Chapter 1741

The youth was bored and backed up a bit, "Miss Tang, you've misunderstood."

"I've prepared the show, I'm afraid the tiger will run away!"

"It's alright, since you arranged it yourself, then we definitely trust you!"

"Everyone, let's not rush, let's play for a while to warm up."

"Let's warm up a bit." "When our friends from Suzhou Province arrive later, be good company."

The crowd in the room responded in unison as the young man walked to the other side and sat down.

There was another man sitting here, and this man, with a face full of displeasure, came up to the youth and whispered, "Young Zheng, look at the way that b*tch is tugging!"

"What does she have to be proud of?"

"Even among the top ten families, their Tang family is still at the bottom of the list."

"What's she pretending to be in front of us?"

The youth waved his hand and sighed, "You should stop talking such nonsense."

"Who told her to flirt and hook up with Qian Liangwen of the Qian family in Su Province?"

"The Qian family, among the top ten families in Su Province, is ranked in the top three."

"Qian Liangwen is the heir of the Qian family, and in Su Province, that has a pivotal position."

"With Qian Liangwen backing her up, of course people are qualified to tug."

The man said unconvincingly, "What's wrong with Qian Liangwen?"

"Just because the Qian family is powerful in Su Province doesn't mean they can be powerful in Guang Province."

"I'm not convinced, we're still afraid of the top ten families in Guangdong Province, aren't we?"

The youth laughed, "Not really, but this time the situation is a bit special."

"In this situation in Guangdong Province, the ten families in Suzhou Province are raging to kill each other, so they are clearly trying to make a big deal out of it."

"You should also have an idea of how profitable the reconstructed pills are."

"Our ten families in Guang Province will definitely not be able to keep this Recycle Pill."

"Therefore, the best way is to join forces with the ten major families in Su Province and swallow Xu's Pharmaceutical, taking a share of the pie from it."

“As far as I know, there are several large families in our Guang Province that have already secretly joined forces and hooked up with the Ten Great Families of Suzhou Province.”

“They have already made plans to exterminate those resisting clans and re-define the top ten clans in Guang Province.”

“In other words, our side of Guang Province is about to change again.”

“Whoever can get closer to the Ten Families of Soo Province will be able to continue to live.”

“Whoever goes against the Ten Great Families of Su Province will be exterminated!”

“So, there’s no harm for us to get closer to Qian Liangwen now.”

With resignation on his face, the man said resentfully, “When did it become Su Province’s turn to take charge of our affairs in Guang Province.”

“D*mn, it’s unconvincing to think about it!”

The youth waved his hand, “Alright, don’t throw your young master’s temper.”

“With the situation like this now, the ten families in Guang Province are also walking on thin ice.”

“Even if you don’t want to befriend those young masters in Su Province, you still try not to cause trouble for the family, understand?”

The man gritted his teeth and said in a low voice, “If Divine Doctor Lin was still around, would these b*****ds in Su Province dare to come to Guang Province and cause trouble?”

The youth sighed, “But the problem is, Lin Mo is already dead!”

The man shook his head helplessly, unable to even say anything.

Just then, the door to the room suddenly opened and a group of people arrogantly walked in from outside.

At the head of the group was none other than Qian Liangwen from Su Province.

He was also holding a girl in his arms, and one hand was roaming continuously on this girl’s body.

And as if Tang Yuqing didn’t see this girl, she ran straight over and jumped into Qian Liangwen’s arms, saying excitedly, “Wen, you’re here.”

“I missed you so much!”

Saying that, she also gave Qian Liangwen a strong kiss on the cheek, her face full of a smug expression.

Looking at her expression, it was as if being able to stand beside Qian Liangwen was the proudest thing!

Chapter 1742

Qian Liangwen laughed harshly as he wrapped his other hand around Tang Yuqing and recklessly slipped his hand into her clothes.

“You little S!*, so anxious for me to come over, what do you want me to do?”

Qian Liangwen laughed smugly.

Tang Yuqing didn't feel embarrassed at all, instead she even snuggled into Qian Liangwen with a look of enjoyment, "You're bad."

Qian Liangwen laughed again and slapped Tang Yuqing's buttocks hard, before walking over to the sofa and sitting down.

At this moment, Tang Yuqing also immediately introduced those people in the room to Qian Liangwen.

These people were the sons of some wealthy families from this side of Guangdong Province.

Among them, a few of them were the sons of the top ten families in Guangdong Province, and some others, although they were not the top ten families, were also famous big families in Guangdong Province.

When Tang Yuqing introduced them, these people also stood with their hands down and smiles piled on their faces, greeting Qian Liangwen respectfully.

Qian Liangwen, on the other hand, was leaning back on the sofa with a big grin, his two feet stretched out on the table.

The girl next to him was carefully peeling grapes and feeding him, while he was also concentrating on eating the grapes, not even looking at these fops from Guang Province, not taking these people from Guang Province into consideration at all.

This Qian Liangwen was too disrespectful, right?

However, in the end, they did not dare to say anything and could only stand here with a smile on their faces.

After Tang Yuqing finished her introduction, Qian Liangwen didn't say a word, and sat there eating grapes.

Seeing this, Tang Yuqing hurriedly approached Qian Liangwen's side: "Wen, everyone has heard of you for a long time, so they are specially setting up a banquet here tonight, waiting for you to come over."

Qian Liangwen disdainfully glanced at those fops, "Tang Yuqing, you didn't ask me to come all the way over just to get me to come to a banquet for these losers, did you?"

At these words, the faces of the people at the scene instantly turned ugly to the extreme.

This Qian Liangwen, too, did not take the crowd into consideration!

The man from before could not hold back any longer and said angrily, "Qian Liangwen, don't go too far!"

"I'm telling you, this is Guang Province"

Qian Liangwen directly grabbed a wine bottle on the table and slammed it on the man's head, smashing the man into a frenzy.

"What's wrong with Guang Province again?"

Qian Liangwen pointed at the man and cursed, "The people from your top ten families in Guang Province have basically all run to Guangyang City to attend the wedding of our Lord Zhao family!"

"That bride, or the wife of your some bullsh*t Venerable Lin Mo of Guang Province."

"The people from the so-called Top Ten Families of Guangyang Province, standing in front of the Lord of the Zhao Family, are all scared like quails, not even daring to utter a single fart."

"What the f*ck are you, how dare you talk to me like that?"

The faces of all the people in the room changed, they knew that their elders had left the provincial city, but they didn't know what exactly their elders had gone to do.

In that case, they had actually gone to Guangyang City?

Qian Liangwen walked up to the man, stepped on his neck with one foot and said in a cold voice, "Let me tell you, even if this is Guangyang Province, if I want to get you killed, it's no different from crushing an ant!"

"Want to try?"

With that, he turned his head to look at the crowd again, "You f*ckers, whoever doesn't like it, can stand out!"

"If I don't get you all to convince me today, my name isn't f*cking Qian Liangwen!"

The man covered his head and fell to the ground, blood gushing out along his fingers, his face full of anger, but he didn't dare to say a word.

As for the other fops, they all lowered their heads now, not daring to meet Qian Liangwen's eyes, only afraid that he would find trouble with them.

Seeing this, Tang Yuqing hurriedly approached Qian Liangwen's side and said with a smile, "Wen, why do you need to be angry over these losers?"

"Come, come, sit down first, sit down first."

"You few, throw this trash out."

Chapter 1743

When these fops from Guang Province looked at Tang Yuqing, they were all abhorred to the core in their hearts.

Although they feared the Ten Great Families of Su Province, but, after all, they were all from Guang Province.

This man, too, was a friend they played with.

Now that they were being bullied like this, Tang Yuqing was still talking like this, which was clearly helping an outsider.

However, no one dared to say anything now, they could only carry the man out in silence.

Qian Liangwen sat down at the table with a big grin and wrapped one hand around Tang Yuqing: "I heard that you prepared a gift for me?"

"Where's the present?"

"Don't tell me that you yourself are the gift!"

Tang Yuqing pouted, "Nasty!"

"I've been yours for a long time now, what's the point of having a present?"

"What I've prepared for you is another good thing, you'll definitely be satisfied!"

Qian Liangwen was intrigued, "Is that so?"

"What good thing?"

Tang Yuqing smiled, "I've heard that you've been looking for that tiger under Lin Mo?"

"I know where he's hiding!"

Qian Liangwen immediately stood up and said excitedly, "Really?"

"Where is he?"

"You take me there now!"

As everyone knew, Tiger was Lin Mo's crony.

When the Ten Great Families of Su Province entered Guang Province, Tiger was also the only one who stood out and openly resisted.

However, after Tiger was injured last time, he went into hiding, and the Ten Great Families of Su Province had been unable to find him.

If Qian Liangwen could capture Tiger back this time, it would be a great achievement.

Tang Yuqing smiled, "He's hiding in a very hidden place, want me to take you there?"

Before she could finish her sentence, Qian Liangwen slapped her directly in the face and cursed, "Where the f*ck did you get all this nonsense?"

"Say, where the hell is he hiding!"

Tang Yuqing was dumbfounded by the blow, she looked at Qian Liangwen with a bewildered expression, she really couldn't understand how this Qian family's youngest, who was still talking about love to her two days ago, had suddenly turned into this vicious look.

When Qian Liangwen saw that Tang Yuqing didn't say anything, he was even more furious and threw a slap at her face again, "D*mn it, say something!"

"Didn't you hear what I asked you?"

Qian Liangwen didn't have any feelings for Tang Yuqing, he was just playing around with her.

He was now anxious to know the tiger's location and was afraid that the tiger had gotten the news and escaped.

Therefore, Tang Yuqing was simply asking for trouble when she sold out like this, he didn't have that much spare time to listen to Tang Yuqing's nonsense.

After being slapped twice, Tang Yuqing finally came back to her senses and said in a trembling voice, "Wen, you what are you doing?"

Qian Liangwen was furious, grabbed Tang Yuqing's hair and pinned her down on the table, copying a fruit knife with his hand and holding it to her face.

"I told you to say where the tiger is, one more f*cking word of bullsh*t from you, believe it or not I'll scratch your face!"

Qian Liangwen said angrily.

Tang Yuqing finally came to her senses, she finally knew that Qian Liangwen was not joking with her.

At this moment, she also finally understood that what she thought was true love, what she thought was being able to get close to the big man, was actually all her own wishful thinking.

Qian Liangwen had never cared about her from the beginning to the end!

Seeing that the fruit knife was getting closer and closer to her, Tang Yuqing was so scared that she shivered and said, "He's in North Motor City."

Qian Liangwen grabbed her by the neck and lifted her up, "Lead the way!"

Tang Yuqing didn't dare to say anything, so she trembled and led Qian Liangwen out.

At this time, those dudes outside had also withdrawn long ago, and there was no one outside now.

These people had already seen that Qian Liangwen looked down on them, so naturally they would not stay here.

Tang Yuqing was still hoping that people from the Guangdong province would save her, but when she saw that there was no one outside, she couldn't help but despair completely.

Chapter 1744

North Motor City.

Tang Yuqing led Qian Liangwen and the others all the way to this place.

It was already early in the morning and this North Auto City was empty inside.

The crowd arrived outside a car repair shop at the very back.

Tang Yuqing, with a pale face and messy hair, pointed to the repair shop, "Just this is it, he's hiding here."

Qian Liangwen looked at the car repair shop and frowned slightly, "Are you sure?"

Tang Yuqing nodded: "Sure!"

"At that time, he was ambushed by several families from Guang Province, and it was our Tang family who rescued him."

"My father personally arranged for him to be hidden in here, this garage, which is owned by our Tang family."

"There's a basement inside, a secret stronghold of our Tang family!"

Qian Liangwen glanced at her, "Your Tang family is still quite good to Lin Mo!"

"The man surnamed Lin is dead, and you guys are still taking such a big risk to save his men?"

Tang Yuqing hurriedly said, "Wen, you've misunderstood."

"My father is an old stubborn man, he was confused for a moment and did such a thing."

"I I brought you here because I also want to redeem myself."

"Wen, don't worry, when this matter is over, I will ask my father to hand over the position of family head."

"At that time, I will do whatever you want me to do for you!"

Qian Liangwen couldn't help but sneer, "Heh, interesting."

"Fine, for the sake of you being so sincere, then I'll give you another chance."

"You go in first and poke around."

Tang Yuqing's face changed, "I I go in first?"

"That won't work!"

"The tiger comes with bodyguards around, I go in, won't this this be dangerous?"

Qian Liangwen said in a cold voice: "You are the Tang family's eldest lady, even if the tiger has bodyguards around, they won't do anything to you!"

"If you don't go in, then how do I know, if this is a trap or not?"

Tang Yuqing had no choice but to walk into that car repair shop.

Qian Liangwen stood outside and watched, seeing Tang Yuqing breeze to the inner room, where the lights turned bright.

Qian Liangwen winked at the person next to him, who immediately followed him in quietly.

Once Tang Yuqing had entered the inner room, she opened a secret door and walked straight in.

After a short while, an icy voice came from inside: "Who?"

Tang Yuqing hurriedly replied, "Me!"

“Tang Yuqing!”

The person inside: “Oh, it’s Miss Tang.”

“Is there something wrong with Miss Tang?”

Tang Yuqing: “I’ve come to see Master Tiger.”

Seeing this, the person following behind quietly went out and informed Qian Liangwen.

Hearing the situation inside, Qian Liangwen knew that Tang Yuqing had not lied to him, and that this was really where the tiger was hiding.

He winked at the people around him and said in a low voice, “Catch them alive!”

Qian Liangwen had brought quite a few experts from the Qian family with him when he came over this time.

The crowd walked straight into the car repair shop and followed the secret door to the basement below.

The basement was quite spacious inside, and after entering, they saw the tiger lying on the bed from afar.

And beside him stood five hans, these were Tiger’s bodyguards.

Tang Yuqing was sitting beside the bed, and Tiger was still talking, “Aiya, Miss Tang, how can I be so kind as to trouble you to come over here personally

Before the words left his mouth, Qian Liangwen and the others rushed in.

The scene was in chaos, Tiger’s few bodyguards, it didn’t take long to subdue them all.

The tiger was lying on the bed, full of confusion, as if confused about what was going on.

Qian Liangwen stood at the end, and when he saw that the scene was under control, he walked in with a smile on his face.

“Master Tiger of South Street, right? It’s not easy to find you!”

Qian Liangwen said smilingly.

Tiger frowned: “Who are you?”

Qian Liangwen laughed, “What, didn’t Tang Yuqing introduce himself to you?”

“My name is Qian Liangwen, the youngest master of the Qian family in Su Province!”

“How’s that, is it like thunder?”

Chapter 1745

Tiger’s face changed and he immediately looked at Tang Yuqing, “Miss Tang, what’s going on?”

Tang Yuqing immediately took a few steps back and leaned over Qian Liangwen, “Wen, I didn’t lie to you, did I!”

“Look, the tiger is hiding right here!”

Qian Liangwen laughed, “Very well, you’ve done a good job this time.”

“Come back, I’ll spoil you for a few nights!”

Hearing this, the tiger’s face immediately turned cold: “Tang Yuqing, you how dare you betray me!”

Tang Yuqing strained her neck and said, “You speak properly, who betrayed you?”

“What are you, just a social gangster, what qualifications do you have for me to betray you?”

Gritting his teeth, Tiger said angrily, “Tang Yuqing, why are you doing this?”

“Where did I offend you!”

Tang Yuqing said in a cold voice, “Hmph, you deserve to die for being Lin Mo’s henchman!”

“My father didn’t know any better, he dared to go against the top ten families in Su Province and save you, this trash.”

“Of course I have to atone for my father’s sins!”

Tiger’s eyes widened as he stared at Tang Yuqing, suddenly sneering, “Atonement?”

“Heh, Tang Yuqing, you’re really a fool!”

“Do you really think that if you help them to arrest me, the Ten Families of Su Province, will let your Tang Family off the hook?”

“I’m telling you, no matter what you’ve done, the first of the Ten Families of Suzhou Province to be exterminated will still be your Tang Family!”

Tang Yuqing’s face changed and she said sharply, “You’re nonsense!”

“I’ve done so many things for the Ten Great Families of Suzhou Province, why would they want to destroy my Tang Family?”

Lao Hu sneered, “I’m talking nonsense?”

“Heh, ask that young master of the Qian family next to you to see if I’m bullsh*tting or not!”

Tang Yuqing immediately looked at Qian Liangwen, while Qian Liangwen looked at the tiger with a smirk, “Master Tiger of South Street, you really have some skills!”

“Heh, this kind of thing, you see it quite clearly!”

Tang Yuqing’s face suddenly changed, Qian Liangwen’s words were tantamount to admitting the tiger’s words ah.

“Wen, did you make a mistake?”

“I helped you catch the tiger, you guys why do you still want to destroy my Tang family ah?”

Tang Yuqing grabbed Qian Liangwen’s arm.

Qian Liangwen impatiently waved her aside: "Why?"

"Hmph, from the moment your Tang family stepped in to save the tiger, your Tang family was destined to perish!"

Tang Yuqing was anxious: "But, I helped you catch the tiger"

Tiger bristled, "Helped them capture me, so what can be done about it?"

"This time, the ten major families in Suzhou province are bound to take control of the entire province when they kill it with great fanfare."

"If I'm not wrong, at least five of the top ten families in Guang Province are going to be re-chosen."

"They are going to re-elect five families into the Top Ten Families of Guang Province, so that they can take control of the situation in Guang Province."

"In this case, whoever opposes them will be exterminated by them."

"The Tang family is the only one to stand up against them, do you think, they will let the Tang family go?"

Tang Yuqing was completely dumbfounded as she sat paralyzed on the ground, her face full of unacceptability.

She really couldn't understand how things had come to this point.

She had given everything, not even her dignity, and had shyly gone to curry favour with Qian Liangwen.

She thought she would be able to take advantage of this opportunity to rise to the top, but to her surprise, this was the final outcome.

Not only was she toyed with, but she had also lost face.

The most crucial thing is that the Tang family is still finished, how can she accept this?

Qian Liangwen glanced obliquely at the tiger: "Your analysis is quite accurate!"

"You're a talented person, but unfortunately, the more astute you are, the less you live long!"

"Come on, men, take him away!"

Two men walked over and prepared to arrest the tiger.

Just then, the tiger suddenly struck out, his two fists coming together and hitting the two men right in the face.

Qian Liangwen's face changed and he pointed at the tiger and exclaimed, "Didn't you break your hand?"

Chapter 1746

The tiger's hands were as good as new, as if he had never been injured at all.

The crowd around was appalled, and there were rumours that the tiger had had its hands cut off.

But what was the situation now?

Why was he standing here unharmed?

“Hahahaha”

Tiger let out a wild laugh and rolled over and jumped up from the bed.

“That’s right, my hand is broken!”

“But, don’t you guys know that?”

“My boss, that’s the number one divine doctor in the six southern provinces!”

“What’s wrong with a broken hand?”

“Even if my head was broken, he could cure me!”

Tiger said proudly.

The crowd here was once again shocked, and Qian Liangwen exclaimed, “What are you talking nonsense about?”

“The man surnamed Lin died long ago, and he turned into a ghost to heal you?”

At that moment, a cold voice suddenly came from outside the door, “Who said I was dead?”

The crowd turned their heads, only to see that a group of people had stood at the door at some point.

At the head of the group was none other than Lin Mo!

Behind Lin Mo, a dozen people followed.

Among them, the Tang Family Master was standing beside him!

When the Tang Family Master saw Tang Yuqing inside the house, his face was filled with despair and he sighed helplessly.

Tang Yuqing, on the other hand, was dumbfounded as she stared at Lin Mo dumbfounded, unable to come back to her senses for a long time.

She really couldn’t understand what the hell was going on here?

Hadn’t Lin Mo died? How had he reappeared?

Moreover, why had he appeared with the Tang family?

What the hell was going on here?

When Qian Liangwen saw Lin Mo, he was only frightened and trembled, “You” are you a human or a ghost?”

Lin Mo sneered, “Of course I’m human.”

“However, you will soon become a ghost!”

Qian Liangwen's face turned pale: "How are you you still alive?"

"Didn't Zhu Yeqing already kill you?"

"What the hell is going on here?"

Lin Mo sneered, "Did you see Bamboo Yeqing kill me with your own eyes?"

Qian Liangwen shook his head.

Lin Mo asked again, "Then have you seen my corpse?"

Qian Liangwen shook his head again.

Lin Mo shrugged, "You didn't see Bamboo Leaf Green kill me, nor did you see my corpse, so how do you dare to be sure that I'm dead?"

Qian Liangwen was speechless, and only after a long time did he grit his teeth and say, "Lin Mo, what can you do even if you are alive?"

"My top ten clans in Su Province have already killed their way into Guang Province, just with this strength of yours, how can you fight us?"

Lin Mo let out a loud laugh, "Qian Liangwen, you'd better think about yourself first!"

"Guess, will you be able to return alive today?"

Qian Liangwen's face changed greatly as he looked at Lin Mo indignantly, "Surnamed Lin, you're really despicable, to set such a trap against me!"

"Humph, if you really have the guts, fight me with a real sword!"

"Using such despicable means to find a female to trick Laozi here, are you still a f*cking man?"

With that, he turned to Tang Yuqing and cursed angrily, "Tang Yuqing, you have the f*cking guts to deceive Laozi like this!"

"I'm telling you, this account, I'll write it down!"

"This time, if I don't f*cking annihilate your Tang family, my surname is not Qian!"

Tang Yuqing was full of embarra*sment, "Young Qian, I I don't have any"

Lin Mo laughed, "Young Qian, there's no need to be so angry."

"This matter, Miss Tang is not involved in it, she is still with you guys all the time!"

Qian Liangwen was surprised: "What do you mean?"

Lin Mo laughed lightly, "Qian Liangwen, do you really think that I don't know what you've done in Guang Province?"

"You had just entered Guang Province when Tang Yuqing hooked up with you."

“And when Tang Yuqing pried out the tiger’s location from the Tang family head, I knew she was definitely going to tip you off.”

“So, I deliberately asked the Tang Family Master to leak the location to Tang Yuqing, just to lure you over!”

“But, you were really cooperative too, and really came running.”

“This also saved me a lot of work, so I wouldn’t have to go specifically to catch you!”

Chapter 1747

Qian Liangwen’s face suddenly changed, he did not expect this to be the case.

He originally thought that it was Tang Yuqing who had set it up, but he did not know that even Tang Yuqing was in the dark about this one.

As for Tang Yuqing, her face also became even more ugly.

She finally understood how she had been able to pry the tiger’s location from her father so easily.

It turned out that, from the very beginning, Lin Mo had planned her in.

And she was still complacent, thinking that she had finally taken credit this time and would be able to save the family.

Unbeknownst to her, everything she had done was actually inside Lin Mo’s plan.

Her face was pale as she looked towards the Tang family head, who was now also full of indifference, with despair in his eyes, clearly disappointed in this daughter to the core.

After this incident had started, the Tang family had been flagging their support for Lin Mo.

As for Tang Yuqing, because she had suffered a defeat in front of Lin Mo before, she harboured a grudge against him.

Several times she had been persuading her father to let them join forces with the Ten Families of Suzhou Province, and each time her father had sternly refused.

By hooking up with Qian Liangwen, Tang Yuqing was trying to prove to her family that her decision was the right one.

And only now did she realise that, as it turned out, she had been wrong from the start.

It was her father and grandfather’s decision that was the right one!

Tang Yuqing lowered her head, she knew that she was finished this time.

After doing such a thing, it was already hard to say whether she would still be able to keep her life or not ah!

Qian Liangwen gritted her teeth and said angrily, “Surnamed Lin, what can I do even if I fall into your hands?”

“Humph, I’m warning you, if I lose a single hair, my Qian family will make you pay back a hundred times over!”

“If you don’t want your family and friends to die miserably because of you, then obediently let this youngster go

Without waiting for him to finish, Lin Mo walked directly in front of him and violently grabbed his hair, pulling off a large piece of it with force.

With this, almost all of Qian Liangwen’s scalp was ripped off, and Qian Liangwen’s head was dripping with blood.

Qian Liangwen was almost mad with pain as he pointed at Lin Mo and roared, “Surnamed Lin, you you seek death!”

Lin Mo blew the handful of hair out of his hand and laughed lightly, “Aiyo, Qian Shao, you’re missing so much hair, how much do I have to pay back?”

The surrounding crowd burst into laughter, Qian Liangwen was only shivering with anger: “Lin, I will never let you go!”

Lin Mo sneered, “What, do you think I will let you go?”

“Qian Liangwen, I remember, I told you not to provoke me in the future.”

“It looks like you didn’t take my words to heart at all!”

“Since that’s the case, then I’ll have to make you remember!”

With that, Lin Mo waved his hand, “Tiger, help loosen their skins!”

Tiger walked over with a big smile, “Alright.”

Qian Liangwen and the others tried to resist, but the ones Lin Mo had brought with him were all experts.

After a melee, it didn’t take long for Qian Liangwen and the others to be pinned to the ground.

Tiger casually picked up a dagger from the ground and kept slashing at Qian Liangwen’s face, scaring him so much that his body was shivering.

“You guys what do you want to should say?”

“Shi can kill but not humiliate, have the ability you kill me

Qian Liangwen roared loudly.

Lin Mo nodded: “Good, then kill him!”

Without any nonsense, Tiger immediately raised the dagger in his hand and stabbed it straight down towards Qian Liangwen’s eye socket.

Seeing the dagger coming down, Qian Liangwen only screamed in fear and closed her eyes, not daring to look.

However, the expected pain did not happen.

The dagger almost grazed his scalp and hit the ground.

But Qian Liangwen had also broken out in a cold sweat of fear, and the miserable scream he had just made had caused him to lose face as well.

Tiger raised the dagger and laughed, "Oops, sorry, I missed."

"But it's alright, this time, I won't miss!"

Chapter 1748

As he spoke, the tiger's eyes suddenly turned cold and his expression became fierce as he raised his dagger fiercely.

Looking at his stance, he was about to kill Qian Liangwen with this stroke!

Qian Liangwen was almost scared and begged for mercy, "Divine Doctor Lin, Divine Doctor Lin, please spare me, I won't dare to do it again"

"Please, please, please, spare me"

"I'm just a junior, it's useless for you to kill me"

Lin Mo smiled: "Don't you want to die?"

"If you don't want to die, that's fine."

"Young Qian, as long as you obediently answer a few questions from us, then you can still go back alive."

Qian Liangwen's face was pale, he knew that the questions Lin Mo was going to ask were definitely not simple.

However, he knew that if he did not answer, then he would die on the spot, and in the end, he could only meekly nod his head in agreement.

Lin Mo waved his hand and told Tiger and the others to take Qian Liangwen and the others out and bring them to different rooms for questioning, so that these people would not lie.

Lin Mo, on the other hand, stayed in the room and sat down slowly and methodically at the table.

There were not many people left in the room, only a few members of the Tang family, and Tang Yuqing, who was standing inside the room.

Tang Yuqing was shivering all over, and she knew that it was time to deal with her next.

Looking at Lin Mo, who was sitting next to her, she was simply remorseful to the core.

Thinking about the first time she had met Lin Mo, at that time, she had missed the best opportunity.

At that time, if she had agreed to work at Lin Mo's pharmacy, then she would have become Lin Mo's sidekick a long time ago, and her status in Guang Province would have climbed sharply ah.

However, because she was so high-minded at the time and did not put Lin Mo in her eyes, she missed that opportunity.

It was also because she missed that kind of opportunity that she felt insulted, so she wanted to take this opportunity to prove herself.

She went to great lengths to hook up with Qian Liangwen without any regard for her dignity.

Originally, she thought that after helping Qian Liangwen so much, she would be able to raise the status of the Tang family and she would be able to raise her eyebrows.

But she had never dreamed that this would be the result.

Thinking about what she had done in the past few days, she could hardly cry.

Qian Liangwen didn't even treat her like a human being and used every means to abuse her.

She had endured all those humiliations, but in the end this was the result, which was really hard for her to accept!

At this moment, the Tang family head finally moved.

He walked straight up to Tang Yuqing, cracked two slaps on her face and roared, "Kneel down!"

Tang Yuqing's face turned red from the beating, and she could only kneel on the ground obediently.

Ever since she was a little girl, she had always been the flesh of the family's heart, and her father had never flicked a finger at her.

But this time, her father had even slapped her twice in front of so many people, which showed how angry the Tang Family Head really was in his heart.

At this moment, the Tang family head also turned around and kneeled down in front of Lin Mo in a poof, saying in a trembling voice, "Mr. Lin, a son does not teach his father."

"I raised such an unfilial daughter, my responsibility is the greatest."

"Whatever punishment you want, my Tang family has no complaints."

"I only beg you to spare her life, I am willing to take all the blame for her!"

Tang Yuqing's tears gushed out directly, she knew that her father was disappointed in her.

However, he always still loved her. Even though something like this happened, he still tried his best to protect her!

Lin Mo drank a cup of tea, snapped the cup upside down on the table, and said softly, "Master Tang Family, I have you to thank for this time."

"The fact that the Tang Family has been able to stand by my side is the greatest support for me."

"However, there is no way I can forgive your daughter for what she has done!"

"Since you personally interceded on her behalf, then of course I have to give you that face."

“However, I hope that from now on, she will never touch anything core to the Ten Families again, do you understand what I mean?”

Chapter 1749

The Tang family head nodded gently, he certainly understood what Lin Mo meant.

With these words, Lin Mo was tantamount to kicking Tang Yuqing out of the core of the Ten Great Families once and for all.

From this moment onwards, Tang Yuqing was still the First Miss of the Tang Family.

However, she would not be able to grasp any of the Tang Family’s industries, nor would she be able to access any of the Ten Great Families’ industries.

To put it plainly, from now on, she would only be able to live her life in glory and wealth, but she would no longer be able to have any power.

And this, for someone like Tang Yuqing, was cruel.

Unable to enter the core, then she would be marginalised in the future, and no one would look up to her anymore!

Tang Yuqing’s face was ashen, she knew that she had, this time, completely ruined her future.

But she couldn’t say anything.

It was already good enough for her father to keep her alive.

If the Tang family hadn’t fully supported Lin Mo this time, then what she had done this time would have been certain death!

It took more than an hour on Tiger’s side to finally finish the interrogation.

Tiger sorted out the information he had asked and handed it to Lin Mo.

Lin Mo looked at it carefully and had a general understanding of the situation of the ten families in Guangyang City in Su Province.

The Ten Families of Soviet Province had really mobilised a large number of people to come to Guangyang Province, and this time they were determined to take over Guangyang Province completely.

Naturally, the defences of the ten clans in Suzhou Province were left empty.

With the Hong family uniting with those big families, they would be able to take down the remaining people of the ten big families in Suzhou province.

As for the Guangyang City side, Lin Mo had also made arrangements long ago.

He walked out of the car repair shop and saw two young men hanging upside down under the eaves at the entrance.

Lin Mo said curiously, “What’s wrong with these two people?”

Tiger laughed, "Oh, these two sons of b*tches, they are from the top ten clans in Su Province."

"Just now we separated them and asked them these questions."

"These two sons of b*tches, playing smart, how dare they lie."

"I'll just hang them here and punish them a little!"

These two men were hanging uncomfortably at the moment and begged for mercy: "Brother, spare us, we won't dare to do it again"

"Whatever you ask now, we'll answer honestly, spare us"

Lin Mo looked at them and said, "Alright, put the people down!"

"It's strange to be hanging like this!"

When these two heard Lin Mo's words, they were overjoyed and thanked each other.

However, Lin Mo's next sentence made these two people dumbfounded.

Lin Mo said, "In the future, if you encounter a situation like this, just kill it."

"You're going to kill them anyway, it's already this time and you're still torturing them, why are you so cruel?"

These two men almost didn't collapse when they heard this.

They had thought that Lin Mo would let them go, but to their surprise, putting them down was to kill them?

The two men begged for mercy, but Lin Mo didn't even look at them and left directly in the car.

Tiger waved his hand and several of his men rushed over and carried the two men to the house.

It didn't take long for the screams to come from inside the house, but the two men had been dealt with on the spot.

After the scene was taken care of, Tiger drove away from the area.

After receiving this information, he had to gather his men and prepare to go back to Guangyang City.

On the outskirts, Lin Mo met up with Chen Baiyu and the others and drove to Guangyang City overnight.

It was already past four in the morning, and in another two hours, it would be dawn.

According to the information Lin Mo had received, Zhao Tianyuan's wedding car would pick up the bride at seven o'clock in the morning.

Lin Mo quietly leaned against the car, closing his eyes and resting his mind, but his heart was already filled with murderous anger.

This time, he was not going to let Zhao Tianyuan leave Guangyang City alive, no matter what!

If he had been his enemy, Lin Mo might have spared him.

However, this Zhao Tianyuan had even hit on his wife's idea, this could never be forgiven!

Chapter 1750

Guang Yang City, Wang Jiang Yuan.

The entire Wangjiang Garden was now decorated with lights and festive characters were plastered everywhere.

This was arranged by the people of the ten major families in Su Province.

Zhao Tianyuan's big wedding, this was a great joyous event.

Throughout Guangyang City, almost all of them were abuzz with this event.

Some people were envious, saying that Xu Hanxia had actually married the head of one of the top ten families in Su Province, this was a step to heaven!

Of course, there were also those who laughed, saying that Xu Hanxia had changed her marriage immediately before Lin Mo's bones were cold, which was completely unethical.

The only people who knew what was really going on were those close to Xu Hanxia.

Although it was five in the morning, Lin Mo's mansion was still brightly lit.

Xu Hanxia sat in the living room, her eyes red and swollen.

She had been crying for several days since she received the news of Lin Mo's death.

At that moment, Xu Lingling, who was dressed in a flamboyant manner, came out of the house.

Her face was red and she was in the happiest of moods, as if she was the one getting married.

After the people from the top ten families in Suzhou Province arrived in Guangyang City, the first one Zhao Tianyuan found was their Xu family.

The Xu family had all originally fallen on hard times, and Zhao Tianyuan had given the Xu family many benefits, making the Xu family members overjoyed.

Zhao Tianyuan directly gave Xu Yongqing a bride-price, saying that he would marry Xu Hanxia.

And Xu Yongqing immediately agreed to the marriage in his capacity as the Xu family's old man.

In fact, from the beginning to the end of the marriage, no one consulted Xu Hanxia or Xu Jiankong and his wife.

And the Xu family, because of Zhao Tianyuan's relationship, had also risen to the top in one step.

For this marriage, Xu Lingling, who prided herself on being Zhao Tianyuan's sister-in-law, personally ran ahead and took care of the arrangements.

No, she even came here specifically to supervise Xu Hanxia's make-up and dressing.

She had done all this in order to please Zhao Tianyuan and get some benefits from the Zhao family in the future.

“Sister Hanxia, why are you still sitting here?”

“You don’t even look at what time it is, it’s time to put on your make-up.”

“The Zhao family head’s wedding carriage will be here soon, if you don’t put on your make-up, you won’t be able to make it in time!”

“This is a good day that the Lord of the Zhao family has chosen, you can’t keep the Lord of the Zhao family waiting.”

Xu Lingling shouted loudly while commanding, “What are the few of you standing still for?”

“Why don’t you hurry up and change the bride’s new clothes and put on her make-up!”

Several make-up artists hurriedly ran over, one of them whispering, “Miss Xu, don’t put us in a difficult position!”

Xu Hanxia’s face was blue and she didn’t say a word, nor did she cooperate.

At this moment, Xu Lingling walked over and said with a smile, “Sister Hanxia, what are you doing?”

“Today is a great day for you, you can’t get angry!”

“The Zhao family master, that’s the most powerful person in Su Province.”

“It’s a blessing in your life for him to take a fancy to you.”

“Be good, be obedient, hurry up and clean up, don’t keep the Zhao family master waiting!”

Xu Hanxia gritted her teeth and said angrily, “Get lost!”

Xu Lingling’s face was chilled and she wanted to get angry, but in the end, she did not dare to lose her temper.

She only sneered and said slowly, “Sister Hanxia, even if you don’t think of yourself, you must think of your eldest uncle and aunt, as well as that deadbeat sister of Lin Mo’s, right?”

“If this wedding doesn’t go through today, the Zhao family head will be unhappy.”

“If he’s not happy, guess how many people will die because of it?”

Xu Hanxia’s face instantly turned pale.

Zhao Tianyuan had captured Xu Jiankong Fang Hui and Lin Mo’s sister Lin Xi in order to force her into submission.

If she didn’t agree to get married, Zhao Tianyuan would kill these people.

Right now, she really had no choice!

Seeing Xu Hanxia’s expression, Xu Lingling laughed once again, “Sister Hanxia, Lin Mo is dead, do you still plan to widow him?”

“If you ask me, that’s actually lucky for you.”

“From now on, you’ll never have to be with that wimp again, will you?”
