

Genius 1641

Chapter 1641: Re-entering Yinxu, huge change!

On the spirit herb mountain in gan province, China.

A terrifying array covered the entire spirit herb mountain, and there was a faint pungent smell of blood in it.

This place was initially controlled by the Yao clan. Ye chen had once come here to subdue the Yao father and daughter. Later, after entering the upper three heavens, the Yao clan betrayed ye chen and was destroyed.

As soon as ye chen stepped into the formation, several figures appeared in front of him. It was the old Daoist Tatian, old ancestor yellow spring, and the others.

“Where’s the passageway?”ye chen asked.

“In a place you’ve overlooked!”

Old ancestor yellow spring smiled mysteriously and immediately opened the formation, leading ye chen in.

On a barren slope at the back of the spirit herb mountain, there was a hurricane flickering on a stone wall. There was a passage in the hurricane.

“What is this?”

Ye Chen’s eyes flashed when he saw it. ““If I remember correctly, this place used to be a spatial crack, but I sealed it later, right?”

“Not bad!”

Old ancestor yellow spring nodded and smiled.”I was the first to discover it. I was only at the Qi-gathering realm then. I thought it was a crack that led to the outer realm. You sealed it later.”

“Old ye, you don’t know.”

Yang Tian could not help but say,““After we listened to you and searched around for the broken cracks, we found this place. There were actually creatures of the ruins that escaped from it.”

“A creature from the Ruins of Yin?”

Ye chen raised an eyebrow.

Yang Tian smiled and waved his sleeve. A human-shaped skeleton appeared in front of him.

The human-shaped skeleton was green in color. As soon as it appeared, it wanted to escape. However, when it saw ye chen, it was so frightened that it fell to the ground.

“The undead creatures of the demon corpse sea?”

Realization dawned on ye chen. He immediately looked at the former and tried to send his divine sense out. "Tell me where you're from, and I might spare your life."

"I'm from the corpse devil sea!"

"Lord ye," the green human-shaped skeleton said with a trembling voice. "After the death of Saint monarch Sanyou, Lord Jie became the new master of the corpse demon sea. Please spare my life."

"A tribulation?"

Hearing this, ye Chen's expression finally softened. "It seems like this fellow has defeated Saint Sanyou and devoured his Soul Fire. I wonder how much he has grown."

"Then do you know what happened in the Ruins of Yin?" he asked.

The green human-shaped skeleton immediately replied, "I don't know the details. It happened too suddenly. The entire YinXu was covered in demonic Qi. I also entered a space-time reversal by accident and finally came here."

Seeing that he could not get anything out of him, ye chen could not help but frown. He then said to Yang Tian, "I'll leave it to you to temporarily control."

Although the green human-shaped skeleton was only at the nascent Soul Stage, it could easily cause a lot of problems if it was allowed to roam freely in the secular world.

After Yang Tian put it away, he said, "What do we do next?"

"Naturally, I'm going to enter the Ruins of Yin."

"The demon disaster in YinXu is the source of all evil. If we don't destroy the source, the outside world won't be safe," ye chen said in a deep voice.

"Let's go!"

He took a look at the crack in front of him and took a step forward. Then, his body twisted violently, and with an explosion of light, he actually turned into a kun Peng.

"Get on my back!"

The kun Peng spoke in the human language while everyone was still in shock.

Other than the 10000 heaven trampling Daoist cultivators, old ancestor yellow spring and the others stood on the back of the kun Peng without any hesitation.

"Fellow Daoist ye," the sky-trampling Daoist said guiltily, "I'm not from this world, so I won't get involved in your grudges. Please forgive me."

"You're too kind, Daoist Tatian,"

"If there's any danger in the mortal world, I hope fellow Daoist Skywalker can lend me a hand if it's within your ability. I'll be very generous," said ye chen in his ROC form.

"Naturally."

After receiving the sky-trampling Daoist's promise, the kun Peng that ye chen had transformed into flapped its wings violently. Then, it quickly shrank and plunged into the huge crack.

He was using the true spirit nine transformations.

The kun Peng was a divine beast of the void and had an extremely shocking talent in the power of space. It could allow him to be like a fish in water in the chaotic space-time reversal.

.....

At the barrier between Yinxu and earth, a huge black hole suddenly appeared in front of ye chen with a sharp screech.

Ye Chen's body shrunk again and turned into a ray of light. He carried everyone and rushed into the huge black hole. They forced their way through the black hole and appeared in a bright world.

As soon as he left, ye chen returned to his human form. The kun Peng Dharma form behind him wailed and turned into a ball of light that entered ye Chen's body.

Only then did he start to look at everything around him. The scene that entered his eyes was dim and unclear. There was an abundance of spiritual Qi mixed with demonic Qi, and countless living creatures had long withered.

"As expected, something has happened!"

Old ancestor yellow spring shook his head slightly.

"This should be the outer area of Yinxu!" Ye Chen's eyes flickered.

His niwan Palace trembled slightly, and a sea of spiritual will immediately surged out. With him as the center, it tried to cover his surroundings.

Suddenly, his divine sense moved and he looked towards the southwest." "There's someone there, and there seem to be signs of a fight. "

After saying that, he waved his sleeve and teleported toward the southwest with the two of them. Soon, a sea appeared in front of him.

On the boundless sea, there was a huge warship traveling at high speed. Behind the warship, there was an overwhelming black gas chasing after it.

The black energy engulfed everything like a savage beast opening its mouth, trying to swallow the warship.

From time to time, the black fog would catch up to the warship. Immediately, a dense number of monsters would scream and smash heavily onto the warship like a dense rain.

It caused the speed of the warship to greatly decrease and it swayed non-stop.

"Not good, it's the merman race."

Yang Tian's expression changed when he saw the mermaid symbol on the mast." "Old ye, it's the merman race. Quick, quickly save them!"

“BOOM!”

In fact, he did not need to say anything. Ye Chen had already made his move.

At that moment, dense purple divine lightning appeared on Ye Chen's body. The crackling sound was non-stop, and countless electric arcs spread out like slithering snakes.

Lightning was the best choice for this demon.

Ye Chen took a step forward and the area within a ten-mile radius was instantly covered in endless lightning. Countless dense electric arcs rushed toward the black gas that covered the sky.

At this moment, he was like a god of Thunder, making people feel despair.

”

As the lightning and the black Qi mixed, countless mournful screeches reverberated out at the same time. The sounds caused one's hair to stand on end.

The demonic Qi clouds at the back seemed to have met their natural enemy and retreated with all their might, not daring to resist.

In just a few short breaths, the demonic Qi above everyone's heads was completely cleared, and the sky seemed to have become much brighter.

Yang Tian could no longer hold himself back and headed toward the warship.

Chapter 1642: meeting the merman race again!

On a huge warship in the vast ocean.

The bright lightning gradually dissipated.

Many wounded merman clansmen were dumbstruck. The terrifying demonic clouds that had chased them all the way had actually been destroyed so easily.

“Father, we're fine!”

Yu Feixuan, the merman race's eldest daughter who was in charge of the defense on the deck, came to her senses and immediately walked into the cabin excitedly.

In the spacious cabin, Yu Taiyuan's glabella was dark, and his breath was extremely weak, as if he had been seriously injured.

“I wonder which expert made his move.”

Yu Taiyuan took in a deep breath, as if he had expended a lot of energy. A look of relief flashed between his brows.

“Father-in-law!”

As soon as he finished speaking, an extremely familiar voice came from outside, causing both Yu Taiyuan and his daughter to tremble.

The next moment!

A boorish figure quickly rushed in, followed by a young man in green and a young Man in Black.

It was ye Chen's group.

When he saw Yang Tian's face, Yu Taiyuan could not help but cough. "You brat, you're finally back."

"You're injured?"

Sensing that something was wrong with his aura, Yang Tian quickly stepped forward to check. His expression changed slightly as he said, "What a strange demonic Qi!"

"I won't die!"

Yu Taiyuan shook his head slightly. He struggled to get up and cupped his fists at ye chen. "Many thanks for fellow Daoist ye's life-saving grace."

For some reason, even though he had not seen ye chen for only a few days, he felt that the pressure ye chen gave him was getting more and more terrifying.

Ye chen also examined her and could not help but frown. "Daoist Yu, the demonic Qi has entered your body and damaged your meridians. What's going on?"

Meeting his gaze, Yu Taiyuan sat down and smiled bitterly, "Fellow Daoist ye, you might not know this, but not long after you left, a devil disaster broke out. The devil earth directly cracked, and the world Guardian seemed to have met with an accident and didn't manage to suppress the devil disaster in time."

"After that, the entire Yinxu completely fell, and demonic Qi swept through everything. We were no exception, and we were forced to escape to The Guardian spirit tribe to take refuge."

At this point, he took a deep breath. "We didn't expect to be intercepted halfway. If fellow Daoist ye hadn't arrived in time, I'm afraid we would have been buried under the demon disaster today."

"Mr. Ye, why did you come back so late?"

"You don't know," Yu feixuan said. "The Ruins of Yin are in chaos now. Countless monsters are wreaking havoc. They are extremely strange. Wherever they go, nothing remains."

"I'm late because of some unforeseen circumstances."

Ye chen slowly explained the changes that had happened on earth.

After listening, Yu Taiyuan shook his head slightly and said, "It seems that the demon race is very ambitious. This time, they came with great momentum. Our Yinxu and earth are bound together. If one rises, we rise. If one falls, we fall."

"You just said that the world Guardian had an accident? I wonder what kind of accident it was?" Old ancestor yellow spring, who had been silent all this time, suddenly spoke.

Ye Chen's eyes flickered when he heard this.

This was also what he didn't understand.

It was reasonable to say that since the realm guardians could guard the entire YinXu, their strength should not be underestimated. Why would they tolerate the devil Earth's outbreak?

Yu Taiyuan's lips moved slightly, and he said something that moved ye chen."Because the demon race has chosen to join forces with the dark race."

"The devil earth not only has the devil race, but also a part of the Dark Clan. They didn't have any interactions before."

"I don't know why, but two days ago, the Dark Clan suddenly woke up from their deep sleep, as if they had been stimulated by something. Then, they chose to join forces with the devil clan," Yu Taiyuan said, neither fast nor slow.

"Two days ago?"

Hearing this, ye Chen's pupils shrank slightly.

Wasn't it the same day su Yuhan broke through after swallowing the longevity pill two days ago? the commotion caused at that time was quite spectacular.

Was the awakening of the Dark Clan related to su Yuhan?

He secretly suppressed this thought and said,"Daoist Yu, what's the current situation in YinXu?"

"It's not ideal,"

"After the demon disaster broke out, many people died," Yu feixuan continued."Many forces chose to submit to the demon race. Only a few banded together to fight against them."

"Even Tianyuan city and the great Jiang divine dynasty have surrendered?"

Ye chen was surprised.

"Not bad!"

"That's right!" Yu feixuan nodded heavily."Other than that, there are also the Tian Xuan Holy Land and the others. The powers that were unwilling to submit to us have gathered together with the pan Wu immortal sect as their leader."

"Fellow Daoist ye!"

"The panwu immortal sect and the other major powers have all moved to The Guardian spirit tribe. I heard that The Guardian spirit tribe is currently under attack by demons and monsters. The situation is not very optimistic," Yu Taiyuan suddenly said.

"Why is the panwu celestial sect moving to the spirit guardian tribe?"

Ye chen was stunned at first, but then he seemed to remember something.""Don't tell me it's related to the witch ancestor in the stone tower of the spirit guardian tribe?"

Outsiders might not know much about The Guardian spirit tribe, but ye chen knew very well that although The Guardian spirit tribe was not strong, they had an ancestral Pagoda. Emperor Jiang's main body of the twelve ancestors of sorcery happened to be sleeping in it.

"Not bad!"

Yu Taiyuan nodded his head and said, "after the panwu immortal sect retreated to the spirit guardian tribe, the monsters launched a large-scale attack. At the crucial moment, the ancestor Pagoda of the spirit guardian tribe suddenly burst forth with a defensive power. It protected the entire quivering spirit tribe within it. That's why we've been able to hold on until now."

"It seems that Emperor Jiang's whereabouts have been exposed!"

Ye chen raised his head slightly, his eyes cold. "I'd like to see just how many powerhouses this so-called demon race has dispatched!"

Putting aside the fact that he was doing this for the panwu celestial sect, just the fact that Emperor Jiang had once helped him made him feel obligated to help the quiver spirit tribe.

Chapter 1643: demons surrounding the spirit sacrifice tribe

Next, old ancestor yellow spring and Yang Tian worked together to drive the warship, which immediately whizzed toward the core of the Yinxu spirit guardian tribe at an extremely fast speed.

Ye chen stayed in the cabin to treat Yu Taiyuan's injuries.

The demonic Qi was extremely corrosive. If the demonic Qi in his body was not removed in time, Yu Taiyuan would lose all his true essence and become a cripple, or even become a monster.

Fortunately, they didn't encounter any terrifying monsters along the way. Even if there were a few, they were all killed by old ancestor yellow spring.

An hour later, the warship stopped. Ye chen walked out of the cabin and squinted slightly, looking into the distance.

In his line of sight, he saw a monstrous demonic aura sweeping across the sky. The entire sky was wrapped in surging demonic aura, and countless shrill screams were coming from it.

Ye Chen's gaze pierced through the dense demonic energy and finally saw a layer of purple light shield rising from the deepest part of the cloud.

Within the purple light barrier, there was a small village that looked like a paradise that was tightly protected.

One could vaguely see an ancient stone pagoda, mysterious and terrifying.

.....

The enormous light barrier was like a giant bowl that was turned upside down. In the end, it completely enveloped the entire spirit guardian tribe.

The light shield was purple and crystal clear like glass, but it was full of indestructible power.

At this moment, there were countless figures standing within The Guardian spirit tribe. Every single one of their faces was filled with anxiety, and every single one of them was looking at the monstrous demonic clouds outside the light barrier with fear.

In front of the demonic clouds, there were also many figures with powerful auras. If one looked carefully, they would find that these figures were all emitting strange and evil demonic Qi.

Even more people's gazes fell on the purple light shield above their heads. They could see that outside the light shield, there were an overwhelming number of monsters, like raindrops, fearlessly hitting the light Shield's protective layer.

After the time it took to brew a cup of tea, the dense purple light barrier would dim a little, and even tremble slightly.

Many people's faces turned pale at the sight.

It could be said that this protective barrier was their final life-saving talisman. If he broke it, it would mean that they would be completely exposed to the monstrous demonic shadow.

In the crowd, an old man in a Daoist robe took a deep look at the barrier that was shaking more and more frequently. He couldn't help but turn around and say, "Fellow Daoist Zhu, is there still no movement from that person?"

The person who spoke was thundercloud.

The person he was talking about was the one in the ancestor Pagoda.

Upon hearing his words, Zhu Li could not help but smile bitterly. "Daoist thundercloud, I've tried my best to contact the ancestor, but there's no response. I wonder if he's still in a deep sleep."

"The protective barrier is about to break!"

The Black Ice elder of the panwu celestial sect, who had not spoken all this while, sighed faintly. "Everyone, we can't continue like this. Prepare to fight to the death!"

His voice fell.

The atmosphere of the scene instantly became somewhat tragic.

Clearly, no one was optimistic about their own fate.

At that moment, the shaking barrier suddenly stopped. At the same time, the many monsters that had been wildly slamming into the barrier earlier also stopped.

At the same time, a half-laughing voice came from outside the protective shield. "Thundercloud, how long are you going to hold on?"

The crowd immediately looked up and saw a young Man in Black slowly walking out from the demonic shadow outside the protective shield.

The young man in Black had a head of silver hair and a pair of demonic eyes. There was a Black Lotus mark between his brows, and he looked like the reincarnation of an ancient devil Lord.

“Huangfu Yu, what right do you have to speak to me?”

Master leiyun could not help sneering, “you are a human and a descendant of Emperor Xuanyuan. It’s fine that you don’t know how to protect everything. But you’ve chosen to be with the devil race.”

His heart ached.

In the past, he had also regarded Huangfu Yu as the hope of the Xuanyuan eight families and even the future of China.

However, he was completely disappointed in Huangfu Yu after he failed to obtain the emperor’s seal in the huangshen tomb and joined forces with the Gu family to rebel.

What made him even angrier was that the demon disaster in Yinxu was related to the former.

“Old man, what right do you have to talk about me?”

Huangfu Yu laughed evilly and said in disdain, “So what if he’s a human? So what if he was a devil? As the saying goes, “every man for himself.” I’ve only chosen a path that suits me. ”

“Moreover, aren’t you overestimating yourself?”

His gaze turned cold. “You think that I, Huangfu Yu, failed to obtain the emperor’s seal and lost to ye chen, so you’re trying to curry favor with ye chen. In the end, aren’t you just a person who fawn on the rich and powerful?”

“Bastard!”

Master thundercloud almost died of anger.

“I’ll give you one last chance!”

Huangfu Yu took a deep breath and sneered, “For the sake of being a human from earth, as long as you’re willing to open the protective barrier and come out to submit to me, I might spare your life!”

“You’re dreaming!”

Master thundercloud laughed, “do you think I’m as shameless as you?” What joy was there in life, what pain was there in death? I’ve cultivated for more than a thousand years, and I’ve lived long enough. ”

“Refusing a toast only to be forced to drink a forfeit!”

Huangfu Yu snorted and waved his hand, “Attack with all your might! I don’t believe that this turtle shell can protect them forever!”

“Yes, young master!”

The many demonic shadows behind him responded and immediately whizzed out, erupting with monstrous pressure and madly bombarding the protective shield.

Master thundercloud and the others were in despair.

At that moment, an extremely indifferent voice suddenly exploded in the sky, "I can't believe that the number one genius of the Xuan Yuan eight families has fallen to such a state. How lamentable and lamentable!"

Chapter 1644: Hatred from the Dark Clan!

As this sudden voice fell ...

At that moment, everyone couldn't help but look up.

Master thundercloud and the others were stunned at first, but then they seemed to have thought of something, and a hint of surprise flashed in their eyes.

On the other hand, Huangfu Yu's eyes were slightly narrowed and there was a deep glint in his eyes.

At that moment, everyone felt an irresistible pressure from the heavens and earth from the bottom of their hearts. It came whistling from the void in the distance.

The pressure was so strong that it moved people.

"BOOM!"

Suddenly, Thunder exploded in the dull sky. In an instant, the entire sky was filled with electric arcs that slithered wildly like snakes, accompanied by the roar of Thunder.

Thunder rumbled, and the world lost its color.

The next moment!

Under everyone's gaze, a huge warship broke through the sky and came over. The warship seemed to be carried by thunderclouds as it rode the wind and waves.

On the warship, there was a figure in green standing against the wind. He seemed to be proud of the endless thunder and lightning.

"It's Ye nankuang!"

Seeing this scene, Lei Yunzi and the others finally reacted. Their despairing faces were suddenly filled with joy.

"It's him indeed!"

Huangfu Yu's face gradually turned dark.

Under the terrifying might of the Thunder, the demonic clouds that shrouded the world seemed to have met their natural enemy, and they scattered in all directions.

A million demonic aura was pushed back by a single person!

At the same time, in the depths of YinXu, three bright eyes opened at the same time. "This guy is finally here."

Facing the pressure of the huge warship, no one dared to make a move. They just watched the huge warship pass through the purple barrier and finally land in front of Lei Yunzi and the others.

“Fellow Daoist ye, you’ve come at the right time,” master thundercloud said with a pleasant surprise.

The rest of the people were also surprised.

Ye chen nodded slightly. Only then did he look up at the ancient stone tower at the side. His divine consciousness surged in. “You haven’t recovered from your injuries?” Emperor Jiang asked.

“Swish!”

Under the detection of his divine sense, a purple light finally bloomed from the body of the Wei Ran giant that was lying still. “You’ve finally come.”

“I’m afraid I’ll have to trouble you this time.”

“My injuries have reached the most critical stage,” Emperor Jiang’s voice rang out. “It will take three days for me to fully recover. I can’t fight for the time being.”

“Sure, I’ll guard you for three days!” Ye chen nodded slightly.

“We must not underestimate them!”

“The Dark Clan and the demon clan have joined forces,” Emperor Jiang said in a deep voice. “There might be some experts who are not weaker than me. Remember this!”

“I know what I’m doing!”

Ye Chen’s eyes flickered and he immediately retracted his divine sense.

Lei Yunzi stepped forward and said, “fellow Daoist ye, you have to be careful. Huangfu Yu has been completely demonized. There seems to be a terrifying existence in his body. It is the one who injured the realm Guardian.”

“A terrifying existence?”

Ye Chen’s heart skipped a beat. He could not help but glance at Huangfu Yu outside. He immediately recalled the dark light that had saved Huangfu Yu last time.

Was it the demon Emperor or something even more terrifying?

“Huangfu Yu is known as the young lord of the demon race.”

“All the demons obey his orders and don’t dare to say anything,” master thunder cloud added after seeing that he was silent.

Ye chen did not speak. He looked up at the monstrous demonic shadow outside the gradually weakening purple light barrier.

He saw many people!

For example, Fang tianchen of Tianyuan trading company, Fang Ziyue, and many people from the eight Xuanyuan families were all standing behind Huangfu Yu.

He was clearly the leader.

This made him frown and he was slightly puzzled.

What surprised him the most was that he actually saw a familiar figure.

It was Feng Wuxie!

The man was dressed in black, and when Feng Wuxie met his gaze, her expression turned cold, as if she did not know him.

“Brother Feng, do you want to be my enemy too?” ye chen asked slowly.

Feng Wuxie’s lips moved slightly, but he stopped himself.

At that moment, a cold voice was heard, “What brother Feng? A lowly human from the lower realm like you is worthy of being brothers with my dark clan?”

The person who spoke was a black-clothed woman.

The woman was exceptionally beautiful. To be precise, she was demonic. She looked like a proud orchid in an empty valley, and her temperament was very cold.

“You’re from the Dark Clan?” ye Chen’s eyes flashed.

“My name is Hao Yue!”

The black-clothed woman looked at him coldly. “You are the human ant who killed my master, ye nankuang, right?”

As soon as she said this, the many experts of the Dark Clan standing around her also looked at him with boiling killing intent.

“Kill your master?”

“When did I kill your master?” ye chen frowned.

“Brother ye, you’re still pretending at a time like this!”

Huangfu Yu chuckled. “Miss Hao Yue is a member of the Dark Clan, and you killed the reincarnation of the Lord of the Dark Clan. I saw it with my own eyes. Do you still want to deny it?”

“So it was you who incited this!”

Looking at his half-smile, ye chen finally understood.

Obviously, it was Huangfu Yu who had incited the Dark Clan and claimed that he had killed su Yuhan, which forced the Dark Clan to join forces with the demon clan to destroy the entire Yinxu.

“Brother ye!”

Feng Wuxie, who had been silent all this while, suddenly spoke. He looked at ye chen with a complicated expression. “Do you still remember the words I once told you? you have the aura of an old friend.”

“And this old friend is the reincarnation of the master of my dark clan!”

He fixed his gaze on ye chen. "At first, I thought you were connected to the nether Lord's reincarnation, so I helped you. I didn't expect you to disappoint me so much. You've destroyed the only hope of the nether race."

"What a load of nonsense!"

Ye chen chuckled, "Feng Wuxie, you're a talent. How could you believe Huangfu Yu?" I'm so disappointed."

"You're still quibbling even when you're about to die!"

The black-clothed woman called Hao Yue coldly said, "Young master Huangfu Yu has already revealed that he and master's reincarnated body are siblings. He even mentioned that you destroyed the family of master's Diamond body."

"Not bad!"

Huangfu Yu nodded his head with a sincere look, "This man is extremely despicable. Not only did he kill sister Yuhan, but he also destroyed one of my reincarnations."

"Feng Wuxie!"

"What if I tell you that not only did I not kill Yuhan, but she is also my wife?" ye chen suddenly turned to Feng Wuxie.

Hearing this, Feng Wuxie's heart shook.

He seemed to be in disbelief.

"What if I tell you that your so-called trusted Huangfu Yu colluded with the demon race and sent two demon kings to kill su Yuhan, but they were killed instead?" ye chen continued.

The moment he said that, Huangfu Yu's expression changed.

"Feng Wuxie, stop listening to his lies!"

The Woman in Black laughed out of anger and said with hatred, "The words of the human race can never be trusted. Killing master is equivalent to making the entire dark race an enemy!"

"Young master Huangfu, what are you doing?"

After hearing this, Huangfu Yu took a deep breath and smiled, "Everyone, attack with all your might and flatten this place!"

.....

Chapter 1645: Duel against Huangfu Yu!

Between the heaven and earth, the demonic clouds once again condensed and crazily attacked the purple energy barrier that was protecting the entire spirit guardian tribe.

"BOOM!!!"

Under everyone's gazes, the purple energy barrier finally shook violently a few times. Then, with a loud sound that seemed to be unable to bear the weight, it turned into an extremely violent energy and swept away.

"The defense is broken!"

Everyone was shocked.

"Don't panic!" Lei Yunzi shouted.

"BOOM!"

At the same time, a shocking treasure awakened and exuded a terrifying pressure. It evolved into a vast killing intent that swept across the sky toward ye chen.

"Human ant, die!"

Hao Yue, The Woman in Black from the Dark Clan, had a giant black sickle above her head. Her terrifying killing intent swept across the sky, and her body moved like lightning.

"Nether treasure?"

"And he's a Hades!"

Ye Chen's eyes narrowed slightly. He did not expect this young Woman in Black to be a powerful cultivator at the spirit division stage who was comparable to a cultivator at the Great Perfection of the void refinement realm.

He faced The Woman in Black, who was waving the huge black sickle at him with a face full of killing intent.

Ye Chen's eyes turned cold and he attacked instantly.

He punched out in the air. His vast true essence turned into a golden fist force, like the hand of God, and punched toward The Woman in Black.

"BOOM!"

His punch looked simple, but it was actually made up of tens of thousands of fist shadows. It blocked the woman's path from all directions.

Under everyone's shocked gazes, the punch hit the huge black sickle in the black-clothed woman's hand.

"Crack!"

With a crisp sound, the huge black scythe, which The Woman in Black regarded as a treasure, exploded into countless pieces.

The Woman in Black was sent flying by the terrifying force. Feng Wuxie, who was watching from the side, quickly caught her and said, "Haoyue, are you alright?"

At the same time, he was extremely shocked.

That was because ye chen seemed to have become stronger again!

He was merely at the early void refinement realm, yet he defeated a late-stage netherworld Lord with a single punch!

“Get lost!”

The Woman in Black spat out a mouthful of blood and pushed him away. Then, with a face full of killing intent, she rushed toward ye chen again.

“Feng Wuxie!”

“I’ll spare her life for your sake. If she attacks again, don’t blame me for being ruthless!”Ye chen said coldly.

It was reasonable to say that he had nothing to do with the Dark Clan. However, things had become a little tricky after su Yuhan appeared.

“Bastard!”

The black-robed lady was furious, but her body suddenly trembled as Feng Wuxie sealed her acupuncture point, rendering her immobile.

“Hao Yue, I’m sorry!”

Feng Wuxie ignored her angry glare and picked her up with one hand. He quickly retreated while the experts of the Dark Clan behind him immediately stepped forward to protect the two of them.

After seeing this scene, Huangfu Yu, who had been watching the show, looked even more gloomy. He had clearly begun to realize that ye Chen’s strength had improved again.

“Kill!!!”

Ye Chen’s elegance immediately infected everyone. With an earth-shattering roar, a powerful true energy gushed out and attacked the monstrous demonic figure in the distance without fear.

“Forefather, you should also go and stretch your muscles.”

Old ancestor yellow spring grinned and then disappeared. Yang Tian, Yu Taiyuan, and the others followed.

A great battle began soon after.

Only ye chen and Huangfu Yu remained unmoved from the beginning to the end.

In the end, it was still Huangfu Yu who smiled,“Brother ye, your growth has surprised me once again. Today, let me see your true strength.”

“BOOM!”

In the next moment, the demonic Qi that enveloped the world became even denser. Huangfu Yu’s body exploded with monstrous demonic Qi. The density of the demonic Qi actually covered everything.

Demon King!

This Huangfu Yu had actually grown all the way to the devil King realm.

“Brother ye, are you surprised?”

Huangfu Yu was shrouded in a monstrous demonic aura. His blood-red eyes were so deep that it was terrifying. “I’m not afraid to tell you that I’ve already been accepted as an adopted son by the demon Lord of the demon race. Do you know what a Demon Lord is?”

The demonic aura around his body covered the sky and the earth. A black vertical eye appeared between his brows, and a terrifying crack seemed to have been torn open behind him. Demonic shadows appeared one after another, as if 3000 ancient demons were roaring in unison.

Devil Lord!

Even though ye chen had been mentally prepared, he was still slightly shocked.

Devil Lord!

In the demon world, above the demon Emperor, it was equivalent to the powerhouse of the Dacheng stage, and one step further was the existence of the heavenly demon level. And the heavenly demon often made countless old monsters of the Dacheng stage feel numb.

“Brother ye, you and I are truly fated enemies!”

As Huangfu Yu spoke, the 3000 specters behind him became even more ferocious, “Before I met you, I was su Yuhan, the number one genius of the upper three heavens. After I was killed by you and reborn, I became the number one genius of the Xuanyuan eight families in Yinxu.”

“I didn’t expect you to make me feel defeated again and again!”

“But I don’t hate you!”

At this point, he grinned, and the 3000 specters behind him roared in unison, “I’m grateful to you instead. Without you, I’d only be a limited genius. Your appearance has made me stronger again and again!”

“Especially this time, when I was adopted by my foster father as his foster son, I learned that earth is just a tiny galaxy. Beyond it, there is an even vaster world!”

“Really, I’m grateful to you!”

He walked toward ye chen as he spoke, like a black demonic star streaking across the sky. “In return, I will kill you. Only by killing you will I be able to mend my shattered Dao heart!”

“Only by killing you can I become the unparalleled demon that suppresses the world!”

“You really talk too much nonsense!”

Ye chen took a step forward and let out an earth-shattering Sanskrit sound like a Buddhist lion’s roar. Then, three thousand Dharma forms also appeared behind him.

The 3,000 Dharma forms were like ancient Buddhas, solemn and dignified. They chanted Sanskrit in unison, cleansing everything and causing the demonic Qi in the world to tremble.

If there were people from the immortal world present, they would definitely discover the mystical power that ye chen had used, the misty world-cleansing lotus flower.

The heavenly Dragon Temple of the immortal world has unparalleled magical power that can cleanse an entire world.

“The battle of fate between us will end today!”

Huangfu Yu’s eyes flashed. Immediately after, the three thousand demonic shadows behind him moved their hands in unison and attacked ye chen like divine chains of order.

“噫!”

Ye chen spoke the mantra. The moment the Buddhist mantra was spoken, the world shook. It was as if the three thousand Buddhas behind him were speaking the mantra at the same time.

“噫!”The sound of his words reverberated through the world. The power of the heaven-shaking mantra of the Buddhist sect was as vast as the sea. With ye chen as the center, it swept out in all directions like a flood breaking through a dam.

”

At that moment, countless demonic shadows let out shrill screams under the incantation, and their souls were destroyed on the spot.

Chapter 1646: Primary instruction of the immemorial heavens divine Thunder!

“BOOM!!!”

The power of the mantra collided with the divine chains of order that Huangfu Yu’s 3000 specters had cast, immediately annihilating countless voids.

“Thump thump thump!”

At that moment, ye chen and Huangfu Yu both retreated.

It was clear that they had their own wins and losses in the first exchange.

Huangfu Yu’s nose and mouth were bleeding, and even his eyes and ears were bleeding. However, he laughed even more happily, “I have to say, you’ve surprised me once again!”

“But it still can’t change the fact that you’re going to die.”

“Seven emotions great palm!”

In the next moment, he attacked again. Seven Rays of colorful light whizzed out from his fingers, like five giant pillars of different colors.

At that moment, Lei Yunzi and the others who were fighting felt their bodies relax. They had an indescribable feeling, as if something had flown out of their bodies.

It was the seven emotions and six desires in their hearts.

The so-called seven emotions palm print was a Supreme magical power of the demonic path. It used the seven emotions of a human as the foundation to condense a palm that represented seven extreme emotions. Unless one's heart was truly pure, one would inevitably fall under this magical power.

"BOOM!"

The seven pillars of light, which were of different colors and looked like five pillars that reached the sky, immediately pressed down on ye chen. The power was enough to suppress the world.

"True Dragon's precious technique!"

Ye chen was not flustered. He formed a seal with his hands and true dragon phantoms leaped out from his fingertips. Then, they let out earth-shaking Dragon roars that soared into the sky.

"Boom boom boom!"

The battle between the two was fiery. The divine light cracked and the invisible killing intent swept everything. Wisps of demonic Qi and true essence surged in all directions, causing the world to lose its color.

Their divine arts and spells clashed fiercely as their physical bodies and demonic bodies collided.

Everyone was shocked.

The power displayed by ye chen and Huangfu Yu at this moment had long surpassed the limit of the void training stage. It was as if the mountains and rivers had lost their color and the sun and moon had lost their light.

Feng Wuxie looked at the scene from afar and said without turning his head, "See that? You're not a match for this kind of person!"

The woman called Hao Yue did not say a word, but a trace of shock flashed in the depths of her pitch-black eyes.

She had to admit that both ye chen and Huangfu Yu's talent and combat power had exceeded her imagination.

"Hmph!"

"You're scared?" she snorted. Could it be that you've forgotten master's unparalleled grace to my clan? You're afraid of a human ant?"

"I'm not afraid!"

Feng Wuxie furrowed his brows as he looked at the two figures in the distance and said, "Although I haven't known brother ye for long, I believe that he is an upright and arrogant person. If he really killed master's reincarnation, he wouldn't deny it."

"Five elements devil great art!!!"

Huangfu Yu shouted and waved his palm. He actually extracted a lot of demonic Qi from the heavens and earth to form five huge demonic shadows with ferocious expressions.

The demonic Qi on the five demonic figures was monstrous. Their eyes were blood-red and the aura on their bodies was not inferior to that of the five cultivators at the perfect void refinement realm.

“Five elements Devil Arts?”

Ye Chen’s calm face changed slightly. “The divine ability of the five great demon gods?”

The so-called five elements devil art was a branch of the Five Emperors Devil Arts. It gathered the five elements Qi essence, then fused it with the souls and evil Qi of thousands of living beings to refine five great Devils.

These five greater Devils were the spellcasters ‘Natal Devils. They could absorb the souls of mortals to grow and were extremely strange.

“If I’m not wrong, your so-called foster father should be the descendant of the five great demon gods, right?”

Ye chen gave Huangfu Yu a deep look.

“Hehe ...”

As the five huge demonic shadows emerged, they immediately let out an extremely strange and evil laugh and swarmed toward ye chen.

“Primary instruction of the immemorial heavens divine Thunder!!!”

Ye Chen’s eyes narrowed and he shouted. He quickly drew a talisman on his right palm and then turned his palm up. “Thunder!!!”

“BOOM!!!”

In an instant, the void was filled with lightning and thunder. Terrifying Thunderbolts descended from the sky and struck the five demonic shadows.

The primary instruction of the immemorial heavens divine Thunder was the ultimate skill cultivated by both the Thunder Emperor and the lightning matriarch. It was the ultimate form of connate lightning and could suppress all evil in the world.

“Boom boom boom!”

In everyone’s eyes, the Thunder and fire in the world were boiling, and the shrill screams were endless, as if the world was going to be destroyed.

At the same time, at the bottom of an abyss in Yinxu.

A peerless Saber Light streaked across the sky, and then a voice that seemed to be excited and confused sounded, “Primary instruction of the immemorial heavens divine Thunder?!!”

“Other than the Thunder Emperor and the lightning matriarch, only the Emperor is proficient in this divine power!”

“The Emperor is in this realm?!!”

“BOOM!”

The blade ray cut through the sky. It actually ignored the monstrous demonic Qi that enveloped the entire YinXu and headed towards the spirit guardian tribe.

Many demons and monsters in the monstrous demonic Qi attacked at the same time, as if they wanted to stop it. However, as a Saber Light flashed, not a single blade of grass could be seen within a thousand miles.

Almost at the same time, in a mysterious space in YinXu.

An extremely weak voice seemed to be murmuring, “This is the primary instruction of the immemorial heavens divine lightning? Impossible, this is absolutely impossible! The primary instruction of the immemorial celestial Thunder only exists in the celestial realm, how could it appear in this world!”

.....

“Boom boom boom!”

The five demonic shadows summoned by Huangfu Yu crumbled on the spot as he spat out a mouthful of blood and was forced to retreat.

With every step he took back, a bloody footprint would appear on the ground. The most terrifying thing was that there was a crack that slowly split open between his eyebrows. It split all the way to his chest, and finally, his entire chest exploded.

He was sent flying and coughed up blood repeatedly. His face was filled with disbelief. “You can actually break my five elements devil Grand magic?!!”

He was defeated!

He had lost!

He had been adopted by the demon master as his foster son, and even personally enlightened by the demon master, who had taught him the divine arts of the demon path, but he had actually been defeated!

Moreover, this was the third time he had lost to ye chen!

“You said something wrong before!”

Ye chen was dressed in green, his long hair flying in the wind. He walked toward her step by step. “You said you’re my fated enemy, but you overestimate yourself.

“Do you think that you can crush me just because you’ve been adopted by the demon master as his son and obtained his inheritance?”

He looked at Huangfu Yu with a mocking gaze, “You’re wrong. I don’t even care about the demon master behind you, let alone a chess piece in his eyes!”

In terms of knowledge, Huangfu Yu could not compare to him!

In terms of divine powers and spells, no matter how powerful Huangfu Yu was, how could he be better than him, who had once reached the top of the heaven realm and read the secret manuals of all sects?

“Hahahaha!”

Huangfu Yu spat out a mouthful of blood and a strange smile appeared on his pale face.””Brother ye, do you think you can kill me this time?”

Chapter 1647: Killing four devils with a single palm!

“Do you think you’ll be as lucky as before?”

Ye chen looked down arrogantly at the world and quickened his pace toward Huangfu Yu. With every step he took, the murderous intent in his eyes grew stronger.

Huangfu Yu’s lips had a strange smile on it.

“BOOM!”

At that moment, a terrifying wave as vast as the ocean suddenly burst out in the void. Then, four demonic clouds swarmed over and gathered above everyone’s head.

Above the demonic clouds, there were four terrifying auras. It was obvious that Huangfu Yu had come prepared. There were four demon kings from the demon race.

The demonic clouds rolled, and the aura pressed down on the mountains and rivers, making people feel suffocated.

Master thundercloud and the others were shocked.

“Puny human ant, die!”

The four demon kings did not waste any time and joined forces to attack ye chen. Four terrifying ghostly lights pierced through the void and shot toward ye Chen’s head.

“I’ve been waiting for you guys for a long time!”

Ye chen laughed coldly and took the initiative to attack the former. His eyes were bright and his divine might was fully displayed. One of his arms swept across like a ROC, dazzling beyond compare. It twisted the void and emitted shocking fluctuations.

“What is he doing?!!”

Seeing this scene, someone hurriedly shouted.

“He wants to fight one against four, my God!”

Everyone was completely shocked.

Those were four demon kings, all of whom were comparable to the demigod stage. Ye chen was only at the early void refinement realm, yet he was so confident?

“You’re looking for death!”

Huangfu Yu could not help but sneer.

One had to know that these four demon kings were the four most powerful generals under the six-leaf demon Emperor. If they joined forces, even he would have to retreat.

Ye Chen was no match for them.

“BOOM!”

The void began to collapse, and the sky trembled. The surroundings turned dark, and the violence was unparalleled.

Only ye Chen’s giant Roc-like hand swept across the world. The dazzling light made people dizzy and the energy rippled. The vast energy rolled down and suppressed the four demon kings.

“Not good!”

At that moment, the four demon kings seemed to sense something. Their eyes were filled with horror as if they had seen a ghost, and they were about to retreat quickly.

However, to their horror, they discovered that the space around them had been firmly sealed.

“BOOM!”

As ye Chen’s large hand descended, the void where the four demons were turned into a vacuum zone. Countless void storms spewed out from it, sweeping everything in their path.

The four demon kings had been killed by ye Chen as if they had never been in this world.

“My God! He killed four demons with one palm?!!”

At that moment, everyone who saw this scene was dumbfounded and their hearts beat faster. These were four demon kings who were comparable to demigod cultivators!

How strong was ye Nankuang?

The smile on Huangfu Yu’s face was forever fixed on his face. Extreme shock flashed in the depths of his eyes as he said, “How is this possible?!!”

“Ye Tianjun is mighty! The human race is so lucky!”

Lei Yunzi was so excited that his eyes were filled with tears as he shouted madly.

“BOOM!”

At that moment, the world was filled with powerful and excited voices of true energy. “Heavenly Lord ye, you’re so powerful! The humans are so lucky!”

Feng Wuxie stared at the proud figure in the sky, his expression growing more and more complicated.

“This is your so-called reliance?”

Ye chen placed his hands behind his back and walked toward Huangfu Yu. There was a playful smile on his face. "Do you feel a tinge of regret at this moment?"

Huangfu Yu chuckled, but his expression was extremely gloomy.

At this moment, a woman in red appeared in front of ye chen and stopped him. "Mr. Ye, you can't kill him!"

It was Fang Ziyue of Tianyuan trading company.

"Why can't I?" Ye chen chuckled.

After the demon disaster broke out, Tianyuan trading company had turned to Huangfu Yu, and Fang Ziyue was no exception. At this moment, she seemed to have changed into a different person and refused to be as ethereal as before.

"Huangfu Yu is my Dao partner, and we have a marriage alliance. Please spare his life on my account," Fang Ziyue said slowly.

"Is this the chip that Tianyuan trading company uses to unite with demons?"

Ye Chen's eyes flickered. He did not expect Fang Ziyue to be willing to make such a choice.

Fang Ziyue pursed her lips and begged, "That's right, Mr. Ye. Please let him go for the sake of our past friendship."

"For your sake?"

"Since you've joined The Fiend Race, you're my enemy. Do you think I'll listen to an enemy?" ye Chen's lips curled into a mocking smile.

Fang Ziyue's face turned pale.

"You may withdraw!"

Ye chen was too lazy to talk nonsense with her. With a wave of his sleeve, Fang Ziyue was shocked to find that an irresistible pressure had come over, causing her body to fly out uncontrollably.

"I can't believe that you have to rely on women to protect yourself."

"Lamentable, lamentable!"

Ye chen looked at Huangfu Yu in the distance mockingly. He shook his arm like a ROC flapping its wings, setting off a terrifying wind that blew the void into oblivion.

Huangfu Yu seemed to be unwilling to give up. Black snake-like scales appeared on his body as he wanted to activate his demon body to fight ye chen.

"Bang!"

However, in the next moment, he spat out another mouthful of blood and his body flew out uncontrollably. His chest was stained with blood and his entire body was trembling violently as if he was going to split apart at any time.

“You’re like a dog in front of me now!”

“A dog in the water!”

Ye Chen was in hot pursuit. Each step covered a thousand feet. He did not give Huangfu Yu any chance to catch his breath. He opened his big hand and pressed down on Huangfu Yu.

Chapter 1648: Do you really have to be my enemy?

“Brother ye, wait!”

Suddenly, a familiar voice exploded in the air.

It was Feng Wuxie.

The pair of black horns on his head burst out with a black hole-like ghostly light and dispelled Ye Chen’s terrifying attack by force.

“Do you really want to be my enemy?”

Ye Chen’s gaze gradually froze.

Ye Chen admired Feng Wuxie but that did not mean he could tolerate him. If Feng Wuxie kept making enemies out of him, Ye Chen would not show him any mercy.

“I don’t want to be enemies with a genius like brother ye.”

Feng Wuxie looked at Huangfu Yu with a sincere expression and said, “Brother ye, Huangfu Yu is a friend of the Dark Clan. I don’t want to see him die in front of me.”

“Since that’s the case, let’s fight.”

Ye Chen’s hair was disheveled. At this moment, his aura had risen to the extreme, and he was closing in on Feng Wuxie like a demon.

“Brother ye, I’m sorry!”

Feng Wuxie’s expression did not change. His pupils suddenly enlarged, as if reflecting the shadow of an axe, and his pupils expanded to their maximum.

“Swish!”

Then, an axe shadow shot out from his eye and split the void in front of him into two.

“Brother ye, if you can force me to take a step back, I’ll retreat,”

At this moment ...

In an instant, Ye Chen felt a terrifying power in his body. Ye Chen’s pupils immediately burst out with hundreds of millions of divine rays.

Indeed, Feng Wuxie was not as simple as he had thought.

“What’s so difficult about retreating from you!!!”

Ye Chen shot up into the sky. His left hand turned into a divine sword, revealing its sharp edge. It cut through the clouds and slashed toward Feng Wuxie with a loud clang.

That sword seemed to have scattered sword Qi all over the Galaxy.

Feng Wuxie’s face turned serious. He reached out and the huge black Axe fell into his hand, bursting into a dark light.

“Slash!!!”

He shouted and swung the black Axe with all his might. The world seemed to be divided into two and a faint Moonlight Rose.

“Brother ye, this is the Dark Moon clan’s innate divine ability, the waning moon. I hope you won’t disappoint me.”

Feng Wuxie’s voice sounded.

“The Dark Moon clan?”

Ye Chen’s eyes flickered. The Dark Clan was just a general term. There were many other clans, such as the Dark Moon clan, the Dark Phoenix Clan, and the dark Dragon clan.

Just like how there were yellow, black, and white people in the human race, the Dark Moon clan regarded the moon as their highest faith.

“Sword moves the Galaxy!”

Ye Chen let out a long cry. In the endless void, countless night stars were lit up in unison, like a dazzling starry sky.

Ye Chen was like a Celestial King, pushing the stars one after another toward Feng Wuxie, making it impossible for Feng Wuxie to escape.

“BOOM!”

In an instant, the stars in the sky chased after the moon. The stars in the sky moved because of Ye Chen, as if they were fighting to encircle and suppress the waning moon.

A series of earth-shattering sounds exploded in everyone’s ears. Everyone felt as if their eardrums were about to burst, and they could only see the dazzling light.

When the phenomenon dissipated.

“BOOM!”

Ye Chen’s eyes glowed brightly as he threw a punch at Feng Wuxie.

Feng Wuxie’s expression changed slightly and he quickly dodged subconsciously. Even so, Ye Chen’s fist still brushed past his chest, causing his skin to split open and blood to burst out.

Ye Chen pushed his movement technique to the extreme and descended from the sky like a Kun Peng. With one foot, just one foot, he had Feng Wuxie under his feet. The two of them maintained that posture and galloped away, destroying countless voids.

Just when everyone thought that Feng Wuxie was going to die ...

Ye Chen suddenly stopped and looked down at him. "You've lost!"

"Pfft!"

Feng Wuxie opened his mouth and spat out a mouthful of blood. The blood that fell to the ground immediately burned countless mountains, rocks, and trees.

"Yeah, I lost!"

A bitter smile appeared at the corner of his mouth, and he couldn't help but take a deep breath, "Thank you for not killing me, brother Ye. I won't bother about this anymore."

After he finished speaking, he did not even look at the shocked Huangfu Yu.

"Huangfu Yu!"

Ye Chen looked at Huangfu Yu in the distance again and walked toward him. "I've already defeated all of your trump cards. This is the difference between you and me."

"It's over!"

He locked onto Huangfu Yu with his spiritual will and started to activate his killing intent, causing Huangfu Yu's expression to change.

Under Ye Chen's might, he felt a chill run down his spine. It was as if he had smelled the aura of death.

"BOOM!"

Ye Chen used his hand as a sword. It was as if he had transformed into a true dragon of the Great Path as he ruthlessly stabbed toward Huangfu Yu's heart. It was indestructible and difficult to block.

Suddenly, a ray of chaotic light fell from the sky and shone on Huangfu Yu's body.

At the same time, a strange pressure spread across the world. The chaotic light condensed into a huge black altar that hung in the air.

On the altar, a figure appeared in front of everyone like a mirror. The figure was dressed in a black robe with dark golden patterns on the edge.

The young man's eyes were extremely handsome. At this moment, he had his hands behind his back and his back was facing the world. An extremely evil and disdainful aura emanated from his body.

"Demon Emperor!"

Ye Chen's expression finally darkened at that moment.

Chapter 1649: If the human race doesn't die, their luck will last!

Above the huge void, demonic Qi surged.

Everyone's eyes were fixed on the black-robed young man. They felt that the pressure between heaven and earth had suddenly risen to the extreme with the arrival of this person.

"Demon Emperor ..."

Ye Chen's murmurs caused the temperature to drop completely. Old ancestor yellow spring and the others' faces suddenly became extremely solemn.

If a Demon King was equivalent to a cultivator at the soul separation stage, then the demon Emperor was no less than a cultivator at the form synthesis stage.

The form synthesis stage ...

At the thought of this, old ancestor yellow spring's heart trembled slightly. As a old ancestor at the crossing calamity stage, he knew very well what the form synthesis stage represented. It was far from what ye chen could compete with.

The young man in Black placed his hands behind his back and slowly turned around to face the crowd. His tightly shut eyes slowly opened at that moment.

"BOOM!"

The moment he opened his eyes, the world suddenly became extremely turbulent, as if a kind of evil that could make people sink into it had poured into the world.

It was so evil that one look at it would make one fall into hell forever.

"Greetings, youhuang!"

At that moment, all of the demons, including Huangfu Yu, knelt down on one knee before the Man in Black. They were extremely respectful.

Youhuang smiled at the crowd and looked at them lazily. His gaze finally landed on ye chen. "I can't believe that an outstanding talent like you can be born in this mere abandoned star area."

Ye chen said expressionlessly, "I didn't expect it either. Earth is just a small chiliocosm. It's enough to shock the demon race into making such a big fuss. You even sent the demon Emperor."

"A small chiliocosm?"

The Hades Emperor laughed before he shook his head, "Although earth is a small chiliocosm now, it was ranked in the top 100 in the list of the top 100 in the Devata realm a few years ago. First, Emperor Xuanyuan shook the starry sky, and then the twelve ancestors of sorcery swept the six directions ..."

"How can the temptation of a small chiliocosm that has become an Emperor be comparable to that of the other heavens?"

As soon as he finished speaking, Lei Yunzi and the others' expressions changed. They obviously didn't expect the former to know so much about earth.

“It’s a pity ...”

It was as though youhuang didn’t see the expressions on everyone’s faces. She continued, “Emperor Xuanyuan, the most powerful man of the human tribe, has long escaped into the ancient starry road and headed to unknown star area to fight. The twelve ancestors of sorcery are either crippled or dead. The fate of this world has been exhausted.”

“If the human race doesn’t die, their luck will last forever!”

Ye chen sneered. “You’re looking down on the humans of Earth too much. Unless your Fiend Race launches a large-scale attack on Earth, you won’t be able to cause much trouble with just a few of you.”

“Is that so?”

Youhuang’s eyes flashed as he stared at him mischievously, “At present, you are the strongest native human in this world. After I get rid of you, who else can stop my demon race from enslaving this world?”

The voice fell.

His figure seemed to have disappeared from the world and then reappeared in front of ye chen. The speed was terrifying.

“Good!”

Ye Chen’s hands formed a seal and bright lightning bloomed from his hands. It turned into a Thunder Dragon and surged toward the space he was in.

“BOOM!”

The Thunder Dragon roared angrily, and just as it was about to destroy the void, it was gently held by a large black Hand. It became smaller and smaller, and in the end, it was actually forcibly obliterated.

“You’re smart to use Thunder techniques against me.”

Youhuang laughed indifferently, “It’s a pity that your cultivation is still a little weak. This attack is useless against me.”

As soon as he said this, a thick demonic Qi that was almost solid surged in his palm. He rushed straight at ye chen, the killing intent in his eyes frightening.

Ye Chen’s eyes darkened. With a wave of his sleeve, he rubbed his hands together and turned them into a blade. The golden blade cut through everything and came down.

That blade was extremely powerful.

However, it was as though Hades Emperor did not see even half of it. He allowed the blade light to slash towards him. Under everyone’s shocked gazes, the blade light actually passed through his body without causing him any harm.

“Hehe, I told you, you’re too weak!”

Youhuang laughed mockingly. His large hand was like a twisted, terrifying giant beast, and it struck toward ye chen with an unavoidable momentum.

“Is that so?”

Ye Chen’s eyes narrowed. His terrifying physical strength erupted. He was about to reveal all his trump cards.

All of a sudden, a purplish-gold pillar of light shot towards Hades Emperor with the force of a Thunderbolt. Hades Emperor’s figure was forced back.

Youhuang’s expression turned heavy. He stared at the stone pagoda in the distance and spoke word by word, “Emperor Jiang, you’ve recovered?!”

“Youhuang, it has been so many years since we last met. You, the trash of the past, actually still dare to appear in front of me!”

As a majestic voice sounded, a tall figure emerged from the stone tower.

The tall figure came with a bright purple light, like an ancient God descending to the world. He instantly appeared clearly in everyone’s sight.

Everyone finally saw his face clearly.

It was a rough-looking middle-aged man with purple hair and eyes like lightning. His facial features were slightly different from that of a normal human being, but the aura that he exuded made the world tremble.

It was Emperor Jiang!

Seeing his sudden attack, master thundercloud was pleasantly surprised. The legendary Peak Master had finally appeared in front of them?

Huangfu Yu and the rest were shocked.

Since when did earth have such a peak figure?

“You’ve recovered?” ye chen asked.

“Not bad!”

“Thank you for your help!” Emperor Jiang nodded slightly.

In the sky, the demonic Qi rolled back. Youhuang’s expression turned extremely sinister as she stared at Emperor Jiang. “Emperor Jiang, you are really lucky. That battle didn’t kill you, but helped you recover quickly.”

“If you demons don’t give up, how can Emperor Jiang die first?”

“After all, our mission is to protect this world and kill all of you here,” Emperor Jiang said with a faint smile.

“What big words!”

Youhuang's gaze turned cold and he said, "you are merely Xiantian lifeforms in the small chiliocosm. How dare you stop the Army of my demon race from entering this world? you are no different from an ant trying to shake a tree. If it wasn't for Emperor Xuanyuan's cunning, how could we have lost?"

A cold glint flickered in his eyes for a moment before he continued, "However, you won't be so lucky this time!"

Then, he waved his hand and said, "Yama-Emperor, what are you waiting for?"

As his voice fell, a huge vortex suddenly appeared in the sky. In the vortex, there was a strange eye that opened, shooting out a dark light.

The light seemed to have illuminated everything. Then, under everyone's horrified gaze, an extremely huge horn extended out of the void.

The horn was like a cow's horn, extremely large, enough to cover the sky and earth, like an unusually majestic winding mountain range.

The moment he saw that corner, Emperor Jiang's expression froze. "An Almighty of the Dark Clan?!!"

Chapter 1650: shocking battle!

Between heaven and earth, a huge bull's horn seemed to pierce the sky.

It was like a winding mountain range, covering the sky and the earth, shrouding this part of the world.

Everyone felt a chill run down their spines from the bottom of their hearts under such might. It was as if they were facing the god of death.

"Yama-Emperor is here?!!"

Feng Wuxie's expression changed the moment he saw the huge bull's horn, and his eyes were filled with shock.

Emperor Yama!

He was one of the eighteen emperors of the netherworld!

Back then, he had followed the netherworld Lord to attack the spiritual realm and had earned many military achievements!

He didn't expect that he would personally come.

Ye Chen's expression changed as well. His eyes were fixed on the rapidly shrinking bull's horn. As the bull's horn shrank, a rough-looking middle-aged man slowly appeared in everyone's sight.

That person had a pair of bull horns on his head and was dressed in tight clothing. His gaze was frightening. From afar, he looked like an ancient demon that had descended into this world.

Emperor Jiang's voice shook heaven and earth. "Emperor Yama, the earth and the netherworld have never interfered with each other. Are you going to help the evildoer?" he asked.

“Emperor River!”

The Emperor Yama’s indifferent voice rang out, “My mission is to find my master’s reincarnation and bring her back to the netherworld to unify the world. Now that her reincarnation has died on your earth, you all should be buried with her.”

“Yama-Emperor, you’re quite a character.”

Emperor Jiang was so angry that he laughed, “The Lord of The Dark World is an extremely talented person who once suppressed thousands of worlds and swept through the heavens. How can he die so easily?”

“It’s no longer important whether I believe it or not.”

“If you know what’s good for you,” the Emperor said slowly, “you should give up resisting. You should know that this world can’t resist the Joint Forces of our two races.”

“What a joke!”

“Since you’re so unreasonable,” Emperor Jiang said with a cold smile, “I’d like to see what you’ve got in your head.”

“I can only deal with one person!”

After saying that, he secretly transmitted his voice to ye chen, “can you deal with the remaining youhuang? If it doesn’t work, I might be able to delay these two for a few days. You can take them and escape to the outside world.”

“Escape? That’s not my style.”

Ye chen looked at youhuang coldly. “Moreover, if Yinxu can’t stop them, it’s useless even if we escape to the outside world.”

“If that’s the case, then let’s do it!”

Emperor Jiang sighed and took a step forward, flying across the sky. “Emperor Yama, then let me experience your methods!”

“BOOM!”

At the same time, the monstrous demonic Qi on youhuang’s body also increased by several times. He looked at ye chen in disdain. “I’ll kill you today. I’d like to see what hope your earth has left!”

With that, he flicked his finger and demonic Qi gushed out. It instantly turned into a huge black demonic chain and whistled toward ye chen.

“Do you think I’m afraid of you?”

Ye Chen’s eyes darkened.

The next moment, he took a step forward and clenched his fist in the air.

The Golden divine lightning gathered in the void and turned into a roaring thunder Dragon that charged at the huge black demonic chain.

“BOOM!”

With a loud bang, the huge black demonic chain accurately entangled the lightning Dragon and then twisted it to explode, turning into countless lightning and scattering in all directions.

“This time, I’d like to see who else can save you!”

Then, youhuang’s figure suddenly burst out. He clenched his hand and a monstrous demonic hand descended from the sky, slamming toward ye Chen’s head.

“Ang!”

At this moment, ye Chen’s physical strength exploded. With a long howl, a dazzling golden light burst out from his body, piercing through the clouds and illuminating the entire sky.

“BOOM!”

Ye Chen’s five fingers clenched into a fist. He opened and closed his mouth widely and threw a punch. It was like ten thousand Dragons galloping. That speed directly crushed countless voids and affected the huge demonic hand without fear.

“BOOM!”

Under everyone’s gaze, a blinding flame suddenly erupted in the vast sky, as if two stars had collided heavily.

“Not a bad body!”

In the sky, Hades Emperor sensed the changes in ye Chen’s physical body and narrowed his eyes in surprise. “No wonder you have the courage to fight with me. It turns out that your physical body is extraordinary!”

“Unfortunately, it’s useless Against Me!”

He snorted coldly and lowered his hands. Thick demonic Qi immediately gathered in his palms, and his arms expanded several times. His fingertips were as sharp as three-inch blades, and as they rubbed against each other, they actually shattered the air.

“Die!”

A cold glint flashed in his eyes and a cold aura surged. He appeared behind ye Chen like a ghost and his demonized right hand immediately stabbed ye Chen’s back.

“Ding ding ding ...”

After the demonic Qi-filled nails pierced ye Chen’s body, they exploded with dazzling sparks. However, they did not penetrate ye Chen’s body.

Seeing that her attack had missed, youhuang’s eyes narrowed as she retreated.

“Primary instruction of the immemorial heavens divine Thunder!”

Ye chen used his hand as a pen and quickly drew a series of talismans on his palm. Then, he turned his palm up. “Thunder!!!”

“Boom boom boom!”

In an instant, heaven and earth lost their color, and ten thousand thunders boomed, suppressing the world.

The dense bolts of lightning descended from the sky and struck the Hades Emperor. The Hades Emperor’s expression did not change. Instead, he laughed in a strange manner.
