

Game Over 971

Chapter 971 He Know Everything

Nate turned off the television and stood up. When she saw her looking at the bodyguard, there was obviously a trace of displeasure in her

Actually, the bodyguard was sent by Abbie to protect her.

The more he looked at him now, the more unpleasant he felt. He felt that it was necessary for him to disappear.

“Let’s eat together.”

After saying that, he was about to hold her hand, but Elizabeth quickly took a step back.

“Do you want me to accompany you?”

“Is this one of the conditions?”

If it weren’t for that, she would have gone back.

At this moment, she wanted to stay by her husband and kids’ side, wanting to be with her family

Nate sneered, “What do you think? I don’t have a maid here? A nanny?”

Elizabeth understood what he meant. If she were to cook, he had a cook at home, and he won’t need her here.

Yeah, I understand.”

She looked at Kai and told him with her eyes. She could only let him wait a little longer.

Kai's mission is to protect her, so it's fine for him to wait as long as she wants.

Elizabeth followed Nate into the dining room. Nate saw the dishes on the table and smiled.

"Looks like your cooking skills are not bad."

He pulled a chair for Elizabeth and she sat down gracefully,

"No, I only know how to make these."

She hurriedly explained, if he thought she was a good cook, she would be done the next time he ordered. So, it was better to tell her honestly. so that she won't be in a difficult position then.

After Nate sat down, she picked up her fork and took a bite.

"It's delicious. I like it!"

1/2

After saying that, he got up and walked to the bar. It was almost time for the wine to be ready. He looked at the two glasses next to him.

He glanced at the woman on the dining table from the corner of his eye. She was talking on the phone, but she didn't pay attention.

Nate took out the bottle of medicine from his sleeve and poured it into one of the glasses.

Then, he poured the wine and shook it gently. The drug and the red wine were mixed together, and it was completely unnoticeable.

He walked to the table with the wine and pushed the glass in front of her.

“I made it myself. Have some.”

Elizabeth looked at the glass of wine and refused.

“Mr. Cox, I’m sorry. I don’t have a good alcohol tolerance. I don’t have the habit of drinking”

She was not stupid Drinking under such circumstances would cause trouble for her.

If Kai hadn’t reminded her, she won’t have realized that the young man had feelings for her. She couldn’t tell if he had other thoughts, but it was better to be cautious.

Nate held her glass and shook it gently. A cold smile flashed across the corner of his lips.

“Just one glass. I won’t let you drink too much.”

After saying that, he reached out the glass and clinked it with her

“Lizzy, I hope we’re happy””

Elizabeth hesitated. She didn’t want to drink, but he had been waiting. She clenched her teeth and raised her glass.

“Alright, then I’ll just have this glass!”

“I’ll keep my word”

Elizabeth recalled that Kat was by her side. Besides, it was just a glass of wine she won't get drunk.

Mainly because of his sincerity, he also gave her a letter of guarantee, she would fulfill all of his requests!

She drank the glass of wine in one breath. After drinking it, she put down the glass and looked at him.

"I drank it"

Nate was very satisfied, he drank his glass of wine too.

Next, Nate said to her, "Let's dme"

Elizabeth was indeed hungry too. She cooked all the food herself, so she ate at ease.

Nate's eyes twinkled slightly. The smile on the corner of his lips deepened.

After dinner, Elizabeth asked

"I'm done eating. Can I go now?"

Nate could tell that she was in a hurry and she wanted to go back.

Do you like Matthew that much? Nate's face darkened slightly and his voice was colder.

"You can go. Cook whatever I like next time." It wasn't something he liked.

Chapter 972 Family Status

A trace of despair flashed across Elizabeth's face. Sure enough, he was still a picky one.

She noticed just now that he did not move his fork much. Except for having a bite at the beginning, he kept bringing her food after that

She had already seen it, but she did not expect him to bring it up.

“Alright, send me your favorite dishes then. I’ll practice at home.”

Elizabeth said. “Goodbye!”

Elizabeth walked out of the dining room and when she walked toward Kai, she asked.

“Are you hungry?”

It was already so late and he hadn’t eaten yet. She wanted to ask Kai to eat with him just now, but this was Nate’s place, so she was afraid he would be upset.

Kai followed behind her and helped her carry her bag

“I’m not hungry.”

Elizabeth smiled, “When I’m done with this, I’ll treat you to a big meal”

Initially, she wanted to ask Matthew to look for her mother, but her grandfather was against their marriage. She did not want Matthew to know that it would affect his mood.

“I’ll settle this by myself”

Kai drove steadily, but it was quite fast. The two-hour journey had been shortened to fifty minutes.

Elizabeth felt that it was slightly faster, but she also wanted to go home in a hurry, so she didn't let him slow down.

Elizabeth spoke at the entrance of the Hilton Family.

"Thank you for your hard work today. I'm leaving."

She pushed open the car door and was about to get out when Kai suddenly called out to her.

"Mrs. Wade, is there anything important you're meeting him? If you don't, I think it's better if you don't meet him."

"Do you know him? Or did you see something today?"

Elizabeth stared at him with her bright eyes, waiting for her answer.

Kai turned around and looked out of the window.

"I don't know him. I didn't notice anything"

Elizabeth was puzzled when he suddenly opened his mouth. However, this was the kind of person that Kai was.

No matter what he did, he never finished his sentence.

Elizabeth sighed and stepped out of the car.

After pressing the doorbell, the door opened in no time.

The maid at the entrance drove her to the main building. The three children were already waiting there. Moreover, the two elders of the Hilton

Family and Matthew were there.

Elizabeth looked at the scene and was a little surprised. She walked over with a simile.

“Mommy, the whole family is here to pick you up today! Are you happy or not?”

Elizabeth smiled and touched her little face with her hand.

“Happy! I’m simply too happy.”

Elizabeth held her little hand and walked toward the few people.

“Grandpa, Grandma, you don’t have to come out to pick me up, otherwise I won’t come home late next time.”

Chelsea laughed. “It’s fine. We like it when it’s lively at home. When the three kids come out, we’ll follow them out too. It’s an exercise.”

Even though Master Hilton did not smile, he asked her.

“Have you eaten yet? The kitchen is still keeping food for you. Have more if you’re hungry. You’re too thin.”

Master Hilton rarely cared about other people like this. He was a stubborn person, so even if he cared, he did not want to say it out loud.

The way he treats Elizabeth now proves that he genuinely loves her.

Elizabeth smiled and replied, "Grandpa, I've eaten. I could not eat anymore."

Arthur and Antony stood beside Matthew. The three of them looked and stood almost the same.

Upon seeing the scene, Chelsea smiled.

"Look at the three father and sons. They look exactly the same."

Abby nodded. "That's right. They're equally handsome, and the expressions on their faces are the same!"

This was the first time Elizabeth felt like this at home. Her heart was warm, as if she finally had a home.

When they were passing by, Matthew reached out and pulled Elizabeth into his arms.

At that moment, Leonard came out of the house and said in a low voice.

"Lizzy, is your family's status extraordinary?"

Chapter 973 Break Up

Elizabeth and Matthew were staring at each other. Seeing that he was about to kiss her, Elizabeth warned him with her eyes, telling him not to do anything rash.

Elizabeth's expression changed slightly when she heard Leonard's voice.

"Jessica's lies have been exposed. Is he here to question me?"

Matthew also sensed the change in her expression, so he didn't kiss her. Instead, he kissed her on the forehead and asked beside her car.

“Are you tired?”

She is now the CEO of S Group. She should be working hard every day. Some man’s heart hurts.

Elizabeth shook her head. “I’m not tired.”

As she spoke, she glanced at his side from the corner of her eye. The two sons had already turned around and walked into the house.

Suddenly, she felt that she really deserved to die. All she could remember was to get close to him and forget about her two sons.

The two sons had been very sensitive since they were young. Naturally, they had grown a little premature, so they would definitely feel like they were being ignored.

She twisted in his arms. “Next time I go home, stand behind. Don’t take me away halfway.”

Initially, she wanted to talk to her two sons, but he stopped her.

The two boys must have returned to the house sensibly, not wanting to disturb them.

Matthew raised his eyebrows. “Is my status at home the lowest?”

Elizabeth couldn’t help but laugh when someone was a little upset.

“Are you a grown man trying to steal their mommy?”

Matthew’s eyes darkened slightly and his voice became colder.

“What I’m saying is my place win your heart.”

Watching the two of them flirting, Leonard felt a huge blow to his heart

He stood straight, raised his hand and touched his head.

“Damn, there is a still guest here! You two could not keep it down a bit, I’m here to have a drink with Matt. I don’t think Matt can drink after

you keep starting a fire in his pants.”

Elizabeth stretched out a finger to push Matthew back when she heard his voice.

T’ll go in.”

Elizabeth walked into the house. Matthew looked at her back. He just hugged her. There was still warmth between her finger.

The scent of her body still lingered in her nostrils. After waiting for so long, she finally managed to come back but was ruined by Leonard.

He suddenly felt that not only the family would take his wife away, this outsider was no exception.

He glanced at him coldly. “Why didn’t you accompany your woman at home at this hour? Why did you ask me to drink?”

He said rudely and walked into the house

Bros before hoes, but Matt felt that he was here to interrupt him.

He smiled faintly and walked behind him.

“Jessica wants to break up with me. She is hiding from me”

Matthew suddenly understood Lizzy’s reaction and the intention of leaving him here.

The girl probably knew what happened between the two of them, so Matthew stopped

“Then why don’t you look for her?”

“She’s trying to lead me

the point of me looking for her?”

“When did I do something

Or did I say something wrong”

Previously, everything

that something was

fine. He even cooked dinner for her today, but in the end, he couldn’t even get through to her. Only then did he feel

so he went to take a look at her and Pearl’s belongings, and they all moved away

Only then did he realize that she had long prepared to leave him

“Well, I’m still looking forward to our future. I’m still fantasizing about our life”

In a bad mood, he suddenly grabbed Matthew's hand.

"Matt, you and N to accompany me today Go big or go home"

the house. He didn't want to go, but if this guy couldn't drink with him, he probably would go to trouble her

Besides, he was his good friend, what can he do when your buddy is dumped?

"Okay!"

He responded.

Chapter 974 Love

Only then did Leonard let go of his hand and walked towards his off road vehicle.

He still maintained the style of a soldier. He normally did not need a chauffeur, and he was not used to having servants to serve him. He liked to do it himself

Matthew glanced inside and could hear the laughter coming from the inside.

This is the feeling of being at home. Grandpa and Grandma should be very happy!

He took out his phone and gave the chauffeur a call. The chauff was staying at the second floor. Soon, he ran over and stood beside Matthew.

"Young Master!"

Matthew glanced at his watch. "Go and drive! I want to go out."

The chauffeur nodded and ran towards the parking lot

Leonard sat in the car. All of his windows were lowered. He reached out and lit a cigarette.

Averling her gaze, he stared at the sky, and Matthew was wondering what he was thinking.

He looked a little lonely. Matthew walked over and stood beside his car.

“Are you in love?”

Matthew had never cared about his relationship with Jessien. However, it seemed that other than Elizabeth, he cared about other women’s affairs.

Leonard averted his gaze and took a deep puff.

“I don’t know. I’ve never loved one. But, it feels a little... very strange. It feels like my world is empty.”

I don’t really like her!

When he saw her, he noticed her body, Her body was good and attractive.

She looks good too. He just wants to get closer, wants to do it with her.

Anything else? He hadn’t thought much about it

Matthew sneered faintly, then turned around and walked to his car without giving any comments.

Leonard looked at his straight back and said loudly.

“Why are you laughing? Are you going to say something? Or do you want to bring your wife with you? I want to talk to her.”

Matthew knew that this guy was here to talk to Lizzy about Jessica. he won't fulfill his wish because he knew her well. When she saw Leonard, she was afraid. Talking to him about Jess? That was a sensitive

“Did you hear me?”

The chauffeur had already opened the door for him. Matthew spoke up before getting into the car.

“The matter between you and Jessica has nothing to do with her. You can settle it yourself.”

After saying that, he bent down and got into the car. Matthew's car drove by slowly. Leonard quickly put out his cigarette butt and followed behind

Inside the house, Elizabeth played with the three children for a while, and then chatted with the grandma for a while before going upstairs to take a shower.

After taking a shower for a while, she felt a little dizzy, and she felt terribly uncomfortable.

Hence, she shook her head and leaned against the pool to rest. After a while, she felt better.

Rushing out of the water, she felt that she might be too tired. After drying her hair, she hurriedly went to bed and went to sleep.

After falling asleep, she fell into a deep slumber. It was as if she heard someone calling her by her ear, and she woke up again.

She found herself in an unfamiliar room. The interior of the room was very repo

The red curtains were tightly pulled, and the noise beside her ears remained. She looked around, but she did not see anyone.

“What is this place?” she asked in confusion.

“This is our home,” a man’s voice rang beside her ear.

Upon hearing this, her eyes widened and she said to herself

“Elizabeth, close your eyes. You must be dreaming. Don’t think too much.”

Hence, she forced herself to fall back onto the bed and started counting. Ignoring the noise by her ear, she fell asleep again.

Leonard chose to drink in Night City because this was the place where she used to work. This place had a different meaning to him.

They went to the clubhouse upstairs. This floor was relatively quiet. It was suitable for a drink and a business meeting.

Chapter 975 This Man Is Too Handsome

Since Matthew was the owner of this place, the lobby manager welcomed him personally and left the best seats for them.

After the three of them sat down, Nicolas glanced at her phone.

“I didn’t sleep last night. And now you guys are asking me to drink? Do you think I’ll live too long?”

To him, such a high-intensity fatigue was bad for his body.

Matthew sat down and folded his legs elegantly. He sat on the grey leather sofa and glanced at Leonard.

“He’s dumped and needs bros to accompany him. Are you his brother?”

His voice was indifferent. His tone was calm and steady.

Nicolas’s eyes narrowed. “Really? That woman, Jessica, dismantled the bridge after crossing the river? You gave up your passionate career for her, and now you’re abandoned?”

No one would be happy after hearing that. He picked up a bottle of wine on the table and poured it into his glass.

The waiter next to them was shocked and quickly took it

“Mr. Johnson, I’ll pour it for you ”

Leonard waved his hand. There’s no need to wait here. We will do it ourselves.”

He was not used to it. He liked to do it himself

He poured the two of them a glass of wine and sighed.

“Have a drink.”

“I don’t know what I want to say. It seems like I don’t want to say anything else except for Jessica.”

Once again, he gulped down his glass. Nicolas couldn’t stand it anymore and stopped him from pouring more wine.

“Brother, this sh!t is strong. If you drink this way, we will have to send you to the hospital”

Nicolas raised his eyebrows at Matthew.

“Matt, you’re a good bartender I’ll get them to bring some tools over, Make a few drinks for us.

He did not expect Leonard to order such a strong wine.

I guess he really wants to get drunk.

Matthew raised his eyebrows. “Sure.”

Nicolas called a waiter and asked them to bring some tools over and place them on the table in front of Matthew.

The pair of cuff links were given by her. He treasured them a lot. After unbuttoning them, he placed them on the table with a napkin and started making drinks.

Due to the outstanding face of he and his elegant gesture when he was making drinks, it attracted a lot of attention.

Jessica was here too. Shawn invited her out. She didn’t want to come, but Shawn said that he had an old classmate who came to A City today and wanted to see her.

The former classmate used to be Jessica’s desk mate. They were quite close, but they never contacted each other after graduation

That was why she came. Although they hadn’t seen each other for many years, they were having a good time, so she drank a few more glasses.

When she went to the bathroom and came back, she saw many people surrounding there. She leaned over to take a look.

She saw a handsome man wearing a black shirt and folding his sleeves, making drinks.

Her eyes narrowed slightly. She did not expect to run into Matthew here. She was about to greet him, but she saw Leonard from the corner of her eye

Hence, she dodged and the women beside her whispered.

“This man is so handsome!”

“Besides, he’s good at making drinks. He’s perfectly my type. I am in love.”

“Aren’t you guys afraid that your boyfriends will hear you?”

“Ahhh, I need to go get his number later.”

Upon hearing these words, Jessica’s expression changed slightly and she glanced at Matthew

Doesn’t this man know how lethal he is? He doesn’t know that he’s being targeted.

You will soon become a prey

Thinking of this, Jessica was a little worried, so she took a photo of Matthew and sent it to Elizabeth.

“Video”

“Lizzy, look at how handsome your husband is now. Many women want to throw themselves at him. Do you want to come and grab his ear?”

Chapter 976 Fate

After sending the message, Jessica was waiting for Elizabeth’s call. However, five minutes had passed and she still didn’t respond.

Hence, she could only give her a call, but no one answered.

She narrowed her eyes slightly. Did that girl go to bed so early?

One of the glasses Matthew made was red, and it was still burning. The flame turned blue when he pushed it toward Leonard.

His deep voice sounded, "Phoenix, it suits you very well."

Jessica's arms folded in front of her chest and she looked at the way Leonard looked. She must have drunk a lot.

The person beside them applauded. One of them spoke.

"A bird doesn't die, then a phoenix will be reborn."

"Wow! This wine should be warm. It suits our women very well! If I can become his girlfriend, then I want him to make this wine for me for the

rest of his life, and from now on, it's exclusively mine."

However Jessica understood. He was using this to comfort Leonard!

At this moment, his other glass of wine was also ready. Death in the Afternoon, which was a classic in the classics. Nicolas raised his eyebrows slightly.

"Matt, I'm sure you know me the best. This is the love of Nicolas!"

Sitting on the sofa, he glanced at the crowd.

Nicolas said, "Everyone go back to your seats. I'll pay tonight."

Upon hearing this, the crowd exclaimed in surprise.

"Wow!"

After that, they left reluctantly. Only a few women, who were bold enough, walked up to Matthew.

"Hey, can you give me your number?"

She opened her mouth and looked at her seductively.

Matthew crossed his legs elegantly and said softly.

"I don't have a number."

She was stunned for a moment and looked back in disbelief. Her friends were all waiting for her. She couldn't embarrass herself.

"You're such a good-looking bartender. We drink together in the future."

Jessica could no longer watch. She walked to Matthew and stood in front of him.

"I'm sorry, he doesn't even have a phone."

She learned how to speak from him.

She glared at her and snorted.

“Hmph, do you think you can keep him? Such a charming and handsome man is wanted by every woman.”

After saying that, she did not forget to kiss Matthew before turning her waist and leaving

Jessica turned to look at her and rolled her eyes.

Then, she bent down and looked at Matthew. “Mr. Hilton, you just got married, and you haven’t even given Lizzy a title yet! Is it appropriate for you to hang out in a night club?”

From Jessica’s point of view, he was just trying to seduce women!

Matthew raised his eyelids and glanced at the sofa opposite him.

Before Leonard could even have a taste of the wine, he stood up abruptly and pulled Jessica

Jessica knew that as long as she showed up, Leonard would definitely seek revenge on her. She was well prepared, and she was very calm

When they looked into each other’s eyes, their gazes were cold and indifferent.

Leonard covered the back of her head with his big hand and his face was very close to hers.

“Jessica, why are you treating me like this? Could you not say goodbye properly if you want to leave? Why did you have to sneak around?”

The thought of her plotting to leave him made him upset. It felt like his heart was aching. It didn’t seem like it was, but he felt very annoyed.

Very annoyed

Jessica tilted her head back, trying to free herself from his restraints.

“Mr. Johnson, I’ve had enough fun. I can still have money just by leaving now. Of course, I chose to take the money and leave. Otherwise, when you ask me to leave, I won’t be able to get anything ”

After saying that, she suddenly sneered, “Anyway, I am leaving. You know that our agreement has long expired. For the past few months, it’s my gratitude to you. Thank you for giving my daughter a second life!”

“Money?”

Chapter 977 He Does Not Believe

Leonard asked with confusion in his eyes.

“Who gave you money?”

When he was lost in his thoughts, she finally escaped from his arms. She sat on the soft on the other side, far away from Leonard.

“Didn’t Mrs. Johnson tell you? I was asking her for money. One million. As long as she gives me the money. I’ll leave quietly. I won’t let anyone else know about it.”

Leonard’s face darkened after hearing that

“One million? Am I only worth one million?”

Matthew and Nicolas glanced at each other. It was inappropriate for them to stay.

Hence, the two of them stood up at the same time and said.

“Talk slowly. Lizzy has found Matt. My Estelle has finished school too. I need to go pick her up.”

It's not likely that she just finished school at this hour.

All he did was find a random excuse.

The two of them got up and left. At that moment, Leonard no longer cared about the two of them. He stared at Jessica coldly.

Jessica was supposed to help Lizzy watch Matthew. Since he had already left, she didn't need to watch him anymore, so she got up too.

“Mr. Jolinson, my friend is still waiting for me. I'm leaving now.”

She did not dare to walk out of his side. Instead, she turned to the other side because she knew his temperament. He would not let her go so easily before he made it clear.

But she really did not want to say anymore. There was nothing else to say.

Leonard sat there. Even though he was very lonely, he was still sitting upright.

“Stop right there. I am asking you a question?”

Is he only worth one million? He never thought that she is a woman who loves money.

Especially after getting along, he knew that she was a kind woman,

“Mr. Johnson, I've said everything I need to say. I got the money, and I've decided to leave you. I'm sorry.”

After saying that, she walked out without looking back. Leonard stood up and chased after her. He grabbed her wrist and pulled her around to face him.

Jessica's hand hurt, she cursed.

"Let go. You are hurting me!"

Jessica was quite frightened when she saw the dark expression on Leonard's face and the darkness in his eyes.

Because she had never seen this side of him before. In the past, he had good control of his emotions. He had never been angry or upset.

He always looked calm, as if he had seen the world and done it all, but also as if he was controlling everything

This was the first time she saw the maniac Leonard.

"Jessica, did I tell you to leave? I haven't had enough fun yet!"

Clenching his teeth, he pulled her into his arms and kissed her on the lips.

No, it shouldn't be called kissing. It should be called biting

Jessica only felt that her lips hurt, and her nose suddenly felt sore. The tension she had been feeling the whole day finally relaxed at this moment, tears welled up in her eyes.

A lot of people cheered beside them.

“Wow!”

“A kiss!”

Only then did Jessica realize that they were standing in the center of the bar. The table beside them was filled with people and they were all watching!

She felt shy and pushed him.

Leonard kissed hard. He could fool that she was still resisting him, so he bit down hard on her lower lip and said coldly

“If you move again, I’ll fxck you here.”

Jessica’s face turned pale and looked around. He usually did what he said.

“Lel go first. Everyone is watching!”

Only when did she want to draw a line with him, but he kissed her in public. If it got spread, she would be in trouble.

Leonard refused to let go. At that moment, a wicked smile flashed across his eyes.

“If I let go of you, you will run away, follow me.”

When he let go of her, he held her hand and pulled her away.

At this moment, Shawn came out of the room to look for her and called her.

“Jess.

Chapter 978 That Woman Is Not Worthy

Jessica looked at Shawn and she forced a smile.

“I’m sorry! I have something to do and need to leave first.”

Shawn saw that Leonard was dragging her away, so he hurried over and stopped them.

“Mr. Johnson, Jess doesn’t seem willing to leave with you.”

After saying that, he stared at Jessica. She was actually struggling. She knew what Leonard was trying to do.

Every time they met, everything he did to her was the same. Besides that, there was nothing else between them.

He bit her like that just now. She did not dare to imagine how he would treat her in bed later.

Jessica thought that she had been married, so she had seen the world.

However after being together with Leonard, she finally understood what it meant to open her eyes. This man was too good at bed... She didn’t dare to think about the pictures that followed.

Her face was already blushing uncontrollably.

Leonard was already very angry, so no matter how good-tempered he was, he couldn’t control his anger.

He glanced at Shawn indifferently. He knew this man. The doctor at the children’s hospital was a childhood sweetheart.

Thinking of this, his face darkened, and his gaze on Shawn became even more fierce.

Jessica was shocked and she waved at Shawn

“Hurry up and accompany the others. Don’t worry about me.”

As she spoke, she even gave Shawn a nudge.

Shawn frowned slightly. “I don’t think you’re willing to go. Don’t be afraid, I’m here.”

He shielded Jessica behind him, wanting to take her hand away, but Leonard held on tightly to Jessica’s hand.

The gazes of the two men met.

Jessica took a glance at her hand. One of them was pulled and the other was pushed. She was in pain.

“That’s enough!”

Leonard glanced at her hand. Her wrist was already red, so he could only let go.

A smile flashed across Shawn’s face, and he finally let go.

Jessica withdrew her hands and caressed the red spots. She felt inexplicably upset.

“Mr. Johnson, I’ve said everything I need to say. Please don’t interrupt my life anymore.”

After saying that, she turned around and walked toward the private room. She walked quickly, afraid that he would catch up to her.

Shawn glanced back and saw that Jessica had left.

He looked at Leonard coldly with a hint of certainty in his voice.

“Mr. Johnson, I hope you’ll listen to what Jess said just now. Even if you have power and money, you could not do what you what to people.”

He smiled coldly. “I won’t stand by in the future. We’re in a law-abiding society now. If you dare to harass her again, we’ll call the police.”

After saying that, Shawn walked toward the private room.

Leonard clenched his fists and his expression turned grim.

At this moment. Qunsia entered and she grabbed onto him.

“I knew you were here. Mom asked you to go home.”

This little girl held onto his hand and shook it gently.

Leonard lowered his gaze and said coldly

“I still have something to do. I’m not going back soon.”

Ever since he retired from the army, he had never returned home. Firstly, he was afraid that his grandpa would talk to him, and secondly, he was afraid that his mother would urge him to go on a blind date.

Quusia bit her lips and held on tightly to him

“Mom said that if I could not take you home today, she’ll be deducting my allowance in the future. Please follow me home!”

The girl was still in high school, so allowance was very important to her.

Leonard glared at her. “Let go of me.”

Qunsia couldn’t help but say, “I know she’s here too, but does she love you? Brother, don’t be stupid. She can give up everything for money, including you.”

At the thought of seeing her today, she accepted the check without hesitation.

Chapter 979 Grandpa Is Back

Qunsia already felt that she was not worthy of Leonard at all.

If her mother hadn’t used her daily expenses as a threat, she won’t have cared about Leonard at all.

At this moment, a group of bodyguards in black entered and the leader bowed to Leonard.

“We are here to invite you back.”

Qunsia’s eyes narrowed when he saw Bao. Is this grandpa’s man? Is grandpa back?

She shook his sleeve in fright. “Brother, it’s over Grandpa has returned from the island. You, you...”

The thought of their grandfather frightened Leonard. He used to be a general, and since young, he had been very strict with them. He had always valued Leonard the most, thinking that he would take over his duties, and that he would be a general in the future.

Now that Leonard has retired, he must be very angry.

Leonard glanced in the direction of the room. Grandpa is back. He can only go home tonight.

He narrowed his eyes slightly and said slightly

“Jessica, if I don’t agree, don’t think about leaving me.”

Leonard knew that this team of men was specially trained by his grandfather. No matter how good he was, he couldn’t beat them.

She could only go back obediently.

He removed Qunsia’s hand and said, “Let’s go.”

After that, he strode out and Qunisia caught up with the group of men in black following behind.

In the private room, after Jessica sat down, her classmate moved to her side.

“Jessica, why did you stay for so long? Did you run into a bad person?”

After saying that, he laughed. “But, ordinary men wouldn’t dare to talk to a girl like you.”

In the eyes of the other people from her class, she was quite strong. In the past, she was the one who bullied him.

Jessica was still in a daze, she didn’t reply.

Although they had not seen each other for many years, Jessica did not treat him like an outsider.

Shawn walked in and looked at her intently.

“Jess, I told him to stay away from you in the future.”

“Shawn, you shouldn’t interfere with my affairs. He is not the one to be messed with.”

She didn’t want to drag Shawn into this. He was the young master of the Johnson Family, and he couldn’t afford to offend him.

Shawn sat beside her and placed his hand on her shoulder.

“Jess, you should know my feelings for you. I’ll protect you in the future.”

Shawn was wearing a white shirt with a warm smile, just like how Jessica remembered him.

Previously, she had fantasized about dating him and marrying her.

Now that he had been close to her, she no longer had the same feeling she had before. She was probably no longer the same woman she used to be.

She glanced at his hand and stood up.

“I need to go home. Pearl needs me to sleep with her tonight.”

When she talked about her daughter, she felt like she had returned to reality. She was no longer the same woman as before. She had a daughter and she even got divorced.

She should only work hard to raise her daughter.

I really could not care less about other matters.

Love and marriage were not attractive to her, nor did she have any fantasies.

There was a trace of sadness in Shawn's eyes. Their classmate could tell that the two of them were weird.

He smiled and said, "Shawn, you should send Jessica back, she's just a girl and it's too dangerous for her to go home alone. I'll sing on my own."

He stood up and pushed Shawn and whispered.

"You've missed her once. Don't miss this time."

Jessica had already left with her bag Shawn glanced at him and smiled.

"Be careful by yourself"

Jessica was waiting for a cab at the entrance of Night City. Shawn walked over and covered her with his coat.

At that moment, Leonard Leonard and his men drove out of the garage. When he walked past the door, he saw this.

Jessica wrapped his clothes lightly and smiled at hini.

The expression on his face darkened as he stared coldly at the two people at the door.

Chapter 980 The Johnson Family

Jessica felt a chill run down her spine, as if there were two people staring at her, she turned around and took a look.

She watched the five cars pass by slowly. The cars were all black, and the car windows were closed, so she couldn't see inside.

There were some prominent figures who would occasionally appear in this place. It was probably some prominent figures that came tonight, which was why there was such an event.

Shawn also noticed the row of cars and said.

“The car you called is probably not coming in for the time being ” because this row of cars was blocking the way out.

“Let’s wait by the roadside!”

Leonard’s face darkened. Qunsia, who was sitting beside him, would turn her head to look at him from time to time. He did not dare to breathe.

After more than an hour, a line of cars drove into the Johnson Family’s courtyard. There were many trees planted in the courtyard.

The bodyguards opened the car door for Leonard and. After Leonard got out of the car, he looked up at the main building.

He rarely went home. At this moment, the house was brightly lit and it felt like a home.

Quusia walked beside him. “Leonard, be careful later. I’ll leave now.”

After saying that, she ran and went back to her room.

Leonard walked to the main house and saw an old man sitting on the sofa. He was wearing a suit and was reading a newspaper.

Leonard’s father-Gavin Johnson, Mrs. Johnson were sitting beside them. When they saw their son enter, they both looked over.

Originally, he was the one who made them the most proud of the three sons and also the least naughty.

Unexpectedly, he seemed to have changed recently. He retired from the army, and he even got together with a divorced nightclub woman.

Now that even his grandpa had heard the news and returned.

Mrs. Johnson got up and walked toward him.

'Leonard, you're back.'

After saying that, she grabbed onto his hand and whispered.

"Your grandfather's in a fit of rage. The doctor said he's not feeling well. Just tell him you will break up with that woman later. Don't make him angry."

Actually, Mrs. Johnson was doing this for her son too. Everyone in the family know the old man's temper.

If Leonard were to talk back, he would definitely get beaten up.

Leonard did not say anything and allowed her to pull him toward him.

"Grandpa!"

Only then did Master Johnson lift his head and look at him. His face darkened slightly.

"This is the way you standing now?"

Leonard was in a bad mood after drinking. However, he was standing much more upright than the average.

However, Benjamin wanted that kind of military posture.

Mrs. Johnson hurriedly patted him. "Stay upright."

"Dad, he is not in good health. The report of his retirement also stated the physical reasons, he could not be in the original unit anymore."

Mrs. Johnson explained on behalf of him, hoping that Benjamin would not be angry, so that his youngest son could have a better life.

Benjamin narrowed his eyes. "Did something happen to your body? You're always in good health."

Following the old man's request, Leonard stood upright and placed both of his hands on the crack of his pants.

"I donated bone marrow to someone else, so my body's quality could not reach the standard."

To be honest, this was also the reason why he took a step back.

Benjamin's face darkened. "Don't donate bone marrow, you..."

Mrs. Johnson hurried over to comfort him.

"Dad, don't be too agitated. Leonard is a softhearted person. Seeing that others are tortured by illness, that's why he donated his bone marrow."

Benjamin glared at Mrs. Johnson. "You don't have to speak for him. I've investigated everything. His bone marrow was given to that woman's daughter."

The old man's voice was a little hoarse. It was quite frightening.

Mrs. Johnson could only shut her mouth and Benjamin turned toward his son again.

"Gavin, don't you care about you son if I'm not here, do you? He is ruined now."
