Chapter 1471

Hearing these words, everyone turned their heads in unison to look at the Huang Family Head.

A family head next to him immediately said, "Isn't that nonsense?"

"If Lin Mo wants to dominate the entire Guang Province, if he wants to become the reigning Emperor of Guang Province, and if he wants to completely trample our ten great families under his feet, he has to die!"

"What even Nanba Tian hasn't done, what right does he have to do with a brat like him?"

The others nodded their heads, and the crowd meant the same thing.

The Huang family head waved his hand, "Everyone, I understand what you mean."

"But the question is, does Lin Mo want to trample our Ten Great Families under his feet or not?"

"Even if it's the King of the Southern Realm, Master Xue Wu, who controls the entire Southern Six Provinces."

"But, the major clans in the Southern Six Provinces also have absolute say in their own territory."

"Fifth Master Xue has never stepped on any of the great clans, and if there was nothing special, Fifth Master Xue would not interfere with any of their affairs!"

Speaking here, Family Head Huang looked at the crowd around him and said in a deep voice, "By the same token, Lin Mo, the honorable of this Guang Province, is just a false name."

"We give him enough respect and he won't interfere in our affairs, that's the best outcome."

"But what are we doing now?"

"Using every means to kill Lin Mo, even going so far as to lend a knife to the Vanguard family."

"As a result, Lin Mo didn't die, but the grudge between us and Lin Mo is getting deeper and deeper."

"If Lin Mo finds out about this and wants to come after us to settle the score."

"Gentlemen, of our nine great clans in Guang Province, how many of them will be able to survive then?"

These words instantly caused the surrounding crowd to fall into silence.

Just like what the Huang family head had said, if they really tore their faces off with Lin Mo, when the time came, the nine great clans, too, would definitely have to pay a painful price.

Or, living in peace with Lin Mo was the most suitable method ah.

Wang Xingyun's face, however, changed straight away.

The reason why he was so keen to deal with Lin Mo was that he wanted to take this opportunity to, firstly, prove the strength of the Wang Family, and secondly, take the opportunity to expand his prestige among the Ten Great Families, so that he could take control of the Ten Great Families step by step.

If the people chose not to make an enemy of Lin Mo, then his plan would be in vain.

Not only that, he had been deliberately planning for so many years in order to be able to take control of Guangdong Province.

If he couldn't get rid of Lin Mo, then even if the Wang family was stronger, they would never be able to take control of the province.

Therefore, for Wang Xingyun, it was simply impossible to live in peace with Lin Mo, he had to kill him!

Seeing the silence of the crowd, Wang Xingyun directly said in a cold voice, "Heh, Master Huang Family, don't you feel childish yourself for saying that?"

"With Lin Mo's kind of character, do you think he will live in peace with us?"

"He's just arrived in Guang Province and he's wiped out a few clans?"

"Also, what kind of person is the Crown Prince of Hai Cheng beside him, don't you guys have any idea in your hearts?"

"He still doesn't know that we did the Wan family thing this time."

"If he knew that we did this, gentlemen, do you think he would still be merciful to us?"

These few words caused the faces of the crowd to change on the spot.

Yes, they had already done this, so how could Lin Mo spare them?

Even if Lin Mo would spare them, it was unlikely that the Crown Prince would spare them!

At this point, they could only fight Lin Mo to the death!

At that moment, a voice suddenly came from outside the door, "Wang Xingyun, do you really think that I don't know anything about what you've done?"

Hearing these words, the faces of all the people changed and they all turned their heads to look.

This was their secret gathering, and within a thousand-metre radius, it was guarded by their men and no one was allowed to approach.

Who on earth was it that was able to walk here so silently?

Chapter 1472

The crowd quickly turned their heads to look, only to see a man standing in the doorway.

And this person was none other than Lin Mo!

The faces of the crowd all turned iron blue at once, and they all looked at Wang Xingyun.

This secret place had been chosen by Wang Xingyun, and this gathering had been organised by Wang Xingyun, so how could Lin Mo appear here?

Wang Xingyun's face was even more embarrassed as he said in a deep voice, "Lin Mo, why are you here?"

Lin Mo smiled faintly, "Wang Xingyun, do you really think that I don't know anything about the little things you've done behind my back?"

"The girl who escaped from the Wan family, why did she so happen to meet my wife?"

"And after that, why did she suddenly and violently die without warning?"

"Heh, if things were too coincidental, then it wouldn't be called coincidence, it would be called deliberate design!"

"I have long guessed that this matter is definitely unrelated to you."

"Therefore, during this period of time, I stayed in the provincial city and actually kept a quiet eye on you guys."

"Today, when the family heads of the nine great clans all came out and ran here for a secret gathering, I had my eyes on you all from the very beginning."

"When you all came over, I had already hidden in your car and followed you over!"

The faces of all the people changed, and one of the family heads said in a trembling voice, "Whose car are you hiding in?"

Lin Mo gave a faint smile and looked at Wang Xingyun, "Of course it's the car of the Wang family head!"

"That car of his, the trunk is so big, hiding a person, is not a problem at all."

Wang Xingyun's face changed again, he never dreamed that Lin Mo had come over by hiding in his own car.

In other words, he had organized this incident himself, and as a result, he had even brought Lin Mo over with him.

As a matter of fact, the other family masters looked at Wang Xingyun a little bit differently.

Other than that, at least this Wang Xingyun's ability to get things done already made people distrustful.

Wang Xingyun gritted his teeth and said straightforwardly, "Mr. Lin, I was indeed right about you, you didn't trust our Ten Great Families from the very beginning!"

"Since you already know what we've done, there's no point in us saying anything else, you're definitely going to drive us to extinction!"

"Gentlemen, let's not hide it, today, let's put an end to this matter!"

With these words, Wang Xingyun directly picked up the glass on the table and slammed it on the ground.

The glass shattered, making a crisp sound that spread far away, sending a signal to the people outside.

When the other eight family masters heard this, they all stared at Lin Mo in a furious manner as well.

Just as Wang Xingyun had said, Lin Mo already knew what they had done, so they would have to tear their faces off with Lin Mo.

Lin Mo wasn't the least bit frightened, he smiled slightly and said softly, "Wang Xingyun, there's no need to send such a signal."

"Everyone within a hundred meters of the vicinity has been stunned by me with poisonous smoke."

"Here, I have also placed a signal blocker, so you can't even call out!"

The faces of the nine family heads all changed and they all took out their mobile phones, only to find that none of their phones had any signal.

Their faces suddenly became extremely embarrassed.

With no signal on their mobile phones, no one nearby could come to their rescue, so wouldn't the nine of them have to fight Lin Mo head on?

Although the strength of the nine family heads was not weak, they were still far behind Lin Mo.

If they really fought, how many of the nine people in this room would be able to walk out alive?

Wang Xingyun, on the other hand, gritted his teeth and said in a cold voice, "I didn't expect that you had come prepared!"

"It seems that you want to take advantage of this opportunity to kill us all!"

"In that case, then let's cut the crap, let's all talk based on our abilities!"

"If you want to kill the family head of our nine great families, you also have to see if you have the ability to do so!"

Chapter 1473

After Wang Xingyun finished speaking, he directly waved his hand and shouted, "Let's all go together and fight with him!"

"I don't believe that if we join forces, we won't be able to hold out for support from our nine clans?"

"Don't forget, this is the provincial city, this is the territory of our Nine Great Clans."

"If all nine of our clans come together to kill him, we can definitely kill him even if we use human lives!"

The other eight clan masters instantly gained confidence and all leapt forward to look at Lin Mo.

Lin Mo smiled coldly, "Wang Xingyun, you don't need to say such compelling words."

"So what if this is the provincial city?"

"Do you really think I'm a fool, running here alone for you guys to kill?"

"Don't you forget that my brother, the Prince, hasn't even shown his face yet."

Wang Xingyun's face suddenly changed and he said urgently, "Where is the Crown Prince"?

Lin Mo said slowly, "The Crown Prince is inside the provincial city."

"Moreover, not only is he in the provincial city, even the poisonous spiders have come!"

Hearing these words, the faces of the nine family masters all changed.

One crown prince was terrifying enough.

Adding a poisonous spider to the mix, who knew what kind of things they would cause inside the provincial city!

The nine family masters, who were originally still aggressive, were now like frosted aubergines and wilted straight away.

"What do you want to do?"

A family head asked in a trembling voice.

Lin Mo smiled, "It's nothing, I'm here this time, mainly because I want to talk business with you all!"

The crowd was surprised, and the Huang family head said curiously, "Business? What business?"

Lin Mo said, "Our Xu Pharmaceutical has recently developed a new drug, and it will be officially put into production soon."

"I would like to talk to you all, I wonder if you are willing to represent this new drug from our Xu Pharmaceutical?"

The crowd looked at each other, and the Huang family head said, "Mr. Lin, medicine, that's what the Huo family is best at."

"We don't understand this and we can't do business in this area."

"Are you talking to the wrong person to talk to us about this?"

Lin Mo waved his hand with a faint smile, "There's no rush, you'll know when you hear me out."

"This medicine I'm talking about is called the Rejuvenation Pill, and is capable of treating the three most common types of cancer."

Hearing these words, the nine people on the scene simultaneously stared in awe and directly coaxed.

"You're kidding, right?"

"Cure cancer?"

"That's an incurable disease!"

A family head yelled loudly.

Lin Mo: "Everyone, you should have heard about the last Six Provinces Medical Exchange Meeting."

"I am not talented, and my medical skills are slightly better than Hai Cheng Lui's three needles."

"I can guarantee with my life that this rejuvenation pill, is definitely able to cure cancer!"

The nine family heads looked at each other, the Huang family head took a deep breath and his voice trembled slightly, "Mr. Lin, if what you say is true, then the business of this Recycle Pill, that's definitely a sure win!"

"A medicine that can cure cancer, how many people would that have to attract to fight for it?"

"When the time comes, if we can represent this kind of medicine, it won't just make money in our country."

"Even, these drugs could be sold all over the world!"

"By then, I'm afraid this will be a big business of several hundred billion, or even trillions!"

Several other family heads were also full of excitement.

Although the nine great families were financially strong, their assets together were only a few hundred billion.

And now, if they could represent this kind of medicine, it would be a big business of trillions of dollars.

If this business was done, the Nine Families' assets would at least double, if not multiply, and the Nine Families' strength would skyrocket!

Such a deal was like a pie in the sky!

The crowd looked at Lin Mo, and one family head said excitedly, "Mr. Lin, are you telling the truth?"

"Are you really willing to let us represent this new drug from Xu's Pharmaceutical?"

Chapter 1474

Lin Mo nodded with a faint smile, "When I, Lin Mo, speak, I always count."

"Since I've come to discuss this with you, then I'm definitely working with you all!"

The expressions of the crowd could not help but become even more excited, each one dancing with excitement.

Lin Mo looked at them and was secretly smiling in his heart.

He had come to subdue the nine great clans this time, just as Li Tiezui had wanted.

By inviting the poisonous spiders, he was giving the nine great clans a powerful deterrent to make them fear in their hearts.

And after that, he would then take out this medicine from Xu's Pharmaceutical, throwing out huge benefits to attract the Nine Great Clans.

Li Tiezui was right in saying that those who are truly in power must do both grace and power.

Letting the Nine Families represent the drug is grace.

Inviting the poisonous spider is a form of power.

With both grace and power, the Nine Great Clans would definitely choose to cooperate with Lin Mo instead of being his enemy!

Suddenly, Wang Xingyun shouted fiercely, "Surnamed Lin, do you really think that we are all fools?"

"To come here and casually say a few words to deceive nine of our family masters?"

These words caused the crowd to turn their heads and look over.

Family Head Huang said, "Family Head Wang, where did Mr. Lin deceive anyone?"

Wang Xingyun glared at him and said indignantly, "You're still being kept in the dark by him?"

"I won't say for a moment whether their Xu Pharmaceutical's rejuvenation pills can have such miraculous effects."

"Even if this rejuvenation pill is, indeed, able to cure cancer."

"But, everyone, this is a trillion dollar business with extremely terrifying profits."

"In such a situation, if it were you guys, would you be willing to give out such profits to others?"

The faces of the crowd all began to change.

Just as Wang Xingyun had said, people were all selfish.

With such great benefits, who would be willing to share them with others?

Lin Mo laughed coldly, "Wang Xingyun, you really do have the heart of a gentleman with the heart of a villain."

"Do you really think that everyone in this world is as selfish and self-serving as you?"

"That's right, this reconstructive pill, indeed, is capable of generating over a trillion in profits."

"But, do you think that a single Xu Pharmaceutical can swallow so much profit?"

"Is Xu Pharmaceutical only so big that it can take care of all the channels across the country, and the world?"

"In such a situation, Xu Pharmaceuticals must find agents, and powerful ones at that, to put the channels and products out there."

"I'm not going to hide the fact that you haven't said anything, before, Xu Pharmaceutical has signed several agents, among them Yuan De and Wan Chong Shan, I'm sure you've all heard of these names."

"If we at Xu Pharmaceutical can make these people agents, then why can't we make the nine great clans agents?"

These words came out and instantly made the doubts on everyone's faces disappear.

Wang Xingyun's face, on the other hand, changed.

He could tell that the other eight family heads were, by now, on the verge of being persuaded by Lin Mo.

He knew very well what Lin Mo had in mind; Lin Mo was intending to pull these people in with benefits.

And once these eight family masters were pulled over by Lin Mo, then everything Wang Xingyun had done before would all be for nothing.

Therefore, Wang Xingyun would definitely not agree with this matter.

He said in a deep voice, "Hmph, Lin Mo, you need not pretend to be deceitful here."

"What exactly is the relationship between you and our Nine Great Clans, you should be very clear in your heart!"

"Let's not talk about what happened before, this time, we've come up with such a plan against you."

"It's already considered good that you don't seek revenge on us, so how could you possibly share such a lucrative project with us?"

"There's definitely a fraud here!"

"We, the Nine Families, will never fall for such a trick!"

"Everyone, don't be fooled by this shameless thief."

"He is simply compelling us, don't listen to him, while he is alone now, kill him and get it over with!"

Chapter 1475

Immediately after Wang Xingyun's words fell, one of the family lords stood out in response, yelling that he wanted to kill Lin Mo.

This family lord, who was closer to Wang Xingyun, could be said to be Wang Xingyun's lapdog.

Therefore, the moment Wang Xingyun opened his mouth, he was the first to support him!

The other seven family lords, on the other hand, looked at each other with hesitant expressions, not knowing what to choose.

On the one hand, they were indeed worried that there was a fraud here.

But on the other hand, they feared the Crown Prince and the poisonous spiders, and they could not let go of the huge benefits of the Recycle Pill.

Therefore, these seven family masters were torn to the core, not knowing what to choose at all!

Lin Mo smiled faintly, "Family Head Wang, did you think I didn't investigate the incident with the Wan Family last time?"

"That incident, it was simply you who contacted, the plan and the idea, all came from you, what does it have to do with anyone else?"

"Don't forget, you even fooled the Vanguard family this time."

"You are now forcing it on them, once the Wan family knows about this, won't that pit the other seven families as well?"

Hearing those words, the expressions of those seven family heads all changed along with them.

In fact, it was the nine of their family lords who had done the previous incident together.

However, now that Lin Mo had put all the blame, on the Wang Family, it made the others breathe a sigh of relief.

Moreover, Lin Mo had also mentioned the Wan Family, making the crowd even more fearful.

Yes, this time, the Wan Family was involved in this matter.

Even if they killed Lin Mo this time, but, when the Vanguard Family pursued the matter, who could bear the responsibility?

The Huang family head was the first to stand out and exclaimed, "Wang family head, you should be more careful with your words!"

"What did we have to do with the previous incident, which was your idea alone?"

"Mr. Lin, that incident, although we have heard about it, we were not involved in it."

When the other six family masters saw this, they all stepped forward to clear their ties.

These seven family masters were all very resourceful and rushed to clear their ties at this time.

When the time came, even if the Wan Family pursued the matter, it would have nothing to do with them!

Wang Xingyun's face turned ugly, everyone was putting the blame on him, which meant that these seven family masters would definitely not help him.

On his side, there was only that dog's leg left.

The two of their clans, they definitely couldn't fight Lin Mo!

Wang Xingyun gritted his teeth and said angrily, "What are you guys talking about?"

"We did what happened last time together, the one surnamed Lin knows better than you guys!"

"Do you really think that if you clear up this time, Lin will let you go? Dream on!"

"This time, he's trying to deliberately divide us and then break us one by one, don't let him fool you!"

Those seven family masters all turned their heads to the side and ignored Wang Xingyun at all.

The Poison Spider and the Crown Prince were still in the provincial capital, and it would be really dangerous to fight hard with Lin Mo at this time.

It would be better to hurry up and clear the relationship, and if Lin Mo sincerely cooperated with them, he would still be able to gain great benefits.

In such a situation, what choice should be made, is it still necessary to say?

Lin Mo said in a cold voice, "Wang Xingyun, at this point in time, you still want to throw dirty water on others?"

Wang Xingyun looked at the seven family masters, his fists clenched tightly as he gritted his teeth and said, "You fools, you really can't be trusted!"

"Hmph, I don't expect you guys today either."

"Surnamed Lin, I really underestimated you before."

"I really didn't expect that these seven fools would be played by you!"

"But what can be done about it?"

"This is always the provincial city, it's my Wang family's place!"

"You want to fight me, I'd like to see if you have the ability to do so!"

With those words, Wang Xingyun suddenly pulled out a firework from his body.

He ripped off the fuse, and the firework burst straight away, a smoke and fire shot up into the sky with a loud bang!

Chapter 1476

This firework is a special signal for the Wang family, just in case there is an accident and they cannot call for help.

When they see the signal, everyone in the Wang Family must drop everything they are doing and rush to the rescue immediately.

And this firework, which can call out to everyone in the Wang family, can only be used by the family head and a few key members.

Now Wang Xingyun was letting out this signal to notify all the people of the Wang Family around to rush to their support.

However, Lin Mo on the opposite side did not have the slightest intention of stopping it.

He still had a faint smile on his face, even with a hint of teasing: "Master of the Wang Family, is this still a trapped fight at this point in time?"

Wang Xingyun's face was icy cold: "You will know in a moment who is actually fighting with a trapped beast!"

"Hmph, surnamed Lin, I was only deliberately showing weakness to you before, do you really think I'm afraid of you?"

"My Wang family has been passed down for hundreds of years in Guang Province, with a deep heritage, how can it be compared to a petty thief like you who gets something for nothing?"

"Today, I'll let you see the true strength of the Wang Family!"

Lin Mo laughed: "The true strength of the Wang Family?"

"Heh, Wang Xingyun, do you know what the Poison Spider is doing in the provincial city right now?"

Wang Xingyun's face changed, and a bad feeling immediately came over him.

"What is she she doing?"

Wang Xingyun said urgently.

Lin Mo: "The main purpose of the poisonous spider coming to Guang Province this time is to exterminate your Wang family!"

"And right now, she has probably already killed inside the Wang family!"

Wang Xingyun's eyes widened with a look of incredulity, "How is this possible?"

"My Wang Family has no grudges or enmity with the Poison Spider, why would she her right to come against us?"

....." "Besides, my Wang family has been passed down for hundreds of years and has a deep heritage

Lin Mo directly interrupted him, "Don't believe it, huh?"

"Come on, I'll turn off the signal blocker, you call home and ask!"

Lin Mo said, taking out the remote control to turn off the signal shield.

Once this shield was turned off, the mobile phones of several people in the room all started ringing.

The crowd took out their phones, most of them were missed calls, and among them were various messages, all from people from the major clans to their family heads.

When the crowd saw the messages, their faces all changed as well, and they all looked at Wang Xingyun.

And Wang Xingyun's mobile phone also received many messages, he opened the latest one and took a look, and was directly dumbfounded.

"The poisonous spider has killed the old man, the Wang family is in danger, return quickly!"

This was a message sent to him by Wang Xingyun's own brother.

The old man of the Wang family, that was the person with the highest seniority and status in the Wang family.

Although he had stopped asking questions about the world these years, if he was still alive, he was the anchor of the Wang family.

Wang Xingyun was able to control the Wang family smoothly because the old man was behind the scene.

Now, the old man had been killed by a poisonous spider?

This great man, who was truly calling the shots in Guang Province, had died just like that?

In fact, the news that several other family masters had received was also about the Wang family's side of things.

Just as Lin Mo had said, the Poison Spider had led people to kill the Wang Family, and the Wang Family was simply unable to resist. Looking at that situation, it really was going to wipe out the entire Wang Family!

Wang Xingyun's face turned miserable white and his fists clenched up tightly.

He gritted his teeth and stared at Lin Mo with a deadly stare, "Surnamed Lin, there's a reason for injustice!"

"I dealt with you, just come to me for revenge, why did you have to kill my father? Kill my family!"

Lin Mo said in a cold voice, "A wrong has a right?"

"Heh, if you know this truth, then why did you design to deal with my wife Xu Hanxia?"

Wang Xingyun's words suddenly ended and his expression became hideous and twisted to the extreme.

Just then, a cacophony of voices suddenly came from outside the door.

It was the people from the nine great clans who were guarding the outside and had rushed over when they saw Wang Xingyun's fireworks.

These people were now roaring outside, completely surrounding this secret stronghold.

Chapter 1477

Seeing his family's people rushing over, Wang Xingyun was immediately filled with excitement.

"Surnamed Lin, I will not rest until death with you!"

"Today, with you and without me, with me and without you!"

"Someone, kill him for me!"

Wang Xingyun let out a furious roar.

Outside, the people from the Wang family had already rushed in, and upon hearing the order from the family head, the people immediately rushed up and surrounded Lin Mo in the middle.

There were many people from all the major clans who had come here, dozens of people from the Wang family alone.

Moreover, there were still people coming from afar.

At this rate, I was afraid that Lin Mo would have to face hundreds of people.

If they really fought, would Lin Mo be able to retreat with his body under the siege of nearly a hundred people?

Wang Xingyun gritted his teeth, he knew that the Poison Spider had personally taken action, and the Wang family had definitely suffered heavy losses this time.

Even if he rushed back, it would be useless, he could not resist the poisonous spider!

And all of this was thanks to Lin Mo.

Therefore, he didn't even have the heart to go back to rescue him now, he only wanted to kill Lin Mo to take revenge!

It was the best opportunity to kill Lin Mo while he was alone.

Lin Mo, on the other hand, was smiling and didn't even look at the people from the Wang family around him.

And at that moment, people from the other clans all walked in.

When they saw this formation, these people were all filled with astonishment, not knowing what had happened.

At this moment, one person from the Huang Family asked the Huang Family Master in a low voice, "Family Master, should we do something?"

The Huang Family Head glared at him, "What do you think?"

The man froze for a moment, not understanding for a moment what the Huang Family Head meant.

Family Head Huang gave him a knock on the head and said angrily, "What are you doing standing still?"

"Hurry up and bring someone to help Mr. Lin!"

At these words, everyone around was surprised, and even those other family lords looked at the Huang Family Head in amazement.

One should know that the Huang Family had always been at the bottom of the Ten Great Families.

Its position among the Ten Families had always been shaky, and it could be expelled from the Ten Families at any time.

In order to keep the Huang Family in the Top Ten Families, the Huang Family Head had always been careful and respectful to the other family heads.

Wang Xingyun, in the past, had never put the Huang Family Head in his eyes at all.

Who would have thought that at this time, the Huang family head would make such a shocking move.

Wang Xingyun was furious, "Family Head Huang, what are you doing?"

"Are you trying to make an enemy of my Wang Family?"

With a cold expression, the Huang Family Master said aloud, "Wang Xingyun, I have long been unaccustomed to seeing your despicable deeds."

"Although my Huang Family is not as strong as your Wang Family, we also know what is meant by right and wrong."

"You are not ashamed of yourself for doing these shameful things, and we, also as members of the Ten Great Families, are ashamed for you!"

"Today, if you want to kill Mr. Lin, you have to see if my Huang Family agrees to do so first!"

"Everyone in the Huang Family, listen to the order, protect Mr. Lin for me!"

The Huang Clan's people looked at each other in disbelief, no one had expected that the family head would issue such an order.

However, in the end, these people still came forward one after another and confronted the Wang Clan crowd.

Wang Xingyun's face turned ugly to the extreme.

If it was any other situation and the Huang Family dared to make an enemy of him, he wouldn't have cared at all.

With the Wang Family's strength, if they wanted to destroy the Huang Family, it would be as easy as a hand!

However, the situation was different now.

There were quite a few people from the Huang Family, and they were on par with the number of people from their Wang Family.

If the people from the Huang Family really did help Lin Mo with all their might, then he would never be able to kill Lin Mo this time!

If he couldn't kill Lin Mo, then he would be completely finished this time and would have no chance of turning over.

It could be said that by choosing to help Lin Mo at this time, the Huang family head had directly pinched Wang Xingyun's death knot!

Lin Mo laughed and said aloud, "Thank you, Master Huang!"

"This kindness, Lin Mou will definitely keep it in mind!"

Chapter 1478

Originally, the other six family masters were still in shock, they had never expected that the Huang family master would support Lin Mo with such a clear attitude.

In their opinion, the Huang family head was just a small person who was obsequious and basically had little say in the Ten Great Families, how could he dare to do such a thing?

However, upon hearing Lin Mo's words, the faces of these six family masters immediately changed.

At this moment, they finally understood what the Huang Family Head meant.

The Huang Family Master, this was to curry favour with Lin Mo!

This time, with the Poison Spider involved, the Wang Family was definitely finished.

At this time, the Huang Family Master chose to help Lin Mo, not only was there not the slightest danger, but he could also gain Lin Mo's gratitude and more benefits in the future.

Not to mention anything else, the profits from Xu's Pharmaceutical's new drugs alone were simply too big.

Whoever could get an extra share, that might be nearly ten billion dollars of income.

At this time, by choosing to help Lin Mo, one would be able to get more benefits in the future.

The six people were cursing in their hearts that this Huang family master was too cunning to have gotten a head start.

And not willing to be outdone, they scrambled to give orders for their own people to protect Lin Mo.

There were even orders for people from their own families to deal with those from the Wang Family.

Anyway, in the end, all the seven great family lords were on Lin Mo's side.

Seeing this scene, Wang Xingyun was desperate.

He had originally wanted to use the large number of people to bully Lin Mo, but now that the seven great clans were all on Lin Mo's side, there were far more people than him.

Today, he couldn't kill Lin Mo at all!

Wang Xingyun smiled forlornly and suddenly cursed angrily, "You treacherous brutes!"

"Do you all think that you can take much advantage of Lin Mo by helping him today?"

"I'm telling you all, it's impossible!"

"Lin Mo is the same as that pervert, the Crown Prince, all the way."

"He's only giving you guys the benefit of the doubt today in order to divide us and deal with my Wang Family."

"When my Wang family is destroyed, he will eat you all away one by one."

"The Ten Great Families of Guang Province will eventually come to a complete extinction because of your selfishness!"

None of the other family masters said anything, only looking at Wang Xingyun indifferently.

Since they had chosen to stand on Lin Mo's side, they would not be moved by Wang Xingyun's words.

Lin Mo stood with his hands folded and calmly said, "Wang Xingyun, you don't need to say such useless nonsense!"

"Today, let's have an end to this between us!"

Wang Xingyun stared deadly at Lin Mo and slowly nodded his head, "Fine, I want to see how capable you are, this naive brat!"

As he said that, he slowly took a step forward and slowly crossed his arms in front of his chest.

Suddenly, he made a fist with both hands, and the muscles on his arms burst out, bursting the sleeves of his shirt.

When the crowd around him saw such a situation, they all let out a cry of shock.

One should know that the family heads of the great families were not weak themselves.

Although they did not usually fight, it was impossible to stand out among the clans without some strength.

The crowd's eyes were also ruthless and venomous. As soon as Wang Xingyun made this move, the crowd could see that Wang Xingyun was very strong.

This Wang Xingyun had basically never made a move, and if there was anything, it was always the bodyguards around him who helped him out.

Therefore, some people suspected that Wang Xingyun's strength was very weak and not worth mentioning.

Who would have thought that this Wang Xingyun, had hidden his strength!

Lin Mo's expression was indifferent as he laughed lightly, "Iron Thread Fist?"

"This fist technique, it's rather rare."

"I thought that in the Six Southern Provinces, there was no one practicing this set of fists!"

Wang Xingyun's face changed slightly, he didn't expect that Lin Mo would recognize the fist technique he was practicing at a glance.

At this moment, a family head suddenly exclaimed, "Iron Thread Fist?"

"Wang Xingyun, you are the rumoured number one expert in Guang Province who has never shown his face?"

Chapter 1479

This family master's words immediately caused the other family masters to cajole up.

Another family head exclaimed, "Rumour has it that the number one ranked expert in the Canton Province is a strong man who cultivates the Iron Thread Fist."

"But this person has only struck twice, and, each time he struck, he was masked and defeated those two strongest ranked second and third in only ten moves."

"For so many years, no one even knows his identity."

"Wang Xingyun, so, you are the masked man?"

Wang Xingyun sneered, "It seems that I can't hide this point about me from you guys."

"Since that's the case, then I have nothing to hide."

"For so many years, I have been hiding my strength, originally I wanted to deal with Nanba Tian!"

"But to my surprise, Nanba Tian ran away, leaving behind such a waste."

"Lin Mo, this Iron Thread Fist of mine was originally intended to deal with Nan Baitian."

"Since you are Nanba Tian's heir, do you dare to fight me?"

The other seven family masters looked towards Lin Mo, their expressions all a little tense.

Before, not knowing Wang Xingyun's strength, they felt that Lin Mo was a sure winner.

However, now that they knew Wang Xingyun's strength, the crowd was panicking in their hearts.

Although Lin Mo was not weak, he was after all too young, could he defeat Wang Xingyun, who had been the number one expert in Guangdong Province for almost twenty years?

Lin Mo's expression was bland: "Wang Xingyun, you're really hiding deep."

"However, with this level of strength, you are not qualified to challenge Nanba Tian."

"I'm giving you a chance now, let all the Wang family members give up their resistance and surrender directly, and I can still let the Wang family remain in Guang Province!"

"Otherwise"

Wang Xingyun directly interrupted Lin Mo's words, "Ridiculous!"

"Lin Mo, it's already this time, and you're still talking about foolish dreams here?"

"Today, I'm going to kill you with my own hands, then capture the poisonous spider and personally take her to Master Xue Wu to seek justice!"

"Want to destroy my Wang family? Heh, are you worthy of that!"

Lin Mo nodded slowly and took a step forward, "So, you're really prepared to fight me!"

"Since that's the case, then I'll make it happen for you."

Wang Xingyun let out a wild laugh, "Seek your own death!"

With those words, Wang Xingyun took a fierce step forward, rushing directly in front of Lin Mo and slamming his right fist down.

The Iron Thread Fist was so rigid and domineering that when cultivating it, both arms needed to carry iron rings of more than ten or even tens of pounds for cultivation.

In this way, both arms were equivalent to practising the fist with a heavy load.

When cultivating, but whenever you throw a punch, you have to double your strength.

In the long run, it will make the double fists powerful and overbearing.

Elementary practitioners, wearing iron rings against the enemy, can use them as weapons as well as adding to the power of their fists, making them powerful.

At the advanced level of training, there is no need to wear iron rings.

When you strike, each punch is like wearing a ring of iron of tens of pounds, and is extremely powerful.

Even a strong practitioner of the Eight Extremes Fist would be reluctant to clash hard with the Iron Thread Fist!

Wang Xingyun's attainment of this Iron Thread Fist could definitely be said to be perfect.

With a full power strike, it was like a tarzan pressing down on the top of a mountain with terrifying power.

With this punch, he could easily knock down even a cow, not to mention Lin Mo!

In such a situation, to fight hard would be a complete death wish, so Lin Mo's only way was to avoid it.

Wang Xingyun was staring at Lin Mo with a deadly stare, he had already left a backhand.

As long as Lin Mo retreated, he would immediately follow up with a step and strike another fatal blow.

However, in the face of this powerful punch, Lin Mo did not retreat at all.

On the contrary, he even took a step forward.

In full view of everyone, Lin Mo's left hand crossed the block, hooked Wang Xingyun's wrist and smoothly guided it out to the side a little.

Wang Xingyun's punch was directly guided away, while Lin Mo had already rushed in front of Wang Xingyun.

With an elbow strike, he hit Wang Xingyun directly in the chest, sending him flying!

Chapter 1480

The seven great lords were all originally filled with worry, fearing that Lin Mo would be defeated by Wang Xingyun.

They had to know that they had all sided with Lin Mo just now.

Once Lin Mo was defeated, how could Wang Xingyun spare them?

How many of them would be able to walk out alive in the face of this number one expert of the Canton Province, the Seven Great Lords?

Therefore, there were all people who were beginning to regret what they had just done.

However, Lin Mo's strike directly dispelled everyone's worries.

The most mysterious number one expert in the Canton Province had been knocked out by Lin Mo in a single glance?

This Lin Mo's strength was too strong, wasn't it?

The seven great lords almost simultaneously roared their approval, their faces unable to conceal their excitement and thrill.

If Lin Mo could defeat Wang Xingyun, then it would prove that they had made the right choice, and that everything they had done before had not been in vain!

Wang Xingyun received this blow and only felt like his ribs were about to be broken.

His face was gloomy to the extreme, and he took a few deep breaths, barely suppressing the sharp pain in his chest as he gritted his teeth and looked at Lin Mo.

"Shameless little thief, last time you fought against those killers, you actually hid your strength?"

"From the very beginning, you were counting on me?"

Wang Xingyun hissed in anger.

Last time, the Ten Great Families, invited all the gold medal assassins in Guang Province to deal with Lin Mo.

That time, although Lin Mo had won, he had also been injured quite badly.

At that time, Wang Xingyun had concluded that Lin Mo was not very strong and that he was completely capable of defeating him!

But who would have thought that he would have suffered such a great loss just after this encounter.

The Iron Thread Fist was cultivated both internally and externally, and his physique far surpassed that of ordinary people.

Therefore, Lin Mo's strike hadn't directly injured him severely, but it had still injured him quite badly!

Lin Mo sneered and did not reply to Wang Xingyun's words.

In fact, the last time he had fought against those gold medal assassins, Lin Mo had not hidden his strength either.

It was just that, at that time, Lin Mo's strength had not yet grown to this point.

During this period of time, Lin Mo had taken two more Mirror Breaking Pills, and his Creation Skill had gone up another realm, so his strength could be said to have improved by leaps and bounds compared to before.

And all this was something that Wang Xingyun could not even think about.

There were not many people in the world who knew about this miracle drug, the Mirror Breaker Pill!

Wang Xingyun clenched his teeth as he walked step by step in front of Lin Mo.

"I really didn't expect that a young man would have such strength!"

"No wonder Nanba Tian chose you as his successor, it seems I really underestimated you!"

"However, today, to have a sound battle with an expert like you, it is not in vain that I have trained hard for these decades!"

After Wang Xingyun finished speaking, he charged out again, his Iron Thread Fist opening wide and attacking Lin Mo violently.

Lin Mo also used his Wing Chun Fist and fought Wang Xing Yun in close quarters.

Although he had just wounded Wang Xingyun, it was only because Wang Xingyun was too confident and Lin Mo had taken him by surprise.

In fact, the fact that this Wang Xingyun could be called the No. 1 expert in Guang Province was not just a name in vain.

His strength was not much worse than Lin Mo's.

The two of them fought with all their might, and for a while it was difficult to separate them.

Everywhere their fists and kicks passed, tables, chairs and furniture were shattered.

Every punch, every kick, every elbow and every knee was a killing move.

After all, the killing power of Lin Mo and Wang Xingyun was too strong for anyone to withstand their full force.

The battle lasted for more than half an hour, but in the end, Lin Mo was the superior fighter.

A Wing Chun inch punch struck Wang Xing Yun squarely in the chest, denting a piece of his chest.

The ribs were broken and the broken bone was inserted into Wang Xing Yun's heart.

Wang Xingyun was a man of character, and he held himself up, laughing furiously, "It's just that, it's just that, the heavens are not in favour of my Wang family, and the imperial ambition is just a dream!"

With these words, Wang Xingyun spurted out a mouthful of blood and slowly withered to the ground.

This number one expert of the Guangdong Province had finally died at the hands of Lin Mo.
