

## Genius 1811

### Chapter 1811

His wife and children were full of doubts, but they obediently went upstairs.

Wang Xuelin again told the servants in the house to go back to their rooms first, before he walked up to Li Tiezui and surprisingly knelt down with a respectful face.

“Master Li, what do you need me to do?”

If anyone else had seen this scene, they would have been shocked to the extreme.

This Wang Xuelin, in Guangyang City, was considered an entrepreneur with a successful career.

In normal days, even those from the big families in Guangyang City had to treat him with courtesy when they saw him, ah.

Now, he was kneeling in front of a man with such an obscene appearance, and he was speaking so respectfully? What the hell is going on here?

Li Tiezui glanced at him, “What are you kneeling for?”

“Didn’t I say that you weren’t allowed to kneel?”

“Get up!”

Not only was Wang Xuelin not angry, but he grinned, looking surprisingly naive.

He stood up, still respectfully standing with his hands down beside Li Tiezui.

“Master Li, I saw you come over a few days ago.”

“I was very excited in my heart and wanted to say a few words to you.”

“But you explained that as long as you didn’t look for me, I would have to pretend that I didn’t know you.”

“Master Li, you have finally come to me, is there something you want me to do?”

“As long as you give the word of command, sword mountain and fire sea, I will definitely do it for you!”

Wang Xuelin’s voice was slightly trembling, looking very excited and joyful.

Li Tiezui waved his hand, “I’ve told you that what you owe me has all been paid back.”

“If I am really at the end of my rope, I will ask for your help. But I will never put your life in danger, do you understand?”

He looked at his scarred arms and whispered, “Master Li, this life of mine was dragged out by you from inside the wolves with great difficulty.”

“I still remember that back in the desert, when I was surrounded by wolves, it was you who ran in and dragged me out despite all odds.”

“You were also the one who would rather offend Nalan Jie, the King of the Desert North, than forcefully protect me.”

“All the way from the north to the south, being chased by countless people and dragging me for six thousand kilometres before you managed to save my life.”

“Such a kindness, do you think I can repay it?”

“Let alone the fact that what you asked me to do was not life-threatening, even if you asked me to die now, I definitely wouldn’t frown!”

Li Tiezui kicked him and cursed, “You’ve got a wife and kids, what’s the point of talking about death?”

“It’s all in the f\*cking past, what’s the point of talking about him?”

“Can’t you think of your own wife and children?”

Wang Xuelin was not the least bit offended by Li Tiezui’s kick, instead he grinned once again.

“What I left them is enough for them to live in peace for the rest of their lives.”

“A husband’s duty, a father’s duty, I’ve done my part.”

“Master Li, if there’s anything you need, just give me an order, I’ll definitely help you do it!”

Wang Xuelin said sincerely.

Li Tiezui gave him a deep look, “Fine, since you have this heart, then do one thing for me.”

“I have an address here, go and find a person for me.”

“Tell him that the descendant of the man who saved his father’s life back then is in danger and needs his help.”

“Then, bring him to Guangyang City as soon as possible, do you understand?”

Wang Xuelin took the address and nodded vigorously, “Master Li, don’t worry, I will definitely help you do it!”

Li Tiezui nodded slowly, “Be careful of any tails on the way.”

“If someone stops you, just come back, they may not give you a hard time!”

Wang Xuelin nodded his head again.

Li Tiezui got up and left the villa.

Not long afterwards, a black car drove out from the villa.

The one driving the car was none other than Wang Xuelin, who had gone through some disguises.

He did not drive his own luxury car, but drove the grocery shopping car used by the family’s nanny, in order to prevent being followed.

However, he did not notice that right after his car pulled out, a man got up from beside the villa and disappeared into the night.

## **Chapter 1812**

Wang Xuelin drove through the night until noon the next day, when he arrived at the border of Hangzhou Province.

According to the address Li Tiezui gave him, he arrived at a very remote county below Hangzhou Province.

Driving into the county, Wang Xuelin found a kiosk to buy some food to fill his stomach casually, and incidentally asked the kiosk owner for the location on the address.

According to the owner's description, the location on the address was an orchard in the suburbs.

After asking for the location, Wang Xuelin immediately returned to his car and prepared to drive away.

However, as soon as he sat down in the driver's seat, he felt that something was wrong with the situation.

Just as he tried to turn his head, an icy dagger was placed against his neck, accompanied by an unusually cold voice: "Drive."

Wang Xuelin didn't dare to move, and could only start the vehicle.

"Where to drive?"

Wang Xuelin asked.

"Get on the highway and go back to Guangyang City!"

"As long as you go back honestly, I won't kill you!"

The man behind him said in a cold voice.

Wang Xuelin couldn't help but remember what Li Tiezui had said, that someone would stop him, and as long as he went back, the other party might not make things difficult for him.

This was indeed the case.

It seemed that the person who stopped him just didn't want him to pass on this message!

However, in his heart, Wang Xuelin was unwilling to give up just like that.

This was something Li Tiezui had asked him to do, and he knew very well that Li Tiezui would not casually ask for his help until he was at the end of his tether.

It must be that everyone around Li Tiezui was being watched by the other side, so he came to him for help, looking for someone who the other side would not notice.

In other words, if Wang Xuelin did not pass on this letter, then Li Tiezui would really have no recourse.

He took a deep breath, pretended to be obedient and started the vehicle, driving towards the outskirts of the city.

And just when the vehicle was about to reach the highway entrance, Wang Xuelin suddenly hit the steering wheel and directly crashed the vehicle into the guardrail next to him.

Underneath the guardrail was an open space more than three metres high, and the vehicle fell down, only to hit Wang Xuelin in all directions.

The man behind him was not prepared for such a situation and the dagger in his hand came straight out of his hand.

Wang Xuelin took this opportunity to quickly climb out of the car, get up and run away in a hurry without looking back.

“If you dare to run, I will kill you!”

A furious roar came from behind, but Wang Xuelin could no longer care less.

He ran wildly all the way, only to run out of breath, and finally arrived outside an orchard.

This orchard was the one on Li Tiezui’s address.

Wang Xuelin caught his breath and was about to enter the orchard to look for it, when a cold voice suddenly came from behind him.

“Why don’t you run away?”

Wang Xuelin turned his head, only to see a man dressed in black standing not far behind him.

The man was holding a dagger in his hand, and a chill emanated from his eyes as he stared deadly at him.

Wang Xuelin’s face changed, this man, was the same man from the car before.

Although he had not fought with the other man, Wang Xuelin knew that this man’s strength was definitely above his.

Otherwise, it was impossible for this man to come to him silently without him even noticing it!

Wang Xuelin gritted his teeth and said in a deep voice, “I have no grudge against you, why are you chasing me to death?”

The man’s eyes were disdainful: “It’s already this time, why are you still talking such nonsense?”

“I gave you a chance, as long as you go back to Guangyang City, I won’t make things difficult for you!”

“But, instead of seizing the opportunity, you even deceived me, then you must die!”

With these words, the man dashed forward, quickly rushing in front of Wang Xuelin and slashing the dagger in his hand straight towards Wang Xuelin’s neck.

Wang Xuelin quickly turned around and dodged the blow in a panic.

The man was stunned when he missed the blow: “Yo? You’ve got some skills!”

“It seems that I really underestimated you.”

“The people Li Tiezui found are really all somewhat capable!”

### **Chapter 1813**

Wang Xuelin’s face was blue and without saying a word, he turned around and ran into the orchard behind him.

The man’s mouth wiped a cold smile of disdain as he slowly followed him in, like a cat playing with a rat, not taking Wang Xuelin seriously.

The fruit trees in the orchard were sparsely planted, and although Wang Xuelin escaped into the orchard, he could not find a place to hide.

The man behind him seemed to be careless, but in fact, his speed was not slow and the distance between him and Wang Xuelin was still closing.

It was clear that the man was simply teasing Wang Xuelin. Otherwise, I’m afraid he would have caught up with Wang Xuelin already!

In such a situation, Wang Xuelin’s heart could not help but despair.

He wasn’t worried about his own life or death, what he was really worried about was the matter that Li Tiezui had explained.

If he couldn’t even get this done, wouldn’t he be delaying Li Tiezui’s business?

He looked around, but there was no one in the forest, and he had no idea where the man he was looking for was.

After running like this for a while, the man behind him eventually caught up with him.

With a dagger in his hand and a teasing sneer on his lips, he said slowly, “Wang Xuelin, how about I give you another chance?”

“As long as you go back to Guangyang City, I will spare you from death, how about that?”

Wang Xuelin’s face was blue and he gritted his teeth and said, “If you want to kill or be killed, just do it, where’s the nonsense?”

The man threw back his head and let out a wild laugh, “No wonder people say that Li Tiezui is the most accurate in reading people, today I have gained an insight.”

“If you can make a man work for him without even taking his life, that alone makes you impressed.”

“Since you’re so determined to die, I’ll let you do it!”

With those words, the man fiercely gripped his dagger and quickly rushed towards Wang Xuelin.

Wang Xuelin dodged hastily, but this time, he was not so lucky.

The man was on guard, so as he retreated, the man quickly took a step out with him.

The dagger missed Wang Xuelin's neck, but it did make a bloody mark on his shoulder.

Wang Xuelin let out a muffled grunt in pain and turned to run away again.

The man sneered, "Can you run?"

With a long jump, he rushed directly in front of Wang Xuelin and backhandedly kicked him squarely in the chest.

Wang Xuelin was sent flying backwards and landed heavily on the ground, vomiting out a mouthful of blood directly.

The man stood in front of Wang Xuelin and looked at him with cold eyes, "Being righteous is a good thing, but unfortunately, those who are righteous are also the ones who die the fastest!"

With that, he slowly raised the dagger in his hand and stared at Wang Xuelin's neck.

Wang Xuelin couldn't help but close his eyes, now he was powerless to resist.

However, just at this close call, a heavy footstep suddenly came from the side.

The man froze for a moment and hurriedly looked back, only to see a tall man emerge from the middle of the fruit forest.

He was dressed in the clothes of a gardener and wore a straw hat on his head, covering most of his face.

Around his neck was a white towel, which the gardener used to wipe his sweat.

A scythe was pinned to his waist, as if he had just come from working in the orchard.

The man frowned, this gardener had come at too good a time, had he not?

The man was hesitant to kill the gardener, but the gardener spoke first: "No outsiders are allowed in the orchard, get out!"

The man did not expect that the gardener would dare to scold him?

He sneered disdainfully, "Let me out? Who do you think you are?"

The gardener: "Because I am the owner of this orchard!"

"You're standing in my orchard right now, and I'm letting you out, so what's wrong with that?"

The man sneered and raised his dagger high in the air, glancing at the gardener with a smug slant, "Are you sure?"

## **Chapter 1814**

The gardener said impatiently, "What's sure or not?"

"I told you to get out, didn't you hear me?"

"This is my orchard, there's a sign outside keeping outsiders out, didn't you see it?"

The man's face was suddenly cold, and he gripped his dagger hard, already with the intention of killing.

At this moment, Wang Xuelin struggled to sit up and said in a trembling voice: "This big brother, you ..... don't talk nonsense, run quickly, this is a killer ....."

"If you don't run, he will kill you!"

The man laughed coldly at his words and looked at the gardener smugly, "Did you hear that?"

"Now, do you still want to let me out?"

As if he hadn't heard Wang Xuelin's words, the gardener said angrily, "Do you understand human speech or not?"

"I said, this is my orchard, let you go out, don't you understand?"

The man was furious and violently threw the dagger in his hand, ready to nail the noisy gardener to death.

Wang Xuelin sighed ruefully, he had no strength at all now, and there was no way he could save the gardener.

He could only say that the gardener was too stubborn and had brought about his own death!

The dagger flew rapidly towards the gardener's neck and was about to nail him to the tree behind him.

Who knew that the gardener would bend down and pick up a branch from the ground in the nick of time?

The dagger flew past the gardener's body, without hurting him at all.

As if he did not see the dagger, the gardener took the branch and said angrily, "I told you that outsiders are not allowed to come in."

"Look, you have all broken the branches of this fruit tree of mine."

The man's face was chilled, he originally thought that this gardener was already a dead man.

Unexpectedly, he would have dodged the dagger strike like this.

"A piece of trash with a bit of luck?"

"Humph, if you anger me, luck won't save you!"

The man shouted angrily and suddenly rushed in front of the gardener with a quick step, his right hand formed a claw and grabbed directly at the gardener's neck.

"Give me death!"

The man let out a hiss, if this grab hit, it would definitely crush the gardener's neck.

However, just as he struck, the gardener also moved.

He casually waved his hand, and surprisingly, he directly blocked the man's arm away.

The man's face changed instantly and he said in a deep voice, "Surprisingly, he's a practitioner!"

"I never thought that there would be times when I would look away!"

Wang Xuelin also froze, he thought the gardener was dead. Who would have thought that the gardener would still have the slightest resistance?

Just then, he suddenly remembered something and said urgently, "Are you ..... you Wu Xuan?"

The gardener glanced at him and his voice was slightly cold: "What are you?"

Wang Xuelin said sharply, "It was Master Li Tiezui Li who told me to come and find you."

"He has a message for me to pass on to you."

The gardener waved his hand straight away, "I have nothing to talk to him about."

"Things between the two of us have long since been cleared up."

"You go back and tell him that I have retired, so he should leave me alone!"

Wang Xuelin couldn't help but stare, this man, how could he have this attitude towards Li Tiezui?

However, remembering what Li Tiezui had explained, he still spoke again, "Master Li only asked me to convey a message."

"He asked me to tell you that the benefactor who saved your father's life in the first place, his descendants are in danger and need your help!"

Hearing this, the gardener's body trembled violently.

He took off the straw hat on top of his head, revealing eyes full of shock as he stared at Wang Xuelin with a deadly stare.

"What you ..... are saying is true?"

Just then, the man next to him roared out, "You two, do you really think I don't exist?"

"Suffer death!"

Without speaking, he had jumped up and pounced on the gardener from behind, striking with all his might and stealing the back of the gardener.

## **Chapter 1815**

Wang Xuelin didn't even notice the man making a move, and by the time he realized that something was wrong, the man had already rushed behind the gardener.

Wang Xuelin was startled, and it was too late to warn him, so he was shocked.

The man's strength was terrifying, and if such a blow hit him, wouldn't the gardener be seriously injured on the spot?

However, at this moment, something unexpected happened.

The gardener turned around in an instant and threw a direct punch that collided with the man's fists.

Only two clicks were heard, and both of the man's arms were broken at the same time, causing him to let out a cry of pain.

However, the gardener's punch did not stop there.

After breaking both of his arms, the gardener's punch hit the man directly in the chest, and the man instantly flew backwards, unexpectedly breaking a fruit tree behind him.

This fruit tree was almost as thick as a bowl.

How powerful a force must it be to break a fruit tree with this blow?

The man's chest was sunken, obviously having his ribs broken.

He vomited a few mouthfuls of blood, struggled several times but failed to stand up, and finally fell helplessly to the ground with a look of disbelief on his face.

He could never have dreamed that a gardener who looked like a crop duster would have such terrifying strength!

Wang Xuelin watched all of this with dumbfounded eyes, this ending was something he had not expected at all.

He had to know that this man's strength was very powerful, and Wang Xuelin had seen it first hand.

As a result, in front of this gardener, this man could not even withstand a single blow, what on earth was the situation?

How strong should this man be?

After a moment of shock, Wang Xuelin's heart rose again with infinite hope.

With the help of such a strong man, I guess the trouble on Li Tiezui's side could be solved!

After the gardener dealt a heavy blow to the man, he didn't even look at him, still staring at Wang Xuelin.

"What you just said, is it all true?"

The gardener asked in a deep voice.

Wang Xuelin came back to his senses and nodded hastily, "Of course ..... of course it's true."

"This is what Master Li himself told me!"

The gardener fell into deep thought, and after a long time, he clenched his fist and rose, saying in a deep voice, "Good, I'll give him the benefit of the doubt once more."

"However, if I find out that he lied to me, humph, I will take his life!"

Wang Xuelin couldn't help but be confused, what was the relationship between this gardener and Li Tiezui? How come he still had such a big temper?

The gardener gathered up the things on the ground and turned around, "Wait here for a while, I'll go back to fetch something and then I'll follow you!"

Wang Xuelin hurriedly nodded his head.

At this moment, the man struggled and spoke, "Who the hell are you ....."

"Let me warn you, don't get involved in this matter. Otherwise, you will definitely not end up in a good place!"

The gardener sneered, "Just by you, you still want to scare me?"

The man was furious: "You ..... do you know what I am?"

The gardener was dismissive: "Aren't you the Shadow Killer under Xue Laowu!"

"Hmph, what I, Wu Xuan, am going to do, even if Old Fifth Xue himself comes, he won't be able to stop me!"

At these words, the man and Wang Xuelin all froze.

Both of them looked at this gardener with dumbfounded eyes, their faces filled with shock.

How many people in this world would dare to speak so wildly?

How could he not even put the King of the Southern Realm, Master Xue Wu, in his sights? What kind of person was he relying on?

The man's face turned iron blue and he said angrily, "How dare you ..... disrespect the Fifth Master?"

"I'll kill you!"

He forced himself to lift a breath and barely got up, stumbling and rushing towards the gardener.

The gardener kicked him back and said in a cold voice, "Keep this dog's life and go back and tell Old Master Xue."

"If you want to stop me, Wu Xuan, you'll have to do it himself."

"Don't send some cats and dogs over here, disgraceful!"

## **Chapter 1816**

The gardener finished and left straight away.

The man sat paralyzed on the ground, and this time, he was never able to get up again.

Wang Xuelin stood by, dumbfounded, watching all this.

He had never dreamed that someone would dare to speak to Master Xue Wu in this way.

He was somewhat puzzled in his heart and really wondered what kind of status this Wu Xuan had, that he did not put Master Xue Wu in his eyes?

Not long after, the gardener walked out.

He was carrying a travel bag in his hand and had changed into a casual outfit, looking as if he was an ordinary tourist.

“Let’s go!”

The gardener spat out two words and walked straight ahead.

Since the beginning, he didn’t even glance at the man on the ground.

Wang Xuelin followed behind in a panic, his heart was already occupied with shock at this moment.

.....

Guang Yang City.

At five o’clock in the afternoon, the Xie family’s motorcade entered Guangyang City in a high profile.

Just after entering Guangyang City, they chartered the Times Hotel and openly shouted that they wanted Lin Mo to go to the Times Hotel at night to kowtow and confess his sins.

Otherwise, they would kill Lin Mo in Wangjiang Garden and personally kill him!

The entire city of Guangyang was in an uproar.

The Xie family’s toughness was a matter of public knowledge.

Everyone was discussing what would happen to Lin Mo this time around.

However, regardless of whether the crowd supported Lin Mo or not, the conclusion of the crowd was the same, that was, Lin Mo was dead this time!

After all, the Xie family was a large family from the capital, and was one of the candidate members of the Ten Great Families of China.

With such a powerful family, even Master Xue Wu did not dare to underestimate them.

And although Lin Mo had risen quickly, he had a weak foundation after all, and no big backers.

It was still completely inadequate for him to want to confront a powerful force like the Xie family.

Therefore, in everyone’s opinion, Lin Mo would only end up in one place, and that was certain death!

.....

Wangjiang Garden.

Li Tiezui put down the phone and looked at Lin Mo, who was sitting on the sofa, “The Zhou family’s Elder Zhou just called and said he wanted to bring the Zhou family’s people to the Times Hotel to support you, but I politely refused!”

Lin Mo nodded and said softly, “Old Li, if I really can’t come back alive tonight, you can pa\*s on these favours to Xi’er for me.”

“These people once helped me when I was in the worst of times, remember to repay them if you have the chance in the future!”

Li Tiezui sighed ruefully and said in a low voice, "I really didn't expect that the Xie family would come so quickly, we were completely unprepared."

"Lin Mo, why don't you just run?"

"As Huo Hua said, if you leave a green hill, you won't have to worry about burning wood!"

Lin Mo shook his head, "If I run away like this without even meeting the Xie family, what face will I have to come out and meet people in the future?"

"This fight tonight, no matter what, I have to go on a journey."

"Even if I have to die, I'll admit it!"

Li Tiezui sighed helplessly, he knew that he could not persuade Lin Mo, his temper was like that.

And in fact, it was just as Lin Mo had said.

If he had simply run away this time without even meeting the Xie family, then he wouldn't have had to think about rising again in the future!

People in this world always look down on those who are as timid as rats.

If you can stand up and face it, even if you are not an opponent, the people of the world will still look up to you.

And if you don't even have the courage to face it and retreat without a fight, even if you are right, you will only make countless people laugh.

After sitting for a while, Lin Mo looked at the time and got up, "It's almost time."

"Old Li, you just don't have to go."

"If I don't make it back tonight, remember, don't help me take revenge!"

Li Tiezui opened his mouth, but in the end he didn't say anything, only nodded heavily.

Lin Mo walked out of the courtyard and looked at the dark clouds that were pressing down on the sky.

Black clouds were pressing down on the city, a heavy rain was coming!

## **Chapter 1817**

7pm, Times Hotel.

At this moment, outside the Times Hotel, many people had already gathered.

These people were all the big shots on this side of Guangyang City.

Either they were some rich people's families, or people from some big families.

They all belonged to people who were well-informed and knew about tonight's events, and just wanted to come over to see what all the fuss was about.

Among the crowd, there was a man who was spitefully yelling, "I'm telling you, tonight, Lin Mo is dead!"

“Do you guys know what the Xie family upstairs is about?”

“That’s a big family in the capital!”

“The Xie family has joined hands with the Nalan family, the number one family in China, this year, and moreover, the Xie family itself has the strength to enter the top ten families in China.”

“Such a big family, not to mention our city of Guangyang, even the top ten families of Guangyang Province would have to kowtow and apologise honestly when they see them.”

“This Lin Mo is just a door-to-door son-in-law who eats soft rice, I don’t know what kind of luck he had, but he inherited what Nanba Tian left behind to become what he is today, what qualifications does he have to compare with the Xie family?”

“In the eyes of the Xie Family, this Lin Mo is just an ant. A casual finger from the Xie Family could crush him to death, so you guys say, how could he not die?”

The crowd around them listened with shocked faces, but of course, there were some who echoed the same sentiment, shouting that Lin Mo was dead.

On the other side of the crowd, there was a girl in white standing.

The girl was none other than He Qianxue, her face was haggard and full of grief.

Every word this man said seemed to be a heavy hammer hitting her heart, causing her even more heartache.

After she learned about Lin Mo, she had been in tears for the past two days, her heart tormented to the extreme.

He Lao went to see Lin Mo once and expressed his willingness to help him.

However, Lin Mo politely declined, knowing that He Lao really wanted to help him, but he did not want to involve the He family.

The He family was considered to be from Nanba Tian’s lineage, and moreover, they were now running some of the industries left behind by Nanba Tian.

All things considered, they were also working for Nan Bing’er.

As long as the He family did not get involved, then the Xie family would not do anything to them.

However, once the He family got involved, then the Xie family would definitely not be soft on them either.

Therefore, Lin Mo did not want the He family to get involved no matter what, he did not want the He family to be innocently wiped out because of himself!

He Lao stood beside He Qianxue, seeing the teardrops in his granddaughter’s eyes, he knew what was going through his granddaughter’s mind.

He sighed softly and said in a low voice, “Xue’er, go back.”

"If we stay here, we won't be able to do anything, but instead, we will easily distract Divine Doctor Lin."

Tears gushed out directly from He Qianxue as she whispered, "Grandpa, do you think Brother Lin is a good man?"

Elder He nodded, "A healer's heart is kind, and right and wrong are distinct. Grandpa has seen so many young people in his life, the only one I can admire is Divine Doctor Lin!"

He Qianxue sobbed, "Then why do good people always fail to receive good rewards?"

He Lao sighed and looked up at the sky for a long time before whispering, "I always believe that good has its reward and evil has its reward."

"It's just that retribution may not arrive so punctually, it may be late."

"But, no matter how late it is, what should come, will come eventually."

"Xue'er, you don't have to worry too much. Divine Doctor Lin is lucky, he won't be in danger!"

He Qianxue whimpered, knowing that her grandfather's words were to comfort her.

However, that was all she could do to comfort herself at this moment.

She was just a weak woman, what could she do?

At that moment, there was a sudden confusion in the distance, and someone shouted loudly, "Coming! Here they come!"

"Lin's coming to die! Hahahaha ....."

## **Chapter 1818**

He Qianxue hurriedly looked over in the direction of the sound.

The crowd was in chaos in the distance, and at the entrance of this Times Hotel, there was a car slowly coming.

There were many people, blocking the car's path.

He Qianxue recognised that this car was Lin Mo's car.

The crowd around was in an uproar, most of them jeering.

Some even stopped the front of Lin Mo's car directly, pointing at Lin Mo in the car and arrogantly shouting, "Lin, get down!"

"What are you, what qualifications do you have to drive into the Times Hotel?"

"It's already this time, why are you still putting up a stink?"

"What, do you still think you're some kind of honorable man of the Guang Province?"

The crowd around them burst into laughter, looking at Lin Mo with eyes full of mockery.

From afar, He Qianxue was so angry that her face turned blue and she said indignantly, "How can these ..... people be like this?"

"Brother Lin has no grudges or enemies with them, why are they running to drop stones?"

He Lao sighed, "The world is like this, it is in their nature to praise the high and step on the low."

"The Xie family is watching from upstairs, and they all want to show off in front of the Xie family to gain their goodwill."

"Little did they know that in the eyes of the Xie family, they were just a bunch of clowns, so how could they be in the eyes of the Xie family?"

As the young man shouted, many more people gathered around, shouting aggressively for Lin Mo to get out of the car.

Looking at that stance, it was as if they were the owners of this Times Hotel.

Although the people around did not say anything, most of them were watching the joke and wanted to see how Lin Mo would end up.

And on the top floor of the Times Hotel, there were also a few people watching the situation below.

These few people were none other than those from the Xie family, and they all had mocking sneers on their faces.

One of them said smugly, "I told you so."

"As long as we come to Guangyang City, we don't even have to do anything."

"These losers, as soon as they hear our names, they can help us take care of this Lin!"

"Look, he can't even get in the door of the Times Hotel now."

"Heh, the pride of the Canton Province, what a joke!"

Several other people also coaxed laughter, with unspeakable smugness on their faces.

Downstairs, Lin Mo was sitting in his car, and it was Tiger who was driving for him.

Lin Mo had originally planned to come by himself, wanting Tiger to leave Guangyang City first.

But Tiger was reluctant to leave and insisted on staying, which touched Lin Mo's heart.

Looking at the faces of those people outside, Tiger was so angry that his face turned blue: "D\*mn, these b\*\*\*\*\*ds, they're bullying people too much!"

"By virtue of the Xie family, do they really think they can ride on our heads and sh\*t and P\*ss?"

"Brother Lin, wait a moment, I'll call someone to get rid of them!"

Lin Mo was sitting on the back seat, his eyes slightly closed, and was resting his eyes.

Hearing Tiger's words, he spoke directly, "Call what people?"

“Just drive over them.”

Tiger froze for a moment, then his eyes lit up, “Right, why didn’t I think of that?”

“D\*mn, these b\*\*\*\*\*ds, this is them looking for death!”

With those words, Tiger slammed down on the accelerator.

The car let out a roar, like a roused beast, hissing and charging towards the crowd.

There were still dozens of people standing in front of them, and they were aggressively yelling at Lin Mo to get out of the car.

When they suddenly found the vehicle hissing and rushing over, they instantly felt that the situation was not right.

The men immediately turned around and tried to escape, but it was already too late.

The tiger vehicle sped by, directly knocking the front few to the ground.

The tiger did not slow down either, and ran these few people who were cursing the most just now, directly into the wheels, dragging them forward.

When the dozens of people behind him saw what was happening, they turned and fled, crying out for help.

But the tiger didn’t care about that and ran into the crowd at full speed, knocking down a large number of people and causing a lot of wailing.

## **Chapter 1819**

Seeing this scene, those people who were gathered around were all stunned.

In particular, those who wanted to see Lin Mo laugh were all dumbfounded at this moment.

They had originally wanted to see how Lin Mo would handle the situation, but who would have thought that Lin Mo would handle the situation so simply and brutally.

He drove his car directly into the crowd, just like crushing straw, and knocked down all the people who were blocking the car.

Looking at those people who had just cursed angrily, they were now down and wailing all over the place.

Especially the few people who stood at the front and cursed the most.

None of them had any dealings with Lin Mo, and as Elder He had said, they were just doing it for the Xie family, trying to take the opportunity to hug the Xie family’s thighs.

And now, these few people all fell in a pool of blood, looking like they were lifeless.

As for the others who were in the way of the car, they were now all injured in one way or another.

Luckily someone had dragged them away, while those who hadn’t, were still wailing at the scene.

Tiger didn't take kindly to them and drove his car over them, one after the other, with the intention of killing them.

The men screamed and begged for mercy, but no one paid any attention to them.

The people around them were silent, and now no one dared to speak out in mockery.

It was only then that they remembered that Lin Mo was not a good man or woman.

How could someone who could even step on the top ten families in the Su Province of Guangdong Province be bullied by such small people as them?

The top floor of the Times Hotel.

Several people from the Xie family were still watching the joke, but when they suddenly saw such a scene, they were all frozen as well.

After a moment, one of them only roared in anger, "This ..... is too wild!"

"So many people, and he just drove up and disliked them?"

"Is this a f\*cking human thing to do?"

Several other members of the Xie family were also blue in the face, one of them said indignantly, "It's already this time, and you still dare to be so arrogant?"

"This Lin surname, he really doesn't take our Xie family into account anymore?"

Several people roared in anger, when an icy voice suddenly came from behind them, "He's demonstrating to us!"

"In that case, let's give him a demonstration too!"

"Go, tell him to stop the car and pay three obeisances to Qianjun's tablet downstairs before letting him go upstairs!"

Hearing this, several members of the Xie family were immediately overjoyed.

"Family head, this is a good idea of yours!"

"Hahahaha, kowtowing in front of so many people, I'll see if this Lin surname is still mad!"

A man let out a loud laugh and ran out first, "Family head, I'll take care of this!"

"If this Lin surname doesn't kowtow, I'll break both of his legs and make him kneel and kowtow!"

Several other members of the Xie family also nodded their heads, their faces full of triumph.

This time, they were going to beat Lin Mo's face in front of everyone in Guangyang City, thus raising the prestige of the Xie Family!

Downstairs, Lin Mo's car finally stopped, but no one from the surrounding crowd dared to speak anymore.

Lin Mo stepped out of the car and was about to go upstairs when several people suddenly stopped them from across the street.

The man at the head of the group was none other than the Xie family member who had just come down from upstairs.

He glanced at Lin Mo and said in a cold voice, "Are you Lin Mo?"

Lin Mo's expression was calm: "Exactly!"

The Xie family man sneered, "Good!"

"My name is Xie Qianhao, and Xie Qianjun is my third brother."

"Our family lord has said that in order to show your sincerity, he wants you to pay three obeisances and nine kowtows to my third brother's tablet here, before you can go upstairs!"

When Xie Qianhao finished speaking, he directly waved his hand, and someone immediately came out behind him holding Xie Qianjun's tablet.

Hearing this, the surrounding crowd was in an uproar.

Those who had spoken out in mockery earlier now found an opportunity to burst into laughter, "Hahahaha, the Xie family head is really wise!"

"This son of a b\*tch should be made to kneel three times and kowtow here to thank him for his crimes!"

## **Chapter 1820**

Lin Mo's face instantly turned cold to the extreme.

He knew that when he came over this time, the Xie family would definitely not make peace with him.

However, he had not expected that the Xie Family would be so bullying.

Tiger stood next to Lin Mo, who was outright furious and shouted, "Xie Qianhao, you guys are also bullying people too much!"

"This Xie Qianjun wasn't killed by us, so why should my big brother give him three obeisances?"

Xie Qianhao glanced at the tiger indifferently, "Who are you, do you have the right to speak here?"

"Someone, slap your mouth!"

Immediately, a man rushed up from behind and waved his hand and slapped the tiger in the face.

Tiger was not willing to show his weakness, and immediately shot out to stop him.

However, Tiger's own strength was actually quite sparse.

The man opened his arm with a slap and at the same time threw a backhanded slap towards his face.

Seeing that the slap was about to hit the tiger's face, Lin Mo reached out and clasped the man's wrist, pulling the tiger behind himself in the process.

“This is my brother, what he says, represents what I say.”

Lin Mo said back in a cold voice.

Xie Qianhao laughed at his words, “Hahahaha, surnamed Lin, who do you think you are?”

“Even you don’t have the qualifications to speak, so who are you to stand up for him?”

“Since what he says speaks for you, then fine, slap his mouth along with him!”

Immediately, several more people from the Xie family stepped out and stared at Lin Mo in an aggressive manner.

The crowd around them also burst into laughter, and a man exclaimed, “Mr. Xie, well done!”

“Surnamed Lin, do you think that just because you’ve named yourself the Venerable of Guang Province, you’re really something?”

“Hmph, in front of these big shots from the Xie family, you’re not even a fart, what qualifications do you have to speak here?”

All the people around also spoke out in mockery.

Earlier, these people were still intimidated, but now that they saw people from the Xie Family come out, it was as if they had found a mountain to lean on, so naturally, they weren’t afraid of Lin Mo anymore.

Moreover, these people now all wanted to put on a show in front of the Xie family and wanted to win the Xie family’s favour, so they all scrambled to mock Lin Mo and kneel down to the Xie family.

Tiger was so angry that he was trembling, but at this moment, they couldn’t even handle the Xie family, so how could they care about those people outside?

Lin Mo’s face was calm as he looked coldly at the next few people and said in a deep voice, “Xie Qianhao, is this how your Xie family treats its guests?”

Xie Qianhao laughed coldly, “Lin Mo, you don’t have to take a P\*ss and look at yourself, what kind of guest are you?”

“You want to be a guest of my Xie family, are you worthy?”

The crowd around them laughed again.

Lin Mo’s face was cold: “It was your Xie family that invited me here .....

Xie Qianhao directly interrupted his words, “You get it clear, we didn’t invite you here, we informed you to come!”

“We asked you to come to settle this matter of my third brother, not to invite you to the banquet.”

“Don’t put gold on your face!”

Lin Mo said in a deep voice: “I didn’t kill Xie Qianjun, so why should I be asked to settle it?”

Xie Qianhao sneered, “Whether you killed him or not, you don’t get to say!”

“Surnamed Lin, whether you sent someone to kill my third brother or not, but he always died on the territory of Guangyang City!”

“Don’t you claim to be the prince of Guangyang Province? You can’t get rid of the responsibility for this matter!”

Tiger was furious and said angrily, “You guys ..... you are just unreasonable!”

Xie Qianhao sneered, “Reason? Hmph, what I say is reason!”

“Surnamed Lin, I’ll give you a chance, kneel here by yourself, slap your mouth ten times, pay three times nine kowtows to my third brother’s tablet, and you can go upstairs!”

“Or else, hmph, I’ll break your dog’s legs, hold you down and kowtow to the ground, then carry you upstairs, it’s your choice!”

Lin Mo was also annoyed and said in a cold voice, “What a big mouth the Xie family has!”

“Good, I’d like to see how you can break my legs today!”
