Chapter 1591: Don't blame me for starting a massacre again!

When ye chen heard this, the smile on his face disappeared. He frowned and said, "Miss Yu, what's going on? Why did the heavenly evil city attack your Merman race?"

Yu feixuan could not help but smile bitterly. "Fellow Daoist ye, you may not know this, but there is a Supreme treasure in the merman race. It is known as the heavenly Pearl. This item can help all the mature Merman race members of the past generations to transform."

"I don't know where the heavenly evil city heard that our clan's heavenly jewel could help powerhouses at the void training stage to advance. So, they United with the other forces in the waste realm that were hostile to us and launched a surprise attack on us ..."

"This was a premeditated attack because many of the higher-ups in the race were incited to rebel. It was also because they worked together from the inside and outside that our Merman race was caught off guard ..."

When she said this, her face was full of ridicule.

"How many old monsters at the void training stage are there among the forces that attacked the human clan this time?" ye chen nodded slightly and frowned.

"Four!"

Yu feixuan took a deep breath and said with a serious expression, "Tian Xie Zi is at the late void refinement realm while the other three are at the mid void refinement realm,"

"The four of you, huh ..."

Ye Chen's eyes flickered. "In that case, it's not surprising that your Merman race will be defeated. After all, your race only has the merman patriarch and Yang Tian, a powerhouse who has just entered the void training stage."

"It's not that simple!"

Yu feixuan shook her head and said, "if the great ancestor was here, there might still be a way out. Unfortunately, after the great ancestor went into seclusion in the ancestral lands, we could not contact him at all ..."

"I suspect that something might have happened to the ancestor!"

"I see ..."

Ye chen suddenly came to a realization. Then, he slowly told them about how he had received one of Yang Tian's severed arms. Yu feixuan and the others were shocked.

Yu feixuan's body trembled as her face turned pale, "The heavenly evil city is so vicious. It seems that something has happened to brother Tian!"

“My brothers won’t get into trouble that easily. Don’t worry.”

Ye Chen narrowed his eyes, a cold glint flashing in them. “However, the heavenly evil city dared to treat my brother like this. Don’t blame me for killing them again!”

.....

At the same time, within the merman race.

Blood Qi covered the heavens and earth. The flames of war had yet to die out. It was a complete mess, as if a shocking battle had just taken place here. It was tragic and shocking ...

Four old figures were hidden in the void. As they breathed, the surrounding space appeared to be extremely distorted, as if it could not bear the burden.

“Tianhong’s primordial Spirit Fire has been extinguished!”

Suddenly, one of the white-haired old men opened his eyes. His voice was like thunder, shattering the void.

“Fellow Daoist Tian Xie and fellow Daoist Tian Hong are both at the early void refinement realm.”

Another god-like figure said indifferently, “Even though he advanced through abhisheka, he still has quite a few tricks up his sleeve. Who has the ability to kill him? even his primordial spirit did not survive?”

The old man who was called fellow Daoist Tian Xie sneered. “In the entire Yin Xu, apart from that person, who else has such a technique? Don’t forget, my disciple died at his hands. ”

As soon as he said that, the void fell silent.

“Ye Nankuang!”

“It’s him indeed,” someone mumbled to himself. “He’s so fast. Judging from the situation, I’m afraid he’s already saved that little girl named Yu.”

“So what if he’s here? Didn’t we scheme so hard and set up such a trap at all costs for this child?”

Tian Xie Zi smiled faintly. Then, he flicked his finger and the space suddenly cracked open slowly. An incomparably huge cage slowly appeared.

There were two figures locked in the cage. One of them had thick eyebrows and big eyes. However, he had lost an arm and his cultivation had been sealed. He looked extremely miserable.

Tian Xie Zi narrowed his eyes and looked at the end of the sky. A strange look appeared on his face. Ye Nankuang, come. I’ll prepare a special gift for you ...” He said.

.....

The southernmost land of the waste realm, close to the sea.

On the boundless sea, the originally sparkling surface of the water was now stained with blood, as if the entire sea had been dyed red. In the distance, one could vaguely see many floating corpses that had been soaked until they were white.

Several figures swept to the front of a floating corpse. The floating corpse seemed to be an underage teenager. There were huge scales on the lower part of his body, which looked like a fish in the water. From the waist up, he was no different from a normal woman.

The young girl's face was filled with fear, as if she had experienced despair and torture before she died.

"Miss, it's Xiao Tao!"

Rui'er cried on the spot. She pounced over and picked up the young girl's floating corpse. She sobbed silently and was very sad.

"Xiao Tao ..."

Yu feixuan's body trembled slightly as she looked at the young lady's body in grief. She clenched her fists and said, "Don't worry, I'll definitely avenge you!"

"It seems like your Merman race has suffered heavy losses this time!"

Ye chen looked at the river in the distance and took in all the floating corpses of the merfolk. Then, he sighed. "I hope there are still survivors."

After he finished speaking, he formed a seal with his hands. The vast sea water in front of him rolled up and turned into a huge water dragon that was more than 1000 feet in size.

"Let's go!"

With a wave of his sleeve, ye chen carried the few of them onto the huge water dragon and whizzed toward the center of the sea at an incredible speed.

Not long after, a small island appeared in front of everyone's eyes. At first, the island was like a drop in the ocean. As the group approached, the island gradually enlarged until its true appearance was completely exposed to ye Chen's sight.

It was more like a huge city on water than a small island. From the dilapidated crystal buildings, it used to be magnificent.

Unfortunately, it was now covered in endless blood light.

There were nearly a thousand people guarding the island, as if they were monitoring the entire sea for any movements.

"What's that?!!"

Suddenly, one of the thousands of people exclaimed.

In an instant, everyone's eyes looked in the direction he was looking at. They saw a Dragon's Shadow whistling over from the distant sky, and there seemed to be several figures standing on the Dragon.

"Enemy attack, enemy attack!"

“Hurry, hurry and send the signal!!!”

Someone’s expression changed drastically and he immediately shouted. In an instant, countless sword-like bright rays of light shot into the void.

“BOOM!”

After the bright light rose to a certain level, it exploded like a nuclear bomb and turned into a huge energy Mass. Everyone within a hundred miles could see this huge energy Mass.

In just a few breaths, the entire Island was shaking.

“BOOM!”

At that moment, a shocking giant palm, which was like a mountain range that stretched for dozens of miles, covered the sky and earth. Then, it fell heavily.

The surface of the endless sea caved in deeply, as if the bottom of the sea had collapsed. Immediately, thick blood water rose from the bottom of the sea.

Ye Chen slowly retracted his hand. His calm eyes were filled with a menacing glint. “I’d like to see who can stop me today!”

Chapter 1592: Ye nankuang, you are ye nankuang?

“Enemy attack, enemy attack!!!”

After watching the shocking palm annihilate all the living beings within a radius of ten thousand feet, everyone on the island immediately became restless.

“Who dares to be enemies with the four major forces?!!”

“It’s the merfolk race’s eldest miss!”

In an instant, countless figures with powerful auras stepped out from all corners of the island, accompanied by earth-shaking roars.

The invisible killing intent sealed everything, causing the entire sea area to be unable to bear the burden.

“You guys wait for me here. I’ll deal with this motley crew!”

Under everyone’s shocked gazes, Ye Chen’s hands were behind his back. His figure rose steadily, and his sleeves suddenly swelled. Like immortal Yu Hua, he whistled toward the island.

“Who are you?!!”

When they saw Ye Chen’s face, the figures that emerged from the island immediately shouted coldly.

Ye Chen’s earlier display of strength had shocked them but they did not dare to act rashly. They could only hold Ye Chen back in secret and wait for the reinforcements of the four major forces.

“Didn’t you set up this trap to lure this ye out? now you’re pretending not to know me!” Ye chen stood in the air with his hands behind his back and said calmly.

As soon as he finished speaking, a cry of surprise came from the crowd, “Ye nankuang, you’re ye nankuang?!”

As soon as these words came out, the world fell silent. After hearing these three words, countless people were first stunned, and then fell into an endless horror.

It could be said that ye nankuang’s name was well-known in the entire Yinxu. After all, the battle outside the huangshen tomb was too shocking.

An old man at the peak of the soul formation stage with a gloomy aura stood out and threatened, “Ye nankuang, this is a grudge between us and the merman race. It has nothing to do with you. I advise you not to interfere, or you will bear the consequences!”

“You’re still putting on an act with this ye!”

Ye Chen’s eyes turned cold.

“Kill him!”

The gloomy old man narrowed his eyes and waved his hand. Then, countless figures flashed over like a flood of steel with no end in sight.

Even Zhu Li, who was far away, was shocked by such a lineup.

“Kill!!!”

In the sky, the eyes of the people from the four major forces were red. There were traces of black gas jumping in the depths of their pupils. Then, they charged at ye chen without fear of death.

Less than a thousand feet away from ye chen, the dozens of people at the front had a crazed look in their eyes.

“Boom boom boom!!!”

An earth-shattering boom rang out.

The dozens of people had turned into blood mist!

However, it was not ye chen who made the move!

It was self-destruction!

The lowest cultivation base among the dozens of people was at the nascent Soul Stage, and the highest cultivation base was even at the soul formation stage. However, all of them chose to self-destruct!

“BOOM!”

In an instant, the entire sky seemed to be dyed red with blood. Under the impact of the violent energy, the sea of blood turned into a sea of blood that swept everything in its path and madly rushed toward ye chen.

“What a ruthless method!”

The expressions of Zhu Li, Yu feixuan, and the others who were standing in the distance changed. They did not expect these people to not fight with ye chen at all and choose to self-destruct instead.

“Interesting, but with the self-destruction of these dozens of people, you might not be able to hurt this ye in the slightest!”

Ye Chen’s face flashed with ridicule, then he chuckled.””Break!!!”

In an instant, a huge hand covered the sky and earth, striking out horizontally. It was like a continuous mountain range that spanned thousands of miles, drowning the sky and making all living beings tremble.

“Bang!”

The big hand was like a piece of rotten wood, forcibly wiping out the power of the self-explosion of dozens of people. Then, without losing its momentum, it struck the Black Mass of people with a finger.

“Not good! Retreat! Retreat!”

When they saw the giant hand coming towards them, countless people’s expressions changed drastically. Then, they cried out in alarm and retreated frantically, as if they wanted to avoid this terrifying attack.

However, they were still too slow.

“BOOM!!!”

As ye Chen’s heaven-crossing finger fell, all living creatures within a thousand feet were wiped out. When one looked at the sea again, it was directly wiped out, as if it had become a bottomless abyss.

“What kind of divine power is this?!!”

Everyone felt their souls tremble.

Even so, there were still two-thirds of people who were lucky enough to survive because they were standing far away. However, the line of defense in their hearts had been completely destroyed.

“Watch my lightning palm!!!”

Ye Chen’s eyes flashed and he struck out with his palm.

In the terrifying rumble, a purple ball of lightning fell into ye Chen’s hand from the sky.

As ye Chen’s palm pushed out, the huge lightning ball turned into a terrifying world of lightning and exploded with a loud bang. It was like a giant Lightning Beast opening its mouth to swallow the crowd in the distance.

Another half of the people died under the palm.

Deathly silence. The entire world was deathly silent. Everyone’s eyes were filled with fear, as if they had seen something terrifying.

“Is he still a human?!!”

Some people couldn't stop trembling. This kind of method was already comparable to an immortal.

Even the dozen or so soul formation cultivators who were hovering in the air were all forced to retreat in unison, their faces filled with horror.

They did not dare to fight ye chen head-on!

The former's methods were too shocking.

Ye chen took a step forward and the people from the four major forces immediately retreated frantically. The scene was too shocking.

"This is the true 'one man breaks through an Army of a thousand'!"

In the distance, Zhu Li looked at the peerless figure who looked like an ancient demon Lord descending to the mortal world. He could not suppress his shock.

The four great forces had been killed by ye chen alone!

Looking at the island, a thunderous voice suddenly exploded between the sky and the earth, "Tian Xie Zi, are you still going to hide at a time like this?"

"BOOM!!!"

As soon as these words were spoken, it was as if thousands of Thunderbolts had exploded in everyone's ears. Immediately, many people's eardrums were bleeding, and their bodies were almost torn apart.

Not long after ye Chen's voice fell, a chuckling voice was heard. "Ye nankuang, you didn't disappoint me. You really came!"

The next moment!

Four rays of light shot out from the island and slowly turned into four figures in different clothes.

The leader had a head full of white hair and a pair of malicious eyes. They were like bottomless black holes that could suck one's soul. The three people beside him caused the space to tremble.

Ye Chen's eyes were fixed on the leading white-haired old man and he said lightly, "You are Tian Xie Zi, the Lord of the heavenly evil city?!"

"That's right, I am Tian Xie Zi!"

Tian Xie Zi looked at ye chen quietly with a half-smile on his face. He then said calmly, "The three people beside me are the beast Emperor of Darkness from the corner of darkness region, fellow Daoist Fu Xian from the deity mountain, and fellow Daoist senluo!"

Chapter 1593: path to immortality!

Many native creatures of YinXu lived at the core of YinXu.

These native living beings had their own camps, dividing the boundaries and governing. For example, the fu Xian clan of the fu Xian Ridge, the Sen Luo mountain, and the dark corner region.

Later on, it was after the powers from outside the region settled in the Ruins of Yin and attacked the core. After many wars, the native living beings of the Ruins of Yin accepted the existence of the powers from outside the region.

For example, the heavenly evil city was a power formed by the Alliance of rogue cultivators from outside the region. Tian Xie Zi was the Lord of the heavenly evil city and was regarded as a Supreme Being by all the Rogue cultivators.

As Tian Xie Zi and the other three appeared, Yu feixuan, who was standing in the distance, could not help but say coldly, "You old bastard, hand over Tian 'GE!"

"Are you referring to fellow Daoist Yang Tian?"

Tian Xie Zi cast her a glance and said with a faint smile, "Miss Yu, your husband is still alive. Don't worry, if you want to be with him, you can come to my side. I'll definitely fulfill your wish!"

"Grant me my wish?"

"And my grandfather, what did you do to him?" Yu feixuan sneered.

As a late void refinement realm cultivator, the merman race's patriarch was an extremely ancient existence even when placed in the five great holy grounds. However, during the four great holy grounds 'attack on the merman race, the merman race's patriarch had never shown his face. In her opinion, something must have happened to him.

"It's no good for fellow Daoist Yu Taiyuan to be intact in your ancestral land. "

The old man from the region of darkness laughed eerily. "However, don't have any hopes for him. That old fellow can't even protect himself now."

Yu feixuan's expression changed slightly. "Tian Xie Zi, your heavenly evil city has allied with the three great factions to attack the merfolk. If the world guardians hear about what you have done to us, you will not have a good ending!"

"A world Guardian?"

The old man from the hidden immortal Ridge laughed disdainfully. "Since we have the guts to conspire with you, we must have considered the realm Guardian. In the future, the realm Guardian might have the energy to intervene in this matter. But I'm afraid we can't do it now."

"The purpose of you all setting up such a trap is to lure this ye here!"

Ye chen narrowed his eyes and sized the four of them up. He said coldly, "Now that we've achieved our goal, should we hand over my brother Yang Tian and the others?"

"No rush!"

Tian Xie Zi smiled, looked at him and said, "Fellow Daoist ye, I've long heard of your great name. Especially the battle outside the huangshen tomb, it made me admire you to the extreme."

"You're just a native of this abandoned star area, but you've grown to this stage. It's enough to prove that your talent and opportunities are extraordinary. "

“Hmph!”

Ye chen snorted coldly, cutting off his ramble. He sneered, “You lured this ye here in order to say this kind of nonsense to this ye?”

Tian Xie Zi was not angry at all. Instead, he laughed and said, “Of course not. I sincerely invite fellow Daoist ye to join us and work together on the great Dao of immortality!”

“The Dao of immortality?”

Ye chen laughed out loud. “You’re only at the void training stage. You’re still thousands of miles away from becoming Immortals. How dare you talk about the great Dao of eternal life? are you overestimating yourself or just dreaming?”

“Wishful thinking?”

The old man from Sen Luo mountain frowned and stared at him. “Fellow Daoist ye, such thoughts might be wishful thinking in the future, but things are different now!”

“I believe you’ve heard about what happened tens of thousands of years ago. Emperor Xuanyuan fought Immortals in the lower realms in this world and suppressed them here.”

As soon as these words came out, the world was silent for a moment, and then after a short silence, there was an uproar.

Even the disciples of the four great forces were no exception.

What did they just hear?

Lower realm Immortal? And it was suppressed in this world?

One had to know that earth was just an abandoned star field that couldn’t even be ranked in the top 100 of the heavenly stars. How could it suppress an immortal?

Not only them, even Zhu Li, who was far away, was no exception.

Although he was a native of YinXu, he wasn’t born tens of thousands of years ago, so he knew very little. After hearing this shocking secret, he was extremely shocked.

“So what if I have? So what if I’ve never heard of it?”

“Don’t tell me this is what you’re talking about?” ye chen sneered.

At the same time, he finally found an explanation for the suspicions in his heart. Tian Xie Zi and the others had overestimated themselves and developed a desire for the ancient immortal that had been suppressed.

“Naturally!”

Tian Xie Zi said with a serious expression, “we’re not the only ones who are interested. The five great saint lands are no exception.” Existences like the great Jiang dynasty descended to this world for the immortal that was suppressed. ”

“Fellow Daoist ye, the opportunity to become an immortal is right in front of you. I don’t believe that you don’t have any thoughts about existence!”

As he said this, his eyes flickered,”“However, with the great Jiang divine dynasty, as well as the path Lord of carnal desires and the others, it’ll be very difficult for us to compete with them.”

“That’s why I’ve formed an alliance with fellow Daoist darkness and the others. Only by cooperating sincerely can we get grain from the fire!”

“Not bad!”

“Yes!” The beast Emperor nodded solemnly.”Fellow Daoist ye, as long as you are willing to join us, we can promise that not only will we return Yang Tian and the others, we can also work together on the path to immortality!”

“As long as fellow Daoist ye agrees to it, I will let bygones be bygones, including the fact that you killed my sworn brother and my disciple!” Tian Xie Zi said.

Ye chen acted as if he did not hear them. He quietly sized up the four of them and then laughed.”How dare the four of you talk about the path of immortality? you want me to join you? are you even worthy?”

After saying that, he paused for a moment, and his eyes suddenly became extremely cold. “I’ll say it one last time. Hand over my brothers, Yang Tian, and the others, and I’ll leave your corpses intact!”

As soon as he said that, the world returned to dead silence.

The smile on Tian Xie Zi and the other three’s faces gradually disappeared. Their expressions turned extremely dark and an invisible killing intent surged out from their bodies.

Tian Xie Zi sucked in a deep breath and laughed out of extreme anger.”Since you refuse a toast only to drink a forfeit, then don’t blame this Lord and the other three for not giving you a chance!”

“With just the four of you?” Ye chen sneered.

“Since we’re going to deal with you, how can we not have prepared methods?”

Tian Xie Zi did not get angry. Instead, he smiled in a strange manner.”Ye nankuang, I’ll show you the gift we’ve prepared for you!”

As soon as he finished speaking, he suddenly waved his sleeve.

“Buzz buzz buzz ...”

Almost at the same time, the sky changed color and the wind blew. Endless black gas rolled in from all directions, emitting an extremely evil aura.

“What is that?!!” Yu feixuan and the others were stunned.

“Demonic Qi!”

Ye Chen's pupils contracted slightly. He then looked at Tian Xie Zi and the others again. "I didn't expect you to prepare such a method for this ye. If this ye didn't guess wrong, you must have become the devil Earth's lackeys!"

Chapter 1594: Demonic Qi attacks, a feast!

"BOOM!"

Almost as soon as ye Chen's voice fell, the world was covered by endless demonic sounds. Demonic Qi formed clouds that were pervasive and besieged from all directions.

The endless demonic aura stuck close to the surface of the sea, like viscous seawater. In the depths of the demonic aura, there seemed to be some terrifying creature that could appear at any time.

Zhu Li, Yu feixuan, and the rest were not the only ones who were shocked by the sudden turn of events. Even the surviving disciples from the four great forces were no exception.

From the monstrous demonic Qi, they could feel an evil aura spreading out. The aura made everyone's soul tremble.

"

As countless shrill screams rang out, many disciples of the four major forces exploded after being enveloped by the demonic aura. They turned into a bloody mist and were devoured by the demonic aura.

At the sight of this, many disciples of the four superpowers were horrified. They screamed and screamed as if they wanted to escape.

However, this place was surrounded by demonic Qi, and the only direction they could escape to was the huge island.

When many people rushed towards the island, they found that it was as if they had hit an extremely hard iron wall, and they flew back while screaming.

When he looked again, he saw that the entire Island was surrounded by an incomparably vast light screen of a formation. Tian Xie Zi and the others were in the middle of the formation at that moment and they were looking at the scene outside with expressionless faces.

"Help, I don't want to die ..." He cried.

"Sect master, save me, save me ..."

In an instant, all kinds of mournful screams interweaved, shaking the world. People were constantly wrapped in demonic Qi and devoured as blood food.

Tian Xie Zi and the other three people just sat by and watched coldly.

"Hehe, what a memorable taste ..."

“Our demon Army will definitely enter this world. The billions of living beings in this world are destined to become our food and slaves ...”

After absorbing so much blood and flesh, the demonic energy became so strong that it almost covered the world.

Ye Chen waved his sleeve and immediately condensed a true Qi barrier around Zhu Li and the others. “Be careful, this is demonic Qi, it contains demonized creatures.”

“This demonic Qi comes from the demonic earth!”

Zhu Li’s expression was grave as he looked at the demonic Qi that filled the sky. His face was pale as he said, “These people must have opened a gap in the devil earth and released the devil Qi.”

“Your guess is correct!”

As if he had heard his words, Tian Xie Zi laughed coldly in the air. “We’ve forcefully opened a gap in the devil earth. Enjoy this feast.”

“What’s that?” Xiao Tao suddenly screamed.

The few of them followed his gaze and saw that the surrounding seawater had been demonized, and there were countless strange creatures struggling to escape from it.

“Monster!”

“This demonic Qi is too dense. It’s demonizing all the living creatures in this sea,” Ye Chen said coldly.

“I didn’t expect you to join the devil race.”

Then, he looked at the four of them with a mocking look and said, “People like you who are willing to give up on yourselves are not worthy to talk about the great Dao of eternal life.”

“The winner is king and the loser is Bandit. This has been the truth since ancient times. As long as I can become stronger, so what if I become an immortal or a demon?!”

Tian Xie Zi and the other three chuckled. Then, the four of them bent their bodies at a ninety-degree angle and said with great respect, “We respectfully welcome Lord Night Arc Demon General!”

As the four of them finished speaking, an extremely evil voice came from the demonic clouds that covered the sky, “Hehe, what an arrogant kid.”

As the endless demonic Qi rolled and squirmed, it actually turned into a black shadow. The black shadow was about twice the size of a normal human. Its eyes were Scarlet, and demonic Qi surrounded its body. There was a pair of black bone wings on its back that shattered the void.

If one were to look closely, one would discover that there were red patterns on its wings, all of which exuded an extremely evil aura.

“Demon General!”

Ye Chen’s calm expression finally changed when he saw the black shadow that had suddenly appeared.

Although a demonic general didn't have a high status in the demonic world, in the world of cultivators, he was as powerful as a cultivator at the peak of the void training stage.

Even though the demon in old man Da Huang's corpse was also a demon general, he had been suppressed by old man Da Huang for many years, and his strength had declined.

However, the demon general that appeared now was an existence at the mature stage.

He did not expect that Tian Xie Zi and the other three would break through the devil earth at all costs and release a devil general just to deal with him.

"Greetings, Lord night arc demon general!"

Tian Xie Zi and the other three knelt down on one knee, their faces filled with respect.

The demonic general sneered as his Scarlet eyes surveyed the world. He opened his mouth and swallowed dozens of cultivators on the spot.

"Hehe, what an infatuated blood food ..."

After he had his fill, he looked at ye chen."Tian Xie Zi, is this the ye nankuang you've been talking about?!"

"Yes, Lord Demon general," Tian Xie Zi and the other three immediately nodded.

Chapter 1595: Tremble, ants!

"Trash!"

The night arc demonic general snorted coldly."This young man is only at the early void refinement realm. Why are the four of you so afraid of him? you four are really good-for-nothing!"

Tian Xie Zi and the others immediately lowered their heads as if they were walking on thin ice. They did not dare to say a word of rebuttal.

"Human brat,"

The night arc demon General's greedy eyes swept across Yu feixuan and Xiao Tao before fixing on ye chen."My name is Ye Hu. I'll give you a chance. Submit to me and give me the two beauties behind you as food. I'll grant you an undying demonic body!"

As soon as he said that, Yu feixuan and Su Yu's expressions changed.

"You're called chamber pot?"

"You're just like your name. You smell as dirty as urine!"Ye chen said with a half-smile.

"Bastard!"

The night arc demon general was furious."What an arrogant human brat. After I capture you, I'll let you experience what pain is."

The next moment!

With a gentle clench of his hand, endless demonic Qi in the void immediately gathered towards him and condensed into a huge black spear. The spear was covered with strange and evil patterns.

“Ants, tremble!”

The night arc demonic general shook the black spear in his hand lightly, then turned into a dark shadow and charged toward ye chen in an extremely overbearing and evil manner.

“Boom boom boom!”

At the same time, within the demonic energy that enveloped ye chen and the others, countless fiendish monsters roared and swarmed toward them.

“Miss ...”

Xiao Tao was so scared that her face turned pale.

“I’ll go and meet him!”

“Be careful!” Ye chen said.

With that, he took a step forward, and like a golden rainbow that pierced through the heavens and earth, he annihilated countless voids and charged forward.

“BOOM!!!”

In the void that was enveloped by endless demonic Qi, Ye chen seemed to have transformed into a Golden Wheel. The golden light was resplendent like a rising sun. The light covered thousands of miles and was extremely dazzling and hot.

“Puny human brat, I’ll let you know that in the face of absolute power, any stubborn resistance is futile!”

The night arc demon general was not afraid at all when he saw this change. Instead, he sneered. The black spear in his hand seemed to have transformed into a Black Dragon and slashed at ye Chen’s head.

“Heavenly demon slash!!!”

“Woof!”

As soon as the black spear appeared, the space was immediately torn apart. A crack of a thousand feet in size actually appeared on the sea below. The power of it was frightening.

Even Tian Xie Zi and the others, who were standing far away, could not help but feel their scalps tingle from the power of the attack. Their respect for the night arc demon general grew even stronger.

In the face of this terrifying attack, ye Chen’s expression did not change. He clenched his five fingers into a fist and slowly punched out, pressing forward with an indomitable will.

“BOOM!!!”

The earth-shattering battle that would determine the outcome of the battle had finally begun. As soon as the two of them exchanged blows, a huge crack was torn open in the void. Then, their figures disappeared into the huge crack.

“Brother ye, you must win!”

Xiao Tao’s beautiful eyes stared firmly into the crack. Then, she could not help but wave her pink fist and bite her lips.

“Kill!!!”

Zhu Li’s physical body was fully activated. It was like green jade and glass. Rich qi and blood power gushed out and directly killed many monsters.

“BOOM!”

A gem-like light bloomed from Yu feixuan’s forehead, causing the surrounding sea to boil, as if it was about to pour down.

.....

It was almost at the moment ye chen made his move.

In the Forbidden Zone of YinXu, the endless demonic soil shook as if the sky was collapsing. Endless demonic roars shook the surroundings as if some peerless ferocious creature was coming into being.

“World Guardian, you can’t stop this King!”

Amidst the Great Terror, a sinister voice shook the entire devil earth.””The means left behind by your master have long decayed. My demon Army is determined to enter this world. If you are sensible, you should give up resistance and hand over the body of the ancient immortal!”

In response, an overbearing voice said,””You’re nothing but a Devil King. How hard can it be to kill you?”

“Second brother, third brother, I’ll hold this fiend back. You guys suppress the rest!”

“BOOM!!!”

In an instant, the entire devil earth erupted with horror.

Outside the Ruins of Yin, in the demon God forest.

Qianqiu wuhen took a step forward and appeared in the chaotic devil earth. He turned a blind eye to the shocking battle in the distance and finally appeared beside a huge chasm.

He looked up slightly. In the bottomless abyss, there was a faint, heart-palpitating aura that seemed to be sleeping.

“I’m qianqiu wuhen!”

Qianqiu wuhen cupped his fists at the abyss and said,””Today, I’m here to kill demons. I’m here to borrow your power. I hope you can empathize with the billions of living beings in this world!”

As his voice fell ...

The endless abyss was just as quiet as before.

Qianqiu wuhen's eyes dimmed. He shook his head and left. The moment he turned around, a peerless saber radiance shot out from the bottomless abyss.

"Many thanks!!!"

Qianqiu wuhen held the dazzling saber radiance and murmured, "I wonder what kind of existence would be able to subdue such a divine object!"

Chapter 1596: Do you really think you've won?

A vast and terrifying fluctuation swept through the void like a raging sea. The fluctuation seemed to collapse the sky.

On the surface of the sea, Zhu Li, Yu feixuan, and the others had joined forces and killed countless monsters. Their blood flowed and their corpses were strewn all over the place. The entire sea was dyed red with their blood.

Tian Xie Zi and the other three acted as if they did not see that. Their eyes were fixed on the depths of the void.

The battle there was the focus.

"BOOM!!!"

In the depths of the crack, as ye chen and the night arc demon general clashed for the first time, a terrifying storm was stirred up. The space there was turned into dust under the power of the storm.

"Heaven-devouring demon finger!!!"

The night arc demon General's gaze was disdainful. His pitch-black finger suddenly streaked across the void. Then, an extremely dense black light flashed past, instantly shattering the surrounding void. It contained a terrifying fluctuation.

Such a terrifying fluctuation could instantly kill a late void refinement realm old monster.

"BOOM!"

In the next moment, the black light pierced through the void and whizzed toward ye chen. It looked like it wanted to kill ye chen with a single finger!

"Fiery golden eyes!!!"

In an instant, two golden flames suddenly jumped out from the depths of ye Chen's eyes. They turned into two pillars of light that reached the sky and rose from his eyes, wiping out everything.

"Bang!"

A deafening sound rang out and the black light exploded, turning into an endless storm that raged in front of ye chen and ye mo.

“He actually accepted it?”

When they saw that, Tian Xie Zi and the other three, who had been paying attention to the situation, were extremely shocked. After all, even the four of them did not have the confidence to be able to withstand that attack.

Night arc demon general also looked at the figure standing proudly in the distance, his black hair flying in the wind. His disdainful face was gradually covered by a gloomy expression.

“This is interesting ...”

“No wonder Tian Xie Zi and the other three are so wary of him!”

In the next moment, he grinned, and a cold glint surged in his eyes. Then, the bone wings on his back flapped, and his figure instantly disappeared from the spot.

“But do you think that’s all I have?”

In an instant, the space in front of ye chen distorted. Then, the night arc demon General’s figure suddenly appeared. He grinned hideously and clenched his fist lightly. Dense and extremely sharp spikes grew out of his palm at a speed visible to the naked eye.

Then, he threw a punch at ye Chen’s chest.

Ye chen also threw a punch. His hand seemed to be made of gold and stone, shining brightly. He ignored the stab on the former’s fist.

The two’s world-shaking attack instantly caused the sea surface to collapse. Many monsters were turned into blood mist on the spot, and the mountains that stood in the distance collapsed.

The night arc demon general was shocked. He did not expect ye Chen’s body to be able to resist his demon sealing spike. After all, the demon race’s physical body had never belonged to anyone.

“Kill!!!”

The killing intent in ye Chen’s eyes was like a dragon. He bent his finger like a blade and slashed it at the night arc demon general. The space in front of him was split into two and slammed into the night arc demon general.

The night arc demon rapidly fell from the crack and finally landed on the boiling sea. Demon blood splashed, causing the entire sea to shake.

Tian Xie Zi and the other three were instantly dumbfounded.

The night arc demon general they respected was defeated just like that?

“How is this possible?!!” The old man from Sen Luo mountain exclaimed, unable to hide the shock on his face.

In his eyes, the night arc demon General’s strength was comparable to qianqiu wuhen and the others. Although ye chen was strong, there was still a certain gap between him and qianqiu wuhen and the others. How could he be a match for the night arc demon general?

However, they had no choice but to believe the scene in front of them.

“Brother ye is so powerful!”

When Xiao Tao and the others noticed this, they were overjoyed.

“Roar!”

At this moment, an earth-shaking roar suddenly came from the sea. Then, a black shadow broke out of the sea, revealing a rather embarrassed figure.

It was the night arc demon general.

At this moment, he was missing a bone wing. Demon blood was flowing down, corroding everything. It had been cut off by ye Chen’s sword.

The night arc demon general glared at ye chen and laughed in anger. “Damned human brat, congratulations on successfully infuriating this demon general!”

“This demon will make you wish you were dead!”

Then, the night arc demonic general suddenly roared towards the sky. The monstrous demonic Qi that enveloped everything suddenly gathered towards him quickly, covering the sky and the sun. It was terrifying.

“Great nether devil body, devilish corrosion of the world!”

As the endless demonic Qi was absorbed into his body, his body expanded by more than three times. From a distance, he looked like an ancient demon master, and his evil aura made the world tremble.

“Dark soul devouring spirit palm!”

Night arc demonic General’s eyes were ferocious. He reached out his arm and clenched it. The space behind him collapsed. A giant palm that was thousands of feet in size struck out like the hand of a demon master from the demon world.

“BOOM!!!”

In an instant, all the remaining spiritual energy in the world was sucked away. Even the sea surface was split into two, as if it was afraid of all this.

“Puny human, enjoy this endless fear.”

The red fox demonic general laughed out loud, and his evil aura shook the surroundings.

“You really think you’ve won?”

Ye chen said coldly and attacked.

At that moment, Tian Xie Zi and the other three felt their vision blur. It was as if the world had been turned upside down. The presence of chaos was spat out and they felt a little dizzy.

“Ah!”

Along with an extremely shrill scream, all the strange phenomena disappeared. Everyone was horrified to see a thin figure tearing apart a terrifying black shadow, and demon blood sprinkled down.

“Lord Demon general?!!”

Tian Xie Zi and the other three widened their eyes. They could not believe what they had just seen. The night arc demon general had been torn in half by ye chen?

He was a demon general.

“Ah!”

“Lowly human, you deserve to die!”

“What are you waiting for?!” The night arc demonic general screamed. “You three hiding in the dark! What are you waiting for?!!”

When he said that, Tian Xie Zi and the other three thought that he was talking to them. Just as they were about to attack, they saw the space that was enveloped by the demonic aura start to tumble violently again.

“Hehe ...”

As an extremely evil voice rang out, a black shadow appeared in the distorted void again. This black shadow also had a pair of dark red bone wings.

Another demon general!

When they saw this, Zhu Li and the others were not the only ones who were shocked. Even Tian Xie Zi and the other three felt their hearts turn cold.

“Ye Hu, I didn’t expect you to end up like this today.”

The demon general who had suddenly appeared laughed evilly as if he was mocking the night arc demon general in ye Chen’s hand. He then looked at the huge crack behind him. “The two of you, come out as well!”

Chapter 1597: Killing two demons in a row, all living beings tremble!

“Hehe, I didn’t expect that we would have the chance to interfere in such a boring battle ...”

“It’s indeed boring ...”

As the two voices rang out, endless demonic Qi once again began to boil within the huge distorted crack. Then, two sturdy black figures slowly walked out.

“BOOM!”

As soon as the two black figures appeared, they stood side by side with the demon general from before. The monstrous demonic aura that emanated from their bodies almost suffocated everyone.

“Three ... Three demon generals ...”

Zhu Li's voice trembled.

The faces of Yu feixuan and the other woman turned pale.

Just one demon general had caused such a terrifying scene today. Now, three more demon generals had come. Were they going to collapse the waste realm?

"Roger, save me, quickly save me!"

At the same time, the night arc demon general in ye Chen's hands immediately roared, "If I die, you won't be able to answer to night soul demon monarch ..."

Upon hearing the words 'night soul Demon Lord', the three demon generals' expressions froze. One of them looked at ye chen coldly. "You human brat, you actually forced Ye Hu to this extent. You do have some strength."

"Hand over Ye Hu, kneel down and swear fealty to the demon race. Then, I will spare your life?!!"

The other demon venerable sneered. "Lowly human. Do you think you can fight against the three of us alone? if you know what's good for you, release Ye Luo immediately ..."

"Is that so?"

Ye chen sneered. "If that's the case, I'll kill the three of you today!!!"

The next moment!

A divine flame suddenly burst out from his hand and burned the night arc demon general to death amidst his terrified screams.

In the distance, Tian Xie Zi and the other three were already scared out of their wits.

Even such a powerful night arc demon general had been killed by ye chen. If they had attacked him before, could the consequences be imagined?

Under everyone's gaze, ye chen slowly turned around and stared at demon general Luo Jia and the other two. Deep in his cold eyes, there was a dense killing intent that made people want to attack him.

Then, he walked towards the three of them step by step.

"Crazy, he's crazy!"

Tian Xie Zi shuddered. "Is he going to fight against the three great demon generals by himself?"

With every step ye chen took, the void in front of him collapsed. The aura on his body also increased a little as if an ancient beast had awakened.

After seeing night arc being killed right in front of them, the three generals "eyes turned cold.

"What an ungrateful human brat!"

General roga sneered, his eyes extremely gloomy. "Let's attack together and capture this brat for Lord night soul!"

“BOOM!”

“Great nether devil fire palm!!!”

A sinister and cold voice came out of general Luo Jia’s mouth. A shocking demonic flame bloomed from his palm, and a terrifying destructive force was transmitted.

“Void magic eyes!!!”

“Sun-devouring devil form!”

“BOOM!!!”

Almost at the same time, the three great demon generals attacked at the same time. The monstrous demonic Qi boiled even more, as if it had turned the entire world into an endless demonic realm.

“Human, you dare to make an enemy of my demon race? you’re simply courting death!”

Demonic general Luo Jia urged his demonic flame to transform into a black halberd. It pierced through the void and suddenly stabbed toward Ye Chen’s brow.

“Ah!”

Seeing this, Xiao Tao and the others were shocked.

Ye Chen’s expression did not change. He slowly extended two fingers that were like crystal Jade. Then, he quickly reached out and grabbed the halberd that was only a foot away from his forehead.

Even Jiang Shengwu and the other old monsters at the Great Perfection void training stage, who were only one step away from the spirit division stage, did not dare to take such an attack head-on. However, Ye Chen had easily blocked it with two fingers.

With his fatal blow blocked, a hint of shock flashed through demon general Luo Jia’s eyes. With a long roar, he suddenly pulled back and launched a counterattack.

Clang!

Ye Chen struck out with one arm, meeting the halberd in an overbearing manner. The collision immediately produced a burst of dazzling sparks and the space around him was forcibly cut off, creating a vacuum of nearly ten thousand feet.

“Crack!!!”

He held the black halberd in his hand and exerted force in his five fingers. With a crisp sound, the black halberd was crushed into countless black fragments by his brute force.

This series of actions was completed almost in the blink of an eye. When the other two demon generals reacted, there was only horror left in their eyes.

The demonic General’s Natal demonic artifact was destroyed so easily?

“Thirty-three heavens creation divine fist!!!”

Ye chen struck out with the Trayastrimsa divine creation fist in succession at the speed of lightning, forcing demon general LuoJia to retreat step by step as he spat out demon blood.

“Ancient God’s finger!!!”

Suddenly, ye chen pointed a finger and pierced through the top of demon general LuoJia’s head. Demon general LuoJia roared in anger and screamed as he tried to escape with his demonic soul.

However, it was still too slow. Ye Chen’s finger instantly pierced through the demonic soul. As demonic blood sprayed out, it was completely destroyed.

Demon general roga was dead!

Ye chen did not seem to see it. He pushed out his fists and once again attacked the two stunned demon generals.

Such a scene could be said to be unprecedented.

When Tian Xie Zi and the others returned to their senses, they were shocked to death. Another demon general had died. Ye chen had killed two demon generals in a row.

“Too terrifying. This man is too terrifying!”

The face of the old monster of the hidden immortal Ridge was pale.

“Not good! Retreat!!!”

When they saw ye chen charging toward them with a murderous intent, the remaining two demon generals’ expressions changed and they quickly retreated.

Ye chen closed in step by step, extremely domineering, like a god descending to the mortal world.

Suddenly, an extremely terrifying aura emerged between heaven and earth. It seemed to penetrate the past, present, and future, causing all living beings to tremble.

Another terrifying existence had appeared!

Feeling the surging demonic Qi, the remaining two demon generals were overjoyed. They immediately knelt down on one knee and said with great sincerity, “Welcome, Sir night soul demon Monarch!!!”

Under everyone’s gaze, the endless sea surface suddenly exploded, and a huge object broke out of the sea.

The huge creature was like a whale with countless tentacles. On each tentacle, there was an evil eye.

As the sea water boiled, the huge object quickly shrank and finally turned into a black-robed man who stepped out of the water. He held his hands behind his back and rose into the sky.

His entire body was pitch-black, and every inch of his skin exuded a terrifying power. On his face, there were three extremely evil vertical eyes.

The Man in Black walked very slowly, but every step he took seemed to move the entire void because of him. He was like a Supreme demon master who had crossed the boundary.

He was a terrifying existence!

Ye Chen's calm expression finally changed.

As soon as he appeared, a sense of danger exploded in his heart, as if he was being stared at by some peerless monster.

Chapter 1598: Demon race's demon monarch night soul!

The demonic Monarch!

Ye Chen's eyes narrowed at the sudden appearance of the Man in Black.

In the strict hierarchy of the devil World, if a devil general was equivalent to a cultivator at the perfect void refinement realm, then a devil Lord would be equivalent to a cultivator at the soul splitting stage.

"Things are getting out of hand,"

At the thought of this, he frowned slightly. Apparently, he didn't expect that there was a demonic monarch in YinXu. He must have come from the demonic land.

This made him even more afraid of devil Earth's existence.

The world was silent. Tian Xie Zi and the others looked at the two demon generals who were kneeling respectfully on the ground. Then, they looked at the man in Black with eyes filled with shock.

The black-robed man's evil aura soared to the sky. It was as if he disregarded all living beings in the world. His gaze fell directly on ye chen."Hehe, human, you're quite extraordinary. You've lost two of my subordinates in a row."

"You're the demon monarch night soul that the two pieces of trash mentioned earlier?" Ye Chen's voice was low.

"Not bad!"

The Man in Black smiled slightly, which made one's hair stand on end."This Lord is Demon Lord night soul, a subordinate of Lord dutian Devil King of the devil realm's dutian devil domain ..."

As soon as he said this, there was an imperceptible fluctuation in ye Chen's body. Only ye chen could sense this fluctuation.

It was the split soul of dutian Devil King that he had subdued in the purple sky Realm.

Ye Chen's heart tightened when he thought of the dutian Demon King that night soul demon monarch had mentioned. It was clear that the fellow in his body was the split soul of night soul demon monarch's master.

Now that he was carrying this bomb, if the former noticed it, it would definitely cause trouble.

As expected, night soul Demon Lord's gaze was fixed on ye chen. His eyes flickered as he said, "You're an interesting human boy. You're clearly a human, but you have a hint of the demon race's aura on you. This aura is a little familiar to me."

At this point, he smiled gently. "I'm getting more and more interested in you. Well, I think you're quite interesting. Why don't you come with me?"

His tone was extremely gentle, as if he was really discussing with ye chen. His gaze on ye chen carried a slight mischievous intent.

When they heard those words, the two demon generals, Tian Xie Zi, and the others who were kneeling respectfully on the ground were ecstatic. Their eyes were filled with gloating.

"Hahaha!"

"Ye nankuang!" One of the demon generals said proudly, "you should feel honored to have the Demon King show up in person."

"Miss, what should we do?"

Xiao Tao was extremely nervous, and Yu feixuan, who was standing beside her, turned pale. Her eyes were filled with despair.

Even though she did not know what the demon Lord represented, she could still vaguely guess that the demon Lord's strength was unfathomable.

"Master, you go, this old man will delay him!"

"Die!" With a furious roar, Zhu Li unleashed all his physical strength and charged at night soul demon monarch like a bolt of lightning.

"You're overestimating yourself!"

Night soul demon monarch turned a blind eye to it. A glint flashed in his eyes, and Zhu Li felt his mind explode violently. Then, he fell from the sky with a blood-curdling screech, plummeting heavily into the sea.

The former then looked at ye chen with a half-smile. "What's wrong? Do you want this Lord to invite you?"

"If you want this ye to go with you, then it will depend on whether or not you have the ability."

Ye chen sneered, his long hair dancing in the wind. "It just so happens that the four pieces of trash from before were too weak. This ye didn't have enough fun!"

"Is that so?"

The smile on night soul Demon Lord's face sank slightly. Then, he suddenly brought his palm down. The space in the area distorted violently, and a black shadow whizzed toward ye chen.

This black shadow seemed to be formed by extremely pure demonic Qi. Then, it quickly turned into an extremely black light array in the void.

It was clear that night soul demon monarch wanted to suppress him.

“Good!”

Ye Chen’s eyes flickered as if a wave of murderous intent was sweeping out. Then, his right hand drew a line in the air and a dazzling saber ray broke through the air and stood on the black light array.

Clang!

As the dazzling sparks exploded in the void, the space trembled violently. The unbreakable black light array shook violently for a few times and then exploded, turning into countless violent demonic Qi.

At the same time, ye Chen’s figure also took a few steps back.

“He actually accepted it?”

“How is this possible?!!”

When Tian Xie Zi and the others saw that, their eyes almost popped out of their sockets. Their gazes were filled with disbelief.

One had to know that this was the demon Lord.

It was comparable to an existence at the demigod stage!

Even when they were facing this person, the pressure that they felt made them unable to even have the slightest thought of resisting.

Night soul Demon Lord narrowed his eyes and looked at ye chen again with a hint of surprise. “There’s something wrong with your body ...”

He could tell that ye Chen’s physical strength had long surpassed his true essence cultivation. That was why he could break his soul corrosion demon array with one strike.

“We’ll know everything after we capture you!”

As he said this, he slowly closed his eyes. At that moment, the void behind him suddenly reversed, as if a storm of demonic Qi had been set off. At the same time, a terrifying pressure swept out from his body.

It was obvious that the demon Lord was going to attack with all his might.

“Boom boom boom!”

In an instant, the demonic Qi between heaven and earth boiled and spread out in a mighty manner, as if it was going to break the sky.

Tian Xie Zi and the others were terrified under the mighty pressure. They felt as if their primordial spirits were about to collapse.

“As expected, it’s the strength of a soul clone!”

Ye Chen’s eyes turned grim. With his current early void refinement realm primordial Qi, it would be difficult for him to deal with a soul splitting cultivator.

The only thing he could rely on was his physical strength.

As he thought of this, his body suddenly burst into a brilliant divine light. The divine light was changing at a crazy speed, and behind him, a terrifying shadow was condensing.

There was a Dragon soaring into the sky!

There was a tiger's roar!

There was the cry of a Phoenix in the nine Heavens ...

It was the true spirit nine transformations!

The first time he used this skill was in the heaven wind sea region of the ancient barren world.

As he unleashed all nine true spirit transformations, a terrifying pressure emanated from his body. The pressure was comparable to that of night soul demon monarch.

"Boom boom boom!"

The two terrifying pressures collided with each other, causing the void around the two to collapse and collapse at a speed visible to the naked eye.

At that moment, an extremely domineering voice suddenly reverberated through the world. "Night soul, since when have you fallen to the point of bullying a junior?"

The moment the voice appeared, it turned into a world-shaking turmoil that forcefully dissolved the pressure on night soul demon monarch's body, causing his expression to change drastically.

"Boom boom boom ..."

Under everyone's gazes, the entire sea area was completely destroyed.

Chapter 1599: I'll ask the divine item to help me, kill!

The figure was extremely tall and his long hair was disheveled. He stepped on the turbulent sea with his bare feet, and an indescribable pressure swept out from his body.

The endless purple light dispersed all the demonic Qi in the world.

The moment night soul demon monarch saw the figure, extreme shock flashed across his face. "Emperor River!"

Emperor River!

Hearing this extremely shocking word, everyone's body trembled. Then, as if they had recalled something, they all sucked in a cold breath.

Di Jiang, the ancestor of sorcerers!

He was one of the twelve most terrifying existences on earth in ancient times!

Ye chen was equally shocked!

Wasn't Emperor Jiang in a deep sleep?

The tall figure came with a bright purple light, like an ancient God descending to the world. He instantly appeared clearly in everyone's sight.

Only then did everyone see his face clearly. He was a rough-looking middle-aged man with a head of purple hair and eyes like lightning. His facial features were slightly different from that of a normal human, but the aura emitted from his body made the world tremble a little.

”

Under the bright purple light, the two demon generals who were kneeling on the ground immediately screamed miserably. Their bodies began to emit green smoke, as if they were being burned.

Then, he disappeared in front of everyone.

“Plop!”

When they saw this, Tian Xie Zi and the other three fell to their knees. Their hearts trembled and they felt as if their souls were about to fly out of their bodies.

To think that such a terrifying existence was hidden on earth!

“Emperor Jiang, I can't believe you're still alive!”

Night soul demon monarch's expression was extremely gloomy. He turned a blind eye to the tragic deaths of his two subordinates and fixed his evil eyes on Emperor Jiang. “No, this isn't your original body. It's a clone!”

“Even a clone is enough to kill you!”

Emperor Jiang chuckled with an indifferent expression, as if he was not good with words. “So many years have passed, and your devil earth finally couldn't bear it and came into being early. Aren't you afraid of repeating the same ending?”

“Hmph!”

“If not for Emperor Xuanyuan, the Lord of the human race, setting up a trap and forcing the powerful demon to fight with that ancient immortal, resulting in him being injured in the end, would all of you have been able to reap the benefits without doing anything and enjoy the peace of the past countless years?” demon monarch night soul sneered.

After saying that, he laughed evilly. “It's different now. Emperor Xuanyuan has already stepped into the path of heaven. I'd like to see who else can save you. When the devil earth and the netherworld come to an agreement, it will be the end of this world!”

“The netherworld?”

Emperor Jiang's eyes flashed like purple lightning. “Whether it's the netherworld or the devil earth, at least I can get rid of you, trash, in advance today!”

Night soul demon monarch's hair stood on end when he heard this. He then transformed into dozens of black shadows and fled in all directions.

He, who had previously vowed solemnly, now had no will to fight in the face of Emperor River. He only wanted to escape.

"Hehe, you still want to escape in front of me?"

Emperor Jiang chuckled at this scene. He didn't panic, and in the next moment, his figure disappeared strangely.

"BOOM!"

The moment his figure disappeared, a purple light suddenly bloomed in the distance. A terrifying figure caught up with a black shadow and then punched out, blasting it apart.

"BOOM!"

Then, he caught up with another black shadow ...

As a series of earth-shaking rumbles sounded, more than half of the dozens of afterimages that night soul demon monarch had created were destroyed.

The entire process was completed in the blink of an eye.

Only the last black shadow took advantage of this gap to escape far away. Emperor Jiang waved his big hand, and endless purple light whizzed from all directions. Finally, it turned into a giant hand and slammed down.

"Ah ah ah ah!!!"

"Emperor Jiang, don't be complacent too soon. Our demons will rule all of this sooner or later. We will enslave all the living beings and annihilate you!"

"....."

Then, shrill screams sounded.

The world regained its peace. All the demonic Qi retreated, and the world returned to its former glory.

Everyone looked at this scene in horror.

A Grand Demon Lord was killed just like that?

Ye Chen's heart skipped a beat. There was a hint of fear in his eyes as he looked at Emperor Jiang. The latter had blown up a Demon Lord purely with his physical strength.

This was the terrifying aspect of body cultivation. The human body was the world's most powerful weapon. No matter what kind of divine arts you had, I would break them with a single punch!

"What an annoying fellow."

Di Jiang retracted his gaze and turned to ye chen." "There's something wrong with your body. If you advance another level, I'll just blow up trash like this with a single punch!"

“Many thanks!”

Ye Chen nodded slightly. Although he could put up a fight against Night Soul Demon Lord, he would not be as relaxed as the former.

In fact, the other party was right. After returning to Earth, his physical body had been worn out after crossing the void cracks of the 33 heavens.

“Back then, these fellows had countless great battles with us. Killing him was merely an obligation. You don’t need to thank me!”

Emperor Jiang didn’t seem to appreciate it. He looked into the Devil Earth and said indifferently, “The real battle will take place there. I can’t keep this avatar for long, so I won’t be staying for long!”

With that, he took a step forward and disappeared from the world.

.....

In the Devil Earth, heaven and earth boiled, and the cracks in the ground were like huge holes. Devil Qi swept through everything, and all kinds of heart-palpitating fluctuations were fighting fiercely under the sky.

“Divine item, please help me! Slash!!!”

Qianqiu Wuhen held the divine item in his hand and slashed with his heaven-severing saber. In an instant, chaotic energy surged out.

“Roar!”

A furious roar rang out, “World Guardian, although this king is dead, there are more than ten million existences like this King in the Devil World. Don’t be proud too early!”

“King!”

Countless demons roared in grief!

“BOOM!”

In the huge void, a fiery red giant beast that was more than 1000 feet long opened its mouth and spat out nine beams of divine fire that reached the sky and fell into the Devil Earth.

Nearly one-third of the entire Devil Earth had turned into an endless sea of fire, during which countless shrill screams could be heard.

A moment later, the world returned to peace.

When he looked again, there were actually nine heads of that fiery red giant beast.

The fiery red giant beast lowered its head and looked at a scholar. Its gaze fell on the divine item in his hand and it spoke in the human language, “You’ve subdued this blade?”

“How did Wuhen get the favor of a divine item ...”

“I’m just borrowing it ...” Qianqiu Wuhen smiled dejectedly.

As soon as he finished speaking, the divine item in his hand suddenly left his hand and turned into a sky-breaking saber radiance that disappeared into the endless darkness.

“Emperor Jiang, I can’t believe you’re awake ...” The fiery red giant beast’s eyes flashed.

Chapter 1600: You can avoid death, but you can’t escape punishment!

The southern region of Yin Xu, where the merman race was.

With night soul demon monarch’s fall, the world regained its clarity. However, the shocking battle from before was still fresh in everyone’s minds.

“Whoosh!”

Suddenly, the four figures looked at each other and gritted their teeth. Then, they turned into afterimages and fled in all directions.

It was Tian Xie Zi and the other three.

After Emperor Jiang had appeared and night soul Demon Lord had fallen, they knew that they were finished. Ye Chen had the strength to kill two demon generals in a row and even fight Night soul Demon Lord.

How could the four of them be a match for him? As such, in their eyes, the only way to save their lives was to escape.

The four of them were cunning. They knew that they had to split up and escape. They thought that Ye Chen was alone and could not stop them at the same time.

However, in the next moment, three of them froze. Their faces were filled with shock because there was a Ye Chen in front of them.

Only the old monster from Senluo Mountain ran forward, but in the next moment, he was killed by a locust tree leaf on the spot.

“You ... You ...”

Tian Xie Zi looked at the black-robed Ye Chen who was blocking his way. His face was filled with shock like a stormy sea. He stuttered and could not even finish a sentence.

Ye Chen had once used this technique outside the Huangshen Tomb. Therefore, he naturally recognized this technique at a glance.

In contrast, the old monster from the corner of darkness also looked at the white-robed Ye Chen in front of him with a horrified expression.

“You dare to stop me with a mere smokescreen? Get lost!”

The old monster from the corner of darkness roared and launched a terrifying consciousness attack on the white-robed Ye Chen. Once his consciousness was released, it was like a flood breaking through a dam, crushing everything.

However, the white-robed ye Chen's expression was calm. A sharp light flashed in his eyes and then they turned into a pillar of light that rose like a boiling flame.

The two terrifying divine thoughts collided with a loud bang, immediately annihilating the void within a radius of ten thousand feet.

"Ah!"

The former screamed and fell from the void, holding his head. His eyes were bleeding and his face was in extreme pain.

"Bang Bang Bang ..."

Not long after, the three of them were forced together.

Tian Xie Zi lay limply on the ground. His eyes were filled with fear as he looked at ye chen. He said in a trembling voice, "You ... How can you be so powerful?"

If he remembered correctly, ye chen had just reached the early void refinement realm not long ago. However, he was already able to render them, the old monsters at the great circle of the void refinement realm, completely defenseless.

"Fellow Daoist ye, are you alright?"

At this time, Yu feixuan and the other two quickly ran over. The three of them were soaked in demonic blood, but fortunately, they were not seriously injured.

"I'm fine," she said. Ye chen shook his head slightly.

Zhu Li looked at Tian Xie Zi and the other two coldly. "Master, what should we do with these three old men?!"

"I think we should just kill him!" Yu feixuan's eyes were filled with hatred.

It could be said that the merman race's current situation was all caused by these three people in front of her, so the hatred in her heart for these three people had long reached the point of no return.

When they heard those words, Tian Xie Zi and the other two immediately sensed a cold killing intent. The three of them shuddered and said hurriedly, "Miss Yu, everything we've done was under the influence of night arc demon general and the others!"

Afraid that Yu feixuan would not believe him, Tian Xie Zi said, "Your grandfather, Yu Taiyuan, was also bewitched by the devil mantuo flower of the night arc demon general. He fell into an Endless Illusion, so he did not foresee the danger of you building the human race."

The Yu Taiyuan he was referring to was the merman forefather.

Hearing this, Yu feixuan's body trembled, as if she had just heard some bad news, "So ... So grandfather's misfortune was all your doing."

"Miss Yu, I know how to get your grandfather to beg for the devil mantuo flower, as long as you don't let fellow Daoist ye kill us!"

When he said this, his expression was extremely bitter.

It was reasonable to say that they were all old monsters who had lived for thousands of years and had long seen through life and death. However, when they were really facing death, they could not help but fear death.

“What do you think?” ye chen looked at Yu feixuan.

Yu feixuan had no choice but to retract her killing intent and said coldly, “I’ll spare their lives for now. We’ll talk about it after we’ve rescued grandfather and Tian ‘GE,”

“You three are lucky.”

Ye Chen’s expression was calm. “I may spare you from death, but you can’t escape punishment. Hand over the soul blood and pledge your eternal loyalty to me!”

The moment he said that, the expressions of Tian Xie Zi and the other two changed drastically.

The old monster from the darkness corner region took a deep breath and sneered. “I’ve cultivated for countless years. If you want me to hand over my soul blood, I’d rather die!”

“If that’s the case, then you can go to hell!”

Ye chen suddenly attacked. The former immediately spat out a mouthful of blood, his body tilted, and he fell to the ground, dead.

With his death, Tian Xie Zi and ye chen smiled wryly. In the end, they gritted their teeth and touched the space between their brows with their trembling right hands. Two drops of golden blood fell into ye Chen’s hand.

After collecting the soul blood from the two, ye chen looked at Tian Xie Zi and said, “Now, take me to my brother Yang Tian!”

“Yes!”

Tian Xie Zi nodded bitterly. He led the way and led ye Chen’s group onto the huge island. At the same time, a huge city entered ye Chen’s sight. The city was decorated in a very prosperous manner. It seemed to be decorated with agate and coral.

Ye chen could not help but frown. The merfolk clan was a cultivation force, but the decorations were no different from the palace in the mortal world.

As if she sensed his confusion, Yu feixuan’s face heated up and she explained, “There are many women in our Merman race, and women love Beauty By Nature, so ...”

Ye chen could not help but come to a realization and did not ask further.

In the end, Tian Xie Zi led the group into the ancestral land of the merman race. It was like a dark pool. However, the moment they stepped into it, they immediately felt the world spinning around them and a powerful restrictive force hit them head-on.

“Open!”

Yu feixuan bit her finger and formed an ancient and obscure talisman in the air. The talisman hovered above the pool like a butterfly.

“BOOM!!!”

With a loud bang, the incoming restrictive force immediately dissipated. The next moment, the scene in front of everyone suddenly changed.

The void was torn apart and everyone stepped into it. What entered their eyes was an extremely quiet Valley. Under their feet was a spacious corridor, and at the end of the corridor was a huge Palace.

Outside the palace, there was a huge stone statue standing tall. It was a Mermaid statue but it looked like a woman. Even though it was a stone statue, it was still vivid and lifelike. The otherworldly aura between its brows made ye chen take a few more glances.

“This is the ancestor of our Merman race.”

Yu feixuan and Xiao Tao respectfully knelt before the stone statue and began to introduce each of them to ye chen.
