### Chapter 1261: The deans of the nine great academies arrive!

“Dad, mom, little brother, where are you?!”

Looking at the strong students of the Academy who were rushing in from all directions, ye chen shouted again. His voice shook the sky and was moving.

“You dare to use force in my Academy, you’re guilty of the most heinous crime!”

“Suppress! We must suppress him!”

In an instant, countless powerhouses of the Academy surrounded them. Although they did not have the cultivation of a martial artist, the three flowers on their heads were shining with golden light.

“Sharp tongue sword!!!”

The literary Palace in the body of an expert of the Academy trembled as he chanted. Suddenly, sword Qi filled the sky and stirred the void with the movement of his lips.

The sword Qi that blotted out the sky was like a gathering of lightning. It was mighty and carried a terrifying power as it slashed toward ye chen.

“Get lost!”

Ye chen roared. His voice was like thunder. With a single roar, he shattered the man’s literary sword Qi and turned him into a mist of blood.

“Don’t go up alone. This kid isn’t an ordinary Emperor’s throne realm. He killed the Jade Lake Holy Lord and four other Emperor’s throne realm experts ...”

An expert roared repeatedly, his eyes malicious, “Let’s work together to suppress him with our luck and try our best to delay until the Chiefs and family heads arrive ...”

“Holding a brush to suppress the mountains and rivers!!!”

“A poem that can conquer a country!!!”

“Boom boom boom ...”

Along with the earth-shaking sound, many powerful scholars in the Academy displayed their instincts, and their eyes were full of crazy killing intent!

Someone lifted a brush and drew a picture. The picture scroll suddenly turned into bolts of lightning in an attempt to kill ye chen on the spot.

Someone spoke in golden words. Each word was enough to fill the rivers and seas.

Someone stood with a guqin in his arms, his fingers dancing. As the intense sound of the guqin filled the air, waves of terrifying musical assassination techniques suddenly shot toward ye chen.

This earth-shaking scene shocked countless disciples of the Academy who were standing in the distance. They looked at this scene in shock.

There was a young girl in red among the crowd. However, at this moment, the young girl was biting her lips tightly and looking at ye chen who was being surrounded by the crowd in disbelief.

The girl was mo Hongxiu.

“Junior Sister Hongxiu, look! That’s the mountain chieftain of the painting Dao Academy. With the Suan ni diagram in his hand, he’s actually summoning the projection of a fierce beast Suan ni from a distance ...”

Mo Rong, who was beside her, was watching the battle scene in shock while he introduced the battle to mo Hongxiu with excitement.

“Senior brother ye, why did you fight with the elders?” Mo Hongxiu clenched her fingers tightly, unable to accept this scene.

She had grown up in the Academy since she was a child, and many of the experts in the Academy were like amiable elders in her eyes. Logically speaking, she should be standing on the side of the elders.

However, she had met ye chen when she was out. Although they had not known each other for long, she had long regarded ye chen as a friend.

On one side, it was her family, and on the other, it was her friend. It made her feel very awkward!

“BOOM!”

Then, a giant shadow that was a thousand feet tall joined the battlefield. The shadow looked like a giant, wearing black armor and holding a long sword. Only a pair of empty eyes could be seen from head to toe.

“The criminal court’s Mountain Lord mo is here too!”

Mo Rong and the others exclaimed once again, “elder mo even brought the six-triding divine Phoenix. This time, that ye fellow is in for it!!!”

“Slash!!!”

The giant swung the iron sword in its hand at ye Chen’s neck.

“Break!!!”

A terrifying pressure swept out from ye Chen’s body, sweeping through everything and shattering the giant.

“Pfft!”

Some experts vomited blood and retreated.

“You trapped my family and attacked me without distinguishing between right and wrong. If you don’t hand over my parents today, I swear I won’t give up!!!”

Ye chen was furious. He charged into the crowd almost instantly, crushing the space.

He swung the six paths of reincarnation fist and attacked everyone in the crowd. His killing intent was almost tangible!

“Die!”

With one punch, he killed the mountain chieftain of Hua Daoyuan Academy.

“Ah!”

Elder mo from the criminal court wanted to attack him from behind but his body was pierced through by ye Chen’s hair that seemed to have grown life!

With every step he took, a cultivator of the Academy would die. It was as if he had entered a realm of no man. He killed without restraint! No one could stop him!

The Academy’s disciples in the distance, who had been excited just a moment ago, were now dumbfounded. They looked at ye chen, who was madly slaughtering the Academy’s powerhouses, in shock.

“This person is really too strong!”

“Is there no one in the Academy who can subdue him?” a disciple asked in a trembling voice.

As soon as he finished speaking, a purple mist suddenly appeared in the void and shrouded him. “Emperor Lord ye, you’ve gone too far!”

“BOOM!”

At that moment, a huge golden chessboard descended from the sky and trapped ye chen in it.

The chessboard was as huge as a mountain.

Then, a scholar in green stepped on a cloud and arrived. The man looked at ye chen, who was suppressed in the chessboard, and shook his head. “Why bother!”

“It’s the president of the chess Hall!”

The disciples of the Academy, who were already in despair, were suddenly jolted. They looked at the scholar in green with infinite respect.

The Chess Academy’s Dean, Chu he, was one of the thirteen Deans of Jixia learning Palace. He had studied chess for thousands of years and could form a formation with a wave of his hand. With a thought, he could turn the void into a chessboard. His strength was one of the strongest among the thirteen Deans.

“That’s Dean Chu’s omniscient chessboard!”

Some people looked at the huge chessboard that stood in front of them like a mountain and said enviously, “It’s said that Dean Chu’s limitless chessboard can suppress those at the emperor’s throne realm. It’s indeed worthy of its reputation.”

At this moment, several figures arrived in a stream. There were men and women, some holding a flute, some carrying a zither stand, and some carrying an Abacus. They were all extremely majestic.

“Headmaster of the zither Dao Academy!”

“The chief of the School of Sorcery!”

“The head of the famous people Academy!”

“The head of the legalism school ...”

At that moment, all the disciples of the Academy felt that it was difficult to breathe. It was as if there were thunderclaps in their minds.

This was because nine of Jixia Academy’s headmasters were present. The Headmasters had always been elusive, but now they had all appeared. It was clear how big of a commotion ye chen had caused in the Academy.

“BOOM!”

At the same time, the Golden chessboard on the ground began to shake violently. It seemed that ye chen was trying to break out of the game.

“Dean Chu, can your myriad chessboard really trap this kid?” the Dean of the zither Dao Academy asked with an indifferent expression.

Upon hearing this, the president of the Chess Academy, Chu he, smiled faintly. “My omniscient chessboard was refined from meteorites from outer space, and more than 36000 formations were engraved on it. It was also sealed and strengthened by the Lord libation.”

“Thus, it isn’t difficult to trap an Emperor’s throne realm expert.”

As he said this, he formed a seal with his hands. Under everyone’s gaze, the mountain-like golden chessboard shrank and was held in his palm.

Ye chen stood on the chessboard and sized up the former with cold eyes. “Do you really want to go to the extreme?”

“Why do you say that, Emperor Lord ye?”

Chu he looked at him expressionlessly and said, “If you do your job, I won’t kill you. After the storm is over, I’ll deal with you!”

### **Chapter 1262: Mountains and rivers collapse, eternal calamity!**

At this point, he narrowed his eyes and said in a dignified manner, “If you still want to struggle, I don’t mind using the true Samadhi fire to refine you!”

Many people were shocked.

The true Samadhi fire!

The so-called true Samadhi fire's Samadhi was upper, middle, and lower. Fire was also divided into sovereign fire, official fire, and civilian fire!

Even in the Academy, only the deans could cultivate such a technique, and its power was extremely terrifying.

"Dean Chu, please show mercy!"

At this moment, a figure flew over from the distance. It was Grand Preceptor ning!

"Ning Haoran, what are you doing here?"

The Dean of the painting Dao Academy's eyes darkened as he chided, "Didn't I ask you to reflect on the cliff?!"

Grand Preceptor ning did not say a word. He knelt heavily in front of Chu he and said bitterly, "Dean Chu, fellow Daoist ye has only come to see his parents. The reason why he ended up like this today is all because of a misunderstanding between the two sides. Please ..."

"Misunderstanding?"

Chu he pursed his lips slightly and seemed displeased. "This guy killed so many people of my Academy. His behavior is demonic, and you're telling me this is a misunderstanding?"

Grand Preceptor ning's lips moved slightly, as if he wanted to continue pleading.

"This hospital has its own plans, you can leave!"

Chu he did not give him a chance to speak. With a wave of his sleeve, he sent the former flying thousands of feet away.

"Grandpa Chu!"

At this time, mo Hongxiu, who was in the distance, also walked out and knelt down heavily. She gritted her teeth and said, "Just let senior brother ye go, he ..."

"Hongxiu, if your grandfather were here to hear you say such things, he would definitely blame you!"

Chu he's expression turned cold. He forcefully restrained mo Hongxiu and let someone take her away. Then, he looked at ye chen, who was on the chessboard.

"Emperor Lord ye, I heard that you have a golden divine brush. If you hand it over, we may let you go ..."

"So you've taken a fancy to this ye's Emperor brush!"

When ye chen heard this, he sneered. "Jixia learning Palace trapped my family and coveted my treasure. How can you be called a scholar? I think you're more like a hypocrite."

"Dean Chu, why are you talking nonsense with this kid!"

The Dean of the Kendo Academy snorted coldly and said expressionlessly, "Let's work together to refine this kid with the true Samadhi fire. When the time comes, he'll still have to tell us everything ..."

"That's good too!" Chu he stroked his beard and smiled.

However, in the next moment, the smile on his face suddenly froze. He stared at his underworld chessboard and saw a crack appearing on the chessboard at a speed visible to the naked eye.

The crack was getting bigger and bigger!

In the end, the main and secondary chessboard exploded, and a figure shot out from within. A bone-chilling voice rang out, "Today, I'm going to overturn the mountains and rivers of Jixia learning Palace and turn it into a land of eternal calamity!!!"

A mighty pressure erupted from ye Chen's body. At this moment, his eyes flickered with a crazy killing intent, as if an ancient demon Lord had descended into the world.

"Not good, this kid has escaped!!!"

"Everyone, don't hold back. Quickly suppress him!"

Almost at the same time, the deans of the Academy, including Chu he, reacted instantly. They moved like lightning.

"Why aren't you surrendering?!!"

The Dean of the Kendo Academy transformed his fortune into a long river of sword Qi that filled the sky and surged toward ye chen. He attacked ye chen with unparalleled power.

Ye Chen's long hair fluttered in the wind. His face was fearless. He covered the sky with one hand and pressed down with his big hand, directly using his physical body to resist the attack.

"Ah!"

The former let out a blood-curdling screech and spat out a mouthful of blood. He was sent flying as if he had fallen, creating a bloody mist.

"He killed the Dean of the Kendo Academy with one palm?"

The pupils of the other experts who witnessed this scene all shrank. It should be known that the battle prowess of the various Deans of the Academy was not weaker than that of the emperor's throne realm!

"Don't panic. He's just one person, and we have seven or eight people. We can kill him here!" Chu he roared.

An ordinary Emperor's throne realm expert could become a Lord like di xuangang in the outside world.

However, all 15 Deans of Jixia Academy had the battle power of Emperor's throne realm. This was Jixia Academy's absolute position in the ancient barren world.

"Kill!!!"

Five of the eight headmasters immediately charged at ye chen while the other three frantically refined their own treasures in an attempt to suppress ye chen again.

However, under ye Chen's soul formation stage divine sense, not only was the Wen Dao divine power jointly displayed by the five people unable to stop him, but ye chen had also closed in on them.

He rushed to Chu he, the president of the Chess Academy, and punched through the void. He didn't give Chu he a chance to retreat, and he punched Chu he in the chest.

It was this person who had used the Sen Luo chessboard to suppress ye chen and even wanted to use the true Samadhi fire to refine him and make him hand over his Emperor brush and other fortuitous encounters.

The moment ye chen got close, Chu he's hair stood on end as if death had descended. He immediately retreated frantically.

Although he was not a martial artist, his speed was so fast that it was impossible to catch him. He had broken through the sound barrier.

However, in ye Chen's eyes, all of this was in vain. Almost at the same time he retreated, ye Chen's fist broke through the void and landed on his body.

"Ah!"

Chu he cried out in pain as his body was torn into pieces on the spot!

Another Dean had died!

At this moment, the hearts of the Jixia learning Palace's disciples who were watching from afar were already overwhelmed with fear. They were no longer gloating over his misfortune.

He was the Dean of the Academy!

Even the other seven Deans were shocked. They looked like they were going to back off. However, when they thought about the strict rules of the Academy, they suppressed the thought.

"Today, I'll overturn your Jixia Learning Academy!"

Ye chen roared again, his long hair dancing in the wind. His gaze was like two heavenly swords that shot toward the seven people.

He had an unparalleled elegance. With every step he took, the seven Deans couldn't help but take a step back, as if they were afraid of the battle.

The disciples of the Academy looked at the figure who seemed to be possessed by the demon, and they were all stunned.

"BOOM!"

Ye chen attacked again with a sharp gaze. He raised his hand and threw the five elements heavy prison peak. His every move contained great horror.

"Boom ..."

The great mountain streaked across the sky and a terrifying suction force came from it, pressing down on the seven headmasters. Six of them had a huge change in expression as they retreated frantically.

However, there was one person who could not avoid it in time!

“Ah!”

The man screamed again and again as he was killed on the spot!

The world became deathly silent again!

What kind of devil reincarnated this!

The Dean of the zither Dao Academy looked at ye chen in horror. He looked fierce but was actually scared. “Imperial Lord ye, the sea of bitterness is boundless. Turn back to the shore. If you continue to make mistakes, you will be standing completely against the Academy.”

“That’s right, the scariness of my Academy is beyond your imagination!”

The eyes of the Head of the School of legalism flickered. “If I were you, I would destroy my cultivation and kneel down to admit my guilt. Perhaps I could avoid death!”

“You shameless old fogeys!!!”

In ye Chen’s blood-red eyes, a monstrous murderous aura swept through the sky. “Today, gods come to destroy gods and Buddhas come to destroy Buddhas. I’ll make Jixia learning Palace bleed for 3000 miles!!!”

### **Chapter 1263: Ye Chen’s ferocity and killing!**

“All of you, die!”

At this moment, ye Chen’s entire body was surging with a murderous aura. It was as if a peerless Demon God had awakened and was looking down on the world. His killing intent was like a blade that surged toward the remaining six people.

“Swish!”

The void was torn apart, and he reached out with one hand. The headmaster of the school of legalism was grabbed by him, unable to resist at all.

The Head of the School of legalism struggled with all his might, trying to escape but to no avail.

“Emperor Lord ye, please forgive me ...”

At the critical moment of life and death, he finally panicked and could no longer maintain his previous calmness. He roared with all his might, as if begging for mercy.

“Die!”

However, ye chen did not give him a chance to speak. Without any ripples, ye chen swiped his hand and a thick bloody mist suddenly exploded in the air!

The head of the legalism school was dead!

“Boom ...”

At that moment, the world was in an uproar. Countless onlooking students trembled as they watched ye chen go on a killing spree.

The Headmasters that they revered were being killed by ye chen one after another. Was the Academy that they had believed in all their lives going to be destroyed by ye chen today?

“Quick, go and get the other six Deans!!!”

Finally, the Dean of the scholarly faction roared madly, “This kid is too terrifying. We can’t suppress him. We can only suppress him by gathering the strength of the other six Chiefs!”

As soon as he said this, some people from the Academy swayed, as if they were going to follow his order to get help.

However, at this moment, a sorry figure suddenly swept over from the distance. The person spat out blood and said, “Dean Zeng, bad news. Dean Nong and the others are in danger ...”

The headmaster of the scholarly faction trembled. “What did you say?!”

The man fell heavily to the ground, his face pale. “Three people have entered the Academy from outside the mountain Gate. The leader is known as old ancestor netherworld. He’s extremely fierce. Dean Nong and the other five couldn’t stop him!”

“The head of the Yin Yang division is dead!”

“The principal of the Daoist school is dead!”

“The principal of Zongheng courtyard is dead!”

“The headmaster of the miscellaneous house is dead!”

“.....”

The man quickly revealed the information!

In an instant, the world was terrifyingly silent!

Countless disciples of the Academy were shocked!

Ye Chen’s helpers had also lost so many headmasters? What kind of existence had their Jixia learning Palace provoked?

“Pfft!”

Dean CEng of the scholarly faction immediately spat out a mouthful of blood, looking as if he had instantly aged several decades.

“All of you can go to hell too!”

Ye chen threw out the five elements heavy prison peak again and killed another headmaster. Its ferocious might was overwhelming and no one could stop it.

“What do we do now?”

The remaining four Deans were extremely shocked.

Ye Chen held the five elements heavy prison peak in his hand and approached the four of them step by step. The killing intent in his eyes grew stronger!

Finally, someone couldn't bear his killing intent and rushed into the distance, trying to escape. However, he was shocked to find that he had hit an extremely hard space barrier.

The next moment!

His body bounced back heavily.

"No!"

With an unwilling roar, more blood mist appeared in the air!

"It's over! Our Jixia learning Palace is finished!!!"

Some experts thumped their chests and stomped their feet, their eyes bloodshot. "You with the surname Ye, you'll be punished by the heavens for killing the powerhouses of our Academy!"

"You still don't know how to repent even now!!!"

Ye Chen snorted coldly. Just as he was about to charge forward, a gentle breeze suddenly blew in the air and a gentle voice gradually rang out, "Sigh, this is the land of the teachings of a Saint. It's improper to kill like this ..."

Hearing this sudden voice, the four deans, who had already given up all hope, were jolted. Then, they all revealed looks of wild joy.

"Lord libation! It's Lord libation!"

"The Lord Chancellor has appeared. That's great. With his help, we're saved. Our Academy is saved!"

In an instant, the remaining four Deans knelt on the ground in excitement. Their faces were filled with respect.

Many of the Academy's disciples in the distance were stunned at first, and then they burst into a thunderous uproar!

The head of the Academy is here?

It could be said that in the entire Jixia learning Palace, the Grand Chancellor had always been a legend. No one had ever seen him before, and even the 15 headmasters were no exception.

Under everyone's gaze, a young man slowly walked over from the void. He was wearing a green robe and looked to be in his twenties. He was very young.

With the appearance of this person, the pungent smell of blood in the world seemed to have disappeared at that moment, and everyone's originally panic-stricken heart also emerged a sense of peace.

Ye Chen's eyes narrowed slightly as he looked coldly at the man walking over.

The young man stopped in his tracks and looked at ye chen quietly. He seemed to be neither happy nor sad. "Why did you commit such a sin of murder?"

Ye chen met his gaze and shouted like thunder, "You trapped my family, prevented me from meeting my parents, and even set a trap to kill me. You deserve to die!!!"

"What a strong evil aura ..."

The green-robed man's expression was as calm as an ancient well, and his voice was still gentle. "Young man, put down the hatred in your heart and subdue the demonic thoughts in your heart. Otherwise, you will fall into the demonic path!"

"Obsession is bitter. If I want to suffer to the end, I'm willing to become a devil with a single thought!"

Ye chen held his daughter, a cold glint in his eyes. "You don't need to lie to me. If you stop me, I'll kill you too!"

"What a good one-thought devil!"

The man in green sighed softly, as if he had thought of something. "Ye Dongli was just like you back then, not hesitating to make enemies of the world. In the end, he died and many innocent people were implicated ..."

"Who is ye Dongli?" Ye chen frowned.

"He's your ye family's ancestor!"

The man's voice was magnetic. "You don't have to doubt it. Your father has ye Dongli's blood in him. It's enough to prove that you are ye Dongli's descendants. This is also why the Academy took in your parents."

"When did our ye family have a ye Dongli?"

Ye Chen's eyes narrowed. He did not believe his words and said coldly, "Since you've taken in my parents, then please hand them over."

"Why do you have to see your parents?"

"What if the price for meeting your parents is the death of your one-year-old brother?" the man in green asked.

"What's wrong with my brother?"

The red light in ye Chen's eyes exploded. He stared at the former with a murderous look. "You better explain yourself clearly!!!"

"Your brother is sick."

The green-robed man remained unflustered, as if he was narrating an extremely ordinary matter. "When your mother was pregnant with him, she crossed the dark enchantment on a Ghost Ship and was cursed by a terrifying monster in the dark quicksand ..."

"BOOM!"

At that moment, ye Chen's mind suddenly rumbled like a bolt of lightning on a clear day. "What did you just say?!!"

"After your brother was born, I checked his body!"

The green-robed man's expression was calm as he said unhurriedly, "He doesn't have a heart. He must have been devoured by the dark quicksand. The only reason he's still alive is because I've searched the ancient barren world for the wood Spirit's heart to extend his life ..."

"But the wood Spirit's heart can only extend his life for three years."

"Tap tap tap tap ..."

Ye Chen's face turned pale. He could not control his body and took a few steps back. His eyes were full of heartache.

"If you want to save your brother, you need someone to change his heart!"

"Your mother's heart is compatible with his, but your brother is not willing to. Besides, your mother will die without her heart ..." The man in green continued.

At this point, he could not help but look at ye Chen, his voice full of magic. "But you're different. You're a Grand cultivator; you can still live without a heart."

"Are you willing to give your heart to your little brother?"

#### **Chapter 1264: I'll kill this group of hypocrites today!**

"Are you willing to give your heart to your brother?"

The man in Green's tone was extremely gentle, but it had a demonic power that could bewitch people. It echoed in their minds and made people subconsciously trust him.

"You want me to give my heart to my little brother?"

Hearing this, ye Chen's eyes narrowed. Then, he looked at the former as if he was moved. "Can my heart really save my brother?"

"Naturally!"

The man in green smiled and looked at ye Chen with a gentle gaze. "Your brother has the closest bloodline to you. Furthermore, you are a Grand cultivator. Not only can your heart extend your brother's life, but it can also enhance his aptitude."

At this point, his voice was full of magnetism. "When you and your brother work together, you'll be able to conquer the ancient barren world. No one will be able to stop you!"

"You're not lying to me?" Ye Chen's lips moved slightly, and the desire in his eyes became more and more obvious.

“I’m not lying to you, because lying to you won’t do me any good. At the very least, he’s your brother. Are you willing to see him die because of your indifference?”

“The reason why you spent so much effort and made such a big commotion, wasn’t it to see your parents and younger brother? If something happens to them, can you guarantee that you won’t live in guilt for the rest of your life?”

The man in green shook his head and smiled. He looked at ye chen with a burning gaze. “Now tell me your choice. If you’re willing to save your brother, I’ll let you see your parents after the matter is over!”

As soon as he finished speaking, the atmosphere between heaven and earth gradually quieted down. Only ye Chen’s struggling face and determined eyes remained.

“Alright!”

A few seconds later, a determined voice came from ye Chen’s mouth. He looked at the former firmly. “How can I give you my heart?”

As he finished speaking, many people from the Academy standing in the distance could not hide the joy in their eyes.

“Child, come here ...”

Ke Yunzi’s expression was still as gentle as before. He waved his sleeves at ye chen with a smile, his every word and action filled with great magic.

“Alright, I’ll come over!”

Ye Chen’s expression was wooden, as if his soul had been taken away. He walked toward the former step by step.

“Child, in the next heart-taking process!”

Ke Yunzi’s expression was extremely serious. “You have to listen to me. This is related to your brother’s and your own lives. There can not be any mishaps!”

“Alright, I’ll listen to you.” Ye chen nodded woodenly.

Hearing this, ke Yunzi’s eyes flickered, “Good child, now relax your mind and let me plant an imprint in the depths of your soul. This way, your life will be saved.”

Ye Chen’s niwan Palace trembled slightly as he completely relaxed his mind. If this scene was seen by other cultivators, they would be shocked and covered in sweat.

This was because the niwan Palace was the residence of a cultivator’s primordial spirit. Once it was invaded by an external force, the consequences would be unimaginable.

“Good child ...”

Ke Yunzi’s brows twitched. Then, a wisp of his astral body transformed into a ghostly light and pierced into ye Chen’s niwan Palace.

“Fellow Daoist ye, you can ‘t!!!”

It was at this moment that a thunderous roar came from the distance.

In an instant, a ray of dim light turned into a Thunderbolt and flashed over. As the dim light dissipated, a young Man in Black clothes was revealed.

It was old ancestor yellow spring.

At this moment, old ancestor yellow spring looked at ye chen, who seemed to be under control, with a gloomy expression. He could not help but shout, ""Fellow Daoist ye, what are you waiting for?"

"Daddy, wake up ..." The little guy was anxious.

However, ye chen did not move.

"You old dog, what trick did you use to confuse fellow Daoist ye like this?!"

Old ancestor yellow spring's expression changed abruptly. He stepped on the air and charged at ke Yunzi with killing intent. "Today, I'll send you to the West!!!"

"Stop him!!!"

Ke Yunzi's shout was like thunder.

"Kill!!!"

All of a sudden, countless powerful auras surged in the sky and earth. Countless experts of the Academy charged at old ancestor yellow spring fearlessly, including the four deans.

"Those who block me will die!!!"

Old ancestor yellow spring was furious. His eyes were full of killing intent. He rushed into the crowd without holding back, trying to kill ye chen.

Ke Yunzi did not hesitate any longer. He split a third of his astral body and pierced it into ye Chen's niwan Palace in an overbearing manner.

His originally gentle expression was no longer there, and it was replaced by a look of ferocity and ecstasy.

As long as he could control ye Chen's mind, all the fortuitous encounters in ye Chen's mind would belong to him, including his memories, his divine abilities, and his cultivation methods ...

However, the next moment!

As soon as one-third of his astral body entered ye Chen's niwan Palace, ye Chen's niwan Palace was sealed!

"Not good!"

Ke Yunzi's spirit was shocked. It immediately scurried around in an attempt to rush out. At this moment, a Golden Shadow that looked like an ancient God soared into the sky and suppressed him in the chaotic sea of consciousness.

"Pfft!"

Almost at the same time, ke Yunzi spat out a mouthful of blood. He looked at ye chen with a pained expression. "You ..."

"Is it very painful?"

Ye chen slowly opened his eyes. His original wooden expression was no longer there. Instead, it was replaced with a cold and menacing look. "It's no wonder. A third of your soul was destroyed by me. If it was anyone else, they would have died long ago."

"You ... You ..." Ke Yunzi was still in a state of shock.

Ye chen looked at him quietly, the corners of his mouth turning up in a mocking smile. "You're very curious as to how I was able to counter you at the critical moment even though I was clearly not bewitched by you, right?"

"You tricked me!" Ke Yunzi's eyes were cold.

"So what if I'm lying to you?"

Ye chen shook his head slightly and sneered. "You're too stupid, do you really think this ye will believe your one-sided story?"

"Even if my brother really doesn't have a heart, I can still extend his life. Why do I need to use my own heart?"

At this point, he couldn't help but grin, revealing his white teeth. "Old man, I'm afraid you don't know yet, but even in the medical technology of the mortal world, there are not only heart transplant surgeries, but also head transplant surgeries ..."

"Hahaha!"

At this time, a deafening laughter rang out, "Fellow Daoist ye, I knew you would be controlled by this old dog."

"We'll need more cooperation from the patriarchs." Ye chen said with a smile.

"I'll kill all these hypocrites today!"

"Yellow spring Nirvana finger!"

Old ancestor yellow spring's aura soared. With a surge of terrifying energy, a ghostly light turned into a giant finger and killed a Dean.

"Satisfying! Again!!!"

The old ancestor was so excited that he looked like an evil youth.

At this moment, the nine luminaries devil and Blackie joined forces and charged over. They seemed to want to join the battle and besiege ke Yunzi.

Ye chen stopped the two and handed the little fellow in his arms to the nine puppet worms. Then, he looked at ke Yunzi, his eyes flickering. "Everyone says that you're a law enforcer from the heavens. I'd like to experience it today!"

## Chapter 1265: Ke Yunzi's true identity!

Ke Yunzi's eyes were fixed on Ye Chen.

"I'll fulfill your wish!"

Five cold words mixed with endless killing intent came out of the former's mouth. An invisible domain formed between the two of them, setting off a monstrous storm.

"BOOM!"

At that moment, the huge rock that weighed more than 100,000 Jin and some small stone mountains between the two of them exploded.

"Chi ..."

The collision of their auras distorted the void, forming a shocking destructive force. It actually caused an extremely terrifying crack to appear in the void.

The purple light that surged out of Ke Yunzi's body almost made the world lose its color.

"Swish ..."

A bolt of lightning flashed in front of the two.

"Do you dare to fight me in the sky?!!"

Ke Yunzi roared and stepped into the huge crack in the void. In an instant, he had crossed thousands of miles.

"Why not?!"

Ye Chen took a step forward. Like a meteor, he instantly rushed into the crack in the void and followed closely!

"Boom boom boom ..."

At that moment, the sky above the entire ancient barren world was filled with endless thunderstorms. The might of the heavens was brilliant, as if the end of the world was coming.

This was a technique that belonged to Ke Yunzi!

At that moment, everyone in the ancient barren world, regardless of whether they were mortals or cultivators, looked up at the void.

At the end of their vision, a five-colored ray of light shot into the sky and headed straight for the green sky. The light was so dazzling that it made the sun lose its color.

Behind the ray of light, there was a ray of golden light that was as bright as the rising sun.

"The immortals are fighting?"

At that moment, all the mortals who saw this scene were shocked and had the same thought.

In the great Xia Empire, a golden-robed figure stood at the peak of the Imperial City. He gazed into the horizon and mumbled, "Let's fight in the sky. Emperor Lord ye, can you break this prison?"

Behind him, there were countless powerful cultivators of the great Xia Empire. Most of them had blank looks in their eyes, not knowing what this celestial phenomenon meant.

Only a few people's expressions changed drastically, as if they had thought of something. Their eyes were filled with shock and respect!

Beimang Dragon-subduing Hall.

The northern Sea Palace Lord was in seclusion in a secret chamber in Kun Lun when he suddenly felt something.

He moved and appeared 10000 meters in the air. He stared at the shocking phenomenon.

After a few seconds, his throat rolled."Imperial Lord ye, I respect you for being a man. I wish you a triumphant return!!!"

The far west of the ancient barren world.

A pure and holy Palace stood between the mountains, and a barefooted old man was drinking alone,""It's up to you if the 10000-year-old legend can be defeated!"

He raised the wine pot in his hand high, as if he was toasting someone."Back then, our old friends had been silent, depressed, and in despair for too long. Perhaps you are our hope ..."

The great Qin Empire.

Qin Jian looked into the sky."It's this person. He's the one who caused the Sovereign Lord to go missing. Ye nankuang, can you avenge my master?"

At that moment, the entire ancient barren world was filled with silent conversations.

"Someone has issued a challenge to ke Yunzi again!"

"Another one has gone crazy. In the past 10000 years, apart from the eastern LI Sovereign Lord who succeeded, which of the other imitators did not die? Even an existence like the Dongli Emperor Lord would be punished by the heavens and die. "

"Challenging ke Yunzi is the same as challenging the immortal's Hall!!!"

"Ke Yunzi is nothing more than a dog raised by the immortal's Hall, and a guard dog at that. He's full of righteousness and morality ...."

"Even if it's a dog, we're no match for it ..."

These words seemed to be filled with regret, admiration, and indifference ...

Above the nine Heavens, ye chen and ke Yunzi stood opposite each other.

An endless, terrifying wind swept past the two of them. Even a nine revolution martial Saint would be afraid of it, but it could only blow at ye chen and ke Yunzi's clothes.

“You’re very much like ye Dongli!”

Ke Yunzi looked at ye chen quietly as if he was looking at a dead man. “You’re too similar. Unfortunately, you’re not his match, and you’re definitely not my match ...”

“You really talk too much nonsense!”

Ye chen snorted coldly. The primordial Qi in his body was accumulated to the extreme. Like a Thunderbolt, he took the lead and punched at the former.

As soon as the six paths of reincarnation fist was used, it seemed as if the sky was falling and the earth was cracking.

Like an eagle soaring through the sky, he appeared in front of ke Yunzi in the blink of an eye.

“BOOM!”

His right fist broke through the void and slammed towards ke Yunzi’s chest, as if he wanted to kill him with a single punch.

Throughout the entire process, ke Yunzi’s expression remained calm. His body did not even move. He was like a pine tree rooted in the dark.

“Hu!”

As his sleeves fluttered, a Gale suddenly blew in the void. Then, his arms spread out, and his fingers formed a seal. He gently pressed down on the fist that was coming at him.

“Bang ...”

A world-shaking sound reverberated under the fierce collision of the two attacks. It was as if the hardest metal in time had collided, and it was so loud that it almost broke the eardrums.

The first direct confrontation between the two of them was actually a tie.

Ye Chen’s figure paused. He looked at ke Yunzi again with a sharp gaze. “You’re a cultivator?!!”

He thought that the people in the ancient barren world were either ancient martial arts practitioners or abstruse cultivators. However, the Grand Chancellor of Jixia learning Palace was able to cast a spell that only cultivators could.

If he wasn’t a cultivator, then what was he?

Didn’t that mean that there were other self-cultivators in the ancient barren world besides ke Yunzi? there might even be self-cultivator inheritances?

“Aren’t you the same?”

Ke Yunzi looked at him calmly and said, “From the moment you appeared in the Northern Territory, I knew of your existence. I have been watching you until now, and I have long confirmed my guess.”

“So what if you’re also a cultivator!!!”

Ye chen narrowed his eyes and sneered. “I’ve killed many cultivators. You’re no exception!!!”

The next moment!

His left hand was like a rainbow as it swept forward. His left hand was like a lightning bolt that cut through the night sky, making the sky roar and the void tremble.

“Go!”

Ke Yunzi stood in the air and waved his sleeve.

“BOOM!”

His sleeve was like a giant blast fan, stirring up an extremely violent Gale that surged toward ye chen. It was like a dam that had burst its dam, unstoppable.

“Swish!”

At that moment, the void trembled, and then a huge crack that was a thousand feet long appeared. It was like a shocking ravine that had been cut by a sword, and it contained a terrifying storm.

A sleeve cut through the air!

If this scene was seen by outsiders, they would be so shocked that they would be speechless, and would regard ke Yunzi as a true immortal.

“Break!!!”

Ye Chen’s punch streaked across the sky as if the Supreme Emperor had arrived in this world. His energy swallowed the mountains and rivers, his domineering aura shook the world, and he looked down on everything.

His white hair was dancing in the wind, and each strand of hair could cut the void. This was an unparalleled aura.

In an instant, his entire body was like a comet that had hit the earth. His figure swept across a thousand feet and his fist pierced through the void, causing a vacuum zone to appear within a thousand feet of the void.

“BOOM!!!”

With a loud boom, ke Yunzi’s spell technique was broken, and he was forced back a hundred feet by the terrifying force.

Ye chen stood in the air with his hands behind his back, his eyes like lightning.”At this point, if you continue to hide your skills, you will die in my hands in less than half a moment!”

“Heaven-extreme sword!!!”

Ke Yunzi opened his mouth, and a small green sword shot out like a flood Dragon. It then expanded in the wind with a dazzling sword light.

“Chi ...”

The green flying sword slashed down mercilessly at ye chen, setting off a sword ray that was three hundred feet tall. Like a White Rainbow piercing through the moon, it pierced through the sky and whistled toward ye chen.

This was ke Yunzi's trump card, and it was also the primordial spirit treasure of an early divine transformation realm cultivator. For thousands of years, he had never revealed it to anyone.

In his opinion, ye Chen's cultivation heritage could not compare to his. He had never refined his own primordial spirit treasure, so he wanted to take ye chen by surprise and kill him with a sword.

Clang ... Clang ...

However, to his shock, after his heaven-extreme sword struck ye Chen's body, it did not cause any damage to ye Chen's body except for a burst of fire.

"A body refining technique?"

Ke Yunzi's pupils contracted. He looked at ye chen again with shock. "You're cultivating both martial arts and immortal Arts?!!"

"You found out too late!!!"

Ye chen took a step forward and pointed his fingers like a sword. With a swish, the sword's radiance surged and swept across Fang Yuan's ten thousand feet toward ke Yunzi.

.....

### **Chapter 1266: The whereabouts of su Yuhan!**

Under the green sky, Jixia learning Palace.

This place was known as the number one Holy Land in the ancient barren world!

At this moment, the ground was in ruins and blood flowed like a river. It could be said that there was not a single intact rock, only endless fear.

Countless experts of the Academy were killed, and only the disciples of the Academy survived. However, at this moment, every survivor had a look of horror on their faces.

"I wonder how fellow Daoist ye is doing?"

Old ancestor yellow spring was covered in blood Qi. His face was pale as he looked into the void, where a shocking explosion was heard.

Standing beside him were Blackie and nine suanni. The latter was carrying the adorable little fellow in his arms. The three of them were nervously watching the battle in the netherworld.

Jiu Yingluo looked at old ancestor yellow spring with fear and hesitated. "Do you think master will ..."

He had a vague understanding of the school's head, ke Yunzi, who was a taboo that few people knew about.

Back then, the Dongli Sovereign Lord had single-handedly destroyed the primordial era and ended up dead. His death was also vaguely related to ke Yunzi.

This was also the reason why he had always been afraid of Jixia learning Palace and was even unwilling to provoke it.

“Shut up!”

Blackie glared at him.

Jiuli Luan smiled and did not dare to speak again. She only felt that her life was too sad. Not only had she become someone else’s Mound, but even a small flood Dragon did not take her seriously.

“The forefather believes in fellow Daoist ye!”

Old ancestor yellow spring took a deep breath and his eyes flickered. “The only thing we can do now is to find fellow Daoist ye’s parents ...”

After he finished speaking, he extended his divine senses out. Then, his body swayed and he teleported towards the back mountain of Jixia learning Palace.

The shaking in the dark green sky became more and more intense, as if the sky could collapse at any time.

Not only were the three watching, but everyone in the ancient barren world was watching the shocking battle in the netherworld.

.....

Above the green sky, the void was shaking.

“Pfft!”

A Golden Hammer-like fist shadow slammed into ke Yunzi’s chest, causing him to cough up blood and retreat.

Ke Yunzi’s current figure was extremely disheveled, and his hair was disheveled. He no longer had the appearance of a modest gentleman.

In front of him, ye chen stood in the air. His clothes fluttered in the wind, and he looked peerless. He stood alone in the air as if he had cut off the world. The killing intent on his body grew stronger and stronger.

“Fellow Daoist ye, do you really want to fight to the death with me?”

Ke Yunzi’s eyes were fixed on the former as he spoke in an extremely cold voice, “If you stop now, I can hand your parents over to you and promise not to be your enemy again.”

If these words were heard by the powerhouses of the ancient barren world, they would be too shocked to speak.

Ke Yunzi, the Head of the School, had long been recognized as the number one figure in the ancient barren world after the Dongli Emperor. He had suppressed an era all by himself.

But now, he actually said such words that were similar to submission.

“Stop here?!!”

Ye Chen’s face was expressionless, his eyes sharp. “If you hand over my wife, I might consider sparing your life!”

“Your wife?”

Ke Yunzi was startled at first, but then he seemed to recall something. “You’re talking about the woman with the surname su on the Ghost Ship, right?”

Then, he laughed and said, “Not to mention that he is not in my hands, even if he was in my hands, I would not hand him over to you.”

“Woof!”

Ye Chen’s eyes narrowed. Suddenly, a monstrous killing intent rose and squeezed the void. “Yuhan is in the hands of the force behind you?!!”

“So what if I am!”

“Fellow Daoist ye,” ke Yunzi said, “I believe you know some of the secrets of the ancient barren world.”

“The world only knows that the great Yin Empire and Jixia learning Palace are the Giants of the ancient barren world. They are like gods, but they don’t know that the beings above us are the true gods and immortals.”

His eyes were filled with respect. “I call it the immortal’s temple. They cultivate the immortal’s path, the art of longevity!”

“The immortal’s Hall?”

Ye Chen’s eyes narrowed.

“Not bad!”

Ke Yunzi smiled proudly and nodded. “I was a close friend of ye Dongli in my early years. Because of a chance encounter, I came into contact with a Big Shot of the immortal’s Hall. I was valued by that Big Shot and he wanted to take us in as his disciples.”

“At that time, I immediately became a disciple of that great figure and received the inheritance of the divine power and Tao technique!”

Then, he sneered and said, “But ye Dongli didn’t know what was good for him and refused!”

“Do you think that everyone is willing to be my Lord’s Lackey like you?” Ye Chen’s lips curled into a mocking smile.

“So what?”

“As the saying goes, ‘it’s better to be a dog of peace than a man of chaos’,” ke Yunzi laughed instead of getting angry. “We cultivate only for longevity.”

"If we can't live forever, what's the point of glory? When you're finally reduced to dust, how many people will remember you?"

"Later, for a group of ants, ye Dongli actually chose to be enemies with the immortal's Hall. In the end, didn't he also end up like he should have?"

"I've made the right choice." His laughter echoed in the starry sky. "It has been proven that I made the right choice."

"However, you're not as immortal as you've imagined!" Ye Chen said.

"Immortality?"

"There's no such thing as eternal life in this world. As long as I can live for one more day, I'll be stronger than everyone else," ke Yunzi snorted.

As soon as he finished speaking, he seemed to have thought of something and looked at ye Chen with a cold smile. "Your wife's appearance gave me an opportunity to advance further. After I handed it over to the great figure of the immortal's hall, I actually received a world-shaking reward."

"You really deserve to die!!!"

Ye Chen's eyes glowed with a sharp light and he was about to attack again.

"Hold on!"

"Fellow Daoist ye, you're a cultivator as well," ke Yunzi interrupted, "unlike ye Dongli and the other ants, you naturally know that we're going against the heavens."

"If you're willing, I can introduce you to that Big Shot from the immortal's Hall. Perhaps you'll be able to take a step further on the path of cultivation."

His words were extremely bewitching. "By then, all the women in the ancient barren world will be yours. Why do you have to make an enemy of the immortal Palace for a woman?"

"Chi ..."

At that moment, the temperature of the world dropped to the extreme, as if an ancient Glacier was going to seal the world.

"You're wrong!"

Ye Chen's voice was cold without a trace of warmth. A murderous aura swept out from his eyes. "To me, Yuhan is the best in the world. If you touch my woman, I will kill you!"

"The woman from the immortal Palace behind you has designs on me, so I'll use my sword to destroy the immortal Palace behind you!"

"Old man, you'll definitely die today!!!"

Ye Chen's roar shook the heavens and earth. His roar scattered the astral winds like seawater pouring into the nine Heavens and shaking the ancient barren world. Then, it turned into a soaring killing intent!

“Die!”

His white hair was dancing in the wind, and his eyes were as sharp as knives. His killing intent rolled out in all directions as he attacked Ke Yunzi.

“Bastard, you refuse a toast only to drink a forfeit!”

Ke Yunzi was also furious, his face turning extremely sinister. “Do you really think I’m afraid of you?”

### **Chapter 1267: The legendary Ye Dongli!**

As his voice fell!

There was a flash of determination in his eyes. Then, with a wave of his sleeve, the space beside him suddenly twisted violently.

“BOOM!”

In the huge crack in the void, a dazzling light pillar pierced through the sky from his hand and went straight to the ground.

At the same time, within Jixia Learning Palace, there was a sudden violent tremor. In an instant, the sky turned upside down, the earth shook, and the mountains shook.

Old Ancestor Yellow Spring, who was about to arrive at the back mountain of the Academy, stopped in his tracks. He looked at Jixia Academy, which was like an Earth Dragon turning over, in shock.

Vaguely, a god-like figure shot out from the depths of the earth, then soared up into the sky and went straight into the green sky.

“That ‘s?!!”

Old Ancestor Yellow Spring’s expression changed drastically.

This was because the figure that appeared from the ground gave him a sense of extreme danger. This was the first time he had felt such a feeling since he stepped into the early divine transformation realm.

With the appearance of the figure, countless terrifying auras and gasps erupted in the silent and mysterious secret realms of the ancient barren world.

That figure was simply too eye-catching!

It was all too familiar!

The great Xia Empire!

The Emperor of the Xia Dynasty, Emperor Hua, took a step forward and soared into the clouds. He looked at the god-like figure in shock and said, “That ... That’s ...”

“That’s the East Parting Emperor Lord!!!”

His entire body suddenly froze, and extreme shock emerged in his eyes. "How is this possible? How is this possible?"

Beimang Dragon-subduing Hall.

The North Sea Hall Master, Zi Kunlun, fixed his gaze on the figure. "It's the East parting Imperial Lord, it's the East parting Imperial Lord!"

"But didn't the Dongli Sovereign Lord die 10000 years ago?" his body was trembling.

Far west region, the palace of light.

Radiance's forefather knelt down heavily, his aged face filled with excitement. "East parting Sovereign Lord, you ... You didn't die?!"

In an instant, the entire ancient barren world trembled. Countless powerful figures shot into the sky in an attempt to find that figure.

.....

In the green sky.

Ye Chen's gaze was grave as he looked at the violently shaking crack in the void. There was a terrifying energy approaching from afar.

"Boom boom boom ..."

Then, a blurry figure slowly rushed out from the crack.

It was a man, dressed in clothes whiter than snow. His face was as handsome as a demon, enough to make any woman in the world jealous.

His white clothes fluttered in the wind, and he looked magnificent. His black hair seemed to be rolling up the black curtain of the heavenly River, and his eyes seemed to penetrate the void like divine light.

With the appearance of this person, the seriousness in ye Chen's eyes intensified!

Very strong!

The white-robed man gave him a very strong feeling, even if he had only released a trace of his aura.

However, he did not know why!

At that moment, he felt that the other party gave him an extremely familiar feeling, as if they had met before.

It was a kind of intimacy that came from the blood.

Ke Yunzi glanced at the white-robed man, then turned to ye chen with a strange look. "Do you know who this person is?"

Ye chen enunciated each word clearly, "ye! East! Li!"

At the same time, a dozen powerful voices came from the ground and landed ten thousand feet away from ye chen.

Among them were the Xia Emperor, Emperor Hua, the North Sea Hall Master, Zi Kunlun, the radiance forefather, and the one-armed old monk on the Lotus platform ...

All of their gazes fell on the white-robed man.

“It’s really the East parting Imperial Lord!”

The Emperor of the Xia Dynasty, Emperor Hua, cried with joy.

Although it had been 10000 years, he would never forget this person who had once ruled the primordial era!

That was a memory that was carved deep into his bones!

“We pay our respects to the East parting Imperial Lord!”

Palace Master bei Ming took the lead and knelt down on one knee before the white-robed man. His eyes were filled with tears as he said, “I didn’t think that I would see you again in my lifetime!”

“Plop! Plop! Plop!”

At that moment, more than ten Emperor’s throne realm experts who had rushed over knelt respectfully before the man in white. “We pay our respects to the East parting Imperial Lord!!!”

His voice was like thunder, shaking the heavens.

However, the man in white did not seem to see this scene. His expression was wooden and he did not move.

“Lord of the East parting Empire, I’m the little snake you enlightened back then. Don’t you remember me?” a great demon at the scene cried bitterly.

“There seems to be something wrong with the East parting Imperial Lord!”

Radiance’s forefather’s eyes glowed as he sensed something unusual.

“Your guess is correct!”

Ke Yunzi looked at ye chen quietly, ignoring the others. A flash of surprise appeared in his eyes, and then he said with a half-smile, “Everyone thought that ye Dongli had charged into the immortal’s Hall and was punished by the heavens ...”

“In fact, it’s not ...”

A strange smile appeared on his face. “Back then, ye Dongli was suppressed by a great figure from the immortal’s Hall, and his soul was imprisoned. Then, he was refined into a puppet with a heaven-defying technique, and was suppressed in my Jixia Academy for ten thousand years ...”

As soon as these words came out, the Emperor of great Xia and more than ten other Emperor's throne realm cultivators were all shocked, as if they had heard some shocking secret. Their eyes were full of disbelief.

"Ke Yunzi, you've been lying to us for ten thousand years?!" The radiance forefather bellowed.

"Ke Yunzi, you dog of the immortal's Hall!"

"You ..." The northern Sea temple master's hatred was overflowing. "You actually joined forces with the immortal's Palace to do such a beastly thing to the Lord of the eastern LI Empire!"

"Kill him and avenge the Lord of the East parting Empire!"

The greater Demon who had spoken earlier exploded with a terrifying aura of ruthlessness as he charged towards ke Yunzi.

However, before he could get close to ke Yunzi, the white-robed man moved. The latter gently reached out and grabbed him.

"Bang ..."

A Scarlet mist of blood suddenly burst out in the air.

The great demon comparable to an Emperor's throne realm died on the spot!

Everyone was shocked.

Ke Yunzi looked at ye chen teasingly. "I'll give you one more chance. Surrender to me and the immortal's Hall, and I'll spare your life today!"

"Fight!"

Ye chen took a step forward, his fighting spirit soaring.

"Stubborn!!!"

Seeing this, ke Yunzi snorted and clenched his hand towards ye Dongli. Immediately, a strange gray-white Qi poured into the latter's body.

Ye Dongli's body trembled slightly. Then, his eyes, which seemed to be able to tear through the void, suddenly looked at ye chen.

Cold, ruthless, bloodthirsty ...

Then, he moved. He raised his right hand, which was as white as Jade, and formed a palm print that whistled toward ye chen.

"Boom boom boom ..."

The seemingly casual attack had erupted with a great fear that shook the world. The world trembled and the void trembled.

"Pfft! Pfft! Pfft!"

Ten thousand feet away, the great Xia Emperor and the rest of the people were all affected by the aura that was spreading out, and they were forced to retreat.

“As expected of a terrifying existence that once suppressed the primordial era!”

Some people vomited blood and were extremely shocked.

“BOOM!”

Ye Dongli’s palm was like a mountain as he closed in on ye chen!

### **Chapter 1268: The battle of the two-leaf stage, breaking the legend!**

Very strong!

It was no weaker than a mid divine transformation realm expert!

At that moment, ye Chen’s expression turned serious as he mumbled, “Are you really the ancestor of my ye family? Otherwise, why do I feel so close to you?”

The next moment!

His eyes were filled with endless coldness. “So what if you’re my ye clan’s ancestor? If you stop me, I’ll kill you as well!”

“BOOM!”

Ye Chen’s punch crushed the void and collided with ye Dongli’s terrifying palm. The sound of the fist shook the starry sky.

“Boom ...”

A deafening sound was heard, and everyone’s eardrums were about to burst.

Ye Dongli’s clothes fluttered, but he remained as still as a mountain. This time, he stretched out his right arm, and the qi and blood in his body boiled. A fist pierced through the void, displaying a Supreme fist technique.

“That’s the sky-severing divine fist of Emperor Lord of Dongli?!!”

Someone at the scene said, and it was very frightening.

“Good timing!”

Ye chen did not retreat. Instead, he advanced and swung the six DAOs of reincarnation fist to meet the attack. It was extremely fierce. The blood vessels on his arm were like erupting volcanoes. It was a world-shaking display of divine courage.

At this moment, the two of them chose the purest physical collision. Although it was pure, it was extremely violent.

“Bang ...”

As the fists collided, the void collapsed and even a radius of 10000 feet was on the verge of shattering.

The terrifying pressure from the two's attacks was like a tide, sweeping in all directions, directly shaking everyone and sending them flying.

"Tap tap tap tap ..."

Ye Dongli's figure retreated more than 100 feet!

"Tap tap tap ..."

Ye chen also retreated ten meters. It was clear that ye chen had the upper hand in the previous physical collision.

"How is this possible?"

The expert who had retreated far away immediately cried out in shock, "He can actually defeat the East parting Sovereign Lord?"

"It seems like we've underestimated him!"

The Xia Emperor smiled bitterly and looked at ye chen with a complicated expression. "To be able to fight with the East parting Imperial Lord to this extent, this child is truly a monster!"

The northern Sea temple master's expression was gloomy and he did not say a word. In his opinion, whether it was the East li Emperor Lord or ye chen who won, the outcome was something he did not want to see.

"This kid must die!"

Ke Yunzi's pupils constricted. His gaze toward ye chen was filled with endless killing intent.

He was well aware of ye Dongli's strength but ye chen was able to force him back. From this, it could be seen that ye Chen's talent was even more terrifying than the former.

If such a person was allowed to continue growing, he would definitely be a threat to the immortal Palace in the future.

"Pfft ..."

There was a trace of golden blood at the corner of ye Dongli's mouth. His arm that hung down was shaking slightly. The web between his thumb and forefinger had been split open, and dark red blood appeared.

"Roar!"

He let out a long hiss, as if the most primitive ferocity in his heart had been stimulated.

Then, a world-destroying divine light burst out from his palm. One after another, peerless saber gleams slashed toward ye Chen's head.

At this moment, the king who had dominated the ancient barren world for an entire era finally revealed his true strength.

It was unparalleled and seemed to be able to destroy all enemies in the world.

“Kill!!!”

Ye Chen also let out a long roar. His surging true energy suddenly overflowed like a Great River. His strong body was at the same time pushed to the extreme. With a punch, his body moved with the fist and met Ye Dongli's attack.

“Boom boom boom ...”

The two of them exchanged blows again. With a series of loud sounds, they collided violently.

The crowd in the distance looked at this scene in shock.

After an unknown amount of time, when the two finally separated, they saw that Ye Dongli's body was covered in golden blood. He was obviously injured.

A trace of blood seeped out of the corner of Ye Chen's mouth. His face was slightly pale and there was a sense of weakness in his dantian.

It had to be said that Ye Dongli was really too strong. All kinds of divine powers and Dao techniques emerged one after another. Even in the world of cultivation where geniuses were everywhere, he was a rare existence in ten thousand years.

Moreover, he was suppressing Ye Chen with the purity of his true origin at the mid-stage of soul formation. If this continued, Ye Chen's true origin would be the first to be exhausted.

At this time, Ye Dongli stretched out his hand into the void.

“BOOM!”

As the wind and clouds changed color, a golden halberd broke through the sky. The halberd trembled and released a terrifying pressure.

“It's the heavenly desolate demon slaying halberd!”

The moment they saw the halberd, someone in the crowd couldn't help but gasp, “It's the weapon of the East parting Imperial Lord, the heavenly desolate demon-slaying halberd!”

“Oh my God, the barren demon-slaying halberd is still alive. You must know that he has drunk the blood of countless enemies in the hands of the East li Emperor Lord!”

“Emperor Lord ye is in danger!”

In an instant, the surrounding crowd burst out in exclamations, but most of them were worried about Ye Chen.

“Kill!!!”

Ye Dongli's eyes were cold. The Golden halberd in his hand cut through the sky and shot countless divine beams toward Ye Chen.

“Five elements heavy prison peak!!!”

Ye Chen's mind moved. As the air trembled, a small mountain with five-colored divine light appeared in his right hand.

Suddenly, a great mountain appeared in the sky and hung above ye Chen's head.

It was as if it had streaked across the ancient times and destroyed time and space. It was incomparably Grand and imposing, making people want to kneel on the ground uncontrollably.

At this moment, ye chen seemed to be carrying the blue sky on his back. The violent power, with him as the center, wreaked havoc in all directions.

"Break!!!"

Ye chen threw out a hand. It was as if he was pushing a mountain, crushing the void and crushing it toward ye Dongli.

"Boom boom boom ..."

The contest between the two of them activated their Dharma Treasures directly caused the weather to change, and endless loud noises and energy attacked in all directions.

"Crack!!!"

The barren sky demon-slaying halberd was shattered!

Ye Dongli's chest caved in, and his swollen body shriveled up. It was unknown if he was still alive.

His entire body fell from the sky, and the sound of his bones breaking came from his body. Many parts of his body were deformed.

"Cough, cough, cough ..."

Ye chen coughed up blood continuously. He seemed to be injured!

"The East parting Imperial Lord has been defeated?!!"

At this moment, the void was deathly silent.

Everyone's divine souls trembled, as if they couldn't accept it!

"BOOM!"

At this moment, ke Yunzi, who was standing beside ye chen, formed a seal and activated his mystical power. He suddenly attacked ye chen!

"Go to hell, ye!!!"

Ke Yunzi's expression was ferocious. The technique he had hidden for countless years had been broken by ye chen. How could he not be furious?

He was furious but also panicked. Even though ye Dongli was no longer at his peak, he was still no weaker than him. However, he had been defeated by ye chen.

His attack was as fast as lightning. Even ye chen could not react in time.

“You old dog who hurts people from the back!!!”

At this moment, a terrifying ray of light suddenly appeared in the void and met ke Yunzi’s attack head-on.

It was old ancestor yellow spring!

“BOOM!!!”

With a deafening explosion, old ancestor yellow spring was sent flying. One of his arms was cut off on the spot, and blood was flowing.

There was also a bloody hole as thick as a thumb on ke Yunzi’s chest, and blood was flowing out of it.

### **Chapter 1269: the decree from the immortal’s Hall**

“Old ancestor!!!”

Ye chen roared and looked at old ancestor yellow spring, who was helped up by Blackie in the distance. His eyes were full of emotion.

“Cough, cough, cough ...”

Old ancestor yellow spring coughed violently and his face was frighteningly pale. “Don’t worry, I’m not dead yet, and this old dog who sneaked up on me won’t be any better!”

Although that was what he said!

However, ye chen noticed that his face was getting paler and paler. It was obvious that he had suffered a serious injury after taking that blow for ye chen.

“You’re courting death!!!”

At that moment, a heaven-shaking roar came from ye Chen’s mouth, like the roar of a terrifying beast.

At that moment, ye chen was truly enraged!

He suddenly turned around and locked his eyes on ke Yunzi with extreme killing intent. Then, he charged at the latter with a terrifying aura.

Ke Yunzi vomited blood again and again. His expression changed drastically, and he forced himself to break through the space to escape.

First, one-third of his astral body had been destroyed by ye chen. Then, he had been injured by ye chen. He had no choice but to use ye Dongli.

Who would have thought that ye Dongli was not ye Chen’s match? he had tried to sneak attack ye chen and kill him, but old ancestor yellow spring had appeared to block his attack for ye chen.

Although old ancestor yellow spring was injured, his injuries worsened until he was seriously injured. At this moment, he no longer had the strength to fight.

“You can’t escape!”

Ye chen uttered these words coldly. He raised his hand and threw out the five elements heavy prison peak. It suppressed ke Yunzi and the space he was in.

“Boom ...”

A great mountain crossed the sky and the void shattered.

“Fishing the moon in the water!!!”

All the hair on ke Yunzi’s body stood on end. With a furious roar, he used his last bit of strength to form a Daoist seal.

In the next moment, the sky and earth started to spin. It was as if there was an endless water curtain flowing in the void, directly changing the trajectory of the five elements heavy prison peak.

“Pfft!”

Ke Yunzi spat out another mouthful of blood.

At this time, ye Chen’s figure approached from afar. He punched the man directly and his body exploded on the spot.

“Whoosh ...”

His primordial spirit left his body as if it wanted to escape but was caught by ye chen. He could not help but scream in pain.

“You dare to kill me!!!”

Ke Yunzi’s primordial spirit trembled as he shrieked, “That powerful figure left a death sentence in my body. If you kill me, you’ll definitely alert that powerful figure ...”

“Die!”

Ye chen said coldly. The killing intent in his eyes soared again. Without saying anything more, he crushed the man’s primordial spirit.

Almost at the same time, countless golden fragments shot out from the fragments of his primordial spirit and gathered in the air.

In an instant, a Golden Door appeared out of thin air. On the Golden Door, there were two extremely ancient words!

The immortal Palace!

As the Golden Door opened, a mighty pressure immediately swept out from within.

“The immortal Palace decrees that those who ignore death will be sent into the forbidden Sea and suppressed for nine generations!” An extremely majestic and terrifying voice slowly sounded.

The nineteen golden characters surged out and turned into a black hole that was ten thousand feet wide. It swallowed ye chen below.

In an instant, the sky and earth were turned upside down, and the void reversed.

Ten thousand feet away, old ancestor yellow spring watched in horror as the black hole swallowed ye chen like a ferocious beast's bloody mouth.

After everything had calmed down, ye Chen's figure was no longer in sight. The Golden Door slowly closed.

Deathly silence. It was extremely deathly silence, as if none of this had ever happened.

"Fellow Daoist ye!!!"

"Master!"

Blackie and old ancestor yellow spring shouted in unison.

The Grand Xia Emperor and the others who were watching from a distance were extremely shocked. "The forbidden Sea! Imperial Lord ye has been thrown into the forbidden Sea!"

"BOOM!"

Blackie's body swayed and he immediately landed beside the North Sea Palace Master. He asked sternly, "Where's the forbidden Sea?!"

"We don't know either!"

The northern Sea Palace Master smiled bitterly. "The forbidden Sea only exists in legends. No one knows where it is. The only thing we know is that this is a forbidden land that can move on its own ..."

"What did you just say?" Blackie roared.

"There's an obscure record in the Hall of Light that says the forbidden Sea is a prison. One can only enter but not leave. One can only spend the rest of their life here ..." The radiance forefather sighed.

The rest of the people shook their heads, as if they were feeling sorry. "Emperor Lord ye is peerless in his generation. He defeated the East parting Emperor Lord first and killed ke Yunzi later. I didn't expect that he would be killed today ..."

"It's impossible, impossible ..." Little black cried.

At this moment, they saw the northern Sea Palace Master bow towards the void. "Emperor Lord ye, thank you for saving us from the sea of suffering!"

After saying that, he bowed his body to the extreme.

The rest of the people also bowed and cupped their fists, saying with incomparable sincerity, "Many thanks to Emperor Lord ye for saving us from this sea of suffering!"

Before this, ke Yunzi had placed soul-binding chains on each of them. Their lives were in the hands of others, so they had never helped ye chen from the beginning to the end.

"I believe that fellow Daoist ye will be fine."

Old ancestor yellow spring's eyes glinted coldly. "It's just that the patriarch will destroy this immortal's Hall sooner or later!!!"

Butchie, who'd rushed over after hearing the news, also cried out, ""Brother Wushuang was thrown into the forbidden Sea, and brother ye was also thrown into the forbidden Sea. Is this fate ..."

.....

In Jixia learning Palace, a middle-aged man dressed in scholarly clothes carried Mengmeng and looked at old ancestor yellow spring with a pale face. ""Patriarch, do you think little Chen ... He ..."

If ye chen was present, he would have realized that the middle-aged man was his father, ye hai!

The middle-aged woman beside him had already fainted from crying, and the Mengmeng little fellow was crying so hard that she could not stop her tears.

Old ancestor yellow spring didn't want to admit it, but he still nodded. "But you two don't need to worry. I believe fellow Daoist ye will be fine."

"Master, master won't die."

Blackie's eyes were also red as it consoled, ""There's a soul contract between master and that Feathered Bastard. The contract is still there, which means master isn't dead ..."

Ye hai sighed softly. The father and son were about to reunite, but such an unforeseen event had happened.

Old ancestor yellow spring glanced at him and frowned. "Mr. Ye, if I'm not mistaken, you have a son? How come I haven't seen the forefather?"

As soon as she said that, ye Hai's body trembled. He closed his eyes as if he was in pain and said, ""The child was taken away when he turned one year old. We haven't seen him since ..."

"Was he taken away?"

Hearing this, old ancestor yellow spring's eyes flickered. "Ke Yunzi is already dead. It looks like someone from the immortal's Hall took him away ..."

At this point, he couldn't help but squint his eyes and thought to himself, ""Fellow Daoist ye, I'll wait for you. I'll wait for the day you bring ye Wushuang back. At that time, I'll accompany you to kill our way into the immortal's Palace and destroy everything ..."

"As for your family, I will protect them well ..."

### **Chapter 1270: Strange unknown land!**

It was the day ye chen disappeared.

There was a huge storm in the ancient barren world.

Ye chen, an Emperor's throne realm expert, barged into Jixia Academy, killed everyone in the Academy, and fought with the head of the Academy, ke Yunzi, above the nine Heavens!

The Lord of the East parting Empire, who had been dead for ten thousand years, had reappeared. However, he was suspected to be controlled by someone. He fought with ye chen, who defeated him, killed ke Yunzi, and descended the immortal's Hall ...

The shocking news shocked the entire ancient barren world like thunder.

The most shocking thing was that ye chen was of ye Dongli's blood and was a descendant of ye Dongli! Beimang Dragon-subduing Hall.

"Brother ye!" Shi qianhan's eyes were bloodshot.

The northern Sea Palace Master stood silently behind him and said with a rumbling voice, "Qianhan, don't blame foster father. At that time, foster father and the others were also helpless ..."

"I don't blame you!"

Shi qianhan clenched his fists, and a murderous look appeared in the depths of his eyes. "I only hate myself for not being capable enough. Otherwise, I would have killed my way into the so-called immortal Palace and slaughtered everything ..."

"Foster father, I want to enter the demon-slaying cave!"

He turned around and looked at the northern Sea Palace Master quietly.

The latter's body trembled and a hint of fear flashed through his eyes. He then smiled bitterly and said, "Is it worth it?"

Yama's cave ...

It was a place that even he was afraid of.

Shi qianhan's eyes were filled with determination. "There are some things that must be done in life!"

Within the Hall of Light.

"Young master will be fine, young master will definitely be fine ..." Jiu 'er's eyes were swollen from crying.

"No, I'm going to find Guye!"

She turned around and was about to leave.

The radiance forefather stopped her and sighed. "Even I don't know where the forbidden Sea is. Where can you find it?"

On the same day, a man in a purple-gold robe walked slowly in the lonely green sky.

If there were outsiders present, they would definitely find that the man looked exactly the same as the dead di xuanchen.

“I don’t know what Daren is thinking.”

The man’s eyes were arrogant as he muttered to himself, “You actually want me to transform into this trash and go down to the lower realm to clean up those bugs ...”

With a sway of his body, he teleported a thousand miles away in the blink of an eye and finally arrived at the great Yin Imperial Empire.

.....

The ancient barren world, unknown place.

The world was pitch black and he could not see anything. Ye Chen’s consciousness was clear and he could only feel himself falling rapidly. His entire body was spinning.

The abyss!

An endless abyss!

He tried to use his true essence to stabilize his body, but he found that the true essence in his body was flowing away at an extremely strange rate, like a flood breaking through a dam.

Thinking of this, he immediately sealed his meridians, not daring to mobilize the slightest bit of true essence, and let himself fall.

His physical body was strong, so he was not afraid of falling to his death.

After an unknown amount of time, he felt himself heavily falling to the ground. However, it seemed like he had fallen into soft soil and did not make much of a sound.

What happened?

Ye chen stood up and looked around. What entered his eyes was a dense forest, surrounded by towering trees that grew wildly.

Because the trees were too dense, the sun couldn’t shine in at all, so even in the day, the forest was still dark and damp.

“Where is this place?”

Ye chen frowned slightly and tried to extend his divine sense out but found that his divine sense could only cover an area of two meters.

It was just like how the air, soil, and trees in this place had the effect of blocking spiritual sense.

Ye chen tried a few more times but the result was the same. His frown deepened.

“窸窣窸窣.....”

At this time, a slight noise suddenly came from the forest in the distance, as if someone was playing with the leaves.

Ye chen turned around to look for the source of the voice.

In a Bush forest, a woman in a simple dress was squatting down with her back facing him.

“Hualala ...”

“Pa pa pa pa ...”

In the sound of flowing water, there was also the loud sound of a hand patting the mosquito on the buttocks.

Ye chen quickly turned his head away, not knowing what to say. At the same time, the trace of worry in his heart gradually dissipated.

If there was someone around, it meant that he could understand many things, such as where this place was, how to leave ...

He had thought that he would be fine after two minutes.

It was just that the woman in the distance was a little long. He didn't know how long she had held it in, but she actually hummed a tune with great joy.

“Ah!”

Suddenly, the woman behind him screamed.

Ye chen subconsciously turned around and saw a small green snake falling from the branch above his head.

The woman had been scared silly.

Ye Chen's eyes and hands were sharp. He picked up a stone bullet and shot it. It hit the little snake's head on the spot and exploded.

Seeing the woman staring at him in a daze, seemingly still in a daze, ye chen could not help but walk over and smile kindly. “Alright, you're fine.”

This was a young girl of about 18 or 19 years old. She had a pleasant appearance, but her skin was a little rough, as if she often did rough work.

The reply he got was a cold and slightly angry look. “You saw it?”

“I saw a little,” ye chen replied honestly.

The woman gritted her teeth, and her eyes were like a dormant volcano that had been dormant for a long time. “How much is a little?”

Ye chen did not know whether to laugh or cry. “I just saw that snake almost bite you. Fortunately, I acted in time!”

The woman looked at him in disbelief and subconsciously took a few steps back. She said warily, “Who are you?”

They were in the middle of nowhere and she was a little girl. If ye chen wanted to do something, then she ...

Thinking of this, her heart couldn't stop beating.

Ye chen smiled kindly. "I'm ye chen. I've wandered around here by accident. May I know your name, little sister?"

"I'm called Qing Qing. "

The woman looked at him weakly, then tilted her head and thought for a moment, "This is the manzhai village ..."

Ye chen was about to speak when a cry of surprise came from the forest in the distance. "Hurry, run! The fire-armored beast is coming this way ..."

In an instant, five dark-skinned Men in Black clothes saw the situation and rushed over.

"Brother ..."

Qing Qing hurriedly shouted to the big man in the lead.

It was only then that the burly man noticed her presence. He stopped in his tracks and noticed ye chen. He immediately asked, "Qingqing, who is he?"

"He is ..." Qing Qing was about to explain.

"Qingshan, run! If you don't run now, it'll be too late!" The other man urged.

"Roar!"

At the same time, two angry roars sounded in the forest.

"Not good, there's another one here!"

A burly man exclaimed, and everyone was suddenly at a loss for words.

Ye chen looked in the direction of the sound and found that there were mystical beasts about ten feet in size in front and behind him. They were covered in ferocious scales and spat flames from their mouths from time to time.

The two fire-armored beasts surrounded him from the front and back.
