

Game Over 991

Chapter 991 I Want To Be Wealthy

Leonard was here to complain about his wife. But now, his mouth was shoved with PDA

However, he was not angry today. He was very happy that he had just gotten satisfied.

“I’m really honored!”

Matthew sneered when he heard what Leonard said.

“Apart from complaining, is there anything else?”

Leonard sighed. “It’s too boring tonight. I’m going to eat at your place”

Matthew rejected him coldly. “We won’t cook or eat dinner tonight. Don’t come.”

After saying that, he hung up immediately. Leonard glanced at his phone and cursed slightly.

“Matthew, you’re so petty.”

“That dude, he really wants to be with his wife. Is he discriminating against him, a single man?”

Layla stood not far away and waited for him. She was wearing a white dress and a light purple trenchcoat with heels.

Actually, she looked decent, and she was also the team leader of the National Security Bureau

Like Leonard, she came from the military. Besides, she was the daughter of the president In A City, she should be the woman every man

wants to marry

When Leonard turned around, he met her gaze and said softly.

“Let’s go! Are you going back to the National Security Bureau?”

Layla nodded. The two of them walked out of the place one after another and got into Leonard’s car. Leonard was driving

On the way there, he didn’t say a word and continued driving.

Layla asked, “Are you really not going back to the original unit?”

Layla knew that he was a military king. It would be a shame if he really left.

Leonard nodded. “I’ve decided to take over the company.”

His brothers were both unwilling to take over the company, so he decided to do it.

His maternal grandfather only had one daughter, so they had to inherit his maternal grandfather’s company.

Layla’s eyes were filled with regret. “Why don’t you come to the National Security Bureau?”

If that was the case, they would see each other every day. That was what Layla thought

Leonard smirked. “It’s fine. I’ve promised my maternal grandfather. I don’t want to disappoint him.”

1/2

2/12

Moreover, she liked money, so he would earn more money. By then, she might be able to stay by his side for money.

They were speechless the whole way.

When they reached the entrance of the National Security Bureau, the car stopped and Layla looked at him.

“Leonard, can we contact each other more often in the future? You need to save my number.”

After saying that, she smiled faintly, indicating that she was interested in him and wanted to see him again.

She pushed open the door and got out of the car. Leonard watched her enter the National Security Bureau.

Elizabeth and Jessica parted ways and went back to the company. The moment they exited the elevator, her secretary came over alone.

“Mrs. Wade, that handsome guy is here again.”

Elizabeth had already figured out who he was based on Shany’s excitement.

Nate must have arrived. That dude was indeed very good-looking. Most women liked his gentle and evil demeanor.

“Got it. Please pour me a cup of coffee.”

Elizabeth walked to her office. He inside was the key to her happiness in the future.

No matter what request he made, she would try her best to fulfill (E

“Today he wants to order a crown. Whether it’s pure gold or diamond, she’ll give it to him for free.”

Elizabeth pushed open the door and entered the office. Nate was standing by the bookshelf and reading a book in his hand.

He heard the sound of the door opening and looked over.

“Mrs Wade, you’re finally here.”

Elizabeth hung up the coat and purse and walked toward him.

“I’m sorry, but there’s a traffic jam on the way. I’ve kept you waiting

Chapter 992 Trouble in the Company

She was polite, like how she treated her client.

Nate walked over with the book and sat on the sofa. He looked around her office.

“Your office is quite cozy, but these books aren’t interesting.”

He raised his hand and shook the book in his hand. Elizabeth did not know that there were some books in her office.

These were all arranged by the people in the company. She usually didn’t have time to read.

At that time, Shanmy brought in a cup of coffee and said with a smile.

“Mrs. Wade, your coffee.”

Then, she looked at Nate and said, “Mr. Cox, I’ve poured you another glass.”

Nate said indifferently, “Thank you!”

When he talked to outsiders, his face was cold and his attitude was indifferent. It was completely different from the way he talked to Elizabeth.

Shanmy was so happy that she smiled back to him.

“No thanks”

Elizabeth could tell that this girl did not want to go out, so she called her.

“Secretary Revas, go take out the crown style book of Flora and give it to Mr. Cox. You can introduce the designs to him.”

Shanmy was very happy. “Okay, I’ll go get it now,”

Originally, he should be seeing a designer for custom designs. However, Elizabeth had to fulfill this little girl’s wish and ask her to help Nate!

Elizabeth took a sip of coffee because she was too sleepy.

I don’t know what’s happening lately. I feel so sleepy and so tired.

Nate also took a sip of coffee and looked at her with his narrowed eyes.

“Lizzy, are you tired? Are your eyelids closing uncontrollably?”

Elizabeth listened to his voice and felt- very hypnotized. The more she spoke, the more sleepy she became.

She nodded. “Yes, I’m so sleepy.”

“Close your sleepy eyes and rest. Listen to my orders. Close your eyes and breathe normally.”

Tiana closed her eyes and collapsed on the sofa.

A trace of smile flashed across Nate’s face. He was preparing to give her a hypnosis and ask her to delete some of her memories. As long as

those memories of her and Matthew disappeared, she would leave with him willingly.

1/2

“Lizzy, did you see that door? Push it open and tel

At this moment, the door was pushed open and a group of people rushed in

“Elizabeth, Elizabeth.”

Elizabeth, who had already fallen asleep, was awakened by them. She sat up and looked up.

There were more than ten men and women in the office. All of them were from the Woods Family, and Celine was among them. Anna’s

mother was at the forefront.

She pointed at Elizabeth and cursed.

You little bitch, look what you did to Anna!”

Elizabeth frowned slightly. “Please leave.”

Shanmy brought the guards in and wanted to chase those people out.

But the Woods Family brought bodyguards over. In a few seconds, they knocked out the guards and tied them to the ground.

Celine walked out and she said coldly

“Lizzy, although I’m your stepmother, I hope you can get along peacefully with my family. Anna is my cousin. I hope you’ll give her a chance.”

When Anna’s mother heard this, she cursed.

“Celine, why are you begging her? If she doesn’t let Anna go today, I’ll smash her company.”

Before she could finish her sentence, those people started smashing the items in her office.

Elizabeth’s face darkened. “Anna did it herself. She slandered Master Campbell and me. The Campbell Family called the police. You can go and

beg the Campbell Family””

Tiana also entered and went straight to her side.

“Elizabeth, you bitch! How did you become the CEO of S Group? By selling your body again? Is your pussy decorated with gold? I’ll tear off

your mask today and let everyone see who you really are!”

Chapter 993 A Group Of Fools

Tiana was here to cause a scene because of the Woods Family, so she wanted to join in and make Elizabeth suffer.

She threw herself at Elizabeth, and Elizabeth look a few steps backward. Her long, slender head was pulled away by her.

Her hair was black and straight. When it dissipated, the scene was exceptionally beautiful. Her long hair fell down like a waterfall.

After she stood still, she looked coldly at Tiana.

“All of you, get out of here.”

She let out a cold roar. When she saw the Woods Family, many memories of the past instantly hit up.

When she was young, Celine would pretend to be a good mother and take her home with Tiana. At that time, she was very young, about four te

five years old.

When she first went there, she was still very excited. At that time, she really treated Celine as her mother and treated the Woods Family as her

grandmother’s home.

Only after she went there did she realize that she was overthinking

The people who saw her were full of disgust. Tiana and a group of kid from the Woods Family beat her up and ruined her beautiful dress. In

the end, she was the one being scolded.

When they were eating, they did not allow her to sit at the table.

At that time, after listening to the Woods Family, she realized that she wasn't Celine's daughter. Only then did she understand why she didn't

treat her well.

Upon hearing her roar, Tiana glanced back.

"Uncle, it's her. She's the one who hurt Aunt Anna. Hurry and hit her. If you could not destroy her, you can just beat her up."

The moment Anna's father heard that, he ran toward Elizabeth. Not only him, but also Anna's mother and brother.

Elizabeth kept retreating and looked at the door.

She knew that all of them were encouraged by Celine and her mother. Moreover, they had come prepared and brought more than ten

bodyguards.

Therefore, no one outside could enter. Even if they entered, they would be crushed to the ground by the dozen bodyguards.

Elizabeth's expression changed. She rolled up her sleeves. She could only protect herself today.

When Anna's father was about to grab her hair, Elizabeth kicked him backward and he bumped into Anna's mother. Then, they fell to the

ground.

1/2

Anna's mother sat on the ground, unable to get up, and then cried.

*She hit me, the hit me..."

Elizabeth furrowed her eyebrows slightly.

"They were the ones who came in to hit her, but now it was her who hit them."

Celine watched them fall and couldn't help but curse.

"Piece of shit."

"There are so many people here. We have to make Elizabeth suffer a little. Even if she isn't seriously injured, we have to make her bleed a

little!"

However these few losers couldn't even touch Elizabeth's hair.

They're still sitting on the ground, crying

Tiana couldn't bear to look at them anymore. She kicked Chase Woods.

"Uncle, get up! She's just a woman. She could not beat you. Didu'l you practice before?"

Chase lied on the ground and pretended to die. After being kicked by Tiana, he opened his eyes and looked around.

"Have you guys called the police? Hurry up and arrest this woman."

Nate, who was sitting on the sofa wearing a white shirt, watched this and a hint of mockery flashed across the corner of his lips.

Previously, when he saw this, he thought that these people who came were badass, but he did not expect that they were all morons.

They were here and attacked, but now they wanted to call the cop? They were going to be arrested.

He stood up and walked over. He bent down to look at the few people and shook the phone in his hand.

"Do you need me to help you call the police?"

Celine rushed over and said coldly. "No need."

After giving Nate a look, she started dragging the people on the ground.

"Get up! Aren't you here to seek revenge for Anna? Why are you lying on the ground?"

Anna's mother was pulled to her feet. She really fell heavily and her waist twisted. She held onto her waist with a bitter face.

"She's such a shrew. I'm injured."

Chapter 994 I Will Solve It for You

Nate's expression changed. The mother and daughter had long been old acquaintances to him.

He knew very well how they bullied Elizabeth ever since they were young. At this moment, he still dared to act so arrogantly in front of him and instigate others to hit her.

His eyes narrowed slightly. He kicked Celine forward and threw Anna's mother to the ground again.

"Oh, my butt. The two of them screamed in pain.

Tiana hurried over and glared at Nate. "Are you Elizabeth's subordinate? You're such a monster! How dare you hit an old woman! We'll sue

you until you go to jail! And don't even think about keeping this job."

Elizabeth walked to Nate's side apologetically.

"Mr. Cox. I'm sorry to let you encounter such a situation. I've already asked my bodyguards to come up. They'll take you away."

Nate smiled slightly. "Such fools don't need a bodyguard. I'll help you solve this problem."

After he finished his sentence, he had already rushed toward the dozens of bodyguards. His movements were clean and sharp. In no time, the

dozens of bodyguards were knocked to the ground.

He stepped on one of the bodyguards hands and stepped on it hard. The bodyguard screamed in pain.

“I’ll give you five seconds to get lost. Otherwise, it wouldn’t be as simple as losing your hand.”

The bodyguards had already saw the way he fought. Even though it hurt, they got up from the ground and left like they were running away.

The office became quieter. Only Anna’s parents, her brother, and Elizabeth were there.

When Tiana saw this, she hurriedly went to support her mother. Celine was in so much pain that she covered her waist with one hand. She wa

kicked by Nate, and it hurt so much now.

Her face was pale. For some reason, she felt like her waist was torn, and it hurt so much that she started sweating.

Elizabeth helped her up but she couldn’t. “Mom, are you alright?”

“Call the ambulance. My waist seems to have a crack ”

Tuana hurriedly took out her phone and dialed 120. After she finished calling, she comforted her mother.

“Mom, hold on for a while longer. The ambulance will be here soon.”

After hearing her say that her waist was broken, none of them dared to touch her and let her lie on the ground.

When Celine's parents saw this, they called their son.

"Chase, let's go."

The three of them left quickly. Tiana called them but they did not respond and ran away quickly

Tiana was furious. She thought Elizabeth would be taught a lesson today, but she did not expect them to be injured in the end

She glared at the two people standing there and cursed.

"Elizabeth, if anything happens to my mother, just wait Dad won't let you off"

Elizabeth wrapped her arms in front of her. Only then did her men enter. Scott was holding a baseball bat

"Mrs. Wade, are you hurt?"

He raised the bat and ran over. The baseball bat was aimed at the mother and daughter

Shanmy also entered the room. "Mrs Wade, the police have arrived. The people who just left have been caught."

Tiana looked disdainful. She felt that they were victims and nothing would happen.

At this moment, the police entered. Elizabeth walked over and shook hands with them.

"Mr. Officer, it's troublesome. These two women brought people here to attack us. Please handle it properly *

Tiana heard this and pointed at Elizabeth

“Officer, don’t listen to her. She was the one who injured my mother. We’re her family. We came to her company because her grandfather wanted to see her. I didn’t expect her to get someone to beat my mother up”

Nate understood what it meant to turn black into white.

No wonder Elizabeth had been bullied by them all these years. A person who had no bottom line would only harm the world if she stayed

Chapter 995 Listen To Your Wife

Nate flipped through the footage and handed it to the police.

“Mr. Officer, I have a recording. I can send it to you as proof”

When the police saw that there was evidence, they invited Nate and Elizabeth to the police station. They went through what happened today

and recorded their testimony.

When Richard arrived, Tiana threw herself into his arms and cried sadly.

“Dad, Mom and I almost got locked up. Fortunately, you’re here to bail us out.”

Richard did not know the truth. Now that he saw Celine and her mother, he could only listen to them.

Celine sat in the chair opposite her and didn’t dare to move. The doctor just now had already taken care of her and had a strap to her waist.

Therefore, she could not bend down, and she could only sit upright for records.

Originally, she had to go to the hospital first in this situation, but the young man next to Elizabeth was very powerful. With just a few words,

the police changed his idea.

He then took her here. It hurts to death.

Richard glanced at Celine. "Are you alright?"

Celine had suffered a lot this time. The pain had almost killed her. She did not know why the young man was so strong.

With just a kick, her waist was torn apart,

She furrowed her brows, her forehead beaded with sweat.

"Darling, it hurts. I need to go to the hospital"

She had to undergo surgery, otherwise she was afraid that she would be paralyzed

Richard also wanted her to go to the hospital. However, he had already asked the police that she was only slightly injured. They needed to wait

for the victim to complete her testimony and agree to the agreement before leaving

He walked over to wipe the sweat off her forehead.

"Please bear with it. They haven't finished recording their testimony, and we don't know if they're willing to reconcile."

Celino cursed when she heard that.

“Elizabeth must have done it on purpose. Does she want me to die?”

Richard finally understood after hearing this. “Why are you guys arguing with Lizzy?”

The family had caused a scene at the police station. The incident with Anna hadn't been resolved yet, and now that they were sent to the police

station.

Tiana held her father's hand and shook it. “Dad, my sister did it on purpose. She hurt my aunt, Anna, and now she wants to hurt us. She was

the one who got someone to kick my mother on her waist.”

Richard comforted her, “Please wait patiently. I'll go see the chief and see what he says.”

He left Tiana's interrogation room and walked to the chief's office

The police officer at the entrance told him that the chief was meeting the guests and told him to wait for a while.

In the chief's office, Matthew and Elizabeth were sitting on the sofa while the chief sat opposite them

Matthew glanced at the time. “Chief, I hope you can handle this matter seriously. Leave the rest to my lawyer. We will go first.”

The chief hurriedly stood up and escorted them out until they got into the car.

Elizabeth got to the car and glanced at the police station. She sighed.

“Matthew, will Celine and her daughter go to jail this time?”

Matthew fiddled with her slender fingers. “Do you want them to go to jail?”

Elizabeth nodded solemnly. “You don’t know. It was because of the two of them that I almost got knocked to death by a car. The three children almost died.”

Previously, she was unable to fight them. Now that she had Matthew, she felt that she could face them face-to-face.

Matthew smiled faintly. “Then as my wife wishes, they won’t be able to come out for the time being”

Elizabeth felt satisfied and leaned into his arms.

“I’m tired. I want to sleep for a while.”

Matthew held her and patted her gently. “Sleep!”

He patted her with one hand and texted the lawyer with the other.

“There’s no need to release Celine and her mother Hand over all the evidence and let them stay inside!”

Chapter 996 Order of Master

After Matthew and the others left, Richard finally met the chief and handed him a cigarette.

“Sit, my wife’s waist is injured. Can you let her undergo surgery first?”

This is a big deal

He smoked and glanced at him indifferently.

Your wife and daughter are in trouble this time. Someone has submitted evidence of them assassinating Matthew. It is a murder. “

Richard was dumbfounded upon hearing this

“Sit, that won’t happen. My daughter, Tiana, has always liked Matthew. It’s impossible for them to murder him. ”

Chief Chase put out his cigarette. “The law requires evidence. Now that the evidence is confirmed, you should hire a lawyer If you have

anything to say, say it in court.”

It was obvious that it was impossible for the chief to cut them slack.

Richard stood up, his face darker.

The only way he could do so now was to beg Lizzy to let them go. Otherwise, he had no other way out.

Elizabeth was bathing at the Hilton Family The warm water enveloped her and she felt very comfortable.

At this moment, her phone rang. She reached out and took the phone beside the bathtub. When she saw it was Nate’s number, she recalled

that he even helped her during the day.

“Mr Cox”

“Lizzy, do you need me to help you get rid of the mother and daughter?”

He asked straightforwardly. As he spoke, he raised his hand to support his glasses. A trace of brightness flashed across his eyes, and there were

a few traces of weirdness.

Elizabeth said softly, “There’s no need, they could not come out for the time being”

She believed Matthew. As long as he said they wouldn’t be able to get out, then they would go to jail

Nate was a little disappointed “Yeah, remember to tell me if you have anything in the future.”

Elizabeth smiled, “Thank you!”

After hanging up the phone, Nate flipped the phone.

He had been in A City for quite some time. It was time to meet the people under his control

S

“Someone,” he called out.

Nightbreeze walked in. “Master, what can I do for you?”

Nightbreeze was a man with long hair. He was wearing a white gown, holding a fan in his hand and gently waving it.

Nate glanced at him coldly. He quickly lowered his head, not daring to look into his eyes

“Amange it. Tonight. I want to see all of my men.

“Alright, Master I’ll do it right away

Matthew was still in the study. After the meeting, there was a document he needed to read. He held a cigarette with one hand and a mouse

with the other

He moved his ears, because he heard a commotion from the window, he looked up.

A long haired man in a white suit jumped up and walked closer to him.

Matthew did not recognize him and asked.

“Who are you?”

He took out a necklace with ten fingers and shook it at him.

“Look at it, keep looking at it. If you feel sleepy, close your eyes and rest.”

Matthew instantly understood that this person was also from Nate’s side. However, this person seemed to be quite capable.

For a mature and determined man like him, this little hypnosis was not something he could not handle.

However, in order to not be busted, he could only follow his thoughts and slowly closed his eyes.

Only when he called out his other name did he open his eyes.

In an instant, he became a drama queen. A trace of ruthlessness appeared in his eyes. When he looked at him, his expression turned cold.

“Who are you?”

Nightbreeze caressed his fan gently, “You don’t have to care who I am. I’m here to inform you. At one o’clock tonight, you’ll be at Room 10.

Moon Canyon. Remember to show up on time. Otherwise, if the master gets angry, you’ll probably disappear forever.”

He smiled coldly and quickly flew down the window.

Chapter 997 Fulfilling His Wife’s Wish

Matthew narrowed his eyes slightly. He took out his phone and sent him a text. He arranged for tonight’s mission.

At that moment, the call was received by Nicolas. Matthew answered it

“Hello.”

“Matt, has that long haired man gone to your place? Where is this Moon Canyon?”

Nicolas had never heard of it before, so he called to ask.

Matthew took a deep puff of his cigarette. Sure enough, they were about to take action. We would probably know their purpose tonight

After investigating for so long, they still had no idea about the details of the man behind.

“I’m here. Be careful tonight. I’ll send you the address later.”

He knew that the people in this place usually are from both sides.

It seemed that not only did Nate want to rule the world, but he also wanted to control the underworld.

After hanging up the phone, Matthew continued reading the proposal, preparing to complete the work on hand first before considering other

things

At this moment, the door of the study opened. Elizabeth came in in her pajamas with a glass of milk in her hand.

“Mr. Hilton, it’s getting late. Aren’t you going to rest yet?”

With a smile, she walked over and placed the milk on the desk. She walked behind him, put her hands on his shoulder, and looked at his

computer.

She understood the proposal a little, so she could tell with just a glance that he was really working

The tense expression on Matthew’s face relaxed at this moment. He pulled her to sit on her lap and tapped her slender nose with his long

finger.

“Are you waiting for me?”

In fact, he also wanted to finish work earlier and sleep with her.

Naturally, in his mind, sleeping was a verb.

Elizabeth wrapped her arms around his neck, and the smile on her face was very strong,

“Okay”

1/3

“Come on,” she replied shyly.

At this moment, Matthew didn't think much of it. All he wanted was to fulfill his wife's wish.

He picked her up and left, Elizabeth exclaimed in surprise.

“Matthew, milk. I warmed it for you. Can you have some milk first?”

She really shouldn't have seduced him. This man was a beast!

She was afraid. She was afraid he would be like last night.

Matthew said indifferently, “I'll come over later and drink it later.”

He carried her to the bedroom and bumped into Chelsea on the way out. Her face was covered with mask and she had just stepped out of

Abby's room

When she saw the two of them, she smiled. She raised her hand and quickly pressed on the mask. It was easy to drop it with just a smile.

Elizabeth hurriedly buried her head into his arms when she saw Chelsea, pretending that she didn't see her.

Matthew called out. "Goodnight, Granny!"

Chelsea couldn't hold back anymore and smiled.

"Goodnight Matt, be gentle. Take your time."

If it weren't for her identity, the grandmother would still want to teach him a lesson or two

Matthew said as he walked, "I know. I know how to do it."

Elizabeth was going crazy, Wasn't he acknowledging what we were about to have sex

Previously, she was very awkward in front of the two elderly people. Breakfast had been filled with nutritious soup.

Ahhhh! She's too embarrassed to see anyone.

Matthew carried her into the bathroom and said.

"I've showered."

He placed her on the ground, turned on the shower, and began to pull the tie on his neck.

eyes.

“Wash with me again.”

Elizabeth was carried out of the bathroom an hour later and took a shower again. Besides, she was so tired that she could no longer open her

Se raised my hand and looked at him.

“Matthew, you bastard.”

From now on, she won't dare to flirt with him anymore. This man was like dry wood, and the smallest flame could ignite him

Matthew kissed her on the cheek and comforted her gently.

“Sleep!”

Elizabeth suddenly remembered, “You didn't use a condom just now

It was as if he hadn't taken contraception measures during this period of time, and she had also forgotten about taking her pills.

Matthew smiled and whispered into her ear

“What's wrong being pregnant). I adore kids ”

Actually, he liked the kids Elizabeth gave to him tie.

Chapter 998 He's Here To Pay The Debt

Elizabeth was in this state lately. She was easily tired and sleepy.

After hearing what he said, she was actually quite happy.

She didn't have the energy to argue with him anymore, so she closed her eyes.

Matthew tucked her in, although she had just undergone physical exercise.

But at this moment, he was still full of energy and looked at the woman on the bed.

The corner of his lips twitched slightly and he said slightly

“Lizzy, don't worry and stay at home. Leave Dominic to me.”

After entering the closet, he changed into a white shirt, black trousers, and a black windbreaker. He raised his hand and tied a black-rimmed

Looking at the slender man in the mirror, there was a trace of darkness in his eyes, showing a gloomy aura.

It was completely different from him. Although he was usually aloof, his eyes were bright.

At this moment, he was even darker and even more unfathomable.

He switched off the lamp in the closet. One of the closets was open and there was another room inside. Matthew strode in.

This dark room was his arms chamber. There were all kinds of guns, all kinds of thunder, bulletproof clothes, helmet.

Matthew picked up a small and light gun and placed it into the inner pocket of his coat. He also took a tracker and placed it on his tie.

He then turned around and walked out.

Standing by the bed, he looked deeply at the woman who was already soundly asleep on the bed. The light in his eyes turned warm when he

looked at her.

After looking at her for a few seconds, he walked away.

By the time Matthew reached Moon Canyon, it was already half past twelve in the middle of the night. Moon Canyon was in the mountain

ravine in the southern suburbs of A City.

To reach that place, they would have to drive to the mountain top first before going down to the lowest point.

There was a manor built in the mountain shit. There was a casino and a boxing arena inside.

The people who came here were mostly those who walked in the darkness. This place was far away from the city, and there were many sentinel

points.

Matthew drove here alone. After passing through three scout cards, he arrived at the designation.

The car was parked in the parking lot. He looked around and saw that Nicolas car was parked not far away. He should have arrived a long time

"I'm here," he said to the earpiece.

Jake replied, "Yes, boss."

Matthew took off his earpiece and took out the locator in his tie bag. He tossed it into the storeroom.

He pushed open the car door, got out of the car, and strode toward the house.

He had been to this place before and was quite familiar with this place.

The building was 18 floors high. The first to six floors were casinos, ground floor was a boxing arena, and above the sixth floor were all hotel

rooms.

When we entered the lobby, there was someone guarding the lobby. They were dressed in a blue-colored flamboyant.

This place should have been taken over by Nate. When they saw the people who entered, they would check and verify the list before letting

them in

Just like the three sentinel points outside, after Matthew said his name was Pasgen, they let him in

However, someone would bring a machine over to check if there were any weapons and eavesdropping equipment.

The gun that Matthew was carrying was custom-made. There was no way they could detect anything abnormal, so he passed through the gates

and entered smoothly.

He went to Room 10. This room was the largest one here.

There were four bodyguards guarding the door. After comparing the photos of him, they pushed the door open and allowed him in.

The moment Matthew entered Room 10, his eyes met Nicolas's, but he didn't dare to go up to him. After all, he was Kayden now, and Kayden

didn't know Matthew

"Mr. Hilton, you're here." Saint came up and welcomes him.

Matthew glanced at him indifferently, "What's going on tonight?"

Chapter 999 His Bottom Line

There were more than ten people in the room, all of them were big shots from all was of life

Matthew swept his gaze around. Nate isn't that simple. He has control of all the financial resources of A Country What is he trying to do?

Samt raised his hand "Mr. Hilton, let's sit here

He led him to sit beside Nicolas The two of them pretended not to know each other.

Samt smiled widely when he saw the two of them acting like this. The master is really amazing

He can make two good buddies not know each other

However, their second personality was even more terrifying than their first personality.

Kayden was a miracle in medicine Master had said that he could help him complete some difficult experiments. The two of them would be able to rule the world together.

Samt introduced, "Mr. Hilton, this is Kayden, a very outstanding doctor"

After saying that, he introduced the man to Kayden, "This is Pasgen, the most wealthy man in A City. "

The two of them looked at each other and just nodded slightly. There was no verbal communication.

At one o'clock, Nate showed up. He was wearing a black mask and was accompanied by Nightbreeze, Nightmoon, and Nightghost

Saint said. The one who walked at the last, the one who didn't reveal his eyes is called Nightghost. I heard that his martial arts skills are exceptionally great"

Matthew glanced at the three of them. They must be Nate's trusted men.

Nate sat in the main seat and he gave the people next to him a look.

Nightbreeze blew the fan and walked out. There was a smile on his face and his voice was also gentle

"Everyone, the master said that tonight is the first time we meet. He gave everyone a big present. After taking this pill, you will be able to have

this body forever"

After saying that, he raised his hand and a few bodyguards came out with the pills.

“After you’ve taken your pill, you’ll have to submit to the master forever”

The people were obviously very happy after receiving the drug. Some of them swallowed it immediately.

When they sent it to Matthew and Nicolas, they glanced at each other.

Nicolas had already prepared himself. He held onto Saint Matthew called out to him.

Saint’s attention was attracted. He quickly changed the

hand and handed another identical one to Matthew

1/2

When Nightbreeze came to check, the three of them already took the pill

Saint was in a good mood. He glanced at the two people next to him.

“We’ll be best buddies from now on. You have to thank me. I’m the one who allowed you to be created.”

Matthew and Nicolas were drugged by him, so he felt a sense of accomplishment.

Nicolas furrowed his eyebrows slightly. He glanced at Matthew and asked him what was going on.

The more he observed, the more strange it was. Who exactly is this owner?

Matthew shook his head and told him to calm down. He would explain to him when they got back.

In the following hours, Nightbreeze was still sending orders, telling them to transfer all the shares into the account and transfer them to the

designated account

Each company would have to transfer fifty percent of their income into that account.

Matthew smirked coldly. His appetite was indeed huge.

The more he listened, the more he felt that there was something wrong with that man's brain. Did he think that he was an emperor in ancient

times and wanted to rule the world?

22

After Nightbreeze finished speaking, Nate finally spoke up.

His voice was low and cold, but he sounded young and youthful.

"I hope you'll listen to what I said just now. Otherwise, I can only take your life back. There's only one way out."

When he spoke, there was a bloodthirsty glint in his eyes like a fox.

At this moment, Rosalie led Abby Rosalie out and the Rosalie ran toward him.

“Godfather.”

Nate carried Abby and she sat on his lap. He pointed at the people below.

“Abby, come and take a look. Remember these people. You can look for them whenever you encounter any problems in the future.”

Matthew’s body froze and his eyes darkened.

Why is Abby here? Besides, she even called him godfather.

Nicolas held on to him and whispered.

“Matt, calm down first.”

Chapter 1000 Matthew Was Bullied by His Daughter

Matthew clenched his fists tightly. He clenched his teeth and watched his daughter sit intimately with that man.

However, Abby didn’t look like her usual self. She didn’t smile. She stared at the person below coldly and said.

“Godfather, will they listen to me?”

Nate snorted coldly. “If they want to live, they must obey you.”

After saying that, he started ordering. “Nightmoon, give the pill to the young miss. From now on, they’ll ask her to get the medicine every

month.”

Matthew and the others had just joined the group, so they did not understand what he meant.

After taking this medication, they would have to look for him for medication every month. Otherwise, they would lose her spirits. After all, this

personality wasn't the main character.

This was also a way for Nate to control these people and obey his orders.

Anyone else except for Nicolas and Matthew said yes.

"From now on, we will listen to Abby's instructions."

After hearing this, Abby laughed.

"Hahaha..."

After laughing, she kissed Nate's face.

"Godfather, in the future, I will listen to you too."

It was obvious that the reason Nate invited Abby to attend tonight was probably because he couldn't control her second personality, so he used

this method.

Matthew watched this and started to worry.

Since he even touched Abby, would Elizabeth be the next victim?

“His goal, from the beginning to the end, was always Lizzy?”

The expression on Matthew’s face darkened. Initially, he thought that his mission would be completed as long as he managed to recover

Dominic’s personality.

What does this man want to do? It has nothing to do with me.

From the looks of it, it wasn’t that simple anymore.

If he were to harm his family, then he would be his enemy.

Nicolas pushed him. Matthew shot him a stern look. He was in a bad mood and asked him not to bother him.

Nicolas whispered, “Your baby is calling for you, but don’t expose yourself, otherwise your daughter will be in danger.”

Only then did Matthew come back to his senses and glance at the main seat. Abby waved at him.

“You, come here. I want to ride a horse.”

Upon hearing that, the others laughed and looked in Matthew’s direction.

Saint laughed too. “Pasgen, hurry up. She’s the goddaughter the master loves the most. If you make her happy, it’ll only benefit you.”

Matthew said coldly, "Didn't you say the master asked me to show up earlier to lead these people? How do you explain this situation now?"

Saint did not know why the master had suddenly changed.

He sighed. This little girl is the daughter of the master's crush! There's no other way, she'll be our boss in the future."

Matthew's face darkened when he heard this.

She glared at Nate. It turned out that his target was really Elizabeth.

Elizabeth is someone he likes? How is that possible?

Elizabeth's past was very simple. At most, someone would have a crush on her but she never had boyfriends. Why would such a person

appear?

Matthew got up and walked toward Abby.

Abby no longer had her usual naive and cute appearance, and there was a trace of coldness in her eyes.

She pointed to the ground and said, "Get down. I want to ride the most handsome horse."

Matthew's expression changed slightly. If it were anyone else, he would definitely not let that person ride him.

"But it's my daughter now. I don't care."

Matthew laid down on his back and she started shouting.

“Go... Handsome horse, hurry! Hurry!”

Matthew crawled forward. This little girl on his back finally smiled and let out a sharp laugh.

“Hahaha... It’s fun, Godfather. So fun.”

Nicolas patted his forehead. This was the first time he saw Matt so sorry. However, when he thought about it, it was only him who felt sorry. In

fact, That dude might be very happy!
