

Genius 1621

Chapter 1621

The other people on the scene were looking at Lin Mo with hostility now.

Stealing someone else's data and killing the other party's research and development staff was a complete thief to strengthen theft.

Anyone else would despise such a person!

He Qianxue was filled with anxiety, "What are you talking about?"

"How could Lin Mo do such a thing?"

"This this re-creation pill is clearly something he developed himself!"

The prince directly broke into curses, "f*ck you, you're sick in the head, aren't you?"

"More than ten years ago, Lin Mo was only a few years old."

"Don't tell me that a kid of a few years old stole the R&D data from Wanchun Hall and killed so many people, and the Ten Great Families of Su Province couldn't even trace it?"

"f*ck, these ten clans in Suzhou province, are they all f*cking trash? They can't even trace a kid of a few years old?"

These words were a direct scolding.

The ten major families in Su Province were all furious, but no one dared to say anything.

They were not as good as Wan Zifeng, who had the backing of the Wan family behind him, but the ten clans of Su Province had no one to back them up!

The prince's words also brought the crowd back to their senses.

Yes, back then, Lin Mo was just a few years old, how could he have done such a thing?

Qian Yong'an said softly, "I didn't say it was Lin Mo who stole these R&D data, I just thought that Xu's Pharmaceutical's data, and ours were too similar."

"What's more, the reason why we didn't pursue it further at that time was not because we didn't want to, but we suddenly realized that the matter was too involved and we didn't dare to pursue it further."

Hearing these words, the crowd was all amazed.

The top ten families in Suzhou Province were all united, but they did not dare to pursue the matter, what had happened?

Yuan Deqi said, "Divine Doctor Qian, why don't you dare to pursue the matter?"

Qian Yong'an said in a deep voice: "After our investigation, we found that at that time, in the whole of the six southern provinces, there were only a handful of people who could do this."

“And these few people were all existences that our top ten families in Su Province didn’t dare to mess with.”

“Therefore, we don’t dare to pursue it any further at all!”

Hearing this, there was a lot of chatter on the scene.

“An existence that none of the Ten Great Families of Su Province dare to provoke? Who’s that?”

“There are just two that I know of, one is the Fifth Master Xue and the other is the Fifth Master’s wife.”

“sh*t, you’re not saying it all, you mean, the top ten families in Su Province, dare to mess with Huo Hua?”

“sh*t, you’re the one with a f*cking brain bubble. You didn’t hear anyone say that, that was more than ten years ago. Huo Hua wasn’t famous even a decade ago, he was only a few years old then.”

“Uh, so that wouldn’t have been Master Xue Wu or Madam Xue who did this thing, would it?”

“Hush, keep your voice down, such words, you dare to talk nonsense?”

While the crowd was talking, a voice suddenly rang out, “You bunch of brain-dead b*****ds, have you forgotten the one most likely person!”

The crowd turned their heads to look, and the speaker was a young man.

The crowd was surprised, “Who is it?”

The young man glanced at Lin Mo and said in a deep voice, “The First King of Guangyang, Nanba Tian!”

At these words, everyone’s eyes widened, and then they looked at Lin Mo.

At that time, Nan Baitian was definitely one of those who could do this in the six southern provinces.

Moreover, Lin Mo was Nanba Tian’s successor.

Now, Lin Mo had also developed this drug.

Isn’t it all, well, clear?

It must have been Nanba Tian who snatched the data and killed the research and development staff.

Then, Nanba Tian kept these data in the snow for more than ten years.

It was only when he left that he gave this data to Lin Mo, allowing him to develop the reconstructed pills, thus making a fortune and completely getting everything that Nanba Tian had left behind.

When you think about it like that, it was indeed a very likely thing!

Chapter 1622

Yuan De and the others’ expressions became even more agitated, and one agent immediately jumped out, pointing at Lin Mo and cursing, “Surnamed Lin, you shameless rat, so your secret formula was stolen from Wan Chun Tang’s side?”

“I said it, how could you, a waste of a son-in-law at home, suddenly develop such a miraculous medicine.”

“So, the person behind the scenes is that Nanba Tian!”

“You shameless thing, stealing someone else’s formula and having the nerve to come and make a scene at someone else’s launch, do you know what it means to have shame?”

Everyone else roared in anger, all unanimously denouncing Lin Mo.

On the stage, Wan Zifeng’s face was even cold as he said indignantly, “What a good Nanba Tian, how dare he do such a shameless thing, do you really think there is no king’s law in this world?”

“Divine Doctor Qian, you don’t have to worry. In this matter, my Wan Family will definitely seek justice for you!”

Qian Yong’an hurriedly bowed his hands and bowed down, “Thank you, Mr. Wan!”

Duke Wan was anxious, “Second Uncle, why are you getting involved in such matters?”

Wan Zifeng glared, “Why shouldn’t I get involved?”

“My Wan family, at least, is one of the top ten families in China, how can we sit back and do nothing about such despicable and shameless acts?”

Duke Wan said sharply, “But this matter, now we don’t even know who is right and who is wrong, you just come out directly to support the Qian family, is this this appropriate?”

Wan Zifeng got angry, “What do you mean?”

“You mean that Divine Doctor Qian would lie?”

“Do you think that’s possible?”

“That Lin, who hasn’t even studied medicine for a day, what ability does he have to develop such a miraculous drug?”

Duke Wan was at a loss for words.

Lin Mo came from a technical school, hadn’t studied medicine, and hadn’t practiced medicine before, this was indeed unconvincing ah.

However, in his heart, Duke Wan still held a trace of trust in Lin Mo.

After all, last time Lin Mo had saved the Wan family’s old man, this matter could not be faked!

Wan Zifeng’s words also pushed the emotions of the crowd at the scene to a new climax.

The vast majority of people at the scene began to yell out, accusing Lin Mo of being despicable and shameless for stealing the secret recipe of Wan Chun Tang.

He Qianxue was in the middle of the crowd, constantly refuting for Lin Mo, her face red with anxiety, but no one paid any attention to her.

Yuan De and the others were even more excited, shouting loudly at the scene and making up all kinds of lies.

They said that there was something fishy about the previous Six Provinces Medical Exchange Meeting, and that Lin Mo's name as a miracle doctor had been shaped for him by Nanba Tian.

Some people who didn't know the situation, hearing Yuan De and the others speak in such a graphic manner, took them all seriously and started to abuse Lin Mo as well.

The prince was so furious that his face turned blue, and if he hadn't been watched by the Wan Family's consecrated experts, he would have struck out and beaten someone.

While in such a situation, Lin Mo was old and calm, standing calmly on the stage and not saying anything.

It was only when the voices of the crowd gradually fell that Lin Mo said aloud, "Have you all finished?"

"If you've finished, then it's my turn to say a few words!"

Wan Zifeng said in a cold voice, "Shut up!"

"You despicable villain, what qualifications do you have to speak?"

"Still trying to demonize the public here, do you really think everyone is stupid?"

Lin Mo sneered, "Heh, I've long heard that people from the Wan Family act in a brutal and overbearing manner, today I see that their reputation is indeed true."

"This matter, has nothing to do with your Wan family, yet you are jumping up and down like a monkey, really the emperor is not anxious!"

At these words, the whole crowd burst into laughter.

Wan Zifeng turned blue and said angrily, "You who are you scolding?"

Lin Mo said in a cold voice: "It's you who's being cursed!"

Wan Zifeng shot up, "Surnamed Lin, do you really think I don't dare to do anything to you?"

"Let me tell you, although I, Wan Zifeng, don't do things like bullying the small with the big."

"However, when others insult my Wan family, I will definitely not sit back and do nothing!"

Chapter 1623

Lin Mo waved his hand directly, "Wan Zifeng, save your breath."

"There are so many people here, don't lose what little face you have in the Wan family."

"You don't want to lose face, but the rest of the Wan family still wants it!"

Wan Zifeng was furious: "What did you say?"

"How have I lost the face of the Wan family?"

Lin Mo sneered, "What do you think?"

"After listening to Qian Yong'an's one-sided words, he decided that I was a petty thief who stole the secret recipe."

"Even, not even letting me say anything, what does that mean?"

"What kind of times are these, even if you catch someone in flagrante delicto, you must at least let the person concerned say a few words, right?"

"But you don't even have any evidence, you listened to him make up a few random words, and you won't even let me say anything in rebuttal?"

"Wan Zifeng, did you take money from Qian Yong'an or did you receive some kind of benefit from Qian Yong'an to speak for him like this?"

"Aren't you disgracing the face of the Wan family by being so brutal and unreasonable?"

Wan Zifeng instantly stuttered and said indignantly, "When did I ever stop you from speaking?"

"I just think that the words spoken by a petty thief like you are also deceitful and meaningless!"

Lin Mo: "Whether there's meaning or not, we won't know until I finish."

"You're so sure I'll lie now? It's not too early, is it?"

Wan Zifeng was completely unable to refute, and could only look at Lin Mo indignantly, "Fine, then you say it!"

"I'd like to see who else you can fool!"

Lin Mo disdainfully skimmed his mouth, then looked at Qian Yong'an and said aloud, "Divine Doctor Qian, you've said so much."

"I would like to ask you one question, do you have any evidence?"

Qian Yong'an said in a cold voice, "Haven't I made it clear enough?"

"You destroyed all the data in the first place, and the research and development staff were also killed."

"Where else do we have any evidence?"

Lin Mo laughed and suddenly turned his head to look at the Ten Families, "Qian Yong'an, have you noticed a situation."

"When you talked about this matter, none of the people from the Ten Great Families of Su Province spoke up to help you."

"The people from the ten major families seemed to be very bewildered and even, a bit flustered."

"Could it be that the Ten Great Families, who are the shareholders behind Wanchun Hall, actually didn't know about this incident back then?"

When this statement was made, the whole room was in an uproar.

Just as Lin Mo had said, after Qian Yong'an had told the story, no one from the Ten Great Families had said anything at all, which was too abnormal.

According to reason, the Ten Families were all victims of this incident, so they should have been more excited than the people there.

However, why were the people of the ten families indifferent?

Could it be that Qian Yong'an was lying about this matter, and that the Ten Families didn't know about it at all?

On the stage, Wan Zifeng's face had also changed.

Just now, he had supported Qian Yong'an in a high profile manner, and even scolded Lin Mo like that.

If it was proven that Qian Yong'an had lied, he would lose face!

The Ten Great Families were in a bit of confusion, as they looked at each other, their expressions all a bit confused.

At this moment, Zhao Tianyuan suddenly said, "Among the ten great families, not many people know about this matter."

"Back then, that incident was too involved, so we didn't dare to investigate, we didn't dare to look deeper, and we didn't dare to let the members of the Ten Great Families know about it."

"So, at first, this matter, we announced to the public that it was just a failure of research and development."

"And the only ones who really knew about this matter, among the Ten Great Families, were the heads of the Ten Great Families!"

"Everyone else, didn't know about this matter at all!"

Qian Yong'an breathed a sigh of relief, that lie he had just told was an impromptu fabrication.

If all the Ten Great Families said that they didn't know about this matter, then they would be directly exposed.

Now that Zhao Tianyuan had spoken up, it was like the Ten Families were backing him up.

With the support of the Ten Families, his words would have more credibility.

Chapter 1624

As Zhao Tianyuan spoke, the other nine family heads, one after another, also spoke in support, saying that they knew about the matter.

The opening of the ten great families also caused the crowd to once again cacophonous.

Wan Zifeng even stood on the stage and pointed straight at Lin Mo: "Surnamed Lin, what else do you have to say now?"

"So many people have testified, this is the evidence, do you still dare to continue with your sophistry?"

An agent beside Yuan De even shouted, "We absolutely cannot let him go!"

"After killing so many people, he must be made to pay in blood!"

"Kill him! Kill him!"

The crowd was shouting as if Lin Mo was really an unforgivable villain.

Qian Yong'an, on the other hand, was all smiles as he quietly looked at Lin Mo.

Only when the crowd's voices had fallen did he say softly, "Lin Mo, I see that you are a young man and want to give you a little chance."

"If you admit your mistake and return our secret recipe to us, I can leave the rest of the matter alone!"

"After all, you didn't do this matter either. To put it mildly, you didn't know about it either, you're just a victim!"

Hearing this, someone at the scene immediately yelled out, "Divine Doctor Qian, you really are magnanimous!"

"Lin, why don't you kowtow to Dr. Qian and say thank you?"

"Why give such a person a chance? He should just take his dog's life"

Lin Mo's expression remained calm as he said aloud, "Qian Yong'an, after all is said and done, you still want the formula of our Xu Pharmaceutical, right?"

"Hehe, but no matter how good your story is made up, no matter how shameless the family heads of the Ten Families are, there is no way to prove that my secret formula was stolen from you!"

"If you want to hold me accountable, you have to at least produce some substantial evidence."

"Not just a few of you putting on a show here and fooling this group of brainless losers!"

At these words, the entire crowd was once again in uproar.

With these words, Lin Mo had scolded the crowd below into it as well.

Qian Yong'an said indignantly, "Surnamed Lin, it's already this time, are you still this stubborn?"

"The eyes of the masses are discerning, everyone is saying that you stole our Xu Pharmaceutical's secret recipe, and you still want to deny it?"

The prince couldn't help himself and broke into a curse, "Say your f*cking leg!"

"I'm still saying that you're my son, and everyone around me can prove it, right?"

The crowd around the prince roared with laughter, "That's right!"

"Qian Yong'an, come and call our Crown Prince father!"

Qian Yong'an's face turned blue and he said angrily, "Prince, don't go too far!"

Prince: "I'm going too far, what's wrong?"

“f*ck you, what you say is what you say, huh?”

“You said Lin Mo stole your formula, show me the proof!”

“There’s no proof, you can say whatever the f*ck you want!”

Wan Zifeng shot up, “Noisy!”

“Someone, throw this little b*****d out to me”

Those few consecrated experts were about to make their move, when a voice with a few hints of seduction suddenly came from outside the door, “Who are you calling a little b*****d?”

The voice was clear and beautiful, and even a little lazy, but the tone, however, carried a hint of frightening chill.

The crowd turned their heads, only to see a woman in a long, fiery red dress, walking slowly through the doorway.

Beside the woman, dozens of people were following her.

Outside the door, all those security guards were now on the ground, and it looked like they had all been taken down.

The woman was stunningly beautiful, with a long scar on her face, but it did not detract from her beauty in any way, but added to it.

On her neck was a tattoo of a spider as red as blood, which ran down to her chest, adding to the eerie beauty.

A yellowing red rope was tied around her white ankles.

On top of the red rope, there was a worn bell, and when she walked, it emitted a crisp, clear sound of tinkling bells.

The person who came was none other than the Sea City Poison Spider!

Chapter 1625

Seeing the poisonous spider, those men at the scene, for a moment, had a feeling of breathlessness.

The Poison Spider’s beauty was the kind of beauty that was so stunning that one could not breathe.

Even Wan Zifeng’s eyes flashed a brilliant aura, shocked by the Poison Spider’s beauty.

The poisonous spider came slowly, the bells on her ankles ringing softly with her steps.

With each step, it was as if she stepped on one’s heartstrings, causing one’s heart to beat along with her steps.

She walked all the way to the Prince’s side under the attention of everyone.

“Son, don’t say such things nonsense in the future.”

“How can Qian Yong’an be your son?”

Qian Yong'an snorted lightly, thinking that the poisonous spider was quite sensible.

However, Poison Spider then slowly spat out four more words, "He, ah, doesn't deserve it!"

At these words, the whole audience roared with laughter.

Qian Yong'an's face turned blue and he jumped like a thunderstorm, "What did you say?"

The poisonous spider looked up at him, "I said, you are not worthy!"

"What are you, you're not even worthy of being a dog to me, and you still want to be a grandson to me?"

Qian Yong'an was furious and said angrily, "Poison Spider, you don't go too far!"

"I, Qian Yong'an, am at least a member of the Qian family, by doing this, you are trying to make an enemy of my top ten families in Su Province"

The poisonous spider directly interrupted him, "That's right, I am trying to make enemies with your top ten families in Su Province, so what?"

"How about we just start a fight?"

After Poison Spider finished speaking, he directly waved his hand, "Come on, tell the brothers to do it!"

A strong man next to him, put his hand into his mouth and let out a whistle.

With this whistle, the windows all around were suddenly smashed.

Countless men in black broke through the windows from outside and instantly filled this hall.

The eyes of the people from the ten great clans were almost glazed over, at least five hundred people had entered in this short period of time!

The poisonous spiders had come prepared for this trip, and had brought so many elites with them?

If they really had to fight, these people from the Ten Families would be no match for them!

Qian Yong'an looked at Zhao Tianyuan.

Zhao Tianyuan's face was pale, how could he dare to say anything?

In such a situation, he might be able to retreat in one piece. However, the rest of the Zhao family might not be able to!

As for reasoning with the poisonous spider?

Heh, was the poisonous spider the kind of person who would reason with you?

A poisonous spider is the kind of person who will kill your whole family at the drop of a hat!

If she really P*ssed off the poisonous spider, she would really dare to go on a killing spree here today!

The Poison Spider's personal strength was actually not as strong as Zhao Tianyuan's.

As for Huo Hua, the deterrent effect wasn't that strong either.

However, in the Southern Six Provinces, no one dared to mess with her because of this reason.

No one dared to kill her because of Huo Hua!

However, the poisonous spider really dared to kill others!

Seeing that Zhao Tianyuan did not say anything, Qian Yongan knew that he could not count on the Ten Great Families, so he could only look at Wan Zifeng.

Wan Zifeng frowned and said in a deep voice, "Poison Spider, what do you mean by this now?"

"My Wan family's people are also here, are you planning to kill my Wan family's people as well?"

The Poison Spider laughed, "Wan Zifeng, I really intend to kill you!"

"Did you, just now, call my son a b*****d?"

"Hehe, even if it was your Wan family head who said that, I will not stop with him until he dies!"

"Who are you to dare speak like that?"

"Kill me!"

The Poison Spider gave an order, and the surrounding crowd immediately rushed up, hundreds of people surrounding towards the Wan Family's people.

Seeing such a situation, Wan Zifeng's face instantly changed.

He did not expect that the name of the Wan Family could not even scare the Poison Spider.

Although they were strong, but, hundreds of people, how could they fight?

Wan ZiFeng was so frightened that he retreated, and Duke Wan also looked pale, he was actually speechless to the extreme.

What did this incident have to do with the Wan family? Just because Wan Zifeng insisted on getting involved in it, and now this was the result, what could be done?

Chapter 1626

"If a single hair of my family is missing, my family will not spare you!"

"If you dare to touch us, my Wan Family, will make you mother and son die a horrible death in the streets!"

The poisonous spider sneered, "Don't worry, I won't let a single hair out of your head!"

"When you catch them later, don't kill them yet."

"Clean all the hair on their bodies, then chop them into pieces and feed them to the dogs!"

The poisonous spider's men shouted in unison, "Yes!"

The voice was so loud and aggressive that they completely surrounded the few members of the Wan family in the middle.

Wan Zifeng was completely dumbfounded.

He used to go out and rely on the name of the Wan Family to run rampant and no one dared to mess with him.

Unexpectedly, this time, in front of the poisonous spiders, the name of the Wan Family was not good enough to be used.

Those consecrated experts and bodyguards of the Wan Family were also pale, and several consecrated experts quickly rushed up to protect Duke Wan and Wan Zi behind them.

One of the consecrated experts said in a trembling voice, "Second Master, we'll break the back here, you guys retreat first!"

Wan Zifeng opened his mouth, unable to utter a single word.

Duke Wan frowned tightly and said in a deep voice, "There's no need to waste your strength!"

"How can we possibly run in such a situation?"

Wan Zihua said urgently, "Then what should we do?"

"Second Uncle, I see this poisonous spider, I'm afraid it will really kill!"

Wan Zifeng's face was so pale that he could not utter a single word.

He usually could only rely on the name of the Wan Family to scare people, but now that the other side wasn't afraid of his Wan Family at all, he could only wimp out!

Seeing that the melee between the two sides was about to begin, at that moment, a person suddenly ran out from the crowd and stopped in front of the poisonous spider.

Lin Mo fixed his eyes and saw that the person who came out was none other than Wan Chongshan.

With a humble face, Wan Chongshan arched his hand and said, "General Zhang, please calm your anger!"

"I am still somewhat related to the Wan family members."

"Where the Wan family has offended, I am willing to say sorry to General Zhang, on their behalf."

"I also hope that General Zhang will be lenient and spare them!"

Lin Mo couldn't help but be surprised, Wan Chong Shan, actually knew the Poison Spider?

However, from this matter, it could also be seen that this Wan Chongshan, I'm afraid, had some real relationship with the Wan family.

Wan Chongshan's own surname was Wan, so could it be that he was also from the Wan family?

The poisonous spider and Wan Chongshan should be old acquaintances, she gave Wan Chongshan a glance, "So it's Little Wan!"

"Since you interceded for them, then I can spare them from death."

"However, Wan Zifeng insulted my son in public, so he must apologise to my son!"

Wan Chongshan looked embarrassed, "Mr. Zhang, this"

The poisonous spider waved his hand directly, "Shut up!"

"I can spare the Wan family's people, it's considered giving you face."

"If you stop it again, you are making an enemy of me!"

Wan Chongshan was suddenly helpless and looked towards Wan Zifeng.

Wan Zifeng's face was cold as he said in a deep voice, "Want me to apologise? Dream on!"

The poisonous spider sneered, "If you don't apologise, then die!"

"Kill!"

With a command from the poisonous spider, those men in black once again surrounded Wan Zifeng in an aggressive manner.

The Wan family members, were gradually surrounded into a ball.

Wan Zi Feng, Wan Zi Zi and the others, were separated by these black-clothed men and blocked from the crowd.

In the end, it was just those consecrated experts who were left to protect Wan Zifeng in the middle.

However, under the siege of these hundreds of people, these consecrated experts of the Wan Family looked extraordinarily weak.

Wan Zifeng's face was pale, but he still shouted sternly, "Poison Spider, I warn you. If you dare to touch a single hair on my head, my Wan Family will never"

The poisonous spider didn't even wait for him to finish his sentence and waved his hand directly, "Kill!"

Those men in black got Poison Spider's order and immediately roared and rushed up, battling with those consecrated experts of the Wan Family.

Chapter 1627

A melee instantly erupted.

It had to be said that the strength of those consecrated experts of the Wan Family was really not weak.

But the problem was that there were simply too many people surrounding them.

Hundreds of people, besieging these six or seven people, how could they still fight?

Moreover, the ones brought by the poisonous spider were all the elites on her side, all trained outlaws.

These people were extraordinarily bloodthirsty, and even though they knew that these consecrated experts were very strong, these men in black still pounced on them desperately.

It didn't take long for one of the consecrated experts to be held down.

This consecrated expert was also considered strong, and with one hard punch, he shattered the eye socket of a hanyou in front of him.

However, this hanyou also pounced on him, biting his neck and pinning him to the ground.

The men in black around him immediately pounced on him as if they were dumplings, holding this consecrated master down with deadly force.

Others, with weapons in hand, slashed and chopped at random.

After struggling a few times, he was beaten to death without a sound.

Similarly, other consecrated masters were also facing such a crisis.

In terms of single combat, none of these people around them could be a match for them.

Even, with their strength, there was no problem at all for one of them to fight a dozen or twenty of them.

However, with hundreds of people surrounding them in the middle, it would be impossible to fight.

As long as the crowd surged up and surrounded them, these consecrated experts would definitely die.

It didn't take long for three of the consecrated experts to be killed alive.

At this point, there were not many people around Wan Zifeng for protection, and some people rushed directly to Wan Zifeng's side and began to attack him.

Although Wan Zifeng's strength was not weak, he had just been injured by Huo Hua after all.

Plus, with so many people around, his strength was not enough.

Seeing that the situation was getting more and more dangerous, Wan Zifeng was also trembling with fear and his face was pale.

He could now see that the poisonous spider really dared to kill him!

The fact that so many of the family's consecrated experts had died meant that the Poison Spider didn't take the Wan Family into account at all.

Under such circumstances, if he continued to hold on, he was afraid that he would really die here!

He looked at Wan Chongshan for help, but Wan Chongshan did not even meet his eyes.

Wan Zifeng was even more desperate as he gritted his teeth and fought hard in his heart.

After a long time, he finally bowed his head and said in a trembling voice, "Poison Spider, I apologize, you tell them all to withdraw"

When this statement was made, the whole room was in an uproar.

Even Qian Yongan and the others looked at Wan Zifeng with disdain.

Wan Zifeng, was a major member of the Wan family.

To admit defeat like this, this was simply a disgrace to the Wan Family!

Wan Chongshan also sighed, he knew that after this incident, Wan Zifeng's face was completely gone.

Even, along with the Wan Family, it would be looked down upon.

However, he couldn't say anything.

This incident had nothing to do with the Wan family at all, and Wan Zifeng was to blame for ending up in this situation.

If Wan Zifeng had not helped Qian Yongan, then nothing would have happened.

But not only did he help Qian Yong'an, he even insulted the Crown Prince, isn't this asking for trouble?

A crazy woman like the Poison Spider, when she starts to go crazy, no one can control her. If you go and mess with her, isn't that asking for death?

The poisonous spider smiled smugly and waved her hand, and those men in black stopped at once.

"Wan Zifeng, come on, apologise!"

Poison Spider said aloud.

The crowd around looked straight at Wan Zifeng.

Wan Zifeng's face was ugly to the extreme, but he had to bow his head.

He walked over to the crown prince and said sorry to him in humiliation to the utmost.

The Crown Prince smiled disdainfully, "Wan Zifeng, you really let me down!"

"If you can really die rather than give in, I'd really be convinced!"

"I didn't expect that you would give in so quickly."

"Tsk, people from the Wan family are no better than that!"

Chapter 1628

Wan Zifeng's eyes were full of resentment and he wanted to say a few harsh words to save the scene, but in the end, he didn't dare to speak.

However, in his heart, he was secretly fierce.

After this incident was over, he would transfer people from his family to kill the Poison Spider and the Crown Prince no matter what!

Seeing such a situation, all the people from the ten clans in Suzhou Province were also silent, not daring to say a word.

Qian Yong'an's face was blue, originally with the Wan Family backing him up, he would have been able to falsely accuse Lin Mo of stealing Wan Chun Tang's secret recipe and thus snatching Xu's Pharmaceutical's rejuvenation pills.

Unexpectedly, a poisonous spider had appeared halfway, and even Wan Zifeng had suffered a big loss at her hands.

This was a troublesome situation. If he wanted to frame Lin Mo again, I'm afraid the poisonous spider wouldn't agree.

However, he was also very clear.

If he couldn't snatch the secret recipe for the Recycle Pill this time, then next, his status among the Ten Great Families would fall by the wayside.

Not only that, even the Qian family, I'm afraid, would have to bear the responsibility by a*sociation.

By then, he would no longer have a foothold in Su Province!

Therefore, despite fearing the poisonous spider in his heart, Qian Yong'an still braced himself and said, "Lin Mo, what do you mean by that?"

"After being poked by me for stealing my Wanchun Hall's secret recipe, you're looking for someone to cause trouble and want to deny it?"

"I tell you, the eyes of the world are discerning. Even if you kill us all, will you be able to shut up the mouths of the world?"

There was a murmur from the surrounding crowd, and the eyes of the crowd were full of contempt when they looked at Lin Mo.

Lin Mo frowned and said in a deep voice, "Qian Yong'an, I still say the same thing, you say we stole the secret recipe of Wan Chun Tang, do you have any proof?"

Qian Yong'an said loudly, "The family heads of our top ten families in Su Province can all testify"

Poison Spider directly interrupted him, "Heh, these hundreds of people behind me can all testify for Lin Mo and prove that they did not steal the secret recipe of Wan Chun Tang!"

Qian Yong'an said in a deep voice, "Poison Spider, you are simply stirring up nonsense."

"These people of yours, they are all your men, what can they prove?"

The poisonous spider sneered, "Really?"

"Then you, the Ten Great Families, are all the shareholders behind Wan Chun Tang."

"Is the testimony of the ten family heads credible?"

Qian Yong'an was stumped for words, and then said indignantly, "Poison Spider, even if you don't accept these witnesses, but we have to be logical in what we do!"

“This Lin guy doesn’t know anything about medicine, so what ability does he have to develop a miracle pill like the Rejuvenation Pill?”

“This is completely illogical!”

The reason why the crowd did not believe Lin Mo was because they felt that Lin Mo was too young.

Compared to a miracle doctor like Qian Yong’an, Lin Mo was really unbelievable!

Lin Mo said softly, “Qian Yong’an, according to you, it means that whoever is more skilled in medicine, this miracle medicine, is the one who developed it?”

A family head on the Su Province side exclaimed, “Nonsense, is it still necessary to say that?”

“This divine medicine is definitely something that only an absolute divine doctor can develop.”

“A piece of trash like you who knows nothing, do you yourself think you can develop such a divine medicine?”

“You let everyone say, is it possible?”

The crowd nodded their heads.

He Qianxue couldn’t help but say, “Who said Lin Mo didn’t know anything?”

“Last time at the Southern Six Provinces Medical Exchange Meeting, Lin Mo won big and was recognized as a divine doctor in the Southern Six Provinces!”

Yuan De said in a cold voice, “The way of medicine is supposed to be a process of accumulation over the years, without any possibility of speculation.”

“Lin Mo, I don’t know exactly how you managed to win the medical exchange.”

“However, your little bit of medical skill, in front of God Doctor Qian, I think there is still some gap.”

The implication was to imply to the crowd that Lin Mo’s victory last time must have been an inside job.

Chapter 1629

Yuan De was, after all, someone who had participated in the last South Six Provinces Medical Exchange Meeting.

Even he had said so, the crowd at the scene looked at Lin Mo with a look of contempt.

As Yuan De had said, the way of medicine was a process of accumulation.

Lin Mo did not come from a medical school and, at such a young age, in the hearts of the crowd, he could not compare with Qian Yong’an, who had been famous for decades.

Therefore, in the hearts of the people, they still felt that this reconstructive pill was developed by Qian Yong’an.

The corner of Qian Yong’an’s mouth wiped a smile, this was exactly the result he wanted.

With his reputation and medical skills, he had turned black and white upside down and taken away Xu's Pharmaceutical's Recycle Pill.

He Qianxue was furious and retorted indignantly, but no one paid any attention to her.

In the eyes of the crowd, He Qianxue was on Lin Mo's side, and what she said was not enough to be taken at face value.

As for Divine Doctor Xue and Lui Sanzhen, they had long since been dragged away by the people of the Ten Great Families of Su Province, and they were unable to speak for Lin Mo here.

In this way, it was as if Lin Mo had become the target of all.

Looking at the situation, if the poisonous spiders were not here, I am afraid that the crowd would have risen up and attacked him.

Lin Mo was calm, waiting for the crowd's voices to drop before he said softly, "The one with the higher medical skills is the developer of the Recycle Pill?"

"Heh, Qian Yong'an, it seems that the only way for us to prove this matter is to have a competition of medical skills?"

Hearing this, the surrounding crowd burst into laughter.

A man pointed at Lin Mo and laughed wildly, "What did you say? Did I hear you right?"

"You want to compete with God Doctor Qian's medical skills?"

"Are you out of your mind, or are you having a psychotic episode?"

Others also mocked, "You're making a fool of yourself!"

"I've seen too many people who don't think they're capable, but I've never seen such a person.

"Hahahaha, do you know anything about medicine, and you're still competing with Dr. Qian? You weren't even born when Divine Doctor Qian was practicing medicine and saving people, so who are you to compare yourself with Divine Doctor Qian?"

A cold smile appeared on Qian Yong'an's face as he said aloud, "Lin Mo, are you sure you want to compete with me in medicine?"

Lin Mo smiled lightly, "Don't you dare?"

Qian Yong'an let out a wild laugh, "I wouldn't dare?"

"I'm afraid that you can't afford to lose!"

He took a deep breath and said aloud, "Since you're not convinced, then fine, I'll compete with you in a medical match!"

"Lin Mo, however, I'll say something ugly in front."

"If you lose, you will have to hand over the secret recipe you once stole from my Wanchun Hall, and you will also have to make amends to my Wanchun Hall, how about that?"

Lin Mo nodded, "No problem!"

A cold smile wiped across the corner of Qian Yong'an's mouth, this was exactly the result he wanted.

In his opinion, Lin Mo was only a young man, how could his medical skills be better than his?

The prince immediately said loudly, "Surname Qian, what about if you lose?"

Qian Liangwen immediately said, "How could my uncle possibly lose?"

The prince pointed at Qian Liangwen, "f*ck, since it's a competition, there must be a win and a loss."

"You guys only talk about what happens if Lin Mo loses, but not about what happens if you lose? How can that make sense?"

Qian Yong'an said aloud, "If I lose, then I, Wanchun Hall, will no longer pursue the matter of this recreation pill secret recipe!"

The prince cursed angrily, "Qian Yong'an, what's the difference between your words and a fart?"

"Just now, you all claimed that whoever is more skilled in medicine is the developer of the Recycle Pill."

"If you lose, then it will prove that the Recycle Pill was developed by Lin Mo."

"What the hell are you still pursuing?"

The prince's words instantly drew a lot of laughter from the crowd.

Qian Yong'an looked embarrassed and said in a deep voice, "If I lose, then I will personally make amends to Lin Mo, how about that?"

Only then did the prince nod in satisfaction, "Good, do as you say!"

"Get ready to come and apologise!"

Qian Liangwen gritted his teeth, "I'll be waiting for you to come and apologise."

Chapter 1630

The two sides agreed and the medical competition began its preparation phase.

The crowd went back to sit down and rested for a while, waiting for the competition to begin.

The poisonous spiders also sent their men back out, but they didn't go far and remained near the launch.

It was obvious that if the Ten Families tried to use force, the Poison Spider would have her men kill them again.

Therefore, the Ten Families of Suzhou Province did not dare to have any crooked thoughts, for fear of provoking this madman, the Poison Spider.

It just so happened that for this launch of Wan Chun Tang, in order to showcase Qian Yong'an's brilliant medical skills, he had also brought in some patients with difficult medical conditions from all over the world.

Originally, Qian Yong'an had planned to treat these patients himself at the launch event to further enhance his reputation and prestige.

As a result, the plan was put on hold after such an incident.

Now, as it happened, all these patients could be put to use.

Qian Yong'an ordered someone to invite these patients up, and at the same time, he sent someone to give these patients' medical records to Lin Mo, saying that he wanted Lin Mo to familiarise himself with his condition, and agreed to have a formal competition in an hour.

He also went back to the side of the Ten Great Families and sat down, waiting for the medical competition to follow.

People from the ten great families gathered around, Zhao Tianyuan was full of worry and said in a low voice, "Qian Yong'an, are you sure about this time?"

Another family head also said worriedly, "Qian Yong'an, this Lin, it is said that his medical skills are really not simple. He was able to develop the Recycle Pill, you must not be careless!"

Qian Yong'an smiled coldly, "Don't worry."

"I know this kid very well, this reconstructive pill of his, he didn't develop it himself at all."

"He is, in fact, just a pawn of Wu Zhai Lin Zhao!"

Hearing this, the crowd was astonished, not understanding what Qian Yong'an meant.

Qian Yong'an whispered, "As I told you, the Recreation Pill, only people from the Northern Realm Lin family can refine it."

"The Northern Realm Lin Family has died out, and only one Lin Zhao remains."

"I found out that this Lin Mo and Lin Zhaoge have an unusual relationship, and I am sure that Lin Mo was trained by Lin Zhaoge."

"This Lin Mo can know the refining method of the Recycle Pill, it must have been Lin Zhao who told him."

"I don't even put Lin Zhao's medical skills in my eyes, this kid, what's he worth?"

The crowd nodded slowly, and with Qian Yong'an's words, they felt a lot more at ease.

At this moment, a family head whispered, "Even so, this is not something to be taken lightly."

"As the saying goes, if you're not afraid of one thing, you're afraid of one thing."

"Once we lose to Lin Mo, then all the investments made by our ten families will be a basket full of water!"

Qian Yong'an glanced at that family head and sneered, "You don't need to panic, I have absolute certainty about this competition!"

"Don't you forget, these patients this time, I have personally selected them over."

“Their conditions are the ones I am most familiar with.”

“All the healing methods, I know them all well too.”

“Also, that medical record I sent to Lin Mo was tampered with.”

“He can’t even judge the patient’s condition, so how can he compare his medical skills with me?”

Hearing these words, the crowd was overjoyed.

Zhao Tianyuan nodded his head repeatedly, “Great! That’s great!”

“Divine Doctor Qian, you’ve really prepared for this.”

“With you, our Wanchun Hall, we are sure to win!”

The other people also praised, and Qian Yong’an was full of complacency.

Qian Yongan said aloud, “This time, once I’ve got the secret recipe for the Recycle Pill, we’ll find the opportunity to completely destroy Wu Zhai and make the Lin family in the North, disappear completely!”

As he said this, Qian Yong’an’s eyes flashed with a cold aura, and his eyes were filled with resentment.

When he was expelled from the Lin family, he had always harboured a grudge and wanted to take revenge, and this was the opportunity he had been waiting for for a long time!
