Chapter 1571: A drop of blood to transform into a Flame Dragon!

Meeting its gaze, Jiang shengwu immediately promised, "Holy ape, don't worry. We won't make any big moves in the next seven days!"

With that, he shot ye chen an unfriendly look.

Sacred Lord Tianxuan and the others also expressed their opinions.

It was obvious that the Holy ape was siding with the brat, preventing them from attacking him after qianqiu wuhen and the Holy ape left.

"That's good!"

The Golden ape said, "the seal of Yinxu has been lifted. Devil earth will sweep everything away. The danger unknown. I hope you all take care of yourselves!"

"You may withdraw!"

Upon hearing these words, everyone's eyes flickered as they hurriedly left. Clearly, they were making preparations for seven days later!

The Holy ape was right. Before this, the demonic earth was suppressed by the seal of Emperor Xuanyuan, preventing demonic Qi from invading its periphery. As long as the demonic earth was unsealed, the seal of Emperor Xuanyuan would definitely dissipate. By then, it would be the most dangerous moment.

Even cultivators at the void training stage would die!

Saint Sanyou looked at Zed unwillingly, as if he was conflicted.

The Golden ape looked at him coldly, "Still not getting lost?!!"

Saint Sanyou could only sneer and leave quietly.

Fang Ziyue left with Fang tianchen. However, before she left, her beautiful eyes looked at ye chen with a complicated expression. Today was undoubtedly the most shocking moment for her.

The ancestor of the Gu family ran away with Huangfu Yu, afraid that ye chen would cause trouble on the spot, especially when it was obvious that qianqiu wuhen and the Holy ape were biased.

Only Huangfu Yu's heart was filled with anger and unwillingness.

He had not imagined that he was the direct descendant of Emperor Xuanyuan and was destined to live in the eyes of the public with an exceptional talent.

However, everything changed with ye Chen's appearance. The emperor's seal was taken away, qianqiu wuhen and the Lord of carnal desires favored him, and even the realm Guardian who shouldered the mission of Emperor Xuanyuan showed signs of changing his mind.

“No, it won’t!”

“I, Huangfu Yu, am one of the most suitable candidates to inherit the great Emperor’s inheritance!”

“Ye chen, just you wait. I, Huangfu Yu, will not admit defeat!”

He was carried away by the ancestor of the Gu family as he roared to himself.

Lei Yunzi was the last one to leave. He looked at ye chen with a complicated expression and finally stepped forward. “Dao friend ye, if you have time, please return to the Yanhuang Fort!”

After saying that, he immediately soared into the sky and left.

His attitude toward ye chen had changed a long time ago. From the initial admiration, it had evolved into respect.

He had thought highly of this young man, but he had displayed terrifying talent and killed the Huangfu clan’s patriarch. How could he still treat such an existence as a junior?

Ye chen chuckled and his calm voice rang in Lei Yunzi’s mind, “Senior Lei Yun, I will definitely return to the Yan Huang fortress!”

Master thundercloud’s body trembled in mid-air, and he couldn’t help but laugh, “Good, very good!”

The word ‘senior’ revealed ye Chen’s respect for him. Ye Chen’s willingness to return to the Yanhuang fortress also indirectly showed that ye chen had never forgotten the fact that he was Chinese.

After watching him leave, ye chen shook his head slightly.

He still had some respect for master thundercloud.

Although this person was also a member of the eight Xuanyuan families, he was not as selfish as the Huangfu ancestor and the others. On many occasions, he could be considered fair.

He then turned around and cupped his fists at the path Lord of carnal desires, qianqiu wuhen, and Zed. “Thank you for today!”

Although ye chen would not be afraid of Jiang shengwu and the others without their appearance, it would not be that easy.

“You’re too polite!”

“In truth, I didn’t do much. I still have some matters to attend to, so I’ll be taking my leave first!” The path Lord of carnal desires laughed heartily.

After that, he disappeared from Ling Long’s sight.

“Ye nankuang, if you’re done with your work, come to broken Dragon Ridge to find me!” Yi glanced at qianqiu wuhen and the Golden ape before stepping onto the bronze coffin that was being pulled by the nine Dragons.

“Come with me!” Qianqiu wuhen looked up at Zed.

Zed was slightly taken aback. He looked at ye chen and then nodded slightly. His golden bone wings instantly expanded to hundreds of feet, turning into an undying creature and following qianqiu wuhen.

In the end, only ye Chen, Feng Wuxie, and the Golden ape were left on the scene.

As if sensing the unusual atmosphere, Feng Wuxie stayed obediently at the side, holding his breath as he observed the exchange of gazes between ye chen and the Golden ape.

“Ye nankuang, I know you!”

The Golden ape stared at ye chen for a few minutes before slowly saying, “Seeing you today, it proves that third brother’s vision is not wrong!”

“Third brother ...”

Ye chen was stunned at first, then he suddenly remembered the Golden Toad.

It seemed that the latter had already returned to the devil earth.

Without waiting for ye chen to speak, the Golden ape continued, “Can I take a drop of your blood?”

Its eyes were bloodshot as it glared at ye chen. It was as if it would explode in a thunderous rage if ye chen dared to refuse.

“Agree to his request!”

“Trust me, it won’t harm you,” said elder fan.

Ye chen frowned slightly but still cut his finger. A drop of golden blood immediately shot toward the Golden ape.

The latter caught it and a golden vertical eye suddenly appeared between its brows. Inside the Golden vertical eye, ye Chen’s drop of golden blood suddenly transformed into a red fire Dragon and soared into the sky.

“A drop of blood to transform into a Flame Dragon. It’s undoubtedly the Yan Huang bloodline!”

The Golden ape’s eyes flickered. When it looked at ye chen again, there was less wariness in its eyes and a hint of intimacy. “I only did this to verify if you have the Yan Huang bloodline. I hope you can forgive me.”

The reason for this was that ye Chen’s aptitude was too terrifying. This was the first time such a person had appeared on this abandoned earth since Emperor Xuanyuan.

Therefore, it could not help but suspect that ye chen had been possessed by some foreign old monster.

“You’re pretty good!”

The Golden ape looked at ye chen in admiration. “Among all the bloodlines in China, you and Huangfu Yu have the highest potential. You are also one of the most promising candidates to enter the tomb and obtain the inheritance of the Emperor!”

“The inheritance of the great emperor?”

Ye chen smiled faintly. "I'm sorry. I'm afraid I'll have to disappoint you. I'm not interested in the so-called great Emperor's inheritance."

It was undeniable that Emperor Xuanyuan was indeed talented. However, he was not a living earth immortal after all. At his peak, ye chen had once been the king of Immortals and did not lack any inheritance.

"Oh?"

"If you're not interested in the inheritance of the great sovereign, why did you enter the Ruins of Yin and even take the seal of the great sovereign from Huangfu Yu?" the Golden ape was slightly surprised.

It didn't seem to believe him.

Ye chen no longer hid it and said lightly, "The reason why I entered the Ruins of Yin is to find an item to extend my wife's life ..."

"I see."

The Golden ape seemed to have come to a sudden realization. Then, it seemed to have recalled something. "If I'm not wrong, you're looking for the five elements heaven-connecting Lotus, right?"

As soon as she said that, ye Chen's expression finally changed. He fixed his gaze on the former. "You know the whereabouts of the five elements heaven-connecting Lotus?!"

Chapter 1572: The shock of all the sects outside the domain!

"You know where the five elements heaven-connecting Lotus is?"

After saying this, ye chen looked at the Golden ape with a cold gaze.

The outside world only knew that this so-called sacred herb map fragment was valuable, but they didn't know about the five elements heaven-connecting Lotus. Since the Golden ape had mentioned it, it must have recognized it.

On the other hand, the five elements heaven-reaching Lotus was related to su Yuhan's life. Ye chen would not allow any accidents to happen.

As if sensing his hostility, the Golden ape couldn't help but laugh, "You've misunderstood," ye mo said. "I'm not trying to find out about your secret. I've seen this Five Element sky Lotus in a notebook left behind by the great emperor, so I recognized it at a glance."

"The note of Emperor Xuanyuan?"

Ye Chen's eyes flashed. "I wonder if you can let me take a look at the notebook. Of course, I won't take it for free. I can exchange it for something of equal value."

He had not imagined that Emperor Xuanyuan had recorded the five-elements heavens-reaching Lotus in his notebook.

"That's too serious!"

The Golden ape shook its head slightly and said in a deep voice, "the notebook only recorded the shape of the five elements heaven-reaching Lotus. It did not contain its exact location. Even if you had seen it, you would not have found anything. Moreover, this item is in the hands of the boss. I did not bring it out on this trip."

"Is that so ..."

Ye chen could not help but feel a little disappointed.

The Golden ape glanced at him. "You don't have to be too discouraged. In truth, I've been searching for this item all these years. Although I haven't found any traces of it, it can't be considered a fruitless search."

"Oh," ye chen replied and could not help but look at it.

"This five elements heaven-connecting Lotus contains the power of the five elements and is an item of extreme yang. It must be in a place of extreme yang ..."

It spoke with fervor and assurance, obviously knowledgeable. "However, any area in Yin Xu that humans can move in does not have such conditions. The only explanation is that they are in devil earth."

It took a deep breath. "As the saying goes, Yin does not grow, and yang does not grow. After the devil earth is unsealed, there may be some gains."

Ye chen finally nodded.

"Of course, you can also search for the remaining map fragments of the five elements heaven-connecting Lotus. Perhaps you will be able to obtain more information."

The Golden ape spoke slowly, as if it had thought of something. "The deal between you and Tianyuan trading company will probably be completed in a few days. You just have to wait patiently."

"My mission has been completed. It's time to go back."

Before he left, the Golden ape looked at ye chen one last time. "Ye nankuang, I'm sure you know how dangerous Yin Xu is. Both qianqiu wuhen and the path Lord of carnal desires are from the outer realm. You can't trust them completely,"

"Yin Xu is related to the survival of China and even the earth. Since you're a Chinese, I hope you can follow the will of Emperor Xuanyuan and plan for a chance of survival for the living beings here."

After saying that, it immediately disappeared into the void.

"He's hinting me to go to the Emperor's Tomb!"

Ye Chen's eyes flickered a few times before he came to a realization. "It seems that the situation in Yin Xu is worse than I thought. I can only take one step at a time!"

.....

At the same time, news of the huangshen tomb spread throughout the entire Yin Xu at a terrifying speed.

Ye Nan barged into the Huangshen tomb, killed the paragons of the five Holy Lands, seized the emperor's seal, killed the five old monsters at the void training stage, and forced the Masters of the five Holy Lands to show themselves ...

This news swept through everything like a stormy sea.

The entire YinXu was divided into the periphery, the core, and the devil earth. Most of the living beings lived in the periphery and the core, and these two areas were not as small as China after the seal was released.

When the news about Ye Chen spread, the entire YinXu was shocked. It was as if countless heavenly thunders had struck the sky above YinXu at the same time, shaking the heaven and earth.

"Oh my God! This Ye Nankuang is too terrifying!"

"I heard that he first killed Hong Ya and the others from the Panwu immortal sect. Then, he attacked the six void training stage cultivators including Lord Taichu and killed five of them. One of them was severely injured. Only Fang Tianchou of Tianyuan trading company survived. Even so, his primordial spirit is still in Ye Nankuang's hands ..."

"Ah, is this kid really a native of this abandoned star area? This kind of talent and fighting power is enough to be comparable to the geniuses of the ancient divine clans in the outer realms!"

"With such a person on earth, it seems that Earth's luck has not ended!!!"

Countless people were in a heated discussion. All the major outer-realm sects and low-key forces were stunned. In an instant, countless forces wanted to make friends with Ye Chen.

Anyone could see that as long as there were no accidents, an existence like Ye Chen would one day be a Big Shot that illuminated the heavens!

Outside of YinXu, in China!

The hinterlands of the Kunlun Mountains had been listed as the highest military base in China after the foreign invasion. It was the core secret realm of the Chinese cultivation world.

It could be said that all the experts in China were gathered there, whether they were old monsters who had hidden themselves from the world or those who were on the China's combat power List.

It had a name, Fiery Emperor Palace!

However, at this moment, in the main hall of the Fiery Emperor Palace, the meeting hall, which was usually not opened unless there was a major event, was crowded with a black mass of people. People were moving and the sound of discussion was endless.

At the highest point of the meeting hall, there were a few praying mats standing side by side, and many old figures were sitting on them. The leader was an old man in a green Daoist robe who was holding a horsetail whisk in his hand. The old man had a Sage-like appearance and a kind face.

If someone was present, they would be shocked to find out that this old Daoist was the WuTang clan's eighth generation sect leader, Xuanji Feng Chenzi, an existence that had lived for centuries.

At this moment, Feng Chenzi was no longer as calm and collected as before. He seemed to be in a daze, as if he had just experienced something.

“Fellow Daoist Feng Chen!”

Finally, among the crowd below, an old monk in a Kasaya could not hold it in any longer. He looked at the former and said, “I don’t know why you’ve gathered us here today.”

As his voice faded, everyone in the hall turned to look at Feng Chenzi. Some of them were filled with worry.

Could it be that something had happened in China?

Such a Grand scene only happened when the extraterrestrial enemies invaded Earth. It became a nightmare for almost everyone, and it was also at that time that the elites of China were all killed.

The old monk’s words jolted Feng Chenzi out of his daze. The latter’s majestic gaze swept across the entire Hall, and the clamoring instantly returned to silence.

“Hehe ...”

Under everyone’s gaze, Feng Chenzi suddenly laughed. His laughter became louder and louder, and in the end, he laughed out loud as tears flowed from the corners of his eyes.

This time, everyone was shocked.

After all, Feng Chenzi had cultivated for many years and his heart was like a rock. This was the first time he had lost his composure like this. Could it be that something big had really happened?

The expression of the old monk who had spoken earlier changed slightly. “Daoist Feng Chen, what are you ...”

Feng Chenzi wiped away his tears and suddenly said, “Everyone, I’ve just received news from Yinxu!”

Chapter 1573: I don’t want to be his burden!

“Yinxu?”

Hearing this, everyone was stunned. Then, the old monk who had spoken earlier trembled slightly and said nervously, “Could it be ... Could it be that the power of China in the Ruins of Yin was ... Was ...”

He really wanted to say that they had been destroyed ...

However, he couldn’t bring himself to say it out loud. The truth was too heavy, and China couldn’t accept it.

“This time, the desolate God tomb has opened in Yinxu, and many powers have entered it. Even the Chinese experts are no exception ...”

“The desolate God tomb ...” Many people were confused. Such an existence was too far away for them.

The old monk seemed to have thought of something and said bitterly, "Could it be that China suffered heavy losses in the desolate God tomb?"

"No!"

Feng chenzi chuckled, "in this trip to the huangshen tomb, a top expert appeared in China. This person killed the Divine Child, exterminated a void refinement realm expert, and caused the five great Holy Lands to suffer heavy losses. He even obtained the Supreme treasure of the huangshen tomb!!!"

"Whoosh!"

As soon as these words were spoken, the entire Hall was in an uproar. There were even gasps of shock that swept through the surroundings. Some were in shock, some in disbelief.

"This ... Is this real or fake?!"

"Who is this person? Could it be senior Lei Yunzi?"

"I'm guessing it's senior Huangfu. His swordsmanship is amazing, and he's lived for countless years. Only a swordsman can have such amazing battle strength!"

"It's possible that the ancestor of the Gu family ..."

In the midst of the uproar, many people began to guess one after another. They even argued until their faces turned red.

Feng chenzi's eyes shot up as he looked at the people in front of him. His eyes were bloodshot as his excited voice trembled, "He's Ye! South! Crazy!"

Deathly silence. The originally clamorous Hall suddenly fell into a deathly silence!

"BOOM!!!"

At the same time, everyone's mind was filled with a thunderous shock. Then, they straightened their bodies and their expressions froze, as if they had turned into stone statues.

They didn't hear wrong, did they?

The man who killed the divine sons, void refinement realm cultivators and caused great losses to the five great Holy Lands in the huangshen tomb was ye nankuang?

Everyone was a little dizzy from the shock.

After a long while, the old monk who had spoken earlier was so excited that he crushed the prayer bead in his hand and muttered, "Daoist Feng Chen, is ... Is this true?"

They were all too familiar with the name ye nankuang.

He was a heaven's favorite in China, known as the most outstanding young man. His achievements were countless, and his legend was passed down from generation to generation.

However, in their eyes, ye chen was still a junior. After all, there was still the most ancient existence of the eight Xuanyuan clans above them.

However, it was ye nankuang who had created such a shocking news?

How could they not feel their scalps go numb from the shock?

Feng chenzi nodded his head with tears in his eyes.

The moment he received the news, his reaction was the same as theirs. Other than shock, there was nothing else!

However, after he contacted Yin Xu many times to verify it, he finally confirmed that this shocking fact was true!

“Good, good kill!!!”

The old monk laughed heartily. “Good kill! Ye nankuang, you should celebrate the hope of our country! You should celebrate the hope of our country and the human race!”

No one hated these people from the outer realms more than they did.

Now, ye Chen’s move was equivalent to completely shattering the pride and strength of the extraterrestrial civilization. He had defended the dignity of China with rolling heads!

“BOOM!!!”

In an instant, a thunderous roar rang out in the hall, “Congratulations to China and to humanity!!!”

Feng Chen and the other two saw this and sighed in their hearts. He had not told them the truth that ye chen had also killed the great ancestor Huangfu.

However, after understanding what had happened, he was also furious at the actions of the Xuan Yuan eight families.

Thinking of this, he took a deep breath and looked down at the crowd. His words, which were majestic and murderous, shook the entire scene. “From now on, the responsibility of the fiery Emperor Palace is to protect the safety of ye nankuang’s family. Even if all of us die, we can’t relax!”

He paused, and his old face flushed with excitement. “A hero’s family can not be wronged or hurt!!!”

“Yes!”

Suddenly, the thunderous voice sounded again.

.....

Lin city.

This city had changed hands several times and had also undergone several developments. When it finally returned to ye Chen’s hands, it had completely become one of the most important cities in China. Its status was not inferior to the capital city at all.

Ye family’s former residence, nine Dragon Bay, back mountain.

“Stupid little brother, without the wooden sister Hongxiu following you, you won’t be able to find me and sister Qianqian, right?”

“Stupid brother, how old are you? you’re still drinking milk ...”

The three little fellows were currently running back and forth in the forest, sometimes hiding in the grass, sometimes hiding behind the rockery. Their bell-like laughter rang through the entire back mountain.

In the distance, su Yuhan stood quietly like an orchid in an empty valley. She looked at the three children playing in the distance with a happy expression, but there was a touch of sadness in her eyes.

Her face was getting older and older. At this moment, she looked like a forty-year-old middle-aged woman, especially her long white hair that fell to her waist. It was like a waterfall, shocking to the eye.

Her gaze focused on the figure in the distance. He looked to be two years old, but his actual age was less than half a year old.

The little fellow’s innate conditions were better than his sister’s. From the moment he was born, he had the milk of demonic beasts to nourish his body. Even though he was less than half a year old, his body was no different from a two-year-old child. He looked strong and healthy.

“He really looks like his father ...”

Looking at the little guy, su Yuhan couldn’t help but think of a face.

“Yuhan ...” The sound of footsteps came from afar, and then a middle-aged man quickly walked over. He could not hide the joy in his eyes.

It was ye Chen’s father, ye hai!

“Dad ...”

Su Yuhan secretly wiped her tears and smiled without turning her head. “I’ll go back immediately. I know my body ...”

“I have good news for you!”

Ye hai stepped forward and couldn’t help but smile. “I have news of that brat. He’s fine now. He’s also made a lot of noise in the Ruins of Yin ...”

Then, he told them the information he had obtained.

After hearing it, su Yuhan’s body trembled slightly, and then she couldn’t help but cry. “I knew he would be fine.”

“This is great. You finally don’t have to worry about this kid anymore ...”

Ye hai sighed and said, “I think we should find a way to call him back ...”

“No... No need!”

Su Yuhan shook her head firmly, then looked up at the distant sky and murmured, “I don’t want to be his burden ...”

Chapter 1574: Humans die for wealth, birds die for food!

With the end of the battle in the desolate Divine tomb!

The entire YinXu and the outside world were moved by ye chen alone!

At this moment, ye chen had released old ancestor yellow spring and the others from the eight Budur tower. Then, he brazenly entered Tianyuan city with Yang Tian.

Although Tianyuan city was furious about this, they did not dare to attack him. Fang tianchen even sent Fang Ziyue to trade Fang tianchou's yuan Shen with the five elements heaven-connecting Lotus.

In response, ye chen examined the five elements heavenly Lotus's incomplete diagram. After confirming that there were no problems, he kept his word and handed Fang tianchou's primordial spirit over to Fang Ziyue.

When Fang tianchou's astral body came out and realized that he was in Tianyuan city, he immediately looked at ye chen with a venomous expression."Surnamed ye, you actually dare to step into my Tian Yuan city, you're really seeking death!"

"Ziyue, quick, quickly ask your uncle Tian Chen to come out and suppress this kid!"

"Activate the ultimate killing formation of Tianyuan city at the same time!"

His killing intent was as thick as water. He wanted nothing more than to cut ye chen into a thousand pieces.

"You're looking for death?!!"

Yang Tian could not help but sneer."One more word and ol 'ye will take you down. No matter who it is, it won't work!!!"

"You!" Fang tianchou was furious.

"Second uncle!"

Fang Ziyue suddenly roared and then said coldly,""That's enough!!!"

With that, she immediately told ye chen about qianqiu wuhen and the descent of the Golden ape. After hearing it, tianchou's primordial spirit was extremely frightened and did not dare to say anything harsh to ye chen anymore!

Even qianqiu wuhen had come forward to help ye chen!

With this person around, how would Tianyuan city and the other forces dare to attack ye chen? Moreover, he was well aware of ye Chen's combat strength. It was too difficult to kill him!

"Hmph!" Yang Tian snorted."You're smart!"

"Let's go!"

Ye chen glanced at him, who was using his authority as a shield, and shook his head slightly. He was about to turn around and leave when Fang Ziyue's voice came from behind him,""Ye-qianbei, wait ..."

Ye chen stopped in his tracks and turned back to look at her. The latter bit her lip and lowered her head in guilt. "I'm sorry, this is not the ending I wanted to see ..."

She had wanted to befriend ye chen and add another combat force to Tianyuan trading company. She did not expect that in the end, ye chen and Tianyuan trading company would turn against each other and form a blood feud.

"This matter has nothing to do with you, so what's there to be sorry about?"

Ye chen smiled and said no more. He led Yang Tian out of Tianyuan city. Even though countless powerful auras had gathered in the dark, no one dared to make a move.

Now that ye Chen's name had completely shaken Yinxu, who would dare to risk their lives and attack him? One had to know that this was the outcome of heavenly venerate Taichu and the others!

.....

After they left Tianyuan city, old ancestor yellow spring and the others came up to them and said nervously, "Did you get it?"

Ye chen smiled and nodded. He said with satisfaction, "I'm just one more away from obtaining the five elements heaven-connecting Lotus!"

When he said this, his heart was burning.

Once the map of the five elements sky-reaching Lotus was pieced together, it would only be a matter of time before he could get the five elements sky-reaching Lotus. In that case, su Yuhan would have a chance to recover.

He then looked up at Yang Tian.

Meeting his gaze, how could Yang Tian not know what he was thinking? he immediately smiled and said, "Don't worry, when I return to the merman race this time, I'll find the merman race's old ancestor and ask for the remaining map fragment!"

"Would the merman race's old ancestor give it to you so easily?"

Old ancestor yellow spring gave him a contemptuous look. "I think we should just let the old ancestor go with you. If that old man doesn't give it to us, we'll suppress him!"

"Hehe, just you?"

Yang Tian grinned and looked him up and down. He said happily, "Patriarch, I don't want to say this, but I'm afraid that you're still not a match for the patriarch of the merman race. He's a void training stage old monster ..."

"So what if he's at the void training stage?"

Old ancestor yellow spring's face trembled, but he still put on a fierce look. "At the ancestor's peak, a casual breath from the ancestor could make such a character's soul scatter!"

"Don't say anymore. Do you think I don't know what you're thinking?"

Yang Tian chuckled. "You just want to follow me back to the merfolk to see beautiful women. It's best if you can meet one or two of them. Give up on that idea ..."

Old ancestor yellow spring felt a little embarrassed when his true thoughts were exposed. "Little yang, you're good, very good. You actually dare to treat the patriarch like this. Don't forget who was the one who called him patriarch so affectionately ..."

His green eyes made Yang Tian's heart shiver.

"Alright, that's enough!"

Ye chen interrupted their bickering and looked at Yang Tian. "Since that's the case, you should return to the merman race first. I'll give you three days. If you encounter any difficulties, you can contact me again."

"Alright!"

Yang Tian nodded and left with Yang Hao. Yang Hao seemed to be unwilling to be separated from ye chen, but after seeing his father's gaze, he did not dare to object.

After watching the father and son leave, old ancestor yellow spring said, "Fellow Daoist ye, where are we going next?"

"To see our spoils of war, of course ..." Ye chen smiled mysteriously.

.....

East of the core of Yin ruins.

This was a place rich in spirit energy. On the ground, mountain ranges rose and fell like crouching Dragons, and above them were countless giant trees that towered into the sky like horned Dragons. The branches and leaves were luxuriant, giving people a feeling of desolation.

This place had excellent spiritual energy and abundant natural resources. There was no lack of natural treasures. If it were someone else, no one would dare to step into it.

There was no other reason other than the fact that this was the location of the panwu immortal sect.

As one of the five Holy Lands of the Yinxu, the panwu celestial sect descended from the outer realm. There were as many nascent soul realm cultivators and soul formation realm cultivators in the sect as there were dogs and soul formation realm cultivators everywhere. There were even old monsters in the void training realm who were in charge.

Even the people from the other top forces did not dare to take half a step inside.

However, there were countless battle cries and screams mixed within the mountain Gate of the panwu celestial sect. The air was filled with the pungent smell of blood and killing.

Following the death of the ancestor panwu, the disciples of the panwu celestial sect were afraid of ye Chen's revenge. Some of them fled, while the others fought each other for the resources of the panwu celestial sect.

What was more serious was that many of the powers who had to look up to the panwu celestial sect in the past could not help but feel greedy for the huge panwu celestial sect after seeing the death of their ancestor.

Therefore, in just half a day's time, countless powers had stepped into the mountain Gate of the panwu celestial sect and started fighting each other for treasures of heaven and earth, cultivation techniques, and secret treasures.

Of course, there were also many loyal members of the panwu celestial sect who swore to protect the sect with their lives.

At this moment, ye chen broke through the void with old ancestor yellow spring and the others. When he saw the mess and corpses on the ground, he could not help but frown.

"It seems like someone is even more anxious than us. They're actually picking the peaches before us!"

Old ancestor yellow spring chuckled as a stern look flashed across his eyes."This group of blind people, people will die for wealth and birds will die for food!!!"

.....

Chapter 1575: The persistence of the panwu celestial sect!

At the same time, within the mountain Gate of the panwu celestial sect.

"Kill!!!"

A sharp killing intent swept through everything, accompanied by countless violent true essence fluctuations. People died at every moment.

The sounds of killing, the screams of despair, and the pungent smell of blood filled the air like locusts.

As the panwu celestial sect's only remaining perfected divine transformation realm elder, the Black Ice old man killed the many cultivators that surged forward with a sword in his hand. He then staggered back a few steps and spat out a mouthful of blood. His face was extremely pale.

"All disciples, protect the main hall and protect the dignity of the sect with our lives. I offer my blood to the Xuanyuan sect!"

The black-ice elder let out a long howl as he was worried about the remaining disciples of the panwu celestial sect.

"Yes!"

Upon hearing these words, the disciples of the panwu celestial sect, who were scattered all around, responded in unison. Then, without caring about the blood on their faces that had surrounded the entire panwu Palace Hall, they looked at the people around them with hatred.

They were not loyal to anyone, not to mention ancestor panwu!

They were only loyal to the panwu celestial sect and their own family!

To them, the panwu celestial sect was their home. Many of them had joined the panwu celestial sect when they were still young and had deep feelings for every blade of grass and every tree here.

Even though the panwu celestial sect's ancestor had died, this group of people was still unwilling to abandon the panwu celestial sect.

“Kill!!!”

The Black Ice old man's gaze was extremely sorrowful. He looked at the people from the other forces who were charging at him from all directions with eyes filled with hatred.

This group of ants!

In the past, they had knelt before the panwu celestial sect like pigs and dogs, wagging their tails and begging for mercy. Who would have thought that they would be like venomous snakes today, wanting to divide up the panwu celestial sect and even join forces to kill the remaining disciples of the panwu celestial sect?

“BOOM!”

It was at that moment that three sharp killing intents suddenly shot out from the dark mass of people in the distance, as elusive as lightning.

“Third elder, be careful!”

Some of the late divine transformation realm experts from the panwu immortal sect roared in anger.

The hair on the Black Ice elder's body stood on end. He poured all of his true energy into the long sword in his hand and then swept the sword at the three people.

The three of them were all at the soul formation perfection stage. They had been hiding in the crowd for a long time, waiting for the Black Ice old man to reach the end of his strength.

“Bang!”

The three terrifying attacks landed heavily on the Black Ice old man's body, causing him to spit out a mouthful of blood. Then, his body was sent flying and smashed onto the door of the panwu Hall.

The disciples of the panwu celestial sect immediately surrounded him to protect him.

After the Black Ice old man stood up with great difficulty, he looked at the three people who had attacked him earlier with an extremely cold expression. “Wu mingzi, it's you!”

The leader of the three was an old man with a sinister expression. He looked at the Black Ice old man with a faint smile and said, “Black ice old fogey, even your old ancestor has fallen. What are you still struggling for?”

“You should learn from most of the people in your panwu celestial sect and submit to us as soon as possible. Perhaps you might be able to keep your dog life!”

As he said this, his eyes were extremely cold.

When the panwu celestial sect was at its peak, they could only look up to it. But now that the old ancestor panwu was dead, how could they let go of this opportunity to turn the tables?

“Bastard!”

“Wu mingzi, you bunch of scoundrels, have you forgotten how you’ll wag your tail and beg for pity from the panwu celestial sect in the future?” the black-colored ice elder sneered coldly.

“Daoist black ice, times have changed!”

The other old man behind Wu mingzi laughed, “Your panwu celestial sect has offended ye nankuang and you deserve this. However, what ye nankuang doesn’t know is that this has benefited us!”

“Not bad!”

“After annexing your panwu celestial sect,” Wu mingzi said with a smile, “give me some time and I’ll be able to step into the void training stage and become one of the five great Holy Lands of YinXu!”

“Cut the crap, just step over my dead body first!”

The expression in the Black Ice elder’s eyes became even colder. He forcefully took a breath and took a step forward. Then, the long sword in his hand suddenly slashed out like a Thunderbolt that streaked across the void.

The terrifying sword will sliced open the void. Wherever it passed, many of the panwu immortal sect’s attackers were killed on the spot.

“Stubborn!!!”

Seeing this, Wu mingzi’s malicious eyes immediately surged with a strong killing intent. He then took the lead and said, “Today, I will wash the panwu celestial sect with blood!!!”

“Kill!!!”

The remaining two soul formation perfection cultivators were unwilling to fall behind.

The three of them joined forces, and their true core strength surged through heaven and earth, turning into various divine arts and spells that fell on Wu mingzi. Under such power, many people were killed.

“Crack!!!”

With a crisp sound, the long sword in the Black Ice old man’s hand shattered into countless fragments on the spot. Then, his body fell heavily on the ground.

If one looked closely, they would find that his arms had been torn off, and blood was flowing out of them.

“Third elder!!!”

Upon seeing this, the eyes of the many disciples of the panwu immortal sect almost popped out of their sockets.

The voices were filled with sorrow and despair!

“Black ice old geezer, why do you even bother?”

Wu mingzi and the other two landed in the void and smiled coldly. “If you were still at your peak, the three of us would still be a little afraid of you. Unfortunately, you are already an arrow at the end of its flight.”

“It’s over ...”

After saying that, Wu mingzi smiled sinisterly and raised his right hand. Immediately, a huge finger shot out from his hand and whistled towards the Black Ice elder like a terrifying mountain.

“The heavens are exterminating my panwu celestial sect!”

The Black Ice old man’s meridians were all broken, and he could only watch as the terrifying attack came at him. His old face was filled with despair. “Heavens, what wrong has our panwu celestial sect done? Even though sect leader is in the wrong, what about the disciples of the panwu celestial sect?”

Tears of blood rolled down from the corner of his eyes!

“Whoosh!!!”

Just as Wu mingzi’s terrifying finger was about to land on the black-ice elder and the remaining few hundred disciples of the panwu celestial sect, it suddenly came to a stop. It stopped moving and stood still in the void.

It was as if the space had been frozen.

This sudden scene stunned the Black Ice elder. The panwu celestial sect disciple, who had already given up all hope, even thought that he was hallucinating.

“What’s going on?!!”

The expressions of Wu mingzi and the other two changed slightly.

Before they could think too much, a faint voice suddenly reverberated in the silent void, “You dare to steal my peaches? you’re really bold!!!”

As his voice fell ...

Under everyone’s gaze, a thin man in green clothes suddenly appeared in the void.

When he turned around, his calm gaze fell on Wu mingzi and the other two.

Wu mingzi and the other two froze as if they had been hit by a spell. Then, their faces showed a look of shock. “Ye nankuang!!!”

Chapter 1576: Do you think I’m a three-year-old kid?

In the dilapidated panwu immortal sect.

Looking at the young man in green who had suddenly appeared, the world suddenly fell silent.

“Ye nankuang?!”

Wu mingzi was stunned at first, then he seemed to remember something. He couldn't help but take a few steps back, his expression extremely shocked.

As soon as he finished speaking, everyone's minds were filled with shock.

Ye nankuang!

They were all too familiar with these three words!

This man killed the divine Son, exterminated a void refinement realm cultivator, and caused great losses to the five great Holy Lands. He even obtained the Supreme treasure from the Huangshen tomb. It was suspected that there were two void refinement realm old monsters behind him.

It could be said that these three words were now in the limelight of YinXu.

After recognizing Ye Chen, the despairing elder of the Panwu Celestial Sect, the black-ice old man, became even more bitter.

In his opinion, Ye Chen must have come to settle the score.

“It's fellow Daoist ye!!!!”

In such a strange atmosphere, Wu Mingzi's eyes flickered a few times. He immediately cupped his fists at Ye Chen and said in a seemingly respectful manner, “Since fellow Daoist ye is here, we won't stay any longer. We'll leave now, we'll leave now.”

After saying that, he suddenly turned around and gave the other two a look. Then, he was about to leave with his people.

They had been envious of the Panwu Celestial Sect but had not expected Ye Chen to be there in person. In that case, leaving was the only way.

“Dammit!”

Wu Mingzi felt extremely unlucky. “This fiend has no intention of letting the Panwu Celestial Sect off. If I had known this would happen, I wouldn't have come here to offend him. I wouldn't have even helped him!”

In this attack on the Panwu Immortal Sect, he had also suffered great losses.

At this moment, a faint voice came from behind him, “Did this ye make you wait and leave?”

Wu Mingzi and the other two stopped in their tracks.

Wu Mingzi's body stiffened and he turned to look at Ye Chen's indifferent eyes. He said with a chill in his heart, “Fellow Daoist ye, we relied on your reputation and deeply felt the shamelessness of the Panwu Celestial Sect. Therefore, we helped you to get rid of this great threat ...”

He said it in an extremely grand manner.

At the same time, the two people beside him also nodded repeatedly. "Since the panwu celestial sect dares to offend fellow Daoist ye, it's the same as making us their enemies!"

"Is that so?" ye chen smiled.

"Naturally!"

Wu mingzi panicked, but he still said, "Fellow Daoist ye, everything we said is true. I hope you don't misunderstand."

"Hmph!"

Ye chen suddenly sneered and shouted, "do you think I'm a three-year-old kid?!"

"BOOM!"

His words were like the sound of thunder. As soon as they left his mouth, they set off an endless storm in the world, causing countless Wu mingzi and his people to die on the spot.

"Run! Run!"

Wu mingzi subconsciously shivered. Then, without any hesitation, he used all his strength to turn into an afterimage and escape into the distance.

Seeing this, how could the remaining two dare to hesitate? one after another, they urged their true Qi and flew in opposite directions.

"Escape?!!"

Ye Chen's eyes flickered. He extended his hand and spread his five fingers. It was as if they had transformed into five majestic mountains that extended for fifty miles, covering the three of them.

"Ye nankuang, please spare my life!"

Wu mingzi and the other two had never seen such a magical ability before. They were so scared that their hair stood on end and their souls almost flew away. They repeatedly begged for mercy.

"BOOM!!!"

As ye Chen's large hand smacked down, more than ten mountains on the ground shattered into fine powder as if they were dry weeds and rotten wood.

When the huge hand disappeared, only three human-shaped Blood Shadows were left on the ground. The three soul formation perfection cultivators had disappeared from this world.

After seeing this scene, countless people were so scared that they shook their bodies. They had never seen such a method in their lives!

Was he still human?

With a raise of his hand, he almost wanted to destroy the world.

Everyone was extremely terrified!

Even the elder of the panwu celestial sect, the dark ice old man, was trembling all over. He looked at ye chen with fear in his eyes. "It's no... It's not an injustice for the Taichu heavenly venerate and the others to die in his hands ..."

The panwu celestial sect had died at qianqiu wuhen's hands. Therefore, in his opinion, the rumors about ye chen were not absurd but there were always some discrepancies.

However, after personally witnessing the scene just now, there was no longer any doubt or doubt in his heart, only a deep shock.

"Still not getting lost?!"

Ye chen glanced at the cultivators who followed Wu mingzi and suddenly spoke, his voice like a great Bell!

"Whoosh!"

As soon as his voice fell, there were countless sounds of wind breaking in the world. Countless figures rushed in all directions, wishing that their parents would give them an extra foot.

In less than the time it takes for an incense stick to burn, the world returned to its original state of emptiness. Only the broken state of the panwu celestial sect showed that the scene earlier was not an illusion.

"You're still too kind ..."

Old ancestor yellow spring appeared quietly and shook his head at ye chen. With his personality, the thousands of people just now would definitely follow in Wu mingzi's footsteps.

Ye chen smiled and did not say anything. Instead, he turned around and glanced at the Black Ice old man and the others. Then, he slowly walked over with his hands behind his back.

"Protect the third elder!"

Someone shouted and the hundreds of panwu celestial sect disciples who were afraid of ye chen immediately rushed forward and protected the Black Ice old man behind them. They then looked at ye chen with fear.

Their eyes were filled with determination and fear ...

Killing intent flashed in old ancestor yellow spring's eyes. He was about to attack when elder black ice, who was being protected behind him, suddenly said, "Gong Jian, let them come over!"

The man named Gong Jian's expression changed slightly, but he still waved his hand to signal for the crowd to disperse.

Then, under everyone's gaze, the Black Ice old man slowly got up and walked toward ye chen in a dispirited manner.

"Plop!"

He suddenly knelt down and begged, "Fellow Daoist ye, I'm willing to commit suicide. I wonder if you can spare the remaining incense of my panwu celestial sect?!!"

He knew very well that even if he was at his peak condition, he would not be able to resist a single hair on ye Chen's head, let alone now that he was an arrow at the end of its flight.

Ye chen met his pleading gaze and suddenly laughed. "When did I say that I wanted to destroy your panwu celestial sect?!!"

The Black Ice old man was first stunned, and then disbelief immediately appeared on his old face. "What ... What did you say?"

He was not the only one. The many disciples of the panwu immortal sect were also in disbelief.

"Everyone from your panwu immortal sect who offended me is already dead!"

Ye chen looked at him calmly. "As for you, I have no enmity with you. Why would I kill you?" Of course, if you want to take revenge for ancestor panwu and the others, you can try. "

"I don't dare, I don't dare!"

The Black Ice old man immediately burst into tears of joy. He had mixed feelings in his heart. "Thank you, fellow Daoist ye! Thank you!"

Chapter 1577: The patriarch steps into heaven Ascension level three!

"Although I won't kill you, that doesn't mean I'm willing to raise a Tiger to cause trouble!"

Ye chen spoke again. "Cultivators above the nascent Soul Stage, hand over your soul blood and I'll spare your life!!!"

The reason why he had let the disciples of the panwu celestial sect off was because he had seen that these people were unwilling to leave even after the sect leader's heart had died and the building was about to collapse. They would rather die to protect the sect.

It would be a lie to say that such a pure heart didn't touch people's hearts.

"What?"

As soon as he finished speaking, many people's faces changed.

This was because once they handed over the mixed blood, it meant that their lives and deaths were in ye Chen's hands. If the latter wanted them to live, they would live. If he wanted them to die, they would not live to see the next day.

All of a sudden, an early divine transformation realm old man laughed out of extreme anger. "If you want to kill me, then kill me. How can this old man be your Lackey!"

"Bang!"

Before he could finish his sentence, he was slapped to death by old ancestor yellow spring.

Old ancestor yellow spring sized up the crowd with a cold smile. "Who else is there?!!"

Deathly silence. The entire scene was deathly silent.

Even those who were unwilling did not dare to stand up and object after seeing the former's death.

Ye Chen looked at the old man with a calm expression. "What do you think?"

The Black Ice old man immediately revealed a conflicted expression.

"I only want ten years of your freedom. Once the ten years are up, I'll return your soul blood to you!" Ye Chen said again.

"Good!"

The Black Ice old man finally chose to compromise. He no longer hesitated and respectfully handed over his soul blood. Seeing this, the others hesitated for a moment and also handed over their soul blood one after another.

In his opinion, an existence like Ye Chen would not lie to him. Moreover, Ye Chen's cultivation base was only at the great circle of soul formation. He was not worth mentioning.

"From today onwards, I, ye, will succeed the position of Panwu Immortal Sect's sect leader!"

Ye Chen's expression softened and his eyes swept over the faces. "You may not have the aptitude for cultivation, or you may not have enough strength, but that's not important. What you have to do is to be loyal to me."

After saying that, he turned to look at the Black Ice old man, "Bring me to the treasure vault of the Panwu Immortal Sect!"

"Yes, sect master!" The Black Ice elder's expression was extremely complicated.

An hour later, a piece of shocking news spread throughout the entire Yin Xu. It was that Ye Nankuang had suppressed the Panwu Celestial Sect with his own power and became the sect leader.

When the news spread, many powers were shocked and disappointed at the same time. Clearly, they could no longer have any ideas about the Panwu Celestial Sect.

The remaining four great Holy Lands remained silent. They were obviously afraid of Ye Chen's strength, but at the same time, they were also afraid of Qianqiu Wuhou, the Path Lord of carnal desires, and the Christian Church.

Two days later, another piece of news spread out.

In the Yan Huang fortress, the Xuan Yuan eight families were in an internal conflict!

The ancestors of the Qin family and the Ji family had died in battle, and only Leiyun Zi had escaped. The ancestor of the Gu family had unified the Eight Families of the Xuanyuan clan and put out a generous reward for Leiyun Zi's capture.

As soon as the news spread, it shocked the entire Yin Xu.

The Eight Families of Xuanyuan were the last forces of Hua country. As the direct descendants of Emperor Xuanyuan, they had eight powerhouses at the void training stage. This was also the reason why great Jiang dynasty and the other forces didn't dare to push them too far.

Now, the Qin family had lost two powerhouses at the void training stage and Lei Yunzi, who had betrayed them. The Eight Families of the Xuanyuan family only had five powerhouses at the void training stage left.

.....

Within the panwu celestial sect, all the disciples of the panwu celestial sect raised their heads in unison, their eyes filled with fear.

In the sky above them, there were thick clouds rolling. The clouds seemed to be formed by endless Thunderbolts, and just a trace of pressure emitted from them was enough to make many people feel overwhelmed.

The Black Ice old man stood in the distance and looked at the strange phenomenon in the sky. Other than being shocked, his gaze was mixed with envy. "This is the phenomenon of the heavenly Tribulation for reaching heaven's pass rank 3 ..."

This phenomenon was sensed by all the major powers at the same time. In an instant, countless gazes were shot toward the panwu celestial sect.

In the royal family of the great Jiang divine dynasty, Jiang duxing took a step forward with a grave expression. "This is Heavenly Tribulation, a Heavenly Tribulation of heaven Ascension rank 3!"

"Someone is about to enter heaven-connecting Level 3!!!"

In Tianyuan city, Fang tianchen rode on a cloud, his eyes seeing through everything. "It's in the direction of the panwu celestial sect!!!"

More and more forces were paying attention.

In the path of cultivation, one had to cultivate the essence into Qi, cultivate the Qi into the spirit, cultivate the spirit into the void, and cultivate the void into the Dao. The process from the void to the Dao was known as the heaven pass level three.

The three levels of the heaven pass realm were the three major realms of void refinement, spirit division, and body integration. Above them were the Tribulation transcendence, Mahayana, and the immortal realm.

.....

In the sky above the panwu celestial sect.

"BOOM!"

All of a sudden, a terrifying bolt of lightning descended from the thick layers of clouds. It then brought with it a terrifying aura as it whizzed towards a Palace on the ground.

Under the nervous gazes of many disciples, a young Man in Black suddenly shot out from the palace and took the initiative to meet the terrifying Thunderbolt.

“Hahaha, comfortable!!!”

After the black-clothed youth was wrapped by the terrifying lightning, not only did he not show any signs of injury, but he also seemed to have been nourished and laughed non-stop.

“This ... This ...” The Black Ice elder’s eyes almost popped out when he saw this.

This continued for a full hour before the thunderclouds dispersed. The black-clothed youth in the air was not injured at all. Instead, his temperament and body size had undergone a huge change.

In the eyes of the Black Ice old man, if the black-clothed youth was said to be a young and tender youth earlier, then at this moment, there was an additional trace of danger. It was as if he was not a person, but a God who inspected the gods on behalf of the heavens.

At this moment, a faint laugh exploded from the void, “Congratulations, old ancestor, for stepping into the early void refinement realm and successfully forging the Thunder Magic Body!!!”

Then, Ye Chen’s figure appeared in the void.

“This Thunder magic physique is indeed overbearing!”

Old ancestor Yellow Spring withdrew his aura and looked at Ye Chen gratefully. “It can actually absorb heavenly lightning to forge its body. In this way, when the patriarch cultivates it to the great completion, he will not be afraid of the so-called 99 heavenly tribulations!”

Ye Chen smiled and landed on the ground. The Black Ice old man and the others immediately came to greet him. “Greetings, sect master!”

“Did anything big happen today?” Ye Chen said.

In these two days, he had been in seclusion to help the patriarch break through and had not paid attention to the outside world.

“There’s an internal conflict in the Xuanyuan eight families ...”

The Black Ice old man hesitated for a moment, but he still told him everything that had happened. He said, “The ancestor of the Gu family is in charge of the Eight Families of the Xuan Yuan now. Lei Yunzi has led a group of people and escaped!”

“A traitor?”

Ye Chen chuckled, then narrowed his eyes. “I thought that based on my understanding of Master Thundercloud, the ancestor of the Gu family must have forced him to a dead end. The Eight Families of the Xuanyuan family are really good.”

“Master Thundercloud’s current whereabouts are unknown ...”

The Black Ice old man nodded. Then, as if he had recalled something, he said, ""That's right, sect master. Yesterday, someone from the merman race came to ask me to give you something. At that time, you were in closed door cultivation, so this old man didn't want to disturb you ..."

With that, he took off a storage ring from his hand and handed it to ye chen.

Ye chen took it and wiped away the divine consciousness imprint. What he saw made his face turn completely cold.

In an instant, the temperature between heaven and earth dropped to the lowest.

Chapter 1578: Anger of the broken hand, Yang Tian is in trouble!

Sensing the chill from ye chen, old ancestor yellow spring's expression turned grave. ""Something happened?"

Ye chen took a deep breath and handed the storage ring to old ancestor yellow spring. Old ancestor yellow spring took it and looked at it. The scene that entered his eyes made his eyes turn cold.

Broken hand!

It was a broken hand that was dripping with blood!

It seemed to have been cut off by someone, and the blood on it had not dried yet!

What caught old ancestor yellow spring's attention the most was the diamond ring on the severed hand. He immediately looked at ye chen. "Yang Tian, this kid is in trouble!"

Yang Tian had always worn the ring because it was the only thing his wife had left him before she passed away.

Then the owner of this broken hand was obvious!

Thinking of this, the netherworld's ancestor's eyes turned extremely cold. "It seems like someone is targeting you!!!"

He had lived for tens of thousands of years in his previous life, and his mind was almost demonic. He immediately understood the ins and outs of this matter.

"Cut off Yang Tian's hand and send it here!"

Ye chen smiled faintly, a cold glint in his calm eyes. "The purpose is to anger me and lure me there."

"What?"

Hearing these words, the Black Ice old man's expression changed slightly, ""Sect master, you've shocked the world today, who would dare to cross your brow? Don't tell me it's the four great Holy Lands?"

"Who's the person who gave this token?" ye chen asked.

"It's a woman. "

“She claimed to be from the merman race and left after giving me the token,” the Black Ice elder said after some thought.

“Merman race?”

Old ancestor yellow spring sneered. “Yang Tian is the son-in-law of the merman race. Why would the merman race treat him like this? it seems like something is wrong with the merman race. We don’t know if the lady who gave the token is from the merman race.”

“Activate the formation!”

Ye chen glanced at the old man and said, “I’d like to see what kind of changes have happened to the merman race, and who dares to provoke me so brazenly.”

As soon as he finished speaking, the black-ice old man hesitated and said, “Sect master may not know, but the sect’s teleportation array was destroyed by a traitor. It has yet to be repaired due to the lack of a material.”

After the news of the death of the old ancestor of panwu sect spread, internal strife broke out in the panwu celestial sect. A portion of the sect members managed to escape through the teleportation formation. However, they were worried that they would be punished later on, so they simply destroyed the other end of the teleportation formation.

He seemed to be worried that ye chen would be angry and continued, “However, sect master, there’s no need to be angry. In the North of the core of YinXu, there’s a city called Moli City 3000 miles away from our panwu immortal sect. I think they must have a formation.”

.....

An hour later, ye chen and old ancestor yellow spring arrived in Moli city. The city covered hundreds of miles. There were attics of all sizes throughout the city and countless cultivators.

According to the information provided by the ancestor panwu, Moli city was controlled by four major sects. These four major sects were all sects from the foreign lands. Although they didn’t have any void refinement realm old monsters, these four major sects were closely related to each other. They were also good at a joint attack technique that could fight void refinement realm experts.

Therefore, even the five Holy Lands did not underestimate Moli city, and it had become a cultivation city that was comparable to Tianyuan city and heavenly evil city.

In order not to alert the enemy, ye chen and old ancestor yellow spring did not enter the city in a high-profile manner. Instead, they concealed their cultivation base and paid a few spirit stones before entering the city gate in a low-key manner.

As soon as he entered the city, several divine senses immediately enveloped him. They stopped for a few seconds before quietly withdrawing.

Ye chen and old ancestor yellow spring looked at each other and walked toward the teleportation formation in Moli city as if nothing had happened.

Not long after they left, two elderly figures landed at the previous place. The leader, an old Man in Black, said with flickering eyes, "I still haven't found the aura of that group of people. I wonder if they're already in our Moli city!"

"Let's search a few more times!"

"After all, the reward is extremely generous ..." Another old man said.

The black-clothed old man nodded slightly. His body swayed and he disappeared into the distance with the former. The many pedestrians on the street did not notice this commotion at all.

What they did not know was that from the beginning to the end, Ye Chen and Old Ancestor Yellow Spring's divine senses had stayed on them until the two had completely left their sight.

"They're both at the soul formation perfection realm. They must be from the four major sects of Moli city. I wonder who they're looking for," Old Ancestor Yellow Spring said.

"It's enough as long as it's not us!"

"Otherwise, there's no need for these so-called four major sects to exist!" Ye Chen said.

Then, he immediately led Old Ancestor Yellow Spring to the teleportation formation. From a distance, they saw three huge teleportation formations standing in a huge square.

At this moment, the square was already filled with people, and there were faint whispers.

Ye Chen and Old Ancestor Yellow Spring stepped into the crowd and looked up at the three giant teleportation arrays. They found that there were people guarding the teleportation arrays and they had been shut down.

Among the dozen or so figures guarding the teleportation array, the leader was an old man in a gray robe. The old man sat cross-legged with his eyes closed, ignoring everyone's eyes.

At the same time, a middle-aged man beside him said in a dissatisfied tone, "What's the situation? Why did the teleportation formation suddenly shut down?"

"Fellow Daoist!"

A young man shook his head and chuckled, "You don't know this, but the four great sects have ordered for the teleportation formation to be closed for three days. It's said that they're searching for someone."

"The four sects closed the teleportation formation just to search for one person?"

"Oh my God!" Someone exclaimed. "Who could cause such a commotion? You must know that the teleportation formation will lose millions of spiritual stones in a day."

The young man shook his head and laughed. "Who knows? Just wait patiently. Do you see? This time, Elder Wu of the Big River sect is personally guarding it. Anyone who dares to break in will die without a doubt!"

As soon as he finished speaking, everyone looked at the old man sitting cross-legged with fear in their eyes.

Ye chen could not help frowning as he listened to the discussion. Old ancestor yellow spring, on the other hand, rubbed his hands and said, "Why don't we just suppress these people by force?"

Among the people guarding the teleportation array, the strongest one was only at the soul formation perfection realm. To the two of them, he was like an ant.

Just as ye chen was about to speak, he saw the gray-robed old man who had been sitting cross-legged with his eyes closed suddenly open his eyes and look at the crowd. "Since you've come, do you still want to leave under this old master's eyes?"

This sudden scene shocked everyone.

"Stubborn!!!"

Before the crowd could react, the grey-robed elder disappeared from where he was standing. When he reappeared, a flustered and down-and-out woman was in front of him.

The woman was only in the intermediate stage of the original level and her body was in tatters. She wanted to escape but was blocked by the former.

Chapter 1579: kill them all!

"Whoosh!"

Upon seeing this, the crowd that had been crowded together immediately dispersed in an uproar. Then, they stood in the distance and watched the scene with fear.

Only ye chen and old ancestor yellow spring stood where they were, watching coldly.

"Little girl, come with this old man!"

The grey-robed old man sneered as he looked at the flustered woman and closed in on her, "As long as you honestly tell me the whereabouts of the others, I can spare your life!"

"Tap tap tap tap ..."

The woman suddenly took a few steps back until she was beside ye chen and su qianci. Then, she mustered her courage and glared at the former with hatred. "You ... Don't even think about it. Ning 'er would rather die than tell us the whereabouts of Grandpa Lei and the others!"

"You refuse a toast only to drink a forfeit!!!"

The grey-robed old man's eyes turned cold as he snorted, "In that case, don't blame me for being impolite. After I capture you, I'll naturally have a way to force you to tell me the whereabouts of that old thing, thundercloud!"

"BOOM!"

In an instant, a green claw print attacked the woman with lightning speed.

At that moment, the woman felt an extremely strong pressure coming at her, making her unable to move or even commit suicide. She could only stay still, her eyes full of fear.

However, in the next moment, the gray-robed old man's expression changed because he realized that his attack had instantly collapsed just as it was about to hit the woman.

It was only then that he noticed ye chen and old ancestor yellow spring beside the woman. "It's you guys? were you the ones who attacked just now?"

His gaze suddenly became extremely cold. "Good boy, you're simply courting death!!!"

Before he could finish his sentence, he felt his vision blur. Then, a broad arm grabbed his neck and lifted him in the air.

Old ancestor yellow spring looked at him with a faint smile. "A piece of trash with an unstable aura like you dares to shout in front of the ancestor?!!"

"Who ... Who are you?!!"

The gray-robed old man's face was filled with fear because the black-robed young man in front of him had captured him so easily. One must know that he was a cultivator at the great circle of the deity transformation stage.

"Release elder Wu!"

At the same time, the disciples who were responsible for guarding the teleportation formation surrounded ye chen and old ancestor yellow spring, looking at them with murderous intent.

Ye chen acted as if he did not see her. He looked calmly at the woman who was already dumbfounded and smiled. "Can you tell me what your grandfather's name is?"

The woman was suddenly jolted awake. She looked timidly at ye chen and then at the gray-robed old man who was being held in the air by old ancestor yellow spring. Finally, she bit her lip and said, "My grandfather's name is Lei Yunzi,"

Although she did not know ye chen, she could still tell from the situation before her that ye chen had no hostility toward her.

"Master thundercloud ..."

Ye Chen's gaze flickered and he smiled. "Good, very good!"

He had heard from the Black Ice old man about the internal strife of the eight Xuanyuan families and leiyun Zi's betrayal. If it were not for Yang Tian, he would have looked for leiyun Zi.

Now that he had learned of master thundercloud's whereabouts, how could he not be pleasantly surprised?

Thinking of this, ye chen looked at the woman again. "I'm a friend of your grandfather. Can you take me to him?"

The woman looked at him with some suspicion.

“Do you know Daoist Northern Yama?” ye chen asked with a frown.

“You mean Grandpa bei Zhi?”

The woman immediately nodded and said, “grandfather bei Zhi is very good to ning ‘er.”

“Fellow Daoist beimang is also my friend!”

“You should believe me now, right?” ye chen could not help but laugh.

“What about them?” The woman looked at the grey-robed elder and the others weakly.

“Kill them all!” Ye chen said without even turning his head.

“Alright!”

Old ancestor yellow spring grinned hideously and crushed the grey-robed old man’s body and primordial spirit under his fearful gaze.

Then, he took a step forward and the cultivators surrounding the two of them turned into a mist of blood on the spot.

Deathly silence. The world was as silent as death.

Many people who were standing in the distance were petrified when they saw this scene. Their faces were filled with shock and fear.

Even the woman was shocked.

Ye chen turned a blind eye to the woman. “Let’s go, take me to your grandfather. Only I can protect your grandfather!”

It was unknown whether it was because she was frightened or for some other reason, but the woman subconsciously nodded her head and walked in front with an extremely wooden expression.

“Let’s follow ...” Ye chen glanced at old ancestor yellow spring.

Only after the three of them had left did the petrified crowd react, and immediately burst out with a series of gasps.

“Elder Wu of the big River sect is dead. This is a big deal!”

“.....”

In less than the time it took for an incense stick to burn, they arrived at a mass grave in Moli city.

The woman led ye chen and ye mo all the way here, then weakly pointed at the mass grave. “My grandfather and the others are inside!”

Ye chen could not help but look around. All he could see were overgrown weeds and rotten corpses exposed outside. “Thank you, ning ‘er!”

If he hadn't sensed Lei Yunzi's Qi, he wouldn't have believed that Lei Yunzi, one of the eight magnates of the eight Xuanyuan families and a dignified old monster at the void training stage, would be hiding in this place.

"Who is it!"

At the same time, a cry of surprise came from the mass grave. Then, countless figures shot out and attacked ye chen and old ancestor yellow spring with a strong killing intent.

"A bunch of little bastards!"

Old ancestor yellow spring's eyes turned cold. He was about to kill them with a palm but ye chen stopped him. "Forefather, don't hurt them!"

"Plop!"

In an instant, the four figures fell to the ground, revealing the faces of four young men and women. However, they were looking at old ancestor yellow spring with fear in their eyes.

"Brother Xiaowu, you've misunderstood!"

Ning'er, who had reacted, immediately went up and helped a young man with thick eyebrows and big eyes up. She explained, "They're here to save grandfather."

"Son ning, don't be fooled by them. They're definitely here to catch us ..." The young man wanted to say something but stopped. When he looked at ye chen again, there was more hatred than fear in his eyes.

"Fellow Daoist ye?!"

At this time, a trembling voice came from the distance.

"Whoosh!"

Then, an old figure shot out, revealing an old man in a tattered Daoist robe with an extremely Haggard face.

It was Daoist Northern Yama.

The young man named Xiao Wu and the others hurriedly said, "Greetings, senior beimang!!!"

"A bunch of silly kids!"

Daoist Northern Yama sighed and looked at ye chen. "This man is China's once-in-a-thousand-years genius, ye nankuang. He's also the idol of you little brats!"

"What? He is ye nankuang?"

As soon as he said this, everyone, including little ning, was shocked. When they looked at ye chen again, their eyes were full of shock.

Chapter 1580: The secret of the internal strife of the eight Xuanyuan clans!

“He is ye nankuang?!!”

Looking at ye Chen’s face, Xiao Wu and the others were shocked. They immediately felt a burning pain on their faces.

They actually attacked their idol.

The man in front of them was a fiend who had killed five old monsters at the void training stage in a row. If they were to be so overconfident, they would have been beheaded long ago.

At the thought of this, the few of them buried their heads in shame.

The woman called little ning also looked at ye chen in disbelief, her beautiful eyes full of excitement. “You ... You are ye nankuang?!!”

“Now you finally believe that this ye has no hostility towards you, right?”

Ye chen looked at her with a half-smile before turning to look at Daoist Northern Yama. The former’s aura was extremely weak as if he had aged by decades. His cultivation base had also regressed to the early divine transformation realm.

“How did you become like this?” he asked in a deep voice.

Daoist Northern Yama looked around carefully, then sighed, “Fellow Daoist ye, this place isn’t safe. Please follow me!”

After saying that, he immediately led ye chen into the corrupted mass grave.

.....

Outside the mass grave, ning ‘er, little Wu, and the rest were vigilantly watching the outside world. From time to time, they would look at the karst cave behind them.

Little Wu’s gaze paused at the entrance of the karst cave for a few seconds. Then, he said in astonishment, “I didn’t expect him to be ye nankuang!”

He still couldn’t forget what had just happened. He thought that their whereabouts had been discovered, and they had come here with ning ‘er.

They didn’t expect that person to be their idol.

“Senior ye is very powerful!”

Ning ‘er blushed as she recounted her encounter with ye chen.

After listening to the story, Xiao Wu and the others could not help but be shocked again. Especially after learning that the black-robed young man ye chen had brought had instantly killed a perfected soul formation stage expert, they were even more grateful.

He was glad that old ancestor yellow spring had shown mercy.

.....

In the narrow and dark underground cave, the pungent and nauseating smell of corpses filled the air. Corpses could be seen everywhere on the uneven ground.

In such a dirty place, there was an old man in green sitting cross-legged, motionless. His eyes were closed, as if he had lost his breath.

If one were to look closely, one would discover that one of the old man's arms no longer existed. It was as if someone had ruthlessly torn it apart, and blood stained his clothes.

The old man was thundercloud.

Ye chen put his hand on the old man's wrist, his eyes flashing. Meanwhile, old ancestor yellow spring and Taoist Northern Yama stood aside, especially Taoist Northern Yama, who looked nervous.

After a moment, ye chen slowly let go of thundercloud's hand.

Seeing this, Taoist Northern Yama immediately asked, "How is it? Fellow Daoist ye!"

"It's not very optimistic!"

Ye chen said in a low voice, "his injuries are too severe. The vitality in his body has been severely depleted. He has less than one-tenth of it left. In addition, he seems to have used some secret technique that has damaged his divine will. He's now in a state of self-protection."

To be precise, master thundercloud was no different from a Living Dead now. The only fortunate thing was that there was a trace of obsession in his body that was supporting him.

"Is there no hope?"

Daoist Northern Yama's body trembled and he suddenly knelt down in front of ye chen. "Fellow Daoist ye, I'm begging you to cure master thundercloud. He has never let you down."

Ye chen quickly helped him up and frowned. "It's not that there's no way, but you have to tell me what happened first."

Daoist Northern Yama smiled bitterly. "That day, you caused too much of a ruckus outside the Huangshen tomb. You even killed the Huangfu ancestor. When Lei Yunzi returned, he was immediately targeted."

"Is it su Qilin and the old ancestor of the Gu family?" Ye chen said.

"Not bad!"

"They called for an emergency meeting as soon as they returned," Taoist of Northern Yama sneered. "They pointed their fingers at thundercloud and accused him of bringing disaster to the country and its people. They even asked the elders to punish him!"

"Just as I expected!" Ye Chen's eyes flashed.

Daoist Northern Yama could not help but glance at ye chen. "The ancestor of the Gu family suggested to inform the outside world to use your family to force you to hand over the emperor's seal!"

As soon as he finished speaking, the temperature in the cave suddenly dropped, as if a chill filled everything.

“Very good, very good!” Ye chen said with a fake smile.

“This proposal was first met with master thundercloud’s objection.”

Taoist Northern Yama sighed. “Apart from master thundercloud, there were also the Qin family and the Ji family who were on good terms with the Lei family. This conflict was further intensified. The five major families, led by the Gu family, started a war with master thundercloud and the others.”

“The ending is as you can imagine.”

He closed his eyes and seemed to be a little heartbroken. “The Qin and Ji family ancestors did not have much time left and died on the spot in the battle. However, before they died, they bought time for thundercloud and me, so we managed to escape.”

“Even so, master thundercloud was still seriously injured in the battle. He brought us all here with his last breath and then fell into a coma.”

He could not help but cry.

The Xuanyuan eight families were the top force in China. They did not expect such a catastrophe to happen today, which greatly weakened China’s strength.

“At the end of the day, it’s still the Gu family and the others who are blinded by their own interests!”

Ye chen snorted coldly. “These so-called ancient clans are nothing but rotten and smelly existences. They’re so selfish. Do they deserve to be called Xuanyuan?”

“This ye will exterminate these evil bastards sooner or later!”

Then, he turned around and looked at the unconscious master thundercloud. “If I want to save him, I’ll need to concoct the spirit accumulation pill and the eternal creation pill. However, the ingredients required for these two pills are extremely complicated. It’s not easy to gather them all in a short time!”

“Alchemy materials?”

Daoist Northern Yama was slightly stunned. He then handed a storage bangle to ye chen. “This is a portion of the Lei and Qin family’s savings. Take a look and see if there’s anything you want.”

Ye chen took it and sent his divine sense into it. He immediately saw through most of the things inside and shook his head. “Not enough, it’s still not enough. I still lack three main herbs!”

Then, he turned to old ancestor yellow spring. Old ancestor, why don’t you make a trip back to the panwu celestial sect and see if you’re in the secret vault?”

Old ancestor yellow spring nodded slightly and was about to agree.

Suddenly, several air-piercing sounds came from outside, mixed with an extremely cold voice. “They’re right here. Find them, even if you have to dig three feet underground!”

Taoist Northern Yama's face changed when he heard the voice. "This is bad. We've been exposed. The four major sects of Moli city must have found us. They've been searching for us!"

However, ye chen and old ancestor yellow spring were not surprised. Instead, they laughed. "You've come just in time. Perhaps we won't have to go through so much trouble this time!"
