Chapter 1521

Lu Lao San took out his mobile phone aggressively and made a call out.

Not long after, he hung up the phone and pointed at Tiger, "Tiger, my family master will be here soon."

"I'd like to see how you'll explain this matter to my family master later!"

Tiger laughed disdainfully, "When he arrives, I'll see how he explains this matter!"

After about ten minutes of time, another group of people walked in outside.

The one at the head of the group was none other than the head of the Lu family.

His face was full of arrogance, and as soon as he entered the room, he stared directly at Tiger.

"Tiger, I just heard that you want to cross my Lui Family and even kill my brother, is that true?"

The Lu family head asked in a cold voice.

Although Tiger was very strong in Guangyang City, the Lu Family Master had never put him in his eyes.

After all, Tiger was just a mere mongrel in their eyes.

The Lu family, on the other hand, could be one of the Ten Great Families, and that had a deep heritage.

Besides, the Ten Families were all in the same boat, and if anything really happened, the Ten Families would assist each other.

Even if the tiger had Lin Mo behind it, what would that do?

The Ten Great Families were also nurtured by Lin Mo.

If something really happened, Lin Mo would not help the Ten Families, and he might not help Tiger either.

In that case, everyone would be on their own merits, and his Lu family naturally did not fear Tiger.

Tiger said in a cold voice, "Master of the Lu family, I act reasonably."

"Whoever has done something wrong, of course I will not let him off!"

The Lu Family Master waved his hand, "Don't talk to me about reasoning or not, I'm just asking you, are you going against my Lu Family?"

Tiger said in a cold voice, "Clan Master Lu, don't you really want to ask who is right and who is wrong in this matter?"

The Lu family head laughed disdainfully, "It's just a small car accident, so who's right and who's wrong?"

"But, tiger, if you want to kill my brother, you are slapping my Lu family's face!"

"This matter is provoking the majesty of my ten families!"

"Not only my Lui Family, but also the other members of the Ten Great Families will definitely not allow such a thing to happen!"

Tiger nodded slowly, "Clan Master Lu, in that case, you don't care too much either, who is right and who is wrong in this matter?"

Clan Master Lu said in a cold voice, "Haven't I made it clear enough?"

"It's just a small car accident, why do I care about this?"

Hearing these words, Tiger laughed outright.

He looked at Lin Mo who was sitting behind him and said aloud, "Then do you know, Master of the Lu family, who the hell is that little girl you hit and injured?"

Clan Master Lu disdained, "I don't know, and I don't want to know!"

"Tiger, I only ask you one thing, do you want to go against my Lui family, against our ten families?"

Tiger didn't say anything more because, at that moment, Lin Mo had already stood up.

"He will go against your Lu Family, but, that doesn't include the Ten Great Families!"

"Because, from now on, the Lu Family, is no longer a member of the Ten Great Families!"

Lin Mo said softly.

When the Lu Family Master saw Lin Mo, he was somewhat bewildered.

He felt that Lin Mo looked familiar, but couldn't remember who this was for a moment.

It was no wonder, before the Lu family became a member of the Ten Great Families, it was the Lu family's old master who personally came out to pay Lin Mo a visit.

Later, at the banquet of the Top Ten Families, he had seen Lin Mo from afar for a glance, but it was only a hurried glance.

Now that he saw Lin Mo again, of course, he could not recognise him.

Lu Lao San said angrily, "Who are you?"

"Who are you that you dare to speak such words out loud?"

Lin Mo looked at them calmly and said, "The little girl you hit and injured is my sister!"

Lu Lao San's eyes widened, "So that's your sister?"

"Who the hell are you? How dare you go against our Lu family?"

Lin Mo laughed lightly and said word for word, "My name is Lin Mo!"

Chapter 1522

When this statement was made, the whole room was shocked.

The Lu family head, who was still sitting arrogantly in his chair, jumped up in shock upon hearing this.

And Lu Lao San also stared at Lin Mo with wide eyes and an incredulous expression.

As for those people in the back of the Lu family, almost all of them were now scared to death.

Lin Mo, this name, was enough to sweep the top ten families in Guangyang City!

Offending the tiger was not a big deal, after all, the ten families were not weaker than the tiger!

However, to make an enemy of Lin Mo was to seek death.

Who would dare to make an enemy of Lin Mo?

The previous ten families in Guangyang City had indeed made enemies of Lin Mo, but what happened to them?

Those once powerful and unbeatable top ten families were all eventually decimated.

And Lin Mo, after becoming Nanba Tian, was truly the number one king of Guangyang, firmly in control of everything in Guangyang City!

Even, recently Lin Mo had become the true King of Guangyang Province.

Not to mention Guangyang City, even if we look at the entire Guangyang Province, who would dare to make an enemy of Lin Mo?

As for Lu Changming from before, he was now directly paralyzed with fear, unable to stand up.

If he had offended anyone else, he still had hope, after all, the Lord of the Lu family had come.

However, having offended Lin Mo, did he have any hope of surviving?

Lu Lao San and the Lu Family Master looked at each other, and with a hint of luck, he gritted his teeth and said, "Nonsense, how could you be Lin Mo?"

"Humph, how dare you impersonate Mr. Lin?"

Tiger snorted, "Master of the Lu family, it's already this time, and you're still harbouring a fluke?"

"It's even if you guys don't know Brother Lin, do you think I would recognize him by mistake?"

The Lu family head and Lu Lao San's face became even whiter, they now finally understood why Tiger was so respectful to this youth.

Within Guangyang City, apart from the former Nanba Tian, there was only Lin Mo, who could make Tiger so respectful.

Therefore, there was no doubt that this person in front of him was Lin Mo!

After a moment of silence, the Lu family head suddenly kicked on Lu Lao San and said angrily, "Lu Lao San, you have done a good deed!"

"You kneel down!"

Lu Lao San knew that he was in trouble this time, at this moment he couldn't care less about his face, he fell to his knees with a poof and said in a trembling voice: "Mr. Lin, I really didn't know"

"As the saying goes, those who don't know are not guilty, you are magnanimous, spare me once, please"

Saying that, Lu Lao San kowtowed his head repeatedly.

His forehead hit the ground with a thud, his forehead was bleeding from the impact.

But right now, Lu Lao San couldn't care less about this, he just kept crying and begging, wanting to save his life.

The Lu family head also stood next to him and bent down, "Mr. Lin, I'm really sorry."

"This time, it was my fault for not investigating the matter clearly."

"On behalf of the Lui family, I'd like to say sorry for what I've offended you with."

"Moreover, for this incident, my Lui family is willing to take all the responsibility and compensate for all the losses!"

Lin Mo glanced at him and said in a cold voice, "What are you, how dare you stand and talk to me?"

The Lu family head's face changed, what Lin Mo meant was that he wanted him to kneel down together?

He looked around and his face turned iron blue.

He was at least the head of a family, if he knelt like this, how could he meet people in the future?

However, now that he was facing Lin Mo, he didn't dare not kneel!

Just as he was hesitating, the tiger had already walked up to him and kicked him directly in the knee, cursing, "I told you to kneel down, didn't you hear me?"

The Lu family head fell to his knees and his face became even more ugly.

He gritted his teeth, forcibly suppressing the anger in his heart, and said in a low voice, "Mr. Lin, this time, it was my fault, I apologize to you."

"I, the Lu family, am willing to pay 100 million, as compensation, please also ask Mr. Lin to be generous and spare us once!"

Chapter 1523

Lin Mo sneered, "A hundred million?"

"Heh, Master of the Lu family, do you think it's okay to pay 100 million for hitting and injuring my sister?"

The Lu family head's face changed instantly and immediately said, "Mr. Lin, I don't mean that."

"How much money do you want, just say the word and I my Lu family will definitely not frown!"

Lin Mo lamented, "The Lu family is really rich, no wonder they don't even take human lives seriously!"

"However, I, Lin Mo, am not so poor that I can be insulted by others with money at will!"

"Master of the Lu family, go back and tell your old master."

"I'll give him three days to take everyone in the Lu family and get the hell out of Guangyang City!"

"Otherwise, when I personally take action, it will be hard to say how many members of the Lu family will still be able to walk out alive."

The Lu Family Master was directly frozen, he did not expect that such an incident would lead to such a big result.

The Lu family had been passed down in Guangyang City for decades, with deep roots, and was now known as a member of the Ten Great Families, he had always felt that the Lu family had completely risen to power.

But who could have imagined that Lin Mo had not put the Lu family in his eyes at all and would expel them from Guangyang City with a single word.

The Lu family head was filled with resentment and said urgently, "Mr. Lin, this time, I know that my Lu family was wrong."

"But, this is just a small matter."

"It was my Lu family's fault that your sister was injured, we admit it, and we are willing to compensate."

"But for this matter, you want to expel our Lu family from Guangyang City, this is too overbearing, right?"

Lin Mo glanced at him, "Overbearing?"

"Your Lu family's man, who hit and injured a little girl, is still putting all the blame on this little girl."

"Master of the Lu family, I'm just asking, is this your bullying, or ours?"

The Lu family head looked embarrassed and slyly argued, "Mr. Lin, this time, we did something wrong."

"But, this is only a small matter."

"You want to expel our Lu family from Guangyang City for this trivial matter, this"

Lin Mo said in a cold voice, "A trivial matter?"

"Heh, when I came over just now, Lu Changming's daughter-in-law, could have been yelling that she wanted to chop us up."

"Lu Changming brought so many people with him, and they just entered the door, all holding knives to cut me."

"Master Lui, if I were just an ordinary person today, would my sister and I, still be able to walk out of here alive?"

The Lu family head was stumped for words.

Lin Mo said in a cold voice, "Clan Master Lu, I have long said that if you want to become a member of the Ten Great Families, you don't necessarily have to be very strong, but at least you have to be fair and just in your actions."

"Your Lu Family has only been in the Top Ten Families for a few days, and you dare to do such a rampant and overbearing thing."

"If we continue to let you stay inside the Ten Great Families, there is no telling how many people within this Guangyang City will be trampled under your feet and bullied!"

"I'm already being polite to you by just telling you to get out of Guangyang City!"

"You, don't you still want to resist?"

The Lord of the Lu family lowered his head, not daring to say a word.

He was very clear about Lin Mo's methods.

If he really angered Lin Mo, then the Lu family would not just be able to simply get out of Guangyang City.

Lin Mo also ignored them, got up and led Tiger and the others to leave.

As he watched Lin Mo and the others walk away, the Lu family head sat down on the ground.

The people of the Lu family were also wailing.

One had to know that the Lu Family had gone to a great deal of trouble to finally become one of the top ten families in Guangyang City.

Everyone in the family was overjoyed to the extreme, originally thinking that the Lu family would finally rise to power.

Who would have thought that something like this would be stirred up, and the Lu family fell straight from heaven into the abyss.

Lu Lao San jumped up violently, grabbed the chair next to him and smashed it headlessly towards Lu Chang Ming.

"You loser, you've gotten our Lu family all killed!"

Chapter 1524

Lu Changming's face was covered in blood from the beating and he cowered in the corner, not daring to resist at all.

He knew that he was finished this time.

Even if he could save his life, the family would not let him go.

It was only when Lu Lao San had stopped that Lu Changming stood up.

As soon as he wiped the blood from his face, he suddenly turned around and kicked Mrs. Wang, roaring, "You bitch, you've caused our Lu family a lot of trouble!"

"Today, I I have to kill you!"

Mrs. Wang cried and screamed as she was beaten, but now, not a single person paid any attention to her.

It was all because of her that things had come to this point today, she was bound to die!

After Lin Mo and the others walked out of this room, they went straight to the next room and picked up Lin Xi to prepare to leave.

In front of everyone, Lin Mo personally thanked Teacher Li for taking care of Lin Xi.

In this way, Tiger and the others also remembered Teacher Li.

This was tantamount to Lin Mo telling Tiger to take more care of Teacher Li in the future.

Tiger was also very resourceful and thanked Teacher Li personally as well, and immediately said to those men around him, "Hey, listen to me clearly, all of you!"

"Teacher Li, is Miss Xi'er's teacher."

"From now on, when you see Teacher Li, you all have to be polite and courteous to me."

"Anyone who dares to disrespect Teacher Li is in trouble with me, do you hear me?"

Those men around bent down, "Yes, Master Tiger!"

Teacher Li looked at this scene, his entire body in a daze.

Lin Mo waved his hand, "Alright, you guys go out, don't scare Teacher Li."

Tiger immediately led the men out.

Only then did Teacher Li breathe a sigh of relief, she looked at Lin Mo with some trepidation and said in a low voice, "Mr. Lin, are things done?"

Lin Mo smiled and nodded, "It's taken care of."

"Teacher Li, don't worry, everything is fine."

Teacher Li breathed a long sigh of relief, "That's good."

"Hey, I'm also responsible for this kind of thing happening at school."

Lin Mo waved his hand with a faint smile, "Teacher Li, you did a good job."

"If you hadn't taken care of Xi'er, I'm afraid Xi'er would have been in trouble this time."

After comforting Teacher Li a few times, Lin Mo took Lin Xi and left.

Coming downstairs, Lin Mo was about to go for a ride on his electric bike when he saw a person standing next to the electric bike from afar.

Upon closer inspection, it was the same doorman from before.

He was standing next to this electric car, smoking, and his eyes were still looking around, just looking for Lin Mo.

When he saw Lin Mo and Lin Xi coming over, he couldn't help but rejoice and immediately pointed at Lin Mo and angrily rebuked, "Son of a bitch, you've finally come out?"

"I thought you wouldn't dare to venture out!"

This doorman had just run in to chase after Lin Mo, but he had missed the electric bike Lin Mo was riding.

He called for help from the security section, who had just come over and was called away by Zhao Zeming.

There was nothing he could do on his side, and he couldn't swallow his anger, so he could only guard Lin Mo's electric car and wait for Lin Mo, ready to teach him a good lesson.

When Lin Xi saw the doorman, his face was a little panicked: "Brother, what's wrong with this?"

Lin Mo skimmed his lips, pulled Lin Xi behind him and smiled lightly, "It's fine, you don't have to worry."

He walked up to the doorman, "Still waiting for me here?"

The doorman glared, "Nonsense!"

"You broke into the school, that's a crime!"

"As the school janitor, I have a duty, and an obligation, to stop you!"

"All right, cut the crap."

"This matter, what do you say?"

Lin Mo smiled, "What do you want to do?"

The doorman glared, "Yo drink, you're still coming to ask me?"

"What kind of attitude is that?"

"Fine, since you don't know what to do, then I'll tell you what to do!"

"Breaking into a school, that's a crime!"

"I'll call the police now and let them deal with this, what do you think?"

Chapter 1525

The doorman said, pulling out his mobile phone and making a gesture to call the police.

He often used this method to scare people, and many people were afraid of such a situation.

However, Lin Mo was not the least bit frightened, nor did he even stop him, instead he looked at him with a smile as if he was waiting for him to call the police.

The doorman's face became even more ugly.

He was actually trying to scare Lin Mo, trying to get him to bow down and admit his mistake.

But to his surprise, Lin Mo did not pay any attention to him, which made him a bit hard to ride.

He gritted his teeth and suddenly put his phone up and said angrily, "Forget it, I don't want to make a big deal out of it either."

"Tell you what, go to the Academic Affairs Office and explain this matter to our leader yourself."

"The leader will deal with you however he says!"

Lin Mo nodded: "Fine, whatever you feel like!"

The doorman immediately walked aggressively in the direction of the Academic Affairs Office, with Lin Mo pulling Lin Xi behind him.

He hadn't wanted to deal with such people in general, but if the other party was so unforgiving, then he would have to take care of this matter.

Otherwise, if Lin Xi went to school here in the future and got into trouble all day long, how could that be?

When he arrived at the Academic Affairs Office, Lin Mo saw Zhao Zeming sitting here drinking tea at a glance.

This guy, who had just taken advantage of the chaos upstairs, had quietly slipped away.

He could also see that the situation was not right and didn't dare to stay upstairs at all.

Unexpectedly, he was quite in the mood and had hidden here to drink tea.

As soon as the doorman entered the room, he yelled out straight away, "Director Zhao, you're here, great!"

"I've come to report something to you ah"

Saying that, he told what had just happened, adding to the story.

Zhao Zeming was sitting at the table, and he had been completely dumbfounded when he saw Lin Mo.

He had never dreamed that Lin Mo would come running to the Academic Affairs Office.

And after hearing the doorman's words, he finally understood what was going on.

Lin Mo had originally planned to leave on his electric bicycle, but it was this doorman who had pulled him over by force.

At this moment, Zhao Zeming had the heart to kill the doorman, don't you want to kill me?

The doorman had not yet seen Zhao Zeming's expression and was still rattling off his reasoning.

"Director Zhao, this matter, you must do it for me!"

"If they are not punished seriously for this incident, then how can I guard the gate for the school in the future?"

The gatekeeper said, and put on a pitiful and aggrieved look, as if he had really been bullied by Lin Mo.

Zhao Zeming, however, did not say a word and sat dumbly in place.

The doorman couldn't help but be surprised: "Director Zhao? Director Zhao?"

"Director Zhao, say something"

Zhao Zeming still didn't say a word.

Lin Mo let out a faint smile, "Director Zhao, this matter, how do you think it should be handled ah?"

Zhao Zeming instantly jumped up as if he had been burned by fire to his buttocks.

"This matter must be dealt with seriously!"

Zhao Zeming hurriedly said.

The doorman was overjoyed and thought that Zhao Zeming was speaking for himself and immediately said, "Director Zhao, you are right, this kind of matter, it must be dealt with seriously, to kill the chicken and make an example of the monkey!"

"I think it would be best to just fine them, heavily, so that they will never dare to enter the school again, what do you think?"

Zhao Zeming didn't say anything, instead, he directly threw a slap at this doorman's face.

The doorman was dumbfounded and looked at Zhao Zeming blankly, "Director Zhao, why did you hit me?"

Zhao Zeming's face was iron blue as he threw another slap at his face and said angrily, "What's wrong with me hitting you?"

"What are you, and you dare to make rules and fines?"

"I'm telling you, you'll be waiting for jail time you!"

The doorman's eyes widened, "Director Zhao, what are you you talking about?"

"What am I sitting in jail for?"

Chapter 1526

Zhao Zeming said angrily, "What, can't you understand? Do you want me to give you a translator?"

The doorman's face was pale, but he still said reluctantly, "Director Zhao, he was the one who broke into the school, you Why are you targeting me?"

Zhao Zeming threw a slap at the doorman's face again and said angrily, "How dare you speak to Mr. Lin like that?"

"Do you know that it's simply an honor for our school for Mr. Lin to come to our school!"

"We can't wait to welcome him to our school, how dare you say he's barging in?"

The doorman's eyes widened as he finally caught a whiff of Zhao Zeming's words.

There was no doubt that this Lin Mo was a real big shot, otherwise, how could Zhao Zeming speak like this?

This doorman, in fact, was just like those people in the security section, they were all just some jerks in the neighbourhood who came here to work as doormen through connections.

This kind of person is the most bullying.

It's not a big deal for him to bully the parents and so on, because they don't dare to do anything to them.

However, if he meets a real big shot, he will wilt in an instant.

This doorman was the same, his face changed instantly and he immediately lowered his head, "Director Zhao, this this I really don't know."

"Mr. Lin, I have offended you just now, you are magnanimous, don't treat me in general"

Zhao Zeming also looked at Lin Mo with fear and trepidation, his heart was also extremely apprehensive.

He had also learned something about Lin Mo from his friend just now.

Honestly, Zhao Zeming was almost scared to death at that time.

He finally knew what kind of heaven-defying big shot he had offended this time!

He used to think that Mrs. Wang was just an amazing person, and that if he could befriend the Lu family, he would be rich in his life.

However, only now did he realise that the Lu family he had always looked up to was just an ant in Lin Mo's eyes.

And such an unbelievable big shot had just been scolded by him pointing his nose at him.

Zhao Zeming just shivered when he remembered this incident, he really didn't dare to imagine what exactly was waiting for him!

Lin Mo's expression was calm as he looked at Zhao Zeming, "Director Zhao, I'm curious about our school's rules."

"In the end, are outsiders allowed to enter and leave the school at will?"

Zhao Zeming hurriedly said, "Mr. Lin, this time, it is our fault."

"I am here to say sorry to you, you are magnanimous"

Lin Mo directly interrupted him, "Director Zhao, I didn't ask you to apologize, I just asked you to answer the question!"

Zhao Zeming looked embarrassed and stammered, "Mr. Lin, this this school's rules, idle people, are not allowed to enter or leave the school at will"

"But, Mr. Lin, you are definitely not considered an idle person."

"It is simply an honour for you to come to our school."

"It's these gate guards who have eyes that don't recognize Mt. Tai and dare to stop you, I will definitely punish them severely"

Lin Mo waved his hand, "In that case, it means that idle people, cannot enter or leave the school at will, right?"

Zhao Zeming didn't know exactly what Lin Mo meant, and was embarrassed to the extreme, and didn't know how to answer.

"I'm asking you, didn't you hear me?"

Lin Mo scolded angrily.

Zhao Zeming shivered in fear and hurriedly said, "Theoretically it is, but Mr. Lin you"

Lin Mo directly interrupted him, "Good, idle people, cannot enter or leave the school at will, this doorman blocking me, there is indeed no problem."

The doorman next to him instantly breathed a sigh of relief.

Lin Mo glanced at him and asked in a cold voice, "But that Mrs. Wang, how on earth did she get into the school?"

"Doesn't she, then, count as an idle person?"

Chapter 1527

With a single word, the doorman's face instantly turned iron blue again.

He didn't know how to reply, and could only look at Zhao Zeming.

Zhao Zeming's face was pale, and he couldn't even say a word.

Lin Mo: "What do you two mean by this?"

"Is that how you look down on me, Lin Mo?"

"I asked the questions and not a single person answered?"

Zhao Zeming and the doorman were even more scared and shivering.

The doorman just looked at Zhao Zeming, who could only say stiffly, "Mr. Lin, actually actually Mrs. Wang, she has a position inside the school"

Lin Mo said directly, "Director Zhao, you have to be careful what you say."

"Guangyang City is not big, I want to investigate things, there is no investigation can not be found."

"If you lie to me, humph, you will end up miserable!"

Zhao Zeming almost pissed himself in fear, not daring to say a word.

Lin Mo looked at the doorman: "You answer!"

The doorman trembled and said, "Yes it was Director Zhao who had instructed that Mrs. Wang's car, could be driven into the school at will"

"I I'm just a part-time worker, I don't know either"

Hearing this, Zhao Zeming was even more frightened and sweated, and hurriedly said, "Mr. Lin, I can't really do anything about it either."

"Mrs. Wang is Lu Changming's daughter-in-law, she wants to drive the car to the school, and I don't dare to stop it"

"If I stopped it, I I'm afraid I wouldn't even be able to be a director"

Lin Mo slowly nodded: "In that case, Mrs. Wang can be so brazen in the school, all because of your connivance?"

"Letting someone drive into the school at will and letting her park her car in the school playground, aren't you afraid of the safety hazards?"

"She drove into someone at school, and you helped her blackmail the student who was hit."

"Zhao Zeming, you're really doing a competent job as a director!"

Zhao Zeming was shivering in fear, unable to utter a single word.

Lin Mo didn't bother to pay any attention to him, and directly pulled Lin Xi out of the Academic Affairs Office.

Zhao Zeming and the security guard fell limp to the ground, always apprehensive in their hearts.

If Lin Mo had just let someone beat them up here, perhaps this matter would have been resolved.

However, now that Lin Mo hadn't said a word, the two men were instead very panicked in their hearts.

And it was indeed true, not long after Lin Mo left, he gave the matter to the Ten Great Families and asked them to handle it.

Among the ten great families, there were also many people who served in the education system.

A sentence from Lin Mo just now, sentencing the Lu family to death, had long since spread among the Ten Great Families.

The Ten Great Families also basically knew what had happened, so all of them were staring over here as well.

When Lin Mo gave the order, the people of the Ten Great Families immediately took action.

It didn't take long to turn up this Director Zhao's old tricks.

This Director Zhao had done a lot of shady things over the years.

The Ten Families had personally dealt with him, and he would probably spend the rest of his life in prison.

The people in the school's security section, including the janitor, were also found out about things to a greater or lesser extent.

All these people, too, were eventually expelled from the school.

A few of them, who were even found out about other things, were sentenced to jail straight away.

After this incident, those in the school's leadership, too, all knew Lin Xi's identity.

Although Lin Mo had instructed them not to reveal Lin Xi's situation.

However, those leaders of the school, were also extra concerned about Lin Xi.

These people knew very well that Lin Mo was a big person like a god in the sky, an existence that they could only look up to.

The fact that his sister was attending the school was an honour and a challenge to them.

If something were to happen to Lin Xi, it would be a death sentence for them.

Of course, there were also many people who had small thoughts, hoping that through Lin Xi, they could make acquaintance with Lin Mo.

In Guangyang City, if they could make Lin Mo's acquaintance, it would be a step to the top!

Chapter 1528

Under the midday sun, in Fangchuan County, a county below Wan'an City in Guang Province, a dilapidated bus drives slowly along a mountain road.

The mountain road was winding, the vehicle was bumpy and the people in it were already drowsy.

In the back of the vehicle sat a young man wearing a duck-tongue hat, none other than Lin Mo.

Last night, he had received a message from Li Tiezui, which had informed him of a very shocking event.

This project of reconstructing pills by Wan Chun Tang had actually been proposed more than ten years ago.

It was just that, for reasons unknown before, this project had been developed for some time, costing more than a billion dollars, but in the end it had not been able to continue and had been shelved until this time.

Just after this project was launched by Xu Pharmaceutical, Wanchun Tang restarted the project.

Moreover, the most crucial thing was that when Wanchun Tang restarted this project, it had also frequently contacted the R&D staff on Lin Mo's side.

From all these circumstances, Wan Chun Tang should have known about the Recycle Pill a long time ago.

It was just that they did not know how the Recycle Pill was refined before, so after spending over a billion dollars and researching for a period of time without any results, they could only shelve the project for the time being.

After Lin Mo's side started this project, Wan Chun Tang immediately contacted Lin Mo's side's research and development staff, clearly wanting to bribe them and steal the recreating pill refining method from them.

In fact, Lin Mo was also on guard for such a situation.

He did not actually tell the company's R&D staff about the refining method of the Rejuvenation Pill.

He had only broken down this refining process into a dozen steps.

Then, the company's R&D staff were then divided into a dozen teams, each of which was responsible for one of the steps.

In the end, these steps were united together, plus Lin Mo held the final ingredients, in order to refine the real rejuvenation pill.

Therefore, even if Wan Chun Tang had bribed these R&D personnel, it would not be of much value ah.

However, in order to investigate what exactly was going on, Lin Mo still decided to start with these R&D personnel first.

According to the information he got, the company had a project manager who suddenly left a week ago.

And this project manager, his daughter-in-law's account, a month ago, had an extra 30 million dollars coming in. And half a month ago, there was an additional \$50 million coming in.

In connection with these circumstances, Lin Mo vaguely felt that there must be something wrong with this project manager.

This manager was living in this Fangchuan County.

Li Tiezui originally said that he would send someone to investigate, but Lin Mo still wanted to take a trip himself.

He trusted Li Tiezui, but it was hard to say how well the spies under Li Tiezui worked.

This matter was related to the refinement method of the Recycle Pill, and Lin Mo did not want too many people to get involved.

This time he came out in disguise to investigate, and did not even drive or fly, just to prevent people from noticing.

While the vehicle was moving slowly, a sound of a locomotive roaring suddenly came from the front.

The sound was so loud that it woke up the drowsy people inside the car.

Lin Mo lifted his eyes to see a Mercedes-Benz G rushing over from the opposite direction with great bravado.

The mountain road was narrow and could only accommodate two cars driving side by side.

The bus hurriedly moved to the side to avoid the road, while the Mercedes-Benz G was still driving in the middle of the road, rushing towards the bus in an aggressive manner.

Just when the two sides were less than three metres apart, the Mercedes driver finally slammed on the brakes.

However, the Mercedes-Benz did not take the next lane either, but stopped in the middle of the road and confronted the bus just like that.

Lin Mo was surprised, the next lane was clearly drivable, why was the Mercedes still holding on?

At that moment, something unexpected happened.

The driver of the bus actually hung up the reverse gear and slowly backed up on this treacherous mountain road, carrying a busload of people.

Eventually, the bus backed up to a more spacious roadside, freeing up a full avenue for the Mercedes.

Only then did the Mercedes start up and roar past!

Chapter 1529

Lin Mo was dumbfounded, it was the first time he had ever encountered such a situation.

It was clear that the road just now would be able to meet the traffic, but it was just the other side that wanted to walk in the middle of the road, not giving them the chance to avoid it at all.

On the contrary, the bus, which was carrying a full load of passengers, reversed extremely dangerously, giving way to the people.

Reversing on such a mountain road was extremely dangerous, the slightest mistake would take the bus full of people under the cliff!

With doubts, Lin Mo walked to the front seat and asked with curiosity, "Master driver, what was that just now?"

"The lane next to you is clearly capable of meeting traffic, why did you have to give way to him?"

Hearing this, only a few people in the car also looked at the driver in confusion, while most of the others looked at Lin Mo.

It was obvious that most of them understood the situation!

The driver gave Lin Mo a look, "Little brother, you're not from Fangchuan County, are you?"

Lin Mo nodded: "Oh, I'm here to run some business over here."

The driver smiled, "No wonder."

"Little brother, a word of advice, when you meet that car on the street again, be careful and hurry up and give way to others."

"Otherwise, you'll be in trouble!"

Lin Mo said curiously, "Why?"

The driver waved his hand as if he was scaring of something and was not willing to say much at all.

Soon, the vehicle arrived at Fangchuan County.

Just as they got out of the car, a group of people surrounded them.

"Buddy, where are you going? Do you want to take a taxi?"

"Do you want to take a motorbike? It's cheap!"

"Young man, do you want to take a tricycle?"

"Do you want to stay, handsome? There are girls"

A group of people were talking about pulling business, and there was a thieving young man who kept weaving in and out of the crowd, his eyes constantly bouncing off Lin Mo.

Lin Mo could tell at a glance that this youngster was a pickpocket.

But he pretended not to see it, and let the young man pick his wallet out of his pocket.

The young man quickly left the crowd and left in a hurry after he got his hands on him.

Lin Mo followed behind him unhurriedly. After leaving the crowd, the young man immediately came to a nearby alleyway.

After looking around to see that no one was around, he excitedly pulled out Lin Mo's wallet.

Seeing the thick pile of money in the wallet, the youngster's hands were trembling with excitement.

First, he searched the money in the wallet, and then, he got up to leave again with the wallet.

Lin Mo had originally planned to stop him, but when he saw him leave with the wallet again, he couldn't help but be a little puzzled.

According to reason, this kind of pickpocket, usually after getting the money, would just throw the other things into the trash.

In that case, even if he was caught and the wallet was not on him, who could prove that he had stolen the money?

But this young man, still holding the wallet, what was he doing?

Lin Mo followed behind with his doubts, only to see the youngster arrive at a nearby police booth.

Looking around to see that no one was paying attention, he quietly threw the wallet into the vicinity of the police booth, then turned around and left as if nothing had happened.

Seeing this scene, Lin Mo was a little surprised.

This pickpocket was a relatively conscientious one, wasn't he?

He threw his wallet at the police kiosk so that it would be picked up and handed in, making it easier for the owner to find it?

Lin Mo was dumbfounded, he didn't expect that he would meet such an interesting young man just after arriving here.

He picked up the wallet and continued to follow the young man, he wanted to see if there was anything special about this young man!

The young man threw away his wallet and did not linger around, but left straight away.

Lin Mo followed him, almost halfway through the county, and finally arrived at a dilapidated residential area.

The people who lived here were obviously the lowest class of people in the county.

The young man circled around a few times in this dilapidated alleyway and finally entered a small clinic with dim lights.

There was an old man sitting in the clinic, and when he saw the young man, he immediately yelled, "Mouse, can you still pay your sister's medical bills or not?"

"If you don't pay it, I'll stop the medicine!"

Chapter 1530

Facing the old man, the young rat was full of smiles, "Uncle Liu, I've come to pay for it!"

"Aiya, this time, really give you trouble."

"I how much I'm short of you here, you give me the math, I'll settle the bill for you here."

Liu Bo's face soothed a little, glanced at the rat and said suspiciously, "What? Did you make a fortune?"

Slightly embarrassed, Mouse smiled and said, "Well, I did some work with someone and made some money."

Uncle Liu: "Do the right thing, but don't go back to those thieving things!"

The rat lowered his head and dared not meet Uncle Liu's eyes, smiling sarcastically, "Uncle Liu, you calculate how much money"

Saying that, he took out a pile of money from his pocket, the money that he had stolen from Lin Mo.

Uncle Liu took a look at it, "There's really money?"

"Hey, you kid, not that I'm talking about you."

"With the money, buy some tonic for your sister first, don't spend it carelessly."

"Look how thin your sister has become. Don't you feel any pain?"

Rat: "Yes, yes, Uncle Liu, I will definitely buy her some."

"Uncle Liu, how much is this medical bill, I will settle it for you first."

Uncle Liu waved his hand, "Come on."

"This medical fee, you also owe not a day or two, there is no hurry."

"You should go in first and see your sister."

"I don't know how you are a brother, you don't see anyone all day long."

"Your sister doesn't wake up for more than an hour a day, and you don't show up, do you know how disappointed she is every day?"

Mouse's eyes were a little red and his voice choked, "Uncle Liu, I"

Uncle Liu waved his hand impatiently, "All right, don't shed horse piss in front of me!"

"Manly man, I've never seen one as unproductive as you."

The rat took a deep breath, forcibly suppressed his agitation, bowed deeply towards Liu Bo, and then headed for the inner room.

However, before he could walk into the inner room, several people suddenly turned in from outside.

At the head of them was a small tattooed youth with dyed yellow hair, a cigarette in his mouth and a hangdog look.

There were several people behind him, all of them strutting their stuff, looking like they were no good.

When he saw Huang Mao, the mouse instantly looked as if he had seen a cat, and his face instantly turned pale.

He immediately wanted to leap into the house, but Huang Mao had already seen him.

"Stand still!"

The mouse shivered in fear and didn't really dare to run. Subconsciously, he covered his pockets with his hands, where he kept his money.

Yellow Hair swaggered up to him and, without any warning, threw a slap directly at the rat's face.

The rat's face was swollen red from the blow, but he still nodded and said, "Brother Long, I'm sorry I didn't see you just now"

Yellow Hair kicked the rat again and cursed, "Look at your fucking legs!"

"I've been crouching here for half a day for you to see, wouldn't you have fucking run away already?"

The rat was embarrassed, "Brother Long, I really don't have any money right now."

"Why don't you give me another week, I will definitely get the money for you"

Yellow hair again slapped the rat in the face: "Fuck, how long have I given you?"

"It's been a few fucking months, you always say grace every time, are you playing with me?"

"I'm telling you, if you don't give me the money today, I'll take off your arm right now!"

The rat was almost crying with fear and said in a trembling voice, "Brother Long, I really don't have any money"

Yellow hair is angry: "I think you are a kid who does not see the coffin, give me a beating!"

A few youths behind him rushed up and surrounded the rat, punching and kicking him up.

Huang Mao was lying on the ground with his head covered, not daring to resist at all.

Just then, a faint voice suddenly came from the inner room: "You you don't beat my brother, please"
