

## Genius 1431

### Chapter 1431: Today, we'll annihilate Forest City and slaughter everything!

For half a month, everyone was still guarding ye chen in nine Dragon Bay, especially old ancestor yellow spring and Taoist Northern Yama. They did not dare to leave for fear that something would happen again.

And in this half a month, the outside world was in chaos.

Since half a month ago, when the outside world had spread that ye chen was on his deathbed, the discussion about ye chen had not stopped for a moment. Not only did it not weaken, but it had become more and more intense.

All the countries in the world and the immortal sects from the foreign lands tried to confirm ye Chen's situation. In response, Tang Ning and the others, who were in charge of receiving these people, used ye Chen's absence as an excuse and refused to let them enter the nine Dragon Bay.

The situation was getting worse by the day. In the end, even Tang Ning and the others found it hard to deal with it. They had no choice but to ask the palace Master of the northern Sea Palace and more than 30 soul formation stage cultivators to take charge of the nine Dragon Bay.

In a mysterious cave dwelling thousands of miles away from nine Dragon Bay.

There were many figures gathered in a group, and the aura that each figure exuded made the void tremble.

A silver-haired elder in a black-and-white Daoist robe was sitting cross-legged on the futon in the lead. He had his arms crossed in front of his chest, and his vital energy was as magnificent as a brilliant Galaxy, vaguely containing the Qi of the great Dao of heaven and earth.

At that moment, the silver-haired old man suddenly opened his eyes. There was an unconcealable sneer in his eyes.

"Everyone, this old man has used a hundred years of my life to perform a divination technique and has already calculated that ye nankuang's life is at stake. He's already at the end of his life."

As he said this, a murderous look flashed across his pale face." "This is the best chance to kill him!!!"

"Good!"

A deafening sound was heard in the quiet cave.

"Ye nankuang has some talent, and he doesn't put us in his eyes. He even tried to suppress us. Today is the day he dies!"

"That's right. This kid is suspected to carry the Earth's fate. He's dead for sure. Otherwise, he'll ruin our great plan one day!!!"

"As long as this guy dies, China will have to re-establish the agreement with us!!!"

“Let’s go! Today, we’ll exterminate Forest City and slaughter everything!”

Someone shouted. In the next moment, his figure broke through the space and disappeared.

“Swish Swish Swish!”

After him, a dozen majestic auras whizzed out from the shaking cave and disappeared between heaven and earth.

In the awe-inspiring Castle of the totem city in North America.

A black-robed high priest stood with a staff in his hand and looked down at the silent crowd.””I’ve just received reliable news that ye nankuang is on his deathbed. Many powerful cultivators from the immortal sects are heading to Lin city in China!”

As soon as these words came out, the silent crowd suddenly burst into an uproar.

The black-robed High Priestess held onto her walking stick. Her eyes were empty, and her voice was cold.”By the order of the Lord God, the totem city of North America must help the powerful cultivators of the immortal sects from other regions to kill ye nankuang!”

“With ye nankuang dead, China will no longer be a threat!”

As soon as he finished speaking, the entire Hall was filled with the sound of killing.

“Kill ye nankuang!”

The totem city of North America had turned out in full force.

America, North Korea, England, Japan, India ...

In an instant, figures with terrifying auras shot up into the sky from all over the earth. They broke through the space and headed straight for China.

Therefore, all the top experts on earth sensed this scene.

With so many powerful cultivators moving out together, it naturally caused a huge shock. Countless cultivators looked at this scene in horror.

“Their target is China?!!”

“No, they’re heading towards Lin city. Ye nankuang, their target is ye nankuang!”

“The weather is changing. The weather on earth is going to change again!”

Many people mumbled to themselves. When they linked it to the storm that had taken place in the past half a month, they immediately realized that what was going to happen next would probably set off a great upheaval on earth.

Almost at the same time, China also noticed all this, and immediately sent many powerhouses to guard and intercept at the major passes.

After that, an earth-shattering battle broke out.

The two sides had even sent out no less than five cultivators at the great circle of the soul formation stage!

However, the war didn't last long and ended with the defeat of the cultivation circle of China. It was because many top cultivators of the cultivation circle of China were guarding the Ruins of Yin.

In the nine Dragon Bay of Tian Nan Forest City, the atmosphere was so oppressive that it was suffocating.

"In the end, they couldn't hold back?"

After hearing the news, Tangning, Xiao Ya, and the other women's faces turned extremely pale. Their bodies trembled slightly as their eyes filled with fear.

During ye Chen's half a month of closed-door cultivation, they had been dealing with the storms in the outside world. What they were most worried about was that someone would not be able to hold back and attack. However, it had still happened today.

Even the northern Sea Palace Master and the other soul formation stage experts were extremely shocked.

This time, not only did the extraterrestrial immortal sects want ye chen dead, but The Secret Forces and Holy Lands of various countries around the world also did not want to see a monstrous existence like ye chen in China.

What worried them the most was that there were a total of five people in the great circle of the soul formation stage fighting against the Chinese powerhouses.

Qin Xiaotian, who was in front of the girls, took a deep breath and said, "Miss Tang, the higher-ups want brother ye to be transferred immediately. Only then will there be a glimmer of hope."

Five perfected divine transformation realm cultivators!

Even China only had three cultivators in the great circle of perfection, two of whom were in the Ruins of Yin at the moment. Moreover, they were entangled by the experts of the immortal sects outside the domain, so they couldn't split up and break the passage to come out to help.

The thirty plus divine transformation realm experts, including the northern Sea Palace Master, were not enough to deal with the crisis this time.

It could be said that this was a dead end. It was a sure-kill situation where the extraterrestrial immortal sects and various countries had joined forces to completely kill ye chen.

After hearing Qin Xiaotian's words, Tang Ning quickly suppressed the fear in her heart and said, "Okay, I'll inform ye Wen and the others to transfer the master now!"

She was about to turn around and leave when her body suddenly froze. She turned her head with great difficulty to look at the sky.

There was a huge cloud that covered the sky and the earth. The terrifying aura in the cloud shrouded the entire world, as if black clouds were pressing down on the city.

Especially the five figures in the lead, they were like gods descending to the mortal world, carrying the blue sky on their backs, stepping on all living beings, their might overwhelming the world.

At the same time, everyone in Forest City noticed the overwhelming figure in the sky. They felt as if there was a great mountain above their heads, and they were almost suffocating.

Upon seeing this, Tang Ning, Xiao Ya, the northern Sea Palace Lord and the others' faces darkened. Under the pressure of the terrifying aura, they felt an urge to kneel on the ground.

"Damn it, they actually came so quickly!"

Qin Xiaotian's expression changed greatly. A flash of sternness flashed across his eyes and his heart sank completely.

### **Chapter 1432: I'm invincible in the world!**

At the same time, in the nine Dragon Bay.

Old ancestor yellow spring and the others held their breaths and stared at ye chen, who was sitting cross-legged in front of them.

At this moment, ye Chen's muscles were as clear as Jade and dazzled. He looked like a young man in his early twenties. His original white hair had long returned to black.

Under everyone's gaze, his eyes, which had been tightly shut, suddenly opened. It was as if lightning had streaked across the sky.

At that moment, his eyes were extremely hot, as if the sun had exploded, shooting out dazzling divine light.

"BOOM!"

Then, a terrifying aura swept out from his body.

The qi and blood in ye Chen's body surged like raging waves slapping the shore, but also like thunder shaking the nine Heavens. It slowly flowed through his body and bones, exuding a thick might that could split the sky.

All the spiritual Qi in the nine Dragon Bay swarmed toward him, and then gathered into his body.

"BOOM!!!"

The entire ye family villa shook violently under the impact of this qi and blood, as if it would collapse. Ye hai and the others fell to the ground, looking extremely shocked.

Before the crowd could think too much, ye chen slowly stood up.

His black hair fluttered in the wind, as if an Immortal King had descended to the mortal world, making people not dare to look at him.

"Little Chen ..."

Wu Lan shouted, her eyes brimming with tears of excitement. She wanted to reach out and touch her son. How had she spent the past half a month?

Su Yuhan's eyes were blurry, and her clothes were wet with tears.

"Don't touch him yet," old ancestor yellow spring warned. "He has yet to fully control the energy in his body."

With that, he shook his sleeve and turned it into a huge true energy barrier to protect everyone, preventing anyone from being injured by ye Chen's pressure.

"Fellow Daoist ye has recovered?" Daoist Northern Yama's lips moved slightly.

"It's not just recovered!"

Old ancestor yellow spring took a deep breath. "I'm afraid he has already reached the void training stage. Even if he hasn't, he's not far from it!"

The ye chen at this moment was giving him too much pressure. It was completely different from before. It was as if he was facing an ancient Celestial King.

In the end, the terrifying pressure on ye Chen's body gradually dissipated. His eyes became clear and he looked at everyone with joy and excitement.

His gaze swept across su Yuhan, his daughter, his son, his parents, his ancestor, Wushuang ... And the others.

Looking into su Yuhan's blurry eyes, he finally took a few steps forward and pulled her into his arms. He sniffed the fragrance of her hair and said, "I'm sorry to have made you worry."

"It's good that you're okay, it's good that you're okay ..." Su Yuhan hugged her tightly, and all the suppressed emotions in her heart burst out.

"Daddy ..."

The Mengmeng little fellow ran over and hugged his thigh tightly.

"Child, it's great that you're fine ..."

Ye hai and Wu Lan couldn't help but rush over.

Old ancestor yellow spring heaved a sigh of relief. He stepped forward and said, "Fellow Daoist ye, how do you feel now?"

"Very good!"

Ye chen closed his eyes slightly, as if he was feeling the changes in his body. The vital energy and blood in his body surged and vibrated. "I'm already invincible in the world!!!"

"You've reached the void training stage?" Old ancestor yellow spring and Daoist Northern Yama's eyes widened in shock.

"No, I didn't!"

Ye chen smiled faintly. "My situation is different from yours. I'll explain it to you one by one in the future."

At this moment, he was at the late stage of soul formation at most. However, the Imperial Palace had awakened and the celestial being of the seven great entrances had been opened. Above that was the celestial bridge.

"That's great!"

The huge rock in Daoist Northern Yama's heart was completely lifted. He said with a tired expression, "You're now a legend in the hearts of all Chinese people. If something happens to you, the consequences will be unimaginable."

"Fellow Daoist ye, do you know how the heart blood in your body was restored?" old ancestor yellow spring's lips moved slightly.

He wanted to ask ye chen why he had Emperor's blood but he swallowed the words back.

Ye Chen's eyes flashed when he heard this. He could not help but look at his son, Ye Ming, who was on the side. The little guy had fallen asleep long ago. He seemed to have exhausted a lot of energy.

"This little guy ..."

Ye Chen's eyes flashed with a smile.

It was obvious that his son had inherited his Emperor's blood and had accidentally given him a drop of heart blood at a critical moment. This allowed the dried up qi and blood in his body to be restored.

As for why it was a son and not a daughter ...

It was because when su Yuhan was being mischievous, ye chen had just been exiled to the cultivation world by the SU family's Chen Jiang. At that time, he was just a little cultivator struggling and was still far from the throne of the heavenly Emperor.

His son, on the other hand, was born to su Yuhan after he returned from the immortal world, so he naturally inherited his fate and aptitude.

"Let's not talk about this for now. "

Ye chen shook his head slightly and the smile on his face disappeared. He said word by word, "A group of blind people broke into this ye's territory, this ye has to go clean it up."

"Blind thing?"

Daoist Northern Yama was stunned for a moment before he recalled something. His expression changed as he asked, "Could it be that the extraterrestrial overlords wanted to take advantage of you after learning about your situation?"

"Hehe ..."

Ye chen smiled faintly and said in an extremely calm tone, "Five at the peak of the deity transformation stage. These people really think highly of me."

In the next moment, he disappeared from the spot.

Daoist Northern Yama and the others who remained behind were shocked beyond words.

Five perfected divine transformation realm cultivators!

.....

In the sky above Nine Dragons Bay, the void trembled as if it was being torn apart by a pair of invisible hands. Then, dozens of figures tore through the void and came.

As they appeared, the eyes of the northern Sea Palace Master and the others on the ground narrowed. Then, they joined forces and stepped into the void, facing them.

The atmosphere was extremely cold, and killing intent shook the surroundings.

"10 immortal sects from the foreign lands and 20 experts from the Holy Lands on earth. What a powerful lineup!"

"It seems like these people are determined to kill ye nankuang ..."

"Ye nankuang is in danger!!!"

Countless onlookers who had heard the news couldn't help but secretly suck in a breath of cold air, their faces filled with horror.

Qin Xiaotian stepped forward and glared at those dozens of figures. He said with a low voice, "This is China's territory. You came uninvited today. Are you trying to provoke China?"

"Hehe, divine general Qin's words are too biased!"

At this moment, a faint laugh suddenly rang out in the void. "We didn't mean to provoke the Chinese. We came here for ye nankuang."

The void was torn open again, and a terrifying pressure filled the entire world. Then, an old figure stepped out of the void.

It was an old man in a tattered priest's robe. With his appearance, the world seemed to be frozen, and the chill was bone-chilling.

"Patriarch coldnether ...."

Qin Xiaotian's pupils contracted deeply and his voice trembled.

### **Chapter 1433: Die, ants!**

He was the strongest person in ancestor hanming's sect.

The cold nether sect could be ranked in the top ten among all the immortal sects in the outer realms. Whether it was in terms of background or the ranking of their mother planet, they were not something an immortal sect like the ethereal Palace could compare to.

“It’s actually patriarch hanming. He’s at the soul formation stage and his ice-type true Qi is extremely domineering ...”

“Isn’t this person from the Ruins of Yin? And now, you’ve come for ye nankuang. ”

“.....”

With the appearance of ancestor hanming, the silent heaven and earth suddenly exploded, followed by the sound of people sucking in cold air.

“Daoist hanming, you’re right. We’ve come to earth for a win-win situation. How can we easily form a grudge with China?”

“Let’s go!” After patriarch hanming, another indifferent voice boomed in the void. As the void trembled, a silver giant appeared.

The body of the silver giant seemed to be engraved with terrifying runes. Wherever he passed, the void seemed to be unable to bear the weight and collapsed.

“Sect master of the heaven bearing demon sect, Xu Wuya!”

When they saw who it was, someone in the crowd let out a sharp roar, which caused a storm of commotion.

“I didn’t think that even he would come!” Qin Xiaotian’s heart grew heavier.

The heavenbearing demon sect was also one of the immortal sects in the outer realms, and its status was no different from the cold nether sect. The heavenbearing demon body cultivated by the sect master, Xu Wuya, was known as the strongest demon body.

“Hehe, it’s really lively today!”

Another laugh rang out, and a White-browed boy walked out of the void again. The boy seemed to be a dwarf, but he gave off a kind of Majesty that one couldn’t look at directly.

A three-eyed elder and a beautiful middle-aged woman in a red dress appeared behind him.

“Venerable white eyebrow of skysplitter sword sect!!!”

“Sir God Chi mu of Crimson whale dojo!!!”

“There’s also white camel mountain’s six desires fairy!!!”

With the arrival of the last three people, the atmosphere between heaven and earth was completely pushed to the point of no return.

A total of five soul formation perfection experts had arrived in Forest City.

Qin Xiaotian’s heart had completely sunk to the bottom. If there were only one or two of them, perhaps they would still have the power to resist. However, now there were five of them at the perfect divine transformation realm. They simply did not have the slightest power to deal with them.

He fixed his gaze on patriarch Hanming and said with a twitching face, "Weren't you all in the Ruins of Yin? Why are you here?"

In the Ruins of Yin, there were as many interest groups as there were hairs on an ox. They tried to deceive and guard against each other. Now, they were willing to give up the interests of the Ruins of Yin to deal with ye chen.

"Yinxu?"

"Are you trying to ask why the powerful figures guarding Yinxu didn't spread any news about us?" the White-browed venerable smiled faintly.

"I'll tell you the truth."

Sir God Chi Yan laughed. "Your Chinese experts in the Ruins of Yin have been lured into a dangerous place by us. Now, they can't even protect themselves. How are they going to send you any news? Don't even think about saving you."

"You guys made an agreement with the living beings of Yinxu?"

Instantly, Qin Xiaotian's expression changed greatly.

Although there were undercurrents in Yinxu, they maintained a balance. If what Sir God Chi mu said was true, the Chinese experts would be lured into a dangerous place.

That could only mean that the balance had been broken, and a third party had joined in. Then this so-called third party must be a native creature of Yinxu.

"You're quite smart,"

Sir God Chi mu sneered. "But it's too late for you to know. If you know what's good for you, you can still get lost. Otherwise, don't force me to kill you all."

"You're boasting shamelessly."

Xiao Ya, who was standing behind Qin Xiaotian, looked at the five of them with her beautiful eyes and said, "Have you all thought that if today's matter doesn't succeed, you will face my master's crazy reckoning. When that time comes, not a single one of your orthodoxies will be left."

As soon as these words came out, some people's expressions changed slightly.

After all, ye chen had slaughtered the powerhouses of the eight great extraterritorial immortal sects before this and had even fought with a perfected soul formation cultivator.

"Hehe ..."

The forefather chuckled in disdain. "The five of us are here today. Ye nankuang wouldn't be able to face us even if he was at his peak, let alone a dying man."

"Why are you talking so much nonsense with them?"

The alluring woman, fairy of six desires, coldly snorted, "Do it. Kill this kid as soon as possible to avoid any more trouble."

“Alright!”

The sect master of the heaven bearing demon sect, Xu Wuya’s eyes darkened as he sized up the northern Sea Hall Master and the others.”“Everyone, let’s deal with them and then destroy this place. We must kill this junior surnamed ye!”

The White-browed venerable and Sir God Chi mu nodded in succession. Without any nonsense, their figures moved and they charged toward Qin Xiaotian and the others.

“Retreat!”

Qin Xiaotian tried his best to remain calm. After a furious roar, he urged ye Wen, the northern Sea Palace Master and the others to retreat to the ye family villa.

He knew very well that he couldn’t stop patriarch coldnether and the others with his own strength. He could only try his best to preserve his strength.

“Where to?”

Sir God Chi Yan laughed and his vertical eye suddenly shot out a blinding ray of light that looked like a bolt of lightning.

“Ah!”

The two early divine transformation realm cultivators who had followed ye chen from the purple sky Realm immediately died on the spot. Even their primordial spirits did not manage to escape in time.

“You bunch of bastards!!!”

Qin Xiaotian clenched his fist tightly and an unyielding fighting spirit swept out from his right arm. It was as if a Peerless Martial God had risen to the sky.

“Junior with the surname Qin!”

“I’ve long heard that you’ve fused with an arm of the martial God in Yinxu. Unfortunately, you didn’t fuse with the entire body of the martial God, so it’s useless to me.” The White-browed venerable smiled sinisterly.

“Break!!!”

After he had finished speaking, he sneered and flicked his finger. A Pearl that looked like a Thunder Ball broke through the sky and turned into a monstrous sword light that slashed toward Qin Xiaotian.

“Bang!”

Qin Xiaotian’s figure was sent flying heavily. On his right arm, there was a sword mark that was visible to the naked eye. It was a shocking sight.

Grandmaster hanming raised his hands into the sky and a cold air shot towards Xiao Ya and the others.”Die, ants! Don’t blame us! You should blame yourselves for following the wrong person!”

“Are we going to die Here today?”

Looking at the frozen void, which looked like a falling heavenly River, Tang Ning, Xiao Ya, old ancestor beiming, and the others could not help but feel a sense of despair.

“Master, we’ll meet again in the next life ...”

Xiao Ya took a deep breath and slowly closed her eyes. She chose to close her eyes and wait for her death. The pressure was so terrifying that she could not even think of resisting.

However, at that moment, a golden lightning bolt broke through the space in the ye family villa and shot out.

At the same time, an indifferent voice reverberated in the heavens and earth, “If you touch a single hair of mine, I will slaughter your sect. If you kill one of mine, I will slaughter the entire star system behind you!!!”

### **Chapter 1434: Shaking the Galaxy with his fist, dominating the heavens!**

“Bang!”

As soon as he finished speaking, the terrifying frozen river above Xiao Ya and the others shattered into pieces like glass.

“Who’s there?!!”

This sudden scene immediately caused ancestor hanming and the others to freeze as they stared intently at the void.

The Golden lightning bolt that had broken through the void soared straight into the sky and stood above Xiao Ya’s head. Then, it gradually became more and more solid, and finally revealed a thin figure.

The figure’s eyes were deep, and his eyebrows were sharp. He was heroic and exuded a domineering aura, like a Supreme God walking in the world.

“Ye nankuang?!”

When they saw the other party’s face clearly, ancestor hanming and the others were shocked. A look of disbelief appeared in their eyes.

“Master?!!”

Xiao Ya and the others, who had just woken up, were suddenly speechless. Qin Xiaotian, the northern Sea Palace Master, and the others were stunned at first, but soon after, they revealed a look of wild joy.

“It’s Ye nankuang!”

“How is this possible? Didn’t they say that he didn’t have much time left and was on the verge of death? Now that I look at him, he looks even more vigorous than before!”

“Maybe it’s just the last radiance of the setting sun ...”

The originally silent heaven and earth immediately burst into an uproar and discussion.

“I’ve made you worry!”

Ye Chen’s gaze swept across Xiao Ya and the others one by one. His calm face finally showed a smile. “I’ll tell you after I’ve killed this group of filthy old dogs. ”

After saying that, he raised his eyes slightly and fixed his gaze on patriarch Hanming and the others. His gaze gradually became indifferent.

“Ye Nankuang, you sure are lucky!”

In the air, Ancestor Hanming stared at Ye Chen with a sinister expression and sneered. “Before this, your qi and blood were exhausted, and you were already in a situation where you would die. I didn’t expect you to recover.”

Although he said that, a trace of suspicion flashed in the depths of his eyes. He was clearly unable to figure out Ye Chen’s situation.

“Hehe ...”

Hearing this, Ye Chen’s lips curved into a mocking smile. “You few filthy old dogs only dare to take advantage of this Ye’s moment of crisis and take advantage of him.”

“Ye Nankuang, you really have a sharp tongue.”

The sect master of the Heaven-bearing Demon Sect, Xu Wuya, sneered. “A mere Earthling like you is worthy of us taking advantage of you? We’re only here today to demand an explanation for the many outer realm passageways that died in your hands. ”

“Fellow Daoist Xu is right.”

“Ye Nankuang!” Sir God Chi Yan stood up and chimed in, “you’ve massacred the gateway to the gate of heaven. This is an act that the heavens and the earth will not tolerate. Today, you will pay the price.”

As soon as these words came out, many people who were hidden in the dark could not help but curse at his shamelessness. In the matter of cultivation, it was nothing more than killing each other.

When you first attacked Ye Nankuang, he died because of his incapability. It’s fine if you want to kill Ye Nankuang now, but it’s a bit disgusting to be so arrogant.

“What a bunch of shameless old fogs.”

Ye Chen smiled coldly. “This Ye is right here. Whether or not you can kill me to avenge that group of trash will depend on your abilities.”

“What big words!”

The White-browed Sovereign let out an explosive roar as his killing intent soared. “Ye Nankuang, even when you were at your peak, we weren’t afraid of you. Besides, there are five of us here today. You won’t have any chance of survival in this world.”

At this point, he narrowed his eyes and laughed sinisterly, “If I were you, I would be kneeling on the ground and wagging my tail in front of us. Maybe we could spare your dog life.”

“Old thing, you’re too noisy!”

Ye Chen’s eyes turned cold. He took a step forward and strode through the air toward the former. His expression was calm and he looked down on everything.

“You chose to attack me? You’re looking for death!”

Venerable white eyebrow snorted coldly. His hands drew a line in the air. As the void distorted, a huge bronze axe appeared in his hands in an instant. Then, he hacked at ye chen with Supreme killing intent.

“Swish!”

As soon as the giant axe appeared, the void was cut in half as if it was splitting the sky and earth. It directly crossed a thousand feet of the void and whistled toward ye chen.

Upon seeing this, Qin Xiaotian immediately revealed everything he knew: “Brother ye, this is venerable white eyebrow’s Supreme spiritual treasure, the heavenly axe. Be careful!”

“Heaven-reaching axe!”

Upon hearing this, the mighty figures’ expressions turned extremely serious. The heaven-piercing axe was the treasure that made venerable white eyebrow famous. He had once killed a late-stage soul formation cultivator in YinXu with one axe.

However, in the next moment, under everyone’s gaze, ye chen was not afraid of the whistling giant axe. Instead, he took a step forward and let the giant axe hit his chest.

Clang!

With a loud bang, the heaven-reaching axe was sent flying. If one looked closely, they would see a shocking gap on the blade of the axe.

On the other hand, ye chen did not move and was unscathed.

“Whoosh!”

At the sight of this, gasps of shock and disbelief filled the air.

“How is this possible?!!” The White-browed venerable’s expression changed, and a look of disbelief flashed through his eyes.

“He withstood a strike from a Supreme spiritual treasure with his physical body and almost destroyed it?!”

The pupils of Sir God Chi mu and the others contracted violently.

“I’ve underestimated this kid!”

Fairy of six desires, who had never spoken before, had an extremely gloomy expression. “It’s very likely that he’s cultivating both magic and martial arts, and he’s one of the ancient martial artists on the immortal burial planet.”

“The remnant of the ancient martial arts on the immortal burial star?”

The sect master of the heaven-bearing demon sect, Xu Wuya's eyes narrowed as he said, "No wonder his physical body is so strong. After all, the ancient martial arts on the celestial burial star have produced many mighty men who could shake the Galaxy with their fists and dominate the heavens!"

"So what!"

Coldnether Grandmaster laughed coldly. "He's just relying on his powerful physical body. It's nothing. Let me try!"

The next moment!

He pushed out with both hands, and an extremely cold intent that seemed to have substance gushed out from his palms, directly sweeping the world.

In an instant, the sky changed color. The void thousands of feet around ye chen was frozen. The most terrifying thing was that the void around ye chen seemed to have turned into a terrifying heavenly River that pressed down on him.

"This is my unique magical power, the misty ice Age!"

Forefather hanming looked at ye chen with a ferocious expression and sneered. "This old man wants to see what ability you have to break my spell!"

When they saw this, Xiao Ya and the others' expressions changed. They looked at ye chen nervously. "Master!"

"Brother ye!" Qin Xiaotian's heart also jumped to his throat.

Under everyone's gaze, ye chen dusted off his clothes and said with a calm expression, "It's just an ice-type spiritual spell. How can it be called a magical power?!"

### **Chapter 1435: Overbearing divine ability, peerless magnificence!**

"I'll let you see what a divine power is!"

With that, two balls of golden flames suddenly bloomed from his eyes.

At first, the flame was only the size of a needle tip, but in an instant, it grew rapidly and burned fiercely as if it was about to burst out of his eyes.

"I can burn the entire sky with a single glance!!!"

A voice that sounded like a god's mumble reverberated throughout the world. Then, everyone saw a scene that they would never forget.

Suddenly, two golden pillars of light shot out from ye Chen's eyes. In an instant, the world was enveloped and covered in golden flames.

The fire rose to the sky, covering the sky and burning everything.

"BOOM!"

Under forefather coldnether's terrified gaze, the Ice Age spell he had used up countless amounts of cold nether true Qi was broken.

"Ah!"

He suddenly let out a blood-curdling screech, and then his figure frantically retreated. When he looked again, he saw that his two eyebrows had been burned away.

The world suddenly fell into a deathly silence.

This scene was simply too shocking. A human's eyes could actually emit golden flames? Compared to patriarch coldnether's, this was what a divine ability was!

It was also at that moment that the expressions of patriarch hanming, Sir God Chi Yan, and the sect master of the tuotian demon sect, Xu Wuya, changed completely. They stared at ye chen.

If one were to look closely, one would discover that deep within their eyes, there was a flash of thick fear and killing intent.

"Why did the declining immortal burial star give birth to this child?"

Xu Wuya's pupils contracted as he muttered to himself, "Could he be the son of fate born from the immortal burial planet's fate? or could it be that he was carefully arranged by the mighty figures on the immortal burial planet?"

"No matter what, I have to kill this kid today. Otherwise, he will become a disaster for us in the future!!!"

With this in mind, an endless killing intent flashed through his heart. He then looked at ancestor coldnether and the others.

At that moment, the five of them understood each other's gaze, and their expressions became extremely sinister.

Xu Wuya took a deep breath and his eyes turned cold. "Everyone, let's attack together. We must kill this brat today!"

"Attack!!!"

"Yes!" Ancestor hanming and the others responded sternly and stepped forward in unison. Their true energy burst out and rushed toward ye chen.

"Do it! We must kill ye nankuang today!"

At the same time, the dozens of divine transformation realm experts who were standing quietly behind the five of them also moved as soon as they heard the news. Their terrifying killing intent was boundless and covered the sky.

At the sight of this, Qin Xiaotian, old ancestor Northern Sea, and the others' eyes turned cold. They could not help but want to attack but were stopped by ye Chen's indifferent voice.

“You can just watch from the side. Today, I’m going to kill everyone and destroy everything. I’ll let this group of trash know that I can’t be bullied, that China can’t be bullied!!!”

As soon as these words were spoken, Qin Xiaotian and the others immediately revealed a dumbfounded expression. They thought they had misheard.

The countless onlookers were in disbelief.

Not only did ye chen want to resist the Joint Forces of five great Perfection divine transformation realm cultivators, but he also wanted to face the siege of dozens of remaining divine transformation realm cultivators alone?

“Crazy! I think he’s really crazy!”

Some people’s lips trembled.

“That’s right. There are five cultivators in the soul formation pinnacle stage and dozens of other soul formation stage cultivators. Last time, ye nankuang barely managed to kill them with the help of a peerless killing formation. Where did he get this peerless killing formation from?”

Many people were in an uproar because of this, and they couldn’t believe it.

“Ye nankuang, you’re really shameless!!!”

The White-browed venerable’s roar shook the world. He took the lead and closed in on ye chen. At the same time, he shouted, “Heavenly desolation vital spirit finger!!!”

He bent two of his fingers and poured all of his true energy into them, causing them to become vast and deep. As his fingers trembled, the surrounding void was torn apart.

“Swish!”

Then, a green light beam as thick as a baby’s arm suddenly shot out from his fingertip.

A huge Gully was torn in the void, and a terrifying extreme power rippled out.

“Even if you want to die, you don’t have to be in such a hurry!”

Ye chen took a step forward. His eyes were like two cold bolts of lightning that pierced through the void. A terrifying energy was brewing in his palms. Then, he pressed his palms down on the former.

Under everyone’s gazes, a giant palm print that was about a hundred feet in size swept across the sky and earth before crashing down.

Although the palm print was only a few hundred feet in size, the power and pressure it brought were like ten Mount Tai falling.

“BOOM!”

The White-browed venerable’s magical power was broken, and he spat out a mouthful of blood. Then, he fell heavily, and his expression became dispirited.

One palm. With just one palm, he had severely injured a perfected divine transformation realm expert!

Seeing this scene, countless people trembled and felt their hearts jump. "Ye nankuang!!!"

This reminded them of ye Chen's past achievements and legends. At that time, ye chen was no different from now.

"The invincible legend has returned!!!"

Many of the older Chinese powerhouses were so excited that they cried tears of joy.

As venerable white brow was sent flying, the expressions of ancestor hanming and the others changed completely. They had not expected ye chen to be so terrifying.

The most frightened of all were the people who had followed the five perfected soul formation cultivators to attack ye chen. If a perfected soul formation cultivator was already severely injured, what more them?

"Damn it, didn't they say that ye nankuang's days were numbered? How come he's more terrifying and fierce than before?"

Some people were roaring in their hearts, unable to accept this.

"Don't panic!"

Sir God Chi mu suppressed the shock in his heart and shouted, "No matter how strong he is, he's still just one person. We have so many people. Can't we kill him?"

"Is that so?"

Ye Chen's expression was calm. Instead of retreating, he advanced and took the initiative to run toward ancestor hanming and the others. In an instant, he had rushed into the crowd.

He made big moves and attacked indiscriminately. His vast pressure shook the surroundings, causing everyone's soul to tremble uncontrollably.

"Ye nankuang, die!"

Among the chaotic and violent crowd, three late-stage soul formation Almighty experts were the first to bear the brunt. They charged toward ye chen with terrifying might.

Ye chen strode through the air, ignoring all attacks. He was domineering and domineering. With one palm, he directly killed three people.

Seeing this, everyone sucked in a breath of cold air.

He had killed three late divine transformation realm experts with a single palm strike!

"Kill!!!"

Sir God Chi mu let out a long roar. He held a black spear in his hand and his entire body turned into a spinning top as he charged toward ye chen.

"Chi Chi ..."

The black spear was surging with endless power of the array. It tore the void apart and cut a long, huge chasm in the sky with a destructive aura.

### **Chapter 1436: Fierce ye chen, killing!**

Ye Chen's Black hair fluttered in the wind. His expression was fearless. His large hand slammed down, using his physical body to resist this blow that was enough to be fatal in the eyes of others.

"Crack ..."

His attack shattered the black spear into pieces, which scattered in the void.

"Not good!"

At the same time, Sir God Chi Yan spat out a mouthful of blood and his heart skipped a beat. He moved like lightning and hacked at the void behind him.

"You want to run after acting tough?"

Ye Chen's figure flickered and he arrived in front of Sir God Chi mu in one step. His palm clenched in the air and slashed out like a peerless saber ray.

"Quickly save fellow Daoist Scarlet eye!!!"

Upon seeing this, venerable white eyebrow roared madly. He, along with ancestor coldnether and the others, mustered their terrifying might and charged toward ye chen.

Ye Chen's eyes turned cold. The peerless saber ray in his hand exploded and turned into thousands of similar terrifying saber rays.

"

In an instant, the world was filled with screams. More than a dozen soul formation stage cultivators had their bodies crushed by the boundless saber radiance, and even their primordial spirits were not spared.

"Pfft!"

Forefather coldnether and the others were also forced to retreat. They spat out blood and their faces were filled with shock. If they had not retreated in time, they would have been crippled if not dead.

"Chi Chi ..."

The peerless saber radiance tore through the void and slashed at Sir God Chi Yan.

At that moment, Sir God Chi MU's hair stood on end as his fear increased. He couldn't help but shout hysterically, "Ye nankuang, let's talk this out ..."

"Pfft!"

However, ye chen did not give him the chance to beg for mercy. His face was as calm as an ancient well. He wielded the peerless saber ray and directly slashed down between the former's eyebrows.

“Chi ...”

Blood splattered in the void and before everyone’s eyes, Sir God Chi MU’s body was split in half. The primordial spirit in his Shenting point was also split in half.

A perfected soul formation stage ancestor died on the spot!

“Whoosh!”

In an instant, the world was suddenly drowned by the sound of horror.

It was too terrifying!

The current ye chen was too terrifying!

He was able to fight against five cultivators at the peak of the soul formation stage and dozens of them at the same time. Not only was he unscathed, but he was also able to kill nearly twenty of them and Sir God Chi mu.

“Fellow Daoist Scarlet eye?!!”

Furious roars came from patriarch coldnether and the others. Their eyes were filled with shock, disbelief, and even more so, astonishment.

“This old man will not participate in this battle, this old man will not participate!”

A demented voice rang out as a late divine transformation realm expert let out a terrified cry before fleeing into the distance.

Some people were tempted.

“BOOM!”

However, in the next moment, a large hand descended from the sky and directly smacked him into a meat paste, dying without a complete corpse.

Ye chen slowly retracted his hand, his eyes disdainful.”None of you will survive today. Line up and come one by one!”

As soon as these words were spoken, everyone’s hearts suddenly turned cold, especially those who had wanted to leave earlier. They were extremely glad.

The White-browed sovereign roared, his expression ferocious,”“Everyone, since he won’t give us a way out, we can only fight with our lives. As long as we can drag it out until he’s exhausted, it’ll be the time he dies!”

As his voice fell ...

“BOOM!”

The crowd immediately spread out and surrounded ye chen tightly, maintaining an extremely subtle distance so that they could attack him in time and quickly retreat.

At this moment, everyone had no choice but to go all out.

“Woof!”

Ye chen made a grabbing motion across the air and the Emperor brush appeared in his hand. He drew a stroke in the air and directly drew a World Cage in the void.

“What’s going on? the void around us has been sealed?”

Someone shouted in fear.

Ye chen took a step forward and charged forward with the Emperor brush in his hand. Everyone attacked him at once, their terrifying true origin surging through everything.

Xu Wuya made his move. The demonic Qi on his body was like a flood, turning into a demonic Dragon. It whistled toward ye chen with unparalleled killing intent.

“Exterminate!!!”

Ye chen held the Emperor brush and wrote a word in the air. Suddenly, a Heavenly Divine light covered the world, as if an ancient Celestial King had descended.

“Bang!”

The black demonic Dragon suddenly exploded, turning into demonic Qi that scattered in all directions.

“Ah!”

“Die!” Xu Wuya screamed as his body was crushed by the word. Then, he turned into dust and his soul was completely destroyed.

The sect master of the heavenly demon sect had died!

Another person had died!

Patriarch coldnether sucked in a breath of cold air, completely terrified. “Ye nankuang, do you really want to fight to the death with us?!!”

Ye chen did not say a word. He took a step forward with the Emperor brush in his hand. The air trembled and the Emperor brush bloomed with a divine light in his hand as if it was eager to kill everything.

“Woof!”

Ye chen wrote a large word in the air.

“Boom boom boom ...”

In an instant, the heavens and earth lost their color. Thunder and lightning intertwined, a sea of fire spread, and everything was frozen. All of these appeared in the world.

“Ah ah ah ah!!!”

The shrill screams made people’s scalps numb. In the end, the scene that entered their eyes made everyone’s scalps numb.

Other than patriarch hanming and the other two, the dozens of soul formation realm cultivators that they had brought with them had all died.

“Die!”

Ye chen did not give them a chance to catch their breath. With a flick of his finger, two golden brush hairs shot out from the Emperor brush.

“Swish!”

The two golden brush hairs expanded in the wind and were like two peerless sword radiances. They were extremely sharp as they slashed toward the White-browed venerable and the fairy of six desires.

“No!”

At that moment, the White-browed venerable and the White-browed man roared in anger. They desperately activated their defensive numinous treasures, but they were easily cut open and their bodies were cut in two.

“It’s too terrifying. It’s really too terrifying!”

“What is that brush in ye nankuang’s hand? He can kill a complete divine transformation realm cultivator with just a brush?”

“The reincarnation of a fiend! This man is really the reincarnation of a fiend!”

This time, everyone was completely stunned.

In less than an incense’s time, four perfected soul formation cultivators had died at ye Chen’s hands. In addition, there were also dozens of soul formation stage powerhouses.

When ye Chen’s gaze fell on ancestor hanming ...

The latter was completely terrified and immediately knelt down on the ground. He couldn’t care about anything else and said in fear, “Fellow Daoist ye, spare me! Spare me!”

“BOOM!”

Ye chen took a step forward. The Emperor brush whistled through the nine Heavens. Its divine light flickered non-stop as if it was brewing a great horror.

“If that’s the case, then let’s die together!”

Seeing this, Grandmaster hanming’s expression turned venomous. In an instant, a bright primordial Spirit Flame burst out from his Shenting point, like a divine furnace exploding.

When he saw that ye chen was not willing to let him go, he simply chose to burn his primordial spirit and die with ye chen.

“Suppress!”

Ye chen waved the Emperor brush and wrote a word. Instantly, it was as if ancestor hanming had been fixed in the void, not moving at all.

“Those who kill will be killed!”

Ye chen looked at him one last time and slammed his palm down directly on the top of his head. The cold nether sect’s old ancestor died on the spot.

And it was at that moment that the entire world fell into a dead silence.

### **Chapter 1437: Even if you’re the Emperor of the heavens, you’ll die today!**

In the sky above the nine Dragon Bay, a rain of blood fell, and the void trembled.

In the air, ye chen stood proudly. His clothes were not stained with blood, his black hair flew in the wind, and his Jade-like eyes were calm like a god.

At that moment, the world was deathly silent.

At that moment, everyone’s eyes were wide open as they stared at the god-like figure. Everything seemed to have stopped.

At this moment, a gust of wind came from somewhere and instantly blew away the blood that covered the sky. Blood Qi rolled and swept across a radius of ten miles.

Everyone immediately woke up, and then their bodies trembled. Their tightly clenched teeth trembled up and down, and their eyes were filled with horror.

A total of five perfected soul formation stage cultivators and dozens of soul formation stage cultivators were slaughtered by ye chen. Not a single one was left.

In particular, the five great circle divine transformation realm cultivators, including ancestor hanming, were well-known in each other’s home Stars. They were mighty figures who dominated a region. When the five of them joined forces, they could even fight against an old monster at the void training stage.

However, they were also annihilated by ye chen alone!

He was too strong!

He was simply too strong!

In an instant, the world burst into an uproar and gasps of cold air like a flood breaking through a dam. The atmosphere was completely pushed to the peak.

On the ground, the palace Master of Northern Sea Palace and the others were extremely excited.

In the crowd, patriarch green spirit cried out, “Ye Tianjun is too powerful. It turns out that we made the right choice.”

His words were immediately agreed by the others. After all, most of them had followed ye chen from the zicang field. Before this, they might have been unwilling.

However, after seeing ye chen fight against five soul formation perfection cultivators, his unwillingness instantly dissipated and was replaced with a deep sense of relief and admiration.

In the distance, old ancestor yellow spring fixed his eyes on ye chen. He was excited and mumbled to himself, "After the transformation, fellow Daoist ye is truly terrifying!"

"Big brother, you are now the number one expert below the void refinement realm!"

Ye Wushuang's white robe fluttered as he smiled, "I can even fight an old monster at the void training stage!"

Old ancestor yellow spring was even more shocked. After a long time, he took a deep breath and said, "Now, the old ancestor is starting to believe that fellow Daoist ye is an Immortal King descending to the mortal world!"

"This kid killed five perfected divine transformation realm cultivators with his physical strength. He's not afraid of all spells, divine abilities, or attacks from spiritual treasures!"

The spiritual wills hidden in the void trembled and communicated with each other, "I'm afraid his physical body has already become a saint!"

"It seems that this young man has inherited the path of the ancient martial arts experts on the celestial burial planet. If he is allowed to grow, our position as one of the top 100 stars in the universe will be shaken!"

Another divine sense muttered.

"It's not just wavering!!!"

Someone sneered. "It's not an exaggeration to say that it's turbulent. Don't forget the one who walked out of the celestial burial planet 10000 years ago. That person proved his Dao with his strength and killed many brutal people who shone in the heavens. In the end, he fought all the way to the nine Heavens and ten lands ..."

As soon as he said that, the void was silent.

"I'm afraid he's no weaker than a cultivator at the void training stage now. Maybe we should change our attitude and befriend him."

"That's right. It's not worth it to be enemies with such a person. It's better to form a good relationship with him. Perhaps in the future, you can have unexpected gains."

"This child is worthy of being called the Earth's Divine Son. Since that person ten thousand years ago, earth has never produced a Divine Son. Perhaps this child can repeat the glory of that person ten thousand years ago."

"....."

In an instant, the divine senses hidden in the void dispersed. They were obviously unwilling to arouse ye Chen's hostility.

At the same time, in a mysterious cave abode thousands of miles away from the nine Dragon Bay, a figure in a black and white Daoist robe suddenly opened his eyes.

“Damn it, this old man spent so much effort to set up such a killing trap, but that brat actually turned the tables.”

The old man’s eyes flashed and his expression changed. “Even with my divination skills, I can’t find any secrets about him. Either he’s blessed with great fortune, or he has an extraordinary background. It’s a pity that patriarch coldnether and the others failed to live up to our expectations ....”

“Forget it, forget it. Since this matter has failed, I can only hide and find another opportunity!!!”

Thinking of this, the old man immediately stood up and was about to leave. However, at this moment, his body suddenly froze, and he suddenly looked in the direction of nine Dragon Bay.

He could sense a cold gaze from thousands of miles away, which seemed to be locked on him.

“This kid’s perception is so strong!”

“Damn it!”

The old man’s expression changed slightly. Without any hesitation, he waved the horsetail whisk in his hand and immediately rode the cloud into the sky.

In the sky above Nine Dragons Bay, ye chen looked at the Northwest. His gaze was thousands of miles away, and it seemed like thunder was surging. Then, he smiled coldly. “You old fogey who schemed against me, do you think you can escape?!!”

The next moment!

He stretched out his hand, which seemed to have transformed into a majestic mountain ridge that stretched for thousands of miles and went straight into the void. “Get down for this ye!!!”

“Ah!”

Before everyone’s eyes, a shrill scream suddenly came from the depths of the void, “Great sacrifice technique, break for this old man!!!”

“A dying struggle!!!”

Ye chen snorted coldly. His large hand covered the sky and earth, almost crushing the sky and shaking the void.

“Ah!”

With a scream, a figure fell heavily to the ground. From a distance, he looked like a man covered in blood.

Seeing this scene, everyone was horrified.

What kind of method was this? Just the power of his physical body alone was enough to suppress space, ignore distance, and capture everything.

Under everyone’s watchful eyes, the bloody man on the ground hammered his chest and spat out a mouthful of blood essence, as if he was going to use the blood escape technique to escape.

“This ye said, you can’t escape!”

Ye Chen’s figure moved and appeared in front of him in an instant. He reached out and easily caught him in his hand.

“Ye nankuang, let me go!”

The bloody figure gradually revealed an old man in a gray and white Daoist robe. However, he had a panicked expression on his face. “Do you know who this old man is?!!”

“This ye doesn’t care who you are. You dare to scheme against me? even if you’re the Emperor of heaven, you’ll still die today!” Ye Chen’s voice was cold.

“No, you can’t kill me!”

The old man’s expression suddenly changed, and then he said, “I’m from the absolute beginning dojo. If you dare to kill me, the absolute beginning dojo will not let you off!”

As his voice fell, the silence between heaven and earth was suddenly broken by a sound like a stormy sea.

The absolute beginning dojo!

That was one of the top five existences among all the outer-Realm Immortal sects that had descended to earth. It was rumored that there was an old monster at the void training stage in the absolute beginning dojo.

The most terrifying thing was that the mother star behind the absolute beginning dojo, the Dou kui star, was an existence on the top 100 ranking of the heavens. It had mighty people illuminating the heavens, enjoying the burning of incense and the worship of the heavens.

#### **Chapter 1438: If anything happens, I’ll take responsibility!**

“Absolute beginning dojo?!!”

Ye Chen’s eyes flickered when he heard this. He felt that it was somewhat familiar. Then, he sneered. “So what if you’re from the absolute beginning dojo? I’ve killed more than one expert from the immortal sects in the foreign lands, so what if you’re one more?”

He was already standing on the opposite side of the immortal sects in the outer realms and had formed a deep hatred with countless immortal sects. The addition of the absolute beginning dojo didn’t make much of a difference.

“No!”

As soon as he finished speaking, The Silent World was suddenly filled with countless urgent calls to stop him.

Then, he saw Qin Xiaotian and Northern Yama walking over. The latter said with great urgency, “Fellow Daoist ye, you really can’t kill this person. Otherwise, he’ll definitely bring you a great disaster!”

“Yes, brother ye!”

Qin Xiaotian said with a grave expression, “the absolute beginning dojo is different from the misty Palace and the cold nether sect. The former ranks fifth among all the immortal sects in the foreign lands. Not to mention their terrifying Foundation, most importantly, many of the immortal sects in the foreign lands have to follow the absolute beginning dojo.”

At this point, he couldn’t help but take a deep breath. “Once you kill this person, you will have completely offended the absolute beginning dojo.”

Hearing this, ye chen was not surprised. Instead, he smiled nonchalantly, as if he was disdainful.

Seeing this, Northern Yama’s lips moved slightly and he spat out a piece of shocking news, “There’s a suspected old monster at the void training stage in the absolute beginning dojo!”

As soon as she said that, ye Chen’s eyes flickered imperceptibly, and a sharp light burst out. “Void training stage?”

Before he could think too much about it, two figures suddenly appeared on the ground. They were Fang Mingwei and Fang Rui.

“Ye chen, what are you doing?”

Fang Mingwei looked at the Taoist-robed old man in his hand and immediately shouted at ye chen, “Hurry up and release senior Yan Yuan. Otherwise, the consequences will be unimaginable.”

His tone was extremely impolite, almost like a command.

“Grandpa is right!”

Fang Rui sneered. “Ye chen, senior Yan Yuan’s status in the absolute beginning dojo is not low. If you dare to touch a single hair on him, I guarantee that you’ll be consigned to eternal damnation.”

Everyone was against ye chen and the atmosphere suddenly turned cold.

Countless people watched this scene with fixed eyes.

“It seems like ye nankuang has to compromise,” someone laughed.

“What else can we do other than compromise? Don’t forget, that’s the absolute beginning dojo, not some small immortal sect like the ethereal Palace!”

“Hehe, ye nankuang thought that he would be invincible after this battle. Little did he know that among the many immortal sects outside the domain, there are also heavenly overlords like the Taichu dojo.”

In an instant, countless whispers spread out one after another. Some people shook their heads, some people felt sorry ...

Daoist Yan Yuan, who was caught by ye chen, also shouted sharply, “Ye nankuang, did you hear that? You can’t afford to offend the absolute beginning dojo.”

“If you know what’s good for you, let me go immediately. Otherwise, this old man guarantees that not only will you die, but even those related to you will be no exception.”

As soon as he finished speaking, Qin Xiaotian, who knew ye Chen's nature well, closed his eyes in despair."I'm finished ..."

Qin Xiaotian and ye Chen had known each other for a long time. Naturally, he knew that ye Chen was amenable to coaxing but not coercion. He was least afraid of threats, especially when he could not accept someone using his family to threaten him.

"He's really looking for death!"

Old ancestor Yellow Spring smiled eerily.

As if he didn't notice it, Yan Yuan became more and more proud."If you let me go now, kneel down and admit your mistake, you might be able to save your life."

"Is that so?"

Ye Chen smiled faintly, his eyes calm. Then, he slowly raised his hand and gently poked at his dantian.

"Chi Chi ..."

With a dejected sound, an extremely terrifying amount of genuine Qi poured out of Daoist Yan Yuan's body and swept everything away.

Yan Yuan's eyes were wide open and filled with hatred. He roared hysterically,"You ... You've crippled me?!"

He had started cultivating at the age of twelve and was now at the late-stage of soul formation. He had gone through many hardships to cultivate to this level, but he had been crippled by ye Chen. His thousands of years of cultivation had been destroyed in a day.

This was even more painful than killing him!

The world suddenly became deathly silent as everyone's eyes were filled with disbelief.

Ye Chen had crippled Daoist Yan Yuan's cultivation base despite knowing that he was from the absolute beginning dojo!

Fang Mingwei pointed at him and stuttered,"Ye Chen, Y-you ..."

"Ye Chen, you're finished. You're finished ..." Fang Rui screamed.

"Shut up!"

Ye Chen looked at the two of them coldly and said with an indifferent expression,"One more word of noise and this ye will kill you all!"

Fang Mingwei and Fang Rui immediately stopped talking, and their bodies trembled violently.

"Fellow Daoist ye, what are you ..." Daoist Northern Yama closed his eyes. He seemed to be in despair and bitterness.

"If anything happens, I'll take responsibility!" Ye Chen said lightly.

"You ... You've crippled me!"

Daoist Yan Yuan fell into a state of madness and resentment.”

Ye Chen snorted coldly and pressed his palm on the top of her head. With a vast fluctuation of his divine will, he forcefully used the soul-searching technique.

”

The entire world was filled with Yan Yuan’s ghostly wails and wolf howls.

After a moment, Ye Chen slowly opened his eyes. His calm expression was no longer there and was replaced by a monstrous killing intent. “Absolute beginning dojo, you’re courting death!”

After searching his soul, he found out that Daoist Yan Yuan had plotted against him to kill him. The reason was that an important figure in the Taichu dojo had coveted Su Yuhan’s system.

“BOOM!”

Killing intent filled the air, and the sky trembled. It was as if thousands of soldiers and horses were roaring, and the sound waves were like the roars of a true dragon.

The next moment!

Under everyone’s gaze, Ye Chen held the half-dead Daoist Yan Yuan in one hand and took a step forward. He turned into a Golden ray of light and flew toward the east like a comet.

A killing intent that was almost tangible shook the heavens and earth.

“What’s he going to do?!!”

The people who remained in the same place were suspicious. They seemed to be confused by Ye Chen’s sudden action and no one could react for a moment.

“Not good!”

Daoist Northern Yama was the only one who let out a cry of surprise. He seemed to have recalled something and his expression changed drastically, “Fellow Daoist ye, you’re going to kill your way into the absolute beginning dojo!!!”

“What?”

“He’s going to kill his way into the absolute beginning dojo?!!”

“Crazy! I think he’s really crazy!”

Everyone involuntarily cried out in shock upon hearing these words.

Qin Xiaotian could not help but draw in a breath of cold air and said with extreme urgency, “Quick, stop him! You must stop him!”

“Right, stop him!”

Daoist Northern Yama reacted instantly. His body swayed and he chased after Ye Chen with all his might. He looked extremely anxious. “Fellow Daoist ye, please don’t do anything reckless!!!”

“Otherwise, even China can’t protect you ...”

### **Chapter 1439: A Dragon has a reverse scale, and those who touch it will die!**

“Buzz buzz buzz ...”

In the sky, a figure wrapped in brilliant divine light tore through the void and headed east without concealing his might.

As ye chen headed east, the coldness in his eyes grew.

He had no fear if the absolute beginning dojo wanted to kill him. However, they had the audacity to target his family and even su Yuhan. They had completely crossed the line.

Dragons had reverse scales, and those who touched them would die!

His speed was so fast that it completely exceeded the sound barrier. In the blink of an eye, he had teleported hundreds of miles. The monstrous killing intent and pressure from his body enveloped the ground.

At that moment, on the ground along the way, a dozen people immediately opened their eyes and looked at the depths of the void in horror.

With their cultivation bases, they could naturally feel the vast pressure that enveloped the entire area. It was as if a God had crossed the boundary and descended on earth.

“That ‘s?!!”

On the ground, in a hidden space, an old man suddenly stood up. His eyes were like small Suns, staring at the top of his head.

He believed that his strength was enough to leap into the forefront of China and even the world, but under that pressure, he actually felt a chill.

“Judging from his Qi, even if he is not at the void training stage! I’m afraid he is not far from it. Since when did such a ferocious man appear in our country?”

The old man’s eyes flashed and he seemed to have thought of something, “Is it him? ye nankuang?”

Suddenly, his expression changed. “That’s not right. He’s heading towards the absolute beginning dojo?!”

“Not good!”

As soon as this thought appeared, the old man’s expression changed drastically. He took a step forward and his figure disappeared into the void.

An angry voice resounded in the void, “B \* stard, how dare you provoke the absolute beginning dojo. Are you trying to bring great disaster to China?!”

“Fellow Daoist Xueyi!”

“Fellow Daoist long en, quickly wake up!”

“.....”

In an instant, countless terrifying auras woke up from their deep sleep in all parts of China. They were all shocked by ye Chen’s actions.

At the same time, in the Kowloon Bay.

When ye chen carried the half-dead Daoist Yan Yuan toward the east and Daoist Northern Yama announced that ye chen was going to kill his way into the absolute beginning dojo, the world exploded.

“Has ye nankuang gone crazy? Not only did he cripple Daoist Yan Yuan from the absolute beginning dojo, but he’s also trying to shake the absolute beginning dojo by himself?”

“This matter has completely blown up. How are we going to end this?!!”

Countless people were shocked by ye Chen’s behavior and began to discuss it with shocked expressions.

They were not the only ones. Even Fang Mingwei and his grandson were stunned. Their eyes were wide open and they could not believe their eyes.

After a while, Fang Mingwei gasped and said in disbelief, “Ye Chen’s actually charging toward the absolute beginning dojo?!!”

The Fang family was attached to the Grand primordium cultivation Hall and had relied on it to become a wealthy family in the capital. Naturally, they knew how terrifying the Grand primordium cultivation Hall’s Foundation was.

That was why he was so shocked.

“He’s dead!”

Fang Rui’s expression was extremely cold, and he seemed to be filled with resentment. “Does he really think that he can challenge the absolute beginning dojo just because he killed five cultivators at the soul formation stage? He’s dead, no one can save him this time!”

In an instant, this news spread throughout China and even the whole world, immediately causing an unprecedented craze.

In the Xu family’s mansion, a wealthy family in the capital.

The current head of the Xu family, Xu Baishan, stood up in shock and looked at the people below in horror. “What ... What did you say? Ye nankuang wants to deal with the absolute beginning dojo?”

“Master, that’s right. Ye nankuang and senior Yan Yuan, who crippled the Taichu dojo ...” The person below explained everything without missing a single word.

“BOOM!”

Xu Baishan’s entire body suddenly trembled, and then he said coldly, “Quick, inform the other great clans to stop ye nankuang. Otherwise, we’ll have to bear the wrath of the Taichu dojo.”

In the time it takes for an incense stick to burn, the eight great clans of the capital were all shocked. Then, countless powerful figures immediately flew into the sky.

“Crazy! Ye nankuang must be crazy!”

“Damn you, ye nankuang! We won’t stop you if you want to die, but if you touch the absolute beginning dojo, we’ll be in trouble too!”

“Bastard, he’s simply a bastard!”

.....

Mount Tai had been known as the head of the five peaks since ancient times and the first mountain in the world. It was also a place of legend because countless emperors had set up altars here to hold worship ceremonies.

It was said that Mount Tai was the closest to the immortal. In many folklore, Mount Tai was the incarnation of the Emperor of East Mountain, who was the Holy emissary who communicated between heaven and the human world. He had the important function of controlling life and death.

However, with the invasion of the extraterrestrial immortal sects, all the famous mountains in China were occupied, even the number one mountain in the world, Mount Tai, was no exception.

The one that occupied Mount Tai was the absolute beginning dojo!

At this moment, in the void less than a hundred miles away from Mount Tai, there were more than a dozen figures with terrifying auras. They were like more than a dozen gods with unparalleled might.

One of them, a hunchbacked old man with freckles, had a profound look in his eyes. He shook the space and said, “Huang Long, are you sure ye nankuang is going to attack the absolute beginning dojo?”

The one called fellow Daoist Huang Long was an old Daoist wearing a yellow Daoist robe with a lifelike Dragon embroidered on it.

As soon as he said that, the rest of the people subconsciously looked at Huang Long, their eyes full of doubt.

They were all ancient existences that had been sleeping in the various hidden aristocratic families and forces of China and would not easily appear. However, they were forced to wake up because of the absolute beginning dojo.

Huang Long’s eyes darkened, and he took in a cold breath, “I can guarantee with my life that there’s nothing wrong with this matter, which is why I rashly woke you up,”

“It seems to be true.”

A silver-haired old woman coughed a few times, and her turbid eyes were extremely deep. “No matter what, we have to stop ye nankuang from doing this. Otherwise, the consequences will be unimaginable.”

“Not bad!”

Someone nodded slightly, and his aura shook the void.””How extraordinary is the absolute beginning dojo? Not to mention ye nankuang, even if we use all our strength, we can’t shake him. How dare he do this?”

Huang Long furrowed his brows as he watched the crowd take turns to speak.”What if ye nankuang doesn’t listen to us?”

“That goes without saying!”

The silver-haired old woman laughed coldly, her gaze intimidating.”If he doesn’t accept the toast only to drink the forfeit, then don’t blame me for waiting.”

As soon as he said this, the rest of the people looked at each other and smiled. Today, the thirteen of them, who were at the great circle of the soul formation stage, were here. How could they not be able to deal with a junior?

Huang Long was about to say something when he heard a terrifying sound of something breaking through the air.

At that moment, everyone looked in the direction of the sound.

#### **Chapter 1440: Do you think I’m just farting?**

Under everyone’s gaze, a long golden rainbow swept across the sky, like a celestial light shining down.

In the end, the Golden rainbow turned into a tall and straight figure. The figure was as crystal clear as Jade, and there was a bright light lingering around him. The immortal figure was tall and elegant, as if the Supreme God King was walking in the world.

“This is ye nankuang?”

“As expected of a rising star. His temperament is out of this world, and his spirit is like that of an immortal!”

At that moment, Huang Long and the others looked at each other in unison, seeing the surprise and amazement in each other’s eyes.

As they sized up ye chen, ye chen also looked back at them quietly.

In the end, it was Huang Long who coughed and stepped forward. He cupped his fists at ye chen from afar.”You must be our young friend ye nankuang, the pride of China, right?”

Ye chen furrowed his brows slightly and glanced at them indifferently. His eyes flickered imperceptibly.”You guys are?”

There were a total of thirteen peak divine transformation realm experts.

He didn’t expect that there were so many powerful cultivators in China. However, they were unfamiliar and probably not from the same group as Northern Yama.

“I’m Huang Long, the ancestor of the Chu clan from Chu Zhou city!”

“And the fellow Daoists behind me are also ancient figures of the various great clans and forces in China ...” Huang Long said with a smile.

Before he could finish, he was interrupted by a hunchbacked old man behind him, “Little friend ye, let me ask you. Is the person in your hands someone from the absolute beginning dojo?”

“That’s right!” Ye Chen looked at him quietly.

The hunchbacked old man’s eyes turned slightly cold as he continued, “Are you going to enter the absolute beginning dojo this time?”

Ye Chen’s brows furrowed even more. “So what if I am?”

“Not much!”

The hunchbacked old man laughed coldly and said without any politeness, “You can’t enter the absolute beginning dojo today and you have to hand over Yan Yuan to us.”

“Who Do You Think You Are?” Ye Chen suddenly laughed.

“You ...”

The hunchbacked old man’s face darkened. He did not expect the former to have such a fiery temper and turn hostile with a single word.

“Don’t be rash!”

Huang Long hurriedly tried to ease the tension between the two parties. He then looked at Ye Chen. “Little friend ye, you really can’t enter the absolute beginning dojo this time. To be honest, the horror of the absolute beginning dojo is beyond your imagination.”

“So what?”

Ye Chen’s expression remained the same. “This is my business. What does it have to do with you?” he said lightly.

“Of course it’s related!”

The silver-haired old woman beside Huang Long could not help but sneer, “If you provoke the absolute beginning dojo, the consequences will be unimaginable. When that happens, China will definitely suffer the wrath of the absolute beginning dojo, and we will be no exception.”

“Ye Nankuang, you’re a smart man. You should know that you can’t affect China and all of us because of you.”

At this point, he paused for a moment and continued, “If you hand Yan Yuan over to us and we intercede with the absolute beginning dojo for you, there might be a chance to turn things around. Otherwise ...”

“Otherwise what?”

Ye chen chuckled and said sarcastically, "What a bunch of hypocritical and selfish old men. What does your life and death have to do with me? The way you all kneel and lick the enemy from the outer realm is truly disgusting."

As soon as he said this, the hunchbacked old man's eyes completely darkened, and his face was so dark that it was somewhat terrifying.

Ye chen looked at them contemptuously and ignored them. He took a step forward and was about to fly toward Mount Tai in the distance.

"BOOM!"

As a terrifying pressure swept out, the silver-haired old woman stood in front of him and said with a sinister look, "Junior ye, do you really have to go to the absolute beginning dojo?"

"Old man!"

Ye Chen's expression gradually turned cold. His gaze was intimidating. "Since we're both Chinese, get lost within three breaths. Otherwise, I'll kill you first!!!"

"Good, good, good!"

The silver-haired old woman immediately flew into a rage when she heard this. She said "good" three times in a row, "Junior, since you don't know what's good for you, I'll teach you how to behave!"

"Everyone, let's do it!"

The hunchbacked elder's eyes turned cold. "Let's work together to capture him. Then, we'll hand him over to the absolute beginning dojo!"

"Attack!!!"

The silver-haired old woman let out a shrill cry. Her silver hair suddenly expanded and shot toward ye chen like the Milky Way descending from the nine Heavens.

"You're all looking for death!!!"

Ye Chen's eyes turned cold. Then, he suddenly reached out his big hand and grabbed at the silver-haired old woman across the air, instantly breaking her spell.

"Not good!"

The silver-haired old woman's expression changed drastically. Without a word, she wanted to retreat. However, ye chen was faster than her and his large hand caught her.

"Let go of serpent grandmother!"

Upon seeing this, the hunchbacked old man and the others all released a monstrous pressure and pressed down on ye chen. Their killing intent tore the sky apart.

At the same time, a deep shock emerged in their hearts. After all, the serpent grandmother was at the great circle of soul formation, but she was captured by ye chen so easily.

“Do you think my words are nonsense?!!”

Ye Chen’s cold eyes stared straight at the silver-haired old woman whose face was filled with fear.

The next moment!

He exerted some force with his arm.

“Bang!”

There was an explosion in the void and the old woman’s body exploded into a pungent mist of blood. Even her primordial spirit did not survive.

Deathly silence. The world suddenly fell into a deathly silence.

Huang Long and the others froze as they looked at the scene in shock, their eyes filled with shock.

A dignified perfected divine transformation realm expert was killed just like that?

“Since you all want to stop me, then die!”

Without waiting for the crowd to react, ye chen took a step forward and took the initiative to attack Huang Long and the others.

“Impudent!”

The hunchbacked old man and the other twelve people were shocked and angry, and they immediately attacked.

In less than a cup of tea’s time, many broken limbs and pieces of flesh appeared on the scene, only a dispirited primordial spirit broke through the void and escaped frantically.

Ye chen acted as if he did not see it. His eyes were fixed on the peak of Mount Tai in the distance. He said with a murderous intent, “Absolute beginning dojo, I’d like to see where you get the courage to have ideas about my woman!”

.....

Meanwhile, the public’s attention had always been on ye chen. The matter of ye chen going to the absolute beginning dojo had caused an endless debate.

“You’re saying that ye nankuang is really heading to the absolute beginning dojo? If he’s smart, he would know that he can’t provoke the absolute beginning dojo.”

“There are so many witnesses. It can’t be fake. What I’m more worried about is whether ye nankuang can successfully break through the Grand formation of the absolute beginning dojo. You should know that it’s the absolute beginning energy sealing formation. It’s said that it was set up by a void training old monster.”

The crowd discussed animatedly. None of them were optimistic about ye Chen’s chances.

At this time, someone on the internet suddenly made a big news: “Hehe, I guess you guys don’t know this yet. There are already more than ten soul formation stage cultivators who have been hiding on the peak of Mount Tai to stop ye nankuang!”

“Ye nankuang won’t be able to go to the absolute beginning dojo,” the man added with a cold smile. “He might even be suppressed!”
