

Genius 1461

Chapter 1461: Is it the heavens or the people?

Just after ye chen and the others had left.

Haiti the depths of the corpse demon sea, among the mountains of coffins, the silver-winged corpse was kneeling on one knee in front of a huge golden coffin.

“Sage king, I don’t understand. We’ve already agreed to old man Taichu’s agreement. Why are we still letting the people from Hua nation pass?”

The silver-winged corpse lay in front of the Golden coffin, his head hanging low as he spoke hesitantly.

“Are you questioning me?!!”

At that moment, a terrifying wave of spiritual will suddenly swept out from the Golden coffin, causing the silver-winged corpse to scream in pain. It felt as if its bones were about to fall apart.

A gloomy voice came from the Golden coffin, “Do you believe that my demonic corpse sea would have been destroyed in an instant if I had taken action just now?!!”

“What?” The silver-winged corpse felt as if it had been struck by lightning. “Could it be that the sage is afraid of the one in the heavenly tomb?!!”

“No matter how strong that person in the heavenly tomb is, no matter how tyrannical he is, he is ultimately shackled. Furthermore, he is willing to be imprisoned here. He can’t do anything to me.”

The gloomy voice sounded again, “What I’m really afraid of is that among the people who came with Taoist Northern Yama, there’s one person who has been waiting for me to make a move!”

“The ye nankuang that old man from Taichu?!” The silver-winged corpse suddenly raised its head, as if it had recalled something.

“Who else could it be besides this person?”

The voice from the Golden coffin sneered, “This person can cause such a storm in the outside world, so he’s naturally not someone to be underestimated. I don’t want to become enemies with him because of an old man from the absolute beginning era.”

“Furthermore, this person has killed too many people in the outside world and has long made enemies all over the world. Now that he has entered Yinxiu, there are countless people who want him dead ...”

.....

An hour later, everyone walked out of the demonic corpse sea, and a boundless forest came into view.

Old ancestor yellow spring looked at Daoist Northern Yama in disdain. “Old man bei Zhi, you’re a late divine transformation realm old monster, but you’re actually bowing down to a bunch of bone dregs ...”

The old ancestor's actions were evil and not good. When he met someone he could beat, he was extremely arrogant. When he met someone he couldn't beat, he would run away.

Previously, in the demonic corpse sea, with his personality, he would naturally kill his way through and crush anyone who blocked his way.

However, Daoist Northern Yama kept using his eyes to signal to the crowd.

Upon hearing old ancestor yellow spring's disdainful words, Daoist Northern Yama looked at the crowd and shook his head with a smile. "Everyone may not know, but the corpse demon sea is not as simple as you think."

"What do you mean by that?" Luo Tianya couldn't help but frown.

Daoist Northern Yama took a deep breath and said, "I believe everyone has seen the previous scene. This demonic corpse sea is a world of the undead, and the corpses of many people who have died in battle have survived in another way."

"For example, the silver-winged corpse from before was a martial cultivator who was one step away from being buried in the martial God Realm ..."

At this point, he couldn't help but slowly say, "The strongest in the corpse demon sea is not him, but the master of the corpse demon sea, Saint monarch Sanyou ..."

Hearing this, old ancestor yellow spring's expression turned grim. "Saint monarch Sanyou? Could it be a corpse at the void training stage?"

The rest of the People's expressions changed. Did that mean they had just passed through the territory of a void training stage cultivator?

Daoist Northern Yama nodded and said, "That's why I stopped everyone from taking action. The demonic corpse sea is sandwiched between the Yinxu that our country guards and the passage of Mount Jiangjun. Once we become enemies, the consequences will be unimaginable ..."

"Isn't it just a broken skeleton?"

"When I was at my peak, I could turn an existence like this into ashes with just a breath ..." Old ancestor yellow spring sneered.

"Fellow Daoist beimang's words aren't false."

"I've also sensed Saint Lord Sanyou's energy. However, it doesn't seem to be hostile to us ..." Ye chen nodded gently.

"He dares to be hostile?"

"When the time comes, uncle ye will charge over with a sword and directly shatter his bones ..." Yang Hao said fearlessly.

"Let's go!"

Ye chen glanced at him unhappily and immediately urged everyone to move forward. It was his first time in Yinxu. Unless it was absolutely necessary, he did not want to be on bad terms with existences at the void training stage.

Of course, if there were really people who didn't know what was good for them, he didn't mind making a move.

In the huge, quiet forest, the trees were dense and the flowers were beautiful. There were even birds fluttering from time to time. There was a group of Elks drinking leisurely by the stream.

In contrast to the strangeness of the sea of corpse demons, the forest in front of them was extremely peaceful. However, everyone noticed that Daoist Northern Yama's expression was tense.

"Old man bei Zhi, what's wrong with you again?" Yang Hao imitated old ancestor yellow spring's tone and made fun of him.

"You little brat, shut up!"

Old ancestor yellow spring rewarded him with a stir-fried chestnut and then turned to ye chen."Fellow Daoist ye, did you notice?"

"It's too quiet!"

Ye chen looked at the peaceful scene before him and said lightly,"In this chaotic Yinxu, adjacent to a strange place like the corpse demon sea, how can there be such a peaceful forest?"

"Yup ..."

Old ancestor yellow spring nodded slightly. His expression was even more solemn than it was in the corpse devil sea. He was about to speak when song Qiye suddenly said,"Did you guys hear anything?"

"There's nothing here." Yang Hao didn't understand.

"The sound of reading ..." Ye chen looked into the distance.

Everyone perked up their ears and sure enough, they immediately heard intermittent sounds of reading in the distance. They could vaguely hear many things. It seemed to be an ancient student studying for an exam.

"There's really the sound of reading ..."

"That's strange," Shi qianhan said in surprise."Why is there the sound of reading in this forest?"

"Go, go quickly, don't listen to the sound of reading ..."

Just as everyone was in a daze, Northern Yama's expression suddenly changed. He did not have time to explain and urged everyone to follow him. However, he was walking in the opposite direction of the source of the reading.

At that moment, he suddenly stopped in his tracks and looked into the distance with a serious expression.

In front of him, a young man had appeared out of nowhere. He was dressed in scholarly robes and looked like an ancient scholar. He was holding an ancient book in his hand.

The young man's facial features were ordinary. He looked at the crowd quietly, and his eyes were extremely clear. "What do you guys think, is it the heavens or the people?"

Everyone was stunned. They did not expect the former to ask them such a question so suddenly.

However, Daoist Northern Yama only smiled bitterly and cupped his fist at the young man. "Greetings, master Chiaki. I'm the Taoist of Northern Yama from China. We're only here to ..."

Before he could finish his sentence, the young man looked at the crowd again and said, "What do you guys think, is it the heavens or the people?"

"You're such a boring little friend. How can we have the time to discuss with you about the philosophical problems of the world or the people?"

One of the early divine transformation realm cultivators said impatiently. Then, he gently pushed his hand toward the young man and said, "Let's move, don't hold me up ..."

In the next moment, his entire body came to an abrupt stop, not moving at all, as if he had been cast with an immobilization technique.

The young man looked at the crowd again and repeated, "What do you guys think, is it the heavens or the people?"

Chapter 1462: Lord Tian is not as old as I am!

"Fellow Daoist zixu!!!"

Looking at the motionless early divine transformation realm cultivator, patriarch green spirit and the others subconsciously called out. Then, they looked at the young man in front of them in horror.

At this moment, they finally realized that this seemingly fragile young man was not as simple as he looked. Otherwise, how could he have trapped an early divine transformation realm cultivator without anyone noticing?

In an instant, the many powerhouses behind ye chen all stared at the young man, ready to fight at any time.

Ye Wushuang's sword eyes were cold and his sword intention was surging.

Old ancestor yellow spring's expression turned serious. He secretly transmitted his voice to ye chen, "Fellow Daoist ye, I'm afraid that this person is an existence no weaker than Saint Sanyou of the corpse demon sea."

Ye chen looked at the young man quietly. Two golden divine flames danced in his eyes as he tried to see through the young man's background.

However, under his flaming golden eyes, the young man was still ordinary, as if he was really a weak ancient scholar.

This was the first time his flaming golden eyes could not see through anything. This situation could only mean one thing—the young man’s cultivation level was higher than ye chen’s.

“Don’t be rash!”

Thinking of this, ye chen secretly reminded everyone. His intuition told him that the young man in front of him was not hostile to them.

“Is it the heavens or the people?”

The young man’s calm voice still echoed in everyone’s mind.

Daoist Northern Yama’s lips moved slightly as he said slowly, “Master qianqiu, in my opinion, it’s naturally a big deal!”

“What do you mean?” The young man looked at him quietly.

Daoist Northern Yama was a little nervous. “Laozi said in ‘Tao Te Ching’ Chapter 25 that things are mixed together, born from nature, lonely, independent but not changing, circulating but not in danger, and can be the Mother of Heaven and earth.”

“I don’t know its name, but the word is called Dao, the name of power is great, great is called passing, and passing is called distant. In the distance, there was rebellion. As the Dao was big, the sky was big, the earth was big, and so were the people. There were four big ones in the region, and the king was one of them. Man follows the earth, earth follows the heavens, the heavens follow the Dao, the Dao follows nature ...”

He couldn’t help but explain, “the sage, Lao Zi, said that Dao was born before heaven and earth, so he said” big, big, big, big, big, big, big, big, big. ” The universe has four major laws, and man is one of them. Man regards the earth as the law, earth as the law, heaven as the law, heaven as the law, and Dao as the law, while Dao is purely natural and regards itself as the law. ”

After saying that, he took a deep breath. “That’s why, in my opinion, heaven is bigger than man. ”

However, the young man asked, “the Tao Te Ching mentioned that there are four big in the region: big Dao, Big Sky, big earth, and big man. What about the outer region?” What do you say when someone breaks through the restraints of heaven and earth and enters another domain?”

Daoist Northern Yama froze on the spot, as if he had lost his soul.

The young man shook his head slightly. “I’m following the views of the ancients but I don’t understand them. I’m foolish. I’m destined to stop below the void refinement realm in my life ...”

“In my opinion, it’s a big man!” Guan Huaian could not help but say.

The young man looked at him expectantly.

Guan Huaian said calmly, "one man is the big, two are the heavens. If there is no one, the heavens will not be able to do anything. Man is the foundation. If there is no physical body, how can there be an illusory body?" Therefore, he is the most powerful!"

"Well said!"

"That's reasonable!"

As soon as he finished speaking, he immediately received cheers from the crowd. It was obvious that most of them agreed with his opinion.

Only ye chen, old ancestor yellow spring, and the others remained silent.

The young man shook his head again. "The heavens don't speak of arrogance. The earth doesn't speak of leniency. Humans are arrogant. Your words just show how small you are and how fake your heart is ..."

When he heard this, Guan Huaian's face turned pale.

Everyone's expression was also a bit ugly. Was it the heavens or the people that you heard? if it was the heavens that you were not satisfied, if it was the people that you heard, you were still not satisfied?

Was he deliberately looking for trouble?

The young man didn't seem to notice half of them. He swept his eyes across the crowd and finally fixed his gaze on old ancestor yellow spring. "I wonder if this fellow Daoist has any wise ideas?"

"I dare not accept your wise opinion."

Old ancestor yellow spring pulled a long face and sneered, "In the ancestor's view, Lord Tian is not as powerful as me. If the heavens make the ancestor unhappy, the ancestor will go against the heavens. If the people make the ancestor unhappy, the ancestor will kill them!!!"

In the eyes of the crowd, his words were rather unorthodox, but it caused the young man's face, which had always been calm, to have a slight ripple.

"The heavens are bigger than the earth. Interesting, this is really interesting ..."

The young man mimicked the great ancestor's tone and repeated his words as if he was in awe. His gaze finally fell on ye chen. "What do you think, fellow Daoist?"

At that moment, everyone's eyes were on ye chen, their eyes full of anticipation.

In their opinion, ye chen was younger than most of them, but he had gone further on the path of cultivation than them. Perhaps he had an outstanding understanding of this.

"What's a human?" ye chen asked. "What is the heavens?"

As soon as he said that, everyone was speechless. The young man pondered for a moment and said, "The four legs of a horse and a cow are called heaven; the head of a horse and the nose of a cow are called man, so they are called: 'No man can destroy the heavens, no life for no reason, no name for death. To guard it and not lose it is the opposite of the truth.'"

Then, as if he was worried that the others would not understand, he explained, ""All living things should live in their original ways. Don't impose man-made factors on things. This is heaven. When man-made factors are imposed on things, such as forcing a naked horse to put a cage on, forcing a hole on an ox's nose, and tying it with a rope, this is man!"

"I've been to school for a few years and read a few books. If I remember correctly, you said that from Zhuang Zi, right?" ye mo asked.

Ye chen looked at him quietly and said, "Zhuang Zi's words are about following nature. What is nature?" It was the Dao, and heaven was ultimately inseparable from the Dao. When they combined into the heavenly Dao, it naturally caused great floods and great droughts that destroyed all living beings. Wasn't it also the power of the heavenly Dao that controlled everything? Aren't you telling us to put the heavens above all else? By following the heavens?"

"Since that's the case, it means that you've already determined that the heavens are greater than man. Why do you need to make an unnecessary move to ask me?"

As his voice fell ...

The young man suddenly cupped his fists at ye chen and said sincerely, ""Thank you for answering my question, my friend. I'm qianqiu wuhen."

Everyone's eyes almost popped out of their sockets when they saw this, especially the northern Yama Daoist. He knew how terrifying and stubborn the young man was.

Yet, she was convinced by ye chen with just a few words?

Qianqiu wuhen could not help but look at ye chen and said with anticipation, ""Then, does fellow Daoist ye think it's a big deal or a big deal?"

"The Dao of the heavens damages the surplus to make up for the deficiency! The heavenly Dao is fond of killing, and it does not change its will. It only follows the fixed rules. Those who follow the trend will prosper, and those who go against it will die. It treats all living things as dogs."

Ye chen stood with his hands behind his back and said, ""The way of man is to damage what is insufficient and give what is more. When the way of man is poor, the strong will always be strong. The fruits are in the bag of the strong."

"Rather than saying that the heavens are still the people, it's better to say that the rules are the most important. The heavens are important because the rules they set are above all living beings. However, not only can people set rules, they can also break them ..."

Chapter 1463: Demon God forest, qianqiu wuhen!

Deathly silence. The surroundings suddenly fell into a deathly silence.

As ye chen finished speaking, everyone fell into silence, including qianqiu wuhen.

"Hahaha!"

Suddenly, there was a burst of laughter in the forest.

Qianqiu wuhen looked at ye chen with a smile. "Good, very good. Listening to you is better than reading ten years of books. With just a few words, fellow Daoist ye has solved the problem that I've been thinking about for countless years."

The next moment!

He stretched out his hand and made a grabbing motion in the air. Then, a dark green bamboo flute shot out from the forest.

"Fellow Daoist ye, this is a gift for you."

He looked at the bamboo flute quietly and then threw it to ye chen. "With this, you are my friends from now on. No one will dare to stop you from now on!"

As soon as he finished speaking, he disappeared.

Ye chen reached out to catch the bamboo flute. He lowered his head and looked at it silently. His eyes were filled with amazement. This bamboo flute contained an artistic conception that belonged to a mighty figure at the void training stage.

"This grandson just left like that?"

Old ancestor yellow spring looked around and smacked his lips. "Everyone answered the question, so why did fellow Daoist ye get a gift? Isn't this grandson a little too stingy?"

"My fellow Daoist netherworld, you should speak less." Daoist Northern Yama's face turned green and he urged everyone to leave.

Along the way, someone finally couldn't help but look at Daoist Northern Yama and ask, "Daoist Northern Yama, who is this qianqiu wuhen?"

From the beginning until now, everyone was confused. They didn't understand why qianqiu wuhen would stop them without any hostility. Instead, he asked such a ridiculous question.

"The forest we passed through earlier is called the demon Soul forest!"

Daoist Northern Yama stopped in his tracks and turned around to look at the deep and dark forest behind him. His lips moved slightly, "This person is the master of the demon Soul forest!"

"No one knows how long he has existed. They only know that he has lived in the Ruins of Yin for countless years. It is a taboo, and even the abyssal Saint of the corpse demon sea has to respect this person."

As soon as he finished speaking, someone immediately gasped, "Is he also an old monster at the void training stage?!"

The rest of the People's faces changed color. As soon as they entered this place, they had to pass through the territory of two old monsters at the void training stage. Was this a lucky or unlucky thing?

Fortunately, the two of them did not attack them.

“I’m not sure about that!”

“I don’t know much about this man,” Taoist of Northern Yama said. “We only know that he once broke into the Forbidden Zone with a bamboo stick. When he came back, his clothes were not stained with blood ...”

At this point, he immediately explained to everyone, “Yinxu is very big. It is divided into three regions, the outer region, the core region, and the forbidden region. We are now in the outer region, which is as big as China.”

“What?”

Old ancestor yellow spring’s expression turned grave. “There are already old monsters at the void training stage guarding the periphery. Then the core and the forbidden area are ...”

Ye Chen’s eyes flickered imperceptibly.

“No!”

Daoist Northern Yama shook his head. “The scariest thing isn’t the people, but the tombs. It’s said that many of China’s most ferocious people from 10000 years ago are buried in them. Other than that, there are also violent spatial cracks and many other geographical dangers.”

When he said this, he was afraid that everyone would not believe him, so he added, “I once witnessed a cultivator in the soul formation stage trying to break into the core through the crack. In the end, he was killed by a hurricane. Not even his bones and soul were left.”

As soon as he said that, everyone gasped.

That was a cultivator at the great circle of the soul formation stage. In the outside world, he could almost sweep across the world, but he couldn’t even defeat a hurricane?

“What about the Forbidden Zone?” ye chen asked with a frown.

“The Forbidden Zone is an ominous place ...”

Daoist Northern Yama let out a long breath and said slowly, “This place has not been unsealed yet and is surrounded by endless black gas. As long as a living person touches a trace of black gas, their flesh and blood will be instantly gone ...”

“Soul sand again?” Ye Chen’s eyes flickered.

He had encountered the black gas mentioned by the former once on the Ghost Ship and again in the forbidden Sea.

Before he could think too much, he heard Taoist Northern Yama add, “Even the extraterrestrial overlords are helpless in the face of the Forbidden Zone. It’s said that an old monster at the void training stage gathered his disciples and tried to attack the Forbidden Zone. However, he was inexplicably struck to death by heavenly lightning before he could even step into the Forbidden Zone ...”

“Chi ...”

Everyone couldn't help but suck in a breath of cold air. Their faces were extremely pale, and their eyes were filled with shock.

Even void training stage cultivators can't enter the forbidden area?

Wasn't this forbidden zone a little too terrifying?

Old ancestor yellow spring suppressed the shock in his heart. "The Forbidden Zone is so strange. It seems that there must be some great opportunity inside!"

"Not bad!"

"It's said that the opportunity to become an immortal is in the Forbidden Zone," Daoist Northern Yama said in a deep voice. "Therefore, all the living beings in Yin Xu, including the immortal sects in the outer realms and the experts from all the countries on earth, are trying to break into the Forbidden Zone ..."

"This qianqiu wuhen is too terrifying!"

"This is a forbidden area that even the void training stage cultivators can't enter," Yang Hao murmured. "He managed to break into it with a bamboo pole and even came out of it unscathed."

Hearing these words, everyone's mind was in a daze. In their minds, they couldn't help but think of the figure of a graceful and seemingly fragile young man.

It was such a person who could do what even void training cultivators couldn't!

At this moment, everyone realized that there were countless divine senses peeking in their direction from the void. Before anyone could react, they were all retracted.

"Let's go!"

Guan Huaian's expression changed slightly. He looked around, worried that something might happen again. He could not help but urge everyone to continue moving forward.

Old ancestor yellow spring walked to ye Chen's side and sneered. "Fellow Daoist ye, it looks like someone wants to attack us!"

"I don't need to guess to know that there's a shadow of the Taichu heavenly venerate."

Ye Chen's eyes swept across the sky, his gaze cold. "Unfortunately, this ye overestimated them. It turns out that they're all a bunch of gutless bandits."

Old ancestor yellow spring couldn't help but look at the dark green bamboo flute in his hand and said solemnly, "It should be because of this item ..."

"Qianqiu wuhen?" Ye Chen mumbled to himself as he felt the artistic fluctuation from the dark green bamboo flute.

But what they didn't know was that their arrival had set off many turbulent waves and undercurrents in the entire Yin Xu.

"It's been 3000 years. That person in the demon God forest hasn't appeared for 3000 years, and now he's actually reappeared?!"

“Qianqiu wuhen, what trick are you playing? you actually gave the demon God flute to an outsider!”

“Forget it, forget it. Didn’t you see that even the corpse demon sea’s abyssal Sage has chosen to remain silent? the demon God forest is not to be trifled with, especially that lunatic qianqiu wuhen ...”

“.....”

In an instant, many terrifying existences woke up in every corner of the periphery of Yinxu. They sighed and then quietly hid.

Chapter 1464: the Yanhuang fortress is blocked!

After passing through the demon God forest, the group finally saw the suppression territory of China in the Ruins of Yin.

Everyone’s eyes swept forward, and what reflected in their eyes was a huge heavenly stream that was over a thousand feet high. The heavenly stream was extremely deep and filled with endless poisonous fog, making it impossible to see the bottom.

Ye chen looked into the distance and immediately saw that behind the sky stream was an endless mountain range. The mountain range was tens of thousands of feet high, like Earth dragons crawling in this vast world.

On top of the mountain range, there were ancient cities with towering city walls. They seemed to have experienced an extremely long time. They were ancient and vicissitude, and the light screen of the array was dazzling.

After taking in the entire scene, ye chen could not help but say,“”Is this the territory of China in the Ruins of Yin?”

Yinxu was a barren world full of danger. Whether it was China, the other countries, or the immortal sects from the outer realms, the first thing they did when they arrived was to conquer their own territory.

“Not bad!”

Daoist Northern Yama and Guan Huaian both nodded,“”This place was occupied by our country after we first stepped into the ruins of Yin. We paid a great price and sacrificed many of our fellow cultivators.”

“Does this place have a name?” Old ancestor yellow spring said.

“This place is called the Yanhuang fortress,” Daoist Northern Yama said.

“The yellow flame fortress?”

Hearing this, ye chen could not help but nod and exclaim,“”This is the stronghold of the Chinese. It has a good name and a good terrain. It relies on a huge sky stream and is easy to defend but hard to attack.”

Guan Huaian cupped his fists and said,“fellow Daoist ye, please wait here for a moment. I’ll go and inform the people of the stronghold to open the passage!”

After saying that, he turned around and headed toward the fortress in the distance.

“What’s wrong?” old ancestor yellow spring was a little displeased. Do we need to be informed when we enter? Old man bei Zhi, don’t tell me you can’t make the decision?”

The rest of the people couldn’t help but nod.

Daoist Northern Yama could not help but smile bitterly. “You may not know this, but I’m not the one in charge of the Yanhuang fortress. I’m one of the members of the elder Council.”

“Who is that?” Ye chen said with a frown.

Under everyone’s gaze, Daoist Northern Yama said with a serious expression, “The person in charge of guarding the Yan Huang fortress is an extremely ancient senior in China. His name is Lei Yunzi.”

“Thundercloud?”

The rest of the people frowned as if they had never heard of this person.

“The Yan Huang fortress is an Elder Council, and there are a total of 13 seats. Chen Shan and I are both members of the Council.”

As if sensing everyone’s confusion, Daoist Northern Yama explained, “This Senior Master Lei Yunzi is the Grand Elder of the elder group. He has the right to control the group of elders and veto their decision.”

“However, senior Lei Yunzi’s whereabouts have always been uncertain. Thus, many matters of the Yanhuang fortress are decided by the elder Council.” Daoist Northern Yama added.

Just as everyone was talking, they saw Guan Huaian return with an unsightly expression.

“Dao friend Guan, how is it?” Daoist Northern Yama couldn’t help but ask.

Guan Huaian looked at ye chen and the others guiltily. He hesitated to speak. “The fortress has rejected our entry!!!”

“What?”

As soon as he finished speaking, the crowd exploded.

Daoist Northern Yama’s expression changed, “you’re not letting us in? How was this possible? Senior Lei Yunzi, don’t you know it’s US?”

“Senior Lei Yunzi is not in the Fort.”

“It’s not just him,” Guan Huaian said in a deep voice. “In fact, most of the powerful cultivators in the fortress are not here. The person in charge Now is Gu Qing. He’s the one who refused to let us enter the fortress.”

“Gu Qing?”

Daoist Northern Yama was furious. “Bastard! He’s only one of the elders! What right does he have to stop us from entering?!”

What no one noticed was that ye chen had furrowed his brows and subconsciously glanced at Luo Tianya, ning Yingtian, and the others.

“Brother ye, could it be that this Gu Qing ...” Luo Tianya walked to his side and asked in a low voice.

Even ning yongtian, song Qiye, and the others were not looking too good. They had just killed Gu Xuan and learned about the existence of the Gu family.

If this Gu Qing was really a member of the Gu family, the consequences would be unimaginable.

Ye chen nodded slightly and could not help but look at Daoist Northern Yama. “Fellow Daoist beimang, who is this Gu Qing?”

“I’m not sure about this person’s identity. I only know that he seems to have appeared out of nowhere and has been listed as a member of the Yanhuang fortress’s elder group. ”

Daoist Northern Yama shook his head in anger. Then, as if recalling something, he said, “That’s right, this person’s cultivation base is at the peak of the soul formation stage,”

“Let’s go, all of you follow me. I’d like to see how this Gu Qing has the qualifications to refuse us from entering the fortress!”

With that, Daoist Northern Yama flicked his sleeves and took the lead, heading towards the xuanhuang fortress in the distance.

“Brother ye, if this Gu Qing is really a member of the Gu clan ...” Luo Tianya looked at ye chen with a serious expression.

“What are you talking about?” old ancestor yellow spring asked. What Gu family?”

Ye Chen’s lips moved slightly. He immediately told her about the Xuanyuan eight clans and Gu Xuan through voice transmission.

“The Eight Families of Xuan Yuan and the Gu family are indeed impressive.”

Old ancestor yellow spring was so angry that he laughed. “Fellow Daoist ye, stop guessing. This Gu Qing must be from the Gu family. He’s trying to intimidate us.”

“Master, what should we do now?” Song Qiye frowned.

“What else can we do? Just kill them and it’ll be over. ”

Old ancestor yellow spring shouted, “Let’s put all the Old and New grudges together. Let’s kill Gu Qing first, then exterminate the Gu clan!”

Luo Tianya and ning Yingtian’s expressions changed.

.....

Outside the Yan Huang fortress, in front of the huge sky stream, dozens of people stood in the air, their faces serious as they stared at the huge city behind the sky stream.

At that place, the array was fully activated, and a light screen covered the sky. On the top of the wall, there were also countless figures.

Both sides were ready to fight, and their auras were so tense that it was terrifying.

Daoist Northern Yama stared coldly at a black-robed figure on the city wall and said, "Gu Qing, what are you doing? You don't have the final say in the Yan Huang fortress. Aren't you afraid of being severely punished by senior Lei Yunzi?"

In front of the countless figures on the city wall, there was a black-robed old man with a sinister face looking down at everyone.

It was Gu Qing, who Daoist Northern Yama had mentioned. There was also a crescent-shaped mark between his eyebrows.

"Fellow Daoist beimang, why do you say that?"

Gu Qing laughed coldly and looked at the crowd. He said with a fake smile, "I'm only doing this for the safety of my Yan Huang fortress. If there's anything I've done wrong, please forgive me."

"Fellow Daoist beimang, I'll still say the same thing. If you and fellow Daoist Guan want to come in, you can ..."

At this point, his malicious eyes could not help but focus on ye chen. A sharp glint flashed in his eyes as he said, "Except for the two of you, I'm afraid I can't do anything about the others ..."

Chapter 1465: What are you doing, ye?

As his voice fell ...

Behind ye chen, the northern Sea temple master and the others were immediately enraged. Anyone with a discerning eye could tell that Gu Qing was deliberately targeting them.

Luo Tianya walked over with an unsightly expression. "Brother ye, I'm afraid that this person is really from the Gu family ..."

"The Gu family ..."

Ye chen took a deep look at the crescent moon mark between Gu Qing's brows. The corners of his mouth curled into a sinister smile. "You guys are really courting death everywhere ..."

Old ancestor yellow spring noticed the change in ye Chen's expression and felt a little excited. Every time ye chen showed this expression, it meant that someone was about to die.

"Daoist Gu, the person behind me is ye nankuang from China. You will be punished by the elder Council for your behavior." Guan Huaian said after taking a deep breath.

"Ye nankuang?"

Hearing this, Gu Qing pretended to be surprised and glanced at ye chen. "So you're ye nankuang, the one who's been causing a lot of trouble in the outside world recently. I've been disrespectful"

In the next moment, the smile on his face suddenly froze. He sneered, "I don't care if you're ye nankuang or ye beikuang. Today, with me here, you won't be able to enter the Yanhuang fortress."

"Is that so?" Ye chen suddenly chuckled.

Daoist Northern Yama suppressed his anger and looked straight at Gu Qing, "Gu, I'll ask you one last time, are you really not going to open the passage into the fortress?"

He was worried that Gu Qing would anger ye chen and cause irredeemable consequences. If that happened, he would be caught in the middle.

"If you want me to open the passage to the fortress, wait for master thundercloud to return first. During this time, I'll have to trouble you to wait outside ..." Gu Qing laughed and turned back into the city.

Daoist Northern Yama's expression changed completely.

Yinxu was filled with danger, especially at night. If there was no safe territory, even a divine transformation realm cultivator would be in danger of dying.

At this moment, his vision suddenly blurred. He saw a figure rising into the sky, like a demon that had just been born, heading straight for the light screen of the Yanhuang fortress.

"Who's that?"

Everyone was shocked by this sudden scene. After they reacted, they couldn't help but say, "Fellow Daoist ye?!"

Within the Yan Huang fortress, in a spacious mansion.

As soon as Gu Qing entered, he said coldly, "Relay my orders. Gather everyone and keep an eye on those people outside, especially that ye nankuang."

One of the mid divine transformation realm cultivators hesitated for a moment before saying, "Elder Gu, if we do this, if elder Lei Yun and the others return ..."

"How dare you disobey my order?!"

Gu Qing's eyes turned cold, immediately causing the former to lower his head. After which, he seemed to have recalled something and said, "At the same time, send a message to the absolute beginning mountain. Let them take the opportunity to ambush ye nankuang ..."

Before he could finish his sentence, he suddenly felt the ground under his feet shake violently, as if there was an earthquake.

"What's happening?!"

As Gu Qing's expression changed, someone stumbled in and stammered, "E-elder Gu, they ... They're attacking the city ..."

"What?"

Gu Qing was shocked at first, but then he laughed in disdain, "The Yan Huang fortress's defensive formation was set up by Lei Yunzi, and there are runes imprinted by the eight Xuan Yuan families. Even

the Taichu heavenly venerate of the Taichu mountain can't do it in a short time. How can they break through it?"

After saying that, his figure flickered and he immediately appeared on top of the wall.

"BOOM!"

In the sky above the Yanhuang fortress, a golden figure entered the void. His eyes were burning with divine fire, as if he wanted to burn this world to ashes.

The Yan Huang fortress's defensive array below was completely activated. Killing intent whistled, lightning flashed, and earth Fire spewed. Each stream of energy was enough to kill any peak divine transformation realm existence.

"That's fellow Daoist ye?!!"

At that moment, Daoist Northern Yama and the others stared at ye chen in the air. They had not expected such a reaction from him.

"Fellow Daoist ye, you can 't!"

Sensing ye Chen's aura rapidly rising, Guan Huaian's expression changed. As if he had recalled something, he hurriedly said,""You can 't! This is the Yanhuang fortress, you can't mess around!"

Upon hearing this, Daoist Northern Yama's expression changed,""Fellow Daoist ye, the Yan Huang fortress was built with the blood and sweat of our country, and the protective array was set up by senior Lei Yunzi. If you act rashly, the consequences will be unimaginable."

"Unimaginable what?"

"It's just a formation-breaking technique, isn't it?" old ancestor yellow spring replied lazily. If you break it, I'll compensate you. "

"Old ancestor is right, that Gu guy is too much of a bully, we have to teach him a lesson." Yang Hao applauded repeatedly, hoping that the world would be in chaos.

Ye chen looked down at Daoist Northern Yama."Fellow Daoist beimang, I've always been polite before resorting to force. I can choose not to enter the Yanhuang fortress, but I and my fellow Daoists can't be bullied!!!"

"BOOM!"

At this time, Gu Qing turned into a long rainbow and landed on the fortress wall. He looked at ye chen with a cold expression."Ye, what are you doing?!!"

After saying that, he narrowed his eyes and said gloomily,""Don't blame me for not warning you. If you dare to move recklessly today, not even the Taoist of Northern Yama can protect you. You will no longer have a place in the whole of China."

Although he said that, he could not wait for ye chen to cause as much trouble as possible. This was the only way to put ye chen in an unjust position and make him the target of public criticism.

“Noisy!”

Ye Chen snorted and looked down at the huge fortress city. His eyes were terrifyingly cold. “Do you think this Ye is useless with this turtle shell?!”

“Today, I’ll show you that in the face of absolute power, any formation is vulnerable!”

He laughed coldly. After he finished speaking, he slowly stretched out his hand and made a grabbing motion in the distance.

“Boom boom boom ...”

Under everyone’s shocked gaze, a thousand-foot mountain in the distance suddenly trembled violently and rose from the ground. It was coming toward Ye Chen at a terrifying speed.

“This ...”

At that moment, everyone was dumbfounded.

Even Gu Qing, who was originally sneering, was no exception.

Before anyone could react, another 10000-foot mountain came from the distance with a loud bang. From a distance, it looked like a falling star.

Ye Chen’s arm suddenly expanded. Then, he grabbed the first thousand-foot-tall mountain from a distance and smashed it down on the fortress’s protective formation light curtain.

“Bang ...”

In an instant, the entire Yan Huang fortress’s defensive array let out a violent explosion. The mountain rocks collapsed, and countless cracks appeared on the ground. It was as if the earth was shaking.

“Pfft!”

Within the formation, everyone’s faces, including Gu Qing’s, turned pale. Then, they heavily spat out Scarlet blood. Their faces were extremely horrified.

Chapter 1466: Carrying five mountains, breaking the divine array!

“Bang!”

Ye Chen grabbed the second mountain and smashed it down again.

The Yan Huang fortress’s defensive light screen trembled violently once again, and the heavenly lightning and earthly fire gathered within it exploded and were extinguished one by one ...

The third ...

The fourth ...

Ye chen was like an ancient God of the soul formation stage. He used his purest body to throw mountains that were thousands of feet tall. They landed violently on the light screen of the Yanhuang fortress 'protective formation.

"Boom ..."

Finally, when he threw out The Fifth Mountain, the defensive formation of the Yan Huang fortress, which was set up by the old monster at the void training stage, finally exploded.

Although this formation could withstand the attacks of a void training stage cultivator, there was a limit to it. After all, no void training stage old monster would ignore the existence of Lei Yunzi and the others and attack the formation like ye chen.

Taking ten thousand steps back, it was impossible for an ordinary old monster at the void training stage to have such terrifying physical strength as ye chen.

Daoist Northern Yama, who had witnessed everything, was completely dumbfounded.

From Daoist Northern Yama's point of view, it was almost impossible for ye chen to break through the Yanhuang fortress's formation with his strength. However, the incomparably violent scene in front of her had greatly shocked her.

Even old ancestor yellow spring, who was mentally prepared, was so shocked that his eyes almost popped out."My God, isn't fellow Daoist ye too abnormal?"

"Uncle ye is invincible. He's too fierce ..."

Yang Hao's face was red as he watched the scene. He felt that his blood was about to boil.

Gu Qing and the others who were on top of the city wall looked at this scene in fear, their eyes trembling.

"Good, good, the formation can still hold on ..."

Seeing that the Yanhuang fortress's protective formation was still struggling to hold on despite ye Chen's attacks, Gu Qing could not help but sigh in relief.

"Is that so?"

Hearing this, ye chen suddenly stopped. A sharp glint flashed in the depths of his indifferent eyes."Today, I'll let you experience what it means to break all techniques with one weapon!!!"

As soon as he finished speaking!

The shadow of a golden divine brush suddenly shot out from his body and violently cut through the void. The tip of the brush swept through everything.

It was the Emperor brush.

Ye chen held the Emperor brush in his hand and scribbled a huge "break" on the light curtain of the Yan Huang fortress's formation!

In an instant, the sky changed color, and a strange phenomenon occurred.

Under the dark clouds, it was as if a Golden Dragon had descended from the sky. With a shocking dragon roar, it ruthlessly crashed into the light curtain of the Yanhuang fortress.

“Not good, the formation is about to break ...”

“It’s impossible!” Someone cried out in shock. Then, the defensive formation, which was known as the strongest defense, collapsed completely. The violent energy swept out in all directions, destroying everything.

At that moment, the entire world was deathly silent.

Daoist Northern Yama was petrified as he stared at the scene in front of him, not moving an inch.

Gu Qing and the others on the city wall stood still, their eyes filled with shock and disbelief.

At that moment, the corpse demon sea and Demon God forest, which were the closest to the Yan Huang fortress, noticed this scene from afar.

Corpse devil sea, deep within the endless sea of Bones and mountains of corpses.

A golden coffin was ready to move, and a deep voice of fear came from it. ““Carrying the five mountains and breaking the divine formation. This kid’s body is really terrifying.”

This voice was then replaced by a sneer,““This person has broken old fogey Lei Yun’s formation. When old fogey Lei Yun returns, he will definitely not let this matter rest. This is getting more and more interesting ...”

Demon God forest, in a quiet Valley.

Qianqiu wuhen, who was dressed in green, had a willow leaf in his mouth. He faced the mountains and ravines alone and blew gently. His clothes were fluttering, and he looked extremely graceful.

After he finished, he looked in a certain direction and mumbled,““That fellow in the heavenly tomb, you’re really quick to take action. You’ve taken a fancy to this kid before Wu Hen ...”

“It’s a pity that he can’t help you escape with his current ability, unless he can stain the Forbidden Zone with blood ...”His eyes were clear.

.....

In the sky above the Yan Huang Fort.

“How is this possible?”

After a short period of silence, there were immediately cries of alarm that sounded one after another, and the voices were mixed with trembling.

A powerful defensive formation like the Yanhuang fortress had been broken by ye chen alone?

“This method is simply too terrifying!”

Guan Huaian’s face was pale and his voice trembled. “It’s just that this matter has been completely blown up ...”

“Well broken, well broken!”

“I’d like to see what that old man surnamed Gu has to say now,” old ancestor yellow spring laughed wildly.

As soon as he finished speaking, everyone saw Gu Qing and the others on the city wall suddenly turn into black shadows and fly toward the mountain behind the fortress.

The leader, Gu Qing, had disheveled hair, torn clothes, and bloodshot eyes. He had clearly been affected by ye Chen’s methods.

“Bastard! How can ye nankuang be so powerful? even old fogey Lei Yun’s formation can’t stop him ...”

Gu Qing didn’t dare to look back and only cared about fleeing with all his might. His eyes were full of resentment, “I have to escape. I have to escape to where the patriarch is to have a chance of survival ...”

When he thought of the consequences of falling into ye Chen’s hands, he felt like his liver was about to split apart and he shuddered.

However, in the next moment, he stopped in his tracks and looked at the figure in front of him in fear.

He shuddered and turned his head back. His path of retreat was blocked by a sword light. Ye Wushuang, dressed in white, was approaching him coldly.

“Boom boom boom ...”

In an instant, dozens of soul formation realm cultivators, including the palace Master of the northern Sea Palace, surrounded Gu Qing from all directions and blocked his way.

Old ancestor yellow spring chuckled and said, “old thing, weren’t you pretty arrogant just now?” Why are you pretending to be a coward and trying to run away?”

Upon hearing this, Gu Qing’s expression changed. He turned around and looked at ye chen. “Ye nankuang, the Gu family is beyond your imagination. If you dare to touch me, the Gu family will never let you go!”

As soon as he finished speaking, the Taoist of Northern Yama and Guan Huaian stepped forward and said in unison, “Fellow Daoist ye, no matter how much of a bastard Gu Qing is, he’s still one of the members of the elder group. You can’t kill him!”

“If we don’t kill him, are we going to keep him for the new year?” Yang Hao shouted.

“Kill him!” Old ancestor yellow spring sneered. “Extract his soul and refine it. Burn his bones and scatter his ashes. He will be suppressed for all eternity!”

“Kill!!!”

The killing intent of the northern Sea Palace Master and the others soared.

Seeing this, Gu Qing's expression changed again and again, and his tone softened. "Fellow Daoist ye, I apologize for my impulsiveness earlier. I hope you won't be impulsive. My Gu clan is willing to be on good terms with you ..."

"I don't need it ..."

"From the moment Gu Xuan from the Gu clan ambushed me, it was destined that I would be like fire and water with the Gu clan ..." Ye Chen's eyes turned cold as he said lightly.

After saying that, he extended his hand and directly ignored Gu Qing's resistance and captured him on the spot. Then, he forcefully destroyed him.

Daoist Northern Yama wanted to say something but stopped. He met ye Chen's cold gaze and sighed. "Fellow Daoist ye, you're in big trouble ..."

Chapter 1467: If I can't stay here, I'll stay somewhere else!

"Fellow Daoist ye, you really shouldn't have killed Gu Qing ..."

Seeing ye Chen kill Gu Qing so decisively, even Guan Huaian's face was bitter and helpless.

"This person deserves to die, why not kill him?"

Old ancestor yellow spring looked at the two of them in disdain. "The two of you are so cowardly, how can you talk about cultivation?"

Daoist Northern Yama's lips slightly moved, but he eventually sighed. "It's not that he's timid. It's just that Gu Qing is one of the members of the elder group and is also from the Gu family ..."

"So what? fellow Daoist ye can even flatten the absolute beginning dojo. Isn't it just a small Gu family?" Old ancestor yellow spring's disdain grew.

"So what if I killed him? ye Chen has never regretted it."

Ye Chen's expression did not change. He said lightly, "today's matter has the two of you as witnesses. Right and wrong will be determined by themselves. If the group of elders intends to side with Gu Qing, then I'll take it."

After saying that, he slowly landed on the ground and walked back the way he came. Without looking back, he said, "Let's go, forefather."

Upon seeing this, Daoist Northern Yama couldn't help but ask, "Fellow Daoist ye, where are you going?"

"Since the Yanhuang fortress doesn't welcome me, then I won't be thick-skinned enough to force you to stay." "The world is big. Naturally, there's a place for me," ye Chen said calmly.

"Right, even if this place doesn't keep me, there will be a place for me." Old ancestor yellow spring was the first to follow, followed by Yang Hao, Luo Tianya, and the others.

Daoist Northern Yama's face changed as he chased after the man, "Fellow Daoist ye, all of this happened because of Gu Qing. I hope you don't take it to heart ..."

“That’s right, fellow Daoist ye. We didn’t say anything about not welcoming you into the Yanhuang fortress ...” Guan Huaian also tried to explain.

“I understand the intentions of the two of you.”

Ye chen turned around to look at them. “My actions are no different from slapping the face of the group of elders. At the same time, I’ve also formed a grudge with the Gu clan. Instead of staying under someone else’s roof, it’s better to find another way out.”

After saying that, he left with his men under the watchful eyes of Daoist Northern Yama and Daoist yang.

“Sigh, this matter is ...” Guan Huaian smiled bitterly.

Daoist Northern Yama shook his head and said with a pale face, “It’s all Gu Qing’s fault. When the elders come back, I’ll definitely report this to elder Lei Yun. I don’t believe that the Gu family can do whatever they want in the elders ‘group!”

.....

On the barren land, the soil was extremely black, and the cold air was dense. It was as if the netherworld soil had enveloped this world.

Countless shrubs that grew on the black soil were like demons that had awakened from the nine Serenities. They extended their branches that looked like ferocious arms to hunt the living creatures that passed by.

“Ka ka ka ...”

As ye chen and the others walked past, countless demonic trees soaked in demonic Qi extended their branches and vines, whistling toward the former.

“You’re looking for death!”

Old ancestor yellow spring spat out a ghostly flame. The fire swept out and burned all the tentacles that were spreading over.

Although there was only a wisp of the ghostly fire, it extended back along many tentacles, and all kinds of strange cries of babies rang out.

“Get lost!” Old ancestor yellow spring shouted.

The demonic trees that were blocking everyone’s way seemed to have their own intelligence and frantically retreated into the distance, instantly opening up a wide path for everyone.

Old ancestor yellow spring lowered his head and picked up a handful of soil that seemed to have been soaked in ink. He sniffed it and said with a frown, “Fellow Daoist ye, the demonic Qi here is so strong ...”

“It is indeed demonic Qi.”

Ye chen nodded slightly. “But where did so much demonic Qi come from? it’s contaminated this place to this extent. Even the original creatures have been demonized ...”

Orthodox cultivators mainly relied on absorbing the spiritual energy of heaven and earth to cultivate, while demonic energy was no different from a fatal poison to them.

However, demonic Qi only existed in the demonic realm, yet the Ruins of Yin were densely covered in demonic Qi. This could not help but make Ye Chen and the great ancestor puzzled.

Everyone was also looking at the ground with a serious expression. At the same time, they were extremely careful not to let themselves breathe in any.

“There are only two possibilities.”

“First, I’m afraid there are creatures from the devil realm in Yinxu, and second, the devil Qi from the devil realm has seeped into Yinxu ...” Old ancestor Yellow Spring frowned.

Ye Chen’s eyes flickered imperceptibly.

Of the two conjectures, the first one was fine, but if it was the second one, it would be a catastrophe for Yinxu and earth.

When the demonic Qi descended, it would turn into a sea of demonic Qi that would assimilate everything. All living beings, including humans, would become demonic creatures with demonic minds and become the puppets of the demonic humans.

Thinking of this, Ye Chen could not help but turn around and say to the crowd, “Yinxu isn’t simple, everyone be careful.”

Old ancestor Yellow Spring also looked solemn. Although he was known as a devil in the world of self-cultivators before his death, he knew that his style of doing things was far inferior to that of the people of the devil World.

Song Qiye looked around and asked, “Master, where are we going next?”

“Let’s find a place to stay first.” Ye Chen said after some thought.

He wasn’t familiar with Yinxu at the moment, so he could only find a place with more people to understand before talking about other things.

The reason why he came to Yinxu was to find an item that could extend Su Yuhuan’s life, and then to find Yang Tian and the immortal flying knife.

The only thing he didn’t understand was that he couldn’t sense the aura of the immortal flying knife in the Ruins of Yin.

Thinking of this, he couldn’t help but secretly ask, “Human Emperor, can you still sense the immortal-slaying aura?”

“Your Majesty, the aura in the Ruins of Yin is too heterogeneous. I still can’t sense the whereabouts of the beheading Immortals.” The Emperor Brush said in a deep voice.

The Night Demon Armor laughed and said, “This guy, beheading Immortals, likes to find people to fight the most. He couldn’t have been beaten to death, right?”

“Could he be in the core, or the forbidden area?” Ye Chen’s eyes flickered as he pondered.

.....

As night fell, an incomparably large Crimson Moon hung in the sky. The moon was incomparably large, and from afar, it looked like a stone mill.

A bonfire was burning on the ground, accompanied by the fragrance of meat.

“The moon is really ugly.”

Yang Hao gnawed on a piece of roasted meat and looked up at the Crimson Moon above his head.”“Uncle ye, do you think this moon is the same as the moon on our earth?”

Just as he finished speaking, someone suddenly said,”“Look, that moon seems to be getting bigger ...”

Everyone immediately looked in the direction of the sound and was surprised to find that the Crimson Moon above their heads was actually growing at a speed visible to the naked eye. At first, it was only the size of a stone mill, but in the end, it was no different from a dustpan.

The strangest thing was that the moonlight from the Crimson Moon made people feel irritated uncontrollably, as if the most primitive desires in their hearts were gradually awakened.

“Roar!”

At this moment, a series of earth-shattering and violent roars suddenly rang out in the originally silent world.

Chapter 1468: Evil beast, I’ll kill you if you don’t get lost!

“Boom boom boom ...”

Immediately after, the entire ground began to shake violently, as if there were thousands of soldiers and horses fighting and thousands of beasts galloping.

On this desolate land, fierce beasts roared and giant birds tore the sky apart. It was a complete chaos.

“What happened?!” Luo Tianya was shocked.”“What happened?!”

“Roar!”

Before anyone could react, a deafening roar of a beast could be heard. Then, a huge bull that was about 150 meters tall and was as red as blood tore through a mountain, bringing with it an endless smell of blood.

“A BEAST attack ...” Someone exclaimed.

In the next moment, everyone felt the sky above them turn dark. They saw a huge black shadow covering the sky, completely covering a radius of a thousand feet above the ground.

It was a black bird of prey that was over 300 feet in size. It looked like a small mountain when it spread its wings.

The huge bird cracked the sky and flapped its wings. Like a huge dark cloud, it descended from the sky and headed straight for the blood-red giant bull that was running on the ground.

“Woof!”

The blood-red giant bull’s eyes were like large bells, and the pair of red horns on its head suddenly expanded. They seemed to have turned into two peerless weapons that met the giant bird.

“BOOM!”

An intense battle immediately broke out between the two. Every strike caused the world to shake, and the residual power that erupted shattered all the surrounding mountains.

“They’re not coming for us, back off!”

With a sweep of his sleeve, ye chen brought song Qiye, Yang Hao, and the others to a safe distance.

After everyone settled down, they were all shocked by the terrifying battle scene in the distance. “This is a battle between two demonic beasts at the great circle of the soul formation stage!”

“It’s a good thing we’re not their target.” Yang Hao’s face also turned pale.

Ye chen took a deep look at the blood-stained Crimson Moon above his head and then at the two beasts fighting intensely in the distance. He then revealed a thoughtful expression.

“BOOM!!!”

The two beast race cultivators who were comparable to the soul formation perfection stage fought to the death. They stained each other’s blood and burned everything around them.

“Roar!”

At this moment, a blood-colored flood Dragon broke out of the ground and joined the battle in the distance.

The battle was fierce and shocking, shaking the surroundings like a demonic sound, causing everyone to feel immense pressure.

Fellow Daoist ye, they seem to be out of control ...”

Old ancestor yellow spring fixed his eyes on the fierce battle in the distance and the huge Red Moon above his head. “There’s something wrong with this moon ...”

As soon as he finished speaking, an angry roar suddenly came from the crowd behind ye chen. Then, an early divine transformation realm cultivator launched an attack at the person next to him with bloodshot eyes.

The man was caught off guard and was hit. He immediately screamed, “Fellow Daoist Songyang, what are you doing?”

At the same time, another three people lost control and madly attacked the people beside them.

“Are you guys crazy?!!”

The northern Sea Palace Master roared repeatedly.

Seeing this, ye Chen's eyes turned cold. He took a step forward and suppressed the few of them on the spot. At the same time, he used the eight notes of Heavenly Dragon and roared, "Everyone, calm your mind and don't let your thoughts run wild."

As soon as he finished speaking, someone immediately sat down cross-legged and chanted a clear heart mantra in an attempt to calm himself down.

Seeing that Yang Hao was about to lose control, old ancestor yellow spring pointed at his glabella, and the former's face turned pale.

"There's something wrong with this moon. It can bewitch people. Everyone, don't fall for its tricks ..." Ye Chen continued.

Fortunately, this process did not last long. Everyone found that the red moon in the sky began to shrink. In the end, it returned to the size of a Jade plate, and its color also changed from blood-red to a pale white.

"Roar!"

At the same time, the battle between the three beasts in the distance had also come to an end. Two of them were dead and one was injured. The last one to survive was the bird of prey that was over 100 meters in size.

The ferocious bird's Crimson eyes fell on ye Chen and the others, as if it wanted to attack. Ye Chen snorted coldly and his terrifying divine consciousness swarmed over. "Evil beast, if you don't get lost, I'll kill you!!!"

"Boom ..."

The ferocious bird felt a violent explosion in its mind as if it had been struck by lightning. It immediately shuddered and looked at ye Chen in fear. It flapped its wings that were about to break and flew away.

At the same time, the roars of the countless beasts that continued from all directions also returned to silence. Only the smell of blood rippled with the wind.

The crowd heaved a sigh of relief. Shi Qianhan recalled the dangerous scene and said with a pale face, "Brother ye, what was that moon just now?"

"That is the Crimson Blood Moon."

"This thing can bewitch people's hearts and cause all living things to go berserk. If I hadn't warned you in time, I'm afraid you would have lost control ..." Ye Chen said slowly.

Everyone rejoiced at his words.

"This place is truly too terrifying."

"It's just a Blood Moon," patriarch green spirit said, still in shock. "It has caused such a great turmoil. I don't know what will be waiting for us in the future."

“Ka ka ka ...”

At this time, everyone suddenly heard the sound of joints cracking. Then, they saw a skeleton standing up in the swamp in the distance.

It was a human skeleton that was around 1.8 meters tall. There was an extremely dim white flame between its brows. It only had a thigh bone, which made it extremely difficult for it to stand up.

The strangest thing was that its skull was facing the back of its waist. Then, it lowered its head as if it was looking for something in the swamp. In the end, it took out a thigh bone and attached it to its leg.

However, the thigh bone did not seem to be its own. It was a little short, and even after it had barely recovered, its legs were still a little short.

“F * ck, why is it this thing again ...” Yang Hao’s hair stood on end as he couldn’t help but curse.

“Ka ka ka ...”

At this time, it seemed to have noticed ye chen and the others. Its dim Soul Fire jumped a few times, and then it slowly walked over with its back to ye chen and the others.

“It ... What is it doing?” Yang Hao subconsciously took a step back.

Even though this human skeleton looked very weak, as if it could be crushed with a single step, its terrifying appearance still made him feel a little scared.

Ye chen quietly watched it approach and did not attack because he did not sense any hostility from the former.

After the human skeleton walked in front of everyone, it seemed to be at a loss as it sized up the crowd. It could not understand the body and appearance of ye chen and the others.

In the end, its eyes fixed on Yang Hao. It walked over and pointed at Yang Hao, then pointed at its own skull.

“F * ck, what are you doing?” Yang Hao subconsciously wanted to give him a kick.

Old ancestor yellow spring chuckled gloatingly.”Little brat, it wants you to help it turn its head back.”

“What?”

Yang Hao’s face suddenly turned green, and he immediately shook his head like a rattle. However, the human skeleton continued to gesture at him.

In the end, Yang Hao couldn’t argue with him. He swallowed his saliva and put his trembling hand on the skeleton’s head, gently adjusting it.

After he was done, he said in a hurry,“Alright, get lost.”

However, the human skeleton shook its head, then slowly turned around and waved at everyone stiffly.

“What does it mean by that?” Yang Hao didn’t understand.

“It seems to want us to follow it. It seems to be taking us to a place ...” Ye chen said thoughtfully.

Chapter 1469: Devouring and advancement!

Late at night, everything was quiet.

The world seemed to have fallen into a dead silence, and only the pale Moon looked down at the earth, giving people a strange psychological pressure.

“Ka ka ka ...”

Under the pale moonlight, a human-shaped skeleton could be seen walking stiffly in a swamp, the dim Soul Fire between its brows swaying.

The people who were not far behind the human-shaped skeleton were all suspicious. “Where is it taking us?”

“Follow it!”

Ye chen took a deep look at the human-shaped skeleton at the front, his eyes flashing imperceptibly.

It was reasonable to say that the undead were concentrated in the demonic corpse sea, but there was still a long way to go from where they were.

And why was there a human-shaped skeleton?

“Ka ka ka ...”

At this time, the human-shaped skeleton suddenly stopped, moving its stiff joints and looking down at the dark area in the distance.

There seemed to be no trace of it. A faint black gas spread out from the dark gray area in the distance. From afar, it looked like dark clouds.

“Be careful, this is a corpse puppet!”

“There’s a high chance that there’s a zombie here!” Ye chen reminded everyone.

Just as he finished speaking, a roar suddenly came from the dark area, and then a furry black shadow jumped out.

Behind him were three human-shaped skeletons.

When he saw that it was only a black corpse, old ancestor yellow spring couldn’t help but laugh. “It’s really a zombie, but it’s just a black corpse. Its level is too low. At most, it’s equivalent to the foundation establishment stage.”

“Tap tap tap tap ...”

Although the black corpse was standing straight, its movements were extremely agile. Like a black Hurricane, it swept straight towards the human-shaped skeleton in front of everyone.

At the same time, the three human-shaped skeletons behind it joined forces to attack the former. It was obvious that they had planned this for a long time.

“Be careful ...” Yang Hao subconsciously reminded him.

Under everyone’s gazes, they saw that the human-shaped skeleton leading the team did not retreat but advanced instead, and actually took the initiative to meet the one frozen three skeletons with a Swoosh.

“Chi ...”

The human-shaped skeleton’s speed was extremely fast, and its bright white bone claws landed on the three skeletons one after another.

“Pfft!”

The first zombie was instantly cut in half by the skeleton claw, and the three skeletons behind it had their skulls chopped off.

The result of the human-shaped skeleton’s counterattack was beyond everyone’s expectations.

Even old ancestor yellow spring, who had been nonchalant all this time, was shocked.

One had to know that the human-shaped skeleton in front of him was only at the level of spirit gathering stage, but it had so easily killed a black corpse that was comparable to the foundation building stage and three other skeletons of the same level.

Then, the human-shaped skeleton slowly walked toward the three skulls on the ground and creaked with its mouth.

It had actually absorbed the soul flames between the three skeletons ‘brows.

At the same time, the originally dim Soul Fire between its brows became much more solid, and the flame gradually turned from white to red.

Even the color of its bone armor had turned red.

At that moment, old ancestor yellow spring’s expression changed.”Fellow Daoist ye, it can actually devour its own kind!!!”

Ye Chen’s eyes were fixed on the human-shaped skeleton that had transformed. His star-like eyes flickered continuously.

The undead were also known as undead creatures, and their way of advancement was usually by cultivating their own Soul Fire. As their Soul Fire grew stronger, they would advance, and this process often took thousands of years.

However, among them, there was no lack of favored Children of Fate who had the ability to devour the soul Fire of their own kind to advance. However, such existences were often not allowed by the heavenly Dao. Every time they appeared, they would be destroyed by the heavenly punishment.

And now, they had actually witnessed a beloved child.

Old ancestor yellow spring looked at the transformed human-shaped skeleton in silence.”It has advanced. It’s no weaker than the foundation establishment stage now. This person must have been extraordinary when he was alive.”

“Not bad.” Ye chen nodded slightly.

The levels of the undead were not as complicated as the self-cultivators. Their strength was measured by the strength of their Soul Fire, which was then differentiated by color.

From the lowest to the highest, they were red, orange, yellow, green, cyan, blue, and purple. Above them were silver and gold, just like the silver skeleton known as the silver Wings that ye chen had seen in the demonic corpse sea.

“Ka ka ka ...”

At this moment, the red skeleton lowered its head, extended its bone claw, and easily pierced the black corpse’s heart. It then took out a black crystal core the size of a pigeon egg.

It held the black crystal core in its hand, then turned to the crowd and handed it to Yang Hao gently, its mouth moving up and down.

“What does it want to do now?” Yang Hao said with a dark face.

Old ancestor yellow spring laughed gloatingly. “It wants to give you the Zombie’s nucleus, so you can eat it.”

“What?”

Yang Hao was stunned. He looked at the black crystal core and said subconsciously, “What’s the use of eating this? Can you make me as invulnerable as a zombie?”

“Sure!”

“Not only can it make you invulnerable, but it can also turn you into a zombie,” old ancestor yellow spring chuckled.

Hearing this, Yang Hao’s face turned green, and he shook his head like a rattle. “No, I don’t want to ...”

The rest of the people couldn’t help but laugh.

Seeing this, the red skeleton could only stick the crystal core between its eyebrows and melt it into energy with its Soul Fire, then absorb it.

It could even absorb the crystal core of a zombie?

Seeing this, ye chen and old ancestor yellow spring could not help but look at each other. They saw shock in each other’s eyes.

The red skeleton turned around again and walked out of the swamp. As it walked, it turned back and waved at everyone from time to time.

Yang Hao was a little scared and didn’t want to continue following them. He said, “Uncle ye, why don’t we go back ...”

“It’s fine, let’s follow and see. ”

Ye chen smiled and patted him on the shoulder, signaling everyone to follow. He was getting more and more interested in this skeleton.

.....

After an hour, the group followed the red skeleton to a cliff.

It was called a cliff, but it was extremely wide. It was enough to build a small village for two hundred people.

However, the strange thing was that the top of the cliff was a barren land. There were no plants or living creatures. It was completely bare, only the extremely dark soil mixed with a Scarlet liquid.

As soon as everyone stepped onto the ground, they felt an unusually hot temperature hit them in the face, as if they were in a furnace.

“It’s so hot. It’s so hot ...” Yang Hao complained.

However, the red skeleton did not stop at all. It continued to lead the group forward until they finally stopped in front of a huge rock.

“What’s that?”

Someone pointed at the fire in the distance. Everyone immediately looked over and saw a huge volcano.

The most shocking thing was that there was a bright treasure light shooting out of the crater, and one could vaguely see ancient buildings.

Chapter 1470: A three-legged toad!

“What a powerful treasure light ...”

The forefather of the heaven nether sect in the crowd could not care less about the scorching heat around him. His eyes were fixed on the volcano in the distance.

“There seems to be a building inside the volcano ...” Old ancestor yellow spring said.

“This place should be a historical site!”

Ye chen used the fiery golden eyes and immediately saw an ancient Hall floating in the magma at the mouth of the volcano. The ancient Hall was resplendent with golden light and bobbed up and down. The aura of time flowed faintly on it.

Hearing this, Yang Hao, who was originally listless, suddenly became energetic. “Ruins? Doesn’t that mean there’s a treasure hidden within?”

“There’s definitely a treasure, but the problem is, do you have the strength to get it?” Old ancestor yellow spring gave him a disdainful look.

Yang Hao’s face fell at first, then he smiled at the patriarch and said, “Great ancestor, don’t we have you and uncle ye?”

“How did Yang Tian give birth to a Rascal like you?” Old ancestor yellow spring cursed as he enjoyed it with a smile.

“What is it doing?” song Qiye suddenly asked.

Everyone immediately looked over and saw that the red skeleton, which had stopped earlier, was actually walking in the direction of the volcano’s mouth, as if it was not afraid of the boiling heat.

“It’s going to enter the volcano?”

Yang Hao’s eyes suddenly widened, and he couldn’t help but say, “Idiot, you can’t handle that temperature. Come back.”

The red skeleton suddenly stopped and gestured at the crowd, as if asking them to wait for it.

After that, it once again headed in the direction of the volcano’s mouth.

“No!” Yang Hao shook his head. “Crazy! This guy is really crazy ...”

“I wonder which old bastard buried his tomb here, and even used volcanic magma as the base. He deserved to be robbed!”

Old ancestor yellow spring looked at ye chen and rubbed his hands together. “Fellow Daoist ye, should we go up and take a look?”

Ye chen watched as the red skeleton approached the mouth of the volcano. He smiled. “No rush, let’s wait a little longer ...”

Then, everyone fell into silence, staring in the direction of the volcano with wide eyes.

After an unknown period of time, the silence of the night was suddenly broken by a furious voice, “Who’s the bastard that’s disturbing your grandfather’s sleep?!”

“It’s you again, you damned little skeleton ...”

“You wait for Grandpa, don’t run!”

A series of curses could be heard coming from the volcano’s crater. Then, a red figure rushed out of the crater like a gust of wind.

It was the red skeleton from before.

As this guy ran, he gestured to everyone, as if reminding them to run quickly. In his hand was a volcanic rock.

Then, a red shadow also rushed over from behind.

“Gah gah gah ...”

As the red skeleton ran toward ye chen and the others, it closed its mouth and seemed to be somewhat proud.

In the end, it rushed into the crowd and hid behind Yang Hao in an extremely comical manner. It even used its two skeletal hands to tightly hug Yang Hao’s waist from behind, as if it was afraid.

“Holy shit!”

Yang Hao was almost scared to death. He struggled desperately. “F * ck you, let go of me. Men and women shouldn’t touch each other. No, who knows if you were a man or a woman? you could even be gay.”

As for the red shadow that was pursuing it, it eventually came to a stop when it was less than 100 feet away from the group.

The red shadow was only the size of a palm, and it was covered in golden pimples. It had three legs, and from afar, it looked like a three-legged toad that had been bathing in fire.

“What the hell is this?” old ancestor yellow spring was dumbfounded. A three-legged toad?”

“Toad your Grandpa, your entire family are toads!!!”

As soon as he finished speaking, the Golden Toad immediately became anxious, as if it had been humiliated to the extreme.” “Grandpa’s name is the heavenly Fire divine Toad, not a Toad!!!”

“You’re just a small fry,” old ancestor yellow spring said disdainfully. “What Heavenly Fire divine Toad? it’s just one leg less than an ordinary Toad.”

“F * ck you #@%...”

The Golden Toad went berserk and screeched in anger. Then, it jumped toward old ancestor yellow spring.

“Aiya, you’re bullying the forefather? If I don’t break all three of your legs, you won’t know how powerful I am!”

“Eh?” old ancestor yellow spring exclaimed in surprise. He stretched out his hand and turned it into a huge hand that grabbed the former across the air.

“Whoosh!”

However, to everyone’s surprise, old ancestor yellow spring’s hand missed. Then, the Golden Toad jumped in front of him and cursed, “I curse you to have pus flowing out from the soles of your feet and sores growing on the top of your head ...”

Under everyone’s horrified gaze, a large red sore suddenly appeared on the old ancestor’s forehead ...

The old ancestor was stunned.

“I curse you to be hit by a meteorite while you’re walking ...” The Golden Toad spat.

“BOOM!”

At that moment, a huge object as large as a mountain suddenly fell from the void and crashed toward old ancestor yellow spring.

“Bang ...”

Ye chen reached out and destroyed the great ancestor before he could make a move. Then, he slapped his hand toward the Golden Toad.

“Argh ...”

The Golden Toad couldn't avoid it in time and was hit heavily. It immediately screamed and flew backward, smashing through a mountain.

Then, they all stared at old ancestor yellow spring, focusing on the big red sores on his head.

“F * ck, what kind of method is this?” Yang Hao was scared out of his wits. He subconsciously distanced himself from the great ancestor in disgust.

The rest of the people were also scared. At their cultivation level, they were not people that could be attacked by mere curses.

However, the old ancestor fell for it. None of them had ever seen such a strange method.

At the thought of this, many people rejoiced in their hearts. If they had been cursed by the Golden Toad earlier, they would probably have been hit as well.

Song Qiye was the only one who held back her laughter. She looked at the patriarch and said, “Old ancestor, come, come, take off your shoes and let us see if there's any pus!”

The corners of old ancestor yellow spring's mouth twitched. “Get lost!”

At the same time, he felt a bit scared. He was a soul formation cultivator, but he had been hit by a Toad's spell.

Losing face was a small matter, but how to get rid of this big wound was a big matter.

Thinking of this, he hurriedly reached out and rubbed the big bumps on his forehead one by one. To his horror, these big bumps could not be removed at all.

He gritted his teeth and looked at ye chen. “Fellow Daoist ye, bring that damn three-legged toad to me. I'm going to skin it!”

“This is interesting.”

Ye chen smiled faintly, then could not help but look in the direction where the Golden Toad had flown. With his fiery golden eyes, he immediately saw the Golden Toad hiding in the mountain, revealing a pair of pea-like eyes to look at the crowd.

“Do you want me to invite you out, or do you want to come out on your own?” ye chen looked at it with a smile that was not a smile.
