### Chapter 1691: The five elements divine mountain's warning!

Before everyone could react, a shocking Dragon's Roar came from the distant sky.

Then, under everyone's gaze, nine huge Dragons came from the sky.

The nine Azure Dragons roared and flew into the huge hole. After circling the five elements divine mountain a few times, they turned into huge golden characters and were imprinted on the five elements divine mountain.

From a distance, it looked like 18 golden characters. They were like a pair of couplets, and the words on it were twisted and twisted like squirming tadpoles.

On the left was: "Lin. Bing. Dou. Zhe. Jie. Formation. Row. Front. Xing!"

On the right, it read, "mo, MA, ni, BA, mi, mo, Zhen, mo, kun!"

As soon as the 18 golden words were imprinted on the five elements divine mountain, the mysterious figure, who was struggling violently and causing the five elements divine mountain to shake, had a drastic change in expression.

"True words of Buddhism?"

"When did Emperor Xuanyuan leave such a trump card?"

"The great Emperor's foresight is beyond your imagination!"

The five elements divine mountain glowed with radiance and was extremely majestic. "If you're really born, this world will be plunged into misery and suffering."

"Hahaha!"

The suppressed ancient immortal roared and laughed wildly, "Wu Xing, you can't suppress me. With these 18 so-called Buddhist mantras, I can erase the power on them in less than half a month."

"At that time, you will no longer be able to suppress me."

"If I am born, I will definitely kill hundreds of millions of living beings as the price to completely destroy this world!"

"Half a month is enough!"

As the five elements divine mountain spoke, its entire body began to glow brightly, causing the mysterious figure to be completely trapped in the belly of the mountain.

"That ancient immortal is temporarily suppressed?"

Countless people cheered when they saw this.

However, there were also many people who frowned and were worried.

They had clearly heard the conversation between the ancient immortal and the five elements divine mountain. The ancient immortal could only be suppressed for another half a month at most.

Once half a month was up, the crisis of this world would completely arrive.

At the thought of this, a powerful human cultivator could not help but stand up and say to the five elements sacred mountain, "May I ask who senior is, please show yourself?"

"I am the spirit of this mountain, I do not have a physical body."

"I can only trap this fiend for another half a month. After half a month, you'll have to rely on yourself," a voice came from the five elements divine mountain again.

When everyone heard this, they were instantly filled with despair.

At the same time, the five elements sacred mountain said, "May I ask who obtained the emperor's seal and the Xuanyuan sword? please come in."

"It's me!"

Ye Chen took a step forward and was about to enter.

Old Ancestor Yellow Spring and Yang Tian subconsciously pulled him back. "Be careful,"

Even though they had seen with their own eyes that the five elements divine mountain had suppressed the ancient immortal, the two sides had never come into contact with each other, so it was difficult for them to trust each other completely.

"It's fine, I'll be right back. "

Ye Chen shook his head, indicating for the two of them to rest assured. Then, he turned into a graceful swan and flew into the huge crack in the void.

Looking at the five elements divine mountain at a close distance, what greeted his eyes were wisps of celestial light that shot up into the sky, exuding a vast and boundless divine might.

"Please sit!"

The five elements divine mountain trembled and the plants formed a rattan chair in front of Ye Chen. "You are the successor of the great emperor?"

After Ye Chen sat down calmly, he nodded slightly. "I'm not qualified to be the successor. I just got the item left by Emperor Xuanyuan by luck. "

"Since that's the case, then you deserve to be called the successor."

The five elements sacred mountain trembled slightly. "You saw what happened earlier. Although this ancient immortal was temporarily suppressed by me, his appearance is inevitable. You only have half a month left."

"In this half a month, you need to find a World Spirit embryo. Only with it will you be able to fight this ancient immortal."

Hearing this, ye chen frowned."I'm already aware of this. The only problem is that the spirit embryo and Artifact Spirit in this world have been missing for many years. Without an Artifact Spirit, I can't subdue it at all."

As soon as he said that, the five elements divine mountain shook even more frequently."The artifact Spirit was lost long ago? Then you have to find a way to retrieve the artifact Spirit. "

Ye chen shook his head slightly."Even Emperor Xuanyuan could not find this Artifact Spirit back then. It's not easy for me to find it in half a month."

The five elements sacred mountain fell silent. After a long while, it couldn't help but say,""I can give you something that might be of help to you."

"What is it?" Ye chen was slightly surprised.

"Stretch out your right hand."

Ye chen had no choice but to do as he was told.

As he stretched out his right hand, a vine extended from the five elements divine mountain and wrote a mysterious rune on his palm.

As soon as the rune was formed, it emitted beams of celestial light, as if it was the Qi of chaos.

"With this item, if the artifact Spirit is within a thousand miles of you, it will heat up and glow. This way, you can find the artifact Spirit faster," the five elements divine mountain said slowly.

"I understand." Ye Chen's eyes flickered.

"There's more,"

The five elements sacred mountain was crystal clear."According to what you said, the spirit embryo of this realm is probably a weapon, and its weapon spirit is most likely reincarnated into a human. You can focus your attention on the people in the secular world."

"If someone has the imprint of a World Spirit embryo on their arm, they must be the reincarnation of the artifact Spirit."

"I just need to find him and bring him to me. Then, I can restore him to his Artifact Spirit body and fuse with the world's spirit embryo."

### **Chapter 1692: Traces of the world's spirit embryo Artifact Spirit!**

No one knew what ye chen had said to the five elements divine mountain after he had entered the huge spatial Rift.

The only thing everyone knew was that ye chen had announced that he was in closed-door cultivation after he had walked out.

It was said that as the only hope of the earth, ye Tianjun must be trying to break through to a higher level to fight against the ancient immortal.

More people could not help but wonder if Ye Chen had suffered serious injuries after the great battle with the demon master and was only going into seclusion to recover from his injuries.

There were all sorts of opinions, but there was no concrete evidence, so the whole world fell silent for a while.

Behind this silence, countless people discovered that there was an extremely terrifying aura that was growing stronger by the day in the huge spatial Rift.

“The ancient celestial is growing rapidly!!!”

Someone seemed to have seen through everything and his face was filled with fear. “If he escapes after half a month, what would happen to this world?”

At the same time, the entire world’s situation underwent a very strange change. Of the original three alliances, the cultivation Alliance began to stir.

The cultivation Alliance knew that there was no hope in this world, so they moved as if they wanted to escape.

However, what made them feel despair was that a huge barrier had appeared outside the earth. This barrier was like a cage, preventing everyone from escaping.

“How did this happen?”

A Big Shot from the cultivation Alliance roared, “We’re not living beings of this world. Do you want us to be buried with this world?”

And it was under this undercurrent that two figures quietly walked through every corner of the world without anyone noticing.

Ten days later, in the strong void astral wind, two figures flitted past at high speed.

Old Ancestor Yellow Spring glanced at the mountains that were passing by quickly and couldn’t help but ask, Fellow Daoist Ye, we’ve searched almost every corner of this world for the past ten days, but we didn’t find anything. Could it be that the world Spirit embryo and Artifact Spirit of this world have long disappeared?”

“I don’t think so.”

Ye Chen shook his head slightly. “Since it’s an Artifact Spirit, it won’t disappear so easily. I have a feeling that it must exist in this world.”

He took a deep breath. His eyes were like lightning, as if they could see through everything.

“I’m just worried that it’s been ten days,”

“If we can’t find the artifact Spirit, you’ll be no match for the ancient immortal once he’s free,” old Ancestor Yellow Spring sighed.

“Fellow Daoist Ye, I have something to say, but I’m not sure if I should say it.”

“Speak,” he said. Ye Chen looked at him.

Old ancestor yellow spring took a deep breath and said, "If there's really no more hope in this world, why don't you take your loved ones and leave this world?"

"No matter how powerful that ancient immortal is, it won't be easy for him to hunt you down."

Ye chen was silent for a few seconds, then shook his head. "I know what I'm doing, you don't need to say anything more."

Old ancestor yellow spring seemed to have guessed his thoughts, so he could only sigh to himself.

He didn't belong to this world, so he didn't have a great sense of belonging to this world. The life and death of this world had nothing to do with him.

Furthermore, from the patriarch's point of view, the path of cultivation was destined to be short-lived and not disturbed by worldly affairs.

Ye chen looked up at the huge crack in the sky. He could vaguely feel that the energy inside was getting stronger and stronger.

The old ancestor's words did make sense.

However, ye chen could not do it.

If this world did not exist, ye chen would not have come to this world. At the very least, this world had his parents, relatives, friends, and even China.

He might be able to escape, but that would cause the billions of lives in China to die at the hands of the ancient immortal.

Moreover, he had seen too many loyal men, such as the four ancestors of sorcery, who had been asleep for countless years. They only had their own responsibilities.

The realm Guardian was just an emotionless immortal puppet. For the sake of this realm, she still gave him the remaining immortal Jade.

It could be said that he, ye chen, had carried too much on him. How could it be so easy to abandon him?

At this moment, the mysterious rune in his palm suddenly trembled.

Ye chen quickly looked and saw that the mysterious rune left on his palm by the five elements divine mountain was starting to turn red and hot.

"There's some movement!"

Old ancestor yellow spring was delighted and quickly looked around. "Could it be that the artifact spirit of the world Spirit embryo is near us?"

Ye chen glanced at the mountains beneath the two of them and could not help but think.

The next moment, he waved his sleeve and descended quickly.

Located in the West of China, in the territory of Xianyang, which was known as the ancient capital of the 13 dynasties, there was a village known as the longevity village.

The village was surrounded by mountains and flowing water. The terrain of the village had been known as the “eight-petal lotus flower” since ancient times. In recent years, the local tourism industry had been vigorously developed, causing the economy of the village to improve rapidly in just a few years.

In the eastern alley of Changshou village, there was a Tavern. The tavern was modeled after the ancient style. Whether it was the architecture or the facilities inside, they were all extremely retro.

As a result, many tourists came to visit, and the business was booming and overcrowded.

The sky was getting dark, and there was a long line of people waiting outside the wine shop, all of them waiting to go in and see the elegant style of the internet wine shop.

### **Chapter 1693: I didn't expect you to find out!**

“Number 376, please come in.”

The manservant standing at the door called out to the crowd with his phone.

As soon as he finished speaking, a young man in ordinary clothes led a young Man in Black forward and handed him a number plate.

“Let's go in.” The manservant checked the number plates and after making sure there were no mistakes, he gestured for the two to enter.

These two people were ye chen and old ancestor yellow spring.

As soon as the two of them entered, they found that the tavern was divided into three floors. The first and second floors were already full.

A young girl with a shy smile led the two of them to the third floor and arranged for them to sit by the window.

“Please wait a moment, the things you want will be arranged immediately.” The young girl was a little stunned by ye Chen's handsomeness and blushed as she spoke.

Ye chen nodded.

After the girl left, old ancestor yellow spring took a sip of tea.

While sizing up the entire Tavern, he said through divine sense,“Fellow Daoist ye, what are you doing here with the old ancestor? Don't tell the forefather that the artifact spirit of the world Spirit embryo is hidden here.”

“You'll know later.”

However, ye chen smiled mysteriously. Only then did he realize that the lights in the tavern were actually illuminated by retro lanterns.

The kitchen of this wine tavern seemed to be at the corner of the first floor. There were not many staff members in the wine tavern. Other than the young girl from before, there was only a hunchbacked old man.

“Cough, cough, cough ...”

From time to time, the coughs of the old man could be heard in the back kitchen of the wine tavern.

After ye Chen’s divine sense enveloped the area, he found that the young girl from before was helping a hunchbacked old man to sit down. He said with great heartache, “Grandpa, please rest for a while. Let me handle the rest.”

“Silly girl, Grandpa is fine.”

The hunchbacked old man smiled kindly, then got up and continued to busy himself in the kitchen.

Suddenly, the entire Tavern fell into darkness.

“Why did the lights turn off?”

“Boss, the lights are out.”

Suddenly, the entire Tavern was filled with a clamor. It was obvious that the other guests were complaining.

“Cough, cough, cough ...”

Accompanied by a series of coughs, the young girl walked out, holding the hunchbacked old man in her hand.

“Everyone, I’m sorry. There’s a power outage.”

The hunchbacked old man’s aged voice rang out, “Please wait for a moment. I’ll get Rui ‘er to buy some candles from next door. It’ll be ready soon.”

After saying that, the girl named Rui ‘er took out her phone and walked out of the store.

Everyone’s dissatisfaction was temporarily suppressed.

The hunchbacked old man slowly walked to the cabinet on the third floor and took out an oil lamp from somewhere.

However, other than kerosene, there was no fuse in the oil lamp.

The hunchbacked old man started to search again, as if he was looking for something that could be used to make lantern grass.

At this moment, a lighter suddenly reached out. “Old man, I have a fire. I can light this kerosene lamp for you.”

The hunchbacked old man looked up subconsciously and saw a young man in ordinary clothes looking at him with a smile.

“Cough, cough, cough ...”

The old man coughed a few more times, turned around, and shook his head. “This customer must be joking. This oil lamp doesn’t have any lamp grass, so how can it be lit?”

Ye Chen's face lit up with realization. "That's right. This oil lamp can't be lit without lantern grass. The old man is smart."

As soon as he finished speaking, he immediately said with a smile that was not a smile, "Since the old man is so quick-witted, then can you help this ye solve a doubt?"

"Please speak." The old man stopped in his tracks.

Ye Chen fixed his gaze on him. "We can find a way to get the lantern without its lantern grass. May I ask where we can find the Pangu axe without its Artifact Spirit?"

At that moment, the old man's body suddenly trembled, and his turbid eyes flashed with a sharp light.

The next moment!

He once again returned to his old appearance and walked down the stairs, trembling. He said to the guests, "I'm sorry, everyone. Today, my shop will not be doing business. Please come again another day."

As soon as he finished speaking, he immediately attracted the dissatisfaction of the crowd. "What? Not doing business anymore? What's he doing?"

"I said I'm not doing business, so what's with the nonsense?" Old ancestor yellow spring suddenly roared, his face filled with killing intent.

"Who Do You Think You Are?" someone was furious.

"Bang!"

Old ancestor yellow spring's palm turned into a huge hand and smacked the man to the ground.

Seeing this scene, everyone realized that he wasn't an easy person to deal with. Their expressions changed, and they could only curse a few times in their hearts before leaving in a hurry.

"Grandpa, I've bought the candles."

At the same time, a crisp voice rang out from outside. Then, the young girl from before came in with a large bag of candles, only to find that the guest in the room had long disappeared.

"Grandpa, why did they all leave?" The young girl frowned and asked in confusion.

"Rui'er, close the door." "We're not doing business today," the old man coughed.

"Why?"

The girl was even more confused, but the old man did not explain. After noticing Ye Chen and Old Ancestor Yellow Spring, the girl closed the door obediently.

"Bang!"

The moment the door was closed.

The old man then looked at Ye Chen, a trace of bitterness on his old face. "I didn't expect you to find out."

## Chapter 1694: The reincarnation of a World Spirit embryo and Artifact Spirit!

Late at night, the moon was shining brightly in the sky.

In the tavern, the candlelight flickered, and the atmosphere was a little strange.

Old ancestor yellow spring covered the entire Tavern with his divine sense and fixed his eyes on the hunchbacked old man. Are you the spirit of the Pangu axe?"

The sharp glint in his eyes caused the young girl beside the hunchbacked old man to turn pale.

"Who are you people?"

The young girl subconsciously stood in front of the hunchbacked old man and looked at ye chen and old ancestor yellow spring with great vigilance.

"Forefather, there's no need for this."

Ye chen shook his head slightly, signaling old ancestor yellow spring not to be rash. Then, he looked at the hunchbacked old man and said, "Do you want to have a chat?"

The hunchbacked old man nodded with a bitter expression and ordered, "Rui 'er, go and get some sauced beef."

However, the young girl did not move. She seemed worried about ye chen and su qianxun.

"Go, Grandpa will be fine." The hunchbacked old man consoled.

After the former entered the back kitchen, the hunchbacked old man asked ye chen and ye mo to sit down.

Ye chen poured her a bowl of wine and smiled. "I didn't expect you to be hiding here."

"Hehe ..."

The hunchbacked old man took a sip of wine, and his old face was flushed. "In fact, when I left the Pangu axe, I had already expected this day to come. I just didn't expect it to come so soon."

"Fast?"

Old ancestor yellow spring couldn't help but chuckle. "Old man, you've been hiding for tens of thousands of years. No one in the world is older than you."

The Pangu axe existed.

This meant that the creation of the world was not a rumor. In other words, when this world was born, the hunchbacked old man had already existed.

"How may I address you, Sir?" ye chen asked in a low voice.

"You can call me Gu nu," the hunchbacked old man sighed.

Ancient slave?

Ye Chen and Old Ancestor Yellow Spring could not help but look at each other. They saw a trace of confusion in each other's eyes.

The weapon spirit of the spirit embryo on earth actually had such a strange name.

Ye Chen furrowed his brows and looked at him. "Daoist Gu, do you know the current situation outside?"

"I know a little."

Gu Nu nodded slightly. In fact, he had been paying attention to this world for countless years.

Fortunately, he had lived a relatively peaceful life for thousands of years. However, ever since the sects from the outer realms descended on earth and the demon disaster broke out, he had been living in peace.

He knew very well that he would be exposed one day.

When he thought of this, he could not help but look at Ye Chen and say, "You must be the so-called Ye Nankuang, right? Of course, you can also call him Heavenly Lord Ye."

Ye Chen nodded. "Now that this world is in danger, I'm sure fellow Daoist Gu is well aware. Therefore, I hope you can take pity on the billions of living creatures in this world and help me."

After he finished speaking, he couldn't help but look at the former.

Even Old Ancestor Yellow Spring looked over.

In his opinion, the fellow in front of him was only an Artifact Spirit. If he did not agree, the two of them would tie him up and bring him back.

However, Gu Nu merely smiled and gave an irrelevant answer, "Do you know why that ancient immortal descended to earth?"

"Didn't he sneak into the lower realm and get injured? Wasn't he hunted down by the spiritual realm's powerhouses all the way here?" Ye Chen frowned slightly.

"Hehe."

"Did the so-called alien cultivator Qianqiu Wuhen and the Path Lord of Carnal Desires tell you this?" Gu Nu chuckled.

"Qianqiu Wuhen and the Path Lord of Carnal Desires were both implanted with the immortal slave seal by that ancient immortal. How can you believe their words?" he continued without waiting for Ye Chen to speak.

Ye Chen's eyes flickered when he heard this.

It had to be said that the former's words had enlightened him.

Since Qianqiu Wuhen had been bewitched by the ancient immortal, how could he know that what he had said to Ye Chen earlier was not the ancient immortal's intention?

Qianqiu wuhen and the path Lord of carnal desires would tell ye chen whatever the ancient immortal wanted him to know.

Even if it was a lie.

At the thought of this, he took a deep breath and said to Gu nu, "I wonder if Daoist Gu has any wise ideas?"

"I don't dare to accept your wise opinion. I'm just a loyal servant who has lived for a long time and witnessed many things in history."

Gu nu shook his head and then changed the topic, "I'm sure you're all familiar with the story of Pangu splitting the world apart, right?"

Ye chen nodded slightly.

"Then let me ask you again," Gu nu smiled. "Do you think this is true? do you think Pan Gu really exists?"

His words caused ye chen to fall into silence. When he noticed the profound expression on the former's face, his pupils could not help but shrink. "Does it really exist?"

Even in the immortal world, there were not many mighty people who could create a world. Moreover, the so-called worlds that they created were mostly grotto-heavens.

How could a mere heavenly passage world be compared to earth?

If this was true.

What kind of existence was Pangu?

As if sensing his confusion, Gu nu smiled and said, "In this world, there are the demon race, monster race, human race, immortal race and a hundred other races. We have neglected the other race known as the divine race."

"God race?" Ye Chen's eyes glowed.

This was not the first time he had heard of this term. He had first heard of it in the immortal world, where there were also historical remains.

Many peerless treasures and terrifying existences would be unearthed from these ruins.

### **Chapter 1695: How did you find out?**

Once, ye chen had found the skeleton of a giant in a historical site.

This giant was extremely huge. In terms of size, it was probably 10000 feet.

As soon as this discovery was made, ye chen had sealed it off. After that, he had checked it through various materials.

He knew that this giant was a member of the God clan, a mysterious clan.

Unfortunately, he had gained more information after the incident, so he had to order people to seal the giant's corpse.

On the contrary, old ancestor yellow spring looked confused. "God clan? The forefather has seen many things, but this is the first time I've heard of such a being."

Seeing his expression, Gu nu laughed lightly, "It seems you've heard of it."

"It's said that the Celestials are extremely mysterious. No one knows where their ancestral land is. They only know that the descendants of this race are born as innate divine beings."

Ye chen nodded to himself.

He couldn't help but think of the twelve ancestors of sorcery. It was said that the twelve ancestors of sorcery were formed from Pangu's blood essence after his death, and they were all innate divine beings.

"If the descendants of this race reach adulthood, they will have the ability to split the heavens and earth. They will be able to annihilate many star regions with a wave of their hands."

"The most special thing about the God clan is that each of their descendants can inherit the power of their ancestors. All of this is because of the divine spark."

Hearing this, ye chen was slightly stunned. "Divine spark?"

"Not bad!"

Gu nu nodded. "This divine spark is something that every member of the God clan cultivates. All the energy in their life is gathered in it. They can pass the divine spark to their descendants before they die."

In the end, he could not help but look at ye chen. "My master, Pan Gu, is a member of the God clan."

"As expected ..."

Ye Chen's heart trembled. 'No wonder Pangu is so capable. But where did his godhood go?'

"That's a good question,"

"The immortal soul that was suppressed also wants to know," Gu nu replied with a smile.

"BOOM!"

As soon as he finished speaking, ye chen felt as if countless Thunderbolts had struck his mind. He sat up in shock. "So, you're saying that it's a lie that this ancient immortal fled to earth with injuries, but the real reason is that he's here for the Pangu divinity?"

Gu nu laughed but did not say anything.

At the same time, the moment ye chen found Gu nu, in the huge crack in the sky, a five elements divine mountain that had been standing still for a long time suddenly trembled.

Then, it returned to silence.

.....

Half an hour later, at the entrance of the wine shop.

The young girl named Rui 'er was crying like a cat, she pulled on Gu nu's clothes and said, "Grandpa, when are you coming back? Will you not want Rui 'er anymore?"

"Silly child ..."

Gu nu patted her head emotionally, "Grandpa will be back soon. You have to guard this shop for me."

"Yes, yes, grandfather. Don't worry. Rui 'er will be obedient and won't be mischievous and lazy anymore." The little girl was in tears.

Gu nu took one last look at the century-old wine tavern and the familiar streets, and a hint of regret flashed through his eyes.

"Let's go!"

He turned around and said to ye chen.

Ye chen glanced at Rui 'er who was trying to catch up. With a wave of his sleeve, he disappeared with Gu nu.

"Grandfather, don't leave Rui 'er behind ..."

A heart-wrenching cry came from the ground.

In the air, ye chen glanced at Gu nu. "Don't worry. After this, I will take good care of this girl for you."

"Many thanks."

"This girl has been a friend since she was a child, and I've taken her in. She's very filial," Gu nu said with gratitude.

The group of people flew across the sky at an extremely fast speed, heading towards the huge void in the sky.

At the same time, countless figures flew over to meet him, revealing the faces of su Yuhan, the four ancestors of sorcery, and the others.

Su Yuhan looked at ye chen in surprise. "Xiao Chen, you found it?"

Ye chen nodded and said to everyone, "Everyone, you can wait for me on the ground."

In front of everyone's eyes, he plunged into the huge crack that was as big as a heavenly River.

The five elements divine mountain stood tall.

Ye chen appeared in front of him alone.

"Boom ..."

As the five elements sacred mountain trembled slightly, an extremely majestic voice was heard from within. "How is it? Have you found the world Spirit embryo Artifact Spirit?"

"I didn't fail you."

Ye chen smiled.

“Very good,” he said.

The five elements sacred mountain was shaking more and more frequently. “Very good. That ancient immortal will break free in three days. You being able to return in advance can be considered as a great hope for this world.”

“As long as I let the artifact Spirit return to the world Spirit embryo, I can let you obtain the world Spirit embryo and fight with that ancient immortal.”

“Give me the artifact Spirit.”

The voice of the five elements divine mountain was extremely excited.

“Sure.”

Ye chen waved his sleeve and Gu nu appeared in front of him. He pointed at the latter. “This person is the reincarnation of the world Spirit embryo and Artifact Spirit.”

The world suddenly fell into a deathly silence.

The five elements divine mountain fell silent. After a long while, it spoke again, “How did you find out?”

If one were to listen carefully, this voice was not as majestic and Holy as before. Instead, there was an additional trace of anger from embarrassment.

Ye chen waved his hand and the ancient slave in front of him turned into a strand of hair.

Then, he looked at the five elements sacred mountain and said, “you’re too impatient. You’ve exposed too many problems. I believe that as long as you’re not a fool, you’ll be able to notice that something’s wrong.”

### **Chapter 1696: The sincerity of the ancient Immortals!**

The five elements sacred mountain trembled and was on the verge of collapse.

Ye chen stood with his hands behind his back and looked at it quietly. “From the moment you were born, I knew there was something wrong with you.”

“Why?” The five elements divine mountain trembled.

“It’s simple.”

Ye chen smiled. “The real five elements divine mountain must have been left behind by Emperor Xuanyuan. If even he doesn’t know where the Pangu Axe’s Artifact Spirit is, how can you carve a talisman on my palm?”

“This is the first reason!”

Ye chen continued, "I've been suspicious of you since then. When I used your mysterious talisman and found the reincarnation of the Pangu Axe's Artifact Spirit, I concluded that there was something wrong with you."

"What else?" The five elements divine mountain seemed to be roaring.

"Also, when the Pangu axe spirit was reincarnated and brought here, you were too agitated. The price of your agitation was a faint hint of hostility ..." Ye chen said.

Void fell into silence as he spoke.

After a moment, the five elements divine mountain laughed out of extreme anger. "I didn't expect you to be so intelligent, but so what? In the end, this is just an idea I came up with on the spot."

"Boom boom boom!"

The five elements divine mountain started to shake violently.

A figure slowly walked out of the five elements divine mountain, and the figure was no longer in a sorry state.

The figure looked extremely old, but in ye Chen's eyes, the Golden divine flames around his body were like a sun.

"I'm very curious. Where did the real mountain spirit of the five elements sacred mountain go?" ye chen asked with narrowed eyes.

"Naturally, it was devoured by me."

The old man smiled slightly. Not a single bit of energy leaked out of his body, but he gave ye chen an extremely dangerous feeling.

"When I was heavily injured, Emperor Xuanyuan sealed me under the five elements immortal mountain and set up many runes and immortal formations. Additionally, he assigned an immortal puppet to guard this place."

When the old man was less than two steps away from ye chen, he suddenly waved his sleeve and the scene in front of him changed. A table appeared.

He waved his sleeve again and a pot of wine appeared on the table. He sat down and filled ye Chen's Cup with a smile. "What a pity! What a pity that Emperor Xuanyuan overestimated me. The moment I was suppressed, he tore two immortal's spiritual senses and arranged two pawns for me."

"So, you planted the immortal slave seal on qianqiu wuhen and the path Lord of carnal desires at that time?" ye Chen's eyes narrowed.

"Naturally!"

The old man replied with a faint smile, "after that, Emperor Xuanyuan thought he was safe and sound. He even entered the heavenly road. I've been lying low for so many years just for today."

"Otherwise ..."

However, ye chen shook his head. "Emperor Xuanyuan, you've overlooked the most important point. You didn't escape to this world because you were seriously injured. You're here for the Pangu celestial race's divinity."

At that moment, the old man's eyes burst with a dazzling divine light, almost blinding ye chen.

However, this divine light quickly dissipated, and he returned to normal. "Hehe, I didn't expect you to even discover this ancient secret. You're quite extraordinary."

"Since that's the case, I'll get straight to the point."

"Hand over the Pangu axe spirit to me," said the old man, fixing his eyes on him. "I can spare the lives of all living beings in this world, and I swear to leave this world and never come back."

"Of course, you have a better choice."

Without waiting for ye Chen's reply, he continued, "second, hand over the Pangu Axe's Artifact Spirit to me. I can take you in as an in-name disciple and teach you divine powers and immortal Arts. I guarantee that you'll be ranked among the immortals one day. What do you think?"

It had to be said that both of his conditions were extremely tempting, especially the second one. If it was someone else, they would definitely not be able to resist.

However, ye chen shook his head.

"You don't want to?"

The old man's expression gradually darkened. Golden divine flames danced around his body, as if they contained a storm that would shake the world.

"I don't believe you."

Ye chen shook his head slightly. "Your nonsense can only fool ordinary people but not me. I'll give you a chance too. If you leave this world now, I won't do anything."

"What big words!"

The old man laughed in anger. "Young man, you have to think before you do anything. There is no medicine for regret in this world. Every wrong step you take will cost you a price you can't afford."

"Are you threatening me?" Ye Chen's eyes turned cold.

"So what if I'm threatening you?"

The old man suddenly opened his mouth, which then turned into a terrifying vortex that devoured everything.

Then, on the ground closest to him, hundreds of people were swept up and entered his mouth, completely disappearing.

There were even cultivators with high cultivation levels among them.

Man-eating!

This banner was devouring the people of this world right in front of ye chen!

“How dare you!”

Ye chen kept pointing at him, and then his figure shuttled forward quickly. An invisible killing intent swept across the wilderness. “Come and accept your death!”

This time, he was truly enraged.

After the old man finished his tea, he disappeared from where he was and reappeared in front of ye chen, who was thousands of miles away.

“You’re just a Dao integration stage late-stage cultivator who hasn’t even stepped into the crossing calamity stage. Do you really think you can fight me?”

### **Chapter 1697: Earth’s great enemy!**

The old man stood with his hands behind his back and a cold smile on his face. “Besides, I was injured back then. Even qianqiu wuhen and the other spiritual realm bosses couldn’t kill me. Do you think you can?”

“Hand over your life!!!”

Ye chen shouted. He took a step forward, and the world shook.

He had to defeat this ancient celestial!

For his parents, for Yuhan, for his child, and for the billions of living beings in this world!

Almost at the same time, old ancestor yellow spring, su Yuhan, and many other cultivators on the ground sensed this scene on a whim.

“Little Chen?”

“Ye Tianjun!”

Then, countless figures came from all corners of the world and stood in the distance to size up ye chen and the ancient celestial.

“Who is he? It’s so powerful!”

“My God! I feel like I’m going to suffocate to death in front of him. He’s a terrifying existence, even stronger than ye Tianjun!”

“Ancient celestial! He must be that ancient celestial!”

It was unknown who had shouted hysterically, but it shocked everyone. Then, their faces were filled with fear and despair.

The Earth’s greatest enemy, the ancient Immortals, had actually appeared!

“We’re finished!”

At that moment, there was only despair in many people's hearts.

Seeing that su Yuhan seemed to want to come over and help him, ye chen could not help but roar,""Yuhan, tell everyone to back off. I'm here!"

This ancient immortal could eat people.

If he made another move, ye chen could not guarantee that he would be able to save everyone.

"No!"

Su Yuhan's expression was determined; she took; step forward and stood side by side with ye chen, gritting her teeth;"I want to fight alongside you!!!"

"Well said, there's still us!"

In the next moment, old ancestor yellow spring, Yang Tian, the four great ancestors of sorcery, and other top-tier combat forces on earth all stood beside ye chen.

They knew very well that in the face of such a powerful enemy, if ye chen was not a match for him, they would not be able to escape death even if they fled to the ends of the earth.

Since that was the case, why not stay and fight to the death with the other party?

"An ant trying to shake a tree, overestimating its own strength!"

The old man sneered. The coldness in his eyes was like the nine netherworlds, as if he was looking at a few weak ants!

"Kill!!!"

Ye chen and Yang Tian let out a long cry, then waved their sleeves. When su Yuhan and the others were not paying attention, they were all sent flying.

"Little Chen!"

"Ye Tianjun!"

Everyone shed tears of sorrow.

Ye chen acted as if he did not hear the voice. He looked at the old man calmly."The next battle will be between you and me!"

"Kill!!!"

Ye chen let out a soft cry. The sound was like the cry of a sword, causing the entire world to shake.

He activated all the vital essence in his body and pushed it to the extreme to launch the most terrifying attack.

It was such a stunning strike that lit up the past and the future, piercing through the sky!

"BOOM!"

Then, a golden flood Dragon roared in front of him, as if it was sweeping the sky in anger, and then ruthlessly charged at the old man.

“The Xuanyuan sword?”

The old man calmly walked forward. “If Emperor Xuanyuan was still alive and had this weapon, I might be a bit afraid of it!”

“Unfortunately, you can’t!”

At the same time, he gently lifted his finger and pointed at the sword light of the Xuanyuan sword.

His thumb was like a mountain as it struck the Xuanyuan sword’s blade. A terrifying destructive force immediately surged toward ye chen through the sword.

Ye Chen’s arm trembled and he could no longer hold the Xuanyuan sword, causing it to fly out of his hand.

“Ye Tianjun!”

Seeing this, everyone’s expression changed.

“Star sword slash!”

Ye chen gripped the Xuanyuan sword that had returned to his hand tightly and released the highest sword intent he had mastered.

“Swish!”

In front of him, a monstrous sword essence filled the sky, and a sword light cut through the universe, releasing a power that could make the world pale.

“What a strong sword intent!”

The old man was also shocked, and his pupils shrank violently. He seemed to be amazed. “I can’t believe that a Dao integration stage super mighty figure like you is able to unleash a sword strike with power close to that of an immortal.”

“But it’s still not enough!”

He shook his head again and pointed at ye chen again.

“Crack!”

A crack appeared on the Xuanyuan sword’s blade. Even ye chen could not withstand it. His body was sent flying like a meteor.

With just two fingers, the ancient immortal had defeated ye chen.

At that moment, everyone looked at the scene in despair.

The number one person on earth in their eyes had been defeated!

And he was defeated so quickly!

“It’s over, it’s over, my earth is completely finished.”

Countless people vomited blood and pounded their chests.

“Little Chen!”

“Old ye!”

Su Yuhan, Yang Tian, and the others shouted.

“Hahaha!”

The old man stood proudly in the air like a god, his aura shocking everything.””The so-called number one person on earth is nothing more than this!”

“This is the difference between immortal and mortal!”

“In my eyes, you are still ants!”

As soon as he finished speaking, there was a loud explosion in the void. Then, a figure that looked like a Demon Lord descended.

“It’s too early for you to be happy!”

Ye chen wiped the blood from the corner of his mouth and looked at him with cold eyes.”The battle between us has only just begun.”

“You actually withstood my heaven seizing seven fingers!”

The old man’s expression finally changed.””How is this possible?!!”

### **Chapter 1698: The ten directional heaven imprisoning finger!**

“Ye Tianjun didn’t die?!!”

“The heavens have blessed earth!”

The moment they saw ye chen appear again, the people who had been so desperate could not help but cry with joy.

It could be said that ye chen was the hope of the entire earth.

If he was defeated, the entire earth would be finished.

This was because the ancient immortal was simply too powerful.

The ancient immortal’s eyes were fixed on ye chen.

Ye chen had not died under his Seven Heaven seizing fingers.

The so-called seven fingers of heaven snatching!

It was a technique from the immortal world, and every form of this technique had the magical effect of seizing the Fortune of heaven and earth.

Even though this ancient immortal was no longer at his peak, even an ordinary tribulation passing stage cultivator would not be able to withstand it.

However, ye chen managed to withstand it.

How could he not be shocked?

“Heaven seizing seven fingers?”

Ye chen wiped the blood from the corner of his mouth and looked at him with a cold expression. “The sky and the earth belong to us. What are you going to use to take them?!!”

“Kill!!!”

After saying that, he once again attacked the ancient immortal with all his might.

“Boom boom boom!”

The sky was howling and the earth was roaring. It was as if the world was going to turn upside down. It was as if the earth had returned to the ancient times when humans and gods stood together and the demon race was the king.

The sky cracked open and Heavenly Thunder rumbled. A terrifying energy spread to the ground as ye chen and the ancient immortal fought.

Billions of living beings could not resist and bowed to the ground.

“BOOM!”

There was another earth-shaking and terrifying sound, and countless large cracks burst out in the void. A terrible space storm spewed out from it.

In just a few short breaths, ye chen and the ancient immortal had engaged in a fierce battle in the depths of the sky no less than a hundred times. The fluctuations they caused were no different from the end of the world.

Ye Chen’s Black hair fluttered in the wind. He formed a seal with his hands, one pointing to the sky and the other pointing to the ground. Then, he slowly closed his hands. There was actually the power of the stars in his palms.

“BOOM!”

With a loud bang, a power that seemed to destroy the stars erupted from his hand.

At the same time, an extremely cold voice came out of his mouth, “Ten directional heaven imprisoning finger!”

“Whoosh!”

At that moment, the entire sky seemed to have been flipped over, and the sky darkened at a speed visible to the naked eye.

Ye chen stood in the void, the River of Stars behind him flowing backward like a god.

“This ... This is a forced change in the weather!”

Someone gasped and said in shock, “This is no longer a level that can be achieved by human strength!”

“This spell doesn’t belong to the mortal world!”

Old ancestor yellow spring’s pupils shrank as he concluded.

Under everyone’s gaze, the space began to fluctuate rapidly, as if it had turned into a huge cage. With the ancient immortal as the center, it quickly covered him.

“Such a powerful technique. That ancient immortal shouldn’t be able to do anything to it, right?”

Someone mumbled subconsciously.

“Eh?”

The old man was slightly surprised, and a golden light flashed in his eyes. “It’s actually a high-grade Immortal Technique. You’re just an ant from the lower realm, but you can actually use a high-grade Immortal Technique. No wonder you have such strength. ”

“Unfortunately, your cultivation stage is not high enough. Even if you forcibly display a high-grade celestial technique, you can’t do anything to me!”

After saying that, he raised his finger again and pointed at the space cage that was closing in from all directions.

“BOOM!”

In an instant, there was a terrifying sound of collapse in the void, and countless voids were forcibly shattered.

“The immortal Technique is not bad, but the person’s realm is too low ...”

The old man pointed at ye chen again.

“Pfft!”

Ye chen could not hold it in any longer. He spat out a pool of bright red blood from his mouth. The Golden-red blood flowed down his chin and soaked his clothes.

His aura had also become much more dispirited.

He had to admit that the enemy he had encountered this time was the most powerful one he had encountered since he returned to earth.

His opponent was an ancient immortal. Even though he was only a golden immortal at his peak, it wasn’t as if his body had been destroyed. His spiritual power had also been cultivated from scratch.

Seeing this, everyone’s hearts sank.

Someone couldn't help but cry.

Could it be that the earth was really doomed?

The old man took a step forward and stared at ye chen who was in the air. "Surrender. Only by submitting to this immortal can you live."

"For the sake of your talent, I'll keep my previous conditions. As long as you hand over the reincarnation of the weapon spirit of the Pangu axe, I can spare your life, as well as the lives of all living beings in this world."

Hearing this, ye chen was silent.

Someone on the ground couldn't help but shed tears. "Ye Tianjun, just give it to him. Don't try to resist. You're no match for him."

"Xiao Chen, don't continue fighting."

Ye Chen's parents almost cried their eyes out. "You'll die if you keep fighting."

"Did you hear that?"

The old man looked at ye chen and continued, "everyone doesn't want you to continue fighting. Many of them don't want to die with you."

"Since that's the case, why do you still insist on holding on?"

"Hahaha!"

Suddenly, ye chen burst out in wild laughter.

"What are you laughing at?" the old man's face turned cold.

"I'm laughing at you for being too arrogant!"

Ye chen looked at him with a pale face and a cold smile on his lips. "From the beginning to the end, did you not realize anything?"

As soon as these words came out, the old man was stunned at first, and then his expression suddenly changed. "The Pangu axe! Your real target is the Pangu axe?"

### **Chapter 1699: The might of the Pangu axe!**

"Not bad!"

Ye chen slowly stood up and looked at him with a cold smile. "If I really had the ability to fight you, why would I bother to find the weapon spirit of the Pangu axe?"

"In the end, only the Pangu axe can help me kill you, right?"

After he finished speaking, the space behind him suddenly distorted, and a black figure slowly walked out.

The black figure was dressed in a Black Dragon robe, like the descent of the devil ancestor. If one looked closely, one would find that he was eating a giant Golden Axe in his hand.

The giant axe glowed with divine light, making it impossible to look at it directly. It was as if it was facing a Hundred Suns at the same time.

“Pangu axe!”

The old man’s expression finally changed.

The judge held the Pangu axe and looked at ye chen with a complicated expression. “Ye chen, I’m glad I didn’t fail you!”

He had seen ye Chen’s battle with the ancient immortal. He had to admit that even he was inferior.

“Many thanks!”

Ye chen nodded slightly and took the Pangu axe. At first, it felt like he was carrying a hundred mountains, but then the weight was reduced.

“The turbulence in this realm is too great. The Pangu axe consumed a lot of its essence to stabilize this realm. This ancient immortal’s cultivation is only at the great vehicle stage. I can’t kill him with my current strength!”

Gu nu, who had already entered the Pangu axe, said, “I’ll still need the help of the divine item in your body.”

“You mean the immortal flying knife?” Ye Chen’s eyes flashed.

“Not bad!”

“I can sense that the divine item in your body is extraordinary, even more so than mine. It’s a pity that it seems to be damaged and can’t use its full power!” Gu nu said.

“I know what to do!”

Ye Chen’s lips moved slightly. “You just need to do your best. Leave the rest to me!”

“Yes!”

“Swish!”

The next moment, ye chen held the Pangu axe in his hand.

The axe struck out!

“Huala ...”

Suddenly, heaven and earth were completely separated, and the whole world seemed to have fallen into endless darkness.

At that moment, what everyone could see was a thin line as bright as lightning. That thin line was extremely gorgeous!

The Pangu axe was the spirit embryo of the earth, and as a weapon of Pangu, its power was beyond doubt.

If it fully awakens, it can split the heavens and earth with one strike, and can even cut down the sun, moon, and stars!

In an instant, billions of golden light rays drowned the endless darkness. They were like divine light, dazzling and dazzling.

At the same time, as ye chen swung his axe, the ancient immortal's expression finally changed.

"Immortal celestial body!"

The ancient immortal roared, and thousands of streams of light bloomed from his body, enveloping him like a huge cocoon.

Immortal celestial body!

This was the innate divine ability of ancient Immortals!

It was also a life-saving magical power!

Any ancient immortal only had one chance to use it in their lifetime. Other than them, no immortal who had ascended from the lower realm, regardless of their cultivation level, had such talent.

Even ye chen was no exception.

"Bang!"

The world seemed to have exploded, and the ground was shaking as if it would collapse at any time.

At this moment, everyone was in despair.

The power of despair.

"Ah!"

"Die!" The old man shouted, and the thousands of streams of light that wrapped around his body instantly collapsed. The remaining Thunderbolts did not lose their momentum and directly split his body in half.

The world returned to peace.

After an unknown amount of time, someone finally recovered from the previous shocking scene and stuttered, "You ... Won? We won?"

"Little Chen?!"

When su Yuhan and the others woke up, their first reaction was to look for ye chen.

They heaved a sigh of relief when they saw the familiar figure in the sky.

"We won, we won!"

"The heavens have blessed earth!"

“Ye Tianjun, you’re so powerful!”

In an instant, deafening cheers burst out between heaven and earth, as if they had just survived a disaster.

“Little Chen!”

Su Yuhan cried tears of joy and subconsciously wanted to hug ye chen.

“Don’t come over!”

However, at that moment, ye chen suddenly shouted.

The next moment!

Before anyone could react, ye Chen’s body was rising rapidly as if something was supporting him.

After seeing the thing under him.

The world instantly fell into a deathly silence.

It was like a mountain!

Some people were shocked to discover that it was a silver-white creature. Its entire body was wrapped in chaotic Qi, and it had a pair of white bone wings on its back.

The reason why it was said to be like a mountain!

It was because its body was too huge. On its body, demonic Qi mixed with corpse Qi rolled around, as if a hell was about to be born.

“What ... What’s that?!!”

Everyone trembled at the sight before them.

Suddenly, someone said in a trembling voice,“”This ... This is the body of the ancient celestial. It ... Its body is demonized ...”

The person who had spoken was the Golden ape!

Because he had once followed the realm Guardian, the way of nature. In order to free the ancient immortal, Emperor Xuanyuan deliberately separated the immortal soul and the immortal body to suppress them separately.

The one ye chen had killed earlier was merely an existence manifested after the ancient immortal’s immortal soul had devoured the mountain spirit of the five elements sacred mountain!

### **Chapter 1700: The true power of the immortal Flying Dagger!**

“Boom boom boom!”

A terrifying storm of energy swept through the world.

At this moment, everyone's eyes were fixed on the mountain-like giant in the void.

The silver-white creature was surrounded by black and white Qi, and there was a pair of black and white wings on its back.

"A demonized ancient immortal's immortal body?"

Ye Chen's expression finally darkened to the extreme when he felt the monstrous killing intent from the former.

He didn't expect that this ancient immortal's immortal body could actually be demonized.

Now, it seemed a little tricky.

"Hehe ..."

The demonized ancient immortal's immortal body stood in the air, a pair of lantern-like hair looking down at ye chen."Are you surprised?"

He had a half-smile on his face."How do you think the devil disaster broke out? Why do you think the world barrier of this realm shattered?"

"Is it because of you?" Ye Chen's eyes were cold.

"So what if it's me?"

The demonized ancient immortal sneered,""I've already expected this to happen when little Xuanyuan separated my soul from my corpse. That's why I ordered qianqiu wuhen and the path Lord of carnal desires to break through the barrier of this world and draw in the demonic Qi."

"The ultimate goal is to cultivate My Immortal body."

"I can't go back to the immortal world. Since that's the case, why don't I turn into a devil and go to the devil World in the future?"

His voice was like the roar of a giant beast in the ancient starry sky, causing everyone's scalps to go numb.

"I'd like to see what other tricks you have up your sleeve this time!"

As soon as he finished speaking, he suddenly stepped forward and roared. Like a Taotie, he charged toward ye chen to suppress him.

"Ye Tianjun!"

At that moment, everyone's breathing stopped.

Could ye chen still bring hope?

"I can't help you anymore!"

Meanwhile, linggu nu, the Pangu axe held in his hand, sighed and said,""That attack just now has almost exhausted all my Origin Energy."

“Is there really no hope?”

Ye Chen’s eyes flickered, then he slowly said, “Otherwise!”

The next moment!

In his hand, there was an object that was like the essence core of the sun. “Supreme grade celestial Jade, melt for me!”

This was the only energy source that supported the realm Guardian’s immortal puppet, the Supreme-grade immortal Jade. It was also given to him by the realm Guardian before he died.

When he was in seclusion, he had devoured all the other immortal jades, leaving only this Supreme-grade immortal Jade.

At that time, ye chen knew very well that the gap between the Dao integration stage and the crossing calamity stage was extremely huge and could not be filled with a piece of Supreme-grade immortal Jade.

In addition, once he stepped into the Tribulation stage, he would definitely attract the 6-in-9 Heavenly Tribulation, which would bring about many disasters and karma.

Only then did he forcefully suppress the thought of devouring this piece of Supreme-grade immortal Jade.

And it was all for this very moment!

He murmured, “immortal slaying!!!”

“BOOM!”

In the next moment, as the Supreme-grade immortal Jade melted rapidly, a terrifying storm surged from the top of his head, faintly forming a peerless Saber Light.

“Immortal slaying!!!”

When the word “immortal” fell, a shocking Saber Light suddenly broke through the sky and appeared in front of the ancient immortal’s demonized immortal body in an instant.

This was a terrifying pressure and power that caused the color of heaven and earth, the sun and moon to lose their light, and could kill everything!

“What is this?”

The ancient immortal’s demonized immortal body was instantly shocked. The blade light was simply too fast, and it made him feel a hint of danger.

After absorbing the Supreme-grade immortal Jade, the immortal slaying Flying Dagger finally burst out one percent of its peak power.

Even though it was only one percent, it still made the ancient immortal’s demonized immortal body tremble.

“This ... This is a origin immortal weapon?!!”

The ancient immortal's demonized immortal body sucked in a breath of cold air. His face was filled with horror, and then he frantically moved his body in an attempt to avoid this fatal attack.

However, its body was really too big, and the speed of the immortal flying knife was unparalleled.

"You actually have a origin immortal weapon!"

"You ... Who are you?!!"

The demonized ancient immortal's immortal body screamed and roared. He was extremely frightened and felt that he didn't dare to resist this aura.

The so-called origin immortal weapon!

In the immortal world, there were only a handful of people who had it, and these people were all unparalleled immortal kings or immortal emperors from the nine Heavens.

"Ah!"

In an instant, his entire physical body was wrapped in a hundred thousand saber rays as he let out a loud cry.

His body was rapidly splitting apart, as if it was about to disintegrate.

Even though his physical body was an immortal body, the immortal flying knife just happened to break the immortal body. This was a confrontation of laws and a crushing of power.

He could not escape or resist.

"Le...Let me go!"

The devilified ancient immortal hurriedly cried out in horror, "I'm willing to swear on my Dao heart that as long as you let me go, I'll immediately leave this world and never come back!"

At this moment, he finally felt the breath of death.

Even Emperor Xuanyuan couldn't give him such a feeling.

"Slash!!!"

Ye Chen's eyes were cold and his voice was like thunder.

"Crack!!!"

The demonized ancient immortal's immortal body began to collapse like a mirror that had been shattered. More and more cracks appeared.

"No..."

It screamed madly, its face filled with fear, shock, helplessness, grief, and despair.

"I'm not willing!"
