

Genius 1041

Chapter 1041: Beating up angels and crushing myths!

“That’s right. That Easterner is dead for sure!”

“The Supreme Holy Spirit Lord has used the heavenly judgment to destroy everything. No one can survive!”

“This is the consequence of blaspheming the gods!”

“.....”

It was not just the Pope. Even the other members of the Royal Court had sneers and gloating expressions on their faces as if they could see the scene of ye chen being blasted to pieces by the heavenly judgment.

“Fellow Daoist ye ...”

Zi qingcang’s expression was extremely solemn.

It was at this moment that someone exclaimed, “What do you think he’s doing?”

As the White Thunderbolt came at him, ye chen did not Dodge. Instead, he accelerated his attack on Angel Quan!

“My God! He didn’t even Dodge?”

Everyone present was stunned by this sight, especially the people in the court. They could not believe their eyes.

That was a heavenly punishment summoned by an Angel!

It was different from ordinary lightning. It was a lightning that had been enhanced by holy power, and its power was far greater than ordinary lightning!

However, what happened in the next moment made them all dumbfounded. They only felt that their hearts were trembling.

After the White Thunderbolt struck ye Chen’s body, it only caused his speed to slow down for a moment. After that, he was not injured at all.

“How is this possible?!!”

“The divine judgment is actually useless against him?”

“God, isn’t this Eastern heretic’s physical body too terrifying? Could he be the incarnation of Satan?”

There was an uproar in the heavens and the earth!

The scene in front of them was too shocking!

It was not just them. Even the face of the Supreme existence, Angel Quan, finally showed a slight change.

However, he did not have time to think too much. Ye chen had already turned into a golden torrent and was rushing toward him.

“Boom ...”

His eyes glowed with a golden light as he charged forward. His speed had already exceeded ten times the speed of sound, and his golden fist was like a burning divine fire.

The blinding light of the divine flame made people feel a sharp pain in their eyes, and they didn't dare to look at it directly!

It was hard to imagine how terrifying the power of this punch was!

“Light of judgement!”

The scepter in the scepter's hand slammed down, and a beam of white light appeared on the scepter.

As soon as the white light appeared, it was like the rising sun, emitting a dazzling holy light that swept across the world.

”

Many of the outsiders who were hiding thousands of feet away to watch the battle began to smoke as soon as they were hit by the white light. When the green smoke dissipated, there was a pool of blood on the spot.

However, this was only the residual power of the light of judgment because most of its power was targeted at ye chen.

From Angel Quan's point of view, even if she could not hurt ye chen with her attack, she would at least be able to force him back.

However, the next moment!

Suddenly, a figure pierced through the dazzling white light and attacked with great force.

“Not good!”

Angel Quan's eyelids twitched, and he did not hesitate to move his body to avoid it.

“Your reaction is not bad, but it's too late!”

As ye Chen's indifferent voice fell, ye Chen's solid punch finally landed on the former's body.

“Boom ...”

Everyone saw that the space where Angel Quan was standing was smashed into dust by this punch, leaving only the whistling void storm.

The next moment, a tall figure appeared in the distance. However, the other party's figure staggered and almost fell from the sky.

Most importantly, there was a visible wound on the chest of the former, but no blood flowed out.

Who else could it be but Angel Quan!

Upon seeing this scene, the crowd below fell silent. The Pope and the others widened their eyes, almost unable to believe what they were seeing!

The Supreme Angel in their hearts had been punched through the chest by ye chen with one punch?

“Bastard!”

At this moment, Angel Quan’s hair was disheveled, and she was not convinced of her previous holiness. Her face was slightly ferocious. “You lowly creature, you dare to hurt me ...”

“Boom ...”

Ye chen did not say a word. He took a step forward and waved his fists. They were like two huge golden hammers that smashed down again.

Angel Quan’s expression changed and he tried to avoid it but ye chen was faster than him!

“Bang!”

The former was directly sent flying this time. He had no choice but to flap the wings behind him in an attempt to reduce the force.

At this moment, ye chen attacked again, not giving him a chance at all. He was as violent as a Demon God descending to the world.

“Abnormal, he’s really abnormal!”

The green Bull looked at this scene with a dumbfounded expression and clicked his tongue in wonder, “I didn’t expect that such a freak would be born in the Dharma ending age before the revival of Qi!”

“If this kid was born during the Great Tribulation of heaven and earth, the human race and earth wouldn’t have such a tragic past!”

His eyes were no longer as obsequious as before, and they were filled with extraordinary splendor. “After the death of the heavenly Dao, this child was born at the right time. This means that he is blessed with great fortune. He might be able to survive the new tribulation of heaven and earth!”

“Now that I think about it, this old bull following him was a wise choice!”

At this point, he took out a cigarette, blew out a flame from his nose, and lit it up. He took a deep breath and shouted, “Big master, all the best! I love you!”

In contrast to his smugness, everyone in the church camp, including the Pope, had a gloomy expression.

The Supreme Angel of authority was actually being suppressed by this Eastern heretic ...

“Boom ...”

At that moment, a huge Golden Palm rose up and slapped Angel Quan away.

Many people were smashed to death on the spot after being affected, only the Pope and the others hurriedly dodged.

When they saw the person on the ground clearly, it was as if they had been struck by lightning, and they could not move at all.

The sacred Spirit that they had always thought of as Supreme was now in a sorry state. Not only were both of its arms broken, but even the four wings on its back were missing. It was as if someone had ripped them off.

Countless feathers were flying in the air!

The Pope and the others had the same thought in their minds: "Lord Holy Spirit's wings have been plucked by him ..."

Then, under their incredulous gazes, they watched as Angel Quan stood up from the ground, turned around, and dashed toward the huge door in the sky.

"You lowly creature, I, pounce ballitis, will remember you. One day, I'll kill you Easterners!"

An exasperated and resentful voice was heard by everyone.

"Lord Holy Spirit is escaping?!!"

Everyone in the Imperial court was shocked, even in despair, and some almost fainted.

The scene in front of them had ruthlessly shattered the faith in their hearts.

Ye chen, the eastern heretic, was so powerful that even Lord Holy Spirit was no match for him?

"Old master, that Bird Man is about to run away!"

The green Bull, who was smoking, coughed, and the ten cigarettes in his mouth were instantly reduced to ashes.

"You want to escape to kingdom of heaven?"

Ye chen glanced at Angel Quan, who was less than a hundred feet away from the door, and his killing intent surged. "Then I'll kill my way into your kingdom of heaven and bury all of you gods!"

Chapter 1042: Killing his way into kingdom of heaven, a shocking scam!

In the face of Angel Quan's escape ...

Ye chen did not stop her. He saw that Angel Quan was getting closer and closer to the door to heaven in the void.

He put his hands behind his back and said without turning his head, "Old bull, fellow Daoist Zi, I'll be back soon!"

"This kingdom of heaven must be destroyed!"

As soon as he finished speaking, his body turned into a purple Thunderbolt and instantly chased after Angel Quan, who was less than ten feet away from the gate of heaven.

"Boom boom boom ..."

As his body moved, he triggered countless Thunderbolts in the void, which were followed by loud rumbling roars.

It was as if the sky was about to collapse.

Extreme shock flashed in her eyes as she activated the Holy Light. With a roar, she stepped into the door to heaven.

“Boom ...”

As the void trembled, the door to heaven closed quickly, as if it was going to be completely isolated from the world.

However, just as the door was left with a weak opening, a large golden hand accurately reached in from the outside!

“Open!!!”

Ye chen let out a long roar. His words were filled with Supreme dignity as if his words were the laws of heaven and earth!

His body glowed with divine light and his physical strength burst out. His right hand, which was stuck at the gate of heaven, glowed with a golden light.

“Boom ...”

Then, in front of the eyes of Angel Quan and the people below, the door to heaven that was about to close was opened by him.

“The door to heaven, he forcefully opened the door to heaven. This is too terrifying!”

“How much strength does this require!”

“Unbelievable! This is simply unbelievable!”

The many people from the church, including the Pope, all showed unconcealable shock on their faces.

One had to know that the door to heaven was the barrier between God and man. Since the establishment of the Supreme Court, no one had ever been able to achieve this.

“Who is this person?!!”

The angel of authority was truly terrified. He could not care about anything else anymore. He urged his body to rush into the kingdom of heaven.

Ye chen stood proudly in front of kingdom of Heaven’s Gate, his long hair dancing in the wind and his eyes clear!

The next moment!

He took a step forward!

At that moment, Angel Quan, who was at the forefront, felt a cold killing intent that seeped into his bones coming from his back!

Without saying a word, he waved the scepter in his hand and smashed it backward. However, at that moment, a sword light that looked like purple lightning cut across the sky.

“Bang ...”

The purple sword light directly passed through his back.

Angel Quan’s body stiffened and her pupils dilated. Then, her body exploded, turning into countless holy white lights that scattered between the heavens and the earth.

This Supreme four-winged Angel in the hearts of hundreds of millions of believers had been killed by ye chen with one strike!

At this moment, the ground suddenly fell into a deathly silence. Everyone’s eyes were dull, and their faces were frozen.

It was shocking, extremely shocking!

Fear, intense fear!

Kill the angels!

This scene was too shocking. If it was before, no one would have thought of it, let alone dared to think about it.

“The next thing is to fight against the heavenly state!”

“Since I’ve said that I’ll make the West lose its divinity, I’ll definitely do it!” Ye Chen’s eyes gleamed coldly.

Then, he took a step forward and entered the gate of kingdom of heaven. With this step, the entire kingdom of heaven trembled violently.

Seeing ye Chen’s figure disappear in the air, the people on the ground finally reacted after a brief moment of dead silence.

“Your holiness, what should we do now?” A church Saint stuttered.

The Pope’s face was as pale as paper, and his body was almost unstable. After taking a deep breath, he said, “Let’s go in and take a look!”

After saying that, he took the lead and dashed towards the gate of kingdom of heaven!

He knew very well that the kingdom of heaven was the most powerful existence above the Imperial court, and the God in the Imperial court’s heart lived in it.

Now that ye chen had charged in, it would definitely cause a great commotion. It would be fine if he lost, but if he won ...

After him, the church saints had stepped through the gates of heaven one after another.

Among the remaining Chinese powerhouses, a Demon King frowned and said, “Senior Zi, should we follow him in?”

“Naturally!”

“Fellow Daoist ye,” Zi qingcang replied without hesitation. “It’s hard to predict whether you’ll be lucky or not. We naturally have to help you!”

As his voice fell!

All the Chinese powerhouses, including the green Bull, joined forces and walked through the gate of heaven.

Inside kingdom of heaven, it was extremely huge, like an independent small world, with no end in sight.

Compared to the ruins of Kunlun, this so-called kingdom of heaven was filled with floating stone pillars that supported the sky, and illusory souls were tied to them.

These souls were all bound by white chains. Their faces were filled with pain and resentment, as if they were struggling and suffering.

If one looked closely, they would find that the White chains were endlessly absorbing the power of the soul.

At the end of these chains was a huge Palace in the void. The palace was like a boiler that absorbed all the power of the souls on the chains.

The other end of the boiler emitted an endless white energy. It was the Holy Light cultivated by the church.

When the Pope stepped into this place with the many church saints, he was instantly stunned. He felt that the heaven in his imagination was too different from the one in front of him.

In their opinion, heaven was the best place for a person after death, and it was definitely better than the world.

However, the kingdom of heaven in front of him was full of bound undead. They were screaming, howling, and asking for help. It was not an exaggeration to describe it as hell on earth.

“Your holiness, isn’t this the former green-robed Bishop of our church, Cecil?”

A church Saint passed by a stone pillar and suddenly pointed at the soul on it.

The Pope followed his hand and saw a soul struggling desperately, even reaching out to them, trying to ask for help.

“It’s said that Mr. Cecil gave his life to God, and after his death, he was received by God and entered heaven!”

Philip, the head of the church’s Holy Knights, found it hard to accept. “I didn’t expect it to be so miserable ...”

“Look, could he be the Holy Captain Nelson of our Royal Court from five hundred years ago?”

“That’s Saint Leslie ...”

“And the third Pope, Lord Smith ...”

“.....”

As the souls were recognized one after another, the expressions of the Imperial court’s experts turned gloomy, even fearful and furious.

Those who were tied to the stone pillars were all the Saints of the past. They had sacrificed everything for the church and their God!

Before this, everyone knew that they had entered the legendary kingdom of heaven, but did this happen to them?

“This is kingdom of heaven?”

“This is the heaven that our church will look up to for all eternity?” a Holy one asked with a trembling voice.

“Impossible! This is impossible!”

“Why is it like this!”

For a time, countless people roared.

“God has deceived us!”

The Pope was also trembling, “Almighty God, what have we done wrong?” You want to bully us like this?”

Chapter 1043: The five angels are here!

And at this moment, a voice mixed with anger resounded through the entire kingdom of heaven.

“Open your eyes and take a good look!”

“This is the heaven you fantasize about. This is the God you will worship forever!”

Ye Chen’s figure slowly appeared above everyone’s head.

With every step he took, he would stir up lightning in the void. There were even thousands of lightning bolts gathering behind him, forming an extremely shocking scene.

“The God you worship is just enslaving you. The heaven you fantasize about is just a scam!”

“A scam that will make them treat you as meal tickets after you die and squeeze every drop of blood and strength out of you!”

Ye Chen’s voice was apathetic. He ruthlessly revealed the only remaining fantasy in everyone’s hearts.

This kingdom of heaven, to put it bluntly, was a cage!

They tricked the people of the church who cultivated the Holy Light and made their souls fly to this place after they died. Then, they were imprisoned in the stone pillars with chains.

They were then used as petri dishes to create holy light for heaven to maintain the angels and the divine power of the gods.

After saying that, he took a step forward, and his indifferent eyes swept across the entire kingdom of heaven. The two golden flames in his eyes flickered violently. "Do you want this ye to invite you out?"

As soon as he said this, the thousands of Thunderbolts behind him rumbled continuously, as if the entire kingdom of heaven was in an endless sea of Thunder.

"Heavenly Kingdom's Holy Land, God's domain. Intruders will be abandoned by God and sent to hell!"

At that moment, an extremely majestic voice came from the palace in the void.

"Holy Land?"

"Then I'll destroy your Holy Land today!"

Ye chen snorted coldly and ignored the voice. Then, with a wave of his sleeve, countless Thunderbolts spread out in all directions.

"Boom boom boom ..."

The stone pillars that stood on the ground fell to the ground and broke. The souls that were bound to them were released one after another.

"How audacious!"

The moment the roar was heard, a figure shot out of the palace.

The other party was an angel with six wings. Holy light surged all over her body, and her body was twice as large as the authority Angel from before.

At that moment, the Pope subconsciously blurted out, "Strength Angel, it's the Holy Son, strength Angel Pavis, who is a middle-grade Angel!"

After that, a few more angels jumped out. Two of them were four-winged angels, and the other two were six-winged angels!

"It's Angel Angel Angel, Arcana Angel, angelic Angel weltez, and main Angel, torminions!!!"

Many of the people from the Royal Court were shocked. They had not expected that five angels would appear in such a short period of time, and two of them were mid-grade angels!

"Supreme Lord Holy Son!"

The Pope knelt down on one knee and folded his hands in front of his chest as he spoke to the strength angel with great respect.

"May I ask why the spirit souls from the Supreme Pontiff who went to heaven suffered such treatment? Are you telling the truth as this Easterner said, that you're just enslaving and deceiving us?"

"Not bad!"

Another imperial court Saint knelt down and questioned, "Everyone says that heaven is beautiful, but the heaven we see has shattered our fantasies."

"Stupid inferior creature!"

The strength Angel was high and mighty, and he said disdainfully, "All of you are just our dogs in the human world. Since you're dogs, you should have the awareness of being dogs."

The Pope and the others could not believe their ears, thinking that they had heard wrong.

Was this the God in their hearts?

"Human!"

The strength Angel seemed to have crossed space and arrived. Its might suppressed the world as it looked down at ye chen. "You killed the power Angel of my heavenly state and barged into the Holy Land of my heavenly state without permission. Are you not afraid of angering the gods?"

The four angels behind him also looked at ye chen with killing intent. Their eyes were as cold as a knife.

"So what if I'm enraged!"

Ye chen glanced at them and sneered. "I don't care how you enslave the Westerners, but since you dare to interfere in my Affairs, today's ending is doomed."

"How audacious!"

As soon as he said that, the beautiful four-winged Angel, Angel, who was standing behind the strength Angel, stepped forward and drew a series of chains in the air.

"Angelic restraint!"

The four-winged angel's voice was emotionless. As she chanted, a terrifying aura suddenly spread out from the iron chains. The cold wind roared, and wild waves filled the sky.

"Boom boom boom ..."

The cold chains let out a deafening screech and pressed down on ye Chen's head. It was like the hand of the death god, trying to take ye Chen's life.

However, ye chen did not move at all, allowing the huge chain to wrap around him.

"Fellow Daoist ye!"

Zi qingcang and the others subconsciously exclaimed.

The Pope and the others had complicated expressions!

They were naturally filled with hatred for ye chen. After all, the former had killed many of their people from the Royal Court!

However, if it were not for ye chen, they would not have known about the so-called heavenly Kingdom's scam. They would not have known that the God in their hearts only treated them like livestock.

Just as the chain was about to pierce through ye Chen's heart, ye chen moved!

He suddenly stretched out his strong palm and grabbed the thick chain.

"Kacha!"

He pulled hard, and the iron chain was instantly broken. Even though it was broken, the iron pieces still remained upright like a long spear.

"Die!"

Ye chen grabbed the taut iron sheet and thrust it forward, directly piercing into the head of the four-winged Angel Angel.

"Boom ..."

The four-winged Angel angel's body exploded with a loud bang. Just like Angel Quan, she turned into countless white lights.

This series of events happened so quickly that no one could react in time. When they saw the scene clearly, the world was deathly silent.

He killed a four-winged angel with just a raise of his hand?

The faces of the Pope and the others were twitching!

A look of shock flashed in the strength angel's eyes, and he could not believe what he was seeing. "Human, Who are you?!!"

"Naturally, it's the person who will kill you!"

Ye Chen's figure moved. His entire body emitted a golden blood aura. The Golden hand reached out and grabbed at the angel of strength.

Upon seeing this, the crowd was so shocked that they almost cried out. Was ye chen going to fight four angels at the same time?

One had to know that there were two six-winged angels among them, and their strength was not something Angel of authority and Angel Angel Angel Angel Angel could compare to.

"Impudent!"

"Human," the strength Angel laughed in anger, "I admit that you're strong, but you're delusional to think that you can fight against my kingdom of heaven alone. That's a big mistake!"

The next moment!

A holy light flashed between his eyebrows, and a long sword flew out. It was a golden long sword, like a cross, and it was full of holy light.

"Holy Cross sword, judgement!"

The strength Angel roared, and the crossguard sword in his hand expanded several times. It was like a huge cross that was about 30 meters long, suppressing the void.

Everyone, including the Pope, felt an irresistible pressure coming from the cross blade!

Chapter 1044: It's my turn to judge you!

"Plop! Plop! Plop!"

At that moment, everyone was unable to control their bodies and knelt on the ground, their faces filled with fear.

"The Holy Cross?!!"

When the green Bull in the distance, carrying the cute little baby, saw this scene, a trace of seriousness appeared on its frivolous face.

Although he had lived for countless years, he had been sleeping most of the time. That was how he had managed to escape the Tribulation of heaven and earth!

Even so, many fragmented fragments flashed through his memory!

He vaguely recalled that this cross blade had already surpassed the level of a spirit treasure. In the last war between the East and the West, it had killed many Chinese Saints.

"Chi ..."

Under everyone's gaze ...

A dazzling white light suddenly burst out from the huge Holy Cross sword. Then, it flew out from the hands of the self-powered Angel and slashed toward ye chen with an aura that could destroy everything.

At the same time!

As ye chen moved, he clenched his right hand into a fist and threw a punch. There was a thunderous sound and the force of his fist skyrocketed. It was as if it was wrapped in the might of heaven and earth as it rolled forward.

In an instant, their attacks met.

"Boom boom boom!"

An earth-shaking sound reverberated in the air, and an impact tore open the void and swept wildly in all directions.

Even so, the huge Holy Cross sword was not destroyed by ye Chen's fist force. Instead, it entangled ye chen tightly as if it had a life of its own.

"Break!!!"

Ye chen quickly threw a punch. With each punch, the Holy Cross sword was forced back ten feet. The huge Lightning Fist dimmed the Holy Cross sword's light.

"His physical body is too strong!"

After the crowd witnessed this scene, they looked at ye chen again with shock.

If they had not seen it with their own eyes, they would not have believed that he could withstand the Holy Cross sword of the six-winged angel with his own body.

“BOOM!”

Just as Ye Chen’s last punch landed, a crisp crack was heard.

A crack had appeared on the Holy Cross sword. As soon as the crack appeared, it suddenly enlarged like a spider web.

“Ka ka ka ...”

In the blink of an eye, under the strength Angel’s incredulous gaze, the Holy Cross sword finally shattered into countless fragments.

“Boom ...”

The strength Angel let out a blood-curdling screech as its body was sent flying, and the mark between its brows exploded.

Ye Chen was incomparably powerful, almost killing to the point of madness. He did not give him a chance at all. In a flash, his figure took the opportunity to kill.

“Not good!”

The Holy angel saw this and immediately shouted, “This person is too strong. We have to use the world-destroying light to destroy him!”

As soon as he finished speaking, a crystal scroll shot out from his body.

“Boom boom boom ...”

Then, a vertical eye appeared on the foreheads of the strength, Holy, Archangel, and energy Angels.

As the vertical eye opened, four rays of white light simultaneously shot towards the huge picture in the sky.

“Chi ...”

As soon as the crystal scroll rose into the air, it quickly unfurled and turned into an incomparably huge picture. It was brilliant and filled with dense killing intent, completely enveloping the entire ground.

The beams of light made everyone on the ground feel a shiver in the depths of their souls.

It was as if just one of them could make them unable to reincarnate and their souls scattered.

The next moment!

Tens of thousands of light rays converged and fell together. It was as if a sea of lightning had descended and wanted to destroy everything.

Everyone, including the Pope and Zi Qingcang, was in despair under such an earth-shaking power!

“Holy sh * t, it’s actually that thing!”

When the green Bull in the distance saw this, it spread its hooves without a second word and ran quickly with the cute little baby on its back.

“Crazy, this bunch of Birdmen are really crazy. They actually condensed this thing. Are they trying to destroy the world?”

“My Lord, we’ll meet again in the next life. It’s not that Bull Bull is disloyal, but this thing has appeared once before. It was him who changed the outcome of the last Great War between the East and the West!”

The green Bull cried out in alarm as he ran.

The rest of the people also ran away frantically, afraid that they would die in this terrifying white light.

However, ye Chen’s expression remained calm under this terrifying pressure. He looked up at the sky and took a deep breath.

Then, he spread out his Golden Palm and pressed it towards the sky slowly but forcefully, as if he was trying to pick the stars and moon.

“Boom ...”

The terrifying Light of Destruction fell on his body, crazily destroying his physical body as if it was going to destroy him mercilessly.

“What dogshit world-destroying light, hold on for your father!”

The night Demon Armor displayed its perfect form and firmly protected ye Chen’s physical body. It roared repeatedly.

Ye chen did not move an inch. The Emperor brush appeared in his hand. As he waved the tip of his nose, a huge “restriction” word appeared in the void.

In an instant, the world returned to silence, as if everything had been fixed in place.

The destructive light that was crazily wrapping around him did not move at all. Even the huge picture in the air stopped moving.

“What is this?!!”

The angels could not believe their eyes!

“You dare to call this the light of world destruction?”

Ye Chen’s mumbling voice rang out, causing the people who had fled far away to be dumbfounded.

“Swallow!”

Ye chen held the Emperor brush and wrote a golden character on his left palm with his palm facing up!

In that instant, all the white light gathered in his palm, like rivers flowing into the sea.

Everyone was petrified!

The strength Angel and the others had extremely ugly expressions. They couldn't accept it. After looking at each other, they all saw fear in each other's eyes.

You all have already carried out a trial on me. Now, it's this ye's turn to judge you all!"

Ye chen slowly turned around and faced the four angels with a faint smile. His smile exuded a dangerous aura.

"Not good!"

The strength angel's heart skipped a beat. He had a bad feeling and wanted to escape without a word.

"Boom ..."

Ye chen suddenly attacked. He stretched out his palm and pointed it at them. The thousands of white lights from before poured out like a vast ocean.

"No!"

The four angels' eyes were filled with fear as they roared in unison, madly summoning holy light in an attempt to avoid the attack.

They knew how terrifying the Light of Destruction was. If they were hit by it, they would definitely die without an intact corpse!

However, under ye Chen's divine sense, which was comparable to a soul formation cultivator's, how many pieces could they have?

"Boom boom boom boom ..."

Tens of thousands of white light turned into four torrents, each chasing after one person, directly sweeping across the waist.

The Archangel and the Holy angel of the four angels were the first to turn into white light and vanish into thin air. They didn't even have time to make a sound.

"You will regret this!"

Only the strength and energy Angels were full of resentment."When my master returns to this world one day, he will definitely make you beg for death!"

Chapter 1045: The number one person on earth!

"When my Lord returns, the Crusader army will descend. They will sweep away everything and suppress the world!"

The strength Angel and energy Angel cursed endlessly.

"Your master?"

Ye chen could not help but squint his eyes, 'God yehehua? What, he's not in this world now?"

If it weren't for the two in front of him, he would have really forgotten that there was a creator in Western mythology who looked down on God, Jehovah.

After all, even angels and the legendary heaven existed, so the existence of a God was not that shocking.

“Don’t try to trick us into telling you anything!”

The strength Angel thought he was afraid and sneered, “Easterner, we have to admit that you’re very strong, but you’re not a God after all. The power of our Father is not something you can imagine.”

“Not bad!”

“The Father created all things,” ability Angel said with a sinister smile. “He’s the god of this world. If you dare to kill us, you’ll be making an enemy of the Father ...”

“Boom ...”

Before he could finish his sentence, he was jabbed to death by ye Chen’s golden finger. He turned into a ball of light and scattered in all directions.

“You’re too noisy!”

Ye chen smiled disdainfully. Then, he suddenly reached out and grabbed the strength Angel in his hand. He used the soul-searching art to frantically read its memories.

But then, he found that the strength Angel’s sea of consciousness had no memory at all, only a series of strange codes, as if they had become codes.

Ye Chen’s brows furrowed slightly, then slowly relaxed.

After all, angels weren’t humans. They were energy bodies created by God. They didn’t have any gender and couldn’t even be considered living beings. Naturally, they didn’t have memories or emotions.

Just as he was about to memorize all the data, the strength Angel in his hand suddenly exploded.

“Self-destruct?”

Ye chen waved his hand to dispel the force of the explosion and shook his head slightly. “It doesn’t look like a self-destruction, it looks like my divine sense’s invasion activated the self-destruction program in his body.”

“There’s actually a self-destruct program in advance!”

His eyes suddenly flashed with a strange light, “This is interesting. I’m getting more and more interested in this Lord Jehovah!”

“It’s a pity that I can’t get any useful information from his mind. Otherwise, I might be able to find out where this so-called God is now!”

Thinking of this, ye chen secretly calculated. “However, there’s still no reaction from the other party despite the commotion I’ve caused. He’s either in a deep sleep or he’s really not on earth!”

God Jehovah was known as the Supreme ruler of the world in the West. It was said that he created the universe.

Therefore, in the hearts of all believers, God was omnipresent, omnipotent, omniscient, and omnipresent.

Ye chen naturally scoffed at this rumor. After all, if one were to compare the origins of culture, China had the longest history.

The ancestors of China had already begun to Revere nature, fantasizing about Pangu opening the sky, Nuwa creating humans, and even when the Three Sovereigns and Five Emperors were ruling the world, the Westerners were still climbing the trees naked.

Hence, though God existed, he was not as omnipotent as the rumors made him out to be.

.....

On the ground, there was a dead silence. Everyone seemed to have spoken the truth as they stared at the figure in the sky.

This was especially true for the people of the Imperial court, including the Pope. At this moment, they looked at ye chen as if they were looking at a true God.

He raised his hand to kill Angel Quan!

One man had killed his way into the legendary Holy Land of the Imperial court, heaven!

He had used his own strength to resist the combined attacks of the five angels, and in the end, he had killed all five of them in an incomparably brutal manner!

All of these achievements had greatly shaken their hearts. It was not an exaggeration to describe them as shocked.

The Pope's lips trembled.

At this moment, he didn't know how to describe his feelings. Kingdom of heaven was destroyed, but he didn't feel much sadness!

Because with the revelation of the kingdom of heaven's scam, he had truly realized that the gods they respected were just enslaving and deceiving them!

At this moment, his heart was filled with confusion and fear. He was confused about the value of the existence of the Imperial court after this incident.

They were afraid of how ye chen would deal with the Royal Court. And how would they deal with them?

"Tap tap tap tap ..."

At this moment, a series of heavy footsteps sounded and jolted the former from his daze.

The Pope could not help but look up and saw ye chen walking toward them with his hands behind his back.

Although he was not walking very fast, in this silent world, every step he took felt like he was stepping on the hearts of everyone.

When ye chen stopped and looked down at the former, he was extremely calm.

The former's heart trembled, and he immediately knelt down and said in a trembling voice, "Sinner Diao Martin III greets heavenly God ye!"

"Plop! Plop! Plop ..."

As he knelt down, all the other Saints of the Imperial court knelt down as well.

"We sinners pay our respects to heavenly God ye!"

Everyone's voice was trembling, and their bodies were trembling. They were filled with despair for their future.

No one dared to resist or escape!

This was because even powerful beings like the strength Angel could not escape from ye chen, let alone them!

Ye chen sized them up expressionlessly. The killing intent in his eyes gradually faded and he said in a deep voice, "Are you willing to submit?"

As soon as he said this, the Pope was stunned at first, and then his face flashed with ecstasy, "We're willing, we're willing!"

"We are willing!"

In an instant, extremely excited voices rang out one after another, almost covering the entire heaven and earth!

"Fellow Daoist ye!"

Zi qingcang's expression changed slightly, he wanted to say something but stopped.

"I know what I'm doing!"

Ye chen interrupted him and looked at the Pope and the others again. "Since you are willing to submit to me, hand over your soul blood!"

The Supreme Pontiff and the others did not dare to hesitate, one after another handing over all of their soul blood.

Although they knew that from now on, their lives were in ye Chen's hands, at least it was better than being executed.

"From this day forth, your church will belong to our country. The Vatican must send people to our country to pay tribute every year!"

Ye chen looked around and his indifferent voice rang out. Every word was heard by everyone.

"We will obey heavenly God ye's decree!!!"

The Pope and the others agreed in unison. Their thunderous voices spread out from the church and into the surroundings. In the end, it actually shook the entire Vatican.

In the distance, Zi qingcang and the other Chinese powerhouses watched this scene silently with complicated looks in their eyes.

They were in awe, respect, or excitement ...

A few seconds later, an almost inaudible voice spread out from the crowd. "From today on, ye nankuang will be the most powerful man on earth!"

"That's right. He defeated the Allied forces of the Western powerhouses and led us to charge into the West. He suppressed the Imperial court alone and killed six angels ..."

The other person took a deep breath and said excitedly, "I believe that when the news gets out, the whole world will be shocked. China will be ranked first among the hundred countries!"

The rest of the people nodded one after another. Their eyes were filled with excitement, passion, and even more respect.

That was because the thin figure in the distance had accomplished what no one else could have done. It was unprecedented and peerless!

Chapter 1046: The relic left behind by Zeus!

At the same time!

They were also on Mount Olympus in Greece.

At this moment, the flames of war were raging, blood was flowing, and the void was shaking. The fire almost swallowed the entire Mount Olympus.

Chi coughed slightly and looked down at the black spear that had pierced through his body.

In front of him, a God was lying on the ground, looking at him with his last breath.

"Cough, cough," an extremely weak voice mumbled. "I didn't expect the God-slaying spear left behind by the God King to still be unable to kill you!"

After saying that, his body turned into a pile of sand. A gust of wind blew the sand in all directions.

Yi was not angry at all. Instead, he smiled.

He was injured!

He had fought his way into Mount Olympus and killed more than a dozen gods. In the end, one of the gods had taken out a spear and pierced his body before he died.

This spear was a holy artifact left behind by Zeus, the king of the gods. It had pierced through his extremely hard body.

"My Lord!"

At this moment, three Men in Black armor came over and knelt down in front of him. "Are you alright?"

The referee looked around and gave an irrelevant answer, "How's the situation at the Imperial court?"

“Is there even a need to say? that ye guy is definitely still attacking the Imperial court. He might not even be the Imperial court’s match ...”

Bai Xuan, who was one of the three people in front of him, coldly smiled.

In his heart, his master was invincible. He was an Emperor in life and a hero in death!

How could ye nankuang be compared to him?

At this moment, a black shadow swept over quickly from the West. When it landed, Qin Jian’s face was revealed.

“My Lord!”

Qin Jian first looked at the wound on Yi’s abdomen in shock. Then, he knelt down on one knee and said, “The Royal Court has been suppressed by ye nankuang ...”

He quickly said what he saw.

While ye chen was attacking the church, he had been secretly observing from the side, so he knew the entire process like the back of his hand.

As his voice fell ...

Bai Xuan was shocked, “how is this possible?” That ye guy killed six angels in a row?”

“No!” Qin Jian shook his head. “I can’t be wrong!”

Meng Tian’s eyes narrowed, and the light in his eyes was extremely fierce. “Where’s God? This guy didn’t make a move?”

“God is not in this world!”

“Just like how Zeus didn’t do anything to me, I’m afraid these two have left this world long ago,” Richard said, shaking his head.

At this point, he chuckled and said generously, “I have lost this bet!”

Vatican was quite a distance away from Mount Olympus. Qin Jian had only returned to report after witnessing ye chen defeat the church and the heavenly state.

This also meant that ye chen had taken down the Royal Court first.

Therefore, he had lost!

“No!”

Bai Xuan’s Tiger Eyes glared and he said in a dissatisfied tone, “Master has won this bet. If not for the sacred artifact left behind by Zeus, the gods spear, how could master have lost?”

“Not bad!”

Meng Tian laughed coldly. “Zeus is the king of the gods. He has existed for a longer time than that bird God. Master was able to survive under his sacred object. How can that ye guy compare to him?”

“A loss is a loss!”

The referee turned around and looked at Vatican.”Qin Jian, hand over your soul to ye nankuang. I can even afford to lose the World, not to mention a mere bet?!!”

.....

Vatican church.

In the huge Palace above kingdom of heaven, the palace seemed to be a divine city and was extremely sacred. In the center of the divine city, there was a medicinal garden.

The medicine garden was covered by a layer of light, like a shining transparent bowl upside down, preventing outsiders from entering.

In the light curtain, there was a lush green area where all kinds of Saint herbs were cultivated. These Saint herbs were luxuriant green, transparent, and emitted huge energy.

There was a small green tree that was only as tall as a person, but its trunk was strong. Between its branches and leaves, there was a golden fruit that was surrounded by purple Qi.

There was also a red magnolia flower. The flower was crystal clear, as if it was the most precious gem in the world, and it was attractive.

“My God, so many Supreme medicines!”

“Before I came here, I heard that there is a sacred medicinal garden in the West. There are countless sacred medicinal herbs in it. It seems that it is the one in front of us.”

When ye Chen’s group stepped into this place, everyone was shocked by the scene in front of them. For a moment, they were somewhat unable to move.

“Golden Jade branch, Void Spirit grass, longevity fruit, dragon blood flower ...” The green bull’s eyes widened as he identified the Saint herbs in the herb garden while swallowing.

“Fellow Daoist ye,” one of the Chinese cultivators said with red eyes,”if we can bring these sacred herbs back to China, they’ll definitely improve the combat power of the Chinese cultivation world ...”

The rest of the people were also extremely envious. If it wasn’t for the protection of the barrier, they would have already rushed in to snatch it.

“Everyone, if it wasn’t for fellow Daoist ye, how could we have found this herb garden ...” Zi qingcang of Mount zigai coughed and said.

As soon as he said that, everyone was instantly speechless.

That’s right!

If ye chen had not killed his way into kingdom of heaven and destroyed all the angels, they would not have entered this place.

Moreover, although they had followed ye chen to the Royal Court, they had not contributed a single bit from the beginning to the end. They were even less qualified to lay their hands on the sacred medicine in the herb garden.

Ye chen seemed to have sensed everyone's thoughts. He smiled faintly. "I'll only pick a few of these divine medicines, the rest are yours."

"Many thanks, fellow Daoist ye!"

"Senior ye is still the most righteous!"

"....."

Everyone was overjoyed, their faces filled with gratitude.

Ye chen did not hesitate any longer. He used the great five elements restriction breaking technique and forcefully broke the barrier in front of him. He led the group in.

The rest of the people were rather well-behaved. Even though the sacred medicine was right in front of them, no one dared to snatch it after ye Chen's words.

"Sky blue flower, one of the medicines that can be used to improve the cultivation of demonic beasts. Little black will need it in the future!"

"The Bodhi flower is one of the herbs that can be used to eliminate inner demons and prevent unstable cultivation realms ..."

"Spirit well trees will automatically absorb the spirit Qi of heaven and earth, turning it into Liquid Spirit Qi, and then transplant it back home ..."

"....."

As ye chen walked, he collected some medicinal herbs that were useful for himself or the people around him.

"Everyone, I'm done. Do as you please. I only have one request. You're not allowed to fight with each other ..."

Seeing that the rest of the pills were of no use to him, ye chen said, "At the end of the day, at your level, cultivation is more about the cultivation of the heart. Medicinal pills are ultimately external objects. You must not put the cart before the horse ..."

"Many thanks, fellow Daoist ye!"

The crowd was overjoyed. After thanking him repeatedly, they rushed to the sacred herbs around them. With ye Chen's unsightly appearance in front of them, there was no big fight.

A pre-Saint ran toward a golden fruit in the distance with excitement.

At this moment, a gust of cold wind suddenly blew past him. He saw a black shadow quickly approaching and swallowing the Golden fruit in one gulp.

The man was stunned. He couldn't believe his eyes. "F * ck, who the F * ck is this?"

Chapter 1047: The mystery of the sacred medicinal garden!

In his eyes, the green Bull chewed the fruit and ran to the other sacred herbs again.

“Damn it! My Ice Spirit fruit!”

“Bastard, return the yin essence herb to this old man!”

“Damn it, this damn bull is too sneaky ...”

“Brother bull, Lord bull, please do me a favor and let me drool. Even if it’s just a few roots, it’s fine ...”

“.....”

For a moment, the scene burst out with a burst of curses. If looks could kill people, the green Bull would have died countless times.

The green Bull was startled by their gazes. Feeling guilty, he couldn’t help but say, “Why should I return something that I picked up with my own ability?”

After saying that, he raised his hoof and pointed at the cute little baby on his back, “I picked it for this girl, you can’t blame me ...”

Everyone looked at the cute little baby and their anger could only turn into a stomach full of resentment.

That’s senior ye’s daughter!

Did they dare to be calculative?

Ye chen shook his head slightly, then slowly strolled into the distance. Just as he was about to leave, he suddenly stopped.

His gaze finally stopped at a small tree about three meters away. It was only three feet tall and its trunk was only as thick as a bowl. At this moment, a white fruit was growing on it.

“What is this?”

Ye Chen’s expression changed slightly. He took a step forward and examined the White fruit up close.

It wasn’t round or oval, but a strip, a little like a rolling pin.

“It’s this kind of fruit again ...”

Ye Chen’s heart trembled slightly. The reason he recognized this fruit was that he happened to have two at home.

However, the two at home were black and green, while the one in front of him was white.

The first two were just seeds that were ripened by the liuxian bottle. However, ye chen had not studied them thoroughly until now.

He didn’t expect to see an almost identical fruit in the sacred medicinal garden. The only difference was that the fruit in front of him was a little bigger.

“Why is there such a fruit here? And who planted it?”

At that moment, ye chen stared at the White fruit in front of him, his face flickering.

The moment he stared at the White fruit, it trembled slightly.

Even though it was only for a moment, ye Chen’s sensitive divine consciousness still caught it.

“Scared? He’s afraid of me?”

Ye Chen’s eyes suddenly flashed with a bright light.”This fruit has life?!!”

The next moment!

He suddenly stretched out his arm and grabbed the White fruit.

“Chi ...”

In that instant, the White fruit disappeared in front of him. Even the small tree disappeared.

“You actually dodged my attack!”

Ye Chen’s eyes narrowed and he sneered.”This is interesting. I’d like to see what you are today!”

“Flaming golden eyes, open!”

Two balls of golden flames flickered in his eyes, and two invisible beams of light shot out from them, scanning the entire medicinal garden.

“So it’s here!”

Ye Chen’s gaze was fixed on the ground in the southeast corner. There, he saw the small tree with the White fruit from before.

“Burrow technique!”

His hands formed a seal and he burrowed deep into the ground. He then sent his divine sense toward the southeast corner.

The small tree in the depths of the southeast corner seemed to have sensed danger and subconsciously wanted to move away.

“Great five elements forbidden technique, condense!”

However, at that moment, with a cold snort, countless tiny golden threads suddenly condensed in the space around the small tree.

These golden threads covered the sky and the earth, completely sealing off the space. The small tree could not break through it no matter how hard it tried. It was completely wrapped up in them like a huge beehive.

“Collect!”

With a wave of his sleeve, ye chen collected the Golden Beehive and returned to the ground. He took a step and appeared in the main hall of the divine city.

He raised his hand and set up a wizardry barrier to prevent outsiders from disturbing him. Then, he took out the golden thread beehive and removed it.

“Chi ...”

As soon as the small tree broke free, it wanted to move away, but in the blink of an eye, its trunk was grabbed by a large hand.

“Already at this point, do you think you can still escape from this ye’s palm?”

“I’d advise you to be honest with me. Otherwise ...”Ye Chen’s lips curled into a cold smile.

After a few seconds of silence, an ethereal voice came from the White fruit,“Your Excellency, what do you want?”

The voice was hollow and ethereal. It was impossible to tell if it was male or female, but it was in extremely pure Chinese.

“Three questions!”

Ye chen chuckled,“first, Who are you?” Second, why did you appear in the sacred medicinal garden? Third, your relationship with the Supreme Pontiff!”

“Your Excellency, you’ve gone too far!”

The voice sounded again, and it seemed to be furious.“It’s better if you don’t know some things. Otherwise, it might bring you a fatal disaster. ”

“You’re not going to tell me?”

Ye Chen’s eyes turned cold. He placed his palm on the White fruit.“What do you think will happen to you if I break this fruit stem?”

“Stop!”

The voice finally changed, mixed with a trace of nervousness and even fear.“Everything can be discussed, everything can be discussed!”

“Answer my question!” Ye chen said coldly.

“Sir, do you know what you’re eavesdropping on? It contains karma that you can’t bear, you ...”

“Ah!”

Before he could finish, ye Chen’s nails had already pierced into the fruit stem and it let out a heart-wrenching cry.

“I said, I am God, Jehovah ...”

He immediately groaned.

Ye chen stopped what he was doing, his eyes burning with a fiery light.“You are God, Jehovah?”

If outsiders were to find out that the White fruit in his hand was the omnipotent God, their first reaction would probably be disbelief!

“Not bad!”

“To be precise, I am the fruit of God,” the voice said in pain. “Before God left this world, he left me in the sacred medicinal garden ...”

“And the church is just a soil I use to absorb the power of wishes of the human world and provide nutrients for myself!”

At this point, he began to threaten, “Sir, I don’t care about what you’ve done in the church or even in the heavenly state, but you must let me go. Otherwise, the consequences aren’t something you can bear.”

“How do you prove that what you said is true?” Ye chen said, unmoved.

Although he said that, he believed it in his heart and couldn’t help but think of the two fruits at home!

If the White fruit in front of him was the fruit of the way of God, Jehovah, then whose were the two fruits at home?

“Your Excellency, you’re too much ...”

The voice didn’t want to mention it.

Ye chen snorted coldly and increased the strength in his hand, immediately forcing him to compromise again.

“Mount Olympus!”

“There’s also a fruit like mine on Mount Olympus. It’s a Dao fruit left behind by Zeus!”

“If you don’t believe me, you can go to Mount Olympus and find the fruit. It will prove that what I said is true ...”

Chapter 1048: Descending on Mount Olympus!

“Zeus also left behind a Dao fruit?”

Ye chen could not help but narrow his eyes when he heard the White fruit’s words. A trace of surprise emerged in his heart again.

The so-called Dao fruit was the result of cultivating Dao. In Daoism, it was the fruit position of achieving Dao, and in Buddhism, it represented becoming Buddha.

He looked at the White fruit in his hand. “How did you know that Mount Olympus had Zeus’ Dao fruit? Also, how many existences like you are there in this world?”

Whether it was Lord Jehovah or Zeus, the king of the gods, they were the most Supreme existences in Western mythology.

If the East had to find someone who could compare to it, it would be Pangu. Pangu opened the sky and his body evolved into the sea of stars, which was equivalent to a master of creation.

The White fruit did not hide anything and said slowly, "Zeus and Jehovah are the highest gods of the West. Naturally, they understand each other."

"As for how many existences like me exist, I don't know," he paused.

"Does China have one?" Ye Chen's eyes flickered.

He happened to have two of these fruits at home, but they were not as ripe as the White fruit in front of him, and there were no signs of life.

"I'm not sure!"

"However, I do know that there were some people who achieved enlightenment in your country!" The White fruit sighed.

"For example, after I left the first volume of the Tao Te Ching at Hangu Pass on my Green Bull, I flew up into the sky,"

"Also, Bodhi Doro, the founder of the Zen sects in China, went to the eastern land from India and preached Buddhism. He founded the Zen sects and became a Buddha after his death!"

As he spoke word by word, ye Chen's doubts grew. His eyes flickered a few times and he raised his hand to set up the Grand five elements forbidden technique.

There was a hint of coldness in his seemingly calm voice. "I'm going to Mount Olympus now. You know the consequences of lying to me!"

The White fruit remained silent.

.....

Mount Olympus.

Ye chen rode the black Ox and rushed over. The black Ox said with a flushed face, "Master, what are we doing here?"

He had used the name of the cute little darling to obtain many benefits in the sacred medicinal garden, causing many Chinese powerhouses to be angry but not dare to speak up. Therefore, every time he thought about it, he felt refreshed.

"I'm here to meet someone!"

Ye chen sat on his back and looked up at the mess around him. A trace of surprise flashed in his eyes. "It seems like Yi is really here to attack this mountain. But why is he not here?"

At this moment, Mount Olympus was like a mountain of corpses and a sea of blood. It was not an exaggeration to describe it as a living hell.

As far as the eye could see, there were broken walls everywhere, making it hard to believe that a solemn temple had once stood here.

The next one.

He suddenly turned around and looked at a broken-down temple in the southwest corner. A Man in Black armor slowly walked out of it.

“It’s you!”

“You’ve come here just to wait for me?” ye chen asked.

The person who came was shockingly one of the four great corpse Kings under Tao Wu, Qin Jian!

The former lifted his foot and stepped over, then looked at him deeply, “You’ve won this bet. My master has ordered me to wait for you here!”

After saying that, he took a black bag from his waist and threw it at ye chen. Then, he turned around and left without saying anything else.

Ye chen took it and looked at it. No matter how determined he was, his eyes could not help but feel hot.

In the bag were the missing souls of his second uncle and aunt, Lin tai, Niu Qingshan, and others. What surprised him the most was that there was even the complete soul of elder Chen.

Seeing that Qin Jian was about to leave, ye chen finally said, “Say thanks to Zhen on this ye’s behalf. This ye owes him a favor.”

He did not ask where Yi obtained the soul.

Qin Jian’s footsteps stopped and he slowly turned around. She looked at him expressionlessly. “You don’t have to thank my master. My master said that this is only a bet. He can even afford to lose the World, let alone a bet!”

At this point, there was no kindness on his face. “Ye nankuang, when we meet again, we still don’t know if you’re friends or enemies with my master. You’d better pray for good luck.”

As soon as he finished speaking, he had already disappeared.

After the green Bull watched the other party disappear, a strange light flashed in his eyes. “Master, I feel that this person is familiar. Is his master the one from two thousand years ago?”

“You know about the Holy See too?” Ye chen could not help but look at him.

“Not only do I know, I’ve seen it before.”

The green Bull took out a 100-year-old ginseng from somewhere and stuffed it into his mouth, chewing as he said, “When that person shocked the world, Niu Niu was still a King in the mountains. If it wasn’t for the previous master saving me, Niu Niu would have been skinned alive by the immortal Qin Army under that person.”

At the mention of the church, even he couldn’t help but have a look of fear flash through his eyes. “That person is a tough nut to crack. Old master, you have to be careful in the future.”

Ye chen smiled and did not say anything. Instead, he turned around and walked toward the largest temple in the distance. At the same time, he spread out his divine sense.

Other than meeting the Phoenix and taking back his second uncle and aunt's souls, he also wanted to find out if the fruit from the sacred medicinal garden really existed on Mount Olympus.

.....

However, after half an hour, he had almost turned the entire Mount Olympus upside down, but he had no gains.

Ye chen took out the White fruit and said in a deep voice, "I'll give you one more chance. Are you sure Zeus's Dao fruit is here?"

He suspected that the White fruit was hiding something from him, or that the fruit had fallen into Yi's hands.

"I'm sure that Zeus's Dao fruit is on Mount Olympus, but I don't know the exact location."

"Truth be told," the voice from the White fruit said, "you know better than I do that the fruit left behind by Zeus can not be found so easily."

"This ye understanding is one thing, whether or not you've hidden it from me is another!"

Ye chen sneered. "I don't care if you're really the fruit of Dao left behind by God. However, I'll give you a piece of advice. Now that you're in my hands, I have countless ways to deal with you."

"For example, I can cut you open and erase your Dao marks. I believe that your countless years of planning will be in vain!"

As his voice fell ...

The voice from the White fruit fell silent for a moment before saying, "I am only the fruit of God. Even if you destroy me, you can't kill him. At most, you can only cause him some injuries!"

"On the contrary, if you keep me, I may be able to help you in the future. For example, Holy Lands with treasures or even help you deal with Lord!" He said.

His voice revealed a strong sense of temptation. An ordinary person would not be able to resist it. However, in front of ye chen, who was used to the deception and intrigue of the cultivation world, it was nothing.

Ye chen was about to speak when his phone suddenly rang. It was ye Wen. "Brother, the 2 fruits that you asked me to look after have disappeared!!!"

Chapter 1049: I'll bring you to your mother immediately!

Tiannan, China!

With the revival of Qi, the original ye family villa had been widened and strengthened. There were people in charge of guarding it every day and it had been established as the most important place in Tian Nan.

Everyone in the South knew who the Lord of the South was, and the ye family mansion was the former residence of the Lord.

The ye family's Villa was now a little bigger, but the interior scenery and facilities were maintained in the original state under ye Wen's deliberate request. Not even a blade of grass or a tree had been touched.

Ye Wen and the other girls knew that ye chen was a nostalgic person and did not like others touching his things.

After ye chen returned to the ye family villa with his daughter in his arms, the first thing he did was stand in the courtyard and look at the old scenery sadly.

Ever since his parents and su Yuhan went missing, he had taken his daughter to Kunlun ruins. Even when they came back from Kunlun ruins, they didn't stay here. They had been living in another villa arranged by ye Wen.

It wasn't that he didn't want to come back, but he didn't want to face this empty house in front of him. He didn't want his daughter to be sad and miss her grandparents and mother.

The old scenery was still the same, but the people were in two different places.

As if sensing his mood, the cute little baby in his arms was unusually quiet. It looked at him with its big, watery eyes and said, "Dad, do you miss your grandparents and mom?"

"Yes, daddy misses them."

Ye chen took a deep breath, then lowered his head and ruffled the little fellow's hair. "Daddy promises you, I'll bring you to find mommy immediately."

"And little brother ..." The little fellow said in a very clingy manner.

"Younger brother?"

Ye chen was stunned and then laughed. "How do you know it's a little brother? What if it's a younger sister?"

"No, it's a younger brother!"

The little guy was a little unhappy. "I'm the only one Daddy and Mommy can be so caring. If it's a little brother, I can beat him up."

When ye chen heard this, he did not know whether to laugh or cry. He also had some expectations in his heart. "Yuhan should be giving birth soon, right? It looks like I'll have to find him as soon as possible so that I can personally welcome my second child."

After saying that, he put the little guy down and said, "I still have something to do. Go and play for a while. I'll call you when I'm done."

...

In the spirit herb field behind the ye family villa.

Ye chen quietly looked around at the spirit grains that had already produced huge ears of grain. His eyes finally fell on an empty spirit field.

There were originally two small trees planted there, and the fruits they bore were the same as the White fruit he had found in the sacred medicinal garden.

But now, the two small trees and the two fruits they bore had disappeared.

Ye chen grabbed a handful of soil and frowned. "When did you discover that the two fruits were missing?"

Ye Wen, who was behind him, braced herself and said, "Just twenty minutes before I called you. At that time, it was the person in charge of guarding the spirit field who informed me."

"Who is in charge of guarding the Ling fields?" Ye chen said.

"It's the original uncle Fu!"

Ye Wen said and made a phone call. Not long after, an old man of about 55 years old in a long robe quickly walked over.

This villa was a gift from the Gu family to ye chen. Uncle Fu had been the housekeeper of this villa from the beginning, so he could be considered an old man.

"Greetings, Mr. Ye!" Uncle Fu wiped his sweat.

Ye chen looked at him carefully and said expressionlessly, "You discovered that the two small trees were missing two hours ago?"

"Yes, Mr. Ye!"

"I patrol the villa three times a day, once in the morning, once in the afternoon, and once in the evening," uncle Fu explained quickly. "I saw him this morning."

At this point, he glanced at ye chen cautiously and fearfully. "But in the afternoon, after lunch, I went to patrol again and found that it was gone."

"So you're saying she disappeared at noon?"

Ye Chen's eyes narrowed, 'from morning to noon? Was there anything unusual in the villa? For example, if an outsider enters. "

"Brother, there won't be any outsiders."

Ye Wen interrupted. "To be more precise, if an outsider were to enter, we would be able to notice it too. This is because we have installed the most advanced surveillance cameras in the entire villa. It can be said that there are no blind spots in all directions."

Ye chen shook his head.

Surveillance might be useful to ordinary people or people who were not strong, but it was nothing to people with high strength.

"By the way, Mr. Ye, your reminder has reminded me of something strange!"

Uncle Fu suddenly slapped his head as if he'd recalled something."After lunch today, I took a nap on the chair, probably because I'm old."

At this point, he recalled,""In my daze, I think I heard two voices quarreling in my ears."

"Two voices?" Ye Chen's interest was piqued.

"Yes, two strange voices. I'm sure I've never heard them before."

Uncle Fu nodded."I thought it was an outsider. I wanted to kick them out, but I couldn't open my eyes. It was like I was in a nightmare."

Ye Chen could not help but look at Ye Wen.

"Did you hear what they said?" Ye Wen bit her lips and asked.

"I'm not too sure!"

Uncle Fu rubbed his temples and pondered."They don't speak very fast, but I feel like I'll forget them as soon as I hear them,"

Ye Chen's eyes flickered.

The words and actions of a person with a high cultivation base could stir one's mind, and even if you heard it, you wouldn't remember it.

"But Mr. Ye, I vaguely remember them mentioning something about God, Jehovah, Zeus, Dao fruit ..."
Uncle Fu continued.

Dao fruit?

As soon as she said that, Ye Chen's expression finally changed."Is there any more?"

"No more!" Uncle Fu shook his head.

Ye Wen's expression didn't look too good as she reproached herself,""Brother, did someone really break into our villa?"

"Maybe!"

Ye Chen shook his head slightly.

He had just discovered the fruit of the way of God, Jehovah, in the church. This secret was only known to the Green Bull and his daughter. It was impossible to reveal it in the short term.

However, there was an accident here, and there were two sounds, which meant that two people had appeared in the villa.

The two of them must have known about the secret of the fruit of the way and were secretly monitoring him at the same time. Thus, they had made their move the moment he had obtained the God's fruit of the way from the Imperial court.

There was another possibility!

His two Dao fruits seemed to have sensed something, so they had escaped in advance!

At the thought of this, he revealed a cold smile and said to uncle Fu, "There's nothing for you to do, you can leave!"

After uncle Fu left, ye Wen looked in the direction he went and couldn't help but ask, "Brother, do you think uncle Fu is telling the truth?"

"I can sense it if he's lying!"

Ye chen shook his head. "Just to be on the safe side, send someone to keep an eye on him. Report to me if there's anything unusual!"

Ye Wen immediately turned around to make arrangements.

Only then did ye chen place his hand into the spirit field in front of him. A few seconds later, two pieces of skin appeared in his hand.

Their skin gradually swelled up in the wind, and their facial features were gradually revealed, looking like two people ...

Chapter 1050: Two people were planted!

At the entrance of a busy market in Lin city, there were people coming and going. On the side of the road, there were two handcarts.

The cart on the left was selling a cart of tomatoes, while the cart on the right was selling a basket of eggs.

"Selling tomatoes, fresh tomatoes!"

An old man with rolled-up pants and mud all over his body was squatting on the ground, smoking a pipe and selling.

At this moment, an Auntie with a birthmark on her face walked over. "I'm a smoker. How much is a pound of tomato?"

"Five Yuan per 500 grams." The smoking old man grinned, instantly revealing a mouth full of yellow teeth.

The middle-aged woman turned around and left without a word.

"Hey, hey, hey, sister, don't go!"

The smoking old man suddenly became anxious. He stood up and grabbed the former without caring about his image, "I'll give you four Yuan per 500 grams, okay? The tomatoes in my house are very fresh and pollution-free. It's good for your body whether you cook it or eat it cold."

"I say, can you not be so groping? I'm still a Virgin!"

The middle-aged woman flung his hand away in disgust. She hesitated for a moment before she said, "Forget it, give me two cattles!"

The smoking old man finally let go of his hand. He weighed two catties with great familiarity and handed it over in a bag.

The middle-aged woman paid the money and was about to leave.

“Beauty, wait!”

At this time, the boss of another cart said, “Look, you’ve already bought his tomatoes. Why don’t you buy my eggs as well?”

The middle-aged woman didn’t want to respond at first, but after hearing the word ‘beauty’, she actually became a little shy.

She turned around and saw that the person who called out to her was a bald old man in a suit and tie.

The middle-aged woman was stunned!

She had lived for so long, but this was the first time she had seen an egg seller dressed like this. If she didn’t know better, she would have thought that he was the boss of some company.

Seeing that she was not speaking, the old man in the suit seemed to be a little anxious. “I say, pretty lady, scrambled eggs with tomatoes. You bought tomatoes, so how can you not buy eggs? Mine is an authentic chicken egg from a farm ...”

“I’m taking all your eggs!”

The woman looked at the basket and saw that there were less than 20 eggs left. Then, she took out a mirror from her bag and dressed up in front of everyone.

After the old man in the suit wrapped it up, he said with a smile, “Beauty, there are 18 eggs in total. 19 Yuan will do.”

The Auntie did not reach out to take it, but suddenly asked, “That, do you really think I’m a beauty?”

She even subconsciously puffed out her chest.

The old man in the suit was stunned at first, but then he said seriously, “Of course, there are many beautiful women like you in this world.”

Only then did the middle-aged woman pay the money happily. With an egg in one hand and a tomato in the other, she twisted her bucket-like waist and left, which she had not done for many years. She even hummed.

The smoking old man looked at him in disdain. “Old bald donkey, do you have any shame? I sell fish and you sell pickled vegetables. I sell tomatoes and you sell eggs. You’re determined to eat me up, right?”

“What do you know? this is called business sense!”

“You’ve been peddling for half a day, but I’ve earned more by sleeping!” The old man in the suit said disdainfully.

“But you can’t go against your conscience and praise a fifty-year-old woman as a beauty!”

“Are you blind?” the smoking old man said awkwardly. “Didn’t you see the birthmark that covered half of her face?”

“You know nothing!”

“Do you know what a white lie is?” the old man in the suit said in an unpleasant tone. My ‘beauty’ instantly made her regain her confidence. Didn’t you see her singing ‘today is a good day’ when she left?”

The smoking old man was so angry that he coughed. Just as he was about to fight back, he suddenly looked in the direction of the ye family villa, and a trace of seriousness appeared on his frivolous face.

“That kid has discovered our dispiritedness!”

“It’s all because we left in a hurry and didn’t have time to take away the dispirited things,” the old man in the suit said in a deep voice. “I don’t know if it’s a blessing or a curse!”

“In fact, it’s the two of us who are at fault!”

The smoking old man knocked his cigarette bag and shook his head. “In the end, you and I were both reborn because of him. He left without even saying a word of thanks.”

“It doesn’t matter whether I see her or not.”

The suited old man’s eyes were deep. “It’s not good for him to know too much. The severity of the karma involved is so great that even you and I would have died back then.”

“Forget it. Let’s go. The Great Tribulation is coming. It’s time for you and me to deal with it in advance ...”

“Not bad. If we stay any longer, that brat will probably discover our tracks ...”

With a faint sigh, the two carts and two people disappeared at the entrance of the downtown Market.

Not long after, the old lady from before returned, her face filled with excitement, as if she was looking for the two handcarts.

If one looked closely, one would find that the birthmark on her face was gone, her waist was thinner, and her skin was fairer, as if she was only twenty years old.

.....

The ye family villa!

Ye chen looked at the two swollen human skins in his hands. After a few seconds, a cold smile appeared on his face.

“Decadent!”

“What a decadent!”

“So there are two of them in the ye sect!”

The next moment!

He took a step forward and disappeared from where he was standing. In an instant, he appeared in the direction of a busy market in Lin city.

He stood at the entrance of the bustling market and spread out his divine sense, almost covering an area of five miles.

In the end, his gaze fell on the crowd in the distance. There was a group of people surrounding a woman in her thirties.

"I'm telling the truth," the woman said, beaming with joy. "There were two old men selling tomatoes and eggs here just now. I ate their tomatoes and eggs, so I became beautiful."

"There weren't any tomatoes and eggs here just now. There's no two old men, did you remember it wrong?"

"Yeah, I've been sitting here since this morning, but I didn't see the two people you mentioned ..."

However, no one around her believed her. Instead, they thought she was bragging or hallucinating.

Ye Chen's sleeves glowed and he disappeared into the crowd with the woman in his arms. When they reappeared, they were already at the Ye family villa.

"Tell me the characteristics of the two people you saw!" Ye Chen immediately used hypnosis.

"One of them is selling eggs and the other one is selling tomatoes. One of them is smoking and the other one is wearing a suit ..."

The woman seemed to have lost her soul as she muttered, "No, one of them sells tobacco and the other one sells suits. No, I can't remember ..."

Ye Chen frowned. Then, he placed his hand on her head and used the soul-searching technique.

However, to his disappointment, the woman's mind no longer had any memory of what she had said. It was as if she had mysteriously disappeared in an instant.

"This method is brilliant. You didn't leave any traces. Are you afraid that I'll find you?"

Ye Chen smiled coldly and narrowed his eyes. "As long as you're still on earth, I'll find you one day. I don't believe you can hide forever!"
