Chapter 1501: The teachings of a junior!

“You’re in such a hurry to leave?”

After the void Soaring Dragon pill was won, ye chen looked at the panwu celestial sect’s Hong Ya and the others who had left with a mocking look. He smiled and said, “You’re smart, knowing that you’re holding onto a hot potato. ”

Immediately after, the playful smile on his face was replaced by astonishment.

This was because he felt a sharp and ruthless gaze from the room next door. Who else could it be but Yang Tian?

“This guy is really treating me as an enemy!”

Ye chen touched his nose and did not know whether to laugh or cry. He then said with a half-smile, “Fine, I’d like to see how much you’ve improved,”

After saying that, he immediately brought the little girl out of the room. The two of them were wearing bamboo hats specially made for the trade fair. In addition, there were many people present, so they didn’t attract much attention.

“Big brother, where are we going?” the girl followed him closely.

“We’re being watched, let’s run for our lives!”

Ye chen stepped backstage and received the fragment of the five elements heaven-connecting Lotus and the mermaid’s body. Then, he found a random excuse and shook the girl off.

“Big brother, wait for me ...” The girl hurriedly chased after him.

The moment the two of them left, one of the men in the bamboo hat looked at the two people beside him and said coldly, “Let’s stick to the original plan. I’ll leave that brat Hongya to you. He can’t stay in Tianyuan city forever!”

In the secret area of the trade fair, old man dark sky knelt on the ground respectfully and said to a picture scroll with tears in his eyes, “Sovereign, this old servant has finally found the young miss. Don’t worry, this old servant will definitely protect the young miss!”

.....

In Tianyuan city, there was a heavy sound of breaking the air.

As ye chen teleported, he sensed the tail behind him and could not help but exclaim, “This escape technique is not bad, it has improved a lot.”

“Whoosh!”

His eyes flickered and immediately fell on the complicated Street. Then, he disappeared without a trace, as if he had suddenly evaporated from the world.

“This person’s speed is so fast!”

In the air, Yang Tian had already taken off his bamboo hat. His divine will was locked on the person in front of him. To his surprise, no matter how fast he sped up, the person could always maintain a certain distance from him.

“Eh? It’s gone?”

At this time, ye Chen’s energy suddenly disappeared from his perception.

“Damn it, where did this bastard go?!!”

With this in mind, he also landed among the crowd on the ground and tried to find ye Chen with his divine consciousness but to no avail.

“This bastard must be nearby!”

Yang Tian’s eyes flashed with a stern look, and his gaze suddenly fixed on the words ‘Garden Inn’ in front of him.

.....

In Tianyuan Inn, ye Chen returned to his residence with light steps. He sensed the flustered and exasperated Yang Tian outside and could not help but smile.

In the quiet courtyard, the young man in green had been sitting cross-legged on a huge rock, meditating. It was as if he had been doing this day after day, year after year.

As ye Chen passed by, he suddenly opened his eyes and woke up from his meditation. He said coldly, “Stop right there!!!”

Ye Chen was slightly taken aback, but he still stopped and looked at him in confusion.

“Do you know what’s the most important thing in the path of cultivation?” the young man shot ye Chen a cold glance.

Without waiting for ye Chen to speak, he immediately said, “Let me tell you, it’s diligence. The path of cultivation is to fight against fate. If you don’t advance, you will fall behind. Ever since you moved in, I have been observing you and found that you are too impetuous and lazy.”

Ye Chen was dumbfounded when he heard this.

“What’s wrong? You don’t want to listen?”

The young man snorted and said, “I’ve seen too many people like you. You talk about the way to immortality all day long, but you don’t know that little drops make an ocean. You only know how to rely on external objects. If this goes on, not only will your cultivation not improve, but you will also be possessed by the devil.”

“You and I have no reason to do so. I don’t have the right to control you what you want to do!”

The young man seemed to know that he had spoken too much and could not help but say in a despondent manner, "But you're very much like a friend of mine. I met him before I stepped onto the path of cultivation. His temperament is exactly the same as yours. Unfortunately, this close friend of mine has already passed away 500 years ago ..."

When ye chen heard this, he immediately looked at him deeply. In this world of self-deception, scheming, and selfish cultivation, this was the first time he had heard an outsider say such things to him.

If old ancestor yellow spring and the others had seen this scene, they would have been so shocked that their eyes would pop out. A mere junior in the peak nascent soul realm actually spoke to the notorious old demon ye in a lecturing tone.

With this in mind, ye chen hurriedly said gratefully, "Senior is right!"

"You and I look similar in age, and my cultivation is not high, I can't be called senior!"

Hearing the word "senior," the young man's ears turned slightly red, as if he was not used to being addressed as such for the first time.

He then put on a stern face and said, "my name is Fang He. In the future, if you have anything you don't understand about cultivation, you can come and ask me for advice until you leave. How much you can learn depends on your diligence and comprehension!"

"Alright, you can go!"

With that, he closed his eyes again, not willing to talk to ye chen anymore.

Ye chen could not help but laugh. He turned around and walked back to his residence.

A gust of wind came from somewhere and ruffled the young man's long hair. The young man who had closed his eyes opened his eyes again and subconsciously reached out to tuck a strand of hair behind his ear. He also stole a glance at ye chen.

After making sure that ye chen had not noticed, she secretly heaved a sigh of relief.

Obviously, this so-called young man was a woman. Ye chen was not surprised at all that the woman had disguised herself as a man. After all, he had recognized this woman at first sight but had not pointed it out.

At the same time, a burly young man with thick brows and big eyes stepped into the courtyard. Although the young man had completely concealed his aura, the fierceness between his brows was extremely terrifying.

It was Yang Tian.

As soon as he stepped into the courtyard, the young man named Fang He felt his soul tremble. He suddenly woke up from his meditation, as if he was being watched by a peerless monster.

Divine transformation realm old monsters!

In an instant, such a thought immediately flashed through Fang He's mind!

Yang Tian looked around the courtyard quietly. His intuition told him that the person he was tracking had entered the inn. However, after searching through most of the rooms, he still found nothing.

“B * stard, you stole my sister-in-law’s corpse. Just you wait, I’ll find you even if I have to dig three feet into the ground!”

Thinking of this, Yang Tian did not even look at Fang He. He took a step forward and walked toward a few rooms in the courtyard. Whether it was a coincidence or not, the first room he ran to was ye chen’s.

Seeing this scene, Fang He’s face, which was previously terrified and uneasy, suddenly changed. “This person must be here to cause trouble for that kid!”

Chapter 1502: You’re not his match!

Thinking of this, Fang He glanced at ye Chen’s room without a sound. “What did he do to alert a soul formation old monster?”

Seeing that Yang Tian was about to approach ye Chen’s room, Fang He subconsciously blocked the former and said, “Senior, this is my residence. May I know what business you have here?”

Yang Tian was taken aback, but he quickly sized him up. After a while, he smiled and said, “Miss, have you been in this courtyard the entire time?”

“Not bad!”

Hearing the two words “miss,” Fang He’s face slightly blushed and immediately said, “This junior has been meditating in this courtyard day and night and rarely leaves. I wonder why senior is asking this?”

“Did you see anyone break in just now?” Yang Tian asked.

It’s here!

Fang He’s eyes flashed, and then he said without changing his expression, “Senior, I didn’t see anyone else come in.”

Even though she had hidden it well, Yang Tian still caught the change in her expression.

“You’re lying!”

Yang Tian frowned and looked at the former coldly.

Under that glance, Fang He’s heart suddenly trembled. At the same time, he had an illusion that the person standing in front of him was not a person, but a terrifying fierce beast.

Was this the terrifying part of a divine transformation realm old monster?

Fang He’s body trembled slightly.

Yang Tianxuan was about to look at ye Chen’s room when a terrifying psychic force enveloped him. His expression changed slightly.

“It can actually block my divine sense?”

He couldn't help but squint his eyes, and a stern look flashed across his eyes. “So you were hiding here. I finally found you?”

After saying that, he immediately walked around Fang He and headed toward ye Chen's room.

Seeing this, Fang He's expression changed and he stopped him again. He gritted his teeth and said, “Senior, this is my private residence. Junior is also a member of the Fang clan. If you want to force your way in”

“A member of the Fang clan?”

“What's your relationship with Tianyuan trading company?” Yang Tian was moved.

“I'm a member of a branch family of the Fang family of Tianyuan trading company,” Fang He immediately said.

“No wonder he's so fearless!”

Yang Tian snorted coldly, “but you're just a member of the side family. So what if you're from the main family?” It's useless to me!”

He waved his sleeve, and Fang He suddenly felt an irresistible force coming at him. His figure could not control itself and fell back.

“Creak ...”

At this moment, the sound of a door opening was heard.

She saw ye Chen slowly walking out.

With ye Chen's appearance, Yang Tian's Tower-like body stiffened slightly. His fierce tiger Eyes met ye Chen's calm eyes.

The atmosphere instantly froze.

The moment he saw ye Chen, Fang He's expression also changed greatly. He immediately stepped forward and scolded, “What are you doing out here? Hurry up and go back!”

Yang Tian and ye Chen, who were looking at each other, were stunned.

Seeing that ye Chen did not move, Fang He said anxiously again, “What are you still doing? This is the property my father left me. Since you've moved in, you should be under my protection!”

Ye Chen looked at Yang Tian and then at her for a few seconds. He said lightly, “You are not his match!”

“This is none of your business!”

Fang He suddenly took out a blue jade slip and said with a frown, “If you don't go in, I won't care if you're Dead or Alive!”

Hearing this, ye Chen looked at Yang Tian, not knowing whether to laugh or cry. Then, he subconsciously took a few steps back.

Fang He then held the Jade slip and turned to look at Yang Tian. "Senior, this person is Junior's resident. If you act rashly, junior will have to crush this Jade!"

The Jade slip in her hand was left to her by a deity transformation elder of the Tian Yuan trading Union. It was because her father, Fang Lianhai, had an acquaintance with this deity transformation elder, and it was also because of this elder that Fang He was able to keep the property in his hands after his father's death.

Yang Tian's stern face gradually relaxed, and he looked at him with a half-smile. "What is your relationship with this person?"

"We're neither relatives nor friends!" Fang He said while biting his lips.

Yang Tian looked at her in surprise and said, "Since you are not related to him, why are you protecting him? Do you know that you don't have the ability to stop me? If I want to kill you, it'll be easier than crushing an ant!"

Hearing this, Fang He's face turned pale. He subconsciously clenched the Jade slip in his hand and said stubbornly, "Because he's my resident, and I don't want the house my father left me to be stained with blood!"

"As long as he's in the courtyard, junior will be responsible for his safety. Besides, he's only a nascent soul cultivator. I don't know what he did to provoke senior. Perhaps there's something ..."

Before she could finish her sentence, she suddenly felt a thunderous voice in her mind, "Little girl, you're so bold!!!"

"BOOM!"

At that moment, Fang He only felt a roar in his mind, almost unable to stand firm, as if his body could be broken at any time.

"Alright, that's enough!"

Ye Chen could not help but say and then took a few steps forward.

"You ..." Fang He was anxious.

"I'm fine!"

Ye Chen smiled. Two golden flames suddenly flickered in his eyes, as if they had the effect of hypnotizing and hypnotizing the soul.

"Plop!"

Fang He felt an irresistible sleepiness hit him, and then he fell to the ground, and in an instant, a even and powerful breathing sound rang out.

Ye Chen gently placed it on the Boulder. With a wave of his sleeve, he sealed off the space around the entire courtyard. Then, he looked up at Yang Tian.

Yang Tian was also looking at him, his throat moving from time to time. If you looked closely, you would see that his hands behind his back were slightly moving up and down and trembling.

A moment later, Yang Tian strode forward and gave ye chen a big hug. His almost hoarse and excited voice rang out, "Old ye!"

No one could understand his current mood better than him.

Seventeen years, a whole seventeen years!

When ye chen had left earth for the ancient barren world, he was only thirty-three years old. Seventeen years had passed. Now, although he looked the same as ten years ago, he was already fifty years old!

For an ordinary person to live to 50 years old, it was considered that they had seen all the facts and tasted all the honor and disgrace, not to mention for cultivators who lived in danger and experienced one great change after another.

In these seventeen years, he had experienced too much. He could be said to be one of the people who missed ye chen the most. However, after nearly ten thousand days and nights, he had gone from hope to disappointment and then to despair. He had gone from young to experienced and then deep!

Ye chen also looked at the man in front of him who had changed a lot. Seventeen years had changed him a lot. However, in the man's burning eyes, ye chen still saw the Yang Tian of the past.

Thinking of this, he couldn't help but reach out and punch the former's chest. His eyes were slightly red as he said, "You really make me worry ..."

Chapter 1503: Meeting Yang Tian again, brothers reunited!

"Old ye!"

Yang Tian held his shoulder tightly and stared at him, his eyes wet. "You know, I ... I thought I would never ... Ever see you again in my life ..."

"I'm sorry!"

Ye chen could not help but take a deep breath.

Yang Tian wiped the corners of his eyes, and his fierce face was filled with smiles. "When I first saw you, I thought I was hallucinating!"

"You're pretty good!"

Ye chen looked at him with a complicated expression. "You've changed a lot while I wasn't around. This can be considered a training for you!"

He looked at his former best friend up close.

Ye Chen's expression was a little dazed. He thought about the two of them in the past. When they sat in the last row of the classroom during college, they would either talk about a girl's big chest, which girl was a mistress, or go to the internet cafe to play with poisonous milk powder after school.

In the past, Yang Tian was also a hothead. For ye chen, he was willing to hold a fruit knife in his hand and fight with the local hooligans in the internet cafe.

Because of ye Chen's words, he could travel thousands of miles from the southwest to the northeast on foot. During this period, he made a living by picking up scraps and was even caught and locked up in a multi-level marketing nest for several days.

However, who would have thought that such a person would grow to such a stage!

The great circle of soul formation!

In the seventeen years that ye chen had been away, this fellow had rapidly advanced from the Golden core stage to the great circle of the soul formation stage. Even in the cultivation world, such speed and aptitude would be regarded as a rare genius that only appeared once in ten thousand years.

"Alright, stop crying!"

Ye chen could not help but laugh when he saw the former still wiping her tears."Two men were looking at each other affectionately, and one of them was crying non-stop. If outsiders saw this, they would think that we're comrades."

"Get lost, who's your comrade!"

Yang Tian could not help but give him a punch as he laughed and scolded him. Only then did he regain his emotions and said,""Right, why are you here? I remember I followed a grandson here. "

When he mentioned his grandson, he saw ye Chen's face darken and his eyes widened.""F * ck, don't tell me you're that sun ... That guy?"

"I'll tell you the reason later!"

Ye chen met his gaze and nodded. Then, he smiled and said,"Before that, I'll take you to see someone!"

.....

In one of the rooms in Tianyuan Inn, a series of shrieks that sounded like pigs being slaughtered could be heard. It could be said that the listener would cry and the listener would feel sad.

"Old man, stop hitting me. I was wrong. If you continue hitting me, my butt will really burst ..."

"Brat, what did you just call me? Old man? I'm only 50 years old this year, how am I old?"

"Dad, I'll call you dad ..."

"Uncle ye, Godfather, help ..."

"....."

Ye chen sat leisurely, sipping the spirit tea in his cup while watching the "domestic violence" in front of him!

At this moment, Yang Hao was like a rabbit whose tail had been burned, scurrying around the room, trying to avoid the whip behind him. However, no matter how he tried, the whip would always hit him, as if it had eyes.

“Enough!”

After being whipped again, Yang Hao couldn't help but grimace and say, “Old man, if you continue to fight, no one will follow you to your death in the future!”

“I'll beat you to death, you little bastard!”

Yang Tian was so angry that he almost whipped him again.

Ye Chen put down his teacup and said with a half-smile, “Old Yang, your way of teaching is wrong. You're beating him too lightly. As the saying goes, a stick brings out a filial son. Why don't you let me try?”

Yang Hao's face turned green when he heard this.

Although Yang Tian's whipping was not fatal, it could still hurt his bones. However, Ye Chen had said that it was too light.

“Don't try to fool me!”

Yang Tian turned around and glared at him. “Our son isn't yours. Of course you won't feel bad.”

After saying that, he put away the whip in his hand and said to Yang Hao, who was hiding in the corner, “You, come here!”

Yang Hao seemed to be really afraid of him. He looked at Ye Chen and finally braced himself to walk over.

“You're already twenty-one or twenty-two. I shouldn't have hit you!”

This time, Yang Tian looked at him quietly, and a hint of heartache that was hard to capture flashed in his eyes. “But do you know why I still hit you?”

“Because I failed to live up to expectations!” Yang Hao said in a low voice.

“Nonsense, of course you're disappointing!”

Yang Tian sneered and said, “but that's nothing. The reason I'm so angry is that you didn't visit your mother's grave when I wasn't around!!!”

Yang Hao fell silent.

Ye Chen was stunned and shook his head.

Yang Tian was furious. “Your mother was in a car accident when she was pregnant with you. She even protected you in her womb before she died. Your mother took your life back from the gates of hell!”

“I've been stuck in the Ruins of Yin all these years, so your mother's grave must be lonely. Maybe the weeds have already covered the grave.”

He sat down heavily, lowered his head, and said sadly, "In the past years, no matter the 15th day of the Lunar New Year, I would go there to offer sacrifices. She must be very hungry and cold down there all these years ..."

Yang Hao suddenly knelt down heavily, wiped his tears, and said with trembling lips, "Dad, I was wrong. I don't have the obligation to respect my son. I should have been hit ..."

Looking at the father and son, ye chen finally sighed and said, "Old Yang, you really can't blame Yang Hao for this ..."

Then, he told them about how Yang Hao, song Qiye, and the others had been shackled by twelve shackles and were unable to leave their respective places.

"The Eight Families of the Xuan Yuan clan!"

After understanding the whole story, Yang Tian was so angry that he laughed. "You're bullying me. Just you wait, I'll annihilate you all later!"

Then, he seemed to have thought of something and suddenly looked at ye chen. "Right, old ye, you have to help me!"

As his voice fell!

Yang Hao, song Qiye, and the others looked at ye chen in confusion.

Ye chen met their gazes and smiled. "If I'm not wrong, you want me to snatch the void Soaring Dragon pill back, right?"

"Right!"

Yang Tian nodded slightly and said, "I must get this void Soaring Dragon pill. I'm not afraid of Hongya from the panwu celestial sect either. The only thing I'm worried about is that ancestor panwu might have left some tricks in his body. If that happens, we'll alert the enemy!"

"Don't worry!"

Ye chen smiled faintly. "When we were at the spatial trade fair, I knew you were here for this item. That's why I planted a divine thought in Hongya's body. No action of his can escape my senses!"

"Now that they are still in Tianyuan city, they must know that they have a hot potato in their hands, so they don't dare to leave Tianyuan city. I'm afraid they are calling for help!"

When he said this, he seemed to smile.

"Then I'm relieved!"

Yang Tian heaved a sigh of relief and said, "Also, you have to give me the body of my sister-in-law, Princess xuanling!"

Chapter 1504: The origin of that person in the demon God forest!

A few days after ye chen and Yang Tian had met.

Fang He, who was in the celestial essence Inn, also woke up from her deep sleep. Looking at ye Chen's empty room, she could not help but sigh. "It seems that this guy has been taken away by that senior!"

"You and I are just strangers who met by chance. I have done what I can. I hope you can escape this and be safe!"

In her opinion, ye chen must have offended Yang Tian, a soul formation stage old monster. Otherwise, how could he have personally alerted a soul formation stage old monster to come to this Garden Inn?

Thinking of this, she sighed softly and sat on the huge stone in the courtyard again. She closed her eyes and meditated.

In the past few days, if one were to observe carefully, they would find that there were many new faces in Tianyuan city, and many people's eyes and divine senses were locked in one direction.

That was where Hong Ya and the others from the panwu immortal sect were staying.

Anyone who had participated in the spatial trade fair that day would be able to guess the reason for this abnormality. It was obvious that someone was coveting the void Soaring Dragon pills in the hands of Hong Ya and the others.

Although the panwu celestial sect was also a member of the five sacred grounds of the Ruins of Yin, as the saying goes, wealth can move people's hearts. For the sake of the void Soaring Dragon pill, there were still many powers who were willing to give up everything.

Hongya and the others had also anticipated all this, so they cleverly chose to stay in Tianyuan city for the time being. After all, Tianyuan city was the territory of Tianyuan Chamber of Commerce. With an old monster at the void training stage in charge, no one dared to act presumptuously.

In a building not far from where Hong Ya and the others were staying, ye chen and Yang Tian stood side by side, looking at the palace across from them.

"Old ye, how much longer do you think this grandson Hongya can endure?"

Yang Tian frowned and said worriedly, "This grandson can't be staying in Tian Yuan city and not leaving right? Or perhaps you want to refine the void Soaring Dragon pill before you leave!"

"I won 't!"

Ye chen smiled faintly. "This is, after all, an outsider's territory. The process of breaking through from the soul formation stage to the void training stage is extremely important and dangerous. Any external influence will render all previous efforts useless. Hongya is a smart man. He wouldn't dare to do that!"

"You're right!"

Yang Tian nodded slightly, and then he seemed to have thought of something. He asked in confusion, "With your strength, it shouldn't be difficult for you to capture Hongya. Why didn't you make a move?"

"I can sense that there are two extremely obscure spiritual senses that have been locked onto Hongya."

“If I’m not wrong, there must be old monsters at the void training stage in Tianyuan city spying on us. If I make a move, I’ll definitely alert these two and cause unnecessary trouble,” ye chen said.

His top priority was to find the five elements heaven-connecting Lotus. He didn’t want to cause any trouble unless it was absolutely necessary.

“No wonder!”

Yang Tian’s expression turned serious. “The Tianyuan trading company has a great history. I’ve heard from the merman race’s patriarch that the Tianyuan trading company has a heaven-illuminator!” He said in a deep voice.

“It’s moving!” Ye chen suddenly chuckled.

At that moment, he felt a sudden change in the aura of the palace opposite him. Then, he saw dozens of figures shooting out from there and splitting into several groups to sweep in all directions.

“This bastard Hongya is really cunning!”

Yang Tian could not help but sneer. “You sure know how to use this method to confuse everyone. You’re creating the most advantageous space for yourself to escape!”

He narrowed his eyes, and demonic fire was boiling in his eyes. He immediately sensed that as the few groups of people scattered in all directions, many people from different forces were following them.

The group of people in the southeast had the strongest aura, and they seemed to be three people in the soul formation perfection realm.

Seeing this, Yang Tian immediately urged, “Old ye, they’re running towards the southeast corner. Let’s chase them!”

“No!”

Ye chen suddenly laughed. “That’s just a smokescreen. The real Hongya isn’t in there. Their real location is ...”

“Northwest!!!”

He squinted his eyes, took a step forward, and disappeared from where he was. Yang Tian did not hesitate and quickly followed.

Almost at the same time, in the depths of the main city of Tianyuan city, a woman in red frowned and said, “Third Grandpa, that fellow from the panwu celestial sect can’t hold it in anymore.”

In front of him, an old man with crane-like hair and a ruddy complexion sat cross-legged with a pair of turbid eyes like a vast ocean. Even though the aura of his entire body was concealed, the aura that was faintly waiting to be released caused the surrounding space to be somewhat distorted.

“You’re smart to know how to set up a misleading formation. ”

The old man’s gaze pierced through the void and said without the slightest surprise, “It’s a pity that it’s just a small trick. How can it hide from everyone!”

“Third Grandpa, do you mean that Hongya has really been targeted?”

The woman in red was slightly surprised and immediately said, “Then should we take action? After all, this incident started in Tianyuan city, and I don’t want ancestor panwu to come and question us later. ”

“Hehe, if he continues to stay in Tian Yuan city, we naturally have the obligation to protect him, but if he leaves Tian Yuan city of his own accord, what does his life or death have to do with Tian Yuan city?”

“Moreover, ancestor panwu doesn’t have the guts to come to Tianyuan city and question us,” the old man said with a calm expression.

The lady in red suddenly asked, “that’s right, third Grandpa, who made that void Soaring Dragon pill? Why didn’t my Tian Yuan City BID for it?”

The old man’s calm face finally showed a slight change. “That void Soaring Dragon pill must have come from the demon God forest. Even though I can’t see through that person’s plan, we still can’t destroy that pill.”

“The one in the demon God forest ...”

The red-clothed lady’s pretty face changed slightly when she heard these words.

Even though Tianyuan city came from outside the region and had a terrifying background, she still vaguely knew that in Yinxu, there were also existences that Tianyuan city could not easily provoke.

For example, the demon God forest and the person in the heavenly tomb ...

She bit her lips and couldn’t help but look at the old man beside her. “Third Grandpa, who is that person in the demon God forest?”

“Don’t ask!”

“He is a taboo, a taboo that even the headquarters can’t see through!” The old man’s expression changed slightly.

“Headquarters ...”

The red-robed woman’s heart was beating wildly.

“Hu hu hu ...”

A thousand miles away from Tianyuan city, peaks gathered and strong winds blew.

Five figures flew at a low altitude. They were not fast, but they were like ghosts, leaving no traces behind. Wherever they passed, no one had ever passed.

“Pi Li pa la ...”

As a series of crisp sounds rang out, one of the old figures suddenly stopped. Looking at the string of beads that had exploded in his hand, he said with an ugly expression, “Young master, elder Xu, elder Tang, and the others have been caught up.”

Among the figures, an old man's face began to change at a speed that was visible to the naked eye. Finally, he turned into a handsome young man.

The young man's eyes shot out a cold glint, and the corners of his mouth curled into a sinister arc. "It seems like our true route has been exposed!"

The young man was Hong Ya!

As soon as these words came out, the surroundings suddenly became as silent as death.

The old man who spoke earlier snorted coldly, "These guys are really blinded by greed. When the old ancestor comes out of his closed-door cultivation, our panwu immortal sect will definitely settle the score."

"It's useless to say this now!"

Hong Ya looked back in the direction of Tianyuan city and said, "Our top priority now is to bring the void Soaring Dragon pill back to the sect. After I step into the void training stage ..."

It was at this moment that a faint laugh suddenly came from the void. "Hehe, brother Hongya, I'm afraid I'll have to disappoint you this time ..."

Chapter 1505: The Art of Charm is purely a small-path ear!

As the sudden voice fell ...

The void suddenly twisted a few times and then six figures descended with the sound of wind breaking. They happened to block the way of Hongya and the others.

When he saw that the leader was a young Man in Black, Hong Ya's pupils shrank and he sneered, "So it's brother Jiang Li of the great Jiang divine dynasty. How did you discover our whereabouts?"

"Hehe ..."

Jiang Li stepped out slowly and smiled at the former. "Brother Hongya's trick is good, but it can only deceive ordinary people ..."

"So what if you saw through me?"

Hong Ya's eyes turned cold. "Jiang Laowu," he said in a cold voice, "our forces are equal. Do you think you can stop us?"

The two of them had fought countless times in the Ruins of Yin, so they were naturally very clear about each other's means.

"Since I've come, how could I not consider everything?"

Jiang Li chuckled and looked up into the sky. "Holy maiden Tianxuan, since you're here, why don't you show yourself and conspire with us to obtain the void Soaring Dragon pill?"

As soon as he finished speaking, a chuckle suddenly came from the ground, ""Hehehe, I haven't seen you for a few days. Jiang Shenzi's eyesight has improved greatly!"

Then, under everyone's gaze, a beautiful woman in her 20s walked over gracefully. Her Jade-like body was slender, and her red lips were moist. Her light jade feet stepped on the void as if she was stepping on a calm lake.

"Holy maiden Tianxuan, I didn't expect you to be here!"

At that moment, Hong Ya's face darkened. ""When did you two get together? Furthermore, there is only one void Soaring Dragon pill. Even if the two of you get it, how are you going to split it?"

"Hehe, there's no need for brother Hong to worry about that!"

Jiang Li chuckled. "I've already made a deal with the Tianxuan saintess. We'll work together to get the void Soaring Dragon pill back first. Your plan to sow discord is useless!"

"BOOM!"

In an instant, the temperature between heaven and earth suddenly dropped. Hong Ya's face was covered in coldness. He laughed out of anger, ""Since that's the case, then let's see who's the real deal!"

"Do it!"

Jiang Li's eyes flickered, and he attacked!

"Wait!"

At this moment, the Tianxuan Holy maiden suddenly said, ""There's someone else!"

After saying that, she immediately turned to look in a certain direction and smiled. Her demoness-like voice sounded, ""The one who is hiding in the dark, are you so heartless as to watch us fight to the death?"

Her voice was extremely charming.

As soon as he said that, Jiang Li, Hong Ya, and the others, who were about to attack, changed their expressions. They did not realize that there was someone else present.

At this moment, a loud voice suddenly came from the forest, ""F * ck, old ye, why did you hit me!"

"I just couldn't hold it in and let out a fart ..."

Hearing these vulgar words, Tianxuan saintess's eyes glowed, while Jiang Li, Hongya, and the others looked terrible.

Immediately after, two figures walked out of the forest. The leader was dressed in purple, with a strong and stocky build, and a very rough appearance.

The man behind him was a young man in a green shirt. The young man's facial features were as handsome as a God 's.

Who else could these two people be but Yang Tian and ye chen?

“Hehe, I was wondering who it was, I didn’t expect it to be the merman race’s son-in-law, brother yang.”

The moment he saw Yang Tian, Jiang Li’s tensed face immediately broke into a smile.””Brother yang, why didn’t you stay in the merman race and enjoy the good fortune of having two people? what are you doing here?”

“Jiang, don’t be so pretentious!”

Yang Tian did not give him a good look at all. With a green foxtail grass in his mouth, he glanced at Hong Ya from the corner of his eyes.”The one with the surname Hong, hand over the void Soaring Dragon pill obediently. I’ll let you off on the account that I’m in a good mood, in case the panwu immortal sect is destroyed.”

As soon as he finished speaking, the many elders of the panwu immortal sect, who were standing in front of Hongya, were instantly enraged.””Bastard!”

Hong Ya’s eyes flashed coldly and he smiled,””What a coincidence, brother yang. Brother Jiang Li and Holy maiden Tianxuan are both interested in the void Soaring Dragon pill in my hands. Why don’t you discuss it with them?”

He could tell that Yang Tian and Jiang Li were not on the same side, so he used the same trick again. His purpose was self-evident.

As expected, Jiang Li and the Tianxuan saintess both smiled coldly after he finished speaking.

“What’s there to discuss?”

Yang Tian acted as if he did not hear his provocation. He chuckled and said,””I’ve already said that this void Soaring Dragon pill is mine. Outsiders can forget about getting their hands on it.”

“Brother Yang’s tone is quite big!”

Hearing this, Jiang Li said with a faint smile,””There’s only two of you, and you want to get your hands on the void Soaring Dragon pill alone. Aren’t you thinking too much?”

Although he said that, he still frowned slightly.

Although Yang Tian had obtained the inheritance of the merman race’s ancestral land, his cultivation level was also at the soul formation perfection stage like them. The former was so arrogant, so he must have something to rely on.

And their greatest reliance was none other than the merman race’s old ancestor. However, if the merman race’s old ancestor was really present, why would he wait until now? he would have probably made his move long ago!

He was not the only one who had the same thought. In an instant, many people’s eyes could not help but fall on ye chen, who was behind Yang Tian.

However, to their surprise, they could not see through ye Chen’s cultivation base. In addition, ye Chen’s young and unfamiliar appearance made them somewhat uncertain.

Holy maiden Tianxuan looked at ye chen and smiled sweetly. Light flickered in her eyes and the light veil on her body swayed. She was hazy and charming."I still don't know how to address this Little Big brother?"

With that, she took a graceful step and her delicate body leaned close to ye chen. Her skin was like jade, and her fragrance was alluring.

Her eyes were like autumn water, and her Fox-like pupils flickered. She looked into ye Chen's eyes with an extremely charming power. No man would be able to stand that kind of gaze.

Seeing this, Jiang Li subconsciously looked at Hong Ya and saw the shock in each other's eyes."Seduction technique! This is the heavenly seduction technique of the Tianxuan Holy Land ..."

"This is the first time I've seen someone as handsome as you ..." The Tianxuan saintess said with a faint smile.

Even Jiang Li and the others would fall into her charm if they were not careful. It would be difficult for them to wake up in a short time.

At this time, she suddenly saw two balls of dancing divine fire in ye Chen's eyes. They were like divine lamps, dazzling and dazzling, burning everything.

"Ah!"

At that moment, the Tianxuan saintess felt a sharp pain in her eyes, as if she was being burned by fire. She took a few steps back and screamed.

Jiang Li and the others were shocked by the sudden scene.

The Tianxuan Holy maiden looked at ye chen again. She was not satisfied with his previous charm. All that was left was a deep fear."Who the hell are you?!"

Her eyes were actually filled with tears of blood.

"The art of seduction is purely a small-time skill!"

Ye chen looked at her coldly, then gently raised his right hand and extended it toward Hong Ya. He said calmly,""Hand over the void Soaring Dragon pill."

Chapter 1506: Killing one person with each step!

"Hand over the void Soaring Dragon pill."

Ye Chen's voice was neither loud nor soft, but it entered everyone's ears without missing a word. It was as if it had a trace of irresistible magic.

The smile on Hong Ya's face gradually turned cold, and Jiang Li was no exception.

The three of them were the most outstanding people in the five great saint lands. When had they ever seen such an arrogant person? With just the two of them, he dared to come and snatch the void Soaring Dragon pill.

“What an arrogant brat!”

Without waiting for Hong Ya to speak, an elder of the panwu celestial sect behind him laughed sinisterly, “I’d like to see where you get your courage from!!!”

The voice fell.

He took a step forward and turned into a huge hand that pressed down on ye chen. The vast pressure caused the surrounding void to tremble.

“Old ye, be careful!”

Yang Tian, who was standing next to ye chen, narrowed his eyes and said, “This person is one of the seven panwu disciples of the panwu immortal sect. He has long reached the perfected soul formation stage, and the cold nether vital energy he cultivates is extremely sinister ...”

Before he could finish his sentence, he noticed that ye chen was not retreating but advancing instead. He took a step forward at a moderate pace.

It was this one step that caused the elder of the panwu celestial sect to let out a blood-curdling screech and fall heavily to the ground. He remained motionless, with his eyes wide open, as if he had died with grievances.

“Elder Hong Tao!”

Upon seeing this scene, the expressions of Hong Ya and the others changed. Apparently, they did not expect that a great complete divine transformation realm expert would die like this.

“How dare you kill a member of the panwu celestial sect? you’re courting death!”

Following a furious roar, another elder of the panwu celestial sect spat out a huge bronze cauldron. The cauldron then expanded to the size of a mountain and pressed down on ye Chen’s head.

“The green dawn cauldron, one of the three greatest treasures of the panwu celestial sect!”

Yang Tian’s eyes gleamed as if he was reminding ye chen.

Ye chen took another step forward.

“BOOM!!!”

In an instant, the mountain-sized bronze cauldron exploded and turned into fine powder!

“Ah!”

At the same time, the person who had attacked him fell to the ground and died on the spot.

Deathly silence. The world suddenly became deathly silent!

Everyone looked at ye chen in shock. There was only fear and shock in their eyes.

Killing one person with each step, and one at the great circle of soul formation!

“F * ck, old ye, do you have to be so fierce?”

Yang Tian's eyes almost popped out of their sockets. Although he knew that ye chen was stronger than him, he did not expect ye chen to be this strong.

At that moment, everyone's pupils, including the Tianxuan saintess, Jiang Li, and Hong Ya, dilated in shock.

"Who are you?!!"

Hong Ya swallowed his saliva and his voice trembled.

Instantly killing a cultivator in the great circle of the soul formation stage was something that even he, the divine Son of great Jiang, couldn't do.

The only remaining explanation was that ye chen was most likely a void training old monster who had the ability to maintain his appearance!

"Woof!"

As soon as this thought appeared, it exploded in his mind like a flood breaking through a dam, causing him to be filled with horror.

"Void training stage!"

Holy maiden Tianxuan's body trembled!

Even in the five great Holy Lands, such an existence would be considered a top expert. However, they had actually encountered him here.

"I'm ye nankuang from China!" Ye chen smiled.

"BOOM!"

As his voice fell, the world suddenly became extremely violent, as if the sky was about to collapse.

"You ... You're ye nankuang?!!"

"Ye nankuang?" Jiang Li's heart wavered. "Is it the ye nankuang who has been rumoured to have flattened the Taichu dojo all by himself?!!"

Ye chen met his gaze and smiled.

Although ye chen did not give a clear answer, Jiang Li's body trembled violently. Then, he took a deep breath and bowed to ye chen. "Junior is great Jiang Divine Son Jiang Li. Greetings, senior ye. Junior doesn't want the void Soaring Dragon pill anymore!"

"I don't want it either ..." Holy maiden Tianxuan said.

The two of them knew very well that he could even fight against the projection of heavenly Lord Taichu's consciousness, so what was instant killing of a perfected divine transformation realm?

"Very good!" Ye chen smiled.

Seeing that ye chen had no intention of pursuing the matter, Jiang Li once again cupped his fists at ye chen. Then, he turned around and flew into the sky with his people. He did not hesitate at all. He was extremely decisive and straightforward.

“Senior, if you have time, I hope you can come to my Tianxuan Holy Land for a chat!”

Holy maiden Tianxuan also chose to leave.

After the two had left, ye chen looked at Hong Ya and the others who were motionless. He smiled and said, “Do you need me to do it myself?”

“Senior, have you ever thought that you would offend the panwu celestial sect by doing this?”

Hong Ya’s face twitched. The reason why Jiang Li and the Holy maiden Tianxuan retreated so quickly was that they did not have the void Soaring Dragon pill.

But he was different!

In order to obtain this void Soaring Dragon pill, he had spent 100 million low-grade spiritual stones. If he lost this pill, he would not only lose spiritual stones, but also the chance to reach the void training stage.

“I’ve already offended your panwu celestial sect. Why would I mind offending you again?”

Ye chen smiled faintly.

“Did you hear that?” Yang Tian gloated. “If you don’t hand over the pills, I’m afraid you won’t be able to leave this place alive!”

“The panwu celestial sect will not let this matter rest!”

Hong Ya snorted coldly and flicked his finger. A Jade-like medicine bottle shot toward ye chen. At the same time, he also retreated madly.

“Do you think you can leave?!!”

Seeing this, ye Chen’s eyes flashed with a hint of ridicule.

“Protect the young master!”

At that moment, the auras of the remaining three elders of the panwu immortal sect skyrocketed. Then, they joined forces and attacked ye chen fearlessly.

“A Mantis trying to stop a chariot ...”

Ye Chen’s eyes flashed and a terrifying pressure swept out. Three shocking clouds of blood mist appeared in the sky.

Almost at the same time, a huge crack appeared in the sky, and a huge arm rushed out from it.

The huge hand did not attack ye chen. Instead, it grabbed Hong Ya and pulled him back toward the crack in the sky.

“Break!”

Ye chen was not flustered. He slowly reached out his hand and gently clenched it toward the huge Lei Feng in the sky.

As his palm fell, the huge crack began to close quickly. Faintly, one could hear a scream from inside, accompanied by a mist of blood.

“Ye nankuang, this old man will remember this!”

As the blood mist dispersed, the void had already closed, but there was a furious voice that pierced through the void.

“Old ye, is Hongya dead yet?” Yang Tian asked.

“He should be dead.”

Ye chen said thoughtfully, “even if he doesn’t die, I’m afraid he’ll only be left with an incomplete astral body. It won’t be difficult to recover without thirty-five years!”

“That’s enough. I’m afraid you don’t know that people like Hongya have life-saving means and are extremely difficult to kill, let alone when they are rescued by a strong person!”

Chapter 1507: The news of Yi in the Ruins of Yin!

After saying that, he couldn’t help but take a deep look in the direction of the crack. Was the person who attacked just now ancestor panwu?”

“It must be him!”

Ye chen frowned. “He’s the Lord of a great Holy Land. Why hasn’t he come out to confront me time and time again?”

You don’t know this, but ancestor panwu seems to be injured!”

Yang Tian grinned. “That old man was injured by the referee. If he didn’t run fast enough, he would have lost his life!”

At that moment, ye Chen’s expression finally changed. ““Oh? You’ve seen the church?”

Ever since he returned from the purple sky Realm, he had lost all news of Yi. He had guessed that Yi had also entered the Ruins of Yin, but it turned out to be true.

“I’ve never seen it before!”

Yang Tian shook his head. “I was in seclusion at the ancestral land of the merman race. I only heard about him from the merman race patriarch.”

“How did he end up fighting with ancestor panwu?” ye chen frowned.

“I don’t know the details.”

Yang Tian said, “however, according to the patriarch of the merman race, the Jiao entered the Ruins of Yin two months ago. He was too overbearing and imperious. He barged into the panwu celestial sect

and forced the patriarch to show up. After the two of them fought, the patriarch fled with severe injuries.”

At this point, he seemed to have thought of something and grinned.””The panwu celestial sect’s ancestor was chased by him and fled in a sorry state. He didn’t dare to return to his sect. He only returned to the panwu celestial sect after he heard that Yi Sha had entered the restricted area!”

“The assassins have entered the Forbidden Zone?”

Ye Chen’s eyes flashed.

“Not bad!”

Yang Tian nodded and said,”someone saw him killing his way from the periphery to the core. He was covered in blood all the way and finally entered the Forbidden Zone. But you know, the Forbidden Zone is very dangerous. Even old monsters at the void training stage can’t escape from it. So, we lost contact with him.”

“This guy ...”

After ye chen had finally accepted this news, he mumbled,””Why did he kill his way into the restricted area? Just what is inside the Forbidden Zone? why is it that so many people are after it?”

“I don’t know what’s in the Forbidden Zone,” Yang Tian said in a deep voice.”But it’s said that all the immortal sects from the outer realms have come to earth because they’re going to the Forbidden Zone of Yinxu.”

He gave ye chen a deep look and lowered his voice, his lips moving slightly. “It’s said that the body of an immortal is suppressed in the Forbidden Zone. Whoever can find the body of the immortal will have the hope of becoming an immortal!”

“BOOM!”

All the doubts in ye Chen’s mind were cleared up. “That’s right. Luo Tianya once said that there was an immortal on earth; however, he was suppressed by Emperor Xuanyuan and his immortal soul was confined. It seems that the Forbidden Zone must be related to that immortal or Emperor Xuanyuan!”

“I’ve only heard about it, but I don’t know if it’s true or not!”

Yang Tian was afraid that he would overthink it, so he comforted him.”Don’t think too much. The forbidden area is an ominous place. Once, two old monsters at the void training stage tried to attack the forbidden area with the force of a whole sect. In the end, their souls were destroyed!”

He was worried that ye chen would believe his rumors and take the risk to enter the Forbidden Zone like the others for the hope of becoming immortal!

Ye chen acted as if he did not hear him. His eyes flickered as he thought to himself,””If the matter of an immortal descending to the lower realm is true, it means that this immortal is from the ancient celestial realm and is an ancient immortal!”

When he first ascended to the immortal world from the cultivation world, the immortal world was not called the immortal world but the ancient immortal realm. The people of the ancient immortal realm were called ancient Immortals.

At that time, the master of the ancient celestial realm, Daozhen Celestial Emperor, was tyrannical and tyrannical. He supported the ancient celestial clan and looked down on the immortals who ascended from the lower realms, causing the celestial realm to be in chaos. The ancient celestial clan and the immortals who ascended from the lower realms had a long-standing feud and conflict.

The ancient celestial realm was divided into four gates, north, south, east and west. Each gate had a Heavenly King's treasured mirror, which could lead one million celestial soldiers.

Ye chen was the mirror-wielding Heavenly king of the south School in the ancient heavenly city. He was on equal footing with the other three mirror-wielding Heavenly Kings and his status was second only to immortal Emperor Daozhen.

However, he was later envied by Celestial Emperor Daozhen, and he had no choice but to fight back. He succeeded in instigating the three Heavenly Kings in mastery realm in the East, West, and North of the ancient celestial realm to defect, and then unified the ancient celestial realm, established the celestial heavens, and imprisoned Celestial Emperor Daozhen in Hell Mountain.

"If there really were Immortals who descended to earth in the ancient times, they must be ancient Immortals. But why did they come to earth?"

Ye Chen's heart was filled with doubt.

Thinking of this, he could only suppress his doubts and shake his head slightly. He handed the void Soaring Dragon pill to Yang Tian and said, "When do you plan to take it?"

"There's no rush for now!"

"No!" Yang Tian shook his head. "The huangshen tomb is about to open. Once I reach the void training stage, I won't be able to enter the huangshen tomb!"

"Why?"

Ye chen was slightly stunned. Then, he seemed to have recalled something. "Could it be that the huangshen tomb only allows cultivators below the void training stage to enter?"

"You're right!"

Yang Tian nodded. "The huangshen tomb has a very strange restriction. This restriction is extremely resistant to cultivators at the void training stage. Only soul formation cultivators can enter without being affected."

"What is inside the huangshen tomb that even you can't sit still?" Ye chen furrowed his brows.

"You don't know the origin of the huangshen tomb?"

Yang Tian looked at him in surprise and said, "The huangshen tomb is the tomb of old man Da Huang. It is rumored that old man Da Huang had once killed his way into the Forbidden Zone and successfully

returned. Therefore, if you say that there is nothing good in his tomb, I will not believe it even if you beat me to death.”

Ye Chen nodded slightly. “It’s said that the scholar from the demon God forest has also killed his way into the Forbidden Zone and stained it with blood. Why hasn’t anyone tried to take him?”

“Shh!”

Yang Tian’s expression changed drastically when he heard that. He looked around nervously for a moment before he whispered, “My Lord, do you want to die? That person in the demon God forest isn’t someone you can casually talk about.”

Meeting Ye Chen’s surprised gaze, he swallowed and said again, “The one in the demon God forest is a taboo in the Ruins of Yin. Just like the one in the heavenly tomb, many people have tried to get their hands on him, including some old monsters in the void training stage.”

He swallowed again and said with a serious expression, “In the end, all these people died. Don’t think that he’s a scholar. He’s so weak that he can’t even stand the wind. Usually, scholars are the most ruthless.”

“This is interesting!”

Seeing Yang Tian’s apprehension, Ye Chen’s interest in Qianqiu Wuhen was piqued once more. He could not help but recall the first time he had met Qianqiu Wuhen in the demon God forest.

The other party had also given him a token.

Just as he was lost in his thoughts, Yang Tian suddenly said, “That’s right, old Ye, did you buy a so-called sacred medicine fragment at the spatial trade fair?”

“Why? Do you need it?” Ye Chen looked at him firmly.

That fragment was the incomplete map of the whereabouts of the five elements heaven-connecting Lotus.

“I didn’t mean it that way!”

“I think I’ve seen that fragment before,” Yang Tian said. “I mean, if it’s useful to you, it can help you!”

“Where else have you seen it before?” Ye Chen’s eyes flickered.

Chapter 1508: Meeting Fang Ziyue again!

In the silent void.

Ye Chen squinted at Yang Tian and said in a deep voice, “You’re saying that you also saw a five elements heaven-connecting Lotus fragment in the hands of the merman race patriarch?”

He was determined to get the five elements heaven-connecting Lotus!

Unfortunately, even though he had bought a fragment from the spatial trade fair, he was still unable to reveal the whereabouts of the five elements heaven-connecting Lotus.

To his surprise, Yang Tian had just told him that the merman patriarch also had a five elements sky Lotus fragment.

“Not bad!”

Yang Tian met his gaze and nodded. “Unfortunately, I did not know what it was back then. Later on, I learned that it was a fragment of a sacred artifact during the spatial trade fair.”

“Even if it’s in the hands of the merman patriarch, I’m afraid he won’t give it up so easily,” ye chen said with a faint smile.

“That might not be the case!”

Yang Tian chuckled. “The merman race’s great ancestor is much more important than me. Furthermore, the merman race is ruled by a woman, and my wife is deeply loved by the matriarch. If the matriarch intercedes, I’m afraid this can be done, but you’ll have to pay a price.”

“Naturally.”

Ye chen nodded with a smile. If it were anyone else, he could have taken it. However, the merfolk were different from other forces. The former had a relationship with Yang Tian.

Yang Tian waved his hand and immediately settled the matter. “After the huangshen tomb is over, you can follow me to the merman race!”

.....

An hour later, in an extremely luxurious and retro courtyard in Tianyuan city.

While Yang Tian was tidying up Yang Hao’s body, ye chen looked at song Qiye and frowned. “The old ancestor hasn’t returned yet?”

“No, I didn’t!”

“Master, you know the patriarch’s personality. He’s always unpredictable. If he doesn’t want to come back, it’ll be as difficult as ascending to heaven to find him,” song Qiye said with an unnatural expression.

Ye chen frowned and had no choice but to order, “You guys wait here for the ancestor. I have something to do. If the ancestor returns, tell him not to run around anymore!”

After saying that, he walked out of the courtyard.

.....

On the grocery Street in the Western part of Tian Yuan city, both sides of the street were filled with shops. At the end of the street, there was a huge open-air square. At this moment, there were countless vendors peddling their goods.

This was the uniqueness of Tianyuan city. Anyone only needed to pay a certain amount of city entrance and land tax to set up a stall in a designated place in the city. Thus, it could be said that all the businesses in Yinxi had gathered here.

Ye Chen walked along the street, his eyes sweeping over the shops. Sometimes he would stop, sometimes he would shake his head and leave.

Even now, he was still wondering if he could find anything related to the five elements heaven-connecting Lotus in this huge commercial city, such as the tortoiseshell-like fragment.

When he reached the eighth store, Ye Chen's footsteps stopped. Then, he stepped in with a thoughtful look on his face.

At that moment, a middle-aged man quickly walked out and said with an aloof attitude, "Fellow Daoist, GUI Bao Zhai will not be welcoming guests today, please come again another day."

Ye Chen glanced at the three words "Baohai Zhai" on the shop's signboard. He could vaguely feel a faint pressure hovering inside the shop. However, there was a protective layer that could isolate divine sense outside the shop.

Thinking of this, his eyes flickered a few times before he turned around and walked toward the street.

"Steward Wu, what happened?"

At this time, a clear and melodious voice like a silver bell came out of the shop. Then, a young woman in bright colors and a slim figure walked out of the shop.

The air was filled with a faint fragrance.

When Ye Chen heard this voice, he stopped in his tracks and turned around. A hint of surprise flashed in the depths of his eyes.

At the same time, the woman in red seemed to have noticed Ye Chen as well. A look of astonishment appeared on her delicate face, which quickly turned into surprise.

"Young lady, this person seems to want to come in and buy something!"

Steward Wu cupped his fists and pointed at Ye Chen. He said respectfully, "I have considered that young lady does not like to be disturbed, so I persuaded her to go back ..."

Before he could finish his sentence, he saw the young lady he had been referring to take a few quick steps forward and walk in front of the young man. She seemed to be pleasantly surprised as she smiled, "Senior Ye, I didn't expect to meet you again!"

At that moment, Steward Wu's body froze. He stood still as if he had just heard something unbelievable.

Ye Chen met the lady's gaze and smiled. "Why is Miss Fang here?"

The woman in red standing in front of him was none other than Fang Ziyue, whom he had met in the Battlegod tomb last time.

Even Ye Chen did not expect to meet the former here!

As if sensing ye Chen's suspicion, Fang Ziyue pursed her red lips and immediately smiled. "Senior ye, you may not know this, but this Baohe house is a property of Tianyuan trading company, and I'm currently in charge of it."

She was afraid that ye Chen would not believe her, so she added, "Normally, this junior would hand it over to steward Wu. Today is just a routine inspection."

"I see!" Ye Chen nodded slightly.

Fang Ziyue's beautiful eyes sized ye Chen up and down, then she covered her mouth and laughed. "Last time, it was all thanks to senior ye. This junior didn't have time to properly thank you. Why don't we come in and have a seat?"

"That's good too!"

Ye Chen agreed with a smile. He did not want to deal with Fang Ziyue at first, but since they had met again, he could only let nature take its course.

"Senior ye, please!"

Fang Ziyue raised her hand and motioned for ye Chen to go in.

In response, ye Chen walked into the store with a calm expression. Fang Ziyue then turned to look at the motionless steward Wu in front of her. "You can go to the contribution Hall to get a nascent formation pill!"

As soon as these words came out, manager Wu was stunned for a moment, then his body trembled violently and he was ecstatic. "Many thanks, miss!"

The nascent formation pill, as its name suggested, was to transform the nascent soul and condense the essence of the nascent soul into the primordial spirit. When the primordial spirit was condensed into shape, it was a sign of stepping into the soul formation stage.

He had been at the great circle of the original level for hundreds of years, and his lifespan was less than two hundred years. Now that he was rewarded with a nascent formation pill, how could he not be excited?

.....

Inside the house of treasure, the fragrance of tea was overflowing.

Fang Ziyue, who had changed into a long purple dress with tassels, sat opposite ye Chen. Her beautiful eyes narrowed slightly. "When did senior come to my Tian Yuan city? why didn't senior come to the city Lord's mansion to find me? could it be that senior has forgotten Junior's good intentions?"

"I'm busy with chores and can't get away."

Ye Chen took a sip of the spirit tea in his cup. As soon as the tea entered his stomach, it transformed into an extremely pure fire spiritual energy that spread throughout his limbs and bones.

He couldn't help but exclaim, "good tea. If I'm not wrong, this tea must be very valuable. Even a soul formation realm cultivator can't taste it."

Chapter 1509: The secret treasure of Tianyuan trading company!

“Senior has good eyes!”

Hearing this, Fang Ziyue raised her sharp chin, “This tea is known as the divine Yimu tea. It needs to be cultivated with top-grade spirit stones. It can be picked once every 300 years, and each stalk can only be harvested for 50 grams of tea leaves!”

At this point, she covered her mouth and laughed, “This tea is very beneficial to cultivators who cultivate fire attribute secret Arts. Senior has come at the right time, if you had come a day or two later, I would have already taken it to show respect to the elders.”

“You’re willing to spend!”

Ye chen nodded slightly, then could not help but look at her with a half-smile. “Miss Fang is treating me so well, I’m sure you have a request?”

Meeting his eyes, Fang Ziyue felt as if she had been seen through. She pursed her red lips and said, “Senior ye’s guess is correct. This junior does have a matter to trouble senior with.”

Ye chen did not say a word and just drank the tea in his hand.

Seeing this, Fang Ziyue gritted her teeth and said, “Senior, have you heard of the huangshen tomb?”

“I’ve heard of it but I’m not very interested,” ye chen replied.

Fang Ziyue said seriously, “the opening of the huangshen tomb is near. There is a lot of commotion. Even Tianyuan city is no exception. However, the situation in Tianyuan city is different from the other forces.”

She looked at ye chen in a daze and her lips moved slightly. “Tianyuan trading company is divided into five branches. I belong to the purple branch. The huangshen tomb this time is an opportunity for the internal power of Tianyuan trading company to change. The younger generation of the five branches will compete with each other, and the winner will take control of Tianyuan trading company!”

After she finished speaking, she wanted to see any expression on ye Chen’s face. However, ye chen did not seem to hear her. His eyes were very calm.

“Phew ...”

In the end, she could only sigh in relief. She knew that her little tricks were nothing in front of ye chen.

Thinking of this, she said rather weakly, “And the method of competition is for the younger generation of the five lineages to obtain an item from the huangshen tomb. Whoever obtains it will be the winner. They can then ask for external help.”

Ye chen looked at her with a half-smile. “So, you’re saying that you want me to be your external helper. I’ll help you enter the huangshen tomb and get what you want?”

“Not bad!”

Fang Ziyue nodded slightly. "Of course, I won't ask you to agree to this without any conditions. I'm willing to agree to one condition in the name of the purple branch of Tianyuan trading company."

"Sure!"

Ye Chen's eyes flashed. Then, a fragment that looked like a tortoiseshell suddenly appeared in his palm. "Have you ever seen this before?"

It was a fragment of the five elements heaven-connecting Lotus.

He had long guessed that Fang Ziyue had something to ask of him, which was why he was so enthusiastic. It just so happened that he also wanted to use the energy of Tianyuan trading company to find the whereabouts of the other fragments.

In this way, both sides had their own bargaining chips.

The moment ye chen took the five elements heaven-reaching Lotus fragment, Fang Ziyue's expression changed. "Senior, why do you have this item?"

After saying this, she seemed to have thought of something and suddenly looked at ye chen. "Could it be that the person who bid for this item in the spatial trade fair was senior?"

Ye chen smiled, tacitly agreeing. Then, he looked at her and said, "So you've seen this before!"

Fang Ziyue's brows furrowed slightly, as if hesitating. After a moment, she bit her red lips and said, "To tell you the truth, Tianyuan trading company has three of these."

"Is this true?"

Ye Chen's hand that was holding the teacup paused. He frowned and said, "Are you lying to this ye?"

He suspected that Fang Ziyue had deliberately said that she had seen the whereabouts of the five elements heaven Lotus fragment in order to get his help.

"How would junior dare to lie to senior?"

Fang Ziyue smiled bitterly. "I've seen this before. I'm willing to swear on my soul. However, this item is kept in the secret treasure of Tianyuan trading company. Those who are not in power can't open it."

"A secret treasure of the Chamber of Commerce?" Ye chen frowned.

"Not bad!"

Fang Ziyue nodded. "Tianyuan trading company comes from the outer realm and collects treasures from all directions. Naturally, we have a very secret treasure. However, no one knows where it is except the one in power."

Hearing this, ye chen gently put down his teacup and said, "Who's the ruler of Tianyuan trading company?"

"It's the forefather of the gold lineage."

Fang Ziyue took a deep breath and said slowly, "Even I rarely see him. It's said that he's not on earth or Yin Xu. He's still in the outer realm, but it's said that he'll come to the Grand meeting for the change of power."

"Therefore, the current Tianyuan trading company is made up of the decision-making group of the five branches. We are in charge of all the matters of the trading company, big and small!"

At this point, she couldn't help but sigh, "It's just that we don't have the key to the secret treasure, so we can't open it,"

After listening to her, Ye Chen thought to himself. After a moment, he looked at her and said, "This ye can be your external helper, but how can you guarantee that you can hand over the other three fragments to me?"

"With senior's help, I believe that I will definitely be able to suppress the people of the other four lineages in this contest."

"By then, I'll be the helmsman of the Chamber of Commerce. According to the usual practice, the key to the secret treasure will be kept by me," Fang Ziyue said seriously.

"This ye can promise you!"

Ye Chen looked at her steadily and finally said, "You're a smart man. You know the consequences of breaking the contract. By then, Tianyuan trading company won't be able to suppress me."

"Naturally!"

Fang Ziyue nodded heavily, and then she seemed to have thought of something, "If I may ask, what is senior's current cultivation level?"

"The great circle of the soul formation stage!" Ye Chen said.

That day, before he went to Yin Xu, when he was being intimate with Su Yuhan, Su Yuhan seemed to know that she didn't have much time left, so she forcibly passed all her pure Yin power to him.

It was with the help of the pure Yin energy that his cultivation base had skyrocketed to the great circle of the divine transformation realm. He was only one step away from the void training stage!

Even so, cultivators below the void refinement realm were like ants to him. Only cultivators at the void refinement realm could fight him.

Hearing this, Fang Ziyue's eyes were filled with surprise, "It's great that you're only at the great circle of the soul formation stage, senior. I was worried that you were really at the void training stage!"

The Huangshen tomb was extremely strange. Cultivators at the void training stage were not allowed to enter or they would be rejected. Only divine transformation realm cultivators could enter.

He had seen Ye Chen's combat strength before. He could fight against the heaven-battling martial God's body with his physical body. His combat strength was comparable to that of a void training stage cultivator. It was enough to defeat those of the same rank.

This was also the reason why she strongly invited Ye Chen.

Since the two sides had reached an agreement, ye chen immediately went straight to the point. "When will the huangshen tomb open?"

"At noon tomorrow!"

"When the time comes, we will join forces to open the outermost array. Then, senior can enter with me." Fang Ziyue's Red lips pouted.

Ye chen nodded slightly.

"Senior, have you heard that there's a great upheaval in Yinxu today?" Fang Ziyue suddenly asked.

Chapter 1510: You're looking for outside help this time, not a husband!

"There's a disturbance in the Ruins of Yin?"

Ye chen looked up at Fang Ziyue and narrowed his eyes. "What turbulence?"

Meeting his eyes, Fang Ziyue pursed her red lips and smiled gently, "Just today, outside of Tianyuan city, the young master of the panwu celestial sect, Hong Ya, was almost killed. If it wasn't for ancestor panwu crossing the boundary to help him, I'm afraid that this person's soul would have already been destroyed!"

"Is that so ..."

Ye Chen's heart stirred when he heard this.

He didn't care much about the spread of this matter. After all, it wasn't difficult for Tianyuan trading company to find out about this matter given their means and the methods they used to fight for the void Soaring Dragon pill.

"Senior, you don't seem to be very surprised by this matter?"

Fang Ziyue looked at him in surprise and said, "Hongya is known as the person with the most potential to reach the void training stage in the panwu celestial sect. His talent is obvious to all among the five great holy grounds of Yinxu. Senior, do you know who severely injured him?"

"Who is it?" ye chen looked at her.

Judging from Fang Ziyue's expression, it seemed that she did not know that the man who had almost killed Hong Ya was sitting in front of her.

Fang Ziyue frowned and said slowly, "It's said that this person is called ye nankuang. He's from earth outside of the Ruins of Yin and is Chinese. He's been killing all over the world and even razed the absolute beginning dojo to the ground."

"I didn't expect such a person to come to Yinxu."

As she said this, her eyes flashed with countless colors, "What's even more shocking is that this person actually fought with the consciousness projection of heavenly Lord Taichu. It's a pity that the one from the heavenly tomb suddenly attacked. Otherwise, we would be able to see ye nankuang's cultivation."

“What happened after that?” Ye chen said.

Fang Ziyue took a deep breath and said, “After that, this matter shocked the entire Yin Xu. Void training old monsters from the Panwu celestial sect, the great Jiang dynasty, and the Tianxuan sacred land joined forces and descended upon the Yanhuang fortress to demand for Lei Yunzi.”

“Why would the Yanhuang fortress be involved in ye nankuang’s matter?” ye chen frowned.

“Senior, you might not know.”

Fang Ziyue looked at him and said, “Yanhuang fortress is in the territory of Yin Xu. All the Chinese cultivators are naturally gathered there. Since ye nankuang is Chinese, it’s reasonable for the five sacred lands to come and ask for him.”

“How’s the Yanhuang fortress?” Ye Chen’s eyes flashed.

Although he didn’t have a good impression of the Yanhuang fortress, he didn’t want it to be implicated because of him. After all, he was a Chinese.

“Lei Yunzi has admitted that ye nankuang is indeed Chinese.”

Fang Ziyue said softly, “and it seems like he is speaking up for ye nankuang. He wants to mediate between the five Holy Lands. But the five Holy Lands won’t listen to him.”

When ye chen heard this, he was puzzled.

It was reasonable to say that the day before yesterday, he had broken the city protection array set up by Lei Yunzi at the Yan Huang fortress, and there had already been grievances between the two sides. It was fine if the latter did not hit him when he was down, but he actually spoke up for him?

“It’s said that a great battle broke out!”

Fang Ziyue raised her sharp chin and said, “The patriarchs behind the Eight Families of the Xuan Yuan attacked together with Lei Yunzi. The battle was quite brutal, and the Ji family’s patriarch’s lifespan was greatly reduced.”

“The Ji family is one of the Eight Families of the Xuanyuan clan.”

She explained, “later, the ancestor of the Gu family came out to mediate the dispute. Finally, he issued a notice to Yin Xu, removing ye nankuang from being a Chinese citizen. Ye nankuang was never allowed to step into the Yanhuang fortress. At the same time, ye nankuang was regarded as a criminal of China and should be killed by everyone!”

As her voice fell ...

Not only was ye chen not angry, but he also laughed. When Fang Ziyue mentioned that the Gu family’s ancestor would come forward, he had already guessed that the outcome of this matter would be unfavorable to him.

After all, the enmity between him and the Gu family had been formed even before he entered the Ruins of Yin, so how could the former let go of this opportunity?

At this point, Fang Ziyue chuckled, seemingly mocking, "This Yan Huang fortress is really stupid. With ye nankuang's strength, he will definitely reach the void training stage one day. They will regret it one day if they give up on him for the five Holy Lands 'excuse."

As she was speaking, a graceful beam of light shot in from the outside world and turned into a paper kite that landed in her hand.

After Fang Ziyue held it in her hand and sensed it, she could not help but look at ye chen and said, "Senior ye, I'm afraid I'll have to trouble you to come with me."

"What's the matter?" Ye chen frowned.

"My father privately invited a few outside help for me, so he sent a message to me, asking me to go and have a look." Fang Ziyue's brows furrowed slightly.

.....

About an hour later, in a luxurious mansion in the center of Tianyuan city, there were beautiful mountains and pavilions, like a paradise on earth.

At this moment, there was a middle-aged man dressed in purple sitting upright. In front of him, there were many women dressed in enchanting clothes singing and dancing. They had graceful figures and looked like fairies in the Moon Palace.

Many servants with terrifying auras were waiting on him. The man was Fang Beiyuan, the clan leader of the purple branch, one of the five branches of Tianyuan trading company.

Fang Beiyuan was not in the mood for this. He waved his hand to signal the crowd to leave, then said to the person beside him, "Is the young lady not back yet?"

"Miss just sent a message back saying that she's on her way. She should be here soon." An old man bowed and said.

"That little girl, Ziyue!"

Fang Beiyuan furrowed his brows, seemingly displeased. "Daoist Tian Mo is almost here, but that girl still hasn't returned. She's getting more and more outrageous."

At this moment, a series of hurried footsteps came from outside the hall, and then a fragrant wind blew in. "Father, I'm here!"

Fang Beiyuan looked up and saw Fang Ziyue walking toward him. He could not help but put on a straight face. "If you had come a little later, you would have ruined the big plan!"

He then stood up. "Come with me to welcome Daoist Tian Mo. I've paid a huge price to get him to help you."

"Elder Tian Mo?"

Hearing this, Fang Ziyue could not help frowning and shaking her head, "Father, there's no need. I've already invited outside help."

“Father, let me introduce you. This is senior ye!” She turned to ye chen.

Only then did Fang Beiyuan notice ye chen who was behind her. His expression darkened. “Nonsense! You’re looking for outside help this time, not a husband. How can you let your emotions get the better of you? come with me to welcome Daoist Tian Mo!”

In his opinion, although ye chen had an extraordinary temperament, he was still too young. How could he have achieved anything in the Huangshen tomb?

The word ‘husband’ made Fang Ziyue blush. She gritted her teeth and said, “Father, senior ye is really the foreign aid that I invited. With his help, I’m sure I’ll win this time!”

Fang Beiyuan furrowed his brows and was about to speak when a voice with a fake smile suddenly came from outside the hall, “Since Miss Fang has invited such a powerful person, it seems that my presence was unnecessary!”
