

Genius 1321

Chapter 1321: I've said it, the two of you are not enough!

At that moment, Shao Xing, the city Lord of Zhaoge city, who was suppressed on the ground and unable to move, could not help but look ecstatic. He looked at ye chen again as if he was looking at a dead man!

Do you think you're the only one in the advanced stage of the original level?

Not only did the four great cultivation sects have late-nascent soul realm cultivators, but they also had divine transformation Realm Ancestors.

There's no way for you to survive this!

Ye chen was unmoved by this scene. As if he had not seen it, he continued to feed his daughter.

"Boom ..."

A strong gust of wind blew outside the hall, and two shocking pressures faintly descended. At that moment, everyone could not help but bend their bodies, their faces filled with shock.

Under everyone's gaze, two old voices slowly walked in from outside the hall. One of them carried an ancient sword, with white hair and a ruddy face, while the other wore a long green robe.

The ancient sword sect's great elder and the green spirit sect's sect leader!

Jiang Yu recognized the two of them at a glance. At that moment, his mind was buzzing like a Thunderbolt.

It's finished!

Brother ye is finished!

Both the ancient sword sect's great elder and the green spirit sect's sect leader were late-stage nascent soul cultivators, and they had broken through a hundred years ago.

In contrast to his despair, the city Lord of Zhaoge city, who was suppressed on the ground, was extremely excited. He struggled desperately against the restriction ye chen had placed on him, but it was to no avail.

The great elder of the ancient sword sect, Gu qiansui, swept his indifferent gaze across the entire scene. His gaze stopped on Shao Xing for a few seconds before it landed heavily on ye chen.

Even ye ku he, the sect leader of green spirit sect, was no exception.

Even though ye chen did not exude any energy, the two of them could still feel his extraordinary bearing and deterrence.

However, ye Chen's overly young appearance caused the two of them to be somewhat uncertain.

At that moment, Gu qiansui and ye Kuhe looked at each other. They both felt a trace of suspicion in each other's eyes.

In the end, it was Gu qiansui who stepped forward and said, "You are the one who killed my ancient sword sect's young master?"

Under his voice, everyone felt as if there was thunder in their minds, and they couldn't help but vomit blood.

Ye chen picked up a handkerchief and wiped his mouth. Then, he slowly looked up at him and said indifferently, "Yes, it's me!"

"You killed the young master of green spirit sect?" Ye Kuhe's expression was cold as he said in a cold voice.

"It was also me!"

Ye chen nodded slightly, then looked at the two with a hint of mockery. "You two want to avenge them? I'm afraid it's not enough for a late nascent Soul Stage cultivator. Go back and ask your two sects "divine transformation Realm Ancestors to come."

"Do you think you're worthy of meeting a divine transformation realm old ancestor?"

Gu qiansui's eyes were cold. He reached out his hand and grabbed ye chen. "Come back with me, junior. If you know what's good for you, you'd better not resist. Perhaps you'll suffer less."

"Mr. Ye!"

At that moment, Qin Cang and the rest couldn't help but cry out.

In their opinion, if the ancient sword sect's great elder were to take action, ye chen would definitely not be a match for him. Thus, they were both frightened and helpless.

"It's over. My Jiang family is finished too."

Jiang Yu's body went soft and he sat on the ground.

Xu Jiao and the rest could not help but sneer. "It's a pity. He has such cultivation at such a young age. His aptitude is extraordinary, but he doesn't know how to restrain himself. He deserves this."

"Brat, after this, I'll definitely skin you alive, pull out your tendons, extract your soul, and refine it. I'll make you wish you were dead!" The city Lord of Zhaoge city said resentfully.

In the face of Gu qiansui's large hand, ye chen said calmly, "I've already said that the two of you are not enough!"

After saying that, he used his fingers as a blade and drew a line in the air.

"Stab ..."

In an instant, a 10000-foot blade light appeared out of nowhere like a peerless Divine Blade. It whistled and cut Gu qiansui's body and nascent soul in half.

Deathly silence. The scene suddenly became deathly silent!

Countless people looked at this scene in a daze. The expressions on their faces were still the same as the previous scene.

He was the great elder of the ancient sword sect, a late nascent soul realm cultivator!

But now, he was killed by someone with a single saber move?

“This ... This ...”

At that moment, Jiang Yu, Qin Cang, and the others couldn't help but open their eyes wide, as if they had seen a ghost.

In the deathly silent Hall, everyone's eyes were fixed on the young man with white hair and black eyes, who had a normal expression.

“How is this possible?!!”

Ye Kuhe, the sect leader of the green spirit sect, was shocked. He could not believe what he was seeing. Then, a heavy thought suddenly flashed through his mind.

As soon as this thought appeared, he was so scared that he immediately trembled and said, “Soul formation divine Lord, you ... You're a soul formation divine Lord!!!”

As soon as he said that, the entire place fell silent!

Countless people's hearts were filled with shock like a stormy sea. When they looked at ye chen again, their eyes were full of fear.

The city Master of Zhaoge city was even more terrified.

Divine Lord of the divine transformation realm!

Qin Cang only felt a buzzing in his head. He looked at ye chen in a daze. “Mr. Ye is a soul formation divine Lord!!!”

Jiang Yu, on the other hand, smiled wryly. He could not help but think of the first time he met ye chen. When ye chen said that he was at the mid-stage of soul formation, he did not believe it.

Now, it seemed that ye chen had not lied to her.

As he thought of this, the clouds of doubt in his mind suddenly dissipated.

No wonder the Zhang family was destroyed by brother ye in an instant. No wonder brother ye still killed Gu Jinghong and his wife even after knowing their identities!

Because this was the dignity that a soul formation perfected Lord should have!

He suddenly quivered and shouted excitedly, “We're rich, our Jiang family is rich now. I actually know a soul formation divine Lord!”

Xu Jiao and the others beside him were already dumbstruck, and when they finally reacted, only endless regret remained in their hearts!

That was a soul formation perfected Lord!

If they had shown even the slightest bit of flattery just now, it would have changed the fate of them and the families behind them.

“Plop!”

Under everyone’s gaze, ye Kuhe, the leader of the green spirit sect, knelt heavily in front of ye chen and said in a trembling voice, “I didn’t recognize you, please forgive me, please forgive me!!!”

There was only one soul formation divine Lord in the green spirit sect!

“Forgive?”

Ye chen picked up his daughter and walked toward her step by step. The corners of his mouth curled into a mocking smile. “How do you want me to forgive you?”

Seeing his expression, the sect leader’s heart sank. He knew that the other party would not let him go. He gritted his teeth and crushed a talisman in his hand.

“Boom ...”

With a deafening sound, the void exploded, and an invisible vortex with a terrifying suction force directly sucked him in.

“A life-saving method given to you by a divine transformation realm cultivator?”

“You won’t be able to escape ...” Ye chen smiled faintly.

His figure flickered and he reached out his hand to grasp the void. He performed the innate Qi capturing technique and forcibly destroyed the other party’s teleportation power.

“Ah!”

The sect leader of the green spirit sect let out a blood-curdling screech. His physical body was crushed by the void on the spot, leaving only his astral body in ye Chen’s hand.

Ye chen gently held the other party’s astral body and was about to use the soul-searching technique.

At this time, a loud shout suddenly came from the void, “Fellow Daoist, please stop!”

Chapter 1322: those who submit will prosper, those who resist will perish!

As the voice fell ...

A waterfall-like elixir River gushed out from the heavens and earth, covering the sky and shaking the earth.

Upon hearing the old voice, the sect leader of the green spirit sect, who was already in despair, could not help but show a look of ecstasy, as if he had seen his Savior.

Under everyone’s gaze, a red elixir River rushed over. In the red elixir River, an old man in a red robe appeared. The old man’s long sleeves were in the air, and his white eyebrows were rolling in all directions. His immortal Qi was floating in the air, and his aura was vast.

“Patriarch green spirit!”

Someone exclaimed.

The rest of the people were in an uproar as if they had recognized that the person was the only soul formation divine Lord of green spirit sect, patriarch green spirit!

Just as everyone thought that patriarch Azure spirit would attack ye chen, the former cupped his hands at ye chen and smiled.””Fellow Daoist, let’s talk this out. Don’t be rash.”

When ye chen saw the other party’s appearance, not only was he not surprised, but the corners of his mouth curved into a smile.””What else do you have to say?”

“I am the patriarch of the green spirit sect. I hope that you will spare ku he’s life on my account.”

“After this, we, green spirit sect, will definitely compensate you,” patriarch green spirit said with a smile.

“Yes, I’m willing to compensate. I’m willing to compensate.”

The soul of green spirit sect’s sect leader nodded. It was not easy for him to cultivate to this point, and he had the hope of reaching the soul formation stage. If he died like this, all his hard work would be in vain.

“It’s not impossible for me to let this person go!”

Ye chen looked at the astral body of the sect leader of green spirit sect in his hand, then looked up at patriarch green spirit.”You have to agree to my three conditions.”

“Fellow Daoist ye, please speak.” Patriarch green spirit nodded and smiled, but he did not dare to speak too slowly. After all, people who had lived to this age were extremely heavy on karma.

“First, I want you to submit to me!” Ye chen said slowly.

The moment he said that, everyone was shocked and thought they had heard wrong.

The smile on patriarch green Spirit’s face gradually froze, and his expression darkened. He narrowed his eyes and said,””What’s the second?”

“Second, your Azure spirit sect offers one million spirit stones as a form of forgiveness for this man’s life,” ye chen continued.

A million spirit stones?

The corner of patriarch green Spirit’s mouth twitched, and his eyes turned cold.””What’s the third?”

“Third, I want to see the celestial envoy from the luoxia region.”

Ye chen stated three conditions in a row.

Everyone looked at him in disbelief, thinking that he was crazy. Even if he was a divine Lord, he shouldn’t have asked for such an exorbitant price.

The smile on patriarch green Spirit’s face was gone. His eyes narrowed into slits.”Fellow Daoist, are you sure you want to be so overbearing?”

“Those who submit to me will prosper, and those who resist me will die!”

Ye chen narrowed his eyes. “If you don’t obey, not only will this person die today, but you will also die!”

“Good, good, good!”

Patriarch green spirit said “good” three times.

With a wave of his long sleeve, a blood-red elixir River that was nearly 100 feet long appeared behind him. There were boiling flames surging in it, melting the void.

Ye chen looked at him with a half-smile. “Are you sure you want to fight me?”

“I can’t guarantee that I’ll be able to capture you, fellow Daoist.”

“Hehe!” Patriarch green spirit sneered. “But if fellow Daoist Gu is included, you will die today!”

“BOOM!!!”

As his voice fell, a sword light broke through the void and exploded on the flat ground like thunder in the day.

In the end, a black-robed boy wearing a lotus throne and overflowing with sword intent was revealed. Although the boy’s face was only in his teens, his sideburns were white, and his eyes were filled with black and white colors that made one’s heart palpitate.

“The ancient sword sect’s ancestor’s ancient god art!”

Jiang Yu blurted out when he saw who it was.

As soon as he finished speaking, everyone immediately sucked in a breath of cold air and their faces were filled with horror.

Another divine Lord!

“Patriarch green spirit is so old, but the ancient sword sect’s patriarch has a baby face,” someone said in a low voice.

“It’s said that when the ancient sword sect’s ancestor reached the end of his life, he was forced to reincarnate. The ancient sword sect disciples found his reincarnation and awakened his previous life’s memories in advance, which is why he still has a baby face ...”

Those who knew the situation whispered among themselves. However, before they could finish speaking, a gust of wind blew over and directly cut them in half.

At this moment, the entire place fell silent. No one dared to speak.

Patriarch green spirit looked at ancient God Tong expressionlessly. “Fellow cultivator Gu, you’re a bit slow!”

“Cut the crap and do it!”

The ancient God roared and sixteen strange characters shot out from his body. These sixteen strange characters turned into a huge golden sword that was more than ten feet long.

Strange golden runes were carved all over the body of the golden sword, and a terrifying power was emanating from it.

Patriarch green Spirit's pupils shrank slightly, then he looked at ye chen with a faint smile. "Fellow Daoist ye, it's not too late for you to kneel and surrender now!"

Ye chen shook his head slightly, seemingly disappointed. "Forget it, it seems that this ye can only use killing to force that celestial envoy to appear!"

The moment he finished speaking, a ten-foot-tall Golden Wheel appeared behind ye chen. His entire body turned into a golden rainbow that pierced through the sky and earth as he punched the sky.

The fist radiance was so bright that it illuminated the world.

"Not good!"

At that moment, the ancient sword sect's old ancestor, Gu Shen Tong, felt all the hair on his body stand on end. He could only feel the aura of death coming towards him.

"Quickly retreat!!!"

He instantly wanted to teleport away.

However, the next moment, he was horrified to find that the space around him had been sealed, like an iron wall that could not be broken.

"Bang!"

At that moment, the world exploded and the void collapsed.

Immediately after, the ancient god art let out a blood-curdling screech as its body exploded from the inside. Even its Zifu couldn't withstand the force and collapsed.

"No!"

Following that, an unwilling and horrified roar shook the surroundings.

The ancient divine arts exploded from head to toe. His corporeal body and primordial spirit were completely destroyed, and his soul was completely destroyed.

With a single punch, the ancient sword sect's patriarch, Gu Shentong, an early divine Lord and a person who stood at the peak of the sunset region, died!

In an instant, the entire world was deathly silent.

Everyone's expression was stunned.

They were soul formation divine Lords, not cabbages!

Without waiting for anyone to react, ye chen raised his eyes slightly. His indifferent gaze finally fixed on the great ancestor of the green spirit sect.

"Fellow Daoist ye, it's a misunderstanding ..."

Patriarch green spirit retreated in shock. He wanted to beg for mercy, but when he saw ye chen closing in, he could not help but kneel on the ground and say in a sharp voice, "I'm willing to submit, I'm willing to submit!"

He was completely scared out of his wits!

Where on earth did this fiend come from? even that vicious person from a while ago wasn't as terrifying as this person in front of him!

"Relax your mind and let me plant the primordial spirit imprint!" Ye chen said.

The old ancestor gritted his teeth and finally relaxed his mind. He felt as if a time bomb had been planted in his mind.

"Now, take me to the celestial envoy!" Ye chen said again.

Chapter 1323: Wind, fire, Thunder, lightning, and rain, the five great immortal envoys!

"Now, take me to see that celestial envoy!"

After saying this, ye chen picked him up and shot out, leaving the crowd still stunned.

"My fellow Daoist, no, you can't go."

The old ancestor of the green spirit sect struggled in his hands and seemed to be terrified. "If you go, we'll all die. You can't imagine what an immortal Messenger is."

"Why?"

Ye chen smiled coldly, seemingly mocking her. "Could it be that this immortal Messenger is really an immortal?"

"Since fellow Daoist has such terrifying cultivation ..."

With a wry smile, patriarch green spirit looked at him and said, "You must not be an ordinary person in the purple sky Realm. Why don't you know about this, immortal?"

Then, he seemed to have thought of something and his expression changed. He looked at ye chen again with shock. "You ... You're not from the purple sky Realm?"

Ye chen snorted coldly. With a thought, he immediately activated the brand he had planted in the depths of his primordial spirit.

"Ah!" Patriarch green spirit screamed.

"You have to understand the situation. Now, your life is in my hands. If you don't want to waste your thousand years of cultivation, you better be honest with me."

Ye Chen's eyes turned cold. "I'll ask you a question now. You'll answer it. You're not to hide anything."

"Yes, yes ..." Patriarch green Spirit's face was covered in cold sweat.

“Is there a place called the immortal’s Palace in the zicang field?” ye chen asked after some thought.

Patriarch green Spirit’s pupils shrank sharply as if he was hesitating. When he saw ye Chen’s cold eyes, he immediately nodded and said, “Fellow cultivator, the celestial Temple you mentioned is in the allheaven domain!”

As soon as she said that, ye Chen’s eyes glowed with a brilliant light. “As expected, I knew there was no problem with the formation ye Dongli left behind. It wouldn’t teleport us to another place.”

Patriarch green spirit looked at him and said carefully, “My fellow cultivator, everyone thinks that the four major immortal sects are the Supreme existences. Little do they know that above us is the immortal’s Hall, and the immortal’s Hall is the master of the purple sky Realm.”

“The immortal’s Hall has been established for countless years. It’s said that an immortal from the outside world came here and established this sect. They claim to be carrying out the immortal’s decree and patrolling the world on behalf of the heavens ...”

“An immortal descending to the lower realm?”

When ye chen heard this, he chuckled in disdain.

He used to be the master of the immortal world, and there were heavenly rules that restricted Immortals from descending to the lower realm.

Even if there were those who violated the heavenly rules and wanted to go to the lower realm, they could only ask the lower realm to prepare a physical body. The real body could not go to the lower realm at all. Otherwise, the lower realm would not be able to withstand the power of the rules of the real body and would collapse in an instant.

Moreover, the purple sky Field was at most a small world in the entire universe. It was just a drop in the ocean. Why would an immortal spend so much to incarnate into a lower realm?

Therefore, this so-called immortal Palace was very likely to have established a connection with the sects in the middle world.

With this in mind, ye chen could not help but glance at patriarch Azure spirit and said, “What’s the highest cultivation level of the person in the immortal’s Hall? Above the deity transformation stage?”

“Fellow Daoist, to tell you the truth, I have never seen anyone above the soul formation stage since I started cultivating.”

Patriarch green spirit did not dare to hide anything. “Even the messenger from the immortal Palace who guards the sunset region is only at the mid divine transformation realm.”

“Not above the soul formation stage?”

Ye chen frowned in disbelief. Then, he said, “Then why did the immortal Palace send immortal envoys to guard your sunset region and the other three major regions?”

“That’s just the immortal’s Hall being worried about us.”

Patriarch green spirit smiled bitterly. "The immortal's Palace was worried that we wouldn't be bound and would rise up to resist, so they sent three immortal envoys to guard the three major domains. They built the Tower of Heaven. The immortal envoys usually live in the Tower of Heaven, and the Tower of Heaven leads directly to the Luotian domain."

He then added, "The immortal Palace has five emissaries of wind, fire, Thunder, lightning, and rain, and the one guarding the sunset region is the Thunder immortal emissary."

"Thunder immortal Messenger ..."

Ye chen sneered. "You're just a mid-stage soul formation cultivator. You don't understand the laws of heaven and earth, let alone the rules of Thunder. How can you be called the Thunder immortal envoy?"

"The one guarding the profound yang domain is the fire immortal Messenger, while the one guarding the true sky domain is the wind immortal Messenger."

Patriarch green spirit explained patiently. Then, he seemed to remember something and said, "However, the wind immortal Messenger died a few days ago. Many sects in the true sky domain tried to rebel and set up their own territory. In the end, they were suppressed ..."

Wind immortal Messenger?

Ye Chen's expression froze. Then, he could not help but think of the emissary of the immortal's Palace he had killed in the ancient barren world. He secretly wondered if this person was the wind immortal emissary.

"One last question."

Ye chen took a deep breath and looked at patriarch green spirit. "I've heard that the Luotian territory will hold a wedding in seven days. What's going on?"

"Replying to my fellow Daoist."

"It's said that the young man from the immortal's Palace is about to hold a dual cultivation ceremony with a female cultivator," patriarch green spirit said immediately. "So, the immortal's Palace sent out invitations to the three regions to attend the ceremony."

Female cultivator?

Hearing this, ye Chen's eyes brightened and he hurriedly said, "What's the name of that female cultivator?"

"I'm not sure about that. "

Patriarch green spirit shook his head. "In fact, the news about this woman is rarely spread in the outside world. It seems that the immortal's Palace did it on purpose. We only knew about her when we suddenly received an order from the immortal envoy."

"It seems that the breakthrough is on this Thunder immortal Messenger!!!"

Ye Chen's eyes flickered a few times. Then, his mouth moved slightly, and the bones in his body cracked.

Then, under patriarch green Spirit's dumbfounded gaze, his appearance and temperament changed greatly. He had actually turned into the patriarch of the ancient sword sect, the ancient God Power.

Whether it was appearance, temperament, or even cultivation, they were exactly the same as the dead ancient god art.

If not for his daughter, Mengmeng, in his arms, patriarch green spirit would have suspected that the ancient Divine Art had been resurrected.

"My fellow cultivator, you ... You ..."

"What?" patriarch green spirit was shocked.

He also knew transformation techniques, but they were mostly illusionary and deceptive techniques. After all, if one wanted to truly transform into another person, it involved changing the structure of one's body. Even a soul formation cultivator couldn't do such a thing.

However, ye chen could do it.

He was not the only one. Even the cute little baby in ye Chen's arms stared at him with wide eyes."Daddy?"

"From now on, I'm the ancient sword sect's old ancestor, Gu Shen Tong. When we meet that celestial envoy, you'll have to listen to my orders!" Ye chen said with a calm expression.

"Alright!" Patriarch green spirit could only suppress the shock in his heart and nod heavily.

"Let's go!"

Ye chen waved his sleeve. Under patriarch Azure Spirit's lead, they turned into two Azure rainbows and flew toward the sky.

An hour later, the two of them entered the depths of the cloud-dream mountain range. In the middle of a Green Mountain Range, there was a black pillar that reached the sky.

This pillar was very large, and even though there were many mountains around it, they still seemed extremely small in front of it. This pillar pierced directly into the clouds, and there was no end to it, making people feel intimidated.

The two Azure rainbows landed on a mountain peak less than ten miles away from the black pillar. Ye chen and patriarch green Spirit's figures appeared.

Chapter 1324: Heaven reaching tower, Thunder immortal envoy!

Patriarch green spirit took a deep breath and looked at the black pillar in the distance."Fellow Daoist, that's the heaven reaching Pagoda!"

In fact, there was no need for him to remind ye chen. Ye chen had already seen it from ten miles away. A flash of surprise also appeared in his eyes when he saw such a strange building.

He was not in a hurry to spread out his divine sense. Instead, he turned around and asked, "The Thunder immortal's Messenger lives there?"

"Not bad!"

"Yes." Patriarch green spirit nodded slightly. "The celestial Ambassador has been living in the tower. He won't leave unless there's an urgent matter."

"This Thunder immortal Messenger seems to be cultivating Thunder Dharma."

Ye chen looked up at the black pillar that pierced through the clouds and smiled. "This pillar is engraved with lightning-attracting runes. It can attract the lightning in the void to temper the body and form Thunder crystals at the same time."

"Fellow Daoist's guess is correct."

Patriarch green spirit looked at him in surprise and explained, "Even the true sky domain's divine Thunder sect can't compare to the celestial Messenger's Thunder technique."

"Let's go!"

Ye chen said. Just as he was about to approach the heaven-reaching tower, he suddenly looked behind him as if he sensed something.

From there, two ghostly lights, one black and one red, swept over. At the same time, a slightly cold voice rang out, "Fellow Daoist Gu, fellow Daoist ye, I didn't expect you two to be faster than us."

As the voice fell, a man and a woman were revealed. The man's face was old, and his body was filled with dense Yin Qi.

Compared to him, the woman was only twenty-eight years old. Her beautiful eyes were full of emotion, and her every frown and smile could move one's heart.

The two of them were both at the early divine transformation realm.

Without waiting for ye chen to speak, patriarch green spirit took the lead and smiled without changing his expression. "So it's fellow Daoist thousand illusion from the all pleasure sect and fellow Daoist Luo from the sky ghost sect."

He was worried that ye chen would not know these two people and would be exposed, so he took the initiative to introduce them to ye chen.

"Hehe ..."

Fairy thousand illusions of all pleasure sect covered her mouth and laughed, then looked at patriarch green spirit with a coquettish look. "Fellow Daoist ye, I heard that the young master of your green spirit sect died in Zhaoge city. Is it true?"

"I've also heard that one of brother Gu's disciples died in Zhaoge city." The sky ghost sect's patriarch also looked at ye chen.

"It's just a rumor,"

“The four major sects are suppressing the sunset region. Who would dare to make an enemy of us?” ye chen said with a calm expression.

“Yes.” The sky ghost sect’s patriarch nodded slightly. “That’s true. It seems like there’s a mistake in the information.”

Patriarch green Spirit’s eyes flickered and he asked, “I wonder why fellow Daoist thousand illusion and fellow Daoist Luo have suddenly come here?”

He was feeling uneasy. Once ye Chen’s identity was exposed, the two of them would be besieged by the two people in front of them and the celestial envoy.

“Giggle ...”

“The celestial Messenger just sent an order,” fairy qianhuan chuckled, “saying that a mysterious expert has broken into the heaven reaching Pagoda, so he summoned us here.”

Then, she looked at ye chen and su lingyue in surprise. “What’s wrong? Could it be that fellow Daoist ye and fellow Daoist Gu didn’t receive the immortal envoy’s decree?”

“A mysterious expert barged into the heaven reaching Pagoda?”

Ye Chen’s eyes flickered imperceptibly. He said calmly, “We didn’t receive it. The reason why we came is to discuss the details of the Grand wedding with you, master celestial envoy.”

He suspected that this mysterious expert might be ye Wushuang and Blackie. After all, before this, he had secretly ordered the two of them to find the whereabouts of the heaven reaching tower.

“I see. Let’s go then.”

The sky ghost sect’s patriarch nodded slightly. With a flash of his body, he took the lead and shot towards the heaven reaching Pagoda.

On the other hand, when fairy qianhuan’s beautiful eyes swept over Mengmeng in ye Chen’s arms, she suddenly brightened. “Ya, which family’s little girl is this? she’s so beautiful.”

After saying that, she actually took a few steps forward and reached out to touch the little fellow, but the little fellow dodged her.

At that moment, patriarch green Spirit’s heart sank. However, he heard ye chen laugh. “This is my new disciple from Zhaoge city. I saw that her bones were amazing and that she was quite talented. That’s why I liked her.”

“I didn’t expect that fellow Daoist Gu with a heart of stone would also have such a gentle side.”

The former chuckled and said, “fellow Daoist Gu, I like this girl very much. Why don’t you give her to me? I’m willing to exchange her for ten golden core virgins.”

“What?” patriarch green spirit was shocked.

Ten female cultivators in the Golden core stage?

He was too generous!

Ye Chen's gaze turned cold, then he shook his head and smiled. "You must be joking, fairy qianhuan. I've found a successor with great difficulty, so I won't give up on him no matter what."

"What a pity ..."

Fairy qianhuan shook her head in regret. A strange light flashed in her eyes, but it quickly disappeared.

Ye Chen had seen all of her changes.

Ye Chen sneered to himself. This woman must have discovered something. However, he was not afraid. As long as she dared to say it, Ye Chen could kill her in an instant.

"You two, don't be late. Let's go."

Patriarch Green Spirit smiled. He knew that too many things would change if he continued talking, so he immediately ended the conversation and shot toward the heaven-reaching Pagoda with Ye Chen.

As soon as the two of them got within a one-mile radius of the Sky Tower, they noticed the sounds of fierce fighting coming from the forest below, and there were also faint waves of fierce beast roars.

"BOOM!"

With a deafening sound, the surging sword essence intertwined with the lightning and destroyed everything within a one-mile radius.

After the terrifying fluctuations dissipated, two figures were first revealed on the ground.

A purple-robed young man Bathed In Lightning was looking at a white-robed young man less than a thousand feet away from him with bloodthirsty eyes.

The white-robed youth's sleeves flapped in the wind. His expression was cold, and his entire person seemed to have transformed into the most terrifying sword in the world.

On the other side, there was a black water dragon that was more than twenty feet long. It was about to engage in an intense battle with the Sky Ghost Sect's patriarch.

However, the black water dragon seemed to be injured and was not a match for the Sky Ghost Sect's patriarch.

"It's these two kids."

Ye Chen's eyes narrowed. He did not expect Ye Wushuang and Little Black to find the Tower of Heaven before him.

Then, his eyes fell on the purple-robed young man. He squinted his eyes and said, "Mid-Divine Transformation Realm, is he the Thunder Immortal Messenger?" he asked.

"My Lord!"

At the same time, Patriarch Green Spirit and Fairy Thousand Illusion were also shocked, as if they could not believe what they had just seen.

"Who are you?"

Seeing the arrival of patriarch green spirit and the others, the purple-robed young man stared at ye Wushuang with a gloomy look and said coldly, ""Why have I never seen you before?"

Just now, when he was in closed-door training, he suddenly noticed ye Wushuang who was investigating the heaven reaching Pagoda and the two of them fought.

As the Thunder immortal Messenger who was in charge of the sunset region, he thought that his cultivation was the best in the sunset region. Neither patriarch green spirit nor the patriarch of the ancient sword sect was his match.

However, he was no match for the young man in white who was only seventeen or eighteen years old, especially when the young man's comprehension of the way of the sword was something he had never heard of.

If the sky ghost sect's patriarch had not arrived in time, he would probably have died here today.

Chapter 1325: capturing the Thunder immortal Messenger of the immortal Palace!

In fact, he was not the only one. Even the patriarchs of the sky ghost sect, patriarch green spirit, and the others did not know ye Wushuang and Blackie.

Only patriarch Azure spirit seemed to remember something. He glanced at ye chen without a word, a faint trace of horror flashing in his eyes.

"You want to know who I am?"

Ye Wushuang looked at him with a calm expression, ""Sure, take one of my sword strikes. If you don't die, I'll tell you!"

"You're looking for death!"

The purple-robed young man's eyes turned cold, and he said, ""After I capture you, I'll use the soul-searching technique and you'll know everything,"

Then, he suddenly turned to ye chen and the others. "Ancient sword sect ancestor, I'm ordering the three of you to help me capture this child. I'll definitely reward you heavily after this!!!"

"Alright!"

Without waiting for ye chen to speak, fairy qianhuan's face lit up with joy. She turned into a rainbow and charged toward ye Wushuang.

Seeing that the two of them were not moving, the purple-robed young man immediately shouted, ""Ancient sword sect's forefather, what are you two still standing there for? Are you two going to disobey my orders?"

"Great Messenger, don't panic. We'll come and help you!"

Ye chen smiled and took a step forward. He landed directly in front of fairy thousand illusion, followed by patriarch Azure spirit.

“What are you waiting for?” the purple-robed Youth urged again.

“Do it!”

Ye Chen glanced at patriarch Azure Spirit, then suddenly turned around. He put his fingers together like a knife and a bright blade ray suddenly condensed, cutting through the void and slashing at the former.

At that moment, patriarch Green Spirit and Fairy Thousand Illusion also took out their spiritual treasures and attacked the purple-robed young man with killing intent.

“Swish ...”

As the blood splattered, an arm was flung into the air. The purple-robed young man flew backward and spat out blood. He glared at Ye Chen and the other two with anger.

He had never thought that the three good-for-nothings who used to be so respectful to him would dare to betray him!

“Are you guys thinking of rebelling?!”

This sudden scene also shocked Ye Wushuang and the sky ghost sect’s patriarch, who was fighting Blackie.

The sky ghost sect’s patriarch even shouted, “Fellow Daoist Ye, fellow Daoist Qianhuan, fellow Daoist Gu, are you crazy?!”

The Lord Immortal Envoy was high and mighty.

“Daoist Gu?”

Ye Chen could not help but smile coldly when he heard this. He then said, “Look at who I am, you two!”

Under their gazes, Ye Chen’s face and body were changing at a speed visible to the naked eye. He had changed from an ancient divine power to an unfamiliar face.

“Who are you?!”

At that moment, the sky ghost sect and the purple-robed young man were both shocked and stared at Ye Chen.

“Who am I?”

Ye Chen chuckled and his eyes fell on Ye Wushuang and Little Black. “One of them calls me big brother, and the other calls me master!”

As soon as these words came out, the entire place was silent.

The purple-robed young man was the most shocked. He knew Ye Wushuang’s strength, and now he had another big brother.

“Big brother!”

Ye Wushuang slowly walked over and a smile appeared on his cold face, “I originally wanted to capture this person and bring him back to you. I didn’t expect you to come so quickly.”

“It’s fine!”

Ye chen shook his head and could not help but look up at the hehuan sect’s ancestor, fairy thousand illusion, who was beside patriarch green spirit.

“I can understand that patriarch green spirit was forced by me to help me.”

As he said this, a look of confusion flashed in his eyes. What this ye is curious about is, you’ve clearly seen through my identity, so why do you still want to help me?”

“Because you’re the person master mentioned.”

Fairy thousand illusion smiled slightly, but her smile was a little strange.

“Master?” Ye chen could not help but frown.

Then, under everyone’s gaze, fairy thousand illusion slowly opened her mouth, revealing two fangs.

Seeing this, the sky ghost sect’s patriarch’s eyes were filled with disbelief.”Fairy qianhuan, you ... You ...”

Even patriarch green spirit was shocked. Then, as if he had thought of something, he suddenly looked at fairy thousand illusion and said,“”You ... You were bitten by that vicious person?!”

Even the purple-robed young man’s expression changed.

“A murderer?” fairy qianhuan reverently asked. Master gave me the power of eternal life and the appearance of an immortal. In my heart, I am no different from a God. ”

Ye chen stared at him.”The one who bit you was a man in a Black Dragon robe. Is he a zombie?”

“Not bad.”

“Master told me exactly what you said. Before he left, he told me that if I were to meet you, I could lend you a hand at a critical moment,” fairy qianhuan said without hiding anything.

“It’s indeed the Jiao!”

Upon hearing this, even though ye chen had been mentally prepared, he could not help but be shocked.

Yi had made a big move in the forbidden Sea and then disappeared mysteriously. Unexpectedly, he had come to the purple sky Realm before him.

Thinking up to this point, he couldn’t help but think of the brutal man carrying coffins that the Qin clan’s clan head, Qin Cang, had mentioned.

This person must have been terrified.

At this time, an extremely shocked voice suddenly came from the side,“”I know. I know that you’re rebels from the lower realm of the ancient barren world!”

The purple-robed young man’s eyes were fixed on ye chen and the others. The fear on his face had reached its peak.

The next moment!

His right hand formed a seal and he pushed forward.

“BOOM!”

With a loud noise, a black crack appeared in the void, and then wrapped towards him at an extremely fast speed.

At the same time, the purple-robed man’s body moved and he sped toward the black crack as if he wanted to escape.

He knew very well that he was no match for ye chen.

Because the immortal Palace had sent an order that the wind immortal Messenger had died in the ancient barren world.

The sudden scene shocked patriarch green spirit. “Fellow cultivator, this is the secret technique of the immortal’s temple. We can’t let it escape back to the immortal’s temple!”

“Do you think you can escape?”

Ye Chen’s lips curled into a sneer. Then, he reached out a hand and the entire sky seemed to be covered by an invisible hand.

“Spin!”

The purple-robed young man stepped into the crack and shouted with all his might, trying to speed up the activation of the secret technique.

However, at this moment, an incredible suction force came from behind him. As soon as this suction force appeared, the purple-robed young man felt as if his soul was about to be sucked out of his body.

“No!”

He roared in anger and tried to resist.

“Come back!”

Ye Chen’s lips curled into a thought-provoking smile. He bent his five fingers and forcibly took it.

Without waiting for him to struggle, he pointed at the former’s dantian and instantly destroyed his cultivation. Then, he forcefully planted a restriction on his body.

In just a few short breaths, the extremely powerful Lord immortal envoy in the eyes of patriarch green spirit and the others was suppressed by ye chen.

“He’s too strong!!!”

Patriarch green spirit gasped.

The sky ghost sect’s patriarch was shocked to death.

At this moment, ye Chen’s cold gaze fell on him.

The sky ghost sect's patriarch shuddered and knelt on the ground. "Senior, I'm willing to surrender, I'm willing to surrender!!!"

Chapter 1326: Su Yuhan!

At the highest point of the heaven reaching tower, there was a purple-gold Hall. It was surrounded by mysterious Thunder patterns, and it faintly emitted a heart-palpitating power.

Ye chen sat on the high platform and looked expressionlessly at the Thunder immortal envoy of the immortal's Palace who was suppressed on the ground.

Around it stood ye Wushuang, patriarch green spirit, and the others, as well as the sky ghost sect's patriarch, who had asked ye chen to plant his primordial spirit imprint.

"Foolish lower realm Renegade, you'd better let me go!"

The Thunder immortal Messenger of the immortal's Hall glared at ye chen with a venomous gaze. "Otherwise, when the experts of My Immortal's Hall arrive, you'll suffer a fate worse than death!"

He had never expected ye chen to be a rebel from the ancient barren world. Moreover, his cultivation base was even more terrifying than the decree from the immortal's Hall.

Before this, he was one of the five great immortal messengers of the immortal's Hall, with a mid divine transformation realm cultivation base, and he suppressed everyone in the sunset region.

Now, ye chen had crippled his cultivation base and planted a seal on his body. How could he not be angry? however, besides anger, there was also a trace of fear.

"You still dare to boast shamelessly when you're about to die!"

Blackie grinned and walked over to slap him. Half of his face caved in.

Ye chen raised his hand to stop little Black's actions and looked down at Thunder immortal emissary. "To me, you're nothing but an ant. If you don't want to die, cooperate with me and I might give you a chance to reincarnate."

"Bah!"

As if he had heard something funny, Thunder immortal Messenger sneered, "Now that I've fallen into your hands, I'm not as good as you. But don't you think I'll betray the immortal Palace?"

"Is that so?"

"Oh," ye chen replied, then glanced at Blacky.

Blackie immediately understood. It walked over and twisted the remaining arm of Thunder immortal Messenger into a twisted shape. "Are you going to tell me or not?"

"Ah!"

Thunder immortal Messenger immediately screamed, but he still didn't show any signs of letting go.

“Still not going to tell me?”

Blackie’s eyes turned cold. It lifted him up in the air and then threw him heavily on the ground.

“Bang!”

Thunder immortal Messenger’s legs smashed into the ground, deeply embedded in the ground, revealing Scarlet blood.

However, the latter’s expression was still ruthless.

Seeing this, little black was also a little angry.

At this moment, fairy qianhuan suddenly stepped forward and said, “Lord ye, it’s useless. They were adopted by the immortal Palace since they were young, and their loyalty to the immortal Palace was instilled in their minds. It’s impossible for them to betray the immortal Palace.”

“So he was brainwashed!”

Hearing this, ye Chen’s eyes flashed with a look of realization, then he shook his head. “I wanted to give you a chance, but since that’s the case, don’t blame me.”

As soon as he said that, Thunder immortal seemed to realize something. His face suddenly changed, and he hurriedly said, “What do you want to do?”

Ye chen reached out and grabbed it from a distance. Then, he pointed at the area between the man’s eyebrows and forcibly pulled the man’s primordial spirit out.

“What are you doing?!”

Thunder immortal Messenger’s essence spirit was terrified.

If ye chen had tortured him in all kinds of ways, he might still have some confidence because he knew that the more ye chen acted this way, the less likely he would die.

“I’ve learned a spell called the three nethers soul refining spell!”

Ye chen gently held his primordial spirit and said indifferently, “This sacred art can refine the spirituality of your primordial spirit, and the memories in your mind will be absorbed by me as the purest form of energy ...”

After saying that, two golden flames danced in his eyes.

In an instant, the two golden flames burst out of his eyes and tightly wrapped Thunder immortal Messenger’s primordial spirit like two fluorescent lights.

“What is this?!”

Thunder immortal Messenger immediately felt his vital spirit burning as if his soul was about to fly away. He said hurriedly, “Stop, stop! I’ll talk, I’ll talk!!!”

“Hu!”

Ye Chen was not in a hurry to recall the two golden flames. He looked at the dispirited spirit and said, "First, what is the name of the female cultivator in the upcoming wedding in your immortal Palace?"

"

"Su, Yuhan!" Thunder immortal Messenger screamed.

"BOOM!"

Almost at the same time, a surge of murderous intent surged out of Ye Chen's body. The power almost collapsed Thunder immortal Messenger's primordial spirit.

"Plop! Plop! Plop!"

At the same time, be it patriarch green spirit or the sky ghost sect's patriarch, they were both suppressed to the ground by this power. They were extremely shocked.

After a moment, the killing intent disappeared. A slightly hoarse and excited voice slowly came out of Ye Chen's mouth, "It's indeed Yuhan!!!"

Even Ye Wushuang beside him was extremely excited, "Big brother, it's really sister-in-law!"

Little Black's eyes were slightly red.

He knew Su Yuhan's position in Ye Chen's heart the best. The latter had rushed from earth to the ancient barren world in order to find his mistress, and then from the ancient barren world to the purple sky World.

As Ye Wushuang's voice fell ...

Thunder immortal looked at Ye Chen in disbelief. "What did you just say? The lightning immortal is your ... Your woman?"

Ye Chen's eyes locked onto him, seemingly shocked. "You're saying that Yuhan is the lightning immortal Messenger of your immortal Palace?"

Thunder immortal Messenger's eyes flickered a few times, as if he was in a dilemma.

"Refusing a toast only to be forced to drink a forfeit!"

Ye Chen snorted coldly and re-activated the three nethers soul refining technique.

"I'll talk, I'll talk!"

Thunder immortal Messenger screamed and said in a sharp voice, "That's right. Fairy Su is one of the five great immortal envoys of our immortal Palace, the rain immortal envoy."

"How did Yuhan become the rain immortal Messenger of your immortal Palace?" Ye Chen narrowed his eyes and asked again.

"I didn't know!"

Thunder immortal Messenger said with a terrified expression, "the five great immortal messengers of our immortal Palace have been trained by the immortal Palace since they were young. It turned out that the rain immortal Messenger was a man. Later, fairy su suddenly appeared in our immortal Palace and rained on Thunder immortal Messenger. That's why she became the new rain immortal Messenger."

"When did Yuhan appear in your immortal Palace? And who brought him to the immortal's Hall?"

"She appeared in our immortal Palace about two years ago," Thunder immortal Messenger said. "But we really don't know her background."

At this point, he seemed to have thought of something and added, "However, fairy su seems to be related to the master of the immortal Palace. That's why we don't dare to offend fairy su in the immortal Palace."

"The master of the immortal Palace?" Ye chen frowned.

At this moment, the green spirit sect's patriarch stepped forward and explained, "Fellow Daoist, there are five halls in total in the immortal Palace. They are wind, fire, Thunder, lightning, and rain. Each Hall has a Hall Master who is unfathomably powerful. All five halls are under the control of the hall Master."

So it was like this.

Ye Chen's eyes flashed imperceptibly.

There were five palaces in the immortal Palace, one master, five Palace Masters, and five emissaries. The emissaries alone were all at the mid divine transformation realm.

Then, what was the cultivation of the hall Master?

And the master of the immortal Palace!

Late divine transformation realm? Or was he at the great circle of the soul formation stage?

Chapter 1327: Ye Chen's second child!

With this in mind, ye chen could not help but look at Thunder immortal's primordial spirit and said in a trembling voice, "Before I left Yuhan, she was ... Pregnant. It's been almost two years, could she ... Could she ..."

Before that, he was most concerned about su Yuhan.

Now that he knew su Yuhan was fine, he was relieved and thought of his child.

A boy!

Before this, he had already learned from ye Wen and his second uncle that the child in su Yuhan's arms was a boy.

Now, two years had passed.

According to normal logic, the child should have been born by now, right? Perhaps he was already a year old.

He subconsciously hugged his sleeping daughter tightly in his arms, feeling very uneasy.

That was ye Chen's second child in this world.

As soon as he finished speaking, even ye Wushuang and Blackie couldn't help but look at Thunder immortal with apprehension in their eyes.

Thunder immortal looked like he wanted to say something, but he stopped.

Ye Chen's heart sank when he saw this. He immediately shouted, "What's wrong with my child?"

He was afraid to hear any negative news from the former. Even if it was just a little bit, it would be hard for him to bear.

Seeing that ye Chen was also about to use the three nethers soul tampering technique, Thunder immortal envoy's primordial spirit trembled violently and immediately said, "Your child is not born yet."

"Impossible!"

Blackie interrupted him. "The mistress has been separated from us for almost two years. Do you think she can be pregnant for two years?!"

"Fairy su was already pregnant when she first came to our immortal Palace," Thunder immortal Messenger said hurriedly. "She has been pregnant until now. Her belly is getting bigger day by day, but there is no sign of labor ..."

At the end of his sentence, he was afraid that ye Chen and the others would not believe him, so he said with a terrified expression, "I'm telling the truth!"

"Still not being honest!"

Blackie's eyes turned cold.

Ye Chen waved his hand to stop him. The corners of his mouth curled up into a smile that did not know whether to laugh or cry. "Yuhan is pregnant with Nezha for me ..."

The normal logic was that a woman would give birth after ten months of pregnancy. Of course, this was not fixed. There were premature and late births.

However, two years of pregnancy meant that she had not given birth in 24 months. If she were to be placed on earth, it would definitely cause a sensation.

However, this was all too normal to ye Chen.

Before he separated from su Yuhan, he had taught her how to cultivate, and it was difficult for cultivators to produce offspring.

Even if it was pregnant with life, it could not be predicted with common sense. The fetus would have self-awareness in the mother's womb. They knew when they should be born and when they should not be born.

“Nezha ...”

Blackie didn't know whether to laugh or cry.

“This little rascal, he's ruining his mother ...”

Ye chen gritted his teeth slightly and said somewhat anxiously, “When I see you, see if I don't beat your ass until it's like a fairy scattering flowers!”

Thinking of this, he took a deep breath and looked at Thunder immortal, “What about my brother ye Xing? What about the girl named Qianqian and the Mad Daoist you captured?”

“I don't know about that!”

Thunder immortal Messenger smiled bitterly. “My Lord, we are just messengers of the immortal Palace. We may seem very impressive to outsiders, but in the end, we are just dogs of the immortal Palace. We have very few secrets ...”

Seeing that his expression did not seem fake, ye chen muttered to himself and said, “Who wants to marry my woman?!!”

Su Yuhan would never betray him!

Ye chen had no doubt about the former's loyalty. Otherwise, su Yuhan would not have waited for him bitterly during the five years he had disappeared.

The only explanation was that su Yuhan was forced to do this. Otherwise, she wouldn't have agreed to it.

He really wanted to know who would be so bold as to covet his woman!

Thunder immortal Messenger's expression changed slightly, and then he smiled bitterly, “It's our immortal Palace's Qi Huang, Lord Qi.”

“Who is Qi Huang?” Ye chen said.

“My Lord!”

The sky ghost sect's patriarch stepped forward and said, “Qi Huang is the son of the master of the immortal's Hall, Qi Daolin. He is also the number one prodigy of the immortal's Hall ...”

Before he could finish, he was interrupted by patriarch green spirit. “It's said that he has a mutated lightning spiritual root and reached the mid divine transformation realm in less than 1000 years. He's known as the number one genius in the purple sky Realm!”

The sky ghost sect's patriarch was furious. He gritted his teeth and looked at patriarch green spirit. “You're good, old man green spirit. I've always said that you're cold and aloof, but now you're fighting for my favor like a dog.”

After saying that, patriarch green spirit gave the former a proud look. “Little brat, this old master was already proficient in this when I was still an alchemy boy, otherwise how could I have today's achievements?”

“The son of the master of the immortal Palace?”

Ye Chen could not help but sneer. “A mere mid-stage soul formation cultivator dares to have ideas about my woman. Not bad!”

“My Lord, you can’t underestimate this person ...”

The sky ghost sect quickly seized this opportunity to curry favor.

At this time, a loud voice exploded in his ear, “My Lord, although Qi Huang is at the mid divine transformation realm, no one in the same realm as him is his match. I heard that even the four mid divine transformation realm messengers of wind, fire, Thunder, and lightning were no match for him.”

It was patriarch green spirit.

The sky ghost sect’s patriarch almost vomited blood.

As soon as he said this, Ye Wushuang, who was originally calm, also became serious.

He could not help but look at Ye Chen. “Big brother,” he said, “this person can suppress four mid-stage soul formation cultivators. I’m afraid he’s quite extraordinary.”

“His combat strength is equivalent to a late-stage soul formation cultivator?”

Ye Chen smiled and looked at Ye Wushuang. “It’s not difficult for me to kill this person. Can you do it?”

According to patriarch green Spirit’s explanation, his only opponents were the five temple Masters and the master of the immortal temple. The others were no match for him.

Ye Wushuang thought for a few seconds and said, “I can’t kill him within 100 moves, but after 100 moves, he’ll die without a doubt!”

Patriarch green spirit and the others almost cried out in shock.

Did he have to be so arrogant?

However, Ye Chen nodded slightly. After Wushuang’s fortuitous encounter in the forbidden Sea, his combat power was now unrivaled among those in the same realm. However, if he wanted to fight against a late-stage soul formation cultivator, he would have to see how many tricks the other party had up his sleeve.

After all, he was the incarnation of the sword spirit. He didn’t cultivate Zhen Yuan or Zhen Qi. He walked the path of the sword and purely relied on sword intent. The way of the sword was about going forward and being indomitable. Of course, the disadvantage was that it was easy to break if it was too hard.

Thinking of this, Ye Chen looked at Thunder immortal again and said, “One last question, where did the man with the zombie physique go a few days ago?”

After saying this, he looked at the all pleasure sect’s ancestor, fairy Qianhuan, who had never spoken. As Yi’s servant, she must know some of Yi’s whereabouts.

Thunder immortal Messenger was stunned at first. Then, he seemed to remember something and said, "This person is very lawless. He plundered all the way from the sunset region. The three major regions can't stop him at all."

Chapter 1328: Damn old man, why aren't you here yet!

Hearing his words ...

Patriarch green spirit and the sky ghost sect's patriarchs twitched their lips. They clearly hated the Christian Church.

They would never forget the day when that fellow directly came to the sect to challenge them. He either exterminated the sect or obediently handed over all kinds of medicinal pills and spiritual medicines.

The four major cultivation sects had all been kicked out by him. At first, they were not convinced, but after the referee made his move, the four major sects could only admit defeat.

"Why would he want to plunder?" ye chen asked in surprise.

After all, Gu had the body of a zombie and was a natural existence, so they didn't need medicinal pills and herbs.

Suddenly, a thought flashed through his mind. "Could it be that the Gu is for his Dharmakaya to use?"

As if to verify his guess, he heard Thunder immortal Messenger say, "This person was carrying a black coffin on his back at that time. Every time he plundered spirit stones and elixirs, he would throw them all into the coffin."

At this point, his expression was a little strange. "It seems like someone is talking to him in the coffin. There's even the sound of an argument ..."

As expected!

Hearing this, ye Chen's eyes narrowed.

It seemed that the one in the black coffin was his Dharmakaya. However, the products of the two first emperors turning one into Three Pure Ones seemed to have a disagreement.

To put it bluntly, the evil body and the Dharmakaya were not convinced by each other.

At this moment, the sky ghost sect's patriarch smiled bitterly and said, "That's not all. The murderer also led a group of experts to plunder the three major regions."

"A group of experts?"

Ye chen was stunned at first, then he narrowed his eyes. "It looks like these people are the strong practitioners of the emperor's throne realm who have awakened from the forbidden Sea."

"What happened after that?" he asked.

“Not only did he Rob the three domains, but he also brought people to the Luotian domain to Rob us,” the Thunder immortal Messenger said. “In the end, he forced us to take action.”

“At that time, three late-stage soul formation realm Hall Masters of our immortal’s Hall were dispatched, but two of them were killed by him in a row, and one of them was even sucked dry of blood and turned into his slave ...” He took a deep breath and said.

“He’s become stronger again!”

Ye Wushuang’s eyes suddenly focused.

Ye Chen’s expression turned serious. “After killing two late-stage soul formation cultivators in a row, he has indeed become stronger. If he’s given more time, he might turn into a kun!”

In the East Sea, there was a beast named kun. It could eat the brains of Dragons, fly in the sky, and burrow underground. It was abnormally fierce. Every time it fought with a Dragon, it would spit out divine fire and burn everything!

“Then,” Thunder immortal Messenger continued, “it was said that the master of the immortal Palace fought with him. We don’t know what happened next.”

“The only thing we know is that more than half of that man’s subordinates were killed by us,” he continued. “Only a few of them escaped with serious injuries. We all guessed that the man was killed by the master of the immortal’s Hall.”

“Kill the kun?”

Ye chen chuckled but did not believe her.

Based on his understanding of the Christian Church, he would not have come to the Luotian territory to pluck the beard of the immortal Palace if he was not confident.

But then again, the Holy See was really lawless, stirring up trouble everywhere. If it were an ordinary person, they would have died many times over.

Seeing that he didn’t say a word, the Thunder immortal Messenger couldn’t help but say in fear, “Sir, I’ve told you everything I know. Please spare my life and let me reincarnate.”

Although his body was destroyed, his origin soul was still there. As long as he had a suitable cultivation furnace, he could take over a body to re-cultivate. Although re-cultivating was difficult, it was better than death.

Even if there were legends of reincarnation, who could guarantee that they would be a pig or a dog in their next life? even if they were reincarnated as humans, they would not be able to embark on the path of cultivation without spiritual roots and memories of their previous lives.

Ye chen looked at him quietly, his eyes gradually turning cold. “I don’t think there’s a need for you to exist anymore.”

“No, my Lord, please spare me ...”

The Thunder immortal Messenger begged.

“My Lord, I don’t think we can kill him yet!” Fairy qianhuan suddenly said.

Ye chen immediately looked at her.

The former braced himself and said, “this man is an emissary of the immortal’s Hall. He must have a soul token in the immortal’s Hall. If he dies, the soul token he left in the immortal’s Hall will crack. We will alert the enemy.”

“That’s right, my Lord. Fairy qianhuan’s words make sense.” Even the patriarchs of the green spirit sect and the sky ghost sect nodded in agreement.

“Fine, I’ll spare your life for now.”

Only then did ye chen retract his killing intent. “If you want a chance to reincarnate through possession, you’ll have to be as obedient as you were just now.” He said.

The Thunder immortal Messenger nodded with relief.

“Good, then let us be on our way!”

Ye chen sealed her primordial spirit and flew out in a flash. He looked at the black pillar that reached the sky. “This time, I’m going to flatten the entire Luotian domain and make the immortal’s Palace bleed ...”

.....

In the clouds, there was a light screen that covered the sky, and a terrifying spatial power was faintly coming from it.

“My Lord, this is the wondrous aspect of the heaven reaching Pagoda.”

Patriarch Azure spirit respectfully introduced him to ye chen, “This enchantment has been set up in the other two domains. It can lead directly to the Luotian domain and prevent people from the other two domains from coming to the luoxia domain without permission.”

Ye chen carried his daughter and walked to the light curtain barrier. After examining it for a while, he raised his right hand and immediately shot out a restriction shadow toward the light curtain barrier.

“BOOM!”

With a loud noise, a crack slowly opened in the huge light curtain boundary, like a scene of snow melting from the middle.

“Let’s go!”

Ye Chen’s figure changed rapidly and finally turned into Thunder immortal envoy. When the sky ghost sect’s patriarch and the others saw this, they were still shocked.

His figure flickered and he immediately jumped in with his daughter in his arms. His heart was in turmoil. “Yuhan, I’m here. Our family will be reunited soon.”

.....

At the same time, in the Luo Tian territory.

In the depths of a purple bamboo forest surrounded by spiritual mist, there was an elegant and unique small courtyard with green tiles. The bamboo forest in the garden seemed to grow at will, but there was a hidden mystery.

At the base of every bamboo forest, there were hidden the base of a formation. The thousands of bamboo forests formed a cage-like World of formation.

At that moment, there was a thin woman with a cold temperament sitting cross-legged in the garden. She seemed to be one with her surroundings.

The woman was dressed in white and had long hair that flowed like a waterfall. Her beautiful face was like that of a celestial being. If one looked closely, one would discover that her lower abdomen was protruding. She was clearly pregnant.

A moment later, the woman spat out a mouthful of blood. Her face suddenly turned extremely pale and her aura became dispirited.

“Of the 36000 formations, I’ve already comprehended 35990 of them. Why can’t I comprehend the last one ...”

The woman looked up at the bamboo forest in front of her, and a trace of lovesickness appeared in her beautiful eyes. “To break out of the cage and return to nature ...”

“I’m useless, I’m useless ...”

She held back her tears and looked at the ring on her finger with a sad and beautiful face. “Ye chen, where are you ...”

The yearning in her eyes grew stronger and stronger.

The more her heart ached!

The memories of her meeting ye chen had appeared in her mind countless times. This was also the motivation that kept her going.

“Ye chen, I might not be able to wait for you ...”

In the end, she could not hold back the tears in her eyes and they slowly flowed down, wetting her clothes. “Maybe I’ll be dead by the time you come ...”

Thinking of this, she gritted her teeth and touched her protruding abdomen with her hand. “Child, when are you going to be born? I know you can understand me.”

“I’ll give you seven more days. If you’re not born, you’ll disappear with me ...”

As soon as she finished speaking, her Phoenix eyes could not help but narrow, and then she revealed a painful expression, as if she had been kicked by the fetus in her belly.

“Damn father, mother has already sent me a death notice. If you don’t come, your son will really die before he is born ...”

A baby voice came from the woman’s stomach. If the woman heard this, she would be shocked.

“This vicious woman!”

“It’s not that I Don’t Want to Be Born, but that old fellow surnamed Qi has been coveting me. Once I’m born, it’ll be a disaster for mom ...”

“Damn old man, why aren’t you here yet?”

“Mom’s crazy. She’s using her life force to comprehend the formation in an attempt to escape. But doesn’t she know that once her life force is exhausted, she won’t be able to escape death ...”

“Sigh, I’m not even born yet, and I have to stick to my mission of protecting mom. It’s not easy for me ...”

The more the childish voice spoke, the more excited it became. Then, as if it had sensed something, it suddenly burst out laughing.

“He’s here, the damn old man is here!”

“This young master’s bitter days are finally coming to an end!”

Chapter 1329: Luo Tian domain, giant slab City!

Dangzhou was located in the North of Luotian domain, one of the four domains of the zicang field. It was a vast territory surrounded by mountains on three sides.

It was rumored that a long time ago, three stars had fallen from the starry sky and surrounded this place. Therefore, the three mountains were like stars, which was why they were called the three star Mountain.

There were countless cities in the state of dang, and the most prosperous one was the giant puppet city in the eastern part of the state.

The reason why giant puppet city was so famous was because of the cultivation sect, giant puppet sect, which was located here.

The giant puppet sect was the largest cultivation sect in the dang province. It was one of the top sects even in the entire Luotian domain. This was because the giant puppet sect had more than one divine transformation realm expert, and their patriarch was even at the mid divine transformation realm.

At this moment, a black water dragon was flying in the sky above giant puppet sect. Its speed was like Rolling Thunder, and it could travel a thousand miles in an instant.

The black water Dragon’s baleful aura was monstrous, and it was like a cloud that covered the sky. Many demonic beasts on the ground were shocked and knelt down, trembling.

This group of people was ye Chen’s group who had been teleported from the Tong Tian tower of the luoxia region to the Luo Tian region. They were teleported to the edge of the dang province from the Tong Tian tower, and Blackie revealed its true form to carry them.

Ye chen, who had transformed into Thunder immortal Messenger, held his daughter and stood on Blackie's back. A golden primordial energy barrier appeared on the surface of his body, ignoring the sharp wind.

"Milord, giant slab City is up ahead!"

Patriarch green spirit stood behind him and introduced, "The immortal Palace is in the eastern part of the allheaven domain, hundreds of thousands of miles away from giant puppet city. If we want to speed up, I'm afraid we'll have to use the teleportation formation of giant puppet sect."

"Giant puppet sect?" Ye Chen's eyes flickered.

This time, the sky ghost sect's patriarch spoke first, "My Lord, giant puppet city was built by the giant puppet sect. It is a Supreme existence in the dang province. Even my sky ghost sect can't compare to it."

As he was speaking, a black shadow suddenly shot up from the ground below.

At the same time, a loud shout came from the void, "May I ask which fellow Daoist is passing by my great puppet city?"

Then, they saw an extremely burly, giant-like, rough-looking man riding the wind over. The man's body faintly emitted a mid divine transformation realm cultivation, causing the expressions of the sky ghost sect's patriarch and the others to change.

"You must be fellow Daoist Qiu from the giant puppet sect!"

Patriarch green spirit took a step forward and said with a faint smile, "I'm the patriarch of the green spirit sect in the luoxia region. Today, I came to the Luotian region from the luoxia region with the Thunder immortal envoy to celebrate the double rest in the immortal Palace."

"So it's Daoist green spirit sect from the sunset region."

The boorish man was stunned at first, but then he noticed ye Chen's existence and immediately bowed. "I didn't know that the Thunder immortal Messenger was coming. Please forgive me."

"My Lord, this man is Qiu xuangang, the Grandmaster of the ju Chan sect." As if afraid that ye chen would give himself away, patriarch green spirit promptly sent a message through divine sense.

"So it's fellow Daoist Qiu."

Ye chen looked at him calmly. "I'm bringing the people of the four major sects of the sunset region back to the immortal's Hall to report on my work. I hope fellow Daoist Qiu can do me a favor."

"You're too polite, Thunder immortal!"

The great ROC sect's Grandmaster smiled courteously. "The teleportation array in great puppet city has already been prepared for you. You can use it at any time."

"Lead the way!"

Ye chen said, his face expressionless.

Only then did the great ROC sect's Grandmaster say no more. He turned around and landed on the ground. He ordered his men to remove the protective formation and personally welcomed ye chen and the others into the city.

Throughout the entire process, patriarch Azure spirit and the sky ghost sect's patriarchs were on tenterhooks, afraid that ye Chen's fake Thunder immortal envoy identity would be exposed.

In this regard, ye chen acted as if he hated nature.

The reason why he had changed into Thunder immortal Messenger's appearance was to avoid any trouble and to get to the immortal Palace faster.

Judging from the attitude of the great ancestor of the ju Xiu sect, he was doing the right thing.

Soon, the patriarch of giant venomous sect led everyone into the core of giant venomous city's main city. There, there was a teleportation formation that had been built with countless materials.

"Thunder immortal, are you in a hurry?"

The great ROC sect's Grandmaster stopped in his tracks and looked at ye chen. "If you're not in a hurry, please take a rest in my place. I'll also prepare some wine, songs, and dances to entertain you as a good host ..."

His words were extremely flattering.

"No!" Ye chen refused without hesitation.

The great ancestor of the ju Chan sect could only sigh with regret before leading the group towards the teleportation formation.

"Old ancestor!!!"

At this time, a cry of surprise came from the distance. Then, a middle-aged man in luxurious clothes turned into a beam of light and flew over.

The middle-aged man landed next to the great ROC sect's Grandmaster. He first looked at ye chen and the others, seemingly hesitant.

The patriarch of the giant toad sect was displeased as he chided, "Thunder immortal envoy is in front. What can't be said?"

"Patriarch, elder qu and the others aren't doing too well," the man said with a nod.

"What did you just say?"

The face of the great ROC sect's patriarch darkened. "Elder qu is at the early divine transformation realm and has the help of many nascent soul realm elders. How could he not capture a young man named Shi? he's only at the peak nascent soul realm."

"Old ancestor, that Shi brat has joined the devil ..."

The man's expression changed. He immediately knelt down on one knee and said in a trembling voice, "I don't know what kind of demonic technique that kid is cultivating. He has a pair of demonic

eyes that are extremely strange. They can devour the souls of cultivators. Even elder qu almost fell for his trick.”

“Demonic eye?”

The gaze of the great ROC sect’s patriarch immediately froze.

When ye chen heard the two words “surnamed Shi,” he could not help but look at the former and said, “What’s this person’s name, to be so powerful?”

Even patriarch green spirit and the others behind him were curious.

“Lord Thunder celestial envoy, this person’s surname is Shi and his name is qianhan. He’s from the lower realm, the ancient barren world!”

The great ROC sect’s old ancestor looked at ye chen in surprise and said, “Just yesterday, two masters of the immortal’s temple came down to suppress these rebels. Shi qianhan was one of them.”

At this point, he looked at ye chen with a hint of confusion in his eyes. “You’re one of the five great immortal envoys of the immortal Palace. How could you not know what the immortal Palace is doing?”

“I’ve been in seclusion in the heaven reaching Pagoda for the past few days. I’ve only come out today, so I don’t know.”

Ye chen said calmly, but there was a hint of extreme coldness and sternness in the depths of his eyes.

There’s a problem in the ancient barren world!

He had obtained a lot of information from the words of the patriarch of the giant puppet sect. It seemed that after he had arrived in the purple sky Realm, the immortal Palace had sent people down to the lower realm.

And this time, it wasn’t an immortal envoy.

Instead, it was the two Palace Masters!

The two of them were at least at the late soul formation stage. In the ancient barren world, old ancestor yellow spring was probably the only one who was at the peak of combat strength.

Shi qianhan had come to the purple sky Realm for some reason and had been discovered. He seemed to be in danger.

Then the patriarch and his parents ...

Chapter 1330: a pair of demonic eyes shined through mountains and rivers!

This series of psychological changes was completed almost in an instant.

Beside him, ye Wushuang and Blackie’s expressions changed slightly. They wanted to say something but stopped.

Ye Chen took a deep breath. After signaling the two with his eyes, he looked at the great ROC sect's Grandmaster and said, "Fellow Daoist Qiu, I'm suddenly interested in that Shi fellow."

"Moreover, as the Thunder immortal envoy of the immortal Palace, it's my duty to help you capture and exterminate the rebels of the lower realm."

After hearing this, the great ROC sect's ancestor pondered for a few seconds before nodding. "That's good too. Since Lord immortal Messenger is interested, how can I refuse?"

"At that time, Lord immortal Messenger only needs to watch from the side. My giant demon sect will be enough to deal with such a small character!"

After he finished speaking, Ye Chen immediately looked at the nascent Soul Stage cultivator kneeling on the ground. "Where are they?"

"Lord immortal Messenger, it's in the ridge of three corpses!" The person replied without hiding anything.

.....

The ridge of three corpses was a rather strange place in the Dangzhou region.

This place was located in the middle of three starry mountains. The terrain was special. The ground was black and the Yin Qi was extremely heavy. Because of the frequent haunting incidents, most people were in a state of despair.

However, this place, which was extremely heavy with Yin Qi and rarely visited by people, was now covered by the pungent smell of blood and monstrous killing intent.

At the peak of the three corpse Ridge, there was a white-robed figure standing there with a halberd in his hand. His white clothes had long been stained red with blood.

It was a black-haired young man. His handsome features were a little pale, as if he had been injured. There was blood at the corner of his mouth.

If one looked closely, one would see that his eyes were completely black, like black holes. There was a strange and evil mysterious power emerging, as if an ancient demon master had crossed the boundary and descended.

At his feet, corpses piled up like a mountain, and the scarlet blood stained the black ground red, which was a shocking sight.

The remaining thousands of cultivators sealed off the area and looked at him in horror. Their eyes were filled with fear.

This was because the other party had killed thousands of them by himself, including a few peak nascent soul realm cultivators!

If it wasn't for the accurate source of the news, they wouldn't have believed that these were the ants and rebels of the lower realm that they disdained.

"Shi Qianhan, just accept your fate,"

Several figures sealed the sky and the earth. One of the black-robed old men looked straight at the former. "You have no way out today. Why are you still struggling?"

"Young man, surrender."

An early divine transformation realm cultivator wearing a long golden robe slowly opened his mouth and said in a bewitching voice, "This old man sees that you have extraordinary talent. If you surrender now, this old man can spare your life. I can even plead with the immortal's Hall to take you in as a disciple."

The white-robed youth's demonic eyes were extremely powerful!

He had almost fallen for it just now.

"Hahaha!"

At this moment, a long and tragic howl came from the young man in white, "What did I, Shi qianhan, do to deserve the attention of so many of you? there's even an Emperor's throne realm cultivator among you."

The battle halberd in his hand let out a sorrowful cry.

"Cut the crap, come!"

The young man in white wiped the blood from the corner of his mouth. He looked at the dense crowd below with resentment and ridicule, "I, Shi qianhan, will only die standing. I will never live on my knees!"

The soul formation stage elder from the giant puppet sect had a cold look in his eyes as he immediately shouted, "There must be a price for this person's eye-bloodline technique. He can't continue to use it."

"Let's go together and kill him!!!"

As soon as he finished speaking, the thousands of cultivators who had been hesitating and did not dare to step forward began to activate their true energy. They were wrapped in monstrous killing intent as they charged towards the young man in white.

"Brother ye, I'm afraid qianhan won't be able to wait for you!"

The young man in white smiled and took a deep breath. The black Qi in his eyes rose again, as if it was connected to the devil World.

He hated it!

The immortal's Palace had sent people down to the lower worlds and almost turned the ancient barren world upside down. Countless powerful cultivators had died. Even the beimang Dragon-subduing Hall had been destroyed.

He hated it!

In order to protect him, the old heavenly venerable had killed the palace master of the wind immortal Palace in the lower realm and forced him to self-destruct to buy time.

He still hated it!

He had been left with a useless body and had not even come into contact with the immortal's Hall. Today, he was going to die Here, unable to avenge the old heavenly venerable and the others!

"Kill!!!"

The young man in white activated his demonic eyes with all his might, and a pair of dark lights that reached the sky shot through the void, as if the sky was splitting.

"Chi ..."

It was at this moment that the void in the distance trembled.

Immediately after, several powerful auras descended between the sky and the earth, and then several figures appeared.

The leader was a burly man who looked like an iron tower. With his appearance, everyone felt the pressure at that moment and could not help but stop.

"It's the old ancestor!!!"

Someone's eyes lit up as he recognized it at a glance.

At the same time, the giant devil sect's early divine transformation realm elder qu immediately went up to him. "Forefather, why have you come?"

The great ROC sect's Grandmaster swept his gaze across the crowd and finally looked at ye chen. He introduced ye chen to him, "This is the Thunder immortal from the immortal Palace. He came with me to watch the battle."

"So it's the Thunder celestial envoy!"

Elder Qu's spirit was immediately roused. He immediately bowed to ye chen and said, "Lord immortal Messenger, it's just to capture an ignorant junior. It's our fault that we had to trouble you to come here personally."

Ye chen ignored his words. His eyes swept across the world and finally fixed on the white-robed figure in the distance.

At that moment, a strange light flashed in his eyes, and then he said without changing his expression, "May I know which one of you is Shi qianhan?"

Elder qu turned around and pointed at Shi qianhan, "Lord immortal master, it's this child!"

"It's quite extraordinary." Ye chen nodded.

"Lord celestial envoy, you can just watch from the side. Leave everything to my giant puppet sect!"

The patriarch of the giant toad sect smiled and took a step forward. He looked at the young man in white and said, "Junior, I'm the patriarch of giant toad sect, and this is Thunder immortal Messenger from the immortal Palace. You have no way to survive in front of us."

At this point, he couldn't help but squint his eyes and coldly said, "If you're smart, it's not too late to surrender now,"

"The ancestor of the giant demon sect? An immortal envoy?"

"You're nothing but dogs of the immortal's Hall!" The young man in white sneered. "If there's an afterlife, I'll make a comeback and destroy you all!"

"You're so stubborn!"

The giant demon sect ancestor snorted coldly before turning to elder Qu. "I'll give you half an hour. If you can't take down this person, then take your own life as an apology."

If giant demon sect couldn't even deal with a complete nascent soul junior in front of Thunder immortal Messenger, not only would the immortal Messenger look down on them, but they would also become a laughing stock.

"Yes!"

Sensing the killing intent in the young man's words, elder Qu's heart turned cold. He immediately turned to the young man in white and said, "Brat, since you don't know what's good for you, you can go to hell!"
