[Chapter 1741 The First Confrontation In The Demonic Realm!](#)

"It's a pleasant surprise to have a spirit stone mine!"

Ye Chen's eyes flickered with a faint flame.

At this time, the door of the dungeon was opened again. The light of the torches outside shone in, bringing a trace of warmth to the dark and damp cell.

Then, a human cultivator swaggered into the room and pointed at ye chen arrogantly. "You're quite lucky to have caught the eye of Queen memantha. Come with me to take a bath and change your clothes, and sleep with me tonight. "

Upon seeing this person, the cultivators who were locked up began to curse viciously.

"Primordial chaos Daoist, you traitor of the human race!"

"Lackey of the demon race, you'll die a horrible death!"

This person was called the primordial chaos Daoist. He was originally a late-stage nascent soul cultivator, but after falling into the hands of the demon dwellers, he actually knelt and fawned over them. He was trusted by Queen memantha and became her Lackey, persecuting other human cultivators.

"A bunch of lowly slaves!"

The primordial chaos Daoist cursed and walked into the cell. He suddenly pulled ye chen out of the dungeon. "If you don't want to die now, follow me!"

Ye chen was observing him from the side. This person had flaxen hair, a pair of lazy eyes, and a slender figure. He was truly handsome. No wonder he could gain the trust of the lecherous Queen.

He had become a so-called traitor!

At the same time, ye Chen's eyes darkened. He was surprised to find that this person had a cultivation base of golden core.

This primordial chaos Daoist's cultivation was actually not crippled. It seemed like he had obtained some benefits by relying on the demons.

This meant that he had spiritual stones that could be used for cultivation!

Ye chen took a deep breath and calmed down. He pretended to be in despair and said nothing, allowing himself to be taken away by the primordial chaos Daoist.

Along the way, ye chen saw all kinds of mines and spirit stones, but they were all guarded by a small team of demon soldiers.

Ye Chen's eyes flickered. It seemed that he still had to get the spirit stones from the primordial chaos Daoist to recover his strength.

Ye chen smiled at primordial chaos Daoist and asked, ""Milord, what is the purpose of that Army?"

Primordial chaos Daoist turned to look at him. Seeing that ye Chen's face was more handsome than his, he could not help but feel jealous. In the end, he looked at him with disdain. "You're just a piece of trash, you're about to become the Queen's plaything and be eaten in the end. Why are you asking this?"

Seeing that he was so vigilant, ye chen did not pursue the matter.

Very quickly, the primordial chaos Daoist brought him to the bathroom, which was nothing more than a Lake.

Primordial chaos Daoist pushed ye chen hard and shouted, "Hurry up and wash!"

Ye chen suddenly plunged into the water in front of him and secretly looked around. He found that there was a formation blocking the way.

Then, he saw the primordial chaos Daoist not far away from him. He took out a spirit stone and began to cultivate.

Ye Chen's heart skipped a beat. He knew that if he were to fall into the hands of that demoness now, he would probably be squeezed dry.

The spirit stones in Daoist Hunyuan's hands were an opportunity!

With this in mind, ye chen used the sound of water to cover up his footsteps and quietly arrived behind the primordial chaos Daoist. A spirit needle suddenly appeared between his fingers and he stabbed it directly at the back of the primordial chaos Daoist's neck.

Primordial chaos Daoist suddenly felt uneasy and alert. He turned around and saw ye chen stabbing him with a spirit needle. He flew into a rage and burst out with primordial Qi!

I can't let him use his true essence!

Ye Chen's heart sank, but he quickly came up with an idea. At the critical moment, the demonic Qi in his eyes suddenly gathered like two deep vortexes that sucked in people's souls.

It was a secret skill of the demon race, nightmare Demon Eye.

Primordial chaos Daoist's expression was ferocious and his eyes were struggling. Suddenly, the explosion of quintessential essence stopped and his eyes slowly became empty. He stood in place in a daze.

After taking control of the primordial chaos Daoist, ye chen secretly heaved a sigh of relief.

Then, he found a red embroidered Dharma Treasure on his robe and took out the spirit stones and Dharma Treasures in his storage bag. However, there were only dozens of spirit stones, all of which were low-grade.

"Pauper!" Ye chen mumbled.

Immediately after, he sat cross-legged and began to cultivate, quickly absorbing the spiritual stones.

Soon, the dozens of lower spiritual stones were completely absorbed.

His cultivation had also recovered to the late-stage golden core realm.

Ye chen was overjoyed. He was improving by the day and now had the ability to protect himself.

On the way here, the heavily guarded mines must be the spiritual vein. He had to find a way to sneak in and get more spiritual stones.

He looked at the Daoist of the origin who was as stiff as a block of wood and an idea came to his mind. Nine true spirit transformations!

After that, he killed primordial chaos Daoist and searched his memories. It turned out that the place that was heavily guarded was a medium-sized mine under Demon King memantha.

In the next moment, he used the true spirit nine transformations to transform into the primordial chaos Daoist and walked out of the shower room.

The demon Sentinel who was dozing off was shocked. When he woke up and saw that it was primordial chaos Daoist, he immediately lowered his head and said respectfully, "May I ask what's the matter, Lord Hunyuan?"

Ye chen was surprised. Was the primordial chaos Daoist's status so high?

Then, he imitated Daoist Hunyuan's tone and said coldly, "I'm under the orders of Demon King memantha to patrol the nearby mines. I want to go in."

The demon dweller's face revealed a difficult expression as he said in a low voice, "My Lord, may I ask if you have the warrant of Demon King memantha? Otherwise, according to the rules, you are not allowed to enter."

Ye chen immediately glared at him with hatred and threatened him, "I'll report your negligence of duty just now."

The demon man's whole body shivered as he thought of his boss's disgusting taste. His face turned pale and he quickly said, "Sir, you go in first. You can give me the warrant later."

The demon lowered his head and bowed, sending ye chen into the passage.

Along the way, he saw many human cultivators waving their pickaxes numbly in the dark spirit vein. They turned a deaf ear to the sound of whips and didn't feel anything even when they hit their bodies.

Ye chen could not help but speed up and came to a place where no one was.

"Bang!"

He threw a punch forward, using his physical strength to shatter the spirit vein, and collected the spirit stones that were scattered on the ground.

Just like that, he went to a few places and mined a mountain of spirit stones. Then, he absorbed them crazily in a cave where he couldn't even see his fingers.

Very quickly, his cultivation level reached the advanced stage of the original level!

"There's an abnormality!"

"Not good, the spiritual vein has been destroyed. Someone has sneaked in!"

Suddenly, a demon dweller's cry came from the distance.

It was almost at that moment that the demon Army guarding the mine finally discovered the abnormality.

Then, a group of mo soldiers appeared in the mine to search.

Ye chen quietly followed behind the demon soldier. His eyes flashed as he pondered. He couldn't enter the spirit vein as he wished with his identity just now. It must have been Demon King memantha who restricted him. It would be more convenient to transform into a demon weapon now.

Ye chen kept a close eye on them. The two-man demon soldiers split up and searched.

A large hand suddenly reached out from the darkness and grabbed the demon soldier's neck. True essence did not burst out, but the originally dried up meridians were filled with spirit Qi, making the strength of the body even stronger.

"Crack!"

The demon soldier died without a sound. Ye chen quickly searched his memory and used the true spirit nine transformations.

The other demon Soldier's Heart tightened. He gripped his weapon and slowly walked toward ye chen. "Lai si, did you find anything? Lai si ..."

[Chapter 1742 The Great Battle Against Demon King Memantha!](#)

"No, I didn 't!"

Ye chen, who was pretending to be demon soldier Lai si, shook his head.

"Then let's get out of here!" The demon soldier called Nick looked at the pitch-black mine with fear.

Ye chen walked out of the dark mine tunnel and his eyes opened up. The blood-red sunlight shone on the demon dweller's body, his blood Qi seething and his demonic Qi filling the air.

The mo soldier guarding the door looked at the last two people and asked, "Anything unusual?"

"Lord ti, we didn't find the thief." Ye chen immediately reported.

"Could he have run to another mine?" he asked carefully.

Natti stared at him and waved his hand, ""Let's go patrol the other mines. "

The group of people quickly arrived at the next mine vein and split up to search.

Ye chen entered another mine vein. This time, he was much more cautious. He knew that he could not mine the spirit stones violently like the last time. Otherwise, he would attract the attention of the demon soldiers.

Suddenly, ye chen noticed a pile of spirit stones in front of him and was overjoyed.

His eyes flickered, and he suddenly roared into the pitch-black tunnel, ""Who's there?"

Nick was shocked. He pulled out his weapon and asked in a low voice, "Lai si, which way?"

Ye chen pointed in a direction and said, "Over there, let's go together."

The two of them carefully walked into the depths of the tunnel, which was getting darker and darker.

A strong gust of wind blew past and the torch in ye Chen's hand was extinguished.

In the darkness, ye chen suddenly turned around and slashed at Nick.

"Pfft!"

The blade entered his body, and sticky blood splattered everywhere. Nick's eyes were wide open as if he had seen something unbelievable.

Ye chen put away the corpse and burned away any traces with his Spirit Fire. He then rushed toward the pile of spirit stones and put them all into his bag.

Ye chen once again found a deserted place and absorbed it madly.

Soon, his cultivation level reached the early divine transformation realm.

Ye chen nodded in satisfaction. He began to think about how to explain that he was the only one left.

Suddenly, chaotic footsteps came from the mine vein. After listening carefully and releasing his divine sense, he suddenly found that he was surrounded!

Ye chen frowned as he tried to recall which part of the plan had been flawed.

He took out Nick's body and found that a token hanging on his waist was flashing madly. The blood-red light was bright like a torch in the dark night!

So this was the flaw!

He sighed in his heart, and his eyes flashed with killing intent.

Since he had been discovered, he might as well kill his way out!

"BOOM!"

At that moment, his true essence exploded and he rushed out of the tunnel like a wild horse.

One of the mo soldiers felt the explosion of spiritual energy and shouted, "He's here ..."

Before he could finish his sentence, ye chen charged out from the side. A ray of light flashed past and the corpse exploded.

Along the way, ye chen wielded the long saber like a god of death. He killed whoever he met. The blood energy in his body soared to the sky. Behind him, it was as if The Phantom image of a butcher sharpening his saber was brewing.

General ti finally arrived and blocked ye Chen's way.

He glared at ye chen angrily. As a great commander at the great circle of soul formation, he had been played by this despicable little bug!

"Kill!!!"

Ye chen Ran straight for naeti. He wanted to end the battle as soon as possible and escape from the colony as soon as possible!

"Sky burning palm!!!"

Suddenly, heaven and earth turned into a huge furnace. It was as if heaven-burning flames were rising from the ground, refining everything in the world!

General ti was instantly burned by the overwhelming flames.

"Devil blessing!"

General ti gritted his teeth. His muscles expanded, and his body became huge like a giant. He wore a boxing glove Dharma Treasure and punched out.

The huge fist formed by the dense demonic Qi and the sky-burning fire collided violently.

"Bang!"

The void trembled, and countless rocks fell like Rolling Thunder.

"Die!"

Ye chen erupted again. He used his fingers as a blade and a fiery-red blade light slashed out diagonally, crossing the world. The heaven-burning flame suddenly rose and not a single blade of grass grew within a hundred miles!

"BOOM!"

The raging fire burned the void. The black giant was killed in one strike, and countless screams came from the surroundings. The fire not only burned the body, but also the soul. It was as if the whole person was being refined.

"Boom boom boom!!!"

The mine collapsed with a loud crash. Boulders flew everywhere and smoke filled the air. Ye chen took a step forward. The sea of fire behind him reflected half of the sky red. Countless demon dwellers died tragically in it. It was like hell on earth.

It was as if ye chen had been possessed by a God. He stood proudly in the air, looking down on all living beings, making people kneel in worship.

A trace of red finally appeared in the eyes of those numb human cultivators. They were extremely shocked to see that invincible figure slaughtering the demon dwellers in the gathering place of the demon race.

Ye chen surveyed his surroundings. Just as he was about to leave, the air suddenly froze. A terrifying pressure fell on ye Chen's body as if the sky had collapsed!

"Cunning human, you want to leave?!!!"

At the same time, a cold voice exploded in the world.

"It's Queen memantha!" The demons who had lost all their courage cried out in alarm.

Ye chen frowned. A beautiful figure floated over in the air. She had a head of black and shiny hair, a round face, and a pair of beautiful blue eyes. She was captivating. When she turned around and smiled, it was a hundred times more charming. It could even take away one's soul.

She looked at ye chen greedily and said in a clear and moving voice, "human cultivator, as long as you stop struggling now and serve me, I can spare your life."

Ye chen smiled disdainfully. "B * tch, what a powerful charm. You want me to serve you?" In your dreams!"

"Kill!!!"

Ye chen burst out with all his strength. His clenched fist glowed with a golden light and he punched.

"Heaven shaking hammer!"

A huge fist broke through the air, and its powerful pressure seemed to shake the heavens and shake the earth.

"You're so stubborn!"

"Hmph!" Memantha snorted and waved her hand. Icicles formed in the air. The coldness was so cold that it could freeze one's soul. It was as if one had fallen into a cold hell.

"Bang!"

The Golden fist and the icicles were both shattered.

"What? He's actually fighting against Demon King memantha with an early divine transformation realm cultivation base? this expert is comparable to a late void refinement realm expert?" Everyone was dumbfounded as they watched the intense collision in the air.

Memantha chuckled softly. Her eyes became more greedy and her love for ye chen grew. She said in a tender voice, "I really want to tie you to my bed."

Then, he pushed with both hands and a bone-chilling wind whistled toward him. Pillars of Ice Rose around ye chen, trapping him!

"Ha!"

Ye chen shouted and formed a seal with both hands. It was as if an ocean had appeared behind him, with towering waves that toppled toward the icicle.

"Sea overturning seal."

"Bang!"

The ice pillar shattered, and countless ice shards floated in the air like diamonds, shining.

Ye Chen's feet pushed off the ground. Just as he broke out of the encirclement of the cold air, his heart beat wildly. Danger!

A dark ball of light had appeared in front of ye chen and exploded!

"Boom boom boom!!!"

At the crucial moment, a black armor attached itself to ye Chen's body and he flew backward. His chest was almost blown through and he stood on the ground with a pale face, covered in blood.

Memantha looked at ye chen in surprise and raised an eyebrow. "Eh? He didn't die?"

The next moment.

She clenched her fist in the air and endless cold air swept toward ye chen.

Ye Chen's expression changed. He stomped on the ground. Burrow!

It was as if his entire body was like sand, shattering and sliding down, disappearing on the spot.

[Chapter 1743 The Celestial Fiend Reincarnation Mystic Art!](#)

"Boom boom boom!!!"

At the crucial moment, a black armor covered ye Chen's body. His figure suddenly fell back, his breath somewhat unstable.

Memantha looked at ye chen in surprise and raised an eyebrow. "Eh? He didn't die?"

The next moment.

She clenched her fist in the air and endless cold air swept toward ye chen.

Ye Chen's expression changed. He stomped on the ground. Burrow!

It was as if his entire body was like sand, shattering and sliding down, disappearing on the spot.

"Puny human, where are you going?"

"Open!" Queen memantha shouted. A ferocious vertical eye slowly appeared between her brows, covering the entire ground as if it could see through everything.

"Um ... Where is he?"

However, he still could not sense ye Chen's figure under his Dharma eyes.

"Queen memantha is invincible! Die, enemy!"

"Haha, that kid is dead for sure."

"Celebrate, celebrate!"

Just as the surrounding demon soldiers were about to celebrate the Queen killing the enemy, they suddenly found that the scene was empty. It didn't seem like the Queen had successfully killed the enemy, but rather, she had been fooled by the enemy.

The great queen had actually been fooled by a severely injured brat?

In an instant, the entire place fell silent. Not a single sound was heard.

"You bastards, go after him! I don't care what method you use, you have to find this person!"

Memantha's face was extremely cold.

She had actually been played by a human cultivator. If this matter were to spread to the other demons, she would definitely become a laughingstock.

"Yes!"

The demon soldiers' spirits were lifted.

In reality, they had no idea where Ye Chen had gone. He had disappeared like air.

However, the Queen was furious. If they didn't pursue, they would be courting death. They could only scatter like headless flies.

At the same time, a thousand miles away.

Ye Chen's figure appeared.

His expression was a little ugly. "As expected, the demonic Qi in the land of the demonic race is extremely turbid. The little bit of true essence that I've just recovered is actually flowing away at an extremely fast speed."

This was the demon disaster area, and there was almost no spiritual energy here. However, there was an endless amount of demon energy surrounding him.

"I can't go on like this. When my spiritual energy is exhausted, my strength will be far worse than before, and I might even fall from the realm!"

Ye Chen's brows were tightly furrowed. His figure quickly swept into the distance, trying to avoid being searched.

In a wild land, the demonic Qi was even more intense. There were countless demonic plants in the surroundings, and the roars of demonic beasts could be faintly heard.

"Bang!"

Ye Chen's finger pierced through a fiend, and his figure appeared.

Buzz, buzz, buzz!"

At the same time, the endless demonic Qi was like a bone-deep Scorpion, constantly nibbling away at Ye Chen's true origin.

"Do you really think this Ye has no way?"

Ye Chen's eyes flickered. He gathered all the primordial Qi in his body. Suddenly, the waves were endless. The stones hit the air and the meridians in his body circulated rapidly.

"Boom boom boom!"

His body rumbled loudly. He didn't care about the demonic Qi's corrosion. He was relying on the recovery ability of his ancient God Body to resist it!

"The immortal and demon Samsara mystic art!"

The next moment, he roared. The celestial demon light bloomed from ye Chen's body at the same time. The black and white Qis were like yin and yang Tai Chi. At this moment, the structure of his body changed drastically.

Crack, crack, crack!

His bones and muscles were all deformed. This kind of pain was beyond the comprehension of ordinary people. It was as if his entire body was crushed and reassembled.

In the demon disaster area, the only way to move around normally was to adapt to the environment here.

However, as a human cultivator, he could not do that no matter what.

However, ye chen was different. He cultivated the celestial demon transmigration Mystic technique, which could allow his body's structure to undergo a shocking transformation. In an extremely short period of time, an immortal cultivator could go against the heavens and transform, achieving the body of a demon cultivator.

"Zi Zi Zi!"

The spiritual energy in his body began to undergo a qualitative change. The violent fluctuation of demonic energy made ye chen feel as if he had transformed into a peerless Demon Lord.

"Boom boom boom!"

With a burst of demonic Qi, Ye Fan was reborn, his body was filled with demonic Qi.

Turning into a demonic cultivator, Ye Fan directly absorbed the demonic Qi, his body rapidly recovered and soon, everything was back to normal.

"Roar!"

Suddenly, a beast's roar rang out, startling ye chen.

"What?"

He quickly rushed out of the cave and saw a demon dweller chasing after a sixth step tyrant demon beast.

The magical beast was heading toward ye chen.

"Get lost! Don't snatch my prey! Go to hell!"

The demon dweller attacked ruthlessly.

"What?" A cold glint flashed across ye Chen's eyes. As expected of a member of the demon race, he attacked without distinguishing between right and wrong.

"Late nascent Soul Stage, ant-like ears!"

With a wave of his sleeve, he directly dissolved the other party's attack.

"You!"

The demon dweller's expression changed drastically and he turned to escape. Ye chen quickly moved and grabbed the demon's head while killing the demon dweller with a palm strike.

"Soul search!"

"Zi Zi Zi!"

With the flow of primordial Qi, the demon dweller was under ye Chen's control on the spot. All kinds of information entered ye Chen's mind.

"Dugu han ... Holy Shadow Clan ... Sister ... Hunting competition!"

"Go to hell!"

Just as Ye Fan was searching his soul, dugu han suddenly exploded his bloodline in an attempt to counter-attack Ye Fan.

"Hmph, what a joke!"

Ye chen sneered. His entire body's primordial Qi exploded. Suddenly, a strong pressure poured into dugu Han's head and he died on the spot!

"Nine true spirit transformations!"

In the blink of an eye, ye chen had taken on dugu Han's appearance.

Da, da, da!"

The sound of footsteps rang out. Ye chen hurriedly cleaned up the scene and then pretended to be injured as he fell.

It was a group of demons, led by two boys and a girl.

"Look, it's a class 6 tyrant demon beast, this is great!"

"What are you guys doing? that's my brother 's!"

Just as the two young men were about to snatch it, the young girl behind them shouted.

"Brother, brother!"

Seeing that ye chen was injured, the young girl quickly came over to help him.

"How could this trash kill such a powerful tyrant demon beast? this is ours!"

Dugu Ming and dugu Luo didn't care about the girl's shouts at all as they madly rushed toward the tyrant demon beast.

"This demon tyrant beast belongs to my brother. My brother must win this hunting competition. This will determine whether he can awaken his demon crests or not, and whether he can remain in the Holy Shadow Clan. You guys get out of the way!"

"Hahaha, you're thinking too much. Such high-end spoils of war, of course it's first come, first served."

"That's right, dugu you, you and your sister should just accept your fate. "

The two of them had already rushed to the tyrant demon beast's side and were ready to steal the fruits of their victory.

Seeing dugu you's anxious look, ye chen could not bear to see her like this. He stood up and faced the two demon dwellers.

"You two bastards, stop right there!"

"What?"

The two of them were taken aback. They hadn't expected dugu han to be able to stand up. He was clearly severely injured.

"You're looking for death!"

Gudu Ming and dugu Luo looked at each other coldly. They wanted to make a move, as they couldn't lose such precious spoils of war.

"Hehe, I'm not sure who's looking for death, right?"

The corners of ye Chen's mouth curled up slightly. As long as the other party dared to make a move, he would kill them without mercy.

"Stop!"

Suddenly, a voice stopped the three of them!

[Chapter 1744 The Holy Shadow Clan!](#)

"You're all from the Holy Shadow Clan, what are you doing?"

The newcomer was an old man with a green bamboo staff in his hand. He gave off a sinister aura.

"Elder Yu, dugu han is too arrogant. He's just trying to steal our spoils of war, and he's even trying to attack us!"

Dugu Ming complained.

Elder Yu glanced sideways at the tyrant demon beast and then at ye chen and the others. He instantly understood.

He couldn't help but frown.

This tyrant demon beast was a sixth level demon beast, and its strength was comparable to a peak nascent soul cultivator. Logically speaking, no one here could easily kill it, but it was just lying there quietly, so it was obviously dead.

He took a closer look, and found that the tyrant demon beast had died in a rather clean manner. It had killed it with a single blow, and this method was a little terrifying.

"Hmph, I can't just listen to one side of the story. Dugu you, come over and explain."

Elder Yu looked at dugu you and said.

"Yes, elder Yu,"

Dugu you walked over and looked at dugu Luo and dugu Ming coldly. His anger was obvious.

"Elder Yu, it's like this ..."

Dugu you explained what everyone had seen when they arrived. This way, elder Yu understood that the tyrant demon beast hadn't been killed by dugu Ming and dugu Luo, but by dugu han.

Even though he didn't believe that dugu han had such strength, he still believed dugu you's words more than dugu Luo and dugu Ming.

"You two B * stards! How dare you try to steal the fruits of dugu Han's hunt?! What a disgrace!"

Dugu Ming and Gudu Luo still wanted to argue with the elder.

However, the two of them held back in the end. Elder Yu was an important figure in the clan, and it was not a good thing to talk back to him.

However, their hatred for ye chen grew even more.

"Dugu han, how are your injuries?"

Elder Yu took a deep look at ye chen and took a step forward. He held ye Chen's hand tightly and tried to examine his injuries.

If this tyrant demon beast had really been killed by dugu han, then he must be a peerless genius within the clan.

As an elder of the clan, he should offer his condolences. After all, the Holy Shadow Clan wasn't a large clan, and the cultivation of the clan members was limited. If there was a person with great potential, it would be good news.

At least, it could stir up the emotions of the clansmen and make them fight for the long-term future of the Holy Shadow Clan.

"Elder Yu, I'm fine."

How could ye chen not know the powerhouse's purpose? he said with a smile and graciously allowed the powerhouse to investigate.

"Big brother, you still say you're fine? look at how badly injured you are! This is a class 6 tyrant demon beast, how can you say you're fine after killing it?"

Dugu you came over and continued to support ye chen.

"Nethery, I'm really fine."

Ye chen knew that if he wanted to put on a show, he had to go all out. Since he had put on a show for dugu han, he had to continue acting seriously.

"Brother, don't pout. Let me bandage you."

Dugu you took out the cotton that she had made specifically for bandaging wounds and used it to string beads on Ye fan's chest, arms, and other areas. The cotton had its own medicinal ingredients and could help ye chen recover quickly.

"Alright, since dugu Han's hunt is a success, let's go back and report this news." Elder Yu was no longer suspicious.

"Yes!"

Everyone agreed and led the tyrant demon beast towards the Holy Shadow clan's tribe.

On the way back, dugu you had been taking good care of ye chen. Not only did she look after the changes in his wounds, but she also personally used a secret technique to treat Ye Fan.

"I didn't expect this little girl to take care of her big brother so much. It seems like their relationship is really good."

Ye chen was somewhat touched. After all, among the demons, this kind of sibling relationship was rare.

However, dugu Ming and dugu Luo were different. They had been looking at ye chen with cold eyes, clearly waiting for an opportunity to take revenge.

"These two pieces of trash, it seems like they've never changed. Killing you two is as easy as killing an ant."

Ye chen made up his mind. If he did not intimidate them with this piece of trash, they would not let this matter rest.

After walking for an hour, ye chen finally saw some scattered houses in front of him. At a glance, the entire tribe looked very bleak. It seemed that the resources here were very poor. This might be one of the reasons why dugu Ming and dugu Luo wanted to snatch the tyrant demon beast so badly.

"Dugu han, you and your sister should go back and rest. I'll pass on the news of you killing the tyrant demon beast to everyone."

"Many thanks, elder!"

Ye chen cupped his hands in greeting and followed dugu you home.

Their residence was on the edge of the tribe. When ye chen entered the house, he was stunned. This was not a home. There was no decoration inside and it was very old. It was really just the four walls.

Ye chen shook his head and sat on the seat next to him.

"Brother, sit down and rest first. I'll go find some good medicinal herbs." Dugu you said with a smile.

"Ah? Alright. "

Ye chen was not used to being taken care of by dugu you. After all, he was not the real dugu han.

At the same time, the news of ye chen killing the sixth level tyrant demon beast had spread throughout the Holy Shadow Clan.

"You've all heard what elder Yu said, right? dugu han, that brat actually killed a sixth tier tyrant demon beast and became the champion of the hunting competition. It's truly inconceivable. "

"I couldn't believe it too when I heard it. That kid's strength is so-so, how did he do it?"

"No matter how he did it, he's now the hero of our Holy Shadow Clan."

The crowd broke into a discussion, and most of them looked at dugu han in a new light and praised him.

"Damn bastard, this brat stole our limelight. We have to teach him a lesson!"

"You're right. I don't believe he's that powerful. "

"Alright, in that case, I'll propose a duel with the elder. I want to kill this trash with my own hands."

Dugu Ming went straight to the elder's residence and proposed his idea.

"Since you have such thoughts, we won't stop you. It's also a good opportunity to see if dugu han has the real ability."

Elder Yu agreed to dugu Ming's suggestion on behalf of the higher-ups.

Da, da, da!"

Ye chen was still treating his injuries when he suddenly heard hurried footsteps outside the door.

"Dugu han, someone wants to challenge you. The elder has agreed. Come with me."

"What?"

Ye chen looked at the man and sneered in his heart. He did not have to guess to know that this was dugu Ming and dugu Luo's doing.

"Let's go!"

He immediately agreed and followed the man out.

On the Holy Shadow clan's battle platform, dugu Ming looked at ye chen with a cold smile.

"Trash, if you're so good, then come to the battle stage and see who's better. I don't believe you can kill the tyrant demon beast."

Ye chen shook his head slightly. "Hehe, of course trash wouldn't believe it. You don't have the ability or imagination."

"You, are you looking for death!"

Dugu han didn't wait for elder Yu's order to start. He attacked immediately!

"Kill!"

Dugu han strode forward and used his signature demon ape fist, aiming for ye Chen's vital points.

"Hmph, you dare to show off your skills in front of an expert with this bit of strength!"

Ye chen was an immortal cultivator. Since the other party had made the first move, he would give him a surprise.

"An eye for an eye!"

Ye Fan understood the essence of dugu Ming's move the moment he attacked. He dodged to the side and threw out a punch that was exactly the same as dugu Ming 's, but much more powerful.

"What?" Dugu Ming felt an invisible killing intent approaching him rapidly. It was as if the entire space was spinning, and even his soul was surrounded by the cold killing intent as if he had fallen into hell.

"Ah!"

Dugu Ming fell to the ground with a shrill cry.

[Chapter 1745 1749-Investigation Assistance Letter!](#)

Almost at that moment, the surroundings fell into a deathly silence.

Countless young members of the Holy Shadow Clan watched this scene with wide eyes.

"Dugu Ming was defeated by my own attack?"

"Since when did that piece of trash, dugu han, become so powerful?"

Everyone was shocked. Dugu Ming was considered a young genius in the Holy Shadow Clan.

Yet, he was defeated in the first round. This was too unbelievable.

"Brother, good job, brother!"

Dugu you had been very afraid that dugu han wouldn't be dugu Ming's match, so she had rushed over with medicine. However, the scene in front of her had stunned her.

She didn't expect her brother to become so powerful.

"Bastard!"

Dugu Ming fell to the ground, his eyes filled with shock and humiliation.

Even he hadn't expected dugu han to be able to defeat him.

"Dugu han, you're looking for death!"

"I'll kill you!"

Suddenly, with a roar, dugu Ming rose from the ground. His eyes were filled with murderous intent as he whistled toward ye chen.

"Dugu Ming, what are you doing?"

Elder Yu shouted angrily when he saw this.

However, dugu Ming didn't seem to hear him.

The strong sense of humiliation made him almost go crazy.

He had been defeated by ye chen in front of so many people. What face would he have among the younger generation of the Holy Shadow Clan in the future?

"Not good, this brat actually didn't follow the rules. Not only did he launch a sneak attack, but he also used the power of the devil marks!"

Someone exclaimed.

"This is a fifth-grade demonic pattern. Once it explodes, its power will be unimaginable. Dugu han is in danger this time."

"If dugu han were to die, it would be such an injustice."

Everyone's heart trembled. They didn't think that dugu Ming would be so ruthless to dugu han!

"Hehehe, dugu han, so what if you're powerful? die in my hands!"

A cunning smile appeared on dugu Ming's face as a ball of black Qi formed in his hand, revealing huge black fangs as if he wanted to gnaw everything in front of him and kill his opponent.

"Boom boom boom!"

The air current went berserk, the space trembled, and the fangs attacked ye chen.

"What?"

Ye Chen's eyes flashed. Of course, this little trick could not fool him.

However, he was still the incarnation of dugu han. In the face of such a fierce sneak attack, according to dugu Han's character, he had to fall. Otherwise, the many pairs of eyes staring at him from below the stage would definitely see through him!

"Boom boom boom!"

"Ah!"

As the giant fist landed on ye Chen's body, he was sent flying ten meters away.

"Brother, brother, you bastard, you actually sneak attacked!"

Dugu you was so frightened that he almost fainted on the spot. He subconsciously wanted to go up, but he was held back by someone.

"You!"

Dugu Ming wanted to fight back, but he was in the wrong this time. There were so many people watching him, so he could not act up directly. At least, he had severely injured ye chen, which was already very satisfying to him.

"Hmph, your brother is dead!"

"Get lost!"

Dugu you rebuked angrily and quickly came to ye Chen's side.

"Pfft!"

At this moment, ye chen spat out a mouthful of blood. This was something that had been brewing for a long time. It was so realistic that no one could compare.

"Brother!"

Dugu you's eyes were filled with tears. He had been hit by a sneak attack from a fifth-grade devil inscription. This was a serious injury. It was already a miracle that he could still sit up.

"Dugu Ming, what are you doing?"

Elder Yu slapped dugu Ming and said with a gloomy face.

"Elder Yu, living in our demon race is a means of battle. This is nothing. You can only blame dugu han for his own incapability."

"What did you just say? Using a mageweath for a sneak attack is still reasonable?"

"Apologize to dugu han immediately, or you'll be punished according to the clan rules," elder Yu said with a cold gaze.

"What?"

Dugu Ming was shocked. He was the clan's genius but now he was completely suppressed by ye chen. The elder had asked him to apologize and even threatened to use the clan rules. It was obvious that he thought highly of ye chen.

"Hurry up, don't talk nonsense!"

"Yes!"

In the Holy Shadow Clan, the elders were the higher-ups, and no one dared to disobey their orders.

Dugu Ming was furious but he had no choice. He slowly walked to ye Chen's side.

"I'm sorry, dugu han. "

He pretended to apologize, but the corners of his mouth curled into a cold smile, deliberately showing it to ye chen.

"Hmph, what sincerity is there in the apology of a cunning villain? get lost. I'm not in the mood to watch your act."

Ye Chen pretended to be in pain and stood up. Then, he turned around to leave.

"What did you just say?"

Gu Duming was once again at a loss. His face was green with anger. He was being countered by Ye Chen in every way, even after the sneak attack. He did not gain any advantage at all.

However, he did not know that Ye Chen's injury was only a pretense. Otherwise, he would have died of anger.

"Stop talking nonsense and come back!"

Elder Yu berated him again. Dugu Ming had no choice but to lower his head. This time, he was in deep trouble.

After this battle, Ye Chen became a small celebrity in the clan. Through many youths, he learned a lot of information.

In the Holy Shadow Clan, one had to awaken their demon crests at the age of twenty, or they would be abandoned.

There were many types of mageweaths, such as the mageweath of corruption, the mageweath of petrification, and so on. They were all innate divine abilities.

Mo Matrixes were divided into nine grades. The first grade was the lowest, and the ninth grade was the highest.

As for Dugu Han, he would become an adult in three days.

"It seems that I have to awaken my demonic marks. Otherwise, I might be chased away. I won't have time to recover my cultivation and find Ye Wushuang and the others."

After making up his mind, Ye Chen used Dugu Han's various memories to easily awaken the high-level mageweath. However, he deliberately took his time to awaken the sixth-grade devouring mageweath. To Ye Chen, this was child's play but it was already a genius-level existence in the Holy Shadow Clan.

After that, Ye Chen and Dugu You's situation gradually improved. The higher-ups of the Holy Shadow Clan attached great importance to him and even gave him many resources.

Da, da, da!"

One day, Ye Chen saw a clan's powerhouse running into the high-level residence with a portrait.

"What?" Ye Chen's heart skipped a beat as he thought of something.

He hurriedly followed and actually saw that the portrait was exactly his appearance.

"Elder, this is a request for assistance from the Holy Camel Tribe. They want to search for a human cultivator. This person ..."

"Oh? There's such a thing!"

The higher-ups of the Holy Shadow Clan had a discussion and decided to assist in the search. After all, the Holy camel Queen's strength was no small matter, and they did not dare to underestimate her.

"Dugu han, show the portrait to everyone and assist in the search."

"Alright!"

Ye chen smiled, took the portrait, and quickly left.

Looking at himself in the portrait, ye chen shook his head slightly. He thought to himself that although this portrait was exquisite, it was not handsome enough. If he were to draw it, it would definitely be shocking.

"Hmph, Demon King memantha, you're really like a ghost that can't leave. You actually came here. What a pity. No matter how smart you are, you wouldn't have thought that I can transform into dugu han!"

Ye Chen's lips curled into a mocking smile.

[Chapter 1746 First Rank Fiend General, Another Breakthrough!](#)

Ye Chen's portrait had spread among the Holy Shadow Clan.

However, no one paid too much attention to it. After all, this human cultivator only appeared in the Shengtuo clan and had nothing to do with them.

Moreover, even if someone were to look at him in front of ye chen, they would think that it was dugu han. No one would know that he was ye chen himself.

"Brother, it's time to change the medicine."

Ye chen sat cross-legged on his bed and was cultivating with rapt attention. At this moment, a voice was heard. It was dugu you.

She did not know what kind of martial arts ye chen was cultivating. She only thought that he was doing ordinary meditation.

In reality, Ye Fan cultivated the advanced Constitution and the ancient God's five elements power.

"Alright!"

In order not to expose himself, ye chen first interrupted his cultivation and watched dugu you change his medicine.

These wounds were nothing to ye chen. His ancient God body's resistance was extraordinary. However, in order to maintain the illusion that he was dugu han, Ye Fan did not use his ancient God Power to forcefully recover.

"Little sister, I've been heavily injured by the tyrant demon beast, and I don't seem to remember much of the past. Why don't you tell me more about our heavenly Yuan realm ..."

Ye chen looked at her innocent self and quietly probed.

Dugu you didn't think much of it and immediately said, "Our heavenly Yuan realm is only a small plane in the spiritual realm. However, there are still many demon tribes in this heavenly Yuan realm. Do you remember now? our Holy Shadow Clan is only a small tribe. Do you remember the other demon tribes?"

"Ah ... Let me think. I think there's also the Saint camel tribe." Ye chen pretended to think.

Dugu you smiled and continued, "There are many demon tribes in the heavenly Yuan realm. There are the Holy Shadow Clan, the Holy camel clan, and the Holy feather clan ..."

Dugu you was very detailed and gave Ye Fan a lot of information.

From this information, Ye Fan chose the most important part to recall.

Even in a small dimension like the sky origin realm, there were still many demons gathered, and there were even demon masters. This was not to be underestimated.

In that case, ye chen thought that he could not leave this place at will. If he encountered a true demon master, an old monster or Demon King at the level of tribulation transcendence, based on his current cultivation level, the consequences would be unimaginable.

From dugu you's account, ye chen also learned that a small tribe like the Holy Shadow Clan still had mineral veins and the slaves working in the mineral veins were the human race.

There were many human cultivators among them. Under the oppression of the Holy Shadow Clan, they continued to rely on their own strength to excavate mines and produce spirit stones for the demon dwellers to cultivate. It was clear that the resentment between the human race and the demon race was difficult to resolve.

As night fell, the entire Holy Shadow Clan was shaken.

"Look, what's that?"

"Someone has broken through to first rank fiend general!"

"It's dugu Ming!"

"It seems like dugu Ming has learned his lesson after being defeated by dugu han. That's why he's able to achieve such a breakthrough."

"That's right. Dugu Ming is indeed a genius to be able to step into such a profound realm at such a young age."

"This time, dugu Ming is even stronger than dugu han. I wonder what dugu Han's expression will be like when he finds out."

Suddenly, all sorts of noise came from outside. Ye Chen's sharp hearing allowed him to hear everything clearly.

"Brother, you're the genius of our tribe now. You must cultivate well and not care about other things."

Dugu you couldn't help but console him, afraid that he would be dealt a blow.

"Alright, I won't let you down." Ye chen did not know whether to laugh or cry as he shook his head.

Why would he care about a mere dugu Ming?

"En!"

Dugu you nodded her head firmly. She trusted her brother very much.

At this moment, dugu Ming barged into the room.

"Hahaha, dugu han, you piece of trash. Did you see that? I'm a first rank demon general now!"

"I don't have time to deal with an idiot. Get lost!"

"What did you say? trash, I'm a first rank demon general!"

Dugu Ming wanted to teach Ye Fan a lesson but was stopped by dugu you.

"Don't cause trouble. This is my home. My brother is about to break through to the first rank. He'll be stronger than you."

"What did you say? he's about to break through? hahaha, I'm going to laugh my head off!"

"Get lost, you're not welcome!"

Dugu you pushed dugu Ming out, giving ye chen a space to cultivate.

Seeing that she had gone far away, ye chen began to channel his true martial arts. He had to improve his demon cultivation base as soon as possible so that his status in the Holy Shadow Clan could continue to rise. Only in this way could he gain more trust and resources. This was crucial for his recovery and the growth of his cultivation base.

"Hmph, dugu Ming, a first-grade demon general, right?"

Ye chen decided to break through his own realm and give dugu Ming a "surprise".

"The celestial fiend revolution mystic art is a mixture of dense and demonic Qi!"

He used the demonic energy to clear his meridians, and then, with the help of his ancient God body's incredible resistance, he began to use demonic techniques.

As his Foundation was too strong and he had completely transformed into a demon cultivation method, it was too easy for ye chen to break through.

In a small tribe like this, one didn't need to have a high cultivation level to be able to get everything one wanted.

"First rank mo general, do it this way!"

Ye Chen's entire body was boiling with demonic Qi. In his meridians, dark blood Qi was surging rapidly. He was also surrounded by shocking demonic Qi. At this moment, he was a true demon cultivator. He had purer demonic Qi than even the geniuses of the demon race.

After the refinement of the ancient God Body, Ye fan's demonic Qi became more complete.

"Boom boom boom!"

Demonic Qi was surging rapidly in his meridians like a giant dragon hitting a mountain. If the higher-ups of the Holy Shadow Clan knew about this terrifying Qi, they would be overjoyed. He was an absolute genius of the demon race.

Zila, Zila, Zila!

As the dark lightning rushed out of his meridians and surrounded his body, Ye Fan fused with the power of the devouring demonic mark and became a first rank demonic general.

Just as everyone was cheering for dugu Ming's advancement to first rank demon general, ye chen walked out.

"Look, that's dugu han. No, why is his aura so powerful?"

"There's a first rank demon general, and his aura is even stronger than dugu Ming 's. "

Hearing the discussion, dugu Ming also ran out. When he saw ye chen, he revealed a look of disbelief.

"Hmph, is a first rank mo general very impressive? What a joke!"

With that, ye chen left with his hands behind his back, leaving dugu Ming standing there in a daze.

That night, ye chen sneaked out of his room and removed his disguise. This was the only way he could best display his strength.

He barged into the Kuangqu and found a mine that he had been paying attention to for a long time.

"Today, I'll rely on you to help me ascend!"

Ye chen released the devouring power and madly absorbed the energy of the mineral vein.

"Phew ..."

As he exhaled, the primordial Qi in ye Chen's body flowed rapidly, as if a ghost had descended!

"Late divine transformation realm!"

After an unknown amount of time, he successfully stepped into the late divine transformation realm.

"If this continues, I will be able to recover to my peak in less than a month!"

Ye Chen's eyes flickered.

Suddenly, a loud voice came from outside,""Who's there?!!"

[Chapter 1747 Dugu Ming's Accusation!](#)

Ye Chen's eyes flashed when he heard the sudden voice. Then, his body moved and he flew into the void.

"It's him! He's wanted by the Shengtuo clan!"

Frightened by ye Chen's powerful aura, the demon could not speak clearly but he could recognize ye Chen's identity at a glance. He was a wanted criminal.

Thus, the situation here had completely alarmed the Holy Shadow Clan.

In the mine, a large number of demon Warriors rushed over.

"Human ant, where do you think you're going!"

"He's wanted by the Holy camel tribe, yet he still dares to steal in our mine vein. Damn it!"

"Die, you lowly human cultivator!"

A few powerful warriors of the Holy Shadow Clan rushed over and surrounded ye chen.

"Let's see where you can run to, this is my territory!"

A demon dweller who looked like the captain of a small team also walked over and pointed at ye chen.

Seeing that more and more demon Warriors were gathering around him, ye chen knew that he had to end the battle as soon as possible.

"A bunch of trash from the demon race dares to be so arrogant in front of me!"

Ye Chen's eyes turned cold, revealing a murderous glint. The entire space instantly became so cold that it could even freeze a person's soul and cause them to fall into an illusion.

Such a cold aura seemed to have the effect of a barrier. It was too terrifying.

"Ah ..."

The few demon Warriors who had surrounded ye chen earlier were the closest to him and could clearly feel this cold killing intent. Their legs went soft and they could barely move.

"What are you guys doing? attack!" The squad leader roared.

"We, we also want to go!" The demon Warriors' legs trembled, and they didn't dare to move.

Seeing this, ye chen sneered and said, "Since you guys don't dare to move, don't blame me."

With a flying movement, he left behind afterimages. His sword fingers streaked across the air, and blood splattered. The demon dweller stopped moving and then fell to the ground.

"What?"

Ye Chen's movements were so fast that even the squad leader did not see what had happened. He only saw that his demon Warriors had fallen to the ground one after another without a trace.

Just as he was about to make a move, ye chen was already in front of him.

"How is it?" It was just two simple words, and then the sword Qi cut, leaving many afterimages.

"BOOM!"

The powerful sword Qi swept through the small team of demons and annihilated them all!

Thump, thump, thump!

Ye chen immediately sensed the arrival of the Holy Shadow clan's experts as he heard the sound of hurried footsteps. He could not stay here for long.

"Whoosh, whoosh, Whoosh!"

In a few flashes, ye chen had left the mine.

He returned to dugu Han's house in no time.

He sat cross-legged on the bed and meditated to regulate his breathing. His aura had stabilized at the early divine transformation realm, as if nothing had happened.

"What? He ran away?"

Elder Yu was furious. A mere soul formation human cultivator had actually escaped from the eyes of so many powerful cultivators and even killed a small group of people who were in charge of the mine. Where was the Holy Shadow clan's face?

Everyone's mood was low. After all, this matter was too disgraceful.

"Gather everyone!"

"Yes, elder!"

Elder Yu gave the order, and all the members of the Holy Shadow Clan came to the square.

He walked on the high platform and faced the crowd.

"I understand. That human cultivator is wanted by the Holy camel clan. He has come to our Holy Shadow Clan and has infiltrated our mine. This person was extremely cunning and had many tricks up his sleeve. If they wanted to capture him, they would need everyone to gang up on him. Those who can provide information will be heavily rewarded!"

"Yes!"

Everyone agreed. Everyone wanted to be rewarded. The reward for capturing such a wanted criminal would definitely be huge. It would definitely be of great help to their cultivation, especially in this era where resources were so scarce.

"Brother, this human seems to be very powerful. We must be careful when we go out." Dugu you said to ye chen.

"Of course. We have to be careful. If we see him, we have to report to the elders immediately. This time, he won't be able to escape." Ye chen said.

"Right!" Dugu you nodded slightly.

Suddenly, a figure flashed past and stood in front of the 'siblings'.

"Hahaha, what a good" can't escape even if you have wings. "This time, I'll make sure you can't escape even if you have wings."

Everyone turned around and saw that it was Dugu Ming. He was looking at Ye Chen coldly as if he was about to reveal some earth-shattering secret.

"Dugu Ming, what are you doing?" Dugu You asked coldly.

"Hmph, what are you doing?"

He turned to the elders and continued.

"Elder Yu, I saw Dugu Han go out alone last night. He was sneaky and headed in the direction of the mine. He is the wanted criminal, the spy."

The moment he said that, there was an uproar.

Dugu Han had just received the title of genius from the Holy Shadow Clan, and now Dugu You had accused him of being a spy and wanted criminal!

Many of the Holy Shadow clan's powerhouses turned to look at Ye Chen. They had not caught that person and were now filled with anger.

Everyone's eyes were filled with cold suspicion. This time, the situation was not good.

"Dugu Ming, you're slandering me! My brother was with me the entire night. He was cultivating hard and preparing to contribute to the Holy Shadow Clan. How dare you frame him! Hateful!"

"You!"

Dugu Ming choked when he saw Dugu You's overbearing manner.

At this moment, Ye Chen walked over and looked at Dugu Ming. He said with a half-smile, "Dugu Ming, I know you think that I'm more handsome than you, and I'm much more talented than you, but I defeated you in front of everyone and even ambushed you. So, I can understand why you're slandering me like this."

"You, you!" Dugu Ming was so angry that he almost vomited blood. He had clearly seen Ye Chen going out at night. Now, he was at a disadvantage and the elders were starting to suspect him.

"Dugu Ming, you may be talented, but if you use your talent to hurt Dugu Han and try to get more resources, the elder Council will never agree to it."

Elder Yu rebuked with a stern look in his eyes. Dugu Ming didn't dare to respond and could only lower his head.

He now hated Ye Chen to the core and wanted to kill Ye Chen with his own hands. However, he could not do it. His entire person was on the verge of collapse.

"Alright, everyone disperse. Be careful when you go out. If you see that human cultivator, immediately report to the elder Council!"

"Yes!"

The matter had come to an end, and everyone dispersed. Only Dugu Ming stood where he was and looked at Ye Chen's back, cursing inwardly.

In the days that followed, ye chen cultivated in peace. Of course, he was still looking for opportunities to enter the mine to absorb more spiritual energy.

During this period, he had taken action several times. Unfortunately, after the last incident, the mine was guarded by many experts of the Holy Shadow Clan, so it was difficult to succeed.

As a result, he could only cultivate by himself in dugu Han's home, and his speed was very slow.

His cultivation stopped at the late divine transformation realm. On the surface, he was a first rank fiend general, which was equivalent to the early divine transformation realm.

[Chapter 1748 The Pet Selection Contest!](#)

"The annual pet selection contest is here again, that's great."

"Let's all go over quickly. This time, I want to choose a more beautiful woman."

On the third day, ye chen was cultivating in his room when he suddenly heard a noise outside.

He stood up and saw dugu you entering. He could not help but ask, ""What's happening outside?"

"Eh? Brother, you're really muddleheaded. Today is our clan's pet selection event. "

"A pet selection contest?" Ye chen was stunned.

"It's a pet selection ceremony for demon powerhouses to choose human women. "

Dugu you urged ye chen as she spoke. "You're a genius of the clan now, so you're qualified. Hurry up and come with me!"

"Alright!"

Ye chen agreed readily on the surface but his heart was cold. He actually treated human women as goods to choose from. This demon race was really hateful.

The pet selection competition was held on a high platform in the clan. At this time, it was already packed with people. Many young demons were squeezing forward, wanting to choose a beautiful human woman to carry on the family line.

Ye chen looked at the high platform and found that many human women were tied up like animals. There were mortals among them, but there were also female cultivators whose cultivation bases had been crippled.

Now, their only function was to reproduce, which was a very cruel thing.

These human women were all cultivators before they were kidnapped and brought here. They had their own dignity and pride, but once they were kidnapped by the devil race, what awaited them was endless humiliation and trampling. It was a fate worse than death.

"The women of the demon race are infertile, so they can only kidnap human women to carry on the family line. What a joke. "

Ye Chen pondered whether he could think of a way to save these women but this was very difficult. Although he was a genius of the demon race, he was not the leader. He could not make the other demons completely obey his arrangements.

This kind of situation was very common. In order to reproduce, these demons frantically enslaved other planets and kept kidnapping women into the demon world.

When Ye Chen saw this, he was furious. He swore that he would wipe out these demons with his own hands.

"Move, move!"

Suddenly, a voice was heard. Ye Chen's expression changed because he was very familiar with the owner of this voice. It was Dugu Ming.

Dugu Ming walked to the front of the crowd. Many young demons didn't dare to provoke him, so they made way for him.

"Young master Dugu Ming, which one do you like?" The demon dweller asked Dugu Ming.

"Hmph, that's her!"

Dugu Ming pointed at a human woman. She had a slender and curvaceous body. Although she was dirty, it couldn't hide her beautiful face. She must have been a beauty before she was kidnapped.

The Masters of the demon race were lustful by nature, and Dugu Ming was no exception. Naturally, he would take a fancy to beautiful human women.

"No problem, I'll give it to you now ..."

Before he could finish, Elder Yu walked over.

"Everyone, after a discussion, our Elder Council has decided to give a reward to the genius with the fastest progress in the Holy Shadow Clan."

He pointed at the woman that Dugu Ming had chosen.

"Hahaha, looks like I'm going to win this time."

Dugu Ming was very confident. After all, he had just become a first-rank demon general and was at his peak.

However, he was only happy for a few seconds before Elder Yu pointed in Ye Chen's direction.

"Dugu Han, I'll give you the most beautiful human woman. You must give birth to the most talented offspring for our Holy Shadow Clan and help us rise to power."

"Yes!"

In order to save the woman, Ye Chen naturally agreed to the request.

He looked at Dugu Han, who had a twisted expression, and sneered.

"You ... You bastard ..."

Dugu han wanted to curse out loud but when he saw elder Yu on the stage, he immediately shriveled up. He knew that scolding ye chen in front of such a person would be a provocation to the elders Council and the consequences would be severe.

"That hateful dugu han. You're snatching my things again. You're really something. I'll definitely teach you a lesson!"

Dugu Ming kept cursing and scolding ye chen in his heart but it was no use. The beautiful woman was still taken away by ye chen. This made him extremely angry.

"Dugu han, since you're the most outstanding talent of the Holy Shadow Clan in recent years, the elder Council has decided to reward you with a Palace. This is the key to the palace, take it."

"Thank you, elder Yu. Thank you, elders!"

Ye chen took the key with both hands and left with the woman and dugu you.

Everyone was very envious. They looked at ye Chen's back for a long time without turning back.

Dugu you was very happy when she arrived at the palace.

Before this, she and dugu han had always lived in the dirtiest and most remote place. Now, they could actually live in such a good Palace. It was like a gift from the heavens. How could she not be happy?

As night fell, dugu you looked at ye chen with a red face.

"Brother, I'll make room for you!" After she finished speaking, she ran off.

"What?" Ye chen was speechless. This little girl must have misunderstood something.

He walked into the palace and saw that the woman was looking at him coldly.

"Whoosh!"

Ye Chen's hands were extremely fast. He removed the woman's restriction and said, ""Where are you from?"

"Go to hell!"

The woman suddenly attacked ye chen.

Ye chen restrained her and said coldly, ""The reason why I saved you was because I couldn't bear to see you being defiled. If you don't know what's good for you, don't blame me for not showing you any mercy."

"Bastard, stop pretending."

The woman looked at ye chen with eyes full of hatred. "You beasts, I won't let you off even if I become a ghost."

After saying that, the woman bit her tongue to commit suicide.

"Don 't!" Ye chen waved his sleeve and instantly stopped her.

Ye chen sighed softly. "I just feel sorry for you and don't want you to be defiled. Don't worry, I won't touch you!"

"Don't give me that, you animal! My husband is Skyfall's old ancestor, so he definitely won't let you off. "

The Skyfall forefather?

Ye Chen's heart skipped a beat. He deliberately provoked her. "Is your husband, the Skyfall patriarch, as powerful as my Holy Shadow clan's Night Shadow Demon monarch?"

"Even the eight great demon masters of your demon race would have to back off when they see my husband, let alone a Demon Lord at the void training stage," the woman said disdainfully.

Ye chen was shocked and continued to talk to the woman for a long time.

It turned out that this woman's name was fairy Hong Ling, and she was from the spirit realm. She was the woman of the Skyfall patriarch, but because she had fought against an enemy, she had been severely injured and captured by the demon race. Her cultivation had been crippled, and she had been sent to the Holy shadow race.

"So you're a spirit realm fairy. What a pity. The spirit realm is now the only place for humans to gather outside of the devil disaster zone, right?"

"Why do you know so much?"

"Of course I know. I've said it before, I'm not your enemy."

"Hmph, beast, don't even think about deceiving me. Although I can't resist, my soul will never accept you. My husband, the Skyfall patriarch, is a body integration stage super expert, and he's only half a step away from transcending his tribulation. You're dead!"

[Chapter 1749 The Secret Of The Sacred War, Skyfall Patriarch!](#)

Looking at the woman's unyielding character, if he didn't show his true colors, he wouldn't be able to convince her no matter what.

"A!"

Ye chen shook his head slightly. His entire body bloomed with Azure light like a celestial being descending to the world, incomparably divine.

As the celestial demon transmigration mystic art was activated, ye Chen's appearance changed drastically. He had transformed from a detestable demon to a human cultivator with an ethereal air.

"This is my true face." Ye chen said.

"This!"

Fairy Hong Ling's face turned pale with shock. The demon just now was actually a human cultivator, and he was such a refined and beautiful man. It was truly unbelievable.

"You should be able to determine my identity through the aura on my body. I'm ye chen, a cultivator who ascended from the lower realm. For some unknown reason, I actually ascended to this demon-

stricken area. In order to protect myself, I could only secretly change the sun and used a secret technique to hide my appearance and pretend to be a demon. "

Ye Chen's words were very sincere, which shocked fairy Hong Ling. Her hostility toward him gradually dissipated. After all, she was very lucky to be able to see a human who was not under the control of the devil-stricken area.

However, fairy Hong Ling shook her head and said, ""Ordinary demon dwellers won't be able to see through your method, but in the eyes of a demon master, you can't hide it at all. If you want to live, you can only go to the spirit realm to have a chance of survival."

"I've also thought about it, but I was severely injured before, so I could only hide in the Holy Shadow Clan to recuperate and recover. Moreover, the spirit realm is the upper realm. I'm afraid it won't be easy to enter, right?" Ye Chen said.

Fairy Hong Ling nodded slightly. She suddenly took out a token and said, ""This is my identity Jade token. If you ever head to the spirit realm in the future, you can use this to find my husband and tell him that Hong Ling has let him down."

Ye Chen's heart skipped a beat as he received the token. Was fairy Hong Ling going to do something stupid?

The other party trusted her so much and even gave her a personal token. She was kind to her, so she really couldn't bear to see her commit suicide in front of her.

"Fairy Hong Ling, we still have a chance!"

At this moment, fairy Hong Ling laughed at herself.

"Ye Chen, you don't have to persuade me. My body has long been tainted by the demon clan. This is something I can't tolerate. Rather than living in such humiliation, I would rather die. At least I can leave a good reputation and let my husband take revenge for me. Otherwise, I won't even have the chance to take revenge. "

"Fairy, I can take you away."

"Don't say anymore. I'm completely crippled now. You'll only be a burden if you take me with you. We're both going to die Here. I've made up my mind. I only beg you to send my body back to the ancestor!"

With that, fairy Hong Ling forcefully circulated her energy and used the last of her strength to commit suicide on the spot.

"A!"

Ye Chen's expression was sorrowful. He did not expect her to commit suicide in the end.

"Since you're so chaste, I'll agree to your request!"

With a wave of his sleeve, his vital essence flew away and a breeze brushed against his face. Fairy Hong Ling's body had been kept away. He would definitely return it to the ancestor in the future.

"Burn!"

After that, ye chen sent out a palm. The flames burned and the space trembled.

"What?"

The demon Warriors in the palace heard the commotion and quickly rushed over.

The demon Warriors were surprised to see ye chen alone in the hall. Then, they felt their bodies heat up. They suddenly saw the ground burning with ashes still drifting away. They were shocked.

Ye Chen's mouth was spitting out Demon Fire, as if he had restored his demon body. He pretended to be flustered and exasperated as he shouted, "You lowly woman, how dare you insult me? you deserve to die!"

The demon Warriors didn't dare to say anything. They all thought that the human woman had been destroyed by the demon Fire because she had offended dugu han.

Sensing the immense power of the demon flame, the demon Warriors trembled and broke out in cold sweat. They were afraid that ye chen would kill them first because of one small mistake. They were in awe of ye chen.

For three consecutive days, ye chen had been concentrating on his cultivation. His body was recovering and maturing.

Da, da, da!"

A demon warrior suddenly ran into the palace, as if there was something urgent.

"Lord dugu han, the Sacred War is about to begin, and the Demon King has personally descended. You should hurry over immediately."

"Demon monarch Night Shadow?"

"That's right, it's the Demon King. "

"Alright!"

Ye chen did not expect the night Shadow Demon Lord to arrive so quickly. He flew up and ran toward the Holy Shadow clan's Square.

On the Grand Square, the people of the Holy Shadow Clan were all below.

They were all very excited, as if they were waiting for the arrival of an important person.

"Boom boom boom!"

The heavens and earth trembled, and lightning struck!

At this moment, a huge dark vortex appeared in the sky. Then, a person walked out of it. It was the night Shadow Demon Lord.

He was dressed in a black robe, and his expression was extremely cold. Wherever his figure passed by, darkness would descend. This was the spreading of dark energy, which was shocking.

The monstrous demonic might shocked everyone. Under the worship of countless divine shadow clansmen, Night Shadow Demon monarch ascended the high platform.

"Clansmen of the Holy Shadow Clan, I have important news to tell you."

The night Shadow Demon monarch sneered slightly, a bloodthirsty look at the corner of his mouth. It was a terrifying sight.

He swept his gaze around, and the cold air was threatening. Everyone saluted and did not dare to move.

"We've received the order from demon Emperor Mo Luo. The Holy War is about to start. From today on, my Holy Shadow Clan will join the Holy War. All demon generals and above must follow me!"

Hearing this, ye chen was puzzled. What did a Sacred War mean? what exactly happened that required a Sacred War?

No matter what, this holy war was definitely a major event for the demons. Otherwise, the demon Lord wouldn't have come here personally to assign tasks. Therefore, he had to understand it.

"Everyone, the spirit realm expert, Skyfall patriarch, has lost a woman and is leading a group of spirit realm cultivators with unparalleled strength. He's broken through five thousand li of our demon disaster area, and his actions are a challenge. The eight great demon kings have already joined the battle. This time, our Holy Shadow Clan will definitely make the people of the spiritual realm return in defeat. "

A powerhouse from the Holy Shadow Clan explained the reason for this holy war.

"The eight great demon kings have already participated in the battle? no way!"

"This is too ridiculous. Eight great demon masters are participating in this battle. Just who is this Skyfall old ancestor to have such qualifications?"

"I heard that he's a Dao integration stage super mighty figure from the spiritual realm and is only half a step away from the Tribulation stage!"

"Unbelievable. It seems like this Sacred War will be extremely shocking. I hope that this will be the battle where my Holy Shadow Clan will rise again."

Everyone was excited and shocked. The night Shadow Demon King had come personally, and the eight demon masters had participated in the battle at the same time. They had never heard of such a thing before. This time, they had finally made it to the demon race's grand event.

"Skyfall's old ancestor!"

Ye Chen's heart trembled and his expression changed slightly.

This man was the husband that fairy Hong Ling had mentioned. She did not expect him to be such a sentimental person. For fairy Hong Ling, he challenged the eight great demon masters of the demon race. As a human, he could not help but praise such a feat!

"This holy war is related to the status of the Holy Shadow Clan in the demon race, so it's very important. Everyone has to fight a bloody battle, and we can't leave any remaining forces. Elder Yu, I'll leave the rest to you."

"Thank you for your guidance, Demon Lord. We understand!"

The group of elders led everyone to bow and pay their respects to the night Shadow Demon Lord. The night Shadow Demon Lord rose high into the sky, and dark power filled the entire sky. Then, he disappeared into the dark vortex again.

After the demon Lord left, the elder Council once more stood on the high platform and looked down at the clansmen.

"Everyone, the demon Lord has personally assigned us this mission, so the importance of this Sacred War goes without saying. This matter can not be delayed. Now, I will announce the name list for this battle!"

Elder Yu stood in front of the other elders and looked down at the many Holy Shadow Clan warriors.

His eyes were cold. He had to perform well in this battle. Then, the people who would fight would definitely be the best in the clan.

Everyone below was looking forward to it. If they could go to the battlefield to kill enemies and prove their value, they would definitely be rewarded greatly when they returned to the clan.

"Listen up, the one who will fight is Dugu Ming!"

"That's great! I knew that I would be the first one!"

Dugu Ming was in high spirits. His entire being was filled with fighting spirit. He even looked at Ye Chen coldly. He wanted to show off just because of a small matter.

Ye Chen naturally ignored her and only looked at the stage.

"Dugu Luo!"

"Ha, my name!" Dugu Luo was also very excited.

"Dugu Han!"

When the third name came out, everyone was shocked. They didn't think that Dugu Han would be able to gain the attention of the elder Council so quickly and enter the battlefield of the Holy battle.

"We finally have a chance to leave the Holy Shadow clan's territory. Very good!"

Ye Chen was not surprised at the mention of his name. Instead, he was happy.

Now, his portrait was wanted everywhere, so it was difficult for him to make any big moves. However, after the Holy shadow race's holy war, he could leave the Holy shadow race openly.

As long as he entered the battlefield, he would be able to sneak into the human camp and reveal his true appearance. With Fairy Hong Ling's trust, he would definitely be able to enter the battlefield unscathed.

Next, elder Yu read out a few more names. They were all strong cultivators from the younger generation of the clan. They were all excited and wanted to be rewarded for their contributions on the battlefield.

"In three days, the Army will set out without delay!"

"Yes!"

Everyone agreed and went back to their own homes.

Dugu you was sullen the entire way and seemed to be filled with unspeakable worries.

After returning to the palace, ye chen took the initiative to ask, "Why are you unhappy?"

Dugu you's face revealed a look of reluctance. Ye chen had basically guessed the reason.

"Brother, can you not go to the battlefield?" Dugu you asked.

Ye chen sighed slightly. As expected, this fake sister still did not want him to leave her and was also worried about his safety.

On the battlefield, swords and sabers were silent. No one could guarantee their safe return. Dugu you and dugu han had only each other and had no other relatives. Naturally, they did not want ye chen to go to the battlefield.

"The military Order has been given, and I can't disobey it. Moreover, it's a good opportunity for me to make a contribution by participating in the Holy War. You should know my strength. I'll definitely return safely!"

Ye Chen's eyes revealed a hint of determination. Even though he was not the real dugu han, he was still touched by dugu you's feelings for dugu han.

Hearing this, dugu you nodded slightly. "Yes, yes. I know that you're the most powerful. Dugu Ming and dugu Luo can't compare to you!"

Ye chen shook his head slightly, not knowing whether to laugh or cry.

After that, dugu you cooked a good meal for ye chen. After ye chen displayed his talent, they received more resources and their diet naturally improved.

"Brother, you must be careful of dugu Ming and the others on the battlefield. They've always been envious of your talent, and they won't let you off easily this time!"

"In my eyes, these two are just clowns. They are just two pieces of trash. You don't need to worry."

"Brother, you can't be unguarded!"

"Don't worry, I know what to do!"

Ye Fan agreed but he did not care.

At this moment, on a mountain peak in the wilderness.

"You're here!" A voice was heard. Under the illumination of the moonlight, a figure appeared. It was dugu Ming.

"I didn't expect the clan to choose dugu han, this trash!" Dugu Luo said.

Dugu Ming's eyes glowed with ferocity. "This is for the best. The battlefields of the Sacred War are extremely dangerous. We're up against the spiritual realm's Skyfall forefather. There's no need to talk about his strength, and there are naturally eight great demon masters to fight him. The people from the spiritual realm he's leading are definitely experts as well. As the saying goes, swords and sabers are indescribable, and life and death don't matter! Under such circumstances, no one would care if that good-for-nothing were to be killed by accident. "

"You're right, dugu Ming. On the battlefield, dugu Han's death will be certain if we give him a little push. "

"Hahaha ..."

After the discussion, the two of them laughed heartily as if they had already seen dugu han die in front of them.

Three days later, the sun rose, and the bell in the Holy Shadow Clan rang loudly, gathering everyone.

Da, da, da!"

The young experts who had been chosen hurried toward the square.

At this moment, elder Yu came to send them off with the elder Council. This holy war was no small matter, and the clan attached great importance to it.

"Roar!"

Suddenly, the roars of beasts came from the square. Ye chen looked over and saw several six-winged earth devil beasts.

These demonic beasts were good at flying, and they were the flying mounts that the Holy Shadow Clan had released for everyone to ride in this war.

"Follow your own team!"

After the order was given, each of the six-winged earth devil beasts was led by a first grade fiend general, who was waiting for the team members to go up.

"Brother, you have to be careful!"

"Don't worry, I'll definitely take the biggest credit this time!"

Ye Chen's aura was released. He was full of fighting spirit and exuded an imposing aura.

,m Dugu you felt slightly more at ease. He could sense an extremely strong power and spiritual will from ye chen.

"Dugu han, speed up!"

Ye chen heard someone shouting but did not respond. He rushed toward the square.

On the square, everyone had already lined up. After elder Yu had given out the quota, each earth devil was assigned a warrior.

The Warriors mounted the earth devil beast, and the people who were sending them off left one after another.

Looking back, ye chen realized that dugu you had not left. She was looking in his direction with a reluctant expression.

Ye chen was slightly moved. After all, dugu you had always treated him with sincerity during this period of time.

"Let's go back!"

He shouted and wanted dugu you to return. However, not only did this girl not return, but she was also running forward with the group.

"What are you doing?" Ye chen shouted.

"I want to send everyone off!"

Dugu you had a stubborn temper. She would not return until ye chen disappeared.

Dugu Ming and dugu Luo only sneered. Ye chen turned around and shouted angrily. The two turned their heads.

At that moment, dugu you was squatting on the ground and crying.

"Al!"

Ye chen sighed. He could not bear to do so.
