Chapter 1541

When the rat saw this, he was only frightened and sweated, and he hurriedly said, "Brother Long, Brother Long, don't, don't push them down."

"Please, please, let them go, I I'm all here, you let them go"

Yellow hair arrogantly tilted his head and smiled, "Begging me?"

"Mouse, this is your attitude of begging me?"

"Standing so high to talk to me, this is called begging me?"

Rat's face changed slightly, he directly fell to his knees with a poof and said in a trembling voice, "Brother Dragon, I my fault, I shouldn't have stood up to talk to you."

"You let them go, I I'm kowtowing to you, I'm kowtowing to you"

Saying that, the rat really kept kowtowing.

Yellow hair was full of smugness and laughed, "See, I told you, this kid will definitely kowtow to me!"

"Well? Are you convinced now?"

The crowd around them all burst into laughter.

The rat, however, couldn't care less about the slightest embarrassment and just trembled and begged.

Although this was only the first floor, Timothy was so weak that he couldn't withstand it.

Liu Bo was so old, if he really fell down, the result would be hard to say.

Huang Mao laughed for a moment and glanced at Lin Mo again, "Outlander, you two are still quite close?"

"I thought you wouldn't dare to come!"

"How about it, do you want to see me perform an overhead throw for you?"

"If you want to see it, keep standing and I'll have them show you in a minute."

"If you don't want to see it, then get on your f*cking knees!"

The last sentence, Yellow Hair roared out directly at Lin Mo.

All the people around him also shouted loudly at the same time, "Kneel down!"

The rat shivered in fear and subconsciously kowtowed again.

Lin Mo was calm as he looked at Huang Mao: "Making me kneel down? What gives you the right!"

Huang Mao laughed outright, "On what grounds?"

“f*ck you, in Fangchuan County, what the f*ck are you asking me on?”

“On the basis that my elder brother is Li Shun, and my elder brother’s elder brother is Ma Tiancheng, the underground big brother of Guang Province, is that enough?”

Lin Mo shook his head, “Not enough!”

“Even if Ma Tiancheng was here, he wouldn’t dare to speak like that!”

Yellow Hair was furious, “How dare you be rude to Master Ma?”

“f*ck, if I don’t cut you into eighteen pieces today, I won’t have the f*cking face to see Big Brother!”

“Now, I’ll give you a chance first, kneel down for me right now.”

“Otherwise, I’ll push them both down the stairs.”

“I’m only going to count to three, one

He had just said a number when Lin Mo suddenly moved.

He rushed in front of Huang Mao with a single arrow step, and before anyone could react, Lin Mo had already snapped Huang Mao’s neck.

At the same time, Lin Mo took out a dagger from Huang Mao’s pocket with one hand and aimed this dagger at Huang Mao’s neck.

The whole process was like lightning, no one had reacted and Huang Mao had already been restrained.

The next few people finally came back to their senses and saw the situation, and one by one they all looked at each other, not knowing what to do.

Huang Mao was also taken aback, but he still stuck his neck out, “D*mn, you still dare to fight back?”

“Hmph, I don’t believe you dare to do anything to me!”

“Throw those two goods down to me!”

“If you have the guts, you get me killed!”

Without waiting for the people upstairs to make a move, Lin Mo pushed his dagger forward some, directly piercing Yellow Hair’s skin, blood flowing out along his neck.

Huang Mao’s face changed as he ate the pain.

He didn’t expect that Lin Mo would actually dare to do it!

“Who the f*ck are you scaring?”

“I’m telling you, if anything happens to me today, my big brother will definitely not let you off!”

Huang Mao roared.

Lin Mo didn’t say anything either, and suddenly grabbed Huang Mao’s ear, cut one of his ears off hard and threw it on the ground.

“Does this count as three long and two short?”

Lin Mo asked with a cold smile.

Chapter 1542

Huang Mao was dumbfounded, he really didn't expect that Lin Mo would really dare to lay a vicious hand on him!

One must know that only someone who had seen life and death would dare to lay such a vicious hand.

Who would dare to kill someone, even if they subdued their opponent?

Yellow Hair also wilted, he knew that he had met a truly ruthless person this time.

He hurriedly said, “What do you want?”

“I'm telling you, my big brother is

Lin Mo directly interrupted him, “Cut the crap!”

“Let TenTen and Liu Bo go first!”

Yellow Hair: “My big brother

Lin Mo directly grabbed his other ear, “Do you not even want this ear anymore?”

Huang Mao almost P*ssed himself in fear and hurriedly said, “No, no, no, let them go, let them go!”

Those people downstairs could only release Tian Tian and Liu Bo.

Liu Bo ran down with Tian Tian in his arms, and as soon as the rat saw them, he jumped straight up and hugged the two of them in tears.

Yellow Hair: “The man has been released, you can let me go now!”

Lin Mo smiled and said to Mouse, “Mouse, first take TianTian and Liu Bo to the car.”

The rat didn't dare to delay and hurriedly brought these two people into the car.

“You drive first and take them away.”

Lin Mo instructed.

Mouse froze for a moment, “Brother Lin, what about you?”

Lin Mo smiled lightly, “Since I'm here, of course I'll play with them.”

Mouse looked around, about twenty people were now surrounding him.

He immediately shook his head, “Brother Lin, I can't let you be here alone!”

“If you want to go, let's go together!”

Lin Mo glared at him, "You, why are you being so motherly?"

"If I tell you to go, you'll go!"

Mouse shook his head resolutely, "No, I can't go alone!"

"Brother Lin, why don't you take Timothy and the others and leave."

"I I'll stay"

Lin Mo was speechless: "What's the point of you staying?"

"To send death?"

The rat gritted his teeth and didn't say anything, he had, today, come with the determination of certain death.

Seeing that the rat really didn't intend to leave, Lin Mo could only sigh.

"Forget it, if you don't leave, then wait here."

"Go sit in the car and lock the door!"

Lin Mo instructed.

The rat still wanted to speak, but Lin Mo waved his hand straight away, "Cut the crap!"

The rat gritted his teeth and sat back in the car, locking the door behind him.

However, he had already quietly taken a spanner, intending to come down and desperately help Lin Mo if the situation was not right.

When he saw the rat lock the car door, Lin Mo simply threw away the dagger in his hand and pushed Huang Mao to the side.

When Huang Mao got free, he was first stunned, he didn't expect that Lin Mo would let him go so easily.

However, he was also overjoyed and took several steps backwards, shouting, "D*mn, how dare you go against me!"

"I'll f*cking kill you today!"

"Brothers, let's go, let's kill him!"

Those around them had already taken out their weapons and were eager to fight.

Hearing Huang Mao's words, they immediately hissed and rushed over.

On Mouse's side, he also immediately raised his spanner, ready to come out to help.

"Mouse, sit still!"

"Let's see how I'll clean up this lot of rubbish!"

Lin Mo bellowed, and with a fierce forward dash, he instantly rushed in front of the two men at the front.

These two men raised their machetes and slashed directly at Lin Mo.

Without dodging, Lin Mo's elbows came out, missing these two men's machetes and slamming directly into their chests.

The two men were sent flying seven to eight metres away and fell heavily to the ground, vomiting several mouthfuls of blood one after another, struggling several times but unable to get up at all.

Eight Extremes Fist, Elbow Crash!

This move, when used against an enemy, is extremely powerful.

As long as it hit the chest, it would basically break a few ribs.

Lin Mo had only used 10% of his strength in this blow.

Otherwise, these two people would probably have died here on the spot!

Chapter 1543

Seeing this, the rat directly froze.

He hadn't expected that Lin Mo would be so strong.

Even those people around were dumbfounded.

These two men, each of them was over a hundred and fifty pounds.

Two people, being knocked away by Lin Mo at the same time, just how strong was Lin Mo?

However, Yellow Hair didn't care about that, he covered his neck and hissed loudly, "Kill him! Kill him for me!"

"D*mn it, what are you afraid of?"

"There are so many of us, we could drown him with one mouthful of spit!"

"Go on, kill him!"

Only then did the crowd regain their senses and once again rushed towards Lin Mo with their weapons.

Rat immediately opened the car door and tried to come down to help.

At this moment, Lin Mo kicked the car door shut.

"Don't come down!"

Lin Mo shouted, followed by a turn and a backhand clasp on the wrist of a man behind him.

This man was carrying a machete and had originally intended to sneak up on Lin Mo.

When Lin Mo grabbed his wrist, he subconsciously tried to pull his hand back.

But how could he be a match for Lin Mo?

Lin Mo clasped his wrist and twisted it so hard that the man's arm was directly dislocated with a click.

The man let out a miserable cry, and the intense pain instantly made him sweat profusely.

And Lin Mo didn't stop there, he grabbed his wrist and pushed it upwards with force.

This time, the broken bone went straight up, and this was really the pain that was drilling through his heart.

The man's mouth was wide open and he could no longer scream.

Lin Mo let go of his hand, and the man lay straight down on the ground, and only after a long time did he let out a pig-killing howl.

Lin Mo, however, ignored him and rushed straight into the crowd, battling with these people.

Although these people were numerous, they were all rabble-rousers after all.

In a small place like this, it was enough to bully those ordinary people who did not dare to resist.

When they encountered a strong man like Lin Mo, they were no match for him.

After a few exchanges, a few more people were knocked down.

The others were also confused, waving their weapons around, but they didn't know how to fight.

These people were not the same as the group of people gathered by the ten clans in Guangyang.

Those people were real outlaws who could fight for their lives without fear of death.

These people, on the other hand, were a group of hooligans.

As soon as Lin Mo struck, he had scared them first, and these people had little fighting power left.

The situation was completely one-sided, these landlubbers, in Lin Mo's hands, had no power to resist at all.

In less than five minutes, all these people were knocked down, and Lin Mo was unharmed!

Inside the car, the rat looked dumbfounded.

He had never dreamed that Lin Mo would be so strong, defeating so many people by himself!

He finally understood why Lin Mo was so confident, he had real skills!

In the end, there was only one person left standing at the scene, Huang Mao.

However, Huang Mao was now dumbfounded as well.

He had gathered more than twenty hooligans today and thought that he would be able to take revenge for yesterday.

But he had never dreamed that Lin Mo's skills would be so powerful, that he would defeat these twenty-odd people with the strength of one man.

The most powerful person he had ever met in this small city was a retired special forces soldier, who could fight three or five people by himself, but only if they were unarmed.

He had never seen a real expert before, and could not imagine that there were still such high achievers in this world!

Seeing Lin Mo walk towards him step by step, Huang Mao was also shivering with fear.

He wanted to retreat, but at that moment, his legs felt like they were filled with lead, and he could not lift them at all.

Lin Mo stood in front of Huang Mao and looked at him calmly, "Now, do you still want me to kneel?"

Huang Mao's face was pale and his head shook like a rattle: "Brother, I have eyes that are not aware of Mount Tai, you"

Lin Mo interrupted him without mercy, "I don't like people standing and talking to me."

Chapter 1544

These were the words that Yellow Hair had said to Mouse Lin Mo earlier, and now they finally fell to him.

Huang Mao's face was embarrassed to the extreme, but in the end, he had to kneel down on the ground.

Because, those brothers he had brought with him were now all seriously injured and couldn't even crawl up.

This showed that Lin Mo was a truly ruthless person!

Huang Mao had no doubt that if Lin Mo had wanted to, he might have killed him outright!

Huang Mao was usually arrogant and domineering, but he was also a wimp by nature.

When he met a truly ruthless person, he would have to wilt.

Looking at Huang Mao, who was kneeling on the ground, Lin Mo shook his head disdainfully, "You're really a punk!"

Huang Mao trembled, "Big brother, I am a waste, I am trash."

"Big brother, just treat me like a fart and let me go, I I won't dare to do it again"

Lin Mo's face was calm: "Let you go?"

"Yes!"

Huang Mao was like being pardoned, and hurriedly kowtowed, "Thank you big brother, thank you big brother!"

Lin Mo: "No need to thank you!"

"Let you go, you can!"

"But, you have to leave something behind."

"Mouse, cover Timothy's eyes."

The rat was unsure, but still held TianTian in his arms and covered his eyes.

Huang Mao froze for a moment, and before he could regain his senses, Lin Mo directly pulled out a silver needle and stabbed it into one of Huang Mao's eyes.

Huang Mao let out a wretched scream and rolled on the ground covering his eyes, blood gushing out along his fingers.

This blow was not fatal, but this eye of his was definitely ruined!

Inside the car, Rat and Uncle Liu looked shocked!

Lin Mo had struck, it was too crisp, wasn't it?

Of course, the two had not the slightest sympathy for Huang Mao in their hearts, instead they felt a sense of hearty pain.

Over the years, Huang Mao's group had been rampant and unscrupulous, and no one in that area had ever been bullied by them!

Now, seeing that Lin Mo had ruined one of his eyes, they all felt a sense of revenge and revenge.

Yellow Hair rolled on the ground while screaming miserably, "You said you would let me go, you you don't keep your promises"

Lin Mo drew out a piece of paper, carefully wiped the silver needle clean, and said softly, "You've said it all, you have eyes and no pearls."

"If you have eyes but no pearls, then why do you keep them?"

"I'm just removing one for you now, but if you don't want to go, I don't mind removing one more for you!"

Yellow Hair nearly P*ssed himself in fear when he heard that.

Forcing himself to endure the severe pain, he hurriedly got up, stumbled to the car next to him, and drove away shakily.

As for those brothers of his at the scene, he couldn't care less now!

As for Lin Mo, he didn't care about these people either.

He returned to the car, and Rat and Uncle Liu were still in shock.

Lin Mo glanced at Rat: "What are you looking at? Driving the car?"

Only then did Rat come back to his senses: "Drive drive, drive where to ah?"

Lin Mo: "Back to the hotel."

"Timothy and Liu Bo were caught over, they haven't eaten yet, let's go back and have something to eat first."

"We've both been running all day, aren't you hungry?"

Mouse fumbled to get the car started and drove out of the factory, before suddenly realising something: "Brother Lin, we can't go back to the county."

"Why don't we just go?"

"Yellow hair will definitely go to Li Shun, if Li Shun knows about this, he he will definitely not let you go."

Lin Mo: "So what?"

"You think I can't be afraid of him?"

Mouse: "Brother Lin, I'm not saying you're afraid of him."

"You're a big shot, Li Shun certainly can't compete with you!"

"But this Fangchuan County, after all, is the territory of the human Li family."

"Li Shun has been in Fangchuan County for so many years, and all those gangsters in Fangchuan County listen to him."

"He also has a group of desperadoes under his own hands."

"It's too easy to gather hundreds or thousands of people in the county at a whim."

"Brother Lin, this good man won't eat his words, why don't we take shelter for a while?"

Chapter 1545

Uncle Liu also poked his head over from behind, "Yes, Mr. Lin."

"I can see that you are definitely not an ordinary person, but it's hard to beat four hands with two fists!"

"Moreover, under Li Shun's hand, there are several retired special forces soldiers, all of whom are particularly capable of fighting."

"Really if surrounded by hundreds of people, then that I'm afraid it's very troublesome"

Lin Mo smiled lightly: "It's fine."

"It's just a few hundred people, it's no big deal."

“Don’t worry, I’m here!”

Seeing this confident look of Lin Mo, Mouse and Liu Bo looked at each other, and both of them finally stopped saying anything.

Although they didn’t know exactly what Lin Mo’s identity was, this fight tonight had already allowed them to see what Lin Mo was capable of.

Besides, they had all walked out of the ghost gate once, so where would they be afraid of death?

Mouse drove the car and headed directly towards the direction of the county town.

On the other hand, Yellow Hair drove his car, rushing all the way to a teahouse in the county, finally arriving at a teahouse and directly crashing into the courtyard outside the teahouse.

A few people rushed out from inside the teahouse, and the leader, a man, cursed, “f*ck you, that idiot? Don’t you have eyes to drive?”

Huang Mao covered his eyes, which were still bleeding, and rushed out from the car.

When the men saw Huang Mao, their faces were full of surprise.

“Longzi? How come it’s you?”

“What’s wrong with you?”

The leader of the men asked.

Huang Mao waved his hand, “sh*t, don’t mention it, got by a foreigner.”

“Where’s Master Li?”

The man in charge: “Master Li is upstairs getting high!”

Yellow Hair didn’t say anything, and immediately stumbled upstairs.

This teahouse, with three floors in total, was Li Shun’s property.

On weekdays, Li Shun was basically on the third floor, where he had specially set up a luxurious office.

Huang Mao had just reached the first floor when he heard a woman’s miserable scream coming from upstairs.

Today, when Li Shun went out for dinner, he met a few foreign tourists.

When he saw a pretty girl inside, he kidnapped that girl straight back and was playing upstairs at the moment.

There were still a few people standing at the entrance to the staircase, and they were holding their arms and looking in the direction of the staircase entrance with a grin on their faces.

These were Li Shun’s men, they had seen too much of this kind of thing.

Yellow Hair ran here and was directly stopped by those few men.

“Long Zi, what are you doing?”

“Master Li is getting high upstairs, if you spoil Master Li’s fun, Master Li will be angry!”

A man advised.

Huang Mao naturally knew Li Shun’s temper, if it was a normal situation, he would not dare to disturb Li Shun.

But after such a big loss today, he really couldn’t swallow this anger.

Moreover, Lin Mo Mouse and the others had driven away.

If he didn’t get Li Shun’s help quickly, once they ran out of Fangchuan County, wouldn’t he not have to take this revenge?

Yellow Hair stood at the entrance of the stairs and shouted in the direction of the stairs, “Third Brother, don’t mention it.”

“D*mn it, I went to collect the bill just now and a foreigner came from across the street from nowhere.

“Even if he stopped me from collecting the bill, he even spoke rudely to our Master Li.”

“He said that even if Master Li stood in front of him, he would only be worthy to kneel down and lick his shoes.”

“How good Master Li is to us, it’s okay for you to scold me, how can you scold Master Li?”

“This kind of thing, do you think, can I put up with it?”

“As a result, the point is quite f*cking hard, look how it’s been beaten up for me?”

Just as Yellow Hair finished speaking, there was a loud bang from upstairs, and the sound of a woman muffling a grunt.

Immediately afterwards, the door of the room opened and a short, grim-faced man came out of the room naked.

The man still had some blood on him, and behind him on the floor of the tunnel lay a naked girl.

The girl was covered in blood and had bruises all over her body, having long been tortured beyond recognition.

The man, however, did not even look at her, casually appropriated a jacket and said in a cold voice: “That outsider, where is he now?”

Chapter 1546

This man, was none other than Li Shun.

When Huang Mao saw Li Shun come out, he was overjoyed.

He hurriedly ran over and added fuel to the fire about what had happened before.

It made it seem as if Lin Mo had come specifically to target Li Shun.

Li Shun had been running roughshod over this place for so many years, and no one had ever dared to go against him.

Especially after he had connections with the Ten Great Families of Su Province this time, he was even more arrogant to the extreme.

At this time, to have someone dare to provoke him, how would he let the other party off?

After hearing Huang Mao's words, Li Shun was only so angry that his face turned red and his neck thickened, and he shouted angrily, "f*ck that!"

"I've been around for so many years, but no one has dared to talk to me like this."

"Even the top ten families in Suzhou Province are still polite and courteous to me, aren't they?"

"This foreigner, he doesn't know how high and mighty he is, how dare he insult me like this."

"If I let him walk out of Fangchuan County alive today, how the hell am I going to get along in the future?"

"Go, gather all my men and seal off the whole Fangchuan County for me."

"Even if we dig up the ground, we have to find this outsider for me!"

Huang Mao was overjoyed.

With Li Shun's hand, then he would definitely be able to take revenge this time.

He immediately went downstairs himself and led his men to look for Lin Mo and the others.

Li Shun put his clothes back on and a few of his juniors next to him rushed straight upstairs and began to clean up the house.

At that moment, the girl's body moved on the floor.

A junior immediately turned his head: "Master Li, this chick is still alive, what should we do?"

Li Shun glanced at him, "D*mn it, your first day with me, huh?"

"If she's still alive, get her killed, drag her out and bury her!"

"What, do you want me to teach you by hand?"

The little brother was startled and quickly said, "Master Li, don't be angry, I'll dispose of her right now!"

After saying that, he didn't care about the girl's pleading, he grabbed the cup next to him and knocked it directly on her head.

Immediately afterwards, several men carried the girl out from upstairs, cleaned the floor again, and skillfully disposed of everything.

By now, Li Shun was already sitting down on the first floor drinking tea.

Next to him stood a man with a swarthy face, Wang Jichun, Li Shun's dog-headed military advisor.

Wang Jichun was indelibly credited for all the bad things Li Shun had done over the years.

Wang Jichun was fiddling with his mobile phone when suddenly, his face changed and he immediately bent down and said, "Master Li, Big Sister has sent a message."

Big Sister, Li Shun's sister and Ma Tiancheng's wife, was Li Shun's biggest backer.

Li Shun immediately sat up straight: "What did Big Sister say?"

Wang Jichun: "Big sister said that they are now almost near Fangchuan County."

"They have a big man with them."

"I don't know if they will come to Fangchuan County either, so I want you to prepare."

"If they don't come, then forget it."

"If it comes to Fangchuan County, you can also arrange for a reception."

Hearing this, Li Shun immediately frowned: "Is there no word on whether he can come or not?"

"It's not like I've been idle all day here, preparing and they don't come, wouldn't that be a waste of my time?"

Wang Jichun looked embarrassed and said in a low voice, "Master Li, as I see this situation, I guess that big person beside Big Sister and the others is not simple, even Big Sister can't decide."

"Why don't we prepare first, it's better to be prepared!"

Li Shun scoffed, "I don't believe it, what kind of big shot can there be in this sh*tty place in Guangdong Province?"

"When I went to Suzhou Province, the top ten families in Suzhou Province didn't make such a big deal out of it!"

"The top ten families in Suzhou Province are much stronger than the top ten families in Guangdong Province, they don't have such a big deal either!"

Wang Jichun knew that Li Shun had become more and more arrogant since he had hooked up with the top ten families in Suzhou Province.

Recently, he even vaguely didn't even put Ma Tiancheng in his eyes anymore.

Chapter 1547

Wang Jichun didn't dare to persuade Li Shun either, but instead followed Li Shun's words, "Master Li, what you said, is exactly right."

"This side of Guang Province, apart from Nanba Tian, there really aren't any big names."

“Those ten families in Guang Province, over the years, have been suppressed by Nan Baitian, their strength has dropped greatly, and they are simply no match for the ten families in Su Province.”

“Now that even Nanba Tian has left, this side of Guang Province is really withering in talent, it’s really no match for Su Province!”

“Master Li, with your relationship with the Ten Great Families of Su Province, in the future, you might be the Crown Prince of Guang Province!”

“I reckon that in the future, Big Sister and the others will definitely have to count on you!”

This horse’s ass was directly patted to Li Shun’s heart.

Li Shun had heard about the Crown Prince of Haicheng, and all along, he had idolised him.

Many of the things he had done over the years were also imitations of the Crown Prince of Haicheng, and he also hoped that he could become the kind of dude who was like a mixed-up devil.

Now, Wang Jichun was directly comparing him to the Crown Prince, which simply delighted him to no end!

Li Shun was full of smugness, but still pretended to be humble, “Hey, you can’t say things like that!”

“No matter what, big sister has helped me a lot over the years.”

“In my heart, she is always my big sister, understand?”

Wang Jichun nodded repeatedly, “Master Li, why else would I say that it’s an honour for us to follow you?”

“If we don’t say anything else, just the fact that you know how to repay your kindness is enough to make the brothers work for you!”

Li Shun was even more pleased with himself and laughed, “Alright, Chunzi, have someone go and make the arrangements.”

“No matter what, since Big Sister said so, then you have to give Big Sister some face, got it?”

Wang Jichun nodded repeatedly and went down to order people to make arrangements for the greeting.

Li Shun sat at the table with a smug look on his face, imagining that he would be called the Prince of Guang Province in the future.

On the other hand, Huang Mao and the others searched for a while and finally found the trail of Lin Mo and the others.

What was unexpected was that Lin Mo and the others had not left Fangchuan County at all, but had gone back to the county, and even to the hotel.

When Huang Mao got this news, he was overjoyed.

He was worried that Lin Mo and the others had run away!

Now that he knew that they were in the county, he immediately ran to the teahouse and reported the matter to Li Shun.

Li Shun was waiting for news from his elder sister to see if he needed to receive them.

As a result, instead of waiting for news, he found Lin Mo first.

He didn't hesitate, so he took a group of his men and went straight to the hotel.

In the hotel, Lin Mo had ordered a table of food and was eating.

Rat, Uncle Liu and Tian Tian were also sitting at the table, and looking at the table, the three of them were at a loss.

Rat and Liu Bo were mainly worried, fearing that Huang Mao would bring someone to retaliate.

TianTian, on the other hand, was a child, so of course she didn't have that much to worry about.

She was at a loss for words because she had never seen such a scene before.

Since she was born, she had lived a life where she had eaten the last meal but not the next, and it was good enough to have enough to eat.

Moreover, sitting in such a clean and bright room to eat, it was unimaginable to her, she didn't even dare to move her chopsticks.

Looking at Tian Tian's appearance, Lin Mo couldn't help but think of his sister Lin Xi.

In the past, she was also living such a miserable life.

Lin Mo gave a few dishes to TianTian and smiled, "TianTian, eat."

TianTian looked at the dishes on the plate, obviously wanting to eat them, but not daring to move her chopsticks, she could only look at Mouse for help.

Seeing his sister's appearance, the mouse forced out a smile, "TianTian, don't thank big brother yet."

TenTian immediately said in a good manner, "Thank you, big brother!"

Only after that did she pick up her chopsticks and gobble it up.

Just then, there was a sudden noise outside the door.

The faces of Mouse and Uncle Liu changed instantly.

Chapter 1548

The mouse hurried to the window and looked out, only to see several cars coming from the courtyard outside.

At the head of them was a big Mercedes Benz G, which came to a stop at the entrance of the hotel.

Rat's face changed again and he said in a trembling voice, "It's Li Shun."

“Brother Lin, Li Shun is here, he has brought many people with him, let’s let’s run quickly

Liu Bo was also pale, he was just an ordinary man, where had he ever seen such a scene.

Only Lin Mo’s expression was bland, he chuckled lightly as he served food to Tian Tian, “What are you panicking about?”

“If he’s not coming, what am I waiting for here?”

“Come on, let’s eat first!”

Rat and Uncle Liu looked at each other, Lin Mo could not be panicked, but the two of them could not, after all, Li Shun had brought too many people with him.

There were now at least forty to fifty people outside, and the most crucial thing was that a large part of these people were all outlaws who had followed Li Shun for many years.

Even a few of them were retired special forces soldiers that Li Shun had hired at a high price and were extremely strong in combat.

Although Lin Mo was tough, could he be a match against so many people?

Besides, this was Li Shun’s turf. As long as Li Shun was willing, he could gather several hundred people at will.

If they really fought, wouldn’t they be dead?

Lin Mo was very calm, as he saw the Mercedes G, the same car that had forced the bus backwards on the mountain road earlier.

It turned out that this was Li Shun’s car, no wonder the driver was so squeamish at that time that he didn’t dare to say much, so that was the case!

So it seems that this Li Shun was really acting in a domineering manner!

Li Shun led his men into the hotel, and the hotel was in a flurry.

The waiters were all shivering in fear, hiding in the corners.

The diners were all scared and fled, no one dared to stay here.

Li Shun’s aggressive look was clearly meant to cause trouble.

Li Shun ignored these people and led them straight to Lin Mo’s private room.

He kicked the door of the room open and, with a few people in tow, swaggered into the private room.

Rat and Liu Bo shivered in fear and stood by the table with pale faces, as if they were prisoners waiting to be sent down.

And Timothy also looked so frightened that he didn’t even dare to eat his meal.

Lin Mo acted as if he didn’t see these people, he was still fetching food for Tian Tian: “Tian Tian, be a good boy, eat some more.”

“Eat more so that your body can get better!”

Li Shun’s face became very ugly.

In all the years he had been in Fangchuan County, no one had ever dared to underestimate him like that!

Everywhere he went, everyone else had to treat him with respect and deference.

He originally thought that after he entered the house, he would be able to scare Lin Mo into kneeling down and begging for mercy.

To his surprise, Lin Mo didn’t even look at him, so he didn’t take him seriously!

The rat hurriedly walked over and said in a trembling voice, “Brother Lin, Master Li Li is here

Li Shun was here, and he no longer dared to call Li Shun by his name.

Lin Mo ignored it, and picked up the spoon on the table, “TianTian, how about I serve you some soup?”

A cold aura flashed in Li Shun’s eyes as he fiercely picked up the pot of soup on the table, “Want some soup, do you? Let me help you!”

With these words, he lifted the pot of soup and prepared to throw it at Lin Mo.

Lin Mo moved even faster than him, and when he did, Lin Mo pushed the table directly.

The table was pushed by Lin Mo and hit Li Shun directly on his elbow.

Li Shun had lifted the soup pot up and was suddenly hit on the elbow, his wrist tilted and the soup pot snapped directly onto his head.

This was hot soup that had just been brought up and was still in a hot state.

It landed on Li Shun’s head in one fell swoop, only to scald him as if he had killed a pig and howled.

A few people next to him scrambled to wipe the soup off, but by now, Li Shun’s skin was already red and miserable from the scalding.

Chapter 1549

Next to him, Rat and Liu Bo both looked dumbfounded.

They could never have dreamed that someone would dare to treat Li Shun like this!

However, they both knew very well that when things had come to this point, they were completely at enmity with Li Shun.

Next, either Lin Mo would kill Li Shun or Li Shun would kill Lin Mo, there was no other possibility!

And that was indeed the case.

After wiping the soup off his face, Li Shun shot up and pointed at Lin Mo and cursed, “f*ck you, you son of a b*tch, you’ve got a lot of guts!”

“Do you know who I am?”

Lin Mo shrugged, “Sorry, I really don’t know who you are!”

Li Shun shouted angrily, “I’m telling you, my name is Li Shun!”

“This Fangchuan County, is my territory!”

“You f*cking dare to beat up my men on my turf, and now you dare to treat me like this.”

“Today, if I let you walk out of Fangchuan County alive, my f*cking name won’t be Li Shun!”

Lin Mo laughed lightly, “If you’re not called Li Shun, then what are you going to call yourself?”

Li Shun was even more annoyed by Lin Mo’s taunting remark.

He directly slapped the table and shouted, “D*mn it, how dare you talk back to me?”

“I think you’re tired of living!”

“You guys, someone go help me knock his teeth out!”

A few people around Li Shun smiled and looked at each other, and one of them, a slightly shorter man, smiled, “Master Li, I’ll take care of such a small matter.”

Li Shun nodded his head in satisfaction, “Good!”

“Do a good job!”

The man nodded with a faint smile and walked straight up to Lin Mo.

He looked Lin Mo up and down and disdainfully skimmed his mouth.

“Hey, outsider, don’t say I won’t give you a chance!”

“Now, I’ll give you a chance.”

“As long as you kneel here honestly, I can still let you suffer a little less.”

“Otherwise, humph, don’t blame old me for being merciless!”

Lin Mo smiled faintly, “I see, you’re saying the opposite, right?”

“How about you kneel down and I’ll make you suffer less?”

The short man was furious, “You’re f*cking arrogant!”

“Since you’re so determined to die, I can make it happen for you.”

“When I was a mercenary in my early days, I killed a hundred or eighty people.”

“If a trash like you can last a minute under my hands, I will count you as a winner, how about that?”

Lin Mo snorted, "A word of advice, don't fight me."

"With a physique like yours, I'm really afraid of killing you with one punch!"

The short man was furious and roared, "I'll kill you!"

He jumped up and flew to kick Lin Mo in the head.

The kick, which came with great force, had a strong sense of power.

The people around Li Shun nodded their heads, they had seen the short man strike, with this kick, he could break three bricks!

If this kick had hit Lin Mo, it could probably have directly caused him to lie down.

However, just as this kick was about to hit Lin Mo, he suddenly stretched out his hand and directly clasped the short man's ankle.

The short man only felt as if his ankle was clamped in an iron vise, and no matter how much he struggled, he could not break free.

Immediately afterwards, Lin Mo took a fierce step forward and directly punched the short man in the chest.

The short man flew straight backwards and crashed into the window at the back, shattering the gla*s and falling out of the private room.

The short man landed outside in the flower garden, vomiting blood from his mouth, struggling several times but failing to get up, and finally fell to the ground, dead or alive!

The crowd was stunned by this scene!

The crowd was stunned by this scene! They knew that the short man, among them, was one of the top fighters.

Who would have thought that the short man would not be able to withstand even one move in front of Lin Mo.

In that case, how strong was this Lin Mo?

Chapter 1550

Looking at the short man's miserable appearance, Li Shun's face also changed.

He was finally starting to look at Lin Mo squarely.

"I really didn't expect that you were still a practitioner!"

Li Shun gritted his teeth and said.

Lin Mo smiled, "What? You're scared now?"

Li Shun was extremely angry: "I'm afraid?"

“Heh, I’m afraid that you’ll die too quickly!”

“Do you know that this is Laozi’s territory.”

“Just one phone call from me, and I can call thousands of people, and one person spitting will drown you!”

Lin Mo: “Is that so?”

“Then call someone now, before you run out of chances later!”

Li Shun did not expect that Lin Mo would dare to speak like that in such a situation.

He was furious and waved his hand violently, “D*mn it, come together, kill this b*****d for me!”

Hearing this, the few men beside Li Shun immediately rushed up and surrounded Lin Mo in the middle.

These men were all Li Shun’s bodyguards and retired mercenaries who had been hired by Li Shun at a high price.

Seeing the short man being knocked away just now, they did not dare to underestimate Lin Mo.

These few men took out their daggers from their bodies and stared at Lin Mo with an unkind gaze, looking for an opportunity to strike a fatal blow.

Lin Mo was calm, as he picked up a chopstick in his hand and swept his gaze across the crowd, laughing lightly, “It’s not too late to run!”

The crowd was astonished, confused as to why Lin Mo was holding a chopstick.

However, hearing Lin Mo’s belittling words, the crowd was also enraged.

They winked at each other and pounced on Lin Mo from several directions at the same time, daggers in their hands, all stabbing towards several fatal locations on Lin Mo’s body.

Lin Mo took a step back, easily avoiding the deadly attacks of these men.

At the same time, he waved his backhand and stabbed the chopstick in his hand directly into the wrist of the man on his left.

In Lin Mo’s hand, the chopsticks were like a sharp dagger, directly piercing this man’s wrist.

The man screamed in agony and staggered backwards, covering his wrist.

Lin Mo didn’t hesitate and grabbed the chopsticks and continued to charge forward, instantly piercing the wrists of two other men.

Now, there were still two people left, but these two were already stunned.

They didn’t expect that an ordinary chopstick, in Lin Mo’s hands, would have such lethal power!

As for that Li Shun, he was even more dumbfounded.

And Lin Mo didn’t pause as he struck again, bringing the remaining two down to the ground as well.

In the end, none of the six men Li Shun had brought in were still standing.

Li Shun looked at his men who had fallen to the ground and wailed, and his face instantly turned blue.

He knew that he had really met a tough fighter this time.

When he saw Lin Mo looking at him, Li Shun was scared to death.

He fiercely jumped out of the window that had just been shattered and shouted, "Someone! Someone come!"

There were still thirty to forty people outside, guarding the outside, mainly to prevent Lin Mo from escaping.

Hearing Li Shun's shout, they ran over, these people still didn't know what had happened.

When Li Shun saw these men, he felt slightly more at ease.

However, he did not dare to let these men go against Lin Mo.

Just now, Lin Mo's strike was too terrifying, and he did not know if these 30 to 40 men could be Lin Mo's opponent.

Li Shun looked at Lin Mo inside the room and shouted, "Kid, if you have the guts, you can wait here!"

Lin Mo sneered, "Don't worry, I won't leave."

"Hurry up and go call someone, call as many as you can."

Li Shun gritted his teeth and left more than twenty men to stand guard here while he hurriedly ran out to gather his men!

He had never suffered such a loss before, and his years of arrogance and conceit had made him not even consider what Lin Mo's identity really was, he only wanted to kill him now to take revenge.

At this time, Lin Mo also received a call from Tiger, who had already taken Ma Tiancheng and the others into Fangchuan County.
