

Genius 1731

Chapter 1731

Zhao Tianying originally had unusually cloudy and lax eyes, but now, his eyes were bright and clear, as if he had regained his sanity.

Several people next to him were surprised, and Chen Wuyuan was astonished, "Mr. Lin, you can really cure him?"

"This kind of mental illness, even if you want to cure it, it will take some time to recover."

Lin Mo shook his head, "This isn't really mental illness, he just has a stagnant mind qi that causes his thoughts to be disordered."

"All it takes is to calm his heart qi and basically stabilise his emotions."

"The subsequent recovery may take a while, but as long as the medicine is taken on time, within three months, he will definitely be cured."

These few people were even more surprised, and Chen Wuyuan said curiously, "Mr. Lin, so you still know the art of medicine?"

Lin Mo smiled but did not say anything, he did not say anything about being a miracle doctor. Otherwise, these few people would only be more shocked!

After stabbing the nine silver needles in, Lin Mo did not make any other moves, but sat beside him and waited quietly.

Zhao Tianying was lying on the ground, and his breathing was originally very rapid.

However, as time slowly passed, his breathing gradually levelled off.

And as his breathing gradually stabilised, his eyes became brighter and clearer.

In the end, his eyes even began to shine with a brilliant light!

Suddenly, he looked towards Chen Wuyuan with a slightly puzzled look, "Old Brother Chen, why are you here?"

Chen Wuyuan and Zhao Tianying had known each other for a long time, and looking at his eyes, Chen Wuyuan knew that the Zhao Tianying he was familiar with had returned!

With tears in his eyes, Chen Wuyuan said in a trembling voice, "Brother Tianying, you have finally remembered me."

"After so many years, I thought you could no longer remember me!"

Zhao Tianying with confusion, "Old Brother Chen, what's going on?"

He then looked at a few other people, "You guys why are you here too?"

"What's wrong with you guys?"

“Who injured you all like this?”

Chen Wuyuan looked at Lin Mo in surprise, “Mr. Lin, how come he doesn’t seem to remember what happened before?”

“He hadn’t lost his mind when I was caught down?”

“I watched him go mad from the stimulation with my own eyes!”

Lin Mo: “He was so badly stimulated that he temporarily forgot what happened during that time.”

“However, you can talk to him about that period of time, and he will slowly remember.”

Zhao Tianying looked at Lin Mo in confusion, “Who are you?”

“Who was too badly stimulated?”

Lin Mo shrugged his shoulders and waved his hand, “Elder Chen, you guys stay here for now and help him recover his previous memories.”

“I’ll go out and make arrangements so that I can take you all away at once later.”

Chen Wuyuan nodded, “Good, leave this matter to us!”

Lin Mo left the scene to these people as he himself carried those herbs and short knives and quickly left this underground chamber.

Of course, he didn’t rush to leave the Zhao family compound, instead, he went out and called Chen Baiyu.

On Chen Baiyu’s side, he had already made contact with that young master of the Hong family.

Just as Chen Baiyu had said, the young master of the Hong family was really lionish.

Chen Baiyu offered 30 million dollars before he agreed to help with the introduction.

Lin Mo didn’t say anything, 30 million was not much for him.

If he could bring down Zhao Tianyuan, it would be worth spending as much money as possible.

Moreover, this time he had rescued Chen Wuyuan and the others from the underground chamber, which was a huge event.

When the time came, a large portion of the top ten families in Su Province would be enemies of Zhao Tianyuan.

As long as Lin Mo seized the opportunity, he might be able to take advantage of it to enlist the top ten families in Su Province, allowing his power to expand further, and this was a once-in-a-lifetime opportunity!

Lin Mo gave Chen Baiyu a task, telling him to find a seven-seater car and drive it outside the Zhao family compound to meet him, he would send Chen Wuyuan and the others out.

Chapter 1732

After arranging the matters outside, Lin Mo went back to the underground chamber.

At this time, Chen Wuyuan and the others had already told Zhao Tianying about what had happened before, from beginning to end.

Although Zhao Tianying sat on the floor without saying a word, it was clear from his tightly clenched fists and the chill in his eyes that he had already recalled what had happened before.

When he saw Lin Mo come down, Chen Wuyuan hurriedly greeted him, "Mr. Lin, Brother Tianying has recovered his previous memories, and he wants to fight Zhao Tianyuan."

"Now, what should we do?"

Lin Mo nodded, glanced at Zhao Tianying and said, "The matter with Zhao Tianyuan is not urgent for this moment."

"Right now, the most crucial thing for us to do is to leave the Zhao family first, then we can deal with other matters."

"In a moment, you guys follow me, remember, our aim is to leave the Zhao family, try not to alert the snake, lest Zhao Tianyuan gets defensive."

The crowd nodded, and Chen Wuyuan looked at Zhao Tianying, "Brother Tianying, you should pay special attention."

"I know that your heart is filled with hatred right now, but this is not the time to take revenge."

"That man Zhao Tianyuan is sinister and cunning to the extreme."

"If he finds out that we're out of the woods, he might think of some way to deal with us."

"So, even if you have fire in your heart, you have to suppress it for the time being and don't let anyone know about us getting out of the trap!"

Zhao Tianying gritted his teeth and eventually unclenched his clenched fist.

Just now, recalling what had happened earlier, he almost went mad straight away in here and had to go out and fight Zhao Tianyuan on the spot.

If it wasn't for Chen Wuyuan and the others desperately pulling him back, he was only afraid that he would have already run out.

The reason why Lin Mo had said that was actually directed at Zhao Tianying.

Chen Wuyuan and the others were already ruined, so it was impossible for them to make a move even if they wanted to.

And Zhao Tianying still had his strength, after he went out, once he killed someone in anger, it would be troublesome.

Therefore, Lin Mo gave a word of advice in advance, just to avoid any extra trouble.

Chen Wuyuan could see Lin Mo's meaning, so he gave Zhao Tianying an extra word of advice.

After arranging everything properly, Lin Mo took everyone with him and quietly left the secret room.

Lin Mo leaned on the wall and watched a group of guards walk by outside, then he led the group out of the small courtyard.

It took more than half an hour to avoid the guards, and Lin Mo finally brought them out of the Zhao family compound.

Outside, Chen Baiyu had driven a car and was waiting in the darkness.

When Lin Mo led the crowd to the car, Chen Baiyu was confused: "Brother Lin, why are there so many people?"

"Who are all these people?"

Lin Mo pointed at Chen Wuyuan, "This person, do you know him?"

Chen Baiyu took a closer look and scratched his head, "It looks a bit familiar."

"Who's this?"

Chen Wuyuan arched his hand, "My husband, Chen Wuyuan"

Hearing this, Chen Baiyu's eyes almost glared out.

"You are Chen Wuyuan!?"

Chen Baiyu looked Chen Wuyuan up and down with an expression of disbelief.

Chen Wuyuan was surprised: "What's wrong?"

Chen Baiyu: "No, you where are you from?"

Chen Wuyuan: "I'm from the Chen family in Su Province, Chen Wuyuan!"

Chen Baiyu's face immediately chilled and he angrily said, "Don't talk nonsense!"

"What Chen family of Su Province? I am a member of the Chen family of Su Province!"

"Where are you from the Chen family?"

Chen Wuyuan looked at Chen Baiyu and his face immediately snapped up, "You're also from the Chen family in Su Province?"

Chen Baiyu: "What do you mean also?"

"I already was!"

"But, which Chen family are you really from?"

"I'm warning you, if you dare to pretend to be from the Chen family and wave around outside, you're looking for death"

Lin Mo really couldn't look away and said, "Don't talk nonsense!"

“This Chen Lao, is your grandfather’s own elder brother!”

Chapter 1733

Hearing this, Chen Baiyu and Chen Wuyuan all froze.

Chen Baiyu was full of incredulity as he exclaimed, “My grandfather’s own elder brother?”

“Big brother Lin, are you kidding?”

And Chen Wuyuan was also full of astonishment, “He’s my brother’s grandson?”

Lin Mo nodded, “Yes.”

“Chen Baiyu, he is the Chen Wuyuan of your Chen family!”

Chen Baiyu’s eyes widened, “This how is this possible?”

“My great grandfather died long ago, he wasn’t even around more than ten years ago.”

“You where are you an impostor from?”

Chen Wuyuan directly knocked him on the head with his arm, “Who are you calling an impostor?”

“No big deal!”

Chen Baiyu was beaten with a look of aggression, but he couldn’t lay a hand on an old man whose arms and legs had shriveled up, so he could only look at Lin Mo helplessly.

Lin Mo: “He’s not an impostor, he’s really your great grandfather!”

Chen Baiyu: “Huh?”

Lin Mo: “There’s no need to be so surprised.”

“The identities of these few people next to him are not simple either.”

Next, Lin Mo told what had happened.

After hearing Lin Mo’s words, Chen Baiyu was directly dumbfounded.

He stared at the pimply old man with dumbfounded eyes for a long time before he came back to his senses.

“Brother Lin, you are telling the truth?”

Chen Baiyu exclaimed in shock.

Lin Mo: “Why would I lie to you?”

Chen Baiyu looked at Chen Wuyuan and said in a trembling voice, “You are really my great grandfather?”

Chen Wuyuan: “Nonsense!”

“If you don’t know me, let your old man come and see me.”

“Hmph, when your old man was small, I was the one who personally taught him martial arts training!”

Hearing these words, Chen Baiyu’s eyes instantly reddened and tears almost didn’t flow out.

Chen Wuyuan: “Why are you crying?”

“I only asked your old man to come and acknowledge me, I didn’t say I was going to sue you for blackmail, why are you so scared?”

“Really, my Chen family, how can we have such a worthless offspring like you!”

Chen Baiyu lowered his head and sobbed, “Great grandfather, I how much I wish you could sue my father for blackmailing me!”

“But, this is already completely impossible”

Chen Wuyuan couldn’t help but stare, “What what does that mean?”

Lin Mo sighed lightly, “Chen Lao, Brother Chen’s father, has pa*sed away!”

Chen Wuyuan’s eyes snapped wide, “What did you you say?”

“Who has pa*sed away?”

“Who who has pa*sed away?”

Lin Mo: “Brother Chen’s father, the previous head of the Chen family, Chen Jianxun!”

Chen Wuyuan’s eyes glazed over, “Jianxun pa*sed away!?”

“How is this possible? How is this possible? How is this possible?”

The three how’s in a row already illustrated the shock and disbelief in Chen Wuyuan’s heart.

Chen Baiyu, on the other hand, covered his face and cried silently.

His father’s death was always the greatest pain in his heart!

Lin Mo told the story of the Xie family in the capital forcing the Chen family head to die, and after hearing Lin Mo’s words, Chen Wuyuan only shivered with anger.

“The Xie family of the capital, they really think they can just cover the sky!”

Chen Wuyuan let out a hiss as his eyes turned red.

Chen Baiyu said in a trembling voice, “Grandfather, this matter, it’s all my fault”

Chen Wuyuan waved his hand, “What is your fault?”

“How normal it is for a great man to act righteously and stick his knife in both sides for his friends!”

“If you fear that what Xie family and stab your own friend in the back, only then will I really look down on you!”

Chen Baiyu’s face was slightly relieved, and then he sobbed, “But, my father still died because of me!”

Chen Wuyuan said angrily, "The reason your father was forced to die has nothing to do with you."

"Even if someone from the Chen family really had to come out and take responsibility, it would have to be that grandfather of yours who didn't have any responsibility!"

"Others have stepped on our Chen family's head, and he, as the Chen family's old man, watched his own son cut himself in public, what qualifications does he have to rule the Chen family?"

Chapter 1734

Chen Baiyu froze for a moment and whispered, "Great grandfather, the Xie family was coming on strong at that time."

"If no one from our Chen family came out to take up this matter, then then what awaits the Chen family will be a disaster of extinction ah"

Chen Wuyuan cursed, "My Chen family has been pa*sed down for hundreds of years, and has experienced countless storms, what kind of scenes have we not seen?"

"A mere Xie family, just saying that they want to exterminate our Chen family?"

"Hmph, it's not that the Xie family is aggressive, it's that they can see that Chen Wu De is cowardly and incompetent."

"This is Su Province, a place where our Chen family has been operating for hundreds of years."

"Even if the Xie family is strong, if they want to destroy our Chen family in Su Province, they will have to pay the price in blood!"

"If Chen Wu De can be tougher, hmph, what can the Xie Family do?"

"Big deal, we'll all die together in a hug, I just don't believe that the Xie family is willing to pay such a huge price for this trivial matter!"

Lin Mo glanced at Chen Wuyuan, he had to say that this old man, could really be a bloodthirsty man.

This was something that far surpa*sed the Chen Family's current senior, Chen Wu De.

It was no wonder that Zhao Tianyuan wanted to capture Chen Wuyuan.

If Chen Wuyuan continued to stay in the Chen family, then he would be the Chen family's old master.

Given Chen Wuyuan's character, it would be impossible for the Zhao family to step on the Chen family's head!

In the end, Chen Baiyu drove his vehicle to the outskirts of a remote and abandoned factory.

This place, there was no one within a few dozen miles around.

The environment was poor, but at least it would allow people to hide here for the time being.

Lin Mo placed Chen Wuyuan and the others here, and put some dark poison nearby, lest Chen Wuyuan and the others be tracked down and killed.

After that, Lin Mo followed Chen Baiyu and left, he had to go and meet the Hong family's old man.

Chen Baiyu had already bribed the Young Master of the Hong Family, and this Young Master had agreed to help them introduce the Old Master of the Hong Family.

However, this young master of the Hong family did not know that it was Lin Mo, not Chen Baiyu, whom he was going to help introduce.

In this young master's opinion, Chen Baiyu was desperate and that was why he wanted to seek a favour from the Hong family's senior to help him arrange a way out.

Seeing that Chen Baiyu had brought another person over, the Hong family's young master was a little confused.

"What's this you're doing?"

"I asked you to meet my family's old master, why did you bring another person over?"

The Hong Family's Young Master frowned.

Chen Baiyu hurriedly said, "Young Master Hong, the one who wants to see the old master is this brother, not me."

"You just bring him over, I'll wait over here!"

The Hong family's young master said directly, "Wait for your grandfather!"

"I told my grandfather that you were the one to meet him, now it's a different person, how do you want me to explain to my grandfather?"

Chen Baiyu looked embarrassed, "Young Master Hong, please help me out."

"It's really because this brother is looking for the old man for something important, so you can help?"

The Hong family's youngest master glanced at Lin Mo and then at Chen Baiyu, his eyes twinkling, "Help is fine."

"But, is there any benefit?"

Chen Baiyu was speechless, this Young Master of the Hong Family was notoriously greedy.

He had already given thirty million just now, and now he wanted benefits, but he was really too greedy!

At this moment, Lin Mo spoke up, "Another twenty million for you."

Chen Baiyu's face changed, this was already fifty million, right?

The young master of the Hong family, however, was overjoyed and immediately said, "Good!"

"Hehe, buddy, you really are the one who does the big things, you're bold enough!"

"It's a deal!"

Lin Mo transferred twenty million dollars to the Hong Family's Young Master, who immediately took him to the Hong Family's compound.

With the Hong Family's Eldest Young Master leading the way, no one dared to stop them in the middle of the Hong Family's compound.

Soon, the two arrived at the innermost part and stood in front of a single courtyard with an ancient style.

"This is the single courtyard where my grandfather lives."

"My grandfather has recently had a relapse of his old illness and is prone to temper tantrums."

"Follow me inside and don't talk casually!"

The Hong family's youngest master instructed.

Chapter 1735

Lin Mo followed the youngest master of the Hong family into the solitary courtyard.

Inside the courtyard was not a small area, and in the middle of the courtyard stood several servant girls, all of them trembling with fear.

Young Master Hong didn't even look at them, and led Lin Mo straight past them.

As he was about to enter the house, another angry roar came from inside: "If you can't even boil a medicine properly, what's the use of having you losers?"

"Get out! All of you, get out!"

With a sound of wrestling, a few servant girls came out of the room with their heads in the dust.

One of the servant girls, with her clothes all wet with the medicinal soup, looked quite a mess.

When Hong Shao saw such a situation, he immediately turned his head and made a silent gesture towards Lin Mo, signalling him not to speak indiscriminately.

Lin Mo only smiled lightly, his expression calm, and followed Hong Shao into the house.

Inside the house, an old man with white hair was reclining on a comfortable recliner.

The old man's eyes were stern and he looked quite powerful, it was none other than the old man of the Hong family.

The person who was really in charge of the Hong family was this old man.

Because the old master was too powerful, it resulted in the Hong family head not having much say in the matter instead!

As soon as Hong Shao entered the room, he immediately trotted all the way to the old man's side and gave him a tap on the shoulder while whispering, "Grandpa, why are you angry again?"

"Didn't the human doctor say that you can't lose your temper with this illness!"

The old man had an impatient face, "Shut up!"

"You dare to control me?"

Hong Shao looked embarrassed and hurriedly said, "I don't dare, I don't dare."

The old man didn't bother to pay attention to him, glanced at Lin Mo at the door and frowned, "Who is this?"

As Hong Shao was about to speak, Lin Mo had already spoken first, "I am the one whom Hong Shao has invited to treat the old man."

Hong Shao couldn't help but stare, this wasn't like the script, was it?

He hurriedly winked at Lin Mo, signalling him not to speak blindly.

However, Lin Mo ignored him and only looked at Elder Hong with a faint smile.

Elder Hong's brow furrowed: "Healing me?"

"You're young, but you have a big mouth!"

"Do you know what kind of disease I have? And you want to come and treat me?"

"Do you know that my Hong family is one of the top ten families in Suzhou Province?"

"So many famous doctors in Su Province have consulted me, but they have not been able to cure me."

"How dare you, a yellow-tongued child, presume to claim to cure me?"

Hong Shao also stared at Lin Mo indignantly, almost repenting in his heart.

If he had known that this Lin Mo was so unscrupulous, he would not have brought Lin Mo in, not to mention 50 million, even if it was 500 million.

If this angered the old man, he would probably suffer too!

Lin Mo smiled lightly, "Elder Hong, why do you have to jump to conclusions?"

"Can you cure your illness, just try it and see?"

Elder Hong waved his hand impatiently, "Such charlatans like you are simply charlatans, there is no need to try!"

"Come on, someone, drive him out!"

Two men came in at the door and wanted to drive Lin Mo out.

At this moment, however, Lin Mo took a step forward and said directly, "Elder Hong, today is the night of the full moon."

"You'd better let me try if you want to get a good night's sleep tonight."

"Otherwise, a night of cold poison attacking your heart, that won't be a good taste!"

Hearing this, Elder Hong's face changed violently. He sat up violently and stared at Lin Mo with an incredulous face, his body trembling faintly.

No one had ever seen Elder Hong lose his temper like this, and the crowd froze.

Hong Shao's face was pale, and he thought his grandfather was angry, and immediately said angrily, "Kid, who told you to talk nonsense here?"

"Someone, get him out of here!"

The two men next to him were about to do something, but Elder Hong slapped Hong Shao directly on the back of his head and said angrily, "Who told you to talk here?"

"Get the hell out of here!"

Chapter 1736

Hong Shao was a little confused by the blow, covering the back of his head, not knowing what to do for a while.

"I told you to get out, didn't you hear me?"

Elder Hong scolded angrily.

Hong Shao was dumbfounded and did not dare to disobey the old man's wishes, so he could only leave the house sarcastically.

Elder Hong stood up, walked up to Lin Mo and carefully looked at him.

With a bit of surprise in his eyes and also a bit of surprise, he said tentatively, "This brother, you can tell exactly what disease I have?"

Lin Mo smiled and looked at the two men with the corner of his eye.

Elder Hong understood and immediately waved his hand, "Everyone out!"

All the people in the room retreated.

Hong Lao hurriedly said, "This brother, there is no one else here, you can talk to me properly now."

Lin Mo smiled, "Elder Hong, you are not sick."

If others had heard this, they would have angrily scolded Lin Mo for not knowing how to heal.

After all, Elder Hong had been sick for many years, and all the people in Su Province knew about it.

However, when Elder Hong heard this, he was full of surprise.

"You how do you know that?"

Hong Lao asked in a low voice, unknowingly, even his address had become respectful.

Lin Mo: "This is due to the fact that you have practiced a unique internal martial arts heart technique, which has conflicted with the Hong family's ancestral internal martial arts, and the internal energy has stagnated in your body."

Hong Lao's eyes were all rounded with an incredulous expression, "You how did you know that?"

Such a matter, Hong Lao hadn't told anyone at all, even the people of the Hong family didn't know ah.

Some years earlier, in order to fight against Zhao Tianyuan, he had specifically found a strong internal martial arts heart technique and forcibly cultivated it.

However, just as Lin Mo had said, this internal martial art, which conflicted with the Hong family's ancestral internal martial art, directly caused him to become what he was now.

He did not dare to let anyone outside know what was wrong with him, so, to the outside world, he only claimed to be sick.

Although he sought medical help everywhere, he did not dare to tell others exactly what his condition was.

Therefore, for such a long time, his condition had not eased at all, but had become increasingly suppressed.

Especially when it came to this full moon night, the conflict between the two types of internal energy reached its peak.

Every time this happens, his body suffers from the cold poison and has to be tortured for a full night until the sun rises.

Therefore, whenever it was such a time, he was extraordinarily irritable.

However, he hadn't told anyone about such a thing, so how did Lin Mo know about it?

Hong Lao looked at Lin Mo with some expectation, but also with some caution.

Lin Mo was calm as he said softly, "By the way, Elder Hong, I haven't introduced myself!"

"My name is Lin Mo, I come from Guang Province!"

Elder Hong froze for a moment, "Lin Mo? Guang Province?"

After a moment, he suddenly widened his eyes and exclaimed, "You are that divine Doctor Lin from Guang Province!?"

"The one behind Xu's Pharmaceutical?"

Lin Mo shrugged, "Exactly!"

Elder Hong looked at Lin Mo with an instantly wary look, "What are you doing here!?"

Lin Mo smiled lightly, "Elder Hong, why are you so excited!"

"I've said it all, I'm here to heal you."

Elder Hong's brow furrowed, "Cure for me?"

"Heh, we're not related, and you've come here specifically to cure me?"

"Do you really think I'm a fool?"

Lin Mo: "Of course Elder Hong is not a fool."

"I've come to treat Elder Hong, and my purpose is clear."

“I just want Elder Hong’s help against Zhao Tianyuan!”

A brilliant aura flashed in Elder Hong’s eyes before he hid it away.

His expression did not fluctuate in the slightest as he calmly said, “The Ten Great Families of Su Province are all in the same breath.”

“Lin Mo, how dare you try to provoke infighting among our ten families, you simply deserve to die!”

“Believe it or not, I will make you unable to leave the Hong Family!”

Chapter 1737

Hearing this, Lin Mo immediately tilted his head and laughed, “Elder Hong, you’re so funny!”

“The Ten Great Families are in the same breath?”

“Hehe, if you really want to be in the same breath, then why are you secretly practicing this cold and poisonous evil technique behind the backs of the ten great families?”

Hong Lao’s face couldn’t help but change as he argued, “I can practice whatever I want, does it have anything to do with you?”

Lin Mo smiled coldly, “It does have nothing to do with me.”

“However, if that Zhao Tianyuan, who cultivates the most rigid and powerful inner strength, knew about this, guess what he would think?”

Elder Hong’s face instantly turned cold, his cultivation of this cold and poisonous inner strength was aimed at Zhao Tianyuan.

Once Zhao Tianyuan knew about this, he would definitely go all out against him.

Elder Hong gritted his teeth, “Surnamed Lin, are you trying to threaten me?”

Lin Mo: “Not so much a threat, I just want to tell Elder Hong that we have the same goal.”

“Zhao Tianyuan is my enemy, and yours too.”

“Only if we join forces can we solve this big problem in our hearts!”

Elder Hong stared at Lin Mo for a long time before finally letting out a cold laugh, “Interesting, really interesting!”

“Lin Mo, I’ve heard that your daughter-in-law is on the verge of becoming Zhao Tianyuan’s.”

“It’s already this time, and you’re still talking to me about how to solve Zhao Tianyuan?”

“Who are you to do that?”

Lin Mo smiled lightly and casually took out an account book from his pocket and threw it in front of Elder Hong: “On the basis of this!”

Elder Hong picked up the ledger and flipped through it for a moment, his eyes instantly becoming stern.

He gripped the ledger tightly and stared at Lin Mo with a deadly gaze, "Where did this thing come from?"

Lin Mo: "There is an underground chamber in Zhao Tianyuan's solitary courtyard."

"What's inside can be hundreds of times more exciting than you can imagine!"

Elder Hong took the ledger and fell into deep thought as he weighed this matter, whether it was worth doing or not.

Lin Mo, on the other hand, walked over to the table and sat down, eating the pastries on the table as he slowly said, "Qian Yong'an of Su Province, his medical skills are quite brilliant."

"But, for all the years that Elder Hong has been sick, Qian Yong'an has never even come to your Hong family."

"Why? Just because Qian Yong'an is Zhao Tianyuan's man."

"From the beginning to the end, Zhao Tianyuan wanted you dead!"

"Elder Hong, Zhao Tianyuan is not strong enough now."

"Once he swallows Xu Pharmaceutical and gets his hands on the Recycle Pill, then his appeal among the top ten families in Su Province will rise again by a large margin."

"At that time, guess how long the Hong Family, who has been fighting against the Zhao Family, will actually be able to hold on?"

Elder Hong's face became even colder as he gritted his teeth, as if he was doing a fierce thought struggle.

After a long time, Elder Hong said in a cold voice, "With these alone, we may not be able to fight Zhao Tianyuan!"

"As important as these accounts are, however, the benefits of the Reconstruction Pill are even more enticing."

"In front of that huge interest, the ten great families of Su Province, might temporarily abandon these accounts and swallow the Recycle Pill first."

"Lin Mo, you, the venerable of Guang Province, have lost control of Guang Province, what makes you fight Zhao Tianyuan?"

Lin Mo smiled, "You are right, in front of the huge profits, all these little things, can be thrown aside."

"However, there are still some things that cannot be cast aside!"

Elder Hong said in a deep voice, "What matters?"

Lin Mo didn't hide anything and told him about Chen Wuyuan and the others.

After hearing Lin Mo's words, Elder Hong's expression was overjoyed.

He stood up violently and said excitedly, "What you said is true?"

“Where are Chen Wuyuan and the others now?”

“If that’s true, my Hong family will definitely support you!”

Lin Mo smiled lightly, “Elder Hong, don’t get excited.”

“I’ll first smooth out your internal energy and then take you to see them.”

Only then did Elder Hong come back to his senses, he said excitedly, “I can really smooth out my internal energy?”

Lin Mo: “Don’t forget, I’m the number one divine doctor in the six southern provinces!”

Chapter 1738

Only then did Elder Hong remember the previous Wanchun Hall launch, he took a deep breath and said in a deep voice, “Divine Doctor Lin, so what happened at the Wanchun Hall launch was all true!”

“The last time I heard about what happened over there, I thought it was fake.”

Lin Mo gave Elder Hong a surprised look, “What, you didn’t go to the event then?”

Elder Hong shook his head, “You also know the relationship between our Hong family and the Zhao family.”

“Any benefit or interest that the Wan Chun Hall has has nothing to do with our Hong family.”

“Such a matter, of course, our Hong Family will not get involved in it either.”

“Therefore, the last time the Wanchun Hall happened, I only sent a few people from my family over to make a symbolic appearance.”

“How exactly, we’re not too sure!”

Lin Mo suddenly realized that it was no wonder that just now, the Hong Family’s Young Master and this Hong Family’s Old Master, both didn’t recognize him.

It turned out that last time, they didn’t even attend the launch of Wan Chun Tang at all.

This situation also made Lin Mo even more certain that he had made the most correct choice in finding the Hong family this time.

The relationship between the Hong family and the Zhao family was basically on the verge of being torn apart.

In such a situation, as long as they seized the opportunity, the Hong Family would definitely fight the Zhao Family to the end.

Lin Mo told Elder Hong to sit down on his knees as he took out his silver needles and began to place needles on Elder Hong’s body.

Elder Hong’s situation was somewhat similar to that of the Wan Family’s Elder Wan.

However, Elder Hong’s strength was a far cry from that of Elder Wan.

His internal strength was not even as good as Zhao Tianyuan's.

So, treating it, this was relatively easy.

After placing thirteen stitches, Elder Hong then felt as if the originally pent up internal energy in his body had been directly opened up and started to flow normally.

Elder Hong was overjoyed, he hadn't felt anything like this for a long time.

"Divine Doctor Lin, I feel much better."

"Your medical skills, they are truly amazing!"

Elder Hong exclaimed.

Lin Mo smiled as he removed the silver needles from Elder Hong's body and handed three more pills to Elder Hong.

"Elder Hong, this is a solid element pill, it can help you recover your vitality."

"You should take one every three days, and within ten days, it will allow you to recover completely."

Elder Hong took the pills and without even thinking, he directly swallowed one in.

In fact, this Elder Hong was still very cautious as a person.

If it was someone else, or if it was any other situation, he would definitely not have eaten the pills directly like this.

And now, by eating the pill in front of Lin Mo, he was proving to Lin Mo just how much he trusted Lin Mo.

Moreover, he also knew very well that Lin Mo would definitely not have done anything to this pill. Otherwise, why would Lin Mo need to give him the needle to save him?

Sure enough, not long after the pill was consumed, Elder Hong felt a warmth in his body.

He had suffered from the pain of cold poison for many years, and had never felt such a comfortable feeling before.

At this moment, he just felt like tears were flowing out of his eyes. This kind of relief simply made him feel like a human being again!

"Divine Doctor Lin, thank you so much!"

Elder Hong thanked from the bottom of his heart.

Lin Mo smiled, "Elder Hong, there's no need to be polite!"

"If you feel up to it, let's pack up and go meet Chen Wuyuan and the others!"

Elder Hong immediately stood up, "Yes, no problem."

"Divine Doctor Lin, we can leave now!"

Lin Mo nodded, packed his things and walked out with Elder Hong.

At this moment, Younger Hong and the others were still standing in the courtyard.

Hong Shao was filled with trepidation, not knowing how much trouble Lin Mo would cause him this time.

When he saw Lin Mo come out first, Hong Shao immediately ran over, gritting his teeth and whispering, "Hey, kid, what are you up to?"

"I'm telling you, whatever you do, it has nothing to do with me, don't think I'll help you!"

"Dare to cause trouble in my Hong family, believe it or not, I'll make it impossible for you to walk out!"

Just then, Hong Lao's voice came from behind, "What are you doing?"

Chapter 1739

Hong Lao's voice came so suddenly that Hong Shao only shivered in fear and hurriedly said, "No nothing"

Hong Lao looked at him with cold eyes, "Nothing? Why are you stopping Mr. Lin?"

Hong Shao was also a resourceful person, hearing the respectful way in which Hong Lao addressed Lin Mo, he knew that something was not right, so how could he dare to say anything else.

He stammered, unable to say anything for a long time.

At this moment, Lin Mo smiled and said, "Elder Hong, it's nothing."

"Younger Hong is just asking me how to transfer the \$80 million for the treatment fee to me."

"It's alright, Younger Hong, you can just transfer it directly to that account I had before!"

Hong Shao's eyes went straight: "What what eighty million?"

Hong Lao, on the other hand, gave a direct nod, "I should, I should."

He patted Hong Shao's shoulder again and laughed, "Kid, you did a really good job of inviting Mr. Lin here this time."

"Just don't transfer any 80 million, just transfer 100 million to Mr. Lin directly, you hear me?"

Hong Shao wanted to cry, he had only gotten a total of 50 million, and now he had to add another 50 million?

However, looking at Elder Hong's attitude towards Lin Mo, he didn't even dare to say a word, so he could only nod his head helplessly and admit it.

Moreover, this time, it was Elder Hong himself who had asked for the money, so he did not dare not pay.

If he didn't pay, then if Elder Hong pursued the matter, he would be in trouble!

Walking to the door, Elder Hong suddenly turned his head again and said, "By the way, I have something to go out."

"You few, go in and watch the room for me, no one is allowed to go out, do you hear me?"

The few people from Hong Shao did not dare to have any doubts and hurriedly went into the inner room, not daring to leave even an inch.

Hong Lao had done this to prevent word from getting out about Lin Mo coming over.

This time, it was a matter of life and death for the Hong family, so news must never leak out.

Lin Mo took Elder Hong and met up with Chen Baiyu first, before rushing to the abandoned factory in the suburbs.

Chen Wuyuan and the others were resting here, and Zhao Tianying was personally guarding the vicinity.

Zhao Tianying had regained his wisdom and was now the strongest among these people.

Even if Zhao Tianyuan came over, he might not be a match for him.

With him guarding the area, it would be safer.

When Elder Hong caught a glimpse of Zhao Tianying, he froze at that moment.

He was a patriarch of one of the top ten families in Su Province, and Zhao Tianying was also considered his junior.

Back then, before Zhao Tianyuan took control of the Zhao family, the relationship between the Hong family and the Zhao family was still quite good.

And he and Zhao Tianying, too, had a very good relationship.

However, later on, Zhao Tianying suddenly disappeared and the Zhao family declared to the public that Zhao Tianying had been killed by an outlaw.

For this matter, Elder Hong was really sad.

When he saw Zhao Tianying now, his thoughts surged and tears almost came out of his eyes.

When Zhao Tianying saw his elder brother, he was also very excited.

The two of them clasped hands tightly, unable to say a word, but it said it all.

And at that moment, Chen Wuyuan and the others inside also came out.

Seeing these people, Elder Hong was even more shocked to the core.

These were all big names from the top ten families in Su Province, and moreover, they were all very familiar with him.

Chen Wuyuan was of the same generation as Elder Hong, and the two of them had grown up together, and their relationship had been quite good in the early years.

Now, seeing Chen Wuyuan in such a state, Elder Hong was also saddened.

As for the others, they may not be as old as Elder Hong, but they were also very familiar with him.

Looking at these people, Elder Hong was overwhelmed with emotion, "I really didn't expect to see you all again!"

"Back then, the strange disappearance of several of you almost became an unsolved case in Su Province."

"I never dreamed that it was that brute Zhao Tianyuan who took you all captive!"

"Ai, if I had known that, I should have led people to kill the Zhao family and rescue you all!"

"That beast Zhao Tianyuan, how could he do such a thing?"

Chapter 1740

After talking to the crowd, Elder Hong walked directly to Lin Mo.

"Divine Doctor Lin, how do you plan to deal with Zhao Tianyuan?"

"Just say the word and we will definitely give you our full support!"

Everyone else also looked straight at Lin Mo, waiting for him to speak.

Lin Mo said softly, "I don't have much of a grudge against the Ten Families of Su Province."

"The crux of the problem lies in the two people, Zhao Tianyuan and Qian Yongan."

"However, the current situation in Su Province is a bit special."

"Among the top ten families in Su Province, there are several that have completely attached themselves to Zhao Tianyuan and have become Zhao Tianyuan's lackeys."

"Among these, there are a few families, which are the families you are from."

"What I mean is that if you can get your clans to come around and stop aiding and abetting the enemy, then your clans, then you can continue to exist."

"And those other lackeys of Zhao Tianyuan, there will be no need for them to exist."

"It's time for the top ten families in Su Province to be replenished with some new blood."

"I wonder what everyone thinks?"

The crowd looked at each other and finally nodded their heads.

For them, as long as their own clans could be preserved, it didn't matter if the other clans were replaced or not.

In the end, after some deliberation, the crowd decided to expel three of the top ten families in Su Province.

These three families had already become Zhao Tianyuan's lackeys.

Moreover, among Chen Wuyuan and his group, there were no people from these three families.

Therefore, these three families, then, had directly become outcasts.

Next, the crowd knocked out three more from among those existing great families in Su Province, making them members of the new Ten Great Families.

And in this way, these three families, for sure, could become the crowd's helpers against the Zhao family.

Having arranged the general plan, Lin Mo left first.

The matter on the Su Province side would be left to Elder Hong to handle.

As for Lin Mo, he took Zhao Tianying Chen Wuyuan and the others with him overnight and ran to Guang Province.

Because, tomorrow was the day that Zhao Tianyuan would go to marry Xu Hanxia!

.....

At 1am, in the provincial city of Guang Province, the Night Banquet Disco, the top floor luxury private room.

This was one of the few most luxurious nightclubs in the provincial city, and this private room, too, was the most luxurious private room in this shop.

Those who could spend money in this room were not just rich, but also had to be powerful enough in Guang Province.

Otherwise, you wouldn't be able to enter this place at all!

At this moment, the manager of the nightclub was standing respectfully at the entrance, while a group of young people were having fun inside.

This group of young people were all young masters and young ladies from some of the big families in Guang Province.

Among them, there were three of them, and they were even the heirs of the top ten families in Guang Province.

With these people's status, it was more than enough for them to come to this private room.

It was normal for this manager to personally guard the place.

Inside the private room, there was a tall girl, none other than Tang Yuqing of the Tang family.

After the Tang family became a member of the top ten families in Guang Province, Tang Yuqing's status had also risen rapidly along with it.

If it wasn't for the previous unpleasant incident with Lin Mo, then Tang Yuqing could definitely become one of the top fops in Guang Province.

At this moment, a man came up to Tang Yuqing and teasingly stroked his hand through Tang Yuqing's hair while smiling, "Miss Tang, those friends you mentioned from Suzhou Province, when will they arrive?"

"We've mapped out the tiger's location, so if your friends don't arrive, we'll have to do it ourselves!"

Tang Yuqing glanced at him, "What's the hurry?"

"Those few people in Su Province are all heirs of the ten largest families in Su Province."

"The strength of the top ten families in Su Province is much stronger than our side of Guang Province."

"Isn't it quite normal for such big shots to be a little late?"

"If you don't have the patience to wait, you can go ahead and get lost, no one will stop you!"
