

Genius 1361

Chapter 1361: Mommy, Mengmeng and Daddy are here to pick you up!

In the purple bamboo forest in the immortal's Palace.

This was a small world created by a great power of the immortal's Hall in the past. It was usually the place where the hall Masters of the past generations cultivated in seclusion. Later, Qi Daolin used it to imprison important people.

The scenery here was extremely exquisite and beautiful. There was an azure lake that was as warm as a blue field and an endless bamboo forest. The spiritual energy here was so dense that it was almost liquefied.

On a pine tree that protruded out of a cliff in the forest, there was a beautiful figure who was trying her best to raise her eyes, as if she wanted to see the situation outside.

"Ye chen, how are you guys?"

At this moment, su Yuhan was no longer in grief. There was only worry and anxiety on her beautiful face.

She knew that ye chen was here!

She really wanted to break the formation and go out to see ye chen. She wanted to know how ye Chen's battle with the immortal's Palace was going.

However, the remaining formation had trapped her in it, preventing her from leaving the purple bamboo forest.

Su Yuhan put her right hand to her mouth and coughed. "Why is there no movement? why can't I see or hear anything ..."

Because of the formation, she couldn't even hear a single sound.

If one looked closely, one would notice that there was a pool of blood on her right palm after she coughed.

"Ye chen, you can't be in trouble ..."

Su Yuhan gritted her teeth, and her shoulders trembled uncontrollably. The worry in her eyes grew stronger, and countless possibilities flashed through her mind.

If something happened to ye chen while he was trying to save her, she would not be able to accept it because it would be more painful than her own death.

It was at that moment that the bamboo forest in front of her retreated to both sides, gradually making a path for people to pass through.

In an instant, su Yuhan's face turned extremely pale, and she almost despaired. "Ye chen ... Something happened to him?"

She could not be blamed for thinking this way. Every time Qi Huang, Qi Daolin, and the others came, the fluctuations of the formation were exactly the same as now.

“Ye chen, if anything happens to you ...”

Su Yuhan’s delicate body trembled slightly. After taking a deep breath, she said with a firm expression, “Then I’ll go down to accompany you. We didn’t spend much time together before we died, so we should be able to stay together after we die ...”

Her eyes were fixed on the end of the path that had suddenly appeared, and she was ready to commit suicide at any time.

At that moment, a crisp voice came from the end of the path. “Dad, is mom inside?”

Su Yuhan’s delicate body suddenly stiffened, and before she could react, a mature voice came to her ear again, “Yes, mommy is inside. When has daddy ever lied to you?”

“Then let’s walk faster, don’t let mom wait ...”

The crisp voice sounded again, with a faint sense of urgency and unconcealable longing.

Su Yuhan didn’t move, but her glass-like eyes widened little by little at that moment.

She saw two figures slowly walking over from the end of the quiet path.

The leader was a little girl in a white dress. The little girl looked to be about five or six years old, and she was very cute.

However, the little guy was running at the forefront. As he ran, he looked into the distance with his black eyes and said, “Mom, where are you? Mengmeng and Daddy are here to pick you up ...”

The little guy was running so fast that he staggered and fell heavily to the ground.

Su Yuhan subconsciously wanted to go down and help him up, but she saw a thin figure sweeping over from behind the little guy.

The latter helped the little girl up, squatted down, and patted the dust off her body. “Did you hurt yourself?”

“Mengmeng is fine!”

The little fellow shook its head and quickened its pace towards the depths of the bamboo forest. Its big black eyes were filled with anticipation.

“Mengmeng ...”

“My daughter ...” He said.

Su Yuhan’s heart trembled violently at the sight of the small figure that was much taller than she remembered. Her pale face was filled with disbelief.

“Mom ...”

Then, an excited voice sounded in her ears again, and she felt a small figure jump into her arms.

The little guy hugged her thigh tightly, tears flowing down his face. "Mom, Mengmeng finally sees you. I miss you so much ..."

The voice that had appeared in su Yuhan's dreams countless times completely shattered her heart.

She could not help but squat down and hug the little guy tightly. She cried out loud, and the endless thoughts that she had accumulated were like a flood that burst out uncontrollably.

At this moment, it was as if the mother and daughter were the only two people left in the world.

Ye chen looked at this scene silently. Looking at the figure that he had been dreaming of, his calm face was filled with unconcealable excitement.

After the mother and daughter in front of him separated, he took a deep breath, took a step forward, knelt on one knee, and placed one hand on his chest. He looked at the mother and said in a trembling voice, "My queen, your most loyal Knight is here to take you home ..."

At that moment, rain began to fall from the sky above the entire purple bamboo forest, as if it was a silent celebration for the reunion of the family of three.

Su Yuhan looked at the figure in front of her, her body stiff.

She had missed that familiar face for many days and nights. However, when the man really appeared in front of her, she couldn't help but be dazed. She felt that everything was unreal, like a dream ...

Thinking of this, she looked at the face in front of her in a daze and said in a trembling voice, "Ye chen, is it ... Is it really you?"

After saying that, she could no longer control herself and reached out her slender hand, wanting to touch that face.

However, just as her hand was stretched out halfway, she stopped abruptly, because she was afraid that all this was just a dream and would break upon contact ...

Looking at her apprehensive gaze, ye chen felt a sharp pain in his heart. Su Yuhan's expression was also a sign of her extreme desire.

Therefore, he couldn't help but take a deep breath, reached out his hand, and gently held that soft and boneless face, and then placed it on his face.

"Yuhan, it's me!"

He looked at the face that had captivated his soul and said, "I'm here to take you home, my heavenly Emperor ..."

He felt the warm touch in his hand.

In addition, there were the words 'heavenly Emperor'.

Su Yuhan finally confirmed ye Chen's identity because ye chen had once called her the heavenly Emperor in private. This was a secret between them.

She had completely lost the line of defense in her heart. She suddenly covered her mouth with her hand, and a thick mist immediately poured out of her beautiful eyes that made all living beings pale in comparison.

Then, she threw herself into the former's arms and cried with joy, "It's ... It's really you, ye chen ..."

Chapter 1362: Su Yuhan is seriously ill!

A dozen figures appeared in the distance, all of them quietly looking at the two people in the rain and the sensible little fellow who was guarding at the side.

These people were old ancestor yellow spring and the others.

Old ancestor yellow spring looked at the two men in the rain with a complicated expression. Then, he turned to Hall Master Northern Sea, judge, and the others and said, "All of you may leave, give them some time!"

The northern Sea Palace Master and the rest of the people nodded their heads slightly and disappeared from the world without a word. It was as if they could not bear to disturb this hard-won reunion.

No matter how excited ye hai and Wu Lan were, they suppressed their emotions and left, unwilling to disturb ye chen and Wu Lan.

Because they knew very well that the two children were the ones who suffered the most in this separation.

In the end, even old ancestor yellow spring left.

The rain was getting heavier, but the two figures were snuggling with each other in the rain, as if they were frozen.

After some time, ye chen reached out and caressed su Yuhan's face. He said guiltily, "I'm sorry I'm late. I've made you suffer ..."

Seeing su Yuhan's slightly aged face and the 3000 strands of black hair that had long turned white, he couldn't help but feel extremely heartbroken!

Just like last time, this woman had suffered so much waiting for him.

Su Yuhan gritted her teeth and shook her head with a smile. Then, she took ye Chen's hand and placed it on her towering abdomen. She said softly, "Ye chen, look, our child ..."

At this point, she couldn't help but frown and groan, "Your good son kicked me again. It seems like he knows that you're here to save him ..."

"Our son ..." He said.

Ye chen quietly looked at her bulging belly. The familiar feeling of blood as thick as water that came from the depths of his blood surged into his heart, causing his heart to tremble violently.

This was ye Chen's second child!

And he even had a handle!

At this moment, the little Mengmeng who had been standing obediently at the side could not help but walk over. She stared at su Yuhan's belly with her big black eyes and said, "Mom, I have a little brother?"

"Yes, you have a brother now ..." Su Yuhan smiled warmly and took him into her arms.

The little fellow struggled free and placed his ear on her stomach, looking completely focused.

Seeing this, su Yuhan chuckled and then looked at ye chen. "Ye chen, why don't you give our son a name?"

"There's no need to rush the name. "

Ye chen shook his head and held her hand tightly. He smiled and said, "Let's go out and meet my parents first, so they won't be waiting ..."

.....

In the resplendent Golden Hall, the carved beams and painted pillars, the fog-like spiritual energy, made people feel relaxed and happy.

This place was originally the meeting hall of the immortal's Hall. However, after the death of Qi Daolin and the others, most of the people in the immortal's Hall either died or fled. Ye chen used it as a temporary shelter.

"Dad, mom ..."

Su Yuhan refused ye Chen's help and knelt heavily in front of ye hai and Wu Lan, her tears falling like rain.

"Quickly get up, quickly get up ..."

Wu Lan was already sobbing uncontrollably. She helped her up and hugged her tightly. "Child, you're crying. It's our ye family who has let you down ..."

Beside him, ye Hai's eyes were also red.

Wu Lan was right. The ye family owed su Yuhan too much. A woman had waited for ye chen twice in a row. No one could imagine how much pain she had suffered in between.

After su Yuhan and Wu Lan separated, she looked up at the young man in Black standing aside. "Forefather?"

Before she was brought to the ancient barren world by elder Xuan, old ancestor yellow spring was cultivating in seclusion in the northeast forest, so she didn't know that he had taken over a body.

However, based on her past acquaintance, she recognized at a glance that the young man with a ruffian smile and unruly behavior was old ancestor yellow spring.

"Miss su, you're really smart. You recognized me at first sight ..." Old ancestor yellow spring was also surprised.

However, when his eyes fell on su Yuhan's white hair, he could not help but sigh.

"Wushuang ..."

When su Yuhan's eyes fell on ye Wushuang, her beautiful eyes could not help but light up. She took a few steps forward and stroked the latter's shoulder, "My Wushuang is getting more and more handsome. Do you have a girlfriend?"

"Sister-in-law ..."

Ye Wushuang's cold face flashed with a touch of surprise.

Such a bashful appearance shocked the others. It was the first time they had seen ye Wushuang act like this.

"Mistress!"

Blackie, who was also a young Man in Black like the great Grandmaster, knelt down on one knee in front of her with an extremely respectful expression.

"And you are?"

Su Yuhan was slightly stunned. Then, as if she had thought of something, she couldn't help but widen her beautiful eyes and say, "Little black?"

"It's me, mistress ..." Blackie scratched his head and smiled.

"You've changed, you've all changed too much ..."

Looking at the unfamiliar faces around ye chen, su Yuhan sighed in her heart. Then, she spat out a mouthful of blood and fell heavily to the ground.

This sudden scene caused everyone's expression to change. Ye chen quickly caught her in his arms.

Ye hai and Wu Lan looked at ye chen with worry. "Little Chen, what happened to Yuhan?"

"Mommy ..." The Mengmeng little fellow cried on the spot.

"I'm fine, you guys wait for me!"

Ye chen smiled and gave old ancestor yellow spring a look. Then, he carried su Yuhan into the secret room.

Ye hai and the others had to stay where they were, their faces full of worry.

.....

In the secret room, ye chen sat cross-legged in front of su Yuhan. At this moment, su Yuhan's face was as pale as paper and her body was extremely weak. There was a faint aura of death emanating from her body.

Ye Chen's expression was extremely serious. He took a deep breath and waved his sleeves. He took out many spirit stones from his storage ring and turned them into spirit energy, injecting them into su Yuhan's body.

When su Yuhan looked much better, he took out the last bottle of life essence pills and fed her three of them.

These life essence pills were previously made. Because of the limited materials, each pill could only increase one's lifespan by five years, and three pills would be 15 years.

However, even after su Yuhan had taken all three longevity pills, the death energy in her body didn't show any signs of weakening. Instead, it became more and more intense.

At this moment, old ancestor yellow spring's sigh came from afar."Miss SU's life force and lifespan are almost exhausted. If it wasn't for her good talent and early breakthrough to the nascent Soul Stage, I'm afraid she wouldn't have been able to last until you ..."

At this point, he sighed again."Also, during her pregnancy, the fetus had indirectly lowered her Constitution and even absorbed a part of her life force ..."

"If it's just life force, it wouldn't be so troublesome ..."

Ye chen could not help but smile bitterly."The main thing is that this silly girl, Yuhan, has developed a resistance to the drug ..."

"Miss su has taken the life essence pill before?!!"

Old ancestor yellow spring's expression changed when he heard this."A cultivator can only take three life essence pills in his life. If he takes too many, it will no longer have any effect. This is the iron law of cultivation ..."

Chapter 1363: The only way to extend my life!

Ye chen was silent. He looked at the unconscious su Yuhan quietly, his heart aching."Silly girl, why do you have to waste your life force like this ..."

Old ancestor yellow spring was right. Although cultivators could extend their lifespans with the help of elixirs, they had no choice but to do so.

This was because a cultivator could only take three life-prolonging pills in their lifetime. After that, no matter how many life-prolonging pills they took, they would no longer have any effect!

As the saying goes, the heavenly Dao is merciless. If a person could limitlessly increase his lifespan with the help of longevity pills, what was the point of cultivators constantly getting stronger and striving to break through new realms to increase their lifespan?

If that was the case, even a mortal could live forever with the help of longevity-increasing medicinal pills, provided that he didn't make enemies.

This was the iron law of cultivation!

Old ancestor yellow spring looked at su Yuhan and said,""Fellow Daoist ye, there's only one way left."

"Let Yuhan reach the divine transformation realm!"

“Now, other than allowing Yuhan to enter the soul formation stage, only then can we replenish the vitality and lifespan in her body ...” Ye chen sighed softly.

“But ...”

“Miss su is only at the early nascent soul realm. It’s not easy for her to reach the soul formation realm. No matter how talented she is, she won’t be able to do it in her limited life,” old ancestor yellow spring said with a bitter smile.

Although he didn’t check su Yuhan’s condition, he could guess that she had one more year to live from the dead Qi on her face.

“One year, Yuhan only has one year left ...”

Ye chen shook his head. He was under immense pressure.

Since the life-extending elixir was useless, he could only break through to a higher realm to increase his lifespan.

Unless he could recover his cultivation base of a human immortal and use his immortal essence to cast the misty Qixi life-extending art to forcefully extend su Yuhan’s life.

Of course, the immortal pills in the immortal world could also do this, but this idea was unrealistic.

Even he wasn’t confident that he could help su Yuhan reach the soul formation realm from the early nascent soul realm in just one year.

Otherwise, there wouldn’t be so many nascent soul cultivators who were stuck at the soul formation stage and eventually died helplessly.

Time passed quickly and three days passed in the blink of an eye. During these three days, ye chen stayed in the secret room the entire time, pouring spirit energy into su Yuhan’s body almost without rest.

During this period, when the spiritual stones were used up, he had to ask old ancestor yellow spring to go to the four major domains of the purple sky Field. No matter which sect it was, they had to offer the spiritual stones respectfully.

The news that ye chen had killed the master of the immortal’s Hall, Qi Daolin, had spread far and wide. The entire purple sky Realm was so shocked that their scalps went numb. In particular, many forces that had attacked ye chen before were trembling in fear.

Under such circumstances, all the major forces were living in ye Chen’s shadow and trying to be purged by him. Therefore, there was no reason to refuse old ancestor yellow spring’s request.

In the past three days, su Yuhan’s health finally improved a little, and she gradually looked better.

On the afternoon of the third day, she finally woke up from her coma. When she opened her eyes and saw ye Chen’s tired face, her eyes could not help but redden.”Ye chen ...”

“I’m fine!”

Ye chen sighed to himself, but he still smiled. "You should rest well now. Leave everything to me."

"I know my own situation ..."

Su Yuhan, on the other hand, showed an extremely strong smile. "You don't have to worry about my feelings, really ..."

Ye chen immediately covered her mouth with his hand and said softly, "Yuhan, trust me, I'll find a way to help you reach the soul formation stage within this year ..."

"Alright!"

Looking into his determined eyes, su Yuhan smiled happily, then rested her head on his shoulder and fell asleep again.

After ye chen carried her and placed her on the bed, he covered her with the blanket and turned around to leave.

As soon as he opened the door, ye hai and Wu Lan greeted him nervously, "Little Chen, how is Yuhan?"

"Don't worry, she's fine."

Ye chen smiled and made way for his parents to go in and take care of su Yuhan. However, there was a trace of sadness in the depths of his eyes.

"Big brother, sister-in-law's condition ..." Ye Wushuang walked over and stopped talking. How could he not see the terrible condition of su Yuhan's body?

"One year. She only has one year left."

Ye chen let out a heavy breath.

When ye Wushuang heard this, he looked into the room with a sad gaze, "If we return to the immortal world, we might be able to save sister-in-law with an immortal pill ..."

Before he could finish, he shook his head.

Return to the immortal world? How could it be so easy? even the most powerful person under the true immortal stage, the great vehicle stage, could not step into the immortal world without feeling the power of the immortal world.

Ye Chen's eyes turned cold and he looked at ye Wushuang. "I'm afraid you don't know this, but I found out from master MU's memories that the Zi Wei Galaxy's invaders all received a secret order from the spiritual realm ..."

"Spiritual realm?"

At first, ye Wushuang was stunned. Then, he seemed to have thought of something and his expression changed slightly, "Big brother, are you saying that the rebels in the immortal world know where we are?"

At this point, he couldn't help but frown. "But the Zi Wei Galaxy invaded Earth thousands of years ago. At that time, big brother wasn't even born yet, and he didn't even go to the immortal world. This time doesn't make sense ...

"This is also something I don't understand."

Ye chen nodded slightly. "After all, it involves karma and space-time. Perhaps karma and space-time have been reversed and messed up. After all, you know that the space-time on earth is different from that of the cultivation world and the immortal world ..."

There was something else he didn't say. Back then, when the SU family sank him into the river, he found the liuxian bottle at the bottom of the river and was brought to the world of cultivation.

And how could such a treasure like the liuxian bottle exist on earth?

He had studied the liuxian bottle countless times in the immortal world, but he still couldn't figure it out. He only knew that although the liuxian bottle was not a magic weapon, a spirit weapon, or an immortal weapon, it was above Immortal Weapons.

At the same time, he could not help but find out from master MU's memories that master mu had once speculated that he, ye chen, was a contingency left behind by the Earth's heavenly axiom before its death.

"Could it be that the reason I went to the cultivation world was an arrangement by the Earth's heavenly axiom? And that includes the liuxian bottle?"

Thinking of this, ye chen could not help but break out in a cold sweat. "It seems that it's time to find Qianqian and my brother ..."

If it was really the heavenly axiom's doing, did that not mean that he, ye chen, was a chess piece of the Earth's heavenly axiom? What would be waiting for him in the future?

After saying that, he immediately asked ye Wushuang to guard the entrance to the core of the immortal Palace and stepped into the core of the immortal world alone.

From master MU's memories, he knew that Qianqian and his younger brother were imprisoned in the core of the immortal's Hall. However, he had been busy healing su Yuhan's injuries in the past three days, so he didn't have the time to think about all these things.

But now, he had to re-examine this little girl, Qianqian.

Chapter 1364: The immortal's Palace's heavenly prison, a strange prisoner!

In the hinterlands of the heavenspan mountain, there was an extremely low-lying land.

This place was known as the broken soul Ridge, and it was covered in a thick aura of death and Yin all year round. From time to time, there would be screams, so even the original members of the immortal's Hall did not dare to step into this place.

However, the world didn't know that this place was actually used by the immortal Palace to imprison mortals over the years. Anyone who resisted the immortal Palace or made a monstrous mistake in the immortal Palace would be imprisoned here.

There wasn't even a trace of spirit Qi in the broken soul Ridge. Even if a soul formation realm cultivator was imprisoned here, they would turn into a pile of bones after a long time.

In the prison where a formation had been set up, there were many withered and old figures lying on the ground. Among them were the higher-ups of the major sects of the purple sky Realm, sect leaders, and family patriarchs.

The figures didn't scream or resist. They were filled with despair, numbness, and decay ...

At this moment, a crisp and strange sound came from outside the prison. Crack ... Crack ...

At that moment, many of the people who were still alive in the prison subconsciously looked up and saw a thin young man in green slowly walking in.

With just a glance, most of them lowered their heads again. In their eyes, the immortal's Palace must have sent someone to send them on their way again.

After thousands of years, most of them were used to seeing life and death. They seemed to be used to such a scene.

The Imperial prison was filled with a foul stench and a foul air.

Ye chen entered with his hands behind his back and frowned slightly. He looked at everything in the cage with an expression on his face. His eyes swept over the ragged, skinny, and Fragile Figures in the cage.

His gaze swept over and was met with many numb, hateful, and even grimacing expressions.

"Qianqian is in sky No. 1 room!"

Ye chen quickened his pace and walked toward the end of the Imperial prison. At this time, he heard a cackling laugh."Eh? This little brother looks a little unfamiliar. You just entered the immortal Palace not long ago, right?"

When he heard this, ye chen could not help but look in the direction of the voice. He saw that in the last cage on the left at the end of the corridor, there was a long-haired old man in a black robe sitting.

The old man's body was filled with an evil aura. At this moment, he was grinning at ye chen, and there was a faint trace of terrifying evil energy on his body.

When the prisoners around him saw that it was him who spoke, they subconsciously moved to the side. Their eyes were filled with fear and dread.

Because this person was extremely strange.

No one knew how long he had been locked in here. They only knew that he was the first to be locked in here. Everyone else had died, but he was still alive.

The strangest thing about this man was that he knew how to seduce people. One moment, he said that he was the reincarnation of a celestial Prime and knew celestial techniques, and the next moment, he said that he had a cultivation method book that could lead to immortality.

After countless years, the guards of the prison had changed many times. There were soul formation cultivators and nascent soul cultivators among them, but they were all dead.

After the disciples on guard heard this person's words, they cultivated the cultivation techniques he taught them, causing their cultivation to go berserk or their bodies to be burned by true fire, eventually dying and their Dao vanishing.

Ye Chen's footsteps suddenly stopped.

The black-clothed old man's eyes brightened, and he immediately said, "Little brother, this old man guessed right, right?"

"Seeing how young you are, you must be a young disciple who has just entered the immortal Palace."

"I also guessed that you must not be liked by the higher-ups, or you must have offended someone, so you were sent here to guard the Imperial prison," the black-robed old man continued to jabber on.

Ye Chen's eyes flickered as he looked at him. He said with a half-smile, "How can you be so sure that I'm from the immortal's Hall?"

"Naturally!"

The old man in Black could not help but sigh softly. He looked at Ye Chen with utmost sincerity. "Little brother, you're out of luck. This heavenly prison isn't a good place. It's filled with the aura of death and resentment, and the people imprisoned here are all unpardonable ..."

As soon as he said that, many people in the other cells shook their heads secretly. They looked at Ye Chen again with mischievous and sympathetic eyes.

It seemed that they had seen this kind of conversation countless times. This old man From Earth character number one prison was going to cheat people again.

As expected, before Ye Chen could speak, he said, "Little brother, look at this old man. I'm locked up here, and I'm not far from death. People always want to find a successor before they die. Even if they die, it's enough for them to die with a smile ..."

At this point, he could not help but look at Ye Chen with a sincere expression. "I see that little brother is a good person, so I might as well pass on my legacy to you before I die. I wonder if you're willing?"

"What can you teach me?" Ye Chen smiled.

"There are a lot of them."

The black-clothed old man was overjoyed when he heard this. He spoke as if he was very familiar with this place, "I've been around for thousands of years, and I've met countless great people. I know all kinds of immortal blessed lands, rare fruits, and countless divine arts."

He paused for a moment before saying, "this old man here has a set of the great art of Taotie. It can devour the Qi of the heavens to strengthen itself, and when it's fully cultivated, it can devour the heavens, the earth, and all things ..."

When he said this, he stared at ye chen without blinking. When he saw that the latter did not react at all, he added,

"I have a set of leg techniques here that can crush the heavens and earth. It's called the heaven-destroying divine legs. You only need to cut off one of your legs to cultivate it to the great completion ..."

Seeing that ye chen had not discovered anything, he seemed to be a little anxious and said, "You don't like it? Alright, I still have a skysunflower treasure manual. If you cultivate it to the ninth level, you can turn into the rising sun and fight against the heavens. However, if you want to cultivate this technique, you must first castrate yourself ..."

"In order to practice this technique, one must first castrate themselves?"

Ye Chen's face flashed with surprise.

The old man in Black nodded. "That's right. But you and I are both cultivators. We are destined to be emotionless. As long as we can become stronger, that thing is useless."

Ye Chen's expression suddenly changed. He seemed to be hesitating.

The black-clothed old man was secretly happy, but he pretended to be in a difficult position and said, "If it really doesn't work, I still have a set of heart sword Dhyana technique here. If you cultivate it to perfection, you'll be immortal ..."

Seeing him babble, the prisoners around him hurriedly turned their heads away, not daring to look or listen.

"Little brother, this old man has given you an opportunity. The opportunity is right in front of you. It's up to you to cherish it."

"I just want to pass down my legacy before I die, and I hope you can fulfill my wish ..." The black-robed elder said with utmost sincerity.

"Why are you locked up here?" ye chen suddenly asked.

The black-robed old man was stunned when he heard this, as if he didn't expect him to ask such a question. He couldn't help but roll his eyes and say, "Qi Daolin, that old thief, has his eyes on my inheritance. He failed to snatch it by force, so he set a trap and trapped me here."

"That's enough,"

Ye chen suddenly interrupted him and looked at him with a half-smile. "You have such pure demonic Qi on you. Tell me, which part of the demonic realm are you from?"

As his voice fell ...

The black-robed old man's eyes flickered as he said, "Little brother, you really know how to joke. What Devil World? I'm just an old man who's about to die ..."

"You're quite good at pretending. "

Ye chen chuckled, seemingly mocking her. "Some of the cultivation techniques you mentioned earlier have drawbacks. You either have to cut off one of your legs or castrate yourself ..."

"You did it on purpose. Your goal was to lure out the heart sword Dhyana technique, because you wanted to escape ..."

"I don't understand what you're saying."

The black-robed old man's expression changed slightly as he said angrily, "Since you don't want to believe it, then go ..."

"Heart sword Dhyana technique ..."

Ye chen stood with his hands behind his back and said in a voice that only the other party could hear, "Its original name was the devil sense parasite art. It originated from the devil realm's polo field and was later passed down from the spirit realm. It was then renamed heart Sword Zen art ..."

"If a cultivator has cultivated it to great success, even if his physical body and soul are destroyed, as long as there is a demonic thought in his heart, he can be resurrected again ..."

Before he could finish his sentence, the old man's expression changed drastically. He stared at ye chen. "Who the hell are you?!!"

The shock in his heart had reached a point of no return.

Not only did he know about the devil realm, but he also knew about the Polo realm, one of the 33 realms of the devil realm. He even knew about the origin of the spirit realm and the heart sword Dhyana technique ...

This was not something a small cultivator from a small chiliocosm could know!

"I'm someone you can't imagine. "

Ye chen lowered his voice and looked at him with a calm expression. "If you want to get out of here, you have to submit to me. Only then will you have a chance ..."

"Cunning little brat ..."

"You want my Supreme dutian Devil King to submit to you?" the black-robed old man sneered. "You're just dreaming ..."

Chapter 1365: Spirit devouring and body devouring great heaven extinguishing formation!

"As you wish."

Ye chen chuckled, then turned around and walked toward the end of the Imperial prison. There was a large prison that had been opened up independently.

“What’s that kid doing in sky No. 1 cage?”

The black-robed old man looked at his figure, his eyes flickering.””This kid is so strange. He’s definitely not an ordinary person. It’s very likely that he’s a high-level member of the immortal’s Hall. No, even that ant Qi Daolin isn’t as terrifying as him ...”

The others were equally confused.

The prison was built with meteorites from outer space, and each pillar was engraved with dense runes and restrictive spells.

This was the first sky cell in the immortal Palace’s heavenly prison. No one knew what was inside, even the prisoners in the other cells were no exception.

At this moment, a little girl of about five or six years old was hanging in the air in sky No. 1 cage. Iron chains full of runes were tied to her body, and the iron chains were connected to the surrounding walls.

The little girl was wearing tattered clothes, her face was dark, and her eyes were slightly closed. There were a few holes in her shoes, revealing her toes that were red from the cold.

If one looked closely, they would see that the little girl’s body was covered in white frost. Her body was thin and her face was filled with great pain as if she was suffering from some great pain.

On her shoulders, legs, shoulders, chest, and many other parts of her body, there were nine black iron nails that were emitting a monstrous chill.

On the ground below the little girl, there was a little boy of about two or three years old who was completely frozen, like an ice sculpture.

“Qianqian ...”

Outside the cage, ye chen quietly looked at the little guy nailed in the air. His eyes twitched slightly.”The spirit devouring and body devouring extreme heaven formation ...”

“What a vicious method ...”

He clenched his fists and felt a sharp pain in his heart.

The so-called spirit devouring and body devouring extreme sky formation was an extremely sinister technique of the cultivation world. It would Pierce nine netherworld bone nails into a person’s body.

These nine netherworld bone nails sealed the nine mortal gates of his body and continuously extracted his life force and strength ...

The victim would suffer a pain that was worse than death.

Qi Daolin and the others were probably afraid of Qianqian’s identity and were worried that something would happen. Therefore, they cast this sinister formation in an attempt to suppress her.

“Qi Daolin, master mu ...”

Ye Chen regretted not turning these two into ashes. To use such a sinister method on a five or six-year-old girl, it could be called crazy.

“Little brother ...”

When his eyes fell on the ice sculpture on the ground, he found that the little boy in the ice had a strong head and a similar appearance to himself.

“Little brother, big brother is here to save you.”

After taking a deep breath, Ye Chen immediately activated his primordial Qi and used the great five elements restriction breaking technique to break out of the cage. Then, he stepped in.

With a wave of his sleeve, he was immediately embraced by the younger brother of the ice seal Lord. The sky-piercing divine flame shot out from his eyes and enveloped the ice sculpture.

As the cold air rose, it did not take long for the ice sculpture to completely melt, and the little fellow in his arms also revealed her appearance.

The little guy was only one year old but his body size was the same as that of a two or three year old. He had thick eyebrows and big eyes, a little braver than Ye Chen.

Sensing that his little brother was still breathing, Ye Chen could not help but sigh in relief. He turned around and looked at Qianqian who was nailed in midair.

“Collect!”

He stretched out his hand, and a terrifying devouring power came from his palm. He immediately sucked out the nine black iron nails that were holding the little fellow in place.

“Break!!!”

Then, he used his fingers as a blade and two rays of blade light cut through the air and struck the chains that trapped the little fellow.

The little fellow quickly fell to the ground but Ye Chen caught it with one hand and held it in his arms.

A strange scene appeared. The little guy's complexion and old face recovered at a speed visible to the naked eye, even the wounds on his body were no exception.

Ye Chen's eyes flickered imperceptibly. “As expected of the embodiment of the heavenly Dao ...”

“Cough, cough, cough ...”

Following a series of violent coughs, Qianqian slowly opened her eyes. When she saw Ye Chen, her eyes could not help but flash with joy. “Big brother ...”

Ye Chen looked at her with a complicated expression.

His rationality told him that the child in his arms was not an ordinary five or six-year-old child, but the reincarnation of Tiandao.

“Big brother, did you save me?”

Qianqian looked around, and when she noticed the broken chain, her little face was filled with fear.

Ye chen finally said softly, "yes, big brother is here to save you. Come out with big brother." "

Qianqian lowered her head and looked at her dirty self. She said weakly, "Big brother, please put me down. Qianqian can walk on her own ..."

She was afraid of dirtying ye Chen's clothes.

"Alright!" Ye chen put it down.

"Big brother, thank you."

Qianqian wiped away her tears and looked at ye chen with eyes full of gratitude. "Qianqian thought she wouldn't be able to see you again ..."

"It's okay, you're safe now ..." He said.

Ye chen could not bear to hold her hand and walked out of sky No. 1 prison with his brother in one hand.

The moment ye chen walked out of sky No. 1 cell with Qianqian, all the prisoners in the heavenly prison fixed their eyes on the two of them.

"Who is that little girl? And that little fellow in his arms ..."

"Oh my God, they actually walked out of sky No. 1 cage. Could it be that the little girl and the little guy are the people who are locked up in sky No. 1 cage?"

"....."

The originally silent Imperial prison was instantly filled with countless whispers.

They couldn't be blamed for being so shocked. Heaven No. 1 cell was extremely mysterious in their eyes, and there were soul formation realm cultivators among them. Even so, they still didn't deserve to be locked up in heaven No. 1 cell.

Even the black-robed old man, who was extremely strange in their eyes, was only worthy of being locked up in the earth-ranked cage.

The black-robed old man in the earth number cage fixed his gaze on Qianqian, his heart filled with shock. "Strange. This little guy clearly doesn't have any cultivation in his body. Why does he give me a creepy feeling?"

At that moment, he felt the energy in his body going berserk, as if he was going to go berserk.

Under the scrutiny of countless eyes, Qianqian seemed a little afraid. She subconsciously stood behind ye chen and peeked her head out timidly to size up the prisoners.

Ye chen subconsciously patted her hand and comforted her in a low voice, "Don't be afraid. They can't hurt you."

"Big brother, who are they?"

Qianqian finally mustered up her courage and glanced at each cage. "Are they all locked up here like Qianqian?" she asked.

"Yes, they're the same as you." Ye chen nodded.

"They're so pitiful ..."

Qianqian's eyes were glistening with tears. She tugged at the corner of ye Chen's clothes and looked at him, pleading, "Big brother, can you let them out?"

Ye chen instinctively wanted to refuse.

However, on second thought, he had already destroyed the immortal's Hall. After he left, this heavenly prison would collapse sooner or later without the support of energy, and the people inside would escape.

Rather than that, it would be better for ye chen to release them in advance. This way, it would be easier to control them. After all, there were more than ten soul formation stage cultivators and countless golden core stage cultivators among them.

The conversation between the two men was heard by everyone, and in an instant, countless quarrels began to ring out in the prison.

"Little brother, I'm the second sect master of the limitless sect. As long as you let me out, I'll definitely reward you."

"I am the sect master of the fire worship sect in the xuanyang region. Little brother, if you let me out, I am willing to let you drive me away ..."

"I am ..."

The entire Imperial prison was shaken by this.

Listening to the promises of the prisoners, ye chen sneered to himself. Then, he walked to the side of a cage and used his finger as a knife to cut the lock in half.

There was an early divine transformation realm red-haired old man who was locked up. The old man claimed to be the sect master of the fire worship sect in the xuanyang region.

"Hahaha, I, fire worship divine Lord, have finally escaped!"

The moment the red-haired old man walked out of the cage, he laughed out loud, "Qi Daolin, you destroyed the fire worship sect first and then imprisoned me here. I'll make you pay ten times for it!"

"You should fulfill your promise."

Ye chen interrupted him and said expressionlessly, "You can kneel down and acknowledge me as your master!!!"

"Recognize you as my master?"

The red-haired old man sneered and a cold killing intent flashed in his eyes. "Little brat, I was just bluffing you to get out of here, but you actually took it seriously!"

“To thank you, I can leave your corpse intact!”

With that, he shook his sleeve and immediately reached out to ye chen with a monstrous energy. Terrifying flames bloomed on his five fingers.

Chapter 1366: Big brother, sister-in-law is about to give birth!

“Thump ...”

Under everyone’s gaze, a perfectly fine head was thrown into the air. The eyes of the head were wide open, as if it was shocked and in disbelief.

“Plop!”

The red-haired old man’s headless body fell heavily to the ground.

“I knew you’d be like this!” Ye chen replied without even lifting his head.

Immediately after, a red light shot out from the corpse on the ground, revealing a panicked face. Then, it was about to break through the sky and escape.

Ye Chen’s five fingers curled slightly and grabbed at the air, directly pulling the former into his hand. The former’s expression suddenly became extremely fearful. “My Lord, please ... Please spare my life ...”

“Bang ...”

Before he could finish his sentence, he was crushed into pieces by ye chen.

In an instant, the entire sky prison fell into a deathly silence. Everyone looked at ye chen with fear in their eyes.

Instantly killing an early divine transformation realm expert?

From the beginning to the end, the sect leader of the fire worship sect didn’t even have the strength to resist. His soul had been destroyed just like that!

At this moment, they finally realized that ye chen was not as simple as they had thought.

“Decisive in killing, interesting ...”

The black-clothed old man in the earth prison couldn’t help but squint his eyes and praise, “This kid has a ten-thousandth of my style when I was young ...” He thought.

Ye chen ignored everyone’s gazes and casually said, “Let me introduce myself. I’m ye nankuang. I’ve already destroyed the immortal’s Hall you were talking about ...”

The moment these words came out, it was like a sudden clap of thunder that set off an endless storm and shock in the surroundings!

“What? The immortal’s Hall was destroyed by him?”

“How is this possible? The immortal’s Palace has five masters of the late soul formation stage and Qi Daolin, the master of the immortal’s Palace who is at the peak of the soul formation stage. How can they be destroyed so easily?”

Everyone was shocked and could not believe their ears. Even the old man in Black in the earth category was no exception.

“Not a single one of the five Lords of the immortal’s Hall you mentioned survived. Qi Daolin has already died by my hands ...” Ye chen said again.

“Brat, don’t try to deceive us.”

A late divine transformation realm old man in one of the cells sneered, “You think you can destroy the immortal-destroying Hall? Do you really think we’re three-year-old children?”

“Is that so?”

Ye chen shook his head slightly and looked up at him. Suddenly, two beams of heavenly light shot out from his eyes and shot toward the former.

“Ah!”

The former screamed and his physical body collapsed on the spot. Only his primordial spirit managed to escape, but he looked at ye chen with fear.

What kind of sacred art was this?

It had directly destroyed his physical body!

Everyone else’s pupils shrank as waves of extreme shock surged in their hearts.

“If you think of it, let me plant a Soul brand in your body ...” He said.

Ye chen smiled eerily and said, “As for those who don’t want me to plant my soul imprint on them, and those who don’t want to come out ...”

“There’s only one outcome, death!!!”

.....

An hour later, there were nearly a hundred figures standing in front of ye chen. Among them, there was one late-stage soul formation cultivator, five mid-stage soul formation cultivators, ten early-stage soul formation cultivators, and the rest were nascent soul cultivators.

“This old man hai Wuya greets Sovereign Lord!”

The leading late divine transformation realm old man smiled bitterly and knelt on one knee in front of ye chen. From now on, his life and death were in ye Chen’s hands.

“Plop!”

At the same time, the remaining hundred or so people knelt down in unison toward ye chen and shouted, “Greetings, Lord!”

After ye chen had killed a few soul formation cultivators in succession, they finally believed ye Chen's words and could only obediently let ye chen plant an astral body imprint in their bodies.

Ye chen ignored them and turned to look at the old man in Black in the earth rank prison. He said with a half-smile, "You choose to die?"

The black-clothed old man's expression changed slightly, and then he said coldly, "Fellow Daoist, you should forgive people when you can. Don't go too far. I'm not like those trash behind you ..."

"I'm sorry!"

Ye chen shook his head and sneered. "I'm a person who likes to control everything. I don't like any factors that aren't beneficial to me. I either subdue it or kill it ..."

He was sure that the old man in front of him must have come from the devil World, and the devil World was equal to the immortal world in terms of plane level.

The other party's appearance here must have some secret. Such an existence was a greater threat!

"Then I'll have to kill you!"

Ye Chen's voice was slightly cold. Before he could finish his words, his figure flickered and in the next moment, he appeared outside the earth-ranked cage.

The black-clothed old man's expression suddenly changed, and he couldn't help but repeatedly say, "Wait, I surrender, I surrender ..."

"Let me plant a Soul brand ..."

Ye chen broke the door lock and forced him to give up resisting before planting a primordial spirit imprint in his body. Then, he said, "Now, tell me, where are you from? What's his name? Why did you come here?"

"I'm called dutian Devil King. "

The black-robed old man's eyes flashed with a strange light as he secretly transmitted a message, "I'm from the devil realm's capital Sky Devil region, and I accidentally ended up in this world due to an accident ..."

"Stubborn ..."

Ye chen snorted coldly and retracted the primordial spirit imprint he had planted in her body. The former immediately screamed again and again, a pained expression on her face. "To be more precise, I'm a wisp of dutian Devil King's devil sense. In order to avoid his pursuit, I could only hide in this world ..."

As he spoke, ye chen gradually learned that dutian Devil King, the Lord of the devil realm's dutian devil domain, had gone wrong in his closed-door cultivation of the demonic attack.

A wisp of demonic intent took the opportunity to betray him and fell into the spatial turbulence in a hurry. It eventually arrived here and possessed a mid divine transformation realm expert who was about to die, but it was unable to escape.

“The dutian devil region? Dutian Devil King?”

Ye Chen’s eyes flickered. He had been to the devil realm before but had never heard of this place. However, he was sure that the former’s words were not exaggerated.

The demonic realm’s division was different from that of the cultivation world and the immortal world. They were the true demonic, heavenly demonic, demonic general, Supreme true demonic, extraterrestrial demonic, demonic King, demonic Emperor, demonic god ...

The corresponding immortal realm was: True immortal, abstruse immortal, heaven immortal, golden immortal, overarching heavenly Supreme immortal, zenith heaven golden immortal, immortal Lord, Immortal King, and zenith heaven golden immortal of origin ...

Ye chen had once been a primordial origin zenith golden immortal. Venerable immortal and heavenly Emperor were just titles that represented the king of immortal kings, equivalent to the Lord of the demon Realm, the demon God.

Dutian Devil King must have had the cultivation of a Devil King, which was why he could rule a region by himself. His realm was equivalent to a perfected golden immortal in the immortal world.

“It seems like I’m overthinking things ...”

Thinking of this, ye chen secretly heaved a sigh of relief. He had thought that the people of the devil realm had also found out his whereabouts and had infiltrated the place.

“You’re just a wisp of demonic sense, and you have no cultivation!”

Ye chen then looked at the old man in Black and said,““You can only rely on tricking others, so when you saw me use my true strength, you immediately admitted defeat ...”

Sir, although I’m only a wisp of dutian Devil King’s devil sense, I’ve also inherited most of his memories ...”

The old man in Black Thought that ye chen thought he was useless and could not help but say in fear,““I know a lot of cultivation techniques and even immortal techniques that don’t exist in your world ...”

“This is also the reason why I’ve kept you alive.”

Ye chen sneered to himself and said,“If you’re tactful, perhaps I’ll help you return to the devil World one day and devour dutian Devil King’s main consciousness, allowing you to become the host instead of the guest!”

This was also an idea he came up with at the last minute. It was difficult to return to the immortal world, but it was much easier to go to the devil World. After all, the devil World had repeatedly infiltrated the lower worlds and tried to enslave the myriad worlds, so many worlds had passages to the devil World.

“Thank you, my Lord ...” The black-robed elder was overjoyed.

“Let’s go!”

Ye chen turned around and glanced at the nearly one hundred people behind him. Then, he walked out of the Imperial prison.

.....

When he reappeared at the entrance of the immortal Palace's meeting hall, ye Wushuang quickly walked up to him and said, "Big brother, sister-in-law is about to give birth ..."

Chapter 1367: Su Yuhan's delivery!

"Yuhan is about to give birth?"

Hearing ye Wushuang's words, ye Chen's body trembled and his eyes were filled with endless ecstasy!

Su Yuhan was about to give birth!

Ye Chen's second child in this world was about to be born!

He immediately turned around and walked into the depths of the hall. He seemed to be too excited and actually staggered.

Ye Wushuang hurriedly held him up, not knowing whether to laugh or cry. This was the first time he had seen ye chen lose his composure.

However, he was also extremely happy. He and ye chen were not family but they were more like family. Naturally, he was looking forward to the birth of the little guy.

At this moment, the meeting hall was surrounded by old ancestor yellow spring, Shi qianhan, and the others.

In front of them, there was a curtain separated by a cloth, and a heart-wrenching cry of pain could be heard from the room in front of the curtain.

Everyone nervously looked through the curtain. Even though the curtain had the effect of blocking divine sense, it could not stop the tension in everyone's hearts.

At this moment, ye hai was pacing back and forth in the corridor from time to time.

When he saw ye chen and the other man walking over, the former immediately came up to them. "Xiao Chen, Yuhan is about to give birth. Your mother and miss Jiu 'er are taking care of her inside ..."

After saying that, he noticed the little guy in ye Chen's arms and his face lit up. "Little Star ..."

Ye chen handed his brother and Qianqian over to him. He was about to lift the curtain and enter with a nervous expression when ye hai called out, "Xiao Chen, it's better if you don't go in ..."

"You're a grown man. You don't know how to deliver a baby. You'll only add to your troubles if you go in. Trust your mother."

Ye hai knew that he was nervous, but he still comforted him, "It's better to be quiet than to move at this time ..."

"Dad, I'll be worried if I don't go in and watch ..."

Ye chen smiled bitterly and was about to enter when he suddenly turned around and looked outside the immortal's Hall. His eyes were extremely cold. "This group of evil beasts, are you looking for death?!!"

In the next moment, he disappeared from the spot.

After him, old ancestor yellow spring seemed to have sensed something as well. He sneered and followed him out.

"What happened?"

This sudden scene surprised the rest of the people who had stayed behind, and a few of them also followed.

Outside the immortal Palace, among the mountains.

At this moment, regardless of whether it was on the ground or in the sky, there were densely packed black shadows that covered the sky and earth.

The ground was shaking, the sky was shaking, rocks were falling, and the mountains were shaking. It was as if thousands of soldiers and horses were galloping over. All kinds of terrifying auras filled the void, making people's hearts tremble.

If one looked closely, they would discover that the black shadows were all strange demonic beasts, and their bodies exuded a monstrous and ruthless aura.

A giant black ape was running wildly in the forest, crossing a thousand feet with a single step. It was like a giant with the blue sky above his head, and a giant bird with giant wings flapped its wings and swept across the world ...

The black figures swarmed toward the immortal's Hall like a swarm of bees, as if something fatal was attracting them.

When beiming and the others landed beside ye chen and old ancestor yellow spring, they were shocked speechless by the scene in front of them.

A beast tide, a heaven-shaking beast tide!

Shi qianhan took a deep breath and said, "Why would there be a beast tide here? We've never provoked them."

"It's simple!"

Old ancestor yellow spring narrowed his eyes and sneered. "These B * stars are here for fellow Daoist ye's soon-to-be child!!!"

At this point, he couldn't help but click his tongue. "Ten thousand demons surrounded the immortal's Palace, and the beasts were all in a riot. It seems that fellow Daoist ye's soon-to-be born child will definitely be extraordinary in the future ..."

Even ghosts knew how to absorb the Yang Qi of living people, so the phenomenon of demonic beasts eating people was even more common. Especially when a person with great luck was born, it would cause all the demonic beasts to go berserk.

“What do we do now?” Someone said in a deep voice.

In the face of such a terrifying beast horde, even a soul formation stage mighty figure would have to retreat. Not to mention, there were also many soul formation stage demon kings in the Horde.

He looked at the beast horde that covered the sky and earth.

Ye Chen’s eyes turned cold. Then, he rose into the air and shouted, “Today is the birth day of my second child. I don’t want to kill. I order you to leave immediately!!!”

“Boom ...”

As soon as he finished his last word, a mighty roar resounded in the sky, as if there were a hundred Thunderbolts rumbling in the sky at the same time.

However, the beasts were unmoved by his warning. Instead, they sped up and surrounded the immortal Palace.

“Evil beast, you’re seeking death!!!”

Ye chen was furious!

His entire body suddenly expanded and it was as if he had transformed into a golden giant. He was as tall as the sky and shook the surroundings!

“BOOM!!!”

In the sky, a huge Golden Foot descended from the sky and stomped directly on the endless horde of beasts, crushing a mountain peak.

In an instant, all the beasts within a thousand feet radius were annihilated, but the beasts behind them continued to advance without fear of death.

“Attack!!!”

Old ancestor yellow spring’s eyes turned cold as he took the lead to attack.

With a wave of his sleeve, a Black Vortex appeared in the void. The vortex grew bigger and bigger until it finally turned into a tornado that reached the sky and the earth.

“BOOM!”

The black Tornado pierced through the sky and connected the earth and the sky. It was majestic and fell into the endless beasts like a mountain flood.

At the same time, the Lord of the northern Sea temple and the many powerhouses released by ye chen from the celestial temple’s heavenly prison attacked together.

Nearly thirty soul formation realm cultivators joined forces and unleashed their divine arts and techniques. Sword light flashed brilliantly, and the beasts screamed in pain.

At that moment, a series of heart-wrenching cries of pain rang out in the immortal Palace.

It was su Yuhan’s voice!

“Yuhan!!!”

Ye Chen’s expression changed slightly. Without any hesitation, his figure flashed and he instantly appeared in the immortal’s Palace’s meeting hall.

He ignored ye Hai’s obstruction, lifted the curtain, and rushed into the delivery room. He saw his mother, Wu Lan, and Jiu ‘er were busy at the moment.

Su Yuhan, who was lying on the bed, clutched the edge of the bed tightly with both hands. Her hair was wet with sweat, and her face was extremely pale. On her abdomen, there was a Scarlet blood stain that stained the bed sheet.

Jiu ‘er kept trying to stop the bleeding and said in a trembling voice, “Young master, sister su is having a difficult labor ...”

“Xiao Chen, Yuhan has lost too much blood. I’m afraid ...” Wu Lan was panicking as she stuttered.

Ye Chen’s heart sank and he hurriedly took a few steps forward.

Su Yuhan’s face was pale without a trace of blood. After seeing ye chen, she said in great pain, “Ye chen, stay with me. Stay with me. I’m in so much pain ...”

“Alright, I’ll accompany you.”

Ye chen held her hand tightly. “Don’t say anything. Hang in there. You have to believe in yourself ...”

“Ye chen ...”

Su Yuhan looked into his eyes, which were filled with reluctance and determination. “I might not be able to make it, but I will insist on giving birth to this child ...”

Chapter 1368: The birth of the child, a natural phenomenon!

At the same time, the gray aura from her body became more and more intense, and su Yuhan’s body became weaker and weaker.

The gray aura was death Qi!

When a person’s deathly aura gathered above their head, it was the day of reincarnation!

“Ye chen, you have to promise me ...”

Su Yuhan forced a smile and looked at him. “When I die, you have to take good care of Mengmeng ...”

Ye chen felt a sharp pain in his heart.

He couldn’t help but hold su Yuhan’s hand tightly and said in a trembling voice, “No, you have to promise me to live. You can’t die. Even if the heavens want you to die, I’ll take you back!!!”

With that, his eyes flashed with a sharp determination. Then, he slammed his hammer against his chest.

At that moment, a drop of golden blood shot out from his chest. As soon as the drop of golden blood appeared, a terrifying divine might overflowed in the world.

From a distance, it did not look like blood at all. Instead, it looked like a golden divine flame. It was so bright that it was blinding, and it made the world dim.

Wu Lan and Jiu 'er were also stunned by this scene!

In their eyes, ye Chen's complexion suddenly became extremely dispirited, as if he had aged decades in an instant.

Ye Chen's body trembled slightly, and then he forced the drop of golden blood into su Yuhan's brow.

That was the last drop of blood from his heart!

Every self-cultivator had three drops of heart blood, which was the foundation of their cultivation and the foundation of their vitality. Once the three drops were used up, it meant that the person was not far from death.

Ye Chen also had three drops. He had given the first drop to his daughter and the second drop to save Qianqian.

But now, he still gave three drops to su Yuhan!

As soon as the blood entered su Yuhan's body, it exploded with terrifying energy like a drop of water falling into a pot of boiling oil.

Su Yuhan couldn't help but grunt.

Ye Chen was quick to seal most of the power of the drop of heart blood and then fixed it in su Yuhan's body, letting only one-tenth of its energy turn into a trickle to nourish su Yuhan's body.

At that moment, su Yuhan's complexion gradually improved, and the death energy in her body slowed down a lot. She was no longer bleeding.

Looking at ye Chen's dry hair and pale face, she slowly closed her eyes and a tear flowed down the corner of her eye. "Why are you so silly?"

Even though she did not know what ye Chen had given her, she could tell from the changes in ye Chen's body that it was very important to him.

Ye Chen smiled sadly, his eyes determined. "I've said it before. Even if the heavens want you dead, I'll take you back. If the King of Hell dares to take you back, I'll kill my way into the nine levels of the netherworld!"

At the same time, he could feel the energy in his body flowing away at a speed visible to the naked eye.

The heart was equivalent to a human's engine. All the blood circulation in the human body had to pass through the heart, and the blood from the heart was born from the heart. It could continuously provide the essence of the five internal organs to the human body, which was equivalent to a natural energy crystal.

Seeing the changes in ye Chen's body, Wu Lan's heart was filled with sorrow."Little Chen!"

"Mom, continue with the delivery!"

Ye Chen gave her a pale smile and transferred his spirit energy into su Yuhan's body.

"Alright, alright ..."

Wu Lan wiped her tears and held back her tears as she called Jiu 'er to help su Yuhan deliver the baby.

After some time, Jiu 'er's excited voice rang out in the room,"Guye, it's out, the head is out ..."

"Yuhan, take a deep breath. Harder ..." Wu Lan's eyes were filled with tears.

Not long after, a baby's cry rang out in the narrow delivery room."Waa ..."

"She gave birth, she gave birth!"

Wu Lan quickly cut the umbilical cord and swaddled the baby. She and Jiu 'er looked at su Yuhan and ye Chen with tears of joy.

When ye Hai and the others outside heard the baby's cry, they were also excited beyond control.

"Waa ..."

Although the baby's cry was neither loud nor soft, it shook the entire immortal's Hall. It was as if chaos had just split apart, and it was very clear and loud as it covered the heavenspan mountain.

Old ancestor yellow spring and the others, who had killed the beast herd and fled, heaved a sigh of relief when they heard the voice.

Someone suddenly raised his head and pointed at the sky above the immortal Palace."Old ancestor, look! What's that?"

Everyone looked up and saw a golden pillar that pierced through the clouds above the immortal's Hall. The pillar of light was actually coming from the delivery room.

At this moment, the entire four regions of the purple sky Realm saw the pillar of light from afar. It was like a Golden Dragon connecting heaven and earth.

"What's that?!"

At this moment, everyone was shocked. Many experts who had hidden themselves from the world were shocked.

Old ancestor yellow spring looked at the pillar of light in shock and muttered,"The soaring Golden Dragon phenomenon. Monstrous, truly monstrous ..."

.....

In the delivery room, the baby's cries became louder and louder.

Wu Lan passed the swaddling cloth to ye Chen and was overjoyed."Little Chen, Yuhan really gave birth to a chubby little boy for you ..."

Ye chen carefully took it and looked at it. What entered his eyes was a wrinkly face, but the nose and lips were exactly the same as ye chen 's, and the eyes were like su Yuhan' s.

In particular, the feeling of his blood being thicker than water made his heart skip a beat. It was as if all the blood in his body was boiling.

Wu Lan was worried that he wouldn't like it, so she subconsciously explained,""Xiao Chen, a newborn is like this. You were as black as charcoal when you were born ..."

Jiu 'er almost laughed out loud.

Surprisingly, as soon as the little guy was in ye Chen's arms, he stopped crying and stared at him quietly with wide eyes.

The father and son looked at each other for the first time.

"He's really a good one!!!"

Ye chen was so excited that he almost cried out. He played with the little fellow's man-made item and grinned.

"Pfft ..."

At this time, a stream of water went against the air and sprayed directly on his face, as if it was in response to the saying of "flying straight down three thousand feet."

The atmosphere in the room suddenly became silent, and then it was broken by Jiu 'er's laughter."Son-in-law, he's shushing you. Oh my, I'm dying of laughter ..."

Wu Lan also couldn't help but laugh.

Ye chen wiped his face and looked at the little guy in his arms. The little guy actually giggled.

"Good kid, I'll remember this grudge."

Ye chen said with a dark expression. He immediately carried the little guy to the bed and looked at the weak-looking su Yuhan."Yuhan, look, this is our son ..."

Before he could finish his words, the little guy in his arms reached out his trembling hand, as if he wanted to shake hands with su Yuhan.

A loving smile appeared on su Yuhan's face. She reached out her hand, wanting to hold it, but she fell asleep the next moment.

Chapter 1369: If the heavens want you to die, I'll destroy the heavens!

Wu Lan and Jiu 'er immediately went up to him. When they saw that the former was still breathing, they looked up at ye chen."Little Chen, is Yuhan alright?"

Ye chen placed his hand on su Yuhan's wrist. After his expression changed a few times, he said in a deep voice,""She's fine ..."

Although he said this, his heart grew heavier.

Half a year!

Su Yuhan only had half a year left to live!

She originally had a year of life, but after giving birth, she lost a lot of vitality and her Foundation was completely damaged.

It was useless even if he had that drop of heart blood to nourish it, because one's lifespan couldn't be controlled. Once one's lifespan was up, even if one was still alive and kicking a second ago, it would be difficult to escape death the next second.

It seemed like he had to think of a way to raise Yuhan's cultivation!

Ye Chen's heart was heavy. The longevity pill was useless to su Yuhan. Only by allowing her to reach the soul formation stage within half a year could she have an additional thousand years of life.

"It's good that you're fine!"

Only then did Wu Lan heave a sigh of relief, as if a heavy burden had been lifted off her shoulders. She then said earnestly, "Xiao Chen, don't think that I'm naggy. You've seen how hard it is for a woman to give birth. You must treat Yuhan well in the future ..."

"Mom, I know!"

Ye Chen took a deep breath and said, "Mom, Jiu'er, you must be tired. Go and rest. I want to spend some time with Yuhan."

Wu Lan nodded and immediately walked out with Jiu'er.

For a moment, only ye Chen, who was holding the child, and the unconscious su Yuhan were left in the room.

Looking at su Yuhan's poignant face, ye Chen's heart ached for no reason. He then freed one hand to caress her face and muttered, "Yuhan, don't worry. I won't let you die."

"If the heavens want you to die, I'll destroy the heavens!!!"

He was like a fool, saying a lot of things to su Yuhan, but the little guy in his arms was surprisingly quiet.

After an unknown period of time, su Yuhan finally woke up from her coma. After holding her child, she looked at ye Chen's slightly aged face. "Silly, is it worth it?"

"Of course it's worth it!"

Ye Chen placed her hand on his face and smiled. "Three thousand years of suffering, just because you are the obsession in my heart!"

"Without you, what's the point of me, ye Chen, being immortal and indestructible?!"

Su Yuhan looked at her with heartache and suddenly said softly, "Ye Chen, let's go back to Earth. Let's go home. I want to go and see ..."

Even though ye chen did not say it, she still knew the condition of her body. She was worried that she would die before she could reminisce about the past.

“Alright ...”

“I’ll bring you back tomorrow,” ye chen smiled.

Su Yuhan immediately showed a satisfied smile and then fell asleep again. Her poignant face made people’s hearts hurt.

After ye chen used his spiritual energy to help her adjust her body, he carried the child and went out.

“Congratulations, fellow Daoist ye. Both mother and child are safe!”

Old ancestor yellow spring was the first one to step forward. As if he was performing a magic trick, a blood-red ruyi scepter appeared in his hand. “This is the Phoenix blood Ruyi that the patriarch obtained before. It’s a gift for this little guy. It can help him nourish his body.”

Ye Wushuang followed closely behind and said with a smile, “Big brother, congratulations. Is sister-in-law alright?”

Shi qianhan, the northern Sea temple master, and the others also congratulated him and offered their own wishes.

Not long after, all kinds of dazzling magical treasures were hanging around the little guy’s neck and hands. Even the red dudou was a spiritual treasure that could resist fire and water and was invulnerable.

What they didn’t see was that in a corner, there was a six-year-old boy who was silently watching this scene. He was biting his lips and his expression was aggrieved.

After ye chen smiled in response to everyone, ye hai came up to him with an excited face. “Xiao Chen, let me see my grandson ...”

He then took the child from ye Chen’s arms and grinned from ear to ear. “The ye family has an heir, the ye family has an heir ...”

The ye family was a traditional family. Even though ye hai did not have the mindset of valuing males over females and liked his eldest granddaughter, Mengmeng, very much, the older generation still hoped that a son could inherit the family name and bloodline.

“Waa ...”

As soon as he hugged her, the little girl who was originally very obedient suddenly burst into tears, which scared ye hai so much that his face was covered in sweat.

“Dad, I’ll do it!”

Ye chen smiled and hugged him. The little guy was still crying.

“Are you hungry?” everyone stared at each other.

“It’s possible ...”

Ye Chen nodded, but then he felt a little awkward. "But what are we going to feed him? Su Yuhan just gave birth, and her body is weak ..."

While the others were at a loss, Old Ancestor Yellow Spring chuckled. "The forefather has a way!"

After saying that, he disappeared from his spot. After an incense stick's worth of time, he reappeared, but with two colorful deer in his hands.

These were two golden core female deers.

As soon as the two female deers appeared, they tried to escape in a hurry, but they were shocked by Old Ancestor Yellow Spring's aura. "You two little guys, I know you can understand me ..."

Then, he pointed at the little guy in Ye Chen's arms and said, "This little brat doesn't have milk to drink, so you guys have to work hard. I'll give you guys an opportunity to transform later."

The two deers were unwilling at first, but after hearing the ancestor's last sentence, they nodded their heads.

Jiu'er immediately took the bowl and squeezed it in front of everyone, causing the two deers to shyly cover their eyes with their ears.

Ye Chen took the bowl of deer milk, scooped up a spoonful, and gently handed it to the little fellow. "Open your mouth and drink."

The little guy immediately stopped crying and opened his mouth to drink mouthful by mouthful. He drank three bowls of it ...

Seeing this, Old Ancestor Yellow Spring flicked his finger and shot two pills at the two deers. "I'll keep my promise. This is a transformation pill that can help you transform ..."

Unexpectedly, the two deers shook their heads and refused. Then, they knelt in front of Old Ancestor Yellow Spring and Ye Chen.

A voice as crisp as an Oriole's rang out, "My Lord, we don't want the transformation pill. We just want to follow you."

"Eh?"

Old Ancestor Yellow Spring was a little surprised. He could not help but look at Ye Chen and smile. "These two little fellows are smart. They know that the transformation pill can only help them transform, but not let them go any further ..."

Ye Chen muttered to himself for a moment, then nodded. "Sure, but you'll have to feed my son in the future."

"Many thanks, my Lord!"

The two deers were overjoyed.

After he was done with all this, Ye Chen left the child in the care of his mother, Wu Lan. Then, he remembered something and could not help but size up the crowd. "Where's Mengmeng?"

As soon as he finished speaking, everyone looked around at each other. Ye hai was also puzzled, "I saw this girl just now. How did she disappear in the blink of an eye?"

Chapter 1370: zicang bows his head and creates an orthodoxy!

Outside the immortal Palace, in the dense forest.

There was a six year old little girl running in the forest, and she was running down the mountain.

"Daddy and Mommy have a second child and don't love Mengmeng anymore. Mengmeng is so aggrieved ..."

The little guy wiped his tears as he ran. "Daddy and Mommy like little brother a little more than Mengmeng. Mengmeng is ... Extra ..."

"Mengmeng, just leave. Let's go to a place where ... Where even mom and dad ... Can't ... Find ..."

The little fellow felt aggrieved, and the more he thought about it, the sadder he felt.

"Ang ..."

At this moment, a tiger's roar suddenly came from the forest. Then, a tall and fierce tiger leaped out and blocked the little fellow's path.

It was a multi-colored Tiger that was around the foundation establishment stage. Its entire body was filled with a towering baleful aura, and its eyes were like copper bells as it glared at little Tian.

It originally thought that the little girl in front of it would be scared half to death, but who knew that the little fellow would be a little impatient and say, "Stinky Tiger, get lost. I'm not happy. Don't provoke me ..."

Aiya!

The multicolored Tiger was stunned for a moment before it felt that its dignity had been challenged. It let out a furious roar and pounced on little Tian.

Even adults were extremely afraid of him, but to think that he would be despised and threatened by a child.

"I already told you to get lost!"

The little fellow stretched out its chubby little hand and slapped the multicolored Tiger, which was ten times its size, away.

The multicolored Tiger crashed heavily onto the ground and felt as if its body was about to split apart. It then stared at the little fellow with its eyes wide open.

It was actually sent flying by a child's slap?

Just as it was about to fly into a rage and pounce again, a terrifying aura suddenly descended from the sky and heavily suppressed it to the ground.

The next moment!

A thin figure appeared in front of the little fellow.

It was ye chen!

Ye chen glanced at the multicolored Tiger indifferently. The latter was so frightened that it trembled in fear.

Seeing that he was coming, the little guy could no longer hold back his tears. He turned around and ran in the other direction.

The next moment, ye chen appeared in front of her and blocked her way. He could not help but smile bitterly. "You child, you should have told me where you're going. It's not like I'm not bringing you along."

"No... It's none of your business,"

The little guy turned his head away and did not look at him. He pretended to be stubborn and said, "You go and see your little brother. It's none of your ... Business where Mengmeng goes."

Although she said that, the tears at the corner of her eyes could not stop flowing.

"Are you jealous?"

Ye chen felt a little amused and angry at the same time. He walked to her side and squatted down. "Haven't you always been looking forward to your younger brother's birth? Why are you still jealous of your little brother?"

"I ... I didn't!" The little guy bit his lips and refused to admit it.

"Alright, alright, you didn't."

Ye chen laughed to himself, but he said, "Dad knew you didn't. After all, my Mengmeng has been smart and sensible since she was young."

The little fellow snorted.

However, she was not as resistant as before.

Ye chen said again, "you're the older sister. You have to give in to the younger brother. You've seen the younger brother's birth today. Father and mother are so tired."

The little fellow could not help but lower her head when she heard this.

Ye chen saw this and gently held her little hand. He smiled and said, "Don't worry. Mom and dad won't stop loving you just because you have a little brother. On the contrary, dad will love you more."

At this point, he could not help but say, "think carefully, did dad ever hit you?" Have I ever scolded you? I'm afraid you'll fall off in my hands or melt in my mouth ..."

"Pfft ..."

The little guy burst out laughing, and his mood instantly brightened up. "I'm not candy, how can I melt ..."

Ye chen took the opportunity to add fuel to the fire."Daddy said that you're daddy's little cotton-padded jacket. When your younger brother grows up and makes mistakes, daddy will still beat him up. The kind that takes off his pants and gives him a good beating."

"You can 't!"

The little guy was immediately anxious. He turned around and looked at him seriously."Dad, you can't beat little brother. He's young and insensible ..." He said.

"Pfft!"

Ye chen also laughed."You speak as if you're very sensible. Alright, go home with daddy. Don't let mommy worry. Mommy's health isn't good ..."

Then, he picked up the little guy and left.

This was the first fight between the father and daughter.

This experience also showed him a lot. His daughter had finally become sensible. She knew how to be jealous and knew how to express her grievances by running away from home.

After he left, the multicolored Tiger felt as if it had been pardoned. It turned into a black gust of wind and ran away.

That day, at the foot of the Mt. Tongtian, a colorful Tiger moved out of the Mt. Tongtian with its entire family.

The next morning, the four major regions of the purple sky Realm moved. Regardless of whether it was a sect, an aristocratic family, or a sect, all the big shots gathered on the Tongtian mountain.

Zhou dongxuan, the sect master of the number one sect in the true sky domain, the limitless void sect, led many soul formation realm cultivators to ye chen and knelt down on one knee."We pay our respects to the Lord of the purple sky Realm!"

"Boom boom boom ..."

At that moment, all the big shots behind him, including the reclusive old monsters, knelt in front of ye chen.

"We pay our respects to the Lord of the purple sky Realm!"

"We pay our respects to the Lord of the purple sky Realm!"

Patriarch green spirit and the other experts who had walked out of the celestial prison also knelt down on one knee and shouted.

At that moment, all the powerhouses bowed their heads!

At that moment, the entire purple cloud field was under ye Chen's feet!

Ye chen was in a high position. He held his daughter and son in his arms and calmly looked down at the crowd below.

Although he did not open his mouth, his indifferent gaze caused everyone to tremble in fear, as if they were sitting on pins and needles.

“Everyone, please rise!”

Ye Chen said calmly. Only then did everyone feel as if they had been pardoned. They wiped their cold sweat and slowly got up. Even so, most people still did not dare to look Ye Chen in the eye.

Ye Chen’s first sentence had shocked them, but at the same time, they were secretly ecstatic.

“I’m about to leave the purple firmament field!” Ye Chen looked at everyone.

“What? Ye Tianjun, you’re leaving the purple sky Field?”

Zhou Dongxuan, the sect leader of the limitless sect, pretended to be surprised and then said reluctantly, “Heavenly Lord, you’ve destroyed the immortal Palace and helped us escape. You can’t leave ...”

At this point, he actually squeezed out tears.

When the rest of the people saw this, they also tried to persuade him to stay, pretending to be sad.

Ye Chen looked at them coldly and said, “Before I leave, I’m worried about you. Therefore, I plan to set up a force called the stellar Tower and invite you to join!”

As soon as he said this, everyone’s expression changed slightly. Then Zhou Dongxuan took the lead and knelt down. “The Lord of Heaven wants to establish an orthodoxy. It is the good fortune of the purple sky Realm. I, Zhou Dongxuan, am willing to join!”

Seeing this, the rest of the people secretly cursed the former’s shamelessness. They could only express their willingness to join the stellar Tower.

“Very good!”

Ye Chen smiled and continued, “however, I’m still worried about you. I need you to show some sincerity and hand over your soul blood!”

As his voice fell, the world suddenly fell silent.

He wanted them to hand over their soul blood?

Now, no matter how stupid they were, they realized Ye Chen’s goal. In the end, he wanted to become the second immortal’s Palace and enslave them!

“Ye, don’t go too far!”

A sect leader couldn’t help but say angrily, “Do you really think that you are so fearless just because we call you the master of the purple sky Field?”

“So you’re saying you refuse to join?” Ye Chen’s eyes turned cold.

That person’s expression changed slightly. He then looked around and said, “I’m not the only one who refuses to join. I believe the other fellow Daoists will also refuse ...”

Before he could finish his sentence, a huge palm landed and turned him into a Scarlet blood mist.

“Is there anyone else who would like to reject?”

Ye Chen’s indifferent gaze swept across the crowd.

Many experts were furious but didn’t dare to say anything.

Ye chen smiled and said,“you don’t have to cry. I’ll only limit your freedom for a hundred years. Once the hundred years are up, I’ll return the soul blood to you!”

“Is fellow Daoist ye’s words true?” Zhou dongxuan was skeptical.

“Naturally!”

Ye chen nodded slightly.”I can swear on my Dao heart that once a hundred years have passed, I’ll return your soul blood. At that time, you’ll be free to stay or leave. Otherwise, my soul will be destroyed!!!”

“Alright!”

Zhou dongxuan gritted his teeth and handed over the soul blood immediately. He did not forget to remind her,“I hope fellow Daoist ye will keep his promise when the time comes. Otherwise, I’d rather die ...”

When the others saw this, they could only smile bitterly and hand over their soul blood.

In the thirty-six thousand years of zicang’s reign, ye chen established the orthodoxy’s Stellar Tower with Mount Tongtian as the base. He appointed Qin Cang, the head of the Cangwu Qin family, as the sect master and all the soul formation stage cultivators in the four major regions of the zicang realm as elders.

The hundreds of millions of creatures in the purple sky Realm were witnesses!
