Chapter 1761

Seeing this scene, Zhao Tianyuan knew that Deng Jun Xiao Wu and the others, must have been saved as well.

His face also became even more embarrassed.

He had captured these people to threaten Xu Hanxia, and to guard against Lin Mo.

Once Lin Mo really wasn't dead, then he controlled these people and Lin Mo would have to obediently listen to him.

However, now that all these people had been saved by Lin Mo, then his bottom card was gone.

He gritted his teeth and looked at Lin Mo indignantly, "Surnamed Lin, how do you know where they are being held?"

Zhao Tianyuan was furious in his heart, knowing that he had personally chosen the location of these imprisonments.

Even among the Ten Great Families of Su Province, not many people knew about them.

Apart from those key members of the Ten Great Families of Su Province, no one else knew the locations ah.

Lin Mo smiled, "Speaking of this matter, it was thanks to our Qian Family's Young Master Qian Liangwen!"

"All of these locations were told to me by Young Master Qian!"

Hearing these words, the Qian family's master's face changed and he jumped straight up, pointing at Lin Mo and cursing, "Surnamed Lin, you are spitting blood!"

"How could my son possibly tell you these secrets?"

"My son hates you so much that he can't wait to kill you outright, there's no way he could have leaked these locations!"

Lin Mo smiled faintly, "You're right."

"But, our Young Master Qian, that's notoriously lustful."

"Tang Yuqing of the Tang family, after a few random phone calls to him, he immediately ran off to the provincial city for a date."

"Moreover, this Qian youngster, is no hard-headed person, and after being scared by our people, he confessed all his secrets."

Hearing this, the Qian family head's face immediately turned miserable white.

His own son, he knew in his own heart, Qian Liangwen could really do such a thing ah.

Zhao Tianyuan's face was icy cold as he gave the Qian family head an indignant look.

There was no doubt that this score had been put on the Qian family!

The Qian family head was cold in his heart, he knew that after this incident was over, Zhao Tianyuan would definitely settle the score with them after the autumn.

At that time, even if his son didn't die, he would have to be skinned!

Seeing the Qian family head's expression, Lin Mo was secretly laughing in his heart.

He was deliberately talking about Qian Liangwen's matter, just to provoke the Qian family's relationship with Zhao Tianyuan, and to divide the ten major families of Su Province step by step.

Zhao Tianyuan took a deep breath and said in a deep voice, "Surnamed Lin, even if you saved these people, what can that do?"

"Today, the experts of my ten great families of Su Province are all here."

"The matter between us is bound to come to an end!"

The people from the Ten Great Families of Su Province all stood up one after another as well, staring at Lin Mo's side in an aggressive manner.

Looking at that stance, as soon as Zhao Tianyuan gave the order, they would all strike together and fight Lin Mo to the death.

Lin Mo swept his gaze over the crowd and snorted, "The Ten Families of Su Province?"

"Heh, just a bunch of fools!"

At these words, the people of the Ten Great Families of Su Province all burst into rage and shouted angrily.

"D*mn it, who are you calling stupid?"

"Kid is arrogant, how dare you talk to us like that, do you really think we can't kill you?"

"Even if you have the poisonous spider backing you up, what can you do? The poisonous spider herself is injured, so how can she come to your aid?"

The crowd shouted angrily, and some even walked over, looking ready to make a move.

Lin Mo sneered, "You fools, have all your brains been chewed by dogs?"

"They're still counting money for people after being sold."

"Do you guys really think that Zhao Tianyuan treats you guys so well?"

"Heh, do you guys know what Zhao Tianyuan is really doing behind the scenes?"

A family head said indignantly, "Surnamed Lin, don't say such provocative words here!"

Lin Mo: "I'm sowing discord?"

“Hehe, you guys should take a look at this first before you say whether I’m sowing discord or not!”

Chapter 1762

Lin Mo casually threw a file bag in front of these people.

These people from Su Province looked at each other with astonishment.

The Qian family head stepped forward first and said in a deep voice, “Surnamed Lin, what have you come up with to deceive us again?”

“Humph, everyone doesn’t need to pay attention to him, just fight them directly!”

“Family Head Zhao helped us get back the Recycle Pill, he is a credit to our Su Province, how can we let these outsiders slander him like this?”

The Qian family head was worried that Zhao Tianyuan would take his anger out on him because of what happened to Qian Liangwen.

Therefore, now he was the first to stand up and speak for Zhao Tianyuan, just to redeem his merits.

Tiger couldn’t help himself and broke into a curse, “Surnamed Qian, you’re really a f*cking retard!”

“Without even looking at him, he’s yelling about what a meritorious minister of the Soviet Province he is?”

“I’m really convinced, in this world, how can there be such brainless people like you?”

The Qian family head shouted, “We don’t need to look at it to know that what’s in it is definitely a forgery by you guys.”

“Hmph, we definitely believe in the Zhao family head!”

“Does everyone say that’s right?”

The few family lords around looked at each other, the Qian family lord needed to redeem himself, they didn’t need to ah.

To be honest, the crowd really wanted to see what exactly was inside this archive bag.

However, since the Qian family head had said this much, if the crowd didn’t support him, wouldn’t that mean that they doubted Zhao Tianyuan?

Once this matter was over and Zhao Tianyuan was looking for them to settle the score, then they would not be able to eat their words!

Therefore, although the crowd had doubts in their hearts, they had to speak up in support of the Qian family head.

Hearing the support of the crowd, the Qian family head was instantly filled with smugness and glanced obliquely at Lin Mo: “Lin, see?”

“The people of our top ten families in Su Province have always been so united.”

“You want to use such despicable tactics to sow discord against us? Hmph, dream your big dreams!”

“We, the people of Su Province, will never be fooled by your lies!”

Lin Mo smiled faintly, “Qian Family Master, are you in such a hurry, are you afraid that I will expose the contents of the archive bag?”

Family Head Qian froze for a moment and glared, “What do I have to be afraid of?”

Lin Mo: “Because, what’s in the archive bag not only involves Zhao Tianyuan, it also involves your Qian family.”

“Master Qian, your Qian family also has a vested interest, so I can understand your reluctance to let what’s in here come to light.”

At these words, the crowd in Su Province was in an uproar.

The people from several other families were already looking at the Qian family head with discontent in their eyes.

Earlier, when the Qian family head had yelled so much, they had thought that the Qian family head was actually trying to redeem himself.

Now it seemed that he was completely trying to cover up his crime, which made the crowd very unhappy.

The Qian family head’s face changed slightly and he glared, “What are you talking nonsense about?”

“How is our Qian family a vested interest?”

“Surnamed Lin, don’t spout blood.”

Lin Mo smiled lightly, “Since the Qian family head is so confident, then how about we take out the contents of this archive bag and show it to everyone?”

The Qian Family Master still wanted to speak, at this moment, one of the Su Province Family Masters said in a deep voice, “Fine, then let’s take it out and show it to us!”

“Hmph, all of us from the top ten families in Su Province are here.”

“We’d like to see what despicable means you’ve used to frame the Zhao Family Master and Qian Family Master!”

This family head was very resourceful, and this tone of voice seemed as if he was fighting for Zhao Tianyuan and Qian Family Head.

But in fact, his aim was to get Lin Mo to expose the contents of the file bag.

The people from several other families in Suzhou Province were also staring straight at that archive bag, they really wanted to know what the Qian Family and Zhao Family, in fact, had done that was unseemly!

Chapter 1763

Lin Mo smiled lightly and pulled out a flash drive from inside the archive bag and said, "The archive bag is too small, it's impossible for everyone to see it."

"I've copied what's inside on this flash drive, it can be played on the big screen and can be seen by everyone."

Saying that, Lin Mo handed the flash drive to Tiger next to him, "Go, play it and show it to everyone!"

Tiger immediately nodded and put the contents inside the flash drive onto the big screen.

Seeing the contents appear on the big screen, the faces of the people from the ten major families in Su Province all changed at once.

A family head said in a deep voice, "Isn't this the accounts of the Wanchun Hall?"

Wanchun Hall, which was jointly held by the ten largest families in Su Province, had an account book in each family's hand.

What was shown on this was indeed the accounts of Wanchun Hall!

Another family head said, "It seems to be the accounts of Wanchun Hall, but how come the figures are not correct?"

And at this moment, Zhao Tianyuan and the Qian family head, their faces both turned ugly to the extreme.

Both of them could of course see that what was on it was indeed the accounts of the Wanchun Hall.

Only, it was a dark account, not a bright account taken to the Ten Great Families.

And this account was only known to the Zhao family, the Chen family and the Qian family.

After Chen Baiyu's father died, the new family head was not yet qualified to see these accounts.

Therefore, of all the people at the scene, only Zhao Tianyuan and the Qian family head knew about this dark account.

And now, Lin Mo had actually put this dark account on the big screen, and the two of them could imagine their feelings.

If this matter were to come to the knowledge of the top ten families in Su Province, the consequences would be extremely serious.

The three of them, swallowing up most of Wanchun Hall's profits, was robbing the other seven families of their profits.

Once this kind of thing comes to light, those seven families will definitely not be willing to give up!

And at this moment, there were already people who could see that the situation was not right, and the crowd began to whisper.

"This seems to be the accounts of the Wanchun Hall, but how come I haven't seen these figures before?"

“This couldn’t have been faked by someone, could it?”

“It’s not like that, this data, this date, it’s impossible to fake it.”

“What’s going on here?”

“It can’t be that someone has faked the accounts, can it?”

As they spoke, the gazes of the crowd gradually began to turn towards Zhao Tianyuan and the Qian family head.

The ones responsible for the accounts of Wanchun Hall were the Zhao Family, the Qian Family and the Chen Family, which were publicly elected by the Ten Great Families.

And if there was a problem with the accounts, then it was definitely their problem!

Zhao Tianyuan’s face was gloomy as he shot a wink at the Qian Family Master, telling him to hurry up and stir up this matter.

The Qian family head coughed dryly and said loudly, “Surnamed Lin, what is this thing you’ve put here?”

Lin Mo smiled faintly, “Family Master Qian, this is the secret account of the Wanchun Hall!”

“You did this with Family Master Zhao, and you don’t even recognise it yourself?”

At these words, the crowd was in an uproar.

The faces of several other families in Su Province all changed, and they all looked angrily at Zhao Tianyuan and the Qian family head.

Previously, they had only guessed that this was a secret account, but now that it was confirmed by Lin Mo, the anger in the hearts of the crowd could be imagined.

The Qian family head’s face changed and he immediately said, “Nonsense!”

“How could the Wanchun Hall have a secret account?”

“Surnamed Lin, you’re using these things to try to provoke our top ten families in Su Province, it’s too childish, isn’t it?”

“This kind of data is all typed up by yourselves with your computers, so of course you can do whatever you want!”

“Using these self-made data, you want to make our top ten families in Su Province fall apart? Hmph, you’re underestimating our Ten Great Families of Su Province.”

“Do you really take everyone for fools? Who can you fool with such a small trick?”

Hearing this, all the people in Su Province also looked at Lin Mo in confusion.

Could it be that these figures were really made up by Lin Mo?

Chapter 1764

Lin Mo smiled faintly, “As I said, the contents on the flash drive are what I put together.”

“The real account book is inside the archive bag.”

“You say I faked it, inside the archive bag, the account book written by Zhao Tianyuan himself, this can’t be faked, right?”

“Why don’t you let everyone authenticate it?”

The Qian family head suddenly stuttered, after a long time before straining his neck and saying, “Who said this can’t be faked?”

“Now now there are many people who can imitate other people’s handwriting.”

“Who knows if you have found someone to imitate the handwriting of the Zhao family head!”

Lin Mo smiled coldly, “Family Head Qian, it’s meaningless for you to say that.”

“According to you, nothing can be used as evidence!”

“However, I can also understand you.”

“After all, the Qian family is also involved in this matter, so of course you are dead set on denying it.”

These words immediately led to whispers from the surrounding crowd.

The eyes of the people in Su Province looked at the Qian family head with hostility and vigilance now.

Just as Lin Mo had said, the fact that the Qian family head kept objecting like this and arguing strongly already indicated that there was a problem ah.

The Qian family head’s mouth was wide open, but he could not refute a single word.

At this moment, another family head stood out and said aloud, “Humph, surnamed Lin, I don’t believe it, this account book of yours is true.”

“Gentlemen, let’s verify it together and clear the names of Family Head Zhao and Family Head Qian!”

With these words, they were immediately supported by the other family lords in droves.

In fact, these people already didn’t believe Zhao Tianyuan and the Qian Family Master in their hearts.

They also wanted to see the contents of this archive bag, but they could not directly take it over and look at it, so they could only find this excuse.

It seemed like they wanted to clear these two people’s names, but in fact, they just wanted to see what was inside.

When the Qian family head saw these people pick up the file bag, he hurriedly said, “What else are you looking at?”

“This is obviously all fake, what’s the point of you guys looking at it?”

“It’s just too easy to fake things like handwriting, too many people are able to imitate other people’s handwriting.”

“These things, they can’t be trusted!”

The Qian family head was so anxious that he tried to stop it, but no one paid any attention to him.

The Qian family head had no choice but to look at Zhao Tianyuan.

Zhao Tianyuan's face was ironic, but he had no intention of stopping, as if he had already resigned himself to his fate.

Seeing Zhao Tianyuan in this state, the Qian family head could only sigh helplessly in the end.

Even Zhao Tianyuan didn't stop it, so he couldn't stop it either.

After the people from those few families in Suzhou Province finished reading the contents of the file bag, each of their faces turned iron blue.

Because, the contents in that file bag were exactly the same as the contents shown on the screen.

In other words, the Wanchun Hall, really did have a dark account.

The Zhao family, the Qian family and the Chen family, had taken most of the profits from it.

The other seven families, shared only a very small portion of the profits.

The Ten Great Families had jointly invested in Wanchun Hall, but as a result, it had become an ATM machine for the Zhao, Qian and Chen Families, while the other seven families could not even drink the soup.

Such a situation would be unacceptable to anyone else!

At this moment, the Zhou family head picked up the dark ledger and looked at Zhao Tianyuan indignantly, "Zhao family head, this thing, how do you explain it?"

In the past, he would not have dared to speak to Zhao Tianyuan like this.

However, now he was really furious.

Moreover, there were so many people around him standing with him, so he naturally dared to question Zhao Tianyuan.

The other family masters also looked at Zhao Tianyuan in an aggressive manner.

Zhao Tianyuan's expression was bland as he slowly stood up, "I can't explain!"

The faces of everyone changed, and the Qian family head said anxiously, "Zhao family head, how can this not be explained?"

"It's clearly a fake, you tell them that it was forged by Lin Mo himself imitating your handwriting."

"You people, are you all pig brains? Can't you see the real from the fake?"

Chapter 1765

A family head angrily glared at the Qian family head and shouted angrily, "Shut up!"

The Qian family head was furious and said angrily, "You dare to talk to me like that?"

That family head said angrily, "What's wrong?"

"sh*t, you guys are doing such shameless things behind our backs, playing us around like monkeys, and I still can't scold you?"

"f*ck, it was agreed that we would all inject money into Wanchun Hall together and all the profits would be shared equally."

"As a result, the three of you have taken 80% of the profits from Wanchun Hall over the years, while the seven of us have only shared less than 20%."

"f*ck you, do you really take us for fools?"

The other family masters also shouted angrily, and the crowd's aggressive appearance caused the Qian family master to panic.

Although the Zhao family, the Qian family, and the Chen family were the strongest, these seven clans together were no worse than them!

The Qian Family Master hurriedly took a step back and hid in the middle of the crowd, not daring to speak again.

At this moment, the Zhou family head once again looked at Zhao Tianyuan: "Zhao family head, when something like this happens, you can't explain it, so you're going to end it?"

"Or maybe you don't even care about our seven families at all? Not even willing to give us an answer?"

As he said these words, the face of the Zhou family head had turned gloomy to the extreme.

Several other family lords, too, looked at Zhao Tianyuan with hostility in their eyes.

The crowd had been completely enraged by this matter, and once Zhao Tianyuan was unable to give them a satisfactory answer, then the crowd would have to fight him hard!

Zhao Tianyuan stood up, swept his gaze over the crowd, and said aloud, "That's right, the matter was done by us."

"However, this matter, at that time, was promoted by Qian Yong'an and Chen Jianxun in conjunction."

"As you all know, Qian Yong'an was in charge of Wanchun Hall, and Chen Jianxun was in charge of sales matters for Wanchun Hall."

"The two of them teamed up to get this thing done and gave us a large share of the profits as well."

"As the head of the Zhao family, I naturally want to make profits for the Zhao family."

"They took out such a large amount of profit, so of course I won't refuse."

When this statement was made, there was an uproar.

By saying this, Zhao Tianyuan was admitting to the whole thing.

At the back, Lin Mo frowned.

This Zhao Tianyuan was really shameless.

Although he had admitted this matter, he had pushed it onto Qian Yongan and Chen Jianxun.

Chen Jianxun left out that it was Chen Baiyu's father, who was already dead, dead without proof.

Qian Yong'an, on the other hand, had long since run away.

In this situation, both of these two were absent, yet he had pretty much shrugged things off.

The Zhou family head said indignantly, "Zhao family head, you don't need to talk so loftily."

"It's a fact that your three families have joined together and swallowed the vast majority of Wan Chun Hall's interests."

"What are you going to do about this matter?"

Zhao Tianyuan sighed, "This matter, we have indeed done wrong, this, I will not deny."

"So, over the years, I have been thinking about making amends as well."

"Some time ago, when Qian Yong'an brought up the matter of recreating the pills with me, I had already thought about it."

"What I owed the major clans before, I was going to make it up to everyone with the profits from the Recycle Pill."

"Everyone knows the profits of the Recycle Pill in their hearts, it's definitely an industry worth trillions."

"If the Rejuvenation Pill is put into production, the profits in one year will surpass the sum of the profits of so many years before the Wan Chun Hall!"

"I am willing to share all three years of the profits from the Recycle Pill to your seven families as compensation and as a way to express my apology!"

Hearing these words, the faces of those family heads who had originally been furiously arguing all soothed a lot.

These people were fighting over each other, but in the end, it was all about some interests.

In front of the huge interests, all other matters were unimportant.

Chapter 1766

When Lin Mo saw the expressions of those house masters, he knew that these people had been talked into it by Zhao Tianyuan again.

And this situation had been expected by Lin Mo.

He had long known that with this ledger alone, it was estimated that it would be difficult to cause the ten major families in Su Province to completely implode.

After all, the content of the ledger was only a matter of uneven distribution of interests.

As long as Zhao Tianyuan could be ruthless and take out a huge amount of benefits to share among these people, he would naturally be able to defuse this crisis.

Sure enough, after some thinking, the original anger of those family heads was almost removed.

And at this moment, Zhao Tianyuan took the opportunity to say, "Gentlemen, this matter, it's not that I can't explain it, but this is not the time to do so."

"Xu Pharmaceutical stole our Wanchun Hall's reconstructive pills, let's reclaim what belongs to us, that's what's important!"

"This Lin is clearly trying to sow discord, trying to get us to give up the Recycle Pill!"

"Humph, Lin Mo, do you really think that all of us from the Ten Great Families of Su Province are fools?"

"With this little trick, you want us to give up the Recycle Pill, which can generate huge profits? Do you think that's possible?"

With these words, the spearhead of the crowd was directly aimed at Lin Mo once again.

Those other family lords all looked at Lin Mo as well.

Family Head Zhou said loudly, "Family Head Zhao is right."

"The matter of the account books, that's an internal matter within our top ten families in Su Province."

"The most crucial thing now is to take back the Recycle Pill first."

"Our internal matters, we can discuss and resolve them internally."

"However, once our stuff is taken away by outsiders, that won't do!"

The crowd nodded their heads and looked at Lin Mo in an aggressive manner.

A hint of smugness wiped across Zhao Tianyuan's face as he glanced obliquely at Lin Mo, as if he had everything under control.

The people from the ten clans in Suzhou Province surrounded them, looking like they were ready to fight Lin Mo to the death.

Xu Hanxia was a bit frightened and grabbed Lin Mo's arm: "Lin Mo, let's run, shall we?"

Lin Mo smiled lightly and waved his hand: "It's okay."

"This situation, I have long expected."

"I've known for a long time that these people in Su Province, are the dogs raised by Zhao Tianyuan."

"As long as Zhao Tianyuan is willing to give them a bone, they will honestly bite for him."

These words were simply insulting when spoken.

The Chen family head roared, "Surnamed Lin, who are you cursing?"

"If I don't take your dog's life today, I'll take your surname!"

Lin Mo let out a loud laugh, "Want to take my life?"

"Heh, I'm afraid someone might disagree!"

The Chen family head shouted, "Who disagrees? Stand out and show me, I'll kill him too!"

Just then, an old voice suddenly came from the back of the crowd, "I don't agree!"

Hearing this voice, the crowd was stunned, who else was standing up for Lin Mo at this time?

The Chen family head vaguely felt that this voice was familiar, but he couldn't remember who it was for a while.

However, he didn't bother to think about it so much and roared, "Who the f*ck are you?"

"I'm talking to you, and you're the one who's supposed to pick a fight with me?"

"Come out and say to my face that you disagree!"

"You don't agree? If you don't agree, I'll kill you too!"

The old voice drew closer, "Kill me too?"

"Fine, then I'll see if you dare to kill me or not!"

As he spoke, the crowd dispersed to make way for a pa*sage.

At the end of the pa*sage, there was an old man sitting in a wheelchair, being pushed over.

This old man was none other than Chen Wuyuan of the Chen family.

He had now tidied up a little and his condition looked better.

Seeing Chen Wuyuan, the Chen family head first froze, he vaguely felt that this old man looked familiar, but could not remember who he really was for a while.

Just then, one of the old men on the Zhao family's side suddenly exclaimed, "Big brother?"

"You are big brother Wu Yuan!?"

Chapter 1767

Hearing this, the Chen family head's face changed, and he finally recognised who this old man was!

Wasn't this old man, the Chen Wuyuan of their Chen Family?

It was the Chen Family Master's own elder brother, his own eldest uncle, once the previous Chen Family Master, who had a very high status in the Chen Family, much higher than even the current Chen Family Master!

Even the current Chen family head had grown up with him as he trained in martial arts.

Chen Wuyuan nodded towards the old man who had just spoken, "Old Seven, I never thought that you would still remember me after I was so harsh to you back then."

Tears immediately welled up in that old man's eyes as he jumped straight over and knelt down in front of Chen Wuyuan, saying in a trembling voice, "You're really Brother Wuyuan, you're really Brother Wuyuan!"

"You saved my life, even if I forget myself, I can't possibly forget you, big brother!"

"Big brother, you Where have you been all these years?"

"How did you become this way?"

At this moment, the Chen family members also recognized Chen Wuyuan, and the expressions of all of them followed the excitement.

Chen Wuyuan's status and reputation in the Chen Family far surpassed that of the current old master.

He was the most powerful person in the Chen family and the strongest leader of the Chen family at the time.

When he was in power, the Chen family's status in Su Province was also extremely high.

Coupled with the fact that Old Master Chen Wuyuan was extremely protective, many members of the Chen family had received favours from him.

Almost all of those in power in the Chen family today were promoted by Chen Wuyuan.

Therefore, the gratitude of the people towards Chen Wuyuan could be imagined!

Chen Wuyuan greeted the crowd one by one, and finally, his gaze fell on the Chen family head.

"Chen Shizhou, what did you say just now?"

"Oh, right, to kill me along with you?"

"Heh, you've grown in ability now, are you planning to kill me as well?"

"Fine, I'm standing here now, do it!"

Chen Wuyuan said in a cold voice.

The Chen family head was so embarrassed that he wanted to find a crack in the ground.

In front of others, he was the imposing Chen Family Master.

However, in front of Chen Wuyuan, he was still the child who hadn't grown up.

Back then, he had followed Chen Wuyuan's martial arts training and had been reprimanded by Chen Wuyuan for many times.

Now when he saw Chen Wuyuan, he was still like a rat seeing a cat.

"Eldest uncle, you have misunderstood"

"I didn't know it was you"

"I'm sorry, I really didn't mean that"

The Chen family head cried out.

Chen Wuyuan's face was icy cold: "Misunderstanding?"

"I see this attitude of yours, it doesn't look like a misunderstanding!"

"Since when have you dared to stand so tall to talk to me?"

"Oh, I forgot, you're now the Chen family head."

"How about I give you a kowtow first?"

How could the Chen family head dare to let Chen Wuyuan kowtow, he hurriedly fell to his knees and said in a trembling voice, "Eldes't uncle, I'm sorry, I really know I'm wrong"

The crowd at the scene was in an uproar.

One must know that this was the Chen family head, a figure who could truly reign supreme in Su Province.

And now, he actually disregarded a bit of face and knelt directly in front of Chen Wuyuan?

Those who knew Chen Wuyuan could still understand what was going on.

However, those who did not know Chen Wuyuan were all completely confused.

No one could understand what the hell was going on!

Chen Wuyuan sat in his wheelchair and ignored Chen Wuyuan who was kneeling on the ground, but looked towards Old Master Chen in the crowd.

Old Master Chen, this was the true real power figure of the Chen family, and also Chen Baiyu's grandfather.

"Old Third, when you see Big Brother, don't you even say hello?"

Chen Wuyuan said in a cold voice.

Old Master Chen looked embarrassed, he was actually quite fearful in his heart when he saw Chen Wuyuan.

However, thinking about the fact that he was the Chen family's elder after all, he was unable to lower his head to speak to Chen Wuyuan, so he was in a rather awkward position.

Chapter 1768

Now that he had been directly named by Chen Wuyuan, Elder Chen could no longer pretend that he didn't know him.

He walked over with a stiff upper lip, "Big brother, you're back!"

As he spoke, he always stood straight, without arching his hand, and without the slightest hint of humility on his face.

As the Chen family's senior, he felt that he should still maintain such an attitude.

Chen Wuyuan glanced at him, "Yo, Old Third, you've grown bold now that you've become the Chen family's senior!"

"Talking to me with such an attitude now?"

Old Master Chen's face swelled red as he strained his neck, "Big brother, in my heart, you are always my big brother."

"I respect you, but the problem is that I am the Chen family's oldest brother, and I represent the entire Chen family."

"No matter what time it is, I can't bow down. If I bow my head, it would be the entire Chen family bowing their heads."

"I don't think everyone wants to see such a scene either!"

With that, he looked to the rest of the Chen Family on the scene.

However, not a single person responded to his words now.

It was true that he was the Chen family's senior, but the problem was that in front of Chen Wuyuan, his influence would be completely insufficient.

Chen Wuyuan was the one who had truly won the hearts of the Chen family!

This situation made Elder Chen's face look even more embarrassed.

Without anyone's support, he, the old man, was a joke!

Chen Wuyuan glanced at him, "So Lao San has been promoted and become the Chen family's old master."

"Hehe, how come I've never heard anyone say that Old Master Chen represents the entire Chen family?"

"According to you, I still have to kowtow to you when I see you?"

"Lao Jiu, come, help me down and kowtow to our Chen family's old master to ask for peace!"

Chen Wuyuan said, pressing his wheelchair hard to get up.

Chen Laojiu hurriedly ran over and held him back, "Big brother, how can I let you kowtow?"

Saying that, he looked at Elder Chen again and said angrily, "Third brother, what are you doing?"

"It's fine for you to put up in front of us brothers, but what are you putting up in front of big brother?"

"Have you forgotten that when you were captured by that group of enemies, big brother single-handedly and risked his life to rescue you?"

"In order to save you, big brother almost lost his life."

"You are treating big brother like this, huh?"

The people around looked at Elder Chen's face also became extremely angry, in their opinion, this was completely ungrateful.

Master Chen's face swelled red as he gritted his teeth and said, "Shut up, do you have the right to speak here?"

"Am I the Chen family's old man, or are you?"

"Who are you to tell me what to do?"

Chen Laojiu instantly stuttered, "You you"

Elder Chen also ignored him and stared at Chen Wuyuan with a deadly stare, "Big brother, I remember your kindness to me in my heart."

"But, the Chen family is about rules!"

"Now, the Chen family is ruled by me."

"I hope you give me enough respect as the master!"

Chen Wuyuan nodded, "That's right, I should indeed give enough respect to the master of the Chen family!"

"But the question is, who exactly did you, the master of the Chen family, seal the deal?"

"If I remember correctly, before I went out, I was still the master of the Chen family."

"How come I've been out for a few years and you've become the Master of the Chen Family?"

"In this matter, have you asked my opinion?"

Elder Chen said sharply, "You have been gone for more than ten years and have not returned, so of course someone has to be in charge of the Chen family."

"I'm in charge of the Chen family, and this is what everyone voted for together."

"Are you trying to deny everyone's choice?"

Chen Wuyuan smiled, "Of course I won't deny everyone's choice."

"But the problem is that now I'm back."

"Then do you have to respect everyone's choice as well and see who they really want to run the Chen family more?"

Chapter 1769

As soon as Chen Wuyuan said this, the whole room was in an uproar.

This was a complete power grab!

Chen Wuyuan had been missing for more than ten years, and now he was going to seize power from the current master as soon as he appeared?

Those who knew Chen Wuyuan did not find this strange.

Those who didn't know Chen Wuyuan at all, on the other hand, were secretly sneering.

How could this old man, who had even lost his arms and legs, seize power from the Chen family's old man, who had been in charge of the Chen family for more than ten years?

This is pure bullsh*t!

Elder Chen's face was cold as he said in a deep voice, "Chen Wuyuan, I respect you as an elder brother and give you enough face."

"But, you should not go too far!"

"I'm only the Chen family's senior now, who are you to make everyone choose again?"

Chen Wuyuan sneered and leaned back in his wheelchair as he said aloud, "Just because everyone is willing to choose again!"

"Come on, you guys tell him, are you willing to choose again?"

The Chen family looked at each other in disbelief, and Chen Laojiu was the first to stand out and said loudly, "I demand a new choice!"

"Chen Wu De, you are not qualified to be in charge of the Chen family at all!"

"Big brother is the one who can truly take charge of the Chen family!"

As soon as these words were spoken, the others chanted after them.

For a while, the situation on the Chen Family side was almost lopsided.

Apart from a few young people, almost everyone else came forward, shouting for a new choice.

To put it bluntly, these people recognized Chen Wuyuan even more and wanted him to be in charge of the Chen family.

As he listened to the shouts of the crowd, Old Master Chen's face turned ashen.

He knew very well that although he had been in charge of the Chen family for more than ten years, his prestige in the Chen family could never be compared to that of Chen Wuyuan.

Seeing that the situation on the Chen family side was about to get out of hand, Zhao Tianyuan on the stage quietly gave a wink to the Qian family head.

The Qian family head understood and immediately jumped out, shouting, "Chen Wuyuan, you're going too far!"

"Master Chen has been in charge of the Chen family for more than ten years, and he has worked hard without merit."

"It's just as well that you left home and didn't care about the Chen family."

"Now as soon as you return, you want to seize power, isn't that not quite right?"

“Hmph, if you want to seize power like this, my Qian family will be the first to disobey!”

“Master Chen, you don’t have to worry, our Qian family definitely supports you!”

Everyone in the Chen family was stunned, no one had expected that the Qian family would come out and get involved in this matter.

Chen Laojiu was furious and pointed at the Qian family head, “Surnamed Qian, this is my Chen family’s private matter, what does it have to do with you?”

“Who are you to meddle in our Chen family’s affairs?”

The Qian family head laughed coldly, “What’s wrong with pulling out a sword to help when you see injustice in the road?”

“You people, how dare you do such ungrateful things, and you still won’t let anyone take charge?”

Chen Laojiu was just about to speak when Chen Wuyuan spoke up, “Surnamed Qian, do you still have the face to say something about helping each other when you see injustice?”

“Twenty-seven years ago, you messed with the East China Sea Iron Beard and were chased by him, your trousers were almost gone.”

“If it wasn’t for me, Chen Wuyuan, helping out and stopping the East China Sea Iron Beard, you would have been chopped to f*cking pieces.”

“Even your old man was saved by me, Chen Wuyuan, back then.”

“What kind of sh*t are you, how dare you meddle in my Chen Wuyuan’s affairs?”

“Come, come, you stand in front of me, let me see how much you have grown capable of over the years!”

The Qian Family Master’s face instantly turned swollen red, he had indeed been saved by Chen Wuyuan at the beginning.

However, Chen Wuyuan had disappeared for more than ten years, and he had long forgotten what had happened back then.

Now that he was brought up by Chen Wuyuan, he instantly wilted, so how could he dare to argue with Chen Wuyuan again!

Seeing that the Qian family head had retreated, the Chen family’s crowd burst into cheers.

Chen Laojiu looked at Chen Wu De and exclaimed, “Chen Wu De, why don’t you come and pay your respects to big brother!”

Chapter 1770

Chen Wu De’s face was swollen red and he couldn’t say a word.

In front of Chen Wuyuan, he couldn’t be strong at all!

He looked towards Zhao Tianyuan on the stage for help.

At this moment, Zhao Tianyuan's face was also extremely ugly.

He himself knew best what was going on with Chen Wuyuan.

Earlier, when Lin Mo had taken out that dark account, he had thought that Lin Mo had gotten it from Chen Baiyu.

After all, Chen Baiyu's father, too, knew about the dark ledger.

So, he didn't care much, this dark account alone couldn't bring him down.

However, when Chen Wuyuan appeared, he knew that things were out of control.

Chen Wuyuan had been imprisoned by him in the dungeon for more than ten years, and now that Chen Wuyuan had suddenly appeared, did that mean that the matter of his dungeon had also been exposed?

Once this matter was exposed, it would be a big deal.

There were many important people from the Ten Great Families of Suzhou Province that he had captured in the dungeon.

Once this was exposed, a large part of the ten families in the province would break up with him.

Then he would become a target of all!

However, at this moment, he was also in a difficult position to ride a tiger.

After all, so many people were here, so he could only barely hold on.

He took a deep breath and said in a deep voice, "Chen Wuyuan, what you're doing is out of order!"

"The Ten Great Families, have the rules of the Ten Great Families."

"You are, after all, the last Chen family master, not this one, you"

Without waiting for him to finish his sentence, Chen Wuyuan directly broke into a scolding, "Zhao Tianyuan, what the f*ck are you, and you dare to talk to me about the rules?"

"I haven't even settled the score with you yet, but you're showing your head yourself!"

"Fine, just as well, let's settle the score!"

After speaking, Chen Wuyuan took a deep breath and said loudly, "Lao Jiu, weren't you asking just now, all these years, where exactly was I?"

"Come, I will tell you now."

"All these years, I've been locked up in the dungeon under that solitary courtyard of Zhao Tianyuan!"

At these words, the whole room was in an uproar, and everyone was shocked by these words.

The faces of the Chen family all changed as they exclaimed, "How is this possible?"

On the other hand, on the Zhao family's side, the crowd was outraged to the core, and they all angrily denounced Chen Wuyuan as lying.

Zhao Tianyuan's face was gloomy to the extreme, he knew that what was coming, was coming after all!

Chen Wuyuan's face was icy cold, "I lied?"

"Heh, it's a lie for me to say so alone, so if others say so too, is it still a lie?"

A man from the Zhao family angrily rebuked, "Chen Wuyuan, don't say you have any eyewitnesses!"

"If you want to frame our Zhao family, then you must have made up everything in advance."

"Do you really think that everyone else is stupid and will be fooled by your so-called witnesses?"

Chen Wuyuan sneered and did not say anything.

At that moment, a cold voice came from the back of the crowd, "Then do you think that what I said is credible?"

Hearing these words, the crowd all froze, who had appeared at this time?

The crowd vacated the way, only to see that behind the crowd, another man with a vicissitudes face walked over.

Seeing this man, the faces of the Zhou family all changed and they all rushed up.

This man was none other than the Zhou Family's previous family head and the current family head's own brother.

"Big brother, you are still alive!?"

The Zhou family head's voice was shivering, he had an extremely good relationship with this big brother.

The man's eyes were filled with tears as he slowly nodded, "Yes, I'm still alive."

"I really never thought that I would live to see you all again!"

The Zhou family members were all filled with pain as they looked at the man's haggard appearance.

The Zhou family head said in a trembling voice, "Big brother, where have you been all these years?"

"How did you you become like this?"

The man turned his head to look at Zhao Tianyuan and said in a cold voice, "Where have you been?"

"Hmph, all these years, I've been in the dungeon under that solitary courtyard of Zhao Tianyuan's, locked up with big brother Chen Wuyuan Chen!"
