Chapter 1471: A fat sheep, a fat sheep!

As ye Chen's voice fell ...

The toad that was hiding in the huge mountain immediately closed its eyes and remained motionless. It was obvious that it was trying its best to hide itself.

He was very confident in his breath holding technique, which had successfully fooled many people. Even old monsters at the void training stage couldn't find him if they didn't deliberately look for him.

Ye Chen saw this and could not help but laugh. "Come out and chat, you should be able to feel that this ye has no ill intentions towards you."

"This is a damn three-legged toad. I'll skin you alive!"

With several bumps on his forehead, old ancestor yellow spring dashed toward the mountain where the toad was and used his great divine power.

Just as the old ancestor was about to break the mountain, the toad suddenly moved. After shaking a few times, it opened its mouth and spat at the old ancestor.

"Whoosh ..."

Suddenly, a sword light slashed at the ancestor.

"Crotch!!!"

The old ancestor's Divine Art collided with the sword and he could not help but take a few steps back. When he looked again, the sword light floating in the air was a flying sword shining with the moonlight.

The flying sword howled and surged, its sword light brilliant.

"Supreme spiritual treasure?!!"

Seeing this scene, someone couldn't help but exclaim.

A Supreme spiritual treasure was almost a top-notch existence among all spiritual treasures. Even cultivators at the soul formation perfection stage would only use a Supreme spiritual treasure.

However, the toad in front of him opened its mouth and spat out a Supreme spiritual treasure?

Seeing that the flying sword didn't hurt the old ancestor, the toad was shocked and spat at the old ancestor again.

"Chi ..."

Under everyone's gaze, a red shadow that looked like a Vermilion Bird let out a long cry and swept toward old ancestor yellow spring with terrifying divine fire.

"Break for the ancestor!"

Old ancestor yellow spring used his sharp finger to disperse the red shadow with all his strength. What came into view was a red silk that looked like a red ribbon surging in the air.

“Another Supreme spiritual treasure?!!”

This time, even the old ancestor was somewhat shocked.

Even ye Chen’s eyes flashed with surprise. A mere Toad had spat out two Divine Spirit treasures in a row. Moreover, they did not recognize an owner.

“Whoosh!”

Taking advantage of this gap, the toad jumped up and directly shot towards the sky at an extremely fast speed.

“Great ancestor, that guy ran away!” Yang Hao shouted.

“Damn it! It’s a Toad! Where are you going?!” Old ancestor yellow spring wanted to catch up.

At this moment, a bolt of lightning struck from the direction that the toad had escaped from, and a Golden Hammer Bathed In Lightning was revealed.

“F * ck! Another Supreme spiritual treasure!” Old ancestor yellow spring couldn’t help but curse after being struck by the lightning.

“This guy is so fat! He has so many Supreme spiritual treasures!”

Yang Hao’s eyes immediately turned red. “Uncle ye, catch it. You must catch it. This guy must have other treasures in his stomach. It’s a fat sheep, a big fat sheep.”

Ye chen looked in the direction the toad had fled and smiled. His figure flickered and he immediately teleported away.

.....

In the forest stream less than a hundred miles away from the volcano, the environment was damp and the croaking of frogs could be heard. Under the pale moonlight, one could see toads lying in countless depressions.

“Shua shua shua ...”

Each Toad was moving its abdomen and letting out a croak. The croaking of the toads rose and fell, covering a radius of one li.

At this time, ye Chen’s figure gently landed above the marshland. He lowered his head and quietly looked down, two divine flames burning in his eyes.

A moment later, he suddenly smiled and landed beside a small depression in the corner. In the depression that was less than 20 meters in radius, there were more than ten toads singing happily.

Every Toad was almost the same in terms of size and appearance.

“Shua shua shua ...”

With the sudden intrusion of an outsider like ye chen, the toads immediately fled in all directions like frightened rabbits, cursing and swearing.

There was a four-legged Toad mixed in with the group of toads, pretending to be very frightened and jumping around at a moderate speed.

“You’re smart. You hid in a group of toads and tried to deceive my senses. But it’s useless.”

Ye chen stood in front of him and chuckled. “Brother Toad, you don’t have to do this in front of me, right?”

“Shua shua shua ...”

However, the toad did not seem to hear him. Just like the other toads, it continued to jump at a moderate speed.

“This ye has tried to persuade you again and again, but since you don’t listen, then don’t blame me!” Ye Chen’s eyes turned cold. He reached out and cast a gravitational technique at the former.

His attack seemed ordinary, but if a cultivator at the soul formation perfection stage were to face it, they would not be able to resist at all.

However, to ye Chen’s surprise, the toad dodged his attack skillfully and turned around to spit at him.

“BOOM!”

In an instant, a terrifying blood-red light shot out from its mouth and turned into a surging Blood River that whistled toward ye chen.

The river of blood seemed to be burning. As soon as it appeared, it dyed the entire sky red and melted the void within a radius of 10000 feet.

“This is ...”

Even ye chen, who had been prepared for this, was slightly moved when he saw that the river of blood was actually a Red Spirit talisman. “Hanba blood talisman!”

The so-called Hanba blood talisman was an unconventional kind of spirit talisman. It was refined from the blood of a Hanba and could inherit a Hanba’s power 100%.

“Suppress!”

At this crucial moment, ye chen let out a soft cry. The Emperor brush appeared in his hand and he quickly wrote a word against the surging Blood River.

“Chi ...”

As soon as the word ‘suppress’ was formed, it immediately turned into an invisible cage of heaven and earth that enveloped the Blood River.

The river of blood came to a standstill. At its core, the spiritual talisman that was burning with raging flames trembled violently for a few times before it finally stopped in the void.

Seeing this scene, the Toad's eyes almost popped out. "Impossible, how did you manage to control my Hanba blood talisman?!"

In the next moment, a huge hand suddenly appeared. It was as if a bolt of lightning had streaked across the void, and then it grabbed him.

The toad struggled repeatedly and let out all sorts of ghostly howls. "Let go of Grandpa, or Grandpa will call my big brother and second brother to kill you!"

"Who are your big brother and second brother?" Ye Chen said with a smile.

"My big brother swept through the Ruins of Yin, and no one dared to provoke him. Even that poor scholar from the demon God forest didn't dare to provoke him!"

The toad was extremely proud. "My second brother is the second brother of Yinxu. He once killed his way into the forbidden area and stained it with blood. He can kill you with just a breath."

"Is that so?"

Ye Chen's eyes glowed. The former's two sentences had revealed a lot of things. Thinking of this, Ye Chen's arm gently exerted force.

The force he used could crush a great mountain, but the toad only roared and didn't suffer any injuries.

Chapter 1472: The patriarch doesn't have hemorrhoids!

"My big brother and second brother are on their way. Pretty boy, you're done for. When my second brother is angry, he won't even recognize his family!"

The toad continued to roar.

Ye Chen smiled. A ball of divine fire suddenly bloomed in his hand and he refined the former on the spot. "I suddenly feel like eating supper in the middle of the night. Do you have any roasted pheasant? roasted Toad should be fine."

"Ah!"

This time, the toad truly cried out in pain because it realized that under the scorching heat of Ye Chen's divine flame, its skin was beginning to turn crisp.

"Are you convinced?" Ye Chen said.

The Toad's entire body was emitting a golden light. "I don't accept this. Grandpa doesn't accept this. If you have the ability, give Grandpa a few years. When the time comes, I'll definitely hang you up and beat you up ..."

"Do I like it medium or medium well ...?" Ye Chen lowered his head and continued to refine it.

This Toad had a belly full of treasures. Most importantly, it revealed many secrets of Yinxu, which aroused Ye Chen's interest in gossip.

The toad was speechless.

It didn't know if it was an illusion, but it actually smelled the smell of roasted pheasant.

The saddest thing was that it suddenly felt that the roasted pheasant was quite fragrant.

At the thought of this, it subconsciously swallowed its saliva and immediately admitted defeat. "Pretty boy, Oh, no, master, I'm convinced, I'm convinced ..."

Only then did Ye Chen put away his divine flame and sized it up. "What the hell are you? A Toad doesn't look like a Toad ..."

"Your whole family is a Toad ..."

The toad immediately exploded and glared at him. "Grandfather's name is the heavenly Fire divine Toad. He's destined to shine upon the heavens in the future, an existence that can pierce through the entire world!!!"

At this point, it seemed to be a little indignant. "If Grandpa wasn't born in that strange forbidden land, how could I have been cursed and bullied by you?"

"You were born in the Forbidden Zone?" Ye Chen's eyes brightened.

The toad immediately coughed repeatedly, as if realizing that it had said the wrong thing. It couldn't help but shake its beady eyes and lie, "Did grandfather say that? You must have heard wrong."

Ye Chen laughed in his heart. He knew that the other party was not willing to talk about it, so he immediately changed the topic. "How did you end up in the volcano? Could it be that you're The Guardian spirit beast of the ruins?"

Usually, before an expert died, they would be worried that someone would covet their tomb and would set up some traps in advance. Mechanisms and arrays were a must. In addition, they would also use spirit beasts to guard their tomb.

"Your whole family is a guardian spirit beast!"

The toad exploded once again, spittle flying everywhere as it said, "How could that big idiot deserve Grandpa to guard his tomb? I'm just going to swim in its lava."

"Is that all?" Ye Chen gave a half-smile.

Meeting his gaze, the toad couldn't help but feel weak. "Of course, Grandpa also borrowed a few things from him."

"Whose grave is that?" Ye Chen said again.

The toad pouted and said indifferently, "A Battlegod tomb. That blockhead was a Battlegod when he was alive, so he had a collection fetish. From women's undergarments to peerless experts' underpants, there were all kinds of things ..."

Ye Chen was speechless.

.....

In the direction of the volcano, everyone watched as ye chen returned. Unlike before, there was a Toad on his shoulder.

The toad wasn't convinced by its previous ferocity. The lumps on its body were all retracted. They were only the size of a palm, and it looked like a Golden Frog.

Old ancestor yellow spring immediately went up to them and shouted, "Damned Toad, you've finally fallen into the forefather's hands, right? The old ancestor is going to roast you ..."

The toad slanted its beady eyes and looked at him in disdain. "Don't you want to get rid of the big sores on your head and pustules on your feet?"

"F * ck you, where are the pustules under the old ancestor's feet?" Old ancestor yellow spring looked embarrassed.

"And your hemorrhoids ..." The toad sneered.

As soon as he said this, Yang Hao laughed on the spot. The rest of the people looked like they wanted to laugh but didn't dare.

"The old ancestor will kill you!"

The corners of old ancestor yellow spring's mouth twitched a few times before he pounced on the former with a fierce look.

"Alright, I'm done!"

Ye chen stopped him and said to the toad, "Remove the big sore on his forehead and the pustules on the soles of his feet for the great ancestor. Hmm, and the hemorrhoids on his buttocks ..."

"I don't have hemorrhoids ..." Old ancestor yellow spring protested.

"Grandfather has a condition. After we enter the ruins, grandfather wants a fire Lotus deep in the magma ..." The toad rolled its eyes.

Ye chen glanced at it indifferently and immediately understood its true purpose. This guy was going to take a bath on the surface but in reality, it was most likely after the fire Lotus.

Meeting his gaze, the toad immediately laughed and vomited at the old ancestor.

"You're going to spit out a Supreme spiritual treasure again?"

Old ancestor yellow spring was overjoyed to see this and was ready to receive the fourth Supreme spiritual treasure.

The rest of the people held their breaths and were ready to snatch the Supreme spiritual treasure at any time. They had hated themselves for not reacting in time before, so how could they miss the opportunity in front of them?

However, the next moment, the old ancestor felt a chill on his face.

He couldn't help but reach out to touch it. He was stunned at first, and then he exploded. "Goddamned Toad, how dare you spit at the ancestor?!!"

“Grandpa is just helping you get rid of your hemorrhoids ...” The toad said disdainfully.

Old ancestor yellow spring couldn't help touching his forehead, only to find that the huge sore had disappeared.

He then took off his boots and looked at his feet, only to find that the pustules that had been itching unbearably were gone.

Yang Hao suddenly came over and said, “Old ancestor, do you want me to help you check if the hemorrhoids on your butt are still there?”

“Bastard, get lost!”

The old ancestor almost couldn't help but slap him to death.

Ye chen glanced at the turbulent mouth of the volcano, then said to everyone, “Everyone, get ready. We'll go in and take a look!”

“Big brother, we've taken a look earlier, and this ruin has just appeared in the world not long ago.”

“It seems like the volcano erupted,” ye Wushuang said. “The terrifying energy destroyed the decaying formation, and the ruins were exposed.”

“This pretty boy is right.”

“This ruin was indeed revealed by the volcanic eruption,” the toad said in agreement. “Otherwise, it would have been buried underground for who knows how long.”

“This is for the best.”

Ye chen could not help but nod. If the ruins had just been revealed, it meant that no one had visited it except for the toad. As the second group of people, they should be able to gain something.

The real reason that drove ye chen into the place was to find out if there was anything that could extend su Yuhan's life.

Just as ye chen was about to urge everyone to enter the ruins, several figures with terrifying auras suddenly shot toward them from the sky.

Song Qiye's expression changed. “Someone's coming!!!”

Chapter 1473: The toad yawns!

“Chi Chi Chi ...”

The sound of something breaking through the air could be heard from the distant horizon.

What followed was a terrifying pressure. At first, there were only a few figures, but in the end, there were dozens of divine rainbows shooting over.

“Someone's coming!”

Before song Qiye could finish her sentence, the crowd had already sensed what was happening. They looked up at the sky with grave expressions.

After the dozens of divine rainbows, there was a long Dragon of murderous aura that covered the sky and the sun, as if thousands of troops and horses were galloping.

“Boom boom boom ...”

The entire sky seemed to be shaking violently. The fog rolled, the beasts roared, and the clouds were steaming.

The leader was wearing a golden battle suit, and divine light burst out from his body. An unparalleled pressure swept across everything. His eyes were like thunder as he looked down at the crater below. His pupils contracted slightly as he said, “The Battlegod’s tomb?!!”

“Phew ...”

At that moment, the dozens of rainbows and baleful Qi Dragons behind him all stopped in mid-air, and the silent pressure was almost suffocating.

Below, ye Chen’s eyes flickered imperceptibly. Then, his focus fell on the overwhelming fiendish Qi Dragon.

Mutant beasts, a large Army of mutant beasts.

Each of these strange beasts was more than 500 feet long, with spikes all over their bodies. Their bodies were ferocious, and they were roaring with a strong murderous aura.

On the back of each strange beast sat a man in golden fighting spirit. The leader held a golden battle flag in his hand, which was strong in the wind and looked down on everything.

“Twelve perfected divine transformation realm cultivators!!!”

Someone behind ye chen could not help but gasp, as if they were so shocked by the other party’s lineup that their scalps went numb.

“Who are they?!!”

Luo Tianya was extremely worried. They were the first to discover the Battlegod’s tomb. Who would have thought that it would be discovered by someone else so quickly?

“They’re from the great Jiang divine dynasty!!!”

At this time, the toad on ye Chen’s shoulder suddenly said, “The great Jiang dynasty comes from the outer realm. It’s said that there are Almightyies in the mother planet of the great Jiang dynasty who shine on the heavens and enjoy the worship of thousands of worlds!”

“It seems that the one leading the team this time is divine general Jiang Ye of the great Jiang divine dynasty. It’s said that he’s the adopted son of the Jiang family. He has a brutal nature and is extremely loyal to the Jiang family!”

As soon as he said that, everyone was shocked at first, and then they couldn't help but look at him. They were obviously curious that he knew so many secrets.

"Great Jiang dynasty?"

Ye Chen's eyes flickered when he heard this. Then, his gaze shifted and finally landed on the leading man in golden battle armor named Jiang Ye.

In the quaking void, a man stepped on the void and walked to Jiang Ye's side." "Lord Divine general, the Battlegod's tomb has appeared here. In order to prevent the news from being leaked, should we clean up the area within a thousand miles?"

At the end of his sentence, the man's eyes looked down at ye chen, his eyes filled with cold killing intent.

Upon hearing this, the people behind ye Chen's expression turned cold. They looked at the great Jiang dynasty's people again with vigilance.

"Big brother, should we make a move?" ye Wushuang looked at ye chen.

Ye chen was about to speak when he suddenly laughed."No need!"

At the same time, divine general Jiang Ye, who was in the air, only looked at ye chen and the others coldly. Then, he looked thoughtfully in a certain direction. "It's too late. Quickly return to the divine dynasty and ask for help!!!"

As soon as he finished speaking, a cold voice suddenly exploded in the sky," "The great Jiang dynasty is really fast!"

"Boom ..."

As soon as he said that, it was as if thousands of Thunderbolts had exploded at the same time. Then, 18 Giants suddenly descended. Each giant was like an ancient God that had opened the sky, suppressing the world.

"The panwu celestial sect!!!"

When the people of the great Jiang dynasty saw the 18 Giants, their pupils shrank, and they could not help but burst out with endless murderous intent.

There were 18 Giants that were comparable to the perfected divine transformation realm.

Even old ancestor yellow spring's expression froze.

The toad on ye Chen's shoulder chuckled."Even the dog of the panwu celestial sect is here. This is going to be fun. I wonder if their ancestor, panwu, is still alive."

You know people from the panwu immortal sect?" Yang Hao couldn't help but ask.

"Not only do we know each other, but we're also enemies."

"Old man panwu tried to make Grandpa submit to him before," the toad laughed."But Grandpa, second brother found out about it, and he was beaten up so badly that he ran all over the world ..."

After saying that, it glanced at ye chen, intentionally or otherwise.

Hearing this, everyone looked like they didn't believe him. Yang Hao said, "How powerful is ancestor panwu?"

"He's very weak. He's only at the mid void refinement realm ..." The toad said lazily and then glanced at ye chen again.

Everyone swallowed their saliva in unison.

It was very weak ...

He was only at the middle void training stage ...

But ...

That's right, they were really weak, so weak that he could kill them with a breath, the kind where their souls would be scattered.

Yang Hao was surprised at first, but then he laughed and said with disdain, "Toad, you really are a Toad yawning."

"What's the meaning of a Toad yawning?" The toad was stunned.

Yang Hao, [can't you just brag?]

"Boom boom boom ..."

At this moment, the sky rippled once again, and countless figures descended one after another.

Among these figures, there were humans, all kinds of great demons, and all kinds of strange alien races ...

However, there were eight figures that caught ye Chen's attention.

The eight people were all dressed in Daoist robes and looked to be in their fifties or sixties. However, the colors of their clothes were different.

"Brother ye, they're from the Yan Huang Fort ..."

Luo Tianya walked to ye Chen's side and took a deep look at the six people. He quietly said, "I'm afraid they're from the Eight Families of the Xuan Yuan ..."

As soon as he finished speaking, one of the eight figures, an old man in a black Daoist robe, seemed to have sensed the gaze and looked over indifferently.

With just a single glance, Luo Tianya felt as though he was being stared at by a peerless monster, causing his entire body to shudder.

Fortunately, the other party did not seem to recognize them. He only glanced at them and then looked away again.

In the void, as the black-robed old man retracted his gaze, a green-robed old man beside him immediately asked, "Brother Gu Quan, what's wrong?"

The other six people couldn't help but look over.

The black-robed old man named Gu Quan shook his head and said in a deep voice, "It's nothing. Everyone, we must get the Battlegod's tomb this time. If necessary, we can let old ghost Lei Yun cross the border to come here!"

As soon as he said that, the other seven people's faces turned serious. If they sent out the old monsters at the void training stage, the battle would definitely escalate to an uncontrollable situation.

At that moment, the sky above the crater was filled with countless people. Each force occupied a seat and sized each other up with hostility.

This was because everyone knew that with the appearance of the Battlegod's tomb, there would definitely be an intense battle and struggle between many parties.

Chapter 1474: Those who are unconvinced, come and fight!

"Hehe ..."

Under the watchful eyes of the crowd, a figure walked out from the panwu celestial sect's camp. "I didn't think that the people from your Yan Huang fortress would actually come!"

Everyone immediately looked towards the source of the voice and saw that the person was dressed in a green robe and looked like a middle-aged man. However, his long hair was alternating between black and white. It was obvious that his age and appearance did not match.

"The sect leader of the panwu celestial sect, Xu Yangzi." The toad on Ye Chen's shoulder said.

As if in response to Xu Yangzi's words, an old man from the Eight Families of the Xuanyuan clan stepped out and said, "Xu Yangzi, if your panwu immortal sect can come, why can't my Yanhuang fortress come?"

The old man was wearing a Taiji Daoist robe and holding a horsetail whisk. He exuded a transcendent aura from head to toe, and his eyes were bright and full of spirit, as if he could read people's minds.

"Who is this person?" Ye Chen asked the toad.

The toad pouted slightly. "Who knows? among the eight Xuanyuan families, grandfather only knows those old things who are about to die. As for this person, he must be from the Ji family."

Xu Yangzi chuckled and said in a teasing manner, "So it's fellow Daoist Ji Hong. I heard that your Ji family's old ancestor is reaching the end of his life. Instead of staying by his side, you came here. If something happens, the old ghost of the Ji family won't be able to save you."

"Xu Yangzi, there's no need for the old ancestor to act against you." Ji Hong snorted coldly, his face shuddering.

The surrounding people were all coldly watching as the two sides drew their swords, as if they had long been used to this scene. Only a few people's eyes flashed, obviously thinking about the meaning behind Xu Yangzi's words.

“Everyone’s here?”

At this moment, Jiang Ye of the great Jiang Empire slowly opened his mouth, his voice shaking the surroundings, “In that case, let’s fight for the body of the martial God with our own abilities!”

“BOOM!”

He took a step towards the crater of the volcano, and the void collapsed. “People of the great Jiang dynasty, follow me!!!”

“Those who are unconvinced, come and fight!!!”

“Kill!!!”

In an instant, the Army of mutant beasts behind him swept through everything like a flood. They rumbled as they followed Jiang Ye and ran towards the mouth of the volcano.

“The panwu celestial sect will be the first to object. You’ll die if you stop me today!”

Xu Yangzi was so angry that he laughed. He waved his hand and the 18 giant figures behind him immediately stepped on the sky and followed closely with terrifying killing intent.

“Let’s go too!”

Ji Hong glanced at the seven people beside him, took a deep breath, and then also flew toward the crater.

“Boom boom boom ...”

At that moment, the entire heaven and earth trembled once again as the other powers made their moves one after another. Even though the great Jiang divine dynasty and the panwu celestial sect were powerful, no one present was willing to back out.

This was because the Battlegod’s tomb was simply too tempting.

However, the war did not break out immediately, because everyone’s goal was still to find the treasure. Before entering the Battlegod’s tomb and seeing the treasure for themselves, no one was willing to become the target of public criticism.

Seeing that ye chen was not in a hurry, the toad on ye Chen’s shoulder immediately urged, “Kid, follow me. If we don’t go in now, we’ll have nothing left.”

Ye chen, on the other hand, looked around thoughtfully. To his disappointment, he did not see anyone from the absolute beginning dojo.

Otherwise, he wouldn’t have minded cleaning up in advance.

“Let’s go!”

Ye chen took one last look at the empty crater before finally taking a step forward. His figure flickered and he led everyone in.

As the first to lead the way, the red skeleton still did not fall. Instead, it chose to follow the group as if something inside was attracting it.

As soon as they stepped into the crater, the first thing they felt was an extremely hot feeling, but this kind of heat was still good for everyone. After all, they only needed to use their true Qi to condense a protective shield around their bodies.

The next thing he saw was a boundless River of lava. It was like a boiling soup, spewing out hot lava.

One could faintly see that there were many corpses.

At the end of the lava, there was an extremely ancient and decaying Palace floating above it. Facing the boiling lava, the palace stood still.

Ye chen used his fiery golden eyes and could vaguely see a dangerous and scorching flame deep in the magma.

“Is the thing you want down there?” he asked the toad.

“That’s mine. None of you are allowed to take it.”

The toad spat out golden divine fire from its mouth, as if it was determined to get it. “In return, I can tell you some treasures that they can’t find.”

“Is that so?”

“We’ll see.” Ye chen smiled.

Everyone immediately ran straight to the palace in the distance. As soon as they stepped into the palace, they saw that the thick and ancient stone door had already been turned into fragments and scattered on the ground. There was still a terrifying true Qi left on it.

It was obviously done by the people of great Jiang divine dynasty. In addition, there were many bloodstains left on the ground, which looked very shocking.

“They were killed instantly,” old ancestor yellow spring frowned. “It doesn’t look like they fought each other to death. They triggered some kind of mechanism.”

Everyone couldn’t help but feel nervous.

“Look at you guys.”

“Even if there were any formations or restrictions, they would’ve lost their effectiveness long ago if they were the ones leading the charge,” old ancestor yellow spring said in disdain.

“It’s not that simple ...”

Ye chen lowered his head and picked up a trace of blood from his feet. “I’m afraid this person was a complete divine transformation realm cultivator when he was alive, but he was killed in an instant. From this, we can see that the danger here is more serious than we thought.”

“The Battlegod’s tomb is naturally extremely dangerous!”

“Why else do you think so many people would risk their lives to enter the Battlegod’s tomb?” the toad said disdainfully.

“You guys follow behind me!”

Ye chen shook his head and immediately stepped into the palace. What greeted his eyes were nine corridors made of stone rooms. Each corridor was so deep that he could not see the end. Even though ye Chen’s divine sense covered a wide area, he could not see the end.

“Which path should we take?” Yang Hao asked.

“Let’s take the fifth path!”

Without waiting for ye chen to speak, the toad on his shoulder suddenly said, “Kid, trust me. If you take the fifth path, you’ll definitely get some benefits!”

Ye chen muttered to himself for a moment before he entered the fifth tunnel. Along the way, everyone saw many corpses lying on the ground. It was obvious that someone had come in before them and a fight had broken out.

The tunnel was very long, and with every mile, there would be a stone room that was opened up. It seemed to be the place where the owner of the tomb used to cultivate.

It was a pity that the items inside had long been robbed.

When everyone stepped into the last stone room, the first thing that came in contact with them was endless cold air. On the floor that was paved with cold Jade, there were currently many small mountain-like red medicinal pills piled up.

The elixir seeped into one’s heart and spleen, and because it was protected by the cold Jade, it still retained its medicinal properties even after such a long time.

When ye Chen’s eyes fell on these medicinal pills, even with his calm heart, he could not help but be a little stunned. “This ... This is the dragon’s blood elixir?!”

Chapter 1475: The work of the master of the tomb!

Within the spacious stone room, the floor that was made of thousand year cold Jade was currently filled with piles of round pills.

The elixirs were like a baby’s bloodied fist, crystal clear like jade, and extremely plump. Within them, there was an extremely shocking body-forging force that was exuding.

Even ye chen and old ancestor yellow spring were stunned by the scene before them. “There are so many dragon blood pills here?!”

The Dragon blood elixir was rumored to be made from dragon blood and was a body-refining elixir.

Each pill could greatly Polish the potential of a cultivator’s physical body. It was extremely precious to martial artists and no exception to cultivators.

After all, a cultivator's weakness was their physical body. If he had the Dragon blood pill, his physical strength would be greatly enhanced, and he would have enough capital in the process of fighting with others in the future.

Dragon's blood pills were usually hard to find, but they were piled up like a mountain here, and were even casually scattered on the ground by the owner of this cave.

It had to be said that the owner of this tomb was really generous.

At that moment, Luo Tianya, the northern Sea temple master, and the others were stunned. Their eyes were filled with greed as they looked at the medicinal pills in front of them. If not for their fear of ye chen, some of them might really have made a move.

"Isn't it just a pile of broken medicinal pills?" the toad said indifferently.

Ye chen took in everyone's gazes and muttered to himself, "Everyone, I'll keep these pills for the time being. I'll distribute them to you one by one after we leave this place."

In fact, the pile of dragon blood pills in front of him was not very attractive to him. After all, his physical body had long surpassed the scope of everyone's understanding, and it was useless to take them.

"That's reasonable, ye Tianjun!"

Everyone nodded in unison, clearly not worried that ye chen would pocket it.

"Alright then, this ye will collect them first!"

Ye chen nodded and reached out with one hand. Then, he enveloped the many dragon blood pills with his divine sense and quickly collected them.

Even with his powerful deified soul, he could not collect all the Dragon blood elixirs in front of him in an instant.

"Da da da ..."

At this moment, the sound of footsteps could be heard outside.

Everyone's expression immediately tensed up.

In an instant, several figures appeared at the door of the stone room. However, their eyes were all fixed on the mountain-like pile of dragon blood elixirs, and their eyes were filled with greed.

"Brat, hand over the pills you've collected and get the hell out of here, and we might spare your life."

The sinister-looking old man in the lead looked at ye chen greedily. At the same time, the people behind him immediately blocked the entrance of the stone room. They clearly did not intend to let ye chen and the others leave.

There were a total of seven people. Three of them were late-stage soul formation cultivators while the rest were mid-stage soul formation cultivators. In their opinion, although ye Chen's group had more people, there were less than two people who could threaten them.

With so many dragon blood pills, it was enough for the seven of them to use. There was still some left for the younger generation, and they could even exchange it for spirit stones and magical treasures.

“You’re trying to Rob me?”

Ye chen smiled, then narrowed his eyes. “Kill them all, and their things will be yours!”

As soon as he finished speaking, countless auras burst out in the stone chamber and instantly drowned the seven of them.

Not long after, there were seven more broken corpses on the ground. The sinister-looking old man’s eyes were wide open as if he had died with grievances. He had not expected to encounter a tough one like ye chen.

At this time, ye chen had also collected the Last Dragon blood pill. At this time, more and more people arrived.

However, when those people saw the seven corpses lying on the ground, their expressions could not help but freeze. When they looked at ye chen again, their eyes were filled with fear.

“That’s old ghost Tong Shan?!!”

“That old fogey Tong Shan was at the late divine transformation realm. He was the patriarch of a sect, but he died here. It can only be said that wealth is a temptation ...”

“Who are they? Why have we never seen him before?”

The people who had rushed over looked at ye chen and the others and used their divine senses to communicate. Although some of them could guess what benefits ye chen had obtained in the stone room, they did not dare to make a move. After all, the fate of the seven of them was clear before their eyes.

“Let’s go ...”

Ye chen glanced at the crowd indifferently, then swaggered out of the stone room with his men. No one dared to stop him.

He had always been like this. It was best if everyone lived in peace, but if someone was blind, then don’t blame him for killing without restraint.

“You’re right, Toad. ”

Yang Hao was extremely excited because of the Dragon blood elixir two. He looked at the toad again and said, “Tell me, where are we going next?!!”

“Head southeast. There are treasures there!”

The toad rolled its eyes at the former’s flattery, but it still pointed out a path for everyone.

.....

After about the time it took to burn an incense stick, a heavy stone door appeared in front of everyone. The stone door was covered with green moss, and the green color made people feel that it had been for a long time.

Yang Hao tried to push the stone door, but he felt that it was as heavy as a thousand catties. He then turned his head and said in dejection, ""The treasure is behind the stone door?"

"That's right. If I'm not wrong, behind the stone door is the medicinal garden cultivated by the owner of this tomb ..." The toad spat out divine fire from its mouth.

"A medicinal garden?"

Hearing this, ye Chen's heart skipped a beat. He took a step forward and scanned it with his divine sense. After confirming that there were no traps, he pushed it hard.

"Boom ..."

The stone door, which was hundreds of feet tall and as heavy as a thousand catties, was pushed open by ye chen in an instant. The moment the stone door was pushed open, an extremely blinding light made everyone subconsciously close their eyes.

After adapting to the strong light, what was reflected in everyone's eyes was not a medicinal garden, but a forest, an existence that seemed like an ancient forest.

What followed was an extremely strong medicinal fragrance.

Yang Hao suddenly looked at the toad and gulped in shock. ""This ... This is the herb garden you were talking about?"

"Isn't it the herb garden?" The toad said in all seriousness.

The rest of the people were also dumbfounded.

How could your herb garden be this big?

This was pure nonsense. How the hell was this a herb garden? this was clearly a sea of herbs.

It could only be said that the owner of the Battlegod tomb was too rich.

"BOOM!!!"

Ye chen slammed the stone door shut and said, ""Let's go,""he said.

The vast forest was shrouded in a layer of faint mist, and a pungent fragrance floated in the air. Occasionally, small beasts would be frightened by the crowd and escape in a hurry, giving people a feeling of paradise on earth.

At the same time, everyone spread out their divine senses one after another, even ye chen. To his surprise, even with the strength of his divine sense, he could not cover the entire ancient forest.

"There's a fierce beast inside. Be careful, everyone," old ancestor yellow spring warned.

Chapter 1476: I'm taking this item, get lost if you don't want to die!

In fact, there was no need for him to remind them. Everyone could sense that there were great demons running across the dense forest from time to time.

There were even beasts that were no weaker than late divine transformation realm beasts.

Ye Chen walked at the forefront, and everyone followed closely behind him. They looked around vigilantly, on guard against the attacks of ferocious beasts.

However, what puzzled everyone was that along the way, the beasts they encountered only glanced at them and left without stopping.

“That’s strange. Why aren’t they attacking us?” Song Qiye asked suspiciously.

Everyone was confused when they heard this.

Only Ye Chen took a deep look at the toad on his shoulder, and then he could not help but look thoughtful.

“Origin gold fruit?”

At this time, an early divine transformation realm cultivator suddenly stopped in his tracks and looked at a golden fruit that was the size of a baby’s fist in the forest in the distance. His face was full of joy.

“It really is the origin gold fruit!”

“This can be used to refine golden origin pills,” someone said in surprise. “It’s perfect for cultivators with metal-elemental spiritual roots. It can increase their perception of metal-elemental attributes.”

“Hahaha, this old man has a metal-type spiritual root!”

The former immediately laughed and walked over with a smile. He carefully collected it and kept it in a Jade box.

“Divine-spirit fruit ...”

“Silver horn branch ...”

“Yin congealing grass ...”

As everyone went deeper, they all saw a lot of spirit herbs, many of which were very old.

Patriarch Azure Spirit walked to Ye Chen’s side and could not help but ask, “Exalt, why don’t we split up here for the time being? We’ll each take what we need, and if there’s anything, we can just send a message.”

Upon hearing this, Ye Chen could not help but look at the others. He saw that everyone was moved. They clearly agreed with Patriarch Azure Spirit’s words.

“That’s good too. Remember, don’t be too alone,”

Ye Chen nodded and immediately parted ways with the rest. Only old ancestor Yellow Spring, Ye Wushuang, Luo Tianya, and Yang Hao followed him.

“These people are really short-sighted ...”

“To give up a truly Supreme great herb for a few low-grade spirit herbs ...” The toad said disdainfully.

Hearing this, Yang Hao immediately became excited.””Supreme great medicine?”

Even ye chen and old ancestor yellow spring could not help but look at him. At this moment, even old ancestor yellow spring realized the extraordinary nature of the toad.

“Three thousand miles to the East!” The toad said proudly.

“How do you know that there’s a Supreme great medicine three thousand li East?” “Don’t tell me you’ve been here?” Yang Hao was puzzled.

“Believe it or not,” the toad pouted and said, asking for a beating.

“Damn Toad, if we don’t see any of them, you’ll be roasted and thrown into our bar tonight,” old ancestor yellow spring scoffed.

“You can still drink when you have hemorrhoids?” The toad sneered and retaliated.

Old ancestor yellow spring was speechless.

As they were talking, a dozen figures flew over their heads, and they were heading east.

“Someone has also barged in!”

“From the looks of it, they’ve also discovered the stone door,” Luo Tianya said with a frown.

“Let’s go and take a look ...”

Ye chen muttered to himself for a while and immediately teleported away with the others. It would be best if they could find something in this ancient forest that could extend su Yuhan’s life.

.....

After half an incense’s time, ye chen and his men arrived at the location the toad had pointed out.

It was a Lake with a radius of 3000 meters. The water was extremely clear, but from the perspective of a self-cultivator, it was impossible to see the bottom.

The strangest thing was that some cultivators tried to cross the lake, but they fell into the water and turned into skeletons.

“Deathly still water!”

Ye chen and old ancestor yellow spring looked at each other and saw a trace of shock in each other’s eyes.

The so-called deathly still water looked no different from ordinary water, but in reality, even a drop of it could crush a building. The most terrifying thing was that any living thing that fell into the deathly still water would be corroded in an instant.

“The master of this tomb is really generous!”

“This thing is regarded as a Supreme treasure by the deathly still clan in the cultivation world. I think this person must have used it to temper his body,” old ancestor yellow spring said.

“What do you mean?” Yang Hao said.

“It means that the master of this tomb used to take off his clothes and pants and jump into the pond to take a bath ...” The toad looked at him in disdain.

Yang Hao’s face couldn’t help but turn pale.

“There seems to be a small island in the middle of the lake!” Luo Tianlin said.

Ye Chen’s divine sense immediately enveloped the small island in the center of the lake. The scene that entered his eyes made his eyes light up!

The next moment!

It was only to see him take a step out, and he actually sprinted towards the surface of the lake.

Seeing this sudden scene, Luo Tianya was unable to react in time. “What’s happening? Why is brother ye’s reaction so big?”

“Fellow Daoist ye is a calm person and rarely loses his composure like this. There must be something on the island that has attracted him!” Old ancestor yellow spring’s eyes flickered. He waved his sleeve and followed with song Qiye and the others.

.....

However, there were dozens of figures facing each other on the small island. The atmosphere was extremely cold.

If there were outsiders present, they would definitely discover that these figures were Jiang Ye of the great Jiang divine dynasty, Xu Yangzi, the sect master of the panwu celestial sect, and others.

An invisible killing intent surged in the void, and blood dyed Half the Sky red.

Xu Yangzi quickly swallowed a pill and looked at Jiang Ye, who was holding a golden halberd in the distance, with a pale face. “Surnamed Jiang, do you want to fight to the death with me today?!”

Jiang Ye held the Golden halberd in his hand. His golden armor had long been shattered. His eyes were indifferent but determined. “The great Jiang dynasty is determined to get the soul-returning wood at any cost!”

“The Xuan Yuan eight families are also determined to obtain the soul returning wood!”

Ji Hong, who was leading the seven people around him, said indifferently, “If you’re smart, you should retreat immediately to avoid casualties ...”

At the center of the island not far away from everyone, there was a small tree with an extremely strange shape. The small tree was only a foot tall and was completely silver-gray in color. There was a faint soul power fluctuation that was as vast as the sea being emitted from it.

It was the main culprit that caused everyone to fight.

“All of you are determined to get this soul returning wood.”

Xu Yangzi sneered. “But there’s only one piece of soul returning wood. We can’t just cut it into several pieces and split it equally between us, right?”

Hearing these words, everyone’s gazes turned cold, incomparably terrifying!

If the soul-returning wood was damaged, it would lose its effectiveness. In that case, what difference would it be from an ordinary tree?

At this moment, a calm voice exploded in everyone’s mind, “You don’t have to fight anymore. I’m taking it. If you don’t want to die, get lost!”

Chapter 1477: No one can stop or save the person I want to kill!

“You don’t have to fight anymore. I’m taking it. If you don’t want to die, get lost!”

The originally cold atmosphere turned extremely cold after the sudden voice sounded.

The faces of Jiang Ye of the great Jiang dynasty, Xu Yangzi of the panwu celestial sect, and the others also turned completely frosty at that moment.

This was especially so for the sect master of the panwu celestial sect, Xu Yangzi. At that moment, a strong killing intent flashed in the depths of his eyes.

In his opinion, only the few forces in front of him were a threat today. Even so, neither side would dare to say such arrogant and overbearing words.

However, someone was acting like this. How could he not be furious?

In an instant, everyone, including Xu Yangzi, looked at the void behind them with cold eyes. The coldness in their eyes was so cold that it almost materialized.

Under everyone’s gaze, a young man in his 20s or 30s walked through the air with his hands behind his back.

The young man landed lightly on the ground. His indifferent gaze was fixed on the soul returning wood, as if he was treating everyone as air.

It was the young man’s attitude that made everyone furious. If it were not for the fact that the other party’s identity was unfamiliar, some people would have already attacked.

“It’s you?”

When he saw ye Chen’s face clearly, Xu Yangzi was shocked. He had obviously recognized ye chen, whom he had seen outside the tomb.

However, he did not pay much attention to a young man like ye chen at the time.

“It’s actually this kid ...”

At the same time, the people of the eight Xuan Yuan families, led by Ji Hong, were also shocked.

Ji Hong gave ye chen a deep look and smiled faintly. "Little friend, this item doesn't belong to you. It's not too late for you to retreat now."

They did not come from the Yanhuang fortress, so they did not know that ye chen had broken through the Yanhuang fortress's formation by force.

"I didn't think that there would be soul returning wood here ..."

Ye chen stared at the little tree in front of him, his eyes moving. "This is beyond my expectations ..."

Seeing that he had ignored them again and again, Xu Yangzi smiled eerily. "What an arrogant brat! I'd like to see where you get your capital from today!"

As he spoke, he took a step toward ye chen. His right hand reached out and a long sword flashed with lightning.

"Brat, it's your good fortune to die under my sword!"

His eyes were filled with killing intent. With a wave of his right hand, the long sword in his hand immediately turned into a sword light and whizzed toward ye chen as if he wanted to tear him apart.

Ye chen looked at him quietly, then shook his head slightly. He reached out his arm and pointed at the man.

In the next moment, the killing intent in Xu Yangzi's eyes was immediately replaced by thick horror. This was because he realized that the longsword in his hand seemed to have been fixed in place and could no longer move forward.

"What's going on?"

"Xu Yangzi is a peak divine transformation realm expert and a sect master. How come he can't even deal with a junior?!!"

At the same time, the people in the surroundings also noticed that something was wrong.

"Bang ..."

Before anyone could react, the long sword in Xu Yangzi's hand exploded with a loud bang, turning into countless fragments that swept out.

Xu Yangzi himself spat out a mouthful of Scarlet blood and retreated with a pale face. His eyes were filled with fear. "Who the hell are you?!!"

"How is this possible?!!"

At this moment, the expressions of the surrounding people changed drastically!

He shattered a flying sword at the level of a Supreme spiritual treasure with a single finger!

Even Jiang Ye of the great Jiang dynasty's pupils suddenly shrank, and he looked at ye chen again with fear.

“I’ve already said that I’ve taken a fancy to this item. If you don’t want to die, get lost. Since you’ve attacked me, you should have the obligation to be killed.”

Ye Chen’s eyes flashed. He reached out and grabbed a flying sword fragment with one hand, then pierced it toward Xu Yangzi.

“Not good!”

At that moment, all the hair on Xu Yangzi’s body stood on end, and an aura of death suddenly welled up in his heart.

At the moment of life and death, Xu Yangzi let out a loud cry as a Golden Bell suddenly surged out of his body. The bell was surging with divine light as if it was the strongest thing in the world.

“The panwu Bell?”

Ji Hong was shocked.

God Jiang frowned at Jiang Ye and said, “no, it’s only a copy of the pan Wu Bell. The real pan Wu Bell is with that old freak panwu. Even so, the runes of the pan Wu Bell are still imprinted on the copy. No one under the void training stage can break it ...”

“BOOM!”

Before he could finish his sentence, he was drowned by a violent tremor. The panwu Bell, which everyone feared, was broken by ye Chen’s one strike.

“Waa ...”

Xu Yangzi vomited blood and wailed. He looked at ye chen in horror. “Who the hell are you?!!”

He knew how powerful the rubbings of the pan Wu Bell were. Only cultivators at the void training stage could move them. However, how could he believe that this young man was at the void training stage?

“A dead man is not qualified to know my name!”

Ye Chen’s expression did not change as he spoke nonchalantly.

When he heard this, Xu Yangzi’s eyes suddenly became a little resentful and he threatened, “Brat, even though I’m not your match, do you really think you can fight us all by yourself?!!”

“Old ghost Xuyang is right!”

Gu Quan’s eyes were cold as he said, “Young man, there are more than 40 cultivators in the great circle of the deity transformation stage here today. If we all attack you together, you will be defeated even if you have three heads and six arms!”

“Fellow Daoist Gu Quan’s words are reasonable!”

His words immediately received the approval of many people.

Only Jiang Ye of the great Jiang divine dynasty remained silent.

“Since that’s the case, then all of you come at me together. What does this ye have to fear!” Ye chen shook his head lightly.

After saying that, he took a step forward and rushed toward Xu Yangzi.

“Audacious!!!”

“You’re so arrogant!!!”

“Save the sect leader!!!”

At the sight of this, the eighteen Giants who had been surrounding ye chen changed their expressions. Then, in unison, they erupted with their cultivation to attack ye chen.

“Panwu divine fist!”

The leading giant punched out like an ancient God, collapsing the void and suppressing the world.

An invisible killing intent shook the surroundings, and a vast amount of true essence flooded out like an ocean that wanted to destroy everything.

“No one can stop or save the people this ye wants to kill!”

Ye chen muttered these words. His expression remained unchanged as he raised his palm lightly.

“BOOM!”

With a loud bang, an invisible palm force with a terrifying true essence struck the giant.

“Ah!”

The man’s chest caved in as he was hit by the palm. After a scream, he fell to the ground and died on the spot.

“Brother voidfire!”

The remaining seventeen people’s eyes almost popped out of their sockets when they saw this. The shocking killing intent on their bodies rose even higher, and their killing intent swept through the heavenly River.

“I have to kill this brat at any cost!!!”

“I must extract his soul, refine his soul, and burn his Bones to Ashes!!!”

Chapter 1478: I’m your new underling?

Some people were terrified.”Who is he?!!”

“Kill!!!”

The 17 Giants attacked again, and all kinds of strange phenomena appeared on their bodies. There were lightning surging, divine fire rising, and even lightning piercing through the sky.

“You’re looking for death!”

Ye Chen’s eyes flashed. The edge of his palm suddenly burst with dazzling divine fire. The scorching temperature melted the surrounding void.

“Exterminate!”

“Go!” He said softly. His palm crossed the sky and pressed down. In an instant, a palm print about a thousand feet in size fell from the sky with a terrifying whistling sound.

“Not good!”

As ye Chen’s palm pressed down, the expressions of the panwu celestial sect’s seventeen people changed abruptly. Even the rest of the people turned pale.

At this moment, they could clearly feel that ye Chen’s palm was like a strike from a powerhouse at the void training stage. It was powerful enough to penetrate the sky and earth.

“Retreat, quickly retreat!!!”

Xu Yangzi roared madly. The seventeen of them used all their strength and displayed their strongest escape technique, trying to avoid ye Chen’s attack.

“A last-ditch struggle!”

Ye chen snorted coldly, his eyes indifferent. That sneer was like a thunderclap in the void, directly shattering all the mountains, stones, and wood within a thousand feet radius.

“Wall of panwu!”

At the critical moment, the 17 of them roared in unison, and layers of thick, cocoon-like things appeared on their huge bodies at a speed visible to the naked eye.

“This is the panwu celestial sect’s physical body divine ability, the panwu wall!” Someone exclaimed. “It’s said that one can pluck the stars and moon if they master it ...”

“BOOM!”

Under everyone’s gaze, ye Chen’s palm that had descended from the sky was forcibly lined up against the panwu celestial sect’s seventeen Giants.

“BOOM!”

As a loud bang that sounded like a star crashing into the ground rang out, the ground where the 17 people from the panwu immortal sect were standing collapsed over 100 feet deep.

When the smoke and dust dispersed, everyone was dead silent.

At this moment, there was no one in front of them. There was only a huge deep pit, and in the deep pit, there were golden, purple, red, and other colorful fragments, as well as pungent blood and minced meat.

Seventeen perfected divine transformation realm Giants from the panwu celestial sect had been turned into blood and meat paste by ye chen ...

One palm, just one palm.

Deathly silence. The world suddenly fell into a deathly silence.

As the pungent smell of blood filled the air, someone finally shivered and was the first to wake up. "Dead ... Dead, they're all ... Dead!!!"

"Gulp ..."

Someone swallowed his saliva with great difficulty and suppressed the shock and fear in his heart. "That ... That's seventeen people in the great circle of the soul formation stage ..."

However, no one responded to him. There was only shock and horror like a stormy sea.

He had killed seventeen perfected divine transformation realm cultivators with a single palm strike!

Didn't that mean that even if many of them at the great circle of the deity transformation stage were to encounter that palm, they would also end up the same?

Xu Yangzi, who was the only one who survived, looked at this scene with a dazed expression. He muttered in extreme fear, "How is this possible? How is this possible?"

Suddenly, his body trembled violently as if he had recalled something. He looked at ye chen with a trembling gaze. "An old monster at the void training stage, you ... You're an old monster at the void training stage?!"

As soon as he said that, everyone felt their scalps explode like a bolt of lightning on a clear day, and they almost couldn't stand still.

Jiang Ye of the great Jiang dynasty also sucked in a breath of cold air!

An old monster at the void training stage!

The one standing in front of them was an old monster at the void training stage!

However, ye Chen's face was too young. It was hard for them to believe!

"So what if I am? So what if I'm not?"

Ye chen clenched his fingers into a fist and a vast divine light bloomed from his fist. Then, he suddenly threw a punch at Xu Yangzi.

"Senior ..."

At that moment, Xu Yangzi was so shocked that he wanted to die. He couldn't help but say, "Senior, I'm willing to back out. I'm willing to back out. Our panwu celestial sect also has cultivators at the void training stage ..."

"It's too late ..."

Ye chen shook his head slightly and did not slow down his fist.

As Xu Yangzi's figure retreated explosively, he couldn't help but hammer his chest heavily. He then spat out a mouthful of blood essence and quickly used it to form a formation in the void.

"Chi ..."

At that moment, a tall old man who seemed to be a Phantom of spiritual will suddenly condensed out of the void and shouted, "Stop!"

That person seemed to be a projection from a very far place.

"Could it be ancestor panwu?" At that moment, Ji Hong and the others couldn't help but fix their eyes on the tall elder's apparition that had suddenly appeared in the void.

"It should be him. However, it's rumored that the old ghost panwu was injured a few days ago and has been in seclusion for a long time ..." Jiang Ye of the great Jiang divine dynasty furrowed his brows.

Gu Quan, who was in the camp of the Xuan Yuan eight families, said with a venomous gaze, "Old ghost panwu's projection should be able to kill this brat, right?"

Ye chen acted as if he did not see the scolding.

"Bang!"

As the sound of bones being pierced rang out, Xu Yangzi's eyes became unfocused and blood spurted out from his body. Then, he fell heavily to the ground. His physical body collapsed on the spot, and his niwan Palace was destroyed along with his primordial spirit.

No one had expected that Xu Yangzi, the sect master of the panwu celestial sect, who was a peak divine transformation realm expert, would be killed in just a few short breaths.

"Who is this person?!"

At that moment, Ji Hong, Jiang Ye, and the others' eyes fell on ye chen, their faces twitching.

The voice of the tall old man in the spiritual will Phantom was loud and furious, "How dare you kill a member of the panwu celestial sect? Who are you?!"

"Old bastard! Do you still recognize your grandfather?"

The toad on ye Chen's shoulder suddenly jumped up and roared, "This guy is grandpa's new little brother. He's here to avenge Grandpa!"

Ye chen could not help but glance at it.

"So it's you ..."

The eyes of the tall old man in the Divine Will Phantom narrowed, and his face was dignified, as if he was about to flare up. However, after a few fluctuations and distortions, he disappeared from the spot.

"Kid, don't be afraid!"

Only then did the toad shake its head as if it had not had enough. It turned back to ye chen and said, "This old man is just a projection. Moreover, his true body is injured. He doesn't dare to jump out at this time to seek revenge."

"I'm your new underling?" Ye Chen's eyes flashed.

Meeting his gaze, the toad couldn't help but shiver and hurriedly smiled. "My mistake, my mistake ..."

Only then did ye chen cast his indifferent gaze around. Wherever his gaze landed, many people immediately took a step back subconsciously.

The toad jumped up and down on his shoulder, acting like a villain. "Get lost, or I'll kill you all!"

"Whoosh!"

As soon as it finished speaking, many people immediately rushed into the distance. It was obvious that the death of Xu Yangzi and the others had greatly shocked them.

At the same time, a graceful figure shot over from the distance, revealing the faces of old ancestor yellow spring and the others.

"Fellow Daoist ye, we can't let them run away like this. We must hand over our Storage Treasures!"

Chapter 1479: You're really a F * cking talent!

"No one is allowed to leave, unless you hand over all your valuables!"

Old ancestor yellow spring and ye Wushuang looked at each other. With a flash of their bodies, they blocked many people who were about to leave with murderous intent.

This sudden scene shocked everyone.

Ye chen was slightly stunned and shook his head, not knowing whether to laugh or cry. Just as he was about to speak, he saw a powerhouse who was stopped and sneered, "You, a mere early divine transformation realm cultivator, dare to do this?"

Hearing this, the rest of the people sneered at the same time. With their eyesight, they could naturally see that old ancestor yellow spring and ye Wushuang were only at the early divine transformation realm, while there were many late divine transformation realm experts among them.

They were afraid of ye Chen's existence but not a few mere early divine transformation realm cultivators.

"Is that so?"

Old ancestor yellow spring suddenly grinned.

The next moment!

The person who spoke first only felt his vision blur, and then his entire body screamed, turning into a blood mist that filled the air on the spot. Even his soul was not spared.

Seeing this scene, the atmosphere suddenly froze.

Many people looked at old ancestor yellow spring in disbelief. The latter was only at the early divine transformation realm, but he had instantly killed a mid divine transformation realm expert!

How could they believe this?

Under everyone's gaze, old ancestor yellow spring dusted off his sleeves and said with a nonchalant smile, "If you don't hand over all your valuables today, don't even think about leaving!"

At this moment, his unruly smile, in the eyes of everyone, had an additional trace of bone-chilling coldness.

Yang Hao, who had ye Chen's support, could not help but roar, "The patriarch is right. If you want to leave here alive, you must hand over the most valuable things on you. Otherwise, I'll kill you all!"

Luo Tianya and song Qiye could not help but smile bitterly.

When they heard this, the late divine transformation realm experts' eyes turned cold and murderous. However, they immediately glanced at ye Chen who was standing beside them.

His killing intent had to dissipate. He threw an object to old ancestor yellow spring and said with a dark face, "This is my storage ring!"

After he said that, he was about to shoot away.

"Wait, take off your Dragon-shaped belt, which is a Supreme spiritual treasure!" Old ancestor yellow spring suddenly said.

"Bastard!"

"Don't you go too far!" The former was instantly enraged.

These people didn't even want to let his belt go. They were too ruthless. One must know that he had risked his life to obtain this belt from a ruin.

"Brat, kill him!"

The toad was jumping up and down on ye Chen's right shoulder.

Ye Chen's eyes flickered and he was about to attack when the man seemed to sense the killing intent. Without a word, he took off his belt and threw it at old ancestor yellow spring. He wanted to cry but had no tears. "Can this old master leave now?"

"Get lost!"

Old ancestor yellow spring sent his divine sense into the storage ring and said with a dark face, "You're at the late divine transformation realm, after all. I didn't expect you to be a poor ghost. Get lost. If I were you, I would just buy a piece of tofu and knock myself to death."

The corner of the man's mouth twitched violently, but he didn't dare to explode in anger in the end. He only snorted heavily and urged his body to fly towards the sky.

Old ancestor yellow spring looked at the crowd again and said, "You all saw it. Someone handed over the most valuable thing on him. We kept our promise and let him go. Now it's your turn!"

Some of the people in the crowd were initially unwilling to do so, but when they saw that someone had handed over their storage rings, they could not help but compromise.

"Whoosh, whoosh, whoosh ..."

In an instant, dozens of storage rings were shot at old ancestor yellow spring, who was so happy that he couldn't even close his mouth.

Yang Hao's eyes were red with envy, and he could not help but come forward and smile. "Forefather, do you want me to help you count?"

"Little bastard, get lost. When I was trying to extort you, your ancestors were still peeing in the mud." The old ancestor gave him a kick.

In less than the time it takes for an incense stick to burn, the people at the scene handed over their storage rings one after another. Most of them had left, leaving only the people of the Eight Families of Xuanyuan and the great Jiang divine dynasty.

Old ancestor yellow spring looked at them with a smile. "They've all left. It's your turn now. What do you think?"

Ji Hong and the rest of the people from the eight Xuan Yuan families had ugly expressions.

At this moment, Jiang Ye of the great Jiang dynasty stepped forward and cupped his fists at ye chen. "Senior, I'm Jiang Ye of the great Jiang dynasty. Please do me a favor for the sake of the great Jiang dynasty."

"How much is the face of the great Jiang dynasty worth?"

Before he could finish, old ancestor yellow spring interrupted him impatiently. "Today, no one's face is good. Either hand over your storage rings or leave your life!"

"How dare you be so rude to the great Jiang dynasty?!" A man wearing a golden fighting spirit behind Jiang Ye shouted.

Ye chen waved his sleeve and all the people of the great Jiang dynasty, including Jiang Ye, suddenly felt that they could not control their bodies and fell backward. "Hand over your storage rings and you can leave!"

Jiang Ye took off his storage ring with an ashen face and threw it to old ancestor yellow spring before leaving without looking back.

"We're just letting them go?"

Yang Hao stared blankly at the Golden battle suits on Jiang Ye and the others and said unwillingly, "We should have let them take off their clothes and let them go. Those clothes look so cool. If we bring tens of thousands of sets back to Earth, we'll definitely be able to create an Army of WarGods!"

Ye chen and old ancestor yellow spring looked at him with a strange expression. He scratched his head uncomfortably and smiled. "Uncle ye, why are you all looking at me?"

"You brat, you're really a F * cking talent!"

Old ancestor yellow spring looked at him in admiration. "Ruthless and shameless enough. I like him. He's suitable for the cruel cultivation world."

After hearing the words "earth", Ji Hong's eyes lit up and he smiled. "You're from earth?!!"

As soon as he said that, the other seven people looked at ye chen and the others.

"So what if it's from earth?"

Without waiting for ye chen to speak, old ancestor yellow spring spoke first, "Don't try to build a relationship with us. We still have to go through the necessary procedures."

The process that should be followed?

When Ji Hong and the others heard this, their temples twitched and they were so angry that they almost blew their top.

In the end, it was Ji Hong who forced a smile and said, "Looking at your skin color and appearance, I think you're Chinese. To be honest, the seven of us are Chinese too. We hope you can give us some face on account of our fellow countrymen."

"That's right, that's right. We're all Chinese, so we shouldn't fight against each other. Instead, we should stick together and help each other." Gu Quan, who was beside him, also smiled and said.

As soon as he finished speaking, the other six people's eyes brightened. They did not know that China had an old monster at the void training stage like ye chen. If they could win him over, it would be a great help to their own forces.

Then, Gu Quan cupped his fists at ye chen and said with great enthusiasm, "Senior, I'm gu Quan from the Gu family, one of the eight Xuanyuan families in China."

Chapter 1480: You ... You are ye nankuang?

At this point, he couldn't help but add a sentence, and said rather proudly, "To tell you the truth, our Gu family also has an ancestor at the void training stage ..."

After saying this, he looked at ye chen triumphantly, trying to see a trace of surprise on ye chen and the others' faces.

However, he noticed that ye chen and the others' expressions gradually turned cold, and they looked at him with meaningful eyes.

"You said you are a member of the Gu clan?" Old ancestor yellow spring touched his chin and looked at him with a faint smile.

"Naturally!"

Gu Quan frowned secretly, thinking that they didn't believe him. He couldn't help but say, "My Gu family is known as one of the Eight Families of the Xuan Yuan clan. I believe that no one would dare to impersonate a member of my Gu family."

"Very good!"

Old ancestor yellow spring said something he didn't understand. Then, he suddenly asked, "Do you know that Gu Xuan and Gu Qing?"

"Of course I know him. Gu Xuan is a member of the younger generation of my Gu clan. Gu Qing is my younger brother." Gu Quan said with a smile. Then, as if he had thought of something, he suddenly turned to old ancestor yellow spring and asked, "Fellow Daoist, do you know my brother?"

Even Ji Hong and the others couldn't help looking over.

"More than just knowing."

Old ancestor yellow spring grinned, revealing his white teeth. "This Gu Xuan and Gu Qing both died in our hands."

Gu Quan's face froze, thinking that he had misheard. He looked at old ancestor yellow spring with a cold expression and said, "My brother is in charge of the Yanhuang fortress, how could he die?"

"Of course we're here to break the formation of the Yanhuang fortress and kill your brother!" Old ancestor yellow spring smiled.

As his voice fell, the scene suddenly fell into a dead silence.

Gu Quan was furious. "Bastard! What ... What did you say?!"

Even Ji Hong's expression changed, "Fellow Daoist, you can't say such things. Otherwise, you'll bring great disaster upon yourself."

At this time, ye chen, who had been silent all this while, looked at Gu Quan quietly. "Your Gu family first sent Gu Xuan with a female corpse to ambush this ye, and then Gu Qing refused to let this ye enter the Yan Huang fortress. This ye and your Gu family really have fate!"

"You ... You ..."

Gu Quan's body trembled violently. He stared at ye chen as if he had discovered something unbelievable. "You ... You're ye nankuang?!"

As soon as these words came out, the entire scene instantly fell silent.

Ji Hong and the others were stunned at first. Then, as if they had recalled something, they could not help but look at ye chen with disbelief. "Ye nankuang?!"

They had also heard of ye nankuang. However, to the Eight Families of the Xuan Yuan who had been born on earth due to the alien disaster, ye nankuang was nothing more than an ant.

Who would have thought that ye nankuang, who had been neglected by them all this time, actually had the power to kill more than half of the panwu immortal sect's powerhouses in an instant?

“Are you surprised?”

Under everyone’s gaze, ye chen smiled faintly and looked at Gu Quan.””Don’t worry, this ye won’t kill you today. This ye wants you to go back and bring a message to the Gu clan. Tell them that everything your Gu clan has done to this ye, this ye will personally take it back in the future. ”

“As for the other seven clans ...”

At this point, he couldn’t help but fix his gaze on Ji Hong and the other seven.”If you seven clans wish to stand on the Gu clan’s side and attack this ye, feel free to come.”

“Get lost!”

With a wave of his sleeve, he sent out a terrifying force, which sent Ji Hong, Gu Quan, and the others flying.

Old ancestor yellow spring rubbed his chin as he watched the figures of the eight Xuan Yuan clan disappear into the horizon. He said unhappily, Fellow Daoist ye, you’ve spoiled the process. Each of the Eight Families is fatter than the last. It’ll be a great loss to let them go just like that.”

“He’s Chinese, after all. How can he be compared to the enemy from the outer realm?”

Ye chen nodded slightly.”Besides, I don’t think Ji Hong and the other seven clans are hostile to me. If I embarrass them like this, I won’t be able to answer to fellow Daoist Northern Yama and the higher-ups in the future.”

“That’s good too!” The old ancestor could only nod.

Ye chen slowly turned around and looked at the strange little tree not far behind him. It looked like a baby’s smiling face.”This trip was not in vain after obtaining this item ...”

“Soul returning wood?”

Old ancestor yellow spring’s expression changed. “It’s said that this item can bring the dead back to life. No wonder fellow Daoist ye lost his composure earlier.”

“It can make people return to life?”

Yang Hao was also shocked, and then he couldn’t help but say,””Uncle ye, doesn’t that mean that if something happens to aunt Yuhan, the soul returning wood can ...”

“If anything happens to Yuhan, this item can only keep her soul from dissipating, but it can’t revive her. After all, her physical body is almost rotten ...”

Ye chen shook his head slightly. Then, he kept the soul returning wood and transplanted it into the divine court between his brows.

Old ancestor yellow spring sighed and consoled him, “It’s good enough that he can protect his soul. After all, as long as his soul doesn’t dissipate, the next step is to rebuild his physical body.”

“Let’s go ...”Ye chen shook his head.

Just as everyone was about to leave, Yang Hao suddenly exclaimed,””Right, where’s that red skeleton?”

Everyone immediately looked around and found that the red skeleton that had been following them had really disappeared. No one had noticed when it had disappeared.

“Grandpa knows where it went!”

“So this cunning skeleton is here for that thing ...” The toad smiled meaningfully.

.....

In the middle of the tomb, there was a towering Hall.

The hall was bronze in color. After countless years, the hall seemed even more profound and ancient. On every stone slab on the ground, the marks of time could be seen.

The hall was extremely spacious. If one stood in it, one would not be able to see the end. In the middle of the hall, there were ten bronze coffins suspended in the air.

Out of the ten bronze coffins, nine of them were in a circular formation, surrounding the blood-red bronze coffin at the top. It was as if the latter was the master.

Deathly silence, desolation, and awe-inspiring aura spread out from the blood-red coffin, as if there was a peerless murderer buried inside.

It was at this moment that a rustling sound suddenly rang out in the originally deathly silent Hall. It seemed that someone was walking over.

If one were to look carefully, one would discover that less than a thousand feet away from the ten giant bronze coffins, there was a red human-shaped skeleton creeping over.

That’s right, he was tiptoeing, as if every step he took was extremely careful, like a living person doing something wrong.

“Ka ka ka ...”

The human-like red skeleton would stop and look around with every step it took. As the red soul Fire between its brows surged, it continued to walk toward the ten giant green bronze coffins.

After a while, it stretched its stiff limbs and jumped into one of the bronze coffins. Then, with the help of this force, it finally landed on the blood-red bronze coffin.

“Gah gah gah ...”

The human-like red skeleton pressed the lid of the coffin, and its mouth opened and closed. The red soul Fire between its eyebrows suddenly rose, as if it was excited.
