

Genius 1831

Chapter 1831

The three Xie cars were knocked over and the SUV in front of them didn't take much advantage of the situation.

The buggy was also hit so hard that the bonnet flipped up and a gush of white smoke came out.

However, at that moment, a sports car sped up from behind and stopped directly next to the buggy.

The driver of the SUV jumped into the sports car, which made a drifting turn and drove off directly.

The people in the three cars of the Xie family climbed out of the cars with their heads in the dust, each one of them going crazy with anger.

The leader, Xie Qianhao, roared in anger, "f*cking b*****d, who the hell dared to hit our Xie family members?"

"I will not rest until you die!"

The rest of the Xie family were also furious, at this moment, a man approached Xie Qianhao's side, "Seventh Uncle, what about Lin Mo?"

"The family head told us to take him back, but now our cars have been wrecked, so we can't chase him!"

"Why don't we call the family head and ask him to send someone after him again?"

Xie Qianhao was furious, "Nonsense, you didn't even get this little thing done, you still have to call Big Brother, don't you feel ashamed?"

The man scratched his head, "Seventh Uncle, it doesn't matter if it's humiliating or not."

"Once Lin Mo runs away, then things will be big!"

"At that time, once the family pursues the matter, we can't even afford this matter ah"

Xie Qianhao's face was blue, and although he was angry, he knew that what the man said was true.

Helplessly, he could only call Xie Qianshan, adding oil and vinegar to the side of this side of things.

Originally, the other side only had one off-road vehicle crashing over, but he rigidly said that it was a dozen of cars surrounding them and damaging their car.

When Xie Qianshan heard these things, he couldn't help but frown: "It's already this time, and there are still people helping this Lin?"

"Send someone out to find out who is actually working against us!"

"Remember, no matter who is working against us, we absolutely cannot let him live!"

"We have to let people outside know that going against our Xie family will not end well!"

The next few people immediately nodded their heads and led their men out to do something.

At this moment, Xie Qianshan also stood up and said in a deep voice, "Arrange for manpower to blockade Guangyang City, I'm going to arrest this Lin personally."

"I don't believe it, a mere Lin Mo can still escape my palm?"

.....

The outskirts of Guangyang City.

Lin Mo's car stopped at the roadside, and the sports car behind it came speeding up.

When Lin Mo saw the off-road car knock over three of the Xie family's cars just now, he knew that someone had come to his aid.

He wanted to see who was helping himself!

The sports car stopped beside Lin Mo and two men got out of the car.

Lin Mo recognised these two men, they were none other than the men under Lin Zhao of Wu Zhai.

In other words, it was Lin Zhaoge who had sent someone to help him.

Lin Mo was a little helpless and said in a low voice, "Didn't I tell Master Zhaoge to stay out of it!"

The two men looked at each other, and one of them whispered, "Brother Lin, Master Zhaoge said that even if he had to risk this Wu Walled City and his life, he would definitely not let the Xie family have their way!"

"Master Zhaoge has returned to Wu Zhai this time and has already gathered all the people of Wu Zhai."

"This time, Master Zhaoge intends to fight the Xie Clan hard to the end!"

Lin Mo couldn't help but sigh, he actually didn't want Lin Zhaoge to get involved in this matter, after all, the Xie Clan was simply too strong.

However, given Lin Zhaoge's character, how could he sit back and do nothing?

After all, Lin Mo was the only heir of the Lin family, if even Lin Mo was gone, how could Lin Zhao survive?

However, if Lin Zhaoge did this, the Xie family would definitely not let Wu Zhai go.

With the Xie family's strength, Lin Zhaoge was no match for them, wouldn't this be a sacrifice for nothing?

Lin Mo was silent for a moment and said in a low voice, "Forget it, let's go first."

"The Xie family will definitely send more people after them, you guys go back and tell Master Zhaoge not to make any rash moves yet!"

Chapter 1832

These two nodded and drove away quickly in their sports car.

Lin Mo, on the other hand, continued to drive, driving along the highway, still pondering in his mind how to solve this matter.

However, just as his car reached the border of Guangyang City, he noticed that there were several cars blocking the road in front of him.

There was no doubt that these were the Xie family's people, and they had completely blocked Guangyang City!

Lin Mo's brow furrowed, the Xie family's people, they were really ruthless, they were totally trying to catch him in a jar!

He didn't know if there were any Xie family experts ahead, so Lin Mo didn't dare to barge in.

He turned his car around and wanted to take a side road to leave.

Who knew that just as he turned his car around, the Xie family members behind him spotted him.

The Xie family shouted and came after him, with more than ten cars speeding by.

Lin Mo dared not hesitate and hurriedly drove into another road, ready to get rid of these people first.

The Xie family members were all in contact with other Xie family members at this moment, and those from the Xie family guarding Guangyang City immediately rushed over from all directions to surround Lin Mo.

Lin Mo drove all the way, but after a short time, he was eventually forced to flee by dozens of Xie family cars.

Lin Mo had no choice but to abandon his car and run into the woods behind him on foot.

Lin Mo had already prepared for the worst tonight, but he did not expect things to come so quickly.

The Xie family's people clearly wanted to finish him off tonight!

Lin Mo was alone in the mountains and forests, so it wasn't very easy for the Xie family to catch up with him.

However, the Xie family had many experts after all.

The Xie Family had sent a large number of experts to block all of Lin Mo's retreats from all directions.

During this period, Lin Mo had encountered the Xie family members several times and had several encounters.

Those ordinary people of the Xie family were certainly not as strong as Lin Mo.

However, those who were of the same generation as Xie Qianshan were not weak, and Lin Mo was unable to break through their encirclement.

After more than three hours of tossing and turning, Lin Mo's range of movement became smaller and smaller, and he was finally forced to a halfway up a mountain.

The one who stopped Lin Mo was none other than Xie Qianhao.

This was a narrow escape.

Xie Qianhao couldn't hide his excitement and walked out with a laugh, "Lin, why aren't you running?"

"Oh, there's no way to escape?"

"Resigned to your fate?"

"Hahahaha"

Lin Mo's face was calm, he had thought of such an outcome a long time ago.

After all, the Xie Family was a candidate member of the Top Ten Families of China, if they couldn't even catch him, then the Xie Family would be too weak!

"The Xie Family of the capital, I think it's just like that!"

"To capture a son-in-law of mine, and have hundreds of people act together and take so long, isn't it afraid of losing face if word gets out?"

Lin Mo coldly said back.

Xie Qianhao's face changed and he said angrily, "Surnamed Lin, how dare you insult my Xie family?"

"If I don't knock your teeth out today, my name won't be Xie Qianhao!"

Xie Qianhao roared in anger and rushed towards Lin Mo with a big step, punching him head on.

Lin Mo didn't say anything, he rushed straight up and fought with Xie Qianhao.

This Xie Qianhao, the younger brother of Xie Qianshan and Xie Qianjun, was also a relatively core member of the Xie family.

His strength was still not weak, after all, he came from a big family, and his age was there, so he fought with Lin Mo for a while.

This situation made Xie Qianhao a little surprised.

He originally didn't even take Lin Mo into consideration, thinking that Lin Mo was just a son-in-law who knew a little bit about medicine, how capable could he be?

However, as soon as they fought, he knew that he had completely underestimated Lin Mo.

It was basically impossible for him to defeat Lin Mo with his strength alone!

Therefore, this Xie Qianhao was not attached to the fight, but instead, he directly let out a loud shout, "You dare to fight back?"

"Let's all go together and break his arms and legs, I'll see how he can still jump around!"

Chapter 1833

Hearing Xie Qianhao's words, Lin Mo was instantly enraged, "Xie Qianhao, since you're still a member of the Xie family, is that all you've got?"

“Dealing with a junior like me and having to bully a junior like this, are the people of your Xie family already so shameless?”

Xie Qianhao was annoyed in his heart, but he pretended to be indifferent on the surface, “Lin, you don’t have to play such a provocative game for me!”

“You are cunning to the extreme, who knows if you are thinking of a way to escape.”

“Our aim is to take you back, it doesn’t matter how we take you back!”

“Come on, don’t talk nonsense to him, give me a fight!”

The Xie Clan crowd raged around them, a dozen of them surrounding Lin Mo in the middle, attacking with all their might.

Faced with so many people, Lin Mo’s situation was somewhat precarious, and for a while he could only try his best to parry, unable to fight back at all.

Although only Xie Qianhao was the strongest of these dozen people from the Xie family, the others were not too weak.

Together, the dozen of them far surpa*sed Lin Mo.

Lin Mo alone was no match for these dozens of people, and was beaten back and defeated in a dangerous manner.

Xie Qianhao was full of smugness and laughed loudly, “Lin, now you know the power of my Xie family, right?”

“Fighting with my Xie family, do you have the strength to do so?”

“This time, if I don’t beat you into submission, I’ll take your f*cking surname!”

“Give me a beating! Fight to the death!”

The Xie family members were all smug, not feeling the slightest bit of shame for bullying the lesser ones with more people.

Lin Mo stepped back while quietly taking out a Qi and Blood Pill and stuffing it into his mouth.

The after-effects of the Qi and Blood Pill were enormous, and after eating it, he would not be able to regain his strength for at least three hours.

But now Lin Mo had no other choice but to fight hard against the Xie family to see if he could break out!

After taking the Qi and Blood Pill, Lin Mo clearly felt the Qi and blood in his body boiling up, and the strength in his body was rising.

This was the effect of the Qi and Blood Pill, which could double his strength in a short period of time!

However, Lin Mo did not rush to show it, but continued to pretend that he was undefeated and kept retreating.

The Xie Clan were all extremely pleased with themselves, as it seemed to them that it was only a matter of time before Lin Mo fell.

Xie Qianhao even charged up himself with great glee, he intended to wound Lin Mo himself and take the credit for this.

And Lin Mo was waiting for such an opportunity!

Seeing that Xie Qianhao had rushed to his side, Lin Mo deliberately revealed a flaw.

Xie Qianhao took the bait and immediately rushed forward, striking Lin Mo with all his might.

Lin Mo was prepared for this, so he suddenly turned around and quickly avoided Xie Qianhao's strike.

At the same time, he also rushed to Xie Qianhao's side, his right foot hitting the ground with a loud, thunderous sound that shook his ears!

Xie Qianhao didn't even have time to react before Lin Mo's right elbow rushed over with him and landed squarely on Xie Qianhao's chest!

This blow sent Xie Qianhao flying and hit the stone wall behind him before he stopped.

Several stones were knocked off the stone wall and Xie Qianhao sat down on the ground. His chest sank, he spat blood out of his mouth, his face was pale and he didn't even have the strength to speak!

With this blow, Lin Mo had directly incapacitated Xie Qianhao!

The Xie family were all dumbfounded, this was a situation that they hadn't even expected.

In their minds, Lin Mo was already fighting a trapped beast, and it was only a matter of time before he lost.

Who would have thought that Lin Mo would still be able to fight back like this?

Even if Lin Mo wanted to sneak up on Xie Qianhao, it wouldn't be easy.

However, what was the situation now?

Lin Mo's strength seemed to have suddenly increased a lot, what the hell was going on?

Instead, Lin Mo didn't talk nonsense, he directly punched several Xie family members in front of him with a few punches, knocking them to the ground.

Breaking through the encirclement, he quickly ran wildly down the mountain, not stopping for a moment.

Chapter 1834

These remaining members of the Xie family, although their strength was good, there was still a big gap between them and Lin Mo.

When Xie Qianhao was around and they were helping out, they naturally did not fear Lin Mo.

But now that Xie Qianhao was seriously injured and no longer had any fighting power, they were no longer Lin Mo's opponents.

Therefore, as they watched Lin Mo escape, these people from the Lin family did not dare to go after him for a while.

However, the Xie family still had many people on this mountain after all.

These people immediately informed the others and told them of Lin Mo's location, and the Xie family's people immediately poured over from all directions to surround Lin Mo.

At that moment, Xie Qianshan also arrived at the bottom of the mountain.

Xie Qianhao had long since been carried down the mountain, and by now he had recovered some of his breath.

Seeing Xie Qianshan, Xie Qianhao immediately struggled to sit up and said in a trembling voice, "Big brother, this son of a b*tch surnamed Lin is simply too vicious!"

"He actually used such despicable and shameless tricks to injure me, you you can't let him go no matter what!"

"When you catch him later, make sure to send him to me, I will personally beat him to his knees and beg for mercy!"

Xie Qianshan smiled faintly, "Don't worry!"

"This mountain is already surrounded by our men, this Lin surnamed would never be able to escape our Xie family's encirclement even if he had wings!"

Xie Qianhao was overjoyed and shouted excitedly, "Great!"

"This son of a b*tch, I won't be Xie Qianhao if I don't beat him up today!"

Xie Qianshan: "Don't be in a hurry, we have plenty of time to play with him slowly!"

"Since this kid wants to toss and turn, let's play with him as a cat playing with a rat."

"The whole mountain is surrounded by our men, how can he run away to the sky?"

"Let him toss and turn and end up on the ground like a dog, won't that be more fun?"

All around the Xie family laughed loudly, their faces full of arrogance and complacency.

Xie Qianhao even laughed wildly, "This time, let this b*****d know what happens when he goes against our Xie family!"

"Hmph, if we don't tidy him up, he really thinks he's so capable."

"What heir of Nanba Tian, I pooh, he's just a loser who lives off women!"

"What's all this talk about being the heir to the province? Let's step on the head of this Guang Province's Venerable in front of the eyes of these big families in Guang Province this time."

“We’ll let these so-called great clans know that in front of our Xie Family, they are, not even as good as ants!”

The rest of the Xie Family nodded their heads, and a man laughed out loud, “Seventh Uncle is right.”

“What bullsh*t top ten clans of Guang Province?”

“We’re running around the mountains like dogs, but those big families in Guangdong Province don’t even dare to say a word!”

“This kid is still claiming to be the leader of Guangdong Province, but he doesn’t even have anyone in Guangdong Province to stand up for him, this is really embarra*sing, hahaha”

The crowd was laughing, and the words were full of complacency and arrogance.

However, just as the crowd was laughing and laughing, a member of the Xie family suddenly ran outside in a hurry.

People from the Xie family had blocked off the mountain, and had even arranged for people outside to guard the way into the mountain, not allowing anyone to go near the place.

And now, people from outside had come in, what was the situation?

Xie Qianhao glanced at that Xie family member and said in a cold voice, “What are you doing?”

“Didn’t I tell you to guard the outside and not let any idle people in?”

“What are you doing in here?”

The Xie family member’s face was pale and he said in a trembling voice, “Seventh Uncle, something

has happened”

Xie Qianhao glared, “Our Xie family is here, what else can happen?”

This Xie family member said in a trembling voice: “Outside

there are many people coming from outside, asking us to release Lin Mo immediately”

Chapter 1835

Hearing this, the faces of the Xie family all changed.

Xie Qianhao directly said angrily, “What did you say?”

“Say it again!”

This Xie family member: “There are many people coming from outside, the caravan can’t be seen at a glance, they have surrounded all our people, yelling

yelling for us to let Lin Mo go”

“If we don’t let go, they

will have to kill us all”

Xie Qianshan’s face was chilled, and Xie Qianhao even jumped up with severe pain and roared, “Did you see it wrong?”

“Who the hell is so bold as to say such a thing?”

“I just don’t believe it, our Xie family

Not waiting for him to finish, an old voice came from the distance, “I said it, don’t you dispute it?”

The Xie family turned their heads to look, only to see a car slowly approaching in the distance.

The sunroof of the car at the front was open, and an old man’s half body was exposed to the sunroof, which looked at this side indignantly.

This old man was no other than Chen Wuyuan of the Chen family in Suzhou Province!

Xie Qianhao froze for a moment and then said angrily, “Chen Wuyuan, you old man, what kind of dog are you, how dare you meddle in the affairs of my Xie family?”

“Believe it or not, with a single finger, I will crush your entire Chen family to death!”

Chen Wuyuan was not the least bit afraid and said coldly, “Xie Qianhao, if I were afraid of your Xie Family, I wouldn’t be here!”

“I know that your Xie family is capable, but let me also remind you that this is the Southern Six Provinces, not your capital!”

“No matter how capable your Xie family is, how can they still cover the sky in the Southern Six Provinces?”

Xie Qianhao said in a cold voice, “What about the Southern Six Provinces?”

“Even in the southern provinces, your Chen family is just a piece of trash in my eyes!”

Chen Wuyuan laughed coldly, “My Chen family is trash, but, even if there is more trash, it can drown giants!”

“I, the Chen Family of Su Province, have three hundred and seventy people here today.”

“Even if ten people spell out one person, they can still spell out thirty to forty people from your Xie family.”

“Xie Qianhao, your Xie family’s men are so valuable, are you sure you want to fight us hard?”

Xie Qianhao froze, he did not expect that Chen Wuyuan would come here with such a broken idea.

Xie Qianshan said in a deep voice, “Chen Wuyuan, as far as I know, Lin Mo has nothing to do with your Xie family, not really.”

“He just saved your life, and by doing this, you are, to put it bluntly, trying to repay Lin Mo for saving your life.”

“But, have you discussed this kind of thing with the rest of the Chen family?”

“Using the lives of so many people in the Chen family to repay you for saving their lives, you are being too selfish in doing so, aren’t you?”

Hearing Xie Qianshan’s words, Xie Qianhao was instantly delighted.

These words of Xie Qianshan were truly murderous and heartless, directly divorcing the relationship between those in the Chen Family and Chen Wuyuan ah.

However, Chen Wuyuan did not feel the slightest bit of anger, instead, he laughed loudly, "Xie Qishan, you really are sinister enough!"

"However, do you think this kind of divorce method of yours will work?"

"There are more than three thousand people in my Chen family?"

"Those who can come here are all determined to die, so how could they be compelled by you?"

"I repeat, immediately have the men withdraw and release Divine Doctor Lin."

"Otherwise, I, Chen Wuyuan, will risk my life to bite off a piece of bloody flesh from your body, Xie Qianshan!"

Xie Qianshan's face turned cold as he said in a deep voice, "Chen Wuyuan, how dare you threaten me?"

"Hmph, what can the Chen family do with over three hundred people?"

"Your Chen family's people are not afraid of death, are my Xie family's people afraid of death?"

"One for ten, my Xie family is always at no disadvantage."

"If you really dare to fight with the lives of these three hundred people from the Chen Family, my Xie Family will accompany you to the end!"

The rest of the Xie Clan also shouted out, as if they were ready to fight for their lives with the Chen Clan.

However, before Chen Wuyuan could say anything, another loud shout came from the distance, "How about adding my Zhao family's five hundred men to the mix?"

Chapter 1836

The crowd turned their heads to look, only to see another car driving over in the distance.

The person in the car was none other than Zhao Tianying!

Zhao Tianying's car drove straight up to Chen Wuyuan's side and laughed, "Old Chen, I told you to wait for me, why are you running so fast?"

Chen Wuyuan laughed harshly, "Your Zhao family has many people, so of course it's slow to organise."

"When Divine Doctor Lin was in danger, how could I delay, so I came here first!"

Zhao Tianying also smiled, "Fine, no matter what, it's good that we're not late!"

After he finished speaking, he looked at Xie Qianshan and said in a cold voice, "Xie Qianshan, my Zhao family also has 500 people here, do you think a few of my Zhao family members can exchange for one life of your Xie family?"

Xie Qianshan's face turned cold to the extreme.

The appearance of the Chen Family was already out of his expectation.

Unexpectedly, the Zhao family had also appeared at this time, which had taken him by surprise.

The people from the two great clans were far less powerful than the Xie family.

However, if they really fought hard, ten for one could still be achieved.

Was the Xie family really willing to die by the hundreds to fight hard against these people?

However, before Xie Qianshan could make a decision, another vehicle came in the distance.

“There are still seven hundred men from my Hong family!”

The crowd turned their heads to look, only to see another vehicle rapidly approaching, and it was clearly someone from the Zhou family in Su Province.

The Xie family’s faces changed again, there were more and more people coming, ah.

However, this was not the end.

With the arrival of the Hong family’s people, there was immediately a steady stream of vehicles coming from behind.

“I, the Zhou Family of Su Province, will always support Divine Doctor Lin!”

“The Tang Family of Guang Province, fully support Divine Doctor Lin!”

“I, the Wu Family of Guang Province

In the end, more than a dozen cars came to the scene.

Those big families left in the Soo Province, Guang Province, now basically all rushed over.

The crowd aggressively surrounded the place, each of them staring intently at the Xie family crowd.

And behind them were the members of these great clans, as far as the eye could see!

Seeing this scene, the Xie family members were completely panicked.

The Xie family had many people, but it depended on who they were comparing with!

There were so many people from so many clans in the two provinces, it was impossible to count how many people there were.

In any case, the number of people was definitely dozens of times that of the Xie family.

If they really fought to the death, apart from a few powerful core members of the Xie family, everyone else would probably have to die here!

The Xie Family’s faces were panicked as they looked towards Xie Qianshan for help.

The arrogant and C*cky look they had just displayed was completely gone.

Xie Qianshan and the other core members all had ugly looks on their faces.

Xie Qianhao, in particular, was on the verge of vomiting blood from anger.

Just a short while ago, he had yelled that he wanted to trample the heads of all these great clans in Su Province and Guang Province under his feet.

And now, these great families were killing over.

Although he had never put these great clans in his eyes, the problem was that now that so many of these great clans were surrounding him, the Xie family's strength was simply not enough to see ah.

The Xie family was powerful, but the Xie family's power was also in the capital, ah.

This is Guangyang City, and the Xie Family's power cannot penetrate here, which is why it is out of reach.

Even if the Xie family could easily destroy these families, they would still have to mobilise manpower, not just these people!

At this moment, the Xie family knew what it meant to say that a strong dragon could not suppress a snake on the ground.

Xie Qianshan's face was ironic as he looked at these people with cold eyes, "My Xie family has no grudges or enmity with you all, and this time I came to look for Lin Mo to settle the matter of my brother's murder!"

"Do you know that by doing so, you are making a deadly feud with my Xie family!"

"My Xie family has always returned favours for favours and revenge for revenge."

"Gentlemen, I ask you once more, are you sure you want to make enemies with my Xie Family for the sake of a Lin Mo?"

Chapter 1837

Hearing Xie Qianshan's threat, the crowd on the opposite side did not feel the least bit frightened.

Chen Wuyuan waved his hand impatiently, "Xie Qianshan, cut the crap!"

"Immediately tell your men to withdraw from the mountain and take your men and get out immediately!"

"If one hair is missing from Divine Doctor Lin, you will have to pay with several lives as the price!"

Xie Qianhao was furious, "Chen Wuyuan, how dare you speak to my family master like that? Don't you want to live?"

Not to be outdone, Chen Wuyuan shouted, "If I were afraid of death, why would I come here?"

"What's wrong with the Xie family head? The head of the Xie family is something!"

"My nephew was forced to die by you, I haven't settled the score with you yet, how dare you arrogate in front of me now?"

"Xie Qianhao, do you believe that I will risk my life to take your life today to avenge my nephew's death?"

Xie Qianhao was at a loss for words.

He was now seriously injured, so if he really fought, he wouldn't even have a chance to escape.

Moreover, it was Xie Qianhao himself who had brought people to do the deed when the Chen family head was forced to die last time.

It could be said that the people of the Chen family still held a great grudge against Xie Qianhao.

Xie Qianshan said in a deep voice, "Chen Wuyuan, what happened before has already passed."

"My Xie family has no intention of being an enemy of your Chen family, nor do we have any intention of being an enemy of the major clans in Guang Province Su Province, you are doing this"

Chen Wuyuan interrupted impatiently, "Xie Qianshan, can you cut the crap?"

"What, stalling with us here, trying to get your people to capture Divine Doctor Lin?"

"I'm telling you, I'll count to three, if your Xie family's people don't back down, then I'll fight you on the spot!"

Chen Wuyuan finished speaking and directly shouted, "One! Two!"

Without waiting for him to count to three, Zhao Tianying directly shouted, "Everyone from the Zhao family, listen to the order!"

"After Elder Chen counts to three, if the Xie Clan's people don't retreat, all of them will kill them!"

Several other clansmen also shouted out and told their men to prepare to rush over and kill them.

Xie Qianshan was almost furious, he had not expected that the other side would be so forceful.

He had originally and indeed wanted to stall for time and have someone grab Lin Mo and run away from the back of the mountain.

However, in this situation now, it seemed that there was no way to stall for time at all.

Seeing that Chen Wuyuan was about to count to three, Xie Qianshan gritted his teeth and said angrily, "Good!"

"Since all the people from the great clans of Su Province and Guang Province have come, then my Xie family will give you this face."

After speaking, Xie Qianhao directly waved his hand, "Let them withdraw!"

The Xie family members looked at each other in disbelief, but in the end, they could only send out a signal for the members of the Xie family on the mountain to withdraw down.

Seeing this, Chen Wuyuan could not help but breathe a sigh of relief and smiled, "Master Xie Family, thank you so much!"

Xie Qishan gave Chen Wuyuan a deep look and said in a cold voice, "No need to be polite!"

"This matter will be remembered in my Xie family's heart!"

“What you all have done to my Xie Family today, in the future, my Xie Family will definitely pay back a hundred times!”

Chen Wuyuan sneered, “Fine, I’ll just wait for you!”

The other clans were also not the least bit afraid and proudly stared at Xie Qianshan.

Xie Qianshan’s face turned blue, and when the Xie family’s people retreated from the mountain, he angrily led the crowd away.

After the Xie family’s people retreated, Chen Wuyuan immediately sent his men up the mountain to take Lin Mo next.

In fact, Lin Mo was on the mountain and saw what was going on down there.

This unexpected situation was also completely out of Lin Mo’s expectation.

One had to know that the Xie family was terrifyingly strong, and was not at all something these families could fight against.

Therefore, this time, Lin Mo had not contacted these families to avoid them getting involved in this incident.

However, he had never dreamed that these families, of their own accord, would come to his aid, which made him feel quite moved in his heart.

Chapter 1838

Seeing that everyone from the Xie family had run away, Lin Mo also finally breathed a sigh of relief and followed him down the mountain.

At this moment, the effect of the Qi and Blood Pill he had just taken was almost exhausted, and his strength was rapidly disappearing.

After being received by Chen Wuyuan and the others, Lin Mo’s body also went limp straight away and he collapsed to the ground.

With the effect of the Qi and Blood Pill gone, Lin Mo no longer had the slightest bit of strength in his body and was so weak that he couldn’t even stand up.

Zhao Tianying hurriedly ran over and helped Lin Mo up.

“Divine Doctor Lin, how are you doing?”

Chen Wuyuan asked with a worried look on his face.

Looking at the crowd full of concern, Lin Mo forced himself to hold back his weakness and squeezed out a smile, “Nothing, I’m just a bit tired.”

Chen Wuyuan breathed a sigh of relief, “It’s good that you’re not hurt!”

“Divine Doctor Lin, I’m really sorry, we’re late!”

Lin Mo quickly waved his hand, “Elder Chen, you’re too kind to say that.”

“Actually, this is a matter between me and the Xie family, it has nothing to do with you all”

Chen Wuyuan directly interrupted Lin Mo: “Divine Doctor Lin, without you, several of us, would still be locked up in Zhao Tianyuan’s dungeon.”

“And we, the clans, are still being deceived by that son of a b*tch Zhao Tianyuan, and we might not even know what’s going on when he swallows them all!”

“You are not only the saviour of these few of us, but you have also saved these families of ours. How can we sit back and do nothing about your affairs?”

Zhao Tianying, who was standing next to him, also nodded, “Divine Doctor Lin, you don’t have to be polite either.”

“The matter of Xie Qianjun being killed must have been done by Zhao Tianyuan and his few.”

“Speaking of which, this matter, which still started because of us, naturally has something to do with us!”

As for the Guang Province side, the Tang family head walked directly in front of Lin Mo and said aloud, “Divine Doctor Lin, we respect you as the venerable of Guang Province, then you are the leader of all our families in Guang Province!”

“For the Xie family to bully you in such a way is tantamount to bullying all of our families in Guang Province!”

“In a matter like this, how can we be this shrinking turtle?”

The people from the other clans on this side of Guang Province also nodded their heads.

Lin Mo was quite excited in his heart, yet he sighed and said, “Everyone, but, I am facing the Xie family this time”

Zhao Tianying said directly, “What can the Xie family do?”

“Hmph, even if the Xie family is powerful, it’s still in the capital, this is the southern six provinces!”

“Even if we can’t fight them, but, if we want to destroy us, they will have to pay a huge price!”

“Those people in the Xie family are not fools, they may not be willing to pay such a huge price. Otherwise, once they let their enemies find an opportunity, the Xie family would have to be finished as well!”

“So, as long as we are united, the Xie Family won’t dare to do anything to us!”

The crowd at the scene nodded their heads, each with a resolute expression on their faces, looking like they were planning to fight the Xie Family to the end!

Looking at the expressions of the crowd, Lin Mo was touched to the core in his heart.

Honestly, he hadn’t even thought that these families in Guang and Su Provinces would come to his aid.

He had to know that this time, he was facing the Xie Family, which was a behemoth that could enter the top ten families in China.

Even if the combined power of these big families in Guang and Su Provinces could not defeat the Xie Family.

To do so, what was the difference between that and sending them to their deaths?

In Lin Mo's opinion, these people would have been too concerned about the matter and would definitely not want to get involved in this matter.

Therefore, from the beginning to the end, Lin Mo did not even talk to these big families about these matters, so as not to make a fool of himself.

However, he didn't expect that these big families would fully support him like this!

They even went so far as to tear themselves apart from the Xie family to save him with all their might.

Lin Mo looked at the crowd at the scene, those who could still come out to support him in such a situation were truly his own people!

Chapter 1839

Guang Yang City, Wang Jiang Yuan.

It was just after dawn when several luxury cars roared by at the entrance of Wangjiang Park.

However, as soon as the cars arrived at the entrance of Wangjiang Park, they were stopped by the security guards here.

According to the rules of Wangjiang Garden, no one else was allowed to enter unless they were the owner of the property or a guest brought in by the owner himself!

The security guard was very kind and went to the car at the front and bowed, "Excuse me, may I ask which owner you are looking for, you can ask this owner to contact me so that I can let you all in!"

There were some well-dressed people in the car at the front, and one of the young men pointed directly at the security guard and cursed, "Are you blind?"

"We are the owners of this place, what other owners do you need to contact for you?"

"Open the door quickly and invite me in respectfully!"

"It's too late, believe it or not I'll make you lose your job and get lost!"

The guard's brow furrowed, in all these years, no one had dared to be so arrogant in Wangjiang Garden.

When Nanba Tian was around, Wangjiang Garden was Nanba Tian's property, no one dared to cause trouble here.

After Nanba Tian left, he gave Wangjiang Garden to Lin Mo. And at that time it was Lin Mo who was the pride of Guangyang Province, and no one dared to come here to cause trouble!

However, the situation on this side of Guangyang City was not what it used to be.

Lin Mo was being chased by the Xie family and now his life or death was uncertain.

These security guards, without anyone to back them up, wouldn't dare to start a conflict with these people.

This security guard accompanied him with a smile and said in a respectful voice, "This gentleman, I'm really sorry."

"The owners of our place are registered on the property side."

"Please forgive my clumsy eyes, I really don't know which building you all, exactly, are the owners of?"

The youth glared at him, "D*mn it, what do you mean by that?"

"What, doubting the identity of our owners?"

"Don't you even take a P*ss and look at yourself, what the hell are you, and how dare you doubt my identity?"

"Open the door right now, or else I'll kill you!"

The guard's face turned cold, this young man was too arrogant.

The guard took a deep breath and said in a deep voice, "This gentleman, I'm really sorry."

"We are also working according to the rules."

"If you are the owner of this place, please show me proof of ownership and I will let you go."

"If not, then we can't open the door, so please forgive us!"

The youth was outright enraged and pushed open the car door and jumped out, kicking the security guard in the small of the back, "What are you talking about?"

"Say it again if you have the guts!"

As he spoke, he struck, knocking the security guard backwards and forwards.

The guard was so angry that his face turned red, but he didn't dare to resist, he was only a security guard after all.

After all, he was only a security guard. He couldn't afford to mess with these people who drove luxury cars!

At that moment, a group of security guards suddenly rushed out from behind.

The leader of the group was their captain, who rushed up and pushed the young man back.

"What are you doing!"

"This is Wangjiang Garden, not a place where you can cause trouble at will!"

"I warn you, if you are not the owners of this place, or do not have an invitation from the owners, leave here immediately!"

“Otherwise, don’t blame us for being ungracious to you!”

The security captain shouted angrily.

The previous security captain of Wangjiang Garden had gone to Nan Bing’er’s manor after Nan Baitian had left, and was responsible for protecting Nan Bing’er.

The current security team leader, who was later selected by Lin Mo, was nicknamed Brother Fire and was extremely loyal to Lin Mo.

Although Lin Mo’s life and death were not yet known, this Brother Fire was still guarding Wangjiang Garden, not leaving an inch.

The youth froze for a moment and pointed at Brother Fire and cursed, “How dare you f*cking push me?”

“Do you know who I am?”

“On the count of three, get on your knees and kowtow to me immediately and apologise!”

“Or else I’ll make you never stand up again for the rest of your life!”

Chapter 1840

Fire wasn’t the least bit afraid and said in a cold voice, “If you’re the owner of this place, I’ll give you an apology!”

“You’re not the owner of this place and you still want to make trouble here, do you really think we’re all vegetarians?”

The youth was furious and grabbed Fire’s collar, “Who the hell are you talking to, say it again

At that moment, the group of security guards behind Brother Fire also all stood out and stood with Brother Fire, staring at the youth in an aggressive manner.

The youth was startled and took a few steps back in a panic, his face a little frightened.

He looked at the people around Brother Fire and said indignantly, “What? Bullying people because of the number of people, are you?”

“Do you know who I am?”

“I tell you, my name is Sun Haobin, have you heard of the Sun family in Guangyang City? The head of the Sun family, that’s my eldest uncle!”

Brother Fire’s face couldn’t help but change.

The Sun Family of Guangyang City, that was also a big and prestigious family on this side of Guangyang City, with almost a hundred years of history in Guangyang City.

The strength of the Sun family was not much different from the strength of the previous ten families in Guangyang City.

Later on, when Lin Mo redefined the top ten families in Guangyang City, the Sun family was among the top ten families in Guangyang City, and its reputation was not small in Guangyang City.

The Sun family was also a member of the Lin Mo family.

What was the meaning of this Sun Haobin coming to Wangjiang Garden to cause trouble?

Brother Fire frowned and said in a deep voice, "So it's the young master of the Sun family, how nice to meet you."

"Since you are from the Sun family, then you should know the rules of Wangjiang Garden even better!"

"If you are not the owner of Wangjiang Garden, you have to be led by the owner of Wangjiang Garden before you can enter it."

"For you to barge in like this, is this breaking the rules of Wangjiang Garden?"

Sun Haobin broke into a curse, "Who f*cking barged in here unceremoniously?"

"I've already said that we are the owners of Wangjiang Garden, so who are you to stop us from entering?"

"How dare you mention the rules of Wangjiang Garden to me? Is this how you stinking gatekeepers do your job?"

"You dare to stop your noble owners, do you want to quit?"

"Believe it or not, I'll fire you!"

Angered in his heart, Brother Fire said in a deep voice, "Young Sun, how come I don't remember when the Sun family bought a house in Wangjiang Garden?"

"On our side of the property, why isn't it on record?"

"Young Sun, which house did you buy? Shall I ask someone to check?"

Sun Haobin pointed directly at the top of the hill, "Here, just the house at the top!"

Brother Fire froze for a moment, his face went wide and cold as he said in a deep voice, "Young Sun, don't joke!"

"That's Mr. Lin Mo Lin's house!"

Sun Haobin glared, "Who the hell is joking with you?"

"Yesterday, this house belonged to that wimp Lin Mo!"

"But now, this house, it's our Sun family's!"

Brother Fire was completely enraged and shouted, "Sun Haobin, how the f*ck do you speak?"

Just then, an arrogant voice came from behind Sun Haobin: "What, what's wrong with what my brother said?"

"That Lin first got close to Xu Hanxia and became a son-in-law."

"Later, he hooked up with Nan Bing'er and arrogantly flaunted his power on account of Nan Baitian's might."

“Isn’t this kind of soft-earned trash a wimp?”

The crowd turned their heads to look, only to see a young man wearing a suit and gold-rimmed glasses, who was walking over smugly.

This youth, whom Brother Fire had also seen before, was none other than the Sun Family’s youngest master, Sun Hao Xiang!

When the Sun family had entered the top ten families in Guangyang City, the Sun family head had even brought Sun Haoxiang with him and visited Lin Mo, begging him to let the Sun family enter the top ten families in Guangyang City.

At that time, when he came to this Wangjiang Garden, Sun Haoxiang’s face could not be described as humble.

Now, however, he was full of arrogance and complacency, with a villainous look, completely different from before.
