

Genius 1701

Chapter 1701

Wan Yongfeng Wan Gongzi was all wide-eyed.

“Is it that urgent?”

“What happens if it takes more than five seconds?”

Wan Yongfeng exclaimed.

Lin Mo: “If the needle can be placed within five seconds, then Wan Lao will be able to recover completely within a week.”

“If it takes more than five seconds, he’ll have to wait a month to heal!”

Several members of the Wan family breathed a sigh of relief, they were expecting some kind of accident to occur if they exceeded five seconds.

Elder Wan said, “Doctor Lin, you don’t need to be stressed.”

“I’ve been injured for over a year now, I don’t care whether I recover in a week or a month.”

“To recover is lucky for me!”

Lin Mo smiled, “Since I promised to help you, I will definitely do my best.”

“Miss Wan, put your hand in this position, don’t move!”

Duke Wan nodded obediently.

Lin Mo grasped the eight silver needles with both hands and his eyes became serious. He took a deep breath and suddenly struck out, stabbing each of the eight silver needles, into the eight acupuncture points on Master Wan’s chest.

Next to him, Wan Yongfeng watched with wide eyes, as Lin Mo’s speed in placing the needles was extremely fast, simply giving him a feeling of dazzlement.

Moreover, he could see very clearly that Lin Mo’s eight needles were stuck in the correct acupuncture points, without the slightest mistake.

Wan Yongfeng couldn’t help but be shocked, this needle placement technique alone was not comparable to that of ordinary divine doctors!

After the eight needles had fallen, Lin Mo immediately raised his hand and removed all five silver needles from Duke Wan’s hand.

These five silver needles were precisely placed in the five acupuncture points near Master Wan’s abdomen.

Duke Wan’s breathing stalled, his eyes only seeing Lin Mo’s rapid needle dropping movements.

In almost an instant, all five needles fell down.

Only at this moment did Lin Mo let out a long breath, "It's done!"

Master Wan Yongfeng Wan was all shocked.

Just now, these five needles had all gone in within about three seconds.

Lin Mo's technique was too divine, right?

For her part, Duke Wan was overjoyed and clapped her hands happily, "Brother Lin, that's great!"

Seeing this look on Duke Wan's face, Wan Yongfeng and Elder Wan could not help but glance at each other, both of them having more smiles in their eyes.

Especially Wan Yongfeng, the way he looked at Lin Mo was also much softer.

This daughter of his had always treated herself as a boy since she was young, and had always yelled that she would never marry anyone in her life.

For so many years, he had a lot of headaches over this matter.

He often found some young talents to come to the house, trying to impress Wan Gongzi.

But after all these years, there was not a single man who could make her look at him.

He once doubted that he, his daughter, would never like any man in her life!

But now, seeing the way the Duke of Wan looked at Lin Mo, his heart was much more at ease.

It wasn't that she wouldn't like any man, it was just that she hadn't yet met the man who could make her like him!

Wan Yongfeng smiled, "Divine Doctor Lin, is this even a cure?"

Lin Mo shook his head, "Of course not, the bruises haven't been drained yet."

"You go and find a basin."

Wan Yongfeng immediately ran out, and before long, brought over a basin.

And at that moment, Master Wan said, "Doctor Lin, why does my stomach itch a little?"

Lin Mo: "Itchy is right."

Saying that, he lifted up Master Wan's clothes to reveal his belly.

When Wan Yongfeng next to him took a look, he couldn't help but exclaim: "What's going on with this?"

Duke Wan could also see really well, on Master Wan's belly, a bulge roughly the size of a quail's egg now appeared.

This bulge was still different from a normal lump, this bulge was blood red and looked as if it was covered in a ball of blood.

Lin Mo pointed at the bulge, "This is the bruised blood in your body."

Chapter 1702

Hearing this, several members of the Vanguard family were confused.

"This is bruised blood?"

Wan Yongfeng was full of amazement, the bruised blood just came out?

Previously, those divine doctors, with all their methods, had not been able to drain this bruised blood in the slightest.

This time, Lin Mo had squeezed all the blood into this position?

Lin Mo nodded his head: "That's right."

"When I placed the needles just now, I did not cure the disease, but rather urged the internal energy within Elder Wan's body."

"This blocked blood was pushed to this location by his internal force."

Wan Yongfeng looked at Elder Wan, who nodded, "I feel the internal force moving."

Wan Yongfeng was even more shocked, this technique of Lin Mo's was too divine, right?

Duke Wan: "So what now?"

Lin Mo: "Just pierce this bulge and drain the bruised blood out."

Wan Yongfeng's eyes widened, "Huh?"

Lin Mo gave him a look, "What's wrong with that?"

Wan Yongfeng: "No, is this so simple?"

"Divine Doctor Lin, I my father has been sick for over a year ah"

Lin Mo: "The thing about medical skills like this is not how long you've been sick, or whether your illness is serious, the most crucial thing is whether you can treat the right symptoms."

"What's wrong with being sick for over a year?"

Master Wan nodded, "Divine Doctor Lin is right."

"When a doctor treats a disease, treating the right symptoms is the most crucial."

Wan Yongfeng: "Uh, I I just can't believe it a bit."

"Divine Doctor Lin, so then let's puncture this bulge now?"

Lin Mo nodded, and he lifted that basin up and aimed it at the location of the bulge.

Then, he took out a relatively thick silver needle and slowly picked this bulge through.

The moment the bulge broke off, a stream of bruised blood shot straight out, smashing a hole in that basin.

Wan Yongfeng's eyes widened, "How could this happen?"

Lin Mo: "Wan Lao's internal force is pushing behind it."

Wan Yongfeng was suddenly enlightened.

Not long after, the bruises were all drained.

Lin Mo pulled off all those silver needles from Wan Lao's body.

"It's done."

"Wan Lao, you can try it out and see how the internal energy works."

Lin Mo said.

Wan Lao had a surprised look on his face, "This is fine?"

"I haven't dared to move my internal energy for the past year."

Lin Mo laughed, "Just try it and you'll see."

Wan Lao also said no more and silently used his inner strength.

After a few moments, Wan Lao immediately opened his eyes in surprise, "It's really better."

"I my internal energy, there is no more bruising."

Hearing this, several members of the Wan family immediately shouted out in joy.

Wan Yongfeng even said excitedly, "Divine Doctor Lin, thank you so much, thank you so much!"

"You have really helped our Wan Family a lot!"

Duke Wan also looked at Lin Mo and said sincerely, "Brother Lin, thank you!"

Lin Mo nodded with a light smile, "No need to be polite!"

"Right, I'll write a prescription, you take this prescription and decoct the medicine for the old man."

"Within a week, old man Wan will be able to heal."

"Moreover, the strength will definitely be able to return to its peak state!"

Wan Yongfeng was even more surprised to the extreme.

One had to know that not only was Old Master Wan the most prestigious person in the Wan Family, but most crucially, he was also the strongest person in the Wan Family.

Although he had been injured by Hundred Victory Blade King Zhang Bailing, it did not mean that he was weak.

On the contrary, none of those who could become the Six Kings of the World were weak, they were all at the Patriarch level!

The fact that Old Master Wan fought against the Hundred Victory Blade King and managed to return to the Wan family despite being wounded is a testament to his strength.

If he could regain his peak strength, then the Wan family's position among the top ten families in China would be secure!

Lin Mo brought a pen and paper and wrote down a prescription with a swish of his pen.

He handed the prescription to Duke Wan and instructed her on how to decoct the medicine.

With the prescription in hand, Duke Wan listened carefully to Lin Mo's instructions and looked at him with eyes that were always shining.

Chapter 1703

After the news of Wan Lao's recovery spread out, the Wan Family's people immediately perked up.

Seventh Uncle and the others were still in the middle of the Wan family compound, and when they heard that Wan Lao had recovered, Seventh Uncle could not help but sigh helplessly.

He looked towards his two sons and said in a low voice, "It's just that, it's just that!"

"The matter of the family head, you guys should stop thinking about it! "

"If big brother doesn't hold us responsible, let's do our best to work for the family and redeem ourselves, understand?"

These two sons really didn't dare to make any more noise either.

If Elder Wan was no longer around, then they would naturally have no fear of Wan Yongfeng and would definitely have to fight for the position of the Wan family's head.

However, now that Elder Wan was still alive, he was the sky of the Wan Family, so who dared to have any more dissenting thoughts?

The main members of the Wan Family went in to pay their respects to Old Master Wan.

Although Master Wan was still a little weak, his voice was even much brighter as the blood was drained.

As the crowd listened to Master Wan speak, they could all tell that Master Wan had truly recovered, and the crowd was overjoyed.

Master Wan let Lin Mo sit beside him and accompanied him to meet those key members of the Wan family, expressing his gratitude to Lin Mo in front of everyone.

In doing so, he was also showing the Wan Family crowd.

He wanted the Wan Family crowd to know that it was Lin Mo who had saved his life, and he wanted everyone in the Wan Family to remember this sentiment!

All of them also expressed their respective gratitude to Lin Mo, which came from the Wan Family, one of the top ten families in China.

In other words, from now on, the Wan Family was a big support for Lin Mo!

As for Duke Wan, she always stood by Lin Mo's side, with a smile on her face the whole time.

Just as the Wan family was rejoicing, suddenly, a commotion came from outside.

Wan Yongfeng immediately frowned and said in a deep voice, "What's happening outside?"

As soon as the words left his mouth, a man from outside hurriedly ran in and said urgently, "Old master, family head, something has happened outside."

"Zhang Jiuduan has brought people in to kill!"

Wan Yongfeng stood up sharply, "What?"

"This dog thief Zhang Jiuduan, how dare he come to my Wan family to cause trouble, does he really think that there is no one in my Wan family?"

"Father, you guys sit here first, I'll go and meet this dog thief!"

Old Master Wan nodded slightly.

Wan Yongfeng personally led his men out, and Lin Mo pondered for a moment before arching his hand and saying, "Elder Wan, shall I also go and take a look?"

Elder Wan pondered for a moment and once again nodded his head in agreement.

At this moment, outside the inner courtyard, Zhang Jiu Duan was already surrounded by dozens of people.

Zhang Jiuduan had only brought five people with him, and these five people, basically, had all been wounded.

However, there were also quite a few people lying on the ground, all of whom were members of the Wan family.

Zhang Jiuduan, who was tall, stood in the middle of the crowd and stood out.

His injuries had been healed, his body had recovered and his aura was far stronger than when Lin Mo had seen him before!

The Wan Family crowd surrounded him in the middle, but no one dared to make a move.

Zhang Jiu Duan was too strong, and these people from the Wan Family, who had suffered many losses at his hands, simply had no one to stop him.

When they saw Wan Yongfeng come out, the Wan Family crowd was overjoyed and gave way to allow Wan Yongfeng to walk over.

"Zhang Jiu Duan, have you eaten a bear's heart and a leopard's guts? How dare you come to my Wan Family to cause trouble!"

Wan Yongfeng shouted.

Zhang Jiu Duan's face was as cold as water as he said in a deep voice, "Why wouldn't you dare?"

“How dare you arrest my sister? Even if it’s a tiger’s den, I’ll break through it!”

Wan Yongfeng was furious: “The small Wan family?”

“Heh, Zhang Jiuduan, you are really arrogant!”

“Do you really think that no one in my Wan Family can do anything to you?”

Zhang Jiuduan: “Wan Yongfeng, I’m not here to talk nonsense to you!”

“Release my sister immediately, or else I will turn your Wan Family upside down today, even if I have to risk my life!”

Chapter 1704

Wan Yongfeng shouted angrily, “Zhang Jiu Duan, you are sick, aren’t you?”

“Your sister isn’t even in my Wan family, so who are you to come to me for someone?”

Zhang Jiuduan said angrily, “Bullsh*t!”

“I have long investigated clearly, your Wan Family has put out seventeen guest ministers, set a trap and took my sister away.”

Wan Yongfeng said angrily, “We did capture her, but we had already released her before.”

Zhang Jiuduan laughed coldly, “Wan Yongfeng, do you really think that I am a three-year-old child who is fooled by a few words from you?”

“I tell you, either you hand over my sister or, don’t blame me for being merciless!”

With Zhang Jiuduan’s angry shout, those five people around him all took up a fighting stance as well.

Looking at that stance, as long as Zhang Jiu Duan gave the order, they would fight for their lives with these people from the Wan Family.

Wan Yongfeng was also furious: “Zhang Jiuduan, do you really think I’m afraid of you?”

“Since you don’t believe what I said, then let’s go by our own abilities!”

Zhang Jiuduan laughed out loud, “Good!”

“I’d like to see how strong you, the Wan Family Head, really are!”

With those words, Zhang Jiu Duan made a fierce dash forward, striding more than ten meters in three steps, jumping up and down as if a great kite was in the air, directly pouncing on Wan Yongfeng.

When Zhang Jiuduan was still two metres away from Wan Yongfeng, the strong wind already caused Wan Yongfeng’s clothes to shake.

The crowd around him was shocked.

Everyone knew that Zhang Jiuduan was extremely strong, but no one knew how strong he really was.

Only now that he had struck did the crowd truly realise how terrifying this man’s strength really was!

Faced with this powerful strike from Zhang Jiuduan, Wan Yongfeng did not show any weakness either, tilting his head back and shouting, "Good timing!"

As he spoke, Wan Yongfeng crouched down slightly on both knees and met him with his right fist at the same time.

The floor beneath Wan Yongfeng's feet was shattered and Zhang Jiuduan was also shaken and sent flying backwards.

The two men's faces turned red at the same time, and the tremendous impact made both of them feel their Qi and blood boiling inside their bodies.

However, the two of them quickly recovered to normal.

"The Wan Family Head, you really have some skills!"

Zhang Jiu Duan shouted coldly as he once again charged towards Wan Yongfeng.

Wan Yongfeng did not show any weakness and said aloud, "Shu Zhong Zhang Jiu Duan, worthy of being the successor of the Hundred Victory Blade King!"

As the words were spoken, the two fought together once more.

Zhang Jiu Duan's martial arts skills were somewhat different from those of Huo Hua.

Huo Hua majored in Southern Fist, with Wing Chun as his main style, and was extremely fast and flexible in his moves.

Zhang Jiuduan, on the other hand, is tall and strong, and his strikes are extremely heavy, mainly in the northern fist.

Every strike of Zhang Jiuduan is like a heavy hammer strike, with terrifying power.

Wan Yongfeng, on the other hand, cultivated the secret techniques of the Wan family, and his gong methods were strange and extremely powerful.

Neither of them would let anyone go, and they kept blasting each other with heavy punches. The powerful force forced the surrounding crowd to retreat, and no one dared to approach the battlefield.

With the power of these two men, no one dared to come close, for if they were to receive a punch accidentally, they might have to die here!

The battle lasted for nearly two minutes, and the two men were fighting harder and harder, completely fighting for their lives.

The people on the Wan family's side, as well as Zhang Jiuduan's men, were all looking fearful.

If the fight continued like this, at least one of the two men would have to fall.

The crowd wanted to persuade these two, but, at this time, who could stop these two?

If Master Wan was still injured, he would be able to stop these two men.

However, Master Wan is not yet healed, so who can stop these two?

Did it mean that one of these two people had to die here today?

Just at this urgent moment, a voice suddenly came from within the courtyard, "Master Wan, Brother Zhang Jiu, can you give me, Lin Mo, the face to stop for now and listen to my words?"

Chapter 1705

The crowd turned their heads to look, only to see Lin Mo walking out of the inner courtyard.

The Wan family were all surprised, and one of them said in a low voice, "Divine Doctor Lin, don't go over there."

"Our family head will give you face, but that Zhang Jiuduan is a bandit by birth, he won't give you face."

Everyone else nodded along.

Lin Mo had saved the Wan family's old man, and the Wan family people were respectful to him, but that didn't mean that Zhang Jiuduan would listen to him.

However, just then, an unexpected situation also happened.

After Zhang Jiu Duan and Wan Yongfeng threw a punch at each other, both of them stepped back at the same time and unexpectedly stood still and did not strike again.

Wan Yongfeng stared at Zhang Jiuduan warily, he was really giving Lin Mo face before stopping, he was still worried that Zhang Jiuduan would continue to strike.

Zhang Jiu Duan, on the other hand, looked at Lin Mo and frowned, "Divine Doctor Lin, why are you here?"

At these words, all the people of the Wan Family were in an uproar.

What was this situation?

Zhang Jiu Duan actually gave Lin Mo face as well and really stopped?

Wan Yongfeng was also a little confused.

After Elder Wan had been injured by Zhang Bailing, he had dealt with Zhang Jiu Duan several times and was well aware of this man's character.

Ordinary people, he would not put in his eyes at all.

In his opinion, there were not many people who could make Zhang Jiuduan stop.

Even the Wan family's old man might not be able to make Zhang Jiuduan stop with a single word!

How had this Lin Mo managed to do that?

Little did they know that Zhang Jiuduan's life had been saved by Lin Mo.

Putting aside other things, Zhang Jiuduan still had some admiration for Lin Mo in his heart.

Moreover, when Zhang Jiu Duan was told about what happened last time, he knew that Lin Mo had given up the chance to run over Zhang Jiu Duan in order not to hurt that little girl.

This, too, made Zhang Jiu Duan look at Lin Mo in a very positive light!

His sister had been taken away by those human traffickers back then, and he had a deep hatred for those traffickers.

What Lin Mo had done had even gained his respect!

That was why Zhang Jiuduan had given Lin Mo this face.

Lin Mo walked onto the spot and stood between Wan Yongfeng and Zhang Jiu Duan, arching his hand and saying, "Thank you both very much."

Wan Yongfeng nodded, still eyeing Zhang Jiu Duan intently, "Divine Doctor Lin, you should be careful of this person."

"Last time they went to Su Province, it was to try to a*sa*sinate you."

Lin Mo smiled, "It doesn't matter."

"I have no grudge against Brother Zhang Jiu, he was trying to kill me for the greater good."

"But, now that Master Wan's illness has been cured, there is no point in killing me anymore!"

A brilliant aura flashed in Zhang Jiuduan's eyes, "You cured Old Man Wan?"

The surrounding Wan family members shouted angrily, "How do you speak?"

Zhang Jiu Duan was not afraid in the slightest, he gave Lin Mo a deep look and nodded slowly, "You do see things thoroughly."

"Hmph, you're right."

"If you cure old man Wan, there's no point in me killing you again."

"Tell me, what exactly do you want to tell me?"

Lin Mo: "Brother Zhang Jiu, Bamboo Leaf Green is no longer in the Wan family."

"It was Wan Lao himself who spoke up and had her released!"

"However, the wounds on her body have not yet healed."

"She has many enemies, I think, you should hurry to find her and escort her back to Shu Zhong!"

Zhang Jiuduan's face changed: "You are telling the truth?"

Lin Mo: "A thousand times true!"

Zhang Jiuduan stared at Lin Mo for a while before finally nodding, "Good!"

"Let's go!"

With those words, Zhang Jiu Duan simply turned around and left.

When Wan Yongfeng wanted to open his mouth to stop him, Lin Mo hurriedly stopped him, "Master Wan, today is a great day for Old Man Wan to recover, why do you need to get angry?"

Wan Yongfeng sighed and gritted his teeth, "Since it was Divine Doctor Lin who asked for it, then I will give you this face."

"Zhang Jiu Duan, this matter, my Wan family is on the books!"

"I will definitely settle the score with you when I have the chance in the future!"

Zhang Jiudian sneered, "Anytime!"

Chapter 1706

The crowd of the Wan Family watched Zhang Jiu Duan and the others leave, and there was a whisper.

The crowd were all looking at Lin Mo in shock, their faces filled with curiosity.

These people really couldn't understand how a character like Zhang Jiu Duan could give Lin Mo such a great face?

He didn't even believe in what the Wan family head personally said.

But with a single word from Lin Mo, he believed it straight away!

How could a person like Zhang Jiu Duan believe someone so easily?

Honestly, at this moment, the crowd was also filled with curiosity and admiration for Lin Mo.

Someone who could make even Zhang Jiu Duan trust him, that must not be simple!

At the end of the banquet, Wan Yongfeng personally thanked Lin Mo.

This big fight tonight, if Lin Mo hadn't stopped it, they might have been able to settle the other side, but the Wan family's side would have had to pay a considerable price.

Master Wan had not yet completely recovered, and it was not appropriate for the Wan family to pay such a price!

After that, Wan Yongfeng had someone arrange for Lin Mo to go and rest.

He himself went to the backyard and arrived at the place where Old Master Wan was resting.

Old Master Wan was sitting with his knees crossed, quietly exercising his kung fu.

Seeing this scene, Wan Yongfeng's heart was even more joyful.

For more than a year, Master Wan had never been able to exercise his kung fu.

Now, he was able to do so, which meant that he had really recovered!

Not long after, Elder Wan opened his eyes.

"Father, how are you feeling?"

Wan Yongfeng hurriedly asked.

Elder Wan nodded, "This Divine Doctor Lin, is indeed not simple."

"I feel now, no different from before when I wasn't injured!"

Wan Yongfeng couldn't help but be overjoyed, "Father, then it's really completely healed!"

"Excellent."

"According to what he said, in another week, you'll be able to regain your strength."

"When that time comes, we will go to Shu Zhong and seek revenge on Zhang Bailing!"

Elder Wan glared at him, "Shut up!"

Wan Yongfeng's face changed and he hurriedly shut his mouth.

Master Wan said in a deep voice, "Don't mention the matter of revenge again."

"As the head of a family, you should understand how difficult it really is for a family like ours to pa*s on for so long."

"There are too many people out there who want to replace us, who want to divide and conquer us."

"Zhang Bailing is one of the six kings of the world, and his strength is no less than that of our Wan family."

"If we were to fight hard, even if our Wan Family could win, we would definitely pay a painful price."

"By then, it would only give others the opportunity to completely wipe out the Wan Family!"

Wan Yongfeng lowered his head, his face full of shame, "Father, I know I'm wrong!"

Elder Wan said in a deep voice, "I have told you time and again that you are the head of the Wan family, you must put the greater good first!"

"Ai, in this regard, you haven't done as well as Divine Doctor Lin!"

Wan Yongfeng scratched his head, "What's wrong?"

Master Wan was speechless and shook his head, "You, you, how can you make me say good things about you!"

"Don't you see it yet?"

"Lin Mo is actually helping our Wan family today by pleading on behalf of Zhu Yeqing!"

Wan Yongfeng: "Huh?"

"How is this helping our Wan Family?"

Elder Wan glared at him, "Let me ask you, if Lin Mo doesn't ask for mercy, what are you going to do with Bamboo Yeqing!"

Wan Yongfeng: "I"

He was stumped for a moment, not knowing what to say.

Bamboo Ye Qing was Zhang Bailing's favourite disciple, if anything happened to him, then Zhang Bailing would definitely fight with the Wan family.

As the head of the family, he couldn't really do such a thing!

But if he didn't kill Zhu Yeqing, what should he do then? He couldn't just let her go, could he?

If he did, then the Wan Family would lose all its face.

If word got out, others would think that the Wan Family was afraid of the Hundred Victory Sword King, Zhang Bailing, and did not dare to harm Bamboo Yeqing, which was why they had to let her go.

If they did so, what prestige would the Wan Family have in the future?

Chapter 1707

Seeing Wan Yongfeng's expression, Elder Wan knew what he was thinking.

Elder Wan said, "You can't hurt Zhu Yeqing and you can't let her go, our Wan family has been put in a dilemma in this matter."

"At this time, Lin Mo stepped in and begged for mercy, begging us to let her go, in fact, it gave our Wan Family a stepping stone."

"I agreed to let her go along with the situation, and when word got out, others would think that we were letting her go because we were grateful to Lin Mo for the cure."

"In this way, Bamboo Leaf Green was also released, and our Wan Family's face was saved."

Wan Yongfeng suddenly understood and nodded, "In that case, Lin Mo really did help our Wan family!"

Elder Wan: "There's also what happened to Zhang Jiu Duan just now."

"If Lin Mo doesn't go out, this matter will be very difficult to end."

"Zhang Jiu Duan won't trust anyone in our Wan family, you won't be able to talk to him."

"If we really want to fight, it's bound to be a lose-lose situation."

"It's only when Lin Mo steps in that this matter can be resolved!"

"This young man is much more resourceful than you thought!"

Wan Yongfeng took a deep breath and nodded his head repeatedly, "Father, I really didn't expect that this young man, would have such skills."

"Highly skilled in medicine, not weak in strength, and moreover, so resourceful, such a person is rare!"

Elder Wan: "Otherwise, why do you think Nanba Tian would have chosen him as his successor?"

"You really think Nanba Tian is a fool?"

Wan Yongfeng sighed with emotion, "It's really not simple, it's really not simple!"

"Nan Batian, really, he's picked up a treasure!"

Elder Wan laughed and suddenly said, "By the way, I see that Shengnan seems to feel quite good about him."

Hearing this, Wan Yongfeng instantly came to life, "Father, I still want to talk to you about this."

"After so many years, Shengnan has never had a good feeling for any man."

"I feel that she should be quite fond of Lin Mo."

"Father, this Lin Mo, although his family background is not good, however, with his ability, to be our Wan family's son-in-law, I think it's perfectly fine!"

Elder Wan nodded, "I think so too."

"None of those sons of the family can compare to him."

"Besides, there aren't many men who can make Shengnan like them."

"If we can get him into our Wan family, it might be a blessing for our Wan family!"

"I just don't know, how does he feel about it?"

Wan Yongfeng's face was a little embarrassed as he whispered, "Father, the news I got is that he's already married."

"And, he is also a door-to-door son-in-law."

Elder Wan couldn't help but stare, "Huh?"

"A door-to-door son-in-law?"

"Have you made a mistake?"

Wan Yongfeng shook his head, "There's no mistake, it's true."

"I checked all these things clearly."

"Over in Guangyang City, many people know about it."

Master Wan was stunned, "How could this happen?"

"Such a young and talented person is actually a door-to-door son-in-law?"

"This is really strange."

Wan Yongfeng, on the other hand, took a deep breath and said, "Father, even if he is a door-to-door son-in-law, I think, it's nothing."

"As long as he's willing to divorce that woman and let Shengnan marry him, that's no problem!"

Master Wan thought carefully and nodded, followed by a sigh, "I'm just afraid that I'll be condemning Shengnan!"

Wan Yongfeng also sighed, "Hey, why don't I go and ask Shengnan what he wants?"

Master Wan nodded, "That's fine."

"Let's see what Shengnan wants first."

"Yongfeng, no matter what, you have to respect Shengnan's idea."

"After all these years, you really don't care enough for her."

"In this matter, you mustn't push her any further!"

Chapter 1708

Wan Yongfeng walked out of the old man's solitary courtyard and went straight to the one where his daughter lived.

Just after entering, he saw a few girls standing in the courtyard.

These girls, all of them, were the servant girls of Duke Wan.

Wan Yongfeng couldn't help but be surprised: "What are you all standing here for?"

"Why don't you go in?"

A few servant girls looked at each other, and one of them whispered, "The Duke told us to come out and wouldn't let us in, and wouldn't let anyone in!"

Wan Yongfeng was surprised, "What is she doing?"

"Making such a mystery?"

"Forget it, you guys stand there, I'll go in and have a look!"

When Wan Yongfeng was about to go over, a servant girl hurriedly said, "Master, the Duke has instructed that no one can go in at will."

"How about how about you wait a little longer?"

Wan Yongfeng: "Unbridled!"

"I'm her father, I still have to wait?"

When Wan Yongfeng finished speaking, he didn't care about them and went straight to the inner room.

Several servant girls were anxious, and the servant girl from before hurriedly ran to the door and said loudly, "My lord, the master is here!"

There was a loud noise from inside the house, followed closely by the nervous voice of Duke Wan:

"Don't come in, I'm changing"

Wan Yongfeng stopped and frowned, "What are you changing for at this hour?"

“Shengnan, what are you up to?”

Wan Gongzi: “Wait a minute, it’ll be ready soon!”

It took a while before the door to the room opened and a red-faced Wan Gongzi stood in the doorway.

Her face was full of embarrassment, as if she had been caught as a thief: “Dad, you what do you want to see me about?”

Wan Yongfeng was surprised to see that her clothes were a bit messy: “Why are your clothes so messy?”

Wan Gongzi hurriedly straightened her clothes: “I I’m changing my clothes”

Wan Yongfeng couldn’t help but be speechless and walked straight into the inner room, waving his hand, “Come in, I have something to say to you!”

“The others stand outside!”

Those servant girls stood honestly in the courtyard as Duke Wan walked into the inner room with his head bowed.

“Dad, what exactly is it that you want?”

Duke Wan rubbed the corners of his clothes, looking as if he was really weak-minded.

Wan Yongfeng sat on the sofa and turned his head to look at her, “Of course I have something to do.”

“I came here this time to ask you a question, and you have to answer me truthfully!”

Duke Wan couldn’t help but be stunned, “Dad, what is it?”

“So serious?”

Wan Yongfeng was just about to speak when he suddenly glanced out of the corner of his eye and saw, in the far side of the house, a few pieces of women’s clothes, tucked messily in the corner.

He couldn’t help but stare, that was Duke Wan’s room.

Ever since she was a child, Duke Wan had only worn men’s clothes and especially hated it when people said she was a woman, much less put women’s clothes inside her room.

What was this now?

How could there be a few pieces of women’s clothes in her room?

Being amazed, Wan Yongfeng suddenly noticed that the redness of Wan Gongzi’s lips was a little strange.

Moreover, her eyebrows, it seemed as if she had just drawn them on.

But, she never wore make-up?

Wan Yongfeng’s eyes widened: “You have you put on lipstick?”

Duke Wan’s face changed: “Huh?”

“No no”

While saying that, she hurriedly wiped the edge of her mouth with her hand.

Seeing such a situation, Wan Yongfeng’s heart moved and he could not help but smile.

He stood up, “Well, I know the answer.”

“You have a good rest.”

With those words, Wan Yongfeng walked straight out.

Duke Wan was filled with bewilderment, not knowing what the hell was going on here.

Wan Yongfeng walked to the door, pulled a servant girl into a corner and asked in a low voice, “Has Shengnan been acting strangely lately?”

That servant girl hurriedly said, “Master, the gongzi came back just now and asked me directly for a few pieces of clothes.”

“Also, she surprisingly asked me what to do for makeup?”

“I have never seen anything like this before”

Wan Yongfeng laughed outright, he thoroughly knew the answer.

A woman is in love with herself!

This daughter of his had really fallen in love!

Chapter 1709

Wan Yongfeng went straight back to the old master’s solitary courtyard and told him about the situation of Duke Wan.

After hearing this, the old master was also quite relieved.

“Excellent!”

“Since Shengnan also has his eyes on Lin Mo, this is something that can be tried.”

“Why don’t we find a chance to ask Lin Mo and see what he thinks?”

The old man said.

Wan Yongfeng: “There is no need to ask, this matter is absolutely fine.”

“He was able to join a small, unimportant family for a hundred thousand before.”

“Our Shengnan, that is our Wan family’s eldest young lady, even if she is placed among the top ten families in China, that is still the absolute best.”

“Our family’s conditions far surpa*s that what’s-his-name Xu Pharmaceutical.”

“Shengnan’s beauty is also definitely better than that what’s-his-name Xu Hanxia.”

“Lin Mo is not a fool, doesn’t he know what to choose?”

“As long as he is willing to marry Shengnan, it will definitely make him struggle for twenty years less!”

“What man, would give up such a good opportunity?”

The old man nodded slowly, “You’re right.”

“Then this matter, let’s do as you wish!”

Wan Yongfeng left in high spirits.

Lin Mo was placed in the highest specification guest room of the Wan family, a solitary courtyard with five servants at his disposal.

However, Lin Mo didn’t order them to do anything.

When he returned to his room, Lin Mo drank a cup of tea, then sat down on his knees and began to cultivate the Creation Technique.

His internal energy ran for a week, and he was just about to rest.

At this moment, the sound of footsteps suddenly came from outside the door.

Lin Mo opened his eyes and not long after, Wan Yongfeng knocked on the door and entered.

Wan Yongfeng was full of smiles, and as soon as he entered, he directly arched his hand and said, “Divine Doctor Lin, not resting yet?”

Lin Mo politely exchanged a few pleasantries with Wan Yongfeng, a little surprised in his heart, wondering what Wan Yongfeng meant by coming over at this time.

After a few words of small talk with Lin Mo, Wan Yongfeng went straight to the point.

“Divine Doctor Lin, what do you think of Shengnan?”

Wan Yongfeng asked.

Lin Mo froze for a moment, why would Wan Yongfeng suddenly ask this question?

“Miss Wan is quite good.”

“Kind-hearted, thorough, and thinks of the Wan family at all times.”

“Moreover, she is trustworthy and respectful of her promises.”

“Although she is a girl, she is also a woman!”

Lin Mo answered truthfully.

Wan Yongfeng smiled, “What you said is still only superficial.”

“In fact, this daughter of mine, she is still quite gentle.”

“Pretty looking, that goes without saying, this, is very similar to her mother.”

"The key thing is that she's also very nice to people. Especially those she wants to care for, she definitely doesn't have any half-heartedness."

Lin Mo nodded, this was something that he had seen before.

Only, he couldn't understand, what was Wan Yongfeng suddenly saying all this for? To praise his daughter?

Wan Yongfeng: "Shengnan is good at everything, but there's just one thing wrong with her."

"For so many years, she has always had a knot in her heart, thinking that we favour boys over girls and hating that she is not a boy."

"So, for all these years, she never saw herself as a girl and never liked any of the men."

"Ai, speaking of which, this is really a failure on my part as a father!"

Lin Mo said softly, "It's alright."

"This time, she already knows that you really care about her!"

Wan Yongfeng smiled, "Divine Doctor Lin, in fact, I see that Shengnan, too, is quite concerned about you."

"In all these years, I've never seen Shengnan treat any man with such an attitude."

"Do you ever feel that Shengnan might like you a little?"

Lin Mo's face changed slightly and he hurriedly said, "Master of the Wan family, you are joking."

"Miss Wan is a thousand-year-old woman, how can she be compared to a commoner like me." "You must be mistaken, I am a family man, how could Miss Wan possibly like me!"

Chapter 1710

Wan Yongfeng smiled and said, "It's hard to say sometimes in matters of emotion."

"Besides, Divine Doctor Lin, that wasn't really a family before you."

"You joined the Xu family when you were at your most downtrodden."

"Moreover, I heard that the Xu family, too, did not treat you well."

"In fact, you have already done a lot for the Xu family, you and the Xu family, have long since been cleared."

"If that's the case, why do you need to continue to stay in the Xu family as this some kind of son-in-law?"

"If word gets out, it will tarnish your reputation!"

Lin Mo frowned, he already vaguely understood what Wan Yongfeng meant.

"Master of the Wan family, thank you for the mention."

“However, Hanxia and I have true feelings for each other, and she is the woman I love the most in my life.”

“Between us, there is no such thing as two clearances.”

“As long as she is willing, as long as I am still around, I will always accompany her to grow old together.”

Lin Mo said back.

Wan Yongfeng’s face was chilled, Lin Mo was rejecting him.

“Divine Doctor Lin, with your strength and reputation, don’t you feel ashamed to be this door-to-door son-in-law?”

Lin Mo waved his hand, “When I was at my most desperate, they were the ones who helped me.”

“When I was at my most down and out, it was my wife who never left me.”

“Not to mention that I don’t have any great achievements now, even if I do have great achievements, I definitely can’t be this ungrateful villain!”

Wan Yongfeng looked a little embarra*sed and waved his hand, “Divine Doctor Lin, you’re joking.”

“How can this be considered ungrateful?”

“I’m just saying that you deserve a better choice.”

“Think about it, if you were the son-in-law of my Wan family, then your status and position would be completely different from what it is now.”

“If you look at the entire Southern Six Provinces, even the Fifth Master Xue would have to give you face!”

Lin Mo: “There are three thousand weak waters, only one scoop is taken.”

“Or, in your eyes, my wife is far inferior to many women in this world.”

“But in my heart, she is the most perfect person in this world, all that I have!”

“A man’s status and position is earned with his own hands, not by relying on women, isn’t it?”

Wan Yongfeng’s face became embarra*sed.

He originally thought that if he casually mentioned a few words, Lin Mo would immediately agree.

He had never dreamed that Lin Mo would not only sternly refuse, but also, by the way, teach him a lesson.

As he listened to Lin Mo’s words, he didn’t even know how to refute them for a while.

It was only after a while that Wan Yongfeng smiled awkwardly, “Divine Doctor Lin, you really are not an ordinary man.”

“It’s good for a man to have ambition.”

“Hehe, Divine Doctor Lin, you should rest first.”

Wan Yongfeng got up and left this guest room, then immediately ran to find Old Master Wan.

After hearing Lin Mo’s words, Elder Wan’s face was also a little embarra*sed, but more than that, he was admiring.

“This young man, he really is extraordinary!”

Elder Wan exclaimed.

Wan Yongfeng, on the other hand, was full of disbelief, “What’s extraordinary?”

“I think he’s just saying some cosmetic things.”

“I think that he just hasn’t seen Shengnan in women’s clothing and thinks that the leftover man is a fake boy, so he doesn’t want to marry Shengnan!”

“Hmph, if we dress Shengnan up properly and let him see it, I don’t believe it, can he not be moved?”

Elder Wan frowned slightly, “Yongfeng, I think, this Lin Mo should not be that superficial!”

Wan Yongfeng: “How many men in this world do not like beautiful women?”

“Shengnan has been wearing men’s clothes all these years, so no one knows how pretty she really looks.”

“But I can guarantee that if Shengnan really cleaned up properly, she would definitely be one of the top ten beautiful women in the top ten families in China.”

“No, I’ll have to get Shengnan to clean up tomorrow, I just don’t believe that Lin Mo will still be unimpressed when he sees her?”
