

## Genius 1601

### Chapter 1601: The ancestral land of the merman race!

“Grandfather is in the stone Hall!”

When she said that, Yu feixuan could not help but cast a cold glance at Tian Xie Zi.

Only the past clan leaders could enter the merman race’s ancestral land. Now that something had happened to both the merman patriarch and Yang Tian, it would not be easy for her to open the ancestral land.

Tian Xie Zi smiled wryly and said, “to be honest, I’ve tried to open it with a few other fellow Daoists, but we couldn’t ...”

“Let me do it!”

Ye chen chuckled and moved. At the same time, a dazzling divine flame bloomed in his eyes. “Great five elements restriction breaking technique, break!”

“BOOM!”

With a loud bang, the door of the stone Hall finally opened. The first thing that came in was the demonic Qi that made people resist!

At the same time, a cold wind seemed to blow in this space. One could vaguely hear countless ghostly wails and wolf howls.

“Fiery golden eyes, burn the heavens!”

Suddenly, two bright pillars of divine fire burst out of ye Chen’s eyes. They swept past like heavenly swords and all the demonic energy that was swept away was reduced to nothing.

In just a few short breaths, the scene inside the stone Hall was completely exposed to everyone’s eyes. In the middle of the hall, there was a futon, and on it sat an old figure.

The figure was dressed in a purple robe, and he seemed to be stiff and motionless. However, at this moment, his entire body was wrapped in thick demonic Qi, as if he had transformed into a Supreme Demon Lord.

It was Yu Taiyuan, the merman ancestor!

If one were to look carefully, one would discover that there was a ray of dim light standing still above his head. The dim light was like a Black Lotus platform, and the endless demonic Qi was emanating from it.

“Grandfather!”

Seeing this, Yu feixuan cried out. She quickly walked over and knelt down in front of the old man.

Ye chen glanced at Tian Xie Zi. The latter's expression changed slightly and he immediately walked out. He bit the tip of his tongue and spat out a mouthful of blood essence at the Black Lotus platform. Then, he formed a seal with both hands. "Woof!"

"Woof!"

Once the Black Lotus platform absorbed his blood essence, it shone with a red light and quickly shrank as if it had sensed something. In the end, it became the size of a palm and fell into Tian Xie Zi's hand.

As the Black Lotus throne moved, the demonic Qi on Yu Taiyuan's body dissipated at a speed visible to the naked eye. In the end, his face returned to the ruddy complexion of a normal person.

Yu Taiyuan slowly opened his eyes and looked at the people in front of him blankly. When his eyes fell on ye chen, he could not help but frown.

He had been controlled by the devil mantuo flower. Although it had only been a few days, it was as if he had been lost in it for thousands of years. Thus, until he woke up, his thoughts were still not completely washed away.

"Grandfather!"

Yu feixuan cried tears of joy.

"Xuan 'er?" Yu Taiyuan frowned. Who are they?"

Yu feixuan seemed to have sensed his displeasure, and immediately told him everything about the disaster that had befallen the merman race. After listening to everything, Yu Taiyuan felt as if he had aged a few decades.

The merman race was his heart's blood, and now that more than half of it was destroyed, how could this not make his heart ache? what made him even more guilty was that he actually watched this calamity happen because of the devil mantuo flower.

However, for someone like him who had lived for countless years, he would not easily reveal his sadness on his face. He slowly got up and cupped his fists at ye chen. "Many thanks, fellow Daoist ye!"

He looked at ye chen with deep admiration.

From Yu feixuan's account, he had already learned of ye Chen's shocking battle record. At his age, Yu Taiyuan knew that he would not be able to achieve this.

"Daoist Yu is too polite!"

"Since my brother Yang Tian is the son-in-law of your merfolk, his business is my business," ye chen said with a faint smile.

"It's yang Tian's fortune to have a brother like you,"

Yu Taiyuan was not a pretentious person. After secretly remembering this favor in his heart, he suddenly remembered, "Where's yang Tian?"

The moment he said that, Yu feixuan could not help but look at Tian Xie Zi.

“Where’s my brother, Yang Tian?” ye chen asked coldly.

Tian Xie Zi’s heart sank and a red vertical eye suddenly appeared between his brows. The vertical eye released a piercing red light into the air.

The next moment!

After being shot by the red light, a huge crack immediately appeared in the void in front of everyone, as if it had been torn apart by an invisible hand.

As the crack expanded rapidly, a huge cage immediately appeared in everyone’s sight. There were two figures sitting cross-legged in the cage, as if they were in a deep sleep.

They were Yang Tian and Yang Hao.

Ye chen reached out and broke the cage by force. He extracted Yang Tian and his son and pointed between their brows.

Yang Tian was the first to wake up. The moment he saw Tian Xie Zi, a cold killing intent exploded from his body.”Tian Xie Zi, you bastard ...”

Tian Xie Zi’s expression changed drastically.

At that moment, ye chen waved his sleeve and stopped Yang Tian. He smiled and said,“”You slept so much that you don’t even recognize me anymore?”

“Old ye!”

Only then did Yang Tian notice him, and the killing intent in his body suddenly disappeared. He said excitedly,“”I didn’t expect that I would still be alive to see you.”

As he spoke, he rushed over and gave ye chen a punch.

“Bastard!”

Yu Taiyuan’s expression was the same. He could not help but snort coldly. In his opinion, ye chen was the benefactor of the entire Merman race. How could Yang Tian treat ye chen in such a rude way?

Yang Tian laughed mockingly when he heard the scoff and gave ye chen a hug. Ye chen did not know whether to laugh or cry as he shook his head.

Not long after, Yang Hao also woke up. When he saw ye chen, he was immediately excited.”Uncle ye ...”

The two of them were not injured. It must have been because Tian Xie Zi and the other three had wanted to subdue Yang Tian and his son that they did not go too far. Otherwise, ye chen would not have minded killing them.

Then, Yu feixuan told him everything about how ye chen had rushed over to save everyone. After listening to it, Yang Tian was grateful but his shock toward ye chen grew stronger.

He stared at ye chen with an extremely strange gaze and finally forced out a sentence,“”F \* ck, you’re a F \* cking pervert!”

Previously, when he had returned to the merfolk to cultivate in seclusion and used the void Soaring Dragon pill to step into the void training stage, he had not thought that he had surpassed ye chen. However, after hearing Yu feixuan's words, the little pride that remained in his heart was instantly crushed.

Ye chen smiled and turned to look at Yu Taiyuan. "Daoist Yu, I heard that you have a fragment of the undying Saint herb?"

This was his true purpose in coming to reinforce the human race.

Now that he had gathered most of the remains of the five elements heaven-connecting Lotus, only the one in the hands of the merman race patriarch was left. Once he gathered all of them, he would be able to know the whereabouts of the five elements heaven-connecting Lotus.

At that time, su Yuhan would be saved!

### **Chapter 1602: Heaven has three wonders, earth has six elements!**

When he heard ye Chen's words, Yu Taiyuan was first shocked, then he slowly said, "Fellow Daoist ye, are you talking about this item?"

With that, there was a flash of light and a piece of bone appeared in his hand. The bone was the size of a leaf, and the moment it appeared, the temperature in the void dropped.

"That's right, it's this." Ye Chen's face brightened.

"Fellow Daoist ye, if you need it, I can give it to you!"

Yu Taiyuan glanced at him. How could he not know that ye chen needed this item? he smiled and flicked his finger without hesitation, throwing the bone piece at ye chen.

After ye chen took it, he said with utmost sincerity, "Many thanks, but I'm not one to take advantage of others. I'm willing to agree to one condition of fellow Daoist Yu 's,"

"You're too polite."

Yu Taiyuan shook his head slightly. "Yang Tian is the son-in-law of the merman race. Taking ten thousand steps back, the merman race has encountered a great disaster this time. If it were not for fellow Daoist ye's help, I'm afraid we would have been exterminated."

At this point, he could not help but glance at the bone piece in ye Chen's hand and smiled bitterly. "Besides, I've been studying this thing. Although I know it's extraordinary, I can't get any more useful information. In that case, I might as well give it to fellow Daoist ye."

"Yes, master, you don't have to be so polite. This thing is only useful to you." Yang Tian chimed in.

Ye chen was not pretentious. After accepting it, he could not hide his excitement. Now that all the map fragments had been gathered, he only needed to piece them together and he would know the whereabouts of the five elements heaven-connecting Lotus.

.....

An hour later, Yu feixuan was in charge of the counting of the remaining merfolk, as well as the casualties and losses.

When they saw the statistics, everyone's hearts, including Yu Taiyuan's, sank.

This time, the merman race's strength had been reduced by half. If Yu Taiyuan was not still alive, it would be difficult for them to keep their position as the Overlord of the southern region.

At the same time, within the merman race's ancestral land.

Ye chen sat cross-legged and with a wave of his hand, he sealed off the space around him. Then, fragments shot out from his sleeves and floated in front of him.

There were a total of nine pills.

Looking at these map fragments, ye chen no longer hesitated. He immediately and carefully pieced the nine map fragments together according to the pattern.

Time passed by slowly. When the ninth map fragment settled in its position, a bone armor the size of an adult's palm appeared in front of him. From a distance, it looked like a turtle shell, and on it was a landscape painting.

The landscape painting was extremely ordinary, without any route or instructions, as if it had been drawn by someone casually.

Seeing this, ye chen could not help but frown.

He had worked so hard to gather all the map fragments, but now there was no information on the thing he had pieced together. Was his hard work going to go to waste?

"Swish!"

A huge amount of spiritual sense gushed out from his niwan Palace and wrapped around the entire piece of bone armor, not willing to let go of any clues.

However, in the end, he gained nothing.

Thinking of this, he was somewhat unwilling. He bit his finger and dripped a drop of blood on the middle of the bone armor.

"Buzz buzz buzz ..."

After the bone armor absorbed his blood, it suddenly became extremely hot, like a Red Hot iron. Then, all the patterns on it appeared like the meridians of the human body.

"BOOM!"

In the end, the burning lines suddenly twisted violently and turned into Burning Words that flew out of the bone armor and hovered above ye Chen's head.

There were three wonders in heaven and six elements on earth.

Spirits were strange, and old heroes were buried.

Yellow sand and red earth, rubble-covered grave Foundation.

A hundred steps in square and yellow could be seen everywhere.

Looking at the thirty-two bird-beast characters hovering in front of him, ye chen read them out softly. A hint of emotion appeared on his face.

This was because the short thirty-two words revealed a deep understanding of Fengshui. The clue to the five elements heaven-connecting Lotus must have been left behind by a Fengshui expert.

Ye chen did not know much about Feng Shui, but he could roughly tell.

The three wonders of heaven referred to the sun, moon, and stars, while the six elements of earth were Wu (Jiazi), Ji (jiaxu), Geng (jiashen), Xin (jiawu), and Ren (Jiachen).

As for the latter part, ye chen did not quite understand.

His gaze flickered for a few moments before he waved his hand and walked out of the ancestral land of the merman race. He found Yu Taiyuan and got straight to the point, "Daoist Yu, do you know Feng Shui?"

Hearing this, Yu Taiyuan was slightly surprised, "Fellow Daoist ye, how did you know that I know some Fengshui?"

Ye chen was overjoyed when he heard this. He immediately explained the thirty-two words. Of course, he did not mention the origin of these thirty-two words.

Yu Taiyuan did not pursue the matter. Instead, he burst out laughing. "Does fellow Daoist ye know how to use these 32 words?"

Ye chen shook his head slightly.

"This is the curse of the netherworld!"

Yu Taiyuan laughed and said, "any Feng Shui Master who is looking for a nether residence for their employer has to recite this incantation. Therefore, fellow Daoist ye, you're overthinking it. These thirty-two incantations have already pointed out that the thing you want is in a nether residence."

Hearing this, ye chen was surprised.

"As for the location of this Yin residence ..."

"I'm not sure ..." Yu Taiyuan pondered for a moment.

Ye chen shook his head slightly, feeling a little disappointed. Just as he was about to return to the ancestral land of the merman race to study it, he saw the void where the entire Merman race was shaking violently.

"BOOM!"

At that moment, the thirty-two words suddenly rose up violently and broke through the space that he had sealed. Then, they shot up into the sky like a meteor.

“What is this?”

Ye Chen’s figure flickered and disappeared into the distance in an instant. In the blink of an eye, his figure traveled through the void. Under his fiery golden eyes, he immediately saw the thirty-two characters advancing toward the periphery of Yin Xu.

“I’d like to see where you guys are going!”

Ye Chen sneered. He took a step forward and teleported away.

.....

At the same time, the entire Yin Xu moved. The movement was too huge and shocking, and all the forces were shocked by this scene.

Tianyuan city, Tianyuan Chamber of Commerce.

Fang Tianchen, who was sitting cross-legged on the ground, suddenly opened his eyes and appeared in the void. He looked at the 32 characters that were heading toward the westernmost land outside Yin Xu.

His expression suddenly became ecstatic, “The undying Saint herb! This is the undying Saint herb that my clan has been searching for!”

“Hahaha!”

In the next moment, he laughed out loud, and his thunderous voice resounded in the minds of countless people. “Powerhouses above the void training stage of Tianyuan trading company, come with me!”

**Chapter 1603: I’ll kill whoever snatches it!**

As his voice fell ...

Shua shua shua!

In an instant, more than ten powerhouses at the void training stage shot out from Tianyuan city and roared in the sky.

The great Jiang dynasty.

The ruler of the dynasty, Jiang Shengwu, stood at the top of the Imperial City and looked at the image in the sky. “This aura is exactly the same as the one recorded in the emperor’s book ...”

“Pass down this one’s imperial decree!”

In the next moment, an Emperor-like voice rang out, “All experts above the rank of Imperial Prince, move out!!!”

.....

Not only Tianyuan city and the great Jiang divine dynasty, but even the Tianxuan Holy Land, heartless Palace, Cangming Palace, and other forces were all mobilized.

Even those with low cultivation bases could still sense the terrifying auras that whizzed past the void from time to time.

“Something big has happened again?!”

“Yinxu is getting more and more unstable.”

For a moment, countless people were very uneasy. Some of the more daring ones gritted their teeth and chose to follow them to see what was going on.

.....

The Panwu Celestial Sect.

Old Ancestor Yellow Spring squinted at the commotion and muttered, “A natural phenomenon. It’s either a demon or a Supreme treasure.”

As he said this, he couldn’t help but look up at the black figure on the mountain. “First Emperor, do you dare to follow the ancestor?”

The black figure was wearing a Black Dragon robe, and his face was dignified without being angry. He did not speak in the face of the old ancestor’s provocation, but the purple-gold bone wings on his back suddenly shook violently. Then, like an ancient giant beast, he directly broke through the clouds and ran West.

“Daoist Blackfrost, you stay here and guard the sect. I’ll come back after I take a look,”

Old Ancestor Yellow Spring couldn’t stand his loneliness. He gave Daoist Black Ice a warning and chased after Yi.

In the vast Devil Earth.

“Boss, the item left behind by the great Emperor has finally been exposed. Should we make a move ...”  
The Holy Ape muttered as it looked into the void.

The reply it got was a deep voice, “Since it’s the great Emperor’s item, there’s naturally a reason for it to appear.”

.....

Outside Yinxu, in the far west, there was a Sea of Bones and corpses. Countless bones were piled up, spanning hundreds of miles. The scene made people tremble.

This place was the Corpse Devil Sea.

At this moment, in the sky above the demonic corpse sea, a golden human-shaped skeleton was looking at everything under his feet with a serious expression. As he looked over, countless corpses began to melt at a speed visible to the naked eye as if they were being burned by high temperature.

If there were outsiders present, they would definitely discover that this existence was the master of the corpse demon sea, Saint monarch three nether!

His expression was extremely ugly, and his eyes were focused on a huge Canyon ten miles away. The canyon had now turned into an endless fire field, and the terrifying temperature made even him feel scared.

Just a moment ago, something that looked like a Heavenly Fire fell into the canyon. Then, the canyon was instantly covered in endless flames.

His intuition told him that this was an extraordinary change.

Just as he was hesitating whether to go down and investigate, a graceful figure that connected heaven and earth swept over from the distance and then turned into a thin young man.

“Ye nankuang!!!”

When he saw the person’s face clearly, his expression darkened.””Ye nankuang, don’t tell me you’re the one who caused all this.”

Ye chen acted as if he did not hear her. His eyes were fixed on the huge Canyon that was surrounded by endless flames. A pair of celestial rays shot out from his eyes, trying to see the situation inside the canyon.

At this moment, the space around the two of them trembled violently and was torn apart by a terrifying force. A dozen figures shot out from the crack.

The leader was Fang tianchen of Tianyuan trading company.

More than ten powerhouses at the void training stage!

Seeing this, Saint monarch Sanyou’s eyelids twitched. He looked at Fang tianchen with fear.””Fellow Daoist Fang, why did you bring your men to my corpse devil sea?”

This lineup was almost all the strength of Tianyuan trading company. If they really fought, even a hundred Shi MOHAI wouldn’t be enough to defeat them.

Fang tianchen first glanced at the canyon, then noticed ye chen as well. After his pupils shrank slightly, he said to the abysmal Saint Lord,””Daoist three nether, please don’t misunderstand. We were all attracted by this phenomenon.”

As he said this, he stared at Saint monarch Sanyou and said,””Does fellow Daoist three nether know the reason for this phenomenon?”

Saint Sanyou glanced at ye chen discreetly and said in a deep voice,””I don’t know either.”

“I suspect that a divine object has appeared in the canyon.”

Fang tianchen took a deep breath and looked at the huge Canyon with a hint of passion in his eyes.””Fellow Daoist ye, don’t you agree?”

“Even if it is, it’s still this ye ‘S. I’ll kill whoever snatches it!” Ye chen said lightly.

“Fellow Daoist ye, you’re quite boastful.”

Fang tianchen smiled gloomily. “Don’t forget that Tianyuan city has come out in full force today. Even if you are talented, you can’t fight against so many people, right?”

“Then you can try.” Ye chuckled.

Fang tianchen’s face turned cold. Just as he was about to speak, the sea of clouds in the sky suddenly exploded violently, and then a sneer was heard, “After not seeing you for a few days, fellow Daoist ye’s tone is really getting bigger and bigger!”

As the terrifying pressure descended, a figure in a golden Imperial robe descended with several elders.

It was Jiang shengwu and the others.

“So it’s fellow Daoist Jiang!”

Seeing that the great Jiang dynasty had also sent seven or eight cultivators at the void training stage, Fang tianchen’s pupils shrank slightly, and then he cupped his fists with a smile.

Jiang shengwu nodded slightly and then looked at ye chen. “Fellow Daoist ye, do you really think that you can go against fellow Daoist Fang and me this time?”

“Try it and you’ll know.” Ye chen retorted.

“I wonder if it’s feasible to add me?”

At this time, a domineering voice rang out. A purple-gold figure that covered the sky whizzed over from the horizon.

It was the referee.

Seeing this, Jiang shengwu’s expression was extremely ugly. He could never forget that Yi had said that he was a fake emperor. He didn’t expect that this person would follow him like a ghost.

“Whoever dares to touch ye nankuang is my enemy.”

Another golden human-shaped skeleton descended. It looked at Fang tianchen and ye chen provocatively, then nodded at ye chen.

“It’s really lively ...”

Many experts arrived one after another, all of them attracted by the strange sound.

In the end, more than 30 powerhouses at the void training stage in the entire demonic corpse sea had gathered here. Although neither side had made a move, the invisible pressure from them was enough to make the whole world lose its color.

“My God, a big scene, a big scene!”

“With so many powerhouses, if they fight, the entire Yinxu will be broken, right?!!”

“.....”

A thunderous sound spread out from every corner of the world, causing countless people to feel their blood run cold.

#### **Chapter 1604: I don't mind going on a killing spree today!**

In the void, many big shots stood quietly, all of them exuding a monstrous pressure that was enough to shake the world.

Everyone's eyes fell on the huge Canyon below. The flames inside were getting more and more intense. Even from thousands of feet away, they could still feel the temperature.

Holy Lord Tianxuan was dressed in a snow-white robe. He narrowed his eyes as he sized up ye chen. "Ye nankuang, you don't seem to have many people on your side. Do you really dare to take grain from the fire in this situation?"

As soon as he spoke, he immediately attracted everyone's attention. Many people who came later immediately noticed ye Chen's existence.

Countless people's pupils shrank at first, but when they saw that there were only Phoenix and calamity beside ye chen, they sneered.

Ye chen met everyone's eyes and smiled faintly. "What's wrong? Seeing that there are only three of us, you want to bully us with your numbers?"

"They're just a motley crew. "

"I alone am enough to defeat all of them!" The referee was arrogant and overbearing as usual.

The soul Fire in the Golden skeleton's eyes began to stir. "I don't mind going on a killing spree today!"

"Arrogant!!!"

Upon hearing this, many people snorted coldly and looked angry. Even though ye chen was powerful, there were no less than twenty void training cultivators in all of their forces today.

Yet, ye chen and the other two were boasting shamelessly!

How could they not be angry?

On the other hand, Jiang shengwu, the Lord of the great Jiang divine dynasty, as well as Holy Lord Tianxuan and the others, looked at each other and saw the mischievousness in each other's eyes.

Ye Chen's group of three being so arrogant was exactly what they wanted. In this way, it was equivalent to putting themselves against everyone present.

At this time, a cold laugh came from the void, "Brother ye, you don't even know you're about to die!"

The crowd looked up and saw a silver-haired young man who looked like a god walking over with his hands behind his back. Behind him were six elders with powerful auras.

The silver-haired young man's aura was even stronger than the six of them. His every move gave off an indescribable pressure.

It was Huangfu Yu and the rest.

"Perfect void refinement realm!"

When they saw this, Jiang shengwu and the others' eyes narrowed, and a cold glint flickered in them. "This guy is really a monster. His cultivation talent is no less than ye nankuang's. He's the best in China."

However, when they recalled that Huangfu Yu was the reincarnation of one of the ancestors of the Huangfu clan, they felt relieved.

"Huangfu Yu!"

Ye chen looked at Huangfu Yu and said indifferently, "Do you want to fight me today? Why don't you guess if you can still keep your dog life from my hands?"

Even though he said that, he was still very surprised by Huangfu Yu's cultivation speed. It was truly extraordinary for him to break through several levels in less than a month.

"Impudent!"

As soon as he finished speaking, an elderly man in a Daoist robe stood out from behind Huangfu Yu and berated, "Ye nankuang, Who Do You Think You Are? do you think you're worthy of fighting against Alliance master Huangfu?"

"So it's the ancient dog."

Ye chen glanced at him and recognized him as the Gu clan's great ancestor. He sneered. "Last time you ran fast, this ye couldn't kill you. But this time you won't be so lucky."

"You ..." The ancestor of the Gu family was furious.

"Elder Gu, why do you have to be angry with a dying man?"

Huangfu Yu stopped him and looked at ye chen calmly. "Brother ye, I forgot to tell you that I've already United the Eight Families of the Xuan Yuan clan. There will be no more of them in the future, only the crazed Luan League."

As soon as he said that, many people immediately laughed.

The crazed Luan League!

Just from these three words, who could not tell that they were directed at ye chen? it seemed that this genius of the Huangfu clan was determined to compete with ye chen.

"The crazed Luan League?"

Ye chen chuckled. "You're just a motley crew put together by a few useless clans. How dare you claim to be the crazed Pi League?"

“Brother ye, please don’t hold back.”

Huangfu Yu was still not angry. He swept his gaze across Jiang shengwu and the rest.”Divine Lord Jiang, President Fang, the crazed extermination Alliance is willing to form an alliance with you. We will advance and retreat together. What do you think?”

“Naturally.”

Fang tianchen smiled.”Alliance master Huangfu, you’ve United the Eight Families of the Xuanyuan clan at such a young age. You’re a young genius. Tianyuan trading company is very happy to form an alliance with you.”

“The great Jiang dynasty has no objections.” Jiang shengwu seemed to be smiling yet not smiling.

“The same goes for the Tianxuan Holy Land ...”

“My heartless Palace is willing to ...”

“.....”

In just a few short breaths, most of the forces present expressed their willingness to form an alliance with Huangfu Yu.

For a moment, the atmosphere between heaven and earth became extremely strange. Many people who were watching from a distance could not help but shake their heads when they looked at ye chen.

In this way, ye Chen’s side was clearly in a passive position.

“He’s just the reincarnation of a piece of trash who couldn’t break through in the past. Is he worthy of being called a young genius? Can you not disgust this old ancestor?”

At this time, a loud laughter came from the sky. Then, a black-clothed young man came over.

“Fellow Daoist ye, the old ancestor is here!”

Old ancestor yellow spring landed beside ye chen and grinned.”As soon as I saw the commotion here, I knew it was related to you. I was right.”

Another cultivator at the void training stage!

After sensing the undisguised energy on old ancestor yellow spring, Jiang shengwu and the others frowned. They did not expect another powerhouse to appear beside ye chen.

“Even if you, an early void refinement realm expert, join us, we won’t be able to change the situation today.” Huangfu Yu looked straight at old ancestor yellow spring and said.

“What if I’m included?”

A thundercloud suddenly exploded in the void, and an old man in a green Daoist robe Bathed In Lightning came over.

“Thundercloud?!!”

The moment they saw who it was, the faces of the Gu family's old ancestor and the rest changed. "You really didn't die!!!"

"It's all thanks to you, but I'm afraid I'll have to disappoint you. Not only did this old man not die, but I've also advanced further!"

Master thundercloud landed beside ye chen and chuckled. Then, a terrifying pressure was released from his body.

Great Perfection void refinement realm!

After sensing the aura, even Huangfu Yu's expression changed. He did not expect Lei Yunzi to have such a fortuitous encounter.

Master thundercloud looked at ye chen gratefully, his eyes full of excitement. "Many thanks, fellow Daoist ye!"

"There's no need to say such things when we're family." Ye chen smiled faintly.

"Who dares to bully my brother?!!"

With a loud roar, Yang Tian arrived!

He was not the only one who had come this time. Yu Taiyuan, the merman race's patriarch, Tian Xie Zi and the others had also come!

In an instant, another four powerhouses at the void training stage joined ye Chen's camp. Three of them were at the Great Perfection of the void training stage!

Including master thundercloud and the others ...

In other words, there were eight powerhouses at the void training stage in ye Chen's camp.

At that moment, the world suddenly became deathly silent.

Everyone could not help but feel a chill in their hearts. Even Jiang shengwu and the others were no exception.

At some point in time, ye chen had gained such a powerful support and lineup!

### **Chapter 1605: I'll kill you within ten breaths!**

In the vast void, he looked at the many powerhouses who had descended one after another beside ye chen.

Even with Huangfu Yu's shrewdness, his gaze became extremely cold, "Brother ye, it seems like I've underestimated you. However, it's a pity that on the surface, we have more powerhouses than you."

"What's the use of having so many people!"

Old ancestor yellow spring rolled up his sleeves and chuckled. "Just you bunch of trash. The old ancestor can kill a large number of you with a yawn."

The moment these words came out, everyone was incomparably furious.

Savage!

He was simply too Savage!

He was merely an early void refinement realm cultivator, yet he dared to be so arrogant.

Finally, a powerhouse at the early void training stage from the great Jiang dynasty stepped out and looked at old ancestor yellow spring. "That brat who still reeks of his mother's milk, do you dare to fight with this old man?!!"

"I'll kill you within ten breaths!"

Old ancestor yellow spring squinted his eyes and his figure suddenly disappeared. At the same time, the former also rose into the air. The two of them directly teleported into the void and started fighting.

"BOOM!"

In the void, an extremely Condensed Black Flame swept across everything and burned the early void refinement realm old man to death on the spot.

Deathly silence. The world was deathly silent.

Everyone's eyes were filled with disbelief!

From the moment the two of them started fighting to the moment they started fighting, the outcome of the battle was decided in less than nine breaths. One should know that both of them were at the early void refinement realm!

At that moment, everyone looked at old ancestor yellow spring with fear in their eyes.

This young man was extraordinary!

Many people secretly thought so.

Old ancestor yellow spring stood in the air and looked down at everyone. "Who else wants to die? come out now!"

The crowd was furious again, but this time, they did not stand up rashly like the man who had died earlier, because everyone knew that the black-clothed youth in front of them was not to be trifled with.

"Arrogant!"

Finally, someone couldn't hold it in anymore. An expert at the perfect void refinement realm behind Huangfu Yu made a move and turned into a huge hand that slapped toward old ancestor yellow spring.

The Wei family's ancestor!

Someone recognized it at a glance.

"Old thing, you're looking for death!"

The referee made his move!

The purple-gold Wings on his back flapped violently. In the blink of an eye, a shadow broke through the void and suddenly appeared in front of the Wei clan ancestor.

BOOM!

A boundless explosion rang out, as if the sky was about to collapse, and a large area of the void collapsed.

Everyone was shocked by this movement and immediately avoided it subconsciously for fear of being affected.

The next moment!

A few large gullies appeared in the space in front of everyone.

“Pfft!”

Then, under everyone’s gaze, the Wei family’s ancestor let out a blood-curdling scream as he was sent flying. If one looked closely, they would see that there were several bloody holes in his arms that were emitting black gas.

The black Qi was rushing toward his forehead at a terrifying speed.

Corpse poison!

The Wei family’s ancestor’s expression changed drastically. Without any hesitation, he tore off his arms and quickly sealed all his acupuncture points and meridians.

“Trash, you still want to save yourself in front of me?!!”

Yi laughed tyrannically and once again turned into an afterimage as he ran towards him. It was as if an ancient demon Lord had descended to the mortal world, and his evil aura was monstrous!

“Bastard!”

At the same time, an expert at the Great Perfection of void refinement realm from Tianyuan trading company made his move. It was obvious that he wanted to join forces with the crazy cult to deal with ye Chen’s group.

“Old ghost Fang beihuai, I’m your opponent!”

Master thundercloud immediately made his move. Wrapped in endless lightning, he rushed toward the man who had attacked.

“BOOM!”

Ye chen took a step forward. His divine eyes were bright as he looked at Jiang shengwu, Huangfu Yu, and the others.”Since you all want to fight, then let’s fight!!!”

“Ye nankuang, do you really think we’re afraid of you?”

With a loud shout, the Lord of the Tianxuan Holy Land, Xue Yi, took the lead and attacked ye chen.

“A piece of trash like you dares to attack?!!”

Ye Chen made his move. One of his arms shot up into the sky. It was as if every single strand of hair had turned into a terrifying and boundless law, directly cracking the void.

When the storm dissipated.

Everyone saw that Ye Chen had returned to his original spot while Holy Lord Tianxuan remained motionless. A drop of golden blood dripped from the corner of his mouth into the sky.

One attack!

Holy Lord Tianxuan was injured!

Dead silence, the entire place was dead silent!

One must know that as the master of the Holy Land, Holy Lord Tianxuan was only half a step away from the soul separation stage. She was on the same level as Jiang Shengwu and the others and was not someone ordinary cultivators at the perfect void refinement realm could compare to.

However, even such a person had been injured by Ye Chen.

Sacred Lord Tianxuan's expression was extremely dark, and his long hair suddenly became messy. "Fellow Daoist Fang Tianchen, fellow Daoist Jiang Shengwu, what are you waiting for? Let's join forces and kill this brat today!"

"Attack!!!"

Fang Tianchen's eyes narrowed. He could not hold it in anymore.

Ye Chen's speed of growth had exceeded his imagination. To be precise, it had frightened him. If he did not take advantage of today to kill Ye Chen, even if they worked together, they would not be able to do anything to him in the future.

"BOOM!!!"

In an instant, the atmosphere in this world rose to the extreme, and endless invisible killing intent drowned everything like a tide.

Feeling this overwhelming pressure, the people who were standing in the distance were frightened.

Was this the true combat power of a Holy Lord?

The most unbelievable thing was that Ye Chen had the guts to fight against several Holy Lords alone?

"Stop!"

Just as the battle was about to start, a thunderous sound suddenly rang out from the depths of the void.

The next moment!

Under everyone's gaze, the shadow of a Golden God descended. The shadow was a giant ape covered in golden hair, and its eyes were filled with killing intent.

The Holy ape!

Many people's eyes flickered when they saw who it was.

Many people knew that the relationship between the Holy ape and the world Guardian was extraordinary. Now that he had descended, he must have brought the world Guardian's will.

As the Holy ape spoke, even sacred Lord Tianxuan, Fang tianchen, and the others couldn't help but pause and retract their crazy killing intent.

Only Jiang shengwu seemed to be displeased as he said, "Is the Holy ape going to help ye nankuang today?"

"Impudent!"

The Holy ape glanced at him, and Jiang shengwu immediately felt a sharp pain in his eyes, as if he was looking at a Hundred Suns.

The Holy ape sized up the crowd, its eyes pausing on ye chen for a few moments before it said, "Pass on the world overseer's will. You are not allowed to have a large-scale battle. Anyone who violates this will be killed without mercy!!!"

Everyone's expression changed when they heard this.

Was the realm Guardian siding with ye nankuang?

Someone couldn't help but ask, "why?" Aren't the world guardians "hands reaching too far?"

The Holy ape merely glanced at him upon hearing this, and the man was immediately enveloped in endless divine flames. He didn't even have the time to scream before he was burned to death.

He was a mid void refinement realm expert.

However, he had died in such a strange way.

Seeing this, everyone's expression changed, and they looked at the former with fear.

### **Chapter 1606: Five elements heaven-connecting Lotus, here I come!**

The Holy ape sized up Jiang shengwu and the rest with a sharp gaze. "Jiang shengwu, Fang tianchen, do you want to follow that person's footsteps?"

"I forgot to tell you to wait!"

He seemed to have thought of something and smiled. "Just now, a crisis broke out in devil earth. A Devil King was born, but he was killed by the world Guardian!"

As his voice fell!

The expressions of Jiang shengwu and the others finally changed!

Demon King!

Others might not know what these two words represented, but they were very clear. They represented the powerhouses in the soul division stage, and any Almighty in the soul division stage was the Almighty in the heavens that shone upon the heavens.

Since the world Guardian could kill the Demon King!

That meant that it would be easy for the realm guardians to kill them!

Thinking of this, Fang tianchen immediately said, ""Don't worry, fellow Daoist Holy ape. We will follow the Jie expert's will."

At this point, he looked at ye chen coldly. "However, after we enter the valley, if we want to attack ye nankuang, I hope that the world Guardian will not interfere!"

"Don't forget, we have many powerful people behind us ..."

At first, his tone sounded like he was negotiating, but at the end, it was extremely cold, and the threat was undisguisable.

"Of course," the Holy ape said indifferently. "The reason why the realm Guardian didn't let you attack is that he's worried you'll break through the barrier of Yinxu and cause trouble."

With that, he took a step forward and disappeared from the world.

After watching ye chen leave, Holy Lord Tianxuan glanced at ye chen coldly and laughed angrily. "Ye nankuang, you're lucky that the Holy ape sided with you today. But I don't believe that the Holy ape can protect you forever."

"Your mother's fart!"

Yang Tian, who was standing beside ye chen, retorted, ""Why would old ye need help in this misunderstanding? On the contrary, you should be glad that the Holy ape appeared in time, otherwise you would've been dead long ago. "

"Divine Lord Jiang, now is not the time to bicker with them."

At this moment, Huangfu Yu, who had been silent all this while, suddenly laughed, ""Our top priority is to enter the canyon and see what's inside."

As soon as he finished speaking, he immediately reminded everyone.

That was indeed true!

They hadn't even found out what was in the canyon, and it wasn't worth it to fight to the death in advance.

"Hehe, you're right, fellow Daoist Huangfu!"

Fang tianchen chuckled and retracted his aura. He said nonchalantly, ""Our first mission is to go down and explore. As for what happens after that, no one can say for sure."

After saying that, he glanced at ye chen discreetly, the threat in his eyes self-evident.

The Holy ape didn't allow them to fight outside, but they could fight in the ruins below. After all, treasures moved people's hearts.

"Let's go!"

"Let's go!" Sacred Lord Tianxuan waved his sleeves and led the way down into the canyon. As he was about to reach the endless fire domain, his snow-white clothes suddenly became crystal clear like the wings of a cicada.

It seemed to be a divine item, and even the terrifying flames couldn't do anything to it. It allowed sacred Lord Tianxuan to step into the endless fire domain.

"People of the great Jiang dynasty, follow me!"

Jiang shengwu didn't hesitate any longer and brought his men to follow.

"Whoosh, whoosh, whoosh ..."

In an instant, countless figures whizzed toward the canyon one after another, using various means to break through the scorching flame world.

Of course, there were also people who overestimated themselves and followed suit. However, in the end, they were incinerated into nothingness, which made many people who held the mentality of getting lucky retreat.

Yang Tian fearfully glanced at the terrifying flame and swallowed. "Old ye, if I go down like this, I won't not even have ashes left, right?"

"Hehe, if you're afraid, you don't have to go. Just wait for me outside!" Ye chen smiled faintly and glanced at the crowd. "It's the same for all of you. It's going to be extremely dangerous down there,"

"Who's afraid?!!"

Yang Tian straightened his neck and said, "With you protecting me, what could happen to me? I don't believe that you'll just watch me die in front of you."

"Look at you," Old ancestor yellow spring said in disdain.

Master thundercloud shook his head and laughed. "My life was saved by fellow Daoist ye. Let alone this so-called secret realm, even if I have to go to the netherworld, I'm willing to do it."

"This old man is the same!" Yu Taiyuan stroked his beard and laughed.

"Alright, old ye, don't dawdle!"

"Can't you see the killing intent in their eyes? if I let you go down alone, I'm afraid you'll be outnumbered!" Yang Tian urged impatiently.

"Alright, let's go!"

Ye chen did not know whether to laugh or cry as he shook his head. Then, with a wave of his sleeve, the emperor's seal transformed into a fire Dragon and flew over everyone's heads. It then carried everyone and whizzed toward the canyon.

“Is this the emperor’s seal?”

Master thundercloud’s expression was complicated.

Before this, he had been a little disappointed that ye chen had obtained the emperor’s seal. Now, it seemed that he was extremely glad. If the emperor’s seal had been obtained by Huangfu Yu, with his ambition, how could he bear the great responsibility of protecting this world?

The closer they got to the canyon, the more terrifying the temperature became. In the end, even the surrounding space was melting.

As Yang Tian looked on uneasily, the fire Dragon that was the Imperial seal carried them through the terrifying fire. All the flames made way for them.

“Old ye, isn’t this thing too magical?”

Yang Tian was so shocked that his eyes almost popped out.””Why do the flames automatically move away as if they’re seeing something they’re in awe of? everyone’s fire, there’s no need for such a huge difference.”

“Idiot!”

“This is the emperor’s seal!” Yu Taiyuan’s eyes widened in anger.”It’s the emperor’s divine item! Of course it’s extraordinary!”

Ye chen smiled and urged old fan to speed up. The fire Dragon’s body expanded and its speed increased again, leaving many people who had entered earlier behind.

“Boom boom boom!!!”

When everyone passed through the last layer of flames, the scene in front of them suddenly turned dark. The sharp wind was like a knife, crazily wreaking havoc beside everyone.

Each of the astral winds was like an attack from a divine object. Its power was enough to break the true Yuan barrier of an early void refinement realm expert with a single slash.

Ye chen waved his hand and a golden wall appeared like an upside-down bowl, protecting everyone inside.

Although Yu Taiyuan and the others could withstand it, they would have to consume their true essence to resist it. If this continued, they would probably have exhausted their true essence after entering the ruins, and it would be difficult to deal with the subsequent dangers.

Along the way, everyone saw quite a number of people bitterly resisting the strong wind while carefully advancing forward.

Ye chen was not surprised by the overwhelming Hurricane in front of him. Instead, there was a hint of joy in his eyes.”Five elements heaven-reaching Lotus, I’m coming!”

**Chapter 1607: The killing intent from the lava**

“BOOM!”

The fire Dragon that the Imperial seal had transformed into suddenly accelerated and finally passed through the terrifying astral wind storm. What entered everyone’s eyes was a vast world of lava.

The lava was boundless and scorching hot. It was as bright as blood, but no one dared to underestimate it.

Everyone was stunned by the scene before their eyes!

At the same time, not far from ye chen and the others, there were still many figures standing. They were Jiang shengwu of the great Jiang divine dynasty, Fang tianchen of the Tianyuan trading company, Huangfu Yu, and others.

“Is this the true face of the canyon?”

Even though ye chen was mentally prepared, when he saw the scene in front of him, his eyes still flashed with surprise.

Huangfu Yu, who was standing in the distance, frowned and said, “This place is too big, how can we tell the direction?”

As soon as he finished speaking, many people reacted.

“Whoosh, whoosh, whoosh ...”

A rustling sound entered everyone’s ears.

“Ah!”

With a miserable shriek, the early void refinement realm expert who was standing the furthest away fell into the boiling hot magma. This person only struggled for a while before he turned into a skeleton and wandered in the magma.

An early void refinement realm expert had died the moment he entered. The fact was that the dangers contained in this secret realm were much more terrifying than what everyone had imagined.

“There’s something in the lava!”

It was unknown who cried out in surprise, but everyone’s expression immediately changed. They then looked at the lava under their feet as if they were facing a great enemy.

“Be careful!”

Ye chen turned around and glanced at the crowd.

Yang Tian subconsciously moved closer to ye chen and said uneasily, “Old ye, what was that thing just now?”

“I’m not sure about the details.” Ye chen shook his head slightly. Earlier, he had not been paying attention to the side, so he did not see the cause of the man’s death.

After saying that, he looked deeply at the so-called lava under his feet, as if he had thought of something, "This isn't ordinary lava, it's more like a Blood River ..."

"Old ye, what's a Blood River?" Yang Tian could not help but ask.

Old ancestor yellow spring's pupils shrank slightly. "The Blood River is also called the nether River. It is said that since the creation of the world, the yellow spring of hell was formed, and there was the unholy blood sea in it. In the unholy blood sea, there was a placenta born."

He paused for a moment and seemed to be afraid. "This placenta absorbed the essence of the netherworld River to give birth to a primordial life form. This primordial life form is extremely powerful. He's called ancestor netherworld River."

"Blood River patriarch has 480 million clones of Blood God, four demon kings, and tens of thousands of Asura people. He knows how to set up the Blood River formation and wields the two nether swords, yuantu and Avici!"

As soon as he said that, Yang Tian and the others' expressions changed. They looked at the lava under their feet again in fear.

Ye chen shook his head slightly. Logically speaking, the Blood River existed in the netherworld and the netherworld was a world of its own. It was not something a small chiliocosm like Earth could compare to. How could it have appeared here?

"Save me, save me!"

Suddenly, another exclamation was heard.

The crowd hurriedly looked over and saw a mid void refinement realm old man struggling madly. Under his feet, there was actually a black tentacle that wrapped around his feet and dragged him down.

"BOOM!"

With a loud cry, a shocking sword beam pierced through the air and landed on the man's legs, and with that, the man was out of danger.

Fang tianchen held a Taoist sword in his hand and looked at the place where the black tentacle disappeared. He shouted, "Be careful. This lava is very strange. There seems to be something terrifying under it."

The next moment!

The unmoving hot lava river suddenly surged up like a flood that had burst its dam.

"Hu hu hu ..."

Countless obscure and ancient auras from all directions of the magma sea gathered towards everyone. Although they could not see what they were, the number still made everyone's scalp numb.

"What is that thing?" someone asked in fear.

"Hmph!"

“Who are you?” Fang tianchen slashed his sword again. “What kind of demon or ghost dares to play tricks in front of me?”

“BOOM!!!”

As his sword slashed out, it actually cut off the ten thousand feet of lava. Countless lava directly exploded, and strange figures hidden in it fought to appear.

They were black figures that were about the size of an ordinary person, but their faces were extremely ugly. They had wings on their backs and black forks in their hands. They looked like evil spirits that had come out from the gates of hell.

“What ... What is this thing?!!”

Looking at the black figures that blotted out the sky and covered the earth, everyone’s scalps turned numb. There was actually an aura that was no weaker than an early void refinement realm expert among them.

It was at that moment that ye Chen’s expression finally changed. His eyes were fixed on the streaks of black. “Asura, this is Asura ...”

“I’ve caused a huge disaster ...”

Old ancestor yellow spring also gasped. “I’ve actually met an Asura. It seems that the rumors were true. Nether energy really seeped into Yinxu ...”

Asura returned to the netherworld, and the netherworld was also called the Asura world. It was one of the three strongest worlds under the immortal world, along with the devil World and the spirit world.

Over the course of hundreds of millions of years, the Three Realms had experienced countless battles. However, the Three Realms had always maintained a state of balance, with no one able to destroy the other.

“窸窣窸窣.....”

More and more black creatures surrounded the group.

Under everyone’s gaze, two of the tallest black figures shot out from the black shadows that blotted out the sky and stood side by side in the void. The aura of a perfect void refinement realm expert was actually emitted from their bodies.

“Human, this is Asura’s resting place. It’s not a place for you to come. Retreat quickly or I’ll kill you without mercy!”

One of the black shadows said coldly.

“Asura?”

Everyone was stunned when they heard this, as if they had never heard of such an existence. Only Fang tianchen seemed to have thought of something, and his face immediately revealed a look of horror. “You ... You are the Asuras of the netherworld?”

“Human, leave now or die!” The black figure from before spoke again.

At the same time, the black shadows that had surrounded the crowd took a step forward in unison. A huge, monstrous, and cold air covered everything.

“Fellow Daoist, this old man will leave now!”

“Let’s go!” Fang tianchen said hurriedly. Then, he turned around and waved his sleeves. He turned around and went back the way they came at an extremely fast speed.

He was the president of Tianyuan trading company on earth. Tianyuan trading company had traveled all over the world and was naturally more knowledgeable than Jiang shengwu and the others.

If he didn’t remember wrongly, this Asura came from the netherworld, and he couldn’t be more clear on how terrifying the netherworld was. Countless years ago, the netherworld attacked the spiritual realm under the leadership of the Asura King.

The spiritual realm was defeated and lost several great vehicle stage cultivators. They were almost destroyed. Fortunately, a true immortal descended to the lower realm and fought with the Asura King, killing her.

“Fellow Daoist Fang, what is the meaning of this?”

Sacred Lord Tianxuan’s eyes flickered when he saw this. He had not expected Fang tianchen to suddenly become so timid.

### **Chapter 1608: kill and it’s over!**

“Fellow Daoist Fang!”

Looking at Fang tianchen who was running further and further away, even Jiang shengwu’s expression changed. With his understanding of the former, he knew that this place must have caused him to feel a sense of respect.

At the same time, many people at the scene also looked like they were struggling. Looking at the Black Mass of Asura’s Army, some people couldn’t help but think of retreating.

“Kill without mercy!!!”

In the next moment, the Asura who had spoken earlier suddenly shouted, and a cold killing intent burst out from his dark eyes.

“BOOM!!!”

In an instant, it was as if the entire strange magma had erupted. The many Asuras, who had been standing still, suddenly rushed toward the crowd.

“You’re looking for death!”

Sacred Lord Tianxuan’s eyes turned cold as he attacked first.

“Attack!!!”

Jiang shengwu’s eyes flickered and he no longer hesitated. In an instant, countless figures on the scene exploded with vast true energy. The fluctuations caused the strange lava river under their feet to surge even more.

There were constant screams as cultivators fell and Asuras were killed on the spot. It was as if the place had turned into a living hell.

Although there were many Asuras, apart from the few leading ones, the overall strength level was relatively low, so it was not a one-sided situation.

At this time, a group of about a few hundred Asuras charged toward ye chen and the others. Their faces were filled with killing intent, like evil ghosts who had just woken up from hell.

“Do it!”

“Let’s go!” The judge said as he flapped his purple-gold Wings and charged toward the Shura Army.

However, he did not attack the Army. Instead, he targeted the Asura who was leading the Army. The latter’s strength seemed to be at the perfect void refinement realm.

“I don’t care if you’re a Shura or a Demon King. I’ll just kill you.”

Yang Tian’s bloodlust was also stimulated. Without a word, he jumped out and rushed into the Shura Army to kill.

“Ang!”

As the roar of a ferocious beast reverberated in the air, many people watched as the judge tore the Asura, who was at the great void refinement realm, into pieces.

“So strong!!!”

The countless gazes that were looking over were mixed with shock. Even Jiang shengwu and the rest were no exception. They clearly did not expect that the Phoenix’s strength would be so terrifying.

“This guy has become stronger again!”

Old ancestor yellow spring’s pupils shrank slightly and he said to ye chen, “This person is really an anomaly.”

“Everyone has their own Dao in their hearts.”

He couldn’t imagine Yi’s future achievements, whether he would become an immortal or a demon. However, judging from the former’s nature, Immortals and demons couldn’t distinguish him.

A moment later, the Shura Army that had rushed toward ye chen and the others were annihilated. Ye chen glanced at Huangfu Yu and the others who were still fighting in the distance and said to Yang Tian, “Let’s go!”

After saying that, he seemed to have sensed something and took a step forward, flying towards the northernmost direction of the lava.

“Whoosh!”

Yang Tian and the others quickly followed.

At the same time, many of the Shura Army who were fighting tried to catch up and stop them.

“No need to chase!”

One of the Asuras, who seemed to be in the half-step soul separation stage, suddenly waved his hand and looked at ye Chen’s back thoughtfully. “He has the aura of a King!”

“Kill!!!”

After saying that, he suddenly turned around and charged toward Holy Lord Tianxuan and Jiang shengwu. He seemed to be on par with the two.

“Elder Gu, follow me!”

Huangfu Yu took advantage of this opening and led his men to pursue ye chen and the others. However, what followed was the attack of the endless Shura Army.

“Bastard!”

The ancestor’s face was ashen as he said exasperatedly, “Surnamed ye, why did you stop us instead of stopping us?”

.....

“Hu!”

In the sky above the boundless lava river, ye chen carried everyone and flew in the direction he sensed with all his might.

The river of lava was extremely large. Even with his speed, he still couldn’t see the end after flying for an hour.

The only thing that puzzled him was that they had encountered many Asuras along the way, but these Asuras did not pursue them.

“What’s that?!!”

Old ancestor yellow spring suddenly exclaimed.

Everyone followed his gaze and saw a small black dot at the end of the road in front of them.

As everyone got closer, the black dot gradually enlarged and finally took the shape of a huge black stone tablet.

The stone tablet was about a thousand feet in size, and it was made of an unknown material. It actually ignored the boiling lava, and its entire body emitted a cold air that pierced the soul.

Even before approaching it, it gave off a feeling of extreme Yin and extreme cold, as if it didn’t belong to this world.

“There are words on it!” Yang Tian said.

In fact, there was no need for him to remind everyone. On the black stone tablet that was a thousand feet in size, there were two extremely large words. However, they looked extremely deliberate, as if they did not belong to the same kind of words.

The strangest thing was that if one stared at the two strange words for a long time, they would feel dizzy.

“What a strange handwriting!” Master thunder cloud sighed.

“Not bad!”

Yu Taiyuan’s expression was grave. “I’ve seen many things, but this is the first time I’ve seen such strange words. It’s as if these words don’t belong to this world.”

“This is ghost text!” Ye chen said slowly.

“Ghost text?”

“A ghost’s writing?” Yang Tian was shocked.

“It can be considered so!”

Ye chen nodded slightly. “To be precise, it’s the language of the netherworld. If these two words are translated into Chinese, it means the netherworld River.”

“The netherworld River?”

The old leader of the yellow Springs family was jolted. He didn’t know whether to laugh or cry as he said, “Have we really entered the legendary netherworld River?”

Yang Tian’s expression changed slightly. The great ancestor had told them that the netherworld River only existed in the netherworld, and it seemed to be guarded by a terrifying existence.

“Whether it’s true or not, we’ll know once we probe.”

Ye chen chuckled and took the initiative to approach the huge monument. Then, he reached out and pressed his palm on the monument.

“Swish!”

In an instant, a huge force field enveloped his body. Then, under everyone’s bewildered gaze, his figure disappeared from where he was.

“Keep up!”

Old ancestor yellow spring looked enlightened. He stepped forward and placed his palm on the stone tablet, then his figure disappeared.

Seeing this, Yang Tian and the others no longer hesitated.

.....

In the hazy and dim world, a thin figure was the first to descend, followed by several other figures.

Yang Tian looked around at the endless mist and swallowed. He was a little scared. "Old ye, where is this?"

"I'm not too sure."

Ye chen shook his head slightly. Two golden flames danced in his eyes and immediately pierced through the endless black mist.

There was a faint light in the distance.

"Follow me!"

Ye chen said. He took the first step and led the group through the endless black fog.

### **Chapter 1609: I'll take the opportunity to slaughter you all!**

The thick black mist was deathly silent.

What worried everyone was that this fog could isolate spiritual sense, and most importantly, staying here, the speed at which their true Qi flowed away was faster than the outside world.

"Roar!"

At this time, a furious roar came from the black mist.

Before anyone could react, the ground beneath their feet began to shake violently, as if thousands of soldiers and horses were charging toward them.

Under everyone's gazes, a long line of horses and men rode towards them. They were all clad in armor and were riding warhorses.

The only difference was that these armored figures were all human-shaped skeletons, and the warhorses under their feet were the same.

"Undead!"

Thundercloud master shouted.

"Don't move!"

"This is a Yin-armored ghostly soldier. It's probably The Guardian of this realm. Don't act rashly unless you have no other choice," ye chen reminded.

There were simply too many Yin armor ghostly soldiers in front of them, and they had too few people. Once the battle broke out, it would take a lot of time.

Moreover, the leader was a golden-armored human skeleton, and his murderous aura was no weaker than that of the Kalpa.

In an instant, the two groups of people were facing each other, like the eyes of the living and the dead.

The yin-armored soldiers did not move at all. Only the gold-armored soldier's bone eyes were looking at the crowd, and his eyes were focused on Zed for a few seconds.

At the same time, the murderous aura on his body increased at a visible rate. It was as if he could give the order at any time to attack ye chen and the others.

However, in the next moment, when his eyes fell on ye chen, he was stunned at first. Then, as if he had recalled something, his expression became extremely respectful.

"Shua shua shua ..."

With a wave of his hand, he led the dense Army of Yin-armored phantom soldiers past ye chen and the others.

After they disappeared, Yang Tian heaved a sigh of relief, "That was close. We almost got into a fight. What the hell is this?"

Old ancestor yellow spring took a deep look at ye chen and said, "Fellow Daoist ye, the yin-armored ghost soldiers were clearly going to attack us. Why did they leave after taking a look at you?"

"I'm not too sure about the details."

Ye chen shook his head without any change in expression. He then led the group towards the light outside the black mist.

A lot of information flashed through his mind ...

The netherworld River, the Shura, the yin-armored ghost soldiers ...

Everything was built according to the underworld. Could it be that they had really entered the legendary underworld?

What worried him the most was that he had exposed su Yuhan's background when he searched the dark spirit sect on earth.

If all of this was related to su Yuhan, he didn't know if it was a blessing or a curse for him to come here.

After about the time it took for an incense stick to burn, a huge mountain peak appeared in front of everyone. The mountain peak seemed to be hundreds of thousands of feet high, and the position near the peak was covered by clouds.

In the depths of the clouds, there seemed to be countless pavilions. Although they were broken, they still gave off a sacred aura.

"It's so beautiful!"

Yang Tian could not help but exclaim, "damn it! This is the place for humans. What was that place before?"

"There's something up there ..." Old ancestor yellow spring fixed his eyes on the depths of the clouds.

"It can't be the immortal Palace, right?"

Yang Tian chuckled. "It'd be great if it's really a Celestial Palace. Let's all climb up. Maybe we'll see a fairy."

Old ancestor yellow spring gave him a contemptuous look.

"What's that?"

Master thundercloud suddenly said. Everyone looked over and saw a flight of stairs leading up from the foot of the mountain. It seemed to lead to the palace in the clouds.

But when everyone blinked and looked again, that extremely obvious flight of stairs suddenly disappeared, and what entered their eyes was an extremely steep mountain.

When he blinked again, the stairs appeared again.

"Formation!!!"

At that moment, this thought flashed through everyone's mind.

"Interesting!"

Ye chen was slightly surprised because under the fiery golden eyes, the stairs still appeared extremely strange.

This could only mean that this place was extremely unusual. There was probably a large formation or an extremely terrifying restriction.

Just as he was hesitating whether he should go over and check it out, several figures suddenly flew over from the distance.

Yu Taiyuan squinted his eyes and sneered, "It's them. They're really fast."

The figures finally landed not far from ye chen and the others. They were Huangfu Yu, Jiang shengwu, Holy Lord Tianxuan, and abyssal three Holy Lord.

However, at this moment, the few of them looked a little dispirited and in a rather sorry state. It was obvious that they had just experienced a lot of exhaustion.

"Tsk, tsk, tsk ..."

Yang Tian looked at them in shock. "Isn't this divine Lord Jiang? how did you become like this? you don't look like the ruler of a divine dynasty at all. If your people see you like this, your image in their eyes will be ruined."

"Bastard!"

Jiang shengwu's expression turned cold as he looked at him with killing intent. "Junior, don't think that I won't dare to touch you just because you have ye nankuang's support."

"I'm so scared."

Hearing this, Yang Tian immediately put on a terrified expression and took two steps back. He said to ye chen, "Old ye, did you hear that? this guy wants to kill me. He's obviously not putting you in his eyes."

“Is that so?”

Ye Chen chuckled and took a step forward. He sized them up with interest. “It seems that your men didn’t manage to catch up.”

“So what?” Sacred Lord Tianxuan sneered.

“Not much!”

“I’m thinking that we should take this opportunity to kill you guys so that we don’t have to worry about the outside world,” Ye Chen said with a smile.

“Yes, these guys look so weak, it’s time to take their lives.” Old Ancestor Yellow Spring rubbed his hands in excitement.

As the two of them finished speaking, Jiang Shengwu and the rest’s expressions changed. Then, they stood together and seemed to be forming a group.

“You’re already frightened?”

“We haven’t even made a move yet, and you’re already so scared. Look at you,” Old Ancestor Yellow Spring said in disdain.

“Ye Nankuang, do you really want to fight to the death with us?”

Jiang Shengwu’s expression was dark. He looked straight at Ye Chen and said, “Don’t forget, this place is not clear. If we fight, you should know very well whether or not it will lead to terrifying consequences.”

“Not bad!”

“I’m afraid we’ve lost some of our strength,” Sacred Lord Tianxuan said coldly. “But that doesn’t mean we don’t have the power to fight. If we’re forced into a corner, no one will have an advantage!”

They knew very well that if they were in the outside world, they would have the confidence to challenge Ye Chen.

However, things were different now. Their subordinates were either dead or injured. Now, only the four of them were left.

On the other hand, there were nine people in Ye Chen’s camp without any casualties. In addition to Ye Chen’s terrifying combat power, it would be disadvantageous for them if they fought now.

### **Chapter 1610: The ruined herb garden!**

“Slaughter them!”

Old Ancestor Yellow Spring roared and was about to attack.

“BOOM!!!”

However, it was at that moment that the ground under everyone’s feet suddenly shook violently, as if a great earthquake had occurred.

“What’s going on? Why is there an earthquake all of a sudden?”

Everyone was shocked.

“Guys, look over there,” Yang Tian suddenly said.

Everyone immediately looked over and saw that the mountain in the distance, which was hundreds of thousands of feet high, had suddenly split open from the middle. An extremely bright light bloomed from it.

That scene was like a celestial light.

“A rare treasure has appeared!”

The eyes of Jiang shengwu and the others instantly turned red. They had taken a huge risk to come here. Wasn’t it all for this item?

“Whoosh!!!”

“Let’s go!” Sacred Lord Tianxuan took the lead and shot in that direction. The others hurriedly followed, afraid that someone else would get there first.

“Let’s go too!”

“Let’s go!” Ye chen shouted and teleported away with the others. Behind him, there were many other powerhouses who had rushed here.

From a distance, the light that bloomed from the center of the mountain looked like a dazzling celestial light, but when everyone got close, they found that the crack was extremely large. It was hard to imagine that such a large crack could still be so stable and not collapse.

“Not good!”

When sacred Lord Tianxuan, who was at the forefront, saw that he was less than 10000 feet away from the crack, he suddenly felt the void around him become extremely hard and squeeze his body.

“Pfft!”

He spat out a mouthful of blood and fell from the sky. When he looked again, his clothes were torn and his skin was covered with cobwebs.

Jiang shengwu, who was behind him, also fell heavily. He was in no better shape than sacred Lord Tianxuan.

“There’s a restrictive spell in the void here.”

Huangfu Yu’s pupils shrank, but he did not dare to move forward. He said from a distance, “The closer I get to the crack, the more terrifying the power of the restrictions will be. If I’m not careful, my body will collapse.”

Many people’s expressions changed when they heard this.

“Be careful.”

Old ancestor yellow spring glanced at Yang Tian and the others and worriedly said, "Don't rashly approach the opening of the crack."

Then, he could not help but look at ye chen. "Fellow Daoist ye, the master of this place is extremely accomplished in formations. If we force our way in, I'm afraid we won't be any better off than them."

"This restrictive spell is very profound."

Ye Chen's eyes flickered with two flames. "If you want to force your way in, you need to be physically strong to a certain extent. Otherwise, you can only find the formation base of the restriction and destroy it."

"You guys stay here and watch. I'll go try."

"Let's go!" He said as he took a step forward and headed straight for the crack.

Jiang shengwu and the others could not help but sneer when they saw that ye chen did not believe in heresy. It was as if they could see the scene of ye chen falling from the void.

"Chi ..."

As soon as ye chen rose into the air, he felt a tidal-like spatial pressure pressing down on him from all directions.

He took a deep breath and continued to approach the crack. At the same time, the pressure was getting more and more terrifying.

In the end, ye chen could feel every muscle in his body wriggling but it did not cause him any substantial damage.

A thousand feet ...

Five hundred feet ...

200 feet ...

Under everyone's gaze, ye chen was getting closer and closer to the crack. In the end, he appeared at the crack's entrance.

"Whoosh!"

Seeing this scene, the people standing in the distance were all shocked.

Even Holy Lord Tianxuan and the others could not do it, but ye chen had done it.

"How is this possible?"

"What?" sacred Lord Tianxuan's expression was extremely ugly. "This kid's body is actually this strong?"

"Could it be that the flight restriction has lost its effect?"

Someone mumbled. He could not help but rush toward ye chen. However, the next moment, he screamed and his entire body was crushed into a bloody mist by the terrifying spatial power.

Deathly silence. The scene suddenly fell into a deathly silence.

.....

As soon as ye chen stepped into the crack, he felt the world spin before his eyes. When the scene in front of him returned to normal ...

However, he realized that the surroundings were not stone walls as he had imagined. Instead, there were endless plants, from towering trees to overgrown shrubs. There was everything one could think of, and he could even faintly hear the sound of water.

“A Valley?”

Ye Chen’s eyes flickered. He did not expect that the belly of this huge mountain would have such a heavenly scene. If he had not seen it with his own eyes, he would not have believed it.

Ye chen looked up at the dome that seemed to be hundreds of thousands of feet high. There was a crack where the light source came from.

He frowned and rose into the air. At the same time, he spread out his divine sense and saw everything within a five-kilometer radius.

“Who’s that?”

He suddenly had an idea and his body flashed. When he reappeared, he had landed in front of a mountain.

The mountain was only a thousand-some Zhang tall, and it was extremely flat. Rather than a mountain peak, it was more like a mound rising from the ground.

Logically speaking, this place was no different from any other place, but ye Chen’s eyes were fixed on it.

Suddenly, ye chen reached out and gathered his Qi into a sword. A ray of sword Qi slashed at the void in front of him.

In the next moment, a strange scene appeared. The sword Qi did not cause any sound after landing there. Instead, there was a flash of light, which completely offset the sword Qi.

“A formation!”

Ye chen was not shocked but happy. The corners of his mouth curved up. “Such an ordinary slope has an undetectable formation. They must be trying to hide some secret.”

With a wave of his sleeve, several yellow array flags appeared in the void. The array flags surrounded the void in a mysterious way.

“Break!”

Ye chen formed a seal with both hands and pointed with a finger. The array flags suddenly expanded and a brilliance bloomed from them. Immediately, a loud explosion was heard in the void.

Then, a thick white mist emerged from the void. Ye chen took a breath of the mist and found that it contained extremely pure spiritual energy.

He muttered to himself for a while before taking a step forward. The scene in front of him changed, and what entered his eyes was a broken wall.

Looking at the time, those broken walls were a long time ago. There were some faint traces of a battle.

Ye Chen's divine sense swept over the place and his expression immediately turned strange. This was a dilapidated medicinal garden.

There were many remains in the surroundings, as if a shocking battle had broken out here before someone died here.

Ye Chen walked up to a corpse that was sitting cross-legged. Even though the corpse had been dead for so many years, it still exuded a crystal-like luster, as if it was immortal.

"This person must have been a martial arts master when he was alive."

Ye Chen guessed to himself. It was only then that he noticed the ring on the other party's white index finger that looked like a agate.
