

Genius 1671

Chapter 1671: The four great zombie progenitors!

In the sky above Yinxu.

Everyone looked at the confrontation in the deep void with a grave expression. The atmosphere between heaven and earth was terrifyingly cold.

It was as if there was an invisible killing intent that was getting more and more intense.

“Although I don’t have many celestial jades, it’s enough to fight you.”

“Demon master,” zero said calmly. “The heavens will not tolerate your invasion of this world. I advise you, it’s not too late to turn back.”

“Dog shit, the heavens won’t tolerate this.”

The demon master took a deep breath and stared at him. “I’ll say it for the last time. Are you sure you want to be enemies with the entire demon race for this kid?!!”

“I’m sure.” Zero said seriously.

“Good, very good, very good!”

The demon master laughed, his laughter shaking the sky. “Realm Guardian, do you think that even if you really have enough celestial jades, you can stop all of this from happening?”

“Otherwise?”

Di Jiang, one of the four ancestors of sorcery, sneered, “Demon Lord, there’s not much difference in strength between us today. If you want to start a war, we’ll accompany you. At worst, we’ll just burn both Jade and stone.”

“Destroy Jade and stone together?”

The demon master smiled disdainfully, “you think you’re worthy?” Today, I, the demon master, will let you all know what the disparity in strength is!”

As soon as he finished speaking, he waved his palm in the air. “Both of you, come out!”

“BOOM!”

In an instant, a huge crack appeared in the void, and two powerful figures descended.

The two mountain-like auras made everyone breathless.

“Why are they here?”

Lei Yunzi and the others were shocked the moment they saw the two of them. They could not believe what they had just seen.

Ye Chen’s expression darkened.

This was because they were none other than qianqiu wuhen and the path Lord of carnal desires.

He didn't expect that this person he hadn't seen for a long time had actually submitted to the demon race.

"It's them!"

At the same time, the four ancestors of sorcery, including Emperor Jiang, were also shocked. Apparently, they had recognized the two people.

"How is it? Are you surprised?"

After seeing everyone's reaction, the demon master's laughter became even more sinister. "Not even in your dreams would you have thought that these two would join my demon race."

Old ancestor yellow spring took a step forward and looked at the two. "You two, I don't understand. Why are you doing this?"

He was quite familiar with the two of them. After all, they were both tribulation passing stage mighty figures in the spiritual realm.

"Fellow Daoist netherworld."

The path Lord of carnal desires spoke slowly and emotionlessly, "We've only made the best choice,"

"Alright, I understand," Old ancestor yellow spring laughed out of extreme anger.

Ye chen quietly looked at the silent qianqiu wuhen. "Why?"

He might have had a good impression of qianqiu wuhen because he had helped him many times before, but it was all gone now.

"It's simple. "

The demon Lord answered for qianqiu wuhen, "Because I promised that I would help them recover their cultivation after this and give the immortal soul to them."

"I'm sorry. " Qianqiu wuhen said calmly.

Ye chen smiled but did not say anything.

There were no eternal friends in this world, only eternal interests. Because of interests, friends who appreciated each other one second could become enemies the next.

The cruel cultivation world was often like this.

He just wanted an answer.

Almost at the same time, the four ancestors of sorcery's faces turned extremely ugly. The devil race had six demon emperors who were on par with them.

Now that qianqiu wuhen and the path Lord of carnal desires had joined the fray, the demons' strength had skyrocketed. If a war broke out between the two sides, the consequences would be unimaginable.

However, Zero's expression remained calm. "Demon master, do you think I didn't predict these two?"

"In fact, from the moment these two people arrived in this world, I already knew their nature and purpose."

"So when I saw that the two of them had not appeared, I guessed that they might have reached some kind of agreement with your demon race."

Zero seemed to have seen through everything.

"So what if I did?"

"Don't tell me you have a way to save it?" the demon master sneered.

"Is that so?"

"I also have a surprise for you," zero suddenly said, smiling.

The voice fell.

"Chao Gou, when are you going to show yourself?" he muttered.

"BOOM!!!"

In an instant, the world rumbled and corpse Qi covered the sky. The wind and clouds disappeared at a speed visible to the naked eye.

The end of the horizon was blood red, as if it had turned into a mountain of corpses and a sea of blood.

In the middle of the mountain of corpses and the sea of blood, a heavy stone coffin came across the sky. The stone coffin was extremely huge, and there was a monstrous corpse Qi spreading from it.

"It's the one in the heavenly tomb!"

At that moment, qianqiu wuhen and the path Lord of carnal desires couldn't help but look at each other. They immediately recognized the stone coffin.

They were not very clear about the origin of that person in the heavenly tomb. They only vaguely knew that there was such a mysterious existence.

However, Zero's words shocked Lei Yunzi and the other Chinese powerhouses, as if a heavy bomb had been dropped in everyone's ears.

Even ye chen was no exception.

Hook!

One of the four great zombie ancestors!

General, Hanba, and houqing were the other three ancestors of the zombies.

In the ancient times, an ancient ferocious beast, Yi, descended to the mortal world and wreaked havoc. When the human King, Fuxi, and the mother of the human race, Nuwa, found out about it, they joined

forces to kill Yi. They even used their divine powers to split Yi's soul into three parts and suppressed its body under the divine Tree.

It was said that Cheng Gou was once a general of Emperor Xuanyuan. In the war between Emperor Xuanyuan and Chi You, Cheng Gou disobeyed the military Order of Emperor Xuanyuan and led to the defeat of the Army.

When Emperor Xuanyuan demoted him to guard the netherworld sea, Chan Gou felt indignant. At the right time, three parts of his soul, which were killed by goddess nvywa and Fuxi, wandered in the world, two of which fell into the bodies of the general, the second-in-command, and the daughter of Emperor Xuanyuan, goddess nvywa.

Chapter 1672: Fight me in the sky!

Hook!

One of the four great zombie ancestors!

General, Hanba, and houqing were the other three ancestors of the zombies.

In the ancient times, an ancient ferocious beast, Yi, descended to the mortal world and wreaked havoc. When the human King, Fuxi, and the mother of the human race, Nuwa, found out about it, they joined forces to kill Yi. They even used their divine powers to split Yi's soul into three parts and suppressed its body under the divine Tree.

It was said that Cheng Gou was once a general of Emperor Xuanyuan. In the war between Emperor Xuanyuan and Chi You, Cheng Gou disobeyed the military Order of Emperor Xuanyuan and led to the defeat of the Army.

When Emperor Xuanyuan demoted him to guard the netherworld sea, Chan Gou felt indignant. At the right time, three parts of his soul, which were killed by goddess nvywa and Fuxi, wandered in the world, two of which fell into the bodies of the general, the second-in-command, and the daughter of Emperor Xuanyuan, goddess nvywa.

The two of them had become zombies after fusing with Yi's soul.

The last part of the divine damnation's soul drifted to the netherworld sea. At that time, it was demoted to guard the netherworld sea. The indignant divine damnation also became a zombie after the fusion.

After becoming the first ancestor of zombies, Cheng Gou's strength skyrocketed and he was completely dissatisfied with Emperor Xuanyuan. Therefore, he escaped from the netherworld sea and entered the human world to wreak havoc.

After Emperor Xuanyuan learned about it, he fought with Ming Gou with the Xuanyuan sword and returned to his body. Meanwhile, Ming Gou's soul escaped with endless corpse Qi and disappeared.

This was the origin of the ancestral zombie, Ying Gou.

Ye chen had thought that this was just a myth.

He didn't expect it to be true.

"Thump!"

Under everyone's gaze, the huge stone coffin stopped in the void, causing the void to tremble violently, as if it could not bear the weight.

The next moment!

The lid of the coffin was sent flying.

A pale hand reached out from the coffin. The hand was so pale that there was no blood in it. Then, a Man in Black stood up straight from the coffin.

The Man in Black was extremely young and his face was as pale as a sheet of paper. The moment he opened his eyes, Chi, who was behind ye chen, suddenly trembled as if it felt a great pressure.

The demon master's face darkened almost at the same time.

Dao integration stage!

This Zhuo Gou's strength had actually reached the Dao integration stage, which was also the so-called body integration stage in the cultivators' words. He was comparable to the demon Emperor and the four ancestors of sorcery.

Ming Gou's demonic eyes looked around the world and finally fixed on zero, "You're finally willing to let me out,"

"Your mission has arrived. I should let you out." Zero said.

"Very good!"

Yi Gou nodded slightly and sized up the demon masters and the other existences, "It's been a long time since I've tasted blood. I wonder if your blood is delicious."

"You're boasting shamelessly."

"You're just a mere corpse cultivator, yet you dare to be so arrogant," a demon Emperor stepped forward and sneered.

"BOOM!"

Suddenly, a terrifying demonic Qi pressure poured out of the demon master's body. The next moment, the demon master's figure suddenly swept toward zero.

"Do it!"

Ten thousand rays of light burst out from Zero's body, as if there was an endless fire burning inside him. At the same time, his aura rose at a terrifying speed.

Spirit division stage, early body integration stage, middle body integration stage, late body integration stage, great circle of body integration stage ... And finally, it soared to the middle dujie stage.

"Demon Lord, let's fight in the sky!"

With a grab of his hand, zero forcibly changed the spatial power of this world, forcibly moving himself and the demon master to a high altitude.

If the two of them were to fight here, no one else would be able to survive, even if it was just a trace of their aura.

This was the power of the crossing calamity stage!

“Kill!!!”

Almost at the same time, the four ancestors of sorcery attacked at the same time. Their killing intent surged toward the six demon emperors in the distance.

“I haven’t fought for a long time.”

Chi Gou let out an earth-shaking roar, as if an ancient beast had awakened. He took a step forward and appeared in front of a demon Emperor in an instant, “I’ll try it on you!”

“You’re looking for death!”

The demon Emperor flew into a rage and charged forward.

“Boom boom boom!”

A sorrowful cry was heard from the depths of the void.

The world was divided into countless small battlefields, causing the world to become completely violent and chaotic.

At the same time, Lei Yunzi and the others also found their own opponents and attacked without fear of death.

The four ancestors of sorcery and the five demon sovereigns immediately entangled the six demon sovereigns, leaving qianqiu wuhen and the path Lord of carnal desires as the only top-tier combatants.

Old ancestor yellow spring looked at the two and said, Fellow Daoist ye, I’m afraid that these two guys have recovered some of their strength. They won’t be easy to deal with ...”

“Old ye ...”

“Even if it’s not easy to deal with, we still have to deal with it!”

“Ye chen, I’ll join forces with you to fight this battle.” The referee took a step forward and looked straight at ye chen.

Ye chen nodded slightly and was about to make a move when a warm and slender hand suddenly pulled him from behind.

He turned around and saw su Yuhan looking at him with red eyes. “Little Chen, you’re not their match.”

“Let me do it!”

With a determined look on her face, she took the first step and charged at qianqiu wuhen and the other woman.

At the same time.

The aura on her body also rose.

Chapter 1673: Su Yuhan's determination!

A Hades!

Emperor of the dead's initial stage, middle stage, late stage, and peak!

In just a few breaths, su Yuhan's aura skyrocketed at a speed visible to the naked eye. Finally, she reached the peak of the Emperor of the dead, only half a step away from the Emperor of the dead.

At the same time, her white dress suddenly changed into an ultimate black Palace robe. Her long black hair danced in the wind, as if she wanted to peak the world.

"BOOM!"

An aura no weaker than that of a Dao integration stage super mighty figure erupted from her body, and the vast pressure made the void tremble and everyone's expression change.

"Yuhan!"

Ye Chen's lips moved slightly, as if he had guessed what su Yuhan was going to do.

"Pa ..."

He immediately took a step forward to catch up with her. Then, under the dumbfounded expressions of everyone, he took her into his arms and slapped her buttocks hard.

"I won't allow you to do this!"

Ye Chen's expression turned ugly.

Su Yuhan had changed a lot.

He was only at the soul separation stage before, but he had recovered to the form synthesis stage in just a few days. This didn't surprise him at all, but he was more worried.

Su Yuhan's situation was different from his. She was reincarnated, and she was recovering her cultivation from her previous life at every moment. The faster she recovered, the faster she would become the master of Asura.

Su Yuhan's face turned red when she felt a numbing sensation on her hips. She then looked up at ye Chen's furious face and felt her heart ache.

This man always liked to take everything on!

Sometimes, he was very reckless!

He could be very domineering at times!

Sometimes, he was extremely chauvinistic.

But she loved him deeply.

“Leave them to me, okay?”

She gently caressed ye Chen’s face and said in a pleading tone, “Xiao Chen, you can’t be so selfish as to ask me to watch you get hurt, can you?”

She knew very well that qianqiu wuhen and the path Lord of carnal desires had both recovered to the form synthesis stage. No matter how monstrous ye chen was, he would not be able to resist the power of the two.

Moreover, ye chen had already exhausted his primordial Qi in the previous battle with Huangfu Yu.

“I’m selfish?” ye chen was stunned.

“I’m selfish!”

Su Yuhan couldn’t hold back her tears. “Everything you’ve done might be for us,” she said. “But have you ever considered our feelings? Have you ever thought that we would be worried about you?”

“This time, even if you hit me or scold me, I will not be protected by you.”

She reached out and wrapped her arms around ye Chen’s waist, her beautiful eyes staring at him as she begged, “Little Chen, let me choose this once.”

“But your strength ...” Ye chen frowned.

“I know what I’m doing,”

Su Yuhan smiled and then rolled her eyes at him. “I won’t borrow too much power that doesn’t belong to me.”

Ye chen looked at her quietly and saw an unwavering determination in her eyes. He could only nod slightly. “Be careful. If you really can’t win, you still have me. I’m not that weak.”

He couldn’t help grinning when he said that. His smile was cold and sinister.

“Alright!”

Su Yuhan nodded obediently and turned to walk toward qianqiu wuhen and the path Lord of carnal desires.

Qianqiu wuhen’s and the path Lord’s gazes changed when they sensed her aura. The former actually made them feel a hint of pressure.

“Nether Lord!”

In the end, the path Lord of carnal desires spoke up. “What you’re doing is equivalent to borrowing the power of your past life. The more you do this, the more easily you’ll be influenced by the memories of the nether Lord.”

His eyes were sharp as he pointed out su Yuhan’s current situation.

“Some things must be done, and some people must be protected.”

Su Yuhan's eyes were cold, as if she had changed into a different person. She turned around and gave ye chen a poignant smile.

"What a strong-willed woman."

Qianqiu wuhen looked at su Yuhan and said slowly, "Take ye chen and leave. I won't do anything."

"No!"

"No!" Su Yuhan refused coldly. "If I leave with little Chen, he'll be the target of everyone's criticism. Although I, su Yuhan, didn't study much, I know the meaning of righteousness."

"Since that's the case, let's fight!"

"I won't hold back," qianqiu wuhen shook her head.

"Don't be too sure," su Yuhan said with cold eyes. "We don't know who will win."

"Then let's try!"

The path Lord of carnal desires smiled faintly. A divine light immediately surged in his eyes. He took a step forward and an early body integration stage cultivation erupted from him. A pressure that blotted out the sky and earth swept in all directions.

"BOOM!"

The sound of mountains and rivers collapsing rang out between heaven and earth. The path Lord of carnal desires' hand seal changed, and several streams of saber Qi that were hundreds of thousands of feet long whizzed out, heading toward su Yuhan at lightning speed.

The saber radiance cut through the void, and the saber Qi that was emitted seemed to have split the world in two.

In the face of such a fierce attack, su Yuhan only raised her beautiful eyes slightly. When the saber Qi was about to approach her, her clothes fluttered slightly.

"Swish!"

The void in front of her trembled violently, and a huge black umbrella appeared in front of her.

"BOOM!"

After the hundreds of thousands of saber Qi fell on the black umbrella, they did not explode with the power they should have. Instead, they seemed to have been scattered.

"What kind of treasure is this?"

At that moment, the path Lord of carnal desires could not help but change his expression.

His attack was enough to kill any master in the soul splitting stage, but it did not cause any damage to the black umbrella.

"Hu!"

The next moment!

Su Yuhan's hand shook, and three blades of saber Qi that were 10000 feet long shot out from the black umbrella, slashing at the path Lord of carnal desires.

"Break!"

The path Lord of carnal desires roared and punched out. His fist, which was filled with terrifying true essence, collided with the three blade Qi.

The path Lord of carnal desires grunted as he was forced back several dozen meters. Only then did he manage to nullify the powerful force.

"Amazing!"

Almost at the same time, countless cheers erupted between heaven and earth. Clearly, many people had noticed the battle between su Yuhan and the path Lord of carnal desires.

Ye chen had already shocked them to the core.

He did not expect ye Chen's wife, who was previously such a low-profile woman, to be on par with ye chen. In fact, she might even be better.

Su Yuhan's eyes were cold. With light steps, she ran toward the two of them slowly, wrapped in thick nether energy. The coldness in her eyes could freeze the whole world.

"Let's attack together!"

The path Lord of carnal desires couldn't help but look at qianqiu wuhen.

When he said that, he realized that he might not be su Yuhan's match alone.

However, at this moment.

He couldn't care about this anymore.

"You, back down!"

However, qianqiu wuhen said.

The path Lord of carnal desire was stunned at first, but a hint of anger flashed through his eyes."Qianqiu wuhen, you're too arrogant!"

Chapter 1674: The terrifying qianqiu wuhen!

No wonder he was so angry.

Instead, qianqiu wuhen's words were equivalent to denying him!

The path Lord of carnal desires was a tribulation stage mighty figure from the carnal desires realm of the spiritual realm, after all. In terms of status and influence, he was no weaker than qianqiu wuhen.

Someone that even he could not deal with.

Qianqiu wuhen actually told him to back off so that he could fight on his own.

“Alright!”

The path Lord of carnal desires laughed in extreme anger. “I’d like to see how strong you can be!”

After saying that, he immediately retreated to the side.

All of a sudden, everyone’s eyes fell on su Yuhan and qianqiu wuhen.

Yang Tian, who was standing beside ye chen, could not help but ask, “Old ye, do you think Yuhan is his match?”

“It’s hard to say!”

“No!” Old ancestor yellow spring shook his head. “Don’t be fooled by qianqiu wuhen’s fragile appearance. Scholars are often the most ruthless. Besides, he’s the wood tribe’s old ancestor.”

Under everyone’s gaze, qianqiu wuhen looked at su Yuhan quietly, “You’ve overdrawn too much power.”

“You don’t have to worry about that.”

Su Yuhan glanced at him coldly, and a monstrous killing intent appeared in her hand. “I suggest that it’s more appropriate for you to join forces.”

That was what he said.

However, a grave look flashed across her eyes.

His intuition told him that qianqiu wuhen was even stronger than the path Lord of carnal desires.

And he was not just a little bit stronger.

“You don’t need to provoke me!”

“Like I said, you’re more than enough,” qianqiu wuhen smiled.

“You’re too noisy!”

Su Yuhan’s beautiful eyes darkened, and with a twist of her hand, an extremely cold air gathered in her hand. The space around her was instantly frozen, and cracking sounds were heard.

More of the cold air was directed at qianqiu wuhen.

It was as if it wanted to freeze him into an ice sculpture.

“Why bother?”

Qianqiu wuhen shook his head.

The next moment, he took a step forward, and a terrifying pressure instantly soared into the sky, enveloping the entire land.

This aura caused the world to tremble.

“BOOM!”

The cold air condensed in su Yuhan’s hand shattered instantly. Her face turned extremely pale at that moment, without a trace of blood.

“Pfft!”

She coughed lightly and spat out a mouthful of red. Her delicate body trembled violently and she staggered.

He was defeated!

She had actually lost!

From the beginning to the end, qianqiu wuhen had not attacked her. He had only used his aura to heavily injure her.

At the same time, the world was deathly silent.

Everyone’s eyes widened in disbelief.

He was too strong!

These three words appeared in everyone’s mind.

The originally unconvinced path Lord of carnal desires had a dazed look in his eyes. “This guy ... He has been hiding his skills all this time!”

Late-stage body integration!

At this moment, qianqiu wuhen’s aura was at the late-stage body integration realm!

Qianqiu wuhen was still looking at su Yuhan quietly. “I’ve said it before, you’re not my match.”

“Pfft!”

Su Yuhan spat out another mouthful of blood and looked at him with determination. “Even if I’m not your match, I won’t allow you to hurt my man.”

The voice fell.

Once again, she charged toward qianqiu wuhen.

With a flick of qianqiu wuhen’s finger, a star-like stream of light that seemed to contain a destructive aura shot toward her.

“Not good!”

Seeing this, ye chen finally could not hold it in any longer. He took a step forward and charged toward the star-like stream of light with all his might.

At that moment, a hysterical roar came from the depths of the sky, “World Guardian, you can’t suppress me for long. Once I come out, I will destroy this world!”

The next moment!

In the sky, a huge hand descended from the sky and grabbed the star-like flowing light, forcibly destroying it.

Zero's figure reappeared.

He sized everyone up and waved his sleeve. Immediately, a strange force made everyone not dare to resist, and then he completely disappeared from this space.

The path Lord of carnal desires's eyes narrowed when he heard the roar."The demon Lord was defeated?"

Even a dujie-stage demon master was defeated.

This realm's realm Guardian was a little too terrifying.

The path Lord of carnal desires looked up into the sky. He could vaguely see a cage in the depths of the sky, suppressing the demon Lord within."The world guardians can't keep him here. In less than a month, this world will cease to exist."

.....

At the same time, in a hidden void in the Ruins of Yin.

With a flash of light, dozens of figures descended. Before anyone could react, Zero's figure reappeared.

"I've temporarily suppressed the demon Lord!"

The realm Guardian spoke slowly, and his complexion changed at a speed visible to the naked eye. Before the crowd could recover from their surprise, he said,""However, I can't suppress him for long. In less than a month, he will break out of the seal. By then, I will no longer be his match."

"Boss?"

The Golden Toad and the Holy ape's expressions changed.

Everyone felt as if their heads had exploded, as if a bolt of lightning had struck them.

"Because we don't have enough celestial jades!"

"The remaining immortal jades can't support me to fight him again."

Zero laughed bitterly. There was a hint of helplessness in his smile."This is the place where the great emperor went into seclusion. It's safe for now. You can go cultivate. You only have a month left. The hopes of this world rest on you,"

"Ye chen, stay!"

"Yes!"

Lei Yunzi and the others did not dare to refuse, so they left in a hurry. Each of them found a place with abundant spiritual Qi in this huge space and improved their cultivation base at all costs.

"Boss," The toad and the Holy ape were reluctant to leave.

Zero's eyes flashed."Second brother, third brother, you two go as well."

The toad and the Holy ape could only leave.

In the end, only ye chen and su Yuhan were left at the scene.

Looking at su Yuhan's pale face, zero shook his head slightly."You're borrowing too much power. If this goes on, you'll be in big trouble!"

After saying that, he pointed at his eyes and dug out his eyeballs by force. Suddenly, two extremely bright eyes that looked like gems appeared in the void.

He was an immortal Gu, he was not made of flesh and blood, thus even if he dug out his own eyes, there would be no bleeding or pain.

Before su Yuhan could react, number zero changed his hand seal, and the two eyes immediately fell into her body."These are two Buddha bone relics. They can temporarily suppress the existence in your body."

"But you ..." Su Yuhan couldn't bear to see him like this.

She did not expect the former to be willing to make such a sacrifice for her.

"Can you absorb the celestial Jade?" zero asked ye chen.

Ye chen took a deep breath and said in a hoarse voice,"Yes, I can!"

"Very good!"

"I'll give you the remaining 20 pieces of immortal Jade. If you absorb them, what cultivation level will you recover to?"zero smiled.

Ye Chen's body stiffened and he looked at him steadily."The situation has already developed to this stage?"

Chapter 1675: The emperor's last resort!

"It's not optimistic!"

"Let's not talk about the demonic Lord and the others for now," zero said with a serious expression."The immortal soul suppressed by the great emperor is moving more and more frequently. Once he escapes, it will be a disaster for this world."

At this point, he shook his head slightly."Previously, the demon master wanted to control the immortal soul because he was afraid of me. He knew very well that once the immortal soul was free, even I would not be its match."

"What a pity ..."

Hearing this, ye chen could not help but say,"it's a pity that after your great battle with the demon master, you've completely exposed your trump card to the demon master."

“Not bad!”

“Before this, he didn’t know how many celestial jades I had,” zero said in a deep voice. “So he didn’t dare to force me too much. Now he knows that I don’t have much celestial jades left. Otherwise, I could have killed him instead of suppressing him.”

Ye chen and su Yuhan could not help but look at each other.

Then, he fell into silence.

Zero was right. The current earth was too fragile, even with the four great ancestors of sorcery and Zhuo Gou.

However, in the face of the greater picture, he could not change anything at all.

“There’s not much time left for you guys. ”

Zero seemed to have sensed their emotions and said, “However, you don’t have to be too desperate. This world is not completely hopeless.”

“What do you mean?” Ye Chen’s eyes flashed.

“The great emperor left behind a final technique before he left.”

Zero waved his hand and blocked everything. He then said slowly, “This technique can’t be used unless it’s absolutely necessary. It’s prepared for the immortal soul that’s being suppressed, just in case.”

“What’s that technique?” ye chen asked.

Zero’s eyes flashed and he looked at him with a complicated expression. “This technique is related to someone you knew before.”

“She is the reincarnation of the heavenly Dao. Later on, the Ruins of Yin changed and the power in her body awakened. She then turned back into the heavenly Dao and fused with the heaven and earth.”

Ye Chen’s heart trembled at those words. “Qianqian?”

Even su Yuhan was surprised.

“Not bad!”

Zero nodded. “However, earth is only a small chiliocosm. Even if she is the heavenly axiom, she can’t change anything. The only thing she can do is to help you get the world Spirit embryo.”

“World Spirit embryo ...”

Ye chen mumbled to himself.

This word had also appeared in his mind before. Now that it was mentioned again, it still caused a slight wave in his heart.

This vast universe had a myriad of heavens and realms, and they could generally be classified as small chiliocosm, middle chiliocosm, and big chiliocosm.

For example, the earth was a small chiliocosm, while the spirit realm and the netherworld were a large chiliocosm. Above the large chiliocosm was the immortal realm, a Supreme existence above all the heavens and realms.

On the day of the formation of each Qianjie, a spirit embryo of a world would be born. It was extremely mysterious. It could be understood that it was because of the existence of the spirit embryo of a world that all living things could grow and had the power of nature.

To put it bluntly, the world Spirit embryo provided energy, vitality, and vitality for the world.

If the small chiliocosm had given birth to the spirit embryo of the world, then the middle chiliocosm had given birth to the origin embryo of the world, and the greater chiliocosm had given birth to the Dao embryo of the world.

Usually, if a small chiliocosm wanted to evolve into a middle chiliocosm, it would need its World Spirit embryo to evolve into a world origin embryo. This was the only condition and also a sign.

Zero was surprised by his reaction. "It seems like you know about the existence of a World Spirit embryo."

"I do know a little."

"Then where is the world Spirit embryo of this realm?" ye chen nodded slightly.

"I don't know,"

Zero shook his head, seemingly lost. "I'm afraid only the great emperor knows about such an existence. Other than him, the only other person who knows about it is the heavenly Dao of this world."

"As far as I know, the spirit embryos of the world are all different in shape and form. I just don't know what the spirit embryos of the world on earth are." Ye chen said slowly.

The spirit embryo of every small chiliocosm was different. Some were plants, some were animals, and some were weapons.

"Hehe ..."

"The world Spirit embryo is a divine item," zero said, smiling. "You must have heard of it."

"Pangu axe!"

His lips moved slightly.

"BOOM!"

Ye Chen's heart was also in turmoil.

The Pangu axe!

Pangu created the sky and turned into all things. From then on, he had the mountains, rivers, seas, sun, moon, and stars on earth. Only the weapon that he used to create the sky was missing.

He should have thought of this earlier.

“But with your current strength,” zero continued, “even if you know where the Pangu axe is, you won’t be able to get it. You’ll need to recover to at least the peak of the body integration stage.”

“The peak of body integration?” Ye chen frowned.

He was only at the early-stage soul splitting realm!

There were still many small realms and a large realm to reach the peak of body integration. It was easier said than done, and it was no different from ascending to heaven.

“That’s why I asked you before,” zero continued. “If I give you the remaining 20 pieces of immortal Jade, to what extent can you recover?”

“It’s hard to say!”

Ye chen shook his head. “If it’s just twenty pieces of inferior immortal Jade, I’ll only be able to recover to the perfected divine separation realm at most.”

“Is that so?”

Zero seemed a little disappointed. Then, as if remembering something, he suddenly said, “What if I add a piece of Supreme-grade immortal Jade?”

“What did you just say?”

“Supreme-grade immortal Jade?” ye chen was slightly shocked.

It was no wonder that he was so shocked. Supreme-grade immortal Jade was rare even in the immortal world, not to mention in a small chiliocosm.

“To be honest.”

“I have a Supreme-grade immortal Jade in my body. It’s also because of it that I’m able to survive until now. However, I’ve already used up half of my celestial core power.”

“Since it’s the foundation of your life, how can you give it to me?” Ye chen frowned.

“I’m just an immortal puppet,”

“Back when I was wandering in space, it was the great emperor who found me. After sealing the ancient immortal, the great emperor obtained the immortal’s precious immortal Jade and awakened me,” zero said.

“To put it bluntly, I’m not a living being.”

At this point, he looked straight at ye chen. “In my world, death doesn’t exist unless I’m completely dismembered. I’ll give you the celestial Jade, and at most I’ll fall into a deep sleep. If you have the chance to find the celestial Jade in the future, you can resurrect me,”

“Is the ancient immortal’s immortal storage treasure still there?” ye chen suddenly asked.

He didn’t want zero to do such a thing, so he still had a glimmer of hope.

If that ancient immortal's storage treasure was still there, he might be able to break the seal and see if there were more immortal jades inside.

"No more ..."

"That ancient immortal knew that he was about to be suppressed, so he self-destructed his storage treasure at the critical moment," zero said, shaking his head.

"Alright, let's start!"

"In the next month, I will help you absorb the celestial Jade," zero said. "The life and death of this world will be in your hands."

After saying that, he waved his sleeve.

Heaven and earth shook, and a huge crack in the void appeared in front of ye chen.

Chapter 1676: I'll be waiting for you to come out of seclusion!

"This is the place where the great emperor once cultivated in seclusion."

"Go in quickly," zero urged. "Don't hesitate. "

Ye chen could not help but look at su Yuhan beside him.

"Little Chen, go on."

As if she sensed his reluctance, su Yuhan couldn't help but kiss him on the lips, like a Dragonfly touching the water. She said softly, "I'll be waiting for you to come out!"

"You must wait for me!"

Ye chen took a deep breath. After the former smiled, he took a step forward and stepped into the huge crack in the void.

The crack in the void closed up again.

"Can he break through?" su Yuhan mumbled.

"I don't know either."

Zero shook his head and looked at her. "I'm about to fall into a deep sleep. Dark Lord, whether ye chen can successfully break through depends on you. After all, the demon Lord will break free in less than a month. I'm worried ..."

"I know what to do,"

Su Yuhan gritted her teeth and looked determined.

"What a pity ..."

Zero looked at her with a complicated expression and sighed. A crystal as bright as the sun suddenly shot out of his body and disappeared into the space.

At the same time, old ancestor yellow spring, Yang Tian, leiyunzi, the Saint ape, and the toad heard a voice in their minds."Everyone, I am about to fall into a deep sleep. The hope of this world will depend on you."

"What?"

Everyone was shocked.

"Boss ..." The toad and the Holy ape's eyes were filled with tears.

"Second and third ..."

"When I'm not around, you'll follow ye Chen's lead and obey Him unconditionally. That way, you won't fail the great Emperor's trust."Zero's voice rang out again.

"Boss ..."

"The world Guardian ..."

In the void, countless exclamations rang out.

.....

At the same time, in the mysterious void.

Ye Chen's figure finally landed on the ground. In front of him stood a huge stone statue. The stone statue looked like a man and was very heroic and extraordinary. For some reason, when ye chen looked at him, he felt an extremely close feeling in his heart.

"Emperor Xuanyuan ..."

Ye chen mumbled. At this time, a crystal as bright as the sun whizzed over and finally fell into his hand. After that, there were another twenty crystals of various sizes.

These crystals were all enshrouding with immortal Qi and were shining with multicolored light. It was as if one could fly up with just a breath.

"Supreme grade immortal Jade ..."

Ye Chen's heart was heavy.

He knew that the world Guardian was probably in a deep sleep now. Although it was said to be in a deep sleep, it was actually dead, turning into a dead object.

"This ye is indebted to you this time!"

Ye chen cupped his fists solemnly at the void and said to himself,""This ye swears here that one day I will definitely find Supreme grade immortal Jade to wake you up."

With that, he waved his sleeve and a futon appeared under his feet. Without any hesitation, he sat cross-legged on the futon with his eyes closed and an immortal Jade in his hand.

If one looked closely, they would see that ye chen was slowly absorbing celestial core power from the celestial Jade.

Celestial jades were different from spirit stones. If it were spirit stones, ye chen could absorb two hundred thousand of them with a single thought, let alone twenty.

Celestial jades were even purer, so absorbing and refining them was not something that could be done in a day.

The void instantly returned to its original position.

There was only one figure who sat cross-legged as if he had been petrified. Time passed by bit by bit, and more than half a month had passed.

He still had less than one-third of the immortal jades in his hands.

.....

To ye chen, who was focused on closed-door cultivation, time passed by in a flash. However, to the outside world of Yinxu, the past half a month seemed to have undergone earth-shaking changes.

As the realm guardians led the human powerhouses into hiding, the devil forces completely dominated the entire Yinxu. Many of the living creatures and human cultivators of Yinxu were either dead or had escaped. Most of them were enslaved.

In the vast space.

Countless people looked at the returning Toad and asked in unison, "Daoist Toad, how's the situation outside?"

In the past half a month, everyone had been extremely worried and concerned about the outside world. After learning from the Holy ape how to get out, some people suggested sending some people out to Scout for information.

Everyone sent out a few batches, but in the end, there was no news at all. The life and death of the people who were sent out were unknown.

At the crucial moment, it was still the toad who took the initiative to go out.

Meeting everyone's gazes, the toad had a complicated expression before shaking his head. "It's not very good,"

The world Guardian's deep sleep had made it more mature.

Then, it slowly explained the situation of Yinxu, causing everyone to fall into a dead silence.

"Yinxu has completely fallen ..."

"The mortal world is next," a human cultivator cried. "Is it really the end of this world?"

Everyone was extremely mournful.

Even the Ruins of Yin had fallen.

What did the secular world count for in the demon Army?

Su Yuhan heard the news and came over. She looked at the toad and said, "Have the demons invaded the mortal world?"

The moment he said that, the toad hesitated and said, "Some passages to the secular world have already been opened by the demons. It's said that many countries in the West of the earth have been destroyed ..."

Hearing that, su Yuhan's body trembled.

She was most worried about the secular world because ye Chen's parents, her two children, and countless relatives and friends were there.

A moment later, su Yuhan gritted her teeth and said firmly, "I want to go out."

"No!"

As soon as she finished speaking, the Holy ape rejected her. "If you go out now, it's no different from sending a sheep into a Tiger's mouth. I don't agree!"

"Yes, miss su."

Old ancestor yellow spring couldn't help but advise, "Even though the demon Lord has been suppressed, there are still qianqiu wuhen and the path Lord of carnal desires. You should know how powerful qianqiu wuhen is."

"I want to go out!"

Su Yuhan's eyes were determined.

"I want to go out too," Yang Tian said. "Instead of hiding here, I might as well go out and fight a big battle. It's worth it even if I die."

His eyes were red and his fists were clenched.

If they couldn't defeat the demonic Army, the countless creatures in the mortal world would be even more so. It was conceivable that every minute they stayed here, many more people would die in the outside world.

Even if he went out, it would be useless, but at least he could hold on for one more second. That would be enough. At the very least, he could protect the people closest to him.

"Since you guys want to go out."

"Fine, I'll join you in your madness," old ancestor yellow spring sighed.

"Patriarch, go out too!"

After saying that, old ancestor yellow spring took a step forward and stood beside su Yuhan.

"I'm going out too!"

Master thundercloud took a step forward.

"And me!"

“Count me in!”

In an instant, countless people stood up one after another, all of them determined to leave.

Emperor Jiang, who had been silent all this time, also smiled bitterly.””Miss su is right. Our duty is to protect the living beings of this world. Since that’s the case, how can we be afraid of death?”

“I’m going out too!”

He took a step forward.

The other three ancestors of sorcery and yingou stepped out in unison,””And US!”

Chapter 1677: Three alliances of earth!

The dark and boundless space stood quietly in the depths of the endless void.

In the middle of the space, there was a thin figure that stood still like a pine tree.

The figure was motionless, as if it was dead.

If one were to sense it carefully, one would discover that there was a power that made the world tremble in its thin body that was growing at an endless speed.

However, the next moment.

The surge of power seemed to have encountered a period of weakness. It quickly reversed, causing the figure’s aura to weaken again.

“Why is it that every time I’m about to step into the form synthesis stage, the true core strength in my body will flow backward ...”

The thin figure suddenly trembled slightly, and then his tightly closed eyes slowly opened at that moment. A touch of sadness flashed in the depths of his eyes.

“I’ve clearly already converted all my celestial core power into true core power.”

“But why can’t I break through the last Gate of Heaven-connecting rank-3?”

Ye chen frowned. If he remembered correctly, he had been in closed-door cultivation in this space for twenty days and nights.

For the first half of these 20 days and nights, he had been absorbing immortal jades and refining them into immortal essence.

In the remaining few days, the only thing he could do was to transform his celestial core power into true core strength and then try his best to break through the threshold of the form synthesis stage.

In these few days, his cultivation level had skyrocketed from early-stage soul separation to the perfected soul separation realm. He was only one step away from the early-stage body integration realm.

However, this seemingly simple process had failed time and time again, as if a pair of invisible hands had beaten him back to the soul separation stage.

“Master!”

The night Demon Armor’s voice rang out in his mind, ““Could it be that our existences accidentally absorbed a portion of celestial core power?”

They were all celestial artifacts, so celestial core power was naturally extremely tempting to them.

“It’s possible!”

Ye Chen’s eyes flickered and he waved his sleeve. In an instant, the immortal slaying Flying Dagger, Night Demon Armor, Emperor brush, and the others shot out of his body and floated quietly around him.

“I’ll try again!”

Ye Chen closed his eyes again and urged the primordial Qi in his body with all his might. With the momentum of a torrent that swept everything, he bombarded the last door of the heaven Ascension stage three.

“Chi Chi Chi ...”

Then, a dejected voice sounded.

Ye Chen’s expression was mixed with a trace of helplessness.

He had failed again.

Thinking of this, his brows furrowed into a deep frown. “No, it shouldn’t be like this. There must be a problem somewhere.”

“What?”

Just as Ye Chen was about to close his eyes, he was suddenly stunned. His eyes were fixed on the immortal slaying Flying Dagger, Emperor brush, and night Demon Armor in front of him.

“What’s wrong, venerable sovereign?” The immortal flying blade probed.

“Three ...”

“Three, the three of Yi Qi turning San Qing ...”

“I understand, I understand.”

Ye Chen’s eyes suddenly burst with a brilliant light. He said as if he had understood something, ““This is because the Qi into Trinity might have been a great help in the past, but now it has become my shackles.”

“Their existence is like a kettle with two holes, so no matter how much water is added, the kettle can’t be filled.”

“The only way to resolve this is to forcibly cut off the connection between my two avatars and my main body.”

At this thought, ye Chen's eyes could not help but sink.

To cut off the other two avatars, it was equivalent to splitting one's own spiritual will. As long as it involved spiritual will, it was the most important thing for a cultivator.

If one was not careful, their soul would be injured, or they would become an idiot and become a walking corpse.

It could be understood as 'destruction before establishment'!

Even with ye Chen's calm temperament, he was still a little hesitant.

His gaze changed rapidly, and a moment later, it was covered by a touch of determination. "Let's do it!"

The path of cultivation was to go against the heavens and stake it all on one throw. How could he be so indecisive?

After making up his mind, he couldn't help but say to the existences like the Emperor brush, "I'm going to sever my clone. Before that, in order to not hurt you, I'll remove the imprint with you."

.....

Time passed quickly.

Unknowingly, it was almost a month since ye Chen's closed-door cultivation. Meanwhile, the outside world had discovered earth-shaking turmoil in this short half a month.

First, Yinxu had completely fallen. Next, all the passages leading to the secular world had been broken, and countless demonic Qi and demons had poured into the secular world.

Just the invading demonic Qi had caused the Earth's spirit Qi system to suddenly weaken, and all the native living beings were demonized. Whether it was plants or animals, all of them had become demonic creatures without exception.

As a result, the world was the first to experience a famine due to the food crisis, and countless ordinary people starved to death.

The global population had been reduced by at least half.

Immediately after, the demon Army marched straight in, causing many small countries in the West to declare their destruction. Only a few large empires in the past, because they had been developing their cultivation civilization and technology, managed to survive.

This also made the whole world realize that compared to the invasion of the foreign sects more than a decade ago, this demon disaster was more terrifying and inhumane.

This was because no matter how brutal the people from the sects outside the domain were, they wouldn't treat people as blood food, and they wouldn't massacre an entire country at any given moment.

This was the real community of the global fate.

In order to deal with this demon disaster, the United States led the Alliance with the French Emperor, the British Emperor, and other major countries to form an alliance, known as the European Alliance.

The outbreak of the demon disaster had caused the decline of the Earth's spirit Qi. Compared to ordinary people, the demon race valued cultivators more. Therefore, the many alien sects on earth had become the focus of their attention.

As a result, these sects from outside the region abandoned their prejudices and formed a second alliance, known as the outside region Alliance.

After that, it was China.

Compared to the tragic situation in Western Europe, China, which was located in the East, was much more relaxed.

It was because the demon race was the last to break through the passages from Yin ruins to China.

Even though the passage was opened, ye chen had instructed people to guard the exit before he left.

This would delay the time for the demons to enter China.

When all the passages were lost, many top experts suddenly broke through the Ruins of Yin and descended to China, joining forces to stop many demons.

China had also formed an alliance with the surrounding countries, which was known as the Huaxia Alliance!

The Alliance of the three great alliances had barely managed to stabilize the situation. In addition, the demon Army had not fully engaged in a battle to the death with the three great alliances, so both sides had maintained a relatively peaceful situation.

Tian Nan Forest City, China.

The current Forest City had turned from a small city into a Holy Land that attracted the attention of the entire world.

That was because the group of top powerhouses who had killed the demons that day were now guarding Forest City. It could be said that Forest City was the safest place in the world.

The leaders of the three alliances guessed that this was related to ye nankuang, the World's Strongest Man who had been missing for a month.

Chapter 1678: The xuandu Dark Sword in the back mountain of the ye family!

Lin city, ye family, Kowloon Bay.

Many figures were currently floating above the ye family, their eyes all focused on the mountain behind the ye family.

At this time, the entire back mountain of the ye family was wrapped in a layer of dark enchantment, as if it was a world of its own, and a power that made everyone's heart palpitate was faintly emitted from it.

Yang Tian looked at the mountain behind the ye family's house, which was covered by the dark barrier, and said worriedly, "Yuhan has been in there for several days. Why is there no movement?"

Five days ago.

A sword case fell from the sky!

After obtaining the sword box, su Yuhan seemed to have changed into a different person. She entered the back mountain of the ye family alone and caused the back mountain to become what it was today.

"Don't worry, she'll be fine."

"If I'm not wrong, I'm afraid miss su has become stronger again!" Old ancestor yellow spring comforted her.

"What? She's gotten stronger again?" Yang Tian was shocked.

The last time, su Yuhan had just stepped into the level of the great completion of the Lord of the Underworld, which was equivalent to the completion of the demigod stage. Two days later, she stepped into the late stage of the Emperor of the underworld, which was comparable to the form synthesis stage.

How long has it been?

He was going to become stronger again!

This speed was like cheating.

"That's right. I can also sense that she seems to have become stronger."

All of this should be related to the sword case,"Emperor Jiang said slowly.

"I also think so."

The Holy ape looked at the back mountain of the ye family and said,"lady su is the reincarnation of the Lord of the Underworld. Since the sword box can come by itself, it must be a magic weapon from her previous life. I just don't know what it is to cause such a great change in her."

Old ancestor yellow spring sighed and looked into the ruins of Yin, thinking, Fellow Daoist ye, miss su is madly awakening the memories and abilities of her previous life. If this continues, I'm afraid it'll be a disaster."

All of a sudden, Ying Gou, who had not spoken a word, let out a muffled groan subconsciously, and his expression turned ugly.

"What happened, Chan Gou?" Emperor Jiang asked hurriedly.

"The means I set up at the border have been destroyed. It seems like the demonic Army has been mobilized!" Ying Gou said with a grave expression.

"What?"

Everyone was shocked, 'why did they choose this time to move out? What are the other two alliances doing?'

"We can't care so much anymore. We have to stop it outside the border. Once the demonic Qi seeps into China, the people will be in great misery."

With a long roar, Emperor Jiang took a step forward and instantly disappeared. The others followed him, leaving only old ancestor yellow spring and Yang Tian behind.

They were worried about leaving su Yuhan alone.

On the border, the monstrous demonic Qi was like a vast ocean, surging towards China from all directions. Wherever they passed, the world turned dark.

After Emperor Jiang and the others landed on the border, they couldn't help but say in a deep voice, "As expected, the demons have finally made their move."

As the demonic aura rolled over, a figure slowly stepped out from the dark clouds. "Your reactions are quite fast. You actually came out in advance to intercept us."

The person who spoke was the path Lord of carnal desires.

"Cut the crap."

"Path Lord of carnal desires," Emperor Jiang sneered, "the realm guardians shouldn't have kept you alive back then, and you wouldn't have caused such a disaster."

"You think too highly of the world Guardian."

"It's true that he'll spare no expense to kill me, but how many immortal jades will that cost?" the path Lord of carnal desires chuckled.

"Don't waste your breath. We're already in a situation where we won't rest until one of us is dead. Let's attack together and stop them here."

Xuan Ming, one of the four ancestors of sorcery, looked gloomy.

"Intercept us?"

The path Lord of carnal desires acted as if he had heard something funny. "I'm afraid that the few of you are not enough!"

He waved his sleeve, and six monstrous demonic shadows appeared behind him. They were the six demon emperors under the demon master.

.....

In the endless darkness behind the ye family's Mountain in Lin city.

A cold and beautiful figure was sitting on the ground. Above her head, a sword-shaped black light was frantically injecting nether energy into her body.

Su Yuhan's face gradually turned pale, as if she couldn't bear the intensity of the nether energy.

The black light trembled slightly, and an extremely demonic voice rang out, "No, master, your body has already reached its limit. If you forcefully absorb it, you might suffer a backlash ..."

"Xiaoxuan, continue!"

Su Yuhan's eyes were tightly closed, and she gritted her teeth and said firmly, "I can withstand it. If I can't step into the half-step underworld Emperor realm, I would rather die!"

"Xiaoxuan, just listen to mommy."

The voice of the dark net umbrella's Artifact Spirit, Xiaoxuan, also rang out. "Mother has to become stronger quickly in order to stop the incoming danger. You are the xuandu Dark Sword. Mother will not be able to activate you unless I reach the half-step underworld Emperor realm."

"Alright then!"

With a bitter smile, the black light had no choice but to continue pouring nether energy into su Yuhan's body.

At the same time, old ancestor yellow spring and Yang Tian, who were guarding outside, also felt the changes in the back mountain of the ye family. They were shocked. "He's become stronger again!"

However, the next moment.

The two of them were shocked.

A young man in a green robe had appeared in the nine Dragon Bay. He walked toward them with his hands behind his back.

To this young man ...

Old ancestor yellow spring and Yang Tian were very familiar with each other.

Qianqiu wuhen!

He was the existence who had injured su Yuhan with just his pressure that day.

Seeing qianqiu wuhen getting closer and closer, old ancestor yellow spring couldn't help but ask, "Qianqiu wuhen, what are you doing? Could it be that they're planning to take advantage of fellow Daoist ye's absence to attack his wife and daughter?"

"Hehe ..."

"Daoist netherworld, there's no need to provoke me. I've never laid my hands on the old, the weak, women, and children," qianqiu wuhen smiled.

"Then what are you doing here?"

"Don't tell me you're here to reminisce?" old ancestor yellow spring sneered.

Yang Tian secretly gathered his ethereal force with a cold look on his face, as if he was ready to fight qianqiu wuhen to the death.

As if sensing his thoughts, qianqiu wuhen looked at him indifferently. That one look made Yang Tian spit out blood and his face turned pale.

Qianqiu wuhen looked up at the mountain behind the ye family's residence, which was covered in a dark barrier. "Naturally, it's for the person inside."

"What?"

Old ancestor yellow spring was startled.

"The demons are swarming toward China," qianqiu wuhen said with a faint smile. "The four ancestors of sorcery are all there to stop them, but you two are here to guard them. You must be the one inside."

"Why don't you let me guess?"

"If I'm not wrong, the person inside is miss su," he said casually. "I'm afraid miss su is getting stronger quickly so that she can deal with wuhen."

"So what if I am?"

"Qianqiu wuhen," old ancestor yellow spring said coldly, "I thought you were an upright person. I didn't think that he would actually use this kind of little trick to lure the Tiger away from the mountain."

Qianqiu wuhen shook his head and walked toward the mountain behind the ye family.

"Where do you think you're going?"

"Let's get past me first!" Old ancestor yellow spring suddenly attacked.

Chapter 1679: Su Yuhan's breakthrough

"BOOM!"

Almost as soon as qianqiu wuhen took a step forward.

Old ancestor yellow spring grabbed at the void, and a dark giant finger rose up and whizzed toward the former.

However, in the face of his all-out attack ...

With a wave of his sleeve, qianqiu wuhen dispelled the attack.

The terrifying storm spread in all directions and sent old ancestor yellow spring and Yang Tian flying.

"Fellow Daoist netherworld!"

Qianqiu wuhen looked at old ancestor yellow spring quietly. "If you were at your peak, wuhen might be afraid of you. But now, you can't!"

Then, he turned around and walked toward the mountain behind the ye family.

"Qianqiu wuhen, you're underestimating the forefather!"

Old ancestor yellow spring's face turned cold. A black wind suddenly appeared on his right hand. The black wind was extremely strong and it filled the sky and earth wantonly, circling around him.

"Great Treasury Heavenly Dragon Sword!"

As he gritted his teeth, the black wind turned into a Black Dragon and charged at qianqiu wuhen with a deafening roar.

It was this attack that caused qianqiu wuhen's calm expression to change.

"I didn't expect you to be able to use such a cultivation technique."

"What a pity, it's still not enough!"

He opened his mouth and spat. Instantly, a violent gust of wind blew between heaven and earth, and the Black Dragon formed by the dense black wind was instantly crushed.

"Pfft!"

Old ancestor yellow spring spat out blood and fell back.

He was too strong!

Qianqiu wuhen was simply too powerful.

According to his deduction, even if qianqiu wuhen hadn't recovered to the crossing calamity stage yet, he was probably close to it. He could only fight qianqiu wuhen if he had also recovered to the crossing calamity stage.

"Fellow Daoist ye, lady su, I've tried my best!"

Old ancestor yellow spring could only watch as qianqiu wuhen got closer and closer to the back mountain of the ye family.

"Yuhan!"

Ye Chen's parents were hiding in a corner with their three children in their arms, their faces filled with despair.

In their opinion, if even the patriarch was no match for this young man, su Yuhan would be in danger.

However, when qianqiu wuhen was less than a step away from the ye family's back mountain, he suddenly stopped. His calm eyes were filled with shock.

The next moment!

His body retreated like a bolt of lightning.

Almost at that moment, the entire mountain behind the ye family's house, which was wrapped in the dark barrier, began to distort violently, as if the space there would collapse at any time.

"Bang!"

With an earth-shattering explosion, the dark barrier that enveloped the ye family's back mountain exploded and turned into countless black light spots.

In the middle of the light spots, a beautiful figure stood in the air. She was dressed in black and barefooted, and her long hair was like a waterfall.

It was as if each strand of hair could cut the void with every swing, and any attack could tear the world apart.

With her appearance, a shocking cold air spread out from her body, and the surrounding space was frozen into ice flowers that floated down.

At this moment, she was like the Lord of the netherworld who had descended to the mortal world!

The world suddenly became deathly silent.

Old ancestor yellow spring and Yang Tian, who had been in despair, were delighted when they saw the beautiful figure's eyes.

"Yuhan!"

Ye Chen's parents were excited.

Qianqiu wuhen looked at su Yuhan in the air quietly with a serious expression. "I didn't expect you to grow so quickly."

The aura that burst out of su Yuhan's body at this moment made him feel a trace of pressure, which was more than ten times stronger than before.

Although he knew that su Yuhan, as the reincarnation of a Dark Lord, could borrow some of the power from her previous life, he still didn't expect her to be able to borrow so much.

In the void.

Su Yuhan stood barefooted, her long black hair falling to her waist and fluttering gently. Her once bright eyes were now extremely dark, like an abyss with no end.

She looked at qianqiu wuhen and said in an ethereal voice, "All of this was forced by you."

"Since that's the case, then Let's Have a Battle!"

Qianqiu wuhen smiled as a long-lost fighting spirit finally burned in the depths of his eyes. "Wuhen would also like to experience the nether Lord's abilities!"

"BOOM!"

At that moment, qianqiu wuhen made his move.

Purple runes flickered between his palms and fingers, sweeping toward su Yuhan like huge purple millstones.

"Swish!"

A huge ravine appeared in the void in front of them. If one looked closely, it seemed to have been crushed.

“Eternal dark spear!”

At the same time, su Yuhan’s voice, which was filled with endless cold air, came out of her mouth.

She drew a line in front of her body and a mysterious black rune surged. Then, the mysterious black rune glowed.

A long spear covered in endless cold air and nether energy quickly took shape in front of him. It then burst out, and the violent nether energy scattered in all directions.

“Boom boom boom!”

The two of them rose high into the sky, and their terrifying attacks collided with each other. From afar, it looked as if there were countless nuclear explosions in the depths of the sky.

Chapter 1680: body integration perfection!

The mighty pressure shook the heavens.

Even though they were very far away, old ancestor yellow spring and Yang Tian were still shocked.

Even though neither of them had reached the dujie stage.

However, the strength that erupted from it was not inferior to that of the other party.

Fortunately, they had chosen to fight in the sky. If they had chosen to fight on the ground, the entire Forest City would have been razed to the ground.

.....

In the dark space.

Ye chen slowly opened his eyes. Those pitch-black eyes seemed to be able to devour everything. He clenched his fists gently and felt the surge of power in his body.

He couldn’t help smiling.

“After thirty days, I’ve finally stepped into the great circle of body integration!”

Ye chen mumbled to himself. He could sense that with his current strength, even if the four great ancestors of sorcery joined forces, they might not be his match.

If he were to encounter existences like qianqiu wuhen and the path Lord of carnal desires again, he would probably be able to suppress them with a flip of his hand.

“My only enemies now are the demon master and the immortal soul.”

With this in mind, ye Chen’s eyes flashed coldly and he could not help but stretch his body. “It’s time to get out. I wonder how Yuhan and the others are doing ...”

At the same time, at the border of China.

Dense demonic Qi swept across everything, occupying more than half of the world and corroding everything. However, there was less than a thousand feet of space below the demonic Qi that was not corroded.

However, at this moment, an intense battle was taking place.

“Hahaha, Emperor Jiang, you are just four guys who have been stuck in this world, and you dare to compete with us?”

“I’m afraid you don’t know yet, but qianqiu wuhen has already left for the south of China. I believe he has already dealt with the reincarnation of the Lord of the dark.”

The six demon emperors of the demon race laughed with disdain in their eyes as they entangled the four ancestors of sorcery, Zhuo Gou, and the other four.

“Despicable!”

Hearing this, Emperor Jiang and the others’ expressions changed drastically. Apparently, they didn’t expect that the other party would use such a trick to lure them away. No wonder they didn’t see qianqiu wuhen from the beginning.

“There are more despicable things to come!”

“The six of us only need to hold the four of you back. In less than the time it takes for an incense stick to burn, the rest of the so-called Earth’s experts will all die!” A demon Emperor sneered.

As soon as it finished speaking, screams rang out one after another on the battlefield. There were even sounds of self-destruction.

“Kill!!!”

Emperor Jiang and the others couldn’t help but feel their eyes pop out of their sockets. Sorrow rose from their hearts, and they all chose to fight with their lives.

“Not only will you all die today, but this world will also be destroyed!”

A Demon Lord spread his huge bone wings and whizzed toward Lei Yunzi, who was on the battlefield. A strange vertical eye appeared on his forehead.

The vertical eye was extremely evil, as if it wanted to devour a person’s soul, and Lei Yunzi was unable to move.

Looking at the fast-approaching demonic monarch, master thundercloud immediately felt a trace of terrifying destructive power. He closed his eyes in despair, “Are we really going to die Here today?”

“Die, ant!”

With a bloodthirsty smile on his face, the demonic monarch’s demonic palms slammed toward thundercloud’s head.

However, just as everyone was about to see Lei Yunzi die on the spot, a deep voice suddenly broke through the demonic Qi blockade in the sky.

The next moment.

The demonic monarch was shocked to find that he could no longer move his palm, as if the space had frozen.

“That ‘s?!!”

At the same time, the expression of the path Lord of carnal desires, who was watching coldly from the void, suddenly changed. He stared at the space above thundercloud’s head.

A thin young man in green appeared out of nowhere. The young man seemed to have extended his right hand and gently blocked the demonic Lord’s palm.

The two hands were not proportional at all. One was like a big hand that covered the sky, while the other was the hand of an ordinary person.

However, even so, the seemingly tiny adult’s hand caused the demonic palm to be unable to move at all.

Master thundercloud’s body trembled and he looked up subconsciously. His old face was stunned at first, and then there was an extreme ecstasy.

“Ye Tianjun?!!”

“BOOM!”

His voice was like a heavy bomb. As soon as it landed, it set off an earth-shaking storm.

“It’s really ye Tianjun!”

“Ye Tianjun has come out of seclusion cultivation!”

At that moment, Yu Taiyuan and the other powerful cultivators of China looked at the familiar figure with tears in their eyes as if they had seen their Savior.

Ye chen had finally arrived!

This proved that their bitter persistence had not been in vain.

“It’s really this guy!”

Emperor Jiang and the others looked at each other, and they all saw the strong surprise and relief in each other’s eyes.

Under countless gazes, ye chen flicked his finger. The huge demonic palm in front of him, along with the frozen Demon Lord, collapsed.

A demonic monarch who was at the great circle of the demigod stage had died on the spot!

There was no scream, no sound.

Everything was quiet.

It was as if he had just flicked an ant to death.

Ye chen then looked down at the dazed Lei Yunzi and a long-lost smile appeared on his face. ""Daoist thundercloud, are you alright?"
