

Genius 1581

Chapter 1581: I'm going to annihilate the sect and kill people!

Outside the mass grave!

Accompanied by the billowing smoke and dust, several powerful auras joined forces to seal off a radius of several dozen kilometers. The invisible killing intent caused many living beings in the area to feel uneasy.

An old man with an aquiline nose in a red robe slowly walked out from the group of people. He looked around with a gloomy gaze.

The four major sects of the great river sect had ruled Moli city for many years. This was the first time that an expert from their sect had been killed in public.

If they didn't find the murderer and dismember him into a thousand pieces, how could the four great sects establish themselves in Moli city in the future?

At his command, several figures behind him landed on the ground and began a carpet search around the mass grave.

In the ravines of the mass grave less than a thousand feet away from them.

The expressions of Xiao Wu and the rest changed as they held their breaths. A young man lowered his voice and said, "Not good, they've found their way here. Ning, son, quickly go and inform senior bei ni and the others to quickly move!"

"Who's there?!!"

The moment he opened his mouth, someone immediately sensed it. "They're there!!!"

"BOOM!"

As soon as he said that, the old man in red swarmed over with his divine sense and immediately sensed the whereabouts of Xiao Wu and the others. Then, his figure flickered and he attacked them like a Thunderbolt.

"Not good!"

In that instant, Xiao Wu's hair stood on end.

Although the pressure wasn't fatal, it made them unable to resist at all. They were in despair and helpless.

"Heh, another trash who bullies the younger generation!"

At this time, a sneer exploded in the red-robed elder's mind. Before the red-robed elder could react, he suddenly saw a huge palm coming at him.

"Bang!"

At that moment, the red-robed elder's defensive treasures exploded. Even so, he was still sent flying hundreds of meters away and spat out a mouthful of blood.

"Who's there?!!!"

In an instant, the figures immediately gathered together and looked behind Xiao Wu and the others as if they were facing a great enemy.

A young Man in Black clothes walked out slowly, and behind him was a young man in green clothes.

Who else could it be other than old ancestor yellow spring and ye chen?

The old man in red stared at ye chen and old ancestor yellow spring, his eyes focused on old ancestor yellow spring. "You are the person who killed my Great River sect?"

"Are you talking about that trash Wu?"

Old ancestor yellow spring chuckled. "That's right. He was indeed killed by me. He's too useless. After all, he's just a piece of trash who relied on elixirs to improve his cultivation."

Hearing this, the red-robed old man couldn't help but be furious, "Do you know that elder Wu is a member of the great river faction? your behavior is equivalent to not putting the great river faction in your eyes!"

"So What if I don't put it in my eyes?" Old ancestor yellow spring laughed evilly.

"You're looking for death!"

"Kill him!" The red-robed elder and the others were furious.

"BOOM!!!"

In an instant, five terrifying auras whistled toward old ancestor yellow spring and ye chen like a tornado. Wherever they passed, the void shattered.

Old ancestor yellow spring thrust out his palm casually, and the terrifying attack of the five people collapsed on the spot, turning into countless surging energy.

"Void training stage! This man is an old monster at the void training stage!"

The red-robed old man suddenly sucked in a cold breath.

"You're not too stupid, but it's a pity you found out too late!"

Old ancestor yellow spring sneered and took a step forward. A vast pressure covered the area, turning four of them into blood mist on the spot.

"Ah!"

Only the red-robed old man screamed and kneeled on the ground. His eyes were filled with fear. "Senior, it's a misunderstanding, this is a misunderstanding ..."

"Ah!"

The next moment, ye chen pressed his palm on the other party's head and forcefully used the soul-searching technique. He ignored the other party's screams and said, "What a Gu family. What a so-called eight families of Xuan Yuan. In order to eliminate the root of the problem, they actually threw out something like the void Soaring Dragon pill."

Then, he glanced at old ancestor yellow spring and said, "You stay here and watch them. I'm going to exterminate the sect and kill people!"

Without waiting for old ancestor yellow spring to speak, he disappeared from where he was.

.....

Ye chen took a step forward. When he reappeared, he was in the middle of Moli Urban area. He had forgotten to look at the mountain range that seemed to stand on top of the clouds.

Then, his figure turned into a long rainbow and landed on the huge peak. What came into view was a barrier that seemed to cut off the world. The barrier was blue and was a natural moat that the four great sects used to prevent ordinary people from entering.

Beside the barrier, there was a stone tablet with the words: "Four great immortal sects, all trespassers will be killed!!!"

Ye chen put his hands behind his back as if he did not see it. Then, he threw a punch at the light blue barrier.

"BOOM!!!"

His punch was extremely powerful, like the sun falling. Immediately, countless water ripples splashed on the light blue barrier. The water ripples grew bigger and bigger, and in the end, it actually turned into countless fragments and scattered in all directions with a bang.

Breaking the Grandmaster with one punch!

As the blue barrier shattered, the empty space around him suddenly changed, and a series of pavilions and pagodas appeared in front of him, as if he were in a Fairyland.

"Who dares to break into the four sects?!!"

"You're looking for death!"

At the same time, a series of angry voices rang out, and then dozens of powerful auras shot over from the distance.

Ye chen scanned them with his divine sense. All of these auras were at the soul formation stage, and eight of them were at the perfected soul formation stage.

These dozens of people completely surrounded ye chen. Their intense killing intent was like a blade's gleam, wishing they could tear ye chen into a thousand pieces.

Seeing that ye chen was alone and so young, the middle-aged scholar with one hand on the fan took a step forward. "You broke the Grand formation of the four sects for no reason. If you don't explain yourself, don't leave here alive!"

“Are all of you here?” Ye chen asked in return.

“You’re looking for death!”

One of the late divine transformation realm cultivators shouted. He immediately took a step forward and his arms expanded in the wind. At a speed visible to the naked eye, they turned into two fierce dragon-like phantoms and crushed toward ye chen.

Ye chen looked at him expressionlessly.

“Ah!”

The man screamed as his arms were torn apart. He fell from the sky and died on the spot.

A late divine transformation realm expert was killed in an instant!

Seeing this, the dozens of figures surrounding ye chen changed their expressions. When they looked at ye chen again, their eyes were filled with fear.

The pupils of the middle-aged scholar from earlier contracted violently.””Who the hell are you?!!”

“Forget it, all of you can die!”

Ye chen shook his head slightly and reached out a hand. It turned into a giant hand that covered the sky and pressed down gently on everyone’s head. The void immediately collapsed as if the world had been split apart. Everyone except the middle-aged scholar was enveloped in it.

Chapter 1582: I’ve already said that we Chinese can’t be bullied!

As ye Chen’s heaven-covering palm pressed down ...

“BOOM!!!”

The endless mountain range was flattened, the earth shook, and the endless cracks were like a giant spider web, full of scars. It seemed that something terrible had happened.

The dozens of figures that were enveloped by the giant palm disappeared in an instant.

Ye Chen’s methods were heaven-defying. He did not use too many mystical powers. With just his bare hands, he had cut through the mountains, cracked the ground, and killed dozens of soul formation realm cultivators.

The middle-aged scholar who had spoken earlier was the only one who had survived. At this moment, he was trembling uncontrollably. This kind of method was beyond his knowledge.

The old monster at the void training stage!

That was the only thought left in his mind.

“Boom boom boom!”

At the same time, there were still countless auras coming from all directions. When they witnessed ye Chen's previous means, they were so shocked that they could not speak.

Was he still human?

Ye Chen's eyes shifted and landed on the middle-aged scholar. The latter immediately felt a cold, knife-like gaze on him. He subconsciously shivered and looked at ye Chen with fear. "Senior ..."

"Die!"

Ye Chen muttered.

His spiritual will was like a blade, enveloping his niwan Palace.

"Ah!"

The middle-aged scholar screamed and fell to the ground, dead.

Ye Chen turned around again and looked at the people who had gathered around him. The leading gray-robed old man looked at him with bloodshot eyes. "Why? Why did you do that?"

He was the Great River Sect's Grand Supreme old ancestor and also a half-step void refinement realm expert. The middle-aged scholar who had died at ye Chen's hands earlier was his only son!

He had never provoked ye Chen, so he did not know why ye Chen had started a massacre.

"Why?"

Ye Chen sneered. "Good question. Fine, I won't let you die without regrets. You really don't know what's good for you. How dare you pursue the mighty Lei Yunzi of China. You deserve to die ten thousand times for your actions!!!"

"Plop!"

As soon as he finished speaking, the grey-robed old man knelt down heavily. His face was ashen and his eyes were filled with deep regret.

The moment ye Chen said the words 'Lei Yunzi', he knew that the four major sects, including his Big River sect, were finished!

In order to get rid of Master Lei Yun completely, the Gu family released news that they were willing to offer the void Soaring Dragon pill as a reward. This pill could help people reach the void training stage.

Such an item was naturally extremely precious to the four great sects.

He had never imagined that ye Chen would be willing to make a move for Lei Yunzi and personally descend upon Moli city to destroy his four major sects.

"I've already said that we Chinese can't be bullied!"

Ye Chen's eyes swept over everyone and his voice was extremely cold. "If you dare to trample even a blade of grass, a tree, or a dog in China, I'll slaughter your entire family, let alone humans!!!"

"Disciples of the four great sects, kill him!"

Hearing this, the grey-robed old man's eyes turned blood red and he roared like a mad demon, "Those who disobey will be killed without mercy!!!"

"Kill!!!"

As soon as he finished speaking, many people looked hesitant but in the end, their hesitation was replaced by ruthlessness. Immediately, countless figures fearlessly charged at Ye Chen.

Their families were all in the four major sects. Their interests were tied to the four major sects. If they rose or fell, they would fall together. Although they knew that Ye Chen's divine might was unstoppable, they had no other choice but to fight to the death.

"A dying struggle!!!"

Ye Chen's eyes flashed. He took a step forward and the earth shook. The void shattered and many figures fell to their deaths.

"I'll fulfill your wishes today!"

His face was cold as he suddenly shouted, "Thunder!!!"

At the same time, everyone in Moli city looked at where the four major sects were in shock, their eyes full of fear.

In their eyes, it was as if the sky had been torn apart, and endless Thunderbolts came crashing down.

It seemed to be a world-ending lightning tribulation!

It was the might of the heavens, an irresistible will!

In the end, the Thunder and clouds dispersed, and the world seemed to have become dead silent.

Someone couldn't hold back his curiosity. In the end, he still urged his body to move towards the place where the battle had erupted. The scene that entered his eyes caused him to fiercely suck in a breath of cold air.

Tragic, extremely tragic!

The entire ground seemed to have been plowed ruthlessly, and countless great mountains were wiped out. Not a single blade of grass grew within a hundred thousand feet!

The four great sects that countless people had envied and admired in the past had long disappeared without a trace!

"The four major sects were annihilated ... By a single person?!"

Everyone's scalps went numb and they were extremely terrified.

.....

Half an hour later, at the mass grave.

Daoist Northern Yama, old ancestor yellow spring, and the others stared at the terrifying dark clouds in the void. Thunder and fire could be vaguely seen converging there, brewing a heart-palpitating aura.

From time to time, the roars of dragons and tigers could be heard from the void. At that moment, a figure was shrouded in endless core Qi.

Old ancestor yellow spring's eyes were filled with admiration."Looking at this phenomenon, the medicinal pill must be almost complete. I'm afraid it's not inferior to a heaven pill's grade!"

He had not expected ye Chen's alchemy skills to reach such a level. He could multitask and refine three different medicinal pills at the same time!

Daoist Northern Yama was pleasantly surprised, but he was also worried,""This pill actually attracted such a powerful tribulation cloud. What about fellow Daoist ye?"

The pressure brought by the Tribulation cloud made even him palpitate with fear.

Old ancestor yellow spring smiled but didn't say anything,"just watch!"

One hour, two hours ...

"BOOM!"

With a thunderous sound, three elixir pills wrapped in white light floated quietly in the void. From afar, they looked like three small Suns.

Immediately after, three phantoms of true spirits rose up. The three phantoms were a Dragon, a Phoenix, and a Tiger. They were extremely solemn. As soon as they appeared, the entire thundercloud boiled.

At the same time, an intoxicating pill fragrance began to cover the entire world. It was as if one would look ten years younger with a single breath.

"The pill is a success!!!"

Daoist Northern Yama was extremely excited.

"This is only the beginning ..."

"No!" Old ancestor yellow spring said lightly,"a pill of this level will be envied by the heavens, and then the pill tribulation will come. It's the same for pills. How can a peerless heavenly pill be made without experiencing the Thunder tribulation?"

Crack ... Crack ...

At that moment, three bolts of lightning as thick as a baby finally descended from the terrifying dark clouds. Even if it was just a trace, it still made everyone's scalp go numb.

"BOOM!"

The three lightning tribulations landed accurately on the three elixirs. The three heavenly elixirs immediately bloomed with a bright white light, as if they were crazily digesting the terrifying lightning tribulations.

"Oh my God, how terrifying!" Ning 'er and the others were so scared that their faces turned pale.

However, this was only the first wave!

Chapter 1583: The scheme of the eight Xuanyuan families!

“BOOM!!!”

In the next moment, countless bolts of tribulation lightning that were even stronger than before descended.

This time, the lightning tribulation did not only strike at the three heavenly elixirs, but also enveloped the entire area within a radius of ten thousand feet, as if it was going to destroy them together.

The terrifying aura that was being emitted could be felt even by living beings from hundreds of miles away. They then prostrated themselves on the ground and trembled.

From the beginning to the end, ye Chen’s expression was calm.

Finally, the last three bolts of tribulation lightning descended.

“Will it succeed?”

This time, ye Chen’s eyes also flashed.

The power that erupted from the last wave of the lightning tribulation was so great that even early void refinement realm old monsters would have to retreat. Once the three heavenly elixirs were unable to withstand it, all their previous efforts would have been in vain.

“BOOM!!!”

As soon as the last three bolts of lightning fell, they turned into three huge lightning dragons. They were as thick as water buckets, and their ferocious scales could be clearly seen.

Old ancestor yellow spring’s expression changed slightly. He waved his sleeve to protect ning ‘er and the others from being affected.

At the same time, the entire world seemed to have turned into a prison of Thunder. It was extremely dazzling, and everyone subconsciously closed their eyes.

Only ye Chen’s eyes flickered with golden flames as he stared unblinkingly at the center where the Tribulation lightning gathered.

Finally, the lightning dissipated.

Three dazzling golden pills spun in the air, and a deafening roar could be heard from them.

“It’s a success?!!”

Daoist Northern Yama was so overjoyed that he cried out on the spot!

“Amazing!” Old ancestor yellow spring exclaimed from the bottom of his heart.

“Whoosh!”

At this time, the three elixir pills in the void suddenly shot out in three different directions at an extremely fast speed.

“He ran away? They’re running away?”

Ning ‘er and the others shouted.

“Three little fellows, do you think you can escape?”

Ye chen smiled faintly. He stretched out a hand and immediately covered a hundred thousand feet radius. In an instant, three pocket-sized Dragon, Phoenix, and Tiger phantoms appeared in his hand and roared at ye chen.

The pill had become a Supreme-grade pill, and it had its own spirituality, wanting to escape the fate of being swallowed.

Ye chen opened his mouth and spat out a stream of purple Qi that landed on the three phantoms. The latter immediately transformed into three golden medicinal pills.

In the next moment, he landed on the ground and helped Lei Yunzi up. Then, he flicked his finger and two of the pills entered Lei Yunzi’s body.

“Three days, I only need three days!”

Ye chen glanced at the nervous Northern Yama.””He needs three days to digest these two pills. He’ll naturally wake up after three days!”

Daoist Northern Yama let out a sigh of relief.

“Old bei ni, old Lei Yun has profited from a disaster this time. Fellow Daoist ye has refined such a pill to save him. Perhaps he’ll be able to improve further!” Old ancestor yellow spring said with a faint smile.

Daoist Northern Yama was taken aback at first, but then he seemed to have recalled something and his face was filled with disbelief,””You ... You mean that Daoist thundercloud might reach the late void refinement realm?!!”

“That will depend on his good fortune!”

Ye chen smiled faintly and passed the last medicinal pill in his hand to him.””This elixir pill is yours. Take it. It will not only help you recover from your injuries, but also help you reach the void training stage!”

“Thank you, fellow Daoist ye!”

Daoist Northern Yama cupped his fists and shed tears of excitement.

“This ye still has important matters to attend to, so I won’t stay any longer!”

Ye chen looked at old ancestor netherworld.”Old ancestor, take them back to the panwu celestial sect. I’ll come back and meet you after I’ve found Yang Tian.”

“Alright!” Old ancestor yellow spring nodded slightly.

.....

It was almost the same moment that ye chen had destroyed the four major sects of Moli city.

In the Yanhuang fortress, many leaders had gathered, and the atmosphere was deathly silent.

An old man with age spots all over his face laughed eerily, "I didn't expect that ye nankuang would save Lei Yunzi. He is so lucky!"

He was the ancestor of the Qi family, one of the Eight Families of the Xuanyuan, and also the one who supported the ancestor of the Gu family during the internal strife of the Eight Families of the Xuanyuan.

As soon as the Qi family progenitor finished his sentence, he attracted everyone's attention. A crane-haired elder in a Daoist robe frowned and said, "If master thundercloud doesn't die, we won't be able to eat or sleep in peace ..."

Although the Gu family had won the internal strife among the eight Xuanyuan families, the impact was not good. The younger generation and the higher-ups of China had many complaints.

"What's the big deal about a mere master thundercloud?"

The ancestor of the Gu family sneered and said, "The Xuan Yuan eight families are under our control now. Even if Lei Yunzi is lucky enough to recover, he won't be able to change much of the situation. We should be more worried about ye nankuang!"

As soon as these words came out, the hall immediately fell into a dead silence.

Ye nankuang!

This name had almost become their nightmare in recent days!

Even the Huangfu clan's patriarch had died at his hands. If any of them were to encounter him, there was no guarantee that they would be able to survive.

At this moment, a faint voice suddenly rang out in the hall. "There's no need to worry, patriarchs!"

The crowd looked over and saw a silver-haired young man slowly walking out.

It was Huangfu Yu!

None of the old monsters at the void training stage dared to act arrogantly in front of this young man, because he was the reincarnation of the Huangfu clan's peerless ancestor!

This peerless ancestor was once known as the number one person in the Eight Families of the Xuanyuan clan. He was only one step away from the legendary soul separation stage. Later, in order to find a way to enter the soul separation stage, he did not hesitate to give up thousands of years of his lifespan to reincarnate.

Therefore, after the death of the Huangfu clan's old ancestor, Huangfu Yu naturally became the head of the Huangfu clan. He even recovered his early void refinement realm cultivation base!

"Huangfu Yu, do you have any good plans?" the Gu family's ancestor's eyes flashed.

"Gao CE doesn't deserve this honor!"

As he met everyone's gaze, Huangfu Yu said calmly, "Ye nankuang is indeed a demon, but don't forget that he's only one person. He has already offended the five great Holy Lands, including the Xuan Yuan eight families."

The Qi family progenitor frowned and interrupted him, "Don't forget that ye nankuang has the path Lord of carnal desires and qianqiu wuhen behind him!"

Many people immediately nodded.

Qianqiu wuhen and the path Lord of carnal desires were like two huge mountains that weighed down on the five great sacred lands. In addition, the mysterious zombie puppet was also the reason why the five great sacred lands did not dare to attack ye chen at all costs.

"The path Lord of carnal desires and qianqiu wuhen are indeed powerful,"

Huangfu Yu smiled faintly. "But have you ever wondered why the path Lord of carnal desires and qianqiu wuhen didn't dare to be so ruthless even though they had the power to wipe out the five great saint lands?!"

As soon as he said this, everyone immediately fell into silence. Countless people's eyes flickered, as if they were thinking about the meaning behind his words.

"If that's the case, what are qianqiu wuhen and the path Lord of carnal desires afraid of? could it be the realm Guardian or the Holy ape?" someone asked.

Huangfu Yu shook his head slightly and smiled without saying anything.

The crowd became even more silent.

Suddenly, the ancestor of the Gu family stood up and stared at Huangfu Yu. He slowly said, "A powerhouse that reflects the heavens!!!"

Chapter 1584: encountering an ancient body cultivator!

In the vast and bright world.

On the vast plain, there were many green plants. These green plants all exuded a demonic aura. From afar, they looked like venomous snakes quietly waiting for their prey.

A waterfall was pouring down like the Milky Way.

At this moment, the waterfall, which had a huge impact force and was about a few feet wide, was suddenly cut off in the middle. Then, a thin young man slowly walked out from it.

Ye chen looked up and surveyed his surroundings, a strange look in his eyes.

"So this is the desolate territory!"

According to the Black Ice elder, the core of YinXu was divided into many areas, where human cultivators and the native creatures of YinXu lived.

The waste realm was the habitat of the native creatures of YinXu.

“If I’m not mistaken, the merman race is at the southernmost part of the waste realm. It’s close to the water,” ye chen mumbled to himself.

Thinking up to this point, he no longer hesitated and galloped towards the South. What he saw along the way made him secretly surprised.

He saw an incomparably huge snail, and on top of that snail, there were more than ten figures. There were men and women, but their attires were extremely wild and ancient.

The snail’s speed was comparable to a high-speed rail on earth. Its pair of antennae seemed to be equipped with the most advanced radar, and it moved through the dense forest as if it was flat ground.

However, among these people, the strongest was only at the Yuanying stage.

Ye chen shook his head slightly and continued to move forward. Suddenly, a figure on the ground caught his attention.

In the dense forest, there was a figure lying on the ground, not moving at all. He was almost naked, as if he had been smeared with grass liquid, making him look no different from the surrounding environment.

He lay there without emitting any energy. If ye Chen’s consciousness was not strong, he would have been fooled.

“What a unique aura-concealing technique ...” Ye Chen’s eyes flashed.

“BOOM!”

Suddenly, a deafening beast’s roar came from the forest in the distance, accompanied by the shaking of countless grass. Then, a monster as large as an elephant with a mouth full of spikes roared out.

In an instant!

The figure lying in the grass suddenly moved. He held an extremely sharp bone knife in his mouth and a bone spear appeared in his hand. He jumped out and stabbed the monster.

The monster didn’t seem to expect that someone was hiding here. It was shocked at first, then it suddenly roared and urged its huge body to crash into the person.

“Crack!!!”

Under such a huge impact, the bone spear in the man’s hand was immediately shattered. However, he was not in a hurry. He leaned to the side and grabbed the monster’s right ear with one hand. He picked up the bone knife in his mouth with the other hand and slashed the monster’s neck.

“Puchi!”

The stinky and bright red blood splattered everywhere.

The intense pain caused the monster to roar continuously. Its eyes were red as it maneuvered its huge body to charge around, breaking many trees in succession as if it had gone completely mad.

The man was lying on the monster's back, one hand gripping the monster's fur tightly and not moving at all. The other hand holding the bone knife was pushed into the monster's neck, like an experienced Hunter.

After the time it took to make a cup of tea, the monster was finally exhausted from losing too much blood. It fell to the ground and stopped moving, its blood staining the ground.

However, that person was not in a hurry to collect his spoils of war. Instead, he seemed to have sensed something and looked up into the void, his eyes full of fear.

Ye chen was even more surprised. This person did not have any spiritual energy. He was not a cultivator, but he could still detect ye Chen's presence even though he did not deliberately hide his energy.

His eyes flickered, and his figure quickly descended. Finally, he landed on the ground and sized up the other party thoughtfully.

After seeing ye chen, the man's pupils shrank sharply. He picked up the bone sword and leaped in front of the monster's corpse. He looked at ye chen with a threatening expression and slowly said, "The nightmare beast is mine!"

"I won't steal your prey!"

Ye chen laughed in surprise. When he saw that the wariness in the former's eyes had disappeared, he pondered and said, "Nightmare beast, yours!"

Only then did the former put away his killing intent. He bent down and carried the monster's body that weighed more than a ton. Then, he retreated to the distance and began to skin and break the bones. Occasionally, he would look at ye chen with vigilance.

"There's no true Qi or spiritual Qi in his body, but he has such explosive power, physical strength, and agility. It seems like he's walking the path of body cultivation."

Ye chen quietly sized her up, his eyes flickering. He then said, "Do you know how far we are from the merman race?"

As soon as he finished speaking, several figures quickly rushed over from the distant forest. They were all burly men with rough faces. They were dressed the same as the previous man, almost naked and covered in green liquid.

"Kagu ..."

When the leader saw the man and his prey, his face lit up with joy. Then, he immediately noticed ye Chen's presence.

The next moment!

He waved his hand and the four burly men behind him stabbed at ye chen with their metal forks without saying a word, causing a Sonic Boom in the air.

"Impudent!"

Ye Chen's eyes flickered. He reached out a hand and gently pressed down on the four people across the air. The four of them suddenly cried out in alarm. They felt that their bodies could not move as if they were imprisoned by a pair of invisible hands.

"BOOM!"

Upon seeing this, the burly man and Kagu, who were at the back, did not say anything. Their bodies suddenly moved violently and they split into two groups to surround ye chen.

These two men's explosive power was not comparable to the previous four men. Even so, they were gently smacked to the ground by ye chen.

At the same time, his eyes flashed with killing intent.

When he first came here, he didn't want to bully the weak, but the other party had done it again and again, so he couldn't be blamed for being ruthless.

At that moment, a panicked voice came from the distance. "Daoist friend from the outer realm, please show mercy!"

With a deafening roar, a silver-haired old man wearing animal skin and holding a walking stick rushed over.

He stepped on the air, and his body was faintly glowing with a red luster. Every pore of his erupted with the power to annihilate the void. There were more than a dozen people behind him, and each of them was more than a hundred times stronger than Kagu and the others.

Kagu and the others were overjoyed when they saw the man.

Ye chen suppressed his killing intent and narrowed his eyes to size up this group of people. His gaze fell on the old man in animal hide. "As expected, these people walk the path of physical cultivation. The strength of their vitality is not something that the so-called ancient martial arts practitioners can compare to."

The old man in animal hide also didn't have any true Qi or spirit Qi in his body, but all 360 apertures in his body had been opened, and the qi and blood in his body were so rich that they could kill a soul formation realm cultivator.

Chapter 1585: The giant in the stone tower!

The old man in animal hide stopped the crowd from attacking ye chen and walked toward him. He cupped his fists solemnly. "Respected outsider, I am Zhu Li, an elder of the spirit guardian tribe. My tribesmen failed to recognize Mt. Tai. I hope you can forgive me!"

His words were extremely sincere and he was not arrogant or impatient.

Ye chen glanced at him and waved his sleeves. Kagu and the others who had been imprisoned immediately regained their ability to move. They subconsciously wanted to attack him again.

"Bastard!"

“How dare you mess around in front of a heavenly Lord?” Zhu Li shouted angrily. Why aren’t you retreating?”

Kagu and the others’ expressions changed and they immediately retreated to the side. However, the countless eyes that looked at ye chen again became extremely fearful.

Heavenly Lord of cultivation!

This was practically their nemesis!

Flying swords, magical treasures, divine powers, spell techniques, talismans ... No matter which one it was, it would be able to unleash an earth-shattering power!

“Many thanks to this fellow Daoist!”

Zhu Li once again cupped his fists at ye chen. “May I know how to address you?”

“I’m ye chen!” Ye chen said.

“So it’s fellow Daoist ye!”

Zhu Li’s attitude became even more polite. “Fellow Daoist ye, why don’t you come over to my spirit guardian tribe and have a few cups of wine? this can also be considered as me apologizing to you.”

Ye chen wanted to refuse but after considering that he was not very familiar with the waste realm, he nodded.

He wasn’t worried that Zhu Li had ulterior motives or was plotting against him. In the face of absolute strength, everything was meaningless.

“Fellow Daoist ye, please!”

Zhu Li was overjoyed and immediately beckoned ye chen to follow him.

“How do you know I’m from the outside world, and from the outer realms at that?” ye chen asked as he walked.

I knew it the moment I saw you, fellow Daoist ye.”

Zhu Li stopped in his tracks and looked at him. “It’s because there have been many outsiders coming to the waste realm in the past ten years. Every time they came, they would set off a storm of blood.”

“You’ve killed so many creatures in our desolate territory and plundered too much wealth ...”

“To be honest, many existences in the waste realm don’t welcome you!”

He shook his head slightly, as if he was bitter.

“Oh?”

“Oh,” ye chen replied with a half-smile. “If that’s the case, why did you still invite me to the tribe as a guest? Aren’t you worried that I’ll be like those people?”

“I can’t deny that you’re strong.”

Zhu Li's expression was calm and he was not angry at all."However, this old man still has some tricks up his sleeve. If fellow Daoist really does that, it'll only result in a lose-lose situation for both sides."

He did not hide the warning in his words.

Ye Chen smiled and did not say anything else.

Soon, in less than the time it takes for an incense stick to burn, the group arrived at a village. There were about a thousand households in the village, and the villagers were dressed the same as Kagu and the others.

The only thing that caught Ye Chen's attention was a stone tower at the entrance of the village. The stone tower was like a mountain that reached the sky. There were complicated and ancient patterns engraved on it. It was as if it had an eternal existence and would never fall.

At this moment, the ground in front of the stone tower was filled with Tributes, including many ferocious beasts.

"This Pagoda is the ancestral Pagoda of our spirit guardian village!"

As if sensing his doubts, Zhu Li smiled and said,""The ancestor Pagoda has a total of nine levels. According to legend, this Pagoda was built by the first village chief of our spirit sacrifice village. The generations of village chiefs of our spirit sacrifice village are enshrined within this Pagoda."

Ye Chen nodded slightly. He could not help but subconsciously send out a wisp of his consciousness to envelope the stone tower, as if he wanted to spy on the scene inside.

"Swish!"

However, just as his divine sense touched the stone tower, a terrifying devouring power suddenly came from the stone tower and swallowed his divine sense.

"Interesting!" Ye Chen's expression turned serious.

When he wanted to try again, he saw that Zhu Li had already entered the village. Ye Chen could only suppress his impulse and follow the man.

As he walked, he saw an old woman holding two stone weights that weighed five hundred Jin with one hand, and a child less than five years old swinging a large cauldron a thousand feet away.

"This village is extraordinary!"

His eyes flickered. First, the entire village was body-tempering, and then there was an extremely mysterious stone tower.

Not long after, he followed Zhu Li into a bamboo building. The bamboo building was not big, but the view was very good. It was directly facing the stone tower at the entrance of the village, and he could see the entire stone tower in full view.

As soon as the two of them sat down, two strong women came over with two large jars of wine. It seemed to be fruit wine, and as soon as the lid was opened, an incomparably rich fragrance assailed their noses. There was also a faint smell of Chinese medicinal herbs.

Zhu Li took the initiative to pour two bowls and smiled. "Fellow Daoist ye, this is the medicinal wine of our spirit sacrifice village. It has an extremely great strengthening effect on qi and blood!"

Ye chen was not pretentious. He picked up the cup and drank it in one gulp. Immediately, he felt as if there was a fire burning in his stomach that spread to his limbs and bones.

Seeing that he had finished the cup in one gulp, Zhu Li was shocked. "Fellow Daoist ye, you're a good drinker. You don't know how strong this medicinal wine is. Even I can only drink half a bowl at a time, or my blood vessels will burst ..."

"To be honest, this ye has also once cultivated the path of body refinement."

Ye chen smiled faintly.

Only then did Zhu Li come to a realization. After toasting him with two more bowls, he stood up and said, "Fellow Daoist ye, I still have some matters to attend to. Please wait here for a moment."

With that, he turned around and left.

Ye chen looked at him thoughtfully. After making sure that no one was around, he once again sent a wisp of his divine consciousness toward the stone tower at the entrance of the village.

As expected, as soon as his wisp of divine sense touched the stone tower, it instantly disappeared, but the stone tower still didn't move.

Ye Chen's expression did not change. This time, he split a fifth of his psychic power.

This time, his divine sense finally penetrated into the stone tower. He immediately felt an ancient Qi blowing in his face. This ancient Qi was extremely desolate and ancient.

The inside of the stone tower was rather dark, but the space was much wider than he had imagined.

Ye chen controlled his divine consciousness to investigate from the first floor up. The higher he went, the more intense the ancient Qi became.

What he saw caused his pupils to contract.

It was a world filled with purple gold, like a vast purple gold ocean. In the center of the purple gold ocean, there was a giant about a thousand feet tall lying quietly.

The giant's entire body was purple and gold in color. On its skin, there were many mysterious and heart-palpitating runes that were slowly moving.

The giant seemed to have fallen into a deep sleep. Even so, the breath he exhaled made the space of the ninth floor somewhat unbearable.

"Is this an ancient body cultivator?!!"

Ye Chen's heart jolted. "That's not right. Even physical cultivators shouldn't have such pure physical power. Unless ..."

"Unless it's an ancient wizard ..."

A shocking thought suddenly flashed through his mind.

All of a sudden, the giant, who had been standing still, opened his eyes.

Chapter 1586: I'll beat you up until you're willing to listen!

“BOOM!”

As the giant opened its eyes, ye chen immediately felt a sharp pain in his eyes, as if he was looking at two bright and dazzling Suns.

The giant's eyes were extremely golden as if they contained all the flames in the world. The light was so bright that it seemed to be able to ward off gods and demons!

And it was this one glance!

Ye Chen's psychic power was instantly burned to ashes!

“Hu!”

On the top of the bamboo building, ye Chen's main body suddenly stood up. It was as if he was in a world of endless flames. If one looked closely, one could see a trace of blood at the corner of his eye.

When ye Chen's vision gradually recovered, he sucked in a breath of cold air. When he looked at the stone tower again, his eyes were filled with shock. “He's so powerful! Who is he?!!!”

One glance!

The other party had wiped out his spiritual will with a single glance!

“There's actually such a person hidden in this small village!” Ye chen suppressed the shock in his heart and stood up to leave without a word.

Ever since he returned to earth, he had never felt such a threat, not even when he was facing a cultivator at the perfect void refinement realm.

At that moment, countless earth-shattering sounds came from the distance, and a cold voice said, “Fellow Daoist ye, where are you going?!”

As soon as he finished speaking!

Zhu Li, who had left earlier, flew through the air and stared at ye chen indifferently. Behind him were eighteen figures. Each of their bodies was glowing with a brilliant light and their vital energy and blood were as vast as a Great River.

These 18 people did not have the slightest bit of true Qi or spiritual Qi in their bodies. However, the strength of the blood Qi that erupted from them was enough to kill a late divine transformation realm cultivator.

“This ye still has important matters to attend to, so I won't stay any longer!”

“I'll visit you again in the future!” Ye Chen's eyes flickered.

Zhu Li laughed coldly. "Since that's the case, why don't you stay for a few more days? let us do our part as the host!"

As soon as he said that, the eighteen figures behind him rushed over and surrounded ye chen. Eighteen terrifying qi and blood locked onto ye chen.

Ye Chen's expression darkened. "You want to imprison this ye?"

"Where did the word" imprison "come from?"

"I saw that I got along well with fellow Daoist ye, so I wanted you to stay for a few more days," Zhu Li said with a fake smile.

"You old thing!"

Ye chen squinted slightly, a murderous intent gradually emerging in his eyes. "Don't think that I don't know that from the moment you invited me to your house, you had no intention of letting ye chen leave, right?"

"Also, if this ye didn't guess wrong, the medicinal wine you made this ye drink earlier added strength scattering powder!"

At this point, the temperature between heaven and earth suddenly cooled down.

Zhu Li's expression changed slightly. He obviously didn't expect to hear what he was thinking. He took a deep breath and sneered. "So what if I am? It's a pity that you found out too late!"

He paused for a moment and said with a cold expression, "If I'm not wrong, you just used the so-called divine sense of a cultivator to spy on the one in the ancestor Pagoda, right?"

His gaze fell on the trace of blood at the corner of ye Chen's eye. "And from the looks of it, you've clearly been injured by the one in the ancestor Pagoda!"

Ye chen chuckled. "So, this is how you introduced the origin of the ancestor Pagoda to me in the beginning. Your purpose was to lure me into prying into the ancestor Pagoda?"

He had pretty much guessed Zhu Li's ill intentions. The reason why he did not point it out was because he wanted to see what this old man was up to.

The only thing that surprised him was the giant in the ancestor Pagoda.

"Your guess is correct!"

Zhu Li's face darkened. "I know it's hard to kill you with my own strength. However, after that Lord made his move, you have little strength left. What do you have to fight me with?"

Ye chen frowned slightly. "I don't think I have any grudges against you. Do you really want me dead?"

Even though he had some misunderstandings with the people of the Spirit sacrifice village, he did not cause any substantial harm to Kagu and the others.

"No grudges?!!"

Zhu Li suddenly burst into laughter. "I hate you dogs from the outer realm the most. We were living well here. Who knew you would descend into this world?" He's massacring the creatures of our desolate territory. "

"How dare you say that there's no life-and-death hatred between us?"

At the end, his expression was solemn and he seemed to be roaring.

Before the alien sects entered YinXu, it was still peaceful. Although there were conflicts between the races, it was far less serious than the damage caused by the alien sects.

"So you actually thought I was an alien cultivator."

Ye chen was stunned at first, but the killing intent in his eyes gradually dissipated. Then, he smiled and said, "I'm afraid you're mistaken. I'm not an alien cultivator, but a Chinese outside of YinXu. I hate alien cultivators as much as you do."

"You're still quibbling even when you're about to die!"

Zhu Li laughed out of anger. "The living beings outside of YinXu have been in decline for countless years. How can they produce a powerful cultivator like you?!"

"Even if you break the heavens today, you won't be able to escape death!"

His face turned cold and he waved his hand. "Kill!!!"

"BOOM!"

In an instant, the entire void trembled violently, and then it was covered by endless crazy killing intent and qi and blood power.

"Outer realm dog, die for this old man!!!"

Zhu Li took a step forward and his blood Qi exploded instantly, shattering all the clouds in the sky. He looked as if he could destroy the entire world with just a lift of his head.

"Buzz buzz buzz ..."

What was even more frightening was the sound of his blood washing through the walls of his blood vessels. It was like a landslide and tsunami, as if there was a peerless beast dormant in his body and was quickly waking up.

"Kill!!!"

At the same time, the eighteen figures who had surrounded ye chen attacked at the same time. The surging qi and blood caused the void to crack open.

"Thump ..."

Ye chen furrowed his brows and threw a punch. Like a dragon emerging from the sea, it whizzed toward Zhu Li.

"You're looking for death! How dare you fight head-on with me!"

Zhu Li snorted coldly, seemingly mocking him. He threw a punch as well. Starlight surged in front of his fist, and the brilliance cut through the sky.

“Get lost!” Ye Chen’s eyes were bright.

“BOOM!”

The two of them clashed, and their bodies collided. The space around them collapsed.

“Tap tap tap tap ...”

Zhu Li’s figure retreated and he coughed out blood. Silver runes surged all over his body like a red-hot iron. However, his face was filled with horror. “Aren’t you a cultivator? Why does he have such a terrifying physical body?”

His heart was in a state of shock!

This wasn’t the first time he had fought with alien cultivators. In his opinion, other than their spells, flying swords, and magical treasures, the alien cultivators “bodies were weak.

However, ye chen had exceeded his expectations.

“You guys just won’t listen to me no matter what I say!”

Ye Chen’s long hair fluttered in the wind. He took a step forward and his arms seemed to have transformed into two huge millstones that pushed forward.”Since that’s the case, I’ll beat you up until you’re willing to listen!”

.....

Chapter 1587: The twelve ancestors of Sorcery!

“Boom boom boom!”

As ye Chen’s arms pushed out, the divine light illuminated the sky. The void collapsed at a speed visible to the naked eye like a wave of wheat blown by the wind.

“Bang Bang Bang ...”

He was like a peerless God of War as he charged into the group of people, including Zhu Li. In an instant, everyone was sent flying, and all of them were injured.

Everyone was shocked!

In particular, many of the people from the spirit guardian village who were watching from afar widened their eyes. When they saw this scene, their eyes were filled with disbelief.

Their spirit sacrifice village was known for their powerful physical bodies, especially when the elders and the eighteen brave warriors of the spirit sacrifice village joined forces. Even a heavenly Lord at the void training stage from the outer realms would probably die on the spot.

However, ye chen had used the most brutal method to suppress everyone.

He didn't use his true essence or divine arts. Instead, he used the most primitive physical strength to resist these people.

The result was that Zhu Li and the others were all defeated.

Deathly silence. The entire spirit guardian village was deathly silent.

Zhu Li and the others' expressions were extremely ugly. They looked at ye chen again with disbelief.

The strength of this young man's physical body had actually surpassed theirs. They were very clear that if the other party had not held back, they would probably have long been beheaded.

After a long while, Zhu Li coughed violently and finally looked at ye chen. "Are you really not an alien cultivator?!"

"Naturally!"

Ye chen nodded slightly. "If you don't believe me, you can send someone to the outer area to ask who I am. I'm sure you won't be disappointed."

If it had been the alien cultivators who had besieged him like this, he would have killed everything and exterminated the village. However, considering that the other party hated the alien cultivators, he still held back.

"Ye nankuang?!"

Everyone present was stunned when they heard these three words.

They had stayed in the core for a long time and never left. Therefore, they did not know what was happening outside. Even Zhu Li was no exception.

"Wait ..."

At this time, the expression of a bare-chested man behind Zhu Li changed as if he had recalled something. He looked at ye chen abruptly. "You ... You're ye nankuang?!"

In an instant, the eyes of Zhu Li and the others fell on the bare-chested brawny man. "Ta Gu, you know ye nankuang?"

Meeting everyone's eyes, the bare-chested brawny man called ta Gu slightly nodded and said, "Elder, a few days ago, I went out to hunt and chased a prey to the core boundary. I saw many outer-realm cultivators from the outer regions."

"How strong are these cultivators?" Zhu Li's eyes darkened.

The rest of the people became nervous. There was a clear boundary between the outer and core areas, and they were governed by their own areas. Once there was an intruder, it would cause a great impact.

Ta Gu scratched his head. "They were very weak. I killed more than half of them. Only then did I learn from the remaining people that the reason they broke into my core was to escape."

"Escape?"

Zhu Li was even more puzzled.

Ta Gu took a deep breath and said, "It's said that a ruthless man has appeared in the outer region. This man has killed many people from the five Holy Lands in succession. Even a few heavenly Lords at the void training stage from the five Holy Lands have died at his hands."

As his voice fell, the entire place fell into a deathly silence.

Especially Zhu Li and the others, they were even more shocked.

A heavenly Lord of cultivation at the void training stage?

Not only were these people extremely intimidating to cultivators, even the spirit sacrifice village was no exception. This was because even the number one warrior of the spirit sacrifice village, Zhu Li, was not a match for a void training stage heavenly Lord.

However, this ruthless man had killed several heavenly Lords at the void training stage in a row. How could they not be shocked and horrified?

Zhu Li felt a chill run down his spine. "Such a ferocious person. If he's an alien cultivator, he'll be a great threat to Yinxu and the entire immortal-burying star!"

"That's right. I'm afraid that even in the outer realms, a person like him would be nurtured as a powerhouse of the Illuminator level."

"I only hate that Emperor Xuanyuan has stepped into the heavenly road ..."

In an instant, the world was filled with countless discussions.

After a while, someone couldn't help but ask, "Ta Gu, did that vicious come from outside? What's your name?"

Ta Gu glanced at Ye Chen and swallowed. "He's from the immortal-burying star, and he's from Huaxia outside of the Ruins of Yin. He's ... He's Ye Nankuang?!"

As soon as he said that, everyone fell into a daze.

"Woof!"

In an instant, countless eyes in the world were focused on Ye Chen.

If they didn't remember wrongly.

Ye Chen had just called himself Ye Nankuang, right?

"So it's Ye Nankuang!"

Zhu Li could not help but smile wryly in his shock. He then cupped his fists at Ye Chen. "Fellow Daoist Ye, it's this old man's fault for failing to recognize Mount Tai. I hope you can forgive me!"

"It's fine!"

Ye Chen shook his head slightly and said with a half-smile, "The only thing I didn't expect was that you all hated the alien cultivators so much. If I didn't have the power to protect myself just now, I'm afraid ..."

Zhu Li's face turned red. He felt even more ashamed. He had schemed so many times, but in the end, he had schemed against his own people.

The rest of the people were also a little embarrassed.

"Elder Zhu, this senior ye also obtained an Emperor's seal!" Ta Gu suddenly said.

"What?"

Zhu Li's expression changed drastically again. He fixed his gaze on ye chen and his expression was extremely excited. "Fellow Daoist ye, you ... You really obtained the recognition of the emperor's seal?"

Ye chen met his gaze and finally nodded.

"Fellow Daoist ye, can you let me see the emperor's seal?" Zhu Li asked with a trembling voice.

"Why not?"

Ye chen chuckled. The emperor's seal immediately transformed into a Crimson Dragon and shot out. It then circled the void, and a huge Dragon's might enveloped everything.

"The emperor's seal, it really is the emperor's seal ..."

Zhu Li suddenly knelt on the ground and said with great sincerity, "Spirit sacrifice village's 340th generation elder Zhu Li greets the emperor's seal!"

"Plop!"

At the same time, everyone in the spirit sacrifice village also knelt down, looking at the emperor's seal with an extremely pious expression.

Seeing this, ye Chen's eyes flashed. He was clearly a little surprised. The Crimson Dragon in the air changed its body shape and finally transformed into old fan's appearance.

Elder fan looked at Zhu Li and the others quietly, as if he was sensing something. Finally, he said, "Are you the descendants of the Emperor River?"

"It is!"

Zhu Li's tears flowed freely. "When the great emperor stepped into the path of heaven, we followed his orders and waited here for countless years. I didn't expect that after so many years, I would be able to see the birth of the emperor's seal with my own eyes!"

Hearing these words, the bodies of all the people kneeling in the surroundings trembled. It was clear that this was the first time they had learned of their identities.

On the other hand, ye chen, who was standing to the side, felt a wave of emotion in his heart.

Emperor River!

Emperor Jiang of the twelve ancestors of Sorcery!

This tiny spirit sacrifice village was actually the descendant of the witch ancestor!

Chapter 1588: heading to the merman race!

It was said that the ancestor of sorcery was a new body born from Pangu's body.

They were known as the ancient sorcerer tribe, and there were twelve of them in total. They were known as the twelve ancestors of sorcery or the twelve demonic gods. They were born with unparalleled physical bodies that could devour the world, control wind, water, lightning, move mountains, fill seas, and change the world.

They were Emperor Jiang, goumang, Zhurong, rushou, Gonggong, xuanming, Houtu, qiangliang, candle jiuyin, tianwu, Guo Zi, and she Bishi!

It was said that during the battle of Chiyou, the Yellow Emperor, Emperor Jiang, Gonggong, Zhurong, she Bishi tianwu, and the other twelve ancestors of sorcery had all participated in the battle.

"Then who is that giant in the ancestor Pagoda?"

With this in mind, a thought suddenly flashed through ye Chen's mind. He looked in the direction of the stone tower and said, "Emperor River?!"

"Time flies!"

Old fan looked at Zhu Li and the others with a complicated expression. He sighed faintly. "So many years have passed, it's not easy for you all to still remember the great Emperor's mission."

"Emperor's seal!" Zhu Li stared at him blankly. "Since fellow Daoist ye has obtained your approval, doesn't that mean that he has the ability to unseal the Ruins of Yin?!"

To all the native creatures in Yinxu, Yinxu seemed to be extremely huge and incomparable to the outside world. However, it was also like a cage, imprisoning countless people inside and unable to get out.

"We can 't!"

Elder fan shook his head slightly. "Receiving my approval only means that you are qualified to receive the great Emperor's inheritance. If you want to inherit the great Emperor's power, you still need to enter the Emperor's Tomb and receive the approval of the Xuanyuan sword!"

"Xuanyuan sword!"

Zhu Li's body trembled violently.

At this moment, a faint sigh suddenly sounded between heaven and earth. "This world is going to start another massacre like tens of thousands of years ago. The common people are innocent."

This sudden voice was extremely empty and distant, as if it had crossed endless space and time and came from the distant ancient times.

"What's that sound?!"

Zhu Li and the others were shocked. They looked around as if they were trying to find the source of the voice.

Ye Chen's eyes flickered and he subconsciously looked at the stone tower at the village entrance. The stone tower stood quietly as usual, motionless.

Seeing his actions, Zhu Li was stunned at first. Then, he looked over as well. As if he had thought of something, he suddenly knelt down heavily. "A-ancestor ..."

"Old Emperor, you've recovered?" old fan's expression changed.

After a short silence, the voice from before sounded again, "Three losses and seven tribulations, how can it be so easy to recover? it's just an ignoble existence."

"Three losses seven tribulations ..."

Elder fan sighed. "It seems that you all paid a heavy price in that battle. However, I'm still quite happy to hear your voice again."

"If this brat didn't use his divine sense to spy on me, I wouldn't have woken up from my deep sleep."

The voice pointed the spear at ye chen. "I'm about to fall into a deep sleep again. Once the tomb is opened, it means that the many means left by the great sovereign will be completely exposed, and the suppressed immortal soul will also resist with all its might."

"The immortal soul will appear, and the immortal body will demonize. This world will be destroyed in an instant. You don't have much time left ..."

"Zhu Li, from now on, all of you will follow this kid. Since this old man chose him, it might be the great Emperor's arrangement ..."

Then, the voice gradually faded away.

"As ancestor commands!"

Zhu Li kowtowed a few times on the ground. His old eyes were filled with excitement and sadness. Then, he stood up and bowed to ye chen solemnly. "Zhu Li greets the Lord!"

"Plop! Plop!"

In an instant, the Black Mass of people knelt down on one knee before ye chen and their voices shook the surroundings. "We pay our respects to master!!!"

Ye chen was silent. All of this was beyond his expectations, including the voice that sounded like Di Jiang's.

As if he could see his worry, old fan said, "Accept it. Since you've obtained the old man's approval, you're destined to bear all of this for yourself and for the billions of living beings."

"Everyone, please rise!"

Ye chen nodded slightly, then raised his hand to signal everyone to stand up. He went straight to the point. "To be honest, this ye's purpose in coming to the core this time is to support the human race."

"Merman race?"

Zhu Li was stunned at first, but then he said respectfully, "My Lord, the merman race is located in the southernmost part of the desolate region and is extremely xenophobic."

"One of my brothers is the son-in-law of the merman clan. I suspect that something has happened to him. Therefore, I have to make a trip to the merman clan no matter what," Ye Chen said calmly.

Upon hearing this, Zhu Li's face revealed a look of realization. "If my Lord doesn't mind, this old man is willing to lead the way for you."

"That's good!" Ye Chen smiled.

.....

An hour later, a giant snail more than 500 feet in size broke through the clouds and moved with lightning in the void.

Ye Chen stood on top of the giant snail with his hands behind his back. His mind was still thinking about the stone tower. Then, he could not help but ask, "Old fan, is the person sleeping in the spirit sacrifice village's ancestral Pagoda really Emperor Jiang?"

"It must be him!"

"This guy was injured after the great battle back then," Elder Fan said in a deep voice. "He disappeared without a trace after that. However, the old man is still familiar with him."

"It's really hard to believe."

Ye Chen took a deep breath and said slowly, "Does this mean that the other ancestors of sorcery also exist in this world?"

"I'm not sure about this old man."

Elder Fan shook his head slightly. "Although the twelve ancestors of sorcery are equally famous, they have very little contact with each other. Moreover, they are rebellious and difficult to tame. After so many years, some of them might have left this world."

"Emperor Jiang is very strong. He's worthy of being an ancestor of sorcery."

Ye Chen's eyes flickered with uncertainty. "Now that he's injured, he's already surpassed the perfected void refinement realm. I just don't know how strong he was at his peak."

As he was speaking, he seemed to have sensed something and looked at the ground. As if he had noticed his abnormality, Zhu Li, who was behind him, immediately stopped the giant snail under his feet.

Ye Chen's gaze pierced through the clouds and looked at the ground.

In the dense fog, a petite figure was running around in the forest in a rather sorry state. There were many wounds on her body, and her clothes had long been stained red with blood.

"Whoosh, whoosh, whoosh ..."

At the same time, not far behind him, more than a dozen figures broke through the air and chased with all their might. A strong killing intent was locked on the former.

“Woof!”

All of a sudden, a ray of light appeared in front of the petite figure and struck her body. The petite figure groaned and her body fell heavily to the ground, revealing the appearance of a young girl.

She spat out a mouthful of blood and looked at the old figure who had attacked her with hatred.””Heavenly evil city, you exterminated our Merman race. Our forefather will never let you off!”

“Old ancestor?!!”

The old figure standing in front of him laughed cruelly.””Merman patriarch, this old thing, can’t even protect himself, how can he not let us go?”

After he finished speaking, he struck out with his palm, pointing at the person in front of him.

The young girl could not help but reveal a look of despair.

“Crack!”

Suddenly, a strange sound came from the distance, as if someone had stepped on a rotten branch. Even so, the old figure was shocked.””Who’s there?!!”

Under everyone’s gaze, a thin young man slowly walked out of the forest with his hands behind his back.

Ye chen looked up at the young girl and smiled.”Little sister, I saved your life, so can you tell me about the merman race?”

Chapter 1589: A group of Rascals also dared to bully this ye’s sister-in-law!

When the young girl heard ye Chen’s words, although she looked afraid, she gritted her teeth. It was obvious that she also regarded ye chen as an existence that harbored ill intentions toward the merfolk clan.

Ye chen could not help but laugh.”Little sister, to be honest, Yang Tian is my brother. I’m here to find him.”

“You’re my son-in-law’s elder brother?”the young girl was skeptical.

Ye chen was about to nod when he heard the old voice sneer.””Where did this young man come from? you dare to meddle in my heavenly evil city’s business? are you tired of living?”

Ye Chen’s smile did not falter. He only waved his hand slightly.”Kill these noisy old dogs!”

As soon as he said that, the people of the heavenly evil city were shocked. But before they could react, they heard a deep voice coming from the void,””Yes, sir!”

“BOOM!”

In a flash, a god-like figure descended from the sky, and in an instant, a dozen heads flew high into the air silently.

It was Zhu Li.

This scene was completed in the blink of an eye. By the time the girl reacted, she had witnessed the bloody and cruel situation at the scene. Her face was pale without a trace of blood.

Ye chen looked at the young girl again. "Little sister, look. I've killed this group of so-called people from the heavenly evil city. That's enough to prove that I'm not from the heavenly evil city, right?"

"Are you really Guye's older brother?"

The girl looked at him weakly and finally gritted her teeth, "My Lord, I beg you to save the young lady!"

With that, she knelt down in front of ye chen. Her bean-sized tears were like beads from a broken string, flowing out.

"Miss?" Ye chen frowned.

The young lady's eyes were red as she said, "Miss is Guye's wife. After our Merman race was in trouble, Guye brought up the rear and protected miss as she left."

"You don't have to worry about that."

Ye chen stopped her and smiled. "You don't have to call me Lord, just call me big brother ye."

"Brother ye, I'm Rui 'er!"

The young girl wiped her tears and said helplessly, "The heavenly evil city had joined forces with many forces from the desolate region to attack our Merman race. Many elders were killed in the battle and our clansmen were captured. I was lucky enough to escape ..."

"The heavenly evil city?"

Zhu Li's expression changed. "The heavenly evil city and the merman race have never had any grudges. They have never crossed paths. Why are they targeting the merman race?"

"What about Yang Tian?" ye Chen's eyes flashed.

He didn't expect the merman race's situation to be so complicated.

Rui 'er sniffled. "I don't know either. When I ran out, Guye was still fighting with them in the clan."

"It's fine ..."

Ye chen shook his head slightly. "Tell me where your lady is first. We'll save her first. Then, we'll go and save Yang Tian!"

"I ... I don't know where miss is!"

Rui 'er buried her head in self-blame and said in tears, "I sneaked out with the young lady. Later, someone was chasing after us, so we got separated."

"Oh, Brother ye, you have to save our young lady. They sent a powerful cultivator at the void training stage to kill her ..."

At this point, she looked at ye chen with pleading eyes.

“You know the general direction, right?” ye chen smiled helplessly.

Rui ‘er pondered for a moment, and finally pointed to the southeast, “Young ... Young miss should have run in that direction ...”

Ye chen did not hesitate any longer. With a wave of his sleeve, he dragged the two of them into a ray of light and teleported toward the southeast. At the same time, his divine sense covered a radius of ten miles.

“Isn’t the merman patriarch at the void training stage?” he asked in confusion. “Why did the heavenly evil city break through so easily?”

“The old ancestor is no longer the clan leader!”

“The new chief is the son-in-law,” Rui ‘er said.

When ye chen heard this, he thought he had heard wrong. “What? Yang Tian has become the merman tribe leader?”

“Yup!”

Rui ‘er nodded her head repeatedly, as if she was worshiping Him, “Guye reached the void training stage after he returned to the family. The patriarch passed the position of the family chief to him and announced that he was going into closed-door cultivation. Guye will take over all the affairs of the family.”

At this point, her eyes turned red again. “We don’t know what’s going on with our ancestor, and we can’t wake him up. That’s why we were caught off guard by the heavenly evil city ...”

“I hope he’s fine!” Ye chen said to himself.

.....

At the same time, in a dense forest in the southern region that was shrouded in thick fog, the entire secret order was almost sealed off by killing intent and thick blood Qi.

In the thick fog, there was a bonfire that was burning brightly. From time to time, it would give out crackling sounds.

Beside the bonfire, several figures covered in blood were tightly protecting a woman. They looked at the people who had surrounded them with despair.

The woman who was being protected was wearing a purple dress, and her face was so beautiful that it was almost demonic. She seemed to be a peerless demon that could bring disaster to a country and its people, and countless Kings would flock to her.

However, at this moment, the purple-robed woman’s face was as pale as a sheet of paper. If one were to look closely, one would discover a shocking sword wound on her shoulder, and blood was slowly flowing out from it.

“Miss, surrender!”

An old man with a sinister face slowly walked out from the Black Mass of people. The old man looked at the purple-dressed woman and smiled bitterly, "Our Merman race is finished. Only by surrendering can we preserve our bloodline."

"PAH!"

Hearing this, the lady in the purple dress sneered, "Yu Cang, you are a traitor of the merman race. Do you think you are qualified to stand out and ask me to surrender? It's precisely because the merman race has more traitors like you that they have such an ending today!"

Hearing this, the old man named Yu Cang flew into a rage out of humiliation, "So what if you don't surrender? even if you have three heads and six arms, you won't be able to leave here alive!"

"Old ghost Yu Cang, why are you talking so much nonsense with her?"

At this moment, a sneer came from the Black Mass of people. Then, an old Man in Black stepped out.

The old man looked at the purple-dressed woman with a lustful look. "Lady Yu feixuan, since you're not willing to do it the hard way, then don't blame me for not showing you any mercy!"

His eyes flashed with extreme killing intent. Then, without any hesitation, he waved his hand and said, "Kill! Dead or Alive!!!"

"BOOM!"

The silent forest was immediately covered with endless killing intent.

"Protect the young miss!!!"

At the same time, the mermen who were standing in front of Yu feixuan roared in anger. Their eyes were bloodshot, as if they were ready to die for their cause.

Yu feixuan smiled bitterly and closed her eyes in despair.

Nearly 20 elites of the clan had protected her as she escaped, but only a few were left.

She could not bear to see any more sacrifices.

At that moment, a series of voices suddenly rang out in the world. "A bunch of Rascals dare to bully my sister-in-law?!!!"

Chapter 1590: Close your eyes if you're scared!

"Who's there?!!!"

The sudden voice shocked everyone, while master Tianhong, Yu Cang, and the others looked around them.

Under everyone's gaze, three figures slowly walked out of the thick fog. It was ye chen and the other two.

Ye Chen's gaze fell on Yu feixuan and he smiled. "Miss Yu, let me introduce myself. I'm ye chen!"

“You ... You are ...”

Yu feixuan, who had given up all hope, was stunned for a moment. Then, as if she had recalled something, her body trembled slightly, “You’re Yang Tian’s older brother?!”

“It seems that this guy doesn’t value his lover over his friends!”

Ye chen shook his head and smiled.

“Another three people coming to die!”

When master Tianhong saw that ye chen only had three people, he was not shocked. Instead, he was overjoyed. Then, he waved his palm down. “Kill them first!”

“Yes!”

As countless powerful responses were heard, streams of terrifying true energy burst out and turned into a huge torrent that whistled toward ye Chen’s group.

Rui ‘er, who was behind ye chen, suddenly cried out in shock.

“Close your eyes if you’re afraid!”

At this moment, ye Chen’s voice suddenly rang in her ears. Rui ‘er immediately closed her eyes subconsciously.

At the same time, ye chen acted as if he did not see the massive torrent that was surging toward him. He walked straight toward master Tianhong as if he was taking a leisurely stroll.

“You’re looking for death!”

A soul formation cultivator could not help but sneer when he saw this. Then, he conjured a divine power and smashed it at ye chen. From a distance, the divine power seemed to have triggered lightning.

However, the next moment!

His vision blurred and he suddenly felt a sharp pain in his chest. When he looked down, he found a huge bloody hole in his chest.

Rui ‘er could not help but cover her eyes with her hands and look out through the gap. The scene that entered her eyes made her extremely shocked.

In the face of the attacks of hundreds of cultivators, ye Chen’s figure passed through each person’s body like a ghost and finally landed in front of master Tianhong and the others.

“Bang Bang Bang ...”

With a deafening sound, the bodies of the hundreds of cultivators exploded and turned into a bloody mist.

Deathly silence. The world suddenly fell into a deathly silence.

Master Tianhong and the others were dumbfounded.

Ye Chen landed in front of the former and the others, then smiled slightly. That smile revealed a bone-chilling coldness. "Who gave you the guts to touch my brother's woman?!!"

"You!"

Master Tianhong instantly regained his consciousness. His expression was extremely ugly. When he looked at Ye Chen again, there was a trace of coldness in his eyes.

"BOOM!"

The next moment, several people attacked. Their terrifying true origin exploded like a heavy nuclear bomb and blasted toward Ye Chen.

An early void refinement realm expert!

The four of them attacked at the same time!

He was merciless!

"Brother Ye! Be careful!" Xue 'er exclaimed.

Zhu Li, who was standing in the distance, laughed. "Little girl, these few guys can't hurt your big brother Ye!"

Faced with the sudden attack of the five, Ye Chen acted as if he did not see it. He still had a smile on his face.

The five men's expressions changed drastically because they realized that when their attacks landed on Ye Chen's body, they were like clay oxen entering the sea. They had no effect at all.

What shocked them even more was that the true Qi in their bodies had strangely frozen, and so had their bodies.

It was as if he had been cast with an immobilization technique.

He was terrified, extremely terrified.

Master Tianhong's heart trembled as his eyes widened. "You ... Who are you?!!"

"Fellow Daoist, I'm also a Merman. Please spare my life for the sake of the young lady ..." Yu Cang was terrified.

"You've touched my brother. Haven't you found out who's behind him?"

Ye Chen looked at the five of them coldly. "Don't worry. After I kill you, I will head to the merman race and wipe out all the powerful cultivators in your Tian Xie city. I will send all of you down, including Tian Xie Zi, to reunite with you!"

"Ah!"

When he heard this, Master Tianhong roared with all his might. A thunderous sound came from his body. He had used some unknown method to break free from Ye Chen's comfort.

"Escape! I must escape!!!"

His figure frantically fled into the distance.

Ye Chen's expression did not change. After killing the other four, he slowly extended his palm and clenched it in the direction of master Tianhong. It was as if he had triggered the entire Galaxy.

Just as he clenched his fist, everyone watched in shock as a huge crack appeared in the void where master Tianhong was. Like a ferocious beast, it devoured the former.

”

In an instant, shrill screams rang out from the crack, and a shocking blood mist spread out.

The entire world fell silent.

Rui 'er, Yu feixuan, and the others were all dumbfounded by what they saw. They were petrified, and the shock on their faces could not be concealed.

An early stage old monster was killed in such a way?

This was simply too shocking!

Even Zhu Li, who had seen ye Chen's methods before, was shocked. He had thought that ye Chen's physical body was already abnormal enough. He did not expect that ye Chen's god-like divine ability was even more terrifying.

Ye chen slowly landed in front of Yu feixuan. For the first time, he sized up the young lady of the merfolk clan at close range. "Miss Yu, are you alright?"

It had to be said that Yang Tian's judgment was not bad.

Although Yu feixuan was a mermaid, she looked no different from a normal woman. Her appearance and temperament were among the best in the secular world.

After saying that, he flicked his finger and several spiritual energy whirlpools immediately entered the bodies of the few people. They were surprised to find that the injuries in their bodies had recovered by a lot.

"Miss ..."

At the same time, Rui 'er, who was standing in the distance, rushed over and cried. She was full of self-blame and excitement.

Yu feixuan patted her head gently and then looked at ye chen. Her pretty face was filled with gratitude. "Thank you for saving me, fellow Daoist ye."

As she said this, she took a deep breath, as if she was unable to calm down from the shock, "I've heard Yang Tian mention fellow Daoist ye more than once. I didn't expect you to be even more terrifying than the rumors!"

"You're too kind!"

Ye chen smiled and then looked at Rui 'er with a straight face. "Little girl, now you finally believe that your big brother ye didn't lie to you, right?"

Rui 'er's little face blushed, and she buried her head in embarrassment.

Yu feixuan heaved a sigh of relief and said, ""With fellow Daoist ye's help, I believe that our Merman race might be saved this time!"
