

Genius 1671

Chapter 1671

Seeing that Lin Mo was about to go out, Duke Wan hurriedly said, "Then how soon will you be back?"

After saying these words, Duke Wan instantly regretted it.

Ever since she was young, people in her family had always been patriarchal towards men, and she had always hated herself for being a daughter.

For so many years, she had always worn men's clothes and treated herself like a man.

She had never relied on anyone.

Now, in her heart, she had actually developed an indescribable dependence on Lin Mo, and she was actually worried that Lin Mo would leave her behind.

Lin Mo: "Soon."

Duke Wan: "Oh."

Lin Mo walked out of the room, and Wan Gongzi curled up under the blanket alone, at this moment, she had an indescribable feeling of helplessness.

Luckily, not long afterwards, Lin Mo returned with two outfits.

A man's outfit and a woman's outfit, both looking very ordinary, a look at the ground floor.

Lin Mo lowered his head and threw the two outfits onto the bed, "You change first, I'll be at the door, call me if anything happens!"

Lin Mo walked out of the room and closed the door behind him.

Wan Gongzi looked at the two bodies of clothes in front of her and had an indescribable feeling in her heart.

She reached out to touch the woman's dress first, it was a very ordinary woman's dress, but a very strong desire suddenly rose up in her heart to try this beautiful dress on her body.

She had never thought of such a thing since she was a child.

For so long, her only wish had been to be able to make herself stronger, to make herself surpass all the boys in her family, to impress her elders, to make them stop looking down on her because she was a daughter.

She was even ashamed of being a daughter, and felt inferior because she was not a man.

She had never wanted to wear women's clothes at all, and when she saw Wan Zhi wearing those flowery clothes, she only felt a sense of hatred in her heart.

But now, she suddenly wanted to try this dress on, even if only for a minute.

But, after a long struggle, she finally gave up.

She gritted her teeth, took the men's outfit and put it on.

After that, she mustered up the courage and called Lin Mo in.

As the two of them stood in the room, the atmosphere suddenly seemed a little awkward.

After a long time, it was Lin Mo who spoke first, "Qian Yong'an and the companions must have gone to look for Zhu Yeqing, we can't stay here for long."

Duke Wan nodded, "That's fine."

"Let's find a place to hide first, I'll contact the clan and have them send someone to pick us up!"

The two of them walked out of the hotel and drove away from the place in a hurry.

After an hour or so, Lin Mo arrived at a downtown area next to Yunan City.

The two of them found a place to hide for the time being, and Duke Wan contacted the family side first.

Lin Mo also called He Qianxue, and was relieved to learn that she was already sitting on the plane back to Guangyang City.

He was still worried that if he ran away, Bamboo Leaf Green would go and make things difficult for He Qianxue.

However, now it seemed that this Bamboo Leaf Green was really quite principled in his actions.

He had saved Zhang Jiu Duan, and Bamboo Ye Qing had released He Qianxue. Even if he ran away, Bamboo Ye Qing would definitely not go after He Qianxue again, that was her promise!

Although Bamboo Leaf Green was a very murderous person, but the fact that she kept her promise was something that one could not help but believe!

Duke Wan put down his phone, and finally had some more joy on his face, "Divine Doctor Lin, the clan has already sent a large number of experts over, they will be able to get here within three hours."

Lin Mo nodded, "That's good."

"Three hours, even if Bamboo Leaf Green is capable of great things, she would definitely not expect that we would have left Yunan City."

"They definitely won't be able to find this place in a short time, we just need to hide for this period of time."

Chapter 1672

After a short rest, it was completely dark, so Lin Mo and Wan Gongzi went downstairs and had a bite to eat at the small restaurant next to them.

From the time they were attacked until now, Lin Mo and Wan Gongzi had not eaten for a few hours and were now starving.

Sitting in this small restaurant, one could see that Wan Gongzi was quite a bit uncomfortable.

She had never been in such a shabby street stall before, let alone sat in such a dirty place to eat, which made it quite difficult for her to accept.

Lin Mo was quite used to this environment, after all, he had always eaten in such roadside stalls before, he rather preferred the environment here.

Lin Mo finished his bowl of noodles, but the man opposite him had only taken a few small bites, so it was a bit difficult for her to swallow.

Looking at her, Lin Mo knew that this rich girl could not accept the environment here.

Lin Mo greeted the waiter and served a portion of white rice.

Looking at the white rice, Wan Gongzi finally had some appetite and ate some down.

And since the beginning, she hadn't eaten a single bite of food.

As the bowl of rice went down, Wan Gongzi was finally full.

She looked at Lin Mo, who was sitting opposite her, and her cheeks could not help but blush slightly as she whispered, "Thank you."

Lin Mo was stunned, "Thanks for what?"

Duke Wan did not say anything, she was actually thanking Lin Mo for being so attentive, knowing that she was too dirty to order a bowl of white rice specifically for her.

However, how could she say such words?

Lin Mo had an ambiguous face, confused as to what was going on with Wan Gongzi.

At this moment, a childish voice suddenly came from the side: "Uncle, buy a bouquet of flowers, it's cheap, please"

Lin Mo turned his head, only to see a little girl with a flower basket next to him, begging a man to buy flowers.

The man impatiently waved his hand and pushed the little girl to the ground: "Go away, if you bother me again, believe it or not, I'll beat you to death!"

The little girl was too frightened to say a word, and silently picked up the flowers that were scattered all over the ground, touched her knee, which was scuffed and skinned, and walked towards another man with tears in her eyes, continuing her pleading.

However, not many people bought the flowers along the way, and she received a lot of blank stares instead.

Finally, she came to Lin Mo's side.

Her eyes were all a little desperate, but she still mustered up the courage and whispered, "Uncle, buy a bouquet of flowers"

Lin Mo directly took out a pile of money from his body, "These flowers of yours, I'll buy them all!"

The little girl froze, she didn't expect that she would meet such a nice person.

Lin Mo shoved the money at her and took the basket of flowers directly.

The little girl took the money with tears in her eyes and suddenly bent down and bowed deeply to Lin Mo.

The little girl ran away gleefully, but the crowd around her was a whisper, and all of them were full of mockery: "This fool, even falling for this kind of trick, huh?"

"Hahahaha, spending so much money on flowers, sick, right?"

Duke Wan also frowned and said in a low voice, "Divine Doctor Lin, this little girl, she is probably controlled by some bad people out to sell flowers."

"This is a complete scam, how can you buy her flowers?"

Lin Mo shook his head and said softly, "Even if she is being controlled by someone to come out and cheat for money, however, she is still a poor child after all, isn't she?"

Duke Wan couldn't help but stare, unable to speak for a long time.

She had seen too many situations like these little girls, and she knew very well that such little girls, were controlled by some people to come out and sell flowers.

From the beginning to the end, she knew that these were all liars, so she had never bought a single flower at all.

But now, Lin Mo's words made her suddenly startled.

Yes, they were liars? But isn't it more pitiful that they have to come out and cheat at such a young age?

Duke Wan couldn't help but look at Lin Mo, and at this moment, she suddenly realised that this man in front of her had a noble quality that transcended everything!

Chapter 1673

Wan Gongzi suddenly felt that this point in time with Lin Mo had refreshed many of her previous perceptions.

She could not help but recall the words Lin Mo had said to her earlier.

In the eyes of a doctor, all beings were equal and were to be treated equally.

Or perhaps, in Lin Mo's eyes, all these beings were equal too!

This was the kind of quality in him that transcended ordinary people, this was a kindness of compassion for all beings, a trait that none of them, the sons of the world, possessed at all.

When Duke Wan looked at Lin Mo, for some reason, at this moment, she suddenly felt as if Lin Mo's whole person was shining.

This, perhaps, was the so-called personality charm!

Lin Mo asked, "Have you eaten enough?"

Wan Gongzi: "I"

She had just said one word when she noticed that Lin Mo's face had violently changed.

Lin Mo jerked to his feet and said in a deep voice, "Go to the car!"

And then, Lin Mo ran towards the door at a brisk pace.

Wan Gongzi could not help but be surprised, what was wrong with Lin Mo?

She turned her head and saw a woman in green standing at the corner of the street.

The woman was carrying a long sword and her face was covered with a green veil, and it was none other than Shu Zhong Zhu Ye Qing!

Duke Wan's face also changed instantly.

They had all hid here, how had Bamboo Leaf Green found them?

"What about you?"

Duke Wan hurriedly asked.

"Drive to the door and pick me up!"

"If I can't run away, leave me alone and you can bring the Wan family to rescue me!"

Lin Mo shouted lowly as he himself had already walked to the door, clenching his hands and staring at Zhu Yeqing on the opposite side.

Duke Wan knew that Lin Mo was planning to stall for her here.

At this point in time, Wan Gongzi did not have a mother-in-law, she quickly ran out and went to the other side to drive.

At this moment, Bamboo Leaf Green also moved.

She came slowly from the street corner, not speeding up because of Wan Gongzi's departure, in her eyes, it was as if Lin Mo and Wan Gongzi could no longer possibly escape.

Lin Mo, however, was on the verge of an enemy. He knew very well that even if he had taken the Qi and Blood Pill, he was still no match for Zhu Yeqing.

If they really faced each other, it would be difficult for him to escape.

However, at this time, he had no choice but to stand firm and guard here.

Luckily, Duke Wan was a little faster.

As Zhu Yeqing was almost here, she drove over, "Divine Doctor Lin, get in!"

Lin Mo didn't have time to think too much and quickly jumped into the car.

"I'll drive!"

Lin Mo shouted lowly.

Without any nonsense, Duke Wan immediately gave up the driver's seat.

Lin Mo gripped the steering wheel and directly pushed the accelerator to the floor, the vehicle roared towards Bamboo Leaf Green.

Duke Wan couldn't help but stare, "Doctor Lin, you're going to run her over?"

"It's useless, Bamboo Leaf Green's lightning skills are very good."

Lin Mo didn't say anything, he just drove off with a roar.

A hint of disdain flashed in Bamboo Leaf Green's eyes as she ran at the vehicle instead of avoiding it.

Just a dozen metres or so away from Bamboo Leaf Green, Lin Mo suddenly hit the direction and the vehicle turned around violently, steering directly into the side street.

When he suddenly saw Lin Mo drive into the next street, he became furious.

"You can't run away!"

Bamboo Leaf Green let out a furious shout and ran furiously with speed, ready to catch up.

Who knew that the sewer manhole cover she stepped on, which was unexpectedly a broken one, was suddenly empty beneath her feet as she took two steps.

She was not expecting such a situation and was unable to react at all, so half of her body fell directly into the sewer well.

At that very moment, Lin Mo also turned his car around and quickly rushed towards Bamboo Yeqing to kill her on the spot!

The Duke of Wan's eyes widened, she finally knew what Lin Mo was going to do.

He had no intention of running away, he was really going to run over Bamboo Yeqing!

Chapter 1674

In fact, Wan Gongzi did not know that Lin Mo had just rammed into Zhu Yeqing, in fact, he had deliberately provoked her.

When Lin Mo was coming down just now, he passed near this well cover and noticed the problem with it.

At that time, he didn't care about it, but after Bamboo Leaf Green appeared, he suddenly realised that he could use this manhole cover as a trap.

He deliberately spun around in front of Bamboo Leaf Green to provoke her into coming after him.

Zhu Yeqing did fall for it and ran straight over, only to step on that manhole cover and fall into this trap.

When Lin Mo seized the opportunity, how could he let her go? He drove over directly, intending to finish off this female devil!

Faced with the aggressive vehicle, Bamboo Leaf Green also frowned, his right hand already gripping the hilt of his sword.

It was at this close call that the accident suddenly happened.

Lin Mo jerked his direction and the vehicle bypassed Bamboo Yeqing and crashed directly into the wall next to him.

Bamboo Leaf Green had even pulled out his long knife by half a foot, and had originally planned to strike it out.

Unexpectedly, Lin Mo would do such a thing, leaving her dumbfounded for a moment.

According to reason, with such a once-in-a-lifetime opportunity, shouldn't Lin Mo have just rammed into it?

Even Bamboo Leaf Green was not sure if she could escape this just now.

But why had Lin Mo suddenly changed his mind?

Bamboo Leaf Green didn't have time to think too much as she quickly jumped out of the lower well.

Lin Mo lost such an opportunity and immediately drove off in a hurry.

She did not chase after him, but looked behind her.

Not far behind her stood a little girl.

The little girl was carrying a flower basket and stood dumbfounded in place, as if she was stunned by what had just happened.

Obviously, if Lin Mo had bumped into Zhu Yeqing just now, then he would have inevitably bumped into this little girl as well.

Therefore, Lin Mo turned around at the critical moment, not because he didn't want to hit Bamboo Yeqing, he just didn't want to hurt this little girl.

She recognized this little girl, the one who had just sold flowers to Lin Mo.

Now, she was carrying another flower basket and had come over to sell flowers again.

Obviously, she was the kind of flower-selling girl who was controlled by a con man.

However, when she looked at her, there was a rare gentleness in Zhu Yeqing's eyes.

She walked over and gently stroked the little girl's hair, whispering, "It's alright, don't be afraid!"

The little girl nodded obediently and whispered, "Sister, buy a bouquet of flowers."

Zhu Yeqing looked at the basket of flowers and said softly, "Wait for a moment, I will come to buy them soon."

After saying that, Bamboo Leaf Green stood up and quickly rushed into the nearby alley.

Lin Mo missed his chance and didn't linger any longer.

He drove all the way to the outside of the city and ran wildly.

This place had already been discovered by Bamboo Leaf Green, and he could not continue to linger here.

It took almost ten minutes for the vehicle to drive out of the city.

Seeing that no one was chasing behind him, Lin Mo finally breathed a sigh of relief.

"How did Bamboo Leaf Green find this place?"

Lin Mo said in wonder.

Wan Gongzi was also bewildered, "I don't know."

"We ran here and no one even knows about it, how did she find it?"

Just as the two were amazed, a bend appeared in front of them.

Lin Mo rounded the bend and suddenly realised that there was a person standing in the middle of the road in front of him, and it was none other than Bamboo Leaf Green.

Lin Mo's face changed violently, this Bamboo Leaf Green, how did he chase him here?

The mountain road was narrow, so it was impossible to turn around.

Lin Mo gritted his teeth, stepped on the accelerator and sped away.

Just then, Bamboo Leaf Green also gripped the hilt of her knife.

As the vehicle rushed in front of her, a clanging sound was heard as the long knife was sheathed!

Holding the blade with both hands, Bamboo Leaf Green met the vehicle and slashed down with a fierce slash!

Chapter 1675

Lin Mo and Duke Wan saw it for real.

The long bamboo leaf green blade slashed hard at the front of the vehicle, as if it was slashing at a piece of tofu, the front of the vehicle was directly split open.

The vehicle was still rushing forward when Bamboo Leaf Green's long blade, slicing through the entire vehicle, split this vehicle into two halves!

Lin Mo and Duke Wan fell straight to the ground.

At this moment, both of their minds were dumbfounded.

Lin Mo knew that with Bamboo Yeqing's strength, it would have been impossible to run her over with the car.

But he never dreamed that Zhu Yeqing could be so strong.

With a single slash, he had managed to split this car in half!

How powerful must this be?

This knife, how sharp did it have to be?

Only then did Lin Mo finally get a good look at this knife.

This long blade, less than three fingers wide, was like a sword.

The blade's body was like ice and snow, and under the moonlit night, reflecting the moonlight, it emitted a cold aura.

It was such a somewhat thin-looking long knife that had split a car into two halves?

At that very moment, Bamboo Leaf Green walked up to Lin Mo and placed the long knife in his hand directly on Lin Mo's neck.

The knife was so cold that Lin Mo only felt as if an ice cube was placed on his neck.

He finally understood why Bamboo Leaf Green had used Fire Mulberry wood as the blade box.

This blade was made of thousand-year-old cold iron.

The cold iron was incomparably hard, but it also carried its own coldness and chilling aura.

An ordinary person holding this kind of knife would easily be attacked by the cold Qi.

With the Fire Mulberry Wood, it would be able to withstand the coldness.

Seeing Lin Mo being pointed at with the knife, Duke Wan could not help but become anxious: "Bamboo Leaf Green, do you have any humanity left?"

"Divine Doctor Lin just spared your life, you you want to kill him now instead?"

"Are you being reasonable?"

Bamboo Ye Qing didn't even look at Duke Wan, she just looked at Lin Mo coldly.

Lin Mo was a little shaken by her stare and couldn't help but say, "Since I've fallen into your hands, I'm at your mercy if you want to kill me or not."

"You don't need to ask me either, since I promised to treat Master Wan, then I will definitely cure him!"

"Although I, Lin Mo, am not very capable, I am not the kind of person who is greedy for life and death."

Bamboo Leaf Qing stared at Lin Mo for a while before suddenly putting his long sword into its sheath.

At this moment, both Lin Mo and Duke Wan froze.

Bamboo Leaf Green was not the kind of person who was merciful and soft-hearted.

How was it possible that she had stopped them and yet not killed them?

Bamboo Leaf Green stood with her hands folded and said in a cold voice, "Lin Mo, I will spare your life this time, but only this time."

"Remember, the next time you fall into my hands, I will kill you just the same!"

With those words, Bamboo Leaf Green turned straight and walked away.

At the scene, Lin Mo and Duke Wan looked at each other, both of them frozen.

What was going on with Bamboo Yeqing? How could she have shown mercy?

However, the two of them didn't have time to think that much now.

The two of them quickly got up and left the place along the path.

Even if Bamboo Yeqing didn't kill them, Qian Yong'an and Compa's Zun, however, might not spare them.

Therefore, Lin Mo and Duke Wan, had to escape this place as soon as possible.

As for Bamboo Leaf Green, she stood at the corner, watching Lin Mo walk away, her eyes were in a bit of a trance for a while.

Only after a long time did she exhale gently and turn around to walk in the direction of the city.

She had promised that girl that she would go back to buy her flowers, so naturally she had to do what she said!

That night, the city was the scene of a gruesome bloodbath.

The group of traffickers hiding in the city, who would normally let those little children sell flowers and beg for money, were running rampant in the city and no one dared to mess with them.

As a result, this group of people, in one night, were slaughtered without a single survivor.

What's more, the most crucial thing is that the deaths of these people were extremely tragic, all of them were split in half, and none of them had a whole body.

Those children who had been abducted, were also saved.

Not only that, the murderer, left behind a large sum of money and a letter raft, asking people to send all those children home!

Chapter 1676

Lin Mo led Wan Gongzi into the deep mountains, and when she arrived near a village, Wan Gongzi immediately took out her mobile phone and tried to contact her family's people.

However, Lin Mo directly stopped her, and even threw her phone away.

Duke Wan couldn't help but stare, "What are you doing?"

Lin Mo: "Don't you think that there's something fishy about us being found by Bamboo Leaf Green this time?"

Duke Wan: "How is it fishy?"

Lin Mo: "The two of us hiding here, only you, me, and your Wan family know about it."

"As a result, Bamboo Leaf Green found this place."

Duke Wan's face changed: "You you suspect my Wan family's people?"

Lin Mo said softly, "You can't harm others, but you can't guard against them."

If it was any other day, Duke Wan would have argued with Lin Mo directly.

Instead, this time, Duke Wan fell into deep contemplation. In her heart, her trust in Lin Mo had surpa*sed her trust in the Wan family.

"Our location, I've only spoken to my father."

"My father, surely he won't harm me!"

Duke Wan whispered.

Lin Mo: "Did your father personally lead a team to save you?"

Duke Wan shook his head, "That's definitely not possible."

"My grandfather is in a critical situation, he can't leave the Wan Family."

"He must have sent the family experts over, and then, to Yunan City, to meet up with my second uncle"

Speaking here, Duke Wan's face snapped, "He wouldn't have told my second uncle about my location, would he?"

Lin Mo took a deep breath and said in a deep voice, "Wan Zifeng?"

Duke Wan slowly nodded her head, and her face turned iron blue.

She knew her father's character in what he did, even if he sent in the family experts, he would not tell these people the location.

He would only tell the location to people he trusted, so he must have told Wan Zifeng the location, that was his own brother after all, and then Wan Zifeng would bring people to save Duke Wan.

In other words, the only one who knew their location, apart from her father, was Wan Zifeng.

"This is not possible, this is not possible"

"That's my second uncle, he's watched me grow up, how could he he do something like that?"

Wan Gongzi shook her head repeatedly, she could hardly believe it.

Lin Mo, however, frowned, if Wan Zifeng knew their location, then this matter, it was basically clear.

It must have been Wan Zifeng who had leaked the location out.

Wan Zifeng was a person who was extremely conceited and arrogant.

This time at the launch event, he had lost all his face, so he must have blamed everything on Lin Mo, and he himself would have hated to kill Lin Mo.

Therefore, it was highly likely that he had leaked Lin Mo's location and wanted to kill him by the hand of Zhu Yeqing.

Only, this person was too ruthless.

By Lin Mo's side, there was still his own niece, and he actually didn't even care about his own niece's life or death?

Duke Wan's face was dejected, she was very reluctant to believe these things.

After a moment of contemplation, Lin Mo said, "It's still not certain if it was him who exposed the location."

"But this person, he can't be trusted anymore."

"We can't rely on the Wan family anymore, we have to find our own way back."

Duke Wan: "How do we get back?"

"From here to our home, by car, it will take at least a whole day."

"Whether we take a train or a plane, we'll definitely be spotted immediately."

Lin Mo waved his hand, "It's alright, we can disguise ourselves and then drive to the southeastern province."

After thinking about it, Duke Wan could only nod his head in agreement as this was the only way to go now.

Lin Mo took out his own tools and glued on some beard for Duke Wan, and his face was also reshaped to take on the appearance of a young man.

As for Lin Mo himself, he blackened his face a bit and glued on some beard, looking as if he was a rough and tumble man.

After that, the two of them found a van in the village and rushed along the road towards the southeastern province.

Chapter 1677

Yunan City.

Inside an isolated teahouse.

Wan Zifeng was sitting with Qian Yong'an and Compa's Zun.

Qian Yong'an was full of excitement, "The one surnamed Lin is definitely dead!"

"I received news that the car he was driving was all split in half with a single slash."

"It must have been chopped by Bamboo Leaf Green!"

"Apart from Bamboo Leaf Green, who else could have such a skill?"

Wan Zifeng had a worried look on his face, "Even though I said that, I still feel apprehensive without finding the body."

"Why don't you guys go and ask Bamboo Leaf Green to see if these two people are dead or alive?"

Qian Yong'an glared at him, "Are you crazy?"

"Who dares to ask Bamboo Leaf Green when he's doing something?"

"I'll give you this, and don't worry, you still don't know what kind of person Bamboo Leaf Green is?"

"If she strikes, she will definitely not leave anyone alive."

"Besides, that road is next to a river."

"I reckon, ah, after these two were hacked to death, their bodies were thrown into the river, and they're probably all feeding the fish now."

The companions nodded along with him, "Yeah."

"Didn't you see that Bamboo Leaf Green even ran into town and went to kill all those human traffickers."

"Her main mission in coming here was to kill Lin Mo."

"If Lin Mo hadn't died, how could she have gone to do something else?"

Hearing this, Wan Zifeng finally breathed a sigh of relief, "That's good, then."

Qian Yong'an moved closer to Wan Zifeng and whispered, "Second Master Wan, I'll help you with Lin Mo's matter."

"Then my matter"

Wan Zifeng said in a deep voice, "No problem."

"After I return, I will immediately help you bring down Xu Pharmaceutical."

"At that time, the Recycle Pill, will still fall into your hands, and you will still be the lord of this Su Province!"

Qian Yong'an could not help but be overjoyed, "Thank you so much, Second Master!"

A brilliant aura flashed in Wan Zifeng's eyes as he looked at Compa*s Zun, "What about the one for me?"

Zun Zhuang sneered and handed a small box to Wan Zifeng.

Wan Zifeng opened the box and found that inside was a pile of white insect eggs.

"Inside here, are the eggs of a compulsion worm that I have been raising for thirteen years, called the Shadowless Compulsion."

"This kind of compulsion, slow to take effect, takes two to three days for a person to be struck by it."

"However, even if the other party is strong, they will not be able to resist this compulsion."

"As long as I am given enough time, it is the six kings of the world, I can also make them fall under the compulsion."

"The way things are now, your elder brother is still defenseless against you, and you are able to get close to him easily, so this is the best opportunity."

"All you have to do is take it back and follow the method I've told you, and put the compulsion on your family head bit by bit."

"In less than three days, he will definitely be under your control!"

"By then, the entire Wan family will be all yours!"

The compulsion daddy said triumphantly.

Wan Zifeng was overjoyed, "Really?"

"Great!"

"With this compulsion, I will be able to completely control the Wan Family."

"Qian Yong'an, Compulsion Dignity, when I master the Wan Family, that little matter between you two won't be a matter at all!"

"Don't forget, my Wan Family, is an existence that can compete with the Six Kings of the World."

Qian Yong'an and Compa*s Zun were also overjoyed, Qian Yong'an said excitedly, "Second Master, as long as you join hands with us, there is nothing we can't do in this world."

Wan Zifeng laughed, "That's right!"

"Hmph, if the three of us join forces, even if it's that what's-his-name Master Xue Wu, I dare to arm-wrestle him."

"Once I've settled my family's affairs, I'll personally kill my way to Guangyang City."

"Hmph, Nanba Tian is considered lucky to have run off to the capital to die."

"Otherwise, I'll take care of him along with him."

"I'll let this world know that our Ten Great Families of China are no match for this kind of trash characters!"

Qian Yong'an and Compa*s Zun were both full of excitement, with the Wan Family as their backer, the two of them would be able to walk across the streets in the future.

Chapter 1678

A day later, Wan Zifeng rushed back to the Wan family, crying and bringing back the news that Duke Wan had been killed by Bamboo Leaf Green.

When everyone in the Wan Family heard the news, they were all in an uproar.

The Wan family head, Wan Yongfeng, even froze directly in place, and the teacup he was holding fell to the ground without realising it.

Wan Gongzi was his daughter, although normally, he did not smile at this daughter and even often complained that she was not a boy.

But, after all, this was his child.

Hearing the news of his daughter's death, how could Wan Yongfeng bear it?

He stood up furiously and roared, "Zhu Yeqing, how dare you, do you really think that my Wan family is no longer viable?"

"Someone, go and invite the three great guest ministers of the family for me, I want them to capture Bamboo Yeqing back!"

No one in the Wan Family objected now, the fact that a member of the Wan Family had been killed by Bamboo Yeqing was a great shame to the Wan Family, and everyone in the Wan Family wanted to kill Bamboo Yeqing to take revenge!

It didn't take long for the three great guest ministers of the Wan Family to set out to search for Bamboo Yeqing.

Wan Zifeng sat beside Wan Yongfeng, who was not worried.

This time, although he was the one who leaked out the whereabouts of Duke Wan, he had only told Qian Yong'an and Compa's Zun.

Qian Yong'an and Compa's Zun had told Bamboo Yeqing about this news, and moreover, these two had not told Bamboo Yeqing about the source of this news.

From the very beginning, Wan Zifeng had discussed with Qian Yong'an and Zun Zun, intending to use Bamboo Yeqing as a scapegoat.

Therefore, even if the Wan family's people caught Bamboo Yeqing back, they would not be able to investigate Wan Zifeng's head.

As long as the Wan family's people couldn't catch Qian Yong'an and Compa's Zun, then it would be fine.

As for Qian Yong'an and Zun Zun, by the time Wan Zifeng returned, these two had also long since left the Southern Realm.

Next, before Wan Zifeng had completely taken control of the Wan Family, they would not return to the Southern Realm.

Looking at the angry look of the Wan Family, Wan Zifeng laughed in his heart, but his face always put on a grief-stricken look.

He stood beside Wan Yongfeng and gave himself two slaps as hard as he could, sobbing, "Big brother, it's my uselessness, I failed to protect her."

"You punish me, you punish me"

Wan Yongfeng gave him a look, sighed despondently and waved his hand, "Older brother, you shouldn't blame yourself too much!"

"Bamboo Leaf Green is extremely strong, and it's normal that you couldn't stop her."

"This matter, in fact, is my negligence."

"I didn't expect Zhang Bailing to send Zhang Jiu Duan and Bamboo Leaf Green into the Southern Realm, if I had known that, I should have sent more experts to protect you guys."

"Ai!"

Wan Yongfeng said, his eyes reddening once again, his heart was really hard to feel.

Wan Zifeng said a few words to himself beside him, and when he saw that Wan Yongfeng did not feel much resentment towards himself, he breathed a long sigh of relief.

Then Wan Zifeng ran to the side and pretended to pour water for Wan Yongfeng, and in fact, quietly put some of the Shadowless Compulsion eggs hidden in his sleeve in the water.

Wan Yongfeng did not doubt it and picked up the cup of tea and drank a few sips straight away.

Wan Zifeng watched all this from the side, his heart wild with joy.

"Three days!"

"In just three days, this Wan family will completely belong to me!"

Wan Zifeng hissed secretly in his heart.

At this time, on a remote highway, Lin Mo and Duke Wan had changed cars and were driving on the road.

Because they couldn't get on the highway, it took the two of them most of the day to drive out of the range of Su Province.

And at this speed, if the two wanted to reach Southeast Province, they would have to spend at least two days.

As Wan Gongzi sat in the passenger seat, she quietly glanced at Lin Mo every now and then, and her heart was puffing.

She used to be a very efficient person, and if she wanted to go back to Southeast Province, she wanted to go back immediately.

However, for some reason, when she was with Lin Mo, she wished that the speed could be slower, just wishing that time could be fixed in this moment.

Chapter 1679

For two days, the two men ate and stayed in the car.

During these two days, the two of them had also become quite familiar with each other.

During the casual conversation along the way, Lin Mo also learned a lot about Wan Gongzi.

Wan Gongzi, formerly known as Wan Shengnan, was the name her mother had given her.

In the Wan family, a large family that favoured sons over daughters, to give birth to a daughter was to be unpopular.

Her mother was so angry that she gave her this name, wanting her to outshine the boys in the family, to show the family that girls were not inferior to boys.

Her mother had died young, and as a child, she had seen her mother suffer many humiliations in the family because she was a daughter.

The women who had given birth to boys would always mock her on purpose, saying that she had broken the fragrance of the Wan family gates.

Duke Wan had seen too many of these things, so it made her resent her daughterly body from a young age, hating that she too was a boy and could make her mother proud of her.

This was also the main reason why she had developed such a strange personality; she was particularly sensitive and so, would disguise herself with arrogance so that no one could get close to her.

Lin Mo did not expect that Duke Wan would have such a childhood.

He had previously only found this Duke Wan difficult to get along with, but now that he understood her past, he also felt a tinge of sympathy for her.

As the daughter of the family head, the pressure she had to endure was far from what ordinary people could imagine!

On the way, Lin Mo also received the information that Li Tiezui had pa*sed on to him.

This information was about Zhang Jiu Duan and Bamboo Leaf Green.

Last time, Bamboo Leaf Green had let him go once, which made him very strange.

Bamboo Leaf Green's character was not the kind of person who would give others a wide berth just because they let her go once.

With her killing nature, she would definitely kill the other party as soon as she seized the opportunity!

Yet, she had spared Lin Mo once, what was this all about?

And seeing the information that Li Tiezui had pa*sed on, Lin Mo finally had a rough idea of what was going on with Bamboo Leaf Green.

Zhang Jiu Duan and Zhu Ye Qing were, in fact, a pair of poor people.

Their situation was somewhat similar to Zhang Ye's poison spider, but there were also many differences.

Zhang Ye and Poison Spider, that was because they had been born into a poor family since they were young.

Zhang Jiu Duan and Zhu Ye Qing, on the other hand, came from wealthy families as children, and their father, a famous robed brother in Shu.

However, when they were small, their father was killed by an enemy and their mother ran away with a rich man, leaving the two of them to struggle for a living.

In those circumstances, Zhang Jiuduan took on the responsibility of raising his sister from a young age.

At the age of 12, he started fighting and robbing street thugs.

He often fought with his head bleeding, just to grab a mouthful of rice for Zhang Xiaohua to eat.

However, later, tragedy struck.

Once, when Zhang Jiuduan went out, Zhang Xiaohua was snatched by some human traffickers.

Zhang Jiu Duan, who was only fifteen years old at the time, resolutely chased after her.

It took him three years to walk half of China on his feet, and his feet were worn to the skin, before he finally rescued Zhang Xiaohua from those traffickers.

Then, at the age of eighteen, Zhang Jiuduan carried ten-year-old Zhang Xiaohua on his back and walked all the way back to Shuzhong.

Along the way, Zhang Jiu Duan learned a lot of skills.

When he returned to Shuzhong, he met Zhang Bailing, King of the Hundred Victory Swords, and was appreciated.

Zhang Xiaofa, on the other hand, had suffered countless hardships and grievances during her years of abduction, and had developed a ruthless and spiteful character.

The most she had done in all those years of being trafficked was to be threatened by those traffickers to go out and sell flowers to earn money.

Seeing this, Lin Mo finally understood why Zhu Yeqing had spared herself.

It wasn't that she was grateful to Lin Mo for letting her off the hook; what really touched her was the little girl behind her who was selling flowers.

Or maybe she saw a reflection of herself in that little girl back then!

Chapter 1680

"All are pitiful people!"

After reading Zhang Jiuduan's and Zhu Yeqing's profiles, Lin Mo couldn't help but let out a sigh of relief.

Duke Wan sat next to her, her hands on her cheeks as she quietly watched Lin Mo.

If it was in the past, she would definitely have retorted a few words.

However, now, she only admired the compa*sionate character in Lin Mo.

It took two days, and the two finally arrived at the provincial capital of Southeast Province, Southeast City.

When they arrived here, Duke Wan's mood was much better, after all, he was back in his own home.

"Brother Lin, my home is not far ahead."

Duke Wan excitedly directed the direction, and in the past two days, she had changed her address to Lin Mo from Divine Doctor Lin to Big Brother Lin.

She had now returned to her original appearance, her normally arrogant and icy face was now full of smiles.

Her features were originally so exquisite that if she were a man, she would be the only beautiful man in this world.

If she were a woman, her beauty would be absolutely stunning, not even inferior to that of a poisonous spider.

Moreover, the most crucial thing was that she did not have the charm of a poisonous spider, but had a kind of imperious beauty.

Lin Mo drove around the corner and a huge manor appeared in front of him.

This manor covered an area of about a thousand acres, and it was all filled with luxurious single-family houses.

This was where everyone in the Wan family lived, as if it was a villa district.

Lin Mo couldn't help but be shocked, this top ten families in China were truly extraordinary, far from being comparable to the top ten families in the provinces.

This manor alone was absolutely magnificent!

Lin Mo was about to drive over when he heard the sound of firecrackers coming from the manor.

He couldn't help but stare and said in wonder, "Why is someone setting off firecrackers?"

For her part, Duke Wan's eyes were wide with beauty as she looked at the distant manor and suddenly exclaimed, "Why is there a white cloth elegy?"

"Is it who has pa*sed away?"

Speaking of this, her heart suddenly jumped and she said urgently, "It can't not be my grandfather"

Her voice was trembling, and her face turned miserably white in an instant.

Lin Mo frowned and said in a deep voice, "I don't think so."

"I temporarily suppressed his injuries last time, and with his condition, as long as nothing unexpected happens, he will definitely be fine for three months!"

Wan Gongzi said anxiously, "Then what is this situation?"

"Hurry up, let's hurry over, I want to see what the situation is!"

However, at this moment, Lin Mo slammed on the brakes and parked the car to the side.

Wan Gongzi was anxious: "Brother Lin, what are you doing?"

"Let's hurry up and get down there!"

"Someone in our family is away, I have to know who it is"

Lin Mo frowned and pondered for a moment, "I think, at this time, we can't just go down!"

Wan Gongzi froze: "Why?"

Lin Mo gave her a look and said in a deep voice, "Guess, your family's funeral service, will it be for you?"

Wan Gongzi: "Huh?"

Lin Mo: "We were in Su Province, and we were stopped by Bamboo Leaf Green, and our car was split in half by her."

"To the average person, we both must have been in a bad way."

"Guess, would your people in the Wan family think that we are both dead?"

Duke Wan looked bewildered, "How is this possible?"

"Bamboo Leaf Green knows that we're not dead"

Lin Mo: "But, with Zhu Yeqing's character, would she tell anyone about us not being dead?"

Duke Wan was at a loss for words, this person, Bamboo Yeqing, had always been cold to the extreme.

Very often, she didn't even bother to say anything, let alone explain anything to others.

Duke Wan took a deep breath and said in a deep voice: "What you mean is"

Lin Mo: "I still suspect Wan Zifeng as a person."

"I suggest that we don't show ourselves in a hurry for now, let's figure out what's going on at your house first!"
