

## Genius 1101

### Chapter 1101: The powerful mad Daoist!

"Fellow Daoist ye, I've indeed seen that netherworld ship ..."

In the secret room, ye Chen's gaze fell upon Yu Jingzi as he spoke.

His guess was right.

Yu Jingzi was the Grand Elder of white jade City, the giant in the North. He was also the only martial Saint in the North. Anything that happened in the North could not be hidden from his eyes.

He did not say a word and gestured for Yu Jingzi to continue.

"A year and a half ago, someone from white jade City came to report that a netherworld ship had appeared on the immensity sea."

Yu Jingzi took a deep breath and recalled, "I didn't intend to pay attention to this matter, but at that time, several important figures from the middle state came to our Northern Territory and forced me to use the power of my sect to help them."

"Several important figures from the central Prefecture?"

Ye Chen's eyes narrowed.

"Not bad!"

Yu Jingzi nodded slightly and said, "the origins of these people are very mysterious. Furthermore, their abilities are extremely terrifying. Even I can't be sure of their identities. However, I can roughly guess where they came from."

"These people are all martial Saints?" Ye Chen said with a frown.

The martial Saints of the ancient barren world were no different from the Saints on earth. In China, other than him and the Christian Church, only Zi qingcang from the ruins of Kunlun had reached the Saint realm.

"These five people are martial Saints. I have never had any contact with them. However, under the circumstances, I had to send my disciples to find them."

Yu Jingzi nodded his head gently. "In the end, they discovered the netherworld ship's whereabouts in the Western part of the immensity sea. These five people joined forces and killed their way onto the netherworld ship."

As soon as he finished speaking, ye Chen's heart stirred.

The five Saints had joined forces to attack the netherworld ship!

Even with his peak combat power on earth, he couldn't guarantee that he could fight against five Saints at the same time.

Thinking of this, he suppressed the shock in his heart and said, "Who are the people on the ship?"

“It seems to be a crazy Daoist, one man, and three women.”

Yu Jingzi’s words caused his expression to change.””Although I wasn’t at the scene at the time, I still spread out my spiritual power to investigate the scene.”

As he said this, his face showed a hint of fear.””At that time, the five martial Saints joined forces to fight against that Taoist. However, three of them died in his hands.”

Anyone who had entered the martial Saint realm could be said to be completely above all living beings. Unless the world changed greatly, it would be difficult to kill them.

However, he could never forget the day when a Saint had fallen in the sky of the Northern Territory. There was even a bloody mist in the void.

The crazy Daoist stretched out his hand across the entire void, and a strand of white hair cut off the entire vast sea.

This was also the reason why he didn’t dare to reveal it.

“The other two have escaped?” ye chen asked.

He had thought that he had overestimated the Mad cultist’s strength, but his true combat strength had once again exceeded his expectations.

Five martial Saints had joined forces, but three of them had still been killed by him. Such a person was truly frightening.

“No!”

Yu Jingzi shook his head.”Although three martial Saints died, that Daoist was also seriously injured. For this reason, he slapped the netherworld ship to the end of the immensity sea. He stayed behind to fight with the remaining two martial Saints.”

“What happened after that?” Ye chen said impatiently.

“After that, the Daoist and the two martial Saints all disappeared. The netherworld ship also disappeared,” Yu Jingzi said slowly.

“What’s the end of the immensity sea?” Ye chen said.

Yu Jingzi couldn’t help but look at him,””There are two ends of the immensity sea. One is the heaven wind sea region and the other is the East barren.”

“Why do you say so?” Ye chen was confused.

Previously, Yun Yi had told him that the immensity sea was a part of the heaven wind sea region. If that was the case, the netherworld ship must be sailing towards the heaven wind sea region.

“Fellow Daoist ye, you don’t know!”

Yu Jingzi shook his head.”The heaven wind sea region spans across the five great territories. Although the immensity sea is part of the heaven wind sea region, it is located between the Northern Territory and the eastern barren territory.”

Ye chen frowned.

He had to make a choice!

They could either go to the East continent, or the heaven wind sea region. Of course, there was still a third option, which was the middle state, one of the five great regions!

After all, the five martial Saints came from the central Prefecture for the netherworld ship. It was highly possible that su Yuhan and the others would appear in the central Prefecture.

As he was thinking, Yu Jingzi was also quietly sizing him up. He could not help but say, "Fellow Daoist, what's your relationship with the people on the netherworld ship?"

"Since you're not willing to get involved in the grudges, it's better for you to know less." Ye chen said, intentionally or otherwise.

Yu Jingzi's heart trembled, and he said gratefully, "Many thanks for fellow Daoist's reminder!"

At his level, there were very few people in the ancient barren world who could compare to him. He was at the top of the world.

However, there were also many concerns. The biggest one was karma. As the saying went, karma was heartless. Once involved, it was very likely that one would die.

After that, ye chen chatted with her for a while more before leaving with his daughter.

After sensing that he had left white jade City completely, Yu Jingzi's expression kept changing, but he did not say a word.

At this time, a middle-aged man quietly appeared. He wanted to say something but hesitated. "Old ancestor, why did you tell this person about that matter?"

"Do you want to ask why this old man is so polite?" Yu Jingzi smiled calmly.

"Not bad!"

The middle-aged man bit the bullet and said, "even if he is a martial Saint, he is not the elder's match. Moreover, the incident at the central Prefecture is involved. If they know about it ..."

Yu Jingzi took a deep look in the direction ye chen had left and smiled faintly. "Even though this person doesn't reveal anything, I can still guess that he is related to the Mad Daoist on the netherworld ship."

"Ancestor, all the more we can't let him leave!"

The middle-aged man stomped his feet. "On the contrary, we should inform the central Prefecture. Perhaps white jade City can use this opportunity to rise to the central Prefecture ..." He said.

"Foolish!"

Yu Jingzi rebuked, "who can guarantee that the Mad Daoist is Dead or Alive?" Who could guarantee that this kid was not a descendant of the Mad Daoist? One wrong move and white jade City will be destroyed."

His words immediately made the middle-aged man's heart quiver.

That's right!

The Mad cultist had survived the joint attack of five martial Saints and had even killed three martial Saints in a row. If he had not died, he would have killed his way into white jade City.

How could the old ancestor resist it alone?

"From now on, you are not allowed to provoke the great sects and dynasties, and you are not allowed to interfere with the affairs of the secular world!"

Yu Jingzi turned around and left after saying this. The middle-aged man also went to give orders.

What they did not know was that not long after he left, the space where he had been standing rippled slightly and ye Chen's figure appeared.

Ye Chen's eyes flickered a few times and he said indifferently, "This person knows what's good for him. He saved me a lot of trouble!"

### **Chapter 1102: I'm willing to give you this Empire!**

In the Dragon Capital city of the great sects 'dynasty!

Yun Yi stood on the city wall, her beautiful eyes fixed on the void, as if there was an existence there that she could not bear to look away.

This had been going on for two hours.

Many people had already left. In the end, there was only one Palace maid and many guards by her side.

A Palace maid came forward with a coat and said, "Empress Dowager, it's cold. Put on some clothes ..."

The snow had melted!

With the death of white jade City, the snow that had shrouded the entire great sects and dynasties had gradually disappeared.

However, the melted snow was even colder.

"You can leave now, I want some time alone ..."

Yun Yi's expression did not change.

The rest of the people did not dare to say anything and could only leave. They stood far away, as if they were worried about her.

"Mr. Ye, are you still alive?"

Yun Yi stared blankly into the air, her hands unconsciously clenched tightly together.

Even now, she still could not believe that ye chen had dared to attack white jade City.

This idea was too crazy.

A single envoy from white jade City had rendered the great sect powerless, let alone the entire white jade City.

At this moment, Yun Yi's beautiful eyes suddenly flickered, and then a touch of surprise emerged on her beautiful face.

In his line of sight, a thin figure stepped through the air and finally landed beside him.

"Mr. Ye ..."

Yun Yi was overjoyed.

Ye chen nodded slightly, then looked around at the gradually dissipating ice and snow. He said indifferently, "I've already talked to the Grand Elder of white jade City. From now on, I won't cause trouble for your sect."

"What?"

Yun Yi could hardly believe it.

The Grand Elder of white jade City? Mr. Ye could actually talk to the Grand Elder of white jade City?

Without waiting for her to react, ye chen continued, "I originally promised Qi Tiandao that I would protect your sect for three months. However, now that the crisis has been resolved, it's time for me to leave."

Before this, the biggest crisis for the big sects was the Rebellion of the Eight Kings and white jade City. However, with the death of the substitute King, the other Seven Kings fought for themselves, and white jade City compromised.

At present, the only enemy of the great sects' dynasties was the Qing Dynasty. There would definitely be a war between these two countries. However, ye chen did not intend to interfere. If the great sects' dynasties could not even deal with empires, there was no need for them to exist.

As his voice fell ...

Yun Yi was stunned at first, then her delicate body trembled slightly, and her face suddenly turned a little pale.

A few seconds later, she took a deep breath and bit her lip. "When do we set off?"

"Tomorrow morning!"

Ye chen said slowly.

He had yet to make up his mind on whether to go to the East barren territory, the heaven wind sea region, or the Central Plains.

Yun Yi's expression was extremely complicated.

.....

That night, ye chen temporarily stayed in the residence that Yun Yi had initially arranged for him. While the little fellow was fast asleep, he secretly meditated and regulated his breathing.

It didn't take long for the silence to be broken. A faint knock came from outside."Mr. Ye, it's me, Liu Fei ..."

Ye chen frowned. He got up and walked out of the room. When he pushed open the main door of the mansion, he saw the man standing outside with a carriage beside him.

After knowing that King Langya had died, Liu Fei had been living in pain for the past few days. It was only today that she had completely walked out of it.

Even so, there was still an undispersed sorrow between her brows."Mr. Ye, the Empress Dowager has invited you. She said she has prepared a gift for you ..."

"A present?"

Ye chen was slightly stunned. He then turned around and went into the house to pick up his daughter from the bed. The sleeping little thing turned over and smacked her lips non-stop as if she was dreaming of delicious food.

.....

In the depths of the palace, ye chen sat in a carriage all the way to the entrance of an extremely luxurious palace. No one dared to stop him.

"Mr. Ye, we're here!"

Liu Fei welcomed him and bowed,"The Empress Dowager only summoned you, so I'll hold Mengmeng for you for the time being."

At this time, the little guy was also awakened by the bumpy carriage. He wrapped his arms around ye Chen's neck and said,"Dad, where are we?"

"Mengmeng, can big sister take you to eat something good? "There's also something fun to play with ..."Liu Fei said with great love.

"Good, good ..."

The little fellow struggled to escape from ye Chen's arms and ran into Liu Fei's arms.

"Mr. Ye, the Empress Dowager is waiting for you inside."

Liu Fei smiled and left with the little guy without waiting for ye chen to say anything. Along the way, the two of them laughed.

Ye chen touched his nose and looked at the empty Palace in front of him again. In the end, he still stepped in.

The palace was covered with a red carpet, the bead curtains hung high, the red candles were dazzling, and the sandalwood incense was rising in spirals, setting off everything in a very charming way.

As soon as ye chen entered, he looked around but found no one.

Only the sound of water splashing could be heard from behind the screen in the distance. Through the candlelight, one could vaguely see a naked beautiful figure bathing.

A hint of helplessness flashed in ye Chen's eyes. Things had already come to this point. If he still did not react, he would seem a little stupid.

He turned around and was about to leave when he saw the door slowly close by itself. Then, an extremely gentle voice came from behind him, "Mr. Ye, please wait."

“窸窣窸窣.....”

The screen was slowly raised, and a large red bed was immediately exposed to the air. A foot that could be easily broken by the wind slowly reached out from the mosquito net, and then the mosquito net was completely opened.

Ye Chen's expression was slightly unnatural.

What he saw was a beautiful figure wrapped in a red corset, lying on the bed.

With the help of the moonlight that shone in, the slender and delicate figure trembled slightly, and the side of her face, which had been lowering her head the whole time, was flushed.

Ye Chen took a deep breath and forced out the distracting thoughts in his mind. He smiled bitterly. "Empress Dowager, I told you ..."

“Phew ...”

Without waiting for him to finish speaking, the beautiful figure flickered and landed on the ground. A Phoenix robe then wrapped tightly around her body.

The former turned around slightly, her beautiful eyes fixed on ye Chen. "Tonight, there's no Empress Dowager here. There's only a woman named Yun Yi ..."

As soon as he finished speaking!

She grabbed at the banquet that had been prepared long ago, and a pair of glasses immediately fell into her hands.

Two glasses of wine were filled.

Yun Yi covered her face with her sleeve and finished the wine in her glass in one gulp. She then looked at ye Chen. "Mr. Ye, would you like to drink with me?"

Ye Chen sighed softly. He could only grab the glass of wine and drink it in one gulp. However, he found that just as the wine entered his stomach, he felt a faint burning sensation.

His expression was a little unnatural. How could he not know what had been added to the wine? He then said coldly, "Miss Yun, please conduct yourself with dignity."

The former looked at him in a daze, and then a line of tears slowly fell, "Why don't you stay ..."

“I'm willing to give you this Empire!”

.....

### **Chapter 1103: The Empress Dowager's friendship!**

The moon was bright and the stars were few.

In the quiet Palace.

The two shadows were elongated under the moonlight, and the air was filled with heavy breathing.

"Can you stay?"

"I'm willing to give you this Empire!"

At this moment, Yun Yi was staring at ye chen in a daze, a faint mist appearing in her clear eyes.

Perhaps it was because she had drunk a glass of wine, but her intoxicating face was half-flushed.

She only felt a little hot!

He really couldn't suppress the impulse in his heart.

She also knew that if the words she had said before were to spread, it would definitely shake the world.

No matter what, she was still the Empress Dowager, the woman of the late Emperor in name, even though she had never been visited.

But she couldn't care so much.

Because she knew that the man in front of her was going to leave after dawn, and this farewell was likely to be forever!

If she didn't seize the opportunity to say it, she might never have the chance to say it again in her life.

Hearing such direct words, even ye Chen's determined heart could not help but be shaken.

In addition, there were some other things added to the wine that he had drunk earlier. It actually caused him to be unable to react for a moment.

"Phew ..."

Immediately after that, an intoxicating young lady's scent filled his nose, causing him to immediately wake up.

Ye chen waved his sleeve, forcing the approaching beauty to take a few steps back. Then, he said, "Miss Yun, I think you're drunk!"

"Are you drunk?"

After Yun Yi steadied herself, she laughed self-deprecatingly, "Maybe, but I'll only have the courage to tell you the truth when I'm drunk."

"I'm the daughter of King hanhai. I thought my marriage was in my hands. "

She looked at ye chen quietly and bit her red lips. She took a deep breath and said, "However, she was played by fate and was thrown into the yeyou court. She was then taken as a concubine by the dying late Emperor and became the Empress Dowager at the age of 20 ..."

Ye chen did not say a word, but he also sighed in his heart. If Yun Yi was on earth at this age, she might still be in University and was a girl without any social experience.

However, in the ancient barren world, what she had experienced and what she had to bear far exceeded that of any other girl her age.

"I thought I would guard the sect for the rest of my life for the late Emperor's last wishes until I died of old age ..."

Yun Yi's eyes were red, and she looked at ye chen with tears in her eyes. "But the heavens let me meet you ..."

"When I first saw you, your long white hair made me feel that you had a lot more experience than your young appearance ..."

"And your eyes are so deep and mysterious that I didn't even dare to look at them before ..."

At this point, her nose twitched slightly and her beautiful eyes sparkled as she looked at ye chen. "I really hope that you can leave everything behind and stay ..."

Meeting her gaze, ye chen saw a trace of gentleness and tenderness that only a young girl had. It made one have an uncontrollable urge to protect her.

He shook his head slightly and said, "I'm sorry. I've said from the beginning that the great sect is not where I belong. I have a wife, parents, and friends ..."

As soon as these words came out, Yun Yi felt a stab of pain in her heart for no reason, and her eyes, which were slightly expectant, dimmed.

Although she had vaguely guessed ye Chen's determination, it was still difficult for her to accept and give up after hearing it for herself.

Thinking of this, she wiped her tears and forcibly suppressed the sadness in her heart. "Then can you bring me along?"

"I can 't,"

Ye chen said almost heartlessly.

It was undeniable that Yun Yi's innate weakness made him feel the urge to protect her, but his rationality still told him that he and Yun Yi were from two different worlds.

The palace fell into a brief silence.

After a long time, ye chen finally spoke, "It's late, you should rest early. "

After saying that, he didn't wait for the former to speak, and his figure slowly disappeared from the palace, leaving the beautiful woman standing alone in the same place, dejected.

.....

Ye chen found Mengmeng in the dining room, who was being fed various delicacies by Liu Fei. The little fellow's stomach was round and full.

"Alright, come back with daddy. We're leaving tomorrow." Ye chen did not know whether to laugh or cry as he picked her up.

The little fellow burped and wiped the pastry crumbs from the corner of its mouth on ye Chen's body. It waved at Liu Fei."Goodbye, big sister Liu Fei ..."

"Goodbye, Mengmeng ..."

Liu Fei immediately burst out laughing.

After watching the father and daughter leave, she looked in the direction of the perpetual joy Palace and sighed.

It was obvious that even she could sense that the relationship between Mr. Ye and Empress Dowager Yun Yi was not ordinary.

.....

The next morning, ye chen picked up the little fellow who had just washed up and rushed to the great dynasty wormhole that he had found in advance.

When they passed by an Inn on the way, a pair of cavalymen came over to welcome them. The person leading them was surprisingly Liu Fei,"Mr. Ye, the Empress Dowager asked me to give you something ..."

Ye chen took it and saw that it was a storage bag with nearly ten thousand spirit stones inside. There was also an exquisite fragrance pouch for women with the word 'Yi' engraved on it.

"She's so considerate. "

Ye chen sighed softly. He could not help but recall the scene from last night.

"The Empress Dowager also brought another message. She said that she hoped that you would still remember her face after a few years ..." Liu Fei hesitated.

"Alright," he said.

Ye chen nodded lightly. He carried the little guy and continued walking toward the main road.

Liu Fei watched the father and daughter until they completely disappeared. Only then did she return to the Imperial City with the cavalry.

At the peak of the Imperial City, a cold and aloof woman stood alone, looking at the distant sky. Her beautiful eyes revealed a trace of complicated feelings.

"Empress Dowager, he left ..." Liu Fei quietly appeared.

“In this world, where there’s gathering, there’s also separation. If there’s love, why fear gathering and separation? life and death are two different things in ten years. If you don’t think about it, it’s unforgettable ...”

Yun Yi muttered to herself. The scenes of her meeting ye chen kept replaying in her mind.

All of this was like a dream. As the saying goes, time flies, and things change. This was how the world should be.

Liu Fei didn’t say a word.

After an unknown period of time, a faint voice rang in her ears,“”It’s windy, let’s go back ...”

On the fifth day after ye Chen’s departure, the rebellion within the great sects and dynasties was completely quelled. A month later, Yun Yi personally led the Army and fought with less than five hundred thousand troops against the eight hundred thousand troops of the Empire’s Qing Kingdom at the border.

The Qing Kingdom had been defeated. Military advisor Gu Jianqiu’s injuries had erupted and he had died on the battlefield. He had no choice but to retreat 3000 li and establish a never-in-contact agreement with the great sects.

At that time, Yun Yi’s prestige in the major sects could not be further increased, and she had won the hearts of the people. Internal hidden dangers broke out in the court, and many ministers wanted to force the Empress Dowager Gong to return her power under the guise of the Royalist party.

Internal strife broke out in the palace, which was later suppressed by Yun Yi. Countless heads rolled to the ground, and the young Emperor, Liu Chengqian, suddenly died.

Yun Yi became the Emperor and controlled a large sect’s dynasty as the Empress of a generation. He ruled the world and changed the dynasty from a large sect’s dynasty to the great Chen Dynasty.

Ever since then, the new palace maids and eunuchs had one question in their hearts. There was a statue in the middle of the palace.

The statue seemed to be a man with a head full of white hair. His eyes were deep and his expression was cold. He looked like a god who looked down on the world.

And whenever the Empress Dowager had time, she would always stand alone in front of the statue for a long time, until late at night ...

Many people discussed in private. Some said that the man in the statue was the Empress’s brother, while others said that the man in the statue was the Empress’s first love.

.....

**Chapter 1104: returning to heaven wind sea region!Ancient barren world, heaven wind sea region.**

On a remote island, the waves were beating against the rocks on the shore, and groups of seagulls were flying in the sky.

However, this natural scenery was broken at this moment. The entire Island trembled slightly, and a bright yellow light suddenly appeared in the southeast corner of the island.

As the yellow light dissipated, a thin figure holding a little girl appeared out of thin air under a huge reef.

“Have we arrived?”

After ye chen steadied himself, he carried Mengmeng and looked around. He found himself on a huge island.

As far as the eye could see, there was an endless sea in the distance, and everywhere was the endless blue color of water.

The little fellow in his arms blinked her dark eyes and said, “Dad, where are we?”

“This ... Dad also wants to know.”

Ye chen immediately looked embarrassed and a little regretful. If he had known earlier, he would have asked for a complete map of the heaven wind sea region from Yu Jingzi of white jade City before passing through the wormhole.

However, from the boundless sea region in front of him, he could still guess that he had indeed arrived at the heaven wind sea region.

After some consideration, he finally chose the heaven wind sea region over the East barren territory, the heaven wind sea region, and the Central Plains.

At this moment, a huge net suddenly fell from the sky and trapped the father and daughter.

“Yiya ...”

The little fellow was shocked.

At the same time, an extremely excited voice came from the distance, “Master, I’ve caught it, I’ve caught it ...”

In the blink of an eye, more than a dozen figures flew over at high speed.

The leader was a one-eyed middle-aged man wearing a large cotton jacket and an eye patch on his left eye. The people behind him were either holding steel forks or large machetes, all of them looking wild.

Pirates?

Ye chen was slightly taken aback.

More than a dozen people surrounded ye chen and his daughter in the middle. The one-eyed man, who was the leader, said in surprise, “Didn’t they say that the other party was an old man? Why is it a kid?”

“Master, I really don’t know about this.”

Behind him, a young man who was as thin as a monkey scratched his head and said, “Could it be that the information was wrong?”

“Wrong, my ass!”

Someone kicked him and looked at ye chen unkindly. "I think this kid must have come here in advance to seek help. Master, why not ..."

As he said this, a murderous intent flashed in his eyes.

Ye Chen's eyes darkened. Just as he was about to attack, the one-eyed man suddenly raised his hand. "Wait ..."

The latter stared at ye chen, "little brother, may I ask who you are?" Where did you come from?"

As he spoke, he carefully sensed the energy on ye Chen's body but found that he could not sense anything at all.

Ye Chen's body trembled, and the large net that had wrapped around him was instantly torn apart.

This scene immediately frightened the rest of the people. They all clenched the weapons in their hands and looked at ye chen with murderous intent.

The young man who was as thin as a monkey shouted, "Boss, this kid is an armament!"

Ye chen looked around and then looked at the one-eyed man. "What is this place?"

"Oh ..."

Someone immediately sneered and said to the one-eyed man, "Master, this kid actually asked us the same question."

As his voice fell ...

The rest of the people laughed out loud. A burly man walked out with a cold smile. "Kid, I don't care who you are today, but you've fallen into the hands of our Black Shark sect. I can only say that you're not lucky."

With that, he waved the cleaver in his hand and slashed at ye chen. His Grandmaster realm cultivation was no different.

"You're looking for death!"

A cold glint flashed in ye Chen's eyes. The other party instantly exploded into a cloud of blood mist!

The scene was deathly silent!

More than a dozen Pirates, including the one-eyed man, were stunned on the spot. They stared at ye chen, their eyes full of fear.

"Hualala ..."

A few seconds later, the dozen or so people threw away their weapons and knelt in front of ye chen.

"My Lord, please spare me!"

"Senior, it's a misunderstanding, this is a misunderstanding ..."

"....."

Ye chen watched all this with an indifferent expression. Then, he stretched his neck and looked at the one-eyed Dragon. "Can we have a proper conversation now?"

"I didn't know that exalted immortal had come to Black Shark Island. Please ... Please forgive me ..." The one-eyed man tried his best to remain calm, but he still betrayed him with his forehead covered in sweat.

Killing grandmasters and invisibility!

The other party must be a martial supreme class expert!

"Answer three of my questions!"

"First, Who are you?" ye chen asked slowly. Second, what was this place? Third, why did you trap me?"

"Exalted ... Exalted immortal, we are the sea ... Pirates of the Golden Shark sect on Golden Shark Island. This is Golden Shark Island ..." The one-eyed man said without hesitation.

"Three days ago, we heard that a great enemy was coming to destroy our Golden Shark Island, so we set up a trap here in advance. We ... We misunderstood you, exalted immortal ..." He stuttered.

"Golden Shark sect? Golden Shark Island?"

Ye chen furrowed his brows and was speechless. It turned out that he was taking the blame for someone else.

The trap set up by the Pirates was also wonderful, and it was set up at the exit of the teleportation impulse.

Just as he was about to speak, an anxious voice suddenly came from the distance, "Father!"

On the surface of the sea thousands of feet away, a ship was approaching at high speed.

Not long after, a black-robed woman with a ponytail and a young man rushed over.

The moment they saw the young man, all the Pirates, including the one-eyed man, were overjoyed as if they had seen their Savior.

After the black-clothed woman approached, she subconsciously wanted to help the one-eyed man up, but she found it extremely difficult.

She could not help but turn around and glare at ye chen. "Who are you? Why did you make my father kneel on the ground?"

"Little sister, you're finally here. This brat beat us to the ground without saying a word ..." A pirate who was kneeling on the ground cried for help.

"Boom ..."

At that moment, the woman brazenly attacked ye chen. The metal-type Chi was extremely fierce. It was obvious that she had reached the cultivation level of a martial honor.

"Get lost!"

Ye Chen's palm struck out. The woman grunted and flew backward, her face filled with shock.

She had never thought that her martial Supreme rank cultivation base would be sent flying by a single slap from ye chen.

The young man's expression changed at first, then he looked at ye chen with an unfriendly gaze."Brother, aren't you a little too ruthless?"

At that moment, one of the Pirates took the opportunity to throw a handful of poisonous powder at him.

However, a fireball suddenly shot out from ye Chen's hand and burned the other party into a man of fire, leaving only ashes on the ground.

Seeing this, the young man's expression changed drastically.

The ability to control fire!

Xuan master!

The other party was definitely a fifth-grade Mystic cultivator!

When he thought of this, he immediately cupped his fists at ye chen and said with great respect,"Junior Jiang Cheng greets Lord Xuan master!!!"

#### **Chapter 1105: News from the shepherd king's castle!**

As Jiang Cheng's voice fell!

The Woman in Black and the others were completely dumbfounded!

Xuan master!

These two words were like a bolt of lightning on a clear day, exploding in everyone's mind!

They were well aware of what Mystic cultivators represented in the ancient barren world. Putting aside the divine arts, just the mystic cultivators Union behind them was the most terrifying existence in the ancient barren world!

Jiang Cheng's master, the bearded old man Golden Shark, was also a sixth-grade Mystic cultivator, which was why he dominated the area within 3000 miles of Golden Shark Island.

And they had actually offended a Mystic cultivator?

At the thought of this, the one-eyed man who was kneeling on the ground shuddered and kowtowed to ye chen."Exalted immortal, my daughter is insensible, please forgive her ..."

The rest of the people kowtowed repeatedly. There was no longer any hint of disrespect on their faces, only fear and trembling.

Ye Chen's killing intent had already been aroused, but the sudden change in everyone's attitude caused him to gradually dispel his killing intent.

Jiang Cheng heaved a sigh of relief, and said respectfully, "May I know senior's name and why you have appeared here?"

"I'm ye nankuang. I've accidentally wandered into this place and was looking for a map!" Ye chen replied.

When these words came out, everyone seemed to believe it.

"Exalted immortal, my name is Wang Hai, and this is my daughter, Wang Mei. May I know what kind of map you need?" the one-eyed man asked.

"A map that shows the location of this place and leads to other places. The more detailed, the better ..."

Ye chen replied without hesitation.

"I don't know if this Junior's is okay."

Wang Hai immediately took out a sheepskin scroll and handed it to ye chen.

Ye chen took the map and looked at it. His brows furrowed slightly. This map covered dozens of islands of various sizes in the vicinity. In the end, it only covered the sea.

As if sensing his dissatisfaction, Jiang Cheng suddenly said, "Senior, do you want a large map that includes the land?"

"Yes, I am." Ye chen looked at him expectantly.

Jiang Cheng seemed to be hesitating. He gritted his teeth and said, "Junior doesn't have the map you want, but my master does!"

"Your master?" Ye chen said.

"Not bad!"

"Of course!" Jiang Cheng smiled proudly. "My master is old man Golden Shark. He's known as the number one person in the thirteen Golden Shark archipelago. He's a Mystic cultivator as well!"

"Then can you introduce your master to this ye?" Ye chen looked at him with a burning gaze.

However, Jiang Cheng's expression changed, and he said, "Senior, you may not know this, but the southern islands are in danger. My master is currently discussing with the other seniors about how to deal with the enemy. I'm afraid he doesn't have time to see you at this moment ..."

"It's fine. You just need to bring me there." Ye chen smiled and shook his head.

Jiang Cheng reluctantly nodded his head. After that, he told Wang Hai and the others to pack up, and then they went back to the ship, heading toward the North.

Along the way, ye chen found out through communication that he was in the real sea of the heaven wind sea and there were countless islands of various sizes on the heaven wind sea.

These islands were rich in resources and had been inhabited for generations. As the saying went, where there were people, there would be Jianghu, and there would be interests among each other.

The Golden Shark Island, where Wang Hai and the others lived, was one of the 13 islands, and Jiang Cheng's master, the old man Golden Shark, was the nominal owner of the 13 islands.

There were many forces similar to the 13 islands, and they formed an alliance because of their borders. It was called the South Island Alliance.

Three days ago, a challenge order was shot into the sea area of the South Islands Alliance. It said that someone would come to occupy the South Islands three days later.

This naturally infuriated everyone in the southern islands. Therefore, in these three days, the southern islands that covered tens of thousands of miles were strictly guarded, and the major Island Masters also gathered together to discuss strategies to deal with the enemy.

During this period, ye chen had tried to probe Jiang Cheng and the others to see if they had seen another netherworld ship.

However, to his disappointment, Jiang Cheng, Wang Hai, and the others were all at a loss.

Thinking of this, he could only ask something else, "Have you all heard of Tianfeng city?"

The reason he asked this was because the shepherd king's castle was in Tianfeng city.

"Tianfeng city?"

Jiang Cheng looked at ye chen in surprise. "Senior, you've been to Tianfeng city?"

Even the rest of the people were envious.

"I've heard of it, but I've never been there," ye chen replied.

Jiang Cheng didn't doubt it, and he laughed, "Senior might not know, but it's not easy to enter Tianfeng city now,"

"Why?" Ye chen was surprised.

"Exalted immortal, have you heard of the shepherd king's castle?" Wang Hai interjected.

"I've never heard of it." Ye Chen's heart stirred.

Wang Hai looked at him in surprise and continued, "The shepherd king's castle is now one of the five overlords of the sea of heavenly wind. It's said that there's a martial arts Grandmaster in charge, and this martial arts Grandmaster is the eldest miss of the shepherd king's castle, mu Caiwei."

As soon as he said this, everyone except Jiang Cheng was shocked.

A martial Grandmaster!

In their eyes, he was no different from a God, who could easily cause mountains to collapse and the earth to crack.

What they did not notice was that there was a strange glint in ye Chen's eyes. "You've become a Wu Zong so quickly?"

The martial arts Grandmaster realm was equivalent to the Supreme giants on Earth, and it was also equivalent to the early stage of the Golden elixir realm among the cultivators.

Before he left the heaven wind sea region, he had given Jiu 'er a cultivation technique and some pills. In that case, mu Caiwei had also cultivated that cultivation technique.

However, he had not expected that in just over a year, mu Caiwei would have reached the Aurous core stage. Such talent could only be described as monstrous.

Wang Hai continued,"and this Mu Wang Castle is the true owner of Tianfeng city. It is said that the MU Wang Castle is a subject of the Dali dynasty, the Overlord of the sea of Tianfeng. However, the two seemed to have fallen out. The Dali dynasty sent troops to attack the MU Wang Castle, but they were defeated."

"As a result, the shepherd king's castle and the Li Dynasty have maintained a relatively delicate situation."

Hearing this, ye Chen's eyes flashed with a brilliant light. He was extremely gratified."In other words, the shepherd king's castle has grown to the point where even a great empire has to be wary of it?"

"Not bad." Wang Hai nodded.

"But I heard from my master that the shepherd king's castle hasn't been having a good time recently," Jiang Cheng continued.

"Why?" Ye chen looked at him steadily.

"There are five overlords in the sea of heavenly wind, and the shepherd king's castle is one of them," Jiang Cheng said uncertainly."I heard that the martial artists are about to hold a sect competition, and many forces have their eyes on the shepherd king's castle. Some of them are even sent by the Dali dynasty."

"Senior brother, didn't you say that mu Caiwei, the eldest daughter of the shepherd king's castle, is a martial Grandmaster?"

Wang Mei, who had not spoken all this time, couldn't help but say, "She's already a martial arts Grandmaster. There shouldn't be many people who can threaten her, right?"

Her goal in life was to become a martial Grandmaster, but she was only a martial honor now.

"Actually, it's not like that."

"Of course!" Jiang Cheng was also looking forward to it. "There are many martial Kings among the other four Chiefs. Under the pressure of the four Chiefs, how can the shepherd king's castle sit back and relax?"

He did not notice that there was a cold glint beneath ye Chen's faint smile.

### **Chapter 1106: The legend of Shi qianhan!**

The sea breeze whistled as they sailed against the current.

Ye Chen stood on the ship and looked at the endless horizon. He breathed in the salty sea breeze, but his heart was not calm.

When he returned to the Heaven Wind Sea region this time, he had wanted to use the power of the Shepherd King's castle to search for the Ghost Ship and Su Yuhan.

However, from Jiang Cheng, Wang Hai, and the others' descriptions, he learned that the Shepherd King's castle was facing a crisis.

His eyes flickered as he gradually came up with a plan. No matter what, he had a connection with the Shepherd King's castle, so he would not sit idly by.

Especially since Jiu 'Er and Mu Caiwei had cultivated the cultivation technique he had imparted to them, they were considered half his disciples.

When he thought of this, a determined and cold figure appeared in his mind, and his heart warmed.

At this moment, The Woman in Black, Wang Mei, sighed heavily, "No matter what, a legendary figure like Miss Mu is not someone we can look at directly. I don't know what kind of person is worthy of him."

If one were to say that a year ago, Mu Caiwei was hailed as the number one beauty of the Heaven Wind Sea region, then in the past year, this flower vase in the eyes of others had proven herself with her demonic talent.

Therefore, in the entire Heaven Wind Sea region, there were countless young men who were infatuated with Mu Caiwei. As a woman, Wang Mei also set Mu Caiwei as her goal.

Jiang Cheng seemed to have thought of something, and he said, "I've heard Master say that Miss Mu is already married."

"Senior brother, that's impossible, right?" Wang Mei was instantly stunned and full of disbelief.

"I don't know the details."

"I heard that a year ago, the Shepherd King's castle held a big wedding and accepted a son-in-law. His name is Shi Qianhan. At first, everyone thought that he was a piece of trash who couldn't cultivate." Jiang Cheng shook his head.

"What happened after that?"

Seeing that he was halfway through his sentence, Wang Mei anxiously stomped her feet, "Senior brother, please tell me. I'm dying of anxiety."

At this moment, even Wang Hai and the other Pirates couldn't help but look at Jiang Cheng. They had lived in the sea for a long time and had never set foot on land, so this was the first time they had heard of such an interesting story.

"At that time, no one understood why the Shepherd King's castle would marry a piece of trash as their son-in-law, and no one could understand why the beautiful Miss Mu would marry a piece of trash."

Jiang Cheng paused for a moment before he continued. "After that, the MU Wang Castle fell into a crisis. The bloody blade sect, the seven mystical Palace, the evil Valley, and the Tianfeng city Lord's mansion

joined forces to suppress it. The MU Wang Castle suffered heavy losses. At the critical moment, it was this useless son-in-law who made a move.”

His expression turned serious as he slowly said, “this man killed the powerhouses of the four great forces all by himself. He even killed his way into the seven mystical Palace and destroyed the entire seven mystical Palace. After that, he triggered the Emperor-conferring calamity and became a Martial Emperor in one fell swoop.”

As his voice fell, Wang Hai and the others all gasped in shock.

Miss MU’s husband is a Martial Emperor?

“Tsk, what’s so great about that?”

Wang Mei, however, said disdainfully, “senior brother, you just said that miss mu is a martial arts Grandmaster. What is a mere Martial Emperor in miss MU’s eyes?” Therefore, I think your rumor is false. ”

Martial emperors were in front, and martial grandmasters were behind.

In comparison, the rumors about Shi qianhan were nothing to her.

“I’ve only heard about it!”

“You’re right, Junior Sister. The mysterious son-in-law of the shepherd king’s castle disappeared a year ago. He has never been seen again,” Jiang Cheng said with a bitter smile.

“It’s definitely fake. ”

“I admit that Shi qianhan is stronger than me as a Martial Emperor,” Wang Mei said without hesitation. “But in the end, he’s still not worthy of the MU family’s eldest daughter.”

The rest of the people nodded in succession.

Hearing this, ye chen shook his head slightly. He did not know whether to laugh or cry.

Wang Mei saw him shaking his head and she couldn’t help but say, “Senior, do you think what I said is unreasonable?”

Earlier, ye chen had sent her flying with a slap. Although the misunderstanding had been cleared, she still held a grudge in her heart, so she could not help but ask.

“You’re right. ”

Ye chen was stunned at first, but then he slowly nodded. “This Shi qianhan is indeed not worthy of the young lady of the shepherd king’s castle.”

Wang Mei then revealed a satisfied smile.

At this moment, Wang Hai ordered his men to lower the sail a distance away and said respectfully, “Exalted immortal, we’re about to reach the shore.”

Ye Chen looked up and saw that the sea in front of him had suddenly become lively. Giant ships came from all directions and finally sped toward a huge island in the distance.

As for the island in the distance, it was more like an endless sea, mountain, and land than an island. There were many huge sharks around it, but they lived in harmony with the crowd.

"Senior, this is the real Golden Shark Island," Jiang Cheng introduced. "These sharks were all tamed by my master, which is why they are so respectful ..."

As he said this, his eyes were filled with pride. "My master is Golden Shark old man, a fifth-grade Mystic cultivator who tamed a shark King ..."

When they heard the words "Golden Shark old man," awe and respect flashed across the faces of the pirates, including Wang Hai.

"Let's go,"

When Jiang Cheng ordered his men to dock the ship, countless eyes turned to look at them. Most of them were looking at Ye Chen.

They had obviously noticed that Ye Chen was a stranger.

At this moment, a strange voice came from afar, "Oh, isn't this fifth Junior Brother and sixth Junior Sister? Why? You didn't gain anything from this trip?"

Jiang Cheng and Wang Mei's faces instantly darkened.

From the crowd a thousand feet away, several figures strode over. They were all luxuriously dressed young men and women.

The auras in these people's bodies were not weak. The highest among them was a third-grade Mystic cultivator, which was equivalent to a martial Supreme.

The leader of the group was a young man with a slightly sinister face. He was looking at Jiang Cheng and the others with disdain.

Jiang Cheng said in an indifferent tone, "Second senior."

Before the malicious-looking young man could speak, a freckled lady behind him said coldly, "Our fifth Junior Brother is getting more and more arrogant. He only sees second senior brother and doesn't see me, his third Senior Sister ..."

"That's right. Fifth Junior Brother has only joined the sect for a few years, and he already doesn't take us seriously. After a long time, wouldn't he also look down on second senior brother and eldest Senior Sister?"

"Fifth Junior Brother is not bad ..."

The rest of the people chimed in one after another, but their words were all directed at Jiang Cheng.

Ye Chen saw Jiang Cheng's face freeze for a moment before a smile bloomed on his face. "Senior brothers and senior sisters, you must be joking. How could this Junior Brother not put you in his eyes?"

“Fifth junior, who is this person?”

At this time, the sinister-looking man who was leading the group suddenly looked at ye chen with a faint hostility. “Master once said that we can’t bring outsiders to the island. Are you trying to break the rules?”

As his voice fell ...

The rest of them looked at ye chen unkindly, the celestial Chi in their bodies surging.

### **Chapter 1107: The forces under the shepherd king’s castle!**

Seeing that the atmosphere was a little off, Wang Hai subconsciously said, “Immortal Qiu, this immortal ye is ...”

Before he could finish his sentence, he was sent flying backward. The malicious-looking young man said, “Who Do You Think You Are? Do you have the right to speak here?”

“You ...” Wang Mei stepped forward to grab Wang Hai and his wife, then glared at the former in anger.

“Enough!”

Jiang Cheng interrupted the crowd and said coldly, “Second senior brother, Junior Brother met this senior ye outside. Thinking that our southern islands are facing a crisis now, I want to introduce him to master.”

As soon as he said this, the malicious-looking man and the others were stunned at first, then they laughed out loud.

“Senior ye?”

The freckled girl acted as if she had heard a funny joke. She pointed at ye chen and sneered. “Fifth junior, did I hear you wrong? You’re actually calling this brat a senior?”

“Hahaha, this kid doesn’t have the slightest aura, and his physique is also too weak to stand up to the wind. He’s actually a senior?”

“Fifth Junior Brother is getting more and more muddleheaded, to actually be so easily fooled by others ...”

“.....”

The rest of them burst into laughter.

“Fifth junior ...”

The malicious-looking man took two steps forward and gently patted Jiang Cheng’s shoulder. He then sighed and said, “I know that you’re eager to make a contribution and want to please master, but you should at least have some brains ...”

Jiang Cheng’s face turned red.

“Alright, I won’t disturb you and this senior ye from being intimate ...” The malicious-looking man said again.

After saying that, he left with a few people behind him. Jiang Cheng could hear their laughter from afar.

As soon as they left, Wang Mei could not help but question ye chen, “Senior, why didn’t you help senior brother out just now?”

“Why should I help him?” Ye chen held his daughter and smiled faintly.

“Senior brother was ridiculed by second senior brother and the others because of you ...” Wang Mei was suddenly furious.

“Alright, Junior Sister.”

Jiang Cheng interrupted him and bowed to ye chen, “Many thanks to senior for not taking action just now. Otherwise, Junior’s future days would be even more difficult.”

He knew very well that his senior brothers and sisters had always been against him and regarded him as a thorn in their side. If ye chen had made a move just now, he would have intimidated them on the surface.

However, ye chen could not stay on Golden Shark Island forever. He would leave one day. Once ye chen left, her situation would become even worse.

“Senior brother, you’re too weak.”

Wang Mei was a little disappointed.

On the other hand, ye chen nodded to himself.

Jiang Cheng wasn’t old, but he knew how to be patient. People like him were usually the ones with the most future. On the contrary, his senior brothers and sisters would suffer the consequences of their own actions.

“Senior, junior will bring you to see my master now.”

Jiang Cheng respectfully led ye chen to the island and walked toward the largest Pavilion on the island.

Ye chen looked around as he walked. He found that although this was the place where Pirates lived, the management was well organized.

What surprised him the most was that there were three faint auras of martial emperors on the island, and it seemed that one of them was Jiang Cheng’s master, old man Golden Shark.

15 minutes later, Jiang Cheng stopped in front of a huge Pavilion. This was the palace where old man Golden Shark lived, and it was also known as the resplendent Golden Shark Palace!

Jiang Cheng stepped forward and said to the old guard, “Uncle Gong, please help me inform my master.”

The old man called uncle Gong sized up the crowd and his eyes focused on ye chen for a few seconds before he walked in expressionlessly.

.....

Within the Golden Shark Palace.

Three elderly figures sat on the ground with three cups of fragrant tea in front of them. However, even though the tea's temperature had completely dissipated, no one took a sip.

One of them was an old man in a long golden robe, another was an old man with a face as red as wax, and the last one was an old man with white hair and a ruddy complexion.

If there were outsiders present, they would be shocked to find that these three people were the three strongest people in the entire southern islands: Golden Shark elder, Firesmith elder, and wood spirit elder.

The old man, whose face was as red as wax, frowned. "Daoist Golden Shark, may I ask when your eldest disciple will return?"

"With Xia 'er's fourth-level Mystic cultivator realm, it'll take her at least five days to get back to the nearest land from here."

The Golden Shark elder sighed with a sad expression. "But the Crimson afterglow sect that Xia 'er is in is a subsidiary force of the shepherd king's castle, after all. With the escort of the sect's elders, we can arrive in two days ..."

"Two days?" he asked.

Wood spirit elder gave a bitter smile and said, "The mysterious force gave us three days to wait. One day has already passed, I'm afraid your eldest disciple won't be able to make it back in time."

At this point, he shook his head slightly and said, "Furthermore, I heard that the shepherd king's castle is currently participating in the high sect competition. There's a lot of external pressure. As a subsidiary force, the Crimson afterglow sect will definitely send out their experts."

"Now, we can only leave it to fate."

The Golden Shark elder sighed and looked at the Firesmith elder. "Daoist pyrotechnician, are the northern and eastern archipelagos not willing to help us?"

"Don't mention it. I've lost all my face, but they're still indifferent. They're even happy to see it happen."

The old Firesmith's expression was extremely ugly. "This group of old sly people. In the past, when they saw that our southern islands Alliance was the power of the shepherd king's castle, they were all kinds of warm. Now that they see the shepherd king's castle in danger, they are just watching coldly."

"The human heart is like this."

Wood spirit elder did not seem to mind. He turned to Golden Shark elder and said, "Daoist Golden Shark, did you really fight with that mysterious force?"

"Not bad!"

“That night, I was cultivating in seclusion when I felt a strong aura coming at me. I followed it and fought with it. After five rounds, I was injured by it!” The Golden Shark elder said with a serious expression.

His eyes were filled with fear. “If it wasn’t for my pet Golden Shark King, I’m afraid I would have died long ago.”

“This person must be a martial Grandmaster!”

Firesmith elder and wood spirit elder exchanged a look and said in unison, “Even if he isn’t, he’s not far from Wu Zong ...”

“In that case, doesn’t that mean that even if the experts of the Crimson afterglow sect come, it won’t help?” Old man Golden shark’s heart sank.

At this moment, a respectful voice came from outside, “Master, Jiang Cheng is back, and he brought an outsider with him.”

“An outsider?”

Elder Golden shark’s expression darkened. He said unhappily, “Didn’t I set a rule that no outsiders are allowed on the island?”

On the sea, the sense of territory was stronger than on land. The entire South archipelago was extremely xenophobic, and no one had ever dared to break the rules.

“This old servant is not clear.”

“But I heard Jiang Cheng addressing that young man as senior, and he was very respectful ...” Uncle Gong said again.

“Senior? A young man?”

The Golden Shark old man and the other two people looked at each other with a hint of unhappiness in their eyes.

### **Chapter 1108: If you don’t want to die, you’d better stay close to me!**

In the Golden Shark Palace’s living room.

The Golden-robed old man Golden Shark sat on the high platform. His expression was dignified, and his eyes were burning.

Below them sat wood spirit elder and Firesmith elder respectively. Their eyes were fixed on ye chen below.

Jiang Cheng knelt in front of the three of them respectfully, “Disciple greets master, senior wood spirit, senior Firesmith ...”

“Get up!”

Old man Golden Shark raised his hand slightly and then looked at ye chen behind him. His eyes were sharp. “Who is this person?”

“Master, I met senior ye on my way back ...” Jiang Cheng told him everything that happened.

As soon as he finished speaking, the three of them, including old man Golden Shark, looked at ye chen with scrutiny.

When they heard that ye chen had killed a Grandmaster with a single glance and sent Wang Mei, who was a martial Supreme, flying with a single slap, the three of them finally had a change in their gazes.

With such a technique, ye Chen’s strength must not be lower than that of a pseudo-Emperor, but what puzzled them was that there was no cultivation fluctuation on ye Chen’s body.

Thinking of this, the Golden Shark elder spoke first, “Fellow Daoist ye, may I know where you are from?”

“I’m from the Northern Territory!”

“I happened to pass by this place. Since I don’t know the exact location, I would like to ask for a map from you ...” Ye chen said calmly.

As soon as he finished speaking, the old Firesmith immediately sneered, “You’re from the North?”

Jiang Cheng was surprised at first, but then he forced a smile.

“Not bad!” Ye chen nodded slightly.

“What a load of nonsense!”

Wood spirit elder snorted coldly, “do you know how far the Northern Territory is from the heaven wind sea region?” It’s hundreds of thousands of miles long, and there are countless spatial cracks. How did you get here?”

“That’s right. The Northern Territory is extremely far away from the heaven wind sea region. Even a martial arts Grandmaster would find it impossible to cross the spatial Rift.”

Old man Golden Shark nodded as well. He looked at ye chen with a hint of hostility. “May I ask how you came here?”

“Of course, I came here through a wormhole ...” Ye chen replied without thinking.

“Laughable!”

Without waiting for him to finish, the old man immediately interrupted, “A wormhole? Do you know what a wormhole is? In the entire sea of heavenly wind, only the Dali dynasty has one. Even the five overlords like the shepherd king’s castle don’t have one. ”

At this point, his gaze was extremely sharp. “The space wormholes of the Dali dynasty can only be used through the royal family. Moreover, we have lived in the southern islands for hundreds of years. Why haven’t we found the exit of the teleportation formation?”

“In my opinion, you must be a spy sent by outsiders to find out the real situation of my southern islands ...”

As soon as he finished speaking, three murderous auras burst out in the hall. The three auras were extremely sharp and locked on to ye chen.

Ye chen frowned.

The three people in front of him only had the combat strength of the martial Royal realm. He had planned to borrow the map with kind words, but he did not expect them to be so tactless.

“Master, please calm down. Seniors, please calm down!”

At this moment, Jiang Cheng suddenly knelt down and said, “This disciple is willing to use my life to guarantee that senior ye is definitely not a spy!”

As he said this, he put his head on the ground and kowtowed heavily. Soon, his forehead was red.

“You’ll use your life as a guarantee?”

The Golden Shark elder sneered, “your life is nothing compared to the millions of people in the southern islands.” What if you bring a catastrophe to the southern islands?”

Jiang Cheng didn’t say a word, he just kept kowtowing, and soon, the ground was covered in blood.

At this moment, uncle Gong walked in and said, “Master, there’s a conflict between us and the North Islands. A group of juniors have come to fight ...”

Old man Golden shark’s expression changed. He looked at Jiang Cheng who was kneeling on the ground and then at ye chen. “Bastard, take your men and get out of here ...”

Jiang Cheng stood up and led ye chen out of the main hall, ignoring the blood on his head.

After they left, wood spirit elder couldn’t help but ask, “Daoist Golden Shark, this person’s background is unknown. Why didn’t you attack him just now ...”

“It’s precisely because this person’s origin is unknown that this old man didn’t act!”

“No.” The Golden Shark elder shook his head. “This is a sensitive period. Without knowing the other party’s background, it’s better to stay still than to act. We just need to monitor him. If he has any intentions, we’ll definitely find out ...”

“Fellow Daoist Golden Shark is indeed brilliant ...” Realization dawned on the old man’s face, and he couldn’t help but admire him.

.....

In the afternoon, Jiang Cheng arranged for ye chen to stay in a cave on the island. The food was not bad.

As for the arrival of an outsider like him, the people on the island had different opinions. In addition, some people deliberately spread the news that Jiang Cheng called ye chen “senior.”

Jiang Cheng had become a laughingstock among the crowd. Even so, no one dared to attack ye chen. After all, Jiang Cheng was the disciple of old man Golden Shark.

Ye chen also noticed that there were people staring at him from all around the cave as if they were monitoring a prisoner.

He didn't care about this at all. Other than meditating in seclusion, he took his daughter to stroll around the island.

When old golden Shark and the other two heard ye Chen's actions, they were confused.

"Senior brother, did you hear that? The people outside think you're a fool ..."

Wang Mei complained to Jiang Cheng under all the rumors, "I think you're mistaken. Perhaps that brat isn't a fifth-level Mystic cultivator at all. He's at most a fake emperor ..."

"Junior Sister, even if senior ye isn't a fifth-level Mystic cultivator and is only a fake emperor, he is still a senior in front of you and me ..." Jiang Cheng consoled her.

"Anyway, you should be careful. It's best not to let your master respect you for an outsider, or even be disliked by master ..."

Wang Mei left angrily after saying that.

That night, when most people were still asleep, ye chen seemed to sense something and looked up at the sky. His eyes flashed with a bright light. "He's here?"

The next moment!

He picked up the snoring little guy and teleported in front of Jiang Cheng, who was on night duty.

"Senior, it's already so late and you're still not resting?" Jiang Cheng was shocked at first, then he said.

"If you don't want to die, you'd better stay close to me ..." Ye chen narrowed his eyes and said lightly.

"What did you just say?" Jiang Cheng didn't know how to react.

"Fifth junior, did you hear that? This kid really thinks of himself as a senior and wants to protect you. "

A young man sneered.

The rest of the people also laughed out loud!

Just as Jiang Cheng was about to open his mouth, a scream came from the distance, breaking the dead silence of the night.

"Enemy attack, enemy attack ..."

Everyone was shocked and flew in the direction of the sound. When they stood on the northeast side of the island, their bodies froze and their pupils dilated.

On the dusky River surface, an earth-shattering flame was rapidly approaching the island.

If one looked closely, they would discover that these were not flames, but warships that looked like giant Steel Beasts.

There was no end in sight.

Someone shuddered and then shouted in fear, "It's ... The Navy, it's the ... The Dali dynasty's Navy!"

**Chapter 1109: 100,000 sailors!**

“It ‘s...It’s the Navy!” Someone shouted in fear.”It’ s...It’s the Navy of the Dali dynasty!”

The next moment!

The entire Golden Shark Island was in an uproar. People kept waking up from their sleep and gathering here.

“Shua shua shua ...”

As three figures with powerful auras approached, the faces of Golden Shark elder, Firesmith elder, and wood spirit elder were revealed.

On the ocean surface less than ten thousand feet away from Golden Shark Island, numerous warships were flying in the wind, with their flags fluttering in the wind.

On these warships, there was an Army that stretched as far as the eye could see. They held torches in their hands and were filled with an overwhelming murderous aura.

At the forefront, there were countless ferocious giant beasts pulling the warships forward. These giant beasts were as large as mountains, covered in bone spikes, and had sharp fangs. As they advanced, their bone armor collided with each other, causing the sea water to boil.

When they saw the word “li” on the flag, the three of them took in a cold breath.”It really is the Navy of Dali dynasty!”

“And it looks like it’s the most elite Navy of Dali dynasty. It must be led by the Navy’s Deputy Governor, Luo Kedi!”

The Golden Shark elder’s lips moved slightly, and his words made everyone’s hearts sink.

The Dali dynasty was the number one Overlord of the sea of heavenly wind and was above all the other sects. Even the five super sects of the sea of heavenly wind, such as the shepherd king’s castle, had to be wary of this behemoth.

And the Navy on the ship in front of him was no less than 100000. Every one of them was a martial artist and was familiar with the water. They were also experienced and experienced.

In the face of such an Army, even the millions of people on Golden Shark Island and the entire southern islands would be razed to the ground in an instant.

Most importantly, Luo Kedi, the Vice Admiral of the Dali dynasty’s Navy, had already shocked the world. With him personally leading the team, how could the South archipelago resist?

Ye chen was also surprised. Judging from the Navy’s appearance and equipment, this so-called Dali dynasty had already surpassed the great dynasties in the North.

The old man’s expression was grave.”The southern islands do not border the Dali dynasty. There are no conflicts between us. Why did the Dali dynasty attack the southern islands so late at night?”

His words immediately reminded everyone.

That’s right!

The Dali dynasty was located in the northern part of the sea of heavenly wind, no less than 100000 nautical miles away from the southern islands. The two of them should not interfere with each other.

Wood spirit old man's expression changed slightly. As if he had thought of something, he said in a low voice, "My fellow Daoists, unless the mysterious force from before was the Dali dynasty ..."

Old man Golden Shark was shocked.

A day ago, the entire southern islands had received a challenge from a mysterious force. For this reason, they had thought that some force wanted to attack their southern islands, and had even sent people to the land to ask for reinforcements. Who would have thought that the Dali dynasty Navy would suddenly appear?

If the mysterious enemy of the southern islands was really the Dali dynasty, then they would have no chance of winning this battle.

"I'll go and ask!"

The Golden Shark elder took a deep breath and jumped into the sea. His voice shook the entire sea,

"I'm the master of Golden Shark Island, old golden Shark. May I ask if you are the Vice Admiral of the Dali dynasty's Navy, Lord Luo Kedi?"

As his voice fell ...

In the distance, the ferocious giant beasts that were advancing suddenly stopped, and then the warships on the sea also stopped.

After a long time, a huge Dragon Boat floated out of it, and a man in Black stood on the deck of the Dragon Boat.

The black-robed man was in his forties, and his body was tall and sturdy. His eyes were shining brightly. "I didn't expect you to know my name."

"It's really Luo Kedi ..."

On the shore, Firesmith elder and wood spirit elder exchanged a glance, and they both saw the shock in each other's eyes.

"Lord Luo!"

The Golden Shark old man cupped his fists at Luo Kedi from a distance and said, "The southern islands have never offended Tianyan. Why do you want to invade the southern islands today?"

Luo Kedi stood proudly on the deck and sneered in the wind, "The shepherd king's castle disrespects imperial power and disregards the Emperor of Dali. As forces under the shepherd king's castle, you should be annihilated!"

"Whoosh ..."

As soon as he finished his words, the entire Golden Shark Island was in an uproar. Countless people were terrified.

The expressions of the Golden Shark elder and the other two elders changed.

What they did not notice was that ye Chen's eyes flashed with a strange light.

The southern islands were actually affiliated forces of the shepherd king's castle?

Wood spirit elder smiled bitterly, looked at Luo Kedi from afar and said, "Luo Kedi, you've invaded the southern islands today. Aren't you afraid that the high sect's Shepherd's Castle will wage a war with you if they find out?"

There was a faint hint of threat in his tone.

There had been a huge battle between the MU Wang Castle and the Li Dynasty a year ago, and the MU Wang Castle had won by a narrow margin. The benefits they had obtained were not only to make the Li Dynasty fear them, but also to take over a dozen cities, including Tianfeng city.

"A mere Shepherd king's castle wants to fight with me in the big Li war?"

Luo Kedi, who was on the Dragon Boat, seemed to be disdainful, "A year ago, the Li Dynasty was defeated because we underestimated our enemy. Do you think the shepherd king's castle still has a chance?"

As he said this, his face was filled with cold killing intent. "To tell you the truth, at the Grand competition of the five sects in the heaven wind sea region, the shepherd king's castle is now the target of public criticism. Perhaps in a few days, you will hear the news of the destruction of the shepherd king's castle."

"In that case, isn't the five sect competition a scam? A scam that your Dali dynasty used to target the high sect of the southern islands?" The expression of the old man changed drastically.

"Hahaha!"

Luo Kedi suddenly laughed wildly. "I'll tell you one more thing. A day ago, the mysterious powerhouse who injured old man Golden Shark was arranged by me. My purpose was to make you ask for help from the shepherd king's castle."

"The shepherd king's castle is already too busy to take care of itself. If its power is scattered because of you fools, it will be even easier for the Li Dynasty to get rid of it."

"What?"

The Golden Shark elder and the other two shuddered violently. They had never expected that the Dali dynasty would go to such great lengths to set up such a trap to deal with the shepherd king's castle.

First, he used the excuse that the mysterious force wanted to attack the southern islands to cause panic, so that they would send people to the Shepherd's Castle to ask for help, and then disperse the strength of the Shepherd's Castle.

"Shameless!"

Wood spirit elder's face turned livid with anger.

"Shameless?"

Luo Kedi sneered. "This is called 'all is fair in war'. It's your fault that you Pirates don't understand The Art of War. You don't even know what it means to besiege the enemy and attack their reinforcements."

"Well, I've said enough to you. After I destroy you, the entire South archipelago will belong to the Dali dynasty!"

The smile on his face suddenly turned cold, and then he waved his hand, "March forward and trample the southern islands. Leave no one alive!"

"Roar!"

The ferocious giant beasts that had been standing still on the surface of the ocean suddenly moved, roaring and charging toward Golden Shark Island.

In an instant, ten thousand sails were unfurled, and killing intent surged through the world, almost overturning the entire sea.

At the sight of this scene, the three elders' faces sank. They had clearly realized that there was no turning back.

"Everyone, since the Li Dynasty won't give us a way out, we don't need to endure anymore!"

Elder Golden shark's aura burst out and swept across the sea. His voice was extremely cold, "If you don't want to die, then go all out!"

At that moment, Jiang Cheng, who was standing beside ye chen, pulled out his sword and roared, "Everyone, there's no way out, let's kill!"

"Kill!"

Almost at the same time, hundreds of thousands of people on Golden Shark Island roared in anger.

If the Dali dynasty only wanted to take over Golden Shark Island or capture them alive, they might not have been so eager to fight!

However, Luo Kedi had made it clear that he would flatten Golden Shark Island and kill them all. This was equivalent to not giving them a way out.

This was equivalent to forcing everyone to a dead end. The only plan now was to fight to the death.

Wood spirit elder flicked his finger, and a Green Arrow token fell into the hands of a young man. "Feng'er, take my token arrow and quickly head to wood spirit Island to gather everyone to reinforce Golden Shark Island!"

"Yes, father!"

The young man took a deep breath. Holding the token arrow, he turned into a beam of light and flew toward Golden Shark Island.

"Yan Zhao, take my command arrow and go to the pyrotechnics Island to gather everyone to reinforce Golden Shark Island ..." The pyrotechnics elder said the same thing.

At the same time, the warship that was thousands of feet away was getting closer and closer to the island. The murderous aura that was almost tangible almost suffocated many people.

The next moment, an overwhelming number of arrows shot from the river surface, making people's scalps numb!

### **Chapter 1110: I can kill you, I dare to kill you!**

”

Under such a dense barrage of arrows, many people screamed as they were turned into porcupines on the spot.

“Whoosh ...”

An arrow was pointed at ye chen.

The little guy was so scared that it subconsciously closed its eyes. Ye Chen's eyes focused and the arrow shattered on the spot.

“You have guts!”

Firesmith elder and wood spirit elder stepped out and stood side by side with Golden Shark elder, blocking many arrows for the crowd.

However, many people from Golden Shark Island had died, and this was only the first wave of attack from the Dali dynasty Navy.

Jiang Cheng's eyes turned red, and he shouted, “Master, the enemy is huge and aggressive. Our Golden Shark Island can't defend in time. We can't fight them now. We can only retreat back to the island and wait for reinforcements.”

“Boom ...”

The Golden Shark elder smacked out his palm and destroyed hundreds of arrows. He roared, “Fellow Daoists, quickly return to the island. Jiang Cheng, activate the defensive formation!”

Hearing this, Jiang Cheng immediately led his men to the core of the formation. However, at this moment, several figures suddenly appeared and killed many of Jiang Cheng's men.

Jiang Cheng was caught off guard by this sudden turn of events. “Second senior brother, third Senior Sister, what are you doing?”

.....

“What are you doing?”

The second senior brother he was talking about was a malicious-looking young man. He sneered and said, “Junior Brother, didn't you see how fierce the Imperial court's Army is? If we continue to hold on, we will die. We might as well give up and submit to the Imperial court.”

“Second senior is right.”

The third Senior Sister was a freckled woman. She said righteously, "Junior Brother, as the saying goes, 'every man for himself'. If you don't want to die, then get the hell out of here."

"You guys ..."

Jiang Cheng couldn't believe his ears, "Master has treated you well, yet you dare to say such words?"

"Master? What qualifications does he have to be our master?"

The malicious-looking young man snorted coldly. "This old thing is extremely biased. He has been pampering you all this time. Did he really think that we didn't know?"

"Why are you talking so much nonsense with him?"

"Hurry up!" The freckled woman urged. "Go and destroy the core of the defensive formation. I'll hold him back!"

"You dare!"

Jiang Cheng couldn't hold it in any longer, and he threw out a palm toward the malicious-looking young man. Xuan Qi exploded from his palm, forming a golden mark.

"Junior Brother, your opponent is me ..." The freckled girl's profound Qi burst out as well, defusing the former's attack.

The two of them exchanged blows, and the commotion they caused naturally attracted the attention of the others.

Wang Mei, who was standing behind Jiang Cheng, was shocked and angry, "Master, second senior brother and third Senior Sister want to destroy the core of the formation and let the Imperial court's Army in ..."

"Bastard!"

"You're courting death!" Elder Golden Shark was furious. He leaped and dashed toward the island.

"Stop him, you must stop him ..." He shouted.

Wood spirit elder and Firesmith elder's eyes almost popped out of their sockets. Once the defensive formation was destroyed, they would be completely finished.

Ye Chen, who was in the crowd, frowned slightly. He glanced at the malicious-looking young man who was less than a hundred feet away from the core of the formation.

Just as he was about to make a move, an old man suddenly appeared beside him. It was uncle Gong. The old man looked at him with vigilance and said, "Little brother, I advise you not to act rashly. Otherwise, this old man will kill you on the spot."

Old man Golden Shark and the others were suspicious of Ye Chen's background. Therefore, they had long instructed uncle Gong to be on guard against Ye Chen.

Behind him, there were dozens of Golden Shark Island ancient martial art practitioners. They all looked at Ye Chen with unfriendly eyes.

Ye Chen could not help but shake his head. He secretly scolded old Golden Shark and the other two for being so stupid. They could not even tell whether they were friends or enemies.

Just as the three of them were speeding toward the island, a figure suddenly shot toward them from the warship in the distance.

It was Luo Kedi, who was on the opposite side, who had made his move, "Old ghost Golden Shark, your opponent is me!"

Luo Kedi's sleeves fluttered, and a terrible storm of true Qi swept out in all directions with him as the center.

"Boom ..."

Then, a terrifying energy burst out from his hand and formed a huge palm print, which was aimed at the Golden Shark elder's head.

"Luo Kedi, this old man will definitely kill you!"

The Golden Shark elder's expression changed drastically. He couldn't care too much as he turned around quickly. The celestial Chi in his hand burst out, and with the surging of runes, it condensed into a celestial Chi net to meet the attack.

"Boom ..."

As the two attacks collided, a deafening sound like muffled Thunder rang out. Elder Golden Shark was then sent flying.

Upon seeing this, many people were dumbfounded!

The number one expert of their Golden Shark Island had been defeated?

After elder Golden Shark finally managed to stabilize himself, he spat out a mouthful of blood and looked at Luo Kedi, "You ... You're the mysterious man from that night?"

From the exchange of blows just now, he finally realized that the mysterious man who had almost killed him that night was Luo Kedi.

"You're not stupid, but it's a pity you found out too late!"

Luo Kedi sneered coldly. He stepped into the void again, and with a terrifying energy on his back, he attacked Golden Shark old man again.

"Boom ..."

At this moment, both wood spirit elder and Firesmith elder attacked at the same time. Both of them rushed out with all their strength, as if they were trying to force Luo Kedi to retreat.

However, immediately after, the two of them were sent flying, and the profound Qi in their bodies was rolling.

"Wu ... Wu Zong!!!"

The three of them once again looked at Luo Kedi in shock, ""You've actually broken through to Wu Zong?!!"

The three of them were fifth-grade Mystic cultivators, which was equivalent to three martial Royal realm old monsters. However, they were still no match for the other party even if they joined forces.

There was only one possibility. Luo Kedi had become a martial arts Grandmaster. Otherwise, he would not be so terrifying.

"Are you surprised?"

Luo Kedi stood with his hands behind his back. His face was full of ridicule, ""I've endured for 20 years. Do you really think I'm just a Martial Emperor?"

The Golden Shark elder and the other two were in despair.

Not only did the Dali dynasty send 100000 Navy soldiers, but they also sent a martial arts Grandmaster. How could they resist?

"Boom ..."

A deafening explosion suddenly came from Golden Shark Island. It was as if the entire Island was shaking.

"The core of the formation has been broken!"

Everyone had the same thought.

Then, a malicious-looking young man rushed over and knelt on one knee in front of Luo Kedi. He said respectfully, ""This subordinate greets the Deputy Governor!"

At the sight of this, Golden Shark elder almost vomited blood. ""Qiu Xin, you bastard! How dare you betray me?!!"

Countless people of Golden Shark Island glared at the malicious-looking young man, and many of them cursed him.

"Betray you?"

The malicious-looking young man slowly raised his head and looked at the former. He grinned, ""Old ghost Golden Shark, do you really think I'm your trash disciple, Qiu Xin?"

After saying that, he turned around and tore it apart. Then, he turned to look at Golden Shark old man and said, ""Look at who I am."

What entered everyone's eyes was a very delicate face, just like a woman's face.

"Thousand illusion technique!"

The Golden Shark elder's expression changed. He asked in disbelief, ""Is this the long-lost thousand illusion technique?"

"At least you have some eyes!"

“Tian Chun is a Lieutenant under me,” Luo Kedi said coldly. “A month ago, I asked him to disguise himself and come to your side.”

“Not bad!”

Tian Chun revealed a mocking expression. “I killed your second disciple, Qiu Xin, a month ago. To think that you still don’t know about it.”

“Hehe ...”

Elder Golden shark’s body trembled violently as if he had aged several decades in an instant. “So, you’ve been planning to destroy my Golden Shark Island for a month ...”

“Do you think your Golden Shark Island is worth my careful planning? In the end, I only have to deal with the shepherd king’s castle. ”

Luo Kedi seemed to be disdainful. Then, his eyes turned cold, and he said indifferently, “The three of you, go on your way. Soon, the shepherd king’s castle will come down to accompany you.”

As soon as he finished speaking!

He soared into the sky like a ROC flapping its wings. Then, he descended from the sky and slapped the Golden Shark elder and the other two.

“Hahaha!”

Old man Golden Shark suddenly burst out laughing. “Luo Kedi, don’t be so arrogant. Even if the three of us die and the southern islands are destroyed, you can’t destroy the high sect’s Shepherd’s Castle.”

“Not bad!”

Wood spirit elder and Firesmith elder also laughed in sorrow. “Because there’s a man behind the shepherd king’s castle who you can’t afford to offend. If this man were to make a move, he would kill you as easily as killing a chicken.”

“Kill me like a chicken?”

Luo Kedi snorted coldly, “who can kill me?” Who dares to kill me? Go on your way, you three pieces of trash!”

Jiang Cheng’s eyes turned red. “Master?!!”

“Island Lord!!!”

Everyone on the island was so shocked that their eyes almost popped out of their sockets.

At this moment, a faint voice rang out from a corner far away, “I can kill you, and I dare to kill you!!!”
