Chapter 1661

After reminding Lin Mo, Huo Hua left first.

He was badly injured, and in a short time, he wouldn't be able to fight.

However, his mission this time was to stop Zhang Jiuduan.

Zhang Jiu Duan was also wounded and unable to move, so his mission was complete.

Not long after Huo Hua left, the Crown Prince suddenly received news: the Poison Spider had been injured!

The Prince and Lin Mo rushed over and found that the Poison Spider was not seriously injured, but he would not be able to move for a short time.

The one who had injured the poisonous spider was none other than Shu Zhong Zhu Ye Qing.

The prince was furious and wanted to gather his men to fight with Bamboo Leaf Green.

The Poison Spider stopped the Crown Prince as she looked towards Lin Mo and said in a deep voice, "Lin Mo, I'm going back to Hai Cheng to heal my wounds."

"Do you want to come with me to Sea City?"

The prince couldn't help but stare, "Mom, Lin Mo's medical skills are just the best, why go back to Sea City?"

"Lin Mo has just settled the matter of Wan Chun Tang, he still has a lot of things to do on his side."

"At this time, he can't leave!"

The Poison Spider did not answer the Crown Prince, but looked straight at Lin Mo.

Lin Mo sighed and nodded his head, "Many thanks."

"However, I haven't finished dealing with things on my side, so for the time being I'll have to stay here."

The Poison Spider nodded and said softly, "Then take care of yourself!"

With those words, the poisonous spider ignored the Crown Prince's objection and led him away stiffly.

In fact, while the Crown Prince did not understand the Poison Spider's meaning, Lin Mo was very clear.

This time, when Bamboo Leaf Green injured the Poison Spider, it was just a warning.

Bamboo Leaf Green was warning the Poison Spider to leave Yunan City and not get involved in Lin Mo's affairs.

If Poison Spider continued to stay here, then next time, when Bamboo Leaf Green struck again, she wouldn't show any mercy, she would kill the prince along with her!

As Fire Hua left injured, Poison Spider knew very well that she could not keep Lin Mo.

Therefore, she had to take the Crown Prince back to Hai Cheng, so that she could at least keep him alive.

By inviting Lin Mo to Hai Cheng, she actually wanted to shelter Lin Mo in her own territory.

However, Lin Mo could not follow him there, because, Bamboo Leaf Green's target was him.

If he followed the poisonous spider to the Sea City, it would lead the calamity to the poisonous spider and the Crown Prince.

Therefore, Lin Mo had to stay behind, he could not let this matter involve his brother.

Back at the hotel, just as he walked to the door, Lin Mo saw a man from afar, none other than the Wan family's Wan Gongzi!

He was standing alone at the entrance, as if he had been waiting here for a long time.

His expression was still as cold and arrogant as ever.

Only when he saw Lin Mo did his expression ease up slightly, looking slightly more embarrassed.

"Mr. Lin"

Duke Wan wanted to speak, but was stopped by Lin Mo directly waving his hand.

"I know what you want to say."

"I am not going to save your family's old man!"

"You can go back!"

Lin Mo said dryly.

Duke Wan's face swelled red as he gritted his teeth and said in a deep voice, "As long as you can save my grandfather, my Wan family, I can pay any price!"

Lin Mo shook his head, "You've said that before."

"But, I still say that, I won't save him!"

Duke Wan was anxious: "Why?"

"Don't you always boast that you are a healer?"

"Now someone needs you to save them, and you see death and don't save them? What kind of godly doctor are you"!

Lin Mo said in a cold voice: "You are right, a healer's heart."

"But, don't you forget that in this world, there are many people suffering from illnesses every day."

"So many people are waiting for me to save them, so why should I save your grandfather first?"

Duke Wan said offhandedly and sharply, "My grandfather is the head of the Wan family, is he not comparable to those patients?"

Lin Mo gave him a deep look and said in a cold voice, "In my eyes, there is no difference between the world and the world!"

"So what if the Lord of Ten Thousand Families? In my eyes, he is no more noble than a beggar on the street!"

Chapter 1662

Duke Wan was so angry that his face turned blue and he said angrily, "Lin Mo, you are not going too far!"

"I came in a low voice to beg you, and you insult my family's old man like this."

"Do you really think that our Wan family is something that anyone can bully?"

Lin Mo said in a cold voice, "When did I insult the Wan family's old man?"

"I'm just telling you that in the eyes of a doctor, all beings are equal."

"Born as a human being, just because your Wan family is rich and powerful, your life can be more noble than others?"

Duke Wan was stumped for words, and after a while, he suddenly said, "Lin Mo, I'm not going to discuss these meaningless issues with you!"

"Let me ask you, are you afraid to save my grandfather because you are afraid of Zhang Jiu Duan?"

Lin Mo: "Fear is not so much."

"I just don't have any good feelings towards the Wan Family!"

"Don't you forget that it was your Wan family that had been working against me during the launch of Wan Chun Tang this time."

"If I hadn't made sufficient preparations, this time, your Wan Family would have helped Wanchun Tang take away my Xu Pharmaceutical's Reconstruction Pills!"

"Your Wan Family has done such a thing, and you still have the face to beg me to save your old man?"

Gritting his teeth, Duke Wan said in a deep voice, "I can apologize to you for this matter."

Lin Mo waved his hand, "An apology won't be necessary."

"I gave Wan Zifeng a chance during the launch event, but he was unwilling to apologise."

"Now he hasn't even come, so it's clear that your Wan family doesn't have any sincerity either."

"Since that's the case, then don't come begging me again, just go!"

After saying that, Lin Mo directly opened the door to the room and ignored Duke Wan as he went straight into the room.

In this matter of Master Wan, Lin Mo actually had no intention of saving him.

This time, Wan Zifeng was making things difficult for Lin Mo at every turn, so how would Lin Mo help the Wan family?

Just as he walked into the inner room, Lin Mo felt that there was something wrong with the atmosphere in the room.

He fiercely turned his head and saw that in the corner, there was a short old man standing.

The old man's face was full of wrinkles and he looked as if he was 70 or 80 years old, and he was none other than the Compulsion Zun.

His undying compulsion, after he had gnawed down a few pieces of blood and flesh to preserve his life, he had also aged a lot.

Lin Mo was startled in his heart.

Compulsion Zun and Zhang Jiu Duan had joined forces, since Compulsion Zun was here, then Bamboo Leaf Green, perhaps he was also nearby!

Lin Mo hurriedly took a few steps back and stood against the wall to prevent being sneaked up on.

"Surnamed Lin, long time no see!"

"Do you know how much I really miss you!"

The compulsion zun rattled a laugh, his face filled with a fierce expression, as if he had seen his deadly enemy.

Lin Mo said in a deep voice, "Compulsion Zun, you still dare to show yourself?"

"Do you know how many people are out there trying to kill you right now?"

The Compulsion Zun tilted his head and smiled, "There are many people who want to kill me, but I'm still alive and well."

"On the other hand, you, huh, surnamed Lin, do you think you can survive tonight?"

Lin Mo: "I'm afraid it's not that easy for you to kill me with just one person!"

Compulsion Zun: "Heh, do you think I would come to you alone?"

As soon as the words left his mouth, a miserable scream suddenly came from outside the door.

Lin Mo's face changed, it couldn't be that Duke Wan had met with a poisonous hand at the door, could it?

He hurriedly ran out, and just as he reached the door, a figure pounced on him and slammed a heavy fist into Lin Mo.

Lin Mo reacted extremely quickly and quickly blocked the blow, while hastily taking a step back.

Upon closer inspection, the person who struck was, surprisingly, Qian Yong'an!

Lin Mo's face changed as he said in a deep voice, "Qian Yong'an!?"

“How is it you?”

Qian Yong’an sneered, “How can’t it be me?”

“Surnamed Lin, did you think that I would let you off the hook after what happened tonight?”

Lin Mo frowned, “I knew you would come to seek revenge on me, but I didn’t expect that you, a divine doctor in the province of Suzhou, would collude with a fellow compulsive like Zun!”

Chapter 1663

Qian Yong’an tilted his head and smiled, “How can this be considered collusion on our part?”

“Compa*s Zun and I, back twenty years ago, were friends.”

The Compulsion Zun also sneered, “Surnamed Lin, why do you think Qian Yong’an is making a big deal out of this launch?”

“The main purpose of this time, is to lure you over!”

“I’ve been here, waiting for you for a long time!”

Lin Mo’s face was chilled, this was a situation that he hadn’t expected.

Qian Yong’an and the Compa*s Zun, had known each other twenty years ago?

Lin Mo’s heart suddenly moved, these two people, could it be that they both had something to do with the destruction of the Lin family back then?

“Lin Mo, how dare you spoil my good deeds.”

“Today, I want your blood splattered on the spot!”

Qian Yong’an roared out and pounced on Lin Mo first.

Without any nonsense, Compa*s Zun also followed and rushed up, joining hands with Qian Yong’an to attack and kill Lin Mo.

This Qian Yong’an’s strength was not much worse than that of the Compulsion Djinn.

When they joined forces, Lin Mo was no match for them, and was beaten back by these two.

At this moment, the door of the room was wide open, but there was no movement outside.

Lin Mo’s heart was surprised, according to reason, Duke Wan hadn’t gone far yet.

Did he not even hear such a commotion inside the room?

Also, what was that miserable scream just now? Did it come from Wan Gongzi?

But, with Duke Wan’s strength, even if Qian Yong’an wanted to defeat him, it would take some time, how could it be so fast?

The more he thought about it, the stranger he felt, and Lin Mo didn’t dare to get attached to the battle.

He made a false move, forcing Qian Yong'an and Compa*s Zun back, then turned around and ran.

If he continued to fight with these two, he was definitely no match, so he might as well run away quickly.

As a result, just as he ran to the door, Lin Mo saw a scene that shocked him.

In the corridor at the door, six or seven corpses had fallen.

None of these six or seven corpses were intact.

The most tragic ones had been chopped directly into two, and those who were lucky must have at least had their arms and legs severed.

And these were all people that Lin Mo had seen before, none other than the expert offerings from the Wan Family that had come before.

There was no doubt that the miserable screams just now had been made by these consecrated experts.

Lin Mo's heart was shocked to the core.

One had to know that the strength of these consecrated experts was actually not weak.

With six or seven consecrated experts together, even if Lin Mo wanted to defeat them, it would take some effort.

However, Lin Mo had entered the room in less than two minutes, and these few consecrated experts had all died tragically here.

Who had struck and had such terrifying strength?

Just then, Qian Yong'an and Compa*s Zun also chased them to the door.

Both of them struck at the same time, attacking towards Lin Mo.

Lin Mo hurriedly dodged and rushed out of the room, wanting to leave the place in a hurry.

As a result, just as he stepped out of the doorway of the room, a hand reached out next to him and swiftly slapped him on the back of the head.

Lin Mo's eyes went black and he directly fainted to the ground.

Compulsion Zun and Qian Yong'an quickly chased after him, and when they saw Lin Mo faint, both of them were overjoyed.

Compose Zun directly attacked towards Lin Mo, but was quickly blocked by Qian Yong'an.

"This person cannot be killed!"

Qian Yong'an said in a deep voice.

The Compa*s Venerable was anxious: "Why?"

"I took such a big risk and went out of my way to seriously injure Huo Hua just to kill this son of a b*tch."

“Now that you’ve taken him down so easily, you’re telling me that you can’t kill him?”

Qian Yong’an: “I know how you feel, do you think I don’t want to kill him?”

“But, this man is related to the secret of the Lin family in the North.”

“If we kill him, who will we find to ask for these secrets?”

The compulsion djinn’s face swelled red as he said reluctantly, “Then at least let me remove one of his arms first!”

Qian Yong’an didn’t say anything, and Compa*s Zun directly pulled out a dagger and prepared to strike.

Just then, a cold voice came from the side: “This person has to be saved for my brother to heal his wounds, before my brother recovers, he cannot be hurt!”

Chapter 1664

I don’t know how long it took, but Lin Mo woke up.

Raising his eyes, he found that he was locked in a metal cage.

And beside him, there was a man lying.

Upon closer inspection, it was none other than the Wan family’s Wan Gongzi.

It looked like that person had not killed Duke Wan just now, but had also knocked him unconscious.

Lin Mo helped Duke Wan up and wanted to use silver needles to help him regain consciousness. As a result, when he felt his pocket, it was unexpectedly empty.

The bag of silver needles he had on him, as well as those pills he had brought along, had all been taken away.

Lin Mo couldn’t help but frown as he reached out and nudged several acupuncture points on Duke Wan, and it was only after a while that Duke Wan woke up.

Seeing the situation around him, Duke Wan’s brow immediately furrowed.

He immediately stood up and said in a deep voice, “Bamboo Leaf Green, get the hell out!”

Lin Mo’s heart stirred, the one who had struck this time was really Bamboo Leaf Green?

While he was pondering, an icy voice suddenly came from the darkness, “Do you want to die?”

Lin Mo was startled and looked carefully, only to see that there was a human figure in the darkness at an unknown time.

He knew that just now Lin Mo had looked around carefully and found that there was no one around at all.

This person, who could walk so close to Lin Mo without Lin Mo noticing, could see how terrifying this person’s strength really was.

This person, it looked like, was Zhang Jiu Duan’s sister, Zhu Ye Qing!

Lin Mo looked carefully, this woman was quite tall, about one and a half metres tall.

She was wearing a green dress, and her face was also covered with a piece of green gauze that covered her face, revealing only a pair of deep black eyes, and a clean white forehead.

Behind her back she carried a knife, which was not like an ordinary knife.

The blade was long and narrow, and looked as if it were a sword.

A normal knife is only about three feet in length.

This knife, on the other hand, was over four feet long, and the hilt was then a foot long.

The knife case was a wooden box, which looked rather ordinary and had no special features.

However, in Lin Mo's eyes, he was even more shocked by the wood of this knife box.

This was an extremely rare type of fireberry wood, which contained great heat, and an ordinary person standing next to it would not even be able to withstand the heat of this fireberry wood.

And now, this woman had actually made this fire mulberry wood into a sword case and was carrying it on her back, didn't she feel the heat?

Duke Wan also saw Bamboo Leaf Green, and he said in a deep voice, "Bamboo Leaf Green, Divine Doctor Lin has already said that he will not cure my grandfather."

"This is a feud between you and me, it has nothing to do with Divine Doctor Lin."

"How about you let him go, and we settle the matter between us ourselves?"

Lin Mo couldn't help but stare, he didn't expect that Duke Wan had called for Bamboo Leaf Green to get her to release him?

He couldn't help but glance at Duke Wan, this was something that he hadn't expected.

He had always thought that this Duke Wan was just an arrogant and arrogant young master of a worldly family with a bit of a strange personality.

He had never expected that Duke Wan, to his surprise, would still be so responsible and would even think about others!

Zhu Yeqing stood quietly in the darkness and said in a cold voice: "You are not qualified to bargain with me!"

Duke Wan was anxious: "Bamboo Leaf Green, you How can you kill an innocent person indiscriminately?"

Bamboo Leaf Green: "What I want to do, no one in this world, except my brother, can control!"

Wan Gongzi: "You"

Bamboo Leaf Green didn't even look at him and pointed directly at Lin Mo: "You, come out!"

"My brother is injured, you go and heal him!"

Lin Mo's brow furrowed, this condescending attitude and tone of Bamboo Ye Qing made him feel very unconvinced in his heart.

Lin Mo originally did not want to make an enemy of Zhang Jiu Duan Bamboo Ye Qing, however, seeing the attitude of Duke Wan and Bamboo Ye Qing instead sparked the fire in Lin Mo's heart.

"Sorry, I have too many patients, please trouble your brother to get in line!"

"At least, get in line behind Master Wan."

Lin Mo said back in a cold voice.

Chapter 1665

Hearing Lin Mo's words, Duke Wan couldn't help but stare.

He had to know that previously, he had begged Lin Mo to help save Old Master Wan, and Lin Mo had flatly refused.

And now, Lin Mo was actually saying in front of Zhu Yeqing that he was going to treat the Wan family's old man, was this not stimulating Zhu Yeqing?

If Lin Mo said that he would not treat Elder Wan, he would still have a hope of living.

If he said that, wouldn't that be certain death?

Duke Wan said anxiously, "Lin Mo, are you crazy?"

"Didn't you say before that you wouldn't treat my grandfather?"

"You how can you say that now?"

Lin Mo smiled, "Sorry, I've suddenly changed my mind!"

"I think, your Wan family, there are still good people."

Duke Wan froze, he had never dreamed that Lin Mo would make such a choice.

Zhu Yeqing's face didn't change in the slightest, her voice still cold, "My brother won't stand in line!"

"You can either go and heal my brother or"

Lin Mo directly interrupted her words, "Or die?"

"Heh, do you think I would be afraid of death?"

Zhu Yeqing gave Lin Mo a look, "It looks like you're not a person who is afraid of death."

"However, with some people, it may not be the case."

Lin Mo froze for a moment, "What do you mean?"

Bamboo Leaf Green: "You have a friend called He Qianxue"

Lin Mo's face changed: "You what did you do to her?"

Bamboo Leaf Green: "My maid is accompanying her."

"She's fine for now."

"However, if you don't treat my brother's injuries, then she will die!"

Lin Mo's face turned iron blue, he did not expect that Bamboo Ye Qing would capture He Qianxue to threaten him.

This Bamboo Ye Qing, she was really thoughtful.

"You will let her go if I treat your brother's injuries?"

Lin Mo said in a deep voice.

Bamboo Leaf Green: "My words always count!"

"If you heal my brother's wounds, you may not be able to live, but He Qianxue will definitely live!"

Lin Mo clenched his teeth, his heart was very unwilling.

However, in the end, he had to nod, "Fine, take me to see your brother!"

Bamboo Leaf Green opened the cage and Lin Mo walked out.

He followed behind Bamboo Leaf Green and walked in the darkness for a while, arriving at a small room.

At this moment, Lin Mo realised that the location they were in was an abandoned factory.

There were three people in this small room, two of which, were none other than Qian Yong'an and Compa*s Zun.

There was another one, a man of about thirty years old.

This man, with a stout body and a full beard, looked quite rugged.

However, at this moment, he was lying on the bed with a pale face and was not lightly injured.

There was no doubt that this man was none other than Bamboo Leaf Green's brother, Zhang Jiu Duan, who was on par with Huo Hua!

Qian Yong'an was standing by the bedside as he was feeding Zhang Jiuduan his medicine.

Zhang Jiu Duan was indeed badly injured, and in a normal situation, he would probably be in a bad way now.

It looked like it was because Qian Yong'an had been controlling his injuries that Zhang Jiu Duan had been able to save his life.

Seeing Lin Mo walk in, Compose Zun immediately jumped up, "Miss Zhang, how can you let him out like this? At least"

Zhu Yeqing said in a cold voice, "Shut up!"

Compulsion Zun opened his mouth wide, but he didn't dare to say the words afterwards after all, he was really afraid of this murderous female devil.

Lin Mo walked to the bedside, Qian Yong'an backed away in a sensible manner.

"Where are my silver needles, and my medicine?"

Lin Mo said in a deep voice.

Qian Yong'an: "Just tell me what needles you want and what medicine you want to take."

Lin Mo gave him a cold look, "He's so badly injured, I can't stop giving needles."

"If you pa*s the wrong needle or take the wrong medicine, and if anything happens to him, you will bear the consequences?"

Qian Yong'an opened his mouth, but in the end he did not dare to speak, and could only obediently hand over all of Lin Mo's things.

Chapter 1666

After getting the silver needles and his own pills, Lin Mo turned his head to look at Zhu Yeqing, "Are you sure, if I heal him, you can let He Qianxue go?"

Standing in the darkness, Zhu Yeqing could not see her expression, and could only see her nod.

Lin Mo nodded as well, "Good, I'll trust you!"

"I hope you won't let me down!"

Taking out his silver needles, Lin Mo quickly placed a dozen stitches on Zhang Jiu Duan's body.

Zhang Jiu Duan's injuries were not much different from Huo Hua's.

However, Huo Hua had also been hit by Zun Zun's compulsion at that time, and if Huo Hua hadn't used his powerful internal strength to harden and suppress that compulsion, it would have been impossible for Huo Hua to walk back alive.

And it was also lucky for Fire Hua that Lin Mo happened to be nearby and treated him in time for him to save his life.

If Zhang Jiudian's situation was the same as Fire Hua's and he had also been hit by the compulsion, then even if Qian Yong'an was around, he would still be in a bad way.

Qian Yong'an could only temporarily control Zhang Jiudian's injuries, and it was not impossible for him to heal Zhang Jiudian, but it would take a long time.

It was different when Lin Mo personally took action.

It took less than ten minutes for Lin Mo to remove all the silver needles.

And Zhang Jiu Duan's face had obviously turned a little better, and he was able to sit up.

Seeing such a situation, a brilliant aura flashed in Zhu Yeqing's eyes.

However, the look she gave Lin Mo was also a little more murderous.

The stronger Lin Mo's medical skills were, the more likely it was that he would cure Elder Wan, then she would have to kill Lin Mo even more!

Fitting the silver needles, Lin Mo looked at Bamboo Yeqing, "Now, you can let people go."

Bamboo Leaf Qing ignored him and instead looked at Zhang Jiu Duan.

Zhang Jiu Duan got up and took a few steps, tried his luck and couldn't help but laugh out loud, "Divine Doctor Lin, you really do live up to your name."

"It seems that that brat, Zhang Ye, should be fine too!"

Lin Mo nodded calmly.

Zhang Jiu Duan once again tilted his head and smiled, "It's good that he's alright."

"If that brat had died, there would be no one to play with."

"Little Flower, I'm fine now, so let that little girl go!"

Bamboo Leaf Green nodded her head.

She was just about to make her move when Qian Yongan hurriedly came over and whispered, "Miss Zhang, that female, you can't release her for now."

"I still have to use that female to threaten Lin Mo."

"If that woman is released, I'm afraid it won't be that easy for us to ask the Lin family's secrets out of him again!"

Lin Mo's face changed, this Qian Yong'an, he was too sinister!

He was just about to speak, but Bamboo Leaf Green directly rebuked angrily, "What I, Bamboo Leaf Green, have said, will definitely count."

"I said that I would let He Qianxue go if he healed my brother."

"Are you now trying to make me go back on my word?"

Qian Yongan couldn't help but be filled with embarrassment and hurriedly said, "Miss Zhang, I understand what you mean."

"It's just that we're taking a roundabout approach."

"Leave the person behind first, wait for Lin Mo to explain what he should say, then release the woman, you are not breaking your promise!"

Zhu Yeqing glanced at Qian Yong'an and spat out one word coldly, "Get out!"

Qian Yong'an's mouth opened wide, but in the end he did not dare to say anything.

There was still a chance to bargain with the poisonous spider, but with Bamboo Leaf Green, there was no possibility of negotiation at all!

This female devil was already furious when she uttered the word “get lost”.

If she continued to speak, she would be looking for death.

Lin Mo’s heart was quite shocked, he didn’t expect that Bamboo Yeqing was such a principled person, this was out of his expectation.

Zhu Yeqing made a phone call and explained that his men had released He Qianxue.

Lin Mo hurriedly said, “Wait a minute, I’ll have my friend go and pick her up.”

“This is Su Province, with something like this happening, she is a girl, I am afraid she is in danger!”

Bamboo Leaf Green said in a cold voice, “No need.”

“Since I promised you that I would let her return to Guangyang City safely, she will definitely be able to return to Guangyang City safely!”

“She is someone I, Bamboo Leaf Green, let go, whoever dares to touch her, I will destroy his whole family!”

Chapter 1667

Lin Mo couldn’t help but stare, this Bamboo Leaf Green, was too strong, right? It made it seem as if Su Province was also her territory?

However, with these words from Bamboo Leaf Green, Lin Mo no longer had to worry about He Qianxue’s matter.

He took out a bottle of pills and handed it to Zhang Jiu Duan, “This bottle of pills, take three pills every day.”

“In three days, your injuries will be healed!”

Before Zhang Jiudian could say anything, Qian Yong’an directly took the pill bottle.

He opened the pill bottle and looked at it, then put it under his nose and sniffed it, as if he was examining the bottle of medicine.

Lin Mo smiled disdainfully, “What’s the use of letting him check it?”

“With a waste like him, even if I put poison in the medicine, he wouldn’t be able to see it.”

Qian Yong’an’s face turned cold: “Surnamed Lin, don’t be too arrogant!”

“Ninth Master, this Lin surnamed is extremely sinister and cunning, the medicine he gave us, we can’t take it!”

Without any nonsense, Zhang Jiu Duan directly took the pill bottle, took out three pills and threw them into his mouth, swallowing them in one gulp.

Qian Yong’an’s face changed sharply, “Ninth Master, how can you take the stuff given by this kid indiscriminately?”

Zhang Jiudian snorted, "What's so daring about it?"

"If I, Zhang Jiu Duan, was so easily poisoned, would I still be alive today?"

Zhu Yeqing said coldly, "Lin Mo, if anything happens to my brother, I will not only kill He Qianxue, I will also kill everyone associated with you!"

Zhang Jiu Duan laughed and sat up straight to look at Lin Mo: "Young man, your medical skills are not bad."

"From what Qian Yong'an said, your medical skills seem to be somewhat similar to the secret skills of the Lin family in the North."

"What exactly is your relationship with the Northern Forest Family?"

Lin Mo said in a cold voice, "This matter, does it have anything to do with you?"

Zhang Jiu Duan froze for a moment, then laughed loudly, "This matter, indeed, has nothing to do with me, I'm purely curious."

"By the way, I just heard Xiaohua say that you are going to treat the Wan family's old man, is that true or not?"

Several people in the room looked at Lin Mo at the same time, and Zhu Yeqing also stared at him coldly.

Lin Mo knew very well that Zhang Jiu Duan was giving him a chance.

If he agreed not to cure Master Wan, Zhang Jiudian might let him go!

Lin Mo took a deep breath and said aloud, "That's right!"

"I do want to treat Master Wan!"

At these words, Qian Yong'an and Compa*s Zun immediately jumped up.

"Ninth Master, you heard it."

"This son of a b*tch, he is determined to go against you and against the Blade King."

"This man, he can't be kept!"

Qian Yong'an said excitedly.

Bamboo Leaf Green also had a murderous look in his eyes, looking as if he would draw his sword at any moment.

Zhang Jiu Duan looked straight at Lin Mo: "Did I hear you wrong, or did you say it wrong?"

"I'll give you another chance to answer once more!"

Lin Mo's expression was calm as he said, word for word, "You didn't hear wrong, and I didn't say wrong!"

"I do want to cure Old Master Wan!"

Slap!

Zhang Jiu Duan slapped the case and said in a cold voice, "Lin Mo, you have no grudges or enemies with me, I didn't want to kill you."

"But, you insisted on saving that old man from the Wan family, you are my enemy!"

"You are bent on seeking death, so don't blame me for being ungracious!"

Bamboo Leaf Green's hand was also placed on the hilt of his sword, as if he was ready to draw it.

Lin Mo stood proudly, "A man has to do something or not do something."

"I promised to cure Master Wan, so I will definitely do what I say."

"If I renege on my promise because I am afraid of death, then would I, Lin Mo, still have the face to live?"

Zhang Jiu Duan let out a loud laugh, "You really are a man!"

"However, since ancient times, most heroes do not end up well!"

"To stand up for someone, it depends on whether you have the ability to do so!"

After saying that, Zhang Jiudian directly got up and left, "This person is in your hands."

Qian Yong'an Companions were overjoyed and both looked at Lin Mo with malice.

Chapter 1668

Lin Mo couldn't help but clench his fists, he had just looked around and had already gauged his escape route in his mind.

However, before he could act, a hand was pressed on his shoulder.

The person who struck was none other than Bamboo Leaf Green, who directly clasped Lin Mo's shoulder blade, causing half of his body to lose its strength instantly, and he lost the power to resist on the spot.

Next to her, Qian Yong'an immediately rushed up and stabbed several silver needles into Lin Mo's body one after another.

Lin Mo was unable to resist and could only watch as these silver needles pierced into his acupuncture points one by one.

He knew very well that this was a method of sealing his power, capable of sealing his entire body's power so that he would no longer have the power to resist.

It did not take long for all these silver needles to pierce into the vital points on Lin Mo's body, and Lin Mo also felt as if his whole body's power had been drained away.

Qian Yong'an had a joyful face, "There, Miss Zhang, you can let go now!"

When Bamboo Leaf Green let go of his hand, Lin Mo fell straight to the ground with a poof.

He didn't even have the strength to move a finger now.

“This person is in your hands.”

Bamboo Leaf Qing threw down a sentence, walked over to help Zhang Jiu Duan up, turned around and left.

Qian Yong'an and Compa*s Zun were overjoyed and hurriedly arched their hands and said, “Many thanks to Miss Zhang!”

Bamboo Leaf Green did not even turn her head back, as if she had not heard them.

Qian Yong'an bent down and squatted beside Lin Mo, sneering, “Lin, you didn't think you would have this day, did you?”

Lin Mo gritted his teeth and said in a deep voice, “A jumped-up clown like you can only be dogged by others.”

“If you really had to fight me alone, would you still dare to be so arrogant?”

Qian Yong'an tilted his head and laughed, “A single fight?”

“Heh, you are already lying at my feet, do I still need to fight you alone? Are you sick in the head?”

Lin Mo said indignantly, “Shameless rat!”

Qian Yong'an's face remained unchanged as he sneered, “That's right, I'm a shameless rat.”

“However, the king has become the king.”

“Now it is you who is on the ground, if you don't want to die, then answer Laozi's question honestly!”

Qian Yong'an grabbed Lin Mo's collar and carried him to the sofa next to him, saying in a cold voice, “Let me ask you, what exactly is your relationship with the Lin family in the North?”

“How do you know the recipe for the Recycle Pill?”

“Your medical skills, and where did you get them?”

Lin Mo glanced at him and asked in a cold voice in return, “What are you asking this for?”

“What? Could it be that you were also involved in the destruction of the Lin family in the Northern Realm back then?”

Qian Yong'an's face changed slightly, as if he had been poked in the heart.

Lin Mo keenly caught this little change, and his heart shook.

It seemed that his guess was correct, Qian Yong'an and Zun Zun, were both involved in the destruction of the Lin family.

If he wanted to investigate what had happened back then, I was afraid he would have to start with these two people.

Qian Yong'an seemed to be afraid to bring up what happened back then and said indignantly, “Surnamed Lin, now I'm the one asking you, not you asking me.”

“If you don’t want to suffer, then answer my words honestly.”

“Otherwise, I will first break both of your hands, so that you can never practice medicine and save people again in your life!”

Lin Mo’s face remained unchanged: “Hmph, in your hands, I’ll be a dead man anyway.”

“Do you think I’ll still be afraid?”

The Compulsion Zun walked over and said in a cold voice, “Not afraid?”

“Heh, Lin Mo, you’re familiar with my Miaojiang compulsions.”

“Guess, do I have a way to make you talk?”

The compulsion zun said, pulling out a small furry insect from his body and handing it to Lin Mo with a smile.

Lin Mo’s face changed slightly, this was an extremely poisonous compulsion from Miaojiang, called the Bone Eroding Bug, which was specifically used to force a confession.

If he was hit by this kind of compulsion, it would be worse than death!

Under normal circumstances, Lin Mo would not have been afraid of this parasite.

But now he didn’t even have the strength to resist, so if he was struck by the compulsion, how painful it would be!

Chapter 1669

Qian Yong’an was also overjoyed, “Hahahaha, this will be fun.”

“Lin Mo, do you want to challenge yourself to the limit?”

Lin Mo gritted his teeth and didn’t say anything.

Qian Yong’an: “It looks like you really don’t see the coffin and don’t shed a tear!”

“Good, then I’ll let you feel the power of this Bone Eroding Worm!”

The compulsion zun also laughed wildly as he slowly stretched that compulsion towards Lin Mo.

Just then, the door to the room was suddenly slammed open and a human figure pounced in, striking Qian Yong’an and Compulsion Zun with full force.

Neither of them had expected such a situation and could not even resist in time, so they could only hastily take a few steps back to avoid the blow.

The figure, however, took advantage of this opportunity to rush in front of Lin Mo.

Lin Mo could see clearly that the person who had struck was none other than Duke Wan!

He had actually escaped from the cage?

Seeing such a situation, Qian Yong’an snapped, “Don’t let them get away!”

The companions also immediately chased after him.

Duke Wan took out a black orb from nowhere and threw it violently onto the ground in front of him.

The orb landed on the ground with a loud boom, and a wave instantly rushed out, enveloping Compa*s Zun and Qian Yong'an in it.

And Duke Wan also grabbed Lin Mo and prepared to take him away.

At that moment, an object flew out of the white smoke and came straight at Lin Mo, and it was the Bone Eater.

Seeing that the Bone Eater was about to crash into Lin Mo, Duke Wan suddenly turned around and blocked Lin Mo.

The Bone Eating Insect crashed directly into Duke Wan's chest.

The Bone Eater was extremely powerful, and when it landed on his body, it instantly burrowed through his clothes and tore through his skin.

Duke Wan could not help but let out a low cry, but he still held on strongly, put Lin Mo on his back and quickly escaped from the room.

There was a car not far outside, and Duke Wan ran to it with Lin Mo on his back.

At this moment, Qian Yong'an and the Companions also chased out.

Duke Wan's body was trembling, which was the result of the Bone Eroding Worm starting to devour his bones.

The Bone Eating Insect, when it entered the human body, would directly gnaw at the bones, and that kind of pain was simply not something that ordinary people could endure.

Wan Gongzi forced himself to endure the severe pain, started the vehicle and drove roaring out of this abandoned factory.

Qian Yong'an and Compa*s Zun chased after him for a while, but they were unable to catch up, so they finally had no choice but to give up.

Lin Mo lay on the passenger seat and saw that Duke Wan had been driving with his teeth gritted and his body was still trembling.

He knew that Duke Wan couldn't hold on for much longer at all.

"You help me pull out a silver needle."

Lin Mo said in a low voice.

If this continued, Duke Wan would definitely not be able to hold on.

Lin Mo had to unblock his sealed power first before they could have any hope of escape.

Duke Wan forcibly endured the severe pain and pulled out a silver needle from Lin Mo's body.

Lin Mo immediately felt some strength in his body.

He immediately reached out and pulled out all those remaining silver needles from his body.

As the silver needles were gradually removed, Lin Mo's strength was gradually restored.

And at that moment, Wan Gongzi's consciousness had already started to blur as he drove his car and crashed directly into a tree next to him.

Lin Mo hurriedly reached out and stopped Wan Gongzi before he could avoid him crashing into the steering wheel.

After that, Lin Mo nudged several acupuncture points on Wan Gongzi one after another, temporarily sealing the Bone Eater insect in a fixed range.

He carried Wan Gongzi to the passenger seat, then drove himself and sped off.

Lin Mo did not dare to waste more time, and after running for about ten minutes, he arrived at the outskirts of Yunan City.

He hid the vehicle in a small alley and found a very small hotel, where Lin Mo carried Wan Gongzi on his back upstairs.

Wan Gongzi's consciousness was beginning to blur at this point, and he let out mumbled whispers under his breath, not knowing what he was saying.

When he entered the room, Lin Mo put Wan Gongzi on the bed, then said, "Don't move around."

"I'll help you take off your clothes first and take out the compulsion!"

Duke Wan was suddenly startled as he grabbed his clothes and exclaimed, "You you don't touch me"

Chapter 1670

Lin Mo was speechless, this Duke Wan, he was still in a daze just now, why did he suddenly wake up this moment?

"How can I save you if I don't touch you?"

"The Bone Eroding Worm cannot be suppressed, being able to suppress it for such a long time is already considered good."

"If I don't take out the Bone Eroding Bug, all the bones in your entire body will be swallowed by it!"

Lin Mo shouted lowly, and ignoring Duke Wan's resistance, he grabbed his clothes and yanked hard.

With a tearing sound, Duke Wan's blouse was directly ripped open.

Under the light, the snow-like skin inside of Duke Wan was revealed.

What really shocked Lin Mo was that Duke Wan was wearing a bra*siere on his chest, a very tight fitting kind of bra*siere.

Even so, one could still see that his chest was towering.

At this moment, Lin Mo's brain was a little confused.

This Duke Wan, was actually a daughter!

He had always thought that Duke Wan was a man, so he didn't even think about it that much and just ripped his clothes to save him.

But who would have thought that this Duke Wan, was actually a daughter!

At this moment, Lin Mo finally understood why, after he had defeated him last time, Duke Wan had been so angry and hated to kill him!

At that time, Lin Mo had pressed her arms against his chest, this was a girl, she must have been furious!

And now, Lin Mo finally understood why he had always felt that this Duke Wan's features were so handsome that she didn't look like a man, because she was a woman at root!

From the beginning to the end, she was a woman dressed as a man!

Duke Wan let out a shocked cry and desperately covered his chest with both hands, "Ah, you get lost, you get lost!"

Lin Mo came back to his senses and looked at the humiliated expression of Duke Wan, he was also full of embarrassment.

"Sorry, I didn't know you"

Duke Wan said sharply, "Get lost!"

"Don't you touch me!"

Lin Mo hesitated for a moment, but still walked up to Duke Wan.

"The Bone Eater Bug must be taken out, otherwise, you'll be dead!"

"How about this, I'll take it out for you with my eyes closed!"

"Sorry, I'm sorry to offend you!"

After Lin Mo finished speaking, he also ignored Wan Gongzi's resistance and directly pressed her onto the bed.

Then, Lin Mo closed his eyes and ripped off the last of Duke Wan's smock as well.

Duke Wan's face swelled red, and at this moment, she felt humiliated to the extreme.

However, looking at Lin Mo's tightly closed eyes, she felt an indescribable sense of security in her heart.

This man, it was as if he could bring an endless sense of security.

And this sense of security had never been experienced by Wan Gongzi since she was a child.

Only at this moment did she seem to feel that she was really being protected.

Duke Wan finally stopped struggling and just let Lin Mo heal her with a red face.

Lin Mo closed his eyes tightly, and he didn't use his hands to touch Duke Wan either, instead he used a silver needle and slowly traced it around Duke Wan's wound, he wanted to feel the location of the bone etching worm.

Finally, Lin Mo felt a small movement, a movement of the Bone Eater.

Lin Mo reacted extremely quickly and immediately stabbed the silver needle in, gently picking at it, a bloodied worm was picked out, it was the Bone Eater Worm.

Lin Mo used the silver needle to stab the Bone Eater Bug to death and threw it into the bin next to him.

Then, he took out a medicine bottle and handed it to Duke Wan.

"Apply it to your chest, and it won't leave a scar."

Duke Wan wasn't thinking about putting on clothes at the moment, but ghostly took the medicine bottle and applied that medicinal powder to her own wound.

The whole time, she sat in front of Lin Mo, and she didn't think about covering up.

She trusted this man, if he said he would keep his eyes closed, he wouldn't just peek!

After smearing the medicinal powder, Wan Gongzi remembered that her own clothes had also been torn.

She could only helplessly wrap herself in the quilt and whispered, "Divine Doctor Lin, I I'm fine."

Lin Mo still didn't open his eyes as he walked to the door, "Your clothes are torn, I'll go and buy you two pieces of clothes, wait a moment."
