

Genius 1761

[Chapter 1761 Devil Prince? An Ant-Like Existence!](#)

The news shocked everyone present. Divine Lord Lingyun and the others flew into the air and rushed out of the house.

Ye Chen's eyes gleamed coldly when he heard the news.

He had used a secret technique to hide himself. He was definitely not exposed. Otherwise, with divine Lord Lingyun's cultivation level, he would have been discovered long ago.

But now, the guards of the demonic abyss city had come to report this news. Obviously, someone had planned all this.

"Interesting!"

The corners of ye Chen's mouth curled up slightly. He did not need to guess to know who was behind this.

"Since you're all so unkind, don't blame me for being unkind."

He sneered, turned around, and rushed out of the demonic abyss city.

Ye chen was not the one who did not take revenge!

He traveled overnight to the demonic abyss city and then returned.

To most people, this was a risky move, but to ye chen, this was the path he should take.

Ye chen had arrived outside blood demon City.

Da, da, da!"

Outside the city, many demonic Warriors were marching rapidly. It was obvious that they were already planning to attack the demonic abyss city. As for him, he had become an abandoned pawn thrown out by the demonic son Sheng Yue. He wanted to rely on him to disrupt the demonic abyss city's defense and allow the demonic Army to enter.

"That's a good plan, but it's a pity that you shouldn't have used it on me,"

Ye Chen's heart was filled with the desire for revenge. He was swift and unstoppable.

Da, da, da!"

A series of footsteps could be heard. Not only did ye chen not hide, but he also stepped forward directly. He did not use the true spirit nine transformations to disguise himself and looked exactly like himself.

"You are ..."

Buzz, buzz, buzz!"

Without waiting for the person in front to speak, the immortal slaying Flying Dagger's cold edge twisted, and the blade light dripped blood. A small team was directly exterminated.

Ye Chen advanced triumphantly and suddenly charged into Blood Demon City.

"What's going on?"

"There are human cultivators who have invaded Blood Demon City. They are very powerful and many demon soldiers have been killed."

"What?"

The Saint Hunchback tribesmen left the city one after another, wanting to capture the abductor.

"It's him. He's the human cultivator that my Saint Camel clan has counted."

As soon as they left the camp, they saw Ye Chen's murderous aura and immediately recognized him.

No one would think of Dugu Han when they saw Ye Chen.

,m "Catch him!"

A small leader shouted.

"Whoosh, whoosh, Whoosh!"

The demon warriors charged at Ye Chen.

"Die!"

Ye Chen roared in anger. A demonic light bloomed from between his brows. The Night Demon Armor was put on, and its might was unstoppable.

"Immortal flying knife!"

Ye Chen retracted his Celestial Flying Dagger and used his celestial cultivation technique. The immortal slaying Flying Dagger transformed into a pair of sharp claws and embedded itself into the bones of Ye Chen's hands.

Buzz, buzz!"

With two crisp sounds, sharp Wolverine claws appeared on Ye Chen's fingers. He used the flying daggers as if he was using his arms to move his fingers. It was exquisite.

"Kill!"

Ye Chen's eyes glowed with a murderous light as he entered a berserk state. The demons had to pay the price for treating him like this!

"Whoosh, whoosh, Whoosh!"

Ye Chen's figure moved instantly, using the Nine Heavens Yu steps. It was a Supreme and exquisite movement technique. As he turned, he was like a dragon soaring through the nine heavens. The five of them could get close to him.

"I'll let you witness true slaughter!"

On his hands, the sharp claws shone with a cold light. Ye Chen used the sharp claws to release his saber Divine Art. The ultimate art of integration had exceeded the imagination of mortals.

Buzz, buzz, buzz!"

He waved his sharp claws, and the shadows of swords and knives appeared. He had the air of a Grandmaster.

The blood of the demon Army was in the thousands.

Such a sensational feast of killing quickly alarmed the entire demon Army.

"This person is too strong. Inform The Fiend heir immediately!"

Dugu Ming had wanted to kill Ye Chen to make a great contribution. However, when he saw Ye Chen's unparalleled killing and entering the encirclement alone, he did not escape but charged instead. He was invincible and immediately ran back.

The demon Warriors at the back quickly reported to the demon son Shengyue that this was his base.

"Who dares to break into my blood demon City?"

The sound of thunder shook the space, and demonic Qi exploded, sending countless corpses flying. The demonic son of the sacred moon clan appeared.

"You are the human cultivator wanted by the Holy camel tribe!"

He looked at Ye Chen coldly.

"It's me, Ye Chen!"

Seeing that his enemy was right in front of him, Ye Chen did not need to say anything. His entire body was surrounded by spirit energy, and his Foundation was like rolling waves, growing endlessly.

"Kill!"

"You!"

The Holy moon clan's fiend heir still wanted to put on an act, but Ye Chen did not give him the chance and immediately charged over.

"I'm the demon child of the Holy moon clan, one of the three great demon clans. How dare you underestimate me like this? I'll make you regret it."

"There are too many fearless struggles. I'm tired of them."

Ye Chen's eyes were cold and unparalleled. He did not even look like a human cultivator. Seeing such an imposing aura, Dugu Ming and the others did not dare to step forward. They retreated one after another, leaving the battlefield to the Holy moon clan's fiend heir.

"Hateful, damn it!"

The Holy moon clan's fiend heir was furious. A crescent-shaped demonic blade suddenly appeared in his hand. It was attached with many demonic runes. As long as he circulated his demonic power, he could

activate the demonic runes and double his strength. This was the reason why The Fiend heir had killed ye chen.

The demonic Qi in the Demon Prince's body surged and poured into the demon Blade. Instantly, the demonic Qi soared into the sky and attacked ye chen like a venomous Python.

"Kill!"

Ye chen was completely defenseless. Like a ferocious beast, he went straight for the Holy moon clan's fiend heir.

"How is that possible?"

The Fiend heir turned pale with fright. His attack was so powerful. Could it be that the other party wanted to die together?

He did not know that ye chen did not want to perish together at all. Instead, it was because he had the night Demon Armor that he was not afraid of taking the attack head-on.

"Boom boom boom!"

The poisonous Python's demonic energy attacked ye Chen's body. His body froze for a moment. This made him furious.

"Demon child? An ant-like existence!"

Ye chen activated his ancient God Body. Instantly, his five-elements true force was like an Endless River!

For a moment, ye Chen's figure was like a true dragon emerging from the abyss, unstoppable!

"No!"

The Holy moon clan's demonic heir revealed the most terrified expression and made a final unreconciled struggle. Then, sharp claws flashed, and blood splattered five steps away!

"Swish!"

"BOOM!"

A line of blood appeared on the throat of the Holy moon clan's demonic child, and then, his head fell to the ground.

"Ah ..."

Dugu Ming peed his pants on the spot. This was the Holy moon clan's fiend heir. Who was he before The Fiend heir? however, what was The Fiend heir before ye chen? in that case, he was even less than an ant before ye chen!

"You sinister demons, die!"

The Mad dragon roared, and its Qi shook the heavens and earth!

Ye chen had crushed everything and charged into the spirit energy mines of blood demon City. That was his ultimate goal.

"Go, go!"

Many demon Warriors stood by ye Chen's side but no one dared to move.

"Get lost if you're such a waste!"

Ye Chen's sharp claws swept out, and the light of his blade flashed. In the blink of an eye, the heads of the three great demon Warriors fell to the ground.

Blood stained the road ahead. The violent demon dweller was like grass in front of someone even more violent!

After finding the location of the mine, ye chen circulated his immortal demon power. With the support of the devouring demon matrix, he frantically absorbed the power of the Spirit vein.

"Where is he?"

"Demon King, he's over there. He's devouring the mineral vein!"

"Damn it!"

When the demonic monarch arrived, many demon dwellers were overjoyed, thinking that their Savior had arrived!

[Chapter 1762 Ye Chen's Life Shakes The World!](#)

"His Excellency fiend King is here! Let this human brat die without a burial ground!"

Dugu Ming couldn't hide the joy on his face when he saw the demonic monarch. He believed that they were saved and that they would be able to kill the human cultivator.

"Who dares to devour the mines of my blood Devil City? die!"

The demonic monarch's demonic might was impressive. His entire body was shrouded in dark Qi. Like a Black Tiger, he charged into the mine vein.

Thump, thump, thump!

With every step he took, the earth trembled. With every step he took, demonic Qi rampaged and was incomparably violent.

Ye chen was currently absorbing the mineral vein's power and was not afraid at all.

"Ah!"

He shouted in anger, and the sixth-grade mo matrix actually rose again, turning into an eighth-grade devouring mo matrix.

With that, the speed at which he was devouring the ore vein underwent a qualitative change. In addition to his already terrifying talent, the entire ore vein was like the water of a River that entered Kuafu's mouth.

"Boom boom boom!"

The meridians in ye Chen's body were like awakened Dragons, constantly letting out rumbling sounds. The demon Warriors outside heard this and panicked, not daring to go any further.

"Trash, get lost!"

The demon Lord sent dozens of demon Warriors flying and advanced on his own.

Dugu Ming and the others followed behind, waiting for a good show.

Boom, boom, boom!

Suddenly, the earth shook and the space around them shook. The walls of the cave were broken and rocks flew into the air. Many demon Warriors were caught off guard and were injured by the rocks. Some of them even died on the spot!

"What's the situation?"

The demon Lord's brow creased. He sensed an unprecedented power.

Thump, thump, thump!

This time, it was ye Chen's turn to walk out. With every step he took, there was a fiery footprint. Such a majestic state made the demon Lord stop moving forward.

"You're the wanted criminal?" The demon Lord shouted.

"You demons are sinister and cunning, and your deaths are not to be regretted!"

Ye chen did not respond to his question. Instead, he gave them a kill order.

"How hateful! You killed your way into the blood Devil City, do you think you can still leave?"

"Leave? Hahaha!"

Ye chen laughed wildly and released his aura. He was already an early void refinement realm expert.

"Ah ..."

The demon Lord's heart trembled at this powerful energy. His opponent's Foundation was not weaker than his, perhaps even stronger. He did not dare to be careless against such an opponent.

"Mcmau's dark Tiger!"

The demonic Qi in the demonic monarch's body churned. In his shock, a dark Tiger shadow appeared behind him.

Seeing this scene, the demon Warriors retreated one after another. This was the ultimate divine ability of the demon Lord. Once touched, they would die without a burial place.

"Everyone, don't panic. This brat is dead for sure."

Dugu Ming said to the crowd.

"That's right. This is the dark Tiger Demon Lord's strongest technique. Once it's used, it'll be the day of the enemy's death. We'll just watch."

"That's great! It's great to see this crazy brat die in front of us!"

"Let's retreat. We'll wait for this brat to roar and devour him!"

Many demon dwellers retreated to a safe distance.

"Kill!"

The dark Tiger Demon Lord burst out with a powerful demonic might. He transformed into the dark Tiger form and charged at ye chen.

"Boom boom boom!"

Crack, crack, crack!

The earth trembled. The surrounding mountain rocks shattered and turned into a storm. It followed the dark Tiger Demon Lord and attacked ye chen.

"With this little ability, you dare to call yourself the demon Lord?"

Ye chen opened his eyes and activated his fiery golden eyes. Flames burned in his eyes and the demonic Qi did not dare to approach him.

"Thirty-three heavens creation divine fist, cloud kick!"

To ascend to the nine Heavens and look down upon the earth!

Ye chen was like a god who had descended to the mortal world. His entire body was covered in the power of flames. The immortal slaying Flying Dagger shifted again, turning into a metal armor that covered ye Chen's feet.

"Kill!"

With a shout, ye chen descended from the sky and charged straight at the dark Tiger Demon Lord.

"Go to hell!"

The dark Tiger demon Army suddenly got up and opened its huge mouth, revealing its sharp fangs as it pounced at ye chen.

"Boom boom boom!"

Ye chen was quick and kicked the dark Tiger Demon Lord's head.

"Boom boom boom!"

The top of the dark Tiger demonic soldier's head shook violently. He lost his divine sense and almost fainted.

"Uh ..."

He couldn't help but roar as he lost his balance. This was the moment of his death.

"True Samadhi fire, misty spirit-snatching finger!"

As if their hearts were connected, the immortal slaying Flying Dagger transformed again into the sharpest claw glove on ye Chen's right hand.

True fire burns the heavens, steel fingers demand life!

"Phew, phew, phew!"

Ye Chen's body was surrounded by flames. His eyes were locked on the dark Tiger Demon Lord's heavenly spirit. He had already landed.

Buzz, buzz, buzz!"

He closed his fingers, and demonic blood splashed into the air!

"Ah!"

The dark Tiger demon monarch let out his final shrill cry and died on the spot!

"Devour!"

The demon Lord's vast Pandora demon ability transformed into a dark Tiger that wanted to escape. Ye chen extended his palm and the devouring demon pattern spun on his palm. The dark Tiger's power was instantly absorbed.

"The, the demon Lord is dead!"

Ye Chen's killing of the demon Lord was too shocking. Everyone was in a panic and fled in all directions.

"Phew ..."

After the violent battle, ye chen heaved a sigh of relief and the hot blood in his body calmed down.

"If the demon Emperor is alerted, I'm afraid I'll be in danger. I'll act according to the situation!"

Ye Chen's body flickered and he disappeared from the spot.

After a while, dugu han appeared.

He quickly returned to blood demon City, his body covered in blood.

At this moment, dugu Ming, dugu Luo, and the others were thinking of ways to deal with these matters.

"Boom boom boom!"

A demonic monarch arrived and asked what had happened when he saw dugu Ming and the others panicking.

Dugu Ming didn't dare to hide anything and told the demon Lord the truth.

"You're all useless! How could a puny human cultivator absorb the mineral veins in my blood demon City and leave safely?"

The demonic monarch was furious as he berated dugu Ming and the others.

Dugu Ming didn't dare to say anything more and could only lower his head and admit his guilt.

Da, da, da!"

Suddenly, ye chen walked into everyone's sight.

"Dugu han!"

A demon warrior shouted.

"It's me. I was investigating the demonic abyss city and was attacked by human cultivators. If I hadn't run fast enough, I would have died!"

Ye chen pretended to be in great pain. Even his arm was drooping as if it was broken.

"You trash, you didn't get any information and you still dare to come back!"

Dugu Ming rebuked.

"Bastard, you can't even stand a mine vein, and you still dare to reprimand others. Reflect on your actions!" The devil army said angrily.

"Yes, yes!"

Dugu Ming and the others lowered their heads in agreement.

Dugu Ming was very disappointed that ye chen had returned alive after the Demon King left.

However, he had no doubt that the person who had devoured the mineral vein was ye Chen's actual body.

The news of ye chen breaking into the demon City alone, killing the demon Lord, and devouring spirit veins quickly spread. Many demon Warriors knew that there was a human cultivator whose cultivation base was at the early void refinement realm who snuck into the demon race's spirit land. He loved devouring spirit veins and even killed the demon son Shengyue!

The news even spread to the demonic abyss city.

"Is there someone called ye chen among us spirit realm cultivators?" The divine Lord asked.

"We don't know!"

Everyone said they didn't know.

"With fellow Daoist ye's strength and courage, I'm afraid he's the direct disciple of a powerful figure in the heaven trampling sect!" Someone said.

The divine Lord nodded slightly and could only guess.

In blood demon City, ye Chen's game continued!

[Chapter 1763 Devil Source Sea!](#)

After killing the Holy moon clan's fiend heir and the Holy Ghost clan's fiend monarch, ye Chen's name shook the entire Demon City.

Everyone knew of his existence and even forced the Holy moon clan to send the three demon lords to keep watch to prevent ye chen from ruining their plans again.

Ye Chen's wanted portraits were everywhere in the city. The descriptions on them were extremely terrifying, describing him as a demon even more terrifying than the demon race. Such a description was enough to give ye chen face. After all, the news of him killing the demon Lord was too shocking.

As the Sacred War approached, the three demon lords gathered everyone.

In the meeting hall, the three of them sat on the three chairs at the front, and below them were the people from the major demon forces.

"Everyone, the demonic abyss city has not been captured yet. This is a great blow to the overall plan of our demon race. We must attack decisively,"

"That's right. Since we have arrived, we can't delay the attack on the demonic abyss city."

"We must take down the demonic abyss city directly. There can't be any mistakes."

The three demon lords had spoken, and everyone obeyed, expressing their agreement.

"Your Excellency, what should we do?" An expert asked.

"Well ... Wasn't there a man called dugu han who investigated the demonic abyss city before? come out and tell us."

One of the demon lords said.

"Dugu han, hurry up and report the situation!"

Dugu Ming shouted from the side.

Ye chen cast a cold glance at dugu Ming and stepped forward.

"You're dugu han?" The demon Lord asked.

"Yes, I am."

"I heard that you entered the demonic abyss city and returned with injuries. If you can tell us about the situation in the demonic abyss city, you will have made a contribution."

Hearing this, Ye Fan nodded.

"The situation in the demonic abyss city is very complicated. The human race is heavily guarded, and there are many passes. I also ..."

Ye chen had deliberately described the human race's defense as complicated, tight, and even extremely powerful in order to suppress the demon Army's determination to attack.

"Alright, I'm done,"

The demon Lord suddenly shouted in displeasure.

Ye chen stopped and stood where he was.

"Hmph, aren't you exaggerating a little too much?" A Demon Lord said.

"Demon King, I saw this with my own eyes. It's not an exaggeration." Ye Fan said.

As a result, many demon dwellers panicked. They didn't know that the demonic abyss city's defense was so strong.

The three demon lords stared at ye chen at the same time. This was not the answer they wanted. Initially, they wanted ye chen to comfort everyone and attack immediately. However, when they heard that the human race was so powerful, they all had other thoughts.

Once the morale of the Army wavered, things would not be easy to handle.

"Hmph, returning with injuries and bringing back this little bit of information? You're really stupid!"

One of the demon lords released his aura to suppress ye chen. He was very dissatisfied with ye Chen's story and was about to attack.

Ye Chen's brows furrowed. He gathered the hidden force in his body and was ready to fight at any time.

If the other party really dared to make a move, so what if they killed their way out?

"Boom boom boom!"

At this moment, dark clouds suddenly gathered in the sky. A powerful pressure swept over, causing everyone to look up at the sky.

The three demon lords stood up and hurried outside to welcome him.

"Lord Demon Emperor has arrived, we are sorry for not welcoming you!"

The three of them bowed and saluted, and the people behind them followed suit. The might of the demon Emperor was too powerful.

Ye chen stood to the side and watched. The demon Emperor's arrival must have an order.

"Skyfall patriarch and the others have already escaped from the battlefield behind our clan. The sealed land is in danger, and we need to dispatch a large number of people to guard the seal. You all need to contribute as well!"

The demon Emperor spoke, and everyone listened.

"We will obey the demon Emperor's orders!" The three demon lords said.

"The three of you, immediately transfer some manpower. I still have something important to do, so I'll leave first!"

"Yes!"

The three of them bowed. Black clouds swept across the nine Heavens, and the demon Emperor's figure disappeared into the black clouds.

They turned around and came to the front of the crowd.

Scanning the entire Army, the three of them began to point out the generals.

"Holy Sun Race, Holy Star Race, Holy shadow race, Holy camel race, all of you head to the sealed land and guard the seal!" The demon Lord said.

"Yes!"

The races that were chosen stepped out and accepted the order.

"I wonder what exactly happened for the demon Emperor to descend and issue an order?" One of the experts asked curiously.

At this moment, the demon son of the sacred Sun Race walked out and explained to everyone.

"I heard that human cultivators broke into the sacred land of the demon race and wanted to destroy the yuan Sha waterfall."

"Yuan Sha winning waterfall, What is this?" Someone asked doubtfully.

"The yuan Sha waterfall is an important passage for our demon race. It gathers unlimited water attribute power and has been nurtured for many years. It has great strategic value for our demon race. Once it is lost, it may cause serious consequences. This is the reason why the demon Emperor has descended." The son of demon of the sacred Sun said.

"I see!"

Everyone nodded slightly. Only ye chen was extremely excited.

Ye Chen's heart was in turmoil. He was at the final stage of cultivating the ancient God Body and what he lacked was Water-type power. This mission to travel to Yuan Sha Sheng waterfall was his best opportunity.

"Since the demon race has given me such a gift, if I don't accept it, it would show that I'm incompetent."

Ye chen was secretly overjoyed and followed the crowd.

The three demon lords led everyone to the square, where all kinds of earth demon beasts were making a ruckus.

"All of you head to the yuan Sha winning waterfall without any delay."

"Yes!"

Everyone found their own earth devil beast and ascended.

The earth devil beast kept flying at a high speed. After six hours, they finally saw the rear of the demon race.

"Boom boom boom!"

A huge wave swept out and hit the sky.

The demonic Qi surged, making everyone sigh.

As far as the eye could see, it was a boundless sea formed by demonic Qi. The demonic aura was monstrous and extremely evil!

It was like the roars of countless vengeful spirits, and those with a weak Foundation might even be drawn in by their souls and be unable to extricate themselves.

Everyone who saw this ocean was shocked to the core. They held the earth devil beast tightly in their hands, afraid that they would fall into the ocean.

"This is the sacred sea of our demon race-the misty demonic source sea!"

An expert came out and said to the crowd.

"This is the devil source sea. It's truly magnificent."

"This is the first time we've seen such a wondrous sight. It's too powerful."

"With this ocean here, how would the human cultivators dare to come?"

Everyone was amazed by the power of the demonic source ocean, and their hearts were filled with emotions.

"That's right. The demonic source sea contains the purest demonic Qi. If a human cultivator were to get drunk, he would turn into pus and blood in no time!"

"Amazing, amazing!"

Just as everyone was sighing at the power of the demonic source ocean, a storm rose in the sky again. The powerful aura suppressed the People's hearts. Another demonic Emperor had descended.

"This is the tough heaven demon Emperor. Everyone, pay your respects!"

"Yes!"

Everyone paid their respects to the demon Emperor.

"All of you, follow me into the demonic source sea!"

"Yes!"

Under the guidance of the tough Sky Devil Emperor, everyone entered the demonic source sea!

[Chapter 1764 Yuan Cha Saint Waterfall!](#)

Under the guidance of the tough Sky Devil Emperor, everyone entered the demonic source ocean.

"Kill!"

Boom, boom, boom!

Suddenly, the sound of an intense battle came from afar. The scene was extremely terrifying.

Everyone was shocked. They didn't expect the situation in the demonic source ocean to be so tense. Everyone followed the demon Emperor and headed deeper into the ocean.

The deeper ye chen went, the more he felt the density of the mana and the heavy pressure.

If it were not for the protection of the celestial demon reincarnation mysterious art, ye chen would not have been able to advance so smoothly.

But now, it was different. He even had a shocking idea to secretly absorb the surrounding mana to improve his Demonic Cultivation Foundation.

The demonic source ocean, as its name suggested, was the source of demonic Qi. The demonic Qi here was definitely not contaminated by the outside world. It was the purest demonic Qi, which was extremely beneficial for the cultivation of demonic techniques.

"Zi Zi Zi!"

Ye chen released the eighth-grade devouring mageweath. A black hole appeared in his palm and the surrounding demonic energy quickly gathered in his palm.

In this way, not only did the Pandora demon ability not hinder ye chen, but it also helped him.

The other demons had never thought of such a clever move.

Following the demon Emperor, ye chen advanced forward. The deeper he went, the more comfortable he felt because he could absorb more vigorous demon energy.

An average person would not be able to withstand such a high concentration of demonic energy, even the demon clan. However, ye chen had the ancient God Body, which was the sky origin five elements body. Although he still lacked the water element branch, he was still superior to others.

Buzz, buzz, buzz!"

A vast amount of demon energy entered ye Chen's body, making his demon technique purer and more powerful.

"The sealed land is ahead!"

The tough heaven devil Emperor suddenly said.

Everyone looked over and saw that the so-called devil race seal was actually a huge ocean eye, and the terrifying battle and slaughter that had just occurred was from this ocean eye.

At a glance, the ocean eye was surrounded by demonic runes. These runes were all attached to the array, and their power reached the sky.

"Everyone, contribute your magic power to maintain the stability of the seal!"

The tough heaven demon Emperor gave the order, and everyone stepped forward one after another, releasing their own demonic energy.

The demon sons of the two great demon clans, the shengsun clan and the Shengxing clan, made the first move. Instantly, demonic energy was poured into them, making an earth-shaking sound. The two of them were proud.

When the experts of the other races saw this scene, they all stepped forward and offered their own strength. They didn't want all the credit to be taken by others.

"Boom boom boom!"

At this moment, the sounds of killing in the Eye of the Sea became more intense. Powerful spiritual and mystic energy surged and came at the same time, putting great pressure on everyone.

"You can't retreat, or else I'll kill you!"

The tough heaven demon Emperor's demonic might was vast and mighty as he angrily rebuked everyone.

"Yes!"

Everyone had no choice but to resist.

"Zi Zi Zi!"

An endless amount of mana was injected into the Eye of the Sea, but the continuous process was extremely taxing on everyone.

In an instant, many people's faces revealed pained expressions. Only the two demonic sons of the shengsun and Shengxing tribe were still persevering. They were even competing with each other and refusing to accept defeat.

However, as time passed, the two of them gradually felt that they were lacking in strength.

Only one person was at ease.

This person was none other than ye chen. As he absorbed the mystic energy, he released a small amount of it at the same time. While the others were physically exhausted, he treated it as a game.

Upon seeing this scene, some experts were puzzled.

"We're all physically exhausted. Is this dugu han of the Holy Shadow Clan really that powerful that he's completely fine?"

Everyone was shocked.

They all looked in ye Chen's direction and found that he was indeed at ease. However, the amount of mystic energy he had instilled was much more than the average person.

"Dugu han, what method did you use to make it so easy?" A Saint Hunchback expert asked, unconvinced.

"Tell me, don't even think about being happy alone!"

"Right, say it!"

The other powerhouses looked at ye chen and asked coldly.

"I'm just a little bit stronger than you guys. What's there to be suspicious about?" Ye chen did not mind and continued with his work.

"What?"

At this time, the two fiend heirs of the Shengxing clan and shengsun clan also noticed ye chen. They turned to look at ye chen and their hearts trembled.

They could sense that ye Chen's demon energy was boundless, almost like the ocean. It was unimaginable that it was so powerful.

"How did this person do it?" Asked the demonic child of the sacred Star Race.

"I don't know either, but both you and I are in a tight spot, yet this person is still so happy. It's indeed shocking!"

The son of demon of the sacred Sun said.

Hearing the two fiend heirs say this, everyone was even more shocked. What was going on with this dugu han? he was actually so powerful!

This phenomenon also alarmed the tough heaven demon Emperor. He was very surprised.

He examined ye chen carefully and did not find anything wrong with him. However, the release of such a vast amount of Pandora demon ability gave people a sense of disharmony.

"You're called dugu han?" The demon Emperor asked.

"Yes!" Ye chen said.

"How did you cultivate such a Foundation?"

"I don't have any Foundation. I'll study hard and train hard. Everyone can get it!"

"What?"

After hearing his words, the tough heaven demon Emperor's eyes turned cold.

Everyone looked in ye Chen's direction, wanting to see how the demon Emperor would punish him.

Dugu Ming sneered in his heart. He had failed to target ye chen many times. This time, he would see how ye chen would die.

The demon Emperor walked slightly toward ye chen, his sharp claws raised high, ready to attack.

Ye Chen's entire body of demonic Qi gathered in his palm. If the other party dared to make a move, he would kill them all!

"Boom boom boom!"

Just as the demon Emperor was about to make a move on ye chen, a violent fluctuation suddenly came from the sea's eye. Vigorous spiritual energy and demon energy burst out at the same time, and the seal was broken on the spot.

"Remnants of the demon race, die!"

"Damn the human race!"

The sound of killing shook the sky in Wen Hai's eye. A human Almighty and a demon general came out and fought in the sky.

The spiritual energy soared to the nine Heavens, and the demonic energy shocked the nine Lands!

For a moment, the wind and clouds moved as fast as lightning, and the sun, moon, and stars scattered!

The entire space trembled continuously. The water in the demonic source sea was drawn in and devoured like a mad dragon. There was no way to stop it.

Boom, boom, boom!

Violent energy constantly collided with each other in this space, shattering rocks and sending waves for ten thousand li!

Such a shocking scene shocked everyone.

Three human Almighties and five demon masters, all body integration stage powerhouses. This was the first time many people had seen a battle of this level.

The power of the vibration spread to everyone.

Dugu Ming and the others fainted on the spot. Ye chen pretended to vomit blood and used the power of the shock to retreat quickly.

In the midst of the chaos, ye chen retreated.

"The power of the five elements!"

Ye chen released the power of the five elements. The five elements complemented each other and guided him to the yuan Cha Holy waterfall.

Thump, thump, thump!

Endless demonic energy poured down from the cliff like the stars in the nine Heavens falling into the mortal world. The vigorous power suppressed the universe and turned into a deep abyss when it landed!

Just by approaching it, ye chen could feel that the water flow formed by the infinite Pandora demon ability contained the most powerful water element power. This was the last element that the ancient God Body was missing!

[Chapter 1765 Kill The Demon Emperor And Take The Saint Marrow!](#)

Seeing such an amazing waterfall, ye Chen's heart was shaken. After searching for a long time, he finally found a good fortune that suited him.

He slowly approached the yuan Sha sacred waterfall and discovered that the demonic energy here was much stronger than that in the Eye of the Sea. This might even be the true core of the demonic source ocean.

"There are nine demon masters in the demon race. Four of them are at the front line, and five of them are currently fighting with the human race's Almighty. Therefore, there must be no demon master guarding the yuan Cha Holy waterfall!"

Ye chen secretly calculated in his heart. As long as no demon master attacked, no one could stop him.

He released his spiritual power and hid it in the surrounding environment. Although it couldn't be used for a long time, it was enough for observation.

In the distance, he saw two guards in front of the yuan Cha Holy waterfall. They were both ninth-grade demon generals.

Ye chen walked straight over and the two men immediately stopped him when they saw him.

"Who is it? this is the demon race's forbidden area. Leave immediately!"

"Otherwise, we'll kill without mercy!"

The two of them shouted at ye chen at the same time.

"I'm ..."

Ye chen stepped forward and pretended to introduce himself. Then, the immortal slaying Flying Dagger flashed in his hand.

Buzz, buzz!"

Two streaks of blood streaked across the sky. Then, the two powerful demons fell to the ground.

"Master, how's the speed this time?"

"I guess so!"

Ye chen smiled and flew toward Yuan Cha Holy waterfall. He did not have much time and could not afford to hesitate.

After entering the inner part of the yuan Cha Holy waterfall, ye chen found that there was a whole other world inside. He felt a sense of peace. This was different from the nature of demonic Qi.

"Release!"

Ye chen released a vast amount of Pandora demon ability, which flowed through every inch of the surrounding space, quickly searching for the water Essence.

Although the demonic energy in the surroundings was pure, it contained multiple attributes, making it difficult for ye chen to find it. However, during this period of ye Chen's cultivation of the demonic Cultivation method, the demonic Cultivation method had become purer. With his superb adaptability and the celestial demon reincarnation mysterious technique, his control of the demonic energy had become more and more skillful. He was gradually able to control it as if it was his own arm.

"Zi Zi Zi!"

Mana filled the entire space, continuously fusing with the mana in the surroundings.

"Whoosh, whoosh, Whoosh!"

After a few rounds, the mystic energy finally found the source of the abnormality.

"Very good!"

Ye chen flew out and headed straight to the place where the information was brought back by the Pandora demon ability.

"This is where the essence of Yuan Cha Saint waterfall lies!"

The surrounding mana soared to the sky and a dark light flickered. In a secret cave in the yuan Cha Holy waterfall, ye chen found the yuan Cha Holy essence that he had been longing for.

This yuansha Saint marrow was formed by the accumulation of demon energy essence over countless years. It contained an extremely powerful demon energy essence and water element essence. The latter was what ye chen wanted the most.

"Zi Zi Zi!"

The Saint marrow glowed brightly, illuminating the surroundings. The surrounding mana seemed to have received an order and rushed toward the Saint marrow.

"What?" Ye Chen's eyes turned cold and he responded cautiously.

"You want to fight against me? that's your worst choice!"

Ye Chen's entire body was brimming with mana. The eighth-grade devouring mageweath began to absorb the surrounding mana.

"Phew ..."

This time, ye chen was absorbing Pandora demon ability limitlessly. He wanted to reach the limits of his ancient divine body.

Even though the five elements were incomplete and one of them was missing, the ancient God Body was an extremely powerful cultivation technique that originated from the Pangu divine spark. This little amount of Pandora demon ability was not enough to pose any difficulty to ye chen.

Buzz, buzz, buzz!"

Endless amounts of Pandora demon ability poured into ye Chen's body. This was something that countless demon powerhouses dreamed of but could never obtain in their entire lives. However, in front of ye Chen's eyes, it was like drinking water, being absorbed cleanly.

Moreover, this Pandora demon ability had been purified by the Saint marrow and was extremely pure. Its energy density was a hundred or a thousand times higher than ordinary Pandora demon ability. In other words, as long as ye Chen's body could withstand it, he would be cultivating a hundred or a thousand times faster. This was a heaven-sent opportunity and he was invincible!

"Boom boom boom!"

Soon, ye Chen's body began to tremble continuously. This was the wild characteristic of the Pandora demon ability. It rampaged through his meridians. Even a cultivator at the Great Perfection of void refinement realm would not be able to resist such a terrifying power. However, before the ancient God Body, any energy that tried to destroy ye Chen's body would be forcibly absorbed and refined.

"Ah!"

With a loud roar, ye Chen had broken through the limit and achieved a ninth-grade devouring demon pattern.

"Roar!"

The devouring mageweath seemed to have a life of its own. It was completely different from when it was at the eighth stage. This was a qualitative change.

"Just like this!"

Ye Chen was overjoyed. The devouring mageweath had undergone a qualitative change. Now, his cultivation speed was like a tiger that had grown wings.

"Phew, phew, phew!"

Ye Chen absorbed an infinite amount of Pandora demon ability, causing the Saint marrow to tremble rapidly.

"Now that you know how powerful I am, why don't you quickly surrender?"

Ye Chen extended his palm. The dark Demon pattern swirled in an absorption vortex, drawing the Saint marrow toward ye Chen.

"Whoosh, whoosh, Whoosh!"

Suddenly, a gust of wind entered ye Chen's ears. Ye Chen's body trembled and he turned around.

The person in front of him was the tough heaven demon Emperor.

"Dugu Han, are you trying to rebel?" The tough heaven devil Emperor flew over and questioned.

"Dugu Han?"

Ye Chen sneered. "How can a piece of trash from the demon race be compared to me? I'm not him!"

The next moment!

A rumbling sound was heard as ye Chen's true origin exploded. Human spiritual energy filled the entire area.

"You're a human?" The tough heaven demon Emperor was shocked and attacked in anger.

"Hahaha, little demon Emperor, you dare to attack me? you're courting death!"

Ye Chen's entire body surged with primordial energy. At this moment, his demonic energy had completely transformed into spiritual energy.

"Hateful human spy, die!"

Han Tian demon Emperor was not easy to deal with. Demonic energy burst out of his body, and he attacked with his heaven-defying divine ability.

Suddenly, the entire space shook violently. The demonic energy spread in all directions. Countless rocks were driven by the demonic energy to fly up and attack ye chen.

"Useless move!"

With a cold shout, Ye Fan formed a hand seal and struck out.

"Vajra seal!"

As the Vajra seal was unleashed, The Guardian Vajra's shadow appeared behind ye chen. A huge palm, carrying Supreme spiritual energy, slammed into the space in front of him.

Boom, boom, boom!

Crack, crack, crack!

Han Tian devil Emperor's great magical power caused countless rocks to turn into dust on the spot. However, the palm print actually did not dissipate because of the collision. It directly headed for han Tian!

At the sight of this scene, the tough heaven demon Emperor was greatly shocked.

"Demonic source Suan ni, absorb!"

"Die!" Han Tian roared as he unleashed his ultimate divine ability. He was actually transforming his own blood and Qi to absorb the demonic source around him. He wanted to die together with han Tian.

"Laughable!"

Ye chen saw through his trick.

"Spirit-snatching life-extinguishing finger!"

Ye Chen's figure moved in an instant, leaving behind layers of afterimages. He had the celestial demon luck and was going to end his life in one move!

"Swish!"

Blood splattered five steps away, and han Tian's throat was cut open. He died!

"Who is here?"

The battle of overlords had attracted several demon emperors to come to help, and they rushed into the secret cave one after another.

"[Starseizing hand]!"

Ye chen knew that he could not linger in battle. His great divine power went straight for the Saint marrow.

"Kill!"

With the Saint marrow in his hands, ye chen activated his celestial demon power. Sky-turning seal, earth-overturning seal, Vajra seal, ocean-overturning seal, and various martial arts techniques were launched at the same time, shocking everyone.

Boom, boom, boom!

In the midst of the chaos, ye chen retreated!

[Chapter 1766 Ants And Rats Dare To Stop Me?](#)

Ye chen had fought his way out of the encirclement on his own. He had obtained the Holy marrow and could not stay for long.

"Where do you think you're going!"

"Stop that human!"

"Kill!"

The battle cries continued. The surrounding demonic energy and spiritual force exploded, shaking the entire space and forming a shock wave that shook everything within a hundred miles.

Such a tremor woke dugu Ming and the others up.

"What's the situation?" Dugu Ming asked.

"I don't know, let's go out and take a look!" Dugu Luo replied.

The two of them went out together and saw a shocking scene.

Many demon emperors were fighting against one person. Demonic energy covered the sky and devoured everything like a flood. However, the person who was surrounded did not panic at all. He even fought with ease against the demon emperors' moves.

"Hahaha!"

An overbearing laugh was heard. Dugu Ming and dugu Luo were stunned. They didn't expect that the person fighting with so many devil emperors would be dugu han!

The two of them were dumbstruck and their hearts trembled. They were wondering when dugu han had become so powerful. It was too ridiculous!

"This dugu han is the human cultivator ye chen. Everyone, take him down!"

All of a sudden, the demon Empress' furious voice reverberated through the entire area.

"What?"

Everyone was shocked. Dugu han was the demon Slayer Lord, the ye chen who had devoured the ore veins. Now, he had reached the realm of the demon Slayer Emperor. This kind of Ascension speed was terrifying.

"Whoosh, whoosh, Whoosh!"

The demon emperors flew like the wind and chased after ye chen.

"You rats, you dare to fight me?"

Ye chen suddenly turned around. Like a tiger roaring in the forest, the powerful sound of spiritual energy shocked everyone present. Many demon emperors were shocked and did not dare to move forward.

Dugu Ming and the others gasped when they saw this scene. He was too powerful!

"Go forward and take down ye chen. The demon master will reward you handsomely!" A demon Emperor suddenly shouted.

"I'll do it!"

Dugu Luo was so excited that he flew over for the demon master reward.

"You ant, you dare to stop me?"

Ye chen was furious when he saw that it was dugu Luo who had come to kill him. How could such a piece of trash dare to stop him?

"Ye chen, don't be so arrogant. Die!"

This time, dugu Luo gathered all his demon energy to one point and used all his power. He wanted to fight. As long as he could stop Ye fan's advance and let the demon emperors behind him subdue him, he would have made a great contribution. In this way, he would definitely be rewarded.

"Yellow Springs concentrated destruction finger!"

Ye chen shouted coldly, and a cold light pierced through dugu Luo's head.

The wind around them started to stir, and the darkness surged. It was as if the gates to the netherworld had opened, and the ghost God was leading the way. At this moment, the cold light pierced through all of dugu Luo's defenses as if it had entered a no-man's land.

"Swish!"

A piercing sound was heard, and the cold light pierced through. Dugu Luo was frozen in place.

A pair of dull eyes instantly lost their spirit, leaving only a look of disbelief and fear before falling into hell.

"Pfft!"

Blood gushed out and splashed toward dugu Ming.

"Ah ..."

Dugu Ming's face was covered in dugu Luo's blood. He was dumbfounded on the spot.

"Kill!"

After killing Dugu Luo, Ye Chen was about to leave when suddenly, several demon emperors behind him made their moves. They worked together to create a large demon array in an attempt to trap Ye Chen.

"Get lost!"

Ye Chen roared. His entire body was burning with flames, erupting with the strongest true Samadhi fire.

"Phew, phew, phew!"

The true fire burned everything. The magic energy gathered and dissipated in an instant.

The surrounding space seemed to be engulfed in a sea of fire. Countless demons were burned into ashes by the true Samadhi fire. They kept screaming. It was the purgatory of demon dwellers.

"Terrifying, terrifying!"

Dugu Ming was already dumbfounded. He looked at Ye Fan as if he had seen a ghost and almost knelt down to worship him.

"This kid's talent is astonishing. We definitely can't let him go. Otherwise, with such a genius in the human race, he'll definitely be invincible in the future!"

"You're right, this child must be eliminated!"

"Let's attack together!"

Many demon emperors worked together and unleashed their martial techniques, divine powers, and secret Arts towards Ye Fan.

"Boom boom boom!"

Demonic energy shot up into the sky, countless demonic emperors combined their powers and turned into a huge demonic beast shadow, charging towards Ye Fan, wanting to devour him.

"You want to kill me with such a divine ability? Do you really think I'm one of those trash from the demon race?"

"True spirit nine transformations, heaven swallowing meteorite!"

Ye Chen's anger rose from the bottom of his heart. He was filled with evil and courage. Violence against violence, violence against violence!

"Boom boom boom!"

"Roar!"

The sky was torn 9000 Zhang apart, and the earth was shaking for 10000 li!

Ye Chen's figure disappeared. A three-hundred-meter-tall primordial fierce beast appeared in front of everyone. Its sharp fangs were like mountain peaks, and its ferocity shocked everyone present. Even the demon clansmen felt uneasy and terrified.

"Boom boom boom!"

The heaven-devouring turtle suddenly stood up, opened its mouth, and roared in front of it.

The endless airflow turned into the sharpest blade and instantly cut the demonic beasts that were formed by the demon emperors into several pieces.

With such might, everyone in the demon race was in danger. Who would dare to go against ye chen!

"Hahaha, trash!"

Ye chen laughed and flew away.

"Boom boom boom!"

The world trembled violently. A powerful wave of mana condensed into a giant finger in the air, aiming directly at ye chen.

"What?"

Ye Chen's heart trembled. He could sense the unprecedented power of this demon energy. It was not something that a demon Emperor could emit. This must be the descent of a demon master!

"Ah!"

Ye chen activated his ancient God Body. All his spirit energy surged into the mountains and rivers, and the earth was born. At this moment, he was a giant that reached the sky, the ancient demon ape!

"Boom boom boom!"

The giant finger descended and pressed down on ye chen.

Crack, crack, crack!

The rocks beneath ye Chen's feet crumbled inch by inch while his feet sank three feet into the ground.

"Cunning human cultivator, where do you think you're going?"

It was indeed a demon master's attack, and its power was overwhelming!

"He's using his physical body to resist the demon master's divine power. This kid will definitely die!"

"Great, it's demon master Yuanye."

"This time, everything has been resolved."

The demon sovereigns were overjoyed. Finally, they could end everything before their eyes.

The demonic might shook ye Chen's entire body. His meridians flowed in reverse and his qi and blood burst. An ordinary human cultivator would have exploded and died long ago. Although ye chen was injured, he still withstood it!

Crack, crack, crack!

The surrounding space shattered, and a void current appeared.

The demonic energy storm and the void reversal caused a huge change in the entire space. Ye Chen's figure was instantly sucked in.

At this time, demon master Yuan gang revealed his true body. His eyes were locked on the void, ready to continue chasing ye chen.

"Boom boom boom!"

At this critical moment, heaven and earth trembled again, and a hand that reached the sky slapped toward demon master Yuanye.

"Yuanye, your opponent is me!"

While everyone was still in shock, a handsome middle-aged man walked out.

Demon master Yuanye's face was as dark as blood. He said coldly, "Skyfall patriarch, you've barged into the rear of my demon race and destroyed my demon race's yuan Cha Holy waterfall. I'll make sure you die without a complete corpse!"

"Hahaha, the scum of the demon race, this is how it should be!"

"Hahaha!" Skyfall's old ancestor laughed wildly and responded coldly. Spiritual energy burst out from his body, and great waves rose in the demonic realm!

[Chapter 1767 Spirit Realm Shaken!](#)

Ye Chen's entry into the spatial Rift had shaken the entire spirit realm.

The three body integration stage patriarchs of the spiritual realm charged into the rear of the demons and fought against the five great demon kings. The three body integration stage patriarchs were trapped.

Such a big matter involved the life and death of the entire spiritual realm, but the scene was in chaos because of the appearance of a single person.

This person was called ye chen. He was a human cultivator who had barged into the demon clan's rear alone and stolen the demon clan's Supreme treasure, the yuan Sha Saint marrow.

With the power of an early void refinement realm expert, he fought against many demon emperors and even killed many demon emperors and demon monarchs.

In the end, the only way to force the demon master to take action was to throw him into the crack in the void. It was unknown if he was Dead or Alive.

Such unparalleled news instantly shocked countless people.

Whether it was the people of the devil clan or the people of the spiritual realm, none of them dared to believe this news.

In the spirit realm, everyone was discussing ye chen.

"I'm sure you've all heard about it. A human cultivator named ye chen barged into the demon clan's territory alone. He's only at the void refinement realm!"

"Even the patriarchs in the form synthesis stage had to travel in three people to get to the rear of the demons, but they were still trapped. How dare a young man in the void training stage!"

"This news has already spread throughout the demon and human realms. It shouldn't be fake. There might even be an ancestor protecting this person."

"This man's magnificent feat has shocked the world. I really want to meet him and see what kind of genius he is!"

Everyone looked forward to seeing ye chen and wanted to see his face.

However, ye chen had been thrown into the crack in the void by demon master Yuanye, and it was unknown if he was still alive.

To the demons, they naturally hoped that he would die without a burial ground. But to the human race, they hoped that he could be reborn and fight against the demons.

As this commotion gradually died down, three days later, in the territory occupied by the spiritual realm's human race, Qingzhou.

In between the mountains, smoke curled up, and a huge village stood.

At the foot of the mountain, the sounds of killing rang out as the mountain bandits plundered!

"Kill! Kill! Hahaha!"

A tall and strong man with a blood-red saber in his hand slashed at the crowd as if he was cutting vegetables. He was extremely skilled, and it was clear that he had robbed countless caravans.

Blood flowed like a river on the ground, and flesh and blood flew everywhere. It was an extremely cruel scene.

"Boss, there's a lot of wealth this time. Also, there are even more beautiful women. Hahaha!"

"Very good, bring all the beauties to the village, load all the belongings into the truck, and leave nothing behind, hehe!"

"Yes!"

The bandits wielded their blood-red sabers, and the massacre continued.

"Ah, ah!"

"Spare me, spare me ..."

"Don't ... Don't kill me!"

Countless screams reverberated through the entire mountain forest. However, no one came to save them. This was their fate.

Finally, the sound stopped, and everything was quiet.

The men in the caravan were all killed, and a few young and beautiful girls were forcibly pulled into the mountains by the bandits.

Within the camp, a banquet had been prepared to celebrate the success of the robbery.

"Hahaha, boss, we've really gained a lot this time!"

A Bandit laughed as he held a bowl of wine.

"Nonsense. We've been watching this caravan for so long. If we don't get anything, it would be a waste of time."

The leader of the mountain thieves grabbed a girl and poured a bowl of wine into her mouth.

"Wuwuwu ..."

The girl struggled with all her might, but it was useless. Her weak body was nothing in front of the brigand leader's strong arms.

"Pa!"

Suddenly, the lady resisted and slapped the bandit leader's face.

"What?"

The brigand leader's eyes turned cold, and he revealed a powerful killing intent.

"Drink up, drink up!"

"Ah, ah!"

The woman kept shouting, but it was no use. She could only be forced to drink a large amount of medicinal wine.

"Hahaha, boss, you're so capable!"

Everyone laughed.

"Hmph, such a cheap thing needs medicinal wine to stimulate her appetite and force her!"

With that, the bandit leader reached out his hand and grabbed at the woman. Her clothes were torn apart, revealing her beautiful body.

"Good, good!"

Many brigands stuck their heads out to watch the show, and some even drooled.

The brigand leader grabbed the woman and carried her in front of him. He then started to exercise crazily.

"Boom boom boom!"

At this moment, a huge tremor came from afar, as if something huge had landed in the village.

"Boss, there's a situation!"

"You're disturbing my mood, F * ck!"

The brigand leader pushed the woman away. The latter had already fainted.

The mountain bandits came out to take a look and found a huge cave on the ground.

"It's a person!"

A mountain Bandit shouted.

In the huge pit, a disheveled young man with disheveled hair and a dirty and smelly body was unconscious.

One of the brigands gathered his courage and walked up to check the young man's breathing. He then turned to the brigand leader and said, ""Boss, this man is still alive!"

"What?"

The brigand leader looked at the young man in front of him and frowned.

"Boss, this person's background is unknown, and his identity is a mystery. I think we should kill him directly to avoid future trouble!"

One of the mountain bandits shouted.

"That's right, kill them directly!"

Soon, everyone agreed.

A mountain Bandit walked towards the youth with a blade in hand. The blade glinted coldly, and there was still fresh blood on it.

Da, da, da!"

Step by step, it seemed to indicate that the danger the young man was in was intensifying.

"Wait, What is this?"

Just as the bandit was about to raise his blade, the other Bandit found a palm-sized bag on the young man.

"Let me see if there's any silver!"

Just as he was about to open it, he realized that the bag was extremely hard.

"Slash!"

After trying a few times to no avail, the mountain Bandit was furious and used his knife to hack at it, but it was useless.

"Invulnerable to swords and blades, impervious to fire and water?" The man touched his head and said.

"This is a treasure!"

One of the mountain bandits shouted.

Everyone was overjoyed. They didn't think that they would be able to obtain such a treasure from a dying person.

"This person has such a treasure, so he definitely isn't an ordinary person," the bandit leader said. "Killing him would be letting him off too easy. Why don't we lock him up and interrogate him when he wakes up to see if there's anything more valuable?"

"We understand!"

Everyone nodded in agreement.

"Bring him along!"

"Yes!"

The two mountain bandits received the order and moved the young man.

"Aiyo, what's going on? why is it so heavy?"

One of them shouted.

"Yeah, what's going on?"

Another person said.

He didn't expect that the young man's martial art was still intact and was as heavy as Mount Tai.

"Hmph, let me do it!"

A brawny mountain Bandit came over, but he still couldn't lift it.

"Together!"

They had no choice but to step forward together.

Finally, he lifted the young man up and walked towards the village.

When they came to the village and put down the young man, everyone was surprised. Just what was this person's background? he looked extraordinary.

"This brat is a little strange. We can't underestimate him. Use the strongest chains to lock him up immediately!"

The brigand leader looked at the young man and said worriedly.

"Yes!"

A few of his men quickly found a metal chain and bound the young man's hands and feet. Then, they carried him into the dark and damp dungeon.

[Chapter 1768 The Green Spirit Sect In The Green Province](#)

In the dungeon, there was no beauty at all. There were only intermittent drops of water dripping on the young man's body from the rock wall.

"Let me go!"

"Hahaha!"

As night fell, the bandits above the dungeon were still reveling. The faint sound of women crying and resisting could be heard, accompanied by the loud laughter of men.

Suddenly, the young man in the dungeon opened his eyes.

"What is this?"

Ye chen surveyed his surroundings. His consciousness gradually became clear as he recalled the scene of the demon master attacking him.

"Demon master Yuan Ye, I will make you pay!"

He got up and checked his body.

"Ah!"

He wanted to circulate his true essence, but he found it very difficult. It turned out that his true essence had been exhausted after protecting his body, but his body had not suffered any other injuries.

"What is this place? why am I here?"

Ye chen was very confused. He slowly approached the place with light.

"Eighth brother, go and see if that kid has woken up."

Suddenly, the bandit leader's voice came from above.

"Alright!"

"Yes," eighth brother replied and immediately walked down to the dungeon.

"Ha!"

Ye chen smiled coldly. He seemed to realize his situation. He had been put into a prison.

"Crack!"

With a sudden burst of strength, without the need to circulate his Zhen Yuan, these so-called solid chains were all shattered and scattered on the ground.

Da, da, da!"

Footsteps were heard as eighth brother walked down slowly.

"Ah ..."

When he saw the scene in front of him, he was stunned.

Not only had ye chen woken up, but the chains on his body had also disappeared.

"You're awake, and you're actually thinking of breaking out of prison?"

Old eighth gradually calmed his mind. He was so angry that he rushed toward ye chen.

"You're looking for death!"

Ye Chen's cold eyes locked onto the person in front of him and was about to attack.

"Boom boom boom!"

The sound of alarm from the ground made ye chen calm down a little. He was ready to investigate what had happened.

In the outside world, the two of them flew to the village and started killing.

"You mountain bandits should be splattered with blood on the spot!"

A young man arrived with a sword in his hand. The sword in his hand glowed with a cold light like the Cold Moon, and there was a haughty air between his brows. He looked at these bandits as if they were mere grass.

"Who is it that dares to break into my stronghold?"

The brigand leader hollered in anger and brought the defeated brigand out to surround the two.

"Stronghold, hahaha, this place will soon be your grave!"

The man's cold eyes locked onto the brigand leader in front of him, leaving no room for negotiation.

"Damn brat, go!"

"Yes!"

Hearing the brigand leader's orders, everyone rushed forward, wanting to turn the people in front of them into meat paste.

"Trash!"

"Die!" The man shouted coldly. As the sword light flashed, sword Qi swirled 3000 times. It was so fast that it took less than a blink of an eye to behead the dozen or so bandits who had stepped forward.

"Ah ..."

Seeing how powerful the other party's sword Qi was, the mountain bandits from the church who were about to charge at the back were all stunned. Was he even human? he was simply a God.

"Junior Sister, Don't be polite. Just kill him!"

"Yes!"

The woman behind him also made a move at the same time, and the mountain bandits fled in panic.

"It's not that easy to leave!"

The young man's cold eyes locked onto the bandits as he flew up. His sword light was like a cold crescent moon that instantly engulfed the entire area.

Buzz, buzz, buzz!"

The endless sword Qi and light flashed, drawing countless Crescent shapes in the space. It was very strange.

Immediately, the blood of countless bandits splattered everywhere, and countless people were beheaded.

"Kill!"

The young man went straight for the brigand leader.

"Ah ... Please spare me, hero! Please spare me!"

The brigand leader knew that he couldn't escape, so he knelt on the ground and begged for mercy.

"Hmph, a murderer and a robber dares to beg for mercy in front of me? Die!"

The young man's sword slashed down, and the sword Qi swept across, sending the bandit leader's head flying into the sky.

"Kill!"

Then, a sword light charged at the head of the bandits.

Crack, crack, crack!

The brigand leader's head was crushed like a watermelon that was hit by a spear.

"Ah ..."

Seeing this scene, the mountain bandits were all stunned and almost unable to move.

"Let's go! Let's go! We've met a deity!"

The group of mountain bandits fled in a frenzy, but wherever the sword light went, they would not be able to escape!

Buzz, buzz, buzz!"

The sword Qi caused rivers of blood to flow.

"Senior brother, why must you be so ruthless?" The woman asked.

"Hmph, these bandits have done many evil things. This is how they should be!" The man replied coldly.

"This ... Alright!"

The woman didn't say anything more. Instead, she looked at a flight of stairs on the ground.

"Senior brother, look over there! What's that?"

"What?"

The man saw her and walked over with the woman.

"It looks like a dungeon!" The man said.

"Alright, let's go down and take a look. The bandits might be hiding a hostage down there. "

The two of them walked towards the dungeon together, wanting to see what was hidden inside.

Below the dungeon, all sorts of sounds from above could be heard, shocking eighth brother.

He no longer paid attention to ye chen. Instead, he subconsciously turned around, wanting to go up and take a look.

"Swish!"

At this moment, a sword light flashed in front of him, followed by a cutting sound. His body began to cut, and old eighth was instantly cut in half.

Da, da, da!"

Two young men and women walked in. They were the ones who had killed the mountain bandits earlier.

The one walking in front was a man. He was tall and handsome.

Behind him was a woman with beautiful features, about seventeen or eighteen years old. She saw ye chen at first glance.

"Hmph, I didn't expect there to be another one hiding here!"

When the young man saw ye chen, he walked straight up to him, his eyes filled with anger. In his eyes, anyone in this stronghold must be a mountain Bandit!

"What?"

Ye Chen's brows furrowed. He stabilized his body and prepared to take the blow.

"Senior brother, don't do anything rash. This person isn't a Bandit. He's a mortal that the bandits have captured."

Just as the young man was about to attack, the woman behind him suddenly stepped forward to stop him.

Beyond the thought, these people were probably cultivators.

"Where am I?" Ye chen was still very confused. After all, there was no light below. It was the dark prison.

At this moment, the young man walked up and looked at ye chen coldly. He said arrogantly, ""You're lucky, you lowly mortal. If my Junior Sister didn't plead for you, you would have died under my sword. "

"Let's go!"

The woman behind him stepped forward and said gently to ye chen.

Ye chen remained calm and followed the two out of the dungeon. He found that blood was flowing like a river outside. Hundreds of bandits had been executed. Only the women who had been kidnapped were alive.

"Thank you for saving my life!"

Many women came forward and knelt down, expressing their gratitude.

"Get up, get up! We're not gods, we're just disciples of the green spirit sect." The woman stepped forward and helped everyone up.

The young man at the back was still cold and arrogant. He looked at the people kneeling down. Not only did he not let them get up, but he also showed a look of disdain.

"Green spirit sect?"

Ye Chen's heart skipped a beat. It seemed that he had already left the demon-stricken area!

[Chapter 1769 Disciples Of The Green Spirit Sect!](#)

"I'm very grateful for you two saving my life. May I know your names?"

Ye Chen walked up and asked the young man and woman with a calm expression.

"I'm Zhen Rou. "

The woman's voice was gentle as she stepped forward and said.

"This is?" Ye Chen asked.

"Hmph, you don't have the right to know my name."

The young man snorted and ignored Ye Chen's question.

Ye Chen's eyes flickered. This person was only at the foundation establishment stage. Even if Ye Chen's spiritual energy was exhausted, killing him would be as easy as slaughtering a dog. Ye Chen did not expect him to be so proud.

"Senior brother, he's just asking out of goodwill. Why do you have to do this?"

The woman said.

"This is my senior brother, Song He. We're all disciples of the green spirit sect. "

"I understand."

Ye Chen nodded slightly.

Then, Zhen Rou divided the mountain bandits' money into everyone and told them to go home.

Ye Chen had also received five taels of silver and had a good impression of Zhen Rou.

After all, compared to Song He, Zhen Rou was much gentler. Ye Chen was grateful. "Although this woman's cultivation isn't high, she's kind and warm-hearted."

Ye Chen pretended to blend in with the crowd and left with them.

"Whoosh, Whoosh!"

Two sword lights flashed in the sky. They were Zhen Rou and Song He.

"Hmm, it seems like he has left."

Ye Chen observed the sky and found that there was no more spiritual energy. He quickly returned to the village to find his storage bag that had been taken.

After returning to the village, Ye Chen quickly searched.

The true Qi in his body had been exhausted, so he had to find it by himself. Although it was a bit slow, there were still things that were useful to him in the storage bag, so he had to find them.

After some searching, Ye Chen found the storage bag.

"Eh? Spiritual energy fluctuations?"

In the process of searching, Ye Chen accidentally discovered that there was an underground river below the village.

"Search!"

Ye Chen's entire body was drained of primordial Qi. It was impossible for him not to check when he encountered such a situation.

"Da, da, da!"

Ye Chen quickly entered the range of the underground river and found that the environment here was very refreshing, completely different from the outside world.

Although his true origin was exhausted, Ye Chen's ability to sense spiritual energy was still top-notch. He immediately sensed the specific location of the spiritual energy.

"There is indeed spiritual energy!"

Ye Chen followed the trail and found a corpse in front of him.

This corpse had obviously been dead for a long time, and it was impossible to identify who it was. However, there were many spirit stones scattered around him.

"That's great."

Ye Chen was overjoyed. Although the spirit stones in front of him were dull and only had pitifully weak spiritual energy remnants, they were still valuable to the current Ye Chen.

"Devouring mo matrix!"

Relying on his previous cultivation in the demon Realm, Ye Chen had completely adapted to the celestial demon rotation. Relying on his genius comprehension ability, he could change the nature of the primordial art in his body at any time. Just this point alone was something that countless so-called geniuses could never learn in their lifetime.

"Zi Zi Zi!"

The demonic patterns appeared, and the devouring power soared. The spirit stones began to jump.

"Bang, bang, bang!"

After the jump, under the guidance of the demon crests, the spiritual energy flew into ye Chen's body.

Relying on these leftovers, ye chen recovered some true energy.

"Phew, I have some strength now."

Ye chen took out the storage bag and placed it in the sky.

"Ring!"

An Eagle's Cry resounded in the sky as little gold flew out.

When it saw ye chen, little gold was extremely excited. It ran over, shouting all kinds of things, and hugged ye chen with its wings. It looked very kind.

"You're quite loyal, you feathered animal. "

Ye chen laughed and said, "alright, spread your wings and take me out." You must restrain your demonic Qi. The situation here is unclear, so safety is the priority!"

"Flop, flop, flop!"

Little gold flapped its wings continuously and nodded its little head at ye chen like a child nodding in approval.

A smile appeared on ye Chen's face. Little Gold's body glowed brightly with golden light. Then, its body continued to expand and transformed into its original form, the giant golden Condor!

"Go!"

With light steps, ye chen flew up and rode the Golden Condor into the sky.

Along the way, the wind was strong, and the Golden Eagle flew against the wind effortlessly.

Ye chen was overjoyed. Leaving the Golden Condor behind was indeed useful.

The Golden Condor carried ye chen. The higher it flew, the more excited it became. It was as if it wanted to bring ye chen to see more scenery.

"We still have things to do. Stop making a scene and go down!"

"Ring!"

The Golden Condor screeched as if in response to ye chen. Then, it lowered its body and flew downward.

A strong wind blew between its wings and ye chen felt very cool. However, its speed was extremely fast. He had to maintain his balance. After all, the primordial energy in his body was limited.

"Phew ..."

The Golden Eagle landed in a remote area.

Ye chen took out his storage bag and little gold jumped in cooperatively.

"Ha, very good!"

He smiled and quickly walked towards a city in the distance.

When he got closer, ye chen discovered that this city was a city of mortals. The spiritual energy inside was very weak, so there should be no Almighty.

After entering the city, ye chen first used the silver he had previously obtained to rest for a while. Then, he found a Tavern and asked about the local situation.

A day later, after many inquiries, ye chen finally found out some information about this place.

This realm was called Qingzhou, and it was the command center of the spiritual realm's human race.

Ye Chen's face was filled with joy when he received this news.

As long as he was in the human territory, he could find old ancestor yellow spring and ye Wushuang.

After searching for a few days, ye chen was still wondering if he could get some spiritual energy from this city but he had overestimated this city of mortals. In the end, he did not find anything.

The people here all lived ordinary lives and didn't know what cultivation was. Even explaining the concepts of spirit power, true essence, and so on to them was very difficult. In that case, it was better to find another way.

"Without the help of true Yuan, even the yuan Cha Saint marrow can't help. This is a top priority!"

Ye chen knew very well that he would only be able to absorb the yuan Cha Saint marrow and complete the final cultivation of the ancient God Body if he had enough primordial Qi.

The ancient God Body was one of ye Chen's foundations. He had to cultivate it perfectly, or there would be endless trouble.

Ye chen looked at the city behind him. Although he had not found any true origin this day, he had chatted with ordinary people a lot. Seeing that they could live peacefully and happily here, ye chen felt a little emotional.

The cities in the human's command center were much better than those in the demon-stricken area.

In order to cultivate his ancient God Body, ye chen had no choice but to leave this place. The place he wanted to go must be able to help him recover his true origin.

"Old ancestor yellow spring, Wushuang, where are you?"

Ye Chen's heart was slightly touched. The three of them had been separated for some time. During this time, ye chen had been thinking that he might be able to meet them on the way but the result was disappointing.

Ye chen left the city and arrived outside.

He looked around and found no one.

"Whoosh!"

He whistled, and little gold came out with its wings flapping.

"Xiao Jin, let's go!"

Little gold heard its master's call and immediately returned to its Golden Eagle form. Ye chen flew up.

"Phew ..."

A strong wind blew and little gold carried ye chen away.

"Ancient God Body!"

Now that ye chen had recovered his true origin, he was waiting for the time when he achieved great success in his ancient God Body.

Xiao Jin's speed was extremely fast. In just a short while, he had arrived at a deep mountain far away from the human settlement.

On little Gold's back, ye chen could sense that the spiritual energy here was quite good.

"Descend!"

"Phew ..."

Little gold received the order and descended.

"Xiao Jin, it's time for you to display your golden mouth. Go!"

"Flop, flop, flop!"

Xiao Jin frantically flapped his wings and rushed towards a mountain peak.

Thump, thump, thump!

It was seen pecking at the Hard Rock, and in a moment, a huge cave appeared.

"Good job!"

Ye chen was very satisfied.

When he arrived at the abode, ye chen began to set up the formation.

This breakthrough was no small matter. No one could disturb him. Not only did he need little Gold's protection, but he also needed the protection of the formation. Double protection was what ye chen wanted.

"With a little spiritual energy, the formation will be divine!"

The spirit vitality in ye Chen's body ran quickly and the true vitality in his meridians boiled. In a short while, ye chen had used the Emperor divine brush to draw a formation diagram on the ground.

"Zi Zi Zi!"

With the infusion of true Qi, the array gradually disappeared into the ground.

"Xiao Jin, you can stand guard outside, is that okay?" Ye chen said as he stroked little Gold's head.

Little gold kept chirping, telling ye chen that there was no problem.

Ye chen nodded slightly and turned to enter the cave abode.

When it came to cultivation, one could not have such thoughts. Otherwise, once the time passed, things would become extremely troublesome.

Although ye chen was blessed with great fortune, he still had to understand this.

"Boom boom boom!"

The huge rock fell down and perfectly covered the door of the cave.

In the cave abode, ye chen sat cross-legged and pondered."Now that I have the yuan Cha Saint marrow, I just need to absorb it to cultivate the ancient God Body."

"However, once you have successfully cultivated the ancient God Body, you will have to give up your original body. In this way, you can only walk one path to the extreme with your physical body."

This result was not what Ye Fan wanted, because there were many different types of martial arts.

It wasn't impossible to find one in the early stages and cultivate it to the extreme, but in the late stages, the opponents were all powerful existences. They had read a lot of books and cultivated countless cultivation methods, divine powers, and secret Arts. If one only relied on one ability to fight against such people, it would be like hitting a stone with an egg.

Ye chen had been cultivating for a long time and was naturally aware of this.

Moreover, losing his own avatar would have a great impact on ye chen. He would never want such an outcome to happen.

He shook his head."Unless I create a clone. That way, my original body can cultivate the ancient God Body, and my clone can cultivate spells. My original body and clone can switch at any time. They can also be combined into one!"

This was the best way to deal with it. Not only could he cultivate his ancient God Body, but he could also cultivate his true essence.

"Yuan Cha Saint marrow, today is the day you show your power!"

Ye chen closed his eyes and focused on sensing the energy of the yuansha Saint marrow.

"Zi Zi Zi!"

The yuan Sha Saint marrow was activated by ye Chen's will and began to float in the air.

It continuously released the light of water, which was the power of water.

As time passed, ye Chen's cultivation continued.

The yuan Sha Saint marrow was the essence of the entire devil essence Sha Saint waterfall, so one could only imagine the amount of energy it contained.

"Since it's the power of demonic source, I'll use the demonic patterns to absorb it."

Ye Chen's mind moved, and his celestial demon activated. His entire body was covered in demon patterns.

After many rounds of cultivation and entering the refined void martial stage, ye Chen's mo matrix had already been cultivated to the ninth grade. This was a very advanced mo matrix.

Buzz, buzz, buzz!"

The demonic pattern released demonic energy. Instantly, the yuan Sha Holy marrow sensed the power of origin and quickly poured energy into ye Chen's body.

After absorbing the power of Yuan Sha's Saint marrow, ye chen immediately felt his eight extraordinary meridians begin to circulate. There was an endless power flowing through them.

"Boom boom boom!"

As the Water-type power gradually entered his meridians, ye chen discovered that his ancient God Body was awakening naturally.

The four elements-metal, wood, water, fire, and earth-began to operate on their own. This was because the ancient God Body could sense that the element with its complete power was right in front of it. It wanted to devour all the energy in front of it to perfect itself.

The ancient God Body contained Pangu's godhood, which was extremely high and had its own spirituality.

"Boom boom boom!"

Waves of violent energy circulated in ye Chen's body.

Little gold stood guard outside the cave for ye chen. Time passed. A few days had passed in the blink of an eye. Little gold was already a little worried about its master.

It began to cry, hoping to get a response from ye chen but it was futile.

"Zi Zi Zi!"

Little gold released the power of its bloodline. It sensed that ye Chen's bloodline was still pulsing, even wildly. Only then did it hold back and not rush into the cave.

Five days had passed ...

Ten days had passed ...

Half a month had passed ...

There was no time in cultivation, only success and failure!

After a month, little Gold's patience had reached its limit.

Just as it was about to rush towards the Boulder to see what was going on, the Boulder suddenly crumbled and a blinding light shot out from the cave.

Little gold wanted to hug him, but when he tilted his head, he felt that something wasn't right.

This person looked similar to ye chen but he was only fifteen or sixteen years old. He was an extremely young and handsome teenager. The most surprising thing was that he had no cultivation at all.

Little gold was surprised. It surrounded the young ye chen and cried out non-stop, seemingly confused.

At this moment, the young ye chen smiled faintly. "Idiot, this is my dharma body. My original body will stay here to cultivate the ancient God Body. You must protect it well!"

With that, the young ye chen flicked his sleeves and left with the wind.

In Qingzhou, at the base of the green spirit sect, there was a steep flight of stone steps that connected the foot of the mountain to the top.

The stairway was extremely steep, and there were many youths climbing it with gritted teeth.

Countless mortals at the foot of the mountain had heated gazes. Today was the triennial disciple recruitment day of the green spirit sect.

The rules for recruiting disciples were set in stone. One had to be below sixteen years of age and possess spiritual roots.

Suddenly, a White Crane descended.

"Greetings, Senior Sister Zhen and senior brother song!" The outer disciples knelt down immediately.

Song he asked about the recruitment.

"This year's batch of people has too little willpower," an outer sect disciple lamented. "A mere Stairway to Heaven made more than half of the people retreat halfway."

"Do you think it's that easy to become an immortal?" song he mocked.

"Senior brother, look at that person. Why do I feel like I've seen him before?" Zhen Rou suddenly exclaimed.

Song he followed his gaze.

Halfway up the mountain, a poor young man in sackcloth clothes was climbing up with gritted teeth.

The young man's appearance was somewhat similar to ye chen.
