

Genius 1061

Chapter 1061: The killing intent from the city!

“Boom boom boom ...”

On the solid ground, there was a violent tremor, and at the end of the surface, sand and dust rose into the sky.

The next moment!

Black shadows rushed over like a flood of steel, wrapped in a monstrous fiendish Qi, which made people's faces change.

Ye chen looked up and saw an Army of hundreds of people. Each of them was a big man in heavy armor who only had his eyes left!

Beneath him were ferocious Tigers with black stripes, each one of them at the Grandmaster realm.

“As expected of the ancient barren world ...”

Ye chen nodded to himself. ‘If this kind of combat power were to be placed on earth before the revival of spirit Qi, it would be enough to sweep across any country!’

“Phew ...”

Several hundred fierce cavalry suddenly stopped at a distance of less than ten Zhang from the group, not moving at all.

“Tap tap tap tap ...”

Then, a tall black-faced man stepped forward and knelt down on one knee. “General Peng hai pays his respects to Your Highness. We've arrived late, and we hope that you'll forgive us!”

Liu Fei's expression was cold. “This time, I went out on my own accord. General Peng didn't know about it. What crime have I committed? please rise!”

Only then did Peng hai stand up. His pair of Tiger-like eyes looked straight at Wu lie, who was beside him. “Captain Wu, you brought the princess to danger without permission. When you return, you will receive a hundred military canes. The rest of you will each receive fifty military canes!”

“Yes, sir!”

Wu lie and the others smiled bitterly and responded in unison.

Although they were cultivators, this military staff was also a magic weapon. After a hundred strikes, even if they didn't die, they would be skinned.

Liu Fei's beautiful eyes turned cold. “General Peng, I've already said that this matter started because of me. If you want to punish someone, aren't you punishing me as well?”

“Princess, I dare not!”

Peng hai immediately cupped his fists. "As soldiers, it's our duty to obey military orders. I hope you won't make things difficult for me!"

Ye chen watched this scene quietly, and the corners of his mouth gradually curled into a smile.

With his experience, how could he not see that this general Peng was deliberately trying to intimidate Liu Fei, the princess?

The former was only a general of the Tiger Battalion, a rank seven official with less than 500 men, but he dared to treat the princess like this!

That meant that there was someone backing him up!

In other words, the huge Langye County was not as united as it seemed in the eyes of outsiders!

As expected, Liu Fei quietly stared at Peng hai for a few seconds before taking a deep breath. "I'll look for my father when I get back!"

"Please take care of yourself, Princess!"

Peng hai smiled faintly and only then did he notice ye chen at the side. His face immediately sank. "Princess, this person is a little unfamiliar. Is he the thief you captured?"

"Men, quickly take him down!"

After saying that, he suddenly waved his hand!

"There!"

"Yes, master!" Several people behind him answered in unison and then rushed toward ye chen with heavy steps.

"Hold on!"

Liu Fei took a step forward and blocked ye Chen's path. She looked straight at Peng hai and said, "General Peng, senior ye is my Savior. Do you dare to touch him?"

"A Savior?"

Peng hai sized up ye chen again and smiled disdainfully. "This kid doesn't have any aura. How can he save the princess?"

"Furthermore, even if this person saved the princess, his identity is still unknown. He must be investigated!" He added.

"Is that so?"

"General Peng," Liu Fei sneered, "what if I tell you that senior ye is a fake emperor?"

As soon as these words came out, Peng Hai's expression suddenly changed. Even those soldiers who had intended to capture ye chen stopped in their tracks.

"A fake emperor?"

Peng hai stared at ye chen, his expression constantly changing. Then, he turned to Wu lie beside him. "Is this true?"

A fake emperor!

Liu Fei was right. If ye chen was really a fake emperor stage powerhouse, he really could not act recklessly!

After all, he was only a top-notch martial venerable and was only one step away from the fake emperor. This step seemed weak, but it was a world of difference!

Wu lie met his gaze and nodded. "That's right, he's indeed a fake emperor, but ..."

Peng Hai's heart sank, and then he realized that there was a hidden meaning in his words. His eyes turned cold, "But what?"

Liu Fei hurriedly looked over!

"But he is a body cultivator ..." Wu lie ignored Liu Fei's gaze and braced himself to speak.

Just as he finished speaking, Peng Hai's tensed face completely relaxed. He laughed and said, "So it's senior ye. I've been disrespectful. I hope you won't mind if I offended you before ..."

Ye chen ignored him. How could he not see that the other party was speaking to him in a mocking tone?

However, what he did not understand was why Liu Fei and the others' attitudes changed so drastically after they heard that he was a body cultivator, especially Wu lie.

"General Peng, can we enter the city now?" Liu Fei's expression was ice-cold as she forcefully suppressed her anger.

"Yes, please come in, Princess!"

Peng hai hurriedly waved his hand, and the people behind him dispersed. "Move aside, let the princess enter the city!"

"Hualala ..."

As the crowd dispersed, a wide path was immediately cleared. Liu Fei then turned back to look at ye chen. "Ye-qianbei, let's go in."

Ye chen nodded and followed.

.....

Peng hai led his men and stood still, squinting as he watched ye chen and the others enter the city.

"General, why didn't you seize the opportunity to take down that kid?" a man asked. Even if he is a fake emperor, if he dares to resist, we can immediately send a message to general Xie ..."

"That's right. The princess's faction has a fake emperor realm expert. I'm afraid there's going to be a change ..." Another person said.

Upon hearing this, Peng hai couldn't help but sneer, "It's true that he's a fake emperor, but he's a body cultivator. Body cultivators can't become emperors. This is a curse and fate."

He paused for a moment and said, "moreover, that kid has the princess's protection. Are we really going to offend our superiors?"

"Just wait!"

His eyes flickered. "Liu Qingzhou doesn't have long to live. Once he dies, we can kill whoever we want!" He said.

.....

Anlu city was a city under the jurisdiction of Langye County. It was extremely magnificent, and both ends of the street were filled with shops that stretched as far as the eye could see.

"Ye-qianbei, I've made you laugh!"

Liu Fei rode on her horse and stood side by side with ye Chen's horse. There was an apologetic look on her pretty face.

"It's fine!"

Ye chen shook his head nonchalantly and asked, "I have a question I don't understand. Why did you all have such a strong reaction after hearing that I'm a body cultivator?"

"Mr. Ye, you don't have to worry. You're able to reach such a realm through physical cultivation at such an age. It's not an exaggeration to describe you as a one in a million genius ..." Liu Fei said without answering the question.

Before she could finish her sentence, ye chen suddenly reached out and placed a hand on her shoulder. Then, he pulled her up.

"Boom ..."

At the same time, from the shops on both sides of the street, several strong killing intents suddenly swept out. Their target was Liu Fei.

Chapter 1062: The attack of corpse immortal cult!

Liu Fei suddenly felt ye chen grab her shoulder and then her entire body was directly pulled into ye Chen's arms.

At that moment, she was both embarrassed and angry, thinking that ye chen was trying to take advantage of her.

Just as she was about to struggle, she suddenly noticed several murderous auras on both sides of the street.

The killing intent made her shiver, and all the hair on her body stood on end.

"Boom ..."

In the blink of an eye, several black shadows rushed toward him from both sides, and the cultivation that erupted from them almost swept the world.

“There’s an assassin!”

At that moment, Wu lie, who had been leading the way, had a change in expression. “Protect His Highness! Protect His Highness!”

“Bang Bang Bang ...”

The other eight guards subconsciously drew their blades and charged forward, all sorts of attacks bombarding the few people in the air.

“Clang clang clang ...”

However, what shocked them was that after they slashed with their blades, they could not cause any damage at all except for setting off a dazzling flame.

“Get lost!”

Wu lie slashed one of them with his saber and immediately saw all kinds of strange talismans in the torn clothes of the man.

He seemed to have thought of something, and his expression changed. “Not good, corpse immortal cult, it’s the corpse immortal cult!”

As his voice fell, the rest of the people revealed a look of shock, and their eyes were filled with fear.

“What? It’s actually the corpse immortal cult!”

When Liu Fei, who was in ye Chen’s arms, heard this, her delicate body suddenly trembled as if she had heard something terrifying.

Ye chen squinted his eyes and sized up the black figure who was fighting with Wu lie and the others. He frowned and said, “Corpse Qi? Corpse refinement?”

“Not bad!”

“Senior ye, the corpse immortal cult is an evil sect from my great dynasty. They specialize in capturing people and using all kinds of venomous liquids to refine them into poison corpses that are invulnerable ...” Liu Fei’s pretty face turned pale.

“Ah ah ah ah!!!”

As she was speaking, screams rang out from among Wu lie and the other nine guards. Shriveled hands pierced through their chests one after another, and blood splattered down.

Seeing this scene, Liu Fei couldn’t help but say anxiously, “Ye-qianbei, I beg you to save uncle Wu and the others ...”

It was fine if she was not in a hurry, but once she was, she could not control her body from shaking, causing ye chen, who was in close contact with her, to feel a little uncomfortable.

“Ah!”

It was at this moment that Wu lie let out a blood-curdling screech. His entire arm had been pierced through by a poisonous corpse.

Without saying a word, he cut off his own arm and roared, “Princess, let’s go, let’s go!”

“Senior ye ...” Liu Fei was on the verge of tears.

Ye chen sighed softly. Just as he was about to make a move, his eyes suddenly turned to the end of the street.

“Boom boom boom ...”

Suddenly, several sword-lights appeared in the sky. These sword-lights tore through the air and quickly pierced through the poison corpses.

“Bang Bang Bang ...”

The poison corpses exploded in an instant.

Seeing this sword light, Liu Fei, who was already in despair, suddenly became happy. She suddenly raised her head and said, “Elder Hong!”

As her voice fell!

At the end of the street, several figures stepped on the air and came over. The leader was an old man in a brocade robe. The old man had a scabbard on his back, and his brows were full of sharpness.

“A fake emperor ...”

Ye Chen’s eyes flashed with surprise.

After the elder in the brocade robe walked closer, he looked at Liu Fei, “Your Highness, I’m late. I’ve given you a shock!”

When he noticed that Liu Fei was almost in ye Chen’s arms, his eyes flashed with a sharp glint.

“Feifei ...”

At this time, a young man in luxurious clothes walked out from behind him. The young man was only about 24 or 25 years old, and he was very handsome.

The young man came over excitedly and subconsciously said, “Feifei, are you okay?”

“Hong Fei, I’m fine!” Liu Fei said, relieved.

“It’s good that you’re fine!”

Hong Fei nodded repeatedly. When he noticed her and ye Chen’s ambiguous position, his face darkened. “Feifei, who is he?”

At this point, he took a step forward and suddenly reached out to grab ye chen. “Little brat, how dare you be rude to Feifei? Do you know what kind of person she is?”

His attack was extremely ruthless. His target was ye Chen's throat, and a faint murderous intent flashed in his eyes.

Ye Chen's eyes turned cold. He had only subconsciously saved Liu Fei and had no intention of being rude.

However, the young man in front of him had attacked him ruthlessly without distinguishing right from wrong. He didn't mind killing everyone!

"Stop!"

At this moment, Liu Fei suddenly stopped Hong Fei and said, "Hong Fei, you misunderstood. Ye Qian bei was trying to save me."

As she said this, her delicate face blushed, "Ye-qianbei, can you ... Let me down?"

Earlier, she had also regarded ye chen as a lecher. However, when the poison men attacked, she came to her senses.

Hong Fei was even more displeased when he saw ye Chen's embarrassed attitude. He did not even try to hide the burning jealousy in his eyes.

Ye chen nodded slightly, put his hand on her shoulder, and placed her on the ground.

The old man in the brocade robe looked at ye chen deeply and said, "Your Highness, may I know who this is?"

"Elder Hong, senior ye is my Savior. Earlier, when we were in the lost ice field ..."

Liu Fei slowly explained what had happened and then introduced it to ye chen. "Senior ye, this is elder Hong taisui from the bright sword Pavilion, and this is elder Hong's son, Hong Fei ..."

Ye chen finally understood that bright sword Pavilion was a swordsman sect within the borders of a great dynasty. Moreover, it was within Langya County.

The Langya King, Liu Qingzhou, had always treated the wise with respect. Naturally, he held bright sword Pavilion in high regard. Whenever anything happened to the Langya King, he would always ask for bright sword Pavilion's help.

"So it's fellow Daoist ye ..."

Hong taisui cupped his fists at ye chen politely, but there was no enthusiasm on his face. "I'll have to trouble fellow Daoist ye to escort me all the way. In the future, I'll escort the princess back to her residence, so you don't have to worry about it."

The meaning of his words was unusually clear.

Ye chen was unmoved!

Ye nankuang wouldn't care about one person's attitude. Now that Liu Fei was his best candidate to figure out the situation in the North, he naturally wouldn't leave easily.

Hong taisui was aware of his intention, and the smile on his face gradually froze.

However, Hong Fei, who was at the side, did not have such scruples. He said coldly, "Kid, don't you understand? Feifei doesn't need your protection anymore, why aren't you leaving?"

"Hong Fei, elder Hong, senior ye is my Savior, and he's new here!"

Liu Fei couldn't help but say, "I previously promised to bring him back to the residence. As a person, you must at least have integrity!"

"Feifei ..." Hong Fei wanted to say something but stopped.

"Alright!"

Hong taisui could only nod his head numbly, and said slowly, "That's good. Princess, let's set off immediately. His Highness is most worried about you!"

Chapter 1063: Langya Prince's Mansion!

Ye chen followed the convoy all the way north and arrived at Langye County half a day later.

Through his conversation with Liu Fei and the maidservant Xue 'er, he once again gained a deeper understanding of the great sects and dynasties, including Langye County.

The territory of the major sects spanned hundreds of thousands of miles, with five states and twenty counties within it. Each county was under the jurisdiction of dozens of cities.

Langye County was one of the great Zhou Empire's five prefectures and 12 counties.

It was said that when the great Zhou Empire was first established, the founding Emperor gave the 13th Prince, Liu Qingzhou, a fief.

Because the place was called Langya County, after the thirteenth Prince, Liu Qingzhou, opened his residence, the Imperial court also issued an edict to change his title to Langya King.

Although Langye County was only one county, its wealth was among the best among the 20 counties. In addition, it had a large amount of land and abundant resources. It was rich in beautiful women and iron ores. All the weapons in the world came from here. It could be said to be a rich land.

This fief had fallen into the hands of King Langya, which showed the trust the Imperial court had in him.

The Langya King's mansion was located in the East of Langya County.

The mansion covered an area of 1000 mu. There were many pavilions and gardens in the mansion. If an ordinary person entered, he would get lost and not be able to get out.

After the carriage stopped outside Langya mansion, Liu Fei turned around and said to ye chen, "Senior ye, junior still has to go see my father. I'll first have Xue 'er arrange for you and your daughter to stay in my king's palace. After that, I'll come and listen to your advice!"

"It's fine!"

Ye chen shook his head slightly. Then, he entered the king's residence under Xue 'er's lead. He was arranged to stay in an unusually luxurious courtyard.

After watching him leave, Hong Fei said coldly, ""Feifei, Langya mansion is in a critical period now, and this person's origin is unknown. Why do you still ..."

"Let's go and see father first!"

Liu Fei left after saying this.

Hong Fei couldn't help but look at Hong taisui and snorted, ""Father, can you drive that kid out?"

"Nonsense!"

Hong taisui's face darkened. "This is the Royal Mansion, not the sect. Besides, the Royal Highness has never tolerated any sand in his eyes ..." He said.

.....

Langya Prince's Mansion, on the wave-viewing platform.

The Mengmeng baby stood by the lake and pointed at the lake excitedly, ""Daddy, fish, look, what a beautiful fish ..."

Ye chen smiled and allowed the little guy to mess around. He looked up at the luxurious facilities around him and could not help but nod to himself.

One could see that Liu Fei had put in a lot of effort.

Xue 'er called a few servant girls over and considerately prepared ye Chen's bed before smiling. ""Senior ye, the bed is ready. If you need anything, just tell us."

When she said this, ye Chen's expression turned strange. No matter how he heard it, it sounded ambiguous!

Seeing his expression, Xue 'er was first stunned, then she reacted and her face immediately turned red. ""Ye-qianbei, I ... I didn't mean it that way ..."

"I'm fine. You can leave!"

Ye chen did not know whether to laugh or cry as he shook his head. "Take everyone out. I don't like to be served."

Xue 'er was slightly startled, but she did not ask much. She walked over and gave a few instructions, then left with the servant girls in the courtyard.

Ye chen watched his daughter play in the water in the distance and mumbled, ""Now, the most important thing is to figure out the situation in the North. Next, we should try to find out the whereabouts of Yuhan, my parents, Wushuang, and the ancestor!"

The ancient barren world was bigger than he had imagined!

Just the Empire in the North alone had a territory of hundreds of thousands of miles, not to mention the other four regions!

It was like looking for a needle in a haystack if he wanted to find su Yuhan and the others quickly.

“Unless I can develop some energy, I can achieve twice the result with half the effort through them!”

At this point, ye Chen’s eyes flickered.””The Langya King’s mansion is a suitable target. Liu Fei is also a good breakthrough point ...”

.....

Almost at the same time, a Palace in the Langya King’s mansion was heavily guarded with smoke rising in the air.

Langya Palace!

In the solemn main hall, Liu Fei took a few steps forward and knelt down respectfully,””This daughter greets father. I’ve made father worry about me!”

“Fei ‘er, please get up!”

Then, a voice that was both overbearing and weak sounded.

After that, a middle-aged man in a Python robe walked down from the main hall with the help of others to help Liu Fei up.

The middle-aged man was very valiant and extraordinary. His brows were sharp, but his face was slightly pale.

He saw this person!

Behind the hall, Hong taisui and the others were all in high spirits!

This was because this person was the thirteenth Royal uncle of the great Zhou Empire and the true master of the Langya King’s residence, Liu Qingzhou!

The Langya King gently helped Liu Fei up and looked at her lovingly. Then, he sighed,””Fei ‘er, you’ve worked hard. Fortunately, you’ve come this far without any danger.”

Seeing that her father didn’t blame her, Liu Fei felt her nose turn sour. She took the initiative to support her father.”I didn’t listen to you, father, and sneaked out. I’m sorry to make you worry.”

“It’s good that you’re back, it’s good that you’re back!”

King Langya smiled.

With the help of Liu Fei, he walked to the throne on the high platform of the main hall. Then he looked at Hong taisui and the others,””This time, my daughter was able to escape from the lost ice field all thanks to elder Hong’s power. This King thanks you here!”

The moment these words were said!

Hong taisui and the others suddenly felt their faces heat up. Although they really wanted to accept this favor from the king of Langya, they still wanted to save their face.

After taking in everyone’s expressions, King Langya frowned and said,””Did something happen on the way?”

In the end, it was still Liu Fei who couldn't help but say, "father, the reason I was able to escape from the lost icy Plains was all because of one person"

"It's not elder Hong and the others?"

King Langya was stunned at first, but then he understood the problem and couldn't help but smile. "Then who saved Fei'er? This King must properly thank him!"

"Father, it was a senior ye who saved my daughter ..." Liu Fei told him everything that happened in the icy Plains.

After hearing this, Hong taisui and the others were surprised, especially Hong Fei, who couldn't believe it.

He had killed a Wolf King at the fake emperor realm with one hand!

Even Hong taisui, who was also in the fake emperor realm, didn't think he could do this!

Hong taisui's expression changed a few times, and then he slowly said, "May I ask, Princess, I don't see any true Qi fluctuations on fellow Daoist ye's body, but he was able to kill the wolf King with one hand. Could it be that this person is ..."

"That's right, senior ye is a body cultivator ..."

Even though Liu Fei didn't want to reveal it, but in front of everyone, she still hesitated, "But ye-qianbei ..."

Without waiting for her to finish, Hong Fei laughed out loud, "I was wondering why he was so powerful. It turns out that he's just a loser ..."

Even Hong taisui and the others were disdainful.

"Father ..." Liu Fei was slightly unhappy.

"It's fine!"

"No." King Langya shook his head slightly. "No matter if Mr. Ye is a body cultivator or an air cultivator, he's my daughter's Savior. I should thank him personally!"

Chapter 1064: I'm afraid Your Highness can't afford what I want!

As soon as King Langya finished speaking ..!

Everyone, including Liu Fei and even Hong taisui, was shocked!

One had to know the identity of the Langya King. Although he was only a County King and not a Prince, he was undoubtedly an Overlord in Langya County!

Most importantly, after King Langya's cultivation went wrong, he refused to see anyone.

But now, he was actually going to meet an outsider in person? From this, one could see his love for Liu Fei.

"Your Highness, that brat is a fake emperor!"

Hong Fei couldn't help but say, "but in the end, he's still a body cultivator. Why do you have to lower yourself to such a good-for-nothing ..."

King Langya only glanced at him!

Just this one glance caused the latter to shut his mouth and not dare to say another word.

.....

In the wave-viewing platform!

Ye chen sat cross-legged with his eyes closed, motionless!

If one were to look carefully, one would discover that the spiritual energy of heaven and earth in this wave-viewing platform was gathering towards it at a speed visible to the naked eye!

In the end, it turned into a Dragon-shaped Qi that entered his nose and was completely refined.

After a few seconds, ye chen slowly opened his eyes and shook his head. "This amount of spiritual Qi is still not enough ..."

On his way to the ancient barren world, he had encountered a void turbulence. In order to protect his daughter, he had used up all his vital essence and couldn't even open his storage ring.

He had originally wanted to absorb the spirit energy in this wave-viewing platform and refine it into true essence. Even if it recovered a trace, it would be enough to open the storage ring!

However, there was too little spiritual energy!

At this moment, there was a knock on the door, followed by Xue 'er's voice, "Senior ye, can this servant come in?"

"In!"

Ye chen replied. Then, he got up and walked to his daughter who was sleeping on the swing in the distance. "This girl, how can she fall asleep like this? if she was on earth, she wouldn't even know if she was abducted ..."

"Creak ..."

Xue 'er pushed the door open and entered. She first looked at the sleeping Mengmeng before saying to ye chen, "Senior ye, His Highness has invited you!"

"Langya King?"

"Why does he want to see me?" ye Chen's eyes narrowed.

"It's because senior ye saved His Highness, and his Highness wants to thank you personally," Xue 'er answered without hesitation.

.....

In the Langya Palace!

Ye chen followed Xue 'er into the main hall and felt countless eyes focused on him.

“Your Highness, I’ve brought senior ye!”

Xue 'er’s head was lowered from the beginning to the end. After saying those words respectfully, she lowered her head and left the hall.

On the high platform, King Langya looked down at ye chen and said in a dignified manner, “You are Mr. Ye?”

Ye chen raised his eyes and looked straight at the latter. He said in a voice that was neither servile nor overbearing, “You must be the Langya King?”

“Impudent!”

With a cold snort, Hong Fei stepped forward and scolded, “In front of His Highness, not only did you not bow, you even looked straight at him. How rude!”

Then, he glanced at King Langya with a smug look. In his opinion, a man of such a high position like King Langya would not like ye chen.

However, to his disappointment, King Langya’s face was expressionless from the beginning to the end, and he couldn’t see through it.

At the crucial moment, it was Liu Fei who stepped forward to help ye chen out of the situation. “Father, this is senior ye who saved my daughter!”

“Mr. Ye is indeed a Dragon among men. Just this bearing is extraordinary!”

King Langya nodded slightly, then said, “Come, give Mister ye a seat and serve the banquet!”

Then, someone brought a chair over for ye chen. Ye chen sat down in front of everyone without hesitation.

“He’s indeed a vulgar person ...” Hong Fei couldn’t help but feel jealous.

As the banquet began, after the Langya King filled his cup, he stood up and saluted ye chen from a distance. “This cup is for Mr. Ye. Thank you for saving my daughter!”

Ye chen also stood up and returned the gesture. “It’s no big deal. Your Highness is too kind!”

He had always been like this. If you respect me, I will naturally respect you ten feet!

After he finished speaking, he drank all the wine in the cup in one gulp. He immediately felt that the wine had turned into an extremely hot stream that spread to his limbs and bones as soon as it entered his stomach.

“Spirit wine!”

Ye Chen’s heart jumped!

Although it was only a cup of spirit wine, its effect was more effective than all the effort he had put in in the courtyard.

“Mr. Ye is very straightforward!”

Seeing that ye chen had finished his drink in one gulp, a hint of admiration appeared in the Langya King’s eyes. “You must know that this King’s wine is brewed from a three-hundred-year-old fire spirit fruit. An ordinary person would fall into a deep sleep for three days and three nights just by smelling it, let alone drinking it!”

Then, he filled the cup again and toasted to Hong taisui and the others. Hong Fei had just taken a sip and couldn’t help but groan.

After a round of toasting, King Langya looked at ye chen again. “Mr. Ye saved my daughter’s life. How do you want me to repay you?”

As soon as he said this, everyone in the hall looked at ye chen, curious about what he would ask for.

“What other requests can there be?”

“To be able to save Fei ‘er is an honor he’ll never be able to dream of!” Hong Fei said coldly.

“I’m afraid Your Highness can’t afford what I want!” Ye chen smiled faintly.

As his voice fell!

“Whoosh ...”

There was an uproar in the hall, and everyone’s faces were filled with disbelief.

Not only do you dare to take it? And he said that they couldn’t afford it?

At that moment, Hong Fei almost laughed out loud. In his opinion, ye chen was the first person who dared to speak to King Langya in such a way!

The consequences would be to make King Langya unhappy. If it was light, he would be driven out on the spot. If it was serious, he would be killed on the spot!

“Senior ye ...” Liu Fei was also shocked.

“Princess Liu, I’ve saved your life twice. It’s not a big deal. It’s fine if you don’t ask me for any conditions!”

Ye chen ignored the latter’s gaze and said in a powerful voice, “But now that you’ve taken the initiative to speak, if I shake my head again, it would seem a bit hypocritical and hypocritical!”

Liu Fei was rendered speechless upon hearing this!

She did not mind ye Chen’s words. After all, it was a fact that ye chen had saved her. It was only reasonable for her to express her gratitude.

She was nervous because her father had never liked people who tried to repay favors. Ye Chen’s action was no different from offending her father.

Under everyone’s gaze, Langya King’s expression finally turned cold. “I’m suddenly curious about what Mr. Ye is after. Even I can’t afford it!”

His tone was filled with unhappiness!

Not to mention the vast land and abundant resources of the Langya King's mansion, his status as the Langya King meant that power and women were like floating clouds.

"Father ..." Liu Fei wanted to speak but stopped!

"Let him continue!" King Langya waved his hand to stop him.

Ye Chen poured himself another glass of wine and finished it in one gulp. He said indifferently, "I want half of your Langya mansion's spirit stone mine!"

On the way here, he had already decided that if he wanted to quickly recover his true Qi, he could only rely on spirit stone veins!

The Langya King's mansion occupied tens of thousands of miles!

He would definitely not be lacking in spirit stone veins!

Chapter 1065: Only I can save your life!

As Ye Chen's voice fell ...

The hall fell into a deathly silence for a short while. Everyone's eyes widened as they looked at the former in disbelief!

Even Liu Fei used her hand to cover her red lips, thinking that she had heard wrongly!

To a country or a sect, money was nothing. The most important thing was the magnetite mine!

This was because the mineral veins could continuously produce Heaven Earth Yuan Qi, and could even replenish the elemental energy of cultivators!

The so-called spirit stones were the purest of mystical stones that evolved into the highest grade. It could be said that they were even more valuable than mystical stones.

This was because there were usually only a few dozen spirit stones in a single magnetite mine!

Now, Ye Chen had asked for half of the spirit stone mine. If this was not an outrageous price, what else could it be if not an exorbitant demand?

"Are you crazy?"

Hong Fei immediately jumped out and pointed at Ye Chen. "How dare you ask for half of the spiritual stone mine?!"

Hong Taisui and the others sneered. They had almost sentenced Ye Chen to death in their hearts!

King Langya's hand, which was holding the cup, suddenly froze. A strong murderous intent flashed in the depths of his deep eyes!

Ye Chen's words had really touched his reverse scale.

However, he was also a shrewd person, and his killing intent dissipated in a few seconds. He took a deep breath and said, "Mr. Ye's request is indeed very big. I can't afford it!"

"Send the guest out!" He waved his hand.

Immediately after, a guard walked over and said expressionlessly, "Please!"

"Father!"

Liu Fei subconsciously stood up and tried to speak up for ye chen. However, the Langya King was unmoved, as if he did not hear her.

"Let's go, kid!"

Hong Fei laughed.

However, ye chen did not move. He did not even raise his head as he said, "Langya King, what if I say that you don't have much time left and only I can save your life?"

As soon as he said that, the entire place went silent!

Liu Fei turned her head and looked at him in disbelief. After that, she closed her eyes in despair.

This was crazy!

Mr. Ye was really crazy!

Father was only injured because of a problem with his cultivation. How could it be related to the fact that he did not have much time left?

"Bastard!"

This time, even Hong taisui, who had been silent all this time, stood up and said coldly, "Fellow Daoist ye, you dare to curse His Highness? are you really not afraid of death?"

"Why aren't you taking him down yet?"

Hong Fei only wished for the world to be in chaos.

"Tap tap tap tap ..."

At that moment, countless guards rushed in from outside the hall and surrounded ye chen!

What the crowd did not notice was that the moment ye chen spoke, the Langya King, who had his back to them, trembled slightly.

But he still did not turn around!

Ye chen was still unconcerned despite being surrounded by swords and sabers. "Langya King, if I'm not wrong, your Langya King's mansion is currently facing internal and external troubles, right?"

"You are the only spiritual pillar of the royal family and the most powerful man. Think about it. If you die, your royal family will collapse like a skyscraper!"

"Everything you're protecting will be implicated ..."

“Enough!”

Before he could finish speaking, Langya King turned around abruptly and flew into a rage. “Mr. Ye, you’ve offended me many times. You should be executed. But for the sake of my daughter, get lost!”

As soon as he finished speaking, the guards around him all rushed forward and surrounded ye chen, clearly wanting to take him down!

“Forget it, forget it, this ye will leave!”

Ye chen smiled faintly and did not mind. He picked up a wine glass, stood up, and flashed past the countless guards, finally disappearing from the hall.

Seeing this, Hong Fei was anxious. “Your Highness, this person is so rude. How can you let him leave so easily?”

“Not bad!”

“I don’t mind helping,” Hong taisui said. “I’ll get rid of this hidden danger for Your Highness.”

“No need!”

“Let’s continue!” King Langya waved his hand and interrupted. “No one is allowed to leave without my order!”

Hearing this, Hong taisui could only suppress his killing intent, while Liu Fei looked at the king of Langya with gratitude.

It was because she knew that although King Langya’s action seemed heartless, he was actually protecting ye chen. As long as Hong taisui and the others could not leave, ye chen would have a chance to escape.

The banquet was very long. Hong taisui and the others glanced at the drunk King of Langya. They had asked to leave many times, but were refused.

It was late at night when the king of Langya announced the end of the banquet. Hong taisui and the others left the mansion under the protection of the guards.

As soon as they left, the originally drunk Langya King waved his hand to dismiss everyone, leaving only Liu Fei behind!

“Pfft!”

At that moment, King Langya couldn’t help but spit out a mouthful of black blood. His face quickly turned pale and he fell to the ground.

“Father, are you alright ...”

Liu Fei’s expression changed as she hurriedly went up to receive him!

“I’ve been poisoned!”

King Langya suddenly held her hand tightly and said weakly, "Fei 'er, quickly, quickly invite that Mr. Ye back!"

"What did you just say?" Liu Fei was in disbelief.

"Fei 'er, I've been hiding this from you. I didn't get injured from cultivation. I was poisoned, and it was a rare poison!"

King Langya smiled bitterly. "I can only live for a month at most. That's why I don't want you to go to the icy Plains to find the ice jade Lotus. You can't be saved!"

"Father, who poisoned you?" Liu Fei's face was ashen. She was shocked and angry!

"It's bright sword Pavilion!"

King Langya spat out another mouthful of black blood. "Silly child, ever since the Emperor passed away and the young master took over, many vassal lords have long been tempted to make a move!"

Liu Fei felt as if she was struck by lightning when she heard this!

Bright sword Pavilion!

That was his father's most trusted sect!

And Hong taisui and the others were from the bright sword Pavilion!

"Including the substitute King, King Chu, and King you, they have long been plotting a rebellion, secretly recruiting soldiers and buying horses, and forging weapons!"

"And our Langya County is rich in iron ore," the king of Langya said intermittently. "They want to drag father into the water and rebel with them!"

As he said this, his eyes widened and his face flushed. "This King is deeply indebted to the Emperor and is the uncle of the current young master. How can I do such a disgraceful thing? this King would rather die than obey!!!"

"So they poisoned father?" Liu Fei's heart was struck by thousands of Thunderbolts, and she felt extremely pained!

"That Mr. Ye is right!"

Langya King panted heavily and said, "I'm not afraid of death, but I can't die. If I die, Langye County will be finished. My dynasty will be finished too!"

"Father, since senior ye could tell that you were poisoned, why didn't you ask him to stay?" Liu Fei didn't understand.

"Silly child!"

The king of Langya smiled bitterly. "The bright sword Pavilion tried to harm me, and Hong taisui and the others were watching me. Now, Mr. Ye is telling them that I'm dying in front of them. He's really asking for trouble!"

“Chi ...”

In that instant, Liu Fei’s mind was completely blank, and then she became extremely clear-headed.

That’s right!

The moment father shows that he believes it!

Hong taisui and the others would probably attack him on the spot!

Although they were few in number!

However, in such a large royal residence, who could guarantee that everyone was loyal, and who could guarantee that the power of other vassal kings had not infiltrated!

“Father, just you wait. I’ll go and invite Mr. Ye immediately. I’ll give him all of the spirit stone mines in the Wang family, let alone half of them!”

Liu Fei didn’t say another word and quickly left!

Chapter 1066: In front of me, you won’t have the chance to draw your sword!

That night, in Wuqing city.

Wuqing city was a city under the jurisdiction of Langya County. The city covered an area of tens of thousands of acres and was about a hundred miles away from Langya Palace.

In a run-down temple outside the city.

Faintly, a ball of fire was blooming, and the fire was wavering in the wind.

The Mengmeng little darling leaned against the mountain god stone statue and stared at the deer leg in ye Chen’s hand that was almost done roasting.”Daddy, are you done yet? I’m hungry ...”

“It’ll be done soon, just wait a little longer!”

Ye chen smiled helplessly and flipped the deer leg over the fire. Then, he began to sprinkle spices such as salt and other spices.

“Pi Li pa la ...”

As soon as the spice was sprinkled, a series of explosions sounded. The deer leg was golden in color, and the Golden oil dripped into the fire.

“It smells so good!”

The little guy was drooling, and his stomach was growling.

“Alright, let’s eat, you greedy cat!”

Ye chen tore off a small piece, put it to his mouth, and blew on it. Then, he handed it over and wiped it on the little guy’s face.

The little thing immediately became a little cat. She raised her head and wiped her face on ye Chen’s clothes before picking up the venison and eating it. “Daddy is bad!”

“How’s daddy’s cooking?” Ye chen quietly watched his daughter gobble up the food and felt a little guilty.

“It’s just so-so!”The little fellow mumbled.

Ye chen could not help but laugh.“When I find mommy, I won’t do anything. I’ll just open a barbeque shop to support you and mommy. What do you think?”

“Dad, if that’s the case, you won’t be able to support us.” The little guy put down the things in his hands and looked at him with a serious face.

“Why?” ye chen was stunned.

“Daddy is stupid.”

The little guy smiled slyly.“I have to eat a lot. I have my mother, my brother, my grandparents, and my uncle ...”

Ye chen was stunned.

“Hu hu hu ...”

At this time, the firewood in front of the father and daughter suddenly began to violently flutter, and a strong wind swept in from outside the door.

“I’m a little late!”Ye chen shook his head.

As soon as he finished speaking, a series of air-piercing sounds came from outside. Then, several figures descended outside the temple.

Then, an old man in a brocade robe with a scabbard on his back slowly walked in.

It was Hong taisui.

The other party expressionlessly sized up the situation in the temple, then turned to ye chen.””Fellow Daoist, we’ve been looking for you for a long time!”

Ye chen was unmoved. He fiddled with the firewood.”You guys also made this ye wait a long time!”

“It seems that fellow Daoist also knows why I’ve come!”

Hong taisui looked at him deeply. Apparently, he didn’t expect him to be so calm,””Just one word. As long as fellow Daoist ye swears allegiance to bright sword Pavilion, I can spare your life.”

Just as he finished speaking, Hong Fei walked in from outside and sneered,””Father, this brat is just a useless body cultivator. Just kill him, why waste your breath on him?”

“What do you think, fellow Daoist ye?”

Hong taisui did not seem to hear him. He looked at ye chen steadily.”My patience is limited. At this moment, there are several experts from my bright sword Pavilion outside the temple. You can’t escape even if you have wings!”

"There's something I don't understand. Why do you want to kill me? Could it be because of a junzhu Liu Fei?" Ye chen did not even raise his head.

"That's because you saw through His Royal Highness's injuries ..." Hong Fei said subconsciously.

"Shut up!"

Before he finished, he was interrupted by Hong taisui, who said coldly, "Fellow Daoist ye, don't expect anyone from Langya mansion to save you. You only have two choices tonight. Either you die or you surrender!"

"That's right, brat. If you don't want to die, hurry up and kneel down and kowtow to us ..."

"You ..." Hong Fei's expression was ferocious. "How about we kill you and then ravage your daughter ..."

In his opinion, his father, Hong taisui, was also a great man of the fake emperor realm, and a sword cultivator at that.

In addition, several martial uncles had sealed off the area outside. No matter how strong ye Chen's explosive power was, he had no choice.

"I originally wanted to let you live for a few more breaths!"

When he heard this, ye Chen's eyes turned cold and he said slowly, "Congratulations on touching this ye's reverse scale. Today, not only will you all die, this ye will also exterminate the sects behind you all!"

"You're looking for death!"

Hong taisui's eyes were full of anger. He took a step forward, and the scabbard behind him kept shaking, as if it could be unsheathed at any time!

"In front of this ye, you have no chance to use your sword, you ant-like thing!"

Ye chen reached out and his golden fingers turned into the size of a millstone. He clenched his fist and twisted the surrounding void.

Hong taisui subconsciously wanted to wield his sword, but he found that he couldn't move his body at all, as if he was imprisoned by an irresistible force.

As Hong Fei watched in horror, he saw ye chen grab his father and lift him in the air.

"Who ... Who are you?" Hong taisui's eyes were wide open, almost bursting, and his whole body was shaking.

He was a fake emperor!

He was actually so easily restrained by a young man, without the slightest bit of resistance!

Powerlessness! Despair! Fear!

Ye chen narrowed his eyes and said, "I'm not someone you can afford to offend!"

As soon as he finished speaking!

Hong taisui, who was in his hand, turned into a pool of blood mist!

Seeing this, Hong Fei ran out of the temple without a word and roared, "Martial uncle Cheng, martial uncle Feng, run, run ..."

"Escape?"

Ye chen sneered. He took a step forward and his figure swept out of the temple. His powerful killing intent was like a huge wave in a Lake, sweeping in all directions.

.....

At the same time, less than twenty miles away from the ruined temple, two figures were flying toward the ruined temple at a speed that surpassed the sound barrier.

If one were to look closely, they would find that it was an old man in a gray robe. He was grabbing a woman's shoulder with one hand.

Liu Fei's heart was in a mess. "Uncle Nan, hurry up! Hurry up! We can't let anything happen to senior ye!"

"Princess, this is already the fastest speed I can go!" When uncle Nan heard this, he smiled bitterly.

Although he said that, he didn't care at all in his heart. He was a Minister of offerings in the Langya Prince's Mansion, but now he had to personally save a body cultivator.

After the time it took for an incense stick to burn, when uncle Nan brought Liu Fei to the ruined temple, he discovered that there were no traces of a fight at the scene.

Meanwhile, ye chen and his daughter, whom she had been looking for, were eating in the temple.

Liu Fei did not have time to think too much. After she quickly entered the temple, she sized ye chen up with great concern. "Ye-qianbei, are you alright?"

"What are you doing here?"

Ye chen said without a change in his expression.

He had been too full of killing intent just now and didn't leave any of them alive. Therefore, he didn't know the relationship between Hong taisui and Langya mansion!

Therefore, when he was facing Liu Fei, he was more on guard.

"Senior ye, the matter is very complicated and I don't have time to explain. Please return to the Wang Residence with me first!"

Liu Fei shook her head. After which, she said in an extremely apologetic manner, "My father still wants to see you one more time!"

Chapter 1067: -woeful poison!

Almost at the same time, in the radiant sword Pavilion, thousands of miles away from Wuqing city!

An old man holding a sword looked at the broken soul plates in front of him and said expressionlessly, "Hong taisui and the others are dead!"

"Who dares to kill the people of my bright sword Pavilion?" An expert standing behind him was furious.

A higher-up frowned and said, "Could it be that Langya King took the initiative to attack?"

"Liu Qingzhou, you're poisoned, but you still dare to be dishonest. If I had known this would happen, I wouldn't have let you live until now!" Another person said coldly.

"The eight kings are ready, and half of the military's high-ranking officials have already begun to defect. They're just waiting for us!"

The sword-wielding old man squinted his eyes. "Inform the other three families. It's time for us to lay our cards on the table tonight. Our unparalleled Foundation and achievements will be accomplished today!"

.....

Two hours later, Langya mansion.

After King Langya forced himself to stand, he suddenly bowed to ye chen. "Mr. Ye, please save my life!"

Ye chen was unmoved. He gave a half-smile. "What is your Highness doing? This ye can't stand it!"

Seeing that he was trying to figure out his identity, Langya King smiled bitterly. "During the day, Mr. Ye said that I don't have much time left. I can't express my opinion in front of outsiders, so I drove you out!"

"An outsider?" Ye chen frowned.

At this moment, Liu Fei who was at the side bit her lips and said, "Senior ye, you don't know this, but there's an undercurrent in the Langya King's mansion, so father has to be extremely careful!"

Seeing that the father and daughter were still hesitating and unwilling to reveal too much, ye chen smiled faintly. "If you want me to save you, it's very simple. I want all the spirit stone mines in Langya County!"

Hearing this, Langya King was shocked. Liu Fei couldn't help but say, "Ye-qianbei, didn't you say you only wanted half of it?"

"That was during the day. It's night now. This ye suddenly changed his mind!" Ye chen said with a calm expression.

Liu Fei was instantly speechless.

King Langya's expression changed several times, then he took a deep breath. "May I ask how Mr. Ye determined that it can cure little Wang's injury?"

At the end of the day, he was still suspicious.

This poison of his was simply too strange. He had secretly sought out countless famous doctors, but none of them could do anything!

How could ye chen not understand the implied meaning of his words? he smiled faintly. "If this ye has not guessed wrong, the injuries on Your Highness' body are not because of a mistake in cultivation, but because of poison!"

As soon as he finished speaking, the expressions of both the king of Langya and Liu Fei changed.

"May I ask what poison it is?" Langya King said.

"I call the poison that Your Highness is suffering from the woeful organ poison!" Ye chen chuckled.

"It can be understood that the poison has long been assimilated with your vital energy and five internal organs. As long as you channel your internal energy, the poison will speed up the invasion of your heart. You will feel a pain as if ten thousand arrows have pierced through your heart and ten thousand insects are gnawing at your heart!"

As his voice fell!

King Langya's expression changed completely. His symptoms were exactly as ye chen had described!

Most poisons would have the source of the poison in their bodies. As long as the source of the poison was removed, they would be able to recover!

However, the source of the poison in his body was his true Qi. The only way to resolve it was to disperse his cultivation. And once he dispersed his cultivation, what difference would he be from a cripple?

With that in mind, he bowed to ye chen. "Mr. Ye, please save me!!!"

At this moment, he was truly convinced of ye Chen's abilities!

Ye chen was unmoved. He rapped the table with his hand. "You agree to this ye's conditions?"

King Langya hesitated for a while, then said, "Mr. Ye, you may not know this, but Langya mansion is not as united as it is in the eyes of outsiders. There are several major cultivation sects in the territory!"

As he said this, his eyes were filled with helplessness. "Although the magnetite mine vein belongs to my Wang family in name, it's all theirs!"

"You're a County Prince. Do you lack restraint and deterrence towards the sects in your territory?" Ye chen said with a frown.

King Langya's face turned pale.

"Senior ye, my father is an Emperor realm expert. If it was half a year ago, these sects would've had to be very careful!"

Liu Fei couldn't bear it anymore. "But ever since my father was poisoned, he's no longer a deterrent. In addition, other forces have infiltrated our Langya King's residence. Our residence is already in a precarious situation!"

"Since that's the case, then forgive this ye for being powerless!"

"Since these magnetite mines are in the sect's hands, why should I make a deal with you?" ye chen shook his head, his expression indifferent.

“Senior ye, the other sects will not make a deal with you either. After all, the magnetite mine is the foundation of the sect ...” Liu Fei faintly sighed.

“It’s simple. If they don’t want to make a deal with me, I’ll just have to Rob them!”Ye chen smiled faintly.

When he said that, the Langya King and Liu Fei were in disbelief. They thought they had heard wrong.

Snatch it?

Even when King Langya was at his peak, he didn’t dare to say such bold words!

Langye County had four great sects, each of which had countless experts. Some even had Emperor realm old monsters!

And ye chen was only a fake emperor realm body cultivator? Which zone?

At this moment, a cold voice came from outside,“”Daylight robbery? He really is shameless!”

Then, two figures appeared in the hall like ghosts.

They were a man and a woman. The woman in the lead was dressed in black, and her facial features were covered by a veil. Both of them exuded a cold aura!

Even so, the black clothes were still unable to conceal her petite figure and her mature womanly aura.

Behind him was a young man in a Daoist robe. The young man’s hair was tied up in a high bun, and he held a horsetail whisk in his hand. He was showing a faint trace of respect to the former.

The moment she saw the two of them, Liu Fei’s pretty face changed slightly.“”Who are you people? How did you get in?”

One had to know that there was an Emperor realm old monster guarding the main hall right now. Outsiders were unable to enter.

“Plop!”

On the other hand, King Langya knelt on the ground, looking excited.“”Chen.....This Minister greets the Empress Dowager”

The moment these words were said!

Liu Fei was dumbfounded on the spot!

The Empress Dowager!

The Woman in Black in front of him was the Empress Dowager!

Even ye chen was shocked. He could not help but take another look at The Woman in Black.“”The current Empress Dowager has actually come here in the middle of the night!”

What surprised him the most was that this so-called Empress Dowager was Emperor realm, and so was the young man in the Daoist robe beside her!

The Woman in Black spoke slowly, and an extremely weak voice came out, "Liu Qing's family doesn't need to be so polite, quickly get up!"

That voice was extremely charming. If an ordinary man were to hear it, he would probably feel his entire body go soft.

As an invisible force rolled over, King Langya's body stood up uncontrollably.

The latter hesitated and said, "Empress Dowager, you ... Why are you here?"

The imperial capital was tens of thousands of miles away from the Langya King's mansion. Even with the help of large spirit beasts, it would still take a day to get there.

Not to mention it was late at night!

Chapter 1068: The Empress Dowager of a great sect's Empire!

The Woman in Black glanced at Ye Chen discreetly, the meaning in her eyes self-evident.

King Langya reacted immediately. A murderous look flashed in his eyes, but he said, "Mr. Ye is not an outsider. The Empress Dowager doesn't need to mind!"

Ye Chen took in all of them and secretly sneered at the loyalty of the Langya King.

In order to protect the secret of the Empress Dowager leaving the palace, she had disregarded her own life and had developed killing intent towards him.

"Liu Qing's family has suffered!"

The Woman in Black looked at the latter, and there was a hint of heartache in her weak voice. "This widow came late at night today to visit Liu Qing's family. This widow heard that Liu Qing's family was seriously injured."

Her words came from the bottom of her heart!

Ever since the late Emperor passed away and the 15-year-old young master took over, many of the former vassal lords were not convinced by the young master and gradually became disloyal.

The only person who could be considered loyal was the previous Emperor's younger brother.

"This subject deserves to die, I have troubled the Empress Dowager!"

King Langya knelt on the ground again, tears rolling down his face. Nothing could move him more than this.

The Woman in Black raised her hand. "The person behind me is the disciple of the state preceptor. He heard that you were infected with an illness and couldn't be cured. So, he brought you here to see you!"

"Your Highness, I am Xue Ying. I have some medical skills. Today, I am here on the orders of my master to treat you!" The young man in a Daoist robe stepped forward and cupped his hands.

"It's actually the honored disciple of the Imperial Preceptor!"

King Langya's eyes were filled with admiration, and he recalled, "How is the state preceptor's health?"

There were two legendary figures in a great dynasty. The first was naturally the founding Emperor, and the second was the Imperial advisor, Qi Tiandao!

It was said that this person was once a close friend of the founding Emperor. He entered the great sect's dynasty just because of a promise and guarded the great sect for generations. It had been a thousand years since then.

It was rumored that Imperial advisor Qi Tiandao's magic power was monstrous and he had long seen through the secrets of heaven like an immortal. However, he still could not escape the pain of old age and death.

"My master is still the same!"

Xue Ying's expression turned gloomy. "The old man is most worried about you, Your Highness. However, due to many matters, he could not personally come to see you!"

With that, he collected his emotions, walked forward, and held the right hand of the king of Langya. "Your Highness, there's no time to lose. Let Xue Ying take a look at your condition first."

"That's good too!"

King Langya could not help but look at ye chen. In the end, he still chose to give Xue Ying a chance. After all, ye chen had not promised to cure him.

During this time, the black clothed woman first looked at Liu Fei at the side and said with a smile, "This must be Fei 'er? He didn't expect it to be so big now!"

"Fei 'er greets the Empress Dowager ..."

Liu Fei subconsciously wanted to kneel on the ground, but was tightly held by the former, "No need to be so formal. In the end, Aijia is still your Yimu."

"Yes, Yimu ..." Liu Fei's heart heated up.

The black-robed man nodded slightly and then looked at ye chen with a slight frown. "This is?"

"Aunty, senior ye is Fei 'er's Savior ..." Liu Fei slowly introduced ye chen.

When they heard ye chen determine King Langya's illness with a single sentence and ask for all the magnetite mines, it was not just her, even Xue Ying was shocked.

The Woman in Black looked at ye chen quietly, "may I know where Mr. Ye's master is?" Why did you come to my great sect's dynasty ..."

"I don't belong to any sect. I'm just an itinerant cultivator. I came to a great sect purely by accident ..." Ye chen said calmly.

After hearing the words "no sect," the black clothed woman's Phoenix eyes hidden behind the veil slightly narrowed, and then she said, "What a pity. Body cultivators are destined to never become Emperor"

At this moment, Xue Ying, who was standing at the side, slowly retracted his hand. His expression kept changing.

“Big brother Xue Ying, can my father be saved?” Liu Fei’s heart was extremely nervous.

Even The Woman in Black and King Langya were no exception.

Xue Ying let out a heavy breath and cupped his fists towards King Langya. He then turned to the black-robed woman and bowed, “Reporting to the Empress Dowager, this lowly subject is incompetent and unable to remove the poison in His Highness’ body ...”

As soon as these words came out, the entire place was silent.

Liu Fei and King Langya both smiled bitterly.

The black-robed girl sighed, ‘does the Xue Ying clan really have no other way?’

“If my master was here, there might be a glimmer of hope. Unfortunately, my master can’t leave!”

The snow Eagle shook his head and could not help but look at ye chen. “If it wasn’t for this Mister ye saying that the poison Your Highness was infected with was a woeful organ poison, Xue Ying would still be unable to understand it.”

He was an honest and upright person. Although he had been indifferent to ye Chen’s arrogant words earlier, he could not help but admire ye Chen’s knowledge.

As soon as he finished speaking, everyone in the hall turned to look at ye chen, including The Woman in Black.

King Langya shook his head.

Ye chen had stated his conditions clearly, and with his current strength, he could not do it!

Perhaps he could pretend to agree to ye Chen’s request and use it as an excuse to kill him later. After all, ye chen was only at the pseudo-Emperor realm.

However, he, Liu Qingzhou, was still a County King. He would not do such a dirty thing!

In the end, it was the black-clothed woman who spoke, “Mr. Ye, if you can cure Liu Qing’s family, I can give you a Xuan master ore vein and even spirit stones!”

She then added, “This widow is the Empress Dowager of the current dynasty and has the power to control the state. I can use the resources of the Imperial court to assist you!”

“Why should I believe you?” Ye chen said lightly.

When he was negotiating with Langye Commandery Prince, he felt that he could control the situation. However, if it was the Empress Dowager, he would have to deal with a lot of trouble.

After all, if the other party went back on their word, ye chen would have to fight against an entire dynasty. Although he was not afraid, he did not want to cause more trouble.

The black-clothed woman immediately became silent, causing the atmosphere in the hall to become a little deathly still.

“Senior ye, if you want to go to the heaven wind sea region, you must go through the teleportation array!”

Liu Fei bit her lips and looked at ye chen. “The Northern Territory is tens of thousands of li away from the heavenly wind sea region. Moreover, there are spatial cracks and the endless ocean that act as a barrier.”

She paused for a moment before continuing, “an ordinary teleportation formation can only travel a few thousand miles. Only a large wormhole can send you to the heaven wind sea region. As for a large wormhole, only the Imperial court has one in the entire great sects and dynasties!”

The black-clothed woman’s beautiful eyes brightened. She looked at her with admiration and said to ye chen, “That’s right, if you can cure Liu Qing’s family, this widow can make the decision to borrow the wormhole for you to use. If this widow reneges, I will be abandoned by both man and God!”

“Empress Dowager ...” King Langya was touched.

He had never thought that the Imperial court would make such a concession for him. This had never happened before!

After weighing the pros and cons, ye chen was about to agree when he suddenly looked outside the hall.

Almost at the same time, count Nan’s angry voice could be heard from outside, “Who’s there? How dare you break into the Langya mansion at night!”

“Boom ...”

Then, a violent tremor rang out!

“Enemy attack, enemy attack!!!”

The entire Langya King’s residence was in a complete uproar. All sorts of screams, explosions, and battle cries rang out.

Chapter 1069: killing intent at midnight in the Royal Mansion!

“What happened?”

In that instant, Liu Fei’s expression changed.

“Tap tap tap tap ...”

At this moment, a man in armor, covered in blood, rushed in and fell to the ground. “Your Highness, they’ve rebelled. Bright sword Pavilion has rebelled. Our brothers can’t hold on any longer. Let’s retreat!”

“What? Bright sword Pavilion is rebelling?”

Hearing this, King Langya almost lost his balance. “Although this King had expected this day to come, I never thought it would come so quickly!”

After saying that, he immediately said to The Woman in Black, "Empress Dowager, go, you all quickly go. It doesn't matter if this lowly subject dies, but nothing can happen to you!"

The Empress Dowager was temporarily in power, and this was related to the rise and fall of the country. Once the rebels knew that the Empress Dowager was here, everything would be over.

"Empress Dowager, let's go. This lowly subject will risk my life to protect you and let you leave!" The horsetail whisk in Xue Ying's hand trembled violently, and he immediately made a spear!

"Bang Bang Bang ..."

At this moment, the door of the hall was broken open, and several mutilated, bloodied bodies flew in.

A dozen figures with powerful auras swept in!

A cold-looking man with a body full of corpse Qi laughed, "Hahaha, brother Xu, I didn't expect to have a new harvest today. We've captured the Empress Dowager!"

"I'm also very surprised. Who would have thought that the Empress Dowager would come to my Langye County?"

The one called brother Xu was an old man with a sword on his back. His hair was white, and his face was filled with ecstasy.

More than a dozen people had sealed off the exit of the entire Hall, and they were surrounded by a murderous aura.

Seeing this scene, even the black-clothed woman's face changed!

Six emperors and twelve fake emperors!

This kind of combat power was nothing in the imperial capital, but in Langye County, it was terrifying!

King Langya took a step forward and looked at the old man with his eyes wide open, "Xu Huai 'an, you dare to betray me?!"

The swordsman took a step forward and sneered, "Liu Qingzhou, it's not that we want to rebel against you. You're the one who doesn't know what's good for you and doesn't want to join our plan to rebel against the sect!"

"Liu Qingzhou, do you still recognize me?" Another sinister-looking old man walked out.

"MA Zhennan, it's you!" King Langya was shocked.

The MA Zhennan that he was talking about was the counselor of the Deputy King of Xuanji, one of the thirteen vassal lords. It was this person who went around lobbying for the vassal lords to rebel against the great sects and dynasties!

"I can't believe you still recognize this old man!"

MA Zhennan chuckled and stroked his beard with his hand, "Half a year ago, I came to persuade you under the orders of the substitute King. However, you didn't know what was good for you, so I had to ask the bright sword Pavilion to poison you secretly!"

At this point, he said with a ferocious expression, "How is it? The taste of woeful organs and poison must not be good, right? After half a year, you've finally become a sick Tiger!"

"Xu Huai 'an, Chen Xifan, Zhou Qianqian, Shen Xihe!"

King Langya's pained eyes fell on the three Emperor realm experts. "This King has always treated you well, and the Imperial court has never treated you badly. Why did you betray me? Why are you rebelling?"

"Liu Qingzhou, do you still not understand?"

The sword-wielding old man from bright sword Pavilion sneered, "You, Liu Qingzhou, are the king of the county. Of course, you've enjoyed enough glory and wealth. However, we're just commoners. Since that's the case, why don't we follow the substitute King and fight for a bright future?"

"Pfft!"

King Langya vomited blood on the spot. "Traitors! You traitors! I'll kill all your families and dismember your bodies!!!"

"It's useless to say so much. Today, your Langye mansion will be destroyed. After today, Langye County will belong to the substitute King!"

MA Zhennan snorted coldly and then looked at The Woman in Black: "The only thing that surprised me was that I actually saw the current Empress Dowager here!"

"It looks like the heavens are helping us!"

Xu Huai 'an laughed out loud. "Once we capture the Empress Dowager, we can use her to force the current young Emperor to hand over his imperial power. That's a logical plan."

"That's right. If the little emperor doesn't open the city gates and hand over the Imperial power, he's unfilial!"

Chen Xifan's face was gloomy. "Once that happens, the little Emperor's prestige will definitely drop. The substitute Emperor can then lead the Army North in the name of saving the Emperor!"

"I heard that the current Empress Dowager was just a concubine that the late Emperor took in the day before his death. She has just turned twenty years old, and the late Emperor didn't even have time to have sex with her before she died!"

Zhou Tongtong looked at The Woman in Black with a lecherous look, not hiding the evil in his eyes. "In that case, the Empress Dowager is still a Virgin. This old man really wants to taste her ..."

As soon as he said this, the dozen people behind him all looked at the black-clothed woman with greed!

The black-clothed woman's body trembled.

"Bastards, you bunch of bastards!"

"No!" King Langya looked crazy. "If you want to touch the Empress Dowager, you'll have to step over my dead body first!"

The next moment!

The Qi in his body began to rise at a terrifying speed, and in an instant, it rose to the martial Royal realm!

However, this speed did not slow down!

It was still increasing!

In the end, he actually crossed the realm of a Supreme giant in one step!

MA Zhennan was shocked. "Liu Qingzhou, you are really crazy. Don't you know that the more you improve your cultivation, the faster the poison will corrode your body?"

"Hahaha, this King is indeed crazy. However, before I die, I will drag you all down with me!"

King Langya laughed crazily, then he charged over with a solemn expression. "You bunch of rebels, die!!!"

"Father ..." Liu Fei almost fainted.

"Empress Dowager, Princess, let's go!"

Xue Ying's eyes flashed with sorrow. Without hesitation, he led the two of them to the back of the Great Hall.

Liu Fei hurriedly turned to ye chen. "Senior ye, come with us. You're only a fake emperor. You're no match for them!"

However, the next moment!

An unparalleled pressure descended from the void and bombarded the crazy Langya King.

An extremely old figure descended!

"Bang ..."

King Langya was knocked back a dozen steps and spat out blood. He looked at the black-robed elder with his face covered in poisonous gas. "Grandmaster, you've arranged for a Grandmaster!"

The cultivation system of the ancient barren world was slightly different from that of Earth. Above the Martial Emperor realm was not the Supreme giant, but the martial Grandmaster realm!

Wu Zong was the same concept as the Supreme giants on Earth!

"Greetings, senior Sun!"

MA Zhennan and the others knelt down on one knee!

The expert sent by the substitute King of the descended ones!

A martial arts Grandmaster!

The black-robed elder looked straight at King Langya and said calmly, "King Langya, I'm surprised that you're willing to burn your life force for your so-called loyalty!"

“Leave this person to me,” he said with a wave of his hand. “You go and capture the Empress Dowager!”

“Yes!”

When MA Zhen Nan and the others heard this, they immediately stood up and flew towards Xue Ying and the others who had already reached the exit of the Great Hall.

“You dare!!!”

King Langya almost went crazy. He attacked, but the black-robed elder easily stopped him. “A martial arts Grandmaster who burns his life force is not a true martial arts Grandmaster!!!”

At the same time.

After forcing Xue Ying back with a single palm strike, MA Zhen Nan directly grabbed at the black-clothed woman, “Empress Dowager, if you don’t want to suffer, it’s best that you don’t resist!”

In the face of such a dangerous situation, the black-robed woman’s heart suddenly became inexplicably calm. “Late Emperor, although I never liked you, I am grateful for your trust and treated Jing ‘er like a younger brother. Today, I can only die to repay your kindness!”

After saying that, she used her fingers as a knife and slashed at her own neck with extreme determination!

“Empress Dowager, I’m incompetent!!!”

King Langya was crying blood!

Liu Fei was in despair!

“Don’t ...” Snow Eagle roared.

At this moment, a large hand suddenly held her slender hand and said, “If you die, how can you fulfill the agreement between you and me?!”

Chapter 1070: No one can hurt you today!

In the Langya King’s mansion.

The black-clothed woman saw that she was at a dead end and was about to commit suicide, but she felt her hand being held by someone.

Before she could react, an extremely calm voice rang in her ears. “If you die, how will you fulfill the agreement with this ye?”

As soon as she said that, she opened her eyes almost instantly and subconsciously looked at the person beside her.

It was him!

The fake emperor realm body cultivator that Fei ‘er had mentioned!

He was the one who stopped her!

Not only her, even Liu Fei, Xue Ying, and even MA Zhennan and the others were stunned!

The Woman in Black panicked and subconsciously struggled to free her hand. "You ... You let me go ..."

At this moment, she did not call herself Aijia. Although she was in charge of a large empire, she was still a weak woman in this situation.

Ye Chen was unmoved. He looked at her calmly. "This Ye only has one sentence. Do your previous words still count?"

"What did he say? The Woman in Black was slightly stunned.

Then, she remembered that she had promised Ye Chen that as long as he cured the poison in Liu Qing's house, she would give him spirit stones and even lend him the wormhole to use!

Thinking of this, she smiled bitterly and helplessly said, "Is there a need to say this now?"

In order to stop the rebel Wu Zong, Liu Qing's family ignored the poison invading their bodies and forcefully moved, even burning their life force!

It could be said that he would die without a doubt!

Moreover, they had been intercepted and killed by six martial emperors, and there was no chance of survival for them. How could they have the opportunity to talk about anything else?

"It's necessary!"

"Because that would make me consider whether I should save your lives!" Ye Chen replied indifferently.

As his voice fell!

The Woman in Black was stunned!

Everyone's faces, including Liu Fei's, were filled with disbelief. They even thought that they had heard wrongly!

"Hahaha!"

MA Zhennan couldn't help but laugh out loud, "This brat actually said in front of us that he would save them, did this old master hear wrongly?"

"I think this kid thinks that the Empress Dowager is pretty and wants to show his loyalty before he dies!" The sword-wielding elder, Xu Huai'an, had a look of disdain on his face!

The rest of the people were also laughing non-stop, their brows full of disdain.

Snow Eagle, who was lying on the ground, smiled helplessly.

You're just a fake emperor realm body cultivator. Even if your combat strength is stronger than a fake emperor Qi cultivator of the same realm, there are six martial emperors and a martial great master present!

How are you going to save him?

“Pfft!”

After being pushed back by the martial arts Grandmaster, the Langya King spat out blood and said, “Mr. Ye, I appreciate your kindness, but this matter has nothing to do with you.”

Obviously, even he felt that it was impossible!

Ye Chen turned a blind eye to everyone’s reaction. Instead, he fixed his gaze on The Woman in Black. “This ye will ask you one last time, do your previous words still count?”

The Woman in Black wanted to say something but when she met ye Chen’s deep eyes, she nodded subconsciously.

“Very good, I hope we can work together happily!”

A smile finally bloomed on ye Chen’s calm face. Then, he gently let go of the former’s hand. “Follow me, and no one will be able to hurt you today!!!”

After saying that, he slowly turned around and looked at MA Zhennan and the others.

“Brat, you’re really looking for death!!!”

The eyes of Shen Xihe, the Martial Emperor old monster of corpse immortal cult, turned cold. He then took a step forward, and his two sleeves seemed to suddenly expand.

“I’ll turn you into a poisonous man and make you regret being born into this world!!!”

Shen Xihe waved his two black dragon-like sleeves and attacked ye Chen with a ferocious expression.

Corpse Qi swept out from the two sleeves. The monstrous corpse Qi enveloped the entire scene, and even the other martial emperors were shocked.

Anyone below the Martial Emperor realm would be turned into a pool of blood if they touched the corpse Qi.

“Be careful, this is corpse immortal cult’s five-poison corpse Qi, you must not touch it!” The black-clothed woman’s expression changed as she hurriedly warned.

Ye Chen’s eyes were bright. He did not move and only reached out his right hand to press lightly in the air!

“Boom ...”

A terrifying aura suddenly burst out in the void, as if a mountain was falling!

“Bang ...”

Under everyone’s gaze, Shen Xihe let out a blood-curdling screech as her body exploded with a loud bang, setting off a bloody mist and destroying her divine soul.

Everyone’s body stiffened, and they didn’t move at all, as if they had been petrified. Their previous expressions were still frozen on their faces, and they didn’t disappear for a long time.

Liu Fei and Xue Ying’s faces were filled with shock!

The black-robed woman's eyes widened in disbelief!

One palm!

He had killed a Martial Emperor with just one palm!

"This kid is hiding his strength. He's an Emperor realm body cultivator!"

A few seconds later, a shocked voice was heard from a Martial Emperor!

As soon as these words came out, everyone was extremely shocked!

An Emperor realm body cultivator?

Wasn't it true that body cultivators couldn't become emperors and could only stop below Emperor realm? Why was there an Emperor realm body cultivator?

MA Zhennan, who was in the crowd, suppressed the throbbing of his heart and took a deep breath. "May I know who this fellow Daoist is? This matter concerns the future of the substitute King, so I hope you won't interfere!"

It was obvious that ye Chen's powerful attack had shocked everyone. Even MA Zhennan had to take a step back.

"Not bad!"

The sword-wielding old man from bright sword Pavilion said slowly, "As long as Your Excellency doesn't interfere, we can let you leave safely. We will even put in a few good words for you in front of the substitute King and may even bestow you with glory, splendor, wealth, and rank!"

The substitute King, Liu Mingjue, was a five-jeweled Prince of a great dynasty. He controlled half of the world's armies and could be said to suppress the great sects. Anyone who heard his name would be shocked!

Therefore, they had brought up their status as the substitute King to deter ye Chen and make him retreat!

However, ye Chen smiled coldly, 'substitute King? Today, even if the Heavenly King himself descends, this ye will protect him!"

With that, he took a step forward and charged at them!

MA Zhennan suddenly flew into a rage, and his face turned ferocious as he said, "Let's attack together and kill him!"

"Boom ..."

The five martial emperors, including MA Zhennan, and the remaining ten fake emperors made their moves at the same time, causing the entire Hall to shake and show signs of collapsing.

"Die for this old man!"

The sword sheath behind the sword-wielding old man from bright sword Pavilion shook. With the sound of a sword, a sword light directly slashed toward ye chen.

“Senior ye, be careful!” Liu Fei subconsciously said.

However, ye chen still did not make any unnecessary movements. He merely glanced at the other party, a sharp light flashing in the depths of his deep eyes.

“Ah ...”

The sword-wielding old man let out a blood-curdling screech and fell from the sky with a plop. His body was motionless, and only his eyes were wide open, filled with fear.

Another Martial Emperor had died!

Everyone was shocked!

Where on earth did this monster come from!

“Let this old master deal with you!”

“Boom boom boom ...”

Then, a monstrous pressure and force surged, like a violent ocean sweeping through the area.

It was the Wu Zong!
