

Genius 1821

Chapter 1821

Xie Qianhao was furious, "Lin, you're still arrogant, aren't you?"

"Fine, since you want to die, then I'll let you do it!"

With these words, Xie Qianhao waved his hand and shouted, "Break both of his legs!"

"And knock the teeth out of his mouth as well."

"I'd like to see if he can still have sharp teeth without them!"

The Xie family immediately gathered around, and the surrounding crowd cheered and shouted, as if they were all on the Xie family's side.

Lin Mo clenched his fists, he had already made up his mind to fight the Xie Clan right here.

Just as the battle was about to start, there was a sudden commotion in the distance, as if something big had happened outside.

Xie Qianhao frowned and stood up straight away, shouting angrily, "Which son of a b*tch is impatient to live, how dare he make a ruckus here?"

"Don't you know that this Times Hotel has been chartered by my Xie family in the capital?"

All the people around also turned their heads and shouted angrily, with some following and cursing, "Which one of you is not open-minded enough to make a ruckus in front of the bigwigs of the Xie family, are you looking for death?"

"Let's get out of the way and see who is so ungrateful?"

"Mr. Xie, you don't have to do anything, we'll fix him for you!"

"Right, such a small person, where is the need for the distinguished friends of the Xie family, we can just deal with it"

Some people yelled and stood out as if they were the Xie family's people.

Xie Qianhao was full of complacency, this was exactly the result he wanted.

The bragging from the crowd around him was quite flattering.

Among the crowd, there were a dozen or so local rich youngsters from Guangyang City, yelling and walking towards the place where the commotion was going on, wanting to take the opportunity to show off in front of Xie Qianhao.

As the dozen or so rich youngsters cursed and scolded their way past, the crowd just happened to disperse.

Or rather, it was more appropriate to say that the crowd was dispersed.

There were dozens of men in black suits, forcing the crowd into two rows.

And behind them, there were a dozen luxury cars, driving straight over.

Those dozens of rich young men were directly dumbfounded when they saw such a situation.

They originally thought it was not a big deal, who would have thought that they would encounter such a situation.

However, thinking that the Xie family was behind them, the dozen of rich youngsters were still not afraid.

The man at the head of the group stood directly on the driveway and pointed at the vehicle opposite, "Stop, stop, pull over for me!"

The vehicle ignored him and drove straight on.

The rich young man panicked and said loudly, "I told you to stop, didn't you hear me?"

"I'm telling you, this is an order from Mr. Xie Qianhao of the Xie family in the capital."

"If you don't stop, you will be responsible for the consequences!"

The cars still didn't stop, on the contrary, the car at the front even accelerated its speed and rushed over.

The rich young man was unable to react and was directly knocked out by this car.

The crowd at the back was in an uproar, no one had expected that such a situation would still occur at this time.

These rich youngsters were working under the banner of the Xie family.

This car had directly knocked him off the road, wasn't this going against the Xie family?

As expected, Xie Qianhao's face at the back instantly turned iron blue.

He angrily slapped the table and angrily reprimanded, "What a big dog's guts, not even my Xie family in the capital?"

"Someone, stop them for me and bring out the person in the car!"

"I want to see who is so daring as to go against our Xie family!"

Immediately, a group of people from the Xie family rushed up and were about to stop those cars.

Just then, the car at the front came to a stop.

The car door opened and a man wearing black clothes and white gloves stepped out.

He opened the back door respectfully and bowed slightly, "Miss, it's here!"

Inside the car came out an extremely beautiful looking girl, who was none other than Nan Baitian's daughter, Nan Bing'er!

Chapter 1822

When Nan Bing'er stepped out of the car, the crowd at the scene was in an uproar.

No one had expected that Nan Batian's only daughter would appear at this time.

One must know that after Nan Batian left, Nan Bing'er had always lived in seclusion and had never shown her face.

What does this mean today?

Did she want to come and support Lin Mo?

Those rich youngsters were originally a little flustered, but when they realised that this was Nan Bing'er, their expressions instantly became eager.

The rich young man who had just been knocked off his feet forced himself to endure the severe pain and roared, "Nan Bing'er, how dare you!"

"All of our friends from the Xie family are here, and not only did you not stop, but you dared to run me over? You're just looking for death!"

"Brothers, take her down to me, I want to settle the score with her personally!"

This rich young man had a grim smile on his face, Nan Bing'er's beauty had made him very excited.

Those rich youngsters around him were all of the same mind, and they all gathered around, intending to strike at Nan Bing'er.

At this moment, the bodyguards around Nan Bing'er also rushed out, and in three blows, they all pushed those rich youngsters to the ground.

The rich youngsters were all confused and hurriedly looked towards the Xie family for help.

However, Xie Qianhao's face was blue and he did not say a word, and the expression on his face looked a bit angry but did not dare to speak.

Just when these rich youngsters were surprised, Nan Bing'er had already walked over to Lin Mo's side.

"Brother Lin."

Nan Bing'er's voice was gentle, and when she saw Lin Mo, there was a light in her eyes that could not be concealed.

Lin Mo's heart was both touched and anxious, although he knew that Nan Bing'er's background was powerful, he had never thought of going to Nan Bing'er for help from the beginning to the end.

Because, Nanba Tian had always wanted Nan Bing'er to live out her life in peace, and did not want her to get involved in any grudges and feuds.

Therefore, Lin Mo had already made up his mind that no matter what kind of situation he would face, he would not disturb Nan Bing'er.

But to his surprise, Nan Bing'er had come on her own!

"Bing'er, you how come you're here?"

“You should go back first, I can solve the matter here by myself.”

Lin Mo hurriedly said.

Xie Qianhao also said in a deep voice: “Miss Nan, what do you mean by that?”

“This is a feud between my Xie family and Lin Mo, do you want to get involved in it?”

“As far as I know, this Lin Mo, too, has nothing to do with you.”

“I’m afraid it’s out of order for you to do so, isn’t it?”

“My third brother died in Guangyang City, even if your uncle or sister-in-law were here, they couldn’t stop us from avenging the family’s death, right?”

Nan Bing’er smiled faintly at Lin Mo, then glanced at Xie Qianhao and said in a cold voice, “You’re talking to me about rules?”

“Good, then I’ll talk to you properly about the rules.”

“Let me ask you, do you know what this place is?”

Xie Qianhao frowned, “This is the Times Hotel, what’s wrong with it?”

Nan Bing’er nodded, “That’s right, this is the Times Hotel.”

“But do you know that this Time Hotel, is the property that my father left to me!”

“The Times Hotel, is still a company under my name.”

“Everything here, belongs to me!”

“That means that you, including your entire Xie family, are now standing in my place!”

Xie Qianhao froze for a moment, these were things that he really didn’t care about.

However, everyone in the entire Guangyang City knew.

The Times Hotel, was an industry under Nanba Tian’s name.

After Nan Batian left, all these industries, then went to Nan Bing’er’s name.

Therefore, it was correct to say that the Era Hotel belonged to Nan Bing’er.

Xie Qianhao pondered for a moment and said in a deep voice, “So what?”

“It’s not like we’re not paying for the Times Hotel when we charter it!”

“Besides, what we want to settle is the murder of our Xie family members, which always has nothing to do with you!”

“Miss Nan, you opened your door for business, we spent money, we are guests.”

“I’m afraid it’s not in order for you to interfere with the affairs of your guests after you’ve taken our money, isn’t it?”

Chapter 1823

Nan Bing'er said in a cold voice, "We do business, of course we have to follow the rules."

"It does have nothing to do with me if you want to settle anything!"

Xie Qianhao smiled smugly, as long as Nan Bing'er admitted to these matters, then he didn't have to worry about anything.

If Nan Bing'er did not follow the rules, the Xie family still had a way to deal with it.

Xie Qianhao: "Since Miss Nan admits to these things, then please also ask Miss Nan to take a step back and not interfere with the guests' work!"

Not only did Nan Bing'er not retreat, she instead took a step forward and said in a cold voice, "I haven't finished talking!"

"That's right, you are guests here in my place, what you want to do is indeed out of my hands."

"But, you have placed a dead man's tablet in the Times Hotel, have you asked me what I mean?"

Nan Bing'er's questioning directly caused Xie Qianhao to be dumbfounded.

They had placed Xie Qianjun's tablet here, waiting for Lin Mo to come over and pay three obeisances.

Who would have thought that Nan Bing'er would seize on this point, he didn't know how to answer for a moment.

But Lin Mo smiled, this Nan Bing'er looked soft and weak, but her angle was really tricky too.

This alone had left Xie Qianhao speechless.

Nan Bing'er said in a cold voice, "My Time Hotel is a place that focuses on weddings and happy events, and for so many years since it opened, all kinds of happy events have been held here, such as weddings and birthday banquets and the like."

"In all these years, no one has ever held a white event here, because we do business and it's all about an auspiciousness."

"Now, you, the Xie family, have put a dead man's tablet into my shop."

"Are you smashing my signboard, or are you slapping me in the face?"

Xie Qianhao's face was swollen red, as one of the several main members of the Xie family, he was extremely rampant in his day-to-day life.

However, now that he was being chided by Nan Bing'er like this, he did not even dare to say a word.

In fact, before they came to Guangyang City, Princess Nalan Mingzhu of the capital had already made a trip to the Xie Family.

Although Nalan Mingzhu didn't say much, she expressed a very important point, that is, her niece must never be disturbed!

What kind of person was Nalan Mingzhu?

She was known as the princess of the capital, the princess of the Nalan family, the most influential and prestigious woman in the capital's circle.

Moreover, Nalan Mingzhu was extremely favoured by the Nalan family's old man and old lady, and could be said to be the jewel in the palm of the Nalan family's hand.

Although the Xie family is a candidate member of the Top Ten Families of China and is also related to the Nalan family by marriage.

However, even the Xie family head had to be respectful and polite when he saw the Nalan Mingzhu, an existence that the Xie family could not afford to mess with!

This is a warning to the Xie family, so how dare the Xie family not take it seriously?

What's more, behind Nan Bing'er, there is the powerful King of the Desert North, Nalan Jie.

He is a man who does not even take the orders of the Nalan family's head into account.

Nan Bing'er had two such backers, and a grandfather who was of the same generation as the Nalan family's old man and was extremely powerful in the Nalan family.

How could the Xie family dare to mess with such a person?

Therefore, despite the anger in his heart, Xie Qianhao could only hold his anger.

"Miss Nan, I'm sorry, this is our mistake, I'll have someone remove the tablet now!"

Xie Qianhao hurriedly waved his hand, signalling for the crowd to remove the tablets.

Several people from the Xie family hurriedly went over and tried to remove those things.

Nan Bing'er, however, directly rebuked angrily, "What are you doing?"

"Did I tell you to move?"

Xie Qianhao hurriedly said, "Miss Nan, this matter is indeed our lack of consideration."

"I have apologised to you, now, can't we remove the tablet?"

Nan Bing'er said in a cold voice, "That's easy for you to say!"

"Is this something that can be solved by removing the tablet?"

"If I put a coffin in the hall of your Xie family and then remove it, would you be willing to do that?"

Chapter 1824

Xie Qianhao was annoyed in his heart, but he eventually suppressed the anger.

"Miss Nan, but now it's already like this, so what do you want?"

Xie Qianhao said helplessly.

Nan Bing'er: "You're asking me?"

"Heh, you guys did such a thing, and you don't have the slightest sincerity to apologise yourselves, instead you ask me what to do?"

"You people from the Xie family are too wild, aren't you?"

Lin Mo was dumbfounded as he listened from the side, he didn't expect that Nan Bing'er would be so powerful even when she launched into a rage ah.

Between a few words, she had actually said that Xie Qianhao was unable to fight back.

Xie Qianhao was shivering with anger. He was already in his forties, but he was being angrily rebuked by a teenage girl, where was his face?

The most crucial thing was that there were so many people watching.

These people in Guangyang City had originally touted the Xie family to the hilt and had let him make a name for himself.

And now, these people were watching him being angrily rebuked by Nan Bing'er, and this was the most embarrassing part.

How proud he was just now, how humiliated he was now!

As the crowd around them watched Nan Bing'er angrily rebuke Xie Qianhao, they were all dumbfounded.

These people didn't know what kind of background Nan Bing'er really had.

When they had learned that Nan Batian had gone to the capital to die, they thought that Nan Bing'er had no one to back her up.

Some of the second generation were even thinking that after Lin Mo's death, they would try to take Nan Bing'er and take all the assets left behind by Nan Batian for themselves.

That was why, when Nan Bing'er came over just now, these second generation rich people dared to stop her.

However, no one had expected that things would turn out like this.

Xie Qianhao, in front of Nan Bing'er, was so obsequious, what the hell was going on?

Those rich kids who had blocked Nan Bing'er before were all panicking now.

Although they did not know what the situation was, they knew that they had really kicked the iron plate this time.

Even Xie Qianhao had to treat Nan Bing'er with such respect, so weren't they just looking for death if they messed with Nan Bing'er?

The Xie family, it looked like they couldn't shelter them either!

Xie Qianhao took a deep breath, forcing down the anger in his heart, and said in a low voice, "Miss Nan, I once again say sorry to you."

"This tablet, I'll have someone remove it."

"Also, the damage to the Times Hotel, our Xie family will compensate as per the price!"

"In this way, that's always alright, right?"

Nan Bing'er said in a cold voice, "Compensate as per the price?"

"Are you insulting me?"

"Do you think that I, Nan Bing'er, lack this amount of money from your Xie family?"

"Or do you think that you can insult me, Nan Bing'er, with just a little money?"

Xie Qianhao was almost vomiting blood with anger, he could see that Nan Bing'er was clearly just stirring up trouble.

If it were any other situation, even if the other party was really a young lady from one of the top ten families in China, Xie Qianhao would definitely not be polite to her.

However, in the face of Nan Bing'er, even if Xie Qianhao had a lot of anger, he could only swallow it back into his stomach.

The Nalan family was too powerful, and the two backers behind Nan Bing'er were too powerful.

Just when Xie Qianhao was at his wits' end, a voice suddenly came from behind him, "Miss Nan, this time, it was my Xie family's lack of consideration."

"On behalf of the Xie family, I, Xie Qianshan, would like to say sorry to Miss Nan."

"Moreover, my Xie family is willing to take out 100 million to compensate for the loss of the Times Hotel, please smile at Miss Nan!"

Xie Qianhao hurriedly turned his head, only to see that a group of people from the Xie family had all walked down.

In the middle was a man in his fifties, dressed in a sophisticated manner, and he was the Xie family head, Xie Qianshan!

When they saw Xie Qianshan, the crowd burst into a frenzy, and everyone was extremely excited.

This was the Xie family head, an absolute big shot in China, someone who could stand shoulder-to-shoulder with the Fifth Master Xue!

Chapter 1825

The uproar from the crowd at the scene caused the Xie family members to be filled with smugness.

Like Xie Qianhao, they all particularly enjoyed this feeling of being hailed by people.

In their eyes, these people in Guangyang City were just like ants, while they were the heavenly gods on high!

Seeing the family head come down, Xie Qianhao immediately breathed a sigh of relief.

Faced with the aggressive Nan Bing'er, he didn't know what to do.

The Family Head had personally come over, so this matter, then, did not need him to worry about it.

Facing the Xie family head, Nan Bing'er was not the least bit afraid, instead she said in a cold voice, "Xie family head, are you preparing to insult me with money?"

"How about I give you a hundred million dollars to place a plaque in the hall of your house, do you think it's suitable?"

When the Xie family members heard this, they were all a little annoyed.

One of them said indignantly, "What did you say?"

"My Xie family hall, is it not a place you can just insult?"

Nan Bing'er laughed outright, "Oh, your Xie Family is not something I can just insult, so you can just insult me, Nan Bing'er?"

The man from the Xie family still wanted to speak, but Xie Qianshan directly turned around and backhanded him with a slap to the face.

The man was beaten to the point of confusion, and looked at the family head blankly, not knowing exactly what he meant.

Xie Qianshan said in a cold voice, "How can you talk to Miss Bing'er?"

"Why don't you quickly apologise to Miss Nan!"

The man was a little reluctant, but, looking at Xie Qianshan's icy gaze, he could only bow his head in the end, "Miss Nan, I'm sorry!"

Xie Qianshan also looked at Nan Bing'er and smiled lightly, "Miss Nan, a junior doesn't know the rules and I'll say sorry to you again for offending you."

"Besides, I didn't mean to insult you."

"This 100 million is just a small token of our Xie family's appreciation and shows our sincerity."

"If Miss Nan feels unsatisfied, I can find another place in Guangyang City and re-build a tall building to pretend to be the Times Hotel and return it to Miss Nan later, how about this?"

Nan Bing'er was dumbfounded, she did not expect that Xie Qianshan would be so generous, making her not even know what to say for a while.

And at that moment, Xie Qianshan also walked to Nan Bing'er's side and said softly, "Miss Nan, we met Miss Mingzhu before we came."

"Miss Mingzhu, specially instructed me to help greet Miss Nan."

“Moreover, Miss Mingzhu also explained that we must not disturb Miss Nan.”

“However, what we do in Guangyang City, as long as it has nothing to do with Miss Nan, Miss Mingzhu will not ask too much.”

“As far as I know, this Lin Mo, and Miss Nan, don’t seem to have much to do with each other, do they?”

Nan Bing’er gritted her teeth and said indignantly, “How is there no relationship?”

“My life was saved by him!”

Xie Qianshan smiled lightly, “Mr. Nan Baitian, has already returned this favour.”

“Besides, he inherited Mr. Nan’s position in Guangyang City, this gift of thanks is beyond everything.”

“It can be said that what Miss Nan owes him has long been overpaid, this is no longer considered a relationship, right!”

Nan Bing’er was momentarily stumped for words.

Xie Qianshan then laughed, “Miss Nan, our Xie family has always followed the rules in doing things.”

“Lin Mo had something to do with my brother’s death, my Xie family will definitely pursue this matter to the end.”

“This matter has nothing to do with Miss Nan, so please don’t interfere, lest you break the rules!”

Nan Bing’er was annoyed, “Hmph, you’re teaching me to do something?”

Xie Qianshan laughed lightly, “That’s not true.”

“Just a reminder to Miss Nan.”

“Our Xie family may not dare to touch a hair on Miss Nan’s head, but it’s different for the people around Miss Nan.”

“If Miss Nan is unruly and insists on meddling in this matter, then my Xie family, might kill these people around Miss Nan, including that nurse who brought you up since you were a child.”

“Miss Nan, if we kill these people, Miss Mingzhu, I’m afraid she can’t say anything, right?”

Chapter 1826

Xie Qianshan always had a smile on his face, but there was clearly a murderous aura in his eyes.

Nan Bing’er was directly confused.

She did not expect that people from the Xie family would threaten her like this.

The people around her were all people left behind by Nan Baitian, old people who had followed him for many years.

These people, it could be said, had all watched her grow up and were extremely fond of her.

After Nanba Tian left, these people were also loyal to Nan Bing’er and were like family to her.

When Xie Qianshan held these people's lives hostage, Nan Bing'er was at a loss as to what to do.

At this moment, Lin Mo walked over from behind and said softly, "Bing'er, you can go back first, I will solve this matter!"

"Don't worry, I will be fine!"

Nan Bing'er's eyes were red, she looked at Lin Mo and then angrily looked at Xie Qianshan, gritting her teeth, "Xie Qianshan, if anything happens to my brother Lin, I will not be finished with your Xie family!"

Xie Qianshan smiled faintly and did not take Nan Bing'er's threat into consideration.

In his eyes, Nan Bing'er was just a little girl who hadn't grown up.

It was true that she had a very powerful backer behind her, but that was only if no one dared to provoke her.

As long as Xie Qianshan did not strike out at Nan Bing'er, Nan Bing'er could not do anything to him.

Nalan Jie and Nalan Mingzhu would not make enemies of the Xie family because of Lin Mo, who had nothing to do with them!

Nan Bing'er looked at Lin Mo again and said in a low voice, "Brother Lin, if you have anything to do, you can come to my house to find me!"

Lin Mo smiled, he knew that Nan Bing'er was preparing a way back for him.

However, Lin Mo didn't even intend to take this path at all.

No matter what, he couldn't let this matter involve Nan Bing'er!

Nan Bing'er turned around to leave, and then suddenly remembered something.

She walked straight to Xie Qianjun's tablet, suddenly grabbed it and slammed it on the ground, which was directly shattered.

The Xie family's faces suddenly changed, this was Xie Qianjun's tablet!

Even Xie Qianshan took a deep breath, but in the end, he didn't dare to speak up.

Nan Bing'er looked at the Xie family and said through gritted teeth, "One hundred million, I don't want it!"

"But this plaque pollutes my place, so it can't be kept!"

"Someone, take this tablet down and burn it!"

Several people immediately walked over behind Nan Bing'er and picked up the pieces of the tablet.

The Xie family was outraged to the extreme, and a few people wanted to make a move to stop them, but they were stopped by Xie Qianshan with a look.

Xie Qianshan smiled lightly, "This is a matter that our Xie family has done poorly, so we should indeed make amends with Miss Nan!"

The Xie family were furious, but no one dared to say anything.

However, this was not the end of it.

Nan Bing'er walked up to the man who had just scolded her and raised her hand to slap the man across the face.

"Just now, were you the one who disobeyed?"

Nan Bing'er asked.

The man had been slapped by Xie Qianshan, and now he was slapped by Nan Bing'er, so his anger was rising.

However, he finally gritted his teeth and swallowed the anger.

However, Nan Bing'er ignored that and slapped him again.

The Xie family was furious, and many of them clenched their fists, wanting to rush up and fight to the death.

Xie Qianshan glared at them, gesturing for them to calm down.

He knew that Nan Bing'er was deliberately provoking them, trying to force them to make a move.

Once the Xie family made their move, it would really be the end.

If they made a move towards Nan Bing'er, then Nan Bing'er would have an excuse to make trouble.

When the time came, the Xie family would be in trouble if they drew out Nalan Jie and Nalan Mingzhu!

Seeing that no one had made a move, Nan Bing'er slapped one slap after another.

"What did I ask you? Didn't you hear me?"

"Why don't you say anything? Are you not convinced?"

Nan Bing'er asked as she struck.

Chapter 1827

The man was so red-faced from the beating that he was almost mad.

To be slapped like this in front of so many people, this was simply a great shame!

However, Nan Bing'er had no intention of stopping, which made him even more nearly mad.

Xie Qianshan only winked at him, telling him not to get angry.

However, in such a situation, who could not be angry?

Seeing that Nan Bing'er had no intention of stopping, the man finally couldn't hold back any longer.

He fiercely clenched his fists, a cold aura flashed in his eyes, and was about to strike back.

Just then, Xie Qianshan also struck out.

He punched the man directly in the chest, breaking several of the man's ribs.

The man fell to the ground, vomiting out a mouthful of blood, unable to even stand up.

Xie Qianshan didn't even look at him, but bowed towards Nan Bing'er: "Just now he rushed into Miss Nan, this is my insufficient tutelage."

"Don't worry, Miss Nan, I will take him back and teach him well!"

Nan Bing'er withdrew her hand with hatred.

She just wanted to provoke this man and take the opportunity to start a conflict with the Xie family.

She was about to succeed, but Xie Qianshan interfered.

Now that this man was on the ground, Nan Bing'er couldn't continue to chase after him, could she?

Even this excuse was gone, so Nan Bing'er could only leave in a huff.

However, when she was leaving, she left a few people behind.

On the one hand, she asked them to protect Lin Mo, and on the other hand, she also asked these people to keep an eye on it.

The Times Hotel was her place, and if the Xie family's people made a move towards Lin Mo here, then she would be able to find an excuse to stop it once again.

This was the only thing she could do for Lin Mo!

As they watched Nan Bing'er leave, the Xie family breathed a long sigh of relief.

The moment Nan Bing'er had spent here was simply driving the people of the Xie family crazy.

A sharp aura also flashed in Xie Qianshan's eyes as he looked at the few people Nan Bing'er had left behind and couldn't help but grit his teeth.

Of course he understood what Nan Bing'er had in mind, so he had to be wary of these as well.

Xie Qianshan looked towards Lin Mo with an indescribable hatred in his eyes, "Divine Doctor Lin, how about going upstairs for a chat?"

Lin Mo didn't say anything, and followed Xie Qianshan straight upstairs.

At this moment, there were still many people downstairs watching.

Suddenly, there was a commotion from outside, and a group of people in black came over from afar, precisely the people that Nan Bing'er had brought with her just now.

After these people came over, they started to drive away those people at the scene.

Nan Bing'er was furious with these people for mocking Lin Mo, so she didn't let them stay here at all.

These people at the scene, having just seen Nan Bing'er's might, who would dare to confront her?

So, after these men in black came over, it didn't take long to drive all these people at the scene away.

On the top floor, the people of the Xie family watched this scene, everyone's face was filled with anger, but no one dared to say anything.

Xie Qianshan sat on the sofa, he had been watching Lin Mo across the room.

Lin Mo had come upstairs alone without the slightest hint of panic on his face, which made Xie Qianshan quite surprised.

"No wonder he could be chosen as the heir by Nanba Tian, he really has some guts!"

Xie Qianshan laughed lightly.

Lin Mo's expression was bland: "Master Xie has overstated his case."

"Between us, there is no need for such polite words, is there?"

Xie Qianshan smiled, "Divine Doctor Lin is indeed quick to speak."

"Since you have said so, then let's get right to the point."

"Divine Doctor Lin, how do you explain my brother's death?"

Lin Mo gave him a look and said in a cold voice, "Master Xie, everyone knows that it was the three men, Zhao Tianyuan Qian Yong'an and Compa*s Zun, who joined forces to kill Xie Qianjun."

"You've come to ask me to give you an explanation? Is this the wrong person to ask?"

Xie Qianshan: "Do you have proof that it was the three of them who killed my brother?"

Lin Mo frowned and asked rhetorically, "Then do you have proof that it was me who killed your brother?"

Chapter 1828

Xie Qianshan laughed, "Doctor Lin, is it meaningful for you to be so sophomoric?"

"My brother died in Guangyang City, and Guangyang City is your territory."

"Don't you think you should give me an explanation?"

Lin Mo: "Guangyang City is my territory, so did your brother ask for my permission when he came in?"

"When your Xie family entered Guangyang City, did you ask for my permission?"

"You didn't ask my permission when you came in at will."

"Something has happened, yet you want me to give an explanation?"

"Isn't that too much?"

Xie Qishan was somewhat stumped for words, he didn't expect that Lin Mo would refute him like this.

“Divine Doctor Lin, you are really good at sophistry!”

“According to you, anyone who enters Guangyang City will have to seek your approval first?”

“Without your consent, no one else can enter Guangyang City?”

Xie Qianshan said in a deep voice.

Lin Mo asked directly in return, “Then according to your meaning, I have to give an explanation for every death in Guangyang City?”

Xie Qianshan’s face was chilled, he had not expected that Lin Mo could retort in such a way, which made him not know how to reply for a while.

Taking a deep breath, Xie Qianshan said in a deep voice, “Surnamed Lin, I won’t argue with you about these matters either!”

“You must give our Xie family an explanation for my brother’s death!”

Lin Mo: “I’ll just ask you, on what basis?”

Xie Qishan: “On what basis?”

“Heh, just because we are the Xie family!”

“On the basis that I can make you and those around you all die without a burial place!”

Lin Mo stood up straight away, “If that’s the case, then what’s the point of talking?”

“Wouldn’t it be enough to just kill me?”

Xie Qianshan’s face was chilled, he really didn’t expect that Lin Mo would be so rigid, making it impossible for him to say the words he had prepared.

He frowned and gave a wink to Xie Qianhao next to him.

Xie Qianhao understood and immediately said, “Surnamed Lin, do you really think we can’t do anything about you?”

“We are looking for you to talk because our Xie family does not want to kill innocent people indiscriminately!”

“My third brother’s death is still inconclusive, and there is a great possibility that you are also the murderer!”

“So, we need you to come with us to the capital and cooperate with us to investigate clearly.”

“As long as it’s proven that you didn’t kill the person, then we’ll let you back in!”

“We, the Xie family, won’t wrongly accuse any good person!”

Lin Mo sneered, of course he knew what the Xie family had in mind.

The Xie family was trying to bring him to the capital, at that time, Lin Mo would fall into the hands of the Xie family and would only be at the mercy of the other party.

The Xie family's aim in doing so was still to recreate the pill.

Once Lin Mo went to the Xie family, the Xie family would definitely want to ask about the Re-creation Pill, and at the same time, they would also want to extract other benefits from him.

Lin Mo: "Xie Qianshan, do you really think I'm a three-year-old child?"

"You say you want me to go to the capital, I have to go to the capital?"

Xie Qianshan smiled faintly, "Of course you're not a three-year-old child."

"However, you should also know that you are not qualified to bargain with us yet!"

"Don't you think that Nan Bing'er can protect you!"

"Let me tell you, as long as our Xie family doesn't harm Nan Bing'er, no one will do anything to us!"

"Divine Doctor Lin, a word of advice, cooperate and suffer less as well."

Lin Mo sneered, "Xie Qianshan, you underestimate me too much!"

"If I wanted Nan Bing'er to protect me, would I still need to come to this Times Hotel?"

Xie Qianshan sneered, "So, you're still a bit of a backbone for a soft-boiled wimp?"

Lin Mo was not angry, he just got up coldly and said in a deep voice, "It looks like there's nothing left to talk about between us!"

"Xie Qianshan, I don't care how strong your Xie family really is, you are not qualified to order me to do anything!"

"I won't talk such nonsense to you either, if you want me to go to the capital, it depends on whether you have the ability to do so!"

Chapter 1829

After saying these words, Lin Mo turned straight away and left without even looking back.

One man immediately rushed over to stop Lin Mo and shouted angrily, "Lin, what kind of place do you think this is? You can just come and go when you say so?"

"On the count of three, kneel on the ground immediately and make amends to my family head!"

"Otherwise, I'll make sure you can't walk out of this Times Hotel!"

Lin Mo glanced at him with a cold smile, "Is that so?"

"Look at your attitude, you still plan to make a move at the Times Hotel?"

"Fine, then let's cut the crap."

"I'd like to see if you dare to break Nan Bing'er's rules on her turf!"

The man was at a loss for words.

Only then did he remember that this was Nan Bing'er's turf!

Just now, a man from their Xie family had had his teeth knocked out because he had talked too much to Nan Bing'er.

Now if he made a move here, wouldn't that create a reason for Nan Bing'er to deal with them?

With an embarrassed face, the man turned his head to look at Xie Qianshan for help.

Xie Qianshan's face was cold, and there was a cold look in his eyes, yet there was nothing he could do.

Only now did he realise that his choice to be at the Times Hotel had been a huge mistake.

This was Nan Bing'er's turf, and their actions were restricted by Nan Bing'er in every way!

"Lin Mo, you really are a soft-boiled wizard!"

"Relying on Xu Hanxia to make your fortune, and now relying on Nan Bing'er to back you up."

"Tsk, in this world, how can there be such a brazen and shameless person like you?"

Xie Qianshan said in a cold voice.

Lin Mo sneered, "Xie Qianshan, you don't need to anger me with this nonsense."

"The Times Hotel, it's the place you chose."

"There are so many of you in the Xie family, and you don't even dare to make a move towards me, do you still have the face to shout about becoming one of the top ten families in China?"

"I'm really ashamed for you all!"

The Xie family members were directly infuriated to the point where their faces turned blue, but, in the end, no one dared to make a move towards Lin Mo.

It couldn't be helped, Nan Bing'er had sent many people here to keep an eye on them.

As long as they made a move, then Nan Bing'er would be able to immediately find an excuse to clean them up.

The Xie family, despite their arrogance and hubris, wouldn't dare to go against the Nalan family.

Lin Mo glanced at the crowd and sneered, "Everyone, since you're not stopping me, then I'll go first ah!"

With those words, Lin Mo directly raised his head and left.

The Xie family was extremely angry, but they could only stare in disbelief.

As they watched Lin Mo walk away, several members of the Xie family immediately gathered around Xie Qianshan.

Xie Qianhao's face was full of anger as he gritted his teeth and said, "This son of a b*tch surnamed Lin is really too crazy, isn't he?"

"If this wasn't Nan Bing'er's hotel, I would have beaten him to his knees and begged for mercy!"

Another man frowned tightly and said in a deep voice, "Brother, what should we do now?"

"There are so many people watching outside now, if we let this kid walk out intact, then how can our Xie family lose face?"

Xie Qianshan sighed helplessly, "What can we do then?"

"We shouldn't have chosen the Times Hotel in the first place!"

"Hey, forget it, let him live a little longer!"

"Qianhao, you personally take someone out to follow."

"As soon as this son of a b*tch leaves the confines of the Times Hotel, bring him to me immediately!"

"Remember, if anyone sees him, just break both of his legs and let the world know that there is a price to pay for messing with our Xie family!"

Xie Qianhao was overjoyed and quickly stood up, "Don't worry, big brother, I'll take care of this matter!"

"I will definitely bring him back, not only that, I will also take him for a parade around Guangyang City, so that everyone can see how ugly he is!"

"This son of a b*tch, he dares to be so arrogant, I will make him lose face in front of everyone in Guangyang City!"

Chapter 1830

Lin Mo went downstairs and Tiger had long been waiting here in his car.

However, Lin Mo did not take Tiger's car.

He came up to the car and said in a deep voice, "Tiger, you go to Nan Bing'er's manor first"

Tiger said sharply, "Brother Lin, what do you mean by that, I'm not afraid of death"

Lin Mo waved his hand, "I didn't say you were afraid of death, but there's no need for us to make unnecessary sacrifices!"

"I came to the Times Hotel to make this trip, and I've already earned my face back."

"Next, the Xie family will definitely send someone to arrest me, and I'll have to run away too."

"It's easier for me to run alone, with you, it's not easy to run instead, you understand what I mean!"

Lao Hu nodded helplessly, he knew that with his strength, following Lin Mo in such a situation would be nothing more than a burden.

"Remember, go to Nan Bing'er's manor and hide away for the time being."

"Don't let anyone catch you then, I'll still have to go and rescue you!"

Lin Mo said.

Tiger nodded vigorously and said in a low voice, "Brother Lin, take care."

“If anything happens to you, I I’ll kill a few of his Xie family even if I have to risk this life!”

Lin Mo laughed and patted on Tiger’s shoulder, “Don’t say anything stupid.”

“Where am I going to die so easily!”

“Let’s go!”

Tiger drove away while Lin Mo walked behind, driving a car of his own out of the hotel under the watchful eyes of the Xie family.

He deliberately let the Xie family see it, just so that the Xie family would focus on him and not deal with Tiger.

Of course, Lin Mo wasn’t worried about the tiger escaping.

Nan Bing’er had also sent quite a few people to guard the area, and Chen Shengyuan was waiting right next to him.

If the tiger went to Chen Shengyuan’s side, it would be safe.

The Xie family would not go to war with Nan Bing’er’s people for the sake of a tiger. Therefore, the Xie family’s attention was still all on him!

Lin Mo drove out of the Times Hotel and did not return to Wangjiang Garden, but sped all the way to the suburbs.

Behind him, three cars came swiftly after him, clinging on.

These were the people sent by the Xie family!

People from the Xie family had come unabashedly to chase after Lin Mo.

Xie Qianhao was sitting in the car at the front, his face full of triumph as he sneered, “See, this is called the dog that lost its family!”

“What Lord of Guangyang Province? What lord of Guangyang City? It’s just like that!”

“Hearing about our Xie family’s reputation, everyone is avoiding him like a snake.”

“This is his territory, and as a result, not even one person has come to his aid!”

“What is this called? This is called strength, this is called disparity!”

The next few people also laughed out loud, in the eyes of the Xie family, no matter if it was the people from Guangyang City or Guangyang Province, they had all gone soft now.

In other words, now that the Xie family was facing just one Lin Mo, it was still at their mercy, right?

Just as the crowd was laughing, suddenly an off-road vehicle came speeding head-on.

This SUV was originally in its own lane, but when it was less than 20 metres away from the three cars, the SUV suddenly changed lanes and ran directly into the lane of the three cars.

Not only that, the SUV also accelerated violently, just like a whistling beast, hissing and rushing towards the three cars.

The driver of the car was startled and subconsciously swerved to avoid the buggy.

However, it was already too late.

The SUV crashed directly into the side of the car, and the high-speed impact knocked the car over.

The car behind him was unable to avoid the car and crashed directly into the car in front of him, and both cars flipped over at the same time.

The car at the back braked and swerved, but it also hit a boulder directly next to it.

This single SUV alone caused all three cars that the Xie family was chasing to break down and fall over on the side of the road.
