

## Genius 1421

### Chapter 1421: I'm ye nankuang of Hua nation, what's there to fear?

Son of God Blood Sun had made his move!

Seeing this scene, everyone's hearts instantly tensed up.

The so-called Divine Son was the publicly acknowledged genius of every star. He was known to have the ability to shake the map of the stars and illuminate the heavens!

Moreover, ye chen was the number one person on earth. It would not be an exaggeration to describe him as the divine Son of the earth. He also had the potential to illuminate the heavens.

Today, the two divine sons were fighting. Who would be the winner?

Son of God Blood sun's eyes were like blood. He clenched his right hand into a fist, and the Blood River transformed into a blood-red spear. It pulsed with a terrifying blood-red light and was extremely sharp.

"Surnamed ye, you'll die today!!!"

As soon as he finished speaking, he moved. He turned into a blood-red Rainbow and attacked ye chen. Before he even reached ye chen, the blood-red spear had turned into a blood-red Dragon and swept toward ye chen.

"As expected of the Divine Child. He's so strong!"

The faces of countless people who were watching this scene instantly turned pale.

China's older generation powerhouses could not help but look at ye chen, worried."Is Mr. Ye his opponent?!!"

"Trash, get lost!!!"

Ye Chen's expression remained the same. He gently clenched his hand into a fist and punched out. Instantly, the void was torn apart and the sky churned like a true dragon roaring.

The shadow of the fist rose into the sky and immediately turned into a dazzling sun, splitting the heaven and earth apart. Everyone's eyes were only left with the fist.

"BOOM!!!"

At that moment, the blood-red spear in Blood sun's hand trembled violently. Countless cracks of all sizes appeared, looking like a spider web from afar.

Crack ... Crack ...

Then, the blood-red spear suddenly collapsed.

Son of God Xue Yang stumbled back with a look of shock on his face. His spear was a Supreme spiritual treasure, and not even five soul formation stage cultivators at the great circle of perfection had it.

Before he could react, he saw ye chen take a step forward. His entire person seemed to have fused with heaven and earth, and he could not capture any traces of movement.

“Die!”

In an instant, ye Chen’s indifferent voice rang in his ears.

“Not good!”

It was also at that moment that Blood sun’s expression changed drastically, and all the hair on his body stood up.

“Blood River Grand magic!”

He roared in anger. Without even thinking about retreating, he hurriedly cast a secret technique of ethereal Palace to condense a surging Blood River around him.

Ye chen made a big move and threw a punch across the sky.

This punch shattered the Blood River Prince Blood Sun had conjured. The fist shadow didn’t slow down and landed heavily on Prince Blood sun’s body.

“Ah!”

Son of God Blood Sun screamed in pain. He felt half of his body collapse, and his entire essence spirit was crushed into powder.

“Divine Child? To this ye, they are merely ants!”

At that moment, ye chen stood proudly in the air, his white hair flying in the wind. His eyes were bright and resplendent, like an ancient God returning to the world.

The world suddenly fell into a deathly silence.

He was dead. Blood Sun god had been blown up by ye Chen’s punch!

That was an existence that had the potential to shine upon the heavens!

“How is this possible?!!”

“Son of God Blood Sun actually died at his hands? Damn it, didn’t they say that the ye family didn’t have much time left? How could he have such a terrifying combat strength?”

Countless people were dumbstruck, and the remaining experts of the eight great immortal sects couldn’t believe it.

A late divine transformation realm elder who was close to Blood Sun shouted angrily, “Ye nankuang, how dare you kill the Son of God of Blood Sun? aren’t you afraid that the powerful cultivators of planet resplendent will come and destroy your country?!!”

“Not only them, but all of you will die today!”

Ye chen took a step forward, his expression indifferent. “If people give me one foot, I’ll give them ten feet. You want to kill me, but you can’t. Then I can only send you on your way!”

He strode toward the late divine transformation realm expert. With every step he took, his killing intent grew stronger.

He used his fingers as a blade, and suddenly, a shocking sword radiance soared into the sky and slashed forward like a rainbow piercing through the sun.

“No!”

The man roared and tried to escape, but he could not escape from the killing formation. In the end, his physical body was destroyed by the sword, and only his primordial spirit was terrified.

“Ye nankuang, it’s a misunderstanding. It’s a misunderstanding ...” A mid divine transformation realm expert sucked in a cold breath and tried to ease the tension.

“Die!”

Ye Chen’s sword slashed and destroyed the other party.

“Ye nankuang, are you crazy?”

Some of the soul formation intermediate stage mighty figures were terrified. “Aren’t you afraid that you’ll bring great trouble to China by slaughtering extraterrestrial overlords like us?!!”

“I’m ye nankuang from China! I’m not afraid of any enemy!”

Ye chen laughed coldly and swung his sword again. With a “PU” sound, he chopped off his opponent’s head and destroyed his niwan Palace.

“Everyone, let’s fight it out with him!!!”

Some people were frantically sacrificing their lifespan in an attempt to fight for their lives.

Ye chen controlled the peerless killing formation and charged into the crowd of heroes. Like a tiger entering a flock of sheep, he slaughtered in all directions and reaped lives madly.

“Ah!”

One of them was immediately cut into countless pieces by the terrifying sword intent that descended from the killing formation, and even his primordial spirit was reduced to dust.

The other person tried to escape, but was struck by the red lightning from the killing formation and turned into charcoal, his soul scattered.

“No, you can’t kill me! I’m the son of the thousand Goblin King ...” A mid divine transformation realm expert with a human head and a beast body roared in anger.

“I’ll kill you even if you’re the son of the King of Heaven!”

Ye chen had wiped out his life without hesitation.

Some of the early divine transformation realm experts had lost all their courage and were kowtowing profusely. “Ye nankuang, I’m willing to surrender. Please don’t kill me ...”

“Sorry, I don’t accept trash!” Ye Chen’s eyes were merciless. With one punch, he killed the man on the spot, destroying his soul.

It was as if he had entered a no man’s land. Blood filled the air, and it was as if he had turned into a purgatory on earth, with people dying continuously.

“It’s too terrifying. This isn’t a person who’s about to die. He’s clearly a devil from hell!”

“Devil, devil ...”

The forces outside who were constantly paying attention to the occupation were so scared that their scalps went numb. Even those who were outside the battle were trembling.

Even Shi qianhan and the others were no exception.

Before this, who would have thought that ye chen would be so terrifying?

In less than an hour, the entire nine Dragon Bay was completely covered in blood mist. The broken corpses of the experts from the immortal sects in the outer realm were left one after another.

With the death of the last soul formation final stage cultivator, the hundreds of soul formation stage cultivators that the eight immortal sects from the foreign lands had joined forces with had all died without any exception!

Even blood Sun deity’s soul was destroyed.

Ye chen looked around like a Supreme Demon Lord sweeping across the world. He said in a sonorous and powerful voice,“From today on, I’ll kill anyone who dares to look down on our country!”

“BOOM!!!”

As soon as he finished his last word, the whole world suddenly quaked, as if hundreds of Thunderbolts were roaring at the same time.

Those who offend China must be killed, no matter how far away they are!

At that moment, everyone was silent, and only their minds were still echoing with this shocking voice.

**Chapter 1422: As expected of the former number one on earth!**

“Those who offend China will be killed, no matter how far away they are!!!”

“Boom boom boom ...”

In the sky, there was a thunderous sound. The power seemed to shake the whole world.

Everyone looked at this scene in a daze.

At this moment, a gentle breeze blew over, instantly blowing the extremely thick smell of blood into the surroundings.

It was this pungent smell of blood that caused everyone to gradually wake up from their daze. The empty world then became deathly silent.

The surroundings were incomparably silent. No one dared to take a deep breath at this moment. Countless eyes were fixed on the empty void.

The eight immortal sects from the outer realms were all destroyed!

All of the soul formation realm cultivators, including Blood Sun, were killed!

Even so, old ancestor yellow spring, Luo Tianya, and the others were still frantically searching for the remaining storage rings and bags.

The elder ancestor's movements were extremely Swift. In the end, all sorts of storage bags hung from his body. As for his ten fingers, they were covered by a password-protected storage ring.

"Chi ..."

It was unknown who could not help but gasp, which was followed by a series of gasps. Everyone's eyes were focused on the thin figure standing proudly in the void.

Everyone's scalps went numb.

It was too terrifying!

Before this, who would have thought that the ending would be like this?

Most people thought that with ye Chen's strength, it would be like throwing an egg at a rock when faced with the combined forces of a hundred soul formation stage cultivators from the eight great immortal sects.

However, all the experts from the eight immortal sects were annihilated!

Even blood Sun deity had died!

Someone looked at the figure in the void and his lips trembled."No wonder he was once the number one on earth. He's too terrifying!"

Many of the cultivators around him nodded in agreement. Hundreds of soul formation cultivators were enough to destroy any country. If this news were to spread, it would definitely set off an unprecedented turmoil.

"Little Chen won!"

Ye hai and Wu Lan heaved a sigh of relief, as if a heavy burden had been lifted off their shoulders. Then, unconcealable excitement emerged on their faces.

The rest of the people were even more ecstatic.

Su Youwei looked at ye chen in a daze. Her beautiful eyes seemed to be in a stormy sea. Her face was a little pale as she muttered to herself,"It seems like we've all underestimated him."

"This ... How is this possible?!!"

Fang Mingde and his grandson, who were also watching the scene, could not believe their eyes. Their eyes were filled with disbelief.

At that moment, all eyes in the world gathered on ye chen. There was shock, dumbfoundedness, horror, and even more disbelief in those eyes.

In a Valley less than a thousand miles away from nine Dragon Bay.

Daoist Northern Yama laughed out loud. "Hahaha, good kill, good kill! No wonder he was once the strongest man on earth. I'd like to see if the rest of the immortal sects still dare to be so arrogant."

Qin Xiaotian also smiled. He looked at ye Chen's figure in the surveillance video and felt his heart surge. "Brother ye, good job ..."

No one could understand his feelings better than him.

The invasion of the extraterrestrial enemies and the death of his sister made him angry and full of hatred for the extraterrestrial enemies. However, he was deeply aware of the powerful Foundation of the extraterrestrial immortal sects.

For this, he had been indignant, roared, and blamed himself.

Even though he had a fortuitous encounter in Yinxu, which made his strength change dramatically, he still felt that he was too insignificant.

However, ye chen had killed hundreds of extraterrestrial powerhouses in a row.

Not only did they avenge him, but they also gave hope to the cultivators of Hua nation and countless cultivators on earth. They saw that the so-called natives of earth could also fight and kill the extraterrestrial overlords.

Thinking of this, he couldn't help but let out a heavy breath and clenched his fist, "The other immortal sects in the foreign lands will definitely be shocked by this!"

"Whoosh ..."

As the major radio stations and media broadcasted the battle scene in nine Dragon Bay, the whole of China was in an uproar.

"Good, good kill!!!"

"My God, he's too strong!!!"

"Mr. Ye is invincible!"

"....."

Many of the older generation of cultivators in China were so excited that they shed tears. They had lived in the shadow of the immortal sects in the outer realms for too long.

"He ... He's that powerful?"

Many of the younger generation were completely dumbfounded. Before this, although most of them had heard of ye Chen's legendary history, they had not thought much of it.

After all, in their opinion, ye Chen was only the strongest person on earth seventeen years ago. After the arrival of the extraterrestrial enemy, earth had undergone earth-shaking changes.

Moreover, they felt that there might be some exaggeration.

However, the scene in front of them caused them to have no choice but to believe it. How was this a legend? he was clearly a heaven-defying fiend!

A high school in Jin Ling city.

The huge classroom was filled with students, but at this moment, the classroom was dead silent. Everyone's eyes were fixed on the white-haired young man in the video.

Ye Chi, who was sitting in the last row, clenched his fists and almost shouted, "Uncle is invincible!"

The rest of them were silent for a few seconds. Then, someone looked at the man and asked weakly, "King of trash, oh no, ye Chi, brother Chi, you know ye nankuang?"

"Chi ..."

In an instant, all eyes in the classroom fell on ye Chi.

Meeting everyone's gaze, ye Chi's body swayed for a moment before he couldn't help but bury his head in the ground. He said rather embarrassedly, "I don't know him. We've only met once before."

"Tsk, you can keep bragging!"

The others rolled their eyes at him. After all, they had witnessed ye Chen's terrifying power with their own eyes. He was an existence that could annihilate hundreds of soul formation stage powerhouses.

How could ye Chi, a child from a poor family, have the right to know him?

Just as everyone was looking at ye Chen in the sky, thinking that the battle had officially come to an end, a Thunderbolt suddenly exploded in the void.

As soon as the figure appeared, it brought with it a powerful, terrifying, and transcendent aura. It raised its palm and slammed it down at ye Chen's head like a god.

"What's going on? What's happening?"

Some people's expressions changed drastically, and some people didn't even have time to react.

At that moment, old ancestor yellow spring's expression changed slightly. He glared at the void.

Only ye Chen's expression remained the same. He looked around at the void and smiled faintly, as if he was mocking. "You old dog who has been hiding in the dark, you finally can't help but make a move?"

"Eh?"

A surprised voice came from the void, "You're only at the mid divine transformation stage, but your divine sense is quite strong. You can actually vent it out on this old man in advance ..."

## Chapter 1423: Get lost within three breaths, or die!

“BOOM!”

The terrifying pressure in the air came toward ye chen.

“Boom boom boom ...”

The dazzling lightning bolt shot over and struck ye Chen’s chest heavily. The earth-shattering energy that erupted from it destroyed everything within a thousand feet radius and directly enveloped ye chen.

“Little Chen!”

“Mr. Ye!”

Seeing this, the people below immediately cried out in surprise. Their faces were extremely nervous. Those who were watching this scene through the internet also stood up in shock.

Previously, everyone was still immersed in the shocking battle halberd of ye Chen’s slaughter of the eight major extraterrestrial immortal sects. Who would have thought that such a great change would happen in the next moment?

“Damn it! Did someone sneak attack ye nankuang?!”

“Shameless, he’s extremely shameless ...”

“Is the legend of our country going to fall today?!!”

In an instant, all kinds of emotions exploded in the hearts of countless people. The attack just now was too terrifying and shocking.

Just as everyone was in despair, the lightning that had wrapped around ye chen suddenly dispersed, revealing ye Chen’s figure.

He stood proudly in the air, his white hair flying in the wind. There was no physical injury on his body, and he appeared in front of everyone as if he was taking a leisurely walk.

“Good, that’s great!!!”

“Ye nankuang isn’t dead? how is that possible?”

“Unbelievable, this is simply unbelievable!!!”

Before the crowd could think too much, the void trembled and a majestic figure appeared.

As he appeared, the entire world began to tremble as if it could not withstand the pressure he brought.

The figure was extremely dazzling, like a golden sun burning. There were blazing divine flames burning outside his body, making people not dare to look at him in the eye.

As the brilliant divine fire dissipated, the figure finally revealed the face of an old man in a long red robe. Although there was no aura to speak of on the old man, it made everyone’s breathing quicken.

“This man is too terrifying. I’m afraid he’s at the soul formation perfection stage.”

Some experts hidden in the dark stared at the old man, and they all gasped.

“You survived my thunderous strike!”

The old man looked at ye chen in surprise and said lightly, “I have to say, in the desolate cultivation world of the deity burial planet, you are the number one. No wonder you were able to kill the Son of God Blood Sun.”

As he said this, his eyes flashed with a strange light, “If you’re given some time, you might be able to activate the map of the stars and illuminate the heavens.”

Old ancestor yellow spring squinted at him with killing intent in his eyes. “The old dog who ambushed us from behind, tell us your name!”

Ye Wushuang stood still and looked at him quietly. The sword essence in his body started to surge like a Great River.

“I am the master of the Li Yao cult. You can call me the Li Yao patriarch.”

The old man glanced at him and his gaze fell on ye chen, ye Wushuang, and the other two. “The three of you have pretty good talent. If you can kneel down and swear fealty to me with your souls, this old man can spare your lives and take you out of this declining abandoned star field ...”

Without waiting for ye chen to speak, old ancestor yellow spring sneered. “You’re only at the great circle of the soul formation stage. What right do you have to make the patriarchs kneel before you?”

“Oh?”

“Hmph!” Patriarch Li Yao snorted coldly, and his invisible killing intent swept out in all directions. The entire nine Dragon Bay shook.

“Pfft!”

Many of the Masters present vomited blood one after another, and then they used all their true Qi to resist this killing intent. They only felt that their livers and guts were splitting, and their divine souls were trembling.

“Retreat!!!”

In the face of such murderous intent, ye chen took a step forward and stood in front of old ancestor yellow spring and old ancestor yellow spring. Then, with a wave of his sleeve, he received all the murderous intent.

“Junior surnamed ye!”

Patriarch Li Yao looked at ye chen with a burning gaze. “Don’t think that you’re invincible just because you killed the people of the eight immortal sects. You’re only relying on that killing formation.”

As he spoke, he sized up the void and laughed teasingly, “After the previous consumption, this killing formation’s power has been greatly reduced. It’s useless against me.”

“You can try.”

Ye Chen narrowed his eyes at him. “I’ll give you one last chance. Get lost in three breaths. Otherwise, not only will you die, but I’ll also destroy the orthodoxy behind you!”

“Hehe ...”

Forefather Li Yao could not help but chuckle. “What big words. You don’t have much qi and blood in your body, and your profound Qi is dried up. You’re just holding on now.”

“If I were you, I would kneel down and kowtow to me. Otherwise, this old man will wash the entire Forest City with blood today.”

At the end of his sentence, the killing intent in his eyes exploded.

“What a noisy old dog!”

Ye Chen took a step forward. A thousand-foot saber ray burst out from his hand and slashed at the former as if he was pulling out a saber to break water.

“Alright, I’d like to see what other tricks you have up your sleeve!”

“You’re courting death!” Patriarch Li Yao laughed in anger. His feet did not touch the ground, and his body swayed. He suddenly floated over like a ghost.

When he was less than two hundred feet away from Ye Chen, his arm suddenly shook and his right hand formed a claw.

Each of his black fingers suddenly grew to several feet long, and with a series of crackling sounds, purple Thunderbolts were contained in them.

“BOOM!”

In an instant, the sky was filled with an aura that made one’s heart palpitate and feel powerless, as if it could destroy everything.

“This is too terrifying!”

At that moment, countless people’s faces turned pale and their minds swayed.

Patriarch Li Yao’s Black finger was still expanding wildly. In just a few breaths, it had covered the void. Lightning and thunder were accompanied in a radius of ten thousand feet. A great horror had completely enveloped Ye Chen.

The Giant Claw covered the sky and the earth, making people feel suffocated.

Ye Chen’s expression remained the same. In the face of this, he did not retreat but advanced instead. He clenched his palm into a fist and punched out with an extremely rough and simple punch.

His golden fist didn’t seem to be made of flesh and blood. Instead, it was like a peerless divine weapon that had been tempered in a divine furnace.

At that moment, everyone's hearts were in their throats, and the media even forgot to adjust the camera.

The only thought that appeared in their minds was whether ye chen could withstand patriarch Li Yao's terrifying attack. After all, the latter was a great circle of soul formation.

"BOOM!"

However, to everyone's surprise, ye Chen's golden fist slammed forward and shattered The Giant Claw that shrouded the void.

The Golden fist's power disappeared as it pressed forward.

"Crack!!!"

Patriarch Li Yao's palm exploded immediately. As blood splattered everywhere, he could not help but grunt and fly backward.

If one looked closely, one would find that the entire right arm of the Li Yao ancestor was severely twisted. It was hard to imagine that the injury had been caused by the purest physical strength.

#### **Chapter 1424: A broken celestial artifact!**

"He actually accepted it? How is this possible?"

"That's not all. In fact, it was forefather Li Yao who was at a disadvantage in their first confrontation!"

"What a terrifying physical body! My God!"

At this sight, the entire world fell into a brief silence, which was then broken by an uproar like a tsunami.

"This is unbelievable! Ye nankuang can still fight!"

Countless people gasped in shock.

One had to know that patriarch Li Yao was an expert at the great circle of the soul formation stage. Even in the immortal sects of the outer realm, such an existence was very rare.

In the air, forefather Li Yao held back his broken palm. He looked at ye chen with shock and anger."You!"

He was not surprised that ye chen could withstand his attack. What surprised him was that ye chen had broken through his attack with his physical body and even injured him.

"I told you to get out of here in three breaths. You didn't cherish my words. Since that's the case, you can leave your life here today."

Ye chen stood against the wind, his clothes fluttering. His face was as cold as a killing machine without a trace of emotion.

"What big words!!!"

Patriarch Li Yao snorted coldly and quickly reattached his right arm. Then he opened his mouth and let out a roar. Terrifying divine fire spewed out of his mouth like a volcanic eruption.

Endless flames covered the sky and the earth, enveloping ye chen.

This was the signature divine power of the Li Kun sect, the great sun Li Gang flame!

As the terrifying divine flame spread out, one could see that the water in the nine Dragon Bay Lake on the ground instantly evaporated, and countless mountain rocks were vaporized at a speed visible to the naked eye.

It was as if the void could not bear the weight.

“Junior surnamed ye, it’s not too late for you to surrender now!”

“Ye chen!” Old ancestor Li Yao shouted. He was extremely interested in the secrets of ye Chen’s physical body and was even extremely greedy to obtain it.

“Noisy old dog, you must die today!!!”

Ye chen sneered. Then, his hands slowly moved, and a terrifying energy also came from them.

Under everyone’s gaze, a small black Mountain appeared out of thin air above his head. The small black Mountain seemed to have crossed the star field and arrived from unknown time and space.

It was Grand, vast, and majestic, making one’s heart tremble.

The small black Mountain expanded rapidly like an ancient mountain above ye Chen’s head. Its terrifying energy impacted the ten galaxies.

It was the five elements heavy prison peak!

Looking at the scene, countless people were stunned.””What ... What is this?!!”

Even patriarch Li Yao’s expression changed slightly.

“Suppress!”

Ye chen shouted. He raised his hands to the sky and the five elements heavy prison peak, which was like a great mountain, suddenly struck out. It was as if Mount Tai had left the world and crushed the sky.

Everyone’s pupils shrank as they trembled in fear.

“BOOM!”

The five elements heavy prison peak struck out and collided with the divine fire that covered the sky and earth. It was as if the sky and earth were turned upside down. The energy that made people’s hearts palpitate violently swept in all directions.

If one were to look closely, one would discover that the divine fire that filled the sky was completely absorbed and devoured by the five elements heavy prison peak.

This was the special feature of the five elements heavy prison peak. The five elements were gold, wood, water, fire, and earth. The divine fire of Li Yao’s patriarch was naturally included in the scope of the fire.

In an instant, the divine fire that filled the sky disappeared. In the vast void, there was only the great mountain that shot across the sky and pressed down on patriarch Li Yao.

“This is impossible, this is simply impossible! “Patriarch Li Yao’s expression finally changed, and his eyes were filled with shock and disbelief.

Sensing the incoming attack, he did not dare to hesitate. He immediately pushed out his hands and a terrifying Zhen Yuan burst out, trying to push back the five elements heavy prison peak.

However, in the next moment, to his horror, he found that the vital essence in his body had left his body uncontrollably and was sweeping toward the five elements heavy prison peak.

“What is this thing?!!”

Patriarch Li Yao’s eyes were wide open. He roared madly and tried to stop all of this. At the same time, the five elements heavy prison peak came from afar and smashed toward him.

“Bang!”

After suffering such a heavy blow, forefather Li Yao let out a blood-curdling screech. His chest caved in on the spot, and his body flew hundreds of meters away like a drum that had been hit.

Ye chen took a step forward and strolled through the air. He moved like thunder and formed a formation with a single step. It was as if he had shrunk the ground into an inch and appeared in front of him in an instant.

“Die!”

He carried the five elements heavy prison peak on his back like a giant supporting a mountain. His eyes burst with divine light and the mountain behind him pressed down.

Although patriarch Li Yao had been disfigured by the previous attack, it was still not fatal. At the critical moment, he roared and a golden armor suddenly shot out of his body.

The Golden battle suit expanded in the wind, and its whole body shone with a brilliant light. It wrapped his body tightly at an amazing speed, and it was presumably a protective spirit treasure.

“BOOM!!!”

The five elements heavy prison peak smashed onto the Golden battle armor with a deafening sound, causing the five elements heavy prison peak to tremble like a large bell.

Ye chen retracted the five elements heavy prison peak and looked at the gold on patriarch Li Yao’s body again with a hint of surprise.

What a powerful protective spirit treasure! It could even resist the attack of his five elements heavy prison peak.

“Master, that golden armor is good stuff!”

At the same time, the voice of the Emperor brush rang in his mind, "I have a feeling that the battle suit is a broken 9th-grade celestial artifact. Although it's broken, there's still a trace of celestial core power left."

"Master, the old schemer is right."

The night Demon Armor's voice rang out, "If we can devour it, it can heal our Dao injuries and increase master's battle prowess."

"I've noticed it too,"

Ye Chen nodded to himself and snorted. He once again activated the five elements heavy prison peak to suppress it.

In the celestial world, celestial artifacts were divided into nine grades, of which the ninth grade was the lowest and the first grade was the highest. The Golden armor of Li Yao's ancestor must have been obtained by chance and was forced to defend.

Although it was the lowest Grade 9 immortal artifact and was severely damaged, the remaining immortal essence in it was useful for healing the Dao injuries of the night Demon Armor and the Emperor brush.

Clang! Clang!

With a loud bang, the Golden battle suit took another blow from the five elements heavy prison peak, but the light on it had dimmed a little.

At the same time, Li Yao's damaged body was also recovering quickly, and his shriveled chest swelled up quickly.

"Master, brute force won't work. We need to find the missing part of this celestial artifact." The Emperor brush reminded.

The night Demon Armor also said, "the old man is not bad. This celestial artifact is severely damaged. It can't protect that old thing from all angles. Master only needs to attack him from the missing corner, and he won't be able to hold on for long."

The two of them used to be celestial artifacts, so they naturally had a great understanding of celestial artifacts.

#### **Chapter 1425: Congratulations to Ye Nan, congratulations to China!**

"You two are even more excited than I am."

Ye Chen did not know whether to laugh or cry. His eyes flickered a few times and he had to change his strategy. He quickly checked the loopholes in the Golden battle armor.

At that moment, his eyes suddenly fixed on the neck of the Li Yao ancestor. The broken golden armor did not protect that vital part.

“BOOM!”

At the same time, old ancestor Li Yao, who had quickly recovered, fled without a word. He was clearly completely scared out of his wits by ye chen and did not dare to continue fighting him head-on.

“Oh no, master, this old thing is about to escape ...” The night Demon Armor was immediately anxious and wanted to catch up.

“You want to escape? How can it be that easy?”

Ye chen sneered and kept the five elements heavy prison peak calmly. He said softly, “Sword, rise!!!”

“BOOM!”

At that moment, the entire nine Dragon Bay shook violently, as if an Earth Dragon had turned over. Then, a shocking sword light shot out from all directions.

It was as if the world had been split apart. Finally, it formed a golden sword in front of ye chen. From a distance, it looked like the heavenly River had descended. It was so bright that one could not look directly at it.

Everyone was stunned.

“What ... What is this?”

Even old ancestor yellow spring was dazed for a moment before he took a deep breath and said, “The Grand five-elements sword formation! This is the Grand five-elements sword formation that fellow Daoist ye prepared in advance!”

They were not the only ones. Even the crazily escaping Li Yao ancestor felt the changes behind him, and he was even more shocked.

If he had known that ye chen was so terrifying, he would not have chosen to provoke ye chen even if he was beaten to death.

Ye chen held the golden sword in his hand and took a deep breath. Then, he swung the sword and slashed. “Eight hundred years have passed since I attained the Dao. Today, I’ll take your head with my flying sword!!!”

“Boom ...”

In an instant, the world lost its color, and the sun and moon lost their light.

Under everyone’s gaze, a sword light that seemed to have been transformed from a Galaxy split the heavens and the earth. It seemed to have crossed the ancient times and slashed toward the space where patriarch Li Yao was.

“I have the treasured armor to protect me. You can’t kill me!”

Patriarch Li Yao didn’t even turn his head. He continued to channel all his true essence, trying to break open the void and escape.

However, when the sword light reached his neck, his expression finally changed, and all the hair on his body stood up. "No!"

The peerless sword radiance that struck the heavens and the earth split the heavens and the earth apart. It was like a flood Dragon charging through his neck, directly beheading the former on the spot.

The sword cut off the head of the Li Yao patriarch.

At that moment, the world suddenly fell into a deathly silence.

Everyone's eyes were wide open as they stared at the scene in a daze. Their eyes were filled with extreme shock and horror.

He killed a cultivator at the perfected divine transformation realm with a single sword strike?

How was this possible?

At that moment, a purple light shot out of the body of the Li Yao old ancestor, and his terrified face was revealed.

It was his primordial spirit.

His primordial spirit turned back to look at his rapidly falling body and then looked at Ye Chen with extreme hatred. He roared again and again, "Ye Nankuang, you destroyed my body! I won't rest until I'm dead!"

With that, he wrapped himself in a cloud and was about to leave.

"Yeah, we won't stop until we die!"

Ye Chen mumbled. His figure flashed and he used spatial bending to pursue. "After all, an existence like you is a hidden threat to me unless your soul is destroyed!!!"

"Swish!"

As the void trembled, the Emperor brush appeared in his hand. The Golden tip of the brush cut through heaven and earth with dazzling light.

"Exterminate!!!"

Ye Chen's footsteps did not stop. He waved the Emperor brush and drew in the void like dragons and snakes, dancing like dragons and phoenixes.

"Not good!"

At that moment, patriarch Li Yao's soul felt an unprecedented killing intent. He shouted in fear, "Stop, I'm willing to ..."

"Pfft!"

Before he could finish his sentence, the terrifying "exterminate" word in the void appeared and turned into streaks of terrifying, invisible killing intent that pierced through his primordial spirit.

“Die!” Patriarch Li Yao’s primordial spirit roared in anger. He was unwilling to die, and he turned into countless fine powder that scattered in time.

A dignified perfected divine transformation realm cultivator had died!

At that moment, the expressions of everyone who saw this scene froze on their faces, and a chill ran down their spines.

Putting aside the hundreds of soul formation stage cultivators who had died at ye Chen’s hands, even a terrifying existence like old ancestor Li Yao, who was at the great circle of soul formation, had died at ye Chen’s hands.

How could anyone not be terrified by this?

Who would dare to look down on ye chen now? Underestimating China?

“Ye nankuang is invincible!”

Therefore, at that moment, the scene immediately burst out with a series of deafening sounds like a tsunami.

“Congratulations to Ye Nan! Congratulations to China!”

The netizens who were watching this scene through the live broadcast stood up subconsciously at this moment and bowed deeply to ye chen with surging emotions.

Daoist Northern Yama’s eyes were filled with tears as he bowed to ye chen. “Congratulations to Ye Nan! Congratulations to China!”

“Congratulations to Ye Nan! Congratulations to China!”

Qin Xiaotian clenched his fists tightly and was extremely excited.

At the same time, at the four borders of China, the Four Heavenly Kings sent out official documents one after another. “Congratulations to Ye Nan! Congratulations to Hua country!”

“Congratulations to Ye Nan! Congratulations to China!” The million strong Army shouted loudly!

Ever since the extraterrestrial enemy had descended on earth more than a decade ago, nothing had been more exciting than today’s event.

Ye chen had slaughtered the powerhouses of the eight great celestial sects from the outer realms first, and then he had killed an expert at the great circle of the soul formation stage. This was enough to shock the world and astonish many celestial sects from the outer realms.

After this incident, who would dare to look down on China?

How dare the many immortal sects in the outer realms treat China as their back garden and come and go as they please?

In contrast to China, the West was silent.

At this moment, they finally realized that the number one person on earth, who had disappeared for seventeen years, had not declined. Instead, he had become even more terrifying than before!

The many extraterrestrial overlords hidden in the void and watching the battle, as well as the existences that had split their divine senses from Yinxu, were also shocked.

“It’s really unbelievable that the declining immortal burial star could give birth to such a monstrous existence ...”

“That’s right. The fact that he was able to kill the Li Yao patriarch means that his strength is on par with ours. Perhaps it’s time for us to change our attitude towards the Chinese ...”

“If this kid can get rid of the situation of his qi and blood drying up, he may be able to win the title of the Earth’s Son of God. At that time, I’m afraid all the luck of the awakened celestial burial planet will be added to him ...”

“What? Did he have a chance to become the new Son of God on earth? You have to know that the last Divine son of Earth swept through the starry skies and suppressed us for countless years ...”

“.....”

#### **Chapter 1426: If anyone doesn’t come, the sect will be destroyed!**

With the death of the Li Yao ancestor ...

From that moment on, the entire earth was in an uproar. Even the Almighty who were hiding in the dark or living in the Ruins of Yin were no exception.

Everyone felt their minds buzz as they looked at the thin figure standing in the void like a god.

“From now on, who else can resist this power?”

This thought appeared in everyone’s mind almost at the same time.

He had massacred hundreds of soul formation cultivators from the eight immortal sects in the outer realm and even killed patriarch Li Yao in the great circle of the soul formation stage. Such an achievement seemed to have never been seen on earth in the past seventeen years.

In the air, ye Chen’s face grew paler and paler as if he could fall at any time.

Old ancestor yellow spring saw through ye Chen’s current situation at a glance. His figure flashed and he immediately appeared beside ye chen.

Ye Wushuang landed beside ye chen one after another. His white robe fluttered in the wind and his face was cold. He and old ancestor yellow spring stood on ye Chen’s left and right as guards. They looked around vigilantly.

Ye chen refused the two’s help and forced himself to stand up. He looked around indifferently, his cold eyes sweeping over countless faces.

A few seconds later, an indifferent voice reverberated from his mouth, "From today on, all sects from the foreign lands in China must register at the foreign lands Judicial Department within three days ..."

"If anyone doesn't come, the sect will be destroyed!!!"

"Boom ..."

His voice was neither loud nor soft, but it was like thunder from the nine Heavens, shaking the field and spreading for thousands of miles. It was like the roar of a God.

As soon as he finished speaking, everyone was stunned at first, then they couldn't help but gasp in unison and look at him in shock.

Ye Chen's words were too overbearing and crazy.

One must know that ever since the immortal sects from the outer realms descended on earth twelve years ago, they had always been unrestrained and lawless.

However, ye chen now wanted all the foreign sects in China to register at the foreign Judicial Department. How was this different from rectification?

With the temper of the immortal sects in the outer realms, how could they agree?

However, when the older generation of cultivators in China heard the news, they were so excited that they almost cheered.

Ye nankuang's decision to reorganize the foreign immortal sects was a great thing for China. It meant that the foreign immortal sects were now restrained and could no longer be as unscrupulous as before.

"Hmph ..."

Ye chen had just finished speaking when a cold snort suddenly rang out in the air. "Ye nankuang, we don't care if you slaughter the eight immortal sects, or if you kill fellow Daoist Li Yao ..."

"But aren't you a little too arrogant? You want to suppress the remaining immortal sects in the outer realm? To put it bluntly, do you really think you can fight against the entire alien civilization on your own?"

"Well said!"

Another cold voice sounded, "Ye nankuang, no matter how monstrous you are, you're just an Earthling. How dare you look down on our alien civilization?"

The Voice in the Void exploded in everyone's mind, but they could only hear the voice and not see the person.

Ye Chen's eyes were fixed on the void. Just as he was about to speak, he heard a loud laugh coming from the distance. "Who said ye nankuang is alone?!"

Under everyone's gaze, the void suddenly distorted a few times, and then an old Daoist in green stepped on the air.

The Azure-robed old Daoist held a horsetail whisk in his hand and descended beside ye chen.

It was Daoist Northern Yama.

With the appearance of Daoist Northern Yama, the entire world fell silent again. After all, Daoist Northern Yama was one of the few mid divine transformation realm experts in China.

The voice from before resounded in the air again, and it seemed to be displeased. "Daoist beimang, are you going to help ye nankuang?"

"The old thing that's hiding in the dark."

Daoist Northern Yama sneered. "I'm here to tell you that ye nankuang is not alone. He has me, tens of millions of cultivators, and billions of people behind him!"

"If you touch ye nankuang, you'll be making an enemy out of me. You'll be making an enemy out of the tens of millions of cultivators and billions of people in China!!!"

His powerful voice was like the sound of a great Bell, completely shaking the heavens and earth, causing countless people's expressions to change.

The former's words were simply too shocking!

Ye nankuang was representing China!

If they dared to touch ye nankuang, they would become the enemy of the entire China!

Across the world, who else could enjoy such glory?

"Good, what a good 'touch ye nankuang is equivalent to touch China'!"

"The Emperor is dead, and the Emperor is guarding the gate. Ye nankuang is a National scholar of China. He deserves such honor!"

"....."

In the midst of the uproar, the entire world was in an uproar. On the internet, it was as if a stormy wave had set off and exploded. Countless voices almost shook the world.

Even ye chen was moved by Daoist Northern Yama's words. He did not expect Daoist Northern Yama to be so supportive of him.

In an instant, the many voices in the void fell silent.

A moment later, a sinister voice was heard. "Old ghost bei Zhi, don't forget the agreement between your Hua nation and US. Are you going to shed all pretenses and start a war with us today?!"

Many people's expressions changed when they heard this.

It was obvious that the experts from the outer realms who were hiding in the dark were furious.

"It's been twelve years, a whole twelve years!"

Daoist Northern Yama suddenly burst into laughter, but tears began to flow from his eyes, "We have been forced to compromise with you for twelve years. For the past twelve years, we have endured hardships and tasted courage, all of us wanting to comfort the many heroic souls of those years."

After saying that, he took a step forward and shouted with a thunderous voice, "Today, if you want to fight, then fight. China will accompany you to the end!!!"

Then, he suddenly raised his hand.

"BOOM!!!"

The void suddenly exploded, and then thousands of people appeared in an instant. These thousands of people's cultivation was not high, most of them were at the original infant stage, but each of them held an apricot yellow flag in their hands.

As the thousands of people waved the flags in their hands, a vast Army appeared in the void. It was a dark mass, and it would not be an exaggeration to describe it as blotting out the sun.

The most terrifying thing was that in front of the endless troops, there were 100 behemoths that looked like ferocious beasts.

They seemed to be huge forts, but they were extremely huge. The muzzles of the forts emitted a ghastly aura, which seemed to contain an aura that could destroy the world.

Ye Chen and Old Ancestor Yellow Spring could not help but look at each other. They both saw a trace of surprise in each other's eyes.

This was the perfect combination of magic artifacts and technology, containing great horror!

"This is my God-shooter cannon!"

Daoist Northern Yama's calm voice was heard, "There are a total of 100 of them, and each of them can kill an early divine transformation realm cultivator. This is the confidence of China!"

#### **Chapter 1427: Ye Nankuang, do you dare to fight?**

As his voice fell, the world suddenly burst into an uproar.

At that moment, everyone's scalps turned numb as they looked at the 100 killing machines that looked like terrifying beasts standing in the air.

God-slaying cannon!

He was actually able to kill an early divine transformation realm cultivator!

In other words, if a hundred God slaying cannons were to be activated at the same time, not to mention a hundred early divine transformation realm cultivators, even half of the earth would be destroyed.

This was the first time China had revealed its true strength to the outside world!

However, it caused an earth-shattering shock.

In an instant, countries such as the United States, North Korea, England, and Japan, who were watching this scene through the internet, could not sit still.

The leader of the United States and North dynasty sat up in shock. He stared at the terrifying giant beasts on the screen, and his face twitched.

“God-slaying cannon?!!”

“The Chinese have endured hardships for twelve years and created such a great weapon? How is this possible?”

“F \* ck, what are the CIA doing!!!”

“.....”

This scene seemed to appear in every country at the same time. At that moment, countless helmsmen moved.

To be precise, he was shocked!

If what Daoist Northern Yama said was true, didn't that mean that China had the power to change the future of the Earth?

In contrast to the Western countries, China was in an uproar.

Whether it was the people at the scene or the netizens who were watching this scene through the internet, they were all extremely excited at this moment.

This was the same feeling that they had every year when they saw the strength of their motherland through the military parade. Everyone was proud of the strength of their motherland.

Ye Chen took a long look at the God slaying cannons and his eyes flickered imperceptibly. “It seems that China has gained a lot from the Ruins of Yin.”

With the appearance of the 100 God slaying cannons, the previously noisy void instantly quieted down.

Clearly, even the powerful beings were silent.

Daoist Northern Yama seemed to be very happy to see this. He continued, “I know you all don't want to believe it. Fine, I'll make an exception today and let you all see it.”

Then, he suddenly turned around and said to a man in military uniform in the void, “General Wu, which immortal sect is the closest to this place in China?”

General Wu subconsciously stood up and shouted, “Old bei, the closest immortal sect to us is the misty Palace in Jiaodong, located two thousand miles away!”

“Fire the cannons!!!”

Daoist Northern Yama waved his hand and said, “Exterminate the misty Palace!!!”

“Yes!”

General Wu's body trembled as he turned around and shouted at the God slaying cannon closest to him, “Fire the cannons!!!”

“Boom boom boom ...”

In an instant, the people standing around the God slaying cannon moved. They quickly and clearly divided the tasks of loading ammunition, embedding spirit stones, and activating the array ...

“BOOM!”

As the heavens and earth shook violently, a pillar of light shot out from the God slaying cannon and headed straight to the North.

Two thousand miles away in the mountains, there was a place that was like a heavenly Palace. The spiritual Qi was like fog, and cranes were chirping.

The eighth elder Tian Xingzi sneered as he looked at the light screen of the array in front of him. “That old man bei Zhi is really good at bluffing. He wants to destroy ethereal Palace with just a piece of scrap metal?”

With the death of the ethereal sect’s old ancestor and many elders, the power of the ethereal Palace naturally fell into the hands of the early divine transformation realm Tian Xingzi.

At this moment, there were two junior alchemy disciples standing beside Tian Xingzi. One of them bowed and echoed, “Grandmaster is right. Ethereal Palace has a protective formation set up by the Grandmaster himself. It can withstand ...”

“BOOM!”

Before he could finish his sentence, he suddenly felt a loud boom in the sky. Then, everyone was buried in the endless sea of fire and terrifying storm.

Even though they were 2000 miles apart, in this era of technological boom and universal cultivation, everything that happened in the misty Palace naturally could not escape the eyes of everyone.

When they saw the ethereal Palace, which looked like a Fairyland, being razed to the ground ...

Deathly silence. The entire nine Dragon Bay had suddenly sunk into a deathly silence.

The misty Palace was really destroyed by a cannon?

Before this, if anyone thought that Taoist Northern Yama’s words were exaggerated, they were now left with endless horror.

One cannon to destroy a sect!

Nothing was more shocking than this!

The Western countries were speechless.

The void was extremely quiet, but from the divine thoughts that were quickly withdrawn, it was obvious that many experts hidden in the dark were also shocked.

“What do you all think of the power of our God slaying cannon?”

Daoist Northern Yama looked at the scene with a smile, then his voice turned cold, “If it’s not enough, there are no less than 50 soul formation stage cultivators in the Ruins of Yin. They can break out of the realm and join the battle in an instant!”

As his voice fell, everyone's heart froze.

It seemed that China was really ready to go to war with the immortal sects in the foreign lands. Otherwise, they wouldn't have made such a big war so obvious.

After an unknown period of time, an old voice faintly came from the void, "Daoist beimang, don't be impulsive. After this matter, my Big River sword faction will send people to the extraterritorial Judicial Department to register!!!"

It was obvious that some of the immortal sects in the outer realm had given in.

After him, the void was filled with voices that were fighting to be the first.

"My Tian Qing sect will definitely go to the foreign Judicial Department in the future ..."

"The same goes for my true spirit sect ..."

"And my li fire sect ..."

"....."

In an instant, nearly ten extraterrestrial immortal sects expressed their willingness to compromise with China.

However, after them, the void fell into silence again.

"It seems that some people really won't shed tears until they see the coffin!"

Daoist Northern Yama narrowed his eyes and sneered. Then, he suddenly turned to ye chen. "Ye nankuang, I have orders from above to appoint you as the Minister of the dark department and the Secretary of the extraterritorial Judicial Department."

"The black division's responsibility is to suppress all forces that are against China. You can mobilize the spirit formation cultivators of the heavenly division and a hundred God slaying cannons!"

"Seventeen years ago, countless of our ancestors were stained with blood. China was unable to deal with all of this and allowed the enemy to be arrogant. Seventeen years later, China's strength has greatly increased, and the younger generation has grown strong enough to kill their way into the sky!"

His voice was like thunder that shook the surroundings. "Since someone is unwilling to compromise, then we shall stop the war with violence! Stop the war with killing!!!"

At this point, he almost roared, "Ye nankuang, do you dare to fight?"

"Fight!"

A loud roar swept through the clouds.

Ye chen took a step forward, his killing intent spreading across a thousand feet. He grinned and said, "Today, I'll destroy everything and return peace to China!!!"

**Chapter 1428: "I'll destroy everything"!**

“Fight!”

“Today, I’ll destroy everything and return peace to China!”

As ye chen accepted Daoist Northern Yama’s order, The Silent World was suddenly filled with a surging murderous intent.

“Kill!!!”

Many of China’s older generation powerhouses at the scene looked up and roared.

It had been seventeen years!

Ever since the extraterrestrial civilization descended on earth, they had endured humiliation for 17 years. Finally, they had the chance to hold their heads high.

Most of the time, it wasn’t that they didn’t want to resist, but that they were disappointed. They were disappointed that everything around them had gone against their original intentions, and the environment that had changed greatly forced them to choose to endure.

However, it was different today.

Ye nankuang had defeated the spirit of the immortal sects in the outer realms and broken the invisible shackles on the necks of countless cultivators on earth.

Later on, the Taoist of Northern Yama, who represented the Chinese government, appeared. Since the higher-ups were not afraid of a battle, what more them?

“Fight! Fight! Fight!”

“I will destroy all!”

“I’ll get back at you for the humiliation I suffered in the past!!!”

In an instant, countless excited voices rang out in all parts of China, and the Internet was already boiling. The waves of voices supporting the war were surging to the point of no return.

The might of the attack caused the expressions of the extraterrestrial overlords hiding in the dark to change. They obviously didn’t expect that this matter would cause the hearts of the Chinese people to be completely twisted into a rope.

“Who was the one making noise in the dark just now?”

Ye chen raised his head and looked into the sky. Then, he reached out and an old man in a yellow cloak was held in his hand.

“Ye nankuang, what are you doing?” The man’s face was full of panic and he struggled repeatedly, because he was the one who had been fanning the flames in the dark.

However, how could he struggle free with his early divine transformation realm cultivation base?

“Naturally, I’m going to kill you!!!”

Ye Chen's eyes turned cold and his voice was emotionless. "Since you're not willing to accept my country's conditions, what's the point of your existence in this world?!"

He clenched his fist.

"Ah!"

The yellow-caped old man screamed and died on the spot.

After he was done, Ye Chen looked up at the sky and said slowly, "Is there anyone else who is unwilling to accept the conditions of my country? Please step forward. I only want to be beaten to death by you, or to be beaten to death by you!"

As soon as these words came out, the world fell silent.

Everyone fell into a daze. Even Northern Yama and the others were dumbfounded.

I just want to be beaten to death by you, or to be beaten to death by you?

This sentence was not an ordinary kind of arrogance!

However, even so, there was no movement in the vast void. It was obvious that the many big shots hiding in the dark had chosen to remain silent.

"Very good," he said.

Ye Chen looked around and said calmly, "In three days, I'll be waiting for you at the extraterritorial Judicial Department. You can choose not to come, but I'll come to you."

After saying that, he took a step forward and finally landed on the ground.

"Everyone, please!"

Daoist Northern Yama flicked his sleeve and ordered the guests to leave. In an instant, everyone present disappeared, including the media from all over the world.

.....

In the Ye family's mansion in Kowloon Bay.

As soon as Ye Chen stepped in and closed the door, he immediately spat out a mouthful of scarlet blood. His face turned white at a speed visible to the naked eye.

"Ye Chen!"

"Little Chen!"

Seeing this scene, Su Yuhuan, Ye Hai, and the others' expressions changed. They quickly stepped forward, looking extremely nervous.

"Big brother ..."

Ye Wushuang took a step forward and held Ye Chen tightly.

Old Ancestor Yellow Spring and Taoist of Northern Yama stepped forward one after another.

“I’m fine!”

Ye chen wiped the blood from the corner of his mouth and flashed a pale smile at the crowd. “I’m just exhausted. I’ll be fine after a short rest.”

“How is this overconsumption?”

Old ancestor yellow spring looked at him with a complicated expression and sighed. “The old ancestor has said that you have lost three drops of heart blood, and the qi and blood in your body are drying up day by day. You can’t fight with anyone anymore ...”

At this point, he couldn’t help but shake his head. “However, you didn’t listen to my advice. In order to deal with the eight immortal sects of the extraterritorial race, you forcibly consumed the little qi and blood you had left ...”

Daoist Northern Yama’s expression changed. He cupped his fists at ye chen and said, “Fellow Daoist ye, I thank you on behalf of China!”

What was ye Chen’s purpose in disregarding his body’s condition and determinedly defeating the eight great immortal sects? It was nothing more than a deterrent to foreign civilizations and an invisible display of China’s deterrent power.

“Ancestor, what about little Chen?” Wu Lan said in a trembling voice.

“After all that, the qi and blood in his body could be exhausted at any time ...”

“By then, his body will be useless unless he takes possession of another body or turns into a ghost cultivator ...” Old ancestor yellow spring sighed.

“Are these the only two methods?”

Su Yuhan held her son in her arms and looked at ye chen with a trembling body. She bit her lip and said, “Ye chen, take back the heart blood in my body. Perhaps you can stop all this ...”

“Silly ...”

Ye chen took a deep breath and gently held her little hand. He forced a smile and said, “If you take back the blood from your heart, you’ll definitely die. Although I don’t have the blood from my heart, I won’t die yet.”

“But I feel bad for you ...”

Su Yuhan couldn’t control her tears.

Old ancestor yellow spring seemed to recall something and suddenly looked at ye chen. “Daoist ye, didn’t you say that there’s something in YinXu that can heal your injuries?”

“Not bad.”

Ye chen subconsciously glanced at Daoist Northern Yama and nodded. “Therefore, I must win the trip to the Ruins of Yin.”

“That’s good too. When the YinXu passage reopens, I’ll personally send you all in. ”

“When the time comes, I’ll ask for help from the Chinese in the Ruins of Yin,” Daoist Northern Yama said with a serious face.

“That’s good too. ”

Old ancestor yellow spring nodded and looked at ye chen. “Fellow Daoist ye, the patriarch will suppress your qi and blood for the next few days. Don’t fight with anyone anymore, especially don’t consume the power of qi and blood.”

“Alright!” Ye chen had no choice but to agree.

.....

In the next few days, the entire earth was discussing the war at nine Dragon Bay. Ye Chen’s terrifying battle results had also spread to every corner of the world.

For a time, ye chen was in the limelight.

It was at this time that the observant people found that the entire nine Dragon Bay was silent. News of ye chen had also disappeared.

Every country had used their most secretive means and technology to spy on the situation in nine Dragon Bay, but they had all failed in the end.

The third day ...

The fourth day ...

The fifth day ...

.....

There was still no news of ye chen on the seventh day.

At this time, a piece of news spread in the dark: “Big news! Ye nankuang has been staying in nine Dragon Bay for seven days. He’s on the verge of death!”

### **Chapter 1429: Undercurrent surging, Emperor’s blood!**

“Whoosh!”

As soon as this news was released, it spread across the world at a terrifying speed, and then set off a shocking earthquake.

“What? Ye nankuang is on the verge of death?”

“How is this possible? You must know that he has just killed over a hundred soul formation stage cultivators from the eight immortal sects, and he even killed a cultivator at the peak of the soul formation stage!”

“What’s impossible? What if ye nankuang thinks he doesn’t have much time left and wants to buy time for China, so he’s trying to intimidate us at all costs?”

“If ye nankuang dies now, it will be a huge blow to China and the entire earth ...”

“.....”

This conversation seemed to appear in various places at the same time, and many of the extraterrestrial overlords moved as soon as they heard it.

“Investigate, investigate thoroughly!”

In an instant, it seemed like the United States, the United States, the United Kingdom, Japan, and other big countries had issued countless orders to use their hidden powers.

In the battle seven days ago, ye chen had proved everything with his strength. At the same time, he had also declared the strength of China.

The immortal sects in the outer realm were afraid of his strength, so they chose to bear with it. If he really died, then the immortal sects in the outer realm that he had offended before would jump out to take revenge ...

By then, how would China be able to withstand such pressure?

In just one day, many extraterrestrial overlords and countries all over the world had made their move for ye chen. They had all sent people to nine Dragon Bay.

“Respected lady ye Wen, I’m a Minister of the US and North Korea Senate. I have a request to see the respected ye nankuang ...”

“Madam ye Wen, we’re all here because of your reputation. We hope you can introduce us to ye Xiansheng ...”

“.....”

The entire nine Dragon Bay was surrounded so tightly that not even a drop of water could trickle through. The scene was even worse than the one on ye Chen’s wedding day.

In this regard, ye Wen’s response to the outside world was extremely consistent, “I’m sorry, my brother has something to do and is not at home. If you want to see him, come back another day.”

It was precisely because of this that the rumors of ye Chen’s death had become more and more explosive.

“It seems that ye nankuang is really dying.”

Some of the extraterrestrial overlords sensed something was wrong and sneered, “This kid tried to suppress us before. He didn’t expect to die before he could.”

“If it were up to me, wouldn’t we just join hands and kill our way into the nine Dragon Bay to figure out the whole thing?”

“No, I suspect that there is a trap. What if we rush in and find out that it is ye nankuang’s trick to lure us out? what should we do then?”

“Well said, let’s wait a little longer.”

Someone tried to use a heaven-defying divination technique to steal ye Chen's fate at all costs but suffered a backlash and almost died."This kid's life Providence is so strong. He almost jinxed me to death!!!"

In the calm world, the undercurrents were excited.

In the nine Dragons Bay, in a quiet room isolated by layers of formations, ye chen sat cross-legged on his bed. He was surrounded by people.

If one were to look closely, one would notice that ye Chen's skin was as dry as withered tree bark. From a distance, he looked like an old man who was about to die.

"Xiao Chen, don't die! If you die, what will happen to Yuhan, the two kids, your father and I?"

Wu Lan ignored everyone's attempts to stop her and rushed over to ye chen, pulling him into her arms. Tears blurred her eyes and her heart ached like a knife.

Ye Hai's body was trembling.

In the past seven days, the qi and blood in ye Chen's body had become weaker and weaker. By now, no one had any hope.

Su Yuhan bit her lips and looked at him with determination."Ye chen, if you die, I won't live on!"

She shouted with all her might.

The Mengmeng little thing held its head and hugged ye Chen's thigh tightly, tears streaming down its face."Dad, I ... I won't allow you to die ..."

"Big brother ..."

Qianqian sobbed. Her eyes were red and she was very reluctant. She still remembered that if it were not for ye chen, she would still be begging on the streets. If it were not for ye chen, she would still be in the hands of the immortal's Palace.

"Mom, please don't do this ..."

Ye chen patted Wu Lan's shoulder with a trembling hand, then tried his best to size up the people around him and mumbled,"All the qi and blood in my body has been exhausted. I'm afraid that possession is the only way."

"In this sense, I'm not dead. I can only say that I've changed my body. Don't be so sad ..."

He felt his eyelids getting heavier and heavier, and his eyes finally fixed on su Yuhan."Don't worry, I won't die, and I don't want you to die ..."

"Fellow Daoist ye, if you want to possess someone, patriarch cauldron has already found a few excellent candidates for you ..."

Old ancestor yellow spring looked at ye chen with a heavy expression. Just as he was about to speak, he saw su Yuhan's son, Ye Ming, suddenly run toward ye chen.

Although the little fellow had been born less than a month ago, it had inherited ye Chen's aptitude and had been fed by the deer demon's milk. Even though it was only a month old, it could already walk.

On the outside, he looked like a two-year-old boy with a strong head. His chubby little body staggered toward ye chen.

The little guy ran and smiled at ye chen. He reached out his chubby little hand as if he wanted to shake hands with ye chen.

Perhaps it was because he ran too fast, but under everyone's gaze, his body staggered and fell forward, crashing heavily into the wall.

"Waa ..."

The little guy cried on the spot after being hit. Su Yuhan and the others hurried over to pick him up, only to see a small crack on his forehead, and blood was flowing out from it.

And the most shocking thing was ...

The blood was golden in color, as if it had been melted. It was dazzling and boiling hot, and it contained a faint Emperor's might, making people unable to look at it directly.

"Emperor's blood!!!"

Old ancestor yellow spring's expression changed drastically. As if he had discovered something terrifying, he cried out in horror, "This is the blood of an Emperor!!!"

The next moment!

Before anyone could react, an extremely dense drop of golden blood suddenly shot out from the little fellow's body.

The drop of golden blood was as dazzling as a small sun. Then, as if it had a life of its own, it shot into ye Chen's body in a breath's time.

Under everyone's stunned gaze, ye Chen's body began to emit a dazzling golden light after absorbing the drop of golden blood.

The most shocking thing was that the exhausted qi and blood in ye Chen's body began to stir. His old face was recovering at a speed visible to the naked eye.

Everyone looked at this scene in a daze, clearly not expecting such a strange change to happen.

"Giggle ..."

When the little guy who had been crying saw ye Chen's transformation, he could not help but giggle and dance.

"This is ..."

Feeling the rapid recovery of his qi and blood, ye chen felt a little dazed. Then, he suddenly looked at the chuckling little guy. "That drop of golden blood was the blood from this little guy's heart?"

## Chapter 1429: Undercurrent surging, Emperor's blood!

"Whoosh!"

As soon as this news was released, it spread across the world at a terrifying speed, and then set off a shocking earthquake.

"What? Ye nankuang is on the verge of death?"

"How is this possible? You must know that he has just killed over a hundred soul formation stage cultivators from the eight immortal sects, and he even killed a cultivator at the peak of the soul formation stage!"

"What's impossible? What if ye nankuang thinks he doesn't have much time left and wants to buy time for China, so he's trying to intimidate us at all costs?"

"If ye nankuang dies now, it will be a huge blow to China and the entire earth ..."

"....."

This conversation seemed to appear in various places at the same time, and many of the extraterrestrial overlords moved as soon as they heard it.

"Investigate, investigate thoroughly!"

In an instant, it seemed like the United States, the United States, the United Kingdom, Japan, and other big countries had issued countless orders to use their hidden powers.

In the battle seven days ago, ye chen had proved everything with his strength. At the same time, he had also declared the strength of China.

The immortal sects in the outer realm were afraid of his strength, so they chose to bear with it. If he really died, then the immortal sects in the outer realm that he had offended before would jump out to take revenge ...

By then, how would China be able to withstand such pressure?

In just one day, many extraterrestrial overlords and countries all over the world had made their move for ye chen. They had all sent people to nine Dragon Bay.

"Respected lady ye Wen, I'm a Minister of the US and North Korea Senate. I have a request to see the respected ye nankuang ..."

"Madam ye Wen, we're all here because of your reputation. We hope you can introduce us to ye Xiansheng ..."

"....."

The entire nine Dragon Bay was surrounded so tightly that not even a drop of water could trickle through. The scene was even worse than the one on ye Chen's wedding day.

In this regard, ye Wen's response to the outside world was extremely consistent, "I'm sorry, my brother has something to do and is not at home. If you want to see him, come back another day."

It was precisely because of this that the rumors of ye Chen's death had become more and more explosive.

"It seems that ye nankuang is really dying."

Some of the extraterrestrial overlords sensed something was wrong and sneered, "This kid tried to suppress us before. He didn't expect to die before he could."

"If it were up to me, wouldn't we just join hands and kill our way into the nine Dragon Bay to figure out the whole thing?"

"No, I suspect that there is a trap. What if we rush in and find out that it is ye nankuang's trick to lure us out? what should we do then?"

"Well said, let's wait a little longer."

Someone tried to use a heaven-defying divination technique to steal ye Chen's fate at all costs but suffered a backlash and almost died. "This kid's life Providence is so strong. He almost jinxed me to death!!!"

In the calm world, the undercurrents were excited.

In the nine Dragons Bay, in a quiet room isolated by layers of formations, ye chen sat cross-legged on his bed. He was surrounded by people.

If one were to look closely, one would notice that ye Chen's skin was as dry as withered tree bark. From a distance, he looked like an old man who was about to die.

"Xiao Chen, don't die! If you die, what will happen to Yuhan, the two kids, your father and I?"

Wu Lan ignored everyone's attempts to stop her and rushed over to ye chen, pulling him into her arms. Tears blurred her eyes and her heart ached like a knife.

Ye Hai's body was trembling.

In the past seven days, the qi and blood in ye Chen's body had become weaker and weaker. By now, no one had any hope.

Su Yuhan bit her lips and looked at him with determination. "Ye chen, if you die, I won't live on!"

She shouted with all her might.

The Mengmeng little thing held its head and hugged ye Chen's thigh tightly, tears streaming down its face. "Dad, I ... I won't allow you to die ..."

"Big brother ..."

Qianqian sobbed. Her eyes were red and she was very reluctant. She still remembered that if it were not for ye chen, she would still be begging on the streets. If it were not for ye chen, she would still be in the hands of the immortal's Palace.

“Mom, please don’t do this ...”

Ye Chen patted Wu Lan’s shoulder with a trembling hand, then tried his best to size up the people around him and mumbled, “All the qi and blood in my body has been exhausted. I’m afraid that possession is the only way.”

“In this sense, I’m not dead. I can only say that I’ve changed my body. Don’t be so sad ...”

He felt his eyelids getting heavier and heavier, and his eyes finally fixed on Su Yuhan. “Don’t worry, I won’t die, and I don’t want you to die ...”

“Fellow Daoist ye, if you want to possess someone, patriarch cauldron has already found a few excellent candidates for you ...”

Old ancestor Yellow Spring looked at Ye Chen with a heavy expression. Just as he was about to speak, he saw Su Yuhan’s son, Ye Ming, suddenly run toward Ye Chen.

Although the little fellow had been born less than a month ago, it had inherited Ye Chen’s aptitude and had been fed by the deer demon’s milk. Even though it was only a month old, it could already walk.

On the outside, he looked like a two-year-old boy with a strong head. His chubby little body staggered toward Ye Chen.

The little guy ran and smiled at Ye Chen. He reached out his chubby little hand as if he wanted to shake hands with Ye Chen.

Perhaps it was because he ran too fast, but under everyone’s gaze, his body staggered and fell forward, crashing heavily into the wall.

“Waa ...”

The little guy cried on the spot after being hit. Su Yuhan and the others hurried over to pick him up, only to see a small crack on his forehead, and blood was flowing out from it.

And the most shocking thing was ...

The blood was golden in color, as if it had been melted. It was dazzling and boiling hot, and it contained a faint Emperor’s might, making people unable to look at it directly.

“Emperor’s blood!!!”

Old ancestor Yellow Spring’s expression changed drastically. As if he had discovered something terrifying, he cried out in horror, “This is the blood of an Emperor!!!”

The next moment!

Before anyone could react, an extremely dense drop of golden blood suddenly shot out from the little fellow’s body.

The drop of golden blood was as dazzling as a small sun. Then, as if it had a life of its own, it shot into Ye Chen’s body in a breath’s time.

Under everyone's stunned gaze, ye Chen's body began to emit a dazzling golden light after absorbing the drop of golden blood.

The most shocking thing was that the exhausted qi and blood in ye Chen's body began to stir. His old face was recovering at a speed visible to the naked eye.

Everyone looked at this scene in a daze, clearly not expecting such a strange change to happen.

"Giggle ..."

When the little guy who had been crying saw ye Chen's transformation, he could not help but giggle and dance.

"This is ..."

Feeling the rapid recovery of his qi and blood, ye Chen felt a little dazed. Then, he suddenly looked at the chuckling little guy. "That drop of golden blood was the blood from this little guy's heart?"
