

Genius 1801

Chapter 1801

When the news of Xie Qianjun's death broke out, Su Province Guang Province was directly boiling over.

Although Tiger had already spread the news, many people knew that it was Zhao Tianyuan Qian Yong'an and Compa*s Zun who had killed Xie Qianjun.

However, Xie Qianshan, the head of the Xie family in the capital, still publicly ordered Lin Mo at the first opportunity, telling him to immediately rush to the capital, kneel down in front of the Xie family and give the Xie family a satisfactory answer.

The arrogance of the Xie family's attitude and the contemptuous tone of their voice were as if Lin Mo was just a servant of the Xie family who could be called on and told off at their whim.

The remaining families in Su Province, Guang Province, expressed their discontent with the Xie Family's attitude.

Elder Chen Wuyuan was even more overbearing, accusing the Xie family of having a personal vendetta.

He knew who the murderer was, but instead of seeking revenge on the murderer, he targeted Lin Mo at every turn, with a very clear purpose.

However, the Xie family's side was completely dismissive of these families in Jiangsu Province and Guangxi Province.

Xie Qianshan even issued another order, telling the people of the ten major families in Su Province and Guang Province to immediately draw a clear line with Lin Mo, otherwise, they would treat these families as Lin Mo's accomplices and deal with them all together!

As soon as this order was issued, Su Province Guang Province directly boiled over.

Everyone knew that the Xie family was extremely strong, but no one had expected that the Xie family would be so strong to this extent, this was simply not putting these families in the eyes of Su Province.

However, although the crowd was angry, they did not dare not take the Xie family's words seriously.

The Xie Family's strength was not something they could fight against at all.

Therefore, these families in Su Province and Guang Province really had no choice but to run and beg Master Xue Wu, asking the King of the Southern Realm, Master Xue Wu, to step in and settle this matter.

All these things happened in just one day.

During this day, Lin Mo always stayed in Guangyang City, observing the changes in the outside world.

Li Tiezui also arrived in Guangyang from the provincial capital and sat with Lin Mo inside the Wangjiang Garden.

Li Tiezui's spies were constantly sending back news from outside.

After reading a piece of paper, Li Tiezui suddenly laughed: "Heh, there are a few people from the Xie family who are still clamouring for Zhu Yeqing to pay in blood."

"As a result, Zhang Bailing directly cut off the hands of all the few people from the Xie family in Shuzhong and threw them out, and the Xie family people immediately shut up!"

"These people of the Xie family are really bullying the soft and fearful!"

Lin Mo also laughed, but his eyes became even more sad.

With Xie Qianjun's death, Zhao Tianyuan was actually killing two birds with one stone by framing him and Bamboo Yeqing at the same time.

But the problem was that Bamboo Leaf Green had the backing of the Hundred Victory Sword King, Zhang Bailing, and was completely unafraid of the Xie family.

On his own side, without Nanba Tian, he had no backing, so how could he fight against the Xie family?

Of course, he was not without hope.

After all, Su Province and Guang Province were part of the six southern provinces, which would be part of the southern border, and there was still a Xue Fifth Master in the southern border!

What was most important now was Master Xue Wu's attitude.

If Master Xue Wu was willing to step in and help him, then the Xie family was not a cause for concern.

If Master Xue is not willing to come forward, then this matter will be really troublesome!

"Elder Chen Wuyuan should have gone to Master Xue Wu's place, right?"

"Has there been any movement from Master Xue Wu's side?"

Lin Mo asked.

Li Tiezui shook his head, "There's no movement yet."

"Master Xue Wu, it seems that he hasn't seen Chen Wuyuan at all!"

Lin Mo frowned, could it be that Fifth Master Xue did not want to get involved in this matter?

In the midst of contemplation, there was a sudden knock at the door.

Lin Mo and Li Tiezui looked at each other, both of their expressions were a little surprised.

There were many people guarding the outside, so if it was one of their own, there would be no need to knock on the door.

At this time, there was a knock on the door, so who could it be?

With doubts, Lin Mo still let the door open.

The door to the room opened and at the door stood a man wearing a black suit and white gloves.

With a calm face, the man looked at Lin Mo and bowed slightly, "Mr. Lin, the Fifth Master is here to see you!"

Chapter 1802

Lin Mo couldn't help but stare, the fifth master? Master Xue Wu?

He looked at Li Tiezui next to him.

Li Tiezui nodded and said in a low voice, "This is Master Xue Wu's personal driver, where Master Xue Wu is, he is!"

"For Master Xue Wu to have his driver come to invite you, that means that he doesn't have any malice towards you!"

Lin Mo nodded, as long as the other party was really Master Xue Wu, then he had nothing to worry about.

With Master Xue Wu's status and strength, if he really wanted to deal with him, he wouldn't need to go to such trouble!

"Please go ahead!"

Lin Mo said.

The man nodded and gave Li Tiezui another deep look before he turned around and led Lin Mo away.

In the courtyard, Lin Mo's men were all here, but all of them were now standing.

For, there was one more person standing at the scene, and that was Huo Hua!

Huo Hua was standing beside Tiger, and it looked like it was because Huo Hua had stepped in that these people, Tiger, had not resisted.

Otherwise, Tiger and the others, how could they just let a stranger enter?

When Huo Hua saw Lin Mo, he only nodded at him and didn't say anything, looking like he was also reassuring Lin Mo that there wouldn't be any danger.

Lin Mo, however, was a little apprehensive in his heart, he didn't know what exactly Master Xue Wu wanted to do.

The Xie Qianjun affair had become such a big deal, Master Xue Wu had never made any remarks in public, yet he came to see him at this time, what exactly did this mean?

According to reason, if Fifth Master Xue really wanted to support him, then he could have expressed it openly.

As a result, Master Xue had not said anything, yet he had quietly come to see him, so it was definitely not as simple as running to support him!

In the middle of his thoughts, the vehicle drove to a water manor in the southern suburbs.

This manor had an elegant setting, but not many people knew about it, so not many people usually came here.

And tonight, there was not even a single car outside this manor.

The driver parked the car at the entrance of the manor and turned to open the door for Lin Mo, bowing slightly, "The Fifth Master is waiting for you inside."

Lin Mo nodded: "Many thanks!"

He walked into the manor, which also had no one inside.

After walking through the water corridor, eventually, Lin Mo saw a person at the water gazebo at the innermost part.

It was a middle-aged man, who looked to be about forty years old.

Standing at around one meter eight, with a well-proportioned physique, he looked like the type who exercised all year round.

He was sitting at the water's edge, holding a rod and fishing, his gaze fixed on the water as he waited quietly.

Lin Mo knew that this man must be Master Xue Wu.

Only, he was a little shocked in his heart.

Master Xue had been famous for over thirty years, and was now at least fifty or sixty years old.

However, this man only looked like he was in his forties.

This was obviously an accomplished practitioner of internal martial arts to have maintained such a state!

Lin Mo took a deep breath and walked outside the gazebo, coughing gently to signal that he was coming.

Master Xue Wu didn't turn his head, he just waved his hand at him and smiled, "Sit!"

His eyes, meanwhile, were still fixed on the lake, as if he was waiting for a fish to take the bait.

Lin Mo sat down next to him, and when he saw that Master Xue Wu was not speaking, he did not speak either.

After about ten minutes of time, the float on the surface of the water moved.

With a big smile, Master Xue Wu reeled in his rod and rose up, only to see a red-tailed carp, paddling out of the water and landing in Master Xue Wu's hand.

Master Xue Wu took the carp off, and at that moment, a girl in black surprisingly came out next to him and took the carp with both hands and retreated.

Lin Mo froze for a moment, he had been sitting here for a long time and had not even noticed that there was someone outside this pavilion.

He looked at the girl in black, and when she left, it was as if her feet had not landed on the ground, and she did not even make a sound at all.

This situation shocked Lin Mo to the core.

This girl, if she had wanted to kill him, Lin Mo would only have died long ago!

Chapter 1803

Lin Mo did not expect that there was such a strong girl beside Master Xue Wu.

And this, too, gave Lin Mo a further understanding of Master Xue Wu's strength.

The Six Kings of the World were indeed no ordinary people!

For Master Xue Wu to be able to sit in the Southern Realm for decades, he naturally had a superiority.

Master Xue put his fishing rod away and turned his head to look at Lin Mo.

After looking Lin Mo up and down, his eyes were full of admiration and he smiled: "You are indeed a young hero, your appearance is extraordinary."

Lin Mo hurriedly bowed, "Fifth master has overstated his case."

"In front of the Fifth Master, how can a junior dare to call himself a hero?"

Master Xue laughed and waved his hand, "All right, let's not talk about such literary compliments."

"Come, have a drink with me!"

Master Xue Wu walked over to the stone table, on which was a wine jug.

He casually poured two glasses of wine, one handing it to Lin Mo and one drinking it down himself.

Lin Mo also immediately picked up the wine cup and drank it down.

"Good wine!"

Lin Mo said with heartfelt emotion.

Master Xue Wu laughed again, "I don't have any hobbies in my life, I just like fine wine."

"It's rare that you are also a person of this path, it seems that this time, I've finally made the trip worthwhile."

"At least, I can have someone to drink with me!"

Lin Mo's heart slightly moved, the meaning of Master Xue Wu's words already indicated that he must have another purpose for coming this time.

However, Lin Mo did not ask directly, but pretended not to know, and continued to drink with Master Xue Wu.

After half the pot of wine was finished, the girl in black once again walked over silently.

She stewed the carp from earlier and placed it on the table, then left again without a sound.

Master Xue Wu handed Lin Mo a pair of chopsticks and said with a smile, "Here, don't be polite!"

With that, he himself took a chopstick first and put it in his mouth to savour it carefully.

Lin Mo followed suit and took a few bites. After the pot of wine was finished, Master Xue Wu took a long breath, stroked his stomach and laughed, "This craving has finally stopped."

"Alright, let's talk about some business."

Lin Mo immediately sat up straight.

Master Xue Wu looked at Lin Mo and said, "I've heard about what Xie Qianjun has done in Guangyang City."

"This Xie's family, relying on their marriage with the Nalan family, ran amok and had no one in sight, thinking that they could trample everyone under the sky under their feet."

"His death in Guangyang City is really a matter of great joy."

Lin Mo's expression remained unchanged as he said in a low voice, "Although that's what I said, however, this man wasn't killed by me after all."

"How dare the Xie family put all the blame on me, this is too much of a bully, isn't it?"

Master Xue Wu smiled, "Xie Qianjun is dead, do you think that the Xie family wants to avenge his death, or do they want to use his death to make more profit?"

Lin Mo's heart twitched as he looked at Master Xue Wu and whispered, "Master Wu, what do you mean?"

Master Xue Wu said slowly, "For such large families, profit, always comes before everything else."

"Xie Qianjun is already dead, and a dead man is of no value."

"To the Xie family, is it important to find the real culprit and take revenge, or is it important to use Xie Qianjun's death to make greater profits for the Xie family?"

Lin Mo frowned tightly, Xue Wu's words had hit the nail on the head.

The Xie family knew full well that Zhao Tianyuan Qian Yong'an Companions were the murderers, yet they still wanted to turn the spearhead on Lin Mo, why?

Because Lin Mo had huge interests in him!

Zhao Tianyuan Qian Yong'an and Compa*s Zun were already alone, and if they wanted to kill them, they could do so at any time.

But what could the Xie family gain by killing them? Nothing but revenge and revenge, nothing else would be at stake!

Putting this on Lin Mo, on the other hand, would be different.

Other than that, the benefits of the Recycle Pill alone would be enough to make the Xie family covet it!

Chapter 1804

Lin Mo took a deep breath, this King of the Southern Realm, Master Xue Wu, was indeed extraordinary, he had seen the crux of the matter at once.

To put it bluntly, the Xie family was still running for profit!

After a moment of silence, Lin Mo whispered, "This is what is known as a piker's sin, right?"

Master Xue Wu smiled, "When you have interests that exceed your strength, it's easy to encounter such a situation."

"This is a world of the weak and the strong, where the strong are always staring at what is in the hands of others."

"As long as there is enough profit, it will lead to many people taking desperate measures."

Lin Mo couldn't help but smile bitterly, "Fifth Master, according to what you mean, this time around, I'm really in grave danger?"

With a faint smile, Master Xue put the cup in his hand on the table and suddenly said, "By the way, before I came over just now, I went to see Bing'er."

"She seems to know about Nanba Tian and has been in a very low mood for a while."

"She's not interested in anything, the only time she gets a bit of light in her eyes is when I mention you."

Lin Mo was puzzled in his heart and wondered what exactly the meaning of Xue Wuji's sudden mentioning of this matter was.

"Bing'er is like a sister to me, and I often go to see her."

"However, when one encounters something like this, if it were anyone else, they would inevitably be sad!"

Lin Mo whispered back.

Master Xue Wu looked into the distance, "I have been an old acquaintance of Nanba Tian for many years, and Bing'er, too, was raised by me."

"I have no daughter at my own knee, and I like this little girl Bing'er very much."

"Before, I mentioned to Nanba Tian that I wanted to recognize Bing'er as my righteous daughter."

"She was unhappy, and it was quite hard for me to watch."

Lin Mo simply stopped speaking this time, he really didn't understand what exactly Master Xue Wu wanted to say.

After saying a few words, Master Xue Wu suddenly looked at Lin Mo: "Lin Mo, about the Xie family, do you know why I haven't said anything all this time?"

Lin Mo bowed slightly, "I would like to hear more about it."

Master Xue Wu said, "Before Nanba Tian left, he had told me to take care of you."

"In fact, in many things, I have taken care of you."

Lin Mo nodded his head, this was true.

For example, the last incident with Wanchun Hall, Huo Hua had personally rushed over there.

Saying that it was to deal with Zhang Jiu Duan, in fact, Huo Hua did help Lin Mo a lot.

If it wasn't for Master Xue's nod behind this matter, Huo Hua himself probably wouldn't have taken matters into his own hands!

Fifth Master Xue then said, "I can help you out with matters within the Southern Realm."

"After all, I am the King of the Southern Realm, and within the Southern Realm, I still have a certain amount of say."

"However, I can't interfere too much with matters outside the Southern Realm."

"Such as this incident with the Xie family, if I were to step in and back you up, what would the world think of me?"

"You are not related to me, and if I step in to help you at this time, the world will only think that I am looking at the huge benefits you have and want to take this benefit for myself, so I step in to fight the Xie family."

"At that time, I'm afraid that what I will have to face will not be as simple as the Xie family."

Lin Mo's heart twitched, although Xue Wuji explained why he hadn't stepped in.

However, Lin Mo could also hear that there were words in his words.

The four words "non-relatives" were clearly hinting at something to him.

However, Lin Mo didn't say it directly, but pretended to be helpless and sighed, "Fifth Master, I understand your difficulties."

"I will handle the Xie family's affairs myself!"

For his part, Fifth Master Xue smiled and said softly, "But this matter, it's not like there's no way to change it."

"Lin Mo, if I can find any reason, I can shut up the yawning mouths of those people in the outside world."

"What's the matter with the Xie family?"

Chapter 1805

Lin Mo's heart twitched, he knew that Master Xue Wu had come to the point of looking for him this time.

Pretending that he didn't understand anything, he asked, "Fifth Master, what do you mean?"

Fifth Master Xue laughed lightly, "What do you think of this girl Bing'er?"

Lin Mo's face changed slightly as he vaguely guessed exactly what Fifth Master Xue meant.

"Bing'er is very nice, I've always treated her like my own sister."

Lin Mo said back.

Master Xue Wu frowned slightly and gave Lin Mo a deep look before saying softly, "Lin Mo, I won't beat around the bush with you either."

"I can see that Bing'er likes you a lot."

"If you can marry her, then she will definitely be very happy."

"Besides, Nanba Tian and I are close friends, and Bing'er is like my own daughter."

"If you are Bing'er's husband, then no one will be able to say anything about the Xie family if I step in again!"

Lin Mo's heart thumped, his guess was exactly right, Master Xue Wu's purpose was really here.

The Fifth Master Xue had laid out so many points in front of him, in fact, it was for this purpose.

As long as Lin Mo married Nan Bing'er, Master Xue Wu would help him settle the Xie family's affairs!

All things, there were prerequisites.

Only, Lin Mo was somewhat puzzled as to why Fifth Master Xue would make such a request?

Could it be that he really doted on Nan Bing'er and wanted her to live happily?

Lin Mo did not know Master Xue Wu very well, but before Nan Baitian left, he had told him to beware of Master Xue Wu.

Therefore, in his heart, Lin Mo had always been very wary of Master Xue Wu.

If Master Xue Wu was making this request now, there might be some kind of trap waiting for Lin Mo behind the scenes.

As Master Xue Wu had said before, Lin Mo had such a huge interest in him that many people under the world were eyeing it intently.

The Xie family is staring, but isn't the Fifth Master Xue staring?

The Fifth Master Xue, perhaps he was also playing with some ideas!

However, it didn't matter to Lin Mo what kind of ideas the Fifth Master Xue had.

Because, the matter of letting him marry Nan Bing'er would have been impossible.

He stood up and bowed, "Fifth Master, thank you so much for your kindness."

"But, junior already has a wife."

"And, I love my wife very much. So, it is impossible for me to marry someone else!"

"Bing'er is very nice, but I have always treated her as if she were my own sister."

"I am sure that Bing'er will be able to find someone better and more suitable for her than me in the future!"

Master Xue Wu glanced at Lin Mo and said softly, "Lin Mo, this choice of yours, although I admire it, is, in my opinion, unwise."

"I can tell that you are a man with ambition."

"And ambition, is something that needs strength to back it up."

"That strength includes not only your own strength, but also the strength of those outside who can help you."

"You have no foundation of your own, and that wife of yours now, is unable to offer you any help."

"In such a situation, it is basically impossible for you to achieve your ambitions!"

"Let me advise you, those who achieve great things are bound to make some sacrifices."

"Those who really stand in high positions, are the people around them really the ones they like?"

"How can you get what you want without sacrificing some?"

"In this world, there is never a free lunch!"

Lin Mo took a deep breath and bowed once more, "Thank you for your teachings, Fifth Master."

"You are right, those who achieve great things do have to make some sacrifices."

"But, no matter what, I will not sacrifice the people I love the most, this is my bottom line."

"Fifth Master, thank you so much for your concern."

"Let's just say that junior is not aware of your kindness and cannot accept it, so junior will take his leave!"

With those words, Lin Mo got up and left straight away, not even staying for a moment.

Chapter 1806

When Lin Mo walked to the entrance of the pavilion, a black shadow appeared silently in front of him, blocking his way out just in time.

This person was none other than the woman in black from before.

There was no doubt that she had been guarding the pavilion all along, while Lin Mo hadn't even detected the slightest trace of her breath.

The woman in black looked at Lin Mo with sinister eyes, as if she was a poisonous snake poised to strike.

He subconsciously clenched his fists and involuntarily tried to beware of this woman.

He was also a bit panicked, if this woman struck at him, he would definitely not be a match!

Just then, the voice of the fifth master Xue came from behind him, "Young man, go back and think about it, maybe you will change your mind!"

"As long as you change your mind, you can tell me anytime."

The woman in black slowly backed away and made way.

Lin Mo turned his head and found that Master Xue Wu was already sitting at the edge of the lake again, throwing the fish hook into the water.

Lin Mo arched his hand, "Thank you, Fifth Master, for your kindness."

"However, this is the bottom line for junior, it is impossible for junior to do such a thing!"

With those words, Lin Mo turned straight away and left.

Master Xue Wu sat by the lake, his expression as calm as water, as if he had not heard Lin Mo's words.

It was only when Lin Mo's footsteps disappeared that a brilliant aura flashed in Master Xue's eyes, but it was only a flash, and even the woman in black who was standing next to him did not notice it in the slightest.

The woman in black's eyes were cold as she said in a low voice, "Fifth Master, why did you let him go?"

"You personally came to talk to him to save him from the fire, and he was insensitive, he simply deserved to die!"

Fifth Master Xue waved his hand, "It's normal for young people to not know how high the sky is."

"Only when he truly suffers will he know the dangers of this world."

"I've given him the opportunity, it's up to him whether he grasps it or not."

"You just need to remember to keep an eye on the Xie family. There are some things they can do, and some things they can't, understand?"

The woman in black immediately nodded, "Yes!"

She knew that what Master Xue Wu was talking about was the Recycle Pill.

The Xie family could kill Lin Mo, but, the Recycle Pill absolutely could not be taken away from the Xie family!

This huge benefit, the Xie family had their eyes on it, and why didn't Master Xue Wu have his eyes on it?

.....

Wangjiang Garden.

Master Xue Wu's driver had sent Lin Mo back again.

Fire Hua was still standing in the courtyard, and when he saw Lin Mo return, his brow furrowed slightly.

It was obvious that only Lin Mo had returned and he had not received orders from Master Xue Wu, so that meant that things had not been discussed.

Fire Hua walked over to Lin Mo and said in a low voice, "Are you sure you want to fight hard with the Xie family?"

Lin Mo smiled, "I'm afraid there's no choice."

Fire Hua: "The Fifth Master has just given me a few tasks to do in the Western Realm."

"I won't even be back for a short time."

"I'm afraid I can't help you with the Xie family's affairs!"

Lin Mo knew that Fifth Master Xue had deliberately transferred Huo Hua away at this time.

Obviously, Master Xue Wu was telling Lin Mo: he could either choose to marry Nan Bing'er or, he would have to face the Xie family alone!

"No matter what, thank you for your help for so long!"

"Don't worry, I'm not that easy to die either."

Lin Mo laughed.

With a bitter smile, Fire Hua patted Lin Mo's shoulder and said in a low voice, "Don't try to be heroic if you can escape."

"Staying in the green hills is not afraid of not having wood to burn. Only if you stay alive will you have a chance to take revenge."

"I hope that when I come back, I can still drink with you!"

Lin Mo nodded vigorously.

With a light sigh, Fire Hua turned and left.

Lin Mo watched Fire Hua's back go away and felt some indescribable loss in his heart.

He knew that this time, he really didn't have any backers left.

Chapter 1807

In the Wangjiang Garden Villa.

Li Tiezui sat beside Lin Mo, and after hearing what happened after Lin Mo met Master Xue Wu, his brow couldn't help but frown.

Lin Mo looked at Li Tiezui and said in a low voice, "Before Master Tian left Guangyang City, he gave me instructions to be wary of Master Xue Wu."

"Seriously, I don't trust this person too much!"

Lin Mo also told him these words after he had experienced many things with Li Tiezui, and had become extremely trusting of this man.

Li Tiezui nodded slowly, "This person, Master Xue Wu, I haven't had much contact with."

"However, my former master has talked about him, saying that this man is definitely a lord of his generation."

"With strength and strategy, and most crucially, a deep heart, no one can guess what he is really thinking, and no one knows exactly what he is up to."

"Therefore, my master told me once that if possible, in this life, try not to deal with Master Xue Wu."

Lin Mo gave Li Tiezui a look, he didn't expect that Li Tiezui's master, had the same comment about Master Xue Wu.

"What does your master do?"

"Does he know Master Xue Wu very well?"

Lin Mo said curiously.

Li Tiezui let out a bitter laugh, "My master?"

"Heh, he's just a blind old man who tells fortunes."

"When I met him, he was just a con man who travelled all over the world, reading graves and telling people's fortunes to make ends meet."

"When he was drunk, he liked to brag about how he knew so many big people back in the day and so on, and I didn't know whether what he said was true or not."

"However, it was later proven that many of the things he said about these people were not false."

Lin Mo couldn't help but be stunned, "So, your master is still a worldly master?"

Li Tiezui skimmed his mouth, "Bullsh*t worldly master."

"When he died, I took some ragged straw mats and wrapped the corpse in them, and found a pit to bury it in."

"If this is how all worldly experts are like, then I'd rather be a layman!"

Lin Mo sighed, he did not expect that Li Tiezui's master would die in such a shabby manner.

He thought that he had once been a great figure, but in the end, he had ended up in such a miserable state, which was really saddening.

Lin Mo said, "In that case, Master Xue Wu's request for me to marry Nan Bing'er this time is not as simple as he said!"

Li Tiezui nodded, "That's certainly true."

"Other than that, just the matter of you marrying Nan Bing'er, he has played a good game."

Lin Mo wondered, "How do you mean by that?"

Li Tiezui said, "Let me put it to you this way, how do you think Nanba Tian would be so relieved to give Nan Bing'er to you and then run off to the capital to get killed?"

"Does he really think that his enemies won't go after Nan Bing'er to take revenge? Does he really think that you can protect Nan Bing'er?"

Lin Mo shook his head, he knew very well that he was still not strong enough, he definitely couldn't protect Nan Bing'er ah.

"So, what do you mean?" Lin Mo asked.

Li Tiezui smiled, "Let me put it to you this way, even without you, Nan Bing'er wouldn't be in any danger."

"As long as she doesn't do anything out of the ordinary, in this world, no one would dare to find trouble with her!"

"Also, that last time when Zhao Tianyuan entered Guangyang City, Master Xue Wu even warned Zhao Tianyuan, saying something about not letting them enter Nan Baitian's manor."

"Actually, that's completely redundant!"

Lin Mo was surprised: "Why?"

Li Tiezui: "You've forgotten that I told you about it."

"Nan Bing'er's mother, is the young lady of the Nalan family."

"Her grandfather, is still one of the several elders of the Nalan family."

"And her own uncle, is the King of the Desert North, Nalan Jie."

"Her sister-in-law, but the princess of the capital, Nalan Mingzhu."

"Whoever dares to touch her, there will be absolutely no place for this person in the whole of China!"

Chapter 1808

Lin Mo took a deep breath as he too remembered these things.

Whether it was Lin Zhaoge or Li Tiezui, both had told him about these things.

The Nalan family regarded Nan Batian's elopement with the Nalan family's young lady as a disgrace to the family, and moreover, had always disowned Nan Bing'er.

However, no matter what, it could not change the fact that Nan Bing'er had the blood of the Nalan family in her body!

The King of the Desert North, Nalan Jie, traveled to the Desert North because of Nan Bing'er. He was unhappy with the family's unfair treatment of Nan Bing'er.

The princess of the capital, Nalan Mingzhu, came to Guangyang City several times to see Nan Bing'er, so she also made her attitude clear.

If anyone dares to touch Nan Bing'er, the King of the Desert North, Nalan Jie, and the Princess of the Capital, Nalan Mingzhu, will never give up.

Therefore, even if Nan Batian went to the capital to die, Nan Bing'er would still be safe!

Last time, Master Xue Wu warned Zhao Tianyuan that they should not set foot in Nan Batian's manor, purely as a favor to the water.

Zhao Tianyuan and the others didn't dare to mess with Nan Bing'er!

However, when Master Xue Wu said this out loud, it would appear that he was sheltering Nan Bing'er.

If word got out, it would at least gain the goodwill of the Nalan family.

It could be said that one could easily gain some favours without having to pay anything, so why not?

Lin Mo's face was slightly cold, and now, he had a little more understanding of Master Xue Wu.

This man, he really did have a deep heart!

Li Tiezui said, "He asked you to marry Nan Bing'er, seemingly looking for an excuse to deal with the Xie family, but in fact, if you really married Nan Bing'er, would you still need him to step in?"

"If you really marry Nan Bing'er, the Xie family wouldn't dare to do anything to you."

"Although the Xie family is allied with the Nalan family, however, it doesn't mean that the Xie family can be on par with the Nalan family."

"At best, they can only be considered to have defected to the Nalan family."

"And even in the Xie family, Nalan Jie and Nalan Mingzhu, have an absolutely pivotal position."

"These two especially love Nan Bing'er, and if the Xie family moved Nan Bing'er's husband. Heh, without mentioning anything else, that King of the Desert North, Nalan Jie, alone would dare to kill back to the capital and destroy his Xie family's entire family!"

Lin Mo froze for a moment, "Is Nalan Jie so powerful?"

Li Tiezui sipped his teeth, "The youngest of the six kings of the world, do you think it's just a joke?"

"Nalan Jie is definitely the one with the hottest temper and the most belligerent among the Six Kings of the World!"

"Moreover, the most crucial thing is that this person is not to be messed with."

"His own strength is terrifying to the extreme not to mention that he is also one of the heirs of the Nalan family."

"Even people from the Ten Great Families of China, or people from several other kings, all go around when they encounter Nalan Jie."

"If you mess with this person, it's definitely going to have endless consequences!"

Lin Mo scratched his head, he didn't expect that this King of the Desert North would be so strong ah.

"Didn't he leave the Nalan family in a fit of rage back then?"

"How come he's still the heir to the Nalan family?"

Lin Mo asked.

Li Tiezui: "He only left and ran away in anger, he didn't rebel against the Nalan family ah."

"Besides, he's a personal disciple of the Martial Emperor, and he has the Martial Emperor behind him."

"Even the people of the Nalan Family wouldn't dare to deprive him of his heirship!"

Lin Mo was suddenly enlightened, and then he remembered something else and said curiously, "By the way, who is this Martial Emperor anyway?"

In the past two days, Lin Mo had heard several times about the matter of the Martial Emperor.

Although he did not know who this person really was, there was no doubt that this was definitely an extremely powerful existence.

Xie Qianjun had listened to a lesson under the Martial Emperor for three days, and he was that blind, so it was clear how strong the Martial Emperor was!

And even the Nalan family, which was one of the top ten families in China, had to give the Martial Emperor face, which in itself showed that the Martial Emperor was not simple.

What kind of a heaven-defying figure would it take to make even the Nalan family bow down before him?

Chapter 1809

Li Tiezui did not answer Lin Mo's words, but raised his head to look into the distance, his eyes somewhat yearning.

After a long time, he waved his hand and said, "About the matter of the Martial Emperor, you should not ask much about it now, it doesn't have much to do with you now."

"All you need to remember is that it is recognised as the number one in the world!"

Lin Mo's eyes widened.

Although Li Tiezui hadn't said much, the four words "Number One in the World" were enough to explain everything.

The six kings of the world were all already so terrifyingly strong.

Yet, none of them dared to call themselves number one.

This Martial Emperor, being the acknowledged number one in the world, at least meant that even the six kings of the world acknowledged this matter!

How powerful did one have to be to make even such a powerful person as the Six Kings of the World bow their heads?

Lin Mo nodded, a powerful person like the Martial Emperor was indeed beyond his reach, and really had nothing to do with him at the moment.

Lin Mo asked, "Then what do you think, what exactly is the purpose of Master Xue Wu asking me to marry Nan Bing'er?"

Li Tiezui said, "I think so, first of all, for a profit as large as the Recycle Pill, it's impossible for Master Xue Wu to not have it in his sights."

"So, the root of everything actually comes from the Recycle Pill."

"The Xie family's people want to get the Recycle Pill, and Master Xue Wu, too, doesn't want to give up such a huge benefit!"

Lin Mo pondered for a moment and shook his head, "But, Master Xue Wu doesn't seem to care about this Rejuvenation Pill."

"When we were fighting with Wan Chun Tang for this Recycle Pill before, Master Xue Wu didn't interfere with this matter at all."

"If he really wanted the benefits of the Recycle Pill, he might have been able to take advantage of the opportunity to take this Recycle Pill away if he had intervened in it at that time!"

Li Tiezui waved his hand, "You're wrong to think so."

"He is the King of the Southern Realm, can he do the same as Zhao Tianyuan's people and just go out and snatch this Recycle Pill?"

"If he really did that, he would instead be at a disadvantage, and might even attract the covetousness of others, instead of necessarily being able to take advantage of anything."

"Besides, although he didn't make a move, but the Recycle Pill is within the boundaries of the southern border."

"As long as this Reclamation Pill is within the confines of Nanjing, it is within his grasp, so why would he need to make a bid for it?"

Lin Mo nodded, this was true.

Li Tiezui continued, "And this time the situation is different."

"Last time, the incident with the Wan Chun Hall had exposed the Recycle Pill to the world as well, and many people are already eyeing you."

"It's just that these people want to fight for the Recycle Pill, and they must also find a proper reason."

"And this time, the Xie family's Xie Qianjun affair is the most suitable and appropriate opportunity for the Xie family."

"They took this opportunity to try to deal with you, and in fact, they are running for the Recycle Pill."

“And this time, it has truly made Master Xue Wu feel a crisis.”

“Because, once the Xie family really takes away the Recycle Pill, then this interest will leave the Southern Realm and leave his control!”

A brilliant aura flashed in Lin Mo’s eyes as he looked at Li Tiezui and said in a deep voice, “What you mean is that Master Xue Wu, will definitely not sit idly by and do nothing about this matter?”

Li Tiezui said in a deep voice, “The Fifth Master Xue will definitely not sit idly by, but the question is, how exactly will he handle this matter?”

“He won’t let the Recycle Pill leave the Southern Realm, but that doesn’t mean he’ll stop the Xie Family from dealing with you.”

“If he sits back and watches the Xie family deal with you, and then uses the excuse of administering justice to take this Recycle Pill away from the Xie family, then wouldn’t you be the sacrificial lamb?”

Lin Mo froze for a moment, that was true.

At this moment, Lin Mo remembered another question, “If he can do that, then why did he still let me marry Nan Bing’er?”

“Why didn’t he just wait for the Xie family to kill me, and then take the Reclamation Pill from the Xie family?”

Chapter 1810

Li Tiezui shook his head, “Things are not as simple as you think.”

“The Xie family’s strength, too, is not simple, that is also one of the candidate members of the Ten Great Families of China.”

“Although Master Xue Wu is able to defeat the Xie Family, he will definitely have to pay a considerable price.”

“He wouldn’t be willing to pay such a price until the last resort!”

“However, if you marry Nan Bing’er, then the situation will be different.”

“If you marry Nan Bing’er, and the Xie family doesn’t dare to deal with you, then this Recycle Pill, will be able to remain within the confines of the Southern Realm.”

“Moreover, if you marry Nan Bing’er, no one else will dare to come and fight this Recycle Pill.”

“In this way, he would be like keeping the benefits of the Recycle Pill within the confines of the Southern Realm without bloodshed!”

After listening to Li Tiezui’s analysis, Lin Mo’s brows were also thoroughly furrowed.

He finally knew what the purpose of Master Xue Wu’s trip to Guangyang City was.

This man, indeed, had a deep heart, making it difficult to guard against him.

This time, it was also Lin Mo who was devoted to love and did not agree to Master Xue Wu’s request.

If it had been anyone else, I'm afraid that he would have really been fooled.

Lin Mo took a deep breath and said softly, "Master Tian's instructions were indeed correct."

"This person, Master Xue Wu, really has to be guarded against!"

Li Tiezui said, "This person, of course, has to be guarded against."

"However, as long as you are within the confines of the Southern Realm, and as long as you do not threaten his interests, there will be no conflict between you for the time being."

"The most important thing for you now is still how to solve this crisis of the Xie family."

"If you reject Master Xue Wu, you are rejecting Nan Bing'er's asylum."

"Once the Xie family kills over, what should you do?"

Lin Mo fell into deep thought, this question was really the biggest headache right now ah.

Previously, he didn't understand the situation of these great families, but after seeing the strength of the Wan Family at the Wan Family, he knew that the Xie Family was definitely not something he could fight against right now.

Even if he had the support of a dozen great clans in Su Province and Guang Province on his side, however, compared to the Xie Family, the strength of these great clans was still far from enough.

After a long silence, Lin Mo said in a low voice, "Nowadays, it seems that we can only take one step at a time."

"Old Li, you should go to Hai City for the next few days and help me watch over Xi'er and Hanxia."

Li Tiezui smiled, "What, ready to leave me a way out?"

"I find that you, as a person, really only think about others."

"It's already this time, and you still don't consider leaving a way out for yourself, instead you're still thinking about others?"

Lin Mo also laughed as he leaned back on the sofa and said softly, "You guys can't help much by staying here anyway."

"There's no need to make more unnecessary sacrifices when dying is something I can solve alone!"

Li Tiezui got up to leave and whispered, "I will leave."

"However, that will also be after you die."

Lin Mo looked at Li Tiezui's back and was somewhat inexplicably moved in his heart.

This man, it seemed as if he was hanging back, even obscene to the extreme.

But in fact, he was much more righteous than the average person.

Moreover, he and Lin Mo had known each other for so long, and he had always been the one helping Lin Mo, who had never given him anything at all.

Such a person was still willing to stay with Lin Mo to the end under such a crisis.

How could he not trust such a person?

Li Tiezui walked out of the villa and did not leave, but moved to another small villa in Wangjiang Garden.

The owner of this villa was a rich man from Guangyang City, named Wang Xuelin, who was a serious businessman.

The family was eating in the house, so Li Tiezui pushed the door straight in.

Seeing Li Tiezui, Wang Xuelin first stared, then stood up and waved his hand at his wife and children, "You guys go upstairs first."
