### [Chapter 1751 Tianfeng Gorge, Saint Devil Fruit!](#)

He looked at dugu you, who was getting further and further away.

Dugu Ming sneered. "Some people are just pretentious. Participating in the Sacred War is a grand event for our race, and he's being held back by a little sister. Look at how he's crying. How can such a big brother go to the battlefield?"

"Of course not. In this holy war, I'm always thinking about my sister. I don't deserve to die." Dugu Luo seemed to be disdainful.

The two ear-piercing voices did not stop talking. Everyone knew who they really were.

Ye chen suddenly turned around. Dugu Ming and dugu Luo quickly retreated and looked at him coldly, ready to move at any time.

"Two pieces of trash can only talk behind their backs!"

"You!"

Intimidated by ye Chen's imposing manner, dugu Ming and dugu Luo could only glare at him but did not dare to move.

Their leader was elder Yu. If they acted rashly, they would be scolded or even punished by the elder.

The three of them looked at each other coldly, their auras tense.

"Stand still, if anyone falls off this earth devil, they will be held responsible!"

At this moment, a cold voice came from the earth devil's head. It was elder Yu.

Ye chen turned around and no longer looked at the two.

Dugu Ming stepped forward and bowed to elder Yu.

"Elder Yu, what's the concrete situation of this holy war?"

Elder Yu turned to the crowd and introduced, "This holy war is of great significance. We need to first reach a place called the Tianfeng Gorge in the Tian Yuan territory. That is the first line of the war. "

"The heavenly wind Gorge, we have heard of it before. That place's terrain is steep, and there is no exit. It's really a place to fight to the death." Dugu Ming said.

The elder smiled and continued, ""Of course, the heavenly wind Gorge is the place where the human race and the demon race have a fierce confrontation. Once they fight, they will not stop until one of them is dead. Do you have anything to fear?"

Hearing the elder's words, many demon Warriors became submissive and didn't dare to answer.

"We're ready to die!" Dugu Ming and dugu Luo said.

"Very good. Only with such a spirit can we win!"

Seeing the two of them being praised by the elder and showing off to him, Ye Chen thought they were two fleas jumping around.

"The demons attach great importance to this holy war," Elder Yu continued, "so they'll give rich rewards to those who have made great contributions."

"Elder, what is the reward?" Everyone asked.

"Whoever kills a human cultivator of the soul formation stage will be rewarded with a Saint demon fruit!"

"Saint demon fruit, this is great!"

Hearing this reward, the crowd cheered and rubbed their hands in excitement.

The so-called Saint demon fruit was extremely beneficial to the demon soldiers. Once a demon general consumed it, it could rapidly improve their cultivation base. It was a shortcut to cultivation, and the demon race's people all wanted to get the Saint demon fruit to break through quickly.

Ye Chen laughed coldly in his heart. Such a reward was of little value to him and had almost no use to him. He was not interested in it at all.

While everyone was conversing, a violent wind suddenly howled and swept through the sky.

"Everyone, sit down!"

"Yes!"

No one dared to be careless, and they all used their demonic Arts to calm themselves down. On this earth devil beast, they could move as freely as if they were on flat ground.

"Phew, phew, phew!"

Under the control of Elder Yu, the earth devil beast started to fly faster.

In two days, the earth devil beast had sped up many times, and they finally reached the outer area of the heavenly wind Gorge.

"Everyone, when we enter the Tianfeng Gorge, the wind will probably become stronger. Everyone must calm down and stabilize your body. There must be no accidents." Elder Yu said.

"We understand!"

Everyone nodded and acted according to the elder's instructions.

Dark clouds gathered in front of them, like a group of demons dancing chaotically. From time to time, lightning would appear, which was shocking.

It was the first time for many demon dwellers to go on such a Big Battlefield, so they were excited and scared.

The huge Tianfeng Gorge was like a giant dragon hovering above the peak, giving people a great pressure. Everyone was amazed.

Above the canyon, countless war fortresses stood like giant beasts of the starry sky.

"Phew, phew, phew!"

The wind howled in the valley, and a murderous aura filled the sky!

"We're about to land. Everyone, pay attention!"

"Yes!"

Elder Yu released her power to suppress the earth Devil's spiritual resistance and rushed into the valley.

"Roar, roar, roar!"

In the meantime, roars of anger could be heard from within the canyon. It was like the roar of a God of War, and it made people tremble in fear.

After passing through many obstacles and strong winds, the earth devil beast finally landed beside a Fort in the valley.

Ye chen saw countless demon soldiers marching forward. Their movements were extremely fast, and every step they took shook the earth with a majestic aura.

At this moment, they saw a group of people walking towards them from afar.

"The people in front are from the divine underworld race. Please maintain your etiquette."

Everyone stood still, not daring to move.

Da, da, da!"

The person walking in front was tall and strong. He walked with a majestic gait and an aggressive aura. He was clearly a powerful demon.

"Are you the demon Warriors of the Holy Shadow Clan?"

"We are, please welcome us."

"You're too polite. I'm the shengyou demonic Lord. You can just follow me."

"So it's the Demon King, we will hear your orders!"

Elder Yu and the others bowed to the sacred nether demonic monarch.

"There's no need to be so polite in times of war. Let's go!"

The sacred nether Demon Lord led the group to the main town of the demon race at the heavenly wind Gorge to rest.

After entering the strategic town of the demon race, all kinds of military facilities stood majestically inside. All kinds of demon flags fluttered above, giving people a sense of excitement.

"If you all want to rest here, the battle will begin in five days." The sacred nether demon monarch said.

"Five days later, why?"

Everyone was puzzled and asked.

"The war was about to begin, but we suddenly received intelligence that something unusual had happened in the human camp."

"What's unusual?"

"I'm not sure about the details, but it seems to be an internal conflict. At present, they are only defending and not attacking. Their behavior is strange, so we have to be careful. "

"Sir Demon King, you have thought of everything. We are impressed."

"Ha!"

The sacred nether demonic Lord sneered coldly and continued to lead the group forward.

"There will be a welcome ceremony at night. All the demon tribes that have come to participate in the Holy War will participate, so you should be prepared."

"Many thanks!"

Elder Yu expressed his thanks on behalf of everyone, and the Holy Shadow Clan members were arranged to rest in a place.

During the break, ye chen quietly walked out. Since he had already arrived at the confrontation between the two sides, he did not want to give up any chance to leave quickly.

However, when he walked out of the resting area, he saw demon generals and demon soldiers everywhere. Furthermore, he had never seen these people before. The security was extremely tight, and he couldn't help but feel troubled.

"You, what do you do?"

Suddenly, a demon general stared at ye chen and shouted sternly.

"I'm a demon warrior of the Holy Shadow Clan, and I'm here to help you in battle. " Ye chen replied.

"It's not the time to fight. Go back immediately!"

"Yes!"

Ye chen saw that the other party was extremely strict and could only give up.

As the night fell, the surrounding space became cold and the temperature dropped.

Suddenly, flames soared into the sky from afar. The welcoming ceremony had already begun.

#### [Chapter 1752 1756-Meeting The Shengtuo Clan Again](#)

"The welcoming ceremony has begun. Everyone, follow me!"

"Yes, elder!"

Everyone followed elder Yu to welcome the event.

Ye Chen noticed a huge Wind Gap in front of him. Then, a flight of stairs appeared.

"This welcoming ceremony will be held below. Everyone, pay attention. We represent the glory of the Holy Shadow Clan. Later on, you'd better behave yourself. No one is allowed to cause trouble!"

"Yes!"

Although everyone agreed, their inner dignity still made them want to compete. They were all members of the devil race, and the competition in their bloodlines could not be changed.

After walking for a while, elder Yu said again, ""This time, the sacred nether clan, sacred moon clan, sacred camel clan, and other demon tribes have brought their elites. You are young and impetuous. Let me remind you that those who don't listen to me will be held responsible for any problems that arise."

Hearing this, dugu Ming and dugu Luo just sneered and didn't take it seriously.

A huge stone staircase appeared, and everyone entered the underground space.

As soon as they entered the underground tunnel, they encountered a group of people rushing past them. They were aggressive and did not care who was around them.

"Move!" He shouted.

Suddenly, a person rushed past ye Chen and pushed him away arrogantly.

"What?"

Ye Chen's eyes turned cold and murderous.

The man had wanted to go over but when he sensed ye Chen's strong killing intent, he suddenly stopped and turned back to look at ye Chen.

"What are you looking at?" That person coldly shouted.

"I'm just looking at a Mad Dog!" The corners of ye Chen's mouth curled up slightly as he replied coldly.

"Do you know who I am?"

"It's just a dog. Do I need to know?"

"Damn it!"

The man suddenly stood up. He gathered mana in his palms and attacked ye Chen.

"Al, don't be rash!"

Elder Yu stood between the two of them.

"We're all here to participate in the welcoming ceremony, so why are we all so tense?" Elder Yu said.

"Hmph, I'm an elite warrior of the shengsun tribe. How dare you people from a weak tribe block my way? aren't you courting death?"

"Barging around like a headless fly, you call yourself a strong person?"

Ye chen replied coldly.

"You!"

The man's entire body was burning with flames. His fist shook, and the Holy Shadow Clan didn't dare to meet it and retreated.

"Useless move!"

Ye Chen's eyes turned cold. His demonic Qi surged. The sixth-grade devouring mageweath stirred the dark vortex. The endless flames were all absorbed by the devouring vortex, leaving nothing behind.

"Ah ..."

The Holy sun clan's elite warrior was shocked. The move just now was a Supreme-grade abhijna, the blazing hand. It could easily suppress even a first-rank demon general, but it had been absorbed by ye chen. No damage was dealt. This situation shocked him.

"Alright, you're all from the demon race, you should leave!" Elder Yu said.

"Hmph!" That person left resentfully.

"Dugu han, you're too impulsive. The shengsun clan, Shengyue clan, and Shengxing clan are the most respected clans in the demon race. You shouldn't have offended him. " Elder Yu said.

"Does the Holy Shadow Clan have to accept being trampled by others?"

Ye chen suddenly turned around and walked forward.

"How dare you be so rude to an elder, you deserve to die!"

"You're too arrogant!"

Dugu Ming and dugu Luo reprimanded ye chen. Elder Yu shook his head slightly and continued to move forward.

As ye chen moved forward, he suddenly sensed a familiar energy. He turned around and saw that it was the Holy camel clan.

The leader of the group was a first stage demonic monarch of the Saint camel clan.

Da, da, da!"

At this moment, elder Yu had also arrived with the others.

"Isn't that the Holy Shadow Clan? a bunch of useless people who dare to participate in the Sacred War? aren't they afraid of dying without a burial ground?"

As soon as the two teams met, one of the enemy's elite warriors spoke rudely.

"Hmph, even trash like you dare to come, let alone us elites? If I'm not mistaken, the Holy camel tribe doesn't have any battle achievements. "

Dugu Ming stepped forward to accept the challenge.

Immediately after, the members of the two great demon clans mocked each other as if they had some deep hatred.

"Elder Yu, take care of your people!"

Suddenly, the first stage demon monarch walked forward, his aura suppressing everyone.

"I think you'd better manage your people first."

Elder Yu was not to be outdone. She walked forward and confronted the first stage demon monarch.

Immediately, two auras clashed with each other, and the surrounding space froze.

The two of them were both first stage demonic monarchs. They were powerful and had an imposing aura. As a result, the crowd retreated one after another, waiting to see the battle between the two.

Zila, Zila, Zila!

Lightning flashed and mountain rocks flew. Elder Yu and the first stage demonic monarch were competing with each other, neither of them willing to give in to the other.

The elite warriors from both sides also shouted loudly, cheering for their leaders.

Ye Chen thought that the Holy Shadow Clan and the Holy camel clan were the closest, so they had the most conflicts. There had been countless small conflicts before, but he did not expect them to be so hostile when they met.

The elite warriors were in a stalemate, and the two sides continued to fight.

The two experts' auras clashed, affecting the people behind them. The situation was slightly critical.

Suddenly, a young Man in Black from the Holy camel clan walked up to Ye Chen and stared at him.

"You must be Dugu Han, the most famous person in the Holy Shadow Clan. I heard that you defeated Dugu Ming, the trash?"

Before Ye Chen could do anything, Dugu Ming suddenly stepped forward.

His expression turned ugly as anger began to build up in his body. He said angrily, "Xuan Quan, don't be too pleased with yourself!"

"A defeated opponent is worthy of talking to me?"

Xuan Quan's face was full of disdain. He ignored Dugu Ming and turned to Ye Chen. "Dugu Han, I'll challenge you in the arena tonight. I hope you won't disappoint me!"

"What?"

Ye Chen's cold eyes locked onto the profound spring but he did not say anything.

"Hehe, don't be afraid of the battle. Otherwise, your Holy Shadow Clan will become a laughing stock!"

With that, Xuan Quan left with the first stage demonic monarch of the Saint camel clan.

"Dugu Han, you're not going to fight back? What a coward!" Dugu Ming stepped forward and shouted.

"What?"

Ye chen suddenly turned around, and dugu Ming retreated.

"Even such a piece of trash can only defeat you. Why should I fight back? Let's see the real deal on the arena!"

Dugu Ming was unable to refute her words.

"Ye chen, don't underestimate your enemy. This so-called welcoming event is actually a competition where all parties compete. However, it will be the younger generation that will take action. "

Ye chen nodded slightly. 'I see. No wonder that kid wanted to challenge me in the arena.'

"Xuan quan used to be dugu Ming's rival, but he became a first-grade demon general last year because he always sneered at dugu Ming," elder Yu continued.

"This has nothing to do with me!" Ye chen was about to leave.

"Dugu han, this man is an elite warrior of the Saint camel tribe. He has rich cultivation resources and extraordinary strength. You should be careful."

"I know."

Ye chen replied coldly and continued to move forward, unconcerned.

#### [Chapter 1753 A Provocation From An Ant!](#)

Under the guidance of elder Yu, everyone arrived at the underground Exchange Hall. There was a large hall here, which was at least a few dozen miles away. It was clear that they had spent a lot of effort.

Even so, it was still packed with people. There were dozens of arenas of various sizes on the field. It was clear that, as elder Yu had said, this Grand meeting was not only to welcome people, but also to prove the strength of the major tribes.

Ye chen scanned the crowd. Most of the demon Warriors here were young. This was probably intentional. The demon race hoped that young people could find the feeling of glory in battle and display their own courage.

"All of you be careful, don't cause any trouble." With that, elder Yu left. He was going to the special circle of the demon lords of the major tribes.

Ye chen and the others found an empty spot and sat down, waiting for the event to begin.

Suddenly, a loud noise came from ahead. Ye chen looked over and felt a powerful energy approaching.

"Look, that's the demon son of the sacred Sun Race. His aura is majestic, and every step he takes gives off extreme pressure. I'm in awe of his strength."

"That's right. I heard that many fiend heirs will be participating in this event. I didn't expect to see them the moment I arrived."

"Too powerful! There's more behind them. That's the Shengxing clan. There's actually the Shengyue clan. It seems like the three clans are deliberately coming together to intimidate everyone."

Everyone looked at the passage. Three powerful demon Warriors walked in. They were the demon children of the three leading families of the demon race. They represented the future of the demon disaster area and were highly sought after.

The three of them appeared at the same time and then came to the first seat. They looked at each other and smiled, then sat down.

After that, many fiend heirs of other tribes also appeared, but the commotion they caused was much smaller. They couldn't be compared to these three fiend heirs.

After the three of them sat down, many of the tribe's demon Warriors immediately came forward to pay their respects.

"The arrival of the three fiend heirs has impressed us greatly. Please take care of us in the future."

After saying that, the cultivator took out an exquisite artifact and handed it to the demon son of the sacred Sun clan.

"Ha, you're welcome."

That fiend heir received the bejeweled weapon and only sneered slightly, not making any unnecessary movements.

The people behind also presented their treasures to The Fiend heirs of the other two races.

Seeing this scene, everyone was extremely envious. They did not expect that there would be so many people from different tribes who wanted to befriend them when they were only at the demon heir stage. When they grew up, their future would be limitless.

Ye chen had been observing. He discovered that the cultivation bases of these three Demon Princes had reached the level of a ninth-rank demon general, equivalent to a late-stage soul formation.

He was definitely one of the best among the younger generation. No wonder so many people wanted to befriend him.

Da, da, da!"

At that moment, the sound of footsteps could be heard. The people from the divine underworld race had appeared.

"I welcome everyone on behalf of the sacred nether race, the host of the event. This exchange meeting was discussed by the demon lords to increase the friendship between the demon tribes and strengthen their determination to fight against the enemy together. Thank you all for coming to this gathering. We will be giving out three Holy demon fruits as a reward for this exchange. Young heroes, please work hard to get them. "

"Good, good, I'm definitely going to get this Saint demon fruit."

"Three Saint demon fruits have increased my cultivation by quite a bit!"

"This is a good opportunity to improve myself. I must work hard to fight for it."

Many of the youths from the various tribes below started to cheer, as if they were determined to obtain the Holy demon fruit.

"Then, please find your own social circle."

With that, the people from the divine underworld race left the stage. Everyone walked around and found a suitable circle to communicate with.

Ye chen did not move. He sat in his original spot. He was still thinking about how to leave the demon-stricken area as soon as possible and find the location of the fallen heaven ancestor and the others.

Not far away was the Holy camel tribe's social circle, which included the Holy abyss tribe and other demon tribes.

A demonic warrior of the Holy abyss clan walked to the side of the Xuan spring of the Holy camel clan and asked with a smile, "I heard that brother xuan quan met the famous dugu han of the Holy Shadow Clan outside the gate?"

Xuan quan turned his head to look at that person, and his face revealed a disdainful expression as he said, "He's just a piece of trash like dugu Ming. I'll let him know that the Holy Shadow Clan is far inferior to our Holy camel clan. "

"Brother xuan quan, are you really that confident?"

"Eh? Don't tell me you're suspecting me?"

"I don't dare, I don't dare!"

"Hmph, just wait and see!"

After he finished speaking, xuan quan took the lead and walked straight to the camp of the Holy Shadow Clan.

He stopped in his tracks and looked straight at ye chen. "Dugu han, do you still remember what you said earlier?"

Ye chen sat upright, as steady as a mountain, ignoring xuan Quan's shouts.

This caused xuan Quan's eyes to turn cold, and his eyes revealed an ominous glint.

"Now, I want to challenge you. I wonder if you dare to accept my challenge?"

Xuan Quan's face was provocative. He looked down on ye chen. In his opinion, ye chen was no match for him.

Soon, xuan Quan's challenge attracted everyone's attention.

"That man is xuan quan from the Holy camel clan. He's very powerful. I heard that the Holy camel clan and the Holy Shadow Clan have been at odds for a long time. This time, they're really challenging each other."

"The person he's challenging is dugu han of the Holy Shadow Clan, who's recently become famous. I heard that he's already a first-grade demon general, and he can't be underestimated."

The crowd discussed the two's identities.

At this moment, the three fiend heirs sitting at the head of the table actually looked over with interest, which made the other fiend Warriors even more interested.

In the face of such provocation, ye chen did not want to respond. He continued to think.

"Hahaha, as expected, that dugu han didn't dare to accept the challenge. He's really a piece of trash!"

"In recent years, the Holy Shadow Clan has been in the lower reaches of the great demon clans, and it's difficult for them to make any progress!"

"Xuan quan is a genius of the Holy camel clan. He became a first rank demon general last year and now his strength is even more profound. There's no need to say anything more about this competition. The result has already been decided."

"That's right, that's right. That dugu han is no match for xuan quan. He's so scared that he doesn't dare to answer."

In the crowd, everyone was optimistic about xuan quan and ridiculed ye chen.

In the Holy Shadow clan's camp, dugu Ming and the others could not help but be astounded when they saw that ye chen had been challenged and did not respond.

"Look, dugu han, as the representative of our Holy Shadow Clan, doesn't dare to accept the challenge. This is a great humiliation!"

Dugu Ming took the initiative to mock ye chen in front of everyone.

"That's right. Dugu han doesn't dare to accept the challenge. His opponent is xuan quan!" Dugu Luo said.

As soon as he said this, everyone from the Holy Shadow Clan looked at ye chen with worry. If he really did not accept the challenge, the reputation of the Holy Shadow Clan would be ruined.

"What?"

Ye chen suddenly stood up. His eyes shone with a cold light, like a dragon that had rushed out of the abyss. His eyes were like lightning, shocking people.

Dugu Ming and the others were shocked and retreated.

"I didn't want to talk to you, but since you're so insistent on seeking death, I'll have to fulfill your wish."

Ye chen met everyone's eyes and stepped forward!

[Chapter 1754 The Sixth-Grade Devouring Pattern!](#)

As soon as he finished speaking, everyone was shocked.

Ye Chen's words were extremely arrogant. Before he went on stage, everyone had guessed that he would not dare to accept the challenge. However, they did not expect him to use force as soon as he appeared. Who would not be shocked by such overbearing words?

"Whoosh!"

Ye Chen's body flickered and he flew into the arena. He looked at Xuan Quan coldly and said, "Come up and accept your death!"

Xuan Quan could not tolerate Ye Chen's arrogant words. He was the genius warrior of the Holy Camel clan. Now that he had been humiliated, he would never let Ye Chen go.

"You arrogant brat, you deserve to die!"

Xuan Quan was furious. He flew up to the stage and released his aura, which swept across the entire battlefield. He was like a tiger that had just come out of its cage and was about to devour its prey.

However, Ye Chen only sneered. On the independent fighting stage, he was like the Supreme Lord of Mount Tai, revealing a disdainful expression.

This scene caused the powerhouses who had not paid much attention to this battle to turn their heads and look in this direction. Although the two of them were not the Super Heaven's Pride experts in everyone's hearts, this battle had become the focus of the entire arena.

"Ye Chen, do you dare to bet on life and death?" Xuan Quan's killing intent was soaring. He had been completely enraged by Ye Chen's actions and had even lost his mind.

Ye Chen sneered. The other party was already within his expectations.

"Why wouldn't I dare?" Ye Chen replied coldly.

"Ah ..."

Everyone cried out in surprise. They had thought that this would be an ordinary contest, but now it was a life-and-death bet. The nature of the matter had clearly changed.

The host from the divine underworld race stood up and looked at the two of them. "Don't be impulsive. This event is an exchange. We're only sparring, not betting on life and death."

Everyone nodded. Everyone was here for the rewards, but no one wanted to fight to the death here. After all, the enemy of the human race was still waiting.

"Hahaha, such an arrogant person. If I don't teach him a lesson, I'm not worthy of being a warrior of the Holy Camel tribe!"

Xuan Quan laughed a few times and stood out directly. He didn't want to back down, as if he wanted to sign the life and death contract.

"Dugu Han, do you dare to sign a life and death contract with me?"

There was a provocative look on his face. Not only was the Xuan Spring thin, but he also wanted to get back his face.

He was certain that dugu han wouldn't dare to take the gamble, so he wanted him to kneel and apologize. Then, he would humiliate him in every way possible. That was his plan.

Of course, if dugu han really dared to take the gamble, he would make sure that he died without a burial.

No matter what the result was, it was what xuan quan wanted.

The corners of his mouth curled up slightly. He had basically determined that ye chen did not dare to take the bet.

"Life bet? That's just what I want!"

Ye Chen's sudden reply shocked everyone again. At the same time, xuan quan was also stunned. He did not expect ye chen to agree so readily.

"I can't save you with a Bluff. Dugu han, since you've agreed, then come!"

The two of them walked to the center of the fighting ring at the same time and asked the people from the divine underworld race to be their witnesses to sign the life and death agreement.

After signing the contract, the two of them left their true essence as marks on the paper and then separated.

Such a situation was far beyond everyone's imagination. Even the three fiend heirs looked at the battlefield at the same time. Their attention was naturally on ye chen because no matter how they looked at it, he was at a disadvantage. However, he had agreed so readily and his domineering attitude could not help but shock everyone.

The three fiend heirs looked at each other and smiled. One of them said, ""This person's personality is to my liking. If he doesn't die this time, he can be my subordinate and do my bidding!"

The other two people laughed at the same time. "You are really in a good mood. This kind of trash from a small tribe only knows how to talk. You don't really think that he has the ability to defeat xuan quan, do you?"

"There's no harm in watching!" The Fiend heir replied.

With the declaration of life and death, the atmosphere of the battlefield suddenly changed. Killing intent filled the entire place, attracting the attention of the crowd.

On the second floor, many demon lords were also interested. They looked down at the battle stage with interest.

"This!"

Elder Yu suddenly stood up. Ye chen was one of the rare talented Warriors in their clan in recent years. Signing the life and death contract was too risky. Elder Yu's expression changed and he stood up to stop him.

"Elder Yu!"

At that moment, the Demon King of the Holy camel clan also stood up and blocked elder Yu's way.

"Elder Yu, why are you so impatient?" the demonic monarch of the Saint camel clan said with a faint smile. "Don't you have any confidence in the genius warrior of your clan?"

Elder Yu was in a dilemma.

"Hehe, elder Yu, he's right. A contest between geniuses is all about fairness and bloodthirstiness. The Holy camel clan can afford to play this game, but can't the Holy Shadow Clan?"

"Demon race, fight to the end! Such a grand event should have such a battle to liven up the atmosphere. Elder Yu, I think you're guilty. Could it be that the geniuses in your clan are fake and you're just deliberately spreading the news to deceive us?"

"If you have real strength, you shouldn't be afraid of battle!"

The other demon lords followed suit and mocked, and elder Yu had no way of stopping this life-and-death battle.

He could only sit down and hope that ye chen could defeat his opponent and save his life.

In the arena below, ye chen and xuan quan had signed the life and death contract. The divine underworld clan host had confirmed that it was valid and the battle was about to start.

Everyone was in high spirits and wanted to see who would be the one to bleed.

"The life and death contract is valid. Now, let the battle begin!"

At the command of the divine underworld clan's host, ye chen and xuan quan locked onto each other at the same time.

"Die!"

Under everyone's watchful eyes, xuan quan was the first to set out, wanting to gain the initiative.

Powerful mana filled the world, and waves of demonic aura were released from his body uncontrollably. The speed at which he moved and the density of his mana were beyond everyone's imagination.

"Such a move is too Swift and fierce. It can kill someone in an instant. Amazing!"

"There's no way dugu han could've taken this attack. Last year, xuan quan became a first rank demon general. In terms of strength, he's definitely above dugu han. "

"If I can end the battle with one move, it would be boring."

Everyone laughed together. They were all waiting for the moment ye chen fell to the ground to end the battle.

"Such a useless move is really a waste of time!"

Ye chen turned around and faced xuan quan with his back.

"Ah ..."

Everyone was stunned. This was a life-and-death battle. How could he do something like this? how arrogant was this person? he was simply crazy!

"Sixth-grade devouring pattern!"

Ye Chen's entire body emitted a dark light. The sixth-grade devouring demon matrix bloomed on his back. At this moment, he was like a dark rose, intimidating everyone.

Buzz, buzz, buzz!"

The powerful Pandora demon ability in xuan Quan's body automatically surged toward the demonic Pattern Flower on ye Chen's back. Gradually, xuan quan even felt that there was a problem with his control of his own Pandora demon ability. This was an incredible thing.

"This, this, this is impossible!"

Although he did not want to believe it, ye chen had easily absorbed the demon energy. He did not have the strength to attack anymore and his move was broken on the spot.

This method of breaking the move made countless demon dwellers exclaim in admiration.

Elder Yu on the second floor laughed out loud, while the demonic monarch of the Saint camel clan looked terrible.

"Hmph!"

Xuan quan sneered. He did not believe that ye chen had such strength. This was just a coincidence. He had released the might of a third-rank demon general. It turned out that he had been hiding his strength all along.

"He's actually a third-rank demon general. With such a cultivation speed, there's definitely no suspense in this battle. "

Feeling such an amazing mystic energy, everyone once again had high hopes for xuan quan!

### [Chapter 1755 Ye Chen Kills A Genius!](#)

Not only had the previous move failed, but he had also made a fool of himself. Xuan quan was furious and had the courage to do so. This time, he must take ye Chen's life to relieve the hatred in his heart.

"Dugu han, hand over your life!"

Xuan quan released his cultivation of a third rank demon general. At this moment, his strength seemed to crush ye chen on the surface. Everyone aimed at xuan quan, waiting for him to knock him down in one blow or even kill ye chen.

However, at this moment, ye chen suddenly turned around like a tiger in the valley, hundreds of beasts trembling in fear!

"Kill!"

Xuan quan couldn't be stopped and rushed up.

The wind around them suddenly blew and the demon energy soared to the sky. The dark energy approached ye chen, trying to devour his life force. He wanted to feel a little fear before the real killer move came.

However, what kind of person was ye chen? it was ridiculous to think that such a small amount of dark energy could affect his will!

"Saint shadow demonic art, kun kun kill!"

Ye chen flew into the air. His entire body's Pandora demon ability erupted. Thousands of phantoms appeared behind him, shocking everyone present.

"What, What is this?"

"Which one is the real dugu han? it seems like every single one of them is a great threat. How can we tell them apart?"

"This is the great divine power of the Holy Shadow Clan. I've heard that no young man in the Holy Shadow Clan can master such a demonic technique."

Seeing such a terrifying scene, everyone was in a panic. Their opinion of ye chen was rapidly changing. They even thought that ye chen might have the upper hand.

"Impossible!"

"Die!" Xuan quan roared in anger. All the mana in his body gathered into countless sharp swords and released them forward. No matter how many phantoms there were, they were all destroyed!

However, things did not go as he wished. Ye chen had long hidden in one of the illusions, so most of xuan Quan's attacks missed.

Ye chen forcefully broke through, locked onto xuan Quan's flaw, and launched his attack on the spot.

"Holy shadow demonic art, black shadow killing formation!"

"Whoosh, whoosh, Whoosh!"

At this moment, countless phantoms were shuttling back and forth, causing xuan quan to be unable to find his target. Each Phantom was able to deal a heavy blow, and xuan quan was unable to defend against each attack. At this moment, he was a living target.

Buzz, buzz, buzz!"

The illusionary blades continued to fly, leaving countless wounds on xuan Quan's body. Blood dripped down, and xuan quan was in a life-threatening situation.

"Dugu han has actually cultivated the Holy shadow demonic technique to the fifth level. What a genius!"

Elder Yu's face was filled with shock. Although he knew that dugu han was talented, he did not expect him to be this powerful. In the Holy Shadow Clan, no one could cultivate the Holy shadow demonic technique to the fifth level at this age, but ye chen had done it.

"Die!"

Ye chen retaliated and was about to reach the profound spring.

At this moment, xuan quan was completely under the control of ye Chen's Holy shadow demonic technique. He had no power to resist at all and was already a lamb waiting to be slaughtered.

"Ah ... No!"

Xuan quan revealed a look of fear. Could it be that he was really going to die in the hands of this man in front of him? was everything over?

"Dugu han, stop! This is just an ordinary sparring session!"

He was so terrified that he was spouting nonsense. He had forgotten what he had promised.

"Ordinary sparring? Go to hell!"

Ye chen did not hold back. Such a sinister villain should die Here.

At this critical moment, a powerful demonic energy suddenly rushed down from the second floor and attacked ye chen.

"Ah ... Be careful!"

Many demon Warriors shouted at ye chen.

"What?" Ye chen felt a strong killing intent. He glanced at the second floor and saw that someone was ambushing him.

"Whoosh!"

Ye Chen's figure flickered and he retracted his hand in time, returning to his original position.

"Ah ..."

Seeing the attacker, everyone was shocked. It was the demonic monarch of the Saint camel race.

This was extremely terrifying. Ye Chen's attention had been focused on killing xuan quan but now, he had dodged the Holy camel clan's Demon Lord's attack. It was even a sneak attack. How strong was his reaction ability?

"How shameless of you to launch such a sneak attack!!"

Elder Yu flew into a rage and charged at the demonic monarch of the Saint camel clan.

The explosion of mana shook the entire arena!

"Elder Yu, dugu han is so sinister that he actually wants to kill the elites of my clan. He deserves to die!"  
The demonic monarch of the Saint camel clan shouted.

"Despicable man! Since the life and death contract has been set, it should be carried out to the end!"  
Elder Yu retorted.

"Hmph, in the midst of the war with the human race, you actually want to murder an elite soldier. What should you be punished for?"

"Laughable. Is this all the Saint camel clan has?"

In an instant, the demon Warriors on both sides stood up, their swords drawn and bows bent as they cursed at each other.

Everyone was speechless at this scene.

"Dugu han, don't push your luck. You're nothing but an ant to me. Withdraw from the battle immediately."

The demonic monarch of the Holy camel clan threatened ye chen.

"What a joke! Since the life and death contract has already been established, the battle can not stop. "

Ye Chen's eyes turned cold. His body moved in an instant. Suddenly, the entire arena was filled with demonic shadows. It was impossible to tell which one was ye Chen's real body.

"Damn it!"

The demonic monarch of the Holy camel clan attacked again, trying to kill ye chen in advance.

This angered elder Yu!

"You're the one who should die!"

Elder Yu's demonic energy burst out and he released the highest level of the Saint shadow demonic technique. A huge force exploded the entire ring and blocked the demonic monarch of the Saint camel clan.

In that instant, ye chen had already arrived in front of xuan quan.

"Ah ... You can 't!"

Xuan quan made a final struggle, trying to counter-attack ye chen, but his strength was far inferior to ye chen 's, so it was useless.

"Die!"

Ye chen shouted. Like an Azure Dragon emerging from the sea, he killed xuan quan with one move.

"Ah ..."

Everyone cried out in surprise. Ye chen had really killed xuan quan, and it was under the threat of the Holy camel clan's Demon Lord. What kind of courage was this?

"Dugu han is a real man!"

"This kind of aura is unparalleled. Xuan quan is not his opponent at all."

"Xuan Quan's death can't be forgiven!"

After ye Chen's domineering kill of xuan quan, the crowd below the arena cheered for him.

"Hahaha!"

Seeing this, the demonic monarch of the Saint camel race was so angry that he burst into laughter. He suddenly turned around and secretly released his power, trying to sneak an attack on ye chen.

"What?"

Ye Chen's brows furrowed in anger. He released the devouring mageweath again. After weakening his opponent's strength, he forcibly blocked this move.

"Ah ... Ye chen forcefully received the demon Lord's attack?"

"Take him head on?"

"Isn't this too exaggerated?"

Many of the young demon Warriors below the stage were stunned. Ye chen had become a hero in their hearts. His strength was too amazing.

This sneak attack failed again, so the demon monarch of the Holy camel race could only return to his seat.

"The battle has ended. Dugu han of the Holy Shadow Clan has won!"

The sacred nether race's host came up to announce the results.

After this battle, ye chen had completely proven himself. Everyone looked at him with fear.

Elder Yu was overjoyed. Ye chen was the face of the Holy Shadow Clan.

On the other hand, dugu Ming and the others were afraid and jealous.

At this moment, in the main seat, the Holy moon clan's demon child Chi stood up.

"Dugu han, do you want to be my subordinate and follow me?"

Everyone was shocked.

The Shengyue clan was one of the three great demon clans, and the Shengyue demon son was an extremely noble figure. Following him would mean that his future was boundless.

Everyone looked at ye chen enviously. It seemed that this time, he was going to soar!

Under everyone's gaze, ye Chen's lips moved slightly. "I, refuse!"

"BOOM!"

As soon as he finished speaking, the air became deathly still.

The three words shocked countless demon Warriors. They thought they had heard wrong.

"Rejected?"

The Saint Moon Demon child's smile turned cold. He had actually been rejected!

[Chapter 1756 Challenging Me, Only Death Awaits!](#)

Everyone was shocked.

The Holy moon clan was one of the three great demon clans.

Moreover, the Shengyue demon son had an incomparably noble status. Ye Chen's contempt and rejection instantly shocked everyone.

Even though he had displayed great courage by killing xuan quan, offending the demon child Sheng Yue was no different from courting death.

Many people shook their heads as if they were sighing at the fall of a genius. There were also many people gloating and waiting to watch a good show.

"Very good!"

The Holy moon clan's fiend heir did not act out on the spot like everyone had expected and kill ye chen. Instead, he sat down. However, the deep killing intent in his eyes already made everyone feel that something was wrong.

"Ha, how does it feel to be rejected by a good-for-nothing?"

"I really didn't expect that our famous Sheng Yue demon son would be rejected one day."

The two fiend heirs of the Shengxing and shengri clans began to sneer at each other. The three clans were all noble fiend clans, and the competition between them was inevitable.

To be able to see the Holy moon clan's demonic heir suffer a loss this time, it couldn't be more satisfying.

Ye chen did not care about the Holy moon clan's fiend heir's current mood at all. He turned around and walked down the stage.

"What an idiot, what's the difference between this and death?"

In the Holy Shadow clan's camp, dugu Ming and dugu Luo were whispering to each other. They looked at ye chen as if he was a dead man.

"Sigh, he actually dared to reject the invitation of the Holy moon clan's demonic child. He's really arrogant to the extreme."

"This person won't be able to survive. It's not easy to grow to such a level in a small tribe, but it's a pity."

"Yeah, the Holy Shadow clan's elder didn't even come out to mediate. We're finished this time."

Everyone thought that ye Chen's rejection of the lie Shengyue clan's fiend heir was destined to be short-lived. Many people felt pity for him.

Just as ye chen was about to leave the stage, a sudden roar shook the entire arena.

"Dugu han, stop right there!"

"What?"

Hearing this, ye chen suddenly turned around and looked coldly in front of him. He saw a tall, rough-looking demon clan member. He was not from the Holy moon clan but from the Holy abyss clan.

Ye Chen's eyes narrowed. He could sense that this person's cultivation was extraordinary. He was a fifth-rank demon general. No wonder he had called out to him so arrogantly.

Seeing such a scene, everyone couldn't help but gloat. This good show was bound to happen.

This person from the Holy abyss clan was a vassal of the Holy moon clan's fiend heir. Now that ye chen had rejected The Fiend heir, he naturally had to come out and challenge ye chen in order to please the Holy moon clan's fiend heir.

A fifth-grade demon general was considered a well-known figure among the younger generation. An ordinary person would not dare to take on such a powerful challenge.

Seeing that ye chen did not move, the crowd sneered.

"Hehehe, killing xuan quan is nothing. This time, he definitely wouldn't dare to take a fifth stage demon general head on!"

"Of course, the demon Warriors who can become the vassals of the Holy moon clan's demon heir are all powerful. I gave this brat a chance, but he didn't take it and even offended The Fiend heir. This outcome was expected. "

"This time, our great genius from the Holy Shadow Clan is going to be humiliated!"

There were countless taunting words below, but ye chen ignored them all. He stared coldly at the opponent in front of him.

"Are you sure you want to challenge me?"

The corners of ye Chen's mouth curled up slightly, revealing a mysterious smile. The Challenger was slightly stunned.

However, he was a fifth-grade demon general with great strength. He had no reason to fear.

"Of course, you actually dared to reject my master. Such an action must be punished with death!" The man replied angrily.

"Didn't you see xuan Quan's fate? the only thing that awaits the Challenger is death!"

Everyone laughed at his words.

"Hahaha, what an arrogant brat. Don't think that you are invincible just because you killed xuan quan. I can kill that kind of trash with one finger. And you, I can kill you with one finger!"

The warrior of the Holy abyss clan laughed and said with gritted teeth.

"It's useless to argue. Do you dare to sign a life and death contract with me?"

"Ah ..."

Ye Chen's words once again shocked the crowd. These words should have been said by the Holy abyss clan's Warriors, but at this moment, they came from ye Chen's mouth first. Was this guy crazy?

No one could understand ye Chen's thoughts. The other party was a fifth-rank demon general. It was already very fortunate that he could crawl out of the battlefield alive after the battle. Now, he wanted to sign a life-and-death contract with the other party. If this was not courting death, what was?

"You're crazy!"

As for ye Chen's behavior, everyone could only assume so.

"You want to sign a life and death contract? I can't ask for more!"

The warrior of the Holy abyss tribe was furious. He had been looked down upon by the other party. He had actually taken the initiative to sign the life-and-death contract. This was an insult to him. There was no reason for him to refuse.

"This ..."

Seeing this, elder Yu's heart was in a mess. He had been worried about ye chen during the competition with xuan quan. Now, he had signed a life-and-death contract with a fifth-grade demon general. It was beyond his imagination.

However, the other party was a subordinate of the Demon Prince, so elder Yu could not interfere directly. He could only shake his head.

"Host, please!"

"Ha, good!"

The host of the divine underworld race flew onto the stage and witnessed the two of them signing the life and death agreement.

"Very good, dugu han. Since you have the guts, then die!"

"I've said it before, anyone who challenges me will die!"

Ye Chen's eyes widened. He released his energy and swept the entire area. The entire space was filled with an extreme killing intent.

Although the effect was shocking, the warrior of the Holy abyss clan, with his Foundation as a fifth-grade demon general, was not afraid. He stepped forward to resist it.

"How can you defeat me with such a small trick? Dugu han, hand over your life!"

The divine abyss warrior roared and demonic energy spread out from his body. Countless steel horns grew on the surface of his body like armor, indestructible. He wanted to crush ye chen completely and not give him any chance.

"What?"

Ye Chen's front foot leaned forward slightly and he extended a hand in a provocative gesture.

"Argh! Die!"

Seeing this, the Holy abyss tribe warrior's anger reached its peak. The steel horns on his body glowed with a dark light as he suddenly charged forward.

"Boom boom boom!"

The earth was shaking and the space seemed to be shattered. At this moment, no one thought that ye chen would be able to walk out of the battle stage alive. This was a battle without suspense. It was a crushing in all aspects.

"Hmph, what a pity."

The Holy moon clan's demonic child's mouth curled into a cold smile as he spoke.

The other two fiend heirs were expressionless. They also thought that ye chen was dead for sure. This time, the Holy moon clan's fiend heir had used his vassal to steal the limelight and was very unhappy.

"Die!"

"I'll fulfill your wish!"

Ye Chen's eyes bloomed with a cold light. As he turned his palm, the immortal slaying Flying Dagger had already become one with his palm. Such a wonderful cooperation was extremely secretive and no one could detect it.

"Fifth-grade demonic aura, killing blow!"

Ye chen roared and unleashed the foundation of a fifth-grade demon general. He infused demon energy into the immortal slaying Flying Dagger. At this moment, his palm was the immortal slaying Flying Dagger.

Buzz, buzz, buzz!"

Dust and sand filled the sky, the earth cracked, and a few saber lights rapidly streaked across the space. People died, and their Dao disappeared!

The huge body of the Holy abyss clan's demon heir fell to the ground with a loud crash.

At that moment, everyone was shocked!

[Chapter 1757 The Demon Emperor Descends!](#)

He couldn't see the death of the Holy abyss clan's demonic son.

At that moment, the entire place was silent.

"How is this possible? this brat is also a fifth-grade demon general!"

"That's not right. The demonic general of the Holy abyss clan used a unique skill. His body is as hard as steel. How could he kill him in one strike?"

"What happened? how did dugu han do it?"

A one-hit kill. Everyone was shocked.

On the side of the Holy Shadow Clan, Dugu Ming's mouth was wide open, but he couldn't speak. Elder Yu was also shocked.

A month ago, Ye Chen had just become a first-rank demon general. In just a month, he had advanced four states in a row. Did this not mean that Ye Chen was an unparalleled genius of the Holy Shadow Clan?

"Damn it!"

Suddenly, there was a loud roar and a shocking figure rushed up the stage, heading straight for Ye Chen.

"Stop!"

Elder Yu immediately saw that it was the demonic monarch of the Divine Abyss Clan. He did not expect the demonic monarch to be unconvinced and break the rules to secretly attack Ye Chen.

"Boom boom boom!"

The two of them reached Ye Chen's side at the same time and their powerful palms collided. The shock waves caused the people below the stage to retreat. Only Ye Chen did not retreat and calmly faced it.

"Ambushing a junior, what a good deed!" Elder Yu said angrily.

"Hmph, this person killed a warrior of my Holy Abyss tribe. Do you think I'm going to sit back and watch?" The demon Army of the Holy Abyss Clan responded.

"The rules are here, what's the point of saying so much?"

"Don't be smug for too long!"

The demonic monarch of the Holy Abyss Clan knew that he had lost his chance, so he turned around and left.

However, as he turned around, he glared at Ye Chen with a murderous look.

"This person must be eliminated!"

On the second floor, the demonic monarch of the Saint Camel Race said coldly.

Ye Chen had killed two young powerhouses in a row. This was a huge shock to these demon lords. If he was given too much time to grow with such terrifying talent, he would definitely become a peerless powerhouse of the Holy Shadow Clan. At that time, the other demon clans would be powerless to resist.

"Dugu Han is the winner of this life-and-death battle!"

The Divine Underworld Clan's host went up the stage again and announced Ye Chen's victory.

The people below the stage had all kinds of expressions but they were all afraid of Ye Chen. Although they were all strong in their own tribes, after seeing Ye Chen's talent and strength today, they all felt that they were not as good as him and were jealous.

After that, a few more battles were carried out. However, with ye Chen's killing of two young powerhouses, the later battles were slightly boring.

As time passed, the welcoming ceremony ended and everyone left.

As ye chen advanced, he felt an energy approaching him. He turned slightly and saw that it was The Fiend heir of the sacred Star clan.

"You're dugu han, right?"

The Demon Prince of the sacred Star clan smiled at ye chen. There was no hostility in his eyes, but some admiration.

However, ye chen did not care at all because he had already seen the other party's intention from his eyes. It was the same as the Holy moon clan's demon child. It was impossible for them to recruit him as a vassal.

"I have faith in you. If you encounter any difficulties in the future, you can come to the Shengxing tribe to teach me!"

As soon as he said that, everyone's hearts trembled.

The Demon Prince of the sacred Star clan's words were obviously much gentler. It was clear that he had acknowledged ye Chen's strength. Moreover, these words were equivalent to protecting ye chen. This carried a lot of weight.

The Holy moon clan's demon son's expression was extremely ugly. Protecting ye chen was going against him. Such an action was too hateful.

Everyone led ye chen to bow and accept such a good thing.

"I like to solve my own problems!"

Ye chen said coldly. Then, without stopping, he directly walked forward, leaving the Demon Prince of the Holy star clan behind him, not giving him any face at all.

"Ah ... This kid is too rude, he doesn't know how to appreciate my kindness!"

Many people secretly cursed ye chen for his rudeness. The Fiend heir of the sacred Star clan had already lowered his status, but he still did not receive any response.

However, the demon child of the sacred Star tribe was only slightly stunned. Instead of getting angry, he laughed and said, ""Interesting!"

The Holy Shadow Clan followed elder Yu back to their residence.

"Dugu han, your actions are too high-profile. It's too dangerous in this place where heroes fight for supremacy!"

On the surface, elder Yu berated ye chen, but the admiration between his brows was difficult to hide. He just did not want ye chen to die young because of his own character.

"This is the land of the Holy battle. The situation is complicated, and anything can happen. Dugu han, you must be careful. You can't be careless!"

"I know."

Ye chen replied coldly. He did not stop and went straight to his residence.

"Elder, he was rude to you. He must be severely punished for his behavior!"

"That's right. This man is too arrogant. He's not worthy of our Holy Shadow clan's cultivation!"

Dugu Ming and dugu Luo stepped forward to sow discord, hoping that elder Yu would no longer support ye chen.

However, this was completely ineffective, and even had the opposite effect.

In the demon race, the only criterion for obtaining various resources was one's strength. Now that ye Chen's strength was far above the two of them, elder Yu naturally had a judgment.

"Bastard! Instead of working hard to cultivate and improve your strength, you're always talking about others behind their backs. Is this what you should do?"

Elder Yu scolded angrily, but dugu Ming and dugu Luo were submissive and didn't dare to respond.

At this time, the other members of the Holy Shadow Clan were secretly sneering at the two, saying that they had fallen out of favor.

After returning to his residence, ye chen sat down cross-legged to rest and reorganize the demonic energy in his body. By relying on the immortal demon reversal technique, he could even fuse demonic energy and spirit energy. This was a cultivation method he had discovered by accident.

Such a method was greatly beneficial to cultivation. He even felt that his cultivation speed was increasing, and it was only a matter of time before he broke through.

"The Holy War is coming. I have to adjust myself to the best state and find a chance to leave!"

Ye chen set a goal for himself. Then, he closed his eyes and focused his mind, starting to cultivate.

"Roar!"

On the morning of the third day, ye chen heard the roars of many magical beasts. The sound of war drums shook the world and roused his spirits.

He immediately stood up and went outside.

At this moment, he saw elder Yu walking out with a group of people behind her.

"Everyone, the Sacred War has arrived. I've received a notice from the Demon King of the sacred Underworld race. Let's go to the meeting hall!"

"Yes!"

Everyone agreed and followed elder Yu's steps.

Ye chen followed behind, keeping an eye on his surroundings. He would not let go of any opportunity.

Suddenly, a powerful wave of mana swept through the meeting hall. Everyone was shocked. Some of the Warriors even knelt on the ground, unable to get up.

Ye chen observed his surroundings and immediately sensed the source of the powerful Pandora demon ability. It was from the sky.

"Boom boom boom!"

For a moment, lightning flashed, Thunder rumbled, and dark clouds covered the sun!

In the air, the crowd was shocked. The powerful sound waves hit the surroundings, causing everyone's ears to hurt.

A demon Emperor descended from the sky as terrifying demonic aura surged.

Everyone's faces were filled with solemnity. They didn't dare to make any strange movements. They stood out one after another to receive the demon Emperor's arrival.

#### [Chapter 1758 Dugu Ming's Ecstasy!](#)

"This is the devil Emperor of the divine underworld race. Everyone, come and pay your respects!"

Elder Yu said to the Holy Shadow Clan.

"Yes!"

Everyone followed elder Yu to pay their respects to the demon sovereign of the divine underworld race.

"I'm the pride of the human race and the demon Emperor of the demon race. What right do I have to pay my respects?"

Ye chen said to himself. He stood behind them and refused to pay his respects.

Due to the large number of people and the demon Empress' attention not on ye chen, there was no problem.

The demon Emperor's aura suppressed everyone present. He then said, "The Holy War is about to begin. All the demon Warriors must participate. Anyone who dares to retreat will be killed without mercy."

"We await your order!"

All the demons bowed and agreed.

At this moment, a demon expert walked out.

"Demon Emperor, cultivators from the spiritual realm launched a sneak attack on the rear of the demon race this morning. Many of the enslaved demon cultivators are rioting. The situation is critical, and the five demon masters have gone to suppress them."

Hearing this, everyone's heart trembled. They didn't expect that the demons' rear would be attacked by humans before the Holy War even started.

The spirit realm was more than 100000 kilometers behind the demons. How did these humans get past the heavy blockade?

Such a thought made one's blood run cold.

"Don't worry. Since the five demon kings have gone over to suppress them, there won't be any problems. "

The demon Emperor said.

"Yes!"

Everyone nodded in agreement.

The demon Emperor turned around and flew into the sky, leaving behind a powerful demonic aura that circled the sky.

Ye chen loathed this demonic Qi. His brows furrowed and the immortal slaying Flying Dagger appeared in his hand again. A blade light secretly hit the demonic Qi.

The spirit power of the flying Daggers stirred wildly in the demonic Qi, and the demonic Qi suddenly dispersed.

"Look, why did the demon Empress 'demonic Qi disappear?" An expert asked.

"Idiot, what's the big deal? The demon Emperor has already left, so isn't it normal for the demonic Qi to disappear?"

"But the demonic Qi was still so powerful just now!"

"Don't talk nonsense. Do you think that anyone can easily disperse the demon Emperor's demonic Qi?"

Hearing this, everyone nodded. It was impossible for someone to dissipate demonic Qi so easily without being discovered.

Ye chen laughed coldly in his heart. Dispersing the demon Emperor's Qi was just a single strike to him. What was so difficult about it?

At that moment, a few experts from the divine underworld race walked over.

"Everyone, I'll now assign the mission for the great battle."

Everyone stepped forward and waited for orders.

"The Holy Shadow Clan!"

"Here!"

Dugu Ming and dugu Luo stepped forward first, looking very enthusiastic.

"Now, arrange for the young experts of your race, dugu han, dugu Ming, and dugu Luo, to join the Holy moon clan. They will be responsible for seizing the fallen demonic abyss city!"

"Yes!"

Dugu Ming and dugu Luo quickly agreed.

However, such an order surprised everyone and they all looked in ye Chen's direction.

Many people looked at ye Chen with sympathy. Previously, ye Chen had offended the Holy Moon Clan's demon son and was then assigned to his side. There were many things that could be manipulated.

"This elder, I'm afraid this distribution is inappropriate?"

Elder Yu stepped forward and said after hearing the distribution instructions.

"Hmph, do you have any objections?"

"Who are you?" the elder asked coldly.

"Everyone knows what happened between ye Chen and the Holy Moon Clan's demon son. Are you deliberately pushing the geniuses of our Holy Shadow Clan into the pit of fire by distributing them like this?"

"Hahaha, elder Yu, this is my order. You can only obey it. You can't resist it!"

"You!"

Elder Yu was furious, but it was no use. He knew that there was no way to change the distribution this time, so he could only retreat.

"Elder Yu, the demon Emperor has ordered you to immediately follow us and participate in the demon Lord's mission."

"Al!" Elder Yu had no choice but to leave with the expert.

After an hour of task assignment, everyone had their own tasks.

"Let's go!"

The experts of the divine underworld race gave the order and everyone moved out.

Ye Chen followed Dugu Ming and the others to the camp of the Holy Moon Clan's fiend heir. He remained silent and watched.

At this moment, the Shengyue Clan's demon child walked out with a proud look on his face. As the commander of this mission, he had to find his deputy commander.

There were a total of five great demon clans under the Holy Moon Clan, including the Holy Camel Clan and the Holy Shadow Clan.

The Saint Moon Demon son walked to the front of the crowd and scanned them.

"As this holy war is of great importance, I need some Deputy commanders to coordinate with me. Start now!"

He looked at the younger generation of the five great demon clans, and then used his hand to point at a few experts.

"You, you, and you are all vice-commanders!"

"Many thanks, Saint Moon Demon child!" The few of them thanked him.

At this moment, the Holy Moon Demon son walked to the front of the Holy Shadow clan's camp, and everyone held their breath.

Logically speaking, ye Chen's strength was the strongest among the Holy Shadow clan's younger generation, so he would definitely be chosen as the Deputy commander. However, the choice this time was in the hands of the Holy moon clan's demon son. There was suspense in the matter. The result would depend on whether the Holy moon clan's demon son would put the big picture first or use his public office to avenge his private grudge.

"The Vice commander I've chosen for the Holy Shadow Clan is ..."

The Holy moon clan's demonic heir deliberately dragged his voice to show his authority. After all, he was the only one who could choose the Deputy commander.

The members of the Holy Shadow Clan became nervous. They didn't know who would be the Deputy commander, especially dugu Ming and dugu Luo, who were looking forward to it.

"I choose to ridicule dugu Ming!"

The moment he said that, there was an uproar.

Ye chen, the strongest of the Holy Shadow Clan, had been abandoned and chosen to fight dugu Ming. As expected, the Holy moon clan's fiend heir still wanted revenge.

"Many thanks for the Saint Moon Demon child's appreciation!" Dugu Ming kneeled on the ground and thanked him profusely. He was extremely pleased with himself.

The Holy Moon Demon son suddenly appeared in front of ye chen and sneered, ""Do you have any objections to this result?"

Everyone looked at ye chen to see if he was going to fight for it.

"Opinion? I don't need it!" These few simple words made the demon son Shengyue feel extremely embarrassed. It was as if the other party didn't care about the position of vice commander at all, so these questions were unnecessary.

Sheng Yue demon son's eyes emitted cold light, staring at Ye Fan, one could see the extreme anger in his heart.

"Ye chen, what's with your attitude? The Saint Moon Demon son is our leader, you actually dare to be disrespectful!" Dugu Ming stepped forward and chided ye chen.

"I, ye chen, work alone and fight on my own. Why do I need someone else's commander?"

"Ah ..."

Everyone was shocked. They did not think that ye chen would dare to say such arrogant words in front of the demon son Sheng Yue. Was he really not afraid of death?

"You're looking for death!" Dugu Ming was about to move.

"What?"

Ye chen glared at dugu Ming coldly. Dugu Ming froze on the spot. He knew very well that even ten of him would not be a match for ye chen.

At this moment, the Holy moon clan's fiend heir suddenly shot a look at dugu Ming, indicating that he should stop moving. Dugu Ming nodded slightly.

Then, he gritted his teeth and said in his heart, ""Hmph, so what if you're stronger than me? I'll still be riding on your head. Just you wait, once we're on the battlefield, I'll have plenty of ways to deal with you!"

### [Chapter 1759 A Special Mission!](#)

Then, everyone followed their own troops.

Ye chen and the others were assigned to a place called the blood demon City.

This place could be considered the front line, as it was less than a thousand miles away from the demonic abyss city.

Ye chen had not been able to find an opportunity to leave. This was not good for him because the Great War was about to begin. It was not convenient for him to move around on the demon race's side.

"Everyone, take a rest first. The Demon Prince will start the battle conference soon!"

An expert from the sacred moon clan said.

"We understand!"

Dugu Ming stepped forward and pretended to be very enthusiastic.

After the Holy moon clan's expert left, dugu Ming looked at ye chen with a cold smile.

"Dugu han, who's the Deputy commander now? hahaha!"

He was very proud because this was one of the few opportunities he had to show off in front of ye chen. If he did not grasp this opportunity, dugu Ming knew that he would never be able to surpass ye chen in this lifetime.

"I don't have the time to care about this!"

Ye chen was still thinking about how to leave this place. He did not want to pay any attention to this idiot and turned to leave.

"You!"

Dugu Ming choked, but he was still proud.

"Hmph, I knew you'd do this. You're jealous that the demon son Sheng Yue values my abilities!"

"Idiot!"

Ye chen replied coldly and continued to move forward.

"Hmph, this guy is just jealous of me. Don't blame him."

Dugu Ming turned to the crowd and said hypocritically.

He knew very well that it was impossible to fight ye chen head-on. In the world of the demon race, strength was the way of the king. Now that ye Chen's strength was unfathomable, he did not dare to fight him head-on. He could only try to regain some face.

Ye chen could not find a way to leave, so he went to a quiet place and began to cultivate.

He couldn't waste any time. He had to focus on improving his cultivation base. Only by doing so could he deal with any difficulties flexibly.

As ye Chen's control of demonic energy became more and more mature, the effect of the celestial demon revolution mystical technique increased rapidly. He could now even use both celestial and demonic spiritual energy. This was a miracle in the eyes of ordinary people!

"Phew, phew, phew!"

The celestial demonic energy surrounded his body, and ye Chen's cultivation became more exquisite.

"Whoosh!"

He threw out the immortal flying knife and it floated in the dark. If there was an accident and a demon came to harass him, he would kill them without mercy!

Da, da, da!"

"Master, someone's coming. Should I kill him?" The immortal flying blade quickly reported back.

Ye chen suddenly opened his eyes. The energy in his body retracted, and the demonic Qi once again manifested.

"Come back!"

The immortal slaying Flying Dagger turned into a gust of cold wind and returned to ye Chen's body.

"Dugu han, I couldn't find you anywhere. What are you doing? The Demon Prince is holding a war conference, go back immediately!"

A warrior of the Holy Shadow Clan walked over and snorted.

This person was dugu Ming's trusted aide so he was very hostile to ye chen. He did not hide his words at all but he had forgotten ye Chen's methods.

"Puny ant, you dare to talk to me?"

Ye Chen's cold eyes swept over them. Suddenly, sword Qi whistled and sword light swept past. The speed was so fast that the Holy Shadow Clan warrior could not react at all.

"Ah!"

With a scream, the man's arm was cut off.

"You, you!" The man fell to the ground and cried out in pain. Ye Chen ignored him and turned to leave.

In a large hall, the Holy Moon clan's fiend heir was giving out missions.

"Now, I'll tell you about the situation in the demonic abyss city!"

The Saint Moon Demon son walked up and scanned the crowd with a cold expression.

Everyone stood up straight and listened carefully.

"The demonic abyss city is at the forefront of the battle, and it has already been occupied by human cultivators from the spirit realm. At present, there's a human cultivator at the great circle of soul formation stage and three late-stage soul formation stage cultivators. They're very powerful. "

"Ah ..."

Hearing the Demon Prince Sheng Yue's words, everyone was shocked. They didn't think that the people of the spiritual realm would be so powerful. This operation was full of danger.

"What are you doing? you're already scared?"

The Fiend heir was furious and berated everyone.

The surroundings became silent, and no one dared to speak.

"Hmph, how dare you claim to be the Warriors of your clan? Let me tell you, I'll take Care of the Soul formation perfection cultivator, and I'll leave the three late-stage soul formation cultivators to you demons!"

The four Deputy commanders of the demon race all had unsightly expressions on their faces, and Dugu Ming was under great pressure.

Among the four great demon races, the strongest was only an eighth-grade demon general, while the rest were fifth-grade demon generals. Dugu Ming was only a third-grade demon general. It would be very difficult for them to fight against such a powerful enemy.

Looking at everyone's submissiveness and lack of fighting spirit, the Holy Moon Demon son suddenly stepped forward, his eyes filled with ferocity, "Is there a problem?"

Dugu Ming and the others shivered and said in unison, "No problem!"

At this moment, Ye Chen walked into the main hall and stood at the back.

"What?" The Saint Moon Demon child immediately discovered him. He actually dared to be late, this was a form of disrespect!

However, he did not lose his temper on the spot and continued to assign tasks.

"The five great demons will be divided into five small teams and attack the demonic abyss city from five different directions. This mission can only be successful. Failure is not allowed. Do you understand?"

"Understood!" Everyone shouted.

"But ..."

He turned around and scanned the crowd before continuing.

"Before that, we need to send someone to infiltrate the demonic abyss city to investigate their military deployment and the consumption of various resources. As the saying goes, know yourself and know your enemy, and you will win every battle! Do you have anyone to recommend?"

Dugu Ming's eyes darted around as he took a step forward. "Dugu han can do it!"

Everyone turned to look at Dugu Ming. It was obvious that he had come out to recommend Dugu Han because this mission had a high chance of survival.

Dugu Ming sneered. He naturally understood that the demon son Sheng Yue was targeting Ye Chen.

The other members of the demon clan looked at Ye Chen, who was behind them, and smiled gloatingly. This reconnaissance mission was a dead end.

"En!"

The Saint Moon Demon son nodded slightly at Dugu Ming, who was overjoyed.

"Ye Chen, are you willing to go and investigate?" The Saint Moon Demon son asked.

Dugu Ming was afraid that Ye Chen would reject this suggestion so he quickly said, "Dugu Han, as the commander, we must obey his orders. If you disobey, you will be executed on the spot."

Upon hearing this, everyone looked at Ye Chen with even more playful eyes.

Seeing that Ye Chen did not say anything, someone sneered, "If you kneel down to the Demon Prince now and apologize for your rudeness, perhaps the Demon Prince will spare your dog life."

"Save your dog life!"

Ye Chen said coldly to the man.

"Bastard!" That person wanted to harm Ye Chen but was stopped by the demon son Sheng Yue.

"Ye Chen, are you going to agree or not?" The Demon Prince's cold eyes locked onto Ye Chen as he asked again.

"I agree. What reason do I have to disagree?"

As soon as he said that, everyone was shocked. Did this kid not know that this was a dead end?

Ye Chen sneered in his heart. He had been worried that he would not have a chance to leave this group of demons. He did not expect them to take the initiative to give him a way out.

"Do you dare to issue a military pledge?"

"Of course!"

Ye Chen gladly agreed. He issued a Military Order to the Demon Prince and left the city overnight!

After ye chen left.

Many people looked at his back as he left, and they couldn't help but sneer.

No one could have expected that ye chen would agree to such a request so readily. This was the plan of the Holy moon clan's fiend heir to sacrifice ye chen but now, it was as if The Fiend heir had helped ye chen. It was very strange.

Of course, no one really thought that they were helping ye chen because ye chen had a 90% chance of survival and almost no chance of survival.

"This kid is really beyond my expectations."

The Holy moon clan's fiend heir said.

"Sir demon prince, could it be that this brat is deserting and not going to the demonic abyss city? after all, it's extremely difficult for him to sneak into the city with his abilities."

An expert beside the Holy moon clan's demon heir said.

"Indeed. I don't think he has the guts to even get close to the demonic abyss city. He might just stand and watch from a distance."

Someone sneered.

Dugu Ming was very happy to see so many people mocking ye chen. Finally, he could see ye chen fall to the bottom. Unfortunately, ye chen was not here and could not hear these taunts.

"Don't worry. The demon Army is approaching. The demon Lord and the demon Emperor are both here. If dugu han dares to not do his best and wants to run away, he will die no matter where he is. Once my order is given, he will have to follow it if he wants to live!"

The Holy moon clan's fiend heir said with a cold smile.

"Sir fiend heir is right. This brat can only carry out orders. He can't possibly rely on the human race, right? that's just courting death!"

"That's right, let's see what use this kid can play. "

"It's good to be able to get some information. "

Everyone expressed their opinions, but the Shengyue demon son did not say anything. He only looked in the direction ye chen left in with interest.

Upon seeing this scene, everyone was puzzled. Could it be that the Demon Prince had other plans?

"He's indeed an abandoned pawn. Let him play his final role!"

The Saint Moon Demon child's eyes suddenly glowed with a cold light, causing everyone to be alarmed.

"Send a message to the demonic abyss city immediately. Tell them that dugu han of the Holy Shadow Clan has infiltrated the demonic abyss city!"

"Ah ..."

Hearing this order, everyone was shocked.

This order was much crueler than the previous one. They were clearly selling ye chen and making him cannon fodder.

Seeing everyone's shocked expressions, the Holy moon clan's demonic child sneered in disdain. "This is the only way to cause chaos among the human cultivators, and we'll have a good opportunity to attack. What's the big deal about sacrificing dugu han?"

Many demon Warriors swallowed their saliva in fear.

Only dugu Ming was brave enough to step forward and say, "Sir fiend heir is wise. This kid is arrogant and unruly. He should be taught a lesson like this."

"Get lost!"

"Run!" The Saint Moon Demon son shouted coldly. Dugu Ming was so scared that he quickly ran away.

.....

Ye chen traveled through the night, using all sorts of movement techniques along the way. His speed was extremely fast.

He had the Saint Moon Demon son's orders, so his journey was smooth, and no one stopped him.

After traveling for more than a thousand miles, ye chen stopped.

"The demonic abyss city is right in front of us!"

He looked ahead coldly, and the sparks of fire entered his eyes.

At this moment, the demonic abyss city was heavily guarded. Many low-level human cultivators were patrolling outside the city. They were very vigilant and didn't give the demonic race any chance to infiltrate.

Above the city gate tower, there was a light screen flowing with formations.

"The immortal and demon Samsara mystic art!"

Ye chen found a relatively quiet place and released his Divine Art.

Suddenly, light began to flow around his body, and all kinds of scales began to fall off. Soon after, the delicate skin of the human cultivator appeared, and the appearance of his face also rapidly changed. It was a wonderful sight.

"Zi Zi Zi!"

With the last burst of light, ye chen returned to his original appearance.

Although they had restored their appearances, it was not easy to enter the demonic abyss city because it was difficult to pass through the array and the guards.

"I can't waste any more time, so this is the only way."

Ye Chen's eyes widened. His entire body was filled with spirit energy. His Foundation was so strong that it was enough to shock void refinement realm experts.

His entire body trembled as five rays of light circulated around his body, triggering the heavenly light.

"Great five elements restriction breaking technique!"

Countless lightning bolts burst out from ye Chen's body and charged toward the demonic abyss city's defensive formation.

The moment the lightning touched the formation, it began to dispel the formation.

Ye chen devoted himself to controlling the heat of the great five elements restriction breaking technique because he did not want to alert the guards. He wanted to focus his energy on one point to break through the formation.

The power of the five elements circulated unceasingly. Ye chen condensed this power into his sword finger.

"Break!"

He suddenly pointed, and the Super strong power of the five elements suddenly lost its limit, and the energy density soared.

"BOOM!"

There was a shocking explosion. Although the energy was extremely strong, the sound was not loud. Everything was within ye Chen's control. Among the young cultivators, only ye chen could have such exquisite control over energy.

Crack, crack, crack!

A gap was created in the formation and ye chen flew in.

The demonic abyss city was very quiet. Only the guards patrolled on the city walls to see if any demonic spies had entered.

"Who is it?"

Just as ye chen was moving forward, a voice suddenly came from behind him.

Ye chen did not turn around immediately. The man approached slowly and cautiously.

He could sense that the person's strength was at the nascent soul realm, which was far from his.

"Emperor's finger!"

He suddenly turned around and pointed his finger. Spiritual energy swirled behind that person, and when he touched his neck, that person fainted.

"Soul Finger!"

Ye chen quickly came to the man's side and touched the man's brow. Suddenly, the man got up as if he was sleepwalking.

"Who are you?"

"I am the son of Sir God Ling Yun, the city Lord of the demonic abyss city."

"Who is Lingyun divine Lord?"

"Spirit realm, core disciple of the cloud Mountain sect!"

Ye chen quickly picked him up and released the nine true spirit transformations, transforming into the cultivator's appearance.

p He quickly found the location of the city Lord's mansion and entered.

In the main hall, divine Lord Lingyun was discussing with the others.

Divine Lord Lingyun frowned."I heard that the demonic clan has sent the sacred moon clan, the Shengtuo clan, and five other demonic clans to attack our demonic abyss city. The leader is a tenth-grade demonic general, the demon child of the sacred moon clan."

"The Holy moon clan is one of the three great clans of the demon race, and the Demon Prince is very powerful. Moreover, there's a kid named dugu han in the Holy Shadow Clan who has made rapid progress recently. He can't be underestimated. " An expert said.

Everyone was worried when they heard this.

"Divine Lord, when will the higher-ups send reinforcements?"

"Ha, difficult! It's said that the Skyfall forefather led a group of people into the demon race's rear and was trapped by the five demon masters. It's unknown if he's still alive. "

Hearing the divine Lord's words, everyone was even more disinterested in fighting.

"Al, this battle was started by the Skyfall patriarch. Isn't it unfair that he's been reduced to such a state by a woman?"

"Who Do You Think You Are to talk about the old ancestor like that?"

"You!"

Just as they were arguing, the divine Lord said angrily,""You're still in the mood to quarrel at a time like this?"

"Dong Dong Dong!"

Suddenly, an alarm sounded from outside. A human guard came in and said anxiously,""Latest news! A demon Scout has entered the demonic abyss city!"
