

## Genius 1481

### Chapter 1481: The master of the tomb, the ancient martial God!

“Thump thump thump ...”

In the quiet and decaying Hall, a red human-shaped skeleton reached out its bone claws and placed them on the lid of a blood-red bronze coffin. It seemed to be trying to pry the lid open with all its might.

Crack ... Crack ...

However, the lid of the coffin and the bronze coffin seemed to be stuck together. No matter how hard it tried, it couldn't move the lid at all. Instead, one of its hand bones broke.

Upon seeing this, the red human-shaped skeleton was so anxious that it jumped up and down, as if there was something extremely alluring within the coffin.

“Da da da ...”

At this time, the sound of footsteps slowly came from the other end of the hall.

In an instant, the red human-shaped skeleton suddenly turned its head, turning its pair of white and sunken bone eyes to look in the direction of the sound. The red flame between its eyebrows faintly emitted a trace of a breathtaking aura.

Less than three kilometers away from the main hall, old ancestor yellow spring said, “Damn Toad, are you sure the skeleton is here?”

“Grandpa is sure it's here.”

The toad on ye Chen's shoulder looked at the great ancestor with disdain. “That stupid skeleton must have taken a fancy to the soul Fire in the martial God's body and wanted to absorb it to transform itself.”

Ye chen, ye Wushuang, and the others shook their heads when they saw the man and the Beast quarreling non-stop. The man and the Beast had practically spent their time bickering from the outside to here.

“It's there!” Yang Hao suddenly pointed. “It's there!”

Everyone looked in the direction of his finger and immediately saw a red human-shaped skeleton staring at them from a thousand feet away.

Seeing that it was ye chen and the others, the blazing soul Flame between the red human-shaped skeleton's brows gradually returned to normal, as if it had put away its hostility.

As the crowd approached, they noticed the ten bronze coffins in the middle of the hall. Song Qiye cast a fireball spell to light up the surroundings.

“Why are there ten coffins here?”

Luo Tianya was shocked at first. Then, as if he had recalled something, he could not help but ask, "Could it be that this is the main burial chamber, and the master of the tomb is buried here?"

As soon as he finished speaking, Yang Hao immediately became nervous. Ever since he had entered this tomb, everything he had seen and heard along the way had caused him to feel respect and fear for the owner of this tomb.

Now that they were in front of the coffin, they were really afraid that the other party would suddenly come back to life and attack them.

"The formation of nine coffins!"

Old ancestor yellow spring immediately put away his unruly expression and stared at the ten bronze coffins. "Nine is the highest. This person must have been a Supreme figure in his life."

"No!"

However, ye chen denied his statement. He sized up the ten giant coffins and said, "This should be a soul suppression formation. The ten coffins each suppress one person's three souls and seven spirits."

Old ancestor yellow spring's expression turned serious, "you mean that the person who created this formation refused to reincarnate and wanted to keep his three souls and seven spirits? So that you can have a chance to live forever?"

"It's also possible that the other party was suppressed here by an enemy, making it impossible for him to transcend for all eternity." Ye chen said.

As soon as these words came out, even the old ancestor couldn't help but draw in a cold breath. "If that's the case, then this method is too cruel and vicious."

After that, he examined the ten coffins and finally said to ye chen, "All ten coffins have a soul-sealing formation on them. It seems that fellow Daoist ye's guess was right."

"Could it be that the one being suppressed is the master of this tomb?"

"The owner of the tomb is the martial God. He has walked the path of martial arts to its peak. How could someone suppress him here?" song Qiye's expression changed.

As soon as he finished speaking, everyone also realized this problem.

"Toad, you know Yinxu the best," Yang Hao said. "Tell me, who is it that suppressed a martial God here?"

"I don't know,"

The toad head pondered for a moment and said seriously for the first time, "I was born in the Forbidden Zone of Yinxu and was cursed by it. I can't remember things that happened too long ago."

At this time, the red human-shaped skeleton suddenly pointed at the bronze statue and began to dance.

Yang Hao now had some understanding of the former's actions and language, so he explained to everyone, "This stupid skeleton wants us to help him open the blood-red bronze coffin."

“The coffin can’t be opened.”

Luo Tianya was the first to object. “Which senior is resting here? we have already disturbed him by barging in without permission. If we were to forcefully open his coffin, it would be disrespectful to him.”

“Are you stupid?”

Old ancestor yellow spring looked at him with disappointment. “I’ve already said that the owner of the tomb was suppressed here. We opened the coffin lid and saved him. If he is in heaven, he would be grateful to us.”

As soon as he finished speaking, the red human-shaped skeleton immediately nodded, as if it understood the ancestor’s words and agreed with it.

“Wait, something’s not right ...”

“Look at this blood-red bronze coffin,” Yang Hao suddenly said. “Why are there so many mosses on it? is it moldy?”

“It’s Green hair ...”

Ye Chen’s words made him shudder. “Obviously, the being in this coffin has already turned into a zombie. Once we open it, we might encounter a martial God’s body after turning into a zombie!”

“What? Corpse transformation?”

Hearing this, Yang Hao’s face turned green. Like a rabbit whose tail had been stepped on, he quickly jumped away from the blood-red bronze coffin.

“Why is it this thing again ...”

He swallowed and said to ye chen and old ancestor yellow spring with great difficulty, “Uncle ye, why don’t we go back? I’m most afraid of this thing.”

“Look at you, you’re much more cowardly than your old man.”

Old ancestor yellow spring gave him a contemptuous look and turned to the toad. “Just how powerful is the war god?”

Everyone immediately looked at the toad.

Even though they were now in the martial God’s tomb, everyone still did not know much about the martial God. The only thing they were clear about was that so many forces had been mobilized for the sake of the martial God’s tomb.

“Martial God is a title for the ancient martial artists on earth, not a realm. Having the title of martial God means that you have reached the pinnacle of martial Dao.”

The Toad’s expression was grave. “If we have to measure it by realm, then the martial God is comparable to the void training stage. To be more precise, the martial God can sweep through all void training stage cultivators. He can even cross the vast ancient starry sky path with his physical body.”

As his voice fell ...

Old ancestor yellow spring's face twitched slightly. He was obviously shocked. He could not help but swallow and look at ye chen."Fellow Daoist ye, you're the strongest among us. Do you want to open it or not?"

Meeting everyone's eyes, ye chen looked at the blood-red bronze coffin in front of him. Just as he was about to speak, he suddenly turned his head and looked behind him.

In the deathly silent Hall, two auras suddenly rushed over and landed in front of everyone in the blink of an eye.

### **Chapter 1482: Fang Ziyue of Tianyuan trading company!**

The two figures were a man and a woman. The woman in the lead was about twenty-three or twenty-four years old. She wore a bright red dress and had a graceful figure. Her curves were moving. Her black gem-like eyes were full of intelligence.

The man behind him was an old man in a gray robe with a walking stick in his hand. His face was extremely old, as if he was a dying man, but his turbid eyes were flashing with a bright light.

Ye Chen's eyes were fixed on the old man in gray.

Even though the latter did not have any energy, ye chen could still feel a trace of intimidation from him.

The void training stage!

Old ancestor yellow spring narrowed his eyes and sent a message through divine sense."Fellow Daoist ye, I'm afraid these two people have extraordinary identities."

Ye chen nodded without a word.

The woman in red glanced at ye chen and the others indifferently before fixing her gaze on the blood-red bronze coffin. Without turning her head, she said,""Elder ku, is this the place?"

Hearing this, the grey-robed old man behind her immediately nodded his head respectfully,""Young lady, this is the tomb of the war god!"

"The heaven battling martial God!"

Ye chen and the others also knew the name of the owner of the tomb.

To ye Chen's surprise, the old monster at the void training stage addressed the woman in red as 'young lady'. It was clear that the latter's background verified old ancestor yellow spring's guess.

The woman in red nodded slightly. Then, under everyone's gaze, she took a step toward the blood-red coffin, obviously to open it.

At this moment, a lazy voice sounded,""Little girl, we were the ones who saw this place first."

The woman in red stopped and turned back to look at old ancestor yellow spring. She said,""Just because you saw it first, does that mean it's yours?"

Even the originally kind-looking old man in gray robes narrowed his eyes as he sized up Huang Quan. When his gaze fell on ye chen, he was first stunned, and then a hint of surprise flashed in the depths of his turbid eyes.

“What I saw must be mine. No one can snatch it. Whoever snatches it will die!” Old ancestor yellow spring sneered.

“Is that so?”

The woman in red was shocked. Just as she was about to flare up, she saw the gray-robed old man’s lips move slightly, as if he was communicating with her through divine sense.

After a moment, the woman in red’s expression changed slightly. She looked at ye chen in surprise and doubt. “I’m Fang Ziyue from Tianyuan trading company. May I know your name, senior?”

“Ye chen!” Ye chen smiled faintly.

“So it’s senior ye!”

Fang Ziyue smiled and said slowly, “To tell you the truth, I have only come here for one of the items in the coffin of the heaven battling martial God. As for the rest, I will not fight with senior for them.”

“How do you know that we’ll be willing to give you what you want?” Old ancestor yellow spring didn’t give her a good look.

Hearing this, Fang Ziyue frowned slightly and finally said, “This item is not a treasure and is useless to everyone. To express my apology, I am willing to give you a million spirit stones as compensation.”

She raised her hand slightly and a storage ring shot toward ye chen. “There are 500000 spirit stones in here. Consider it a token of my sincerity!”

Old ancestor yellow spring quickly took it and scanned it with his divine consciousness. Then, he nodded slightly to ye chen.

Seeing this, everyone was stunned.

To give away a million spirit stones at once, what a generous gift!

After feeling her sincerity, ye chen said lightly, “If after opening the coffins, the things you need are useless to us, we can give them to you.”

“Many thanks!”

Fang Ziyue smiled and immediately walked to the blood red coffin. She stretched out her slender hand and formed a strange seal, then slammed it heavily on the coffin cover.

Just as her hand was about to touch the coffin lid, the green hair covering the coffin lid suddenly expanded and immediately turned into countless sharp steel needle-like objects, ruthlessly stabbing into the former’s palm.

The sharp pain from her palm stunned Fang Ziyue. She immediately looked down at her palm and found that a lot of blood was flowing out of it, and a few drops even fell on the lid of the blood-red bronze coffin.

In the blink of an eye, the blood on the coffin lid disappeared, as if it had been absorbed by the coffin lid.

“Miss, are you alright?”

Seeing this, the gray-robed elder behind him stepped forward.

Fang Ziyue endured the pain and looked at the coffin cover covered with green hair with her brows furrowed, “Elder ku, my hand has been pierced by the corpse hair!”

The grey-robed old man’s expression changed drastically.

Her miss had been practicing martial arts and cultivation since she was a child, and she had cultivated both martial arts and Dharma. Her body had long reached the level of a treasured body, but it had been pierced by a mere corpse hair.

As the two of them spoke, ye Chen’s eyes were fixed on the coffin lid. He could feel that after the coffin lid absorbed the blood, there was a trace of terrifying power coming from it.

“Quickly retreat!!!”

Thinking of this, he suddenly shouted a reminder.

“Boom ...”

Almost at the same time he finished speaking, the motionless blood-red bronze coffin suddenly shook violently.

“Not good!”

The grey-robed old man also noticed the change. He immediately grabbed Fang Ziyue and retreated frantically.

“Bang!”

At that moment, the blood-red bronze coffin suddenly exploded, and endless Scarlet blood Qi and extremely condensed corpse Qi gushed out.

The next moment!

From the mist that was a mixture of blood Qi and corpse Qi, a large claw covered in long green hair suddenly reached out, accompanied by a mighty roar that sounded like a murderer’s.

The dark green claw’s target was song Qiye!

“Retreat!”

Ye chen waved his sleeve and immediately pulled everyone back. At the same time, he took a step forward and rubbed his fingers together like a knife, slashing at the dark green claw.

Clang! Clang!

His attack was enough to kill a cultivator in the soul formation consummate level. However, when it landed on the giant dark green claw, there was a sound of metal colliding, accompanied by dazzling sparks.

Borrowing the force of this blow, ye Chen's figure once again retreated in front of the crowd. Then, he fixed his gaze on the dark shadow in the fog.

As the mist gradually dispersed, a figure dyed red by blood slowly walked into everyone's sight.

Its body was extremely tall and straight, and it was one-third taller than an ordinary person. Its entire body was covered in green hair that was like steel needles, and its eyes were like two heavenly swords that could suck one's soul. It was like a god that walked on earth.

As soon as it appeared, ye chen felt the pressure. The gray-robed old man's expression changed drastically and his pupils shrank.

"The ... The corpse really changed!" Yang Hao was so shocked that he cried out on the spot and hid behind ye chen, not daring to come out.

"There's one more!" Old ancestor yellow spring shouted.

As soon as he finished speaking, he saw another black shadow Walk out of the thin fog. However, the other party was a human-shaped skeleton.

There was also a ball of fire burning between its brows, but it was infinitely close to gold.

### **Chapter 1483: intruders of the tomb, die!**

In the spacious hall.

Under everyone's terrified gazes, a human-shaped skeleton that was dyed red by blood slowly walked out after the martial God's corpse.

The blood-colored skeleton stopped in its tracks and slowly raised its head. A blood-red light flickered within its empty bone eyes. Then, an ice-cold voice was emitted from its mouth, "Intruders of the tomb, die!!!"

"How come there's another one of these?!!"

Seeing this, everyone's expression changed.

The soul Fire between the bloody skeleton's eyebrows was almost golden. As the soul Fire flickered, it seemed to release a terrifying soul attack, causing the heads of Yang Hao and the others to almost explode.

After turning into a corpse, martial God Zhan Tian's eyes were extremely terrifying. His hair was stuck together by his thick blood, and a terrifying aura was surging around his body.

"Ah!" Even song Qiye could not help but groan.

Seeing this, ye chen waved his sleeve and completely blocked the spiritual attack. His calm eyes were somewhat serious.

The toad had once said that a martial God could fight cultivators at the void training stage. Even though the one in front of them was only a corpse of a martial God, his might and combat strength were still there.

What ye chen was most afraid of was that other than the martial God's body after its corpse transformation, the aura of the bloody skeleton was also infinitely close to the void training stage.

"I understand, I understand!"

In such an emergency, the toad on ye Chen's shoulder suddenly said,"It is said that the martial God Zhan Tian once had a close female friend. In order to save the martial God Zhan Tian, her soul was shattered, and only her physical body was preserved."

After saying that, it suddenly looked at the bloody skeleton,"It must be the martial God's lover, and this soul-suppressing array is used to seal its broken soul."

"I say, Toad, what's the point of fussing over such things at a time like this?"

"Let's think about how we're going to face these two savage creatures. Can't you see that they're pouncing at us?"Yang Hao said, feeling like crying but having no tears.

"That's your business. Grandpa doesn't know how to fight. " The toad rolled its eyes and looked like it was enjoying a good show.

"It's all that stupid girl's fault. "

Old ancestor yellow spring complained to Fang Ziyue,"If it wasn't for her blood essence dripping onto the coffin lid, how could it have caused the corpse to come back to life?"

Hearing this, Fang Ziyue, who had retreated to the side, bit her red lips, as if she felt a little guilty, and then subconsciously wanted to step forward.

"Miss, you can 't!"

"These two are as powerful as cultivators at the void training stage," the grey-robed old man said hurriedly."You're no match for them. I think it's better for us to leave."

"Old thing, you're really shameless!"

Old ancestor yellow spring immediately cursed,"You guys caused this trouble and now you want us to clean up your mess? Just you wait, when I get out, I'll definitely exterminate your bullshit Chamber of Commerce!"

The grey-robed old man's face turned cold.

Tianyuan trading company came from outside the region and had an inseparable connection with countless star areas. It was not wrong to describe it as a giant in the star areas. Even the existence of the absolute beginning dojo did not dare to be rude to Tianyuan trading company.

“Elder ku!”

Fang Ziyue suddenly stopped him and said, “Make your move. I’m the one who caused this mess, and I, Ziyue, am willing to take responsibility for my actions. Besides, we must get that thing today!”

“Oh well ...” Elder ku could not help but smile helplessly.

Thump ... Thump ... Thump ...”

At this moment, the tall and burly martial God walked toward the crowd. His eyes were terrifying, like two sharp swords that pierced through the clouds.

At the same time, the red skeleton’s eyes flickered with a red light. Suddenly, it reached out its blood-red bone palm and attacked song Qiye. It had clearly sensed that Yang Hao was the weakest among them.

“All of you, retreat to the side!”

Ye chen took the lead and pulled Yang Hao over from a distance. Then, with a wave of his hand, he immediately pushed everyone, including old ancestor yellow spring, back a thousand feet.

At the same time, elder ku took a step forward and his figure immediately transformed into a strong wind and landed beside ye chen. A vast pressure swept out from his body like a volcanic eruption.

The power made old ancestor yellow spring and the others in the distance feel short of breath, and they were shocked.

Elder ku looked at the two people who were approaching him and said without raising his head, “Fellow Daoist, how about we each take one?”

These words seemed to be asking for ye Chen’s opinion, but they had not received ye Chen’s consent. Then, ye Chen’s aura rose sharply. He stood still and fearlessly charged toward the martial God’s corpse.

“Heaven battling martial God, if you were at your peak, even I would be afraid of you!”

Elder ku’s eyes glowed with a golden light as he said, “It’s a pity that you’re just a body controlled by a resurrected consciousness!”

As if he understood what he said, the eyes of the martial God turned green, and the hair on his body started to grow.

“Roar!”

With a deafening roar that sounded like the roar of an ancient giant beast, the martial God Zhan Tian’s corpse suddenly reached out his hand towards elder ku, as if he wanted to tear him apart.

“Good!”

“Die!” Elder ku shouted as he struck out with his palm, which turned into a giant Golden Palm.

“One each?”

Looking at elder ku, who had suddenly engaged in an earth-shattering battle, ye Chen's expression was a little stunned. "You picked the strongest one with an even more abnormal physical body and left the weaker one for me. Are you looking down on me or are you overconfident?"

"I just hope you don't regret it!"

He looked at elder ku with a smile that was not a smile, then retracted the smile on his face and faced the blood-red skeleton that was charging at him.

"BOOM!"

The red light in the bloody skeleton's eyes flickered violently. As the dark red bone claw reached toward ye chen, it shattered the surrounding space.

"I'll break your bones!"

Ye chen chuckled, then clenched his five fingers into a fist. With a surge of dazzling divine light, he simply threw a punch.

The bloody skeleton was not flustered. It did not Dodge, but instead, it turned around and blocked the bone claw in front of its chest.

"Bang ..."

Ye Chen's punch landed heavily on its bone claw. The seemingly rotten and fragile bones were actually extremely hard. Only the terrifying force had forced it back a dozen steps.

"What tough bones!"

Ye Chen's calm eyes flashed with surprise. "Is this the special feature of the undead creatures?"

"So strong!"

In the distance, when Fang Ziyue saw that ye chen had forced back an undead creature comparable to the void training stage with one punch, a trace of surprise also flashed in the depths of her beautiful eyes.

Previously, elder ku had told her that ye chen was most likely an old monster at the void training stage. If she did not believe it at first, now she had to believe it even if she did not want to.

.....

#### **Chapter 1484: He's that strong?**

"Roar!"

Within the violent Hall, the aura rolled back.

After receiving ye Chen's attack, the bloody skeleton seemed to be completely enraged. The bloody glint in its eyes suddenly intensified and then turned into a red light that swept toward ye chen.

Its blood-colored skeleton was comparable to a Supreme killing weapon and was extremely hard. Any magic weapon that went against it would be instantly crushed into powder.

“What a strong bone!”

Old ancestor yellow spring couldn't help sighing in the distance. “This person must have been a brutal person when he was alive. He must have cultivated his physical body to an almost abnormal level.”

“Why are his bones so hard?” Yang Hao asked, puzzled.

“You don't know this,” old ancestor yellow spring said. “A drop of blood from a powerful martial cultivator can burn mountains and boil the sea. A strand of hair can cut a thousand feet in radius. Their entire bodies have been cultivated into indestructible golden bodies. They can be said to be indestructible for thousands of years!”

“It turns out that martial cultivators are so strong!!!”

Upon hearing those words, Luo Tianya's eyes lit up.

“Roar!”

At the same time, after being sent flying by ye chen, the bloody skeleton got up and launched another attack at ye chen.

It did not make any unnecessary movements. It merely extended its sharp bone claws and clawed at ye Chen's chest with a dazzling red light.

“Again?”

“Do you really think that I can't do anything to you?” ye Chen's eyes flashed.

He revealed his killing intent and raised his hand to summon the huge five elements heavy prison peak.

“Roar!”

In an instant, a huge mountain fell from the sky and heavily pressed the bloody skeleton onto the ground. At that moment, the entire Hall trembled violently, and many god statues and altars collapsed one after another.

The bloody skeleton was suppressed to the point where it could not move at all. It struggled with all its might, and the soul Fire between its brows grew even more intense, as if it could explode at any moment.

“Your Soul Fire hasn't advanced to gold in the end.”

Ye chen lowered his head and looked at it quietly, not caring if it could understand his words. “Otherwise, if this ye wants to suppress you, I might have to use some more methods!”

“Who is this person?”

Seeing how easily ye chen had suppressed the bloody skeleton, Fang Ziyue's beautiful eyes flashed with shock. “He has such combat power at such a young age. Only the divine sons of the great stars can be compared to him!”

“Waa ...”

Almost at the same time, an extremely miserable sound of vomiting blood came from the distance. Then, under everyone’s gaze, an old figure flew back heavily.

The figure was in a rather sorry state at the moment. His long hair was in a mess, and there was a fist-sized bloody hole in his chest. Blood was flowing out of the wound.

“Elder ku!”

Fang Ziyue’s expression changed when she saw the other party’s face clearly. Apparently, she did not expect elder ku to be no match for the heaven-battling martial God’s corpse.

At this moment, the long hair of the martial God of War stood up like steel needles, and his eyes seemed to be able to split the sky and earth.

It was holding a resplendent flying sword in its hand.

“Crack!”

With a slight squeeze, the flying sword shattered into dust. Elder ku spat out another mouthful of blood, his expression extremely dispirited.

“Young lady, this fiend is even more terrifying than I thought. I’m afraid that only an old monster in the late-nascent Soul Stage can suppress it.”

Ignoring his injuries, elder ku rushed to Fang Ziyue’s side and smiled bitterly, “We can’t stay here for long!”

Hearing this, Fang Ziyue’s pretty face changed slightly. She could not help but look at ye chen and the others. “Senior, I Think You Should Leave with us. Tianyuan trading company will compensate you for your losses.”

She knew that she was the cause of today’s incident. Seeing that even elder ku was no match for the martial God’s body, she could only persuade ye chen and the others to leave with her.

Elder ku also looked at ye chen and advised, “that’s right. Fellow Daoist, this corpse was a martial God when he was alive. After his death, his body has undergone another mutation. He’s even stronger than before ...”

Before he could finish, he saw ye chen advance instead of retreating. He actually took a step forward and slowly walked toward the martial God’s body.

“What is he doing?”

Fang Ziyue was taken aback and found it unbelievable. Then, she seemed to have thought of something and said hurriedly, “Senior ye, you’re no match for it. Come back!”

She was well aware of elder ku’s methods. Even elder ku was not a match for the martial God’s body, let alone ye chen.

“Fellow Daoist ye is still too young!”

Elder ku shook his head and smiled sadly. "This kun's body is extremely terrifying. It's hard to damage it with magic treasures. It's like a walking killing machine ..."

Even old ancestor yellow spring and the others were a little nervous. After all, they had witnessed the terrifying power of the martial God's body.

"You were a martial God when you were alive, so your strength must be your physical body. Today, I will test how strong your physical body is ..."

Ye chen said calmly as he walked toward the martial God's body. His eyes flashed with confidence and power.

As if sensing the threat from him, the martial God's eyes suddenly lit up. He was like a giant cauldron, floating between heaven and earth.

Fang Ziyue's eyes moved back and forth between ye chen and the martial God's body. She frowned and said, "Elder ku, how long do you think this senior ye can last in its hands?"

"I lasted more than two hundred moves ..."

Elder ku pondered for a moment before saying in a deep voice, "As for fellow Daoist ye, I don't think he'll be able to exchange more than 100 moves ..."

"He's that strong?" Fang Ziyue was shocked.

"BOOM!"

In an instant, two terrifying auras exploded in the hall. Then, everyone saw ye chen and the martial God's body rush toward each other like two huge stars colliding.

Ye Chen's entire body emitted a dazzling divine light, like a burning divine fire.

The martial God's body had a terrifying look in its eyes. Its entire body was covered in green hair that looked like steel needles, and its monstrous and brutal aura almost shook the sky.

"Thump ..."

The two people's attack was like shocking the heavens and earth, making ghosts and gods cry. The heavenly wind blew, and a large area of the entire Hall actually collapsed with a loud bang.

This was the purest collision of physical bodies, but the consequences were too terrifying. It was as if the entire void was forcibly wiped away.

"What a terrifying power ..."

Elder ku sucked in a breath of cold air and protected everyone, preventing them from being affected by the power.

When the bright light and the mist dissipated, everyone saw a body covered in green hair being sent flying back, trembling violently.

Meanwhile, ye chen was still at the same spot where he had started. He did not move at all. The only thing he felt was a violent surge from his physical body.

The result of their first confrontation was obvious. Martial God Zhan Tian, who claimed to have reached the peak of the ancient martial arts, was at a disadvantage.

“He actually forced martial God Zhan Tian to retreat?!!”

At that moment, a cry of surprise broke the dead silence. Then, Fang Ziyue covered her red lips with her hand, looking at the scene in disbelief.

### **Chapter 1485: A great physical collision!**

“This ... How is this possible?!!”

Elder ku was so shocked that his eyes almost popped out. He could not help but gasp and looked at ye chen in shock.

“This kid’s physical body is so terrifying!!!”

“Dharmic-martial arts dual cultivation? he must be dharmic-martial arts dual cultivation?!!”

“Who is this person? Why have I never seen or heard of it before?”

“.....”

In an instant, countless thoughts burst out like a tide, flashing madly in his mind.

“Isn’t this guy’s physical body a little too abnormal?”

The toad, who was hiding at the side and watching the battle, was also shocked. Its beady eyes rolled around non-stop.”Even the heaven battling martial God was defeated. Is this guy a terrifying existence that came out of the Forbidden Zone?”

Ye Chen’s expression was calm. He looked at the martial God’s body that was sent flying and said,“Your physical body is the strongest I’ve ever seen in this world. Unfortunately, you still haven’t walked out of your own Dao!”

“Dao?”

The martial God’s body stood up with great difficulty. A hint of confusion flashed across his Scarlet eyes, as if the most primitive memories of this body had been touched.

However, he was only at a loss for a moment. In the next moment, flames suddenly bloomed from his body, as if Heavenly Fire was burning the Prairie.

Not knowing if it was an illusion, everyone heard the cry of a Phoenix coming from the martial God’s body.

“Whoosh ...”

In an instant, a red light shot out from the martial God’s body and turned into a red Vermillion Bird.

The Vermilion bird’s body was surrounded by divine fire. It was sacred and majestic, like a divine beast that stood tall in the world.

Seeing this, Yang Hao immediately said, "What's that?"

"The martial God Dharma power! This is the martial God Dharma power!"

Elder ku took in a cold breath and introduced, "It's said that there's an extremely ancient body-tempering technique on earth, which uses the blood of the true spirit to Polish the acupoints all over the body. Every time an acupoint is cleared, one can obtain the power of the true spirit!"

At this point, he couldn't help but stare at the Vermilion Bird projection of the martial God's body. "It seems that this heaven battling martial God had once offered the blood of a Vermilion Bird as a sacrifice."

"Doesn't that mean that he killed the Vermillion Bird?" Yang Hao was shocked.

"Boom boom boom ..."

Although the Vermilion Bird was only an illusory image, it was bright red and vivid. Its huge wings almost covered a radius of a thousand feet.

"Have you been forced to use your physical body Dharma?"

Ye Chen's eyes flashed, then he said softly, "True spirit nine transformations!!!"

"Ancient demon ape body!"

Under everyone's gaze, ye chen turned into a red ray of light and soared into the sky. Upon closer inspection, the red ray was a three-eyed ape about ten feet tall.

Black demonic fire burned around the ape's body, and its eyes were like blazing lanterns. A violent and brutal aura emerged from the vertical eye between its brows.

That kind of power shook everyone until they were speechless.

"Second brother?"

"No, it's not second," the toad said with a grave expression. "Second has red hair all over his body. He's not that terrifying. It's just that his aura is comparable to that of eldest and second ..."

As ye chen transformed into the three-eyed demon ape, the temperature of the entire Hall suddenly rose. The overwhelming ferocity immediately made the martial God feel threatened.

"BOOM!"

The two of them attacked again. This was not just a physical collision, but also a bombardment of bloodlines between the Vermilion Bird and the demonic ape.

The martial God's body and the Vermilion Bird Dharma form had fused into one. At times, he revealed his human form and at other times, he transformed into the Vermilion Bird. On the other hand, ye chen transformed into a muscular man and then into the three-eyed demon ape.

The demonic ape let out a long cry into the sky, and the Vermilion Bird screeched in the nine Heavens.

This was an earth-shattering collision, causing the entire Hall to shake, as if it could collapse at any time.

“What an intense and terrifying battle!”

Elder ku witnessed all this and could not help but exclaim in shock, “If these two people lived in the same era, they would definitely cause an unprecedented conflict!”

Suddenly, he turned to Fang Ziyue, “My lady, if fellow Daoist ye can retreat from this battle unscathed, Tianyuan trading company will definitely make friends with him. As long as he is given time to grow, he will definitely be able to shine in the heavens one day!”

Fang Ziyue’s expression changed when she heard this.

She knew best what a powerhouse who could illuminate the heavens represented!

“Break!!!”

Ye chen strode through the air as if he was taking a stroll. The three-eyed demon ape’s vertical eye suddenly shot out a ghostly light, causing the entire void to explode as if the sky was about to collapse.

“The victor is about to be decided!”

Seeing this, everyone’s expression froze.

In the face of ye Chen’s attack, the martial God’s body leaned to the side out of instinct. However, the ghostly light still brushed past its right arm and it exploded.

At the same time, ye chen took a step forward and threw a shocking punch.

“Bang!”

The martial God’s body subconsciously blocked with its left arm. Crack! Its remaining arm was fractured on the spot. Ye Chen’s punch did not slow down and finally landed on its chest, piercing through it.

“Bang Bang Bang ...”

The martial God’s body crashed heavily into the ground, shattering many of the Great Hall’s cornerstones in succession. Dazzling golden blood splattered everywhere.

The martial God’s body flew and landed on the ground. His head drooped to the ground, and his blood sprayed into the sky. The blood emitted a golden divine light, and it was extremely bright.

“Roar!”

Upon seeing this, the bloody skeleton that was being suppressed by the five elements heavy prison peak immediately let out a shrill roar.

“He’s defeated! The body of the martial God has been defeated?!!”

At that moment, everyone, including elder ku, was dumbfounded, as if they had been petrified.

No one was more shocked than elder ku. He had been in the void training stage for thousands of years, but in the end, he was no match for a young man like ye chen?

Thinking of this, he could only take a deep breath and smile bitterly. “This kid is truly terrifying ...”

Fang Ziyue also stared at ye chen in a daze, her soft chest heaving up and down due to her excitement. The man in front of her had killed a martial God!

At this moment, she couldn't help but recall what elder ku had said earlier. She couldn't help but Mutter, ""Perhaps he can really illuminate the heavens!!!"

"F \* ck, perverts, they're all perverts ..."

The corner of the Toad's mouth twitched as he cursed, ""The boss is a pervert, the second is a pervert, and even this guy is a pervert. Are you going to let this Toad live?"

After a brief moment of silence, elder ku finally took a few steps forward and cupped his fists at ye chen. "Fellow Daoist, you have an invincible body and are comparable to the martial God. I'm impressed!"

"Congratulations, senior ye!"

Fang Ziyue also collected her emotions and bowed to ye chen in a very formal manner. "I still have to thank you for today. Otherwise, I really wouldn't know what to do."

"It's fine. This ye is only doing it for myself. "

Ye chen smiled faintly. Just as he was about to say something, a red shadow suddenly flashed in front of him and rushed toward the bloody skeleton that was suppressed by the five elements heavy prison peak.

### **Chapter 1486: all of you have to die, not a single one can escape!**

When ye chen defeated the martial God's body, it was a shocking scene. However, this atmosphere was broken by the red figure.

Under everyone's gaze, the red human-shaped skeleton was actually charging toward the bloody skeleton that was being suppressed by the five elements heavy prison peak.

"What is it doing?" Yang Hao asked subconsciously.

"This stupid skeleton is obviously trying to devour its Soul Fire!"

The toad and old ancestor yellow spring spoke in unison.

Seeing this, ye chen frowned but did not stop it. Instead, he quietly watched as the red human-shaped skeleton approached the bloody skeleton that was suppressed on the ground.

"Roar! Roar! Roar!"

The bloody skeleton roared like thunder as if it was still immersed in the reality that ye chen had defeated the martial God's body.

After the red human-shaped skeleton got close to the bloody skeleton, a bright and Crimson light bloomed from the soul Fire between its eyebrows. Then, it wrapped around the bloody skeleton like a tide.

“Roar!”

At that moment, the bloody skeleton, which was suppressed on the ground, roared even more ferociously. It seemed to have sensed the danger and tried to break free from the five elements heavy prison peak.

Crack, crack, crack ...

The human-shaped skeleton ignored its resistance and was extremely excited. It opened and closed its mouth, desperately swallowing the soul Fire between the bloody skeleton’s eyebrows.

“You ... It’s you ...”

The blood-red skeleton trembled as if it had recovered some of its memories. It looked at the human-shaped skeleton with a complicated expression. “It’s you, you ... You actually used this kind of method ...”

Hearing this, the red human-shaped skeleton paused for a moment. A trace of red light lit up in its empty eye sockets, as if it was at a loss.

However, in the next moment, it shook its head and began to devour again.

Elder ku’s pupils contracted when he saw this. “An undead creature that can devour Soul Fire?”

“Elder ku, you’ve met him before?” Fang Ziyue frowned.

Everyone immediately looked at elder ku.

Elder ku took in a deep breath and said, “When I was young, I once saw an undead creature with my master. It was just like this one, able to devour Soul Fire of the same level to evolve itself.”

At this point, he shook his head slightly and said, “That’s because the undead creature set off a bloody storm in the spiritual realm. Many big sects and Holy Lands were destroyed by it. In the end, it was only suppressed by the joint efforts of several existences at the Mahayana stage. Even so, it still couldn’t be obliterated!”

“Even the combined forces of the great vehicle stage cultivators couldn’t kill it?”

Upon hearing this, everyone except ye chen sucked in a cold breath. Their eyes were filled with extreme shock.

They were very clear about what the great vehicle stage was. It was almost the existence closest to the true immortal, and it was not an exaggeration to call it the strongest under the immortal world.

However, even such existences couldn’t kill a so-called undead creature when they joined forces?

“Not bad!”

“That undead creature has been suppressed for countless years,” elder ku said with a grave expression. “It’s said that even now, it still needs a cultivator at the great vehicle stage to suppress it with the help of the formation and the devil-subduing curse.”

What no one noticed was that after hearing elder ku's words, ye Chen's originally calm face suddenly flashed.

What everyone did not know was that the undead creature that was suppressed by elder ku was called the demon ghost and was ye Chen's sworn brother.

Back then, ye chen had wandered from earth to the cultivation world and ascended all the way to the spirit realm. In order to find the Return To Void celestial liquid to break through to the great vehicle stage, he had resolutely stepped into the demon Realm. During this period, he had fought with the demon ghost and became friends.

However, since then, ghost hunter had been separated from him.

Ye chen had thought that the demon ghost was still in the devil realm. He did not expect to hear from elder ku that this fellow was actually suppressed in the spirit realm.

"With the demon ghost's power, only a true immortal can kill it. How can a few cultivators at the great vehicle stage suppress it?"

Ye Chen's eyes turned cold. "Unless ... A nine tribulation bodiless celestial attacked in spite of the heavenly Tribulation!"

Cultivators at the crossing calamity stage would experience the 9-in-9 Heavenly Tribulation before entering the great vehicle stage, accompanied by the invasion of extraterrestrial demons.

If one successfully passed it, he would step into the great vehicle stage and sense the power of the immortal world. After ascending to the immortal world and undergoing the transformation of the immortal pool, he would be able to transform his true essence into immortal essence and be considered an immortal.

However, if dujie xiuzhenists fail to pass the Tribulation, some of them will be killed on the spot, while a very small number of capable people will become loose Immortals.

The so-called individual Immortals could be understood as low-level Immortals scattered in the human world. They were complicated existences between Immortals and those at the great vehicle stage. They were destined to have no hope of becoming Immortals, but they were stronger than cultivators at the great vehicle stage.

Although loose Immortals were stronger than great vehicle stage cultivators, they couldn't easily make a move. After all, they could survive the heavenly Tribulation, which was considered cheating. Once their aura was exposed, they would be locked on by the heavenly Tribulation again, which would lead to unimaginable consequences.

Thus, all the itinerant Immortals would either fall into a deep sleep or find a strange place where the heavenly Tribulation could not sense them to cultivate.

The strength of loose Immortals is divided by the number of heavenly tribulations they have passed, from 1st to 9th tribulation.

“9th tribulation loose Immortals are all a bunch of old fageys who are afraid of death. It seems that the immortal world has passed down an imperial decree for them to attack the demon ghost despite the power of the heavenly Tribulation ...”

Ye Chen’s eyes turned cold.”With the amulet, that’s why these old farts dare to come out in the open. It seems that after the chaos in the immortal world, I’ve implicated the demon ghost.”

Thinking of this, he couldn’t help but sneer,“”Very good. When this ye reaches the spiritual realm, those old farts who attacked back then will all die. Not a single one will be able to escape!”

As soon as elder ku finished speaking, everyone turned to look at the red human-shaped skeleton that was devouring the soul Flame of the blood-colored skeleton.

The soul Fire between the eyebrows of the bloody skeleton that was suppressed on the ground became dimmer and dimmer, and its struggle became weaker and weaker.

On the other hand, the soul Fire between the red human-shaped skeleton’s eyebrows was as bright as a small sun, making it impossible to look at it directly.

Crack ... Crack ...

In the end, the bloody skeleton fell heavily to the ground. Its originally extremely hard bones were shattered into powder, and it completely lost its consciousness.

The soul Fire on the red human-shaped skeleton’s glabella turned from red to purple at a speed that could be seen by the naked eye. In the end, it was almost half silver.

The mercury-like Soul Fire was like a tide, and it began to cover its skull.

In an instant, a half-silver light wrapped around its entire skeleton, as if every bone had turned silver.

“It evolved, it evolved!”

“This stupid skeleton devoured the soul Flame of the former and evolved itself,” the toad said with narrowed eyes.”Its current strength is probably no lower than the soul formation stage!”

“Isn’t this too fast?!!”

Yang Hao, who had witnessed the evolution of the silver humanoid skeleton, was dumbfounded.”When we first met it, it was only equivalent to the foundation establishment stage!”

#### **Chapter 1487: The five elements heaven-connecting Lotus!**

The rest of the people were shocked.

It was too fast!

In less than a day, the little skeleton they encountered had grown into an undead creature comparable to the soul formation realm!

“It’s normal!”

Ye chen looked at the half-silver human-shaped skeleton and said, "This is the characteristic of undead creatures, especially a heresy under the heavenly Dao. As long as it is devoured by a high-level Soul Fire, it is normal for it to grow to the level of the great vehicle stage overnight."

Hearing this, Yang Hao suddenly felt that his heart couldn't take it, as if it had been hit. "Is the skeleton that cool? Then I'd rather be a skeleton."

"You really dare to think about it, kid."

"Do you think it's that easy to devour Soul Fire?" old ancestor yellow spring said. "If fellow Daoist ye didn't suppress the bloody skeleton today, how could this stupid skeleton devour its Soul Fire so easily?"

"That's right, this is an opportunity!"

Even elder ku couldn't help but say, "if fellow Daoist ye had killed the former on the spot, the soul Fire wouldn't have existed, and the latter wouldn't have evolved."

"Moreover, the process of devouring a Soul Flame is extremely dangerous. If you're not careful, you'll be the one who takes the initiative."

Ye chen glanced at Yang Hao and said with a faint smile, "Even its spirituality would be completely destroyed ..."

Yang Hao immediately swallowed his saliva and shook his head like a rattle. "Then forget it. It's good to be a human. After all, my Yang family still hopes that I can carry on the family line ..."

"Pfft!" As soon as he finished speaking, Fang Ziyue burst out laughing, not knowing whether to laugh or cry.

"Ka ka ka ..."

As they were talking, the half-silver human-shaped skeleton that had undergone a transformation suddenly turned around and slowly walked toward ye chen.

At this moment, it was no longer as ordinary as it was before. It was as if it had a life of its own, and its skeleton was shrouded in a half-silver halo. It looked extremely solemn, like an immortal God.

Although it was only at the mid divine transformation realm, it gave off an invisible sense of oppression to many of the people present. It was as if the depths of their souls would tremble when it looked at them.

Ye Wushuang's eyes flickered when he saw the former walking toward ye chen. He stood in front of ye chen. "Big brother ..."

At the same time, the entire Hall fell into a dead silence.

"What does it want to do?"

Song Qiye stood beside ye chen and said coldly, "Could it be that they want to attack us?!"

"This stupid skeleton isn't going crazy, right?" Even the toad had a strange look on its face. After all, ye chen was an existence that could even cut down the martial God's body.

Faced with everyone's cold gazes, the semi-silver skeleton did not slow down and continued to walk toward ye chen.

"All of you, back off. It has no hostility towards me!"

Ye chen waved his hand to signal for everyone to back off. Then, he looked at the half-silver skeleton that was walking toward him and said,""Congratulations!"

The silverish skeleton looked at him quietly for a while. Then, it imitated a living person and extended its two silverish skeletal arms to cup its fists at ye chen. It opened its mouth and said,"Thank ... Thank you ..."

Its voice was very deep, like the voice of a middle-aged man who had just passed middle age. Because it was the first time it spoke, its tone was very stiff.

Seeing this, Yang Hao couldn't help but shout,""F \* ck, it can actually speak. It's really a spirit?"

Hearing this, the half-silver skeleton scratched its head in an extremely simple and honest manner. It then turned around and opened its arms to hug Yang Hao.

"Big brother, what are you doing?"

"Let me go ..."

"Help, uncle ye ..."

Under everyone's gaze, the silver skeleton ignored Yang Hao's resistance and gave him a bear hug. Although it didn't use much strength, Yang Hao still grimaced in pain.

"What's your name?"ye chen asked.

"I ... I don't have a name ..." He said.

The half-silver-colored skeleton acted as if it was recalling something and said in a pained tone,""I don't know what my name is, and I don't remember anything from the past ..."

Old ancestor yellow spring suddenly sent a voice transmission to ye chen,""Fellow Daoist ye, it must have been extraordinary when it was alive. At the very least, it was an existence comparable to the heaven battling martial God!"

Ye chen nodded without a word and said to the half-silver skeleton,""What are your plans for the future?"

In fact, he wanted to take this alien who could devour its own kind as his subordinate, but he didn't say it out loud.

The silver-colored skeleton thought for a long time before it said solemnly,""I'm going to the restricted area!"

Hearing this, elder ku, Fang Ziyue, and the Toad's faces all changed. The toad was shocked,""Stupid skeleton, are you crazy?"

"I'm not crazy!"

The silver-colored skeleton said seriously, "I must go to the Forbidden Zone. My intuition tells me that I can find my memories there ..."

The toad was even more shocked. "Could it be that you were a ferocious man who once suppressed the forbidden Dark Zone?!"

Elder ku and Fang Ziyue looked at each other and saw the shock in each other's eyes. The Forbidden Zone of Yinxu was a place where old monsters at the void training stage could be stained with blood!

The silver-colored skeleton shook its head, indicating that it didn't know. Then, it didn't hesitate any longer, and strode out of the hall.

Then, it seemed to have remembered something and suddenly stopped. It turned back to look at ye chen and Yang Hao. "Goodbye, friend!"

After saying that, it left in the end.

Old ancestor yellow spring watched it leave and said with narrowed eyes, "Who do you think this guy was when he was alive?"

"We don't know about that."

"I only know that there are still powerful people alive in the Ruins of Yin, like the one in the demon Soul forest, the one in the heavenly tomb, and the one guarding the Emperor's Tomb ..." Elder ku shook his head and smiled.

"Cough, cough, cough ..."

Before he could finish, he was interrupted by a series of violent coughs from the toad. "I say, what's the point of discussing this? why don't you look at what good things martial God Zhan Tian left behind ..."

These words completely diverted everyone's attention. Elder ku took a deep look at the toad and did not say anything more.

Ye chen looked at the toad without a word, then turned around and walked toward the martial God Zhan Tian's body.

After all, this person was once a powerhouse on earth and was once the peak existence of ancient martial arts. Unfortunately, he had still fallen in the end.

"With your status, you shouldn't have your corpse exposed to the wilderness!"

Ye chen quietly sized it up, then with a wave of his sleeve, divine fire immediately covered the former's broken body.

Not long after, there was a pair of ashes on the ground, and among the ashes, there was a bone piece about the size of a tree leaf.

"Eh?"

Ye Chen's eyes flashed and he put it away without a word. As soon as he touched it, he felt a warm touch without any burning sensation.

“It can actually resist the burning of the flames ...”

Ye Chen secretly sized it up and suddenly realized that there seemed to be a pattern engraved on it. However, the pattern and the words were so small that ordinary people could not catch them.

When ye Chen’s divine sense covered the bone-like object, his calm eyes suddenly burst with surprise.””Five elements heaven-connecting Lotus! It’s the five elements heaven-connecting Lotus!”

“We’re saved! Yuhan is saved!!!”

### **Chapter 1488: The map fragment that recorded the undying God Lotus!**

In the quiet Hall.

Ye Chen’s eyes were fixed on the bone-like object in his hand.

On the bone piece, a picture of mountains and rivers appeared. On it, there seemed to be a sea of fire with boiling lava. In the lava, everything withered, but there were Golden Lotus roots bathing in the hot lava.

The Lotus roots were only half the height of a person, and they were golden in color. The closed flower buds were enshrouded in a five-colored divine brilliance, as if they were just about to bloom. It was hard to imagine that such beautiful things could be born in such a terrifying magma.

“The five elements heaven-connecting Lotus is also known as the undying Divine Lotus. It exists in places with extreme yang and can only be nurtured with extreme yang spiritual veins. It has the effect of bringing the dead back to life ...”

“The Lotus root is a connate spirit root that can replace the physical body for the primordial spirit to live in. The Lotus seed has the ability to prolong one’s life. If an ordinary person consumes it, their lifespan can be increased by 150 years. If a cultivator refines it into an immortal elixir, their lifespan can be increased by 500 years ...!!!”

In an instant, all sorts of information about the five elements heaven-connecting Lotus appeared in ye Chen’s mind, causing his breathing to Quicken.

He was still worried about su Yuhan’s short lifespan, and he did not expect to see the five elements heaven-connecting Lotus now.

The Lotus root could be refined into an innate spirit body, and the Lotus seed could be refined into an elixir that could break the limit of one’s lifespan and add another 500 years.

“There’s hope for Yuhan ...”

Ye Chen’s eyes were filled with joy. He looked at the bone piece in his hand and said,””This item is truly precious. No wonder the heaven battling martial God sealed it in his body. If he didn’t want to incinerate his body, I wouldn’t have discovered it ...”

Thinking of this, he immediately examined the bone piece in his hand again, trying to see more things.

“Map fragment!”

Then, his expression gradually darkened. “This is only an incomplete map. It only records the image of the five elements heaven-connecting Lotus, but it doesn’t record its exact location ...”

“That’s true. If it was really recorded, why would the heaven battling martial God hide it in his body ...”

Ye Chen’s eyes flickered. “I’m sure the warring heaven martial God is a sentimental person. He wants to find this five elements sky-piercing Lotus to save his lover.”

He couldn’t help but think of the bloody skeleton that he had suppressed. It was a woman, and the toad had said that when martial God Zhan Tian was alive, one of his close female friends had her primordial spirit shattered in order to save him.

Ye Wushuang, who was at the side, saw that he did not move and had a strange expression. He could not help but step forward and say, “Big brother, what’s wrong?”

“I’m fine!”

Ye Chen kept the bone piece and looked at the crowd again. When he saw that no one was paying attention to him, he shook his head.

Then, he quietly searched the entire main hall, but he didn’t find any more Jade bone fragments.

“What a pity ...”

“If I know where the five elements heaven-connecting Lotus is, I can start looking for it immediately!” Ye Chen sighed to himself.

“It seems like I have to find another way!”

He glanced at Fang Ziyue and Elder Ku in the distance, “When necessary, I might need to borrow the power of Tianyuan trading company!”

After an hour, Fang Ziyue said to Ye Chen gratefully, “Senior Ye, thank you for this. I, Ziyue, owe you a favor.”

She knew very well that if Ye Chen had not made a move today, it would be difficult for Elder Ku to bring her back safely.

“It’s fine!”

Ye Chen looked at her deeply and saw that she was holding a key covered in green rust in her hand. It was obvious that she had found it in the hall.

As if she sensed his gaze, Fang Ziyue smiled slightly and put away the key. She smiled without the slightest embarrassment, “I don’t know if Senior Ye has the time, but please come with me to Tianyuan city.”

“Tianyuan city?” Ye Chen’s eyes flashed.

“Senior, you don’t know about Tianyuan city?”

Fang Ziyue looked at him in surprise, ""Tianyuan city is the property of Tianyuan Chamber of Commerce in Yinxu. Almost all the forces in Yinxu are gathered here. If senior has any needs, you can find them in Tianyuan city."

Ye Chen's heart skipped a beat when he heard this.

Perhaps he really should make a trip to Tianyuan city, so that he could find information about the five elements sky-connecting Lotus.

Thinking of this, he immediately nodded, ""Sure, but I still have something to do, so I'm afraid I can't accompany you to Tianyuan city now."

"That's fine!"

Fang Ziyue shook her head with joy, then took out a golden token and handed it to ye chen. She smiled. ""This is my identity token. If senior goes to Tianyuan city in the future, you can find me with this token. No one will dare to stop you."

"That's good too. "

Ye chen took the Golden token with a smile.

Fang Ziyue then left with elder ku.

After the two of them left, the toad said thoughtfully, ""Brat, you shouldn't have let them take away that desolate God key!"

"What's a desolate God key?" Yang Hao was puzzled.

"Is it the one in Fang Ziyue's hand?" ye Chen's eyes narrowed.

"Yes, that's the desolate God key!"

The toad nodded and said, ""it's said that this item is one of the keys to open an ancient relic. This ancient relic is called the huangshen tomb. As soon as it appeared, it attracted the attention of all forces. Even old monsters at the void training stage were sent out."

Hearing this, old ancestor yellow spring almost chased after him to ask for the key back. ""I knew that this little girl wasn't that innocent."

"But then again, why would the key to the desolate God tomb end up in the Battlegod tomb?" Yang Hao didn't understand.

"That's because the tomb owner of the desolate God tomb is called old man Da Huang, and old man Da Huang is the heaven battling martial God's teacher ..."The toad chuckled.

"The war God's teacher?"

Yang Hao's eyes immediately widened, and he was left speechless. ""Oh my, if the heaven battling martial God is already so terrifying, then how terrifying is this old man Da Huang?"

"It's fine!"

"I didn't come to YinXu to explore some ruins," ye chen said with a faint smile.

Now that he had news of the five elements heaven-connecting Lotus, how could he have the time to participate in the battle for the remains? after all, in his opinion, the things unearthed from the remains were not too attractive to him.

"Whatever you want!"

The toad rolled its eyes and looked at him,""Since I've helped you so many times, shouldn't you help me out too?"

"When did you ever help us?" Old ancestor yellow spring sneered.

"What?" the Toad's eyelids twitched."Without me, would you have been able to find those dragon blood pills? would you have been able to find the martial God Zhan Tian's herb garden? would you have been able to find the main burial chamber?"

"You're right. Even without you, we can still find it. " Old ancestor yellow spring chuckled.

"You're interested in what's in the depths of the lava beneath this tomb?"ye chen glanced at the toad.

#### **Chapter 1489: Meteorite vines and essence flames of extreme yang!**

Below the tomb of the war god.

It was a sea of boiling hot lava with raging flames. An endless sea of fire enveloped everything, and the temperature was terrifyingly high. Even a mid divine transformation realm cultivator would not be able to resist the temperature for a long time.

Ye chen stood quietly above the lava. The boiling lava seemed to have no effect on him as it flowed quietly from under his feet.

"Kid, it's right below!"

The toad lay on his shoulder and seemed to be looking at the depths of the magma with excitement, as if there was something there that attracted it.

Ye chen was not in a hurry to go down. Instead, he smiled faintly and said,"I can help you with this, but you have to owe me a favor."

"Not to mention one favor, even ten wouldn't be a problem,"

The toad spat out a mouthful of divine fire and said without a care,""And in the future, you can do whatever you want in YinXu. As long as I'm here, no one will dare to touch you. I'm a divine beast. When I grow up, the Three Realms and six paths will protect you."

Ye chen could not help but smile when he heard this. He no longer hesitated and took a step forward. His entire body fell into the magma River.

This Toad claimed to be a divine beast. Although it was a little boastful, its background was indeed extraordinary. It was worth getting in touch with.

The deeper he went, the hotter the temperature became. Even ye chen could feel a trace of heat. "What a high temperature. I'm afraid there's fire essence here ..."

On the other hand, the toad was like a fish in water, swimming around in the lava without any abnormalities.

"What's that?"

Suddenly, ye chen stopped in his tracks and looked into the distance.

In the sea of fire, there was a stone box locked up by countless chains. The stone box was only the size of an adult's fist, but it was emitting a terrifying temperature.

The strangest thing was that from time to time, golden flame-shaped stone boxes would emerge and spread out along the chains.

"Is this the essence Sun Fire?"

Ye Chen's eyes narrowed slightly, then he said to the toad, "The thing you want is the thing in the stone box?!!"

"Of course!"

The toad suppressed his excitement and stared at the stone box. He wanted to get closer, but he said with some fear, "My intuition tells me that the thing in the stone box is very delicious."

"It's delicious?" Ye Chen's expression stiffened.

So he had accompanied it down here just to find food?

"Little brat, hurry, hurry up and go!"

"But you have to be careful," the toad urged. "Those chains are unusual. They might attack you."

"Is that so?"

Ye Chen's eyes flashed. He immediately took a step forward and walked toward the stone box wrapped in chains.

"Chi ..."

It was at that moment that one of the chains seemed to come to life. It suddenly moved and whizzed toward ye chen like a fire Dragon. It was densely covered in the essence Sun Fire.

Even a wisp of the essence Sun Fire was enough to burn a soul formation stage expert to ashes.

"Break!"

Ye Chen's expression did not change. He unhurriedly used his fingers as a blade and slashed at the former. However, the latter's attack did not cause any damage to the chain.

"BOOM!"

The chain wrapped in the essence Sun Fire hit him hard, forcing him to take a few steps back before he could stop.

With another look, the so-called chain was clearly an ancient vine wrapped in the essence fire of the sun. Its branches were like a horned dragon, and its leaves were like pure gold, incomparably resplendent!

“So it’s the fallen fire vine?!”

Ye Chen’s eyes flashed with surprise, but then he understood.”The fallen fire vine is born from the essence fire of the sun and is refined by the essence fire of the sun. It is known as a treasure used to refine spirit weapons!”

“Why is there a fallen fire vine here, and why is the stone box locked up?”

Ye chen frowned slightly. After a moment, he could not help but smile.”I know. The essence of extreme yang must be inside that stone box. Only it can produce the essence of extreme yang, which is why the falling fire vine is so desperate to get it.”

“I didn’t come in vain this time!”

Thinking of this, ye chen smiled. He ignored the many fallen fire vines and strode toward the stone box in the sun’s essence fire.

As soon as he moved, many fallen fire vines rushed toward him.

At that moment, two golden flames suddenly burst out of ye Chen’s pupils. Following that, two pillars of light shot out like pillars of divine fire.

“Thunderbolts ...”

One of the meteorite vines was swept by the heavenly Divine flame pillar. It was as if it had jumped into a pot of oil. It let out a thunderous crackling sound and quickly shrank back.

This was the weakness of the fallen fire vines. Although they were born from the essence fire of the sun, they were afraid of fire. Moreover, it was a Heavenly Fire that was higher than the essence fire of the sun.

“What a powerful sacred art!”

When the toad in the distance saw this, its pupils couldn’t help but shrink. “Didn’t this kid come from the desolate earth outside Yinxu? how can he have such a powerful divine power?”

It looked at ye chen from afar, its eyes flashing.”Is it true that Emperor Xuanyuan has left his immortal treasures in the outside world?”

.....

As ye chen approached, the many meteorite vines that wanted to attack him retreated. In the end, ye chen approached the stone box safely.

“The stone box was actually made of Tusita soil?”

Ye Chen's gaze fell on the stone box and looked at the almost dim runes on it. "It seems that this extreme yang essence flame was specially sealed here by someone."

The Tusita soil was a special material that could ward off fire. However, this material was extremely rare. Ye Chen did not expect to find it here.

"That's true. If the essence flames of extreme yang were allowed to flow freely, I'm afraid everything within a thousand miles would be burned ..."

Ye Chen's eyes flickered. In the end, he wiped away the runes on it and gently opened the stone box. A dazzling golden light as bright as a small sun shot out.

"You still want to run?"

Ye Chen took his time and reached out to grab it. An Obsidian-like stone appeared in his hand. However, in the center of the stone, there was an extremely bright golden flame dancing.

"Whoosh!"

The toad came over at this moment and said while drooling, "It's actually the essence flames of extreme yang. I'll be able to have a full meal again."

"You want to eat the essence flames of extreme yang?" Ye Chen's expression was strange.

Such a terrifying thing was something that most people would avoid, but the toad actually wanted to eat it?

"That's for sure. Why else would I ask you to come down?"

The toad wiped its drool and snatched the essence flames of extreme yang without a word. It then stuffed it into its mouth and began to chew.

During this time, Ye Chen had been quietly watching it. He saw that it did not seem to be afraid of the power of the essence flames of extreme yang at all. In the end, it actually chewed it up and swallowed it.

The only change was that on the Toad's back, which looked like it was made of gold, there were many natural patterns that looked like Dao patterns. It looked very mysterious and unpredictable.

After confirming that it was fine, Ye Chen was even more curious about the Toad's origin. "A Toad that can swallow the essence flames of extreme yang is definitely not an ordinary being ..."

### **Chapter 1490: The rich and overbearing Tianyuan city!**

In the South of the outer area of Yin Xu, there was a special city called Tianyuan city. It covered thousands of miles and had the largest population movement.

The reason why Tianyuan city was special was that in the mysterious and threatening Yin Xu, many forces were hostile to each other, and the territory built by them also forbade outsiders from entering.

For example, only Chinese cultivators were allowed to enter the Yan Huang fortress.

However, Tianyuan city was different. It was said that Tianyuan city was built by a Chamber of Commerce in the outer region. This Chamber of Commerce was called Tianyuan Chamber of Commerce, and its business covered the entire Star River. It had a branch on every star.

Since it was a Chamber of Commerce, the manager must be a merchant. Therefore, although Tianyuan Chamber of Commerce had descended on earth, it was not as ruthless as the other sects in the outer realm. Instead, it conducted trade with the countries on earth.

In the eyes of Tianyuan trading company, there were no enemies, only friends. Therefore, Tianyuan city had never excluded outsiders from entering, whether it was the powerhouses from earth or the many immortal sects in the outer realms.

In Tian Yuan city, there was a popular saying: as long as you have enough capital, you can buy anything you want.

Of course, this statement might be a little exaggerated, but from this, one could see the status of Tianyuan city in Yinxu.

After leaving the martial God zhantian's tomb, ye Chen's group set out for Tianyuan city. One reason was that they were invited by Fang Ziyue, and the other was that ye chen wanted to find out more about Yang Tian and the five elements sky-connecting Lotus.

Along the way, old ancestor yellow spring and the toad kept bickering, and Yang Hao helped them from time to time, making the journey less boring.

Therefore, after only two hours, they finally arrived at Tianyuan city. As they looked around, they saw an extremely magnificent ancient city, and from time to time, countless streams of light would pass by them.

On top of the city, there was a light yellow barrier. From the energy emitted by the light barrier, it was several times stronger than the array at the Yan Huang fortress.

"Is this the Tianyuan city that the little girl was talking about?"

Old ancestor yellow spring stopped and looked at the huge city in the distance carefully. "This Tianyuan city has nine sixth-grade spirit meridians and a top sixth-grade array to protect the city. It's rich."

"What's a sixth-grade spirit Meridian?" Yang Hao was puzzled.

Ye chen glanced at him and explained with a smile, "No matter if it's a sect or a small family, they can't do without spiritual veins, which are divided into nine grades. Usually, a sixth-grade spiritual vein can cultivate old monsters at the void training stage."

Hearing this, everyone was shocked. "Tianyuan city has nine rank 6 spiritual pulses. Does it mean that they have cultivated nine old monsters at the void training stage?"

"Tianyuan city's Foundation is terrifying!"

The toad couldn't help but remind them. "After you enter the city, don't act rashly unless it's absolutely necessary. Tianyuan city is in Yinxu. Even the people of the five sacred lands don't dare to provoke it."

“It’s not calculated like that. It can only be said that with the current resources of Tianyuan city, it has this potential!”

“Let’s go in and take a look. “Ye chen shook his head and smiled.

Under his lead, the group walked straight into Tianyuan city. The view in front of them suddenly changed, and they could see countless buildings that were thousands of feet tall.

Ye chen spread out his divine sense and a serious look flashed in his eyes. This was because there were too many places in Tianyuan city that had been set up with formations. Even with the strength of his divine sense, he could not invade them.

Under the detection of his divine sense, he could vaguely sense a trace of an extremely obscure yet extremely powerful aura.

These auras were like thunder dormant above the clouds. As long as anyone dared to challenge the heavenly might, they would be struck by lightning.

“Tianyuan trading company is indeed extraordinary.”

“Those obscure auras must be old monsters at the void training stage,” ye chen suddenly thought,”but I don’t know if there are any existences at the soul splitting stage ...”

The soul splitting stage, the form synthesis stage, and the crossing calamity stage were all called the three levels of the heavenly arrival state. Each level of the three levels of the heavenly arrival state meant a new level of heavenly arrival. The void training stage couldn’t compare to the three levels.

“Uncle ye, where are we going next?” Yang Hao asked.

“Didn’t that Fang Girl ask us to go and find her?”

Old ancestor yellow spring cackled and said,”look at that little girl. She must have a high status in Tianyuan city. Otherwise, she wouldn’t be protected by an old monster at the void training stage. I want to eat and drink from her. It’s best if I sleep with her.”

As soon as he finished speaking, he immediately received a few disdainful gazes.

“Don’t go find her for now!”

“Let’s walk around first and get a general understanding of the situation. “Ye chen poured cold water on him.

.....

The moment ye chen retracted his Divine Mindfulness, different people in the huge Tianyuan city looked up at the place where ye chen and the others had been.

Tianyuan city, in the city Lord’s mansion.

Fang Ziyue, who was dressed in red, looked at the person in front of her and asked,””What’s wrong, great-grandfather?”

In front of her stood a Sage-like old man with white hair and a beard. The old man's eyes were like lightning as he said, "Strange, I actually felt like I was being spied on just now."

"Being spied on?"

Hearing this, Fang Ziyue was stunned at first, then she burst into laughter, "That's impossible. Great-grandfather, Who are you? who in the entire Tianyuan city would dare to spy on you?"

"You little girl, you really know how to coax people."

The old man didn't know whether to laugh or cry as he shook his head. He then said seriously, "The opening of the Huangshen tomb is near. Don't blame great-grandfather for not reminding you. If you do not perform well, even great-grandfather will not be able to protect you anymore."

He sighed. "I'm sure you're aware of the internal strife in Tianyuan trading company. There are endless infighting. If you want to climb to that position, you'll have to bear the pressure from the others."

"Great-grandfather, I know."

Fang Ziyue's face turned serious, and her beautiful eyes darkened, "The opening of the desolate Divine tomb is imminent. Fang Tiandu and the rest have invited their own external help. However, there is no response to the invitation I sent out ..."

"If I fail this time, I might have to be transferred back ..."

At this point, a figure suddenly appeared in her mind, and her beautiful eyes lit up. "If that ye Qian bei is willing to help me ..."

.....

At this time, ye Chen had already brought his people to a huge square. At this time, the square was extremely lively. A steady stream of people poured into the inn in Tianyuan city in the distance.

"Why are there so many people?"

"Could it be that something big is about to happen in Tianyuan city?" Luo Tianya couldn't help but ask.

Ye Chen furrowed his brows and immediately spread out his divine sense. He immediately heard the many whispers in the crowd.

"That's someone from the great Jiang dynasty, right?"

"It's said that the great Jiang dynasty is also going to attack the Huangshen tomb this time. They even sent a Divine Son for this. It seems that they are determined to get the Huangshen tomb!"

"They're here, the people of the great Jiang dynasty are here ..."

Hearing this discussion, ye Chen's heart stirred. He raised his eyes slightly and looked up. "Great Jiang dynasty?"
