

## Genius 1351

### Chapter 1351: his liver and guts were about to split apart!

“BOOM!”

Ye Chen’s sword collided with the three mystical powers.

How powerful was the joint attack of three late divine transformation realm experts? Each of their attacks was comparable to a nuclear weapon and could wipe out a country!

“Boom boom boom!”

A black hole was punched through the void.

The terrifying energy storm swept out in all directions. Wherever it passed, the earth was destroyed and the void collapsed. Even the people on the ground were screaming and fighting against this power.

“Pfft! Pfft! Pfft!”

At that moment, Hall Master Lei and the other two vomited blood. Their bodies flew backward uncontrollably, and their faces became extremely dispirited.

Ye chen was also forced back a few dozen feet. He felt the qi and blood in his body roiling as if they were about to burst his blood vessels.

“You two, see that?”

“Hahahaha!” Hall Master Lei laughed maniacally. “This guy is only at the mid divine transformation realm. As long as the three of us don’t get split up by him, we will be able to exhaust him to death!”

Zhou dongxuan, the sect master of the limitless sect, was also overjoyed.

However, in the next moment, another earth-shattering scream rang out between heaven and earth. Everyone looked over, and the scene that entered their eyes made them reveal a look of fear.

The white-robed ye chen and the black-robed ye chen had joined forces to kill a late divine transformation realm cultivator. The remaining late divine transformation realm cultivator was shocked and had also suffered many injuries.

Another person had died!

The smiles on the faces of Hall Master Lei and the others immediately froze!

They had a total of eight late-stage soul formation cultivators. Now that four of them had died, there were less than four left. Ye chen, on the other hand, had the help of two avatars!

The two ye Chens would be able to kill the other late divine transformation realm cultivator sooner or later. At that time, the three ye Chens would join forces to deal with the three of them!

How could they fight this?

In an instant, Zhou dongxuan, the sect leader of the limitless sect, and the others could not help but break out in cold sweat. Fear and trembling grew in their hearts like seaweed.

“Fellow Daoist ye, this old man will withdraw from this matter, this old man will withdraw!”

At that moment, the old ancestor of jade-feather mountain, who was besieged by the black and white ye Chens, vomited blood and roared madly.

At this moment, he looked extremely dispirited. His left shoulder had caved in, revealing the white bone that was stained with blood.

Upon hearing these words, Hall Master Lei’s expression changed. He then glared at the former, ““Daoist jade-feather, you ...”

“Fellow Daoist ye, I’m willing to back out. I won’t meddle in this matter anymore!”

The jade-fu mountain great ancestor did not seem to hear his roar. He looked at ye chen with fear in his eyes. “As long as you’re willing to let me go, I promise that I’ll never be your enemy in the future. I can swear!”

He was almost roaring as he said this.

No one was unafraid of death, especially at his level. The more he feared death, the more he had helped the immortal’s Palace deal with ye chen because he felt that ye chen was no match for the immortal’s Palace!

However, now that four of them had died, no matter how confident he was in the immortal’s Hall, he couldn’t hold on any longer!

At the same time, the black and white ye chen also stopped in their tracks.

In an instant, everyone’s eyes turned to ye chen, including the great ancestor of jade-feather mountain and Zhou dongxuan, the sect master of the limitless void sect.

Meeting the gaze of the jade-feather mountain Grandmaster, ye chen said with a calm expression, ““If you retreat now, I won’t kill you!!!”

“Alright, thank you!”

Hearing this, the Jade Feather Mountain ancestor felt as if he had been granted Amnesty. After his ecstasy, he immediately released his true Qi and flew into the sky without hesitation!

Hall Master Lei’s eyes almost popped out of their sockets.

However, the former didn’t even turn his head, as if he didn’t hear him, and disappeared into the sky in the blink of an eye.

Hall Master Lei’s expression was ferocious as he said, ““Jade-feather mountain, after this, My Immortal’s Hall will definitely be destroyed ...”

Before he could finish, two voices rang in his ears. “Fellow Daoist ye, I won’t care about this matter anymore. Please let me go!”

“I don’t care anymore!”

The sect master of the limitless void sect, Zhou dongxuan, and the other late divine transformation realm cultivator spoke in unison, staring at ye chen.

“Pfft!”

Hall Master Lei spurted out a mouthful of blood on the spot. He looked at the two of them in disbelief. “You ... You guys ...”

“Sure!” Ye Chen’s expression softened.

“Hall Master Lei, you don’t have to say anymore.”

Zhou dongxuan’s expression was extremely gloomy. “I don’t want the conditions that your immortal’s Hall has promised us. You’re on your own now.”

After saying that, he immediately leaped and left.

“Bastard, he’s simply a bastard!”

Hall Master Lei’s face turned ashen. “You bunch of bastards! Just you wait! One day, the immortal’s Hall will definitely exterminate you!”

“So be it. We’re only after the path to immortality. Our disciples and inheritances are mere worldly possessions.”

The last soul formation final stage cultivator sneered, “Also, whether or not your Celestial Temple will survive this is still unknown”

Then, he left.

The world suddenly became deathly silent!

Everyone was dumbfounded as they watched this scene. They had never expected such a shocking turn of events!

However, after thinking about it carefully, it made sense. The eight late-stage soul formation cultivators had been killed by ye chen, so the remaining four would certainly not be United.

Ye Chen’s indifferent gaze swept across the scene, focusing on the remaining dozen or so mid divine transformation realm cultivators. “Who else wants to leave? this ye will give you a chance. It’s not too late to get lost now!”

An old man wearing a Daoist robe and holding a horsetail whisk stood out. “Fellow Daoist ye, I, Dragon whiskers, am willing to leave!”

“My Crimson Nimbus sect doesn’t care anymore!”

“My Blue Thunder sect is willing to leave!”

“And the church of wind ...”

In just a few breaths, nearly 12 of the purple sky Realm’s big shots expressed their willingness to leave.

What a joke!

Even the three late divine transformation realm cultivators had run away. Were they supposed to stay here and wait for death?

As for the punishment from the immortal Palace in the future?

No one thought about it. No matter how severe the punishment was, it was not as severe as death. Moreover, the late soul formation cultivator who had left in the end was right. Today, ye chen was up against the immortal's Hall. It was still unknown whether the immortal's Hall would survive.

Ye chen did not stop them and allowed them to leave because his purpose was to save su Yuhan, not to kill. These people had tactfully chosen to leave, which saved him a lot of effort.

In the end, there was only a late divine transformation realm expert, Hall Master Lei, and three mid divine transformation realm experts left on the heavenspan mountain!

The situation instantly changed.

Hall Master Lei and the three mid divine transformation realm experts from the immortal's Hall subconsciously drew close to each other. Their bodies could not help but tremble. Their faces were extremely ugly and they seemed to be terrified.

Someone wanted to escape but was stopped by old ancestor yellow spring and ye Wushuang. Old ancestor yellow spring laughed and said, "Where are you going?!"

Ye chen walked toward the four of them, step by step. His eyes finally landed on Grand Master Lei's apprehensive face, and a sneer appeared on the corner of his mouth.

"I'm afraid you didn't expect such an ending, right?!"

### **Chapter 1352: It's Xiao Chen, it really is Xiao Chen!**

"Plop!"

A mid-stage soul formation cultivator next to hallmaster Lei knelt in front of ye chen on the spot. He looked extremely terrified. "Fellow Daoist ye, please spare our lives. We're only following orders from the immortal's Hall. We don't have the intention to be your enemies."

As soon as he said this, the other two mid divine transformation realm cultivators knelt down one after another and kowtowed like pounding garlic. Their bodies were trembling.

"Traitors! You two are traitors!"

"Aren't you afraid of being exterminated by the immortal Palace?" Hall Master Lei almost vomited blood when he saw this.

Ye chen stared at him coldly. "I'll give you a chance now. Kneel down and surrender to me, and bring me to su Yuhan. Then, I'll spare your life!"

"Ye, just give up!"

Hearing this, Hall Master Lei sneered. "I admit that the immortal's Hall has underestimated you. However, if I want to leave, how can you stop me?!"

As soon as he finished speaking, his figure swayed and he raised his hand to tear a crack. His figure rushed toward the crack at lightning speed.

"Run!"

At the same time, the three mid divine transformation realm cultivators who were kneeling on the ground also spread out in unison, trying to take advantage of this opening to escape.

"Escape?!"

Ye Chen's eyes turned cold. Then, he crossed his arms like he was holding the stars and the moon.

"BOOM!"

With a loud bang, Hall Master Lei was shocked to find that the void he had torn apart had closed up. The other three soul formation realm cultivators also found that the void they were in had been forcibly sealed.

"Ye, you can't kill me!" Hall Master Lei roared madly.

"Universe collapsing lightning strike!!!"

Ye Chen's punch was world-shaking, triggering thousands of lightning bolts. Lightning appeared in the void as if Heaven's Retribution had descended, spanning thousands of feet.

"Bang!"

The three mid divine transformation realm cultivators were the first to be engulfed by the terrifying lightning. Hall Master Lei's pupils shrank as he frantically activated his protective spiritual treasure.

However, it was all in vain. His entire body was enveloped by the lightning. Endless cracks appeared on his body starting from his chest, like glass being broken in half. Finally, he exploded into countless fragments and disappeared.

Deathly silence, the world suddenly fell into a deathly silence!

Everyone looked at this scene in a daze.

Hall Master Lei had set up a peerless killing formation on the heavenspan mountain with the help of many soul formation stage cultivators. However, the final outcome was death!

"This person is too terrifying!"

"Fortunately, we didn't attack him because of our low strength. Otherwise, you can imagine the outcome."

"Maybe, maybe he really has the ability to destroy the immortal's Hall,"

In an instant, the silence was broken by gasps of cold air and an uproar. Countless eyes stared blankly at the figure that looked like a god descending to the mortal world.

Ye Wushuang walked over slowly and looked at ye Chen's pale face worriedly. "Big brother, are you alright?"

"I'm fine!"

Ye Chen took a deep breath and his gaze suddenly fell on the depths of the heavenspan mountain. "Let's go. It's time to see the master of the immortal's Hall!" He said.

.....

At the peak of the heavenspan mountain, the vast and mighty heavenly Palace was still as magnificent as ever. It was shrouded in clouds and mist, containing a supreme majesty.

Countless figures with powerful auras shuttled back and forth, as if they were decorating the wedding venue. The sound of rushing wind rose and fell one after another.

In the depths of the heavenly Palace, two figures sat cross-legged, and the space around them became extremely distorted as they breathed.

Qi Daolin, who was dressed in white, looked straight at the evil-looking young man with his sideburns. He lowered his eyes and mumbled, "We've lost. That trash, Hall Master Lei, actually failed to kill this brat!"

"I have to say, this kid is really powerful!"

Qi Huang's expression was grave. "Eight late divine transformation realm cultivators working together and a peerless killing formation, but he still managed to kill four of them."

"Why is this kid's avatar technique so powerful?"

Qi Daolin's heart trembled with fear. He said in a deep voice, "His two clones actually have the same combat strength as his original body. If he's at the great circle of soul formation stage, I'm afraid we can't even ..."

"I've never heard of such a divine ability either,"

Qi Huang's eyes narrowed slightly, and a dark light flashed in his deep eyes. "It seems that the secret on this boy is not just ordinary shocking!"

"This kid is from the celestial burial star ..."

"The natives of the immortal-burying star are just a bunch of useless martial arts cultivators. Back then, the forces that invaded the immortal-burying star were also wiped out. How did he get the cultivation inheritance?"

His eyes flickered and he couldn't help but frown. "Could it be that this man is really a trap set up by the heavenly Dao of the immortal burial planet in advance when it foresaw that the Great Tribulation was coming?"

"What should we do now?" Qi Daolin interrupted him.

Hearing this, Qi Huang immediately laughed evilly. His smile revealed a hint of eeriness. "Let's act according to the plan. It's time to present the big gift we prepared for him!"

.....

Outside the immortal's Palace, the bronze gate stood like a mountain, majestic and dazzling. At this moment, countless cultivators of the immortal's Palace were waiting outside the bronze gate.

These people were all holding magic tools in their hands as they looked at the sky with a nervous expression. Among them, there were cultivators from the Aurous core stage to the early divine transformation stage.

"Dong Dong Dong ..."

As a series of deep sounds that sounded like huge copper hitting a huge Bell rang out, a group of people with monstrous killing intent immediately appeared before everyone's eyes.

With their appearance, the temperature in the area suddenly dropped, as if it had turned into an icy hell.

This group of people was ye chen and the others.

"Kill!!!"

Without waiting for ye chen and the others to speak, the many cultivators guarding the immortal's Hall's bronze gate immediately rushed over, their eyes filled with madness.

"You're looking for death!"

Old ancestor yellow spring and ye Wushuang shot out and took the initiative to meet this group of people. Old ancestor yellow spring shouted, "Fellow Daoist ye, leave this group of minions to us. Quickly go and find them!"

"Alright!"

Ye chen nodded slightly. Then, his figure flashed and he immediately shot toward the bronze door.

During this period, some cultivators who were not afraid of death were crushed into blood mist by his pressure before they could get close to him. At the same time, his divine sense surged out and tried to cover the area.

However, what surprised him was that the layout of the immortal's Hall could resist spiritual sense, so his spiritual sense couldn't cover too much.

"Old dog Qi from the immortal's Hall, ye chen has already come to your doorstep. Are you still going to hide?"

Ye chen looked into the depths of the immortal's Hall. His voice, wrapped in vigorous true essence, became incomparably mighty, like a thunderclap exploding between heaven and earth.

At the same time, in the boundless purple bamboo forest.

A beautiful figure stood up in shock. Her beautiful eyes looked out of the bamboo forest in a daze as she cried tears of joy, "It's little Chen, it's really little Chen!"

"Xiao Chen, I'm here!"

Su Yuhan shouted with all her might. However, no matter how much she shouted, her voice could not pass through the bamboo forest in front of her.

In the immortal's Hall, almost as soon as ye chen finished speaking ...

An old chuckling voice immediately rang out in the void, "Hehe, I have to say that I've truly underestimated you. You've actually managed to kill your way here unscathed,"

### **Chapter 1353: Zi Wei Galaxy, old ancestor Guang Ming!**

"Hehe, I have to say, this old man has truly underestimated you. You actually managed to kill your way here without any injuries!"

As the voice fell, the void shattered. From the depths of the heavenly Palace, two ghostly lights broke through the sky and finally stopped in the void ten thousand feet away from ye chen.

The two figures were an old man and a young man. The old man on the left was dressed in white, and the black and white of his hair were unclear. His face was as withered as tree bark, and his eyes were like a dark abyss, which could capture people's souls.

The young man on the right was dressed in black and had an extraordinarily handsome face. However, if one looked closely, one would notice an evil smile on his face from time to time.

Who else could these two people be but Qi Daolin and Qi Huang?

Ye Chen's gaze stopped on the two of them. There was an extreme murderous intent in the depths of his eyes. However, when he swept his gaze over Qi Huang, his eyes paused.

A peak divine transformation realm cultivator!

His eyes then flashed imperceptibly.

That day, Qi Huang had cut off his arms and used a blood sacrifice to escape from him. Logically speaking, it would be difficult for him to recover from his injuries in a short time, but at this moment, the former looked rather good.

What surprised him the most was that the former's cultivation level had also climbed all the way from the mid divine transformation realm to the great circle of the divine transformation realm.

Thinking of this, he seemed to have thought of something. He immediately looked at Qi Daolin with a cold smile. "As the saying goes, even a vicious Tiger would not eat its Cubs. I didn't think that you would sit by and watch your own son's body be taken away, and even join hands with the enemy who killed your son."

Qi Daolin squinted his eyes and a pained look flashed across them. He then said, "Ever since we stepped into the path of cultivation, we were destined to cut off all ties with the world and abandon all emotions. It's just a son, and we can have more in the future."

"In the future?"

Ye Chen sneered and no longer concealed the killing intent in his body. "You don't have a future, because today you will all die in my hands!"

At this point, he couldn't help but take a deep breath and slowly said, "Hand over my wife and my brother, and this ye can give the two of you a dignified death!"

"You're boasting shamelessly ..."

Qi Daolin sneered and was about to speak.

However, he was interrupted by Qi Huang, who looked at Ye Chen and smiled cruelly. "Junior surnamed Ye, you, a lowly native from the immortal-burying star, have surprised me."

"Who the hell are you?" Ye Chen's eyes turned cold.

Qi Huang was not angry at all. Instead, he laughed and introduced himself, "You can call me Master Mu. Your woman, your brother, and that little girl were all captured by my Ming Immortal Palace."

As soon as he said that, Ye Chen's killing intent exploded. He stared at the former with a cold gaze. "I swear that I will extract your soul, refine it, burn your bones, and scatter your ashes!!!"

"You can't hold it in anymore?"

"Don't you want to know why I took away your woman, your brother, and that little girl named Qianqian?" Mu Shi asked in a mocking tone.

Ye Chen suppressed his killing intent and stared at him coldly.

Seeing this, Master Mu was even more satisfied. He chuckled and said, "I come from the Guang Gang Sect in the Zi Wei Galaxy and I'm known as the ancestor of the Guang Gang Sect. Back then, it was us from the Zi Wei realm who crossed the ancient starry sky path and descended on your immortal burial planet ..."

Ye Chen's pupils shrank when he heard this. He said coldly, "So you're Earth's enemies from outer space ..."

"Hehe, not bad."

"Hehe ..." Mu Shi laughed. "Back then, the eight great sects of the Zi Wei Galaxy descended upon Earth in an attempt to turn the Earth into a living hell. To think that when we invaded Earth's boundary, we discovered that the heavenly Dao had already been born on Earth."

"In order to prevent us from descending, you, the Earth's heavenly axiom, did not hesitate to go against your own great Dao and turned into a human to attack us."

As he said this, his eyes flashed with fear. ""She killed all the top experts of the eight sects. I only managed to survive by splitting my primordial spirit and escaping into the void at the critical moment."

Ye Chen's eyes flickered.

This was almost the same as what he understood. The Earth's heavenly axiom had killed the strong ones among the extraterrestrial enemies. Even so, the backbone of the eight great sects had still descended on earth.

Then, many saints on earth joined forces to fight back, including the eastern Saints and the Western gods. The result was that both sides died.

"It's a pity that from the moment your Earth's heavenly axiom took action, it was destined to die. However, she was quite smart to seal the regional wall again before she died and even left herself a way out ..."

"I believe that you have already guessed it. That child named Qianqian is the path of survival that the heavenly Dao has left for her. It wouldn't be an exaggeration to describe that girl as the incarnation of the heavenly Dao."

"If I didn't guess wrong."

"After you were lucky enough to escape from the heavenly Dao, you ended up in the purple sky Realm and were taken in by the immortal's Palace, right?" ye chen sneered.

He even glanced at Qi Daolin after he finished speaking.

"Well said,"

"With the help of the immortal's hall, I was able to slowly recover my cultivation to the level of a soul formation perfection cultivator ..." Mu Shi smiled faintly.

At this point, his voice suddenly became extremely sharp, ""But I'm not willing to give up. I was once at the void training stage. How can I stop at the soul formation stage? how can I be trapped in this small purple sky Field?"

"So, you captured my wife and brought her here?" ye Chen's eyes turned cold.

"Your guess is correct!"

"Hmph!" Mu Shi harrumphed coldly. "I'm an expert in the art of divination. In order to divine the secrets of the earth's incarnation of the heavenly axiom, I accidentally discovered that your wife is with the incarnation of the heavenly axiom."

His eyes were filled with greed. "What makes me most excited is that your wife has a pure Yin body, the best cultivation vessel in the world. If I pluck her, I will definitely reach the void training stage."

"And your brother, who has the innate netherworld body, is the most suitable person to be refined into a catamite!"

There was a monstrous ferocity between his brows. "By then, I will control the incarnation of the heavenly Dao and turn it into a World Spirit embryo. That will be enough to sweep across the Zi Wei Galaxy!!!"

As his voice fell!

Ye Chen's heart could not help but tremble. He had to admit that the former's idea was crazy. He wanted to refine the Earth's heavenly axiom into a World Spirit embryo.

"You really are a lunatic."

He couldn't help but take a deep breath.

"What a pity."

"It's a pity that your wife was already pregnant when she was captured by the immortal's Hall. What infuriates me is that the child in her womb is suppressing the pure yin energy in your wife's body, making it impossible for me to pluck her ..." Mu Shi said with a tinge of regret.

His eyes were filled with anger, "This old man could only wait for him to be born, but this little evil creature is still not born, and it has been two years!"

"This is called" Man proposes, God disposes "!"

Ye Chen's heart settled and he could not help but sneer. "Thank you for telling me so much information. In return, I'll give you the death penalty!"

"Is that so?"

A strange expression suddenly appeared on mu Shi's face. "Do you really think that this old man is so kind as to say so much to you?"

### **Chapter 1354: Three peak divine transformation realm cultivators!**

With that, he waved his sleeves.

The space around him suddenly distorted. As the black mist surged, a blurry figure seemed to descend from the distorted space.

This sudden scene immediately caused ye Chen's eyes to narrow. He stared fixedly at the turbulent and distorted space.

The next moment!

A foot slowly stepped out from that place, and then a thin and old figure appeared.

It was an old man with white hair, wearing a tattered Daoist robe. His clothes were ragged, and black chains were wrapped around his body. His turbid eyes seemed to be able to pierce through the sky.

With the appearance of this person, it was as if a peerless divine sword had been unsheathed. A mighty pressure spread out, shaking the surroundings and pressing down on the void.

Another peak divine transformation realm!

At that moment, ye chen felt a sense of oppression from him and his expression became serious.

The old man who had suddenly appeared, including Qi Daolin, was about to face three cultivators at the perfected divine transformation realm.

“Whoosh, whoosh, whoosh ...”

At the same time, several beams of green light shot over from the distance, revealing old ancestor yellow spring, ye Wushuang, Blackie, ye hai, Wu Lan, and the others.

“The great circle of the soul formation stage ...”

Even old ancestor yellow spring’s face darkened slightly upon sensing the pressure from mu Shi and the other two.

“Old senior ...”

At this moment, ye hai and the others behind ye chen looked at the white-haired old man with excitement. Their eyes were filled with joy that they had not seen for a long time.

“Old man, it’s me ...”

Ye hai subconsciously walked towards the white-haired old man, “Old man, how are Yuhan and the others?”

“Dad, don’t go over ...”

Ye chen stopped him in time and said, “Is he The Mad Cultivator on the Ghost Ship?”

“Yes, that’s him!”

Ye hai immediately nodded. He looked at the white-haired old man again and shouted, “Old senior, I’m ye hai. Don’t you recognize me?”

However, no matter how ye hai shouted, the white-haired old man did not seem to hear him. His eyes were filled with endless killing intent.

“So he is elder Xuan.”

Ye chen looked deeply at the white-haired old man, his eyes flickering. “But why does he have such a terrifying cultivation?”

He had too many questions in his mind. Elder Xuan had brought su Yuhan and the others on the Ghost Ship to the ancient barren world. If he was a soul formation cultivator in the great circle, how could he have been captured by mistake?

“I’m guessing you’re full of temptation right now, right?”

At this time, Qi Daolin, who had not spoken all this while, looked at ye chen and suddenly sneered. “This is the ship’s protector you’ve been looking for. He’s also the one who escorted your wife to the ancient barren world safely.”

“On the account that you’re not far from death.”

“Hehe ...” Mu Shi laughed, “I can also tell you that the old man you are talking about is one of the Zi Wei magnates who invaded Earth back then. His real name is Xuanzong!”

As he said this, he said in a mocking tone, “It’s just that this old thing’s primordial spirit was wiped out by the Earth’s heavenly Dao back then, and he became crazy and delirious. He forgot everything and even went to protect the embodiment of the heavenly Dao.”

“We paid a great price to capture him, and spent countless resources to finally refine him into the first catamite ...”

Qi Daolin looked at ye chen with a half-smile and said sarcastically, “Are you satisfied with this gift?”

Ye chen slowly let out a breath of air.

Even he didn’t expect elder Xuan to be one of the top powerhouses who had invaded Earth back then!

“Old man ...”

Hearing this, Wu Lan and ye hai were heartbroken.

To them, elder Xuan was their Savior. Without him, they would have died in the hands of the upper three heavens. Without him, they would not have been able to pass through the black mist and reach the ancient barren world safely.

Now that they had heard of elder Xuan’s fate, how could they not be heartbroken and grieved?

Ye chen nodded slightly, ‘you’re ruthless!’

Qi Daolin’s eyes turned cold. “Today, three of us in the soul formation perfection stage are here. Junior ye, so what if you’re talented and have terrifying combat strength?” Are you strong enough to fight against three cultivators at the peak of the soul formation stage?”

“Fellow Daoist ye, we’re in trouble ...”

Old ancestor yellow spring’s expression changed slightly. He secretly sent a voice transmission to ye chen through his divine consciousness. “With your power, you won’t be able to fight against three cultivators at the great circle of the soul formation stage. They only need to send two of them to hold you back, and the last one can be killed by the patriarch and your parents ...”

Ye chen did not say a word, his eyes filled with determination.

So what if there were three great Perfection divine transformation realm cultivators?

He had to save su Yuhan and her son today no matter what!

At this moment, master mu chuckled and said, “Junior ye, you’re just a native of the immortal burial star, but you’ve cultivated to this level. This shows that you’re talented. Even in the Zi Wei Galaxy, you’ll be a genius that only appears once in ten thousand years.”

He looked at ye chen mockingly. “If you’re sensible, you can serve me as your master and hand over all your secrets. Then, I’ll spare your life.”

Ye Chen took a deep breath and took a step forward. A celestial light burst out from his body and his voice was like thunder. "Fight!"

Old Ancestor Yellow Spring was moved by his aura. He hesitated for a while before he took a step forward and laughed. "Fine, I'll give up my life to fight with you today!"

"Fight!"

Ye Wushuang took a step forward with a determined expression.

"Fight!"

Blackie's eyes were bloodshot, and it didn't look back.

"Fight! Fight! Fight!"

At the same time, the palace Lord of the northern Sea Palace, Shi Qianhan, and the rest of the powerful cultivators of the ancient barren world also stepped out.

Only Patriarch Green Spirit and the Patriarchs of the Sky Ghost Sect were hesitant.

"What can you bunch of trash do?"

Qi Daolin laughed out loud and said with disdain, "Other than the junior surnamed Ye, what's the difference between the rest of you and ants in my eyes?"

At this moment, a soft voice suddenly sounded in the void, "What if I'm added?!!"

This soft voice was neither loud nor soft, but it shook the surroundings!

At that moment, a pair of silver lightning wings came from the sky. It seemed to be a man, and he was accompanied by a monstrous power.

That figure was too terrifying. A pair of silver lightning pools shook the wind and clouds, and a pair of silver pupils seemed to be the source of lightning, making people involuntarily close their eyes, blood dripping from the corners.

"Woof!"

At that moment, Ye Chen's expression changed. His eyes were fixed on the figure that had suddenly descended.

Who else could the other party be but Yi?

However, at this moment, the other party's transformation was too terrifying. It was so terrifying that Ye Chen almost did not recognize him!

The great circle of soul formation!

Ye Chen could feel the pressure from him.

At the same time, Qi Daolin's and Master Mu's expressions gradually darkened, and they looked at the referee with deep fear in their eyes.

Chi was Bathed In Lightning as he descended. He first smiled at ye chen, then looked up into the sky and said in a loud voice,“Ye Dongli, why aren’t you showing yourself? when are you going to show yourself?!!”

.....

### **Chapter 1355: The legend of ye Dongli’s resurrection!**

The immortal Palace was as vast as a mountain, and the heavenly Palace stood tall.

“Ye Dongli, why aren’t you showing yourself? when are you going to show yourself?!!”

Yi’s eyes were like silver lightning, piercing through the void. His body was filled with a monstrous power that scattered the endless clouds.

Everyone’s eyes turned to the depths of the void.

Ye Dongli is here too?

Wasn’t he dead?

Hall Master bei Ming and the rest of the powerful cultivators in the ancient barren world seemed to have heard something terrifying. Their eyes were filled with shock.

Meanwhile, Qi Daolin and master MU’s expressions grew increasingly dark.

Ye Chen’s Green robes fluttered as he looked into the sky. There was a strange light in the depths of his eyes.“Ye Dongli, you really didn’t die?!!”

“Chi ...”

As the void trembled violently, a god-like figure in white slowly walked out from the depths of the trembling void.

The figure’s white clothes were fluttering in the wind, and he looked peerless and magnificent!

It was ye Dongli!

At this moment, heaven and earth seemed to have frozen. Countless eyes were focused on ye Dongli. There was shock, ecstasy, and even more disbelief.

“East parting Sovereign Lord!”

Palace Master beiming and the others were so happy that they cried.

They couldn’t believe that ye Dongli, who had been regarded as a legend since childhood, had really come back to life and had even descended into the immortal’s Hall.

At that moment, Qi Daolin and master MU’s expressions turned extremely gloomy. Even though they were mentally prepared, their faces still turned livid when they were faced with such a scene.

The great circle of soul formation!

It was also at that moment that ye chen could not help but narrow his eyes.

He felt the same aura from ye Dongli as Yi, and both of them were at the soul formation perfection stage!

Under everyone's gaze, ye Dongli slowly walked over and smiled at the temple master bei Ming and the others. Finally, he landed less than a hundred feet away from ye chen.

His tranquil eyes met ye Chen's quietly.

In an instant, both ye chen and ye Dongli felt The Blood Connection in each other's bodies. Even ye hai was no exception.

"You're good."

Ye Dongli looked at ye chen quietly for a few seconds. On his calm face, there was a smile that could intoxicate all living beings.

There was admiration in his eyes, like the admiration and admiration of an elder to a junior, but he did not put on any airs.

After that, he slowly fixed his gaze on Qi Daolin and master mu. He said indifferently, "I'm afraid you didn't expect this day to come, did you?"

Under the watchful eyes of the crowd, Qi Daolin sneered coldly. His eyes were filled with coldness. "Ye Dongli, I should have crushed your bones and scattered your ashes back then ..."

10,000 years ago, Qi Daolin had not been the master of the immortal's Hall. The disciple of the old master had been the most dazzling existence in the entire immortal's Hall.

Back then, ye Dongli had charged into the celestial Temple from the ancient barren world. It had been Qi Daolin who had suppressed him. However, he had been too arrogant at the time and had not destroyed ye Dongli's physical body.

"You're speaking as if you've held back in the past ..."

Ye Dongli chuckled, his tone full of mockery, "For today, I've been lost for ten thousand years. From now on, your immortal's Hall will no longer exist ..."

Upon hearing this, Qi Daolin's eyes turned cold. "You don't have to be too proud. If I could suppress you ten thousand years ago, I can still kill you today."

"Back then, if it wasn't for your scheme ..."

Ye Dongli shook his head and looked at master mu again. He said softly, "Old ancestor Guangming, you don't look like you're having a good time either ..."

"Ye Dongli!"

"Hmph!" Mu Shi's face twitched slightly and he harrumphed coldly, "you and I are both from the Zi Wei Galaxy. Why don't you join forces with me to kill these two ye 's? after that, we will ..."

As his voice fell!

Everyone, including ye chen, was shocked!

Ye Dongli was actually from the same world as master mu?

Ye chen could not help but look at ye Dongli. His eyes narrowed, and the suspicion in his heart immediately dissipated. No wonder ye Dongli was also a cultivator.

“No, you and I are different.”

Ye Dongli acted as if he didn't notice the change in everyone's expressions and continued to say,“I came to the celestial burial planet before you, and I came to the ancient barren world before you. Your goal is to plunder and occupy, but my goal is to protect everything ...”

“Foolish!”

“Hmph!” Mu Shi sneered coldly,“you are the genius of the Zi Wei Galaxy's Ye clan. To think that you would stoop so low as to fall in love with a lowly woman from the lower realm ...”

As he spoke, ye chen and the others slowly understood the grudges from ten thousand years ago. Ten thousand years ago, earth had not encountered a great calamity in the outer realm. To be precise, earth was just an insignificant drop in the ocean in the vast Galaxy.

At that time, ye Dongli was the genius of the Zi Wei Galaxy's Ye family, but he was forced by his family to marry someone else and had to leave.

In order to avoid the ye family's capture, he had no choice but to escape to the Zi Wei Galaxy. By chance, he landed on earth and developed feelings for one of the ancient women on earth.

However, that woman did not have the talent to cultivate. A hundred years passed in a flash, and even ye Dongli, who was injured at the time, could not stop the woman from growing old, dying of illness.

In the end, ye Dongli had to send the woman's soul into Samsara and pay the price to calculate the place where the woman was going to be born. What he calculated was the ancient barren world.

Ye Dongli entered the ancient barren world in an attempt to wait for the birth of his beloved. However, something happened during this period, causing the woman's soul to be taken away by the immortal's Hall before she could reincarnate.

After that, ye Dongli's barging into the immortal's Hall was revealed. This secret was only known to ye Dongli and a few of the older generation of the ancient barren world. Therefore, the younger generation like the palace Master of the northern Sea Palace did not know.

After understanding what had happened, the hostility in ye Chen's eyes when he looked at ye Dongli again suddenly dissipated a lot.

In that case, the ye family must have been the descendants of ye Dongli and that woman.

Seeing that ye Dongli didn't give in, master MU's face turned extremely ugly. He couldn't help but look at the referee again,“Whether it's Ye Dongli or ye chen, both of us have a deep hatred for each other, but you don't have any. What's your purpose?”

“Not bad!”

Qi Daolin also looked at the referee and said, ""You're a zombie, so you're destined not to be accepted by the world. If you're willing to bury the hatchet with us, you can share this world with us after today ...""

In an instant, everyone's eyes could not help but look at the referee.

Ye chen was no exception.

Under everyone's gaze, the referee suddenly laughed. His laughter was wild and domineering. "I'm afraid you haven't figured out my identity yet!"

"I'm the Emperor of China on earth. You're the enemies from the outer space who once invaded my territory. How dare you ask me to cooperate with you?!!"

"A thousand years ago, I made this oath to the people of the world, to the ancient sages, to the gods of the four regions, and to the billions of descendants of the future!"

As he said this, he laughed out loud."As long as I'm here, I'll defend the land and open up new territories. I'll sweep the four barbarians and set the foundation of great Qin!!!"

"Even if I die, I will turn into a Dragon Soul and protect Huaxia forever!!!"

"This vow is witnessed by the sun and the moon. The heavens and earth will bear witness to it, and the immortals, Devils, and gods will hear it. I am the first emperor, and the later generations will be countless. The second, third, and even ten thousand generations will pass on endlessly!!!"

### **Chapter 1356: Old dog, your opponent is me!**

The arrogant words resounded in the heavens and earth, sonorous and powerful, shaking the surroundings. Each word fell into the minds of everyone, and their hearts were greatly shaken.

Even Qi Daolin and master mu were shocked by his magnificent prophecy and lost their minds for a moment.

In an instant, the world fell into a deathly silence.

Ye chen was also staring at the referee in a daze. His thunderous words echoed wildly in his mind. It was as if they had an Extreme Magic that moved his heart.

This was the first time he was looking at Yi!

His state of mind was completely different from before!

He was touched, happy, and hot-blooded!

After a few seconds, he took a deep breath and laughed."Good, what a good Yi, what a good Emperor throughout the ages. I misjudged you before!"

As he said this, he suddenly bowed deeply to the referee!

Not for any other reason!

For the countless living beings on earth, for the millions of Chinese men, for the Emperor who had once unified China!

After him, ye Wushuang, Blackie, ye hai, Wu Lan, and other people from Earth all bowed deeply to the judge!

Even old ancestor yellow spring was affected by his heroic oath. He couldn't help but let out a heavy breath."The ancestor can't compare to such a mighty Lord!"

Ye Dongli also cupped his fists at the referee.

At the same time, ye chen clenched his fists tightly and a sharp aura rose from his body."You two, let's fight. Today, we will sink this immortal Palace!!!"

The moment ye chen finished speaking, countless sharp auras also shot into the sky like sharp swords unsheathed. The fluctuations actually caused countless dense cracks to appear in the void.

Immediately after, ye chen, ye Dongli, and the referee shot into the sky. Ye chen looked down at Qi Daolin and the other two."Enough nonsense, let's fight!"

"You're all looking for death!"

Qi Daolin's eyes were filled with coldness and his killing intent was strong."Do you really think we're afraid of you? fine, I'll finish you off today. I'll see who else dares to make an enemy of the immortal's Hall!"

"Elder Guang Ming, let me, ye Dongli, experience the power of the elder of the Zi Wei Galaxy's Guang Kong sect!"

Ye Dongli's white robes fluttered in the wind, and he shattered the void as he charged toward mu Shi. His eyes were calm, and a huge hand that covered the sky slammed down toward the latter!

"Junior, you think you're worthy of this old man?"

Mu Shi flew into a rage, and his face darkened."Even the great ancestor of the ye family in the Zi Wei Galaxy has to be polite to me!"

As soon as he finished speaking!

In the void above his head, a giant palm was formed. The giant palm was purple-gold in color and was about thirty to forty feet in size. There was a monstrous energy shining on it, which could shatter everything.

"BOOM!!!"

The two powerful auras collided in the void, instantly tearing the entire void into two halves. The terrifying energy swept toward the absorption like a tide, directly scattering the clouds in the sky.

The terrifying might caused everyone's expression to change.

It was too powerful. Under such might, even a late divine transformation realm cultivator's physical body would collapse on the spot if they fell into it!

After the storm, ye Dongli's mouth was bleeding, and his figure was heavily pushed back. Mu Shi was not in a good state either, and he was directly pushed back a thousand feet.

A tie?

Seeing this, everyone was shocked!

Ye Dongli was actually tied with master mu!

They were not the only ones. Even Qi Daolin, who was standing below, was shocked. Immediately after, he took a step forward, as if he was going to help master mu!

"Old dog, I'm your opponent!!!"

Ye chen let out a long roar. He stepped into the air and took a step forward, heading straight for Qi Daolin. His eyes burned with golden flames, like divine flames that could burn all life.

"What big words!!!"

Qi Daolin's eyes were filled with contempt. "You're only at the mid divine transformation realm, which is two realms away from me. The density of your vital essence is also miles away from mine. What can you do to me?!!"

Then, he took a step forward and charged toward ye chen.

"Ye, die!"

"Die!" Qi Daolin shouted angrily. Bai fa moved and formed a seal with his hands. In an instant, nine giant shadows appeared behind him.

These nine giant phantoms had monstrous auras. Like gods descending from the heavens, they charged toward ye chen with terrifying killing intent.

Ye Chen's entire body was suffused with a golden divine light, like an indestructible golden body. He swooped forward, and the shadow of his fist swept across the world. It was as if he was pushing a sun forward in the void.

"Boom boom boom ..."

The two auras were like tornadoes, setting off terrifying waves and causing the void to churn. They turned into two huge storms and collided wildly.

"Then leave the last person to me!"

Seeing that his opponent had been robbed one after another, the referee's expression darkened, as if he was displeased. He could only turn his gaze to elder Xuan on the ground.

Elder Xuan's empty eyes were also looking at him.

"BOOM!"

A bolt of lightning suddenly streaked across the sky, blinding everyone. When the lightning dissipated, the referee and elder Xuan were already fighting.

In the endless void, a powerful figure, like an unparalleled Demon God, was as tall as the sky. He had a pair of Silver Wings on his back that covered the sky. When the wings flapped, Thunder would descend.

Who else could it be but Yi?

His opponent, elder Xuan, was still staggering like an old man with one foot in the grave. However, each of his steps contained a Dao rhythm that was actually on par with Yi's.

At this moment, everyone's eyes were fixed on the void. In the depths of their eyes, there were only the six terrifying god-like figures.

He was too strong!

This was the only thought in everyone's mind, including old ancestor yellow spring and ye Wushuang.

"You stay here and protect them!"

Old ancestor yellow spring suddenly turned to ye Wushuang and said, "I'll go search and see if I can find anyone!"

Ye Wushuang nodded solemnly.

Old ancestor yellow spring didn't hesitate any longer. His figure flickered, and he immediately plunged into the depths of the celestial Palace of the immortal's Hall, followed by the palace Master of the northern Sea Palace and several others.

"Everyone, split up and search. Once you find anything, inform me immediately!" Old ancestor yellow spring ordered.

Both sides were taking action!

Everyone knew very well that if they took advantage of this opportunity to find su Yuhan first, ye chen would no longer have to separate from Qi Daolin and die.

Ye hai and Wu Lan, who was carrying Mengmeng, looked nervously at ye chen, who was fighting with Qi Daolin. Their hearts were almost in their throats.

They were afraid to see ye chen injured.

"Thump ..."

In the air, ye chen and Qi Daolin's first confrontation caused the clouds to disperse. The air wailed as if the entire world was roaring.

In the storm, ye Chen's clothes fluttered. Every strike carried an aura that could destroy the world. It was like a falling star, crashing toward Qi Daolin.

"Thirty days creation divine fist ..."

"Heaven shaking Stomp!!!"

"Heaven shaking hammer!!!"

"Sky burning palm!!!"

“.....”

At this moment, ye chen was like a Supreme Demon God who had descended to the world. There was only endless killing intent in his heart, as if he wanted to kill Qi Daolin completely!

### **Chapter 1357: A great collision between the peak experts!**

“Qi Daolin, didn’t you say you were going to kill me?”

Ye Chen’s magical power was invincible. He launched all kinds of fierce attacks at Qi Daolin in succession with incomparable power, almost not giving the other party a chance to rest.

“Bastard!”

Qi Daolin’s face turned ashen!

He had originally thought that even though ye chen had the combat power of a late-stage soul formation cultivator, he was no match for him. He would definitely be able to kill him within ten moves!

However, the truth was that ye chen was only at the mid-stage of soul formation, but his true essence was so vast and dense that it was not inferior to an ordinary perfected soul formation cultivator!

In addition to his freakish body and the endless eight divine arts, he was actually unable to withstand it.

“Three origins sky refining art!!!”

At the critical moment, Qi Daolin roared and opened his mouth to spit out chaotic Qi. It was like a falling sun that could burn everything.

At that moment, the stream of chaotic Qi grew larger and larger. In the end, it rolled toward ye chen like a giant golden core. Wherever it passed, the void melted.

“Heavenly River drill force!!!”

Ye Chen’s white hair danced wildly in the wind. He suddenly hugged the air and a golden light emerged. Before everyone’s eyes, long rivers swept across the sky. The sound of water surged and waves swept across the world.

“Roar!”

A Dragon’s Roar sounded, and the long river turned into several huge water dragons at a speed visible to the naked eye. They waved their terrifying giant claws and whizzed toward the hot golden core.

“BOOM!”

At that moment, it was as if heaven and earth had collided. The earth shook, the void collapsed, and the rain poured.

“Pfft!”

When the storm dissipated, ye Chen’s figure staggered and he fell back dozens of feet. He could not help but spit out a mouthful of blood from the corner of his mouth and his face was a little pale.

“Ah!”

At the same time, Qi Daolin let out a blood-curdling screech. His body fell from the sky like a tattered sackcloth bag and directly smashed a Palace into pieces!

“Little Chen!”

Seeing this, ye hai and Wu Lan’s expressions changed and they subconsciously exclaimed. They wanted to rush up to the sky but were stopped by ye Wushuang.

The rest of the onlookers were only left with horror!

It was too terrifying!

Ye chen and Qi Daolin’s terrifying attacks had caused both sides to fight with their lives on the line. Both of them were injured, but the fact that ye chen could fight Qi Daolin to this extent was even more shocking.

“Qi Daolin!”

Mu Shi, who was currently fighting with ye Dongli, saw this and his eyes narrowed. He clearly did not expect the two of them to reach such a stage.

“How is this possible?!”

With that in mind, master mu took a deep look at ye chen. His eyes were filled with extreme disbelief. “You must know that Qi Daolin is at the soul formation perfection stage!”

It was not just him. Even ye Dongli and Phoenix were surprised. They did not expect ye Chen’s combat power to be so terrifying.

In the air, ye Chen’s eyes were fixed on the collapsed ruins on the ground. He wiped the blood from the corner of his mouth and snorted coldly. “Qi Daolin, I know you’re not dead!”

As soon as he finished speaking, a resentful voice came from the ruins on the ground, “Junior, you really deserve to die!!!”

“BOOM!”

Then, a figure with disheveled hair and a rather sorry figure rushed into the sky as if he was hysterical.

When everyone saw this, they immediately sucked in a cold breath.

At that moment, Qi Daolin’s right arm was broken, his hair was completely burnt, and his body was caved in, making him look like a bloody man.

Qi Daolin looked at ye chen with a venomous expression and almost roared, “I’m going to kill you, I’m definitely going to kill you!”

His voice was bone-chillingly cold, causing one’s hair to stand on end.

He hadn’t been injured in thousands of years, and it was such a serious injury. What infuriated him the most was that he had been beaten to this state by a mid divine transformation realm cultivator.

“Ah!”

Qi Daolin screamed madly, and a black divine spear suddenly shot out of his body. As soon as the long black hair appeared, even ye Dongli and Phoenix felt a bone-piercing chill.

“This is ...”

Ye Dongli’s expression changed slightly. He stared at the long black hair, then seemed to have remembered something and immediately shouted, “Ye chen, this is his immortal’s temple’s most precious treasure, the dark Yin hair. It’s rumored that it descended from the heavens and is very likely a broken immortal artifact!”

As soon as he said that, the referee’s expression changed. “A celestial artifact? A broken celestial artifact?”

“Not bad!”

“Although this is not a real celestial artifact, and its power is not even one-billionth of a celestial artifact, even a void training stage cultivator would be afraid of it,” ye Dongli said in a deep voice.

The reason why he recognized it was because in the cracks in the star field of the Ziwei star, there was no lack of broken celestial artifacts falling from the reverse flow of space, which set off a lot of bloody storms.

“Damn it!”

At the same time, mu Shi was also cursing to himself. “This damn Qi Daolin! He actually hid this move and only displayed it now!”

At that moment, Qi Daolin’s endless qi and blood rushed madly into the dark Yin spear, and his face aged at a speed visible to the naked eye.

“Swish!”

After absorbing his blood essence, the long, rusty hair suddenly trembled violently. Then, a chilling aura that made one’s heart palpitate surged out.

Under that aura, the world seemed to be frozen!

“Hahaha, go to hell!”

Qi Daolin laughed maniacally. The netherworld spear shot out at an indescribable speed toward ye chen, emitting a monstrous cold light.

At the same time, ye Chen’s hair stood on end!

This was the threat from the damaged celestial artifact!

“Break!!!”

At that moment, he let out a long roar and pushed his body to the extreme. His whole body was immediately wrapped tightly by tens of thousands of golden rays, as if he was possessed by an innate God.

“BOOM!”

Before everyone’s eyes, the void was split into two as if a heavenly River had swept across and drowned ye chen in it.

In an instant, a mountain was razed to the ground.

“Little Chen!”

“Big brother!”

“.....”

At the sight of this scene, countless cries of alarm rang out between the heavens and the earth. They seemed to be filled with grief and despair.

“What a pity ...” Ye Dongli’s expression was desolate.

Yi’s eyes flickered and he didn’t say a word. If he was the target of the dark Yin spear, he wouldn’t have been confident that he could block it.

“Hahaha, do you really think I can’t kill you?”

Qi Daolin coughed and laughed.

“Little Chen!” Ye hai and Wu Lan almost fainted.

At that moment, a voice that sounded like someone was coughing up blood was heard,““Unfortunately, your celestial artifact is extremely damaged, and your celestial core power has long been lost, but you still can’t kill me!”

The voice seemed to come from the depths of the netherworld!

It was so familiar!

Ye hai and Wu Lan cried tears of joy.“It’s little Chen!!!”

Qi Daolin’s body stiffened violently. He then fixed his gaze on the thin figure who was slowly walking out of the ruins.

His face immediately showed fear and disbelief.““Impossible, this is impossible!!!”

That was the most important treasure of his immortal Palace. It was rumored that it was an immortal artifact that descended from the outer realm and possessed supreme divine power and might!

“I’m sorry to disappoint you ...”

Ye chen met his gaze and said while coughing blood,““Since you failed to kill me, I’ll kill you next!!!”

If one were to look closely, they would discover that there was a fist-sized wound on his chest that was bleeding and healing at a terrifying speed.

.....

**Chapter 1358: Emperor brush’s might!**

“Little Chen didn’t die!!!”

Ye hai and Wu Lan’s expressions immediately brightened when they saw ye chen rising from the ruins. They could not contain their joy.

“Emperor Lord ye is not dead!”

“Fellow Daoist ye is invincible!”

Not only the two of them, but patriarch green spirit and the others around them were also shocked, their eyes full of disbelief.

At that moment, ye Dongli and Phoenix were also extremely shocked.

That was a broken celestial artifact! Even though it was broken, they could still feel the terrifying power!

However, ye chen did not die from the blow of the broken celestial artifact. Instead, the injuries on his body were recovering at a speed visible to the naked eye.

“This is impossible! This is impossible!”

Qi Daolin spat out a mouthful of blood. He looked at ye chen, who was approaching him from the sky, in horror. His heart was filled with fear!

“Dammit, why is it like this!”

Mu Shi, who was currently fighting with ye Dongli, couldn’t believe what he had just seen.”How can this kid’s physical body be so strong?!”

“Qi Daolin, die!”

With the sound of thunder, ye Chen’s divine fist was unparalleled. He took a step forward and did not give Qi Daolin any chance to breathe.

Although the latter had used a broken celestial artifact to F \* ck him, he had almost exhausted all his qi and blood in order to activate the broken celestial artifact.

“Ang!”

A Dragon’s Roar broke through the sky. Ye Chen’s fist seemed to be wrapped in golden divine Dragons, shattering the void.

As he waved his hand, a terrifying pressure accompanied by monstrous killing intent scattered the clouds in all directions. From a distance, he looked like an unparalleled Demon God.

At that moment, Qi Daolin’s expression changed drastically. He had never expected that ye Chen’s combat power would still remain the same even at this point.

At the same time, he felt a tinge of regret in his heart. If he had not listened to master MU’s rotten idea of capturing su Yuhan, he might not be where he was today.

However, the enmity between the two sides had already been established. In addition, the arrow had already been nocked and had to be fired. Once he showed any signs of being outmatched, he was afraid that he might really die.

At the thought of this, Qi Daolin's eyes flashed with madness. He growled and swooped down toward ye chen.

"The ancestors of the celestial Temple, help me kill this person!"

As soon as he finished speaking, the entire Celestial Palace shook. Then, a red lightning shot out from a small world that had been opened up in the depths of the celestial Palace.

The red lightning contained countless violent wills and auras. As it streaked across the sky, the entire void seemed to be dyed red with blood.

In an instant, whether it was ye Dongli, Yi, or master mu, all of them felt a terrifying aura from the red lightning.

Qi Daolin stretched out his hand and grabbed the red lightning. However, his figure became extremely small in the face of the huge lightning!

"Ye chen, be careful!"

Ye Dongli's expression changed and he immediately said, "This is the spiritual sense left behind by the previous masters of the celestial Temple before they passed away. It's extremely terrifying!"

In fact, ye chen felt it even without his reminder. He could not help but sneer. "It's just the demonic nature left behind by a group of people who died long ago. What can they do to me?"

A golden brush suddenly appeared in his hand and pierced through the sky.

It was the Emperor brush!

Under the golden light that filled the sky, the energy on ye Chen's body suddenly changed. He was like a Supreme King who could judge all life in the world with a snap of his fingers.

Ye chen held the Emperor brush in his hand. Using his true vitality as ink and the void as paper, the brush moved like dragons and snakes as he brandished it!

Big and wide, iron brush and silver hook!

"What's that?"

Seeing ye Chen's sudden appearance of the Golden brush, many people were stunned. However, there was a deep fear between their brows.

Royal aura!

They could actually feel the emperor's aura from the brush!

At the same time, mu Shi, who was fighting with the judge, stared at the Emperor brush as waves of shock surged in his heart. "A fairy weapon! It's a fairy weapon!"

His mind was buzzing!

Ye Chen actually had a celestial artifact!

Even though the celestial artifact was damaged beyond recognition and his celestial core power had been depleted, he could still recognize it at a glance!

When Ye Chen's last stroke was completed, a huge golden word appeared in the air.

"Suppress!"

This series of actions was completed almost in an instant.

When the brush fell, it was a natural phenomenon. On the entire Tongtian mountain, thick yellow air currents swarmed in from all directions, and then it turned into a great mountain that could cover the sky and earth!

The great mountain crossed the sky with a monstrous momentum. The void shook as if the sky was about to collapse.

"Boom boom boom ..."

Qi Daolin held the red lightning bolt and collided with the mountain. In an instant, it was as if the entire sky had turned into an endless fire.

"Ah!"

In the endless fire domain, there was a miserable and hysterical scream that shook the firmament, like a ghost's cry and Wolf's howl.

Then, a hole was torn open in the fire domain, and Qi Daolin's figure burst out in a sorry state.

"Pfft!"

As soon as he appeared, he spat out a pool of blood and his breathing was extremely low. He glared at Ye Chen with extreme hatred and wanted to escape!

Ye Chen's eyes were cold as he glanced at Qi Daolin. Without another word, he shot toward Qi Daolin. He must kill this man!!!

"Trap!"

He held the Emperor brush and wrote the word 'trap' in the air.

As the words fell, the heaven and earth shook and the sea of clouds churned.

It formed a cage in the void, trapping Qi Daolin tightly within. No matter how the latter crashed into it, he could not break it.

What kind of method was this?

At this moment, Qi Daolin's entire body had been charred. He was no different from a mummified corpse, and his eyes were filled with fear.

“Master mu, why aren’t you saving me!?”

At the thought of this, Qi Daolin could not help but shout in fear, “If I die, you will die as well!”

In fact, he didn’t even need to say anything. Mu Shi had already sensed it from afar, but ye Dongli didn’t give him a chance at all!

“Get lost!”

Mu Shi was like a mad demon, and ye Dongli took on his terrifying attacks head-on, not giving him the slightest chance to escape, even if he was injured.

“Qi Daolin, it’s over!”

Ye chen said softly, as if it was a death sentence!

Qi Daolin could not help but feel despair.

After knowing that he was going to die, he couldn’t help but roar madly, “Surnamed ye, even if I die, I’ll make you consigned to eternal damnation!!!”

As soon as he finished speaking!

He burned his life force and primordial spirit crazily. Then, a huge vortex suddenly appeared in the sky, as if it was being fiddled by a pair of invisible hands.

The vortex grew larger and larger, directly enveloping ye chen under it. A terrifying devouring power and teleportation power came from it.

“You want to teleport me away?!!”

Ye Chen’s eyes could not help but narrow.

### **Chapter 1359: killing Qi Daolin!**

He did not hesitate any longer. The Emperor brush in his hand moved like a dragon and snake, and in an instant, he wrote a golden character in the void!

“Tear it down!!!”

The huge golden word “dismantle” reentered the void. In an instant, there were waves of shocking rumbles. Then, the huge vortex disappeared.

“Woof!”

Ye chen wrote another word in the air, pointing at Qi Daolin!

Qi Daolin let out a blood-curdling screech as soon as he heard the word ‘Yi’. Then, his skin, flesh, and primordial spirit began to melt at a speed visible to the naked eye.

In the end, his physical body completely collapsed and his primordial spirit also disappeared.

The master of the celestial Palace, a God that ruled over the purple sky World and the ancient barren world, died on the spot!

“Qi Daolin is dead ... He’s dead?!!”

“Hall Master Qi has lived for more than ten thousand years. He was known as the most ancient existence. Almost no one could compete with him. But now, he is dead.”

“An immortal god-like existence died just like that. It’s really unbelievable!”

At this moment, everyone’s expression froze. Only their dull eyes were fixed on the last figure in the void.

Shock, ecstasy, and disbelief!

These complicated emotions flowed through everyone’s hearts.

Everyone was shocked. This was the end of an era. A king who looked down on all living beings had become a speck of dust in history. He would definitely shake the world and be the first in history.

“Amazing ...”

Ye Dongli was also extremely shocked. “A mid divine transformation realm cultivator killing a peak divine transformation realm cultivator ... This is unprecedented even in the Zi Wei Galaxy ...”

“Very good!”

The judge was shocked, but his eyes were filled with an unconcealable desire to fight. “Ye nankuang, I want to fight you more and more!”

At that moment, master MU’s face turned extremely ugly after he forced ye Dongli back, “Great things have been done ...”

At this moment, he couldn’t help but feel fear!

Qi Daolin’s death meant that ye chen could free up his hands to deal with him. If Qi Daolin joined forces with ye Dongli, how could he defeat him?

The most frightening thing was that ye chen had a celestial artifact in his hand, which was invincible!

Just as this thought flashed through his mind, he immediately felt a cold gaze on him. Who else could this gaze belong to but ye chen?

Mu Shi’s face changed slightly, and he took a deep breath before saying, “Little friend ye, I’ll hand over your wife and the people related to you. Can we turn hostility into friendship?”

He had thought of escaping!

However, the scene of ye Chen’s Emperor brush setting up a trapping array in the air had truly shocked him. He was not willing to use it unless it was absolutely necessary.

Ye chen did not seem to hear her. He walked toward her step by step, the killing intent in his body rising again.

Upon seeing this, mu Shi was infuriated. "You've already killed Qi Daolin. Why do you have to kill him? I'm Zi Wei Galaxy's Guang gang sect's Grand Elder ..."

"This old man has many Supreme techniques, heaven-defying Dao Scriptures, and even countless cultivation secrets. If you are willing to let me go, this old man is willing to enjoy everything ..."

In order to survive, he was almost eloquent but when he saw that ye chen was still unmoved, he could not help but roar, "Don't you want to reach the void training stage? I was at the void training stage in my previous life, so I can help you to break through ..."

Ye Chen's footsteps paused, and then he said sarcastically, "I'm sorry. A void training cultivator is nothing in my eyes. "

His tone was as cold as hell. "Moreover, you've already committed a capital crime by coveting my woman!!!"

"BOOM!"

Then, the aura on his body skyrocketed, as if he was possessed by an ancient demon master, and he whistled toward the former.

"Bastard!"

In that instant, mu Shi was also enraged, and a crazed look flashed across his eyes. "Since you don't want me to have an easy time, then try it!"

In an instant, a crack quickly appeared between his brows. Then, a ghostly light shot out like a Thunderbolt toward ye chen.

"Possession!"

Seeing this, ye Dongli's eyes narrowed and he was shocked. He instantly realized master MU's plan!

It was obvious that master mu thought that he would not be able to survive the combined attack of ye chen and himself. Thus, he decided to take the risk and try to possess ye chen!

Even though the iron-clad rule of the cultivation world was that every cultivator could only possess a body once, mu Shi was a void training stage cultivator after all, and no one could guarantee that he didn't have any strange means up his sleeve.

Thinking of this, a terrifying soul consciousness gushed out from his glabella and he shouted, "Come back!!!"

In his opinion, although ye chen had killed Qi Daolin, his divine sense was at most at the mid-stage of soul formation. On the other hand, master MU's divine sense was at the void training stage. In terms of the strength of his divine sense, ye chen was no match for the latter.

However, when his consciousness surged into mu Shi's primordial spirit, he felt as if he had pounced on an iron awl. He groaned and retracted his consciousness.

When he looked again, master MU's divine sense had already entered ye Chen's niwan Palace at an extremely fast speed!

“Not good!”

Ye Dongli’s expression changed drastically. He rushed toward ye chen, trying to save him.

At the same time, after master MU’s primordial spirit had pierced into ye Chen’s niwan Palace, he sneered while searching for ye Chen’s primordial spirit. “Brat, you’re still a little too green ...”

Just as ye Dongli had thought, he knew that he was no match for the two of them, so he took the risk to possess ye chen.

Long ago, he had obtained a technique similar to possession in the cultivation world. He only needed to devour the other party’s primordial spirit and he could control two bodies at the same time.

By then, not only would he be able to control ye Chen’s body, but he would also be able to control ye Chen’s Emperor brush and all the secrets in ye Chen’s mind.

However, just as he sneered and searched for ye Chen’s primordial spirit in his niwan Palace, a Golden Shadow suddenly descended from the sky in the chaotic niwan Palace.

The Golden Shadow was wearing a dragon robe and a flat crown, looking like a god. It had an Emperor’s Dragon might that ruled over all worlds.

“Ah!”

Mu Shi’s primordial spirit shrieked in agony, feeling as if it had been pierced by a needle, and it fell to the ground.

“Emperor pressure, this is Emperor pressure!”

He trembled and looked at the God’s shadow that was looking down at him with fear. “You ... Who are you?!!”

The Emperor pressure contained by this figure made him unable to even think about resisting, something he had never felt before.

“As the heavenly Emperor, I shall suppress all my enemies in the world!”

The Golden God’s apathetic eyes looked down at him, and his voice was like thunder, suppressing him with Supreme Emperor pressure.

“Heavenly Emperor!”

“You ... You’re the celestial Thearch! You’re the celestial Thearch that’s wanted by the upper realm!” Mu Shi exclaimed in shock.

In an instant, his primordial spirit melted and turned into a wisp of extremely pure spiritual energy, floating in his chaotic niwan Palace.

The Golden figure opened its mouth slightly and directly swallowed the spiritual energy into its mouth, quickly digesting it.

**Chapter 1360: Secret order from the upper realm, ye Dongli’s last wish!**

“I’m wanted by the upper realm ...”

Ye Chen frantically digested Master Mu’s memories. It was as if he had been cast with a petrifying spell. He did not move at all, but his face flickered continuously.

At the same time, he felt a chill in his heart.

After digesting the essence of Mu Shi’s primordial spirit, he found out that the Zi Wei Galaxy’s invasion of Earth was under the orders of the spirit realm.

This order was only known to the leaders of the major sects, and their purpose was to go to Earth to find his whereabouts.

In other words, his existence was very likely to be exposed!

Those rebels in the immortal world must have found out that he was still alive!

“I see ...”

With this in mind, Ye Chen’s heart was filled with an endless chill. “You bunch of Renegades really fear me like a tiger. You’ve forced me into such a situation, and you still intend to cut the grass and eliminate the roots?”

Although this command was sent from the spirit realm, the spirit realm was the existence closest to the immortal realm.

Many of the great sects in the spiritual realm also had experts who had ascended to the immortal realm. These people who had ascended were most likely under the orders of that traitorous disciple, and they had sent dharmic decrees to their respective sects in the lower realms to search for him.

“Very good!”

Ye Chen closed his eyes and sneered. “You bunch of traitors. When I return to the nine Heavens, I’ll personally send you all to the immortal executioner stage one by one. One slash, one kill!!!”

Just as he was lost in his thoughts, Ye Dongli quickly rushed over and pointed a finger at the space between his eyebrows, as if he wanted to investigate.

When the people in the distance saw that Ye Chen was not moving, their hearts could not help but sink and their faces were filled with despair.

At that moment, Ye Chen suddenly opened his eyes. His action gave Ye Dongli a shock.

“Don’t panic, it’s me!” Ye Chen smiled faintly.

Ye Dongli secretly heaved a sigh of relief and looked at him suspiciously, “Old ancestor Guangming didn’t succeed?”

“This old thing is too smart for his own good!”

Ye Chen sneered, “If he fights me to the death, I don’t think I can kill him in a short time!”

“His mistake was that he gave up his greatest reliance. His primordial spirit left his body and entered my niwan Palace in an attempt to possess me.”

At this point, he nodded slightly and made an excuse, “”And because of my cultivation method, my divine sense is countless times more powerful than those in the same realm ...”

“This means that old ancestor Guangming is gone now ...”

Hearing this, ye Dongli was shocked and couldn't help but sigh. “”He used to be a powerful cultivator at the void training stage. I can't believe he ended up like this ...”

At the same time, ye hai, Wu Lan, and the others, who had been anxiously waiting, immediately rushed over. “”Little Chen, are you alright?”

“Mom, dad, I'm fine!”

Ye chen gave them a comforting look.

“BOOM!!!”

At that moment, a loud sound came from the distance. Yi had torn off one of elder Xuan's arms. The former was planning to take the opportunity to kill him.

“Referee, don't kill him!” Ye chen said hurriedly.

Hearing this, the judge's body froze. He then turned around and looked at him in confusion, as if he was unhappy.

“This person has done a great favor for my ye family. I hope you can give me some face and treat it as I owe you a favor.”

Ye chen said solemnly. He took a step forward and landed in front of elder Xuan.

The latter had lost his mind and was about to attack him, but because his injuries were too serious, he spat out a mouthful of blood and fainted.

Ye chen looked at him with a complicated expression, then sighed softly. He formed a seal with his hands and planted countless formations and barriers in his body while he was unconscious, sealing him.

“Don't worry. You're a great benefactor to the ye clan. I'll find a way to help you recover ...” Ye chen muttered as if he was making a promise.

“Pfft!”

At this time, he heard the sound of someone vomiting blood.

Ye Dongli fell heavily to the ground, blood flowing from the corner of his mouth. His face was aging at a speed visible to the naked eye, as if he had reached the end of his life.

Ye Chen's figure flashed and helped her up. The moment his fingers touched the former's wrist, his expression changed.

“Why is your body so complicated?”

Ye Chen looked at him with a grave expression!

Only now did he realize that Ye Dongli's vitality and essence were rapidly disappearing, and his internal organs were also failing at a crazy rate.

Even if he tried to transfer spiritual energy into Ye Dongli's body to save his life, it was useless.

"No need to save me ..."

Ye Dongli looked at him with a smile, "I'm someone who should have died a long time ago. The reason why I'm still alive is because I accidentally swallowed a strange medicine 10000 years ago. It's also because of it that I'm still alive ..."

10,000 years ago, he charged into the immortal's Hall and was killed by Qi Daolin, leaving only his physical body. Everyone thought he was dead, but they didn't know that it was the strange medicine in his body that covered up all this and sealed his vitality.

This was also the reason why he had suddenly come back to life.

As he spoke, he had transformed from a handsome young man to a white-haired old man with a face full of wrinkles.

"The child ..."

"Even if you don't want to admit it, you're still my descendant ..." Ye Dongli looked at Ye Chen quietly.

Ye Chen's lips moved slightly.

"10000 years ago, I predicted that there would be an earth-shaking figure among my descendants!"

Ye Dongli's face showed no fear of death. His eyes were calm, "That's why I prepared countless guides for you. After seeing you, it also proved that my divination back then was correct ..."

"Child, you're a person with great fortune ..."

When he said this, Ye Dongli's body was covered in endless death Qi. "You must've had many fortuitous encounters to be able to reach where you are today. However, the human heart of the cultivation world is sinister. Before I die, I'll give you a piece of advice. Being too emotional is your fatal flaw ..."

"Cough, cough, cough ..."

Blood spurted out from the corner of his mouth, wetting his neck. It was a shocking sight, and he seemed to have no strength to speak.

"Do you have any other wishes?" Ye Chen said sadly.

No matter what, the Ye family was indeed Ye Dongli's descendant, and it was also this person in front of him who helped him at the critical moment.

"Wishes ..."

Ye Dongli raised his head with all his might, trying to see the sky clearly. His eyes gradually darkened."If ... If ... If ... If you have the ability to leave earth, please ... Please take my ... Ashes to the Zi Wei Galaxy and ... Bury ... Bury me next to my mother's grave ..."

He couldn't help but think of a child who grew up in the ye family 10000 years ago. Because his mother was only a maidservant, he was bullied and bullied in the ye family, experiencing the fickleness of human nature.

He would never forget that the woman from the first branch saw them as a thorn in her flesh and drove them to the stables to sleep with the horses and accompany the flies ...

He would never forget the time when he had a high fever when he was five years old. In order to save him, his mother, who was unable to cultivate, knelt in front of the woman of the first household and begged for three days and three nights, but in return, she was told to stay far away from him ...

What he couldn't forget even more was that his mother had sneaked into the pill room and stolen the medicinal pill for him, only to be beaten to death by that woman as a traitor ...

After that, the young man was tested to be a heaven spirit root, which shocked the entire ye family and the entire Zi Wei Galaxy. He enjoyed the best treatment and everyone looked at him with fear and respect ...

That honor was so terrifying that when he, who had entered the foundation building stage at the age of sixteen, killed that woman, he was only scolded by his father, whom he had never met before ...

As the sun set, ye Dongli's hand fell heavily.

However, his eyes were still looking at the sky. Beyond the sky, there was an existence that he had been dreaming of ...

The corners of ye Chen's eyes were slightly moist. He solemnly bowed to her and then gently held her in his arms."Ancestor, rest in peace!"

Ye Hai's tears fell.

The few remaining Emperor's throne realm cultivators from the ancient barren world knelt down on one knee, tears falling like rain."Send off the East parting Imperial Lord!"

Yi's face was calm, but he occasionally looked at ye Dongli's body with a trace of respect.

"Chi ..."

At this moment, several figures flew over from the distance.

They were old ancestor yellow spring and the others!

Old ancestor Huang Quan was surprised by the speed of the end of the battle. After seeing that ye chen was fine, he turned his eyes to ye Dongli's body.

"Have a safe journey ..."

He cupped his fists slightly.

Then, he looked at ye chen and said in disappointment, ""Fellow Daoist ye, I've turned the immortal's Hall upside down, but I still can't find him."

Hearing this, ye Chen's eyes could not help but heat up. He took a deep breath and said, "I know where Yuhan is being locked up!"
