

Genius 1601

Chapter 1601

This man's words immediately led to a commotion all around.

The eyes of those people at the scene immediately changed as they looked at He Qianxue.

The women looked at him with contempt, while the men looked at him with mockery and a bit of salivation, as if He Qianxue was really a bad woman who could be used as a husband.

The prince was standing not far away, his face couldn't help but be chilly, he was just about to speak up, but was stopped by Huo Hua.

"Don't be in a hurry, just wait and see what happens!"

The prince also stopped speaking, he knew that Huo Hua must have a plan in mind.

He Qianxue's face was swollen red and she was so angry that her body was shivering.

"Don't you make up nonsense!"

"I'm not used to seeing Wan Chun Tang steal Xu Pharmaceutical's secret recipe and still shyly hold a launch here, so that's why I'm here to demand an explanation for Xu Pharmaceutical."

He Qianxue said sharply.

The man beside Yuan De sneered, "What are you, what qualifications do you have to ask for an explanation for Xu Pharmaceutical?"

"Do you really think that because you have an unclear relationship with Lin Mo, you are qualified to represent Xu Pharmaceutical?"

"I'm telling you, Xu Pharmaceutical is always owned by Xu Hanxia."

"At best, you're just a shameless mistress, you're not qualified to speak at all!"

The crowd around them all followed suit.

"Oh, are all girls nowadays so shameless?"

"Being a mistress, you really think of yourself as a first wife? Does she want to be in charge of other people's family affairs?"

"Heh, this kind of woman has been reduced to being a mistress, what else is there that she can't do?"

"I can't believe it, she's quite pretty, but how can she be so bottomless?"

"This kind of woman is just a b*tch, she likes people's money."

"Are you serious? If she's so pretty, I'll give her some money later?"

The more the crowd spoke, the harder it was to hear, and He Qianxue was so angry that she was on the verge of tears.

Lin Mo frowned tightly and was about to stand up and say something.

At this moment, Qian Yongan spoke up, "You are He Qianxue, the granddaughter of He Jinyan of Guangyang City, right?"

"I remember you, when your grandfather brought you to Su Province, he even paid me a special visit."

"Ai, what a naive little girl at that time, how did she fall to this state now, it's really lamentable!"

"However, even if you are He Jinyan's granddaughter, you still have to speak with a bit of discretion, right?"

"Today is the launch of our Wanchun Hall, you came up here and directly said that our Wanchun Hall stole Xu's Pharmaceutical's secret formula, this is simply a slander against our Wanchun Hall!"

"I made it very clear before, for those who slander my Wanchun Hall, we will definitely pursue his legal responsibility!"

When he said the last sentence, Qian Yongan's voice turned cold, as if he was truly enraged.

The crowd around followed suit once again, "Right, she should be held legally responsible!"

"What's wrong with He Jinyan's granddaughter? Can she just talk nonsense?"

"Young people, they don't know how high and mighty they are. Relying on their fathers' reputations, they're acting recklessly outside, simply ridiculous!"

"Hmph, what is He Jinyan now? He only has a reputation in Guangyang City. Who knows him when he leaves Guangyang City?"

"How dare you slander Divine Doctor Qian, you should make her grandfather come and kneel and kowtow!"

The crowd was in an uproar, and at this moment, people from the top ten families in Su Province even directly gathered around.

One of the men looked coldly at He Qianxue and said in a deep voice, "Miss He, we respect your grandfather, He Jinyan, and that's why we let you into the launch site."

"But your repeated disruptions and slandering of our Wanchun Hall is something we absolutely cannot tolerate!"

"We have already called the police, please also leave the venue and wait for the police to deal with you, don't affect the normal conduct of our launch!"

He Qianxue's face swelled red as she exclaimed, "I am not slandering!"

"What I said is true, you guys What gives you the right to let me out?"

Chapter 1602

A cold smile wiped across the corners of the man's mouth, "The police will naturally make a judgment on whether there is slander or not."

"Miss He, you are not a child anymore. In the future, if you want to make up rumours about others, you should at least show some evidence, right?"

With that, the man waved his hand and shouted, "Ask them to go out!"

The man was followed by people from the ten clans, who had long been watching He Qianxue and the others intently.

Hearing the man's angry shout, these people immediately rushed up, ready to drive He Qianxue and the girls out.

One of them, a lecherous-looking man, reached out to grab He Qianyue's white wrist.

He Qianyue was so frightened that she immediately took a step back.

The man, on the other hand, took a step forward and tried to rub himself against He Qianyue's towering breasts.

He Qianxue had never been bullied like this before, so she was so angry that her face turned red and she raised her hand and slapped the man across the face.

This slap made everyone around her freeze.

The man's face changed and he said angrily, "b*tch, how dare you hit someone?"

The others were also furious, and one shouted, "How dare you even hit someone from my ten clans, you are simply looking for death!"

"Drag them to the back, this matter today, their blood must be used to wash away the shame of my Ten Great Families!"

"Take them away! Take them away!"

The crowd cajoled and shouted, before they were just pushing and shoving, but now they simply rushed straight up and pushed all those people around He Qianxue to the ground.

He Qianxue also had a few bodyguards with her, but her bodyguards were no match for the strong men of the Ten Families.

In just one glance, all of He Qianyue's bodyguards were knocked down.

The man from before had a fierce look on his face as he rushed towards He Qianyue.

He had already made up his mind that he would drag He Qianxue behind him later and have a good time.

He Qianxue did not expect things to develop into this scene, and she was so frightened that she was at a loss for words.

She was about to be grabbed when a hand reached over and directly clasped the wrist of the man from before.

With a casual twist, the man's wrist was directly dislocated and the man let out a miserable scream, clutching his wrist and wailing desperately.

When the people around saw this, they turned their heads to look.

He Qianxue turned her head and saw a man wearing a duck-tongue cap standing beside her.

She first froze, then her face changed and she said in surprise, "Lin Lin"

The one who stepped forward was none other than Lin Mo.

He smiled faintly and blocked He Qianxue behind himself.

Although He Qianxue's appearance had disrupted his original plan.

However, Lin Mo was still grateful to He Qianxue in his heart.

It wasn't easy for this girl to risk so much and just run here to get an explanation for herself!

Those from the ten clans around them were however annoyed, and the leader was a middle-aged man.

His face was gloomy as he stared deadly at Lin Mo: "Who is your Excellency?"

"How dare you do this to the people of my Ten Great Families, could it be that you want to be an enemy of my Ten Great Families?"

This middle-aged man was also sinister enough to come up with a big hat, dragging all of the Ten Great Families into it, trying to scare Lin Mo.

That man also covered his wrist and screamed loudly, "Ninth Brother, Ninth Brother, avenge me!"

"How dare he injure me, this is not putting our Ten Great Families in the eye!"

"He's not beating me, he's clearly beating our entire Ten Great Families, you mustn't let him go anymore"

The people from the ten great clans around were all filled with righteous indignation, staring at Lin Mo with rage.

Looking at that stance, as long as this Ninth Brother gave the order, the people of the Ten Great Families would strike together and surround Lin Mo.

However, Lin Mo was not the least bit frightened.

He glanced at the middle-aged man, "Are you sure, that person just now, can represent the Ten Great Families?"

Chapter 1603

The middle-aged man said in a cold voice, "He's a member of my Ten Families, so naturally if he's being beaten up, it's a matter for my Ten Families!"

Lin Mo smiled coldly, "Is that so?"

"In that case, what he just did is also a matter for your Ten Great Families?"

The middle-aged man frowned, "What's the point of you talking such useless nonsense?"

"Stalling for time, and no one can save you!"

"In this matter, either you break your own arm and apologise to him in public."

"Or, it's us, the Ten Great Families, who will settle this score with you properly, you'll see for yourself!"

Lin Mo snorted, "Settle the score?"

"Hmph, this debt, it definitely needs to be settled properly."

"Only, it is not yet clear who will settle it with whom!"

The middle-aged man said angrily, "What do you mean?"

Lin Mo said in a cold voice, "What do I mean?"

"I was going to ask what you meant?"

"He's a member of your Ten Great Families, so you can shield him and let him do whatever he wants?"

Middle-aged man: "How is he acting recklessly?"

"These few people are disrupting our venue, and it's normal for us to kick them out"

Lin Mo: "You want to kick people out of the venue, I won't say anything."

"But, as a man, he should at least have some respect for a girl, right?"

"He even made a nasty gesture towards Miss He, do you think he should be beaten?"

"And you're harbouring him? Are you saying that it was your ten clans that instructed him to make that kind of dirty gesture?"

At these words, the whole room was in an uproar, and the people from the Ten Great Families were even more annoyed.

"What did you say?"

"Who's nasty?"

"How dare you insult our Ten Great Families like that, we will not rest with you until death!"

"D*mn it, where did that b*****d come from, he dares to speak out here, get rid of him!"

The crowd hissed continuously, as if the Ten Families were completely enraged.

The middle-aged man's face turned blue as he pointed at Lin Mo and said angrily, "Watch your mouth!"

“Insulting the Ten Great Families, such a disgrace, this is something that will be washed away with your blood!”

Lin Mo sneered, “Your ten great families, do they still need me to insult them?”

“Your own members have done such a thing, and you are still so sheltered?”

“Hmph, I think your Ten Great Families of Su Province are no better than that, just a bunch of nasty and nasty people!”

This time, even the family heads of the ten families upstairs were annoyed.

Lin Mo’s words were really harsh, cursing the entire Top Ten Families into the bargain.

The middle-aged man turned his head to look upstairs, and several of the family heads nodded towards him.

The middle-aged man understood, he clenched his fists and said in a cold voice, “This friend, since you’ve said it to this extent, it’s no longer something that can be resolved by simply apologising!”

“The reputation of my Ten Great Families is at stake, if you don’t give my Ten Great Families a statement on this matter today, then my Ten Great Families, will definitely not stop with you until death!”

Lin Mo sneered, “You want a statement, don’t you?”

“Fine, I’ll give it to you!”

Saying that, Lin Mo directly took out his mobile phone and said loudly, “I took video and photos of the entire process just now.”

“Come on, let’s put the photos and video on the public screen above so that everyone can bear witness, how about that?”

The middle-aged man couldn’t help but freeze.

He didn’t expect that Lin Mo would even come up with evidence.

There was chaos just now, and honestly, he didn’t even know what had happened.

He couldn’t help but look at the man on the ground, who immediately turned his head to the side, not daring to meet his eyes at all.

The middle-aged man’s face was cold, he knew this man’s character very well, he was an absolute lustful devil.

When he met a beautiful woman like He Qianxue, he must have been unable to hold back and made some nasty move, that’s why this happened!

Chapter 1604

The middle-aged man’s face had also changed.

If it was really because this man had acted in a dirty manner that had led to such a situation, then their Ten Great Families were also in the wrong.

Moreover, the most crucial thing was that this matter was now so big, and so many people were watching the scene.

If it was proved that the man had acted in a dirty way, the reputation of the Ten Families would be finished.

He was almost furious now, no wonder Lin Mo was so confident, it turned out that he had the evidence already.

At this moment, he was in a dilemma, he didn't know how to deal with this matter for a while.

At this moment, a laughing voice suddenly came from the side: "Ouch, I thought who is it, so familiar, so it is Mr. Lin!"

"Mr. Lin, how are you, long time no see!"

Lin Mo turned his head, only to see an agent walking over smilingly, as if he was very familiar with him, extending his hand to greet him.

This agent, Lin Mo had seen before, was the agent who had previously terminated his contract with Xu Pharmaceutical.

He was in the same gang as Yuan De's group, and had come to the launch of Wan Chun Tang this time to take advantage of the opportunity to share some of the benefits.

Yuan De stood at the back, his eyes shining brightly as he stared straight at Lin Mo.

Just now, it was actually Yuan De who recognised Lin Mo first.

However, this Yuan De was, after all, an old fox.

For this kind of thing, he would not personally take the field, but instructed an agent by his side to reveal Lin Mo's identity.

That agent ran to Lin Mo's side and said directly and smilingly, "Everyone, let me introduce you."

"This, is General Manager Lin Mo Lin of Xu's Pharmaceuticals in Guang Province!"

"Xu Hanxia, the chairman of Xu Pharmaceuticals, is his wife."

Upstairs, a brilliant aura immediately flashed in the eyes of Duke Wan, while Wan Zifeng directly clenched his fists.

Hearing these words, the crowd around them burst into a cacophony.

A man immediately said in a sinister manner, "So it's him, I've heard of him, he's just a son-in-law!"

The people next to him immediately laughed, "Hahahaha, I didn't think that a man who married well could become a boss!"

"So that means that as long as you give up your face and body, you can struggle for many years less."

“But, Mr. Lin, this son-in-law at the door is not a competent enough job for you. You’re already eating soft rice, how come you’re still having an affair with a woman outside?”

The crowd roared with laughter, mainly all kinds of mocking words.

In the distance, the prince clenched his fists and shouted, “Shut the f*ck up!”

The crowd, which was still roaring, was taken aback.

At this moment, an icy voice came from upstairs, “Crown Prince, even if you can keep us quiet, can you shut up the world’s mouths?”

“Since the one surnamed Lin can do such a thing, he should not be afraid of what others say.”

“Is it useful for you to stop people from speaking like this?”

The person who spoke was none other than Wan Zifeng.

The crowd around them all laughed out loud, completely ignoring the crown prince.

The crown prince was furious and wanted to lash out, but was stopped by Huo Hua.

Huo Hua knew very well that all these people at the scene were basically on Wan Chun Tang’s side.

There was no point in the crown prince getting angry like this.

“Since Mr. Lin has captured some evidence, why don’t we take a look at them first?”

Huo Hua said aloud.

With a single word, it shifted everyone’s attention, back to that previous incident.

The faces of those from the ten great clans were all a little embarra*sed.

Since Lin Mo dared to speak like this, it meant that the evidence was really solid.

If they really continued to pursue the matter, then the Ten Great Families would definitely lose face.

At this moment, Qian Yong’an stood out and said aloud, “I thought who was backing up this group of people, but it turns out that it was Xu’s Pharmaceuticals who ordered them to do so!”

“That’s no wonder, peers are enemies.”

“But, Doctor Lin, since we are peers, we should at least have a fair competition.”

“You instructed such a group of people to make false accusations at our launch, isn’t that too despicable?”

Chapter 1605

Qian Yong’an was also resourceful, he did not continue the previous conversation, but brought the matter directly to the point.

At the same time, he also gave a wink to the middle-aged man downstairs, asking him to hurry up and take the man away from him before, so as not to continue arguing about the matter.

The middle-aged man complied and took advantage of the confusion below to quietly move the man away.

Lin Mo actually saw all this, but he didn't bother to pay attention to it at all.

"Divine Doctor Qian, how can you be sure that everything Miss He said was a rumour and false accusation?"

Lin Mo asked rhetorically with a smirk.

Qian Yong'an's face turned cold: "Divine Doctor Lin, what do you mean by that?"

"Do you also think that it was us, Wan Chun Tang, who stole the secret recipe from your Xu Pharmaceutical?"

At these words, the people from the Ten Great Families, the people from Wan Chun Tang, and even, including those people at the scene, all looked at Lin Mo in an aggressive manner.

Looking at that situation, if Lin Mo admitted to this matter, then the crowd would immediately hold him responsible!

Lin Mo tilted his head and smiled, saying aloud, "Divine Doctor Qian, you have misunderstood."

"I never thought that Wan Chun Tang would steal my Xu Pharmaceutical's formula!"

Hearing these words, even Qian Yong'an was stunned.

He looked at Lin Mo blankly, with doubt on his face, really unable to understand what Lin Mo meant by this.

He had been on guard as to how he should respond once Lin Mo said that Wan Chun Tang had stolen Xu Pharmaceutical's secret recipe.

But he had never dreamed that Lin Mo would deny this matter, what did this mean?

In fact, even Prince He Qianxue and the others looked at Lin Mo in bewilderment, completely confused as to what medicine Lin Mo was selling in his gourd!

Lin Mo continued in a loud voice, "Of course, I, Xu Pharmaceutical, have also produced a medicine called the Rejuvenation Pill."

"It might be a bit of a conflict with Wan Chun Tang's drug, when it comes to naming it, but that's not a big deal, right?"

"After all, the name of the drug, doesn't mean anything."

The crowd around looked at each other, Qian Yong'an's brows were furrowed, he really couldn't understand what Lin Mo was trying to do.

After pondering for a long time, Qian Yong'an said, "There is no big deal about a conflict in naming."

“As long as Xu Pharmaceutical is willing to change the name of the drug in the future, then there is no problem!”

Lin Mo smiled and nodded, “I’m relieved to have this word from Doctor Qian Yong’an.”

Qian Yong’an was full of confusion, and his heart was still full of caution towards Lin Mo.

However, Lin Mo didn’t say anything else, so Qian Yong’an went on with this launch event.

He Qianxue stood beside Lin Mo and could not help but say, “Lin Mo, what were you talking about just now?”

“This recreation pill, is your secret recipe, how can you you compromise like this?”

Lin Mo smiled faintly, “I didn’t compromise ah.”

“What I said is true ah!”

He Qianxue froze: “What what’s true?”

Lin Mo: “Wan Chun Tang’s Recycle Pill, and our Xu Pharmaceutical’s Recycle Pill, are indeed not the same kind of medicine!”

He Qianxue was dumbfounded, what did this mean?

The secret recipe that Wan Chun Tang stole from Xu’s Pharmaceutical, the medicine that was refined, how could it not be the same medicine anymore?

When Qian Yong’an saw that Lin Mo was silent, he continued his own presentation.

He quickly went over the Zai Zai Pill, including the exact healing effects of the Zai Zai Pill and so on.

He even took out a lot of experimental data to prove to the crowd the efficacy of the pills.

Next, it was time for the most crucial field test.

The most crucial aspect of the pill is its ability to kill cancer cells.

For this reason, there will be a special machine to simulate the situation of taking the pills in the body to prove the effectiveness of the pills to the audience.

The simulator placed the magnified image on the public screen and the crowd held their breath as they looked at the public screen with excitement.

If the simulation was successful, it would mean that the launch was complete.

When the time came, the Re-creation Pill would bring in trillions of dollars in profits!

Chapter 1606

Looking at the image on the screen, He Qianxue’s hands that were gripping Lin Mo’s arm could not help but exert themselves.

Lin Mo glanced at He Qianxue and noticed that beads of sweat had actually appeared on her white jade-like forehead.

Her expression was tense to the extreme, her eyes staring straight at the screen, and her mouth was chanting something, as if she was praying.

At this moment, Lin Mo's heart was warm to the core.

This matter had nothing to do with He Qianxue, but she was much more nervous than Lin Mo.

Lin Mo knew that He Qianxue was nervous for him and worried for him.

This girl really thought of Lin Mo as the most important person in his life!

It was a pity that Lin Mo already had someone he loved.

This love of hers was destined to be unacceptable to Lin Mo.

Ten minutes later, the simulation on the screen came to an end.

As Qian Yong'an had said, everything was perfect and successfully completed.

A deafening applause rang out from the floor, especially from those agents who were simply thrilled to the core.

The effect of the Regeneration Pill was perfect, and it was indeed able to kill cancer cells, which was a life-saving miracle drug for cancer patients.

Being able to represent this drug, next, they could all make a fortune!

Therefore, the mood of the crowd was much more joyful than even those from the Ten Great Families.

Of course, while some people were happy, there were naturally some who were sad.

He Qianxue was full of disappointment, and her grip on Lin Mo's hand was unconsciously loosened as she lowered her head and her eyes were a little red.

Lin Mo saw this look on her face and said softly, "What's wrong?"

He Qianxue first shook her head, and then said with a sobbing voice: "Lin Mo, this is your heart and soul, how can you let them snatch it away?"

When she said this, He Qianxue's voice was trembling, as if it was her own most important thing that had been snatched away.

Lin Mo felt in his heart, He Qianxue really loved him to the core!

He smiled at He Qianxue and said softly, "Silly girl, for this little matter, is it necessary to cry?"

"Don't worry, what belongs to me, no one can snatch it away!"

He Qianxue froze for a moment and looked at Lin Mo blankly, "You have another method?"

Lin Mo smiled lightly, "As I said, Wan Chun Tang's rejuvenation pills, and our Xu Pharmaceutical's rejuvenation pills, are not the same thing!"

“Since we are not making the same kind of medicine, then how can they snatch my stuff?”

He Qianxue was even more confused, and really couldn't understand what Lin Mo meant by this.

Right in the middle of the cheering scene, Yuan De walked up to Lin Mo with a smug face and said smilingly, “Mr. Lin, I really didn't expect that you would also come to this launch today.”

“How about it, what do you think of Wan Chun Tang's rejuvenation pills, and your Xu Pharmaceutical's rejuvenation pills, how do they compare?”

These words, seemingly greeting Lin Mo, were actually murderous and heartbreaking.

Yuan De knew best that Wan Chun Tang's Recycle Pills were stolen from Xu's Pharmaceuticals.

And by saying this now, he was clearly giving Lin Mo a hard time!

This Yuan De, too, saw that the situation was already settled, so he came to Lin Mo to say these few words and mock Lin Mo.

Those other agents around also gathered around, all of them with mocking expressions on their faces.

“General Manager Lin, how do you feel in your heart when you see someone else's product is so excellent? Will you be angry?”

“Cough, you're wrong to say that. Mr. Lin came to this launch with an attitude of learning, how could he be angry?”

“Oops, sorry, I made a mistake. Nowadays, there are not many young people who are as open-minded and good at learning as Mr. Lin.”

The crowd roared with laughter, as if they had finally trampled Lin Mo under their feet.

He Qianxue was shivering with anger and said angrily, “You few, don't go too far in your actions!”

Yuan De smiled lightly, “What did we do that was too much?”

“Mr. Lin, your R&D capabilities are inferior to others, are you still not allowing others to speak?”

Chapter 1607

He Qianxue was furious: “You are saying who is inferior to others?”

An agent bristled, “Is it wrong to say that?”

“Xu's Pharmaceutical previously claimed that Wan Chun Tang stole their secret formula, but now what?”

“Other people's Wanchun Hall has already released the drug, and Xu's Pharmaceutical's rejuvenation pills, haven't even been produced yet.”

“This gap, how can you compare yourselves to Man Wan Chun Tang?”

He Qianxue was at a loss for words, not knowing how to retort for a moment.

Yuan De looked at Lin Mo with a smile, "General Lin, you didn't say a word, are you resigned to it?"

Lin Mo gave Yuan De a deep look and said softly, "Yuan De, you were the first person to go to Xu Pharmaceutical and place an order, and you were also considered the first person to help me."

"In fact, in my heart, even if you chose to cancel your contract with Xu Pharmaceutical, I still have a debt of gratitude towards you."

"It's just a pity that you don't have much of a befriending interest in me."

"Since that's the case, then you can't blame Lin for being ungracious to you!"

Yuan De's face changed slightly as he stared at Lin Mo for a moment and said in a deep voice, "Mr. Lin, why are you still angry?"

"What do you mean by being ungracious to me?"

"This is the launch of Wanchun Hall, even if I break the contract with you Xu Pharmaceutical, it's just that the deal didn't work out, you wouldn't lay hands on me and kill me because you're so powerful, would you?"

It had to be said that this Yuan De was really an old fox.

With a single word, not only did he pull in the top ten families in Su Province, he even directly mocked Lin Mo for not having the decency to deal with him over the contract.

Lin Mo smiled faintly, "How would I kill you?"

"I just want to say to you that from now on, I, Xu Pharmaceutical, will never seek you out as an agent again!"

Hearing this, a cold smile wiped across the corner of Yuan De's mouth.

Those agents around him even laughed wildly.

"General Manager Lin, are you still living in a dream?"

"You haven't even developed Xu Pharmaceutical's reconstructive pills, so why are you asking us to be your agents?"

"And you're scaring us? Do you really think we're afraid of you?"

"Now it's not that you won't let us be your agents, it's that you want to beg us to be your agents, and we won't agree!"

The crowd laughed loudly and mocked Lin Mo unscrupulously.

He Qianxue stood by the side, shivering with anger, yet she couldn't say a word.

Although the He family was strong, these agents, however, were not simple either, and were completely unafraid of her He family.

At that moment, a man walked in at the door, and it was Wan Chongshan.

When they saw Wan Chongshan, these agents laughed.

One agent walked directly in front of Wan Chongshan and laughed wildly, "Chief Wan, you're just now coming?"

"Wan Chun Tang's launch has been a complete success, this rejuvenation pill, it's ready to be fully launched into the market."

"You're so late, how else can you sign up as an agent with Wan Chun Tang?"

Another agent immediately said, "Hey, how can you talk like that? Aren't you rubbing salt into Mr. Wan's wounds?"

"You know that if Mr. Wan hasn't cancelled his contract with Xu Pharmaceutical, he can't sign a contract with Wanchun Tang."

"Even if Mr. Wan had come earlier, he wouldn't have been able to sign the contract!"

The agent from before was immediately full of apologies, "Oops, really? I'm really sorry."

"Mr. Wan, it's my fault, my mouth was incoherent, you mustn't be angry!"

"Oh, speaking of which, why do you have to be so angry, Mr. Wan?"

"We agreed to break the contract with Xu Pharmaceuticals together, but you turned back halfway."

"Now, even if we wanted to put in a good word for you, we can't do anything at all!"

All the people around also laughed, and the faces of those looking at Wan Chong Shan were also filled with mockery.

At this moment, Lin Mo finally spoke, "I do think that it is the right decision for Mr. Wan to cooperate with me, Xu Pharmaceutical!"

"Only you short-sighted trash would choose to represent this useless waste of medicine!"

Chapter 1608

When Lin Mo said this, all those agents around them froze.

The crowd looked straight at Lin Mo, their faces full of disbelief.

You know, Wan Chun Tang's launch had been so successful.

Everyone was celebrating the success of Wanchun Tang's Re-Creation Pill, which, after all, was something that would benefit the whole world.

The Re-Creation Pill, that is really a gospel for cancer patients, there will be countless people who will be cured by this drug.

Qian Yong'an's development of this drug will also be immortalised in the history books and become a master figure respected by everyone in the world!

However, under such circumstances, Lin Mo had outright said that Qian Yong'an's reconstructive pills were useless and useless, was this not going against everyone?

Especially since Xu Pharmaceutical and Wanchun Hall were in competition, Lin Mo's statement would be taken as a slander of his rival, which would only make everyone think that he was a sore loser and was jealous of Wanchun Hall's success!

Therefore, a moment later, all these agents burst into laughter, as if they had caught a clown, and began to mock Lin Mo in unison.

"Aiyo, Mr. Lin, look at your sour grapes. What, you can't sit still when you see that other people's Wanchun Tang's R&D capabilities are better than yours?"

"When you do something, but anyone who can't see the good in others is usually a narrow-minded person. Such people will never achieve great things in their lives!"

"Mr. Lin, you are an adult, you have to be responsible for talking nonsense, oh, hahaha"

The crowd roared with laughter, and everyone else pointed at Lin Mo and laughed loudly.

On the stage, the corner of Qian Yong'an's mouth wiped over a cold smile.

He knew that as long as he made this launch a complete success, it would be meaningless for Lin Mo to say anything else.

Even if he didn't retort, these people on the scene would help him accuse Lin Mo, and this was the result of success!

Because, the interests of many people at the scene, were tied to him.

Even if there were some people, who were not agents. However, seeing Qian Yong'an develop such a miracle drug, the crowd would only be filled with admiration for him.

At this time, if someone came out to denigrate Qian Yong'an, they would only be asking for trouble!

From afar, the crown prince could not help but be filled with anger when he saw this scene.

"f*ck these b*****ds, how dare they speak like this!"

"I can't spare them!"

The crown prince cursed and was just about to speak up when a person suddenly ran in from the doorway.

This person ran straight over and whispered a few words into Fire Hua's ear.

Huo Hua's face suddenly changed as he fiercely clenched his fists and said in a deep voice, "Yun Shao, don't make any rash moves!"

"I have something important to do, I must go out."

"Whatever the matter is, wait until I return!"

With those words, without waiting for the Crown Prince to speak, Huo Hua ran straight out of the hall.

The crown prince froze in place, as Huo Hua ran away at this time, and told him not to act rashly, he didn't know what to do for a while.

On the stage, when Wan Zifeng saw Huo Hua leave, a cold smile immediately wiped across the corner of his mouth.

Without Huo Hua to back him up, the Crown Prince would have little say here.

And he, too, would be able to properly cleanse himself of his earlier shame!

He gave a wink to Qian Liangwen, who was standing behind him, signalling him to act first.

Qian Liangwen had just been ruthlessly beaten up by the Crown Prince and had long held his anger.

And after he saw Lin Mo, he also recognised that this was the same person who had helped Chen Baiyu to injure him before, which made him even more furious.

With his old hatred and new hatred combined, plus the fact that Huo Hua had run away and he had Wan Zifeng to back him up, he of course stood out immediately.

Qian Liangwen stood on the stage and sneered, "Where did the wild dog come from to bark at our Wan Chun Tang's launch?"

"What, do people come out to walk their dogs without leashes nowadays?"

"Is it you who has no quality, or is it your owner who has no quality?"

Chapter 1609

When Qian Liangwen said this, the whole room burst into laughter.

Everyone looked at Lin Mo in mockery.

With these words, Qian Liangwen was clearly insulting Lin Mo as a dog!

The prince could not hold back any longer and said angrily, "Qian Liangwen, do you f*cking deserve a beating?"

"I didn't hit you just now, so I'm giving you face?"

"You dare to talk to my brother like that, are you looking for death?"

Qian Liangwen looked at the prince, who was still a little frightened.

Just then, Wan Zifeng stood out and said in a cold voice, "I've long heard that the Crown Prince of Hai Cheng, acts in a domineering manner, today I see that his name is really true."

"Just allowing your brother to insult Wan Chun Hall, but not allowing others to retort, what kind of reasoning is that?"

"Crown Prince, do you really think that with your uncle Huo Hua backing you up, you can be lawless?"

"I tell you, today, with me, Wan Zifeng, here, you will not be able to do anything arbitrary!"

With that, Wan Zifeng waved his hand and shouted, "Someone, keep an eye on him for me."

"If this son of a b*tch dares to say another word of nonsense, I'll knock his teeth out!"

"Hmph, Crown Prince of Hai Cheng, I'll make you a waste of Hai Cheng!"

As the words fell, two old men beside Wan Zifeng immediately walked down and looked straight at the Crown Prince.

These two men, the consecrated experts of the Wan Family, were both quite strong.

If Huo Hua were here, he would naturally not fear them.

However, the Crown Prince was far from being a match for these people.

The crown prince was so angry that his face turned blue, and he angrily said, "Wan Zifeng, if you dare to touch me, my uncle will definitely not spare you!"

Wan Zifeng sneered and waved his hand directly, "Fight!"

One of the old men, with his backhand, threw a slap at the prince's face.

The prince hurriedly dodged, and several bodyguards around him quickly rushed up to help him block it.

But the old man was really strong, and within a few rounds, these few bodyguards were knocked down by the old man.

Before the prince could run a few steps away, he was grabbed by the old man's collar and carried back.

The old man swung his arm and slapped the prince in the face.

The prince could not avoid it and saw that it was about to hit him in the face.

Suddenly, a hand stretched out from the side and clasped the old man's wrist.

The person who struck was none other than Lin Mo!

The old man immediately used his grappling hand and instantly exchanged a few moves with Lin Mo, but was unable to break free.

Lin Mo pulled the prince away, and then, with a snap of his wrist, he forced the old man back two steps.

The old man's face was chilled and he could not help but look deeply at Lin Mo, his face filled with shock.

The strength that Lin Mo had displayed was far above his, which shocked him.

He had to know that Lin Mo was only a young man who was not known to the public.

To have such strength at such an age was really difficult!

Seeing his clan's consecrated expert being forced back, a hint of shock flashed across Wan Zifeng's face as well, but it quickly turned into a grimace.

He already regarded Lin Mo as his enemy, and the stronger his enemy was, the more unhappy he was in his heart.

Looking down at Lin Mo, Wan Zifeng had already made up his mind to look for an opportunity to settle Lin Mo once and for all.

Otherwise, if he allowed such a person to grow up, he would definitely become a big problem in his heart in the future!

This Wan Zifeng, who had always been narrow-minded, was even more so when it came to matters like this.

But whenever he met a young man with some talent, he would try to ruin him by any means possible, so that he could not rise to the top and threaten himself.

Lin Mo didn't pay any attention to Wan Zifeng's expression, and after he had saved the Crown Prince, he directly said aloud, "Mr. Wan, I know that you were not convinced in your heart when you were defeated by Senior Huo Hua just now."

"But, as a senior expert, if you really have the ability, go and seek revenge on Senior Huo Hua."

"Inviting a family-supporting expert to bully a junior, aren't you afraid of losing the face of the Wan Family?"

Wan Zifeng's face changed and he said angrily, "What did you say, surnamed Lin? Say it again if you have the guts!"

Chapter 1610

Lin Mo sneered, "It seems that Mr. Wan has really bad ears."

"Fine, since you want to hear it, then I don't mind saying it again!"

"I said that you are leaning on the old, you are not capable of anything yourself, you only rely on your family's power to bully some of the younger generation, you are simply a disgrace to the Wan family!"

"People like you, living is a big joke!"

"Do you hear me clearly?"

Lin Mo's words immediately caused many people in the audience to burst into laughter.

These words, cursing people were really too harsh.

Wan Zifeng was almost infuriated on the spot as he pointed at Lin Mo and hissed angrily, "Surnamed Lin, how dare you insult me like that!"

"I I, Wan Zifeng, will not rest until death with you today!"

Lin Mo snorted, "Immortal?"

"Heh, are you worthy of that?"

“A trash like you who only relies on your family’s power to bully your juniors, are you worthy of an unending truce with me?”

Wan Zifeng was almost mad, he relied on the power of the Wan family and no matter where he went, others would treat him with respect.

He had never dreamed that he would come here and first be injured by Huo Hua, and then be insulted by Lin Mo in such a public manner, this was simply an unprecedented and great shame.

He clenched his fists and was about to strike out to fight Lin Mo hard, but he was pulled back by the offering expert next to him.

“Second Master, don’t be impulsive!”

“There are so many people watching here, if you make a move against a junior, if word gets out, the reputation of the Wan Family will be finished!”

The consecrated expert whispered.

At this moment, Duke Wan also said in a deep voice, “Second Uncle, Grandpa said that we are out to do something and represent the face of the Wan Family.”

“If you take matters into your own hands and bully a junior, if grandfather finds out, I’m afraid it won’t be as simple as a reprimand!”

Wan Zifeng almost didn’t faint from anger, but, in the end, he didn’t dare to go down and fight Lin Mo to the death.

The Wan Family’s family rules were strict, if he really killed a junior in front of so many people, I’m afraid that when he returned, he would really have no choice but to be punished!

He gave Lin Mo a deep look and said in a cold voice, “Surnamed Lin, I am not going to try to show off these verbal arguments with you.”

“Since you say that Wan Chun Tang’s medicines are waste, then you should show us some real material!”

“Don’t be like a dog that has no skills at all and only barks there.”

“Let me tell you, even if you are a dog, barking around will still cost you a beating, understand?”

This sentence finally hit the nail on the head.

Everyone stared at Lin Mo, their faces filled with contempt.

As far as they were concerned, Lin Mo just had his eyes on Wan Chun Tang’s rejuvenation pills, which was why he said what he did.

Not far away, He Qianxue’s face was full of worry.

Lin Mo’s words had gone too far and had simply offended everyone.

Now that the crowd was asking him to give an explanation, how would he end it?

Yuan De and the others sneered at Lin Mo, the more Lin Mo made a fool of himself here, the more they felt that they had made the right choice in the first place.

One agent even glanced obliquely at Wan Chongshan: “Mr. Wan, this is the Xu Pharmaceutical you support!”

“Heh, don’t you think it’s ridiculous yourself?”

Wan Chongshan didn’t say anything, his brow furrowed, and the way he looked at Lin Mo, he was also a little puzzled.

In the midst of the crowd’s gaze, Lin Mo walked step by step to the launch stage.

He picked up a microphone above him and looked at Qian Yong’an face to face as he said aloud, “Originally, this was Wan Chun Tang’s launch event, so I shouldn’t be here to introduce my Xu Pharmaceutical’s drugs.”

“However, since everyone wants to see the research and development capabilities of my Xu Pharmaceuticals so much, I have no choice but to make a fool of myself!”

“Mr Qian, your Wanchun Hall’s reconstructive pills do look good.”

“It’s a pity that your Rejuvenation Pill was born at the wrong time, when it met our Xu’s Pharmaceutical’s Rejuvenation Pill!”

“Once the two are compared, then I can only say that Wan Chun Tang’s Recycle Pill is really not even as good as rubbish!”
