

Genius 1501

Chapter 1501

When Lin Mo returned to Guangyang City, the first thing he did was to rush to Xu Pharmaceutical.

On the first day, Xu Hanxia had already called Lin Mo, saying that the several drug dealers who had previously cooperated with Xu Pharmaceutical were now clamouring to cancel their contracts with Xu Pharmaceutical.

This was not the first time such a thing had happened.

Previously, when the Huo family had tried to drive Xu Pharmaceutical out of business, those drug dealers, had made a scene once.

However, that time, it was the time when Lin Mo was starting out and Xu Pharmaceutical did not have much capital.

So, even though the matter was resolved that time, in the end, Xu Pharmaceutical still had to continue to work with those drug dealers.

However, the situation was different now.

Lin Mo was now the leader of the province, and Xu Pharmaceutical had a lot of capital, so he was not afraid of these drug dealers playing the trick of taking the money from the bottom of the barrel.

Even if they returned all of their previous deposits, Xu Pharmaceuticals would still have enough money to continue to grow.

Plus, Xu Pharmaceutical had a partnership with the top ten families in Guangdong Province.

At this time, Lin Mo was still anxious for these drug dealers to break their contracts with Xu Pharmaceutical.

That way, he could take back the agency rights for those provinces and give them to the Ten Great Families of Guang Province to represent.

Lin Mo was in control of the top ten families in Guang Province, and with these agency rights in their hands, it was the same as being in Lin Mo's own hands.

Therefore, if these drug dealers came to cancel the contract, they were simply seeking their own death!

The reason why Lin Mo rushed back to Guangyang City was mainly because he was very surprised at the attitude of these drug dealers.

One should know that Lin Mo was now strong, and these drug dealers should all be aware of this.

Moreover, this new drug from Xu Pharmaceutical, as long as it was marketed, it was definitely going to sell out. When the time comes, as long as they can represent this medicine, they will be able to make a fortune.

In such a situation, these drug dealers would choose to cancel their contracts, what was the situation?

Rushing to Xu's Pharmaceutical, a girl hurried over to meet her, it was Xu Hanxia's secretary.

The secretary's brow was locked, as if she had encountered some kind of trouble.

"Where are you going?"

"Where's Halfsia?"

Lin Mo asked.

The secretary only saw Lin Mo at this moment, and she was instantly filled with surprise: "Mr. Lin, you're back?"

"Aiya, it's great that you're here."

"You should quickly go upstairs and take a look, those drug dealers, they are about to fight with our people!"

Lin Mo's face was cold, what kind of strength did he have now, these medicine merchants, how dare they come to his territory to cause trouble?

Without saying a word, he rushed straight upstairs.

Before he could reach Xu Hanxia's office, Lin Mo saw many security guards guarding the place from afar.

In the office, noisy noises kept coming out.

Those security guards were standing by, as long as an order was given, they would immediately rush in.

When they saw Lin Mo coming, these security guards turned their heads and said in unison, "Hello, General Manager Lin!"

Lin Mo nodded and walked straight into the office.

There were about twenty people in the office.

Xu Hanxia was sitting behind her desk, her face cold.

On the other side, Yuan De Wan Chong Shan and other agents, were all sitting on the sofa with solemn expressions.

A few other agents, on the other hand, were standing there, furious and were arguing.

A man yelled loudly, "General Manager Xu, what do you mean by that?"

"Calling security, trying to scare us, huh?"

"I know, your husband, Mr. Lin Mo Lin, is now the venerable man of the wide province, and this Xu Pharmaceutical, you are not what it used to be!"

"As long as you want, you can crush us little ants with one finger, we can't fight you at all!"

"But no matter what we do, we have to be reasonable, right?"

"In business, it's all about honesty!"

"You, Xu Pharmaceuticals, are not honest. If you don't give us an explanation for this matter, I will definitely demand an explanation even if I die!"

Chapter 1502

Xu Hanxia's face was blue and she was just about to speak when Lin Mo's voice came from behind her.

"What do you want an explanation for? I'll give it to you!"

When Xu Hanxia saw Lin Mo, she was overjoyed and hurriedly stood up, "Husband, you're back!"

When the others saw Lin Mo, their faces all changed as well.

These agents, although bouncing around a lot.

But in fact, when they actually saw this venerable man of the Canton Province, they were still very much in awe.

Even Yuan De Wan Chong Shan and the others, who had been sitting on the sofa just now, were now standing up and looking at Lin Mo with awe in their eyes.

Lin Mo smiled and nodded towards Xu Hanxia, sweeping his gaze over the agents and walking straight to Xu Hanxia.

"Everyone, you've all come together!"

"What, is this a long-planned plan to join together and come to our Xu Pharmaceutical to cause trouble?"

Lin Mo asked in a cold voice.

Several agents looked embarrassed and looked at each other, and eventually all looked at Yuan De and Wan Chong Shan.

The agents here were all originally dominated by Yuan De and Wan Chong Shan as well.

Yuan De took a deep breath and arched his hand towards Lin Mo: "Mr. Lin, you have misunderstood."

"We're not here to cause trouble, we're here to reason with Xu Pharmaceutical."

Lin Mo gave a light laugh, "Reasoning?"

"Reasoning to make a scene like this?"

"Standing here, pointing your finger at my wife's nose and yelling, this is how you reason?"

Yuan De's face was a little embarrassed, just now those agents were indeed in a hurry, so they spoke a little heavily, which was why they had attracted these security guards.

If it was only Xu Hanxia here, then that would be fine.

But Lin Mo was not a good person, so how could he be polite to these agents?

The agent who had shouted the loudest before had a swollen red face, he gritted his teeth and bent down and said, "Mr. Lin, I was wrong just now, I am here to say sorry to you."

"I really didn't mean it either, you are magnanimous, don't be ordinary with me"

Lin Mo sneered and ignored him, sitting directly on the sofa, "Hania, since Mr. Yuan and the others want to cancel the contract, then we can't stop people hard."

"Go, have someone complete these formalities."

"Oh yeah, and the breach of contract, by the way, have them calculate it"

Xu Hanxia looked a little embarrassed as she moved to Lin Mo's ear and whispered, "That's what I just said."

"But, they don't agree."

"Moreover, they want us to pay for the breach of contract!"

Lin Mo's face turned cold: "On what grounds?"

At this moment, Yuan De spoke again, "Mr. Lin, since you're back, let's talk about this matter properly."

"You were talking about the breach of contract, the reason why we had a dispute with General Manager Xu is also this matter of the breach of contract!"

"Mr. Lin, I think that it should be Xu Pharmaceutical that compensates us for the breach of contract, not us compensating Xu Pharmaceutical for the breach of contract!"

Lin Mo frowned tightly and said in a deep voice, "Yuan De, what do you mean?"

"Now it's you who unilaterally want to cancel the contract and want us to compensate for the breach of contract?"

"Are you bullying us?"

Yuan De: "Mr. Lin, when we signed the contract at that time, it was written very clearly."

"If it's because of one party's fault and causes damage to the other party, then the other party has the right to cancel the contract and, furthermore, can demand that the other party compensate for the breach of contract!"

Lin Mo said in a deep voice: "You mean that we have caused you losses?"

"Heh, that's really interesting."

"I'd like to hear what we've done that we've even caused you guys losses?"

Yuan De looked at Lin Mo and said softly, "Mr. Lin, let me ask you a question."

"Is this new drug from Xu's Pharmaceuticals indeed developed by Xu's Pharmaceuticals itself?"

Chapter 1503

Lin Mo's brows furrowed, he could hear that Yuan De had something in his words ah.

"My Xu's Pharmaceutical's new drug is definitely my Xu's Pharmaceutical's own research and development ah!"

Xu Hanxia immediately said back.

Yuan De nodded and suddenly said, "But, how come I heard that this rejuvenation pill, was developed by Wan Chun Tang over in Su Province."

"Moreover, Wan Chun Tang is already preparing to apply for a patent."

"At this time, if other companies produce the Recycle Pill again, or if they represent this Recycle Pill through other channels, they are breaking the law and will face sky-high fines!"

The other agents nodded, and one of them said with a sobbing voice: "Mr Lin, we are all just small businessmen, we can't afford this kind of tossing and turning."

"Wanchun Hall has already announced this matter and, moreover, put the word out to the public."

"If anyone does not come through Wan Chun Tang's route to represent the reconstructive pills, they will immediately sue these agents."

"Wan Chun Tang, that is the largest pharmaceutical company in Su Province, behind it are the ten largest families in Su Province, we us small businessmen, how dare we go against them?"

Lin Mo's face was cold, his brows tightly wrinkled.

This recreation pill was a secret recipe he had obtained from inside the jade pendant.

By all rights, it was impossible for such a secret recipe to be known by anyone else.

This Wan Chun Hall, how on earth did they get it?

How could it be possible that they were able to develop the Recycle Pill?

However, since they dared to apply for a patent, they must have some certainty.

Lin Mo vaguely felt that behind this matter, there must be something wrong!

Xu Hanxia's face changed instantly, "How is this possible?"

"This reconstructive pill, it was developed by our Xu Pharmaceutical ah."

"What does this have to do with Wan Chun Tang?"

Yuan De said softly, "General Xu, in the end this medicine, who developed it, we don't make conclusions."

"It's just that, now that the ownership of this medicine is in dispute, we, as agents, can only choose to protect ourselves."

"We are not trying to put pressure on Xu Pharmaceutical either, we just want to get justice."

"This matter, it is considered that Xu Pharmaceutical has caused us losses, this breach of contract, do you think, should we pay?"

Xu Hanxia was at a loss for words, she couldn't really refute this statement.

Lin Mo looked at Yuan De: "As you said earlier, this matter has not yet been decided."

"Then what makes you think that this breach of contract should be paid by us, Xu Pharmaceutical?"

Yuan De's face was puzzled and he was silent for a long time before he said in a low voice, "Mr. Lin, if Xu Pharmaceutical can prove that you developed this medicine, then of course we should pay for the breach of contract."

"But if you can't prove it, then how should this matter be counted?"

Lin Mo: "I will naturally investigate this matter clearly!"

An agent said anxiously, "But, Wan Chun Tang's side, will be suing us soon!"

"When you finish your investigation, we we'll be finished ah."

"Mr. Lin, you have a big family, you can afford this kind of tossing and turning."

"We are all just some small businessmen, we really can't afford to wear out!"

Lin Mo: "No need for you to wear out!"

"If you trust me, then we'll keep our contract."

"If you don't trust me, then you can cancel the contract at any time."

"I'm giving you guys a promise here, I can do without your breach of contract."

"However, if you guys want to ask for liquidated damages from Xu Pharmaceutical, that is also impossible."

"After all, this matter is still inconclusive!"

A group of agents looked at each other, and in the end, Yuan De slowly nodded his head.

The crowd immediately followed suit and nodded their heads.

Yuan De said softly, "Okay, General Lin, let's do as you say."

"Let's cancel the contract, but, the matter of breach of contract, let's not mention it!"

Chapter 1504

Through the performance of the crowd, Lin Mo had already seen that this group of people, should be the ones gathered by Yuan De.

This person, Yuan De, was also considered an old fox.

If he gathered so many people, it was simply impossible to say that he did not have selfish motives.

Perhaps, he just wanted to take advantage of the large number of people to make a fortune from Xu Pharmaceutical.

Only, he was now afraid of Lin Mo and could only choose to break the contract, nor did he dare to extort Xu Pharmaceutical.

Lin Mo gave Yuan De a deep look and nodded slowly, "Good!"

"Hanxia, let them take care of the contract!"

Xu Hanxia immediately went to arrange this matter.

Yuan De stood up with an apologetic face, "General Lin, I'm really sorry."

"In fact, I am eager to work with you, and Xu Pharmaceutical."

"But, I'm really sorry for what happened this time."

Lin Mo smiled lightly, "General Yuan, there is no need to be polite."

He secretly sneered in his heart, Yuan De was the most cunning person.

He said he was so polite on the surface, but secretly, he had probably been in contact with Wan Chun Tang for a long time!

However, Lin Mo did not care about this either.

It was easy to break this contract, but if he wanted to sign it again in the future, it would be impossible.

When the matter with Wan Chun Tang was finished, Yuan De and the others wouldn't even know how to cry!

At this moment, Wan Chongshan suddenly stood up, "General Lin, I don't need to cancel that contract!"

"I believe in your character, Mr. Lin, and I also believe in Xu Pharmaceutical's research and development capabilities."

"Therefore, I wish to keep my share of the contract!"

Lin Mo couldn't help but glance at Wan Chongshan, he didn't expect that this middle-aged man, would have such vigour.

At a time when everyone was cancelling their contracts, he actually continued to keep this contract.

The other agents looked at Wan Chongshan, all of them with mockery on their faces.

It was obvious that they believed in Wan Chun Tang more and all felt that Xu Pharmaceutical was finished this time.

If Wan Chongshan kept the contract, and Wan Chun Tang sued him in the future, then he would have to go down with Xu Pharmaceutical!

For Wan Chongshan to do so was simply seeking his own death.

Even Yuan De glanced at Wan Chong Shan indifferently, with a hint of disdain in his eyes.

Wan Chongshan's expression was calm and he did not pay any attention to these people.

Lin Mo laughed aloud, "Mr. Wan, thank you for your trust!"

"Since that's the case, Mr. Wan keeps that contract."

"Mr. Wan, I hope we can work together happily!"

Soon, Xu Hanxia's secretary brought all the contracts.

Those agents, scrambled to sign the contracts first.

Only Wan Chongshan, sitting with Lin Mo and drinking tea together, did not even look at the termination letter.

When the matter was finished, the agents left and Wan Chongshan got up to say goodbye.

Wan Chongshan walked to the underground car park, where Yuan De and the others were waiting for him.

"Old Brother Wan, what are you doing today?"

"Didn't we agree to break the contract together?"

"Why are you backing out of the battle?"

Yuan De said slowly.

Wan Chongshan: "Didn't I just say that!"

"I believe in Lin Mo, and I also believe in Xu Pharmaceutical's R&D capabilities."

An agent said indignantly, "Wan Chongshan, what the hell do you believe in?"

"Are you out of your mind?"

"Wan Chun Tang in Su Province has already let it be known that the Recycle Pill was developed by them."

"Do you think that a mere Lin Mo, a mere Xu Pharmaceutical, can compete with Wan Chun Tang?"

Another agent nodded along, "That's right!"

"I know, you think that Lin Mo is the pride of the wide province, so you want to flatter him, don't you?"

"But, even if Lin Mo is powerful, he's only in Guang Province!"

"Wanchun Hall, doesn't fear him at all."

"Besides, Wan Chun Tang is one of the top five pharmaceutical companies in China, do you think Xu's Pharmaceutical can compete with Wan Chun Tang?"

"You're still working with Xu Pharmaceutical, are you tired of living?"

Chapter 1505

Wan Chongshan glanced at these few agents before his gaze finally landed on Yuan De.

"Elder Yuan, how I choose, it's my business, there's no need for you all to worry about it yet, right?"

Yuan De smiled peevishly, "Boss Wan, we are all friends."

"We can't bear to see you suffer in this matter, that's why we came to remind you."

"How can you be like this, taking everyone's good intentions as malice?"

Wan Chongshan arched his hand and said, "In that case, then thank you all for your kindness!"

"However, if there are any consequences for a decision that Wan made on his own, Wan will naturally bear them alone."

"Even if I have fallen this time, I will admit it and have nothing to do with you all!"

With those words, Wan Chongshan turned around and was about to leave.

Yuan De's face changed, and he gave a wink to an agent next to him.

This agent understood and immediately rushed up to surround Wan Chongshan.

"Stand still!"

Wan Chongshan's brow furrowed, "What else do you want?"

This agent said in a cold voice: "Wan Chongshan, when we came here, we agreed to cancel the contract with Xu Pharmaceutical together."

"That way, when we go to Wan Chun Tang to sign the contract, we will get a discount from Wan Chun Tang's side."

"But now you are actually not breaking the contract and setting us up, how can we settle this score!"

Wan Chongshan's expression was indifferent, "I only said I would come with you guys to take a look at it at that time, I didn't say I would break the contract with Xu Pharmaceutical!"

"Moreover, I have not had any contact with the people from Wan Chun Tang, and I don't know what exactly happened."

"What I do is my own choice, and I'm afraid it has nothing to do with you all, right?"

This agent was instantly annoyed, "What the fuck are you talking about?"

"Because of you alone, so many of us have lost our discounts, how can you be so fucking reasonable?"

"Wan Chongshan, I'm telling you, if you don't give me a satisfactory answer on this matter today, you'll never fucking walk out of here standing up!"

Wan Chongshan's face was slightly cold as he looked at Yuan De, "So, you are still prepared to use force against me?"

Yuan De was still smiling, while the other agents were staring at Wan Chong Shan aggressively.

Looking at that stance, as long as Wan Chong Shan did not agree, they would immediately strike out against him.

Just then, a cold voice suddenly came from behind, "Gentlemen, raise your heads and look."

"This is still Xu Pharmaceutical's building, do you really think that I, Lin Mo, don't dare to kill anyone when you are causing trouble here?"

Hearing these words, Yuan De's face instantly changed.

He immediately turned his head to look, only to see a person slowly walking in the distance, and it was none other than Lin Mo.

These agents were also instantly frightened and panicked.

The reason why the crowd dared to force Wan Chong Shan here was because this underground car park was secluded.

Moreover, they felt that after such an incident, Lin Mo would definitely not have the heart to pay attention to this side of the underground car park.

Who would have thought that Lin Mo would come down as well!

Yuan De hurriedly said, "Mr. Lin, you have misunderstood."

"We are just a few old friends chatting here, nothing more."

"Mr. Lin, we'll leave you alone for now, we'll have a drink together later!"

With those words, Yuan De hurriedly tried to turn around and leave, and several other agents also hurriedly followed and tried to run.

Lin Mo smiled coldly, "General Yuan, you can leave if you want to."

"However, the brother who threatened Chief Wan just now has to stay."

"Wan is my partner in Xu Pharmaceutical, how dare someone threaten him on my Xu Pharmaceutical's turf?"

"This matter, if I don't give Mr. Wan a statement, in the future, who will dare to work with my Xu Pharmaceutical?"

Yuan De looked at the agent from before, and his face instantly became ugly to the extreme.

Chapter 1506

Yuan De was the leader of these agents and, moreover, he was the one who led this incident.

If he allowed this agent to stay, then his prestige among these people would inevitably plummet.

Moreover, the most crucial thing was that if this agent was left behind, then the things they had done would definitely be forced out by Lin Mo.

When that time came, the matter between them and Wan Chun Tang was exposed, then they would have to become Lin Mo's enemy ah.

However, at this time, Yuan De couldn't do anything at all ah.

This was Guangyang City, which was Lin Mo's territory.

If Lin Mo wanted to keep this agent, not to mention Yuan De, even Wan Chun Tang couldn't protect him!

After a long silence, Yuan De said, "Mr. Lin, a sale is not benevolent."

"Old Seven did break his contract with Xu Pharmaceutical, but that's only temporary."

"You've left him behind now, and if this kind of thing gets out, in the future, people will only think that Xu Pharmaceutical is acting too overbearingly."

"At that time, who else will dare to continue working with Xu Pharmaceutical?"

By saying this, Yuan De was trying to use public opinion to suppress Lin Mo.

If Lin Mo left this agent behind, in the future, he would be able to make a big announcement outside, saying that Lin Mo was overbearing in his business, thus destroying Xu Pharmaceutical's business.

Lin Mo smiled coldly, he did not take Yuan De's threat to heart at all.

The reason was that Xu Pharmaceutical would only work with the top ten families in Guangdong Province next.

Other agents, he had wanted to gradually eliminate long ago, so how could he care about other people's opinions?

"Mr. Yuan, if you think I'm being overbearing, then I'm really going to be overbearing for once today!"

"Even if I were to let you all stay, what can you do to me?"

Lin Mo said in a cold voice.

Yuan De's face changed, he didn't expect that Lin Mo would be so stiff.

He had originally wanted to threaten Lin Mo, but instead he had angered him.

Now he was in trouble, and he was in trouble himself.

He hurriedly smiled along and said, "Mr. Lin, you have misunderstood."

"I didn't mean that."

"This this Old Seven he was disrespectful to General Manager Wan just now, indeed he should not be."

"How about this, Old Seven, you go and apologize to General Wan, this matter, forget about it, I
....."

Without waiting for him to finish, Lin Mo said directly, "Here, we don't accept apologies!"

"Yuan De, I'll only give you one chance."

"Take the others and get out!"

"Or else, stay with me all!"

Yuan De's face was blue, but in the end, he didn't dare to say anything, so he could only take the others and leave in a hurry.

That Old Seven's face was pale, he knew that he had been abandoned.

Yet, he did not even dare to say a word.

After all, it was Lin Mo he was facing now.

Lin Mo ignored Old Seven as he first exchanged a few pleasantries with Wan Chongshan.

Wan Chongshan didn't care about these situations and drove away straight away.

At the scene, Old Seven and Lin Mo were left.

Lin Mo didn't even look at Old Seven and directly waved his hand.

Several people immediately rushed out from the side and directly took this Old Seven away.

At the same time, the tiger also came out of the darkness.

After this period of time, Tiger had become even more composed than before.

Nowadays, Guangyang City was all Lin Mo's turf.

Tiger's power, too, had expanded much more than before, and he was now the true king of Guangyang's underground.

He was now, whether in terms of financial power or strength, already surpassed Chen Shengyuan.

"Brother Lin, what else can I do for you?"

Tiger's attitude was respectful, and he had always held an attitude of admiration towards Lin Mo.

Lin Mo said softly, "Send someone to follow Wan Chong Shan, don't let Yuan De's people harass him!"

Lao Hu immediately nodded, "Yes!"

Lin Mo looked into the distance, and finally, took out his mobile phone and sent a message to Li Tiezui, asking him to investigate the identity of Wan Chongshan.

Lin Mo always felt that there was something unusual about this Wan Chong Shan!

Chapter 1507

The agent called Old Seven, after being brought in by Tiger's men, confessed everything in less than half an hour.

It turned out that this time, from the beginning to the end, it was Wan Chun Tang who had been behind the whole thing.

And Yuan De, was the leader of these people.

To put it bluntly, Wan Chun Tang was sniping at Xu Pharmaceutical, wanting to swallow the huge benefits of the Recycle Pill.

These things were also within Lin Mo's expectation.

But what he couldn't understand was where Wan Chun Tang's Recycle Pill came from.

How could this exclusive secret recipe be known to others?

Li Tiezui's side also moved quickly, and the information on Wanchun Hall was passed over.

Lin Mo looked it over carefully.

This Wan Chong Shan, who had started from nothing, was in the medicinal herb business, and had come to where he was today step by step.

Looking at the information alone, there was nothing special about it.

Lin Mo couldn't help but be even more puzzled.

This time, Wanchun Hall was coming on strong, moreover, Wanchun Hall was backed by the top ten families in Suzhou Province, and its strength far exceeded Xu's Pharmaceutical.

Yuan De and other agents had all terminated their contracts with Xu Pharmaceutical, but why did Wan Chong Shan do the opposite and continue to cooperate with Xu Pharmaceutical?

He knew very well what the consequences of his choice would be.

However, he still chose to cooperate with Xu Pharmaceutical, what exactly did he rely on?

In the midst of his doubts, Li Tiezui called.

"Wan Chongshan's profile is a bit special."

"The information between the ages of fifteen and nineteen for him is a blank."

"On my side, I can't find out any information either!"

Lin Mo was surprised, "What does this mean?"

Li Tiezui said in a deep voice, "This is what's most abnormal!"

"If even I can't find out information, it means that this person's identity, is really not simple."

"In the Southern Six Provinces, there really aren't many people who can make me unable to find out information!"

Lin Mo's face changed slightly, it seemed that this Wan Chong Shan situation was really not simple.

The reason why he dared to fight so hard against Wan Chun Tang, it looked like he really had a lot of courage!

However, since Wan Chong Shan continued to cooperate with Xu Pharmaceutical, then Lin Mo did not need to be too wary of him.

"Old Li, don't look into the matter of Wan Chongshan for now."

"You help me look into Wanchun Hall's side, their reconstructive pills, what's going on!"

Lin Mo said.

Li Tiezui: "This matter, I can look into it."

"But, behind Wanchun Hall are the Ten Great Families of Su Province, my people, may not be able to find out too much useful information!"

Lin Mo understood Li Tiezui's meaning, although his people were spread across the six southern provinces, it would still be difficult for his people to penetrate if the ten major families were involved.

After leaving these matters to Li Tiezui for the time being, Lin Mo also took a rare break for a few days.

He went to the hospital by the way. Nominally speaking, he was still the hospital doctor.

When he returned to his office, Lin Mo found that it was cleaned and a bouquet of flowers was placed on the table.

He was a little surprised, he hadn't been back for many days, what was going on here?

Just then, the door of the room was pushed open and Chen Yu walked in.

Seeing Lin Mo, Chen Yu was surprised: "Brother Lin, you're back!"

Lin Mo was also delighted, "Chen Yu? What are you doing here?"

Chen Yu laughed, "I've always been here."

"Brother Lin, I'm also a staff member here now."

Lin Mo was surprised, and Chen Yu hurriedly explained to him.

It turned out that it was He Qianxue who had hired Chen Yu to help take care of that fund of He Qianxue's.

He Qianxue's relief fund was getting bigger and bigger now, and had helped many poor patients in Guangyang City.

Now, this relief fund has become a behemoth.

He Qianxue had hired many people to help out, and Chen Yu was one of them!

Chapter 1508

After hearing Chen Yu's words, Lin Mo couldn't help but feel emotional.

Thinking back to when he had first met He Qianxue, the two of them had had a very unpleasant falling out.

Little did he know that it had only been so long since then, and He Qianxue had changed so much.

However, Lin Mo was also sincerely happy for her.

"So, are you all working here now?"

Lin Mo asked.

Chen Yu shook her head, "No."

"Our office space is upstairs."

Lin Mo was surprised and looked around, "But I have this office"

Chen Yu smiled, "Oh, this is what sister Qianxue comes over to clean every day."

"Yesterday, sister Qianxue was away on a business trip, so she explained that I would clean it."

"She also instructed that the flowers in the vase had to be replaced with new ones every day."

Only then did Lin Mo realise that Chen Yu was still holding a handful of flowers in her hand, and it looked like she had come to change them for new ones.

He was quite touched in his heart, He Qianxue was really kind of in love with him.

Thinking back to that time at Wu Cottage, He Qianxue had swallowed the cold ice compulsion and almost died.

Seriously, Lin Mo owed He Qianxue too much!

However, Lin Mo didn't know how to repay her.

What she wanted, Lin Mo could never give!

After chatting for a while, the phone suddenly rang.

Lin Mo glanced at it, it was an unfamiliar number.

He picked up the phone, "Hello, I'm"

Before he finished, an angry voice of a woman immediately came from the other side: "Is your name Lin Mo?"

Lin Mo was surprised: "It's me, and you are?"

The person on the other side said angrily, "There's a person called Lin Xi here, is she your sister?"

Lin Mo's face changed and he immediately said, "It's my sister, what's wrong?"

"What's going on?"

The person on the other side: "What's wrong? Your sister crashed my mother's car and tried to play scoundrel with me, but I caught her!"

"Now get your ass over here right now and take care of this."

"Otherwise, don't blame me for not being polite!"

Lin Mo frowned, the tone of this person's speech across the street was clearly not a good one.

Lin Xi's situation was very clear to Lin Mo.

This younger sister of his had been timid and fearful since she was a child, and didn't dare to provoke others at all, let alone play scoundrels with them.

"How is my sister doing?"

Lin Mo immediately asked.

The person on the other side: "You still have the heart to care about your sister?"

"Why don't you ask how my mother's car is doing?"

"Do you know how much this car of mine is worth?"

"Do you know how much it will cost to repair this car?"

Lin Mo knew that it was impossible to speak clearly with this kind of woman.

He could only ask for the location and then said in a deep voice: "If there's anything, I'll solve it myself when I arrive!"

"However, listen to me clearly."

"Don't you scare my sister, or else, I'm not finished with you!"

With those words, Lin Mo hung up the phone and rushed straight out.

The place where the incident happened was at the school where Lin Xi went to school.

At this time, it was the peak time for the end of the day, so Lin Mo walked to the entrance of the hospital and found that it was jammed outside.

If he drove there, he didn't know how long the traffic would last.

Luckily, Chen Yu had a small electric car, so Lin Mo got on it and hurried to the school.

The school was not far from the hospital, and in less than ten minutes, Lin Mo arrived at the school.

By now, school was already over and there was basically no one left in the school.

Lin Mo rode his electric bike to the entrance of the school and was directly stopped by the gatekeeper.

The guard looked Lin Mo up and down, and when he saw that Lin Mo was dressed in ordinary clothes and was riding an electric bike, his face was full of disdain.

"This is a school, idle people, you can't just come and go!"

The doorman said with a black face.

Lin Mo was anxious and said in a deep voice, "My sister goes to school here, something has happened to her, I have to go in and take a look!"

The doorman slapped the table, "What do I care if you go to school here!"

"If I don't let you in, you won't get in!"

Chapter 1509

Lin Mo's brow furrowed, this doorman was too crazy, right?

"Something happened to my sister at school, how can I fix it if I don't go in?"

Lin Mo said in a deep voice.

The doorman: "What do I care what happened to you?"

"If you want to go in, fine, you ask the school leader to call me and I'll let you in."

"Otherwise, I won't let you in today!"

"The school has rules, you think it's a public toilet, you can get in and out whenever you want?"

"Last time, Zhou Yuanchao's wife from the Wanfa Group was polite and courteous."

"You're a fool, you dare to barge in, do you know"

Lin Mo's face became cold to the extreme, he was now full of anxiety, worried about his sister's situation, where he was still in the mood to talk nonsense with this doorman ah.

The door was kicked open and he rode in on his electric bike.

The doorman was dumbfounded, he didn't expect Lin Mo to be so bold.

He knew that normally when he was at the door, those parents and so on, were respectful to him, and he especially liked to play up to those parents.

In his opinion, Lin Mo was just a small person riding a motorbike, so he would not put it in his eyes.

But he didn't expect that Lin Mo would be so rigid as to barge straight in.

After a moment of froze, the doorman immediately jumped out, pointed at Lin Mo and cursed, "You dare to barge into the school's important place?"

"You wait, I will never let you go!"

After speaking, he immediately took out his mobile phone and called the security department to tell them that someone had broken into the school and caused trouble.

And he, himself, followed up the school with gusto.

This time, he wanted to show his authority by taking the people from the security department and giving Lin Mo a good beating.

Lin Mo didn't care about that much, he came to the office upstairs.

The woman on the phone had just said that Lin Xi was now in her class teacher's office.

When he arrived at the office door, Lin Mo heard a shouting voice from far away, "How dare that man hang up on me just now?"

"He simply has the audacity!"

"I'm telling you, when my husband comes later, he will definitely not be spared!"

At this moment, a woman's voice came from inside the house, "Mrs. Wang, don't be angry either."

"Lin Xi didn't mean it, she's still a child after all."

"Why don't we wait for her parents to come?"

This was the voice of Lin Xi's class teacher, Mr. Li.

"Wait for what parents?"

"Can't you see? Her brother even dared to hang up on me just now, this is simply a dog with guts!"

"This parent of hers, she doesn't even have the attitude to solve this matter properly, so what am I waiting for."

"Get out of my way or I'll even beat you up!"

Mrs. Wang's voice came out.

Immediately after that, a loud noise came from inside the house, interspersed with the sound of Lin Xi crying.

Lin Mo only heard his head explode, unable to care about anything, he directly pushed the door and barged in.

There were four people inside the house in total, a young girl, shielding Lin Xi behind her, this girl was Lin Xi's class teacher, Ms Li.

Lin Xi's eyes were red and swollen, her hair was a bit messy and she had a small cut at the corner of her mouth, so she looked a bit of a mess.

On the opposite side, an obese woman with heavy make-up was tearing up with Teacher Li, and it looked like she was the same Mrs Wang who had just called Lin Mo.

Next to this obese woman, there was also a middle-aged man standing, looking at Teacher Li with an unkind face.

This middle-aged man, was the school's head teacher, Zhao Zeming!

Zhao Zeming was also pulling Teacher Li along with him, while yelling, "Teacher Li, this matter has nothing to do with you, you should leave this student to her first."

"It's the students' own business, you can just let them sort it out on their own, there's no need to stop them here, got it?"

Chapter 1510

Teacher Li said sharply, "Director Zhao, how can you talk like that?"

"Lin Xi is my student, if anything happens to her, I, as the class teacher, should of course be responsible!"

"Besides, we called just now, and her parents will be here soon."

"Let's wait a little longer and deal with it when her parents arrive."

Mrs. Wang said angrily, "No!"

"Get out of my way, or else, don't blame me for being rude to you!"

Lin Xi stood behind, looking at Mrs. Wang's aggressive appearance, and gulped up even more in fear.

Teacher Li said urgently, "Mrs. Wang, take it easy!"

"Lin Xi is still a child, you don't want to scare the child."

"Let's talk about what's going on"

Mrs. Wang: "Who the hell is going to discuss with you?"

"Get out of the way!"

She pulled Teacher Li away with a direct hand and pointed her finger at Lin Xi again, "You still have the face to cry?"

"I'm going to count to three and you shut your mouth right now, one! Two"

Not waiting for her to count to the third, a big hand suddenly grabbed her neck, lifted her whole body up and heaved her onto the ground behind her.

The person who struck was none other than Lin Mo!

Lin Xi's eyes were filled with tears, and when she saw Lin Mo, her tears finally couldn't help but gush out.

She wanted to run towards Lin Mo, but because she had done something wrong and was afraid, she could only lower her head and rub the corners of her clothes with her hands.

Seeing his sister in such a state, Lin Mo's heart was breaking!

This was his only sister, how could she let someone bully her like that?

Lin Mo took a deep breath, wiped away the tears from the corners of Lin Xi's eyes and said in a low voice, "I'm sorry, I'm late!"

Lin Xi finally couldn't hold back and flung herself into Lin Mo's arms and cried.

Lin Mo gently patted her back and whispered, "It's alright, it's alright, don't be afraid!"

"With brother here, no one can bully you!"

By now, that Mrs. Wang had already gotten up from the ground.

She ran over in a fury, but was stopped by a handful of teachers next to her, Mr Li.

"Mrs. Wang, say what you have to say properly."

"This is Lin Xi's brother, let's either put things right."

Mrs. Wang threw a slap at Teacher Li's face and broke into a scolding, "Get out of the way!"

"Who are you to dare stop me?"

"Didn't you see him hit me just now?"

"I'm telling you, don't even think about talking about this matter properly today."

"If I don't take off his arm today, I'll take his fucking name!"

Zhao Zeming also looked annoyed, "Teacher Li, get out of my way, this matter has nothing to do with you!"

Saying that, he pointed at Lin Mo's nose and said angrily, "How dare you hit someone in school?"

"What kind of place is a school? School is a place where people are taught and educated!"

"What kind of quality are you? How dare you come here and hit someone?"

"Do you really think our school doesn't have rules?"

Lin Mo pushed Lin Xi to Teacher Li's side and said softly, "Teacher Li, please look after Xi'er for me, I'll take care of this matter!"

Teacher Li nodded and pulled Lin Xi to the side.

Lin Mo walked up to Zhao Zeming and suddenly threw a slap at Zhao Zeming's face, directly knocking him to the ground.

Zhao Zeming was confused, he had a lot of power in the school.

Normally, when these parents saw him, they were all respectful and respectful.

He had never thought that there was a parent who dared to hit him with his hands!

"You you dare to hit me?"

Zhao Zeming covered his face and was furious: "You you're dead!"

"I'm telling you, this time, it's not as simple as expelling your sister from school anymore!"

"I am going to hold you legally responsible!"

"I'm going to call the security section and I'm going to get you killed!"

Zhao Zeming finished his sentence and directly took out his mobile phone, calling people in a fury.

Teacher Li was dumbfounded, she didn't expect that Lin Mo's so-called solution was to use this method, wasn't this seeking death?
