

## Genius 1181

### Chapter 1181: The next plan!

Seeing that ye Chen's expression did not seem to be fake, Jiang Lei Yingying saluted him and then stopped.

"You can tell?"

Old ancestor yellow spring looked at him in surprise.

Ye chen shook his head, not knowing whether to laugh or cry."Before I came, I heard that you're enjoying yourself in a country of women, having fun with the Empress every night, and you're so happy that you can't think about home ..."

The words "party every night" made Jiang Lei's pretty face burn. "I'm not the Empress of Ehuang Kingdom anymore ..."

"You're still the one who understands the old ancestor. "

"Well, it wasn't a waste of my tears when I heard you were killed ..." Old ancestor yellow spring grinned.

Ye chen smiled warmly. Although he had not known the great ancestor for long, it could be said that they trusted each other.

He couldn't help but take another look at Jiang Lei and nodded to himself. He had to admit that Jiang Lei's appearance and temperament were both stunning. It was no wonder that the patriarch had taken a fancy to her.

At the thought of this, he waved his sleeve and several bottles of elixir pills fell into the hands of Jiang Lei and the patriarch."You guys can take it to recover from your injuries and detoxify."

"I won't be polite with you."

Old ancestor yellow spring chuckled and took it. He sat cross-legged and consumed it, recovering from his injuries in front of ye chen.

After the poison in Jiang Lei's body was removed and her cultivation was restored, the few clan elders looked at each other and knelt down in front of her."Your Majesty, we request that you continue to hold the position of Empress."

.....

Jiang Lei shook her head."Elders, I know that I have violated the ancestral rules. I am no longer fit to be the Empress."

"If your Majesty doesn't agree, we'll commit suicide in front of you!" The few clan leaders could not get up from their knees, and their expressions were extremely determined.

This time, they had really seen through it. If Jiang Lei had not protected them with her life, they would have died long ago.

Moreover, they could see that old ancestor yellow spring knew ye chen, an Emperor's throne realm master. If they were on good terms, it would only be beneficial to the e Huang Kingdom.

Seeing that Jiang Lei still wanted to refuse, elder Huang Quan curled his lips and said, ""Since they've threatened you with their lives, you can continue to be the Empress."

"Clan elders, our top priority now is to defeat the enemy outside the city ..." Jiang Lei nodded.

As soon as she finished speaking, a female official rushed in from outside, her face full of excitement.

Seeing the person who had arrived, Jiang Lei and the other clan elders 'hearts sank. "What's wrong? Is the enemy attacking the city?"

This time, the Dali dynasty has sent out an Army of over a million, and with the addition of Saint Devil sect disciples, the total number of soldiers is more than two million. If we attack the city ..."

"Your Majesty, elders, good news, great news! The enemy has been defeated ..." The female official said with a smile.

After she had explained everything, ye chen could not help but nod in satisfaction.

It turned out that Blackie, along with his Black Dragon Guard, and a dozen martial Saints of the great Luo dynasty, had arrived in the East barren. Seeing the enemy besieging the city, they outflanked them from behind without saying a word, and together with the Army of the e Kingdom, they annihilated the enemy.

Blackie's Black Dragon Guard had more than 5000 people, and they were all demonic beasts who had cultivated. The lowest cultivation was at the fake emperor realm, so they were perfect for dealing with a group of ordinary people.

Speaking of the devil, Blackie strode into the palace in his black armor, ""The enemy outside the city has been defeated ..."

His monstrous baleful aura caused the expressions of Jiang Lei and the rest to change.

"Well done!" Ye chen smiled and nodded.

Old ancestor yellow spring looked at him carefully and suddenly said, ""You're the second?"

Blacky's expression stiffened and it ignored him. If ye chen was the person it feared the most, the great ancestor would be the second.

He would never forget the experience of being tricked by the great Grandmaster into licking the plug with his forked tongue before he had transformed.

"Second brother, it's really second brother!"

Old ancestor yellow spring walked over and circled around him, finally clicking his tongue in wonder. "You've changed too much, kid. I almost didn't recognize you. "

.....

In less than half a day, with ye Chen's arrival, the entire e 'Huang Kingdom went from despair to excitement.

As a result, ye Chen's reputation in the e 'Huang Kingdom had soared. For a time, countless women had fallen for ye chen.

After this incident, several clan elders discussed and decided to abolish the ancestral teaching of not accepting men in the e Huang Kingdom. That is to say, from today on, the women of E Huang Kingdom could communicate with men from the outside world.

The news shocked the entire country and even the entire East continent.

Night fell, within a guest room in the e 'Huang Kingdom.

Ye chen drove away the dozen or so beautiful women that Jiang Lei had specially arranged for him. He closed the door and sat down, looking at Blackie and old ancestor yellow spring.

"Tsk, tsk. Fellow Daoist ye, the dozen or so women that Jiang Lei arranged for you are all elites of the e Empire, and they are all virgins. There are even a few pairs of twins among them, but you actually don't like them ..."

Old ancestor yellow spring shook his head."I don't want to criticize you, but you're too pure. We cultivators are going against the heavens. Why do we have to abandon our emotions and desires?"

"Cultivation, cultivation ... In the old ancestor's eyes, cultivation isn't something that will trouble the child. We are merely cultivating to do as we please."

He pointed at ye chen."Look at me. I used to have a harem of three thousand people, but they didn't mind at all. They even loved me to death ..."

Ye Chen's mouth twitched.

There was really no way to refute his scumbag theory.

Old ancestor yellow spring couldn't help but look at Blackie."Second brother, don't learn from fellow Daoist ye. Tell me, which woman have you taken a fancy to? how many will I arrange for you?"

Blackie looked at him disdainfully."There are so many beautiful women in this world. In E Huang nation, there are tens of millions of single women. Even if you sleep with one every day, you'll have to sleep with her for decades. How different are you from a breeding pig?"

"Are you trying to ..." Old ancestor yellow spring was furious.

"Enough!"

Ye chen interrupted their argument and frowned.""It's time to discuss what we're going to do next,"

The two of them stopped on the spot.

Ye chen nodded in satisfaction and glanced at the great ancestor."Old ancestor, what are your plans next?"

"I don't have any plans,"

“You know what kind of person I am,” old ancestor yellow spring said. “I just want to stay in this gentle place. However, I heard that the founding Empress of the e Kingdom was once a suspected soul formation stage Emperor’s throne realm expert. She even left behind a secret treasure.”

“Elder ancestor means that I plan to stay here for the time being and find this secret treasure to see if there’s an opportunity for elder ancestor to enter the soul formation stage,” he said seriously.

Ye chen was just about to speak when he heard him say, “I’m only at the mid-stage of the nascent soul realm. Fellow Daoist ye, your enemies are getting stronger and stronger. Even if I follow you now, I won’t be of much help.”

### **Chapter 1182: The whereabouts of his daughter and parents!**

“So you and second brother should leave first!”

“If you know where your wife and parents are,” the great Grandmaster said in one breath. “Just send someone to the e Huang Kingdom to inform me. I’ll accompany you to battle the entire ancient barren world.”

Ye chen nodded slightly.

In fact, the patriarch was right. The patriarch wouldn’t be of much help to him now. It was better to give him some time to improve his cultivation.

Thinking of this, he narrowed his eyes and said, “Sure, I also want to talk to the two of you about something. It’s about my daughter, Yuhan, and the others,”

“You found out about this through soul searching of the Emperor of Dali, Shang Wu Dao?” Old ancestor yellow spring wasn’t surprised at all.

Ye chen nodded. “That’s right. Through the soul search, I found out that my daughter and mu Caiwei were taken away by the Jade Lake Holy Land’s emissaries.”

“The Jade Lake sacred ground?”

Old ancestor yellow spring was at a loss. He lived in the eastern barren territory and knew almost nothing about the Central Plains.

On the contrary, Blackie’s eyes narrowed and he said, “Master, as far as I know, the Jade Lake sacred ground is located in the North of the Central Plains. It’s a Supreme sect in the ancient barren world. It’s said that their lineage originated from the Queen Mother of the West, and most of their disciples are female.”

“That is to say, the Jade Lake sacred ground is full of women?” Old ancestor yellow spring’s eyes lit up.

“Not bad!”

“Yes.” Blackie nodded. “It’s rumored that there are Emperor’s throne realm experts in the Jade Lake sacred land, and there are countless martial Saint elders. Whether it’s their Foundation or status, they’re not weaker than the great Yin Empire.”

.....

“An Emperor’s throne realm expert.”

Old ancestor yellow spring was disappointed and smacked his tongue in fear. “Fellow Daoist ye, if you’re going to the Jade Lake sacred land to pick up Mengmeng, you have to be careful. The powers in the ancient barren world are very deep.”

“What about the Temple of Light?” Ye chen asked again.

From Shang Wu Dao’s mind, he found out that mu Caiwei and Mengmeng had gone to the Jade Lake sacred ground. As for Jiu ‘er, she had been taken away by the emissaries from the Temple of Light.

“I’m not sure about that,” Blackie shook his head.

Ye Chen’s eyes flickered and he sneered. “Mengmeng is my daughter. As her father, it’s only right for me to take her away. If they are reasonable, it’s fine. But if they are unreasonable, I don’t mind destroying the Jade Lake Holy Land.”

Blackie’s eyes were also filled with ferocity. “Master, what’s the situation with mistress and the others now?”

“This is the second thing I want to say.”

“I suspect that the great Yin Empire knows where Yuhan and my parents are!” Ye chen narrowed his eyes.

After searching Shang Wu Dao’s soul, he found out that after the Ghost Ship sailed into the sea of heaven wind, many forces in the central Prefecture had sent their experts to attack the Mad cultist.

Nine-revolution martial Saints and even Emperor’s throne realm experts were dispatched, but the Mad Daoist was defeated in the end!

The people on the Ghost Ship were all captured, including su Yuhan, her parents, and the little girl Qianqian.

However, Shang Wu Dao had no memory of the details of how they were captured. Either he was not present at the time, or he was not qualified to be on the same stage as those important figures.

The only thing he knew was that su Yuhan, ye Chen’s parents, the Mad Taoist, and Qianqian had been taken away by three forces.

Among them, ye Chen’s parents seemed to have been taken away by the great Yin Empire, the Mad Taoist and Qianqian were taken away by a second force, and su Yuhan was taken away by a third force alone.

However, Shang Wu Dao did not have any information regarding the second and third party.

“The great Yin Imperial Empire?”

Old ancestor yellow spring’s eyes narrowed and he said in a deep voice, “Fellow Daoist ye, if what you said is true, then it seems that the only breakthrough point is the great Yin Empire.”

“It’s really a narrow road for enemies!”

Blackie sneered. "Master, it was great Yin's Sovereign Lord, di xuangang, who ambushed you. Now, they're related to the whereabouts of old master and Madam he. It seems like we're going to fight for the great Yin imperial dynasty!"

"So, my current plan is to go to the Jade Lake sacred land to get my daughter back, and then settle the Old and New grudges with the great Yin Empire!" Ye chen said calmly.

"Regardless of whether it's the great Yin Empire or the Jade Lake sacred ground, there are Emperor's throne realm experts in charge."

"Then you have to be careful, fellow Daoist ye," old ancestor yellow spring said hesitantly. "After all, you're the only soul formation realm cultivator on our side. It's very likely that we'll be attacked from both sides."

"If you're willing to join hands with master, perhaps it won't be so difficult to deal with."

"Yi is an Emperor's throne realm expert after all," Blackie said. "He has formed an alliance with many large sects and is acquainted with other Emperor's throne realm experts."

At this point, he seemed to have thought of something and added, "There is also Wushuang. There is also an Emperor's throne realm expert behind him. If we can find Wushuang ..."

"Ye Wushuang also has an Emperor's throne realm expert behind him?"

Old ancestor yellow spring was surprised.

Blackie told him what it knew about ye Wushuang. Old ancestor yellow spring couldn't help but ask, "If what you said is true, that the sword hut is so elusive that it is hard to find ye Wushuang," mo Wen said.

"Not necessarily."

"It's true that we don't know where Wushuang is but we can let him know where we are." Ye chen smiled faintly.

Blackie was stunned at first, then it suddenly occurred to him, "Master, you mean to let ye Wushuang come to us?"

"Not bad."

Ye chen nodded slightly. "Of course, things haven't reached that stage yet. Whether it's the emperor's throne realm experts of the Jade Lake Holy Land or the great Yin's Sovereign Lord, di xuangang, I'm not afraid at all."

There was no exaggeration in his words. Once he stepped into the soul formation stage, he would have a lot of means to use, which was definitely not what he used to have.

"Alright, we'll do as you say."

Old ancestor yellow spring finally decided on a plan. Fellow Daoist ye, you go and bring back that little girl Mengmeng. I will continue to stay in the enchanted Phoenix Kingdom. Once I break through, I will immediately come and find you.

Ye chen nodded lightly.

The great Yin Imperial Empire was connected to his parents 'whereabouts. He had a premonition that the great Yin Imperial Empire would be the best Breakthrough, and he might even be able to find out su Yuhan's whereabouts.

The night passed uneventfully. The next day, at dawn, ye chen returned to the heaven wind sea region with little black.

Ten thousand meters above the ground, ye chen took little black and headed straight for the capital of the Dali dynasty.

As they passed by the shepherd king's castle, Blackie said,""Master, the shepherd king's castle is down there. Should we go down and take a look?"

Before ye chen had gone to the eastern barren territory, he had forcefully torn open a spatial Rift to arrive there. On the other hand, Blackie had followed his orders to go to the Shepherd's Castle first before rushing to the eastern barren territory through the Dali dynasty's teleportation formation.

"No need. It's not that important whether we meet or not."

Ye chen shook his head slightly. Through his divine sense, he had already sensed that the current situation of the shepherd king's castle was not too bad. In that case, there was no need to go down and meet them.

They arrived at the Central Plains through the teleportation formation of the Dali dynasty. Then they parted ways with the dozen martial Saints that Blackie had borrowed from the Luo dynasty.

Ye chen led little black and headed straight for the northern region of the central Prefecture!

This time, he was going to take his daughter back!

### **Chapter 1183: The Jade pool meeting!**

Ye chen and Xiao hei were both travel-worn.

In order to speed up, Blackie revealed its true form. It was a black flood Dragon over 200 feet in size. Coupled with its fierce aura, it caused many people's faces to change.

Half a day later, the two of them saw the closest city in the North Region from afar. Blackie transformed into his human form. He looked at the city in the distance and said,"Master, the Xuanzhou is right below us!"

The Central Plains was vast and incomparable to places like the eastern barren territory and the Northern Territory. No one knew how big the Central Plains was, but they knew that ordinary people could not travel all the way there even if they spent their entire lives.

The North Region alone had 13 states.

Ye chen stood on the clouds and looked at the endless city. His eyes flickered as he said,"You said before that the Jade Lake Holy Land is in Chi state, one of the 13 states, right?"

“That’s right. Apart from Chi Prefecture, the twelve other prefectures in the North Region all have teleportation portals to Chi Prefecture. ”

Blackie nodded. “Chi Prefecture is still far from here. We don’t need to travel across many prefectures. We might as well teleport from Xuan Prefecture to Chi Prefecture.”

“That’s not bad, let’s go down. ”

Ye Chen nodded slightly. With a wave of his sleeve, he took Blacky and was about to ride the wind. At that moment, he seemed to sense something and looked at a certain place on the ground.

.....

Outside of Xuanzhou city, in the Black River.

“Am I going to die?”

.....

“I, Hu Fei, thought that I was more ambitious than the sky. I was considered a genius in my clan. I didn’t think that I would die in the hands of a woman today!”

In the river, an honest-looking young man was tied to a huge rock and his body was sinking at an extremely fast speed.

Feeling the increasing pressure in the water, the young man’s eardrums were about to burst. He smiled bitterly, and his eyes were full of unwillingness and hatred.

“Whoosh, whoosh, whoosh ...”

His eardrums cracked, and blood flowed into the water.

At this moment, a huge black shadow came from the water. It was like a black giant beast that covered the sky and the earth, as if it was attracted by the smell of blood.

“Seventh-rank bloodthirsty beast ...”

Seeing this, Hu Fei was in complete despair. “Qiu Yun, you B \* tch. Not only did you seal my cultivation, but you also sprinkled demon luring powder on me. I won’t let you off even if I become a ghost.”

The black shadow was getting closer and closer, and his consciousness was getting weaker and weaker.

“Roar ...”

The black shadow sniffed the smell of blood as it approached. Then, it opened its bloody mouth and swallowed the former. The ferocious fangs were suffocating.

Just as its mouth was about to swallow Hu Fei, a large hand suddenly fell from the river and crushed him.

Endless blood water spread out.

On the river, Hu Fei woke up from his coma with a quiver. He saw that not only was he not dead, but he had also recovered his ability to move and was standing on a cliff.

Blacky pouted and said to ye chen, "Master, he's awake."

Hearing this, Hu Fei finally noticed little black and ye chen. He immediately bowed to the two of them. "Thank you for saving my life."

He wasn't a stupid person, and he knew that under those circumstances, unless someone saved him, he would have died.

Blackie chuckled and said, "I didn't save you. It was my master who saved you!"

Only then did Hu Fei subconsciously look up at ye chen. What greeted his eyes was a white-haired young man sitting cross-legged in meditation.

Just as he was about to speak, the young man suddenly opened his eyes and looked at him with an indifferent gaze.

At that moment, Hu Fei's entire body seemed to be fixed in place. He was motionless and his mind was buzzing.

This was a pair of indescribable eyes that seemed to contain the laws of the world. It was as if this pair of eyes could see through the world.

Under this gaze, Hu Fei felt that the qi and blood in his entire body were burning, and even his soul had an extremely hot burning feeling.

"Bang Bang Bang ... Bang Bang Bang ..."

Hu Fei felt that his heart could not take it anymore.

After ye chen retracted his gaze, Hu Fei completely recovered from the nightmare. His entire body was exhausted and drenched.

Hu Fei took a deep breath. His body trembled, and he bowed solemnly to ye chen with a pale face. "Senior, thank you for saving my life!"

"This is too terrifying!"

He was still in shock. One must know that he was not even 25 years old and was already at the peak of the martial arts Grandmaster realm. He was only one step away from the martial arts Saint realm.

With this kind of aptitude, he would be considered one of the top members of the younger generation in the clan. There were only a few people who were stronger than him.

However, it could not withstand a single look from ye chen.

"Plop!"

In the next moment, he kneeled heavily on the ground and prostrated himself in an extremely pious manner. "I am Hu Fei, a disciple of the HU clan of the Xuan Prefecture. Greetings, senior. I will never forget the kindness of saving my life. I will definitely take revenge!"

Only Hu Fei would kneel in such a way when he saw the ancestor of the HU family for the first time.

However, in Hu Fei's heart, ye chen was more terrifying than the HU clan's ancestor because he had never felt such a terrifying gaze before, not even from the clan's ancestor.

"Get up!"

Ye chen spoke slowly, his eyes calm."Saving you was just this ye's pleasure, I don't need you to repay me!"

"Alright, you can leave now!"

The reason why he had saved Hu Fei was not because he wanted to be a busybody, but because he felt that this person's experience was somewhat similar to his own, so he could not help but save him.

After all, he had once been drowned in a River.

He could feel the fear of death, and he could also feel his own unwillingness from Hu Fei.

When he heard ye Chen's order to leave, Hu Fei's face showed signs of struggle, as if he was unwilling. Then, he gritted his teeth and prostrated on the ground again.

"Senior, I'm a disciple of the younger generation of the HU clan from Xuanzhou. I'm at the peak of the martial arts Grandmaster realm. I beg you to agree to my request!"

He almost used an extremely fanatical tone to finish speaking.

He was almost certain that the young man in front of him was much stronger than the patriarch of the HU clan.

He had been harmed by the evildoers of his clan. If he wanted to have a chance for revenge, he could only rely on a strong person to have a chance.

Ye chen was the best choice!

If this scene was seen by the people of the Xuan state or the HU clan, they would be so shocked that they would be speechless.

Hu Fei was known as one of the four geniuses in the HU family. He was only one step away from becoming a martial Saint at a young age. He was also proud and unruly. Now, he actually worshipped someone so much.

"You want to rely on me? Ye chen was surprised.

Hu Fei quickly replied respectfully,"yes, senior. Junior's cultivation level is low and I know I don't have the right to rely on senior. However, junior is sincere. Junior has some status in the HU family. If senior has any requests, junior will definitely do my best ..."

Ye chen shook his head slightly.

Blackie grinned and said,""My master asked you to leave. Do you not understand?"

Hu Fei's heart sank, and then he patted the space between his brows, forcibly extracting the power of his own soul and respectfully offering it. ""Senior, please give Junior A chance. Junior swears to never betray you."

“In order to prove my sincerity, this junior is willing to offer up the power of my soul!”

“I grew up in Xuanzhou ...”

Hu Fei said subconsciously.

“Very good!”

Ye chen took his astral power and swallowed it in one gulp, fusing it into his own astral body. This meant that he could control his life and death.

Seeing this, Hu Fei did not have the slightest bit of regret. Instead, he revealed an extremely fanatical and excited expression. “Thank you, Lord, for giving me this opportunity!”

“Do you know about the Jade Lake sacred ground?” ye chen asked directly.

“The Jade Lake sacred ground?”

“My Lord, the Jade Lake Holy Land is one of the Supreme sects of the North Region. It’s located in the lake State, one of the thirteen states of the North Region ...” Hu Fei was stunned for a moment before he said.

He slowly told her everything he knew and added, “Are you going to the Jade pool meeting, my Lord?”

“The Jade pool meeting?”

Ye chen and little black looked at each other. This was the first time they had heard of these words.

As if he sensed the two’s confusion, Hu Fei immediately said, “My Lord, the Jade pool meeting is held by the Jade pool Holy Land once every 100 years. A new saintess will be appointed every time, and the Jade pool meeting will be held in three days ...”

Through his explanation, ye chen finally realized that there was a Holy Son and a Holy maiden in the Jade Lake Holy Land. These two people’s status in the Jade Lake Holy Land was second only to the Holy Lord. Even the elders did not dare to order them.

According to the rules of the Jade Lake Holy Land, the Holy Sons and holy virgins were changed every 100 years. During the change, the Jade Lake meeting would be held and people from all over the world would be invited to witness it.

Hu Fei seemed to have thought of something and said, “By the way, my Lord, I heard that the Jade Lake sacred land brought back a woman from the outside world.”

“This woman’s surname seems to be mu. It’s said that she has the highest chance of becoming the saintess in this Jade pool meeting.”

### **Chapter 1184: The Alchemy Guild Tournament of Xuan Prefecture!**

Ye Chen’s eyes flashed with a bright light.

Mu?

Could it be mu Caiwei?

“How do I get to the Jade Lake from the Xuan state?” he asked.

Hu Fei’s expression changed. “My Lord, there should be a teleportation array in the Xuan state that leads to the pond state. However, we need an invitation. Otherwise, we can only go to the pond state and not the Jade Lake Holy Land.”

“What invitation?” Ye chen frowned.

“The Jade Lake Holy Land distributed the invitations to all forces,” Hu Fei explained. “Only those with the invitation can participate in the Jade Lake meeting. The HU family was also invited.”

Ye chen was speechless for a moment.

“My Lord, if you don’t have an invitation, I have another way!”

“There will be an alchemy Convention in the Xuan state today,” Hu Fei said sensibly. “It’s organized by the Alchemy Guild. If you win the alchemy competition, you will get an invitation.”

“That’s good too!”

“If that’s the case, I’ll go and take a look at this so-called alchemy Convention.” Ye chen nodded.

He had considered barging into the Jade Lake Holy Land and forcing them to hand over his daughter.

.....

However, when he thought about how his daughter was in the other party’s hands, no matter what the other party’s goal was, once he went in this manner, the relationship between the two parties would definitely be tense.

The safest way was to act according to the rules. At most, he would act according to the situation.

After that, Hu Fei took the initiative to lead ye chen and ye mo into the Xuan state. Along the way, he explained the various situations in the Xuan state to the two.

According to him, there were four major forces in the Xuan state: the HU family, the great Zhou royal family, the mystic cultivator Guild, and the Alchemy Guild.

Among them, the HU clan and the royal family of the great Zhou Dynasty were rumored to have an Emperor’s throne realm expert in their ancestors. However, an Emperor’s throne realm expert’s lifespan was limited and they could not escape the cycle of life and death.

With the fall of an Emperor’s throne realm expert, the HU family and the royal families of the great Zhou Dynasty gradually declined. Even so, no one in the Xuanzhou dared to provoke them. After all, no one knew what kind of heritage a terrifying family clan that had produced an Emperor’s throne realm expert had.

As the name suggested, the mystic cultivator Association was a Union formed by Mystic cultivators, and all its members were Mystic cultivators.

However, the background of the mystic cultivator Association was not comparable to the first two. The mystic cultivator Association was a transcendental force in the entire ancient barren world, but it had many branches of various sizes scattered all over the world.

As for the last alchemy Union, it was an Alliance formed by countless alchemy families in the Xuan state. They made friends with many experts through alchemy. Under normal circumstances, even the mystic cultivator Association would not dare to provoke them.

In less than four hours, Hu Fei led the two of them to a huge city. He said respectfully, "My Lord, we've arrived at the Alchemy Guild."

Ye Chen looked in the direction of the voice and saw a purple alchemy furnace that was a thousand feet tall standing in the city. The entire city was filled with a faint alchemy fragrance that made one feel relaxed and happy.

"My Lord, that's the Alchemy Guild."

Hu Fei looked at the huge alchemy furnace building with reverence. Although it was not his first time here, he was still shocked by the building even though he had not been here before.

"It's a little imposing."

Ye Chen nodded slightly, seemingly used to it. After all, on earth, where the Maotai was, there was a building similar to a huge Maotai.

The two of them followed Hu Fei toward the huge pill furnace building. Along the way, they saw many people who had the same goal as them.

"Wow, Grandpa, that pill furnace is so big and tall!"

A purple-robed young lady followed behind a red-robed old man and looked at the Alchemy Guild's headquarters in shock. "Such a big pill furnace, how many people do you need to concoct pills ..."

"Silly child ..."

The robed old man didn't know whether to laugh or cry as he shook his head. "It's just a building, not a real pill furnace ..." He said.

Although he said that, his eyes were still filled with admiration. For alchemists like him, the Alchemy Guild was like a Holy Land.

Even Ye Chen was amused by the girl's silly words. Seeing this, the girl in purple made a face at him in embarrassment.

There were many people like this grandfather and grandson, and they were obviously people who had come to participate in the alchemy Convention.

After Ye Chen followed Hu Fei into the Alchemy Guild, he saw that the main hall was already packed with people. Some of them were gathered to reminisce about the past, while some of them were unfamiliar with each other and introduced themselves. This caused everyone's expression to change.

A cry of surprise came from the crowd, "isn't that master Guo from Luling city?" I didn't expect that the old man would come here personally!"

Everyone immediately looked in the direction of the voice and noticed the red-robed old man and the purple-dressed girl.

"Master Guo," someone said with a wry smile, "you were the champion of the Alchemy Guild Tournament fifty years ago. You're already a seventh-realm Alchemist. I didn't expect you to be unable to hold back now."

"Everyone, please forgive me."

Master Guo cupped his fists and said with a smile, "It's not that I can't help it, but my granddaughter's lifelong wish is to join the Jade Lake Holy Land. Now, she can't wait to see the magnificent scene of the Jade Lake meeting ..."

"My Lord, this man is called Guo Hong!"

In the corner, Hu Fei looked at the robed old man with respect and introduced, "This person won first place with a sixth-grade elixir in the alchemy competition fifty years ago. It seems like he has become a seventh-grade Alchemist."

He added, "the elixirs in the Alchemy Guild are divided into nine levels. Level one is the lowest and level nine is the highest. The quality of each level is further divided into four levels: low-grade, medium-grade, high-grade, and Supreme-grade."

"What about those above the ninth-rank?" Ye chen said.

Hu Fei took a deep breath and said, "elixirs above level nine are known as heavenly elixirs. Anyone who can refine heavenly elixirs can be regarded as an alchemy Grandmaster. Even in the alchemy Union, there's only one such person."

Just as the crowd was praising Guo Hong, a disdainful voice came from outside the hall.

"He's just a seventh realm Alchemist who exhausted his potential to advance, what qualifications does he have to be called a master?"

As his voice fell ...

The entire place instantly fell silent.

The robed old man's expression changed slightly, and the purple-robed girl behind him looked in the direction of the voice with an angry gaze.

Under everyone's gaze, a group of people slowly walked in from outside the hall. The leader was a young man in a golden robe. The young man was handsome and extraordinary, but his brows were filled with pride and arrogance.

"That's Zhou Xinghe from the royal family of the great Zhou!"

“Zhou Xinghe? Could he be the third Prince of the royal family of the great Zhou who was enveloped in pill clouds the moment he was born and was later accepted as a personal disciple by patriarch pill River?”

“That’s right, it’s him. It’s said that he was able to refine a second ranked pill at the age of eight, a third ranked pill at the age of ten, and a seventh ranked pill in his twenties.”

At that moment, the entire Hall was in an uproar. It was as if bees were building their nest, and it was extremely noisy.

Guo Hong’s expression also changed drastically. He had obviously recognized the former’s prominent identity.

At this moment, an old man with a long beard and a red robe walked out. “Young master’s sudden visit to the Alchemy Guild has really made this old man uneasy!”

“It’s elder GE from the Alchemy Guild!”

Someone pointed out the former’s identity.

“Elder GE, I originally disdained to be on the same stage as these trash!”

Zhou Xinghe gave Guo Hong a disdainful look and said, “However, I have a friend who also wants to attend the Jade pool meeting, but I don’t have an invitation, so I have to go ...”

“What are you saying?” The purple-clad girl behind Guo Hong was so angry that her face turned ashen.

Zhou Xinghe laughed coldly. Then, he turned around and pointed to a lady in green behind him. “Elder GE, this is Lu Yao from the Lu family.”

“Lu Yao greets GE changlao.” The green-robed woman called Lu Yao immediately let out a charming smile.

GE changlao hurriedly returned the greeting and then looked at Zhou Xinghe attentively. “Young master, if your friend needs an invitation, he can just let me know and I’ll give it to you. There’s no need to go through so much trouble.”

He couldn’t be blamed for being so attentive, but the latter’s master was the Alchemy Guild’s ancestor, and it was related to his future advancement.

“There’s no need for that!”

Zhou Xinghe smiled arrogantly. “I still have to follow the rules. Since the rules state that the winner of the invitation will be decided by the alchemy competition, how can I go against it?”

As he said this, he looked at the people around him with slight contempt. “Besides, how can this bunch of trash be my match in the Dao of alchemy?”

As soon as these words came out, everyone dared to be angry but did not dare to speak out.

However, most of them felt bitter in their hearts. Originally, they thought that their alchemy skills were not bad, so they came to try to get an invitation.

Who would have thought that first, a seventh-realm Alchemist like Guo Hong would appear, and then, a Grandmaster Alchemist like Zhou Xinghe would appear?

Most importantly, not only was the latter's talent shocking, but the royal family of the great Zhou behind him was also the Overlord of the Xuan state. Many people looked up to him.

### **Chapter 1185: phenomenon of the pill, the strange fragrance doesn't dissipate!**

"Alright, since everyone is here, let's start the alchemy Convention!"

GE changlao looked around and said with a faint smile, "If anyone wishes to participate in the competition, please step forward to register."

As soon as these words came out, the hall was silent.

The crowd exchanged glances. Although they were extremely moved, no one dared to step forward.

After all, Zhou Xinghe's intentions were clear. He was determined to win first place. Not to mention his amazing alchemy skills, who would dare to stand up against him with the royal family of great Zhou behind him?

When Zhou Xinghe saw this, the arrogance on his face intensified.

"Is everyone willing to participate?"

GE changlao looked at this scene with a smile that was not a smile. He was very happy to see it. "Since no one is participating, the first place will go to young master Zhou ..."

Before he could finish his sentence, Guo Hong stepped forward and said in a deep voice, "This old man will try!"

Everyone's expression changed. Master Guo was indeed master Guo. He knew that there were Tigers in the mountain, but he still went to the Tiger Mountain. 'Search NewNovel, on google

Zhou Xinghe's face darkened. Then, he sneered. "Old man, since you want to humiliate yourself, let's start with the two of us. I'll let you know what the gap is ..."

"Don't say such ugly words!"

"The competition hasn't even started, how do you know you'll win?" the purple-robed girl said indignantly.

.....

"Let's begin. "Guo Hong's expression was calm.

"Since only master Guo and young master Zhou will be participating, I shall announce ..." Elder GE said.

"Hold on!"

At this moment, a faint voice was heard from the corner.

The crowd held their breath and looked over. They saw a young man in a green shirt slowly walking out from the crowd.

“This kid is also here to participate in the alchemy competition?”

“He looks so young. He’s at most a second-grade Alchemist. How could he have the confidence to compete with master Guo and young master Zhou?”

“It’s true that newborn calves are not afraid of Tigers ...”

When they saw how young ye chen was, the entire Hall was in an uproar.

The young man was ye chen.

Guo Hong was slightly surprised, and then shook his head. It was clear that he had the same thoughts as the others.

On the other hand, the young lady in purple behind him gave ye chen a thumbs up.

“Who are you?” elder GE asked with a frown.

“Why do you care who I am?” ye chen replied calmly. “There’s no rule that states that I can’t participate in the alchemy competition!”

Elder GE was furious. Just as he was about to scold him, Hu Fei stepped forward and sneered, “Elder GE, this Hu was the one who brought the Supreme Lord here, is there a problem?”

As Hu Fei stepped forward, everyone’s spirits were lifted. Even Zhou Xinghe, who had been uninterested, was no exception.

“So it’s young master Hu from the HU family.”

Elder GE was stunned at first, then he said in surprise, “Since this young man was invited by young master Hu, then there is naturally no problem.”

Hu Fei responded with a cold smile.

Zhou Xinghe, on the other hand, said sarcastically, “Hu Fei, you actually addressed a young brat as your Lord? Aren’t you afraid of losing face for your Hu family?”

“You don’t need to worry about that!”

Hu Fei smiled arrogantly and said with a fanatical expression, “The Lord’s ability is not something you can imagine. I advise you to admit defeat as soon as possible, so you don’t humiliate yourself ...”

“You ...” Zhou Xinghe was furious.

“In that case, let’s begin!”

Elder GE interrupted their argument and said, “Please show me your Alchemist certificate.”

Guo Hong and Zhou Xinghe nodded in unison. Then, they took out a piece of metal that looked like bronze. The front of the metal piece was engraved with each other’s names, and the back was engraved with the words “pill subdivision.”

Seeing that ye chen was not moving, elder GE could not help but ask, “Young man, please show me your Alchemist certificate.”

“What Alchemist certificate?” Ye chen said with a frown.

As soon as these words came out, the whole place was in an uproar.

“My God, when I first saw this kid’s confident look, I thought he might have some ability. I didn’t expect that he didn’t even have The Alchemist certificate ...”

“How can you be called an Alchemist without an Alchemist certificate? I think this kid is here to cause trouble. ”

“.....”

Even Hu Fei was a little surprised.

“Hahaha, a kid who doesn’t even have an Alchemist certificate dares to participate in the competition?”

Zhou Xinghe laughed out loud as if he had just heard something funny.”Hu Fei, this is the omnipotent Lord you’ve been talking about. A brain is a good thing. I hope you have one too!”

Elder GE looked at ye chen with a dark expression.”Young man, The Alchemist certificate is a certificate for an ordinary person to reach the level of alchemy and then go to the Alchemy Guild to take the test.”

He narrowed his eyes.”You don’t even have an Alchemist certificate. You’re here to participate in the competition. I can understand that you’re here to cause trouble.”

Under everyone’s gaze, ye chen smiled faintly. “Can’t you just take one now?”

As soon as these words came out, the scene fell into a dead silence. Everyone looked at ye chen as if he was an idiot.

If you don’t even have an Alchemist certificate, it means that you don’t know alchemy. Even if you can pass the assessment, you are at most a first-grade Alchemist.

You are just a Grade-1 apothecary, no different from an apprentice. How dare you participate in the Grand competition?

No matter how much elder GE tried to suppress his temper, he could not help but feel a little angry at this moment.

“Elder GE, since he’s so confident, you can arrange the assessment for him.”

“I’m very curious about how a piece of trash who doesn’t know anything about alchemy can defeat me,”Zhou Xinghe said with a half-smile.

“Alright!”

Elder GE suppressed his anger and waved his hand. Immediately, a beautiful woman led ye chen into another Hall in the Alchemy Guild.

“Hu Fei, I’m sure you’ll be famous when news of what happened today reaches your family,” Zhou Xinghe said with a cold smile.

“You don’t need to worry about that.”

“If the Lord was like you, how could he have become my Lord?” Hu Fei said calmly.

From the beginning to the end, he had been extremely fanatical about ye chen and did not feel the slightest bit of disappointment.

“Then I’ll wait and see.”

Zhou Xinghe laughed sarcastically, then turned to Guo Hong. “Old man, of all the people here, only you are qualified to fight me. Why don’t we start now?”

“Alright!” Guo Hong nodded.

Elder GE immediately led the two of them to the alchemy room, and the others in the hall hurriedly followed.

No one cared if ye chen could pass The Alchemist test. Even if he did, he was no different from a clown in their eyes.

Only Hu Fei and Blackie were still waiting.

In The Alchemist examination hall of the Alchemy Guild.

After the lady with the medal on her chest led ye chen in, she said indifferently, “There are the ingredients for the first ranked pill in front of you. You can start now.”

After saying that, he sat down and picked up the spirit fruit at the side and ate it expressionlessly.

“Space grass, a low-grade spiritual herb, one of the supplementary herbs to make the spirit gathering pill. I didn’t expect to see it here ...”

“Bloodlust flower, a low-grade spirit herb, one of the supplementary herbs to refine the blood-cutting pill ...”

“Hundred spirit fruit, a low-grade spiritual herb ...”

“.....”

Ye chen looked over and saw that the huge wooden shelf was wrapped in a formation. Inside the formation’s light screen were spiritual herbs.

The only thing that disappointed him was that the spiritual herbs in front of him were all low-grade spiritual herbs, which were of no use to him.

“The Alchemy Guild is one of the four overlords of the Xuan continent. They shouldn’t be this poor. It seems like the good stuff is not here.”

In a flash, ye chen understood. Then, he slowly walked forward and took out many spirit herbs.

“Five Qian of blended Qi grass, one essence-nourishing fruit, two Ice Spirit flowers, and one additional root ... These are the most suitable ingredients to concoct the essence-gathering pill.”

After ye chen had collected all the materials, he suddenly slapped the alchemy furnace in front of him. The earth Fire came by itself and all the materials were poured into the alchemy furnace ...

After an unknown period of time, just as the lady was about to fall asleep, she suddenly smelled a strange medicinal fragrance.

As soon as the medicinal fragrance entered her nose, she immediately felt that the sealed aperture acupoints in her body were showing signs of loosening.

She subconsciously looked back and saw a pill that was enshrouded in a colorful glow. The pill was suspended in the air, as dazzling as a small sun.

“The elixir produced a strange phenomenon, and the strange fragrance did not dissipate!!!”

The lady’s eyes widened and her body trembled as she said, “Heavenly core ... This ... This is a heavenly core!”

At the same time, in the alchemy room.

Guo Hong and Zhou Xinghe were focused on refining their pills, and the people around them held their breaths as they watched.

No one dared to make a sound, because once an Alchemist’s alchemy was interrupted, it was equivalent to creating a life and death feud!

Elder GE was also watching nervously!

At this moment, a stammering voice came from outside, “Elder GE, bad ... Bad news, bad news ...”

Elder GE frowned.

The next moment, the lady from earlier rushed in in a panic. She pointed at ye chen behind her and said, “Elder GE, he ... He ...”

Elder GE looked at the alchemist’s certificate in ye Chen’s hand and was shocked at first. Then, he said, “Alright, I know that he has passed the examination and has become a 1-star apothecary. Get lost!”

“No... No...”

The lady in charge of the assessment opened her mouth.

“Get lost!”

Elder GE swept his sleeve and sent the former flying. He then said to ye chen, “Don’t think that just because you’ve become a first ranked Alchemist, you can be proud of yourself. ”

At this point, he couldn’t help but look at Guo Hong and Zhou Xinghe, who were both refining pills. “If I were you, I’d open my eyes wide and take a good look at the alchemy techniques of these two seniors. Even if I only learn one ten-thousandth of it, it’s enough for you to enjoy it for the rest of your life.”

### **Chapter 1186: formation of a thought!**

When ye chen heard elder GE’s words, he looked at Guo Hong and Zhou Xinghe who were refining pills. He chuckled. “I have to call them seniors?”

After he entered the cultivation world, his talent was originally mediocre, but in the end, he still cultivated from the cruel cultivation world to the celestial world. He even became a celestial sovereign and founded a great Celestial Empire.

All of this came from the art of alchemy. In just three thousand years, with the help of the liuxian bottle, he had refined countless medicinal pills, and no one knew how deep his attainments in alchemy were.

Now that elder GE had actually said that the two so-called Masters and geniuses, Guo Hong and Zhou Xinghe, were his seniors, it was a little ridiculous.

Elder GE snorted coldly when he saw him laughing. "This old man has good intentions, it's fine if you don't believe me!"

"They've started to refine the medicinal ingredients!"

At this time, some of the onlookers reminded in a low voice.

Under everyone's gazes, they saw Guo Hong's hand seal clench, and eight magical formations instantly condensed in the void.

Eight beams of fire with different temperatures shot out from the eight arrays and poured into the eight calibers of the pill furnace.

In front of him were three sets of tier 7 medicinal herbs.

"As expected of master Guo, you can form an array in the void so easily and skillfully!"

Someone couldn't help but praise.

The purple-robed girl clenched her fists tightly as she watched this scene nervously. She was secretly cheering for her grandfather.

.....

Immediately after, one could only see Guo Hong controlling the eight flames with one hand to prevent them from being extinguished, freeing up his other hand to throw the medicinal ingredients that had long been separated into different types into the pill furnace one by one, concentrating on extracting the medicinal ingredients.

The process of elixir refinement was generally fire control, extraction, smelting, pill condensation, and pill cultivation ...

Among them, controlling the fire was especially important because different medicinal ingredients required different temperatures.

If the temperature of some medicinal herbs was too high, it would cause the medicinal properties to completely disappear. If the temperature of some medicinal pills was too low, it would consume a large amount of energy.

Extraction was to extract the required medicinal properties from the medicinal herbs in order.

After that, it was turned into a medicinal liquid that was smelted by the pill fire into powder. Then, the powder was turned into a pill with a fixed technique. The final step was to grind the pill.

Every step was extremely strict and required precise calculations. One had to multitask and the slightest mistake would lead to failure.

“It’s just a small ear!”

Zhou Xinghe laughed coldly. Then, he formed a hand gesture and 13 magical formations appeared in the air. Then, 13 streams of fire shot into the pill furnace.

“Thirteen magical formations?!!”

“Young master Zhou is able to form thirteen magical formations at once? He has five more than master Guo ...”

“I heard that the leader of the Alchemy Guild, patriarch elixir River, created a fire-controlling technique with 13 magical formations. Did he teach you everything?”

Seeing this, many people gasped in shock. They were clearly shocked by Zhou Xinghe’s fire control.

Even elder GE’s eyes flickered with envy, “It’s the ancestor’s spirit controlling technique. The ancestor used this technique to become an alchemy Grandmaster ...”

Next, everyone held their breath and watched Guo Hong and Zhou Xinghe’s refining process closely. They didn’t dare to make a single sound.

On the other hand, ye chen was disinterested. He shook his head from time to time. “This Guo Hong actually used the stupidest method of smelting the medicinal liquid with pure fire. He didn’t know that this would cause a lot of the medicinal properties to be lost ...”

“And this Zhou Xinghe, he clearly had 13 fire controlling arrays, but he reversed the order and took out five of them. It’s no different from taking off his pants and farting!”

“.....”

The purple-clothed girl saw him shake his head and couldn’t help but whisper, “Little brother, it’s okay if you don’t understand it. At most, I’ll ask Grandpa to guide you after this.”

Ye chen smiled and thought that this little girl was quite kind. He could not help but remind her, “Your grandfather is going to lose.”

As soon as he said that, the purple-clothed girl was stunned. “W-why?”

Even though ye Chen’s voice was neither loud nor soft, it was still heard by the crowd. For a moment, many people glared at him.

The fifth realm alchemists present sneered, “A brat who just obtained a first grade Alchemist certificate dares to boast so shamelessly?”

“Bad guy, I’m going to ignore you!”

The purple-robed girl turned her head in anger.

Ye Chen smiled and did not explain.

Two hours later, Zhou Xinghe's pill furnace suddenly began to emit a large amount of mist. As the mist dispersed, a strong medicinal fragrance began to spread.

"Young master Zhou has formed a pill!"

The onlookers couldn't help but be greatly shocked.

The next moment!

A white light shone from within the furnace. As Zhou Xinghe removed the formation, he slammed the lid of the furnace.

"Whoosh ..."

A white pill shot out.

Instantly, the fragrance of the pill filled the air, intoxicating countless people. "Connate clear spirit barrier-breaking pill! It's a tier 7 medicinal pill, connate clear spirit barrier-breaking pill!"

With a wave of his sleeve, Zhou Xinghe kept the pill into a bottle and threw it to elder GE for appraisal.

"Tier 7 medicinal pill, innate Spirit Barrier-clearing pill!"

Elder GE took a deep breath and said, "Mid-grade. If a cultivator takes this pill, it can remove heart barriers, clear the heart and nourish the soul, and reduce the chances of Qi deviation ..."

As soon as these words came out, the entire place was in an uproar!

A middle-grade tier 7 medicinal pill!

No one had expected Zhou Xinghe to be able to produce such a high-quality pill at such a young age.

"Boom ..."

At the same time, the pill furnace that Guo Hong was in also bloomed with light, and a white light fell into the bottle.

"It's a level Seven pill," elder GE said as he took the pill. "The Grand Yin vitality pill has the effect of strengthening one's Foundation and nourishing one's eight meridians ..."

For a moment, everyone present was shocked and stared at elder GE with wide eyes, trying to find out which of the two pills was better.

No one was more nervous than the purple-clothed girl.

Under everyone's gaze, elder GE continued, "However, this pill has a flaw, and that is, it only possesses three-quarters of the medicinal properties. Thus, it was appraised as a seventh tier lower grade medicinal pill ..."

He paused for a moment, then slowly said, "Therefore, young master Zhou is the winner of this pill battle!!!"

He had just finished speaking!

Everyone looked at Zhou Xinghe with admiration and respect ...

Guo Hong couldn't help but reveal a look of disappointment, and his brows were filled with self-blame. The purple-clothed girl behind him was like a defeated rooster, her head hanging low.

"Master Guo, do you have any objections to my judgment?" elder GE looked at Guo Hong.

"No, I didn't!"

Hong Guo smiled bitterly and bowed to Galaxy Master Zhou. "Young lord Zhou, you're able to refine a level Seven middle-grade medicinal pill at such a young age. This old man's skills are inferior to yours, and I admit that I'm inferior!"

"Grandpa ..." The purple-clothed girl couldn't bear to see him like this.

The rest of the people nodded one after another. They obviously felt that elder GE's analysis was very reasonable and fair. After all, everyone present was proficient in alchemy.

As the victor, Zhou Xinghe looked at Guo Hong with disdain. "Old thing, I told you long ago, why did you bring humiliation upon yourself?"

"Silly child, let's go!"

Guo Hong was willing to accept his loss. He turned around and pulled the purple-clothed girl with red eyes away.

"Since young master Zhou won against master Guo!"

Elder GE's gaze swept across the crowd and deliberately ignored ye chen. He said slowly, "Since no one else is participating, then this old man will announce the winner of this alchemy competition ..."

"Hold on!"

Before he could finish, Zhou Xinghe suddenly interrupted him and pointed at ye chen.

"Elder GE, you're wrong. This kid hasn't even competed with me yet. How can I, Zhou Xinghe, claim to be number one?!!

### **Chapter 1187: The winner lives, the loser dies!**

As Zhou Xinghe finished his sentence ..!

After a moment of dead silence, the crowd burst into an uproar and laughter.

Even though the former was speaking in a serious manner, everyone present could hear the ridicule and disdain in his words.

"Young master Zhou, even master Guo was defeated by you. How can this kid be your opponent?"

Someone couldn't help but laugh.

"Not bad!"

One of the fifth-grade alchemists looked at ye chen with disdain. "This kid just got the certificate of a first-grade Alchemist. He's only a beginner at best. What qualifications does he have to be young master Zhou's opponent?" 'Search New Novel, on google'

"Anyone here can defeat this kid."

"....."

Instantly, the entire Hall was filled with laughter.

Even elder GE laughed. He could not help but look at ye chen. "Young man, now you know the difference between you and young master Zhou, right? If you know what's good for you, apologize to young master Zhou and then ..."

"Apologize?"

Before he could finish his sentence, he heard ye chen say lightly, "A good-for-nothing who doesn't know medicine is worthy of this ye's apology?!"

.....

As soon as he said this, the entire place fell silent. Everyone looked at ye chen as if he was a madman.

He actually dared to bet that young master Zhou was trash?

Young lord Zhou's master is patriarch pill River. If you call him trash, doesn't that mean you're also calling patriarch pill River trash?

"What a sharp-tongued brat!"

Zhou Xinghe laughed in anger. He looked at ye chen with a murderous look. "Since you're not convinced, let's have a competition. I'll make things ugly first, if you lose, you'll have to commit suicide. Do you dare?"

"What if you lose?" Ye chen gave a half-smile.

"How can I lose?"

Zhou Xinghe laughed coldly and said, "If I lose to you in front of everyone, I will also commit suicide in front of everyone. Everyone can be my witness."

"Alright, I'll play with you."

Ye chen said sarcastically.

As soon as he finished speaking, the only thought in everyone's mind was that this kid was crazy. He knew that he was going to die, but he still dared to accept the bet.

Guo Hong, who was planning to leave with his granddaughter, could not help but glance at ye chen and shook his head. "Young man, young master Zhou's talent is overflowing. He's not someone you can challenge. You'd better leave with this old man."

Even though he did not know Ye Chen, he could not help but think of his younger self when he saw Ye Chen challenging Zhou Xinghe at such a young age.

Considering that if Ye Chen really lost, he would probably lose his life on the spot, he could not bear to take Ye Chen away.

"Little Big brother, come with us!" The purple-clothed girl kindly reminded him.

"No need!"

Ye Chen looked at Zhou Xinghe with sympathy. "I only wanted the invitation. Since he wants to die, I'll grant his wish!"

"What a pity ..."

Guo Hong shook his head.

"Grandpa ..."

The young lady in purple tugged at the corner of his clothes tightly, her face filled with pleading.

"Alright!"

Guo Hong sighed and finally chose to stay and watch. He thought to himself, "If this little friend loses, this old man will save his life."

"That's good!"

Elder GE looked at Zhou Xinghe and said, "In this duel, each of you will refine a seven-revolution ice soul pill. The time limit is four hours. There is no restriction on the medicinal herbs. The pill formula is provided ..."

"The winner lives, the loser dies!"

As his voice fell, the entire Hall fell silent.

Many people gasped when they heard the words 'seven revolutions spirit pill'. They looked at Ye Chen as if he was a dead man.

The purple-clothed girl saw everyone's expression change and couldn't help but ask Guo Hong, "Grandpa, what's the seven-revolution ice soul pill ..."

"The so-called seven revolutions spirit pill is a type of seventh tier medicinal pill!"

Guo Hong's expression was unsightly. "This pill is rarely seen by the few of you. It's also extremely complicated to refine. Although it's a seventh-grade pill, even some eighth-grade alchemists can't refine it ..."

When she heard this, the purple-robed girl's face paled and she looked at Ye Chen with sympathy.

Guo Hong also sighed.

There were so many seventh-tier pills out there, but Elder GE had insisted on refining the seven-revolution ice soul pill. Anyone with a brain would know that he was siding with Zhou Xinghe.

After all, Zhou Xinghe's master was the leader of the Alchemy Guild, patriarch pill River. As a Grandmaster Alchemist, he must have taught Zhou Xinghe the techniques to refine the seven-revolutions ice soul pill.

It was obvious that ye chen was already a dead man from the beginning.

Elder GE looked up at ye chen, a strange light flashing in his eyes. "Young man, do you have any objections?"

"No, I didn't!" Ye chen shook his head.

"Alright then, the two of you can start!"

With a wave of his sleeve, two alchemy cauldrons appeared, along with the medicinal herbs and pill formulas that he had prepared earlier.

"Boom ..."

Zhou Xinghe sat down and, just like before, formed 13 magical formations. He then poured 13 spiritual flames into the furnace.

He started to refine the pill with full attention.

Someone cried out in surprise and pointed at ye chen. "Look, what is he doing?"

Everyone immediately looked over and saw ye chen unhurriedly counting the things in front of him. He even held the pill formula and shook his head repeatedly.

"Hahaha, this kid must not know where to start. He might not even understand the pill formula ..."

"You're right. He's only a first-grade Alchemist. I'm afraid he can't even activate the elixir furnace, let alone refine the seven-revolution ice soul pill ..."

"I've lived for half my life, but this is the first time I've seen a young man who is so determined to die. Strange, strange ..."

"....."

Many people were talking about it. They looked at ye chen with disdain and sympathy, but most of them were gloating over his misfortune.

Seeing this, Guo Hong shook his head.

"The so-called seven revolutions ice soul pill is just a third-grade pill in the cultivation world, the ice continuation pill. It's actually regarded as a seventh-grade pill here!"

Ye chen looked at the pill recipe and shook his head. "And the herbs in the recipe are messy. It's obvious that it was created by someone who doesn't understand the medicinal properties ..."

Under everyone's gaze, he actually closed his eyes and sat cross-legged in meditation, as if he had fallen asleep.

"This kid is really crazy ..."

“You’re still thinking about cultivating at this time? You must know that the time limit is only four hours. If he continues to waste like this, how can he even talk about alchemy?”

“Hehe, what if he knew that he was going to die, so he gave up early and chose to accept his fate ...”

Some sneered, while others shook their heads.

The purple-robed girl looked at ye chen attentively. She could not help but frown. “Grandpa, what is little brother doing?”

“I can’t understand it either.”

Guo Hong shook his head lightly and sighed, “when I saw how confident this young man was, I thought that he might be a master alchemist. But now it seems ...”

Even he was disappointed in ye chen.

As time passed, everyone lost interest in him. Their eyes were fixed on Zhou Xinghe.

An hour later, Zhou Xinghe had already extracted 49 different herbs and had completely liquefied their essence.

Another hour passed, and Zhou Xinghe had already condensed all the essences into powder. He then used his alchemy techniques to try and fuse them together.

However, the crowd noticed that ye chen was still motionless.

“Shua shua shua ...”

An hour later, everyone was shocked to find that the temperature in the room had suddenly dropped, and then the ground and the walls were frozen at a speed visible to the naked eye.

### **Chapter 1188: words of law! Pills formed with a thought**

“The seven-revolution ice soul pill is almost done!”

Elder GE was overjoyed.

As expected, when everyone looked at Zhou Xinghe’s furnace, they saw that it had already formed a ball of ice, and countless cold and hot air was escaping from it.

Some of them felt a chill on their backs and shivered subconsciously, as if their souls had been frozen.

“Bang ...”

As the lid of the pill furnace was lifted, a white light that looked like a White Dragon broke out of the furnace and fell into a white jade bottle.

“It’s done!”

Zhou Xinghe stopped and opened his eyes.

Elder GE couldn’t wait to take it and read it. Then, he was shocked. “Seventh-tier medicinal pill, seven-revolution ice soul pill, high-grade!!!”

As soon as these words came out, there was an uproar.

High-ranked!

Not only was it a seventh-tier pill, but it was also a high-grade seventh-tier pill. One had to know that when Zhou Xinghe and Guo Hong had competed, the innate Spirit barrier-breaking pill that they had concocted was only a mid-grade one!

“Little Big brother is in trouble ...”

.....

The purple-robed girl almost lost her balance.

Zhou Xinghe then turned to look at ye chen. After seeing that the latter seemed to be sleeping, he could not help but say, “What is he doing?”

“Young master, he’s sleeping!”

Elder GE’s lips curled into a cold smile.

Zhou Xinghe laughed and his eyes were filled with coldness. “He can still sleep even when he’s about to die. Wake him up!”

Someone immediately woke ye chen up. Ye chen stretched lazily and looked at Zhou Xinghe with disinterest. “You’re done?”

“Young master Zhou has already successfully refined the seven revolutions ice soul pill within the stipulated time, and it’s a high-grade seventh-tier medicinal pill!” Elder GE said expressionlessly.

Zhou Xinghe stepped forward and looked at ye chen with a cruel expression. “Ye, you’ve lost. You can commit suicide now!”

“Grandpa ...” The purple-clothed girl was shocked.

When Guo Hong heard this, he sighed softly. Just as he was about to stand up and plead for ye chen, he heard ye chen say, “The time limit is four hours. It’s only been one and a half hours, what are you so anxious about?”

Guo Hong immediately stopped.

Zhou Xinghe laughed out loud as if he had just heard something funny. “Do you think you can refine the seven revolutions ice soul pill in half an hour?”

Everyone shook their heads.

“Why can’t I?”

Ye chen slowly got up and looked straight at the former. He said, word for word, “It’s just a mere pill, yet you actually used an hour and a half to refine it. I have to say that you’re really trash!”

“You!” Zhou Xinghe was furious!

He had been enveloped by pill clouds when he was born, and he had even been accepted as patriarch pill river's final disciple. Everyone flattered him wherever he went, and when had anyone ever called him trash?

Ye Chen's gaze swept across the crowd like two heavenly swords. "I thought that the standard of alchemists from Xuan Zhou was very high, but now that I've seen you, I'm really disappointed!"

Before anyone could react, he took a step forward and said, "Today, I'll let you all know what a real alchemy technique is!!!"

In the next instant!

He waved his sleeve. "Medicine!!!"

"Whoosh, whoosh, whoosh ..."

The countless medicinal herbs on the side gathered towards him at that moment. Every one of them was needed to refine the seven revolutions ice soul pill.

"Fire!!!"

Ye chen waved his hand and formed a formation. Everyone noticed that all the underground Spirit Fire in the alchemy room had transformed into a rainbow-colored fire Dragon and shot toward them.

"Ang ..."

The seven-colored fire Dragon opened its mouth and swallowed all the medicinal herbs. The seven-colored flame quickly extracted all the medicinal herbs.

Extraction!

Smelting!

Pill formation

.....

This series of changes was completed in the blink of an eye. By the time everyone reacted, they saw a white light floating in the void.

As the white light changed, it was as if there was an Ice Phoenix flapping its wings and chirping in it.

In an instant, an endless pill fragrance filled the entire alchemy room, then spread to the entire alchemy Guild, and even spread to the entire Xuan state.

The fragrance spread for hundreds of miles!

Everyone looked at this scene in a daze. When they saw that the pill was in the shape of a Phoenix, the entire alchemy room was filled with shock.

"Phenomenon, this is a phenomenon!"

"It's said that above level nine is the heavenly pill, and every time a heavenly pill is refined, there will be a strange phenomenon. Could it be ... This ..."

“.....”

Before anyone could react, they heard a loud boom. Everyone subconsciously looked up through the well and saw a scene that they would never forget.

The dark clouds were dense, and the thunderclouds covered the sky.

“Boom ...”

With a series of loud sounds, countless Thunderbolts descended from the sky like ferocious arms, heading straight for the medicinal pill in front of ye chen.

“Pill tribulation! This is the legendary pill tribulation!”

“Heavenly pill! This must be a heavenly pill! Only the birth of a heavenly pill can trigger the pill tribulation!” Someone exclaimed in shock!

“Not good, the pill tribulation is coming for us!”

Someone exclaimed.

Just as everyone was about to avoid it, they saw ye chen point at the sky and shout like thunder, “Did I let you come? Disperse!”

“Boom ...”

In an instant, the pill lightning disappeared, and the thunderclouds dispersed.

Everyone’s eyes widened and they looked at ye chen in horror as if they had seen a ghost.

The confident Zhou Xinghe was dumbfounded, elder GE stood there like a statue, and Guo Hong’s mind went blank.

The purple-clothed girl covered her mouth with her hand and was dumbfounded on the spot!

At this moment, the whole place was in dead silence!

Under everyone’s watchful eyes, ye chen removed the pill and looked at Zhou Xinghe calmly. “You need to use all your strength to refine a pill, and it will easily take two to four hours, but I ...”

“Pill formation with a thought!!!”

“Boom ...”

His words reverberated in everyone’s mind like thunder, including Zhou Xinghe and elder GE.

“Waa ...”

Zhou Xinghe spat out a mouthful of blood. His eyes were filled with disbelief. “Impossible, this is impossible!!!”

Ye Chen’s series of tactics had completely stunned him!

“Illusion, it must be an illusion ...”

He muttered to himself as if he had gone crazy.

Pills with a thought!

Even his master, patriarch pill River, couldn't do this!

Everyone was deathly silent, as if they had not yet digested the shocking scene in their minds. They only felt that it was like a dream.

"An illusion?"

Ye chen chuckled. With a flick of his finger, he shot the medicinal pill in his hand at elder GE. "Then I'll have to ask an alchemy Grandmaster like you to help me appraise it!"

Elder GE's hand trembled and he almost lost his grip on the pill. He stared at it with trembling eyes and was greatly shocked. "Heavenly core, this is a heavenly core!"

Although he had never seen the legendary heavenly pill before, he could tell from the records in the ancient books that the pill in front of him was definitely a heavenly pill!

And ye Chen's identity was also on the verge of being revealed!

An alchemy Grandmaster!

"Elder GE, save me, save me ..."

Zhou Xinghe's image was completely ruined as he roared madly. He knew that he had lost, and that failure would lead to death!

### **Chapter 1189: otherwise, I'll slaughter your entire clan!**

But he didn't want to die!

If it was before, there might be people flattering him, but at this moment, no one dared to say anything, because the truth was right in front of them.

Elder GE suppressed the shock in his heart and looked at ye chen. He gritted his teeth and said, "This isn't the ice soul pill. I've never seen such a pill before. You've lost!"

As he said this, his heart was beating wildly!

He knew what his words meant, it meant that he would offend an alchemy Grandmaster!

However, between the Grandmaster Alchemist and Zhou Xinghe, he ultimately chose to side with Zhou Xinghe. After all, Zhou Xinghe was the last disciple of the Alchemy Guild's ancestor.

Not only that, Zhou Xinghe was also the third Prince of the royal family of the great Zhou, one of the four overlords of the Xuan state!

If Zhou Xinghe died!

He didn't dare to imagine how patriarch pill River would treat him. The royal family of the great Zhou wouldn't let him off!

As soon as he finished speaking, everyone's faces changed. They did not expect elder GE to be so shameless.

Guo Hong took a step forward and couldn't help but ask, "Elder GE, as one of the elders of the Alchemy Guild, you should ..."

"Guo, shut up!"

Elder GE looked at him with killing intent!

.....

Guo Hong's lips trembled, but he didn't dare to say anything in the end. If he was already like this, then how would the others be?

"Hahaha!"

Zhou Xinghe laughed out loud. "Ye, you've lost. However, since you have some talent, I won't take your life. Get lost!!!"

At least he had some brains. He knew that a young Grandmaster Alchemist like Ye Chen must have a shocking background. If he pushed him too hard, he would not be in a good position.

Elder GE announced the results forcefully. "I hereby announce that the champion of this alchemy competition is young master Zhou, Zhou Xinghe!!!"

"Are you sure you can represent the Alchemy Guild?"

Ye Chen's expression gradually turned cold. He had planned to reason with the other party and take the invitation to the Jade pool meeting. He did not expect to meet such a shameless person.

"I'm one of the ten elders of the Alchemy Guild," elder GE said firmly. "Unless the patriarch has special instructions, my words represent the Alchemy Guild!"

"Good, very good!"

Ye Chen nodded slowly, his expression returning to normal. "In three days, I want the ancestor of the Alchemy Guild to kneel down and apologize to me in person. Otherwise, I'll slaughter your alchemy Guild!"

"Let's go!"

Then, he turned around and left with Hu Fei and little black in front of everyone!

The crowd watched the three of them leave almost silently. Their expressions were complicated, and no one dared to make a sound.

"What a great alchemy Guild!"

Guo Hong suddenly sneered and looked at elder GE with a mocking expression. "Before this, we alchemists treated the Alchemy Guild as our Holy Land. We thought that the alchemists were pure and didn't mix with the outside world. We didn't expect them to be so filthy!"

“Since that’s the case, this old master disdains staying in this filthy place to fight with you!”

Then he took off the seventh grade Alchemist certificate in his hand and threw it on the ground, “From now on, I, Guo Hong, will leave the Alchemy Guild and am no longer an Alchemist of the Alchemy Guild!”

As soon as he finished speaking, he left with the purple-clothed girl!

As he left, the people at the scene looked at each other and hesitated.

An old Man in Black took off his Alchemist certificate and said, “I, Chen nu, also announce that I’ll leave the Alchemy Guild and have nothing to do with the Alchemy Guild anymore!”

“I, wood spirit Daoist, also announce that I’m leaving the pill Union ...”

Another person stood out.

In the time it took for an incense stick to burn, nearly half of the hundreds of alchemists present announced their withdrawal from the Alchemy Guild on the spot.

Most of the alchemists valued their character and character, so the Alchemy Guild’s actions had really disappointed them.

Although the remaining half didn’t announce that they would leave the Alchemy Guild, they still left in a hurry!

In the end, only elder GE, Zhou Xinghe, and the others were left behind. The two of them had extremely ugly expressions on their faces. Clearly, they had not expected things to turn out this way.

Elder GE was unable to bear the consequences.

Zhou Xinghe seemed to have realized the severity of the situation as he subconsciously said, “Elder GE, what ... What do we do now?”

Elder GE wanted to slap him to death. He sneered and said, “Do these people really think that the Alchemy Guild can retreat just because they want to?”

“What do you mean?”

Zhou Xinghe sensed the hidden meaning behind his words and narrowed his eyes. “If these people leave, they will definitely spread the news about the Alchemy Guild. At that time, I’m afraid that all the alchemists will be disappointed ...”

“So ...”

Elder GE’s eyes flashed coldly. “Return with the invitation letter immediately. Mobilize the forces of your great Zhou royal family. You must kill them all halfway. Remember, don’t leave a single one alive!”

As he said this, the killing intent in his eyes almost materialized. “Especially that ye guy. He must have a terrifying background. If we don’t want revenge, we must not let him leave alive!”

“Alright, I’ll leave through the Alchemy Guild’s teleportation formation and rush back to my clan. I’ll kill that kid at all costs!”

Zhou Xinghe nodded and left.

.....

Outside the Alchemy Guild, ye chen and the other two walked.

Hu Fei, who was half a step behind him, said respectfully, "My Lord, the Alchemy Guild has gone too far. Why didn't you destroy the Alchemy Guild just now?"

"Yes, Master. If you hadn't said anything, I would've killed those two men on the spot!"

Blackie's eyes glowed with ferocity.

"If it's not convenient for master to make a move, I have some power in the clan. Perhaps I can ..." Hu Fei added.

"No need!"

Before he could finish, ye chen interrupted him, "Do you really think I'm that soft-hearted?"

"Then master, what do you mean?" Little black was confused.

Ye chen turned around and looked in the direction of the Alchemy Guild. His eyes flickered. "That old fogey, pill River, has been spying on the three of us in the dark!"

"In fact, I wanted to find this person at that time, but he seemed to be in an independent space, so it was difficult to find him in a short time."

At this point, ye chen suddenly smiled. "I deliberately said those words to him. If he is tactful, perhaps I can consider sparing his dog life!"

"Master," Hu Fei invited, "since you've given patriarch elixir River three days, why don't you come to the HU clan for a visit?"

Ye chen was about to speak when he suddenly looked at the face of the street as if he sensed something. He did not know when, but a thick white fog was approaching from afar.

In an instant, the three of them were completely enveloped by the fog, and the scene in front of them changed. It was no longer a noisy Street, but an icy plain.

"An illusion!!!"

"What?" Hu Fei's eyelids twitched. "We've fallen into an illusion!"

As if to verify his words, a sinister voice suddenly rang in the ears of the three people. "He is indeed the genius disciple of the HU family. He has already revealed all of our methods."

### **Chapter 1190: massacre today!**

"As expected of the genius disciple of the HU family. He actually pointed out our methods!"

As the cold and gloomy voice sounded!

Ye chen and the others saw the endless icy plain suddenly shake. Then, three old figures appeared like ghosts.

They were three old men in brocade robes, especially the one in the lead. He was wearing a purple and gold robe, had a head of silver hair, and his eyes were moving with smoke, as if there were lightning.

There was not the slightest bit of aura flowing within the bodies of the three people, but the pressure that they faintly emitted seemed to have frozen the air.

“The three elders of yin and yang!”

Hu Fei’s expression suddenly changed at that moment, and disbelief surged in his eyes. “You are the three elders of yin and yang from the royal family of great Zhou!”

At this point, he could not help but introduce ye chen. “My Lord, there are three Grand elders in the great Zhou royal family who are triplets. They are Zhou Honghuang, Zhou hongxuan, and Zhou Hongtian. They have the same mind and appearance. They are known as the three elders of yin and yang.”

At this point, he took in a cold breath and said, “Most importantly, it is said that they are all fifth revolution martial Saints, and their cultivation technique is the” Yin Yang integration technique. “When the three of them join forces, they are extremely terrifying!”

“I didn’t expect you, a junior of the HU clan, to know so much. You actually know us three brothers!”

The leader, Zhou Honghuang, was shocked.

“What are you guys trying to do?” ye chen asked calmly.

“What are you doing?”

.....

Zhou hongxuan, who was in the middle, smiled. “Of course, it’s for the heavenly core in your hands. If you know what’s good for you, hand over the heavenly core in its entirety. Perhaps we’ll consider leaving your corpse intact!”

Heavenly core!

The other two’s eyes were burning with passion.

Even the great Zhou royal family, which had once produced an Emperor’s throne expert, only had a few heavenly elixirs.

“So you’ll die even if you give it to me?”

Ye chen said sarcastically, “I’ll die even if I give it to you. I’ll die even if I don’t give it to you. Then, why should I give you the medicinal pills?”

“Second brother, there’s no need to talk nonsense!”

The third brother, Zhou Hongtian, laughed coldly. “Xinghe has been defeated by this man. If this gets out, the royal family of the great Zhou will lose all face. They will die today!”

“Zhou Xinghe?”

Hu Fei’s expression changed, and he asked, ‘you were sent by Zhou Xinghe? This guy is beyond shameless!’

“The HU family’s kid!”

“I should have spared your life for the sake of old Hu, but you shouldn’t have recognized us,” Zhou Honghuang said with killing intent.

“Kill them!”

Zhou hongxuan took a step forward, revealing his aura.

Blackie immediately stood in front of ye chen to protect him.

“Hold on!”

Ye chen suddenly interrupted the three of them and smiled faintly. “Did you guys hear what I said before I left the Alchemy Guild? I want ancestor pill River to come and kowtow to me in three days!”

“So what? In fact, it was elder GE of the pill Union who ordered me to kill you.” Zhou Hongtian sneered.

“I don’t know if it’s because you guys are too stupid or because you guys are too used to acting like tyrants in the Xuan Prefecture, but you guys have developed an arrogant personality.”

“Since I dared to ask ancestor pill River to kowtow and apologize, how could I not have enough confidence?” ye chen shook his head slightly.

“Kill them all!”

Then, he slowly turned around.

“Alright!”

Blackie, who had long been unable to hold back, grinned. Immediately after, an extremely brutal and monstrous killing intent came out of his body and instantly spread between the heaven and earth, like an ancient beast awakening.

Under such pressure, Hu Fei, who was the closest to him, felt as if his mind was being attacked by a terrifying torrent.

“Three old dogs, die!”

Blackie let out a long roar and took a step forward with a monstrous killing intent. His body sped forward and he charged at the three elders of yin and yang in an extremely violent manner.

“Die!”

Blackie shot up into the sky. An unusually fierce black energy shot out from its mouth and turned into a black torrent that attacked the three elders of yin and yang.

“Not good, retreat!”

Zhou Honghuang's expression changed drastically. As he warned, he manically dodged the attacks.

He did not expect the unremarkable-looking young Man in Black beside ye chen to become so fierce!

"Ah!"

Following a shrill cry of pain, the third brother, Zhou Hongtian, was crushed by a claw that looked like a ferocious beast.

Even his divine soul was torn apart.

"Third brother!"

At this moment, Zhou Honghuang and Zhou hongxuan's eyes almost popped out of their sockets. Their faces were filled with intense shock.

The three brothers were all five revolution martial Saints. They thought that their strength was at the top in the Xuan state. They did not expect that one of them would die in a single exchange!

Hu Fei swallowed his saliva in large gulps!

That was a five revolution martial Saint!

It turned out that even a servant of the supremacy had such terrifying combat strength. Perhaps only he, the HU clan's ancestor, could match up to such an existence?

"Dammit, that unfilial son Xinghe has caused us so much trouble!"

Zhou Honghuang roared in his heart. If Zhou Xinghe had not said that among ye Chen's group, only Hu Fei had some cultivation, they would not have underestimated their opponent.

"Kill him and take revenge for our third brother!"

Zhou hongxuan's eyes were bloodshot. He slammed his palm down on Blackie. The space in front of him shattered instantly, forming a terrible storm that attacked Blackie, as if he wanted to crush it.

"Good timing!"

Blackie let out a shrill cry. Dense black scales suddenly appeared on the surface of its body. The scales flickered with a cold light, and then it took the initiative to meet the storm.

"Boom ..."

The storm that could tear a martial Saint apart did not cause any damage to his body. Then, Zhou hongxuan's scream rang out between heaven and earth.

His heart and lungs had been pierced by Blackie's punch.

"Second brother!"

Upon seeing this, the remaining Zhou Honghuang almost fainted. Then, his eyes flickered with madness. He actually abandoned Blacky and took the initiative to attack ye chen.

In his opinion, ye chen must have come from some Holy Land or dynasty and little black was his personal bodyguard.

Therefore, he wanted to grab ye chen and escape.

He had even prepared how to prevent little black from chasing him. However, to his surprise, little black stood in the same place and sneered as he got closer and closer to ye chen.

Just as he was less than three meters away from ye chen, he suddenly found that he could not move his body as if a pair of invisible hands were holding him tightly.

He seemed to have thought of something, and his face was filled with horror. "Senior, it's a misunderstanding. This is all a misunderstanding. Please listen to me ..."

"Die!"

Ye chen shook his head slightly, his eyes flickering.

"Boom ..."

Zhou Honghuang's body instantly exploded into a cloud of blood mist.

He was too strong!

The exalts were too powerful!

In the HU clan of the Xuan state, three fifth revolution martial Saints were enough to hold the position of Grand Supreme elder. However, in front of ye chen and Blackie, they were like ants.

Hu Fei looked at this scene in shock. Other than shock, his eyes were filled with endless fanaticism!

With the death of the three, ye chen and the others' environment naturally fell apart. The noisy Street was still reflected in the eyes of the three.

"Let's go. Follow me back to the Alchemy Guild!"

Ye chen slowly turned around and with a wave of his sleeve, he took a step in the direction of the Alchemy Guild.

Today, he was going to start a massacre!
