

Genius 1281

Chapter 1281: Tell me the whereabouts of my brother and I'll leave your corpse intact!

"Master, he is the lord of the sky Demon Country, Wei Yundi!"

When they saw ye chen appear, the two black giant apes, who had been in despair, were overjoyed as if they had seen their Savior.

Before they came, they were forced to acknowledge ye chen as their master in order to survive. Then, they followed ye Chen's orders and returned to the sky demon County to capture Wei Yundi. However, they did not expect to be seen through by the latter.

"It doesn't matter if you don't know me!"

Ye chen entered with his hands behind his back, looking at Wei Yundi with a hint of mockery." "But there's one person you definitely know."

"Yan, you can come out now." She nodded slightly.

As soon as he finished speaking, a black shadow appeared in the spacious hall like a ghost.

Then, a face full of evil Qi was revealed.

"It's you!"

Seeing the person who had arrived, Wei Yundi's gloomy face instantly changed," "You still dare to appear in front of this Lord?"

When Yi was forced into this desolate land by the immortal Palace, he was already heavily injured. When he accidentally saw Wei Yundi's daughter, he forcefully sucked her blood.

However, he was witnessed by Wei Yundi who had rushed over. An intense battle naturally broke out between the two sides, and in the end, the already injured Yi escaped.

The referee looked at Wei Yundi quietly, a trace of mockery on his lips," "Princess Fu, you didn't expect this, did you? we meet again!"

Wei Yundi's expression changed and he suddenly looked at ye chen." "Sir, this person killed my beloved daughter. The two of us have long been irreconcilable enemies. Are you sure you want to stand up for him?"

Although he did not know ye Chen's methods and strength, he could still see some tricks from the rebellion of the black giant ape and its master.

"I didn't want to get involved in your business."

Ye chen clasped his hands behind his back, his expression as calm as an ancient well. "It's just that you joined hands with others to injure my brother, so that's this ye's matter!"

"Your Excellency!"

Wei Yundi frowned, "you and I have never met before. We are complete strangers. When did I injure your brother?!!"

"This person is called ye Wushuang ..."

Ye chen spoke slowly, but before he could finish, Wei Yundi's expression suddenly changed. "You're also from the outside world?!!"

"Since you know this ye's identity!"

"I'll give you a chance as well. If you tell me where my brother is, I'll spare your life," ye chen said.

"What big words!!!"

Wei Yundi's eyes narrowed and he laughed coldly, "Do you really think that by controlling these two pieces of trash, you can have the strength to fight me?"

"BOOM!!!"

His body trembled violently, and eight feelers appeared behind him. Each of them was covered with sharp spikes, and a strong cold air gushed out of them.

"Since you've walked right into the trap, then don't leave!"

Wei Yundi laughed hideously and his entire body suddenly burst forth. His eight feelers were like eight-armed fiendgods roaring as they rushed toward ye chen.

"Master, be careful!"

The giant black ape and the giant golden-furred bear cried out in unison, their hearts almost in their throats. If ye chen was not a match for the former, then their fate could be imagined.

"It's an eight-winged centipede ..."

Ye chen came to a sudden realization. Then, he formed a blade with his fingers and a golden divine light erupted between his fingers. It turned into a stream of light that broke through the void and headed toward Wei Yundi.

At that moment, all the hair on Wei Yundi's body stood on end. His two fearsome tentacles intercepted ye Chen's attack as if he wanted to resolve it.

"Ah!"

However, facing that golden divine light, Wei Yundi was horrified to find that his two feelers had been directly cut off, and the pain made him scream.

The remaining six feelers expanded and whistled toward ye chen like six terrifying divine chains of order, piercing through the void.

"Stubborn!!!"

Ye chen snorted coldly and waved his hand. A branch suddenly shot out of the house.

He held the branch in his hand and gently swept it at the six feelers, breaking them all.

Wei Yundi cried out, his entire body spurting blood as he was sent flying. He looked at ye chen again, his eyes filled with deep shock.

Those eight tentacles were his most confident weapon. They had been there since he was born and any one of them could cut off a mountain range. However, they were so vulnerable in ye Chen's hands.

How could he not be frightened?

The giant black ape and the giant golden-furred bear who had retreated to the distance were stunned. They did not expect that the lord of the sky demon County, who was Supreme in their eyes, would not be able to gain any advantage at all against ye chen.

Thinking of this, the black giant ape and the black giant ape couldn't help but look at each other. They could see the deep fear in each other's eyes. "Fortunately, the two of us did not resist earlier!"

Wei Yundi endured the pain in his body and looked at ye chen with fear. "Your Excellency, do you really want to be my enemy?"

"Tell me the whereabouts of my brother, and I'll leave your corpse intact!!!" Ye chen took a step forward, giving him a huge sense of intimidation.

"Roar!"

Wei Yundi suddenly roared and spat. A shocking beam of light tore through the air and shot toward ye chen.

It was a Green Pearl the size of a pigeon's egg. However, it exuded an ancient and terrifying aura, as if it contained an ancient beast.

The moment they saw the green pearl, the black giant ape and the giant golden-furred bear's eyes were filled with horror, as if they had thought of something.

"Master, be careful! This is a heavenly demonic orb!"

"The celestial demonic orb is a divine item of the Wildlands. It's said to be able to suppress everything ..." The black ape said in shock.

Ye Chen's expression was calm. He merely reached out his hand as if he wanted to grab the Pearl.

However, as soon as he held the bead in his hand, he felt a violent force spread from his palm to his whole body, crazily rampaging in his body.

"Interesting!"

Ye chen grunted and forcefully grabbed the green pearl. Then, he cut off the mental connection between Wei Yundi and the former.

"Pfft!"

Wei Yundi vomited blood and his face instantly turned pale, "Impossible! How can you withstand the attack of the celestial demon Pearl?"

It was his biggest reliance. It could be said that the reason he could become the ruler of the sky Demon Country was because of the celestial demon Pearl. Over the countless years, the celestial demon Pearl had resolved countless crises for him.

However, ye chen had snatched it away?

The next moment!

Ye Chen's figure closed in from a distance. Then, he smacked the man's head with his palm and used the soul-searching art to forcibly read his memory.

After some time, ye chen retracted his palm. He looked at the dazed Wei Yundi and then said to the referee, "I'll leave him to you!"

Yi's figure flickered and instantly teleported to Wei Yundi's side. Two fangs suddenly appeared and directly pierced into the latter's neck.

This scene fell into the eyes of the two black giant apes. The two demons trembled in their hearts and became more determined not to betray ye chen.

Ye chen turned a blind eye to this scene. Instead, he looked up at the black ape and the other man. "The two of you, make your preparations and follow me to Tianhuang province!"

Chapter 1282: The whereabouts of ye Wushuang!

In the vast void, a huge bird the size of a small mountain flapped its wings and flew straight toward Tianhuang province, which was five thousand miles away.

Ye chen stood on the bird's back and looked around at the mountains and precipitous ridges that passed by him. He could not help but urge, "How much longer before we arrive?"

The reason why he was in such a hurry to head to Tianhuang province was because he had found out from Wei Yundi's soul search that ye Wushuang had appeared in Tianhuang province and was suspected to have been taken in by the county Lord.

When the other eight counties, including the sky demon County, received the news, they sent experts to the Tianhuang County to force the Lord of Tianhuang to hand over the person.

Hearing his words, the bird's speed came to a halt. It seemed to be revering as it said, "Master, we'll be there in two hours at most!"

Its name was the mountain Condor and it was the king of savage beasts under the lord of the sky demon County, Wei Yundi. After Wei Yundi's death, ye chen took control of his subordinates and took control of the sky demon County.

Hearing this, ye chen frowned and looked at the referee. "How much longer do you need to recover?"

"I'm too heavily injured."

Yi's expression was calm. "That day, the immortal's Hall attacked me and almost destroyed my physical body. A mere Wei Yundi is not enough to heal me. Unless I find a Dharmakaya."

"Your Dharmakaya is here?" Ye Chen was surprised.

The referee avoided the topic and changed the subject, "I will keep my promise. If you want to leave this place, you still need to find the whereabouts of the Ghost Ship!"

"If I remember correctly, you once said that the Ghost Ship is in this Forbidden Sea!"

Ye Chen narrowed his eyes and looked at him. "Where is the Ghost Ship in the forbidden Sea now?"

"The end of the darkness!" The referee said word by word.

As soon as she said that, Ye Chen's eyes flashed imperceptibly. "The end of the darkness? In other words, it's night?"

"No!"

Ye shook his head. "You should have noticed the abnormality of this world. Once it's night time, no one dares to stay in the dark. They all rely on the stone statues to protect them."

At this point, he could not help but glance at Ye Chen. "In this world, where there's Day, there's night. Where there's yin, there's yang. Have you ever wondered why the nights on earth and the ancient barren world are fine, but the situation here is?"

As soon as he finished speaking, Ye Chen's pupils suddenly shrank. "You're saying that it's not because of the night, but because the darkness starts to invade the night when it's night?"

The referee looked at him in admiration and nodded slightly, "That's why I said the Ghost Ship is at the end of the darkness. If you want to find the Ghost Ship, you have to find the end of the darkness first ..."

Ye Chen did not say a word but his eyes flickered. "It seems that after I find Wushuang, I will have to break into this so-called darkness ..."

The darkness could devour the flesh and blood of the living, but he was not afraid.

.....

Five thousand miles away from the sky demon County, in the misty sky desolate County.

As one of the nine counties of the Wildlands world, Tianhuang County was the most mysterious of the nine counties. Over the course of countless years, the other eight counties had changed owners countless times.

However, there had never been any news of a change of dynasty in Tianhuang province. It was rumored that the first person, the Tianhuang province's governor, was the longest-living person in the wilderness world.

It was also rumored that the other eight county governors had never met the Tianhuang County Governor before and that all the trivial matters in the Tianhuang County were handled by the son of the Tianhuang County Governor, Ye Wentian.

However, Tianhuang province was currently surrounded by the seven counties. The thousands of tribes under the seven counties had completely surrounded Tianhuang province, and their killing intent was so strong that it almost covered the sky.

Above the heavenly desolation city, countless city guards were on high alert, looking down at the city with serious eyes.

There were many people with intimidating auras, especially the dozen figures on the ferocious savage beasts leading the group. Just a breath from them was enough to freeze the air.

“Ye Wanwan, I’ll give you the time it takes to burn an incense in Tianhuang province!”

Below the city wall, on top of a bat-like savage beast, stood a Man in Black. The Man in Black was filled with a terrifying power.

The black-robed man’s gaze shot straight at a woman on the city wall and he said coldly, “If you don’t hand over that brat ye, we’ll launch a large-scale attack on your city and kill every single living thing in Tianhuang province!”

“Not bad!”

Beside him, an old man who was bathed in black mist shouted sternly, “Although your Tianhuang County is strong, it’s not strong enough to resist the combined forces of the seven counties.”

As this voice reverberated in the world.

On the city wall, a graceful woman in purple was biting her lips and watching everything with an ugly expression.

She was the most beloved granddaughter of the Tianhuang Commandery Lord, Ye Wanwan. She had outstanding talent and became a venerated barbarian when she just turned 20. This time, she was in charge of the Alliance Army of seven counties.

Hearing the threats from below, ye Yingluo pursed her red lips and said to an elderly man behind her, “You guys stay here. If there’s any change, inform me immediately!”

“Young miss, you can rest assured!” The man nodded.

Ye Wanwan then turned around and left.

.....

In a large hall in Tianhuang province, the atmosphere was extremely tense. Countless people’s eyes were fixed on the figure at the top.

It was a middle-aged man with a dignified expression. His eyes were sharp, but there was a deep worry between his brows.

This man was ye Yufeng, the only son of ye Wentian, the lord of the sky demon County!

“Lord ye,” one of the powerhouses at the scene could not help but say, “seven counties are pressing down on the border. You need to make a decision as soon as possible!”

“Yup!”

Another person stood out and hesitated, “Many of the tribes under us are panicking. If we hadn’t suppressed it, the consequences would have been unimaginable. However, we can’t continue to drag this on ...”

“In my opinion, you should hand over that kid.”

A grey-robed old man in the crowd said with a sinister expression, “With the strength of our Tianhuang province, we are no match for the seven-County Alliance. I heard that other than the three dead princesses and the lord of the sky demon County, Wei Yundi, all the other four county Lords are here.”

Ye Yufeng was frowning in the face of everyone’s chattering. From time to time, he would look at the ancestral temple, because that was where his father was in seclusion.

At this moment, the sound of hurried footsteps could be heard and Ye Wanwan quickly entered. “The people outside have already given us the time it takes for an incense stick to burn. If we still don’t hand over that guy after the time is up, they will launch a large-scale attack ...”

The moment these words came out, the main hall completely burst into an uproar.

Many of the people who had spoken earlier immediately became anxious. “Lord ye, this matter concerns our life and death, you should quickly make a decision!”

Ye Yufeng’s expression changed slightly. He couldn’t help but cup his fists towards the ancestral temple and say, “Father, what should we do now? please give us your instructions!”

After saying this, he didn’t have much hope, because his father was in seclusion all year round, and they often didn’t see each other for decades.

His father had only come out of seclusion to meet ye Tianhuang city recently because ye Tianhuang had shown up.

Under everyone’s nervous gazes, the doors of the ancestral temple slowly opened, and an elderly figure slowly walked out.

Chapter 1283: Why would a man of the ye family fear death?

It was an old man with white hair and an extremely old body. It seemed that every step he took was extremely laborious.

However, it was his appearance that caused the originally noisy Hall to suddenly quiet down.

Everyone, including ye Yufeng, looked at the old man with respect. The old man was like a stabilizing force in their hearts.

The old man was none other than ye Wentian, the Overlord of Tianhuang province!

The old man's steps were tottering, but everyone felt that his movement technique was extremely profound. A second ago, he was still a thousand meters away, but a second later, he was right in front of them.

"Grandpa!"

Ye Yingluo immediately went up to him, looking very obedient.

Ye Wentian steadied himself, his murky eyes surveying everyone in the Great Hall. No one dared to meet his gaze.

His eyes finally fixed on ye Yufeng. After a few seconds, he slowly opened his mouth and said only one word,""Fight!"

Battle!

An extremely short word came out of his mouth, and it seemed to have a great magic power, shocking everyone.

Battle!

This meant that the Tianhuang province would be able to fight against the combined army of seven provinces by itself!

Ye Yufeng's pupils shrank. He took a deep breath and said,""Father, for that kid, is it ... Worth it?"

"His surname is ye!"

Ye Wentian's lips twitched, his eyes seemed to be able to see through people's hearts, and he said in an unquestionable tone,"Feng 'er? Are you scared?"

Ye Yufeng's heart trembled. He wanted to say something but stopped.

"The men of the ye family are descendants of the East parting Imperial Lord!!!"

Ye Wentian's words were like pearls, resounding and powerful."As men of the ye family, why should we fear death?!"

Ye Wanwan, who was next to him, was infected by his spirit. Her face turned red and she clenched her small fists."Fight!"

Ye Yufeng couldn't help but smile bitterly. After taking a deep breath, he slowly said,"Then let's fight!!!"

As soon as these words came out, there were experts in the hall who said indignantly,""Princess, are you crazy? If our sky Demon Country becomes enemies with seven countries, it's like throwing an egg at a rock!"

"Please forgive my Lihua tribe for not being able to continue playing with you!"

The man left after saying that.

Ye Wentian's murky eyes glanced at him, and with just a single glance, his opponent's body exploded into a pungent blood mist.

Deathly silence, the hall was deathly silent!

Ye Wentian's aged voice resounded through every corner of the Great Hall, "Is there anyone else who wants to retreat?!!"

No one dared to speak again. In an instant, everyone knelt down on one knee and their voices shook the sky. "Fight! Fight to the death!!!"

"All of you, follow me out. The day the city is broken will be the day we die!"

Ye Yufeng let out a long hiss and walked out of the main hall first, followed by Ye Wanwan. Everyone was affected by his aura and followed him with shaking steps.

Ye Wentian, who remained in his original spot, looked at the ancestral shrine with a hint of anticipation in his eyes. "Young friend, my ye family risked our lives to protect you today. I only hope that we made the right choice ..."

There, a white-robed young man with a body shaped like a sword was meditating on a blood drop sword stele alone with his eyes closed. The sword stele contained a monstrous sword Qi.

After saying that, ye Wentian closed his eyes and murmured,

The Lord of the East parting Empire!

Before you died, you asked us to escape to the forbidden Sea for 10000 years. Your unfilial descendant, Wentian, has been trying to extend his life for 10000 years just to wait for the arrival of the person you prophesied!

You said that person's surname is ye!

You're saying that person can break the dark curse!

You said that that person could lead us out of the sea of suffering and even asked me to let him study the sword steles you left behind!

I only hope that our choice today is not wrong!

All of a sudden, ye Wentian opened his eyes once more. With a flash of his body, he stepped into the void and shot out like a Gale.

On the city wall.

Ye Yufeng arrived with Ye Wanwan and the others.

The Lord of Tianmu County shouted, "Ye Yufeng, what's your decision? I have a limit to my patience!"

"There's no need to consider!"

Without waiting for ye Yufeng to speak, ye Wentian's aged voice came from afar, "Tianmu Commandery Princess, this old man has been in seclusion for countless years. Today, I would like to see what you juniors are capable of!"

The next moment, ye Wentian's figure landed on the city wall.

“Ye Wentian!”

The eyes of the Prince of Tianmu County immediately narrowed. “You’re not dead, you old man!!!”

“Attack!!!”

“Die!” The Lord of SkyWater County shouted with a Blue Pearl in his mouth. As soon as he finished speaking, a huge wave came from the distance like a tsunami.

“Heavenly water pearl!” Ye Wentian frowned.

“BOOM!”

The Lord of Tianlei County took out a purple pearl. The Pearl Rose into the sky and went straight into the clouds. In the blink of an eye, the wind and clouds changed and thunder clouds rolled.

Crack ... Crack ...

There was a Red Pearl on top of the head of the Tianmu Commandery Prince.

Before everyone’s eyes, countless towering ancient trees and vines suddenly grew out of the ground. Even the indestructible city wall was penetrated by the thick trees.

The Golden Pearl in the Tianjin Prefecture Lord’s hand released ten thousand rays of divine light. In an instant, it sucked away all the weapons in the hands of the Tianhuang Prefecture city guards.

The experts of the heavenly desolation city, who had been prepared to fight to the death, had never seen such a terrifying scene. In an instant, their fighting spirit was gone, and only despair was left on their faces.

“Heavenly water pearl, heavenly lightning Pearl, heavenly wood pearl, heavenly gold pearl ...”

Ye Wentian’s lips trembled, his smile was filled with endless bitterness. “You really think highly of me. You actually used four spiritual pearls ...”

The next moment!

He opened his mouth and a Black Pearl shot out from it. It turned into a huge black hole above his head.

“The heavenly desolation Pearl!”

At that moment, the Lord of Tianshui and the other three’s gazes froze. Each of the nine counties of the Wildlands had one county guarding spiritual Pearl, and today, five of them had been revealed.

“Old ye, you are no match for us even if you have the heavenly desolation Pearl!”

The Lord of sky Thunder County sneered and then activated the sky Thunder Pearl above his head with all his might. Suddenly, a terrifying pressure surged out and pressed down on ye Wentian.

Princess Tianmu and the other two also activated it with all their might.

“Boom boom boom!!!”

In an instant, four unparalleled auras attacked ye Wentian. Ye Wentian's face turned pale, and he couldn't help but vomit blood.

"Bang!"

The heavenly desolate Pearl above his head shattered on the spot.

The Lord of Tianjin County could not help but burst into laughter. "Hahaha, your heavenly desolate Pearl is broken. Let's see how you're going to stop us today!"

"Could it be that my ye clan is really going to be annihilated today?"

Ye Wentian's face was filled with despair.

At that moment, a beam of sword Qi shot into the sky from Tianhuang province like a huge pillar of light.

"If you want to exterminate the ye family, you have to ask the sword in my hand!!!"

As a cold voice rang out, a white-robed figure shot out from Tianhuang province like a sword beam.

The figure had a handsome face and was dressed in snow-white clothes. It was as if he had crossed the long river of time.

.....

Chapter 1284: Who should I kill first?

The world was silent.

At that moment, all the eyes in the world were focused on the figure who looked like a young sword immortal.

Only that young man, with his white clothes fluttering in the wind, was peerless in style. His face was slightly pale, and everything in the world paled in comparison to him.

As soon as he appeared, countless swords trembled as if they were about to fly out of his hands.

Ye Wanwan stared at the white-robed figure from the city walls, her beautiful eyes sparkling.

"That brat still dares to show himself?"

The eyes of Tianmu County's Mayor and the others glowed with a cold light.

Before this, the rulers of the eight counties had joined forces to deal with this young man. They had used the nine spiritual pearls together to injure him.

Even so, among the nine of them were the Lords of the Tianfeng and Tiandu counties, and the tianhuo County had been killed by this kid!

If he didn't kill such a talent, it would be a nightmare for them.

This was also the reason why they were willing to join forces to suppress the Tianhuang province and force ye Wentian to hand over the young man.

At that moment, the despairing ye Wentian's expression changed. "Little friend, you're already injured. You can't ..."

"I'll only use three sword moves!!!"

A calm voice came out of ye Wushuang's mouth, "If I can't kill you with three sword strikes, I'll go with you!!!"

As soon as these words came out, it immediately set off an uproar in The Silent World.

He only used three sword moves when facing the combined attack of the four Commandery rulers? He even said that if the three swords couldn't kill her, he would leave with the four county Lords?

After all, the four Lords of the four counties stood at the peak of the Wildlands. With the spiritual Pearl in their hands, who could kill them?

"All of you, back down!"

Ye Wushuang glanced at ye Wentian, Ye Wanwan, and the others, who were prepared to fight to the death.

The crowd retreated.

Ye Wentian's lips trembled slightly, as if he was hesitating. In the end, he sighed and stepped to the side.

In an instant, the white-robed figure was the only one left on the city wall within a radius of 10000 feet. The white-robed figure looked at the four Commandery princes below the city wall.

The space seemed to freeze. It was terrifying.

The four Commandery Lords snorted coldly. Then, they stepped into the space of the sequence puppet and triggered the celestial phenomenon.

"Ignorant child!"

The leading Lord of sky Thunder County sneered, "If you were at your peak, we might be a little afraid of you. However, you were seriously injured last time, and now you're shamelessly boasting that you can kill us with three strikes?"

"If you're sensible!"

"You should have quickly descended to the ground and submitted to us. We might have considered leaving your corpse intact!" The Lord of Tianmu County said coldly.

Ye Wushuang closed his eyes slowly as if he didn't hear anything. He seemed to be sensing something.

"You're still pretending when you're about to die!"

The Lord of Tianshui laughed in anger.

The next moment, the frozen space began to move.

At the same time, a Supreme aura that was above all the other swords suddenly burst out from ye Wushuang's body.

“Swish, swish, swish, swish ...”

At that moment, countless swords began to tremble and hum. Even the swords in the hands of the four Commandery princes were no exception.

Clang, clang, clang ...

The countless sword-type weapons trembled more and more violently.

Some people clenched their fists tightly, only to find that their weapons had left their hands uncontrollably.

Under everyone’s shocked gaze, countless swords were inserted into the ground and tilted slightly in the direction of ye Wushuang as if they were worshipping Him.

“What’s going on?!!”

The Tianjin Commandery Prince’s expression changed drastically. Even the four of them lost control of their swords and stuck them into the ground, worshipping ye Wushuang.

As far as the eye could see, the ground was filled with swords, like a huge forest of swords, which made people’s scalps numb.

Worship

The worship of ten thousand swords!

It was shocking, extremely shocking!

In an instant, the atmosphere that was originally filled with killing intent suddenly froze.

“Ten thousand swords greeting the sect!!!”

Ye Wentian’s aged face was filled with extreme shock and surprise. “This is the ten thousand swords greeting the ancestor. He ... He has comprehended the sword stele left behind by the East li Emperor Lord!”

Before ye Dongli died, he asked his descendants to escape to the forbidden Sea and gave them a sword stele.

The sword stele was something that ye Dongli found when he was traveling in the void. He could not understand it from the beginning until now. He did not expect that ye Wushuang could understand it today.

“Quick, stop him!!!”

The Lord of Tianlei County’s expression finally changed. He moved his body and immediately stepped on the air toward ye Wushuang!

At that moment, an extremely calm voice came out from ye Wushuang’s mouth, “Who should I kill first?”

He slowly turned his cold eyes to the Lord of Tianlei County, “I’ll kill you first!”

The Lord of sky Thunder County stopped in his tracks as a strong sense of danger burst out from his body.

Without another word, he turned around and wanted to return.

At the same time, an unyielding sword intent covered everything in the sky, faintly resonating with the swords that were worshiping Him.

The terrifying will of the sword, accompanied by the sound of the sword cry, shook the Galaxy.

“Swish!”

The moment ye Wushuang finished his words, a white light appeared in the void like a bolt of lightning.

The white light struck heaven and earth.

All other colors paled in comparison to this white light. The white light separated heaven and earth, as well as void space, into two.

The Lord of sky Thunder County stood still and stared at the figure in white in the distance.

“Pfft!”

All of a sudden, a bloody wound as thick as a needle and thread appeared on his neck, and then an endless amount of blood spurted out.

“Plop!”

Under everyone’s gaze, his head slowly drooped down, and his body fell heavily to the ground.

The Lord of Tianlei County was dead!

Even the divine lightning bead, which was regarded as the most precious treasure of the wilderness, had a crack on it.

At that moment, the world fell into a deathly silence.

Countless people’s eyes were trembling!

It was too fast. The whole process was so fast that no one could react, let alone save the Lord of sky Thunder County.

Most importantly, no one would be able to make a move against such a terrifying sword essence!

“Brother Tianlei!”

At that moment, disbelief filled the eyes of the rulers of Tianmu, Tianshui, and Tianjin commanderies.

He killed the Lord of sky Thunder County with one sword strike, and it was under the premise that the Lord had the protection of a Supreme treasure like the sky Thunder Pearl!

If it was the three of them, they would not be able to do it.

The three of them couldn’t help but look at the white-robed figure in the sky, only to see that the latter’s face was getting paler and paler.

Ye Wushuang looked straight at the three of them. "Next, who is coming to die?!!"

"His injuries seem to have worsened!"

The Lord of Tianjin County fixed his gaze on the former. Then, as if he had recalled something, he suddenly said, "You two, it seems that this person paid a great price to display that sword move just now!"

"He definitely can't use the sword a second time!"

Chapter 1285: Unparalleled danger, ye Chen's arrival!

As his voice fell ...

The Lords of Tianmu and SkyWater could not help but look up.

He immediately found that ye Wushuang's face was pale and his body was unstable as if he was an arrow at the end of its flight.

"Not bad!"

The Lord of Tianshui narrowed his eyes, and a cold glint flickered in them. "That sword just now killed brother Tianlei. If he could use such a technique so easily, we wouldn't have been able to escape unscathed last time."

"This kid is deliberately tricking us. He just wants us to retreat in the face of difficulties!"

The Lord of Tianmu County sneered, "Do you really think we're so easy to fool?!!"

"Let's attack together. We must kill this brat on the spot!" He shouted.

The Commandery Princess took a deep breath. The Skygold Pearl above her head began to stir. It immediately exploded with a terrifying Qi of extreme gold, almost turning the sky golden.

"Kill!!!"

At that moment, the three Commandery Chiefs joined forces and attacked ye Wushuang. Three Supreme heavenly pearls hovered above their heads as if they were going to sink this world.

"The second sword, all swords are empty!!!"

Ye Wushuang's expression remained unchanged.

"Phew ..."

The wind started to blow, and countless sword shadows appeared in the void. These sword shadows seemed to be illusionary, and they did not seem to have any offensive power.

The number of sword shadows increased, and in the end, thousands of sword shadows crossed the sky and earth, shaking the void and buzzing.

"What's going on? Why can't I feel any power from these sword shadows? It's as if they don't exist?"

Countless powerhouses who were watching this scene could not help but frown, their eyes filled with confusion.

Even the Lord of Tianhuang province, ye Wentian, was no exception.

However, in the next moment, ye Wushuang's white clothes suddenly puffed up. At the same time, a sword will burst out from his body, which seemed to go straight to the distant celestial world.

"Buzz buzz buzz ..."

In the void, the many sword shadows that had no offensive power in everyone's eyes suddenly exploded with a terrifying sword Qi.

Immediately after, the sword shadows that filled the sky suddenly disappeared.

"Ding ding ding ..."

However, at that moment, the Prince of Tianmu County and the other two felt an invisible wind blowing at them, which violently hit the protective heavenly jewels above their heads.

Suddenly, the sound of metal clashing resounded between heaven and earth. The three energy shields that were protecting the three of them began to tremble, as if they could not withstand the weight.

"What is this?!!"

The Tianjin County Lord and the other two were shocked.

"Sword intent!"

The person from Tianmu County seemed to have thought of something and his expression changed drastically."This kid actually integrated sword intent into the void, reaching the stage of sword Qi transforming into nothingness!"

"Not good! Retreat!!!"

The Lord of SkyWater County shouted and activated the heavenly water pearl above his head to protect himself. He retreated backward madly.

What frightened him was that no matter where he retreated, the wind would blow, and the sword essence that had fused with the void would attack wherever it went.

"Ten thousand swords all empty!"

Ye Wentian, who was watching from the side, was extremely shocked when he saw this."Integrating sword intent into brother. This method is indeed worthy of being called ten thousand swords void. It's seriously too terrifying!"

The world was silent.

Everyone's eyes were wide open as they held their breath, staring at the scene.

Could ye Wushuang kill the three of them?

"Break!!!"

At that moment, the Tianjin Commandery Princess and the other two were roaring and madly activating the heavenly jewels above their heads. Their eyes were filled with a sharp look.

“Boom boom boom!”

Three terrifying beams of energy exploded from the three heavenly pearls, then turned into huge beams of light that pierced through the sky and earth, almost annihilating the void as if the sky had collapsed.

“Pfft!”

At that moment, the Tianjin Commandery Princess and the other two vomited blood. Their faces became extremely listless. They were clearly severely injured.

If one were to look closely, one would notice that the three dzi beads above their heads had a crack.

Ye Wushuang’s body trembled and a trace of blood flowed out from the corner of his mouth, “I still have the third sword. Once I use the third sword, I’ll destroy both gods and ghosts!”

“It’s a pity that I don’t have any more energy to perform the third sword.”

The light in his eyes gradually dimmed, and then he fell to the ground like a meteor.

“We lost ...”

Ye Wentian and the others were filled with despair.

Under ye Wushuang’s terrifying swordsmanship, the Tianjin Commandery Prince and the other two had managed to survive with the help of the heavenly jewel.

“Hahaha!”

A smug laugh came from the Lord of Tianshui, who laughed so hard that he vomited blood and said, “Kid, it seems like brother Tian Jin is right. You’re still unable to perform the third sword!”

“It’s such a pity!”

The Lord of Tianmu County also laughed. “If you can perform the third sword, you will definitely be able to break our heavenly jewels and kill us ...”

“Brat, go to hell!”

The Lord of Tianjin County held on to his injuries and activated the sky Gold pearl above his head. With a face full of killing intent, he charged at ye Wushuang, who was falling rapidly.

“Not good!”

At that moment, ye Wentian’s expression changed. With a sway of his body, he charged towards the Tianjin Commandery Princess, as if he wanted to stop her.

“Old fogey ye, you want to save people?”

At the same time, the Lord of Tianmu County and the other Lord of Tianmu County attacked together, surrounding ye Wentian.

“Get lost!”

Ye Wentian’s voice was like thunder.

“BOOM!”

An intense explosion occurred. The Lord of Tianshui held ye Wentian back and laughed sternly, “The more you risk your life to protect that brat, the more we won’t let you have your way. We will make you watch that brat die!”

“I’ll make you watch helplessly as your Tianhuang province is destroyed!”

Hearing these words, ye Wentian’s eyes almost popped out of their sockets.

The Lord of the East parting Empire!

[Is the hope you brought to our ye family going to be destroyed today?]

This old man is unwilling!

He roared at the sky.

On the city wall, Ye Wanwan’s beautiful eyes were filled with despair as she watched the white-robed youth rapidly falling.

“Is he going to die?”

Her ten fingers were tightly clenched, and a hint of heartache and powerlessness flashed in her clear eyes.

“Swish!”

Just as the Tianjin Commandery Prince’s terrifying attack was about to land on ye Wushuang, an extremely rapid wind-breaking sound suddenly exploded in the sky.

As the space distorted, a thin figure suddenly shot over like lightning. Then, he firmly reached out his hand to hold the rapidly falling white-clothed youth.

“Boom boom boom!!!”

The Tianjin Commandery princess’s terrifying attack landed on the skinny figure, instantly erupting with earth-shattering energy fluctuations that destroyed everything.

However, the thin figure was like a mountain, standing still.

When the terrifying storm dissipated, everyone’s eyes fell on the thin figure.

“That ... That’s ...”

Following that, a tsunami of exclamations sounded.

Only then did the crowd realize that the thin figure was a man.

The man was holding ye Wushuang in his arms. His body was not strong, but he blocked all the attacks for the young man in his arms.

Chapter 1286: You hurt my brother, you deserve to die!

“Whoosh!”

Looking at the thin figure who had suddenly appeared, at that moment, the heavens and earth burst into an uproar.

The other party had actually received all of the Tianjin Commandery princess’s terrifying attacks. The most shocking thing was that he was unscathed.

At the same time, the expression of the Tianjin Commandery Princess and the other two changed. They stared at the thin figure.

“Who is he?”

Ye Wentian was overjoyed, but he was even more puzzled. “Why did he accept that young friend?!”

At this time, the seemingly unconscious young man in white moved slightly in ye Chen’s arms. He opened his eyes and looked at the man in front of him.

The next moment!

His body stiffened, and his almost dim eyes suddenly brightened up like meteors.

Even with his indifferent personality, at this moment, there was a trace of unspeakable bitterness surging in his heart.

“Big brother ...”

Two extremely short words came out of his mouth, but it dragged out an extremely long and trembling voice.

He had wanted to see the person in front of him countless times.

For this reason, he charged into the sea of heaven wind alone, wanting to kill the Emperor of Dali, Shang wudao, to avenge the former!

For this reason, he did not hesitate to make an enemy of the great Yin imperial dynasty’s di xuangang ...

Ye chen lowered his head slightly and looked at the pale white-robed young man in his arms. His eyes were filled with endless guilt. “Wushuang, big brother is here!”

A smile appeared on the white-robed youth’s pale face. “This time, I don’t want to be separated from big brother ...”

“Alright, big brother promises you!”

Ye chen suppressed the bitterness and guilt in his heart and nodded heavily. Then, he slowly landed on the ground with her in his arms.

“BOOM!”

At the same time, a peerless bird tore through the air and landed on Ying, the black giant ape, and the other two.

“The giant ape King?”

The moment they saw the black ape, the frozen crowd burst into a clamor. It was obvious that they had recognized the black ape.

Even the Lord of Tianjin County and the other two were no exception.

“Take good care of my brother. If he loses a single hair, I will make sure your soul is scattered!”

After ye chen transferred a trace of primordial Qi into Wushuang’s body, he slowly handed it over to the black ape. His voice was filled with endless coldness.

“Yes, master!”

The giant black ape received it respectfully.

However, as the two of them finished speaking, a storm was set off in the world.

This person was ye Wushuang’s elder brother?

If ye Wushuang was already so terrifying, how strong could his brother be?

“This person is little friend ye’s elder brother?”

When ye Wentian heard this, he was stunned.

At that moment, countless people’s scalps went numb.

The black ape’s words shocked them.

One of the five Saints of the sky Demon Country, the giant ape King, had actually called him master? Moreover, his words and actions were so respectful, and he considered himself a servant?

“May I know who you are?”

At that moment, the Tianjin Commandery Prince and the other two fixed their eyes on ye chen. Their intuition told them that ye chen was not simple.

Under the gazes of the three, ye chen slowly turned around. His originally calm face instantly became extremely cold.

“You hurt my brother! You should die!”

After saying that, he took a step forward and walked toward the Tianjin Commandery Princess and the other two. His killing intent filled the entire space.

“Impudent!”

The Lord of Tianmu County’s expression changed slightly and he snorted, “Since you’re that brat’s elder brother, you won’t be able to survive today!”

“BOOM!”

He suddenly activated the heavenly wood orb above his head. Countless giant trees suddenly appeared in the void, like pillars that reached to the heavens, and pressed down on ye chen.

“What can your wood spiritual Pearl do to me?!!”

Ye Chen’s eyes turned cold. Then, he mobilized his primordial Qi and made a hand seal to grab the celestial wood pearl.

Under the Lord of Tianmu County’s horrified gaze, he saw that his heavenly wood orb had broken free of his control and shot toward ye chen before finally falling into his hands.

“Pfft!”

The Lord of Tianmu County’s mind was damaged and he could not help but spit out a mouthful of blood. He looked at ye chen again with deep shock.”You ... You ...”

That was the most precious treasure of the Wildlands, the heavenly wood pearl!

“You’re just a piece of trash who relied on the wood spiritual Pearl. Now that you don’t have such a treasure, what’s the difference between you and an ant?”

Ye chen waved his sleeve and a thunderous sound reverberated. A terrifying pressure swept out and whistled toward the former.

“BOOM!”

The Lord of Tianmu County let out a blood-curdling screech as his physical body crumbled on the spot. His spirit was crushed by the terrifying pressure as soon as it escaped from his body.

The entire world suddenly became deathly silent at that moment.

He had killed the Lord of Tianmu County with a lift of his hand?

Where did this expert come from?

“So strong!!!”

Ye Wanwan was dumbfounded.

Ye Wentian was stunned for a moment, but then, as if he had recalled something, a look of ecstasy appeared on his aged face.”He ... He’s from the ancient barren world!”

Seeing that the county Lord of Tianmu was killed on the spot, the county Lords of Tianjin and Tianshui changed their expressions.

The Lord of Tianshui cried out in shock,””Friend, let’s talk this out ...”

“Go to hell and tell the King of Hell!”

As he spoke, ye chen raised his hand and pointed at him.

With a single finger, heaven and earth rumbled. A huge finger that almost covered the entire world shattered the void and landed on the former with a whistling sound.

“No!”

The Lord of SkyWater County roared. He had no time to refine the heavenly water pearl and was crushed on the spot by the finger.

In an instant, he had killed two county Chiefs!

“BOOM!”

The Tianjin Commandery Princess acted as if she had seen a ghost. She was completely scared out of her wits. Without any hesitation, she activated the Tianjin Pearl in an attempt to escape.

“Where are you going?!”

Ye chen grabbed the heavenly water pearl and turned around. In an instant, he had leaped a thousand feet and appeared in front of the Lord of skythunder County.

The Tianjin Commandery Prince’s body stiffened as cold sweat trickled down his face. “Your Excellency, why do you have to be so ruthless?!”

He was truly frightened by ye Chen’s methods!

Both the Lord of Tianmu County and the Lord of Tensui County were heroes who stood at the peak of the forbidden Sea. However, they were as weak as ants in the face of this person.

“When you injured my brother and wanted to kill him, did you ever think that you can’t be too ruthless?”

Ye chen closed in step by step, his eyes as cold as a thousand-year-old ice. “Even if you break the heavens today, you won’t be able to escape death!!!”

“If that’s the case, then let’s die together!”

A crazed look suddenly flashed across the eyes of the Tianjin Commandery Princess. She then activated the heavenly gold pearl in a frenzy. A terrifying aura gushed out from the heavenly gold pearl, as if it was about to explode.

In the face of this situation, ye chen did not use any fancy tricks. All he did was reach out his hand and clenched it in the air.

“Ah!”

The Commandery Princess of Tianjin didn’t even have the time to make the Pearl self-destruct before it turned into a mist of blood with a scream.

In an instant, he had killed three county governors!

At that moment, the entire world was in dead silence!

Everyone looked at the thin figure in a daze.

Chapter 1287: The reason for ye Wushuang’s injury!

At this moment, the heavenly desolation city was dead silent.

The four Commandery rulers had joined forces and gathered millions of soldiers to suppress Tianhuang province. Before this, no one was optimistic about the outcome of Tianhuang province.

However, the true outcome was that the four Commandery Lords had all died, and three of them had been killed by the young man who had suddenly appeared!

How could everyone not be dumbfounded?

Looking at the thin figure standing proudly in the void, the shock in everyone's heart was so strong that they couldn't calm down for a long time.

"Who is this person? With such heaven-defying strength, you shouldn't be so nameless in my Wildlands!"

The most terrified were the countless tribes that had followed the four Commandery Lords. They looked at ye chen as if they were in awe of a God, afraid that the latter would slaughter them all.

The two black giant apes below looked at ye chen with even more respect.

It should be known that the three Commandery princes who had died at ye Chen's hands were no weaker than the sky demon Commandery Prince. However, they were as weak as ants in ye Chen's hands.

"This person must be from the ancient barren world!"

Ye Wentian looked at ye chen and said, "Only people from the ancient barren world have such means!"

As he was thinking, he suddenly found the former's cold gaze falling on him.

His entire body stiffened, as if an invisible hand had grabbed his neck, making it impossible for him to breathe.

Ye chen looked at ye Wentian quietly, his eyes filled with a monstrous coldness. "Who injured my brother?!"

"S-senior!"

Ye Wentian's heart trembled. He suppressed the fear in his heart and said, "Our young friend ye was injured by the combined forces of the eight County Lords a while ago ..."

Just as he was about to explain, he was interrupted by a cold voice, "Why can't you distinguish between good and bad!"

Ye chen looked in the direction of the voice and saw a graceful Woman in Black glaring at him with her phoenix-like eyes.

"What are you looking at? I'm talking about you!"

Ye Yingluo was furious. She puffed up her cheeks and said angrily, "If it wasn't for my grandfather's help, your brother probably wouldn't have been able to hold on until you arrived ..."

Before she could finish her sentence, ye Wentian interrupted her, ""Yingluo, don't be rude to the senior ..."

"Big brother ..."

At this moment, Wushuang's weak voice came from the ground, ""Don't misunderstand Mr. Ye, it has nothing to do with him ..."

Ye Chen's figure flickered and immediately landed beside him. He held his hand tightly, a golden flame flickering in his eyes.

A few seconds later, he frowned and said, ""There's a very strange devouring power in your body. Were you injured by the immortal's Hall?"

The main culprit that caused ye Wushuang's injuries was actually this trace of devouring power.

Ye Wushuang's body stiffened and he looked up at him, ""Big brother also knows about the immortal's Hall?!"

"That day, when di xuangang attacked me, venerable the sword had no choice but to help me. The immortal's Hall immediately noticed it. Later, I attacked the immortal's Hall, but I was forced here ..." He nodded.

"After that, because I killed the adopted son of the sky Fire County Lord, the eight County Lords joined forces to deal with me ..."

"The immortal's Hall ..."

Ye chen could not help but narrow his eyes when he heard this, then he sneered. "You should recuperate first. We'll go back to the ancient barren world and settle the score with this so-called immortal's Hall!"

"But my injuries ..." Ye Wushuang wanted to say something but stopped.

"It's fine!"

Ye chen chuckled. "I'll help you get rid of the devouring power in your body. Moreover, you can use this opportunity to break through and rise again!"

As he said this, a Pearl that glowed with golden light slowly appeared in his hand. It was the Tianjin Pearl of the Tianjin Commandery Princess.

"This is the Golden Pearl of the Xuan pin!"

Ye Chen's lips curled into a smile. "If the goddess of grains doesn't die, she's called Xuan 'GE. The gate of Xuan' GE is called the root of heaven and earth. It's as if it's continuous and doesn't need to be used often."

"This must be an innate spiritual Pearl that was born in this small world. It contains the purest gold energy and can help you refine a precious body. It's known as the xuangang immortal body!"

Before he left the Barbarian stockade village, he had given the old barbarian elder and the others a cultivation technique. Although it was also called the Xuan pin undying body, it was a process of accumulation step by step, and it was extremely difficult.

If he had the Xuan pin Golden Pearl, he could directly refine the indestructible Xuan pin body.

If the goddess of grains didn't die, she would be called a Xuan pin. From this, one could see the power of the Xuan pin immortal body.

The Lord of Tianjin County was stupid. Although he knew that it was a treasure, he didn't know its effects or how to refine it. He was stupid enough to use it as a magic weapon against enemies.

Otherwise, ye chen would not have been able to take it so easily.

After saying that, he slowly turned to ye Wentian, "Mr. Ye, I wonder if I can borrow a quiet room to use?"

"Of course!" Ye Wentian nodded.

With the death of the four Commandery princes, the millions of Allied troops collapsed without a fight. This shocking change immediately spread throughout the entire Wildlands.

When they found out that the person who had caused all this was a young man, the entire Wildlands was shocked.

Sky demon County, Barbarian Village.

The old barbarian elder looked at the information in his hand in shock. "The sky Demon country's ruler and the other five Lords are dead?"

Qing Qing and the others beside him hesitated and said, "Grandpa, it's said that they were all killed by a white-haired young man. Why does this man look so similar to brother ye?"

The old barbarian elder's body trembled. He remembered ye Chen's many questions before he left and could not help but take a deep breath. "I was right. Lord ye is not an ordinary person ..."

.....

At this moment, the Tianhuang province was filled with joy. Before this, they had almost lost all hope when they were faced with the Alliance of the four counties. They had thought that the city would be destroyed and everyone would die.

However, at their most desperate moment, hope came with the appearance of the thin young figure.

It was that young man who had killed the Lords of three great counties with a wave of his hand, and the one million-strong Alliance Army had collapsed without a fight.

After this incident, they finally believed that Immortals really existed in this world.

In the inner city of Tianhuang province, outside a quiet mansion.

Ye Yingluo, who had removed her military uniform, stood in the breeze. At this moment, her Phoenix eyes couldn't help but look into the mansion in front of her.

There was a trace of a terrifying aura emanating from that place. Although it was only a trace, it made it difficult for her to breathe.

After a long while, she looked up at the old man beside her and said, "Grandpa, where do you think that senior came from? Why have I never heard of it before? You've never seen him before?"

"He's from the ancient barren world!"

Ye Wentian took in a deep breath, suppressing his excitement as he spoke word by word, "Perhaps our ye family can return to our hometown!"

"Ancient barren world?"

Ye Yingluo was stunned and looked at the person in front of her in confusion. "Grandpa, what is that place? How come I've never heard you mention it before?"

"This has been a secret of our ye family for nearly ten thousand years ..."

Ye Wentian's lips trembled.

At this moment, the gate of the mansion slowly opened, and a thin figure walked out.

Chapter 1288: Ye Dongli's scheme!

In the main hall of the ye family.

Ye Wentian dismissed all the outsiders, leaving only his granddaughter ye Yingluo and his son ye Yufeng. He then bowed deeply to ye chen. "Thank you, senior, for helping my ye family get out of trouble!"

"Mr. Ye, please rise!"

Ye chen waved his sleeve and motioned for the three of them to stand up. Then, he smiled and said, "Speaking of this matter, it should be this ye thanking the few of you!"

Ye Wanwan was right earlier. If it wasn't for the ye family's help, ye Wushuang probably wouldn't have been able to wait for him to arrive.

After ye Wentian stood up, he asked worriedly, "Senior, I wonder how little friend ye is doing?"

"He has recovered from his injuries and is now in closed-door cultivation. He will definitely come out in three to seven days!"

Ye chen chuckled and said, "My surname is ye, and my first name is Chen. I have the same surname as ye lordmaster, so you can just call me by my first name."

As soon as he finished speaking, the three of them were shocked. Ye Wentian looked at him in disbelief, "Senior is also surnamed ye?"

Then, he seemed to have thought of something and suddenly cupped his fists at ye chen. "Senior, are you from the ancient barren world?"

As his voice fell, the entire Hall instantly fell silent. Ye Yingluo and ye Yufeng both revealed stunned expressions.

Ye Wentian was the only one who stared at ye chen.

Ye chen met his gaze and nodded slightly. "That's right. I'm indeed from the ancient barren world."

"Senior, do you know ye Dongli?" Ye Wentian continued.

As soon as she said that, ye Chen's eyes flashed imperceptibly. "I did, but only after he died ..."

"What? The East parting Sovereign Lord is dead?"

When ye Wentian heard this, his body trembled violently, as if he had been struck by lightning. Then, he fell heavily to the ground.

Ye Yingluo subconsciously wanted to help him up. "Grandpa ..."

"Don't help me!"

Who knew that ye Wentian's tears would suddenly fall as he kowtowed heavily, "Ancestor Dong Li, you still fell in the end ..."

"Ancestor?"

Ye Chen's eyes narrowed. When he looked at him again, he was extremely surprised. "You are a descendant of ye Dongli?"

He wasn't the only one. Even ye Yingluo and ye Yufeng were shocked, as if this was the first time they had heard of this.

Under everyone's gaze, ye Wentian's tears flowed down his face as he said, "That's right. I'm indeed a descendant of the Lord of Dongli, and my ye family of the Wildlands is also a descendant of the Lord of Dongli ..."

"Father, what's going on?"

"And who is that Dongli Sovereign Lord?" ye Yufeng couldn't help but ask.

Ye Wentian looked up at the father and daughter, and slowly said, "Yufeng, the ye family didn't belong to this world. We came from the ancient barren world, and our ancestor was ye Dongli!"

"Emperor Dongli single-handedly conquered the ancient barren world and brought prosperity to the ye family. However, ancestor Dongli suddenly asked us to migrate to this Savage Land ..."

His old face was full of sighs. "And my ye clan followed the instructions of our ancestors and lived in this Savage Land for nearly 10000 years ..."

"I had just finished my coming of age ceremony then. All these years, I've been thinking of returning to the ancient barren world to follow ancestor Dongli. I didn't expect him to ..."

When ye Yingluo and her father heard this, they only felt their minds shake like they couldn't accept this reality for a while.

Ye chen looked at this scene quietly. His calm face was rippling with emotion.

If ye Dongli was really the ancestor of the ye family, didn't that mean that the three people in front of him were also related to him by blood?

Ye Wentian took a deep breath and fixed his eyes on ye chen. "Senior, may I ask why our ancestor died?"

"I've heard from the head of the palace, ke Yunzi, that ye Dongli died at the hands of the immortal's Hall ..." Ye chen said in a deep voice.

"Ke Yunzi ..."

When ye Wentian heard this, he was stunned for a moment before he snorted coldly, "When I was young, I heard that this person had a close relationship with the ancestor. However, for some unknown reason, the two of them turned against each other. The ancestor's death must have something to do with this person!"

"As for this immortal's hall, I've heard of it before. It's an existence that's beyond the mortal world, and even the ancestor of the East parting Empire is wary of it ..."

At this point, he suddenly knelt down heavily in front of ye chen. "Senior, please help the ye family return to the ancient barren world!"

10,000 years ago, when the ye family was migrating, ye Dongli had left a prophecy that 10000 years later, someone with the surname ye would come and lead the ye family out of the forbidden Sea and back to the ancient barren world.

At first, ye Wentian suspected that it was ye Wushuang. However, after ye Chen's appearance, he no longer had any doubts.

Hearing this, ye chen frowned slightly and said, "To be honest, I don't know how to leave this place for the time being ..."

Although Ying had said that he would be able to find a way to leave the forbidden Sea if he found the Ghost Ship, the Ghost Ship was now involved in the end of the darkness.

That was why he didn't make a definite statement.

When ye Wentian heard this, his expression changed several times. Then, as if he had recalled something, he said to ye chen, "This old master might have a way. Senior, please follow me!"

After saying that, he took the lead and walked out of the hall.

Ye chen immediately followed.

.....

In the ancestral temple of the ye family, a huge statue stood in the middle of the solemn and huge square. The statue seemed to be of a man, and he exuded an aura of authority without being angry, making people not dare to look at him directly.

"Ye Dongli?"

Ye chen looked at the statue and found that the former was very similar to the ye Dongli he had seen before, both in appearance and temperament.

“Senior!”

Ye Wentian pointed at the statue’s eyes and said in a deep voice, ““Before we left that year, the East parting Emperor gave this to the ye family and said that we should give it to the fated person!”

He could not help but glance at ye chen.”This secret has been guarded by the ye clan for ten thousand years. Now, it seems that this fated person is senior.”

“An eyeball?”

Ye chen narrowed his eyes, then leaped and landed directly on the statue’s shoulder. He quietly studied the latter’s eyes.

In the statue’s eyes, there was a pair of fluorescent stones that glowed. The fluorescent stones were only the size of an egg, and there seemed to be a mysterious liquid flowing in them.

“World transformation stone!”

At that moment, ye Chen’s expression changed.

To be precise, he was shocked!

That was because the pair of eyes in ye Dongli’s statue was actually one of the main materials to refine the star positioning compass, the red mist realm stone!

The time-fixing plate was a rare item used to set the coordinates of space. With this item, he could find the space node and travel through space.

The effects of this item were far more powerful than teleportation formations.

However, the materials required to refine an astrolabe were extremely rare, especially the realm traversing stone. It was not common even in the cultivation world, which was rich in resources.

Therefore, ye chen had never thought of refining the astrolabe compass.

He never thought that he would find a world transformation stone here, and he had even obtained it from ye Dongli’s statue.

Thinking of this, he couldn’t help but have a huge change in his guess of ye Dongli’s identity.

Ye Dongli, who the hell are you!

Why did he even have such a rare item like the world transformation stone!

He even prepared it in advance and predicted that I would come, leaving it for the two of you to pass to me!

Chapter 1289: Great changes in the forbidden Sea!

Several days passed, and ye Wushuang was still in seclusion.

The ye family members did not dare to disturb him.

However, every time ye Wentian and the others looked at the secret chamber where the former was in seclusion, their eyes were filled with shock.

Sword shadows. Sword shadows that filled the sky enveloped the entire secret room. Even the countless flowers and trees outside the ye family mansion were faintly releasing traces of sword intent.

Ye chen was waiting. With a precious treasure like the profound Pearl, once Wushuang came out of seclusion, he would no longer have any weaknesses!

On the fifth day, ye Wentian walked in quickly, "Mr. Ye, all the materials you want are here!"

"Cold nether stone, spirit horn sand, precious branch of liuyan ..."

Ye chen immersed his divine sense into the storage ring that ye Wentian had handed over. A hint of joy appeared in his eyes.

After obtaining the world transformation stone from the eyes of ye Dongli's statue, he had the idea of refining the star positioning compass. Thus, he recorded the rest of the materials in a Jade slip for ye Wentian to collect.

As long as he could make the time-fixing plate, he would be able to return to the ancient barren world.

He didn't have much hope at first, but he didn't expect that the forbidden Sea would have so many precious materials. Ye Wentian had already gathered all the materials needed to refine the star positioning compass.

In this way, he could start to refine the time-fixing plate.

Thinking of this, he couldn't help but look at ye Wentian and said from the bottom of his heart, "Elder ye, I'll have to trouble you for this."

"Mr. Ye is too polite."

Ye Wentian could not help but shake his head. "If it wasn't for you, the ye clan of the Tianhuang province would have been destroyed. Furthermore, you are the person in the prophecy of ancestor Dongli. The ye clan will naturally do our best to help you."

"Ye Dongli ..."

Ye chen furrowed his eyebrows.

Just as he was about to say something, the door of the hall was suddenly pushed open, and Yi walked in.

Ye Wentian immediately retreated.

The referee looked at ye chen expressionlessly and went straight to the point, "When will you and I head to the end of the darkness?"

Ye chen shook his head.

The judge's face darkened, and he said in surprise, "Don't you want to go back to the ancient barren world? Don't forget, the Ghost Ship is at the end of the darkness ..."

"Of course I want to go back to the ancient barren world."

Ye chen chuckled and looked at him with a smile that was not a smile. "But this ye has already found a better way to leave. As for the end of the darkness, I won't get involved in this muddy water."

Before this, he had planned to explore the end of the darkness with Richard, but now? He didn't need it.

"You!"

The referee's gaze turned cold. He had not expected ye chen to find a better way.

"You don't have to try to persuade me!"

"If I'm not wrong, your avatar is being suppressed at the end of the darkness. You're trying to get me to save your avatar." Ye chen looked at him firmly.

The judge's eyes flickered when he heard that. However, he remained calm and said, "It seems like you still don't trust me."

"Do you trust me as well?"

Ye chen was not angry at all. Instead, he said with a faint smile, "So, if you want to go to the end of the darkness, go there yourself."

Ye chen did not know what was at the end of the darkness but he could guess that Phoenix's celestial body must be suppressed there. How could a place that could suppress the celestial body of an Emperor be an ordinary place?

He wasn't afraid, but now that he had gathered all the materials for the time-fixing plate, the most important thing was to return to the ancient barren world to see his parents and daughter. He didn't want to cause more trouble.

He could not control Yi. After all, he was the evil body of the Emperor throughout the ages. How could he be willing to be under someone else? in that case, ye chen could only stay out of Yi's business.

"Ye nankuang, you've missed a great opportunity!"

"Since you don't need it, I'll take it myself. I just hope you won't regret it in the future." Yi looked at him deeply.

He then turned around and left.

Ye chen watched him leave and narrowed his eyes. "No matter how great the opportunity is, it's nothing compared to my family and finding Yuhan and her daughter as soon as possible,"

.....

That day, ye chen ordered the ye clan not to disturb him. Then, he entered the ye clan ancestral temple and began his closed-door cultivation.

The black ape, ye Wentian, and the others sent out many powerful cultivators to guard the ancestral temple.

In the quiet room.

Ye Chen sat cross-legged and stared at the seven beads in his hand. They were the Supreme treasures of the seven Lords of the commanderies.

“There is indeed a big secret in the forbidden Sea.”

Ye Chen’s eyes flickered. “A mere cage actually produced nine innate attribute spiritual pearls. Any one of them can be used to cultivate a divine ability or devoured to increase my cultivation base.”

“For example, the wood spiritual Pearl of the Tianmu Commandery’s Governor. It contains a terrifying amount of wood-elemental spiritual Qi ...”

He fixed his gaze on the wood spiritual Pearl. “If I absorb it, it’ll just be able to recover the true energy that’s been lost in my body. I might even be able to advance a step further and step into the mid divine transformation realm.”

“Also, this ethereal flame spiritual Pearl can be used to refine the Tao Wu Burning Sky melting earth hand, a unique magical power of the Lord of the Fire domain in the cultivation world!”

“Also, this primordial lightning spiritual Pearl can be used to refine the cultivation world’s lightning spirit sect’s signature divine power, the heaven Lightning God destroying palm!!!”

“.....”

Ye Chen’s gaze swept across the eight beads one by one. Without any hesitation, he opened his mouth and inhaled. He immediately absorbed the wood spiritual bead into his body and began to refine it.

.....

Time passed by slowly.

On the third day of ye Chen’s closed-door cultivation, the forbidden Sea underwent a great change. The yin mountain, known as the forbidden land of the forbidden Sea, experienced a shocking turmoil.

Some people saw a figure that looked like an ancient demon Lord rise up from the yin Mountains.

The figure roared, causing the mountains and rivers of the forbidden Sea to collapse and the sea to be destroyed.

Countless stone statues from all corners of the world flew into the air, all of them heading toward the yin mountain.

“Hahaha, I’m free. I, the domineering sword venerable, sealed my body and six Senses into a stone statue. I’ve been silent for ten thousand years, and I’ve finally been reborn today!”

“Ke Yunzi, immortal’s Hall, just you wait! If I don’t destroy you in this life, I swear I’m not a human!!!”

“May I ask the immortals in the heavens, who dares to come to this world?!”

“Kill, kill, kill! We’ll annihilate Jixia Academy! We’ll kill that hypocrite ke Yunzi! We’ll destroy the immortal’s Hall!”

“.....”

Countless thunderous voices reverberated in the sky above the forbidden ocean almost at all times, causing countless people to tremble.

In the main hall of Tianhuang province.

“Six stone statues have come back to life in the sky demon County, four in the sky Wood County, and seven in the sky Gold County ...”

Ye Wanwan and ye Yufeng reported shocking news after shocking news with horrified expressions.

Ye Wentian’s expression changed again and again, “what exactly happened?” Why did so many stone statues come back to life in one night ...”

“Father, a subordinate has come to report!”

“There are also four stone statues in Tianhuang County that are conversing with each other, and they are showing signs of recovery ...” Ye Yufeng stammered.

At this moment, the entire ye Family Hall trembled violently. Then, an ear-piercing whistle suddenly rang out in the sky above Tianhuang province.

“Tianhuang Prefecture Lord, come out and meet us!”

Chapter 1290: Ye Wushuang who had been Reborn!

The voice was like a thunderclap that rumbled in every corner of the city, causing a great commotion.

Ye Wentian, who was in the main hall of the ye clan, immediately rushed out and followed the sound.

In the sky above the heavenly desolation city, several figures stood in the void under countless gazes, each of them exuding a terrifying pressure.

“Who are these people? Why did you suddenly come to our heavenly desolation city?”

“They’re so strong! I feel that even Princess ye is no match for any of them!”

“.....”

Countless people in the heavenly desolation city looked at the figures in the sky in horror, feeling uneasy.

The next moment!

Ye Wentian’s figure appeared in the air, and he immediately clasped his fists towards the group of figures, “I’m the Lord of the Tianhuang province, ye Wentian. May I know what instructions the few seniors have for me?”

“You are the Lord of Tianhuang County?”

High up in the sky, a skinny old man stood out from the group of people. He looked at ye Wentian with a malicious gaze and said, “We’ve been in deep sleep for countless years. Now, we need to recover. Hurry up and hand over all the spiritual pills and elixirs in your Tianhuang province.”

Ye Wentian’s expression changed when he heard this. He then politely replied, “I wonder what kind of spirit pills seniors need ...”

“It’s simple!”

“I’ll give you a dozen sets of peerless medicines and eight to ten bottles of Supreme heavenly pills. “The skinny elder grinned.

Ye Wentian could not help but smile bitterly, “Senior, you think too highly of Tianhuang province. We don’t even have what you want. We only have some inner cores of savage beasts ...”

“Bastard!”

The skinny old man narrowed his eyes and slammed his palm down. With a terrifying fluctuation of Yuan Qi, it turned into a giant palm and flattened the huge mansion under ye Wentian’s feet.

“If you say another word, this will be your end!”

The world suddenly became deathly silent.

He flattened an entire mansion with a single palm!

Ye Wentian’s forehead was covered in cold sweat.

Just as he was about to speak, an angry voice came from behind him, “You’ve gone too far. We won’t be able to get what you want even if you kill us.”

Ye Wentian looked in the direction of the voice and saw his granddaughter, Ye Wanwan, walking out with a furious expression.

“Qianqian, you can’t do this!” He could not help but berate her.

The next moment!

The skinny old man stretched out his hand and reached for ye Yingluo. “Little girl, you’re quite pretty. You can be used as a furnace ...”

At that moment, Ye Wanwan suddenly realized she couldn’t move her body and could only watch in despair as that large hand reached for her.

“Senior!”

Ye Wentian’s expression changed drastically, and he immediately tried to stop the attack.

“Get lost!”

The skinny old man suddenly opened his mouth and shouted like thunder.

“Pfft!”

Just a single word was enough to cause ye Wentian to spit out blood. His mind was instantly severely injured, and his expression was extremely listless.

He roared in anger and was about to go all out when a cold voice suddenly rang out in the void, “A few old bastards who have been silent for 10000 years also dare to act atrociously in front of me!!!”

“BOOM!”

The skinny elder’s large hand that was reaching for Ye Wanwan exploded into a mist of blood.

This sudden scene immediately shocked everyone.

“Who is it!”

The skinny old man let out a muffled groan. He looked around with his malicious eyes and shouted, “Who dares to hurt this old man? If you have the ability, then come out!”

Even the few people behind him were no exception.

“It’s that little friend ye ...”

Of all the people present, only ye Wentian was stunned at first. Then, he looked at a certain quiet room in the ye family mansion with an ecstatic expression.

In an instant, everyone was horrified to find that the world was filled with endless sword Qi.

A huge vortex appeared above the skinny elder’s head. The vortex was formed by countless tiny sword Qi, and it emitted a terrifying power.

“BOOM!”

Under everyone’s gaze, a huge golden sword that was 1000 feet long slashed down at the thin elder with the might of a Thunderbolt!

“Boom boom boom ...”

When the giant sword fell, lightning flashed between heaven and earth. Countless tiny sword Qi sealed the area within a thousand feet of the thin elder.

At that moment, everyone’s eyes were frozen. All that was left in their eyes was the sword that seemed to be able to split the sky and earth.

At that moment, the skinny old man’s body suddenly stiffened. His eyes widened and he stared at the huge sword that was coming at him.

He had forgotten to resist!

There was only powerlessness!

It was as if everything was extremely small!

“Pfft!”

The giant sword slashed down from above the skinny old man's head like a knife cutting through tofu. There was no resistance at all.

"Bang!"

The skinny old man's body split open and he died on the spot.

Seeing this scene, everyone was stunned. Even the powerhouses who came with the thin elder were full of fear.

Then, under everyone's gaze, a white-robed figure stepped through the air above the ye family mansion.

The light in his eyes was as vast as the stars, and the surface of his body flickered with golden divine light. Behind him, there was an endless sword realm, as if he was a God who had walked out of heaven.

With his appearance, the world lost its color.

Ye Yingluo looked at the white-robed youth in a daze, her heart beating violently without stopping.

Ye Wentian was the first to react. Then, he looked at ye Wushuang with great excitement, "Little friend ye, you've made a breakthrough?!"

Ye Wushuang nodded slightly and his deep eyes looked at the several elders standing at the side. Then, an endless sword realm swept out from behind him.

"Pfft, pfft, pfft ..."

The four figures were split into two.

There were no screams!

There was only silence.

Seeing this scene, the dozen or so figures who were watching from a distance were horrified as if they had seen a ghost.

That was five Emperor's throne realm experts!

Ye Wushuang looked into the distance and said lightly, "Within 10 breaths, if any of you appear within 1000 miles, I will kill you without mercy!"

As soon as these words were spoken, the hidden experts were instantly enraged. An old man in a Daoist robe couldn't help but say, "Sir, we did not offend you. Isn't it too overbearing to expel us?"

"You'll disturb my big brother!" The young man in white said with a frown.

"Bastard!"

"Even if you have some ability, you can't be so arrogant, right?" someone suddenly flew into a rage. Do you really think you're invincible?"

Ye Wushuang glanced at him and a sword Qi flew across the void. Before the man could finish his words, he was split into two.

“Kill him!”

Not only did this thunderous method fail to intimidate the remaining people, but it also incited their anger and ferocity.

Before they sealed themselves, they were already the strongest in the world, and they had never been ignored like this!

“Boom boom boom ...”

Immediately, more than ten terrifying auras burst out and attacked ye Wushuang like the power of Thunder.

And it was at that moment!

A huge palm print suddenly appeared in the void.
