

## Genius 1631

### Chapter 1631: I think you're really tired of living!

In the Northwest mountains, which were surrounded by endless miasma.

Ye Chen's spiritual will was like a flood, enveloping a radius of a hundred miles. In an instant, countless scenes were reflected in his eyes.

"One peak soul formation cultivator, two late stage soul formation cultivators, five early stage soul formation cultivators, and several nascent soul cultivators ..."

With his powerful divine sense, he could see everything from the leader of the evil organization to the disciples guarding the gate.

This even included the dozen or so children who were being held captive.

"Very good!"

He sneered and took a step forward, teleporting towards the place where he was being held. He then said angrily, "A mere soul formation perfection cultivator also dares to wantonly Rob ordinary people. I think you're really tired of living!"

The voice was like a thunderclap, ringing in the ears of all living beings within a hundred miles.

His Qi was bursting out, and his might was unparalleled. The sky above the mountains in the Northwest seemed to have darkened.

There was only a god-like figure.

In an instant, all the living beings within a hundred miles felt this monstrous anger. Countless living beings prostrated themselves on the ground and trembled.

It was too terrifying!

From the mountain where more than ten children were imprisoned, countless figures suddenly whizzed out, all of them with killing intent.

When they saw clearly that the people standing in front of them were a young man in green and a young Man in Black, everyone was shocked.

"Kill him!"

Someone yelled. Suddenly, dozens of figures rushed toward ye chen. The wind blew, like ghosts wailing and wolves howling.

"You're looking for death!"

Ye Chen's divine will gathered like a stream and swept out in an overwhelming manner.

"

Under the quicksand-like divine sense, a series of screams rang out, and a terrifying blood mist appeared in the air.

At the same time, in the Great Hall in the mountain, an old woman trembled with a walking stick. "Master, this is bad. A Chinese powerhouse is here!"

"A Chinese powerhouse?!"

The ferocious-looking old man sitting at the head of the table was shocked at first, then he sneered, "So what if he's a powerful cultivator from Hua nation? I'm a cultivator in the great circle of the soul formation stage. No one under the void training stage can kill me!"

With that, the old man took a step forward and appeared outside the cave in an instant. What he saw next made him panic.

More than 50 disciples died in an instant.

There were even two late divine transformation realm experts among them.

However, when he saw ye Chen's face, he shuddered as if he had seen something terrifying. He cried out in shock, "Ye ... Ye nankuang!"

"So, you still know me!"

Ye chen looked at him indifferently. "You're very good. Not only did you wantonly Rob ordinary people to cultivate evil techniques, but you also dared to touch my people!"

"It's ... It's a misunderstanding ..."

The ferocious-looking old man's expression suddenly changed, and he was in unspeakable pain!

Damn it, how did I end up provoking this fiend!

He would never forget the endless killings that ye chen had committed when he returned to the ancient barren world.

When the news of ye chen and Yin Xu killing many void training stage cultivators spread, it became a nightmare for almost everyone.

"Is it a misunderstanding?"

Ye chen reached out and grabbed it in his hand, ignoring its resistance.

The ferocious-looking old man's eyes flashed with ruthlessness, and he actually wanted to self-destruct. However, in the next moment, he let out a series of miserable screams.

Ye chen had used the soul-searching technique on him.

One was at the perfected soul formation stage while the other was at the perfected void refinement realm. Their combat power was not on the same level at all. How could he possibly have the strength to resist ye chen?

"Bang!"

Ye chen crushed it into a bloody mist and extracted its soul, condensing it into the true Samadhi fire to destroy it.

“Great blood spirit Arts!”

“It’s indeed an evil technique!”

He smiled coldly and stepped out of the mountain.

At the same time, in the stone room where a dozen children were imprisoned.

“Don’t cry!”

Yang Xue stopped the others from crying and tilted her ears. “Listen, the commotion outside is getting bigger and bigger!”

Someone’s eyes lit up, and hope was immediately ignited. “Yang Xue, could it be that your family’s elders have come to save you?”

“There’s no one with the surname ye in my family. ”

Yang Xue shook her head and couldn’t help but look at ye Chi in the corner, “Ye Chi, did he come to save you?”

“Although my surname is also ye, my family’s conditions are not good. How could I know such a person?” Ye Chi shook his head in envy.

“BOOM!”

Suddenly, under everyone’s shocked gazes, the giant stone door that imprisoned them shook violently, and then split into countless pieces at a speed visible to the naked eye.

Everyone subconsciously covered their heads with their hands, afraid that the stone fragments would accidentally hurt them.

However, to their surprise, although the stone door was cracked, it was blown apart and fell to the ground.

At the same time, a young man in green appeared in front of everyone. The young man was as handsome as a God, and he had a faint smile on his face.

Instantly, everyone was stunned, including Yang Xue and ye Chi. In the end, Yang Xue was the first to react and said gratefully, “Many thanks to this senior for lending a hand.”

“Hehe ...”

Ye chen looked at her with a half-smile and said something that puzzled everyone, “Do you still remember me?”

Yang Xue could not help but take a few more glances at him. Although she felt that he looked familiar, she could not remember where she had seen him before.

Instead, a stammering voice came from the corner, “You ... You’re that uncle ye from before?”

Everyone looked over and saw that ye Chi was staring at ye chen in a daze, his eyes filled with disbelief.

With his reminder, Yang Xue finally remembered. She looked at ye chen in disbelief. "So it's you!"

"Uncle ..."

Ye chen did not know whether to laugh or cry. "You're insulting me by calling me that."

Ye Chi was the reincarnation of his second uncle, Ye Ming, but he called him uncle instead. It would be embarrassing if ye Chi awakened his memories from his previous life.

"Let's go, I'll send you back!"

After shaking his head, he waved his sleeve and everyone felt a strong wind blowing over. Their bodies floated up uncontrollably, and all kinds of exclamations immediately rang out.

Only Yang Xue seemed to be calm.

After leaving the cave, Yang Xue could not help but look back and asked, "Senior, where are the bad guys who captured us?"

"Dead ..." Ye chen chuckled.

Hearing this, Yang Xue was once again shocked. She knew that this evil force was not any weaker than the Yang family of Jinling.

Yet, it was flattened by ye chen alone?

"Whoosh!"

At this moment, an old and furious voice rang out from the void, "Let go of my granddaughter!!!"

"BOOM!"

A huge hand slammed down on ye chen.

An electric arc flashed across ye Chen's eyes. The giant hand suddenly collapsed and turned into countless terrifying storms that scattered in all directions.

After hearing the voice, Yang Xue said excitedly, "Grandpa, don't do anything stupid. This senior is here to save us."

### **Chapter 1632: The wealthy Yang family of Jinling!**

Just as Yang Xue finished her sentence.

A white-robed old man suddenly appeared in the void, followed by a dozen powerhouses. The lowest cultivation base among them was the original infant stage.

As for the white-robed old man, he was at the mid divine transformation realm.

If there were people from Jinling present, they would definitely find that this group of people were actually from the Yang family, a wealthy family in Jinling, and the old man in white was Yang Lie, the ancestor of the Yang family.

“Grandpa ...”

Seeing the appearance of the old man in white, Yang Xue, who was beside ye chen, immediately rushed over and hugged the old man’s arm tightly.”“Grandfather, I thought I would never see you again in my life.”

“You little girl ...”

Yang Lie didn’t know whether to laugh or cry as he shook his head, his face full of love,”“You’re usually the strangest. It’s good to suffer a loss this time.”

“Grandpa, how can you say that about me ...”

Yang Xue was a little unhappy.

“Xue ‘er!”

A middle-aged man standing at the side said with a straight face,”“Do you know how worried your grandfather was after your accident?”

Yang Xue suddenly looked aggrieved.

“Forget it, it’s good that you’re safe,”

After Yang Lie laughed out loud, he walked toward ye chen.”“Thank you for saving me, fellow Daoist. I’m yang Lie from the Yang family of Jinling ...”

Before he could finish his sentence, his entire body seemed to have turned into stone. He looked at ye chen with a look of disbelief.

His body was shaking.”“You ... You are ye nankuang? perfected Lord ye?!!”

“What? Ye nankuang?”

As soon as he said that, the rest of the people were shocked.

Even Yang Xue and ye Chi were dumbfounded. The one who saved them was the world’s most powerful cultivator, ye nankuang?

Ye chen met everyone’s eyes and smiled.”“Fellow Daoist yang is too polite!”

“Xue ‘er!” Yang Lie was extremely excited.”“I didn’t expect Xue’ er to have such a blessing. She was saved by heavenly Lord ye.”

“This ye only came by fate this time.”

Ye chen looked at ye Chi and Yang Xue and said,”“Would fellow Daoist yang be willing to come with this ye?”

“Since it’s an invitation from the heavenly Lord, how could I refuse?” Yang Lie said with respect.

“Alright!”

With a wave of his sleeve, ye chen brought everyone along and whizzed toward Jinling. He used Qi to lift dozens of people and traveled a hundred miles in an instant. Everyone once again witnessed his skills.

After the time it took to burn an incense stick, in the ye family of Jin Ling city, ye Chi and his mother, Chen shufen, hugged each other and cried.

On the other hand, third class Superintendent Xiao Nan and the others were shocked. They did not expect ye chen to not only save ye Chi but also all the missing children on this trip.

Yang Lie and the others didn't say a word, but they looked at ye Chi with a deep meaning in their eyes.

Many people of the Yang family knew ye Chi, because he was very close to Yang Xue.

This had made many of the Yang family members unhappy with ye Chi. However, they now had a vague feeling that ye Chi and ye chen had a special relationship.

Chen shufen let go of ye Chi and was about to kneel down in front of ye chen. “Thank you, benefactor, for saving Chi ‘er ...”

Ye chen quickly stopped her and shook his head. “Ms. Chen, you don't have to be like this. Speaking of this, I have a long-cherished wish with your family for two lifetimes.”

After saying that, he couldn't help but look at Xiao Nan, “Officer Xiao, now you finally believe that I'm not an evil person, right?”

Xiao Nan's pretty face blushed. She knew that her previous behavior was a bit impetuous, and was about to apologize.

Ye chen smiled. “Officer Xiao, I'll have to trouble you to bring these children back. Send them to their parents.”

“Alright!”

Nan Xiao nodded and immediately called several police cars to take the rest of the children away.

Ye chen waved his hand and set up a barrier in the room. He then looked at Chen shufen, Yang Lie, and the others. “Everyone, what I'm going to say next might not be something you can accept for a while. You all need to be mentally prepared.”

“It's fine if you speak frankly, ye Tianjun.” Yang Lie said respectfully.

Ye chen then slowly revealed the secret that ye Chi and Yang Xue were the reincarnations of his second uncle and second aunt.

After hearing this, the room fell into a dead silence.

Chen shufen subconsciously hugged ye Chi tightly in her arms, as if she was afraid that he would be snatched away.

Even Yang Lie, a strong man who claimed to be experienced and knowledgeable, was shocked.

As for Yang Xue and ye Chi, they were already stunned.

After a long while, Yang Lie finally digested this information. He immediately took a deep breath and said, "So this is why ye Tianjun saved the two children?"

"Not bad!"

Ye chen took in everyone's expressions and slowly said, "I know this secret is too shocking for all of you, but it is the truth."

"So, I will respect your decision whether or not you want to help these two children regain their memories of their previous lives."

He smiled.

At this time, Yang Xue, who had finally reacted, could not help but say, "Ye ... Ye-qianbei, are you saying that I was ... Ye Chi's wife in my previous life?"

As soon as she finished speaking, even with her fiery personality, she couldn't help but feel her face heat up. She then sneaked a glance at ye Chi.

Ye Chi also looked at her subconsciously.

As soon as their eyes met, they immediately looked away as if they had been electrocuted, not daring to look at each other again.

"Yes, I am!"

"You two were indeed husband and wife in your previous life," ye chen said with a smile.

"No." Yang Lie shook his head and said, "ye Tianjun, I think we should respect their own wishes first."

In reality, the Yang family was naturally eager to befriend ye chen. After all, although the Yang family was a wealthy family in Jinling, they were nothing in the world.

If they could make friends with someone like ye chen, it would be a great opportunity for the Yang family to grow in the future.

However, he could not go against his conscience and use his granddaughter as a ladder to climb up the ladder.

Ye chen nodded and turned to Yang Xue. "Are you willing to let me help you awaken the memories of your previous life?"

Yang Xue didn't say anything. Instead, she subconsciously looked at ye Chi, her eyes filled with anxiety.

Ye chen knew what she was thinking. He smiled and looked at ye Chi. "What about you?"

Under everyone's gazes, ye Chi was a little nervous, but he gathered his courage and said, "Will awakening the memories of my past life make me stronger? Can I protect my mother?"

Chen shufen's eyes immediately reddened.

"Sure!"

“Regardless of whether you’ve awakened your memories or not, I’ll guide you into the Dao and let you embark on the path of cultivation,” ye chen said.

“Then I don’t want to awaken my memories!” Ye Chi said immediately.

“Why?”

Ye chen was interested.

In fact, he hoped that he could help his second uncle and second aunt regain their memories of their previous lives. This way, the family could be reunited.

However, the two people standing in front of him now were two independent lives, and they had things that they could not part with.

### **Chapter 1633: Second uncle and second aunt’s choice!**

“Because I don’t want to leave my mother. I’m not ready yet,” ye Chi said firmly.

Hearing this, Chen shufen immediately hugged him again, her tears flowing uncontrollably.

Yang Lie and the others nodded secretly.

This child was really filial.

He knew that the person standing in front of him was the world’s most powerful man, ye nankuang, but he was not willing to give up his filial piety for the so-called glory and wealth.

“I don’t want to either.”

Yang Xue shook her head without even thinking, “I’m a little scared when I think about the fact that I’m ye Chi’s wife.”

“Hahaha ...”

Yang Lie and the others were amused by this sentence.

Ye chen did not know whether to laugh or cry as he shook his head.

However, he could roughly guess what Yang Xue was thinking. This girl and ye Chi were not even a couple, so it would be complicated for them to suddenly regain their memories.

It looked like he could only let nature take its course.

Thinking of this, he immediately shook his head and said, “Fine, I will respect your choice. I will teach you your cultivation techniques now. When you both step into the original level, you will naturally regain your memories of your previous life.”

.....

Half an hour later, at the Yang family, a wealthy family in Jinling.

All the Yang family higher-ups stood at the door, looking at ye chen with respect. This naturally included Yang Xue and ye Chi.

“Fellow Daoist yang!”

Ye chen looked at Yang Lie. “I’ll leave ye Chi and his mother in your care. Of course, I won’t let you do it in vain. If the Yang family is in danger in the future, you can go to the South and ask me for help.”

“Thank you, ye Tianjun!”

Yang Lie was ecstatic.

This promise was bigger than anything substantial!

He didn’t have much time left. If he couldn’t reach the void training stage, he would definitely die.

At that time, without him, plus the fact that the Yang family didn’t have any talents, they would definitely fall and disappear.

Ye chen, on the other hand, had reached the void training stage at such a young age. He might even advance further in the future and have an endless lifespan.

As long as ye chen was around, no matter how disappointing the Yang family was, at the very least, they could ensure that their legacy would continue, and they might even be revived.

Ye chen took one last look at the crowd before taking off with Niu Qingshan.

At the same time, ye Chi and Yang Xue heard his voice in their minds, “You must not tell anyone about the cultivation technique I’m going to teach you, not even the people closest to you. Otherwise, you’ll be in grave danger.”

“Remember, remember!”

.....

In the void, Niu Qingshan looked at the ground that was getting smaller and smaller, and sighed in a somewhat despondent manner.

As if sensing his mood, ye chen smiled and said, “Are you disappointed that the three of them are unwilling to face the past?”

“Not really.”

“I just feel that everyone has their own path to take. Perhaps this is the true essence of cultivation.” Niu Qingshan shook his head slightly.

“Then, what is your Dao?” ye chen asked.

“I don’t know.” Niu Qingshan was confused.

In his previous life, his Dao was to inherit The Last Wish of the former captain of Dragon Soul, and he dedicated his life to protecting China.

But in this life, the world had changed greatly, and every generation had talents. The changes in the sea and the fields had made him fall into a daze.

“Let’s go!”

Ye chen chuckled and immediately led him toward Tian Nan.

At the same time, he sighed in his heart.

Although he had passed on immortal cultivation techniques to second uncle and second aunt, it was not easy for the two of them to cultivate to the nascent Soul Stage. Under the premise of not having any fortuitous encounters, it would easily take hundreds of years.

It was unknown if ye chen would still be on earth after hundreds of years.

However, since it was his second uncle and aunt’s choice, he could only persist.

.....

Tiannan, Lin city’s Ye family.

Old ancestor yellow spring and the others stood side by side and looked at the sky with solemn expressions. They saw countless colorful light spots flickering in the sky.

These specks of light were of different sizes and shapes. They slowly floated in the air, and from a distance, they looked like a river of Stars hanging upside down.

Immediately after!

The sky was darkening at a speed visible to the naked eye. It was clear for thousands of miles before, but it turned into night.

The most shocking thing was that the dark night seemed to expand, with the nine Dragon Bay as the center, and it was expanding rapidly.

First, it was Lincheng that turned dark, then the entire three provinces in the South, and the surrounding provinces. Finally, the whole of China fell into darkness.

And this darkness actually began to spread overseas.

“What’s happening?!!”

At that moment, countless people scattered all over the country were shocked by this sudden change, and they looked extremely panicked.

Countless cultivators, no matter how strong or weak their cultivation was, felt uneasy at that moment. Some of them who were in closed-door training almost went into Qi deviation.

“What happened?”

“Could it be that Yinxu has been broken?!!”

“Investigate, investigate thoroughly!”

“.....”

In an instant, the entire world was shocked.

In the nine Dragon Bay, old ancestor yellow spring and the others were shocked.”This phenomenon was caused by miss su?”

The reason why he said that was that the light spots from before were all coming from the villa where su Yuhan was.

“I can’t see it, I can’t see it!”

Daoist heavenward looked at the mansion and motioned for the crowd to stay away. He then mumbled,“”I’m quite experienced, but I still can’t see through this sudden phenomenon. ”

“I hope nothing bad will happen to that girl, Yuhan!”

Ye hai and the others were extremely worried.

At this time, a graceful figure quickly swept over from the sky, and then revealed ye chen and Niu Qingshan’s faces.

After sensing this change, ye chen could not help but ask,“”How did it become like this?”

“Fellow Daoist ye, something has happened to miss su ...” The sky-trampling Daoist said.

Ye Chen’s expression changed slightly. He took a step back and flew toward the villa but was bounced back by an extremely powerful force.

“You can’t go in!”

Little Spirit’s baby voice finally sounded,“Mother is in the middle of a breakthrough. You can’t disturb her!”

“Yuhan is about to break through to the spirit formation stage?”

Hearing this, ye Chen’s face lit up. This meant that su Yuhan had successfully refined the longevity pill and was using its medicinal power to break through the threshold of the soul formation stage.

When she truly stepped into the soul formation stage, she would definitely be able to increase her lifespan by another thousand years. In addition to the five hundred years from the longevity pill, it would be a total of one thousand and five hundred years.

At the thought of this, he immediately suppressed his excitement and sat up outside the villa, protecting su Yuhan in person.

At the same time, in the Forbidden Zone of Yinxu.

Many terrifying auras woke up from their long sleep, and a voice that sounded like the chanting of gods and demons rang out.

“The king, our respected King has awakened!!!”

“The hope of our race has finally been revived!”

“As long as the Dark Clan doesn’t die, the Shura will live forever!!!”

In an instant, the entire YinXu burst out in an earth-shaking turmoil, which shocked countless forces.

It was unknown how many creatures had been destroyed by this commotion, and the devil earth, which had finally fallen silent, became restless again.

#### **Chapter 1634: Su Yuhan’s breakthrough to become a first-class nether Lord!**

In the sky above the Ye family.

Everyone watched the change in the situation silently.

The dark night enveloped everything, arousing the most primitive fear in many people’s hearts.

In the sky above the Ye family villa, countless black runes surged.

An indescribable, vast pressure quietly spread out, directly causing the space to distort.

Ye Chen’s eyes were serious. He could feel that the Yin energy that had gathered between heaven and earth had reached a terrifying limit.

“Is this the soul formation stage?”

He was a little worried, because the pressure brought by Su Yuhan’s breakthrough was much more terrifying than that of ordinary cultivators who had entered the soul formation realm.

“BOOM!”

At that moment, an extremely Condensed Black light pillar shot up into the sky from the Ye family villa.

It was as if the sky had been pierced through.

At the same time, an undisguised pressure that only a divine transformation realm expert could have erupted from the villa.

“I’ve succeeded!”

In an instant, everyone seemed to have sensed something and looked over.

“Yuhan!”

Ye Chen’s expression brightened. He immediately whistled toward the villa. This time, little spirit did not stop him.

On a huge black Lotus platform.

There was a slender figure in a black dress with dark golden patterns on the edge.

She exuded a noble and unpredictable temperament.

The owner of that beautiful figure had a breathtakingly beautiful face. Her skin was as white as snow, her eyebrows were like willow leaves, and her eyes were especially deep like a deep pool.

It was as if one would completely sink into it with just a glance.

Ye Chen looked at the woman in front of him in a daze, a hint of disbelief in his eyes. "Yuhan?!!"

As if she had heard his voice, the woman sitting cross-legged finally opened her eyes.

Her noble eyes looked at Ye Chen and seemed to turn into a myriad of colors. She smiled. "Little Chen, I've succeeded!"

Ye Chen could not hold it in any longer. He ran over and hugged her tightly in his arms. He said rather excitedly, "That's right, you've broken through. Not only did you increase your lifespan by five hundred years, you've also stepped into the early divine transformation realm."

"Early divine transformation realm?"

Su Yuhan blinked her pretty eyelashes and smiled noncommittally, "Little Chen, I'm not just at the early divine transformation realm ..."

She slowly stretched out her hand and opened it. A Black Lotus flower immediately condensed in her palm.

With the appearance of the Black Lotus, Ye Chen's expression finally changed because he felt a trace of danger in the Black Lotus.

He couldn't help but look at Su Yuhan in shock. "You ... What realm are you in now? The soul splitting stage?"

Before Su Yuhan could say anything, Ling's voice sounded, "Mother isn't a cultivator. She's a Hades now."

A Hades!

Ye Chen's heart was filled with excitement when he heard this.

The so-called advanced level netherworld Lord referred to the cultivation system of the netherworld. If it had to be measured against cultivators, it would be at the great circle of the void refinement realm!

In other words, Su Yuhan had directly stepped into the perfect void refinement realm from the original infant stage. She was only one step away from the realm of Yama.

If he hadn't seen it with his own eyes, he wouldn't have believed it.

As if she could sense his mood, Su Yuhan held his hand tightly and smiled gently, "Little Chen, after my breakthrough, I suddenly have a lot of fragmented memories in my mind."

"You remember your past life?" Ye Chen's heart sank.

"No, I didn't!"

Su Yuhan shook her head slightly, looking confused. "These memories are very fragmented and not complete. It's as if they've been sealed, and I'll always subconsciously see some images."

"That's good!"

Ye Chen secretly heaved a sigh of relief.

It was at that moment that an extremely oppressive aura suddenly entered his Six Senses.

He suddenly took a step forward and instantly appeared in the void.

“Squeak ...”

In the void that was gradually regaining its brightness, a crack that looked like the mouth of a ferocious beast suddenly appeared at a speed visible to the naked eye.

As the crack grew bigger and bigger, a shocking evil aura also spread out from it, accompanied by endless black gas.

“Demonic Qi!”

At that moment, old ancestor Yellow Spring and the others' expressions changed.

They were very familiar with this thing. After all, there were many of them in the Ruins of Yin.

Ye Chen's eyes darkened as he looked at the huge crack. The first thought that flashed through his mind was: “The Ruins of Yin are cracked?”

The next moment, a beautiful figure in black landed beside him.

It was Su Yuhan!

“Little Chen, this is a demon!”

Su Yuhan looked coldly at the rapidly growing crack in the void, as if she had changed into a different person.

“Mom, the bad guys from the demon race are here again.”

“They're definitely after you,” Xiao Ling said. “These bad guys. If it weren't for the Lord of the demon race working with that true immortal from the lower realm to plot against you, you wouldn't have died.”

“Hehe, as expected of the nether Lord whose name once shook the Three Realms!”

As the black fog within the huge crack raged, a black figure whizzed out from within and turned into a black-robed man.

The pair of dark golden eyes behind the man seemed to blot out the sky, and the aura he exuded caused the temperature of the world to drop.

“Demon King!”

Ye Chen's eyes flashed. This time, the one who had descended on earth was a Demon King comparable to a demigod.

**Chapter 1635: Profound heavenly netherworld treasure, dark silk umbrella!**

“Hehe ...”

Immediately after, several black shadows emerged from the huge crack behind him. These black shadows all turned into creatures that were taller than humans.

Five demon generals!

In the distance, the expressions of old ancestor yellow spring and the others changed.

He didn't expect that a Devil King and five devil generals would come this time. If they were to fight, the scene would probably be more tragic than usual.

"Hehe!"

Ye Chen's eyes turned cold. "You're in China. Especially in my territory. You don't have the right to behave atrociously!"

He stretched out his hand and turned it into a big hand that slammed into the void. However, at that moment, a black shadow condensed in the void and then collided with the big hand, which actually collapsed.

"The Dao-companion of the nether Lord's reincarnation has a pretty good aptitude."

As a sinister laughter rang out, the black shadow turned into a woman. The woman was naked and had three heads, each with a ferocious face.

Female Demon King!

Ye Chen's eyes suddenly flashed.

"Let me introduce myself. This King here is Demon King Yaojia of the Pesa God race. The other one here is Demon King Shidao of the three-eyed God race."

The female Demon King looked at su Yuhan and grinned at her, "Nether Lord, you should know our goal. If you know what's good for you, then obediently follow us and leave."

"Otherwise ..."

At this point, three evil laughs were heard, "Otherwise, not only will your Dao-companion die, but all the living beings of this world will also be exterminated."

After hearing the two of them address su Yuhan as the nether Lord one after another ...

The expressions of old ancestor yellow spring and old Daoist sky trampling changed, and they looked at su Yuhan in horror.

This was especially true for old ancestor yellow spring. When the nether Lord led the netherworld to conquer the spiritual realm, he was still a cultivator at the soul separation stage.

Even so, he could never forget the peerless talent of the nether Lord, who had forced the spiritual realm to retreat.

If it wasn't for the spirit realm's desperate attempt to light the lower realm incense and summon a true immortal ancestor from the immortal realm, the spirit realm would have long ceased to exist.

However, such a ferocious person was su Yuhan?

“What a joke!”

Ye chen sneered. “You’re just two demon kings and five demon generals. How dare you say that you’ll destroy all life on Earth?!”

He began to realize that su Yuhan’s breakthrough might have caused her aura to leak, and these existences in front of him had noticed it.

Therefore, they broke into YinXu at all costs to capture su Yuhan. After all, su Yuhan was the Lord of the Underworld in her previous life.

It seemed that something had happened in YinXu.

“What a sharp-tongued brat!”

The three-eyed celestial race’s Shidao Devil King laughed evilly, “I’ve heard that you’ve killed many of my clan’s people. Being able to meet you today has saved this King a lot of time.”

“Nether Lord.”

After saying that, he could not help but look at su Yuhan beside ye chen. “I have to say that you’re extremely unlucky. You’ve awakened in advance, allowing us to sense your aura.”

Su Yuhan seemed to be struggling, as if she was trying to figure something out. A few seconds later, her aura suddenly changed, as if she had turned into a ten-thousand-year-old snow Mountain.

In just a few seconds, the temperature of the world suddenly dropped.

“Little Chen!”

Su Yuhan looked at ye chen with incomparable gentleness. “All these years, you’ve always been protecting me. Today ...”

“I’ll protect you instead!”

After saying that, she took a step forward, and her three thousand black hair suddenly expanded, as if it was woven into the endless night. “Little spirit!”

“BOOM!”

In ye Chen’s eyes, the nether energy that shrouded the ye clan rose up and turned into an extremely Condensed Black umbrella that fell into su Yuhan’s hand.

As soon as the black umbrella fell into her hand, su Yuhan seemed to have turned into a god statue that stood between heaven and earth, unmoving after hundreds of millions of years of impact. She was immortal and indestructible.

“Profound heavenly netherworld treasure, netherworld umbrella!”

Demon King Yaojia and Demon King Shidao’s pupils contracted violently as they blurted out in shock almost at the same time.

“Don’t be afraid!”

“She hasn’t fully awakened yet,” Demon King Shi Dao sneered. “Besides, this dark net umbrella was damaged in the battle all those years ago. It can’t unleash its peak combat power at all!”

“Do it!”

After he finished speaking, he chose to make the first move. With a fierce glint in his eyes, the rolling demonic clouds turned into a giant palm that was a thousand feet tall, and it slammed towards nine Dragon Bay.

If he allowed it to fall!

The entire nine Dragon Bay would probably be razed to the ground.

“Even so, it’s enough to kill you two pieces of trash!”

Su Yuhan’s long black hair rolled back, and the dark net umbrella in her hand suddenly expanded, turning into a huge black umbrella to meet the giant palm.

“BOOM!”

With an earth-shattering boom, the giant palm collapsed after landing on the dark net umbrella.

“Kill!!!”

The five demon generals hovering around looked ferocious. They then turned into huge demonic beasts and charged toward su Yuhan with a terrifying power.

Su Yuhan didn’t seem to see it.

Suddenly, a strand of black hair fell from his shoulder and drifted down with the wind. It had actually forcefully cut off no one.

After seeing this scene, everyone felt their blood run cold. That was equivalent to five demon generals at the void training stage!

It was actually cut off by a strand of hair?

“Damn, sister-in-law is too fierce!”

Yang Tian’s eyes almost popped out of their sockets.

“Nether Lord, you ...” Demon King Yaojia and the other Demon King flew into a rage.

“Even you, the Lord of the demon world, couldn’t do anything to me back then. How can you, a few ants, defeat me?!!”

At that moment, su Yuhan seemed to have changed into a different person. She walked toward the void step by step, as if nothing could stop her.

Demon King yaoja was stunned when he saw this.

**Chapter 1636: The fierce su Yuhan!**

Seeing su Yuhan's method of instantly killing five demon generals, Demon King Yaojia's three heads shrieked,"How did you recover so quickly?"

"Let's attack together. Even if we can't capture her alive, we must kill her!"

Shidao fiend King's eyes narrowed. He finally realized that the person standing before them wasn't just a mortal woman.

It was the Asura King and the nether Lord who had rebelled against the Three Realms back then!

"BOOM!"

At that moment, the two of them looked at each other with a murderous look in their eyes.

The next moment!

Two terrifying figures wrapped in monstrous demonic Qi instantly swept out, accompanied by a terrifying evil aura.

"The sword of the devil decree!"

Demon King Shi Dao pointed his finger in the air, which instantly turned into a huge black sword. It tore the void apart and slashed toward su Yuhan.

Seeing this, everyone's heart could not help but race.

Even ye chen, who was standing below and watching the battle, could not help but have a glint in his eyes. He hesitated whether to make a move.

Su Yuhan's hair was crystal clear, and her snow-white fingers were as hard as immortal artifacts. They shattered the black sword directly and struck at Shidao Demon King's glabella.

"Devil's Mandara flower!"

Demon King Yaojia roared and folded his hands. A black petal condensed in his hands and whistled toward su Yuhan.

The so-called devil mandala flower was a special plant that grew in the devil World. The most powerful thing about this plant was that it could confuse people's minds.

"BOOM!!!"

Su Yuhan's Black hair danced in the wind, and each strand seemed to be able to cut through the world. After shattering the devil Mandara flower, she took the initiative to attack the two.

The three of them fought from low altitude to high altitude, then from the depths of the void to beyond the nine Heavens, causing the world to lose its color and the sun and moon to lose their light.

If not for ye Chen's protection, the entire nine Dragon Bay would have been destroyed by the terrifying aftermath.

"Pfft!"

Demon King Yaojia let out a blood-curdling screech as one of his heads exploded from su Yuhan's finger. His body suddenly retreated as he screamed.

Looking at su Yuhan, who was getting more and more courageous as the battle progressed, Shidao Demon King was also extremely frightened.

Both of them were at the level of Demon King, which was equivalent to the early stage of avatar. It was reasonable to say that they should be able to capture su Yuhan if they worked together. However, the combat strength that the latter displayed shocked them.

"Bang!"

At that moment, the light in su Yuhan's eyes suddenly brightened, and her snow-white, unparalleled face suddenly burst with killing intent.

The next moment!

She slapped him with her slender hands.

"Ah!"

Demon King Yaojia's shrill scream rang out between heaven and earth. Then, the huge demonic body of the former turned into a bloody mist and scattered in the void.

Heaven and earth were stained with blood, and demonic blood surged.

In everyone's eyes, there was only a peerless beauty. She was like an ancient goddess descending to the mortal world. Her might was vast and mighty, as if the entire world was trembling because of her.

Following Yaojia's death, Shidao's expression changed completely. Without saying a word, he turned into countless wisps of black Qi and fled into the crack in the void that was about to close.

"Hu hu hu ..."

In an instant, su Yuhan's Black hair grew in the wind, as if it had turned into black Thunderbolts that could cover everything.

The black smoke that had turned into countless black smoke was completely wiped out by the Thunderbolt-like hair.

"

"Nether Lord, don't be too pleased with yourself!"

"My clan will not let you off!"

As a world-shaking scream fell, the void returned to its previous deathly silence.

The rolling demonic Qi that shrouded the void also dispersed in all directions, as if it had evaporated.

Even so, the spectators still had not recovered from their shock.

It was shocking, extremely shocking!

At this moment, their gazes were all fixed on the beautiful figure in the void.

Although the figure was a woman, she looked down on the world. Her eyes seemed to look down on the heavens and the world.

“Each one is more monstrous than the last ...”

Old ancestor yellow spring shuddered and felt like crying. “What kind of people did the old ancestor meet?”

Before this, he had thought that ye chen was already a monster. However, after seeing the changes in Su Yuhan’s body, he suffered another blow.

At the very least, the old ancestor had reincarnated through possession!

The old ancestor was a tribulation stage powerhouse in his previous life!

Why couldn’t he find any sense of superiority from these two people?

However, when he remembered that su Yuhan had been a ruthless person in her previous life, the jealousy in his heart disappeared without a trace.

After all, during the war between the spiritual realm and the netherworld, countless great vehicle stage ancestors had fallen. It took the spiritual realm tens of thousands of years to barely recover.

If he was in such a state, there was no need to mention the heaven-trampling Daoist priest and Yang Tian.

Ye Chen’s gaze was complicated as he looked at the beautiful figure in the depths of the void who seemed to have changed into a different person. In the end, he slowly said, “Yuhan ...” He said.

The beautiful figure trembled slightly, then slowly turned around to look at ye chen. Her eyes were filled with too many emotions.

There was pride, there was complexity, there was love, but most of all, there was confusion.

Suddenly, a flash of anger could be seen in her eyes. Then, like a Mighty God, she pressed down on ye chen.

“What is she doing?!!”

Yang Tian, who was the first to witness this scene, immediately exclaimed, “Yuhan, are you crazy?!!”

At the same time, his figure flashed and he quickly met the former as if he wanted to stop him.

“Bang!”

However, su Yuhan only slapped it lightly.

Yang Tian screamed and fell to the ground.

This sudden scene stunned everyone.

Ye chen was also in a daze. He had not expected su Yuhan to attack him!

“BOOM!”

Su Yuhan’s finger pointed at him, and it was as if she wanted to break him into pieces.

“Yuhan!”

Ye hai and Wu Lan were so scared that their faces turned pale.

“Mom ...”

At that moment, a cry was heard.

It was Mengmeng.

Hearing the cry, su Yuhan’s body suddenly stopped, as if she was fixed in place. Her beautiful face seemed to be struggling.

“Pfft!”

In the next moment, a trace of blood suddenly spilled out of her mouth, and her face turned extremely pale at a speed visible to the naked eye.

At the same time, she seemed to have lost all her strength and began to fall to the ground quickly.

Ye chen took a step forward and held her in his arms but found that she had already passed out. Fortunately, she seemed to be exhausted and did not show any signs of injury.

“You ... You don’t have to worry too much!”

The dark net umbrella’s Artifact Spirit, Xiao Ling, spoke in an extremely weak voice, “Mommy is exhausted. I just need to sleep.”

Immediately after!

In ye Chen’s eyes, the Ming Luo umbrella turned into a ray of light and entered su Yuhan’s body, finally turning into a strange mark on her wrist.

### **Chapter 1637: The destruction of the Ruins of Yin, the demonic tribulation of the end of the world!**

Ye chen shook his head slightly and immediately carried su Yuhan into the villa. He placed her gently on the bed and covered her with a blanket.

Looking at her beautiful face even in her deep sleep, he did not know why but a faint trace of sorrow emerged in his heart.

Su Yuhan had changed too much!

First, he had obtained the so-called dark net umbrella. Then, he had used the longevity pill he had refined to become a Dark Lord.

The biggest change was that she, who had always been extremely weak, had killed five demon generals and two demon kings so decisively.

Then, he attacked him.

Thinking of this, he subconsciously held su Yuhan's hand tightly and looked at her with a complicated gaze." "Yuhan, have you really awakened?"

He didn't know how su Yuhan would face him and her two children after she fully awakened and regained her memories of her previous life.

After all, she was the Lord of the netherworld in her previous life, a ruthless person who had once brought chaos to the Three Realms. How could she be willing to be affected by her emotions?

Finally, he took a deep breath and suppressed his emotions. He let go of su Yuhan's hand and walked out of the villa.

Old ancestor yellow spring and the others immediately came forward.

Ye hai carried the two children and said worriedly, " "Little Chen, is Yuhan alright?"

He felt a chill in his heart when he thought of how su Yuhan had become so terrifying and still attacked ye chen.

"Dad, don't worry. Yuhan is fine."

Ye chen shook his head.

After his parents left, old ancestor yellow spring took a deep look in the direction of the villa and said, " "Is miss su really the reincarnation of the nether Lord?"

Ye chen nodded slightly.

With today's turn of events, even if he wanted to hide it, he was afraid that he could no longer hide it.

Even though he was prepared, old ancestor yellow spring still gasped. "I can't believe she's the reincarnation of that unparalleled brutal man."

"Old ye, who is the nether Lord you're talking about?" Yang Tian was confused.

Old ancestor yellow spring shook his head and told him everything about the nether Lord and the netherworld.

Yang Tian was dumbfounded after he heard that.

"Shocking, right?"

Old ancestor yellow spring chuckled and then looked at ye chen with a half-smile. "I really don't know if you're lucky or not. You actually went to the nether Lord to be your wife!"

"Why do you say that?" Ye chen said.

Old ancestor yellow spring shook his head and laughed. "I say you're lucky because all the Asura women in the underworld are as beautiful as flowers. The men are all ugly. The Lord of the Underworld is the most beautiful woman in the Three Realms."

He paused for a moment and gloated, "The reason why I say that you're unlucky is because the nether Lord is heartless and especially hates men. In the end, not only did you hook up with her reincarnation, you even made her give birth to two children for you ..."

"F \* ck!"

Yang Tian shuddered and looked at ye chen with sympathy. "Old ye, good luck ..."

"This is nothing."

Old ancestor yellow spring shook his head. "What's most troublesome is that the Lord of the Dark Clan is a legend and The Public Enemy of the other two realms. If this gets out, neither the Dark Clan nor the people of the other two realms will let you off."

"I only know that she is su Yuhan, my wife, and the mother of two children."

"Whoever dares to stop me from being with him, don't blame me for slaughtering them all," ye chen said with a determined look.

There was something else he didn't say. What was the spiritual world? What was the underworld? What was the devil World?

One should know that ye chen was once the master of the immortal realm. This identity was enough to crush everything.

"You should be more careful."

"Miss SU's change today is enough to show that the memories of her previous life are awakening," old ancestor yellow spring reminded her out of kindness. "It's hard to say if it's a blessing or a curse once she's fully awakened."

"In theory, if the nether Lord is fully awakened, his memories will be the dominant force."

"Of course, miss SU's consciousness has a chance. After all, she's still in control of her body in this life."

Just as they were talking, a few earth-shattering thunderclaps suddenly sounded in the sky. The commotion shook the entire world.

Everyone's expression changed slightly. They looked up and saw a huge crack in the sky.

The crack was like glass being shattered, growing larger and larger. In the end, it actually split into countless densely packed cracks.

"The sky is splitting?!"

At that moment, everyone in the world raised their heads to witness such a shocking scene.

For some reason, everyone had a bad feeling.

The next moment!

A petite and weak figure suddenly floated up from the ground and quickly rose into the sky.

"Who's that?"

“Qianqian?” ye Chen’s pupils contracted.

The thin figure in the air was none other than Qianqian.

“Where is she going?” Everyone was shocked.

“Big sister Qianqian ...” Mengmeng, who was on the ground, said reluctantly.

Qianqian was wrapped in a cloud of purple Qi, which almost covered the sky and the sun, causing the little fellow’s body to have a trace of a terrifying aura that began to soar at a speed visible to the naked eye.

“Big brother ...”

Qianqian looked at ye chen on the ground with tears in her eyes and waved at the crowd. “It’s time for Qianqian to go. Qianqian is going to complete her mission ...”

Ye Chen’s eyes flickered and he was about to make her stay.

“You can ‘t!”

Old ancestor yellow spring stopped him in a hurry.”The primordial purple Qi in this child is the Dao of this world. The Dao of this world has begun to recover in her body. If you attack now, you’ll be making an enemy of the entire world.”

“What do you mean?”

Ye Chen’s heart trembled.”The Dao of this world has awakened. The heavenly Dao is about to be Reforged?!!”

“It should be so!”

“I don’t know what happened to awaken this child. We both know that she’s the reincarnation of the heavenly Dao,” old ancestor yellow spring said with a grave expression.

Under everyone’s gaze, Qianqian rose higher and higher, floating further and further away, until she completely disappeared from everyone’s sight.

“Qianqian ...”

Ye Chen’s stomach ached. He was sad for the little guy’s departure.

“Fellow Daoist ye, look!”

Old ancestor yellow spring suddenly exclaimed.

Ye chen looked over and saw that the crack in the sky had begun to close up. The cracks became fewer and fewer until not a single one was left.

At the same time, a layer of transparent protective shield began to spread rapidly outside the earth, enveloping it completely.

At that moment, everyone in the world suddenly felt a sense of oppression. It was as if there was an eye in the sky looking down on them.

It was a reverence that came from the depths of his soul!

“The Earth’s heavenly axiom has been Reborn!!!”

Although he did not know why this was happening, such a thought flashed through ye Chen’s mind.

All of a sudden, a graceful figure broke through the void and whizzed toward him. It transformed into an existence that looked like a messenger pigeon.

Ye chen caught it, and a dozen words instantly appeared in his mind: “The Ruins of Yin are broken, the demonic tribulation of doomsday, the manifestation of Xuanyuan, the rebirth of the great Dao, return quickly!”

### **Chapter 1638: Yinxu’s passageway is broken!**

“The Ruins of Yin have been broken!”

The eighteen words kept echoing in ye Chen’s mind, followed by a shocking fluctuation.

“What? The Ruins of Yin are broken?”

Old ancestor yellow spring and the others were shocked when they heard the news. “Isn’t there the means left by the realm guardians and Emperor Xuanyuan?”

Ordinary people might not understand what it meant for the Ruins of Yin to be broken, but they, who had entered the ruins, were very clear about it.

The biggest threat in the Ruins of Yin was the devil earth, which was caused by the Qi of the devil realm seeping through the cracks in the Ruins of Yin. Countless Devils lived in it.

Once it exploded, not to mention Yinxu, even the entire earth would face a disaster.

“I’m afraid the demonic apocalypse is referring to the threat of devil earth!”

“But what does the manifestation of Xuanyuan and the rebirth of the great Dao mean?” Yang Tian frowned and asked slowly.

Upon hearing this, ye chen could not help but exchange a glance with old ancestor yellow spring. They suddenly thought of Qianqian’s Ascension and the protective shield that enveloped the earth.

“I’m afraid that the manifestation of Xuanyuan is the protective shield that covers the earth. Given its literal meaning, it should be the last means left by Emperor Xuanyuan.”

Old ancestor yellow spring took a deep breath. “As for the rebirth of the great Dao, it should be on Qianqian. The series of changes such as the destruction of the Ruins of Yin caused her to turn into the heavenly Dao.”

“But there’s something I don’t understand.”

At this point, he couldn’t help but narrow his eyes. “These series of events are connected with each other coincidentally. Has Emperor Xuanyuan predicted this long ago?”

“Emperor Xuanyuan is really an existence who was conferred as an immortal.”

Ye chen was also shocked by this method.

The expression of the sky-trampling Daoist priest changed slightly. He made a hand seal and his entire body rose into the air, whistling towards the depths of the sky.

“BOOM!”

At that moment, a bolt of lightning as thick as a baby’s arm suddenly descended, carrying a terrifying aura as it struck towards him.

“Not good!”

Daoist heavenstepping hurriedly took out a golden-armored puppet.

“BOOM!”

The Golden-armored puppet was crushed into pieces by the lightning.

The sky-trampling Daoist quickly landed on the ground and looked at the sky with fear in his eyes. “This world’s heavenly Dao has really been resurrected. It’s actually preventing me from leaving,”

His expression was uncertain.

Yang Tian could not help but laugh. “Daoist Tatian, our world is pretty good. It doesn’t matter if you stay a little longer.”

Hearing this, the sky-trampling Daoist almost vomited blood. “I’m not from your world. I’m only here to find my clan’s eldest miss. I don’t want to be involved in this so-called demonic tribulation. ”

Before this, when he first arrived on earth, he felt that earth was just an abandoned Galaxy, and the spiritual energy was completely incomparable to the outer realms.

However, after witnessing ye chen and the others ‘methods, and even the appearance of demonic creatures one after another, he was completely guilty.

“Heaven’s will, Qianqian ...”

Ye chen looked up at the sky and mumbled to himself.

The so-called heavenly Dao was the innate rules that were born in this world, such as birth, aging, sickness, death, sorrow, joy, separation, and reincarnation, day and night.

Therefore, to be precise, the heavenly Dao did not have a physical body. Even he could only feel the existence of the heavenly Dao, but he did not know where it was.

“Master, I can feel the aura of the immortal flying knife.”

The Emperor brush’s excited voice suddenly sounded, “I can feel him. He’s appeared in Yinxiu again.”

“Immortal flying blade ...”

Ye chen was a little excited.

At this moment, his phone rang. It was Feng Chenzi, who was guarding the Yinxu passage at the Jiangjun Mountain in China.

“Ye Tianjun, something big has happened. Come quickly!” After saying this, Feng Chenzi hung up the phone.

Ye Chen’s eyes flickered. He turned to old ancestor Yellow Spring and the others and said, “I’m going to Mount Jiangjun. You guys stay here and guard the Ye family. If anything happens, inform me immediately.”

After saying that, he took a step forward, and ripples appeared under his feet. His figure instantly disappeared.

Mount Jiangjun, the passageway of the Ruins of Yin in China.

At this moment, an extremely fierce battle had broken out. The soldiers guarding the place were not afraid of death. They used all kinds of high-tech weapons to kill huge monsters that were wrapped in black gas.

The monsters weren’t strong, but they were extremely fast. In addition, their armor was extremely hard, so bullets couldn’t penetrate them at all.

From time to time, there would be screams and pungent blood mist.

“Stop it! Don’t let it escape!”

At the same time, in the hall near the passage, many cultivators with dispirited auras were casting various divine powers and spells with red eyes. They bombarded the monsters that swarmed out from the passage.

“Die!”

Feng Chenzi spat out a mouthful of essence blood. After absorbing the essence blood, the Dao sword in his hand began to shine with a bright light, and its power was even greater than before.

As the sword slashed out, a dense number of monsters died on the spot. Even so, there were still many monsters that survived the sword and rushed out of the passage like a swarm of locusts.

“It’s over, my earth is finished!”

Seeing this scene, Feng Chenzi could not help but feel grief in his heart. The rest of the people were also filled with despair.

If so many monsters escaped to the outside world, it would definitely cause an irreversible situation.

“Be careful, fellow Daoist Feng Chen!”

At that moment, an old monk wearing a Kasaya beside him cried out in shock. He then ripped off the prayer beads on his chest and threw them behind Feng Chenzi.

**Chapter 1639: A world crisis erupts!**

“Pi Li pa la!”

The prayer beads had been strengthened by his chanting of Sutras day and night, and already possessed Buddhist power. When it touched the monsters behind Feng Chenzi, it immediately let out a bean-like sound.

“Fellow Daoist Feng Chen, hurry up and call for reinforcements! We can’t fight against so many demonic monsters with our strength alone!”

“I’ll be in charge of this!” The old monk revealed a tragic smile.

“Today, I’ll fight you all with 800 years of hard work!”

He suddenly cut his palm, and golden blood gushed out. The old monk could not care less about the pain and continued to spray the blood around him.

All of the monsters that were stained with the Golden blood let out miserable shrieks before turning into smoke and dissipating.

“True martial thousand Thunder sword!”

At that moment, an indifferent voice came from outside. Then, a sword light whizzed over like a Thunderbolt.

The sword light was like a dragon, and wherever it passed, countless monsters were killed on the spot. The surviving monsters were about to rush out, but they seemed to have hit an invisible wall and were forcibly bounced back.

Seeing this scene, the despairing Feng Chenzi and the others were filled with joy, “Ye Tianjun!”

Under everyone’s gaze, Ye Chen slowly descended. He raised his hand and unleashed the heavenly Thunder of purple cloud, wiping out the remaining fiendmonsters in the formation.

After settling everything, he looked at Feng Chenzi and the others, “Fortunately, I came in time. Otherwise, I’m afraid it would have caused a disaster.”

“Tell me everything you know.”

“Ye Tianjun!”

Feng Chenzi took in a deep breath and walked up, “Just a few minutes ago, the Yinxu passage split open and countless evil creatures rushed out.”

“The passageway has cracked?!!”

Ye Chen’s expression changed slightly. He hurriedly took a few steps forward and examined the thick and ancient stone door up close. As expected, he saw that there were dense cracks on it.

“It seems that something has happened in Yinxu!”

Thinking of this, his heart sank. “The devil earth has been unsealed and is no longer limited to the forbidden area. I think there must be a devil disaster in Yinxu now. Otherwise, the world guardians and the Holy ape wouldn’t sit by and watch so many monsters rush into the outside world.”

He took in a deep breath and looked at Feng chenzi, "Open the passage, I want to go in and take a look."

However, Feng chenzi said something that caused his expression to change, "The passageway can only be used to exit, not to enter."

"How did this happen?"

Ye chen frowned. He immediately pressed on the huge stone door and tried to open it by force. However, with his current physical strength, not only could he not open the stone door, but it also caused more and more cracks to appear on it.

From time to time, many monsters would rush out of it.

"Ye Tianjun!"

Feng chenzi said with a serious expression, "there seems to be a problem with this tunnel. It's become very unstable. If we use force, the stone door will probably completely collapse. At that time, our earth will really be finished."

"The current plan is to stabilize this passage first and seal it, so that the monsters in Yinxu can not come out."

Ye chen shook his head slightly. A light flashed in his hand and the Emperor brush appeared in it. He waved it in the air.

Under everyone's gaze, an extremely mysterious golden word "forbidden" appeared.

The word "forbidden" fell into the stone door like a tattoo. It trembled slightly and then returned to normal. If one looked carefully, they would find that the entire stone door seemed to be wrapped in a layer of array, and the cracks on it slowly closed.

"Ye Tianjun, how long can this seal last?" Someone asked.

Ye chen shook his head. "At most a month. After a month, the stone door will definitely break. At that time, all humans will be exposed to the demon disaster."

After saying that, he immediately told her everything he knew.

After hearing this, everyone was overwhelmed with shock and despair.

At the same time, another voice transmission talisman whistled through the air. After Feng chenzi caught it, his expression changed drastically.

"Not good, the other two Yinxu passages in China are also in trouble!"

.....

Almost on the same day, demon disasters broke out in the three Yinxu passages leading to China, and countless demons poured out of the passages.

As a result, many Chinese cultivators died on the spot. Some of the monsters wiped out a small village after escaping to the outside world.

Compared to China, the other countries suffered even more.

Countless monsters poured out of the passage. After entering the human city, countless people died on the spot, but most of them were assimilated into monsters.

A small country with hundreds of thousands of people in Europe was declared to be destroyed and occupied by countless monsters. These monsters began to spread to the surrounding countries at a terrifying speed.

The world was in danger, and everyone was in a state of panic.

Many countries formed an alliance and sent out a large number of Allied troops to suppress these monsters with the power of a country.

“A world crisis is coming!”

“This is an evil creature. We call it a monster. Even the most powerful cultivators are in danger of dying in front of it.”

“As a member of the community with the fate of earth, we should contribute all our strength and cooperate sincerely to save the crisis.”

“.....”

In an instant, the leaders of various countries made their proposals. In the face of life and death, they finally put aside their prejudices and chose to cooperate.

As the country with the most serious demon disaster, countless cultivators were dispatched to guard the three Yinxi passages, vowing to stop all the demons.

It was at that time that Ye Chen received a piece of shocking news: “A strange crack seems to have appeared in the heavenly South, and true demonic Qi is emerging from it.”

#### **Chapter 1640: The shattered crack in the void!**

In the south of China, near southern Yunnan, there was a steep cliff surrounded by mountains.

This cliff was surrounded by tall mountains that were hundreds of feet tall, and below it was a long and narrow Rift Valley.

If someone were to look from above, they would find that this cliff was like a huge mountain that had been cut down from the middle.

At this moment, there were several figures crossing the entire cliff and finally falling into a huge Ice Valley. In front of it was a crack.

If there were any outsiders present, they would definitely discover that a large amount of black Qi was pouring out of the huge crack.

The vegetation in the surroundings had been demonized, and they were like bloodthirsty beasts that were killing countless living creatures. Any living creature that came into contact with them would instantly be reduced to a pile of bones.

“This is the place!”

Old ancestor yellow spring pointed at the crack.

Ye chen narrowed his eyes and examined the huge crack in front of him. He frowned and said, “It’s indeed a spatial crack. Who discovered this place?”

“It was discovered by a villager from a village on the mountain.”

“It’s said that an herbalist came here to pick herbs in the early morning yesterday and never returned. The local villagers joined forces to search along the mountain and finally found this crack,” old ancestor yellow spring said in a deep voice.

At this point, he could not help but glance at ye chen. “Fellow Daoist ye, do you think the demonic Qi in this crack is from the demonic realm?”

Ye chen did not answer. Instead, he bent down and grabbed a handful of demonic Qi. After sensing it carefully, he shook his head and said, “No, the demonic Qi in the demonic world is innate demonic Qi. But the demonic Qi here is true demonic Qi.”

“It seems to have seeped out from the Ruins of Yin.”

His eyes flickered slightly.

“We don’t know how many more cracks like this one there are,” old ancestor yellow spring said worriedly. “If we don’t remedy it in time, I’m afraid the entire earth will be destroyed if they all explode.”

“That’s right. That’s why our top priority now is to find similar cracks and do our best to seal them all.”

Ye chen nodded slightly. With that, the Emperor brush appeared in his hand. He waved his brush in the air and wrote a profound word ‘restrict’ to seal Li Feng completely.

In order to prevent others from accidentally barging in, he also set up a Soul Trap formation around the crack.

After that, he returned to the heavenly South Region with old ancestor yellow spring. At the same time, he received good news that su Yuhan had woken up.

Looking at su Yuhan who had woken up, ye chen said in surprise, “Yuhan, are you alright?”

Su Yuhan shook her head, as if she had thought of something. She said in confusion, “Xiao Chen, I feel like I’m in a dream.”

“What did you dream of?” Ye chen asked.

“I can’t really remember.”

She tried her best to recall, then shook her head in pain. "I feel like I've become another person. It's strange, terrifying, and powerful ..."

"And ..."

At this point, she could not help but look at ye chen, still in shock. "And I even dreamed that I attacked you."

She had just woken up not long ago. In order to take care of her feelings, ye Hai, yang Tian, and the others did not tell her about how she had attacked ye chen before she fainted.

Therefore, she thought that it was all a dream.

"It's just a dream. It's fine. "

Ye Chen's expression was a little complicated. He took a deep breath and gently held her hand. "Yuhan, promise me that no matter what happens in the future, you will never leave me."

Hearing that, su Yuhan was slightly stunned, as if she didn't expect him to suddenly say something like that.

"Pfft!"

She burst out laughing and rolled her eyes at ye chen. "Silly girl, why would I leave you? unless you don't want me anymore."

Ye chen nodded, then told her everything that had happened in the past two days.

"Qianqian has become the heavenly Dao?"

Su Yuhan was a little dejected. She couldn't help but think of the first time she saw Qianqian. The little girl was wearing tattered clothes, walking timidly on the street, and curled up into a ball after being bullied.

"Don't be sad. Perhaps this is her fate. "

Ye chen consoled her and said, "In the next few days, you should familiarize yourself with your own strength. At the same time, you should stay in the ye family. I still have things to do."

Now that the Ruins of Yin were broken, the devil disaster broke out, and the world was facing a world crisis, he couldn't just sit by and watch.

.....

An hour later, ye chen once again appeared at the Yinxu passage on Mount Jiangjun.

He gathered Feng chenzi and the others and ordered, "Everyone, at this critical moment, I hope you can all contribute your strength to protect China and earth."

"Tianjun ye, please give us your orders. We'll follow them to the death." Feng chenzi knelt down on one knee and said with a firm voice.

"Plop!"

The rest of the people knelt down on one knee in unison.

“Very good!”

Ye chen nodded slightly.”First, Daoist Feng chenzi, use my name to gather all the cultivators in China, especially those above the nascent Soul Stage, and search for any cracks in the void in China. Once you find them, inform me. I’ll go seal them.”

“Second, the rest of you, use your own power to mobilize all the cultivators in the country to prepare for the devil disaster.”

“The third ...”

Ye chen listed out all the remedies he had thought of and distributed them according to everyone’s strength.

Now that the Yinxu passage was blocked, he couldn’t enter Yinxu. The only thing he could do was to protect China and prepare for the worst.

After everyone left, he appeared in Yan Jing again and contacted Han Qinhu, Yan nanfei, and his other shareholders.

These people were all in the Army and held important positions.

“General han!”

Ye chen glanced at Han Qinhu and the others and said in a deep voice,“Your mission is to mobilize the Army to guard the crack where the demonic Qi has appeared. At the same time, eliminate anyone who wants to fish in troubled waters and fear that the world is in chaos.”

“As for general Yan.”

“Go to the countries in the West and pass on my message to them. Tell them to carefully search for the spatial Rift that appeared in the country and guard the other passages at the same time,”

The passage to Yinxu was not only in China, but also in other countries. However, these passages had not been unsealed before, so no one could enter.

But now that such a change had happened in Yinxu, they had to be cautious. After all, it was useless to be careful only in China. Once the devil disaster broke out in other countries, it would definitely affect China.

This was the so-called community of shared destiny.

In the face of a global crisis, past prejudices and grudges no longer had any meaning. For everyone, the most important thing was to survive.

After he had parted ways with Han Qinhu and the others, Yang Tian delivered a piece of exciting news.”Old ye, we’ve found another passage to Yinxu.”
