

Genius 1001

Chapter 1001: Changes in the Grave of Saints!

On the yellow Springs Road! Everyone was still immersed in the shock of the tomb of the gods. "Experts from outside the region?" Hearing old ancestor yellow spring's speculation, ye chen could not help but look at him and squint his eyes. "Forefather, you mean to say that these Saints all died at the hands of experts from the outer realms?" "Take a look at this gravestone!" Old ancestor yellow spring pointed at the gravestone under his feet. "The chiyang Sage fell in 170 B.C. He single-handedly intercepted a foreign religion on Mount Kunlun and died in battle!" "Did you see the words" foreign lands "clearly?" The old ancestor took a deep breath. Ye chen nodded woodenly. Of all the people present, other than ye chen, the great ancestor, and Wushuang, no one else knew what the word 'foreign land' meant. "This gravestone tells of a Saint of the Crimson sun who intercepted a Supreme sect in the Kunlun Mountains," the great Grandmaster said with a grave expression. "A Supreme sect, fellow Daoist ye!" "If I'm not wrong, an alien sect once descended on earth, and the native cultivators launched a shocking war against these alien invaders. In the end ..." Old ancestor yellow spring's eyes lit up. After saying that, he stopped talking. It was obvious that there were waves in his heart. The elder ancestor was a tribulation stage powerhouse in the world of cultivators in his previous life, and he knew that earth was just a drop in the ocean. Even a mid-tier sect in the cultivation world could sweep across the entire earth, let alone the immortals and Buddhas. "The people buried here are cultivators from our country and the West ..." Ye Chen's eyes swept over each gravestone and said slowly, "It means that the battle back then gathered almost all the peak combat power of the entire earth. In the end, it seems that our earth won the war ..." When he was in the ruins of Kunlun, he had heard from the spirit of the sky map that it had sensed the projection of the consciousness of an alien expert on earth. And now, when he connected it with the tombstone in front of him, it was enough to prove that there were indeed enemies from outer space invading earth before this. The so-called Great Tribulation of heaven and earth in the ruins of Kunlun must be related to the enemies in the outer realm. "That's right. Although you won this time, your Earth's peak combat power has also fallen ..." "Fellow Daoist ye, have you ever wondered if the group of people from the outer realm were all killed?" old ancestor yellow spring asked faintly. Have you ever thought about whether there will be more powerful people from the outer realms coming to this world in the future?" Ye chen was silent. Old ancestor yellow spring fell silent. To him, he wasn't from earth, so he didn't have any feelings for earth. Even if there was a great Tribulation, the elder ancestor could find a place to hide and cultivate to the soul formation stage before returning to the cultivation world. However, ye chen could not. Because earth was his home! Just as the two of them were secretly communicating through divine sense, an extremely terrifying voice suddenly came from the side, "Something's wrong!" Everyone looked over and saw that the person who spoke was a Supreme Big Shot with a wine gourd hanging on his waist. The man was looking at the candlelight in front of the tombstones with fear. "Why is there candlelight here? Could it be that someone had come to pay their respects before us?" As his voice fell! Countless eyes were fixed on the boundless candlelight. The candlelight seemed to be a newly lit candle, with hot wax dripping down from time to time. The scene became deathly silent again! Candles weren't rare, but who would bring hundreds of candles with them? The sword-wielding old man's expression was extremely solemn. "These candles seem to have been lit not long ago. It seems someone else arrived here before us!" "Could they be the two people who escaped just now?" Someone subconsciously said. "I won 't!" "Ye Nan is chasing after them!" Someone objected immediately. "They didn't even have time to run! How could they have time

to worship the dead?" Ye Chen's eyes narrowed slightly. He spread out his divine sense to survey his surroundings. "Could it be the Jiao?" At the same time, he also discovered an even stranger problem. Ever since he entered, he had not seen Ying's whereabouts. At this moment, someone finally reacted, "Everyone, do you still remember that there was a corpse King that came in before us?" "That's right. Could it be that the other party lit these hundred candles?" Many people reacted one after another. "This person must have gone down along the road to the underworld!" After the sword-wielding old man's expression changed several times, he no longer hesitated. He set up a sword light and swept along the road of death. "Let's go too!" Ye Chen gave the order and walked toward the end of the yellow Springs Road as well. His brows furrowed even deeper. "Yi, why do you want to enter Fengdu?!" The next moment! Everyone felt the entire Yellow Springs Road begin to shake violently, and then a heart-wrenching scream suddenly exploded. "Damn it, what are you doing!!!" Some people looked at a man who was digging a saint's grave in horror. There, a hole had been dug in the saint's grave. At this moment, an extremely shriveled hand reached out from the hole and pierced through the man's chest. Before anyone could react. The man's body was split into two, and an extremely evil aura came out of the cave. "Roar ..." Then, a dried corpse slowly crawled out of the grave. "He ... He's a corpse?!!" Many people were terrified. Under everyone's gaze, the mummified corpse suddenly opened its eyes. In its sunken eyes, blood-red surged, and there was an extreme black gas swirling. "Chi ..." The mummified corpse suddenly raised its head and its gaze fell on the Supreme giant closest to it. Then, its withered hand suddenly grabbed. "The man was grabbed on the spot without any resistance. Then, his throat was torn and his flesh was corroded at a speed visible to the naked eye. This sudden scene completely shocked everyone. "Do it!" With several loud shouts, several people attacked at the same time and joined forces to meet the mummified corpse. The powerful force almost shook the space. "Boom ..." When their attacks landed on the mummified corpse, it immediately flew backward. However, before anyone could rejoice, it climbed up again. When he looked again, the other party didn't seem to have suffered any injuries. On the contrary, he was even more ferocious. "Green Lotus sword spell!" Several sharp sword Qi whizzed out almost at the same time, and then slashed at the mummified body in an extremely overbearing manner. It was the sword-wielding old man. "Bang ..." The mummified corpse was sent flying once again. Before he could get up again, an ancient giant palm slammed out furiously. Another pre-Saint made his move. But what made everyone even more afraid was that in the face of such a terrifying attack, the mummies were still extremely lively. Everyone's expression finally changed. The one in front of him was clearly an unkillable cockroach!

Chapter 1002: The truth of the Great Tribulation of heaven and earth!

"Boom ..." The earth trembled and dust flew. A black figure shot out from the ground. His deep scarlet eyes caused one's scalp to turn numb. And what was even more terrifying was! Three more mummies emerged. They were the changes caused by the first mummies smashing the three tombs. "Kill ... Kill ... Kill ..." The four mummies looked like they were struggling. Black Qi gushed out of their eyes. Their lips opened slightly, and a harsh and gloomy voice slowly came out. "Demon corpses, these four mummies are demon corpses!" A Buddhist expert's expression changed. Without looking back, he rushed towards the end of the yellow Springs Road. "Go, quickly go!" "Let's hurry up and go too!" The rest of the people immediately followed closely like a swarm of bees, for fear that they would fall into the poisonous hands of the four mummies if they were one step behind. Just one dried corpse was already so powerful. Now that there were four more, how could they be a match? For a moment, only Ye Chen's group was left at the scene. Li Ying subconsciously leaned closer to Ye Chen, his face full of fear. "Hall Master, we ... We

should also leave quickly!" As her voice fell! "Roar Roar Roar Roar ..." The four mummies had already pounced over. "Get lost!" Ye Chen's eyes were sharp. He took a step forward and a terrifying force exploded from his palm, pouring directly on the four mummies. "Bang Bang Bang ..." Under such a powerful attack, the four mummies were sent flying dozens of meters away, leaving four long marks on the ground. "What a strong body!" Even though he was mentally prepared, he still couldn't help but be surprised. His palm just now seemed to have hit the hardest diamond. The next moment! The four mummies jumped up again. The other three charged over. However, the fourth red-robed corpse moved and blocked the way of the other three mummies. Then, a vast pressure suddenly burst out from his body. "Get ... Back!" In the red-robed corpse's dazed eyes, there was an endless sharp glint that emerged at this moment, as if it was roaring angrily. "Roar Roar Roar ..." The other three mummies trembled violently, and black Qi erupted from their bodies as they attacked the red-robed mummified corpse. "Yin Yang furnace of fortune!" The red-robed corpse stretched out its shriveled arm and condensed a Dao seal in the void, which surged with vast energy. A fiery red cauldron rose into the air. The cauldron was illusory and gradually became condensed. Then, it actually suppressed him and the three mummies. "With the heaven and earth as the furnace, fortune as the charcoal, all things as the copper, sacrifice to the heavens!!!" The red-robed corpse's voice was hoarse, and the fire-red cauldron suddenly burst into endless flames. "Roar Roar Roar ..." Extremely shrill screams resounded in the surroundings like the wails of ghosts and the howls of wolves, making one's hair stand on end. "What is he doing?" Li Ying stuttered. Ye Chen's eyes narrowed. "That red-robed corpse seems to be helping us!!!" These four mummies had all escaped from the tomb of the Saints. Logically speaking, they were Saint bones that had died in battle, so they shouldn't have such demonic Qi. "He seems to be unable to hold on any longer!" Old ancestor yellow spring exclaimed. The mummified corpse defended the illusory fiery-red cauldron with all its might, as if it wanted to refine the demonic nature in the other three mummified corpses. However, at this moment, the illusory fiery-red cauldron began to tremble and showed signs of collapse. It was obvious that it could not hold on under the impact of the three mummies! "Let this ye give you a hand!!!" At the crucial moment, ye chen took a step forward and teleported over in an instant. Then, purple divine Thunder surged around his body. Wherever he passed, lightning would pave the way. "Exterminate!!!" He stretched out his hand, and Thunder exploded in his palm. He overbearingly enveloped the three mummies in the fiery-red cauldron. The screams became more and more shrill. The three mummies struggled with all their might, as if they wanted to escape. However, they were firmly suppressed by the fiery red cauldron and could only endure the bombardment of the lightning. ""? After the time it took for an incense stick to burn, the screams gradually disappeared, and three human-shaped ashes appeared on the ground. "Many thanks, fellow Daoist!" An extremely ancient and confused voice slowly came out of the red-robed corpse's mouth, ""I didn't think that our human race would still have a powerful being like you!" "There's something wrong with Your Excellency's situation!" "If I'm not wrong, there should be a demonic soul suppressed in your body." Ye chen studied him carefully. "It's not just a demonic soul. It's a late-stage nascent soul demonic soul!" Old ancestor yellow spring walked over slowly. "I can't see it, I can't see it!" The red-robed corpse's gaze lingered on ye chen, old ancestor yellow spring, and ye Wushuang for a few seconds. Then, he shook his head slightly and smiled bitterly. "You're right, my fellow Daoist. There's indeed a late-stage nascent soul demonic soul suppressed in my body." At this point, he looked deeply at ye chen and said, "You must be a cultivator, right?" The moment these words were said! Ye Chen's heart skipped a beat, but he said calmly, ""You've seen cultivators before?" "You don't need to be suspicious," As if sensing his caution, the red-robed corpse immediately said, ""Existences like you appeared two

thousand years ago. They were the ones who brought about our destruction.” Upon hearing this, ye chen and old ancestor yellow spring exchanged a look. As expected! 2,000 years ago, there were indeed cultivators who descended on earth, which was the so-called Heavenly Tribulation. “There’s a demonic soul suppressed in your body. I’m sure he’s a devil cultivator,” old ancestor yellow spring said. “Not bad!” The red-robed corpse looked at him in surprise, then said in a hoarse voice, “Back then, among the enemies that invaded our celestial burial star, there were not only cultivators, but also demonic cultivators, demonic cultivators, ghost cultivators, and even curse-mancers with strange methods ...” And at this moment, Li Ying suddenly said, “Hall Master, look at his body!” The body of the red-robed corpse started to turn into sand from its feet and scattered in all directions. “No need to be so surprised!” The red-robed corpse seemed to have expected his own ending. His tone was calm, as if he was not afraid of death. “Back then, all the Saints of the human race rose together and hundreds of schools of thought fought. We thought we would create a Saint world, but we didn’t expect a catastrophe to come.” “They have shocking divine abilities, magical treasures, and countless spiritual pills. They even have battleships that can travel through the ancient starry sky path ...” “We, who had always been confident, found that we were as weak as ants in their hands. They enslaved us and regarded us as livestock ...” The red-robed corpse’s eyes were filled with grief and indignation. “Even so, we did not give in. We gathered all the power of the sages and fought against them ...” As he said this, he slowly looked around. “And the end is the tombstones in front of you ...” Luo Tianya and Li Ying, who were standing at the side, were both extremely shocked. They had never understood this complicated and tragic history. If they had not heard it with their own ears, they would never have believed that such a chaotic scene could have happened in history. “You guys won in the end?” Luo Tianya asked in a deep voice.

Chapter 1003: death of Tiandao!

“No!” “To be exact, it’s not a complete victory.” The red-robed corpse shook his head. The wind had already blown down to his thighs. “In that battle, our human experts were wiped out. Although half of their forces were destroyed, they were still able to summon more experts.” “What happened after that?” Li Ying was extremely nervous. Although it could be seen from the current prosperity of earth that the war seemed to have taken a turn, she could not help but feel worried. “No!” The red-robed corpse said with difficulty, “just as the immortal-burying star was in a crisis, the heavenly Dao collapsed by itself!” Ye chen and old ancestor yellow spring looked at each other and saw a hint of emotion in each other’s eyes. Any world would form a world consciousness over the long years. All living things had life, and so did the world. And this consciousness was the heavenly Dao. However, before this, the two of them had discovered the secret that there was no heavenly Dao on earth. “What is the heavenly Dao?” Li Ying asked again. “The heavenly Dao?” The red-robed corpse raised his head to look at the sky, then lowered his head to look at the ground. “The heavenly Dao is everywhere. The heavenly Dao is all living things. The heavenly Dao is the will of all living beings!” “On that day, a woman descended from the sky. She was the one who wiped out the great enemy from the outer realm who descended to this world.” As he slowly explained. Li Ying and Luo Tianya’s faces were filled with shock! What kind of woman was she, to be able to single-handedly annihilate an enemy from outer space that had almost wiped out the Earth’s Almighty beings? “No one could see this woman’s face clearly. Every time she killed someone, a crack would appear on her body. In the end, she would shatter into countless pieces.” “No!” The red-robed corpse burst into tears. “Her fragments are floating in every corner of the world, sealing all the passages from the outer realm to the immortal-burying star.” “It seems that this woman is the heavenly Dao!” Old ancestor yellow spring said after taking a deep breath. There were many

heavenly DAOs in the universe. The heavenly DAOs were the strongest in their own worlds. They could kill anyone who challenged the might of the heavens and could also send down sweet dew to save the world. However, the heavenly Dao was also restricted by the laws of heaven and earth. The biggest restriction was that the heavenly Dao could not interfere with karma. Karma was like the beginning and the end. It was the essence of Dao and the inevitable trend of the evolution of heaven and earth. It could be understood that the heavenly Dao existed because of the heaven and earth, so the heavenly Dao must follow the rules of the heaven and earth. Otherwise, it would be denying the meaning of its existence. Therefore, once the heavenly Dao violated the rules of heaven and earth, it was equivalent to an aircraft that had activated its self-destruction sequence. Although it could display great power before self-destruction, it could not escape the end of self-destruction in the end. "What happened after that?" ye chen asked. "After that ..." "This is ..." The face of the red-robed corpse twitched violently. "After that, the woman collapsed, and her fragments scattered to various places formed nine stone tablets, which will forever suppress our immortal-burying star!" His body had already been weathered to his neck. "The crisis on the immortal-burying star was thus resolved, but there was a traitor among us. The Saints of the nine families secretly worked with the remnants of the Six Nations to steal five stone tablets and then fled the immortal-burying star ..." Nine clans! Ye Chen's eyes narrowed. This wasn't the first time he had heard this term! The last time he had heard of it was from the church. The reason why the church had been suppressed was also because of the nine families! "I don't have much time left!" The speed at which the red-robed corpse turned into wind was getting faster and faster, and so was the speed at which he spoke. "My fellow cultivator, we've lost five of the nine stone steles. I guess the seal on the channel between our celestial burial star and the outer realm is about to lose its effect. The Great Tribulation of heaven and earth is about to come ..." "Fellow Daoist, you must find the heart of the heavenly Dao. Back then, she had left the news of the heart of the heavenly Dao at the bottom of Fengdu. Only by finding the heart of the heavenly Dao can you ..." As soon as he finished speaking! The red-robed corpse had completely turned into dust. It was like red sand drifting in the cold wind. "What can Fang Neng do?!" Ye chen subconsciously reached out to grab but realized that he could not grab anything. "He's dead?" Li Ying's voice trembled. "He's already dead!" "What happened just now was just an obsession of his. I'm impressed that he could last for 2000 years," old ancestor yellow spring sighed. "Let's go!" Ye chen did not hesitate any longer. He led the group along the end of the yellow Springs Road and quickly swept away. The news of the heart of the heavenly Dao was at the bottom of Fengdu! That should be the 18 levels of hell! The confusion in his heart grew! It was reasonable to say that the heavenly Dao was only a world's will and not a human, so where did the heart of the heavenly Dao come from? Moreover, as long as this world was not destroyed, it did not matter how many people died, so why did she still attack? At this point, an idea suddenly flashed through his mind. He sent a voice transmission to old ancestor yellow spring, "Forefather, have you heard of the world origin core?" Old ancestor yellow spring stopped and squinted. Fellow Daoist ye, are you saying that the Earth's heavenly Dao wants to advance to the world origin core?" Ye chen had just opened his mouth! The old ancestor finally reacted! Ye chen met his gaze and nodded slightly. "That's right. If I'm not wrong, the heavenly axiom of earth is trying to promote earth from a small chiliocosm to a middle chiliocosm!" There were thousands of worlds in this world, but they could be classified into three types. The first was the small chiliocosm, the second was the middle chiliocosm, and the third was the great chiliocosm! The small chiliocosm's heavenly Dao was also known as the world Spirit embryo, the middle chiliocosm's heavenly Dao was known as the world origin embryo, and the greater chiliocosm was known as the chaos Saint embryo! "Fellow Daoist ye is indeed knowledgeable!" Old ancestor yellow spring took a deep look at

him, his heart in turmoil. Even he had only found out about this secret by chance. However, ye chen, a native of a small chiliocosm, actually knew what a small chiliocosm and a middle chiliocosm were. How could he not be shocked? "In that case!" "Earth's heavenly Dao is on the path of merits and beliefs," old ancestor yellow spring said slowly. "She's trying to advance to the world Embryo with this. It seems like she's already halfway there." For a World Spirit embryo to become a world origin embryo, it seemed like there was only a difference of one word, but in fact, it was as difficult as ascending to the heavens. There were three conditions to go from a World Spirit embryo to a world origin embryo. The first was to condense a star core over a long period of time. The star core could replace the heavenly Dao to monitor the world, and the condensation of a star core was equivalent to weakening the heavenly Dao's strength. The second was that the heavenly Dao had to endure the pain to separate a trace of consciousness and let this trace of consciousness enter Samsara, reincarnate as a human, and suffer all kinds of hardships. Finally, the heavenly Dao itself had to experience death, just like the rebirth of a Phoenix, and finally be reborn from the fire. None of the three conditions could be missed. As long as any one of them was not met, the consequences would be the collapse of the heavenly Dao itself, and the consciousness would turn into nothing. With this in mind, ye chen and old ancestor yellow spring said in unison, "The heart of the heavenly Dao is that star core!!!"

Chapter 1004: The strange Book of Life and death!

At the end of the yellow Springs Road was the gazing-home-stage. It was said that before the ghosts entered the King of Hell's Palace to wait for the verdict, they would turn back to look at their home in the human world. After the time it took for an incense stick to burn. Ye Chen's group rushed to the gazing-home-platform. The sky was still dark as if it was late at night. The so-called homeward viewing platform was actually an ancient stone platform that stood among many ancient buildings. Three words were written on it in an ancient font. Silence. Everything was so quiet. It was as if the entire yearning terrace was surrounded by a Dead City. The group of people kept looking around and Li Ying frowned, "That's strange, where are the people who came before us?" After the changes in the tomb of the Saints and the four mummies attacked people, other than them, everyone else who had entered Fengdu had escaped along the end of the road to the underworld. But now, he didn't see them. "I guess they must have gone deeper. After all, this is not the end." Old ancestor yellow spring shook his head. Ye chen did not say a word. He raised his head and squinted at the sky, a strange light flashing in his eyes. "Fellow Daoist ye, What are you looking at?" Old ancestor yellow spring was puzzled. "It's nothing. Let's go!" Ye chen did not explain. Instead, he looked at the dark sky again and led the group through the homeward stage. He didn't know why, but just now he had a feeling that he was being watched in the dark, but when he spread out his divine sense, he didn't find anything wrong. After passing through the gazing-home-stage, it was Yama's Palace. In the King of Hell's Palace, all ghosts would go through this trial. This was because this was where the Ten Kings of Hell concluded the past of ghosts before they died. Those who were evil would naturally be sent to the 18 levels of hell. As for those who had never committed any crimes and were considered to be upright and kind, they would naturally be arranged to be reincarnated. And the Yama's Palace in yedu was also in line with the world's fantasy. It was a rather awe-inspiring Hall with a huge platform. The platform seemed to be a throne, and the stone wall behind it was engraved with all kinds of ferocious and evil ghost patterns. In this environment, one could not help but feel as if they had really come to the legendary Yama Hall. At this moment, there were more than ten people gathered in the main hall. "" As ye chen and the others entered, these people's eyes turned to them in unison, their eyes filled with deep shock. They did not

expect ye chen and the others to be able to escape from the jaws of the Tiger after the four Saint corpses had mutated. However, if one looked closely, they would find that these people were all injured. Some of them even looked tired and scared. "What did you guys experience?" Li Ying couldn't help but ask. "Greetings, ye Zhenren!" A pre-Saint cupped his fists and smiled bitterly." "On our way here, we were attacked by unknown lifeforms and half of us were killed or injured." "An unknown lifeform?" Ye chen was surprised. "Not bad!" Another person stood out."They're hidden in the black mist. They move like evil ghosts. They're invisible and formless. It's impossible to guard against them." "Isn't this place a tourist attraction? The tomb of the Saints, the unknown creature in the black mist, how can it be so strange?" "Could it really be the Fengdu of the legends?" "....." Many people began to talk at the same time, with fear between their brows, as if they regretted entering this place. "Look, what's that?" At this moment, someone exclaimed. Everyone looked in the direction he was pointing at and saw a Black Book on an ancient table. It looked like it could absorb one's mind. The words 'Book of Life and death' were faintly written on it. "Book of Life and death? It's the legendary Book of Life and death?" "Why is there a Book of Life and death here? It's fake, right? could it be that someone deliberately placed it here to scare us?" "....." Everyone's eyes were fixed on The Black Book. For a moment, there was a lot of noise, but no one dared to step forward. "Hall Master, is there really a Book of Life and death in this world?" Li Ying subconsciously moved closer to ye chen and said with an unnatural expression. "Don't go over!" Ye chen shook his head slightly, but his eyes never left The Black Book. He could feel a cold energy from it. "I'd like to see if it's the real life and death book!" One of them sneered and quickly stepped forward. He picked up The Black Book on the table and began to read it. However, his body began to tremble non-stop. His eyes were dull and his pupils were sunken, as if he had seen something terrifying. "What happened to him?" "Daoist brother Hong Ji, are you alright?" The crowd was shocked by his reaction. "Bang ..." Hong Ji suddenly shivered and put the book of life and death back. He turned around and said,""The book of life and death said that I can live to three hundred and forty-one years old. I will die from Qi deviation ..." "How old are you now?" Someone laughed. Hong Ji's pupils shrank, and he stuttered,""Today is my 341st birthday ..." "Doesn't that mean you're going to die today?" the person who spoke earlier laughed disdainfully. "The higher-ups also said that I can only transfer my death to someone else if I kill someone on the spot!" Hong Ji also laughed. "You're acting like a ghost!" Another man named Chu Ye grinned as he picked up the book of life and death and flipped through a few pages,""I'd like to see when this old man will die ..." "Hahaha!" "It says that I'll be poisoned to death today, and I'll die without an intact body. It also says that I'll only be spared if I cut off my left arm ..." Before he could finish his sentence, he heard a scream. He turned around subconsciously. Hong Ji's aura suddenly became chaotic, and his face became extremely painful. He seemed to be on the verge of exploding. "Qi deviation, did he really go into Qi deviation?" "How is this possible? Wasn't he fine just now?" The crowd was shocked and subconsciously took a few steps back. Hong Ji was also shocked. He immediately sat down and began to regulate his breathing, as if he was trying to dissolve the violent Yuan power in his body. "Bang ..." The next moment! Under everyone's horrified eyes, Hong Ji's body suddenly exploded with a loud sound, turning into a cloud of blood mist. A burst of extremely violent energy scattered in all directions. Dead silence, the entire scene was dead silent! A Sage-to-be died just like that, and it was inexplicably because of Qi deviation. Are you kidding me? That was a Sage-to-be, and his experience in cultivation had long reached the point of perfection! How could he have made such a low-level mistake like Qi deviation? but the truth was right in front of them, and they had no choice but to believe! Chu Ye, who had just finished checking the life and death book, was completely stunned."How ... How is this possible?" Chu Qi roared hysterically and exerted force in his palm. The

book of life and death in his hand was crushed into countless pieces and fell to the ground. However, what happened next caused everyone's expression to change completely.

Chapter 1005: A fatal prophecy, determining life and death!

"Coincidence, it must be a coincidence!" "Illusion, it must be an illusion!" Chu Ye laughed crazily. His left arm suddenly emitted wisps of black gas and the black gas quickly spread in all directions. Not long after, Chu Ye's body was completely covered by the black gas and started to rot. Even his bones were no exception. In just a few breaths, a pool of rotten flesh and blood appeared on the ground, emitting an extremely foul smell. Another quasi-Sage died on the spot! "It's tarsal bone poison!!!" The sword-wielding old man took a step forward and looked at the blood on the ground. His expression changed drastically. As soon as these words came out, everyone's expressions changed one after another. Someone gasped and said in shock, "Was that book really the book of life and death?" However, no one responded to him! Because they had been shocked by the deaths of two people in a row! The book said that the first Hong Ji would die from Qigong deviation, so he really died. Then, he said that Chu Ye would die from poisoning and Chu Ye really died in front of everyone. How could this not be strange? how could it not be terrifying? They didn't know if the book was the book of life and death, but they were sure that if the book said someone would die, it would most likely happen unless they followed the instructions. Fellow Daoist ye, there's a problem with that book!" Old ancestor yellow spring took a deep breath and transmitted his voice to su mo. Ye Chen's eyes narrowed and he did not say a word. Li Ying, Luo Tianya and the rest beside him had an unnatural expression on their faces. It was obvious that they had been shocked by the scene just now. "It's a good thing that the book has been destroyed ..." Someone heaved a sigh of relief. However, the next moment! Under everyone's gaze, the shards of the life and death book on the ground suddenly floated up and formed a series of words in the air. "Lu Changqing will self-destruct and die today, unless he dispels his cultivation on the spot ..." This sudden scene once again shocked everyone. In the crowd, an old man with a rotten nose immediately fell to the ground, "I didn't ... Didn't see it, how did it involve me!" Then, his body began to swell up like a balloon that was about to explode at any time. "No!" "I don't want to die, I want to go back alive!" The old man with the rotten nose was so shocked that he almost died. Without saying anything, he looked up to the sky and let out a long roar, and his body exploded like thunder. In the end, he chose to destroy his own cultivation. "Plop!" After destroying his cultivation, he fell heavily to the ground, his body gradually shriveled, and in an instant, he had aged by dozens of years. But he didn't die in the end! Seeing this, no one said a word, but the shock in their hearts could not be dispelled. Lu Changqing, the old man with the bad nose, was the only one who survived according to the book's prophecy, and the way to survive was by completing the instructions in the book. The sword-wielding old man's expression also gradually darkened. "What is this thing?" Even though he had lived for hundreds of years, this was the first time he had seen such a strange thing. Before anyone could react, the fragments of the book formed countless words again, as if it was a nightmare. "Qi Tiancheng will die from the exhaustion of his divine soul, unless the last person to enter this place is killed ..." "Feng chengci will die from the curse's power, unless the last person to enter this place is killed ..." "Yuan Mingde will die at the hands of the inner demon, unless the last person to enter this place is killed ..." "....." "Ye Wushuang will die under his own sword, unless he kills the last person to enter this place ..." "Luo Tianya will die from the natural disaster, unless the last person to enter this place is killed ..." "Old ancestor yellow spring ..." "Li Ying ..." This time, the words in the air had predicted the fate of everyone except ye chen. Even ye Wushuang, Luo Tianya, old ancestor yellow spring, and Li Ying were no exception. For a moment, countless eyes

looked at ye chen, their eyes shining with different colors. This was because ye chen was the last person to enter King Yama's Palace. Li Ying stammered, "how could this be" "Interesting. Even I'm involved in this ..." Old ancestor yellow spring looked at the words in the air with a sneer. Ye Chen's face, which had always been calm, broke into a smile. "Is the dagger finally revealed?" At this time, the dozen or so people on the side could not help but walk toward ye Chen's group. Luo Tianya took a step forward and stood in front of ye chen to protect him. He said indifferently, "What are you guys doing?" "What are you doing?" Qi Tiancheng, who was in the crowd, sneered. "Kid, you've seen it all. The book prophesized that we're going to die unless we kill that ye guy here ..." "Perfected ye, I'm sorry. Everyone just wants to live! "A quasi-Sage named Feng chengci had an indifferent look in his eyes. Although Li Ying was also a little afraid, he still stood firmly by ye Chen's side." "It's just a prophecy, and you're taking it seriously? Where's your intelligence?" "Everyone here has cultivated for hundreds of years, and none of you are fools. Even if someone is manipulating and instigating us from behind the scenes, it is meaningless." Yuan Mingde smiled bitterly. "Two people have already died in front of us. We have no other choice. We can only do this. Sorry for offending you, perfected ye!" As soon as he finished speaking! More than a dozen people attacked at the same time. Streams of terrifying Origin Energy enveloped the entire Hall like a dozen overflowing rivers, attacking ye chen. "You bunch of idiots!!" Luo Tianya flew into a rage. With a flash of his body, he took the initiative to meet the incoming attack. "Die!" Ye Wushuang did not say much. He followed the white-robed man and slashed out with his sword, showing no mercy. He did not care what kind of conspiracy it was. He only believed that anyone who dared to attack ye chen was his enemy. "Get lost!" Ye chen slapped away a quasi-Sage who was approaching him. Then, he took a step forward and dashed toward the words in the air. "This ye wants to see just who is scheming against me behind my back today!" He reached out his hand and grabbed the dense writing in the air. However, just as his hand was about to touch it, the words in the air suddenly gathered together and formed a ghostly face. The ghostly face was extremely ferocious, and it seemed to be laughing and resentful. "You're all going to die, all of you are going to die Here!" Finished speaking! The ghostly face turned into a ray of light and flew into the distance. It was extremely fast, like a ghost in the dark night. "Where do you think you're going?" Ye chen immediately used instant breath. With one step, he crossed a thousand feet and slammed his palm at the ghostly face. The ghostly face was shocked as well. It did not expect ye chen to be so fast. "Bang ..." The ghostly face was smashed into pieces by the palm. However, the parts that had shattered once again condensed into a dozen ghostly faces. These ghostly faces turned into a dozen ghostly lights that swept out from all directions of Fengdu. "Are you trying to play the Golden Cicada shedding its shell trick on me?" Faced with such a situation, ye chen smiled disdainfully. As the two golden flames in his eyes flickered, he headed straight for the ghostly face in the North.

Chapter 1006: Ye Chen's killing intent!

It had to be said. The ghostly face's methods were not ordinary. Every time ye chen caught up to it and shattered it, it would turn into countless ghostly faces and run away in different directions, disrupting ye Chen's vision. In just half an hour, ye chen had chased him all the way from King Yama's Palace to the eighteenth level of hell. However, when he reached the 18th layer of the saw hell, the ghost Face disappeared from his sight. He couldn't even sense it with his divine sense. Instead, under the cover of his divine sense, he saw four familiar figures in the saw hell. The four of them were dressed in black armor, and their bodies were filled with corpse Qi. All of them had green faces and fangs. They were the four underlings of the church! At this moment, the four of them were madly attacking a huge door. The

stone door did not budge at all under the attacks of the four Hanba. Ye chen was puzzled! He didn't see any trace of Yi! Thinking of this, he stepped forward. The four Hanba that were madly attacking the stone door sensed it at that moment. They turned around and looked at ye chen with caution. The leader, Qin Jian, bared his fangs and said with a hint of hostility, "Why are you here?" "Where's the support?" Ye chen gave an irrelevant answer. Bai Xuan said coldly, "the whereabouts of my master has nothing to do with you. Ye, if you know what's good for you, leave now. Otherwise, don't blame us for being impolite!" "Where this ye wants to stay, how is it something you all can restrict?" Ye chen smiled faintly. "You're looking for death!" Bai Xuan was furious. With a roar, the corpse energy in his body increased several times and he slammed into ye chen with his strong body. "Get lost!" Ye Chen's palm struck out! Bai Xuan was sent flying and smashed into the stone wall. His armor shattered and his face turned pale. The other two's faces turned cold and were about to attack. "Stop!" At that moment, Qin Jian suddenly stopped them and looked at ye chen. "Ye nankuang, do you want to go against us?" After he had suffered a loss at ye Chen's hands the last time, he regarded ye chen as a powerhouse on the same level as his Lord. Thus, he knew that even if the four great Hanba attacked together, they would not be ye Chen's opponent. "Tell me where Yi is!" Ye chen said lightly. He thought that he was a good judge of character, but he couldn't see through one person, and that was Yi! This person had been an Emperor for thousands of years before his death. After his death, he had been suppressed by the Saints of the nine families for a thousand years. Now that he had escaped, everything he had done was beyond his expectations. Qin Jian subconsciously looked at the stone door in front of him. He wanted to say something but stopped, as if he was hesitating. Ye chen took in her expression and looked up at the stone door that looked like the broken Dragon platform. He narrowed his eyes and said, "The referee is behind the stone door?" The moment he said that. Qin Jian's pupils contracted slightly, and then he said, "That's right, master is indeed inside the stone gate ..." "I think he's trapped inside, right?" Ye chen looked at him with a half-smile. "Otherwise, why didn't he bring you along? why did you attack the stone gate with all your might?" "As expected of ye nankuang!" Qin Jian did not hide it anymore. "Master was sucked in by this stone door. We saw that he did not come out after a long time. That's why we attacked the stone door." "What's inside the stone gate?" Ye chen said. "I'm not sure about that ..." "Why did you all come to Fengdu?" ye chen asked again. "You think we'll tell you?" Qin Jian laughed coldly. Hearing this, ye chen looked at the four of them deeply, then walked to the stone door. He reached out and gently placed his hand on the stone door. At that moment, the stone door, which had been motionless, suddenly glowed with a strange light. Then, countless tadpole-like words flowed out of the stone door. "Seal, it's actually a seal!" "And it's a seal jointly laid down by the Saints!" Ye chen was a little surprised. "That's right, it is indeed a seal. It seems to prevent outsiders from entering. What we don't understand is why master would be sucked in ..." Qin Jian was also puzzled. "If it was before, I'm afraid I wouldn't have been able to break the seal set up by the Saints!" Ye chen shook his head slightly and chuckled. "It's a pity. With the corrosion of time, this sealing power has become very faint ..." As soon as he finished speaking! He formed a strange seal with his hands and then heavily slammed it on the stone door. "Break!!!" It was the great five elements restriction breaking technique! "Boom ..." At that moment, the entire Hall trembled violently. Even Qin Jian and the others could barely stand still. "Boom ..." The stone door, which they could not break open no matter what, let out a loud roar and slowly opened, as if a hand was pulling it. At the same time, a rotten smell slowly flowed out from the stone door. Ye chen took a step in. Qin Jian and the others were about to follow but saw that the stone door had closed again. No matter how they attacked, it would not budge. "Damn it!" "That ye guy won't attack the Lord, will he?" Bai Xuan was so angry that he gritted his teeth. "Do you think he is a match for

the Lord?" Qin Jian laughed coldly."Please reading on NewNOvel . Org" The moment he stepped through the stone door, ye chen could clearly sense an extremely powerful spatial fluctuation being emitted. It was just like the first time a person took an elevator, they would feel a sense of dizziness caused by teleportation. After this sense of space disappeared, ye chen could finally see his surroundings clearly. What entered his eyes was a foggy world. Occasionally, dark spirits would flash past in the air. A deathly gloominess shrouded everything. "Is this an independent space?" Ye Chen's eyes flashed with a sharp light. He recognized the uniqueness of his place at a glance. At this time, many dark spirits attacked him. However, before they could get close to him, they were all shattered by ye Chen's primordial Qi fluctuation. "You're here!" A black figure appeared in the distance. He was wearing a Black Dragon robe and had a dignified expression. It was Yi. "You knew I would come?" ye chen was not surprised at all. "Naturally!" The referee gradually approached and stopped less than ten steps away from him. Yin Dragon Qi gushed out of his body, "I've been waiting for you for a long time!" "Why did you wait for me?" Ye chen frowned. The referee looked at him and admitted it openly, "Because I want to take something. Only if you and I work together will we have a chance." Things? Could it be a star core separated from the heavenly Dao? Ye Chen's heart skipped a beat. He said without a change in expression, "What do you want to take? How can you be sure that this ye will join hands with you?" The referee shook his head slightly and gave an irrelevant answer, "You have the desolate ancient forbidden tablet, right?" As soon as she said that, ye Chen's expression finally changed. "You know about the desolate ancient forbidden tablet too?" "Not only do I know about the desolate ancient forbidden tablet!" Yi stood with his hands behind his back, his lips moving slightly as he said again, "I also know that you've been to the ancient barren world. Even your wife and your parents went there!" As his voice fell ... Ye Chen's eyes flashed with a strong murderous intent. "Tsk, you know too much!"

Chapter 1007: I'm the king of men!

In a huge enclosed space. Ye chen and the referee stood opposite each other. The former's eyes were filled with killing intent while the latter's face was calm as if he had not sensed the killing intent. Under such a sharp killing intent, the wandering Dark Souls in the surroundings retreated and did not dare to come within a radius of ten thousand feet. "Ying...You know too much!" Ye Chen's long hair fluttered despite the lack of wind. The two golden flames in his eyes flickered violently as if they were about to burst out of his eyes. Other than the upper three heavens, he had never had such a strong killing intent. Not only did the referee know that he had the desolate ancient forbidden tablet, but he had also been to the ancient barren world. He even knew that su Yuhan and the others had gone there. This was one of the few secrets ye chen had in his heart! But now, it had been exposed by the other party! How could he not be filled with killing intent? "Yes!" Ying stood with his hands behind his back and smiled faintly. "I've been in the sea, so I naturally know a lot!" Then, he looked at ye chen and continued, "Do you know why the ancient barren world exists?" Ye chen slowly retracted his killing intent and frowned. "The ancient barren world is very unique. I found that it's in a Parallel Space with earth, but its cultivation system is much more advanced than earth's." "It's simple!" "Because the ancient barren world is what we call the heaven's path world," Ying said slowly. "Since ancient times, there have been people who have broken through the void and left earth!" At this point, he couldn't help but pause. "It's just that ever since the Great Tribulation of heaven and earth, the barrier between our earth and the outer realms has been sealed by the heavenly Dao's sacrifice, which has also caused the possibility of the two realms no longer connecting." "The nine families were able to leave earth because they stole the five Divine Sealing monuments left behind by the heavenly Dao?" Ye chen came to a sudden

realization. "You actually know about the divine Sealing tablet!" The referee looked at him in surprise and nodded slightly,""That's right. The nine stone tablets will forever guard our earth, and we call them the heavenly strategies. Later, the remaining forces of the nine families and the Six Nations shamelessly stole five heavenly strategies and escaped from earth." "Tian CE!" Ye Chen's expression finally changed. He finally understood why he knew that there were so many fate dynasties in the ancient barren world. It was all because of Tian CE! The so-called heaven's policy was the most important thing to establish a dynasty of fate. It could absorb the fate of the world and suppress it. As the saying goes, one life, two luck, three Fengshui, four virtues, five studies, six seven appearances, eight reveres, nine friends, and ten health. These 10 points determined a person's future. Among them, fate, luck, and Fengshui had the greatest influence on a person. They could even affect a dynasty and a country. The heavenly court that ye chen had established in the immortal realm was also inseparable from objects similar to the Heaven's Will that suppressed fate. However, those existences were called the law of heaven and could not be compared to the Heaven's Will. "In other words, my desolate ancient forbidden tablet is also a heavenly policy?" ye chen could not help but ask. "Naturally!" "But don't worry," Ying said,"I won't take your desolate ancient forbidden tablet." "There's something I don't understand. What's your relationship with the great Qin of the ancient barren world?" Ye chen looked at him with a burning gaze. The referee immediately fell silent. "Back then, I tried to suppress the nine families and the major sects so that they could be used by the great Qin. Therefore, I tried to establish the Qi Yun Empire, but I failed in the end!" "So," he said after a few seconds,"you can think of it as the great Qin in the ancient barren world being my old subordinates. They were born from my ambitions." "Do you know of a child called Qianqian?" Ye Chen's lips moved slightly. Finally, he could not help but ask the question that he wanted to ask the most. As for Qianqian ... He was feeling very complicated! The first time he saw this woman was on the busy streets. He saw her bare feet, yellow and thin on the streets. Later, there were too many mysteries about this child that he couldn't understand. However, one thing was for sure. This child was the princess of the great Qin in the ancient barren world. She seemed to have experienced a great change and had to be crossed to earth on an ancient ship. The ancient ship was then besieged by the ruins of Kunlun and turned into a Ghost Ship. "Qianqian?" The referee was slightly stunned. He seemed to be at a loss."I've never heard of her. What's so special about her?" "Forget it, it's fine if you've never heard of it ..." Ye chen looked at him deeply. After seeing that his expression did not seem to be fake, he did not continue to struggle. Then, he asked,""What do you want me to join hands with you to get?" He was testing the waters! He wanted to test whether Yi knew what he wanted to obtain, whether it was the star core left behind by Tiandao before his death! "It's a key!" The referee's eyes flickered and he was unwilling to say more,""If you're willing to help me, I can tell you how to go to the ancient barren world. I can even do one thing for you in the future!" "You know the passage to the ancient barren world?" ye Chen's eyes flashed. Don't tell me it's that Ghost Ship!" "No!" "There's another passageway, but I can't tell you where it is yet!"Yi shook his head. Ye chen was silent for a few seconds as thousands of thoughts flashed through his mind. Finally, he slowly said,""Alright, this ye can agree to it!" "Very well, ye nankuang. One day, you will be glad for your choice today." Yi finally smiled and looked up at the dark sky. The smile on his face gradually disappeared."You've been watching for so long. You're really patient. Why don't you come out?!" An indifferent voice slowly came out of his mouth, completely reverberating in this secluded space. As soon as he finished speaking, ye chen suddenly raised his head and his divine sense frantically enveloped his niwan Palace. "You don't need to investigate!" "Hehe!" Yi chuckled and said,"this guy is a malignant tumor that appeared after the death of Tiandao back then. Even I can't detect his existence!" "I can sense the aura of a huge spirit!" Ye Chen's eyes narrowed

slightly. Two golden flames flickered in his eyes."You have been spying on me since I came in. You used a fake Book of Life and death to confuse everyone and tried to get rid of me. Don't you want to come out and meet me?" "Chi Chi ..." The originally peaceful and quiet enclosed space suddenly began to stir restlessly, as if the sea was beginning to boil. The dark space above ye Chen's head began to change dramatically, like a huge black hole in the night sky. "Chi ..." Immediately after, an extremely powerful soul pressure descended from the void, followed by the appearance of a giant face about a thousand feet in size. The giant face looked like a ghost's face, as if it was pieced together by countless faces of different sizes. It was filled with a cold and strange color. "You're nothing more than the body of the First Emperor of Qin," the giant face said slowly."You know of my existence, yet you still dare to provoke me?" "A provocation?" Chi let out a long roar and bared its fangs. Its sky-covering wings appeared,""As the human King, I should kill all my enemies in the world, not to mention you, a malignant tumor formed by the resentment of countless alien cultivators!"

Chapter 1008: Ye chen and Phoenix joining forces!

In the gray, enclosed space. Following the appearance of the strange giant face that was nearly a thousand feet in size, the many Yin spirits that were hovering in the enclosed space also prostrated themselves on the ground and trembled, as if they were unable to endure the spiritual pressure. "Evil spirit?!!" Ye Chen's eyes narrowed as he studied the giant face above his head."And it's a demon whose soul power is comparable to that of a soul formation stage cultivator!" The so-called evil spirits referred to living beings born from the negative emotions of humans. They were invisible and shapeless, but they truly existed in the world, undying and indestructible. Thinking of this, his expression became a little grave. No wonder the church wanted to join forces with him! This demon's soul power was on par with a soul formation cultivator 's, and his spiritual energy was only at the early nascent Soul Stage. "That's right, it's the evil spirit!" Yi laughed mockingly."According to my understanding, the human race suffered heavy casualties during the great calamity of the world back then. More than half of the people in the outer realms were killed and injured as well. Many of the dead and injured have resentful souls. After so many years, they have actually fused into an evil demon." "An evil demon that contains all the negative emotions of the alien cultivators!" At this point, Yi narrowed his eyes."In fact, the change in Fengdu was caused by it. Its purpose was to absorb fresh souls. Its existence has been hidden from everyone for so many years." The giant face undulated in the air and looked down coldly at the referee and ye chen."How did you find me?" It had been hiding for thousands of years. Even the Saints of the nine families had not discovered it and thought that it was extremely brilliant. "After you alien cultivators died in battle on earth, the powerhouses on earth were worried that you would rise from the ashes, so we gathered your remnant souls and bodies and sealed them in the lowest level of Fengdu." Yi shook his head slightly."You control the entire Fengdu, but you can't go out. That's why you've even paid a price to cause an anomaly in Fengdu to attract people from the outside world to explore."" He smiled faintly."Unfortunately, I found an inscription in Fengdu. This person was also a Saint that you lured in. Before he died, he left a secret message to inform the world of your existence!" As the referee finished speaking. The giant face fell silent, and its face became more and more twisted.""So what? even if you discover my existence, you won't be able to walk out of here alive, because I'm an invincible existence in here." "Is that so?" "If you're really invincible, why would you be afraid of my existence?" ye chen sneered. "I'm afraid of you?" The huge face moved, looking fierce but timid. "Of course!" Ye chen took a step forward and stood with his hands behind his back."Since I came in, you've been spying on me in the dark. You even deceived others with a fake Book of Life and death so that they would attack me. Your

purpose was to get rid of this threat.” “What a load of nonsense!” “You ...” The giant face trembled and became even more ferocious.” “Since the two of you are so determined to die, I’ll fulfill your wish!” The next moment! The huge face opened its mouth and spat out a huge Soul Storm. The storm was like a rapidly spinning top that came crashing down on ye chen and Phoenix. “Ye nankuang, what are you waiting for?” Chi let out a long roar as his body was filled with a monstrous corpse Qi. The pair of bone wings on his back that covered the sky suddenly flapped. “Let’s fight!” Ye chen took a step forward and clenched his fists. A dazzling golden light bloomed from his niwan Palace.” “Spirit-refining spell, congeal!” As he shouted, his eyes immediately burst out with a bright divine light. Invisible divine thoughts gathered in front of him and formed a Divine Hammer in the void. This was the manifestation of spiritual will! The moment ye chen gently held the divine hammer in one hand, nine rays of divine light burst out from the hammer. As he took a step into the air, the divine hammer in his hand suddenly grew to a size of more than 100 feet. It directly exploded the space and ruthlessly blasted toward the soul Storm that was coming close to him. The two of them used their true strength as soon as they attacked. The terrifying power that erupted in that instant almost crushed the space. “Boom ...” Yi’s body turned into a purple-black shadow that shot into the sky.” “I have a zombie body and have long been abandoned by the Three Realms. I have a soul but not a soul. Your soul attack is useless Against Me!” Chi was unmoved by the violent Soul Storm, and it shot toward the giant face without any resistance. “Roar!” With a furious roar, the Taotie’s teeth expanded, and golden flames erupted from its body, dyeing the entire space golden. If one were to look closely, one would discover that his body was covered in Golden Dragon scales. His hands were like a pair of monstrous dragon claws. “Swish!” After he arrived below the giant face, he stretched out his hand and a Dragon Claw that was about a hundred feet long directly pierced through it. Finally, it landed on the giant face as fast as lightning. “Chi ...” Immediately after, a wave of energy fluctuation visible to the naked eye spread out from the Dragon Claw and directly penetrated the giant face. “Roar!” The giant face roared, its voice containing extreme pain. The malevolent expression on the face that was pierced through was extremely intense.” “Bastard, how dare you hurt me! I’ll definitely tear you into pieces!” Then, it opened its huge mouth and tried to swallow Yi. At this moment, a huge Divine Hammer with nine divine lights came crashing down. “Boom ...” The space trembled, and the giant face let out a shrill scream. Under this hammer, it was actually smashed into a large flat face, and its facial features were completely distorted. “Devil domain, devour all things!” “Boom ...” The viscous demonic Qi gushed out of his body and rushed toward ye chen and Phoenix with a momentum that seemed to engulf the world. “Bang ...” Yi was the first to be sent flying back by the demonic Qi storm. A trace of golden blood appeared at the corner of his mouth, and his pair of dragon claws were torn. Ye chen also grunted. The giant face had clearly gone mad. It was actually madly sacrificing the soul power in its body to activate the demonic Qi, wanting to completely destroy this enclosed space. “What a pity ...” The referee coughed lightly and could not help but say regretfully,” “If I could merge with my Dharmakaya, it would be much easier to deal with such a spirit.” He had a zombie body, and his biggest advantage was his physical body. Speed was also an advantage, but the giant face was a spiritual body, so even if he used all his strength, he could not seriously injure it. “Are we going to risk our lives ...” Ye Chen’s eyes flashed with determination. The giant face had the mental power of the soul formation stage, while he was only at the early nascent Soul Stage. The difference between the two was not small. Unless he could burn a part of his spiritual power to stimulate his niwan Palace and increase his spiritual sense, he might be able to get rid of it. However, if that was the case, his consciousness would definitely fall into a period of dispiritedness, and he might even fall in cultivation. If

Richard, the uncertain factor, attacked him ... At this moment, a green shadow suddenly shot out from his body and swept towards the giant face like a lightning bolt.

Chapter 1009: mutated weeping soul beast

If one looked carefully, they would find that the green light was only the size of a palm, and it seemed to be a furry little fellow. "Ghost child?!!" This sudden scene shocked ye chen. Who else could that green light be but ghost child! He didn't expect that under such circumstances, the ghost child would still dare to take the initiative to meet the giant face. After all, the other party was a soul of the soul formation stage. "Who's that?" The referee was also slightly stunned. The next moment! The moment the ghost child was about to approach the giant face in the air, it suddenly stopped, and then its body rapidly expanded at a speed visible to the naked eye. In just a few short breaths, it grew from the size of a palm to five Zhang tall, like a dark green King Kong with angry eyes. Each of its hair was as shiny as steel needles, and a golden vertical eye appeared between its brows. The vertical eye was closed. "A transformation technique?" Seeing this, ye chen was shocked. "The ghost child has mutated? It advanced after devouring the Hungry Ghost?" "Roar ..." Before the two of them could react, the ghost child, which had expanded in size, stared at the giant face. The Golden vertical eye between its brows began to squirm. As the Golden vertical eye opened, a golden light shot out from it and directly attacked the giant face. "Chi Chi ..." The golden light, which seemed to be only as thick as a fist, pierced through the giant face directly, and then the giant face let out a shrill scream. "What is it? What is this?" The giant face roared again and again in horror because the golden light just now was actually able to restrain it, as if it had a sense of crisis from the depths of its soul. What shocked it even more was that the ghost child's three nostrils suddenly shot out three rays of green light. "No!" The giant face was terrified and wanted to hide. However, before it could react, it was tightly wrapped by three rays of green light, as if it was tightly bound by three ropes. "Let me go, let me go ..." At this point, it finally began to feel fear, and its words actually became soft, because it understood that it really could be destroyed today. The ghost child did not seem to hear its plea. It took a deep breath through its three nostrils, and the giant face quickly swept toward him, its body rapidly shrinking. In the end, it shrunk to the size of an egg. Ghost child opened its mouth and swallowed it. A demigod-stage evil spirit had been dealt with by it just like that! Ye chen and Phoenix were stunned by this scene for a long time. The ghost child burped and its body shrunk to the size of a palm again. It then landed on ye Chen's shoulder, its eyes rolling around. Ye chen heaved a sigh of relief and said in surprise, "Little guy, you've really surprised me!" The ghost child jumped a few times on ye Chen's shoulder, then opened its mouth and spat out a purple pearl the size of a pigeon's egg. It slowly landed in ye Chen's hand. The purple pearl was surging with soul power. "This is its core of soul?" Ye chen was stunned at first, but then a look of ecstasy flashed across his face. "A soul core that contains 60% of the soul power of that soul formation stage demon!!!" "You're giving it to me?" Ye chen looked at it, moved. After all, if he absorbed this core of soul, his spiritual energy would be able to rise from the early nascent Soul Stage to the peak nascent Soul Stage. "Squeak, squeak, squeak ..." The ghost child jumped around on ye Chen's shoulder, waving its hands and feet from time to time, as if it was saying that it could not eat anymore and asking ye chen to take it. "Alright, I'll owe you a favor!" Ye chen smiled and put the soul pill away. He then looked around but found that the referee was nowhere to be seen. "As expected of the Emperor of the ages!" Ye chen sneered, then spread out his divine sense. As the giant face was swallowed by the ghost child, ye Chen's spiritual power was the strongest in this space. Therefore, this space was completely enveloped by his divine sense. "So it's there!" Ye Chen's eyes narrowed. His divine sense immediately

sensed the Chi's descent. Then, he took a step and stepped into the void. In the void of the dark space, there was a huge, dark golden ancient palace. The ancient palace seemed to be floating in the void, and it was 1000 feet in size. When ye Chen's figure landed on the Golden stone steps leading to the ancient Hall, the space in front of him shook and four figures descended. They were Qin Jian and the other four Hanba. Ye Chen narrowed his eyes and asked, "what?" "You four want to stop me?" "Mr. Ye, don't forget the agreement you made with my Lord!" Qin Jian took a step forward and cupped his fists as he spoke in a manner that was neither servile nor overbearing. Ye Chen sneered. "I did have an agreement with him. However, that was to join forces to kill that demon. It doesn't mean that I'm willing to be used as a tool!" "If Mr. Ye insists on barging in, then please forgive us for our offense!" Qin Jian's face sank and then he got into a formation. The three Hanba behind him also drew their swords and stood, staring at ye Chen with cold expressions. At this moment, an extremely mocking voice sounded, "You're bullying us because you have more people, right?" After that, a few figures quickly flew over. They were old ancestor yellow spring, ye Wushuang, and the others. After the evil spirit died, the secluded space was exposed to the old ancestor's senses. Qin Jian and the others' expressions changed slightly, but their figures remained unmoving, as if they were determined to stop ye Chen outside. As both sides were at daggers drawn, the referee's voice slowly sounded, "Hold on!" Then, under everyone's gaze, a majestic man wearing a dragon robe and a flat crown slowly walked out of the ancient palace. It was the house that had disappeared. At this moment, his appearance had changed greatly. He held a long sword in his hand. The long sword stirred the wind and clouds, emitting a strong Dragon Qi. The words "Tai 'a sword" could be faintly seen on it. Old ancestor yellow spring's eyes lit up because every item on Hui was a spiritual treasure, including the Dragon robe and crown. Especially the Tai 'a sword! It was comparable to the king path killing sword! Chi stood with his sword in hand and looked at ye Chen. "This is a small world that I opened up when I was alive, and all the things in here are my possessions. Do you want to compete with me?" "This so-called collection of yours is really extraordinary." Ye Chen looked at the Tai 'a sword in his hand and said, "You said earlier that you came here to find a key. Where is the key now?" "This is the key I'm looking for!" The referee waved his sleeve and a ray of spirit light was immediately thrown at ye Chen. It was a key about the size of a chopstick. Its material was unknown. It was dark gold in color, like wood and bone, but also faintly glowed with a metallic luster. The words 'immortal Qin' were written on the tablet. "Ye nankuang!" "Do you know why I was still suppressed by the nine families after I unified the six states and swept across the universe?" Yi suddenly asked. "Because of this item?" Ye Chen looked at the key in his hand.

Chapter 1010: The female corpse in the ice coffin from space!

"Your guess is correct!" "Because I once sent people to search for the three celestial mountains. Even though they did not find the three celestial mountains, they did find an ancient ruin!" Yi said slowly. "I'm not sure." He took a deep breath and said, "this ruin contains a legacy that can destroy the world. I call it the immortal Qin ruin!" "Immortal Qin?" Ye Chen's eyes flickered. This wasn't the first time he had heard these two words. Pre-Qin and immortal Qin sounded the same, but they represented different meanings. "This is immortal Qin!" "Yes." Chu Weiwei nodded. "I wanted to use the immortal Qin ruins to turn the great Qin into the immortal Qin Empire, so I naturally needed to suppress the sects and families. This was why I was viewed with hostility by the remnants of the nine great families and the Six Nations ..." "Before I was suppressed by the nine clans, I ordered people to put the immortal Qin treasure into the void and prepared two keys, one Yin key and the other yang key. Only when the Yin key and the Yang key are combined can the immortal Qin treasure be opened!" "Then where is the

immortal Qin treasure? Ye chen said. "This one doesn't know either!" "That's why I want to get the yin key back from you, and then think of a way to find the immortal Qin treasure," Yi shook his head. He looked at ye chen with a burning gaze. "If you join forces with me, you'll get half of immortal Qin's treasures after we're done." "I'm sorry, I'm not interested." Ye chen immediately declined and returned the key to him. Let's not talk about the fact that the first emperor was the Emperor of the ages, and cooperating with him was like asking a Tiger for its skin. Just the crazy ideas of the first emperor before his death were not worth cooperating with. Moreover, the first emperor and the nine clans were irreconcilable. Ye chen did not want to make more enemies because of this. After all, his current plan was only to find su Yuhan and his parents. "One day, you will understand my thoughts, because you and I are the same kind of person." The judge was not angry at his rejection. He smiled faintly and led Qin Jian and the others away. It was only after they had disappeared that Li Ying said hesitantly, "We're just letting them leave like this?" "Then what do you want? Do you want to fight with the first emperor?" Old ancestor yellow spring gave her a strange look. "What did you just say?" Li Ying was stunned at first, then he looked at the old ancestor in disbelief, "He ... He's the first emperor?!" Old ancestor yellow spring ignored him and walked straight to ye Chen's side. He looked in the direction where Phoenix and the others had left with a profound expression. "This person is different from the rumors ..." "You also felt it?" Ye Chen's eyes flickered and a smile appeared on his lips. "You're a little crazy, aren't you?" "I can't believe earth can give birth to such a powerful Lord other than you ..." Old ancestor yellow spring was left speechless. "Let's go, we should go back ..." Ye chen retracted his gaze and his brows relaxed. This trip to Fengdu had allowed him to learn a lot of dusty secrets. Of course, his greatest gain was still the soul core that was comparable to the soul power of a soul formation stage cultivator. On that day, the Dragon King Palace and the other two groups had sent out two teams to seal Fengdu, so that the secrets of Fengdu were hidden from the eyes of the world. As soon as he returned to the stars Corporation, ye chen announced to the public that he was going into closed-door cultivation to focus on refining the soul pill. On the other hand, the little girl, Mengmeng, was playing like crazy. Ever since little black had transformed into a flood Dragon, the little fellow would occasionally ask little black to carry her and fly high up in the sky. Therefore, in the few days that ye chen had been in seclusion, many people in the heavenly South had often seen such a scene. There was a Black Dragon more than ten feet in size flying around in the sky with a little girl on its back. At first, many citizens thought that mystical beasts had invaded. However, after learning about little black and ye Chen's relationship, they were completely relieved. On the fifth day of ye Chen's closed-door cultivation. A change occurred again! Various countries detected a female corpse in an ice coffin floating down from the moon through satellites and finally landed on the border between China and Myanmar. "Why is the female corpse in the ice coffin floating from the moon? Could she be the legendary Chang 'e of the Moon Palace in Chinese mythology?" "It's said that the female corpse's face was extremely ruddy, and her skin was so tender that it could break at any time. She didn't look like a dead person at all. Instead, she looked like she wanted to sleep with a beauty." "We must get this female corpse at all costs. I have a feeling that she has a big secret ..." "And that ice coffin, it crossed the Galaxy safely. Even if a meteorite were to fall at such a fast speed, it would still burn ..." For a time, all the countries were shaken, and the leaders of many forces were moved. They called for a meeting and passed down orders. The whole world was moved by the female corpse in the ice coffin. Inside stars Corporation. Li Zewei paced back and forth, like an ant on a pan. "Lady ye, may I ask how long it will be before the hall Master comes out of seclusion?" "I don't know either." Ye Wen, who was dressed in plain clothes, shook her head slightly and said, "My brother said not to disturb him during his closed-door cultivation. If there's anything, we'll

wait until he comes out.” “I’m afraid I won’t make it in time!” Li Zewei smiled bitterly. “Right now, Myanmar is in a mess. The powerhouses and forces from all over the world are fighting each other for the female corpse in the ice coffin. Our country is being targeted by all the other countries. We’re now the target of public criticism ...” At this moment, old ancestor yellow spring came over and exclaimed, “Why don’t I see the Li girl ...” “The Vice Hall Master is still in Myanmar. We lost contact with him half an hour ago, and we don’t know if he’s Dead or Alive.” Li Zewei suppressed the worry in his heart and said, “That’s why I’m here to ask Hall Master to help ...” “Is the situation that serious?” “What?” old ancestor yellow spring frowned slightly. “These barbarians from the Western countries are really determined to destroy China!” At this moment, an extremely terrifying divine sense attacked from all directions, causing the entire stars building to shake. At that moment, whether it was ye Wen or li Zewei and the others, they all fell to the ground under the soul pressure. Old ancestor yellow spring prostrated on the ground, his hair standing on end. Soul formation stage! It was actually a soul formation stage expert! The patriarch was very familiar with this kind of pressure. When he was still a soul formation realm cultivator, he often used this pressure to frighten female cultivators. Thinking of this, he couldn’t help but take a deep breath and respectfully said, “May I know which senior has come to stars Corporation? if we have offended you in any way, please forgive us!” His heart was in his throat. However, the next moment! The pressure dissipated in an instant! Before the old ancestor could react, a faint and familiar laughter slowly appeared in his ears. “Old ancestor, even if it’s to welcome this ye out of seclusion, you don’t need to give such a big bow, right?” As the space rippled open, a familiar figure slowly walked out with his hands behind his back. “Fellow Daoist ye!” Old ancestor yellow spring was overjoyed. Then, as if he had thought of something, he looked at ye chen in shock. “It’s ... It’s you?”
