids’ birthday. She felt that it should be very special. What exactly did he prepare for them?

Matthew wrapped his arm around her and caressed her earlobe.

1/2

“Secret,”

“You haven’t prepared yet? It’s still in time to prepare now. Actually, the kids are very easy to please. As long as it’s a present, they’ll be happy.”

Seeing she seriously suspect that he hadn’t prepared a present, he smiled coldly.

“I’ll give them a big present. Besides, I’m sure they’ll like it.”

Elizabeth got interested and moved closer to him.

“What? Just tell me. I won’t tell them anyway. Besides, I can give you some suggestions. If they don’t like them, we can still change them.”

His face darkened when she looked like she didn’t believe him.

Probably because he hadn’t even taken responsibility since the children were born to this day, which was why she didn’t trust him.

He held her tightly. "Trust me once."

Elizabeth saw him like this, so she couldn't continue asking.

At this moment, Matthew's phone rang. When he saw it was Master Hilton, he answered it.

"Matthew, what do you mean by that? Why did you ask your own kids to come to the Campbell Family's birthday party?"

Matthew's eyebrows furrowed when he heard Master Hilton's thunderous voice.

He was a bit scared when his grandpa was yelling at him.

"Well, you have to ask your granddaughter-in-law. I could not do anything about it."

He pressed the phone on speaker and said.

"Lizzy, Grandpa is asking you."

Elizabeth was enraged by him. Wouldn't he explain himself?

He just threw her under the bus. She felt very awkward now.

"Lizzy, it's their birthday today. Why didn't you tell us?"

"A birthday is a big deal. Even though we didn't participate before, we could not ignore them now that we know that they are the Hilton

family's blood. How about this! Let the Campbell family stop and I'll pay for the losses. I'll celebrate the birthday of the three great-grandchildren

at home. I'll definitely make them happy."

The old man became more excited as he spoke.

Elizabeth rolled her eyes at Matthew. Why didn't he tell grandpa about the party?

"Grandpa, it's mainly because Master Campbell loves the three children. He treats them like his own. He has prepared this birthday party a

long time ago. I don't want him to waste his time. When his birthday is over, Dominic will tell them about our divorce."

Chapter 932 Birthday Banquet

By the time she explained, she could already hear the old man's breathing getting heavier and heavier. It was obvious that he was upset.

Elizabeth was scared, nervous!

He was so angry that he pinched the flesh on Matthew's arm. He furrowed his brows in pain.

"Grandpa, do you think it's okay?"

Master Hilton did not utter a word, so Elizabeth could only ask him.

Chelsea couldn't take it anymore. "Say something, you old man!"

You promised to treat Lizzy better, but now you changed your mind?"

When Master Hilton came back to his senses, he seemed to recall the grievances that this girl had suffered over the years, so he sighed.

“If that’s the case,

then so it should be. I’ll hang up now.”

Hector was probably very angry. If he continued, he was probably going to get angry.

Elizabeth looked at Matthew after listening to the beeping noise on the phone.

“Is he alright?”

Matthew was also a little puzzled. Judging from his grandfather’s temperament, he had always been against the Campbell Family and would

never let them celebrate his great grandchildren’s birthday.

However, when she thought of Elizabeth, she smiled.

“Yeah. When the birthday party is over, they’ll definitely hold a bigger party and announce to the world that our kids are the descendants of the

Hilton Family.”

Elizabeth’s eyes narrowed slightly. “Are you going to do it again?”

She suddenly felt exhausted. She was so exhausted once, and she still had to hold another party. Then, she still had to train the three children

to do all sorts of manners.

Sigh!

Matthew watched her sigh and a smile flashed across his lips.

“That’s a must. *

Elizabeth leaned against his shoulder. “Got it.”

At six o’clock in the evening, the guests had already entered the venue.

Elizabeth led the three children to the lounge. Abby was wearing a blue princess dress and her hair had a blue butterfly knot She was very

beautiful!

1/2

The two sons were both wearing small black suits.

Abby was playing with a doll and asked.

“When are we going out?”

She wanted to go see the kids. She had invited a lot of classmates! She sent them a pink invitation and they were so happy that they said they

wanted to attend.

Elizabeth glanced at the time. “The banquet hasn’t officially started yet. You can wait a little longer

Master Campbell had instructed that the three kids would appear last, although she did not know what was going on.

However, Master Campbell had worked so hard to hold such a grand birthday party. They should be thanking him and carry on according to

his plan.

Arthur saw that Abby was no longer patient, so he took out his tablet.

Abby, who was more interested in these things, was instantly attracted.

Fortunately, she had two sons. Otherwise, she felt that Abby wouldn’t be able to sit still.

In the lobby outside, the Campbell Family was welcoming the guests.

Especially Master Campbell who was surrounded by a group of people.

“Campbell, where are your three precious grandchildren? I heard that the two boys have a high IQ.”

“That’s right. Besides, they are really handsome.”

You’ll see them soon,” Master Campbell said with a look of smugness.

At this moment, Saint entered. He was wearing a white suit and glanced into the living room. Then, he strode toward the lounge

Shelby finally caught sight of him and caught up with him.

“Dom, why are you so late? Your grandfather has been looking for you all this while.”

Dominic stopped walking and looked in the direction of Master Campbell

“What is he looking for me for?”

“Of course, when the banquet starts, you’ll have to bring out the birthday stars with Lizy

“Today is a huge event. All the prominent figures in A City are here.”

When Dom and Lazy show up together, everyone would know that the S Group and the Campbell Family will be the number one big family in the future

Chapter 933 She Believes in Nate’s Capabilities

“I know. I’ll go to the lounge to look for them first.”

Looking at how Dominic was in a hurry to look for his wife and kids, she couldn’t help but smile.

“You kid, treat Lizzy nicely in the future.”

She was very satisfied with Elizabeth now. She hoped that she and her son could have a happy marriage.

When Saint walked upstairs, he took out his phone and looked at it. It was a text from the master.

“Are you in contact with Pasgen? He has to make a move today.”

Saint's lips curved up slightly. He knew immediately that the master's medicine was very powerful. He had been in contact with Pasgen a few times, and he had a completely different personality than Matthew,

Pasgen was even more evil and cold blooded.

He waved his fingers on the keyboard, "Okay, master, I will contact him right away"

When they reached the second floor, he dialed Matthew's number.

Swiftly, the call was connected and a man's cold voice was heard.

"Hello"

"Pasgen, it's me."

Matthew had just arrived at the hotel and was still in the car. He heard Saint's voice and his gaze was dark

1/2

"Yes."

Pasgen's usual indifference was familiar to him.

The master will be here today. He wants to see you. Be prepared *

Matthew was waiting for him. "Okay, got it."

After hanging up, Jake opened the car door for him.

“Boss, we’re here.”

Seeing that he was answering the phone, he did not interrupt until he finished making the phone and opened the car door for him.

Matthew tightened his grip on the phone and said softly.

“Tonight, let everyone take action. Make sure to protect Ms. Wade and the three children.”

“Yes, boss. They’re already inside.”

After Matthew got out of the car, he suddenly thought of Anna.

“Anna has been keeping an eye on me too. If she did anything to hurt Ms. Wade, just get rid of her.”

Matthew entered the room and was giving instructions along the way

“Tonight, his responsibility is huge. Some of the mystery will be exposed. He’s looking forward to it.”

In one of the cars behind his car, Rosalie got out of the car quickly, holding her skirt, ready to chase after Matthew.

“Don’t forget whose date are you today?” The man behind her called out

Rosalie stared at the tall and slender figure in front of her. She really wanted to walk side by side with him.

But if she caught up to him, she couldn’t stand beside him. In his heart, there was only Elizabeth.

Hence, she gritted her teeth and stood firm. In order to obtain Matthew, she had to work with Nate. For the sake of Matthew, she could do

anything

She turned around and looked at the man who just got out of the car. He had a slender figure and had a face that turned a straight man gay.

A faint smile slipped from the corner of his lips. Then, he walked toward her and pulled her hand into his arms.

“That’s how you behave.”

His voice was very seductive. After Rosalie heard him, there were goosebumps all over her body.

However this guy was an extremely smart person. He had a high intelligence and was a god in school. She believed him.

“As long as I’m on the same side as him. I’ll definitely be able to achieve my goal. I’ll definitely be able to get Matthew.”

The two of them entered the banquet hall. It was decorated in fantasy cartoon style. There were dolls everywhere, and there were a lot of

children attending who were having fun at the children’s amusement area.

It was obvious that this was a special birthday party for children.

Rosalie looked around, but they did not see either Matthew nor Elizabeth.

Where did they go?

This was the first time Nate visited A City, so no one recognized him. No one came to greet him even when they entered.

Leonard narrowed his eyes slightly. This party had invited everyone he wanted to see. Tonight was a good night.

Chapter 934 You Are The Conqueror

After Matthew entered the banquet hall, he walked upstairs. Since he saw Saint, he was standing by the door of the lounge on the second

Saint beckoned him, "Mr. Hilton, here."

Matthew and Dominic usually don't have much interaction. At most, they would just meet and nod.

On the second floor, Matthew stood by the side.

Saint felt a sense of oppression. He had to admit that the oppression of this man was very strong, even he couldn't take it.

He took out a cigarette and handed it to Matthew. Matthew did not take it and he did not insist on giving it to him.

Saint had also understood Pasgen's personality. He was cold and indifferent.

He did not force him. Saint lit a cigarette himself.

When he exhaled a smoke, he sighed.

"Actually, we shouldn't exist. The master gave us a life, so we have to be loyal to the master, otherwise he will make us disappear."

Matthew looked at the guests downstairs.

The moment he saw Rosalie, his gaze met the male companion beside her.

He had a pair of running eyes, especially when he looked at him, there was a trace of superiority in his eyes, unlike all the guests today.

Matthew subconsciously looked at him. In his heart, he was sure that the master of Saint was probably this one.

“Why is he with Rosalie? Do they know each other?”

Saint noticed that he was not saying anything, so he glanced sideways. Matthew looked back, as if he didn't see anything.

“Okay!”

He replied indifferently. Saint didn't quite understand what he meant.

He was the one who drugged him. He was the one who created this personality, but he didn't know him at all. Even if the master had given him

a clearer analysis, he still couldn't see through him.

Matthew saw through Saint's thoughts at a glance.

“I know. Didn't you say that the master created me so that I can control all the second personalities? It's an honor.”

Only then did Saint feel relieved. "It's good that you know."

After saying that, he put out his cigarette. "I'm going in now. Don't expose yourself tonight. Nicolas is an outstanding doctor too. Don't let hi

see that you're different."

After Saint entered the lounge, Matthew actually wanted to go in too.

Because his wife and children are inside. But if he wants to protect them tonight, it's better not to see them for the time being

At this moment, Master Hilton called and he answered the call.

"Grandpa."

"Where are you? We're here. I want to see my great-grandchildren."

The old man's voice sounded very unhappy.

Matthew walked downstairs. "Grandpa, why don't you and grandma go home? I'll take them home tonight and we can celebrate their birthday

together"

Something would happen tonight, so he didn't want his own family to be involved.

What was that man's purpose? He hadn't found out yet.

Master Hilton sneered coldly, "How can I not attend? I'm at the entrance. I'm not going back."

As he spoke, he hung up the phone.

Chelsea tugged on him. "Why are you angry? You should be happy today. If you frighten the kids later, they won't be close to you anymore."

The moment Master Hilton thought about the three children, he instantly lost his temper.

He caressed his face. "Are I scaring you?"

He finally realized that his expression would scare people.

Chelsea smiled and raised her hand to caress the wrinkles on his brows.

"You are quite scary, especially here. It's much better if you don't frown"

Anna came out at this moment. She held her phone and talked on the phone as she walked.

"Have you gotten the report? I'll get it now."

When she saw Hector and Chelsea, she greeted them with a smile.

"Please come in!"

Chapter 935 I Want To See His Old Face

Originally, Chelsea was caressing Master Hilton's face. When she heard someone talking to them, she quickly let go.

"Anna."

Anna smiled and nodded. "I'll go pick someone up."

Master Hilton's face was cold. He had never had a good impression of the Campbell Family and had always been against Master Campbell. Hence, he did not have a good attitude when he saw Anna.

Anna looked at Master Hilton's face and was still a little afraid, so she hurriedly left.

When Chelsea saw that he was behaving like this again, she held his hand and cursed.

"Could you

look like a nice old man?"

"My nice side only belongs to my great grandchild and granddaughter-in-law."

"

The old man hadn't changed at all, just like how stubborn he was when he was young.

Chelsea couldn't do anything to him. Back then, she liked his personality. It didn't matter what he did. He could do whatever he wanted!

When they entered the house, they bumped into Matthew and walked toward the two of them.

"Grandma, take Grandpa home! I don't want him to get upset later."

Master Hilton's face darkened when he heard this.

“Is there anything that can trigger me?”

Matthew said indifferently, “Dominic will talk to the Campbell Family about the divorce tomorrow, so today, Lizzy and the three children are

all from the Campbell Family. Can you take it?”

Master Hilton was indeed even more upset when he heard this

“I’m here to publicize this. Later, I’ll personally announce that the three children are descendants of the Hilton Family.”

Chelsea tugged on Master Hilton’s arm. “Why don’t we get some cake and celebrate their birthday together tonight? Why are you here to stir

the pot? Lizzy is already the daughter-in-law of the Hilton Family, so it’s not necessary for us to embarrass her.”

Master Hilton was unwilling to go. “I could not make a scene. But I want to attend, I want to see Campbell’s smug face. How smug he is

tonight, and how much pain will he feel tomorrow.”

1/2

After saying that, he walked into the banquet hall.

Chelves pointed at Masler Hilton’s back.

“Matt, your grandfather has such a temper. I’ll keep an eye on him. He won’t cause any trouble. Don’t worry!”

Matthew was not worried because he knew his grandpa's temper.

Even though he was usually more stubborn, he would not ignore the whole situation.

After all, the three children belonged to the Hilton Family. He would not make things difficult for Elizabeth.

Matthew accompanied Chelsea into the banquet hall. Chelsea went to see Hector

Meanwhile, Matthew was looking around for Rosalie. If he had the chance, he would have to ask about the man's condition.

Anna took the report and gave the servant a huge tip.

"Thank you for your hard work. This is what you deserve."

"Thank y

k you"

The maid was delighted. She took the money and bowed to her.

Anna looked at the envelope and she knew what the outcome was even if she did not look at it.

Narrowing her eyes, she walked toward the banquet hall

After entering the banquet hall, she walked towards Madam Campbell. When Madam Campbell saw the bag in her hand, a trace of darkness

flashed across her eyes.

What was going on? She really didn't know what was going on.

"Mom, I have got the report."

Madam Campbell looked deeply at the bag and grabbed her hand.

"What outcome?"

Anna shook her head calmly.

"I haven't seen it yet. I don't even dare to look at it."

She wanted her to believe that this document was real, and the result was real

Madam Campbell dragged her to the lounge on the first floor. "Let's go in and have a look."

Mrs. Campbell saw the two of them together, so she followed behind.

"Mom, Anna, where are you going?"

Chapter 936 Elizabeth, Your Happy Days Are Over

Anna tightened her grip upon hearing Shelby's voice.

Dominic's grandmother also felt that she couldn't let anyone else know about this. After all, it wasn't something glorious.

“Anna’s clothes are torn. I’ll accompany her to get changed. You should go and treat the guests! Your dad could not do it alone.”

Shelby stopped in her tracks. “Oli! Okay”

Dominic’s grandmother won’t care even if Anna’s gown is torn

However, the two of them seemed to be in a good relationship.

A trace of darkness flashed across Shelby’s eyes, and she couldn’t understand what was going on.

But she couldn’t follow them, so she could only turn around and go to the door to welcome the guests.

In the lounge, Anna was very nervous.

“Mom, why don’t you sit down first.”

Madam Campbell took it from Anna with one hand.

“Cut the nonsense? Let me see.”

She still trusted her husband. He would not do such a thing. After spending most of her life with him, she understood his character.

“I’m sure he won’t be as filthy as Anna thinks.”

After that, Madam Campbell collapsed onto the ground and fainted.

Anna was startled. “Mom, mom, wake up.”

She did not expect that Madam Campbell would pass out immediately. Was this result so scary?

Shouldn't she make a big fuss and let everyone know? What's the meaning of fainting?

Anna was furious. There were a lot of people today. If something were to happen, Elizabeth's reputation would be ruined.

Hence, she had to wake Madam up. She looked around and found it unrealistic to look for a servant. Hence, she picked up a cup of tea and took a sip before sprinkling it on her face.

The old woman woke up after being soaked in water.

"Sigh' My head."

Sitting up slowly, she raised her hand to support her head, looking upset.

"Mom, what's wrong?"

Anna shook her with a worried expression.

1/2

Madam Campbell felt like she was going to have a concussion if she continued to shake her body.

"Anna, don't shake me."

After she raised her voice, Anna let go of her.

“Mom, I’ll help you sit there for a while. You should take a break. Do you need to call a doctor?”

Madam Campbell helped her to sit on the sofa. When she saw the report on the floor, her face darkened.

“Anna, hurry, burn that certificate for me.”

Anna’s eyes narrowed. What’s going on?

Since she knew that the three children were her father’s, did she still want to hide it? Should she not make a scene?

She has to make a scene.

Otherwise, her efforts would be wasted and she would never kick Elizabeth out of the family.

“Mom, what’s the result?”

She wanted to get up to pick it up, but Madam Campbell stopped her.

“Anna, don’t look. There’s nothing to see. Hurry up and burn it.”

Anna was very upset. Why did it end up like this?

However, she did not dare to go against her wish. Otherwise, she would have a hard time in the Campbell Family

“Mom, I won’t look at it. I’ll burn it right away.”

Only then did Madam Campbell let go of her. When Anna bent down, she hurriedly took a photo and sent it to Celine.

“Celine, send this report to the media. After sending it, Elizabeth will be doomed.”

Anna looked at the authenticity certificate that she had burned. She was very unwilling to do so, but fortunately, she was smart enough.

She sent this photo to Celine. As long as she saw it, she definitely would take actions.

Elizabeth, tonight is the end of your life.

Next time, you'll have to wear a mask. Otherwise, you'll be drowned by the world's despise.

Hahaha...

Madam Campbell watched as the paternity certificate was burned. Only then did she breathe a sigh of relief.

But the hatred in her eyes was strong. She couldn't believe that the old man who lived with her had actually had an affair with Elizabeth and

even secretly had three children.

Now, the family was still celebrating for the three bestards.

Chapter 937 Fake Can Become Real

Celine was on her way to the banquet. Richard was sitting beside her while her daughter was sitting on the other side.

The two of them looked out of the window, having their own worries.

She did not really want to attend the birthday of the three children, but she had no other choice. She was a stepmother, and she needed to play

a role in front of others.

Richard was delighted that the Campbell Family valued Elizabeth and her three children so much.

However Celine and Tiana were very unhappy. After all, Elizabeth and Matthew were still having something sneaky, but they were still so valued in their family.

God is so unfair!

car.

When she saw the message sent by Anna, her eyes lit up.

She knew that the three children might belong to Matthew, but when she saw the authentication certificate, she was very delighted.

As long as Elizabeth was upset, it was still possible to turn a lie into truth.

Hence, she started making phone calls and found some acquaintances before finding a few media contacts.

The car stopped at the entrance of the hotel Tiana and Richard got out of the car. Richard told her daughter that she had not gotten out of the

“Get your mom out of the car’

Tiana nodded. "Dad, you go ahead. Mom and I will come in later."

Elizabeth's the star today, so Tiana didn't want to come, so she knew what her mother was trying to do.

Richard nodded, "Okay, I'll go in first"

At this moment, the second son of the Campbell Family and the third son also arrived. A group of people got out of a few cars.

When Francine saw Tiana, she walked over with a smile.

"Tia, have you guys just arrived? The banquet is about to start!"

Christina walked over too. "Yo, it's a seven-star hotel. It looks like Lizzy is having a good time at the Campbell family!"

After listening to them, Tiana's unhappiness intensified.

"She's doing well have anything to do with you?"

After saying that, she walked to her own car and went to call her mother.

Christina and Francine leaned closer and whispered, "She must be envious."

That's for sure. Didn't she say that she wanted to marry into the Hilton Family and thought that she would become Mrs. Hilton? But it seems

like Ethan doesn't like her anymore!"

“Let’s go!” The two of them smiled secretly. “Don’t let her hear us later. She would be going crazy again.”

In fact, Tiana heard everything

She walked to the car and kicked the car. “Elizabeth, you bitch.”

The thought of Matthew ignoring her was because of Elizabeth made her so angry.

Celine had already finished sending the photos. She also sent the address of the banquet. They would be here soon.

The banquet today would definitely be very lively, and all the major media would probably be here.

Everyone wanted to get the headlines.

She looked at her daughter outside the car. “Tia, what’s wrong with you?”

During this period of time, her daughter was in a bad mood. She went out to get drunk at night and hit the servants at home.

She knew that her heart was aching

However, she had to attend an event like this today. She had to be polite and generous. She had to show that she was getting along well with Elizabeth and that she deeply loved her.

Tiana was furious “Mom, you didn’t even hear what Christina said. It’s so unpleasant. They’re all looking at me as a joke!”

If she could not be together with Matthew, she would never be able to stand up in the Wade Family

Celme got out of the car with a smile on her face and a happy look on her face.

Abby became even angrier. "Mom, you heard them mocking me. Why are you still so happy?"

Celine approached her and straightened her hair. Then, she pulled on her gown.

"Tia, you're my daughter. You're the prettiest girl in the world. How can Elizabeth compete with you? She's no match for you since young

You'll know later how miserable she'll be today."

The thought of the media coming and asking about her relationship with Master Campbell and publishing the paternity test would

undoubtedly make the whole country aware of this news.

Chapter 938 New Boyfriend

Upon hearing this. Tiana's ev

es were filled with doubts

"Mom, did you hold something against Elabeth

It would be great if this was really the case. She just wanted to see Elizabeth fell. That way, she would think that God was fair.

Otherwise, God would be too unfair.

How could a woman like her get Matthew and Dominic and the Campbell Family's love?

Cehne took her hand and patted it gently

“Let’s go in first! We’ll have a good show later”

Tiana did not get her answer, but she was still looking forward to it.

The banquet hall was very crowded. Hector and Chelsea were surrounded by a group of elderly people from their generation.

In A City, they were still very well known, so everyone came over to greet and chal

By the time Master Campbell appeared, the crowd swarmed toward him.

“Campbell, hurry up and bring three little kids out.”

“That’s right. I’ll also let my great grandchildren play with them.”

“I’ve always wanted to see the three kids, so I forced myself to attend their birthday as I was sick.”

Master Campbell was overjoyed, and his laughter echoed from afar.

“Hahaha, you will see them later. When the party starts, they’ll show up. Why are you in a hurry? They won’t run away.”

Everyone laughed after hearing this.

Master Hilton stood at the side. He was so angry that his hands clenched into fists.

Even though they were his great grandchild, the most annoying thing was that he could only endure it and not make the news public.

“Hector, don’t be angry for your health. Those three will always be yours, your great-grandchildren.”

Upon seeing that Chelsea was comforting Hector, Master Campbell walked over and smiled like a flower.

“Hilton, what’s wrong? Did something upset you? It’s fine. Matthew is still young.”

1/2

“But if he does

women, then there’s nothing you can do.”

He patted Master Hilton’s shoulder. “We can’t force them to get married.”

Master Hilton’s face darkened. Damn it, you’re flaunting my great grandchildren! Do you think they are yours? They are mine.)

I must shut up. I must shut up

Master Ferguson couldn’t stand it anymore. He turned his back to Master Hilton and whispered.

“Calm down, don’t be angry. If you’re angry, you’ll fall for him.”

Master Hilton harrumphed coldly. “Fall for him? Dream on.”

“How smug you are today and how painful you will be tomorrow. Let’s see.”

Master Hilton called out, "Chelsea, let's go and eat something"

"Okay," Chelsea exclaimed. She hurriedly followed him to the dining area. Fortunately, they didn't argue. Otherwise, she won't dare to imagine

what would happen.

As long as the old man held back today, Lizzy and her three great-grandchildren will come back to the Hilton Family. Their family will be

reunited

Master Fergusou spoke to his wife beside him.

"Hilton seems to have changed."

Rebecca looked around for her granddaughter. "What can he do? Hang himself?"

Master Ferguson laughed. "You're right."

Following that, he pointed to a nearby. "Rosalie is here too. She's holding a young man."

Rebecca rubbed her eyes. "You saw it too. It wasn't what I imagined."

All of them knew that Rosalie fell in love with Matthew, but Ethan was not interested in her.

They were afraid that she won't be able to fall in love with another man, but they didn't expect her to show up so quickly with her new

boyfriend the next day.

“Let’s meet him and seize him up.”

“Rosalie, who is this?

Chapter 939 I Have a Girlfriend

Rosalie was not very happy, because she came here to see Matthew

But after she saw a back view, she did not see him again

At this moment, she heard her grandparents’ voices and raised her head to look at them.

“Grandpa, Grandma, why are you here too?”

How could a gathering like this miss the two of them?

Rebecca’s gaze remained on Nate. He held a glass of red wine in one hand and was talking to the people next to him.

He did not notice them.

Rosalie could see the thoughts of her grandparents, so she hurried over and pulled them.

“You’ve misunderstood. He’s my senior

“Not bad!”

Rebecca sized Nate up and down. He was wearing a black tuxedo. He had a slender figure and had an outstanding appearance. She felt that his

appearance was as good as Matthew

Their appearances were different. Matthew was masculine, handsome and calm. On the other hand, this man had an evil aura and a sense of

youthfulness.

Rosalie had a good taste. It was obvious that this man was smart,

Nate also noticed them. He knew the wealthy families in A City and smiled.

“Mr. Ferguson, Mrs. Ferguson, I am Nate.”

He stretched out his hand amiably and Master Ferguson shook his hand. He could feel that his hand was very strong and he should exercise

frequently.

12

Rebecca stared at him with her eyes, she liked him so much.

She held Nate’s hand. “Nate, that’s a nice name. How old are you? Where do you live? How many people do you have at home?”

She did not hold back and asked all the questions she wanted to ask.

Rosalie patted her forehead and hurriedly pulled her grandma's hand, telling her not to keep holding onto Nate.

"Grandma, what are you asking? I've already said that we're just classmates, not boyfriend and girlfriend."

Nate heard this and smiled with a smile.

"I have a girlfriend, and she's very pretty! I haven't thought of changing for the time being"

you."

He explained directly, not wanting to leave any trouble behind.

Moreover, he did not have that feeling about Rosalie at all. He did not want to leave any fantasies for her or her family.

The smile on Rebecca's face stiffened slightly. "You have a girlfriend? But that's understandable. You're so handsome. I'm sure many girls like

She looked at her granddaughter and let out a long sigh.

This girl was quite smart since she was a kid, but in terms of relationships, why it was so hard?

She couldn't land any outstanding man around her.

"You guys have fun. We're going there." Master Ferguson said.

He then dragged Rosalie's grandmother away and said as he walked.

“Every time you see a man, you’ll think he’s Rosalie’s boyfriend.”

Rebecca looked at her hand, which was already pinched red by him, so she smiled and said.

“Why are you jealous? He’s indeed pretty!”

The old man had been like this since he was young. He won’t be happy if she took a few more glances at a man.

When she thought so, she was in a good mood and held his hand.

“Alright, alright, let’s go eat something. I’ll go chat with my best friends”

At seven o’clock, the banquet officially started. Elizabeth held Dominic and walked behind the three children. Antony and Arthur held Abby

and walked down from the second floor slowly

All the guests looked at them and sang a birthday song

“Wow, the banquet hall is so beautiful! It’s like a castle. We’re princes and princess!”

At this moment, a group of reporters rushed in. They raised their cameras and ran inside.

Chapter 940 The Sky Has Fallen

Arthur and Antony looked at each other and felt that something was off

The men rushed in like this and they couldn’t even be stopped by security. Hence, the two of them stopped walking

All of a sudden, the cameras aimed at the three of them. One of them approached them with a microphone in hand.

“Ladies and gentlemen, what’s your name?”

Seeing this, Abby behaved like a real princess, she smiled and said.

“My name is Abby”

Elizabeth also felt that something was off Why did the Campbell family invite the media over? And there were still so many reporters.

She let go of Dominic and walked to the three children. She raised her hand and told the reporters.

“This is a private gathering. Please leave.”

“You’re Ms. Wade, aren’t you? What do you think of the video of you giving birth to three children with your husband’s grandfather?”

“Ms. Wade, please tell me. Since you have three children with Master Campbell, why would you marry his grandson?”

Their questions were so terrifying that she had no idea what had happened.

The expression on her face darkened. She used herself to block the three children.

“Please leave.”

However, the media did not have any intention of leaving They kept asking questions, taking photos.

“Mr. Campbell, are you raising your grandfather’s three children? Is it true love, or is it to get the Campbell Group?”

“Mr. Campbell, do you know that the three children are your grandfather’s?”

“Mr. Campbell, do you know Elizabeth is such a woman?”

The questions of the reporters kept popping up like a machine gun.

Saint’s eyes darkened. Three children? Grandpa?

He understood under this amount of information. He glanced indifferently at the woman in front of him. She stood in front of the three

children and looked a little flustered and helpless.

However, seeing her like this made him very happy.

This woman betrayed Dominic and disregarded him. And he would replace Dominic, so before Dominic left, he wanted to do something for

Hence, he did not make a sound and just looked like he was watchi

Finally, Master Campbell and the Campbell family squeezed in. “What are you guys doing? Get out”

Master Campbell roared, then all the cameras aimed at him.

“How do you feel when you’re old but has triplets suddenly”

“Master Campbell, what’s your secret of having triplets?”

Master Campbell had no idea what happened before. At this moment, he became anxious and shouted.

“What are you guys talking about? Security, security, chase them all out.”

Madam Campbell immediately knew what was going on.

How did these people know? Her eyes widened. This is over. The Campbell Family is going to be doomed.

This was already embarrassing enough. Now that the media found out about it, it was going to spread like wildfire in the city. In the future, how could the Campbell Family still have the face to see others?

At that moment, she suddenly thought of Auna, so she searched her surroundings.

“Didn’t tell her not to tell anyone about this? Why did she got involved with the media?”

In her panic, Madam Campbell fainted, and Shelby Campbell held her back

“Mom, Mom, are you alright?”

Shelby supported Old Madam Campbell while looking at Elizabeth with a vicious gaze.

It turned out that her three children were the old man’s. No wonder he treated them so well and always protected them.

Dom, what will Dom do in the future?

What will Dom do in the future? Which woman would be willing to marry him?

At the thought of this, Mrs. Campbell also felt dizzy and she snorted softly.

“Ouch!”

The sky seemed to have collapsed. The whole world turned into darkness.
