

Genius 1801

[Chapter 1801 The Ancient God Destroyed The World With A Word!](#)

"He really came. Is it really him?"

"Big brother, it must be big brother ..."

In the dungeon, dugu you could hear the battle cries outside. They were already calling out ye Chen's name. She was extremely excited.

Unexpectedly, it was as dugu Ming had said. Ye chen had come to save her.

"No, he's not my brother ..." She said.

However, at that moment, she suddenly realized that her brother was really dead. That person was not her brother at all.

Painful memories and emotions intertwined as dugu you fought with her.

On one hand, she hated ye chen for lying to her, but on the other hand, she was touched that ye chen had taken the risk to save her even in such a dangerous situation. How could she settle this enmity?

Dugu you did not know!

"Boom boom boom!"

Crack, crack, crack!

The prison door suddenly burst open, and a man walked in. His aura swept out, and the jailers died one after another.

Thump, thump, thump!

Ye chen strode into the dungeon with vigorous steps and headed toward dugu you's cell.

"Die!"

Suddenly, a jailer pressed a mechanism. Demonic Qi surged in the dungeon, flying arrows passed through, and poisonous fog filled the air. All kinds of mechanisms were set up to kill ye chen.

"Zi Zi Zi!"

Ye Chen's entire body seemed to be shimmering with dazzling Starlight. How could one resist the might of an ancient God?

"The poisonous mist wants to hurt me with such a trap?"

Ye chen suddenly turned around and locked onto the person who had released the mechanism.

"Ah, ah ..."

That demon dweller was stunned on the spot. His body slowly slid down, and he knelt on the ground.

"You want to beg for your life by kneeling? Die!"

Ye Chen's eyes flashed and the true Samadhi fire was released from his eyes.

"Phew, phew, phew!"

The flames burned, leaving no bones behind.

The remaining jailers didn't dare to step forward and ran away in fear.

"Dugu you!"

Ye chen called out dugu you's name, but dugu you did not respond. Instead, she hid in the depths of the dungeon. She did not know what kind of emotions she should use to face ye chen. This was too difficult.

The Holy Shadow Clan was in complete chaos. Previously, the demon Emperor had led many experts to ambush ye chen but they did not expect to become the prey.

Many experts were crushed by ye chen, and the demon Emperor also died on the spot.

The Holy Shadow Clan fell into boundless fear. No one was able to stop ye chen.

"Crack!"

Ye chen condensed Qi with his sword-like fingers and pointed at the chains in front of him. They immediately shattered.

"Dugu you!"

He had discovered dugu you long ago and was hiding in that corner.

"Don't come over!" Dugu you shouted.

"Don't be silly, follow me immediately!"

Ye chen did not want to waste any more time. He came over and pulled dugu you out.

Dugu you didn't know how to face it, so he could only lower his head and leave with him.

When ye chen walked out of the dungeon, he saw dugu you's complicated expression and knew what she was thinking.

"Why did you lie to me? why?"

Dugu you's voice was hoarse as he questioned ye chen.

Looking at the weak girl in front of him, ye chen was speechless. He also had some feelings in his heart but did not know what to say.

In the end, ye chen did not want to lie to her anymore and said bluntly, "Back then, I accidentally entered the demon-stricken area and encountered danger. This was my only choice. Only then could I follow the Holy Shadow Clan back and recover."

"Don't lie to me. I won't believe you anymore. "

Dugu you shouted, "run!" She did not want to be with ye chen because it would make her mood very difficult. She could not accept herself in this state.

The dugu han from before really didn't exist anymore. His real brother had left.

"Dugu you!"

Ye chen called out.

"Don't call me, I don't want to hear it, I don't want to listen!" Dugu you was already in a state of chaos.

"That kid is over there!"

Suddenly, a large number of demon dwellers arrived. The news of the Holy Shadow Clan had already reached the demon Army Headquarters, and the demon master had sent a large number of demon troops to support them.

"Still trash!"

Ye chen was too lazy to talk to them and directly threw out the immortal Flying Dagger.

"Clean up the scene, make it clean!" Ye chen said.

"No problem, master!"

The immortal flying knife had been holding back for a long time, and it instantly flew out with blade light and sword shadow, mercilessly killing.

Buzz, buzz, buzz!"

Countless demon dwellers had their throats slit and their blood cut off before they could see what it was.

Blood formed a River on the ground, and the entire Holy Shadow Clan had become a graveyard for demons.

"Ah ..."

Seeing this scene, the demons who were about to fight and kill were all stunned.

They retreated slightly, not daring to move forward.

Even the demon lords and demon emperors were terrified when they saw ye chen as if they had seen the god of death.

"This person's cultivation level is many times higher than before. How did he cultivate to this level in such a short time?" A demon Empress asked.

Everyone shook their heads. They only knew about ye chen when he was in the Holy Shadow Clan.

"I think this person is very talented. He didn't die even after being hit by the demon master. There's a saying among the humans that if a Xuanji survives a great disaster, he'll be blessed!"

"That's right. This person must have encountered some kind of fortuitous encounter that caused his cultivation base to undergo a qualitative leap. We're no match for him at all."

The demon emperors came to a conclusion. They knew that they were no match for ye chen, so they did not dare to act rashly. As the saying went, surround but not attack. They would just watch.

This was an interesting scene. The demon emperors led the demon Army and followed ye chen but did not attack.

If outsiders were to see such a comical scene, they would definitely laugh their teeth off. This was the demon Army that was known for its savagery, yet it was actually so timid and afraid of a human cultivator.

"Dugu you!"

Ye chen strode forward and pulled dugu you back. In this demon-stricken area, one more minute of staying was one more minute of danger.

"Why are you still calling for me? did my brother get killed?"

The interrogation of the soul had finally arrived.

Ye chen was stunned, but he had already come to a realization, so what was there to fear?

Just as ye chen was about to answer, suddenly, dark clouds gathered in the sky. Heaven and earth shook and a powerful energy came pressing down.

"What?"

Ye Chen's expression hardened. He immediately sensed that the demon master had descended. It seemed that the demon race had gone to great lengths to deal with him.

"Brat ye chen, you really dare to come. You're dead for sure today!"

The descent of a demon master brought with it a terrifying pressure that made people tremble in fear.

When the demon emperors saw this, they were overjoyed. They thought that their mission was finally completed and that they had made the greatest contribution by not letting ye chen leave.

"A puny demon master dares to be so impudent to me?"

As soon as these words came out, the whole place fell silent. Ye chen was so arrogant that he did not even care about the demon Lord?

"Damn it!"

The demon master was furious. He used all his strength and vowed to kill ye chen.

"Come on!"

Ye chen was fearless. The power of his entire body spread through his limbs and bones. The might of an ancient God was awakened.

"Boom boom boom!"

Behind ye chen, an incomparably huge ancient God's shadow appeared. He was still a complete one-star ancient God. So what if he faced the demon master?!

The demon master threw out all kinds of high-level magical artifacts and released his strongest divine ability at the same time to kill ye chen.

"Exterminate!"

At this moment, the ancient God spoke, and a powerful divine power descended, reeking of blood.

"Swish!"

"Ah!"

With a painful cry, the demon master's arm was cut off by the ancient God's shadow on the spot!

"Ah ..."

The demons were shocked!

.....

[Chapter 1802 1806-Beating Up The Demon Master!](#)

He looked into the depths of the void.

At that moment, the entire world was silent!

The great Demon Lord of the demon race had his arm broken by the human cultivator ye chen. This was a shocking and humiliating matter.

The scene was in an uproar. Everyone was shocked, and their eyes were filled with disbelief.

"Is this person still human? Aren't humans supposed to be very weak? how could they cut off the demon Lord's arm?"

"That's right. What's the reason for this? aren't we demons invincible?"

"Even the demon Lord is like this. We are not this person's opponent at all. Going up would be suicide."

The demon clansmen were already scared out of their wits by ye chen and had no fighting spirit left.

At such a shocking moment, ye chen was like a god of War standing alone, unstoppable.

The demon master covered his bleeding wound and looked at ye chen coldly.

"Hahaha!"

The Demon King suddenly laughed.

"What are you laughing at?"

"Puny human cultivator, do you really think you can defeat me like this? You haven't seen my strength yet. "

That demon master suddenly revealed a malevolent expression, and his entire body began to expand continuously.

"Oh?"

Ye Chen's expression was disdainful. No matter what methods the other party used, he would die today!

He crossed his arms in front of his chest, not caring at all about what great magical ability that demon master was brewing. He just watched. He wanted to prove to the demon master that the strength of the human race was beyond their imagination.

"Hahaha, you idiot! If you had attacked me just now, I might not have been able to complete my transformation. But it's different now. I have successfully transformed. You're dead, you lowly human cultivator!"

The demon master's body exuded a powerful might, just like a human killing weapon.

The surrounding space trembled rapidly as if they had entered the purgatory world. Everything here was under the control of the demon master.

"This is the demon master's super divine ability, the misty demon form evolution technique. Once activated, its power is infinite. It can absorb all the demonic Qi in the surrounding space and transform it into its own power, allowing its body to grow continuously."

"That's right. As the body grows, the power of a demon master will continue to strengthen, even surpassing their previous limits."

"This is a kind of mystical power similar to a forbidden technique. I didn't expect Lord Demon Lord to use it on ye chen. This man is really honored to die under this mystical power."

"Hahaha, this human is dead for sure. Our sacred clan is invincible!"

Many demon soldiers found their confidence again and began to shout.

Ye chen stood where he was, still looking at the huge demon form in front of him with disdain.

"Hehehe, you're really confident. But I'll let you understand in a moment how tiny you are before me. In the domain of the devil race, there's endless devil Qi for me to absorb. You won't have any chance."

"You talk too much nonsense. Trash like you only needs one move!"

"What? One move?"

The demon master's eyes were about to pop out. Not only was he shocked by ye Chen's arrogance, but he was also extremely angry.

"Arrogant child, I'll crush you!"

"Die!" The demon Lord roared and his aura exploded. He was like the reincarnation of a Demon God. At this moment, no matter who the person in front of him was, he would be destroyed.

Thump, thump, thump!

The demon master's huge figure continued to charge forward. With every step he took, the earth trembled, and the mountains and rivers surged.

The demons retreated one after another. They knew that once the demon master in this form exploded, the power would be unimaginably high. Once they were affected, they would either die or be injured.

Da, da, da!"

The demon Army retreated three thousand feet away and continued to watch.

They wanted to see the demon master crush ye chen and then torture him to death.

Ye chen stood alone in his original spot, his eyes slightly closed.

"Hahaha, are you ready to die? lowly human, you're just so-so!"

The demon master sneered. As he charged, his sharp claws began to gather demon energy.

"Zi Zi Zi!"

The surrounding demonic energy continued to gather around the demon master's body. Although he was determined to kill ye chen, ye Chen's cultivation base was advancing too quickly. It made him feel apprehensive. Therefore, he had to use all his strength in this attack to kill ye chen completely.

"Zi Zi Zi!"

At the same time, ye Chen's body underwent a shocking change.

Streams of qi and blood rushed through his meridians. At this moment, an incomparably tall figure appeared behind him. It was as if Pangu had opened the sky, and its might was unparalleled!

"Kill!"

The demon master did not care about anything else. He only had one goal, and that was to kill ye chen!

"Six paths of reincarnation, heaven and earth, my palm!"

"Burning Sky, melting earth, heaven lightning, God destroying!"

Ye Chen's fist and palm moved like a fiendgod of heaven and earth, the master of the sun and moon. At this moment, he exuded a transcendent aura that only ancient gods had.

"Eh?"

It was not until the last moment that the demon master truly felt the Supreme power, Supreme dignity, and supreme power in ye Chen's body!

Only then did he realize how small he was. What was the use of a tall body?

"Boom boom boom!"

The energy of the fist and palm soared to the sky and launched with a loud bang. Ye Chen's feet sank three feet into the ground and the mountains and rivers behind him shook five thousand feet!

Boom, boom, boom!

The surrounding space rapidly exploded, and endless energy swept through the universe. The devil army, who had gone three thousand feet away and thought that they were safe, only now realized that the god of death had arrived.

"Ah ..."

The pained cries continued as the tens of thousands of devil soldiers were completely destroyed.

At the same time, the super-strong Demon King who had rushed over had already disappeared, leaving only a rain of blood.

In the blood rain, ye chen stood alone like a ghost.

"Ah ..."

The surviving members of the devil race were scared out of their wits when they saw this scene.

Thump, thump, thump!

They all knelt down and kowtowed to ye chen.

"You useless things, what are you doing? Are you still a demon?"

Just as those people knelt on the ground and continued to worship ye chen, muffled Thunder rumbled in the sky and dark energy filled the air.

Then, the dark clouds opened, and the two demon masters descended at the same time.

"It's two great demon kings. We're saved. "

"Get up, our Savior has arrived."

"The two great demon masters have descended and killed ye chen!"

For a moment, everyone stood up. They had hope again. They were ecstatic and danced with joy.

"A bunch of idiots!"

Ye Chen's cold voice was filled with disdain. At the same time, the two great demon masters descended.

The energy emitted by the two of them was even stronger than the demon master 's. They faced ye chen at the same time.

"Little brat, we heard that you made it back, so we rushed over to collect your corpse!"

"You're collecting my corpse? I think you didn't even have the chance to collect the corpses of the previous demon masters, and you are the same!"

"You!"

The two demon masters 'auras were so violent, but ye chen was still fearless and even retorted.

However, after the two of them saw the blood rain, one of them sniffed and realized the origin of the blood rain. He was greatly shocked!

[Chapter 1803 Ye Chen's Ferocity, Slaying Demon Masters In Succession!](#)

The void trembled, and the heavens and earth shook.

The two great demon kings who had descended looked at each other. They realized the reason for the existence of this blood rain and were furious.

"You dare to use the body of a devil Lord to turn into a rain of blood?"

One of the demon masters questioned ye chen.

"I'm independent of heaven and earth and control the power of all living things. Killing you demons is like slaughtering pigs and dogs. Why wouldn't I dare?"

Ye chen replied firmly.

"You ... You're extremely arrogant!"

"You bastard human cultivator, you're going to die without a burial place!"

The two demon masters were infuriated by ye Chen's words and completely lost control.

"Kill!"

The sound of killing rose, and the dust of heaven and earth rose!

The demon cultivators were shocked by this scene. A human cultivator could actually confront two demon masters so arrogantly. Was this something a human could do?

"Whoosh, whoosh, Whoosh!"

The two great demon masters moved instantly, their speed as fast as lightning.

Ye chen fought alone. His body moved slightly, and his power erupted.

"Demonic kill wave!"

One of the demon masters directly used the famous move of the demon race, demon killing wave. At the same time, he modified himself, causing his magical power to mutate. It was a hundred times more terrifying than an ordinary demon killing wave.

"Zi Zi Zi!"

After the demon killing wave gathered energy, it attacked ye chen.

"This is great. This demon-killing wave is the demon Lord's ultimate move. It contains eighteen variations. Ye chen can't have calculated so many possibilities. With this move, ye chen has already fallen into a difficult situation!"

"A demon master is a demon master. Don't think that just because you defeated one by luck, you can defeat another, or even two!"

"Hahaha, ye Chen's too arrogant. This is an inevitable ending."

The demon Army was overjoyed once again. The fusion of the two demon masters' combat strength was far superior to the previous demon master. No one thought that ye Chen would be able to leave alive.

"Useless move!"

Such a terrifying move had amazed the crowd, but in ye Chen's eyes, it was just a show.

Ye Chen's figure moved slowly, and a Tai Chi diagram appeared under his feet.

"Wind riding centipede's gravitational force!"

His exquisite movement technique seemed to be assisted by the gods, and his innate body was like that of an ancient God.

"Zi Zi Zi!"

The mo killing wave charged forward as if no one was there.

"Hahaha, ye Chen, no matter how you deal with it, you're still going to die."

The demon master who had unleashed the berserk form laughed. In his mind, ye Chen had long lost the chance to avoid the berserk form. Once the opportunity passed, only death would be left.

"Hmph, brat, just wait for your death!"

The other demon master also agreed.

Just as everyone was watching ye Chen die, ye Chen suddenly opened his eyes, which were as bright as the stars.

"Whoosh, whoosh, Whoosh!"

Ye Chen's figure was like a gust of wind, spinning rapidly in the air and advancing. At the same time, the Tai Chi diagram under his feet transformed into countless variations. This was an inevitable process in dealing with the demon killing wave's dense Killing form.

"Zi Zi Zi!"

As the Tai Chi took form, ye Chen activated the gravitational technique. At the same time, he used it with his powerful ancient God Body. At this moment, four taels of silver could move thousands of catties.

"Zi Zi Zi!"

The frenzy Slaughter Demon wave began to bend and then changed its direction of attack under ye Chen's guidance.

"What?"

Seeing his own demon killing wave change direction and return to him, this strange scene made the demon master pale with fright.

"Quickly retreat!"

The demon Lord shouted.

"Ah?"

The other demon master was still waiting to watch ye Chen's good show. At this moment, he was stunned and quickly retreated.

As the two of them retreated, the speed of the mo killing wave was much faster than them, how could they retreat!

"Zi Zi Zi!"

As the demon killing wave came, the two demon masters activated their mental cultivation methods and demonic energy shields in hopes of resisting it.

"Boom boom boom!"

With a shocking explosion, the demon killing wave suddenly burst out. The first person to charge was the one who released the demon killing wave.

"Pfft!"

His entire body was drained of blood, his bones and muscles were separated. The pain was indescribable.

"This kid is dangerous, we can't be careless!"

"A!"

The demon master who had released the demon killing wave sighed loudly, his entire body in unbearable pain.

As for the Demon King Army, they were completely dumbfounded.

The demon killing wave frenzy form was the ultimate killing move cultivated by this demon master for certain victory. In ye Chen's eyes, it was child's play. The other party had easily resolved it and even backfired on him. What was going on?

"The two demon masters can't do anything to ye chen? Is this a counter?"

"It can't be ..."

The demons fell into an emotional state. They had completely lost their spiritual support and were listless.

The killing cries were too wild. Many devil clansmen had come over. How could they accept such a scene?

"How is it?"

Ye chen flew high into the sky and looked down at the demon masters below.

"Hateful, let's go!"

The two demon masters actually abandoned the battle and left. This action stunned everyone.

"The demon Lord is actually trying to escape?"

This was a destructive blow. The people of the devil race loved to fight, and at the same time, they were not afraid of death. This was the core of the devil race. However, the two great Devil Kings in front of them had actually abandoned the battle and left at the same time. This really made people's jaws drop.

"You want to leave? It won't be that easy!"

Ye chen sneered. It was impossible to leave without his consent.

"Nine Heavens Yu-treading steps!"

With a cold shout, ye Chen's figure seemed to have entered a different space. Only his footprints were left on the ground, and his figure was gone.

"Where's that kid?"

The devil Lord was shocked and asked.

However, no one could respond to him because ye chen had already arrived in front of him.

"Boom boom boom!"

True Yuan poured out like a flood, and the ancient God body's energy was also in effect.

The astral winds that ye chen created as he advanced could even make demon masters feel as if their skin was being cut. Even demon masters of the demon race would be terrified by such a violent phenomenon.

"This kid is too violent. Let's go!"

"Hmph, as demon masters, since we can't leave, why do we still insist? I swear I will kill this kid today!"

The severely injured demon master turned around to fight ye chen again.

Such a move shocked the demons, but could he really do it?

All the members of the demon race had placed their hopes on this demon master, and the demon master did not let them down. He directly used a super powerful forbidden technique.

"The great killing weapon of the demon race, the misty demon disintegration great art!"

"Die!" The Demon King shouted. His body turned dark and expanded, his demon energy soaring.

Buzz, buzz, buzz!"

Blood spurted out of his body continuously. His body had already entered the countdown to self-destruction. He had no other choice but to die with ye chen.

"You want to self-destruct? In your dreams!"

Ye chen ascended to the nine Heavens, and his aura reached the nine Lands.

Zila, Zila, Zila!

Lightning flickered and Thunder rumbled. The ancient God's shadow appeared behind ye chen again, majestic and boundless!

"Fate is the work, and all things are copper!"

"Absolute heaven saber technique!"

The immortal slaying Flying Dagger in ye Chen's hand shot out like a stream of light. It was so fast that it had already exceeded the range of the demon Warriors 'eyes.

"Kill!"

The immortal slaying Flying Daggers merged with the power of heaven and earth's creation and the ancient God's power to destroy the world. It was unstoppable and could cut off all mortal Affairs with one blade!

"Swish!"

Blood dripped down, and the demon Phoenix died!

[Chapter 1804 Dugu You's Choice!](#)

A demon master!

The demon clansmen turned pale with fright. Two demon masters had died at ye Chen's hands in a row. Just how terrifying was this man's strength?

The other demon master did not dare to step forward to stop him.

"Demon, this is just a warning. If you dare to do anything evil again, your doomsday will not be far away!"

With that, ye chen flew away with dugu you.

"Ah ..."

Seeing ye chen leave in such a domineering manner, the demons fell into despair. How could they dominate the human race with such a powerful person?

Everything was like fleeting clouds. Many demon dwellers shook their heads and sank into depression.

Ye chen brought dugu you out of the land of the demon race and arrived at a hidden mountain forest.

"Put me down, you liar!"

Dugu you berated loudly as tears fell from his eyes.

She was in a dilemma. She did not know how to deal with ye chen. He was her Savior and could also be the murderer who killed them.

All kinds of emotions surged out, making her tear up.

"Tell me, did you kill me?" Dugu you's mood eased a little as he turned to question ye chen.

Ye chen was silent at first. He did not know how to say it but he would let her know the truth sooner or later.

"Dugu han died by my hands."

"The murderer!"

Dugu you flew into a rage and attacked ye chen.

"Kill!"

The voice was filled with determination, causing ye Chen's expression to change. It seemed that dugu you was in great pain after losing her brother.

Ye chen stood in the same place, not moving.

Dugu you was shocked. He hadn't expected his opponent to not move. This attack should have been easily dodged.

"BOOM!"

Dugu you punched ye chen. Initially, she thought that ye chen would be injured. After all, he did not put up any defense.

However, the truth shocked her and made her despair at the same time. Her attacks had no effect on ye chen. What was going on?

Although ye chen had killed a demon master, that was a head-on battle. Now that ye chen was not using his power or taking any action, how could she not hurt him?

In order to vent the anger in his heart, dugu you attacked crazily.

However, everything happened too suddenly. Ye chen did not use any power but the strength of the ancient God Body itself left dugu you helpless. She did not even have the strength to hurt ye chen.

This was ye Chen's explanation to her. After all, dugu han had died in his hands. At the same time, dugu you had treated him very well in the days they had spent together.

"I didn't plan to kill him at first, but dugu han attacked me in the dark, so ..."

"Don't say anymore. "

Dugu you knew that ye chen would not lie. Everything had been decided by the heavens.

She squatted on the ground and cried.

"A!"

Ye chen could only sigh. He had not expected things to turn out this way. However, since he had told dugu you the truth, he was relieved.

Logically speaking, dugu you was originally a member of the demon clan, so ye chen should not have anything to do with her. However, after spending so much time with her, he could not directly cut off those feelings. Ye chen was such a person who valued friendship.

At this moment, Dugu you stood up and walked in front of Ye Chen.

"Ye Chen, don't think that this is over. I can't kill you now but I'll work hard on my cultivation. When I'm strong enough, I'll take revenge on you. I will seek revenge from you, do you understand? It's not too late to kill me now, or you will regret it!"

Dugu you's eyes were filled with rage and killing intent.

"You can leave!"

Ye Chen said. If the determination to take revenge could make Dugu you live on, it might not be a bad thing.

Ye Chen did not care about things like revenge.

With the ancient God's divine spark and the ancient God Body, he wasn't afraid of any existence in the world.

"Alright!"

Dugu you shouted and turned to leave.

After watching Dugu you leave, Ye Chen shook his head and left as well.

Ye Chen's actions in the Holy Shadow Clan this time had completely alarmed the core authority of the demon clan. The entire demon-stricken area was in an uproar.

They sent more demon experts to strengthen their defenses and search for Ye Chen's whereabouts.

The remaining demon masters of the demon race had joined forces to find Ye Chen and seek revenge.

"People of the devil race, you're looking for me, but I'm also looking for you!"

Ye Chen immediately left the demon mountains and entered a gathering place of the demon clan.

The demons were brutal and had killed countless human heroes. How could Ye Chen not take revenge for such a racial enmity?

"Boom boom boom!"

The earth trembled and the sun and moon dimmed!

In the sky above the demon clan's gathering place, Ye Chen rode his saber and sword over.

"What's that?"

No one could see his appearance clearly under the cover of the glints and shadows of the blades.

"Whoosh, whoosh, Whoosh!"

However, in just one exchange, the sword Qi exploded and the hundreds of demons Ye Chen looked down on were completely annihilated.

Buzz, buzz, buzz!"

The sword Qi cut his throat, and blood spurted out, forming a river of blood.

The smell of blood filled the air, causing the demons to attack.

"Who dares to be so arrogant here?"

A Demon Lord rushed out and shouted at ye chen who was in the sky.

"You think you're worthy?"

Ye Chen's eyes widened. Suddenly, the true Samadhi fire came toward him.

"Phew, phew, phew!"

The powerful primordial fire devoured the demon Lord like a fire beast.

"Ah, ah!"

The demon Lord screamed in pain. How could he resist such a violent true fire? he was burned to death on the spot, not even his bones left.

"Ah ..."

Seeing such a scene, the mo were greatly alarmed and clamored to find experts to take revenge.

"I'll be waiting for you here!"

Yue Chen stood on the cloud formed by sword Qi like a god, judging everything.

At this moment, the two demon sovereigns of the demon clan's gathering place appeared at the same time.

"Who are you? how dare you be so arrogant? surrender now and we'll leave you with an intact corpse!"

One of the demon emperors walked out and called out to ye chen.

"Hahaha, even I know about it. Are you all worthy of being called demon emperors?"

Ye chen removed the sword Qi cloud and revealed his appearance.

"You're ... The human cultivator ye chen who shook the demon-stricken area?"

A demon Emperor immediately recognized his appearance. It was the wanted man of the demon race, bi an ye chen.

Ye chen sneered. He looked down at the demons as if he were looking at ants.

"That's me, ye chen!"

He took the initiative to admit his identity and forcefully suppressed it.

"Damn it, go!"

A demon Emperor gave the order, and countless demons attacked in an attempt to kill ye chen.

"Hahaha, a bunch of trash, ants, die!"

Ye chen laughed wildly. These people did not even have the chance to meet him.

"Burning Sky melting earth hand!"

Without mercy, the true Samadhi fire swept out like a violent Dragon, engulfing the entire area.

"Phew, phew, phew!"

"Ah!"

Under the true fire, countless demons turned into ashes and completely disappeared.

"All of you, die!"

Ye chen was like a fire Dragon passing through. Not a blade of grass could survive. The two demon emperors wanted to fight him but they died on the spot when they met.

After annihilating the clan, ye chen entered the cave and absorbed the spirit vein.

[Chapter 1805 The Secret Of The Magic Cauldron!](#)

The news spread quickly and immediately set off another earth-shaking wave.

In the main hall of a military base of the demon race, an intelligence soldier rushed in.

"Demon Lord, we've discovered the location of the human cultivator, ye chen. He's annihilated a group of demons that were guarding the Kuangqu!"

"What? Damn it, this damned human!"

The demon master was furious. He slammed the table and stood up, his eyes extremely red!

"If this brat isn't eliminated, our demon race will never have peace. Follow me and exterminate him!"

"Yes!"

The demon kings attacked together, riding the earth devil beast and flying out.

At this moment, ye chen, who was in the spirit vein, had long absorbed all the spirit veins. His Foundation had improved and he had left this troublesome place.

As he was leaving, he suddenly noticed a group of people moving in a hurry, as if they were on a mission.

The leader was a Demon King. He was aggressive and shouted to kill.

"Are you in a hurry to reincarnate? why are you in such a hurry to leave?"

"What?"

The Demon King was marching rapidly when he suddenly heard the human voice in the sky. He was furious and turned around. It was ye chen standing on the ancient tree.

"Ah ... You're ye chen!" The Demon King was shocked.

"Do you still need to say that?"

Ye chen flew down. In a flash, the immortal slaying Flying Dagger was like a stream of light. In the blink of an eye, all the demon Warriors were beheaded.

"BOOM!"

Flying down, ye chen grabbed the Demon King's shoulder. No matter how the Demon King struggled, it was useless. He even felt that his demonic energy was being absorbed by ye chen.

"You're just a human cultivator. How can you absorb the mystic energy?"

"Hahaha, your vision is too shallow. How can you know the wonders of this world's cultivation techniques?"

With that, ye chen immediately activated the celestial demon transformation mystical art and transformed into a Demon King.

"This!"

The Demon King was shocked. No wonder the higher-ups kept trying to catch him, but they couldn't catch him. This person's cultivation method was so amazing.

"You should also be on your way."

Ye chen suddenly clasped his hands and released the soul-searching technique. Instantly, the Demon King lost consciousness and was at his mercy.

After searching their souls, ye chen quickly found out where these people came from.

It turned out that this Demon King was the messenger of the Saint demon clan, responsible for passing on the orders of the Saint demon clan. His purpose this time was to pass on the information about the demonic cauldron to the surrounding demon clans.

The so-called demonic tripod was a furnace for the physical body of a demon. It was usually used to store demonic thoughts.

"Collecting demonic cauldrons? they didn't do this before. Now, they're doing this all of a sudden. It seems like the demons are aware of the danger they're in."

Ye chen thought to himself. It seemed that the other party wanted to use The Magic Cauldron to summon the mighty demons from the demon Realm to descend to the mortal world. Such an act was extremely dangerous.

Initially, ye chen wanted to Return to Paradise. However, after receiving this dangerous signal, he understood that he could not just leave like this.

"Zi Zi Zi!"

Ye chen released the celestial demon reincarnation Mystic technique and instantly transformed into the Demon King's appearance. He took the Demon King's token and continued forward.

This time, he was going to explore the base camp of the demon race.

He hadn't found a good way to ascend to the spirit realm. Previously, he got a piece of information from the blissful scholar that the demon race was guarding one of the Ascension passages. He really wanted to see what the passage looked like. At the same time, he wanted to destroy the demonic tripod. He couldn't let the demon race summon the Almighty from the demon Realm.

Otherwise, if an Almighty descended to the lower realm, it would definitely bring unimaginable danger to the spiritual realm, or even a disaster.

Meanwhile, at the blissful Summit, the blissful scholar and old ancestor yellow spring had been discussing ye Chen's trip.

"I heard that ye chen has caused an even bigger commotion this time and even killed a demon master!"

Old ancestor yellow spring said.

"That's right. Ye Chen's too arrogant this time. Killing a demon master is an irreconcilable hatred for the demon race. If the remaining demon masters disregard their status and come after him together, ye chen will be in danger. " The blissful scholar said.

"What do you think of their strength?"

"I'll be Frank. If the remaining great demon masters of the demon race join forces, they can even fight against powerhouses at the crossing calamity stage!"

"Is he really that powerful?"

"Naturally!"

Although he had emphasized the demon Lord's power, the blissful scholar still admired ye chen very much. Ye chen had killed the demon Lord by himself and caused a sensation in the entire demon-stricken area. Even people like them, who were far away, could hear the shocking news. He could not help but admire such a magnificent feat.

"Hehe, blissful scholar, you used to be arrogant and think that you were invincible. Now that you've seen ye chen, what do you think?" The old ancestor asked smugly.

"This kid's talent is rare in the world. I admit that he is definitely above me! In the future, he will definitely be a super mighty figure of the human race!" Blissful scholar said bluntly.

"Hahaha!"

Old ancestor yellow spring laughed and continued,"I've known fellow Daoist ye for the longest time. He's extremely talented. He's killed many powerful existences since he started cultivating. What you said makes sense."

"Junior Brother, where is the passage to the spiritual realm guarded by the devil race?" The old ancestor asked with a smile.

However, blissful scholar just smiled and said nothing, which made the great Grandmaster depressed.

Ye chen transformed into a Demon King rank demon and advanced. Along the way, he encountered a group of demons.

"Who is it that dares to walk around here?"

The leader was also a Demon King rank demon. He immediately ordered to surround ye chen.

"What?"

Ye Chen's expression did not change at all despite being surrounded by many demons. Instead, he looked disdainful.

"Who are you to be so arrogant?" The demon dweller asked.

"Look at this!"

Ye chen took out his token and revealed his identity.

"Ah ..."

After seeing the Saint demon clan's token, the Demon King knelt down on the spot, his expression extremely respectful.

It turned out that the Saint demon clan was the noblest existence in the demon clan. Although they were all demon kings, the tribe that the Demon King in front of him belonged to was obviously not as high.

"Where are you guys from?" Ye chen asked.

"Lord Messenger, we are all from the Sentan race." The devil King led the crowd in response.

"Hmm, what's the purpose of your visit this time?"

Hearing this question, the Demon King gritted his teeth and seemed to be very angry.

"Great Messenger, we are here to find the whereabouts of the human cultivators," he said.

"A human cultivator? What's the matter?"

"Lord emissary, this man has caused a sensation in the demon-stricken area. He has killed countless demons, including the demon Emperor and the demon Lord. This is simply impossible. If this man is not eliminated, there will never be peace in the demon-stricken area."

As he spoke, the Demon King's expression was extremely angry.

"There's such a thing? how hateful! I must personally get rid of this person!" Ye chen roared.

"Great Messenger, you're so valiant!" The demons were all very respectful.

Ye chen nodded slightly but sneered in his heart. This group of idiots were easy to bully!

Following the Demon King, ye chen arrived at the main gate of the shengtan clan.

He looked over and saw that there was a light screen of a formation at the entrance of the city. It was flashing with a strange light and was very special.

"What is this?" Ye chen asked.

The Demon King of the shengtan race explained, "great Messenger, this is a manifestation mirror. Everyone who enters the city has to take a look at it. It's to prevent the human cultivator from mixing in. Once the human cultivator is shone, he will be revealed!"

[Chapter 1806 The Search For The Magic Cauldron!](#)

Ye Chen's eyes flashed when he heard this.

This manifestation mirror was a little mysterious.

He didn't know if his spell would be seen through.

However, he had already come this far. With ye Chen's personality, how could he turn back?

Thump, thump, thump!

With firm steps, ye chen led the way.

The people of the Sentan race followed behind. It was a great honor for them to be able to follow the great Messenger.

"Who are you?"

Suddenly, a guard stopped ye chen and asked loudly.

"What?"

Ye Chen's eyes turned cold, exuding an invisible murderous aura. The demon was stunned. As the appraisal envoy, he was a respected person in the shengtan clan. Who would dare to look at him like that? who was this person?

He could not help but frown slightly as he looked at ye chen. Could this man be some noble figure?

Behind him, the Demon King of the shengtan race walked out.

"What do you mean?"

The Demon King shouted angrily at the appraisal envoy.

"Lord Demon King, who is this person? I've never seen him before." The appraisal envoy said.

"Hmph, what do you know? this person is the Saint demon clan's envoy!"

As soon as he said that, everyone was shocked. The Saint demon clan's envoy was an extraordinary identity.

"Ah?"

The appraisal envoy hurriedly went forward to pay his respects.

"I didn't know it was the Saint demon clan's envoy, please forgive me!" That demon dweller bowed and saluted.

"Hmph, it's not too late to know now!" Ye chen replied coldly.

"Yes, but this appraisal is requested by the higher-ups of the demon race. Please, Sir ..."

The demon made a "please" gesture, as if asking ye chen to make up his mind.

"Are you going to treat me the same as you lowly demons?"

Ye chen was furious. He released his aura and his powerful demonic technique shocked the crowd. Everyone panicked.

"Lord Messenger, please calm down, please calm down!"

The Demon King quickly came over to smooth things over. He naturally understood that although they were both Demon King level battle generals, the strength of the Saint Demon King was not something he could match up to. The difference between the two was obvious.

"Whoever dares to block me, die!"

Ye chen threw out his ultimatum.

"Still not moving?"

The Demon King of the shengtan race shouted to the appraisal envoy.

"Yes, yes!"

Although the emissary had status, that was only for normal mo. Against a mo King level battle general, he was nothing.

"Great Messenger, please!"

"Let's go!"

Ye chen walked straight ahead, exuding a domineering aura.

Behind him, the messenger wiped the sweat off his forehead and laughed at himself for being irrational. He was so stupid to insist on the Saint demon clan's Demon King battle general.

"Great Messenger, I'll take you to visit our elder of the shengtan race!"

"Alright!"

Ye chen followed the Demon King to a huge Palace where the elder Council of the Holy tan clan was located.

"Please!"

"En!"

Ye chen nodded slightly and walked into the main hall.

Within the hall, the power of darkness enveloped the area. It was powerful and intimidating.

However, this was nothing to ye chen. His Pandora demon ability far exceeded these people of the shengtan clan.

"Elder, elder!"

The Demon King of the shengtan race entered the hall and ran to an elder.

"Hei lang, what's the meaning of this? you're bringing an outsider into the main hall?" The elder asked in a displeased tone.

"Elder Qingshi, this man has an extraordinary identity. He's an emissary of the Saint demon clan. He's here to discuss something important!" Hei lang said urgently in a low voice.

"What? The Saint demon clan's envoy?"

Elder Green Lion stood up to welcome him.

"Hahaha!"

He laughed as he walked toward ye chen and said, "The Saint demon clan's envoy has arrived. Please forgive me for not welcoming you!"

Ye chen sneered in his heart. It seemed that the Holy demon clan was indeed the most respected existence among the demon clan. An emissary could make the elder of the Holy tan clan so polite.

"En!"

He nodded coldly and didn't respond much. This made the elder of the Sentan race tremble. Was it because he had neglected the emissary?

"Great Messenger, please take a seat!"

Elder Blue Lion invited ye chen to his previous throne.

Ye chen did not decline and sat down.

Elder Green Lion and the black wolf Demon King sat below.

"Lord Messenger, what is your purpose in coming to the Sentan race this time?" The Indigo Lion elder asked respectfully.

Ye chen glared at him coldly, causing the elder to shiver.

"Do you guys know about The Magic Cauldron?"

"Magic cauldron?"

Hearing the name of The Magic Cauldron, the Indigo Lion elder and the black wolf Demon King were both shocked.

"Lord Messenger, are you here to find the magic Cauldron?"

"Not bad! Recently, the human cultivators have been making a big commotion. The spirit realm heaven trampling sect, the blissful Summit, and other major forces are all ready to make a move. There are even rumors that the master of the blissful Summit, the blissful scholar, is about to undergo his tribulation. How can you not care about this?"

Ye Chen's face was filled with anger as he looked at the Indigo Lion and the black wolf.

"Ah? We care about it every day, but we don't have the strength to do so, so we don't dare to take action!" The Indigo Lion elder quickly said.

"That's right, great Messenger. We, the Holy tan clan, are loyal to the Holy demon clan. We will not be disloyal. Please calm down, great Messenger."

The two of them expressed their loyalty together. Ye chen sneered.

"Alright, this envoy also believes in you!" Ye chen said with a smile.

"Thank you, great Messenger! Thank you, great Messenger!"

The two of them said in unison, almost kneeling on the ground.

"Since you know my mission, you have to cooperate with me, understand?"

"Of course. If you have any requests, we will do our best to cooperate."

"Very good. Tell me all the information you have about The Magic Cauldron."

"I see!"

The green Lion elder looked troubled.

"How is it?" Ye chen shouted.

"Elder Green Lion, we can't be selfish at this point." Hei lang said.

"Alright, there's a good candidate for a magic cauldron in our race. He's an extremely talented warrior. If we want to summon a powerful demon, he'll definitely be of use."

"Very good, bring me to him immediately!"

"Yes!"

Elder Green Lion and the black wolf Demon King both shook their heads. It wasn't easy for their clan to produce such a talent, and now he was going to be sacrificed.

He followed the two of them out and walked to the front of a Palace.

"Xiong Pi, immediately bring your son out." The Indigo Lion said.

"Elder Green Lion, what do you mean by this?"

After seeing ye chen, the demon dweller felt that something was wrong.

"Cut the crap and bring him out!" The black wolf shouted.

"Hmph, if you don't explain the reason, I can't take it out!" Xiong gang responded strongly.

"What a joke. Do you know who this is? he's the Saint demon clan's emissary. How dare you be disrespectful in front of him?"

The atmosphere instantly froze, and there was a state of tension.

Ye chen walked to the front and said, "I'm an emissary from the Holy demon clan. I'm here to look for a candidate for The Magic Cauldron."

When he heard this, Xiong gang's cold eyes locked onto ye chen with deep hostility because he knew very well that the best cultivation vessel in the clan was his son.

"My son isn't here, you guys can leave!"

"Not here? Search!"

"Don't you dare!"

[Chapter 1807 Forcibly Extracting The Demon Bone!](#)

Xiong gang roared and blocked the way.

The black wolf faced him angrily.

"Father, what's going on?"

At this moment, a young boy rushed out, his eyes wide open as he looked at the crowd.

"Lord Messenger, this person is the most suitable person." Hei lang said.

"Alright, take him away!"

Ye chen said, waving his hand.

"Yes!"

The black wolf went forward to grab the young man, but it was blocked by Xiong Pi's claw.

"Black Wolf, what are you doing?"

"Did you not hear the great Messenger's orders? It's your son's honor to become the cultivation vessel of a powerful being in the devil realm. Are you not willing to do so?"

"My son doesn't need to be the cultivation vessel of some powerful being. He just needs to cultivate on his own."

"Laughable!"

Hei lang attacked in anger, and Xiong gang didn't show any weakness. The two of them started fighting.

Ye chen looked at the boy. As expected, his bones were amazing. There was a powerful demonic energy flowing in his meridians. If this person was not eliminated and he became the demonic cauldron of the demon Realm's Almighty, the situation would be extremely unfavorable for the human race.

"What are you looking at?"

The young man glared at ye chen and asked angrily.

"Hahaha, brat, you have to come with me this time!" Ye chen smiled.

"Who Do You Think You Are? how dare you ask me to go with you?"

"What?"

Ye chen raised an eyebrow. He did not expect this kid to be so unruly.

"Lord Messenger, please calm down. Let me do it!"

In order to please ye chen, the Indigo Lion elder immediately took action and restrained the kid.

Then, the Indigo Lion flew toward the giant bear and helped the black wolf suppress it.

"Xiong gang, don't be foolish. Since the great emissary is here, for the glory of our race, you must give up your son." The Indigo Lion said coldly.

"Azure Lion, why don't you give up your son?"

"I want to, too. It's a pity that my son isn't cut out for it."

"Hahaha, what a joke! How many years has it been since our shengtan clan produced a young genius, and he wants to go out and be a human furnace first? don't you think it's ridiculous?"

"This!"

The Indigo Lion and the black wolf were speechless, but they had no other choice.

"You talk too much nonsense, take him away!"

Ye chen said.

"Black Wolf, take the little cub away!"

"Yes!"

The Indigo Lion suppressed the giant bear while the black wolf left with he zhichen, the demon youth.

"You!"

Xiong gang wanted to resist, but he was no match for the Indigo Lion and was subdued on the spot.

As for the demon youth, he had been restrained by the black wolf and could not speak or move his body. He was in extreme pain.

Ye chen did not want to be so cruel but he had no choice. In a war between races, the interests of the human race would always come first.

After leaving with the demon youth, ye chen returned to the elder Hall.

"Great Messenger, do you have any other orders?" Hei lang asked.

"Mm ... There's nothing else, but I'm taking this person away."

"No problem. We will definitely obey the great Messenger's orders!"

"Alright!"

Ye chen nodded, then left the Holy tan clan with the young man.

They had just left not long ago when demon experts descended.

"Who are you?" The appraisal envoy asked.

"Get lost!"

The demon general was instantly enraged, and his aura burst out. The appraisal envoy was sent flying three thousand feet away, almost dying on the spot.

"Ah ..."

No one dared to step forward and quickly reported to the green Lion elder.

"Elder, it's not good. Someone has broken through the barrier, and the appraisal envoy has been knocked unconscious."

"What?"

The Indigo Lion was furious. Although the shengtan race was not a Noble Demon race, it would never allow anyone to trample on it.

He attacked with hei lang, and after seeing that person, the two of them instantly felt a burst of pressure.

This person's Foundation was deep, and his aura pressure was clearly that of a demon Emperor.

"Did you see an emissary from the Saint demon clan?"

The demon Emperor asked.

"I saw it. We've already sent it out of the furnace. Please calm down, Your Majesty."

"Send him out of the furnace?"

The demon Empress turned pale with fright when she heard that.

"You bunch of trash, you've been deceived. The real emissary has been killed. That person was a fake."

"Ah ..."

Everyone's faces turned pale.

"You bunch of idiots! If you can't let the Almighty from the devil realm descend, you'll all die!"

"This, this!"

The people of the shengtan clan fell into fear, and the demon Emperor was furious.

"Search for that person immediately. That's the ye chen You're looking for, you idiot!"

"So he's Ye chen? Detestable!" The Indigo Lion and the others were furious. They had been fooled.

At this moment, ye chen had brought the kid deep into the mountains.

"Kid, I was going to kill you, but since we don't have any grudges between us, I'll destroy your demon bone and turn you into an ordinary person. You'll never be a human furnace again. Just be an ordinary person!"

"Roar!"

The demon boy madly bit at ye chen, trying to attack him.

"Demon dwellers are really violent. So what? for the human race, this is your fate!"

Ye chen grabbed the demon's head and immediately searched his soul to change his fate.

Then, he directly pulled out the spine from the demon's spine.

"Ah!"

The demon shrieked miserably. He had no fate to become a human furnace in this life.

"Let's go!"

Ye chen flew away. After about two hours, the people of the Holy tan clan arrived. However, all they saw was an unconscious demon youth.

"Damn it, this ye chen. He deserves to die, he deserves to die!"

The Indigo Lion roared at the sky. How could the genius young man of the shengtan race be crippled? he could only be an ordinary person for the rest of his life.

According to this plan, ye chen visited many demon tribes. Taking advantage of the information asymmetry, he extracted the spine of many people and completely scrapped those human furnaces.

"A major power from the devil realm has descended? What a joke!"

In the end, ye chen had completed his mission and was ready to return.

At the edge of the demon-stricken area, ye chen saw the demon Army moving as if they were ready to take action.

At this moment, at the blissful Summit, the great ancestor and blissful scholar received news again that ye chen had stirred up a storm in the demon-stricken area. Not only had he rescued dugu you, but he had also wandered around the major demon tribes and destroyed the demon world's cultivation vessels. The great demon masters were shocked at the same time and vowed to kill ye chen.

"Hahaha, I didn't expect fellow Daoist ye chen to still be having fun." Blissful scholar said with a smile.

"Of course. For the human race, this kid is willing to go through fire and water without hesitation." Old ancestor yellow spring said.

A look of admiration appeared on the blissful scholar's face. Since ancient times, even the human clan's Almighty had not been able to work so hard for the human clan. The current ye chen was fully qualified to be called a human clan's Almighty.

"I wonder if the remaining demon masters will find ye chen. I hope they won 't."

The blissful scholar's concern was also the great ancestor's concern. Although ye Chen's strength was profound, the situation would be different if he were to face several demon masters.

"I'm sure ye chen will be able to return safely. When that time comes, I'd like to ask Junior Brother to organize a Grand welcome party for him, especially those beauties of yours, your wives, and concubines. They should all be there to welcome him. "

"Ha, elder ancestor's taste is indeed unique. I'll definitely do as you say!"

"Then I'll have to thank Junior Brother." Old ancestor yellow spring revealed a proud smile.

At this moment, ye chen had already reached the border of the demon-stricken area.

This place was heavily guarded and there were many arrays. It would not be easy to leave!

[Chapter 1808 1812-Surround, Chase, And Block](#)

At the border, ye chen advanced cautiously. If he was not careful, he could trigger the formation.

It had been fine when he had first entered, but now that the higher-ups of the demon disaster area knew that he wanted to leave, the security was naturally tight.

Ye chen stood on the peak and looked around. Countless guards were on patrol. They worked in shifts almost twenty-four hours a day without any rest. There were even demon kings in the patrol team this time.

Naturally, they were thinking that at a critical moment, the Demon King could still send a message even if he was no match for ye chen.

"Did you see one?" A demon dweller asked.

"No, I didn 't!"

"Patrol carefully. Report immediately if you see anything unusual. I want to report to the demon Emperor!"

"Yes!"

Everyone agreed and continued their patrol.

Moreover, there was a manifestation mirror set up at the crucial mountain pass. It was clear how much importance ye chen had been placed in this demon-stricken area.

At the same time, in the base camp of the demon disaster area, the three great demon masters had joined forces to hold down the Fort. They would not let ye chen go.

"This man is extremely arrogant. He has killed countless demon soldiers. If we don't kill him on the spot, where will the face of our demon race be?"

The devil moon Devil King roared.

"Mo Yue is right. This child's actions have touched the foundation of our demon race. In the past, the human race was afraid of us. Now, many of the human race have taken the initiative to attack us. What is this?"

Desolate demon master also roared in anger.

The one sitting in the center was demon master di Kuang, the current leader of the demon race.

"Everyone, please don't be anxious. It's difficult for this person to escape from the great Devil Sky Net formation that we've set up at the border. As long as we receive news, we can immediately take action." Said demon master di Kuang.

"Demon master di Kuang is right. We'll see how this brat can't escape even if he has wings!"

The three great demon kings stood up one after another and headed towards the border.

At this moment, ye chen had already arrived at a narrow pass.

He had tried many places in the surroundings. The formation this time was very special, and it was not so easy to rush through it directly. The best choice was to take the narrow pass.

He disguised himself as a Demon King, but this time, he was not from the Saint demon clan, but from the shengtan clan.

The Saint demon clan was a noble existence among the demon race. It was too conspicuous. After so many incidents, it was impossible to rely on arrogance to pass the test.

On the other hand, the people of the shengtan race were very ordinary and would not easily arouse suspicion.

What he was most worried about now was naturally the manifestation mirror. As long as the manifestation mirror could not detect his true body, it would be very easy for him to leave the demon race.

"Stop, come over and check!"

A general of the demon race shouted to the people who had passed the test.

Da, da, da!" Everyone came to the spirit mirror to be examined.

"Zi Zi Zi!"

The general pointed the mirror at everyone. Suddenly, in the light of the mirror, each demon dweller began to shine. If there were no abnormal changes, they were demon dweller. If there were abnormal changes, they were human.

This was the mirror rule set by the demon master, and everyone followed it.

Ye chen walked to the front and looked at the mirror in front of him. He smiled slightly, not afraid at all.

"You, the one from the Sentan race, come here!"

Suddenly, the general shouted at ye chen.

"Yes!"

Ye chen agreed and walked to the front.

"Zi Zi Zi!"

The mirror shone at ye chen. Instantly, light shot out in all directions and the mystic energy was rampant.

"Oh?"

The general of the demon race was slightly stunned. He didn't expect the people of the shengtan race to have such strong demon energy. The shengtan race was a poor race among the demon race, and there were no talented demon people among them.

"You're a member of the shengtan race?" The general asked ye chen with a smile.

Ye chen could see the sinister look in his description. This person must be up to no good.

"Yes!" Ye chen replied.

"Since when did the shengtan race have a master like you?"

"I'm very ordinary, my Lord!"

"Very ordinary? Hahaha, do you think I'm an idiot? this spirit mirror can not only reflect humans, but also demon geniuses. Since you're a demon genius, you can't leave the demon race at will!"

The demon General's tone was unyielding. He did not expect that this time, instead of being identified as a human, he was identified as a demon genius. Ye chen was speechless.

"Sir, I'm only going out to gather medicinal herbs. I'll be back soon!"

"Hmph, unless you have the personal orders of the demon Emperor, don't even think about leaving. You're not thinking of joining the human race now that you've seen them rise, are you?"

"It really isn't, my Lord!"

Ye chen now regretted strengthening his own Pandora demon ability in order to conceal his identity. Otherwise, he might have been able to leave.

"You really won't let me go?" Ye chen roared.

"Eh? He's really becoming arrogant! Let me tell you, even if you're a genius, you're no match for me. I'm a Demon King, and you're just a little demon general. You might be able to fight me in the future, but you're trash now!"

The man mocked ye chen.

"Trash? You said I'm trash?"

"That's right. Even geniuses need time to grow. You're trash now!" The Demon King roared.

"Giggle!"

Ye chen suddenly laughed eerily. Then, the glint of his blade and the shadow of his sword flashed as he sealed the throat in cold blood.

Buzz, buzz, buzz!"

Three blade lights flashed, and the general's body was split into three.

"Ah ..."

Seeing this scene, everyone was shocked. This person was truly a genius, and he even dared to kill a Devil King. Who was he?

All the demon dwellers looked at ye chen in shock. They wanted to know his identity. Even some of the people from the shengtan clan who had returned from outside were very surprised to see him.

After all, as the demonic general had said, the shengtan race had never produced any geniuses.

"Can I go over now?"

Ye chen shouted at the crowd coldly.

The demon Warriors didn't dare to respond. The Demon King had been killed in one move. Who were they? they might have died before they could even see the move.

Da, da, da!"

Ye chen walked toward the gate and was about to leave.

"Wait!"

Suddenly, a powerful force descended and instantly closed the door.

"What?"

Ye chen turned around and saw a person walking toward him. It was a demon Emperor.

"Kid from the Sentan race, you want to leave after killing someone?" The demon Empress asked coldly.

"He didn't let me pass. If I don't kill him, how can I pass?" Ye chen replied.

"Hmph, all the passes are under martial law now. What's a kid like you going through?"

"Picking herbs!"

"Hahaha, do you think I will believe your nonsense? take him down!"

The demon Empress ordered, and everyone charged forward.

"You're looking for death!"

Ye Chen's eyes turned cold and murderous.

Buzz, buzz, buzz!"

A few more blade lights, and many demon dwellers who rushed up died on the spot.

"Ah ..."

This time, no one really caught up. They were all just watching!

"You still dare to kill people!"

The demon Emperor was furious. He walked over and attacked ye chen.

"Swish!"

Ye chen turned around and grabbed the other party's sharp claws with one hand. No matter how the other party released his Pandora demon ability, he could not move.

"A puny demon Emperor dares to attack me?"

"No, no, you, you are that human cultivator!" Someone shouted.

Upon hearing this, everyone was shocked!

[Chapter 1809 Desolate Demon Master!](#)

"He's Ye chen! He's Ye chen!"

Instantly, countless voices shouted that ye Chen's identity had been exposed.

Ye chen did not expect that with high talent, there would be so much trouble. He had been exposed because of his talent.

"You actually know who I am?" Ye chen asked the demon Emperor with a sneer.

"I ... Of course I know. To be able to kill a Demon King in an instant and suppress me to this extent, you must be the human ye chen!"

The demon Emperor said in a quivering voice.

"You're smart, but you're going to die Here!" Ye chen sneered.

Sensing the strong killing intent from ye chen, the demon Emperor turned pale with fright.

"Stop!"

Just as ye chen was about to make a move, dark clouds filled the sky and dark lightning rushed toward ye chen.

"What?"

Ye Chen's heart trembled and he quickly retreated. He could feel that the power of this lightning was not ordinary.

"Hahaha!"

Then, a maniacal laugh rang out as the devil moon Devil Master descended.

"Ye chen, we meet again,"

Mo Yue laughed at ye chen.

"It's you!"

Ye chen looked at the man coldly and cautiously.

"I didn't expect that you didn't die from that palm strike back then. This time, I'll make sure you die without a burial ground."

"What big words!"

Ye chen was cold and expressionless. So what if he was facing the demon master? he was no longer who he used to be.

"Kid, you're so arrogant at such a young age. Who did you learn this from?"

"Do I need to learn? I am me!"

"Laughable!"

The moyue Demon Lord's brows were tightly furrowed, anger rising in his heart. He looked at ye chen as if he was looking at the greatest enemy of his life.

"Demon Lord, we can't let this kid live!"

Seeing the arrival of the demon master, the demon Emperor and the others retreated one after another, especially the demon Emperor. It was as if he had just picked up his life.

"Don't worry, I'll definitely kill this guy this time!"

The demon Moon Demon master made up her mind. Ye chen had destroyed the demon race's plans too much. This time, she would go all out to kill him.

"I'm afraid you don't have the ability!"

Ye chen sneered.

"Arrogant, damn it!"

"You have no chance of winning against the demon Lord!"

"He's simply a lunatic!"

Under the demon Emperor's lead, the demon clansmen constantly attacked ye chen verbally but none of them caught up because they knew that it was too easy for ye chen to kill them.

"Hmph, ye chen, I know you're very confident but you've forgotten that you're in my demon territory!"

"So what?"

"What do you think?"

Just as devil moon Devil Master finished speaking, the wind and clouds in the sky suddenly surged, and the sun and moon went dark. Another terrifying force descended.

"Hahaha, little brat ye chen, this demon master is here!"

The desolate demon master descended amidst his maniacal laughter.

"Mm ..."

Ye chen looked at this person with a slight look of disdain. It was just as he had imagined. In order to kill him, all the demon masters of the demon race had been mobilized.

"Since you're all here, why don't you all show yourself?"

He shouted to the demons.

"Are the two of us not enough to deal with you?" Desolate demon master said.

"It's really not enough!" Ye chen replied bluntly.

"You!"

The two demon kings were both shocked and furious.

They were the two great demon lords who dominated the demon-stricken area. To be ridiculed by a human brat in front of so many people was a great humiliation. If they did not kill ye chen today, they would lose all their old faces.

The demon Emperor and the others continued to boast about the demon master's power and belittle ye chen.

In ye Chen's eyes, these were all nothingness and meaningless.

"Let's not talk nonsense with him. Kill him and hang his head on the demon City. Let those arrogant humans see what happens to him!"

"Well said!"

The two demon masters nodded at the same time and flew toward ye chen.

The battle began, and ye chen accepted the challenge decisively.

Buzz, buzz, buzz!"

With a wave of his hand, the light of the immortal flying knife was released.

The demon master's figure moved instantly, avoiding the light of the flying Daggers and pressing down on them.

"Brat, die!"

"Brat, watch this demon master's great magical power take you down!"

The two great demon kings released their demonic techniques at the same time. Instantly, demonic energy filled the sky, and the entire space fell into darkness.

The surrounding demonic souls were strange and flew back and forth like Yakshas and evil ghosts, making people extremely uneasy.

Even the demon soldiers knelt on the ground and didn't dare to move when they felt this power.

"Devil's capturing hand, bi an heart-devouring!"

The desolate demon master released his divine power. His large hand reached out and instantly extended infinitely like an evil Dragon, pouncing toward ye chen.

"Ha, trash!"

Ye chen attacked in anger. As he flew, he stomped on the ground.

"Heaven shaking Stomp!"

He suddenly kicked out, and the force of his foot swept up a Gale as he hit the head of the 'evil Dragon'.

"Boom boom boom!"

"Aiyo!"

The desolate demon master's foot stomped on the ground, and he quickly retracted his hand. The pain was unbearable.

"Is this the power of a demon master?" Ye chen sneered.

"Bastard!"

Desolate demon master was humiliated, and he could not suppress his anger.

"Don't fall for it, this kid is extremely shrewd!" The devil moon Devil Master said.

"Alright!"

The desolate demon master could only admit defeat. If he continued, he would be at a greater disadvantage.

The demon soldiers were naturally shocked. The demon master had made his move, and the great magical ability of the demon race had been suppressed in an instant. What was this?

"Come, come, come!"

Ye chen fought alone and made a provocative gesture to the two demon masters.

"Despicable, kill!"

This time, the devil moon and the devil King were enraged. With a wave of his hand, spatial energy swept out. Then, a blade of black light slowly emerged from the dark space. It was the devil moon blade!

"Slash!"

The devil moon saber slashed out, and a dense wave of demonic energy swept through the entire area.

The surrounding ghosts were drawn in at the same time and chased after ye chen like murderous ghosts.

"You even dare to show off your evil ways?"

Ye chen sneered. He raised his hands high and retracted his energy.

"Ah!"

With a long roar, the power of the lion's roar was released.

"The true Samadhi fire!"

"Phew, phew, phew!"

The flame was like a dragon, burning everything.

When the ghosts came into contact with the power of the primordial fire, they immediately dissipated and were completely useless.

"Ah ... This!"

The devil moon Devil Master was shocked to see his blade light and ghosts all destroyed by the true fire.

"This child is not the same as before. I wonder what kind of cultivation technique he is using to cultivate!" Mo Yue was suspicious.

"This kid is abnormal. We can't use common sense to think about him. Let's join forces. We can't wait any longer."

"Alright!"

The two demon masters finally put down their airs and prepared to join forces to kill the enemy.

"They should have attacked together a long time ago. What a waste of my time!"

Ye chen stretched lazily, not taking them seriously at all.

"Ah ..."

The crowd was in an uproar. Where was the power and dignity of a demon master?

The devil clansmen shook their heads. Was the glory of their devil clan coming to an end because of a little human brat?

At this moment, the desolate demon master and the devil moon devil clan attacked at the same time. The devil moon shone in the sky, and the land was lifeless.

"Law of desolation, destruction!"

The desolate demon master released his demon energy. Suddenly, the surrounding space became barren, and the power of corrosion rushed toward ye chen.

At the same time, the devil moon Devil Master activated the light of the devil moon, and the power of the devil moon saber increased by a hundred times, killing without mercy!

[Chapter 1810 Taotie, Qiongqi!](#)

At that moment, the world was silent!

The scene of the desolate demon master and the demon Moon Demon master joining forces against ye chen was unprecedented.

The devil moon saber emitted a cold light and a murderous aura. It contained the powerful power of the devil clan's law. It was like an evil beast that vowed to devour ye chen.

As for the law of desolation, it contained a powerful corrosive power, which was also difficult for ordinary people to resist.

With these two massive forces attacking ye chen at the same time, no one thought that ye chen would be able to live for another second.

"Boom boom boom!"

The two demon masters were determined to kill ye chen before everyone else. Only then could they prove the superiority of the demon race and regain their dignity. Otherwise, they would be completely defeated and in complete despair.

At this point in the battle, it was no longer a matter of face but a serious Battle of Destiny. The demons could not lose, and ye chen could not lose!

"Kill!"

Mo Yue shouted, and Huang Wu roared. The two of them descended from the sky and rushed in front of ye chen.

"Hahaha, good!"

Ye chen laughed wildly like a madman, fearless!

"True spirit nine transformation Taotie, Qiongqi!"

"The whale swallows the world!"

Ye chen activated the might of the true spirit nine transformations. Suddenly, the incomparably tall Taotie and the Qiongqi Golem appeared behind him. They were like tall peaks and mountains that stood tall and upright!

"Roar!"

The two giant beasts let out angry roars. Their mighty figures were like ghosts and gods.

Such a phenomenon instantly shocked everyone.

No one knew what had happened. They only saw an ancient beast appear behind ye chen as if it wanted to devour everything.

"Impossible! This kid definitely wouldn't dare to devour our power. Otherwise, he would definitely die!" The devil moon Devil Master said.

"You're right. With our power, a small human cultivator would only explode and die if he tried to absorb it!" Desolate demon master shouted as well.

In this case, ye Chen's actions were akin to digging his own grave. The demon clan was overjoyed.

"He's so arrogant. He wants to devour demonic energy to improve his cultivation. Two great demon masters joined forces and released a shocking magical power at the same time. If this kind of power is devoured, he'll definitely die!"

"Hahaha, he's overconfident. Is he really going to devour so much demonic energy?"

"Finally, this so-called genius of the human race is going to fall in front of us. This is so satisfying!"

The demon Army celebrated themselves and waited for ye Chen's defeat.

"Boom boom boom!"

The demon Moon and the desolate demon master's might had reached its peak, and they were suppressing ye Chen.

"Roar!"

Behind ye Chen, the archaic vicious duo were incomparably violent. They madly opened their huge mouths and seemed to be devouring everything. They did not care about the danger of exploding and dying.

"Hahaha!"

He was still laughing as if he did not care about the two great demon masters and the demon masters' understanding of the battlefield. Such arrogance made the two great demon masters' hearts tremble. They did not know why ye Chen was like this!

"Die!"

At this time, the two demon masters no longer thought about anything else and released their power at the same time.

"The whale swallows the world!"

Ye Chen released the Supreme-grade devouring demon matrix and worked with the two primordial fierce beasts to devour energy!

"Phew, phew, phew!"

Endless mana gushed into the bodies of the two beasts like a tide. Their bodies were so huge that they were like mountains and the vast ocean.

The continuous infusion of mana made everyone nervous. They were waiting for ye Chen to explode and die!

"Zi Zi Zi!"

Ye Chen's body had indeed undergone an abnormal change. His body had become extremely inflated like a balloon.

The demons were overjoyed to see this. It was just as they had predicted. Ye chen could not withstand the ultimate demon energy of the two great demon masters no matter what. If he absorbed it by force, he would be courting death.

Zila, Zila, Zila!

Ye Chen's entire body was covered in dark electric light and his body began to collapse.

"Ah!"

Ye chen let out a furious roar. He stabilized his body and refused to retreat.

"Hahaha, brat ye chen, you're dead. Surrender now and you'll still have a chance to live!" The devil moon Devil Master said.

"That's right, kid. If you miss such a great opportunity, you'll regret it for the rest of your life!" Desolate demon master said.

They did not really want to give ye chen a chance to live. Instead, they wanted to regain the honor of The Fiend Race. They had to let everyone know that the human genius ye chen had admitted defeat of his own accord. He had knelt in front of them and admitted defeat like a lamb!

Of course, ye chen was aware of such a sinister plan. As the pride of the human race and the hope of the human race, how could he admit defeat?

"Don't even think about it!"

With a furious roar, ye chen continued to absorb the powerful Pandora demon ability.

"Hahaha, you're so stubborn, but it's useless. Our mana is like endless waves of rain. Come die!"

"Right, right! Arrogant brat, in the end, you will die under your own arrogance. The tragic result of your body exploding will be your end!"

p The two great demon kings laughed wildly. They were finally going to subdue this human brat who had caused a great shock to the demon race.

"The mighty demon Lord, ye chen, die!"

Countless demon Warriors shouted their slogan, waiting for the demon Lord to punish ye chen.

At this moment, on the battlefield, ye Chen's body was showing signs of further collapse. All the members of the demon clan were even happier as if they had seen the best hope and success was right in front of them.

"Roar!"

The two heaven-devouring beasts behind ye chen were still absorbing the demonic energy madly. Such actions were puzzling.

"What's wrong with this guy? he's about to explode and die, but he's still forcefully absorbing the demonic energy. Does he want to die?"

"This person's behavior is too abnormal. What's going on?"

"Could it be that he still has some tricks up his sleeve? no way?"

Gradually, many demon powerhouses began to wonder if ye chen was carrying out some plan. They reminded the demon master one after another, hoping that the demon master would end ye chen as soon as possible to prevent any accidents from happening.

The demon master was furious. He only said that they were juniors and did not understand the situation of war. They wanted to torture ye chen and make him submit. Only then would the demon race have face.

The demon experts could only shut their mouths and wait for the result.

"Ye chen, you're running out of time. I'll give you one last chance to kneel and surrender." The devil moon Devil Master said.

At this moment, the desolate demon master released his might once again to suppress the other party.

"Hahaha, you idiots. You're still thinking about your own victory, but you don't know that death is already in front of you." Ye chen said.

"What a joke. The Grim Reaper will only look for you. How could it possibly land on us? are you out of your mind?"

"Idiot demon, you should be defeated and killed!"

At that moment, ye chen suddenly opened his eyes and released his fiery golden eyes. It was clear that the power in his body had reached its peak.

"Roar!"

"Taotie!" The Qiong Qi roared again. Finally, everything had come to an end.

Ye chen played along. His disguise was about to end.

"I'm a descendant of an ancient God, yet you want to kill me with your puny power? what a joke! Now, I'll let you taste my own power!"

The moment he said that.

The two great demon masters immediately turned pale with fright!
